

# March 3-7 Is Public Schools Week - Visit Your School!

## SCOOP SEZ

By J. M. Forbes

On the eve of Public School Week and Muleshoe district's formal dedication of its great physical plant, it might interest readers somewhat if we reviewed some articles we recently have read which delve into what may happen to education.

Particularly we would like to touch upon a picture of the shape of things to come by Phillip Lewis, of the Chicago Board of Education, speaking at the convention meeting of the American Association of School Administrators:

Television in the classroom, he believes, will be the most dominant force in American education. Entire schools, he says, will be remodeled or rebuilt because of it.

There may be no need for costly auditorium and assembly halls. Closed circuit television can bring together, electronically, all the pupils of a school.

Libraries of the future will incorporate television techniques to eliminate books as we know them. Films, taped recordings and microfilm will take the place of bulky, heavy volumes.

A new type of flat television screen will make blackboards as outmoded as McGuffey's Reader. The same holds true for maps and wall charts.

Entire new theories of lighting and acoustics must be developed to meet the complex problems of TV in the classroom, which themselves will undergo drastic changes in design.

Sounds like trips to Mars and the moon, to me. And let's hope that it's as far away. I should regret to see the time come when such an article as "Why Johnny Can't Read" itself would be considered as outmoded as McGuffey's Reader. For an old boy who attended one room schools, he's being carried pretty fast.

Nothing is certain, goes the adage, except death and taxes, to which I would like to add a third item, the certainty of change. Our school system itself is proof of change; consider what it was only a few years ago; youngsters of our district probably will see even more dynamic changes.

Those who are serving on the various school committees are now studying present and future requirements and will be cognizant of changing trends, in construction of buildings, curriculum, financing, etc.

**Mrs. Laura Robinson Funeral Held In Littlefield Church**

Funeral services were conducted for Mrs. Ollie N. Robinson, 81, in the First Christian Church at Littlefield Monday, at 2:30 p.m. Rev. C. Wendell Toole, pastor, officiated, and burial was in Littlefield Memorial Park.

Mrs. Robinson was born Laura Linville, July 9, 1876 near Windsor, Ill., and was married to Ollie N. Robinson on January 1, 1900. She died Saturday, February 22 at 6 a.m. following a brief illness.

Mrs. Robinson was united with the First Christian Church at the age of 16, and had been active in church work all her life.

In 1908 she moved with her husband and children to Texico, N. M., where they were engaged in farming, and Mr. Robinson was rural mail carrier.

In 1919 the family moved to the YL community where they farmed for many years, moving to Muleshoe in the early 30's, later moving their business to Littlefield.

She is survived by her husband, two daughters, Letha E. Beller of Chico, Calif., and Lucy V. Robinson of Littlefield; five sons, Cecil of Spokane, Wash.; Sylvian L. of Muleshoe; Newton of Los Angeles, Calif.; William of Grand Junction, Colo., and Charles Earl of Littlefield; 19 grandchildren, two brothers, and one sister.

## THEY RUN OUR SCHOOLS

BOARD OF EDUCATION of Muleshoe school system, who have taken the lead in the recently completed expansion program which will be climaxed Tuesday night with dedication of all the school buildings. Not shown are Gerald Allison and Jim Cox. From left to right are: David Anderson, secretary; Leon Lewis, R. O. Gregory, business manager; Connie Gupton; superintendent Jerry Kirk; Vernie Towns, and Paul Scott, board president.

## More Than 3500 Acres of Vegetables Planned In County For This Season

More than 3500 acres of various kinds of vegetables are expected to be planted in Bailey county this spring, based on the results of a meeting held here Friday, at which time almost 30 farmers signed slips indicating kinds and acreage of vegetables they expect to plant this season.

Of the group present at the Friday meeting, 28 farmers indicated an interest and intention of growing the following vegetables in the quantities named:

Cabbage, 70 acres; cantaloupes, 41.5 acres; carrots, 320 acres; sweet corn, 31 acres; cucumbers, 36 acres; green beans, 115; lettuce, 75; melons, 22.5; okra, 17; peas, 36; peppers, 29; sweet potatoes, 80; squash, 12; tomatoes, 431; beets, 3; onions, 70; Irish potatoes, 200; parsnips, 30; and turnips, 20.

The results of the indications made at the meeting are estimated at less than half the actual acreage which will be raised this season.

These figures will be used by a group from here who are in the Rio Grande Valley this week contacting vegetable processors and marketers. The group hopes to be able to interest a reliable firm in leasing a packing shed to be built here for the coming season.

One large marketing concern which has expressed interest in the local situation, stressed the importance of shipping mixed loads of vegetables, rather than truckloads of one kind.

Several vegetable growers in the area who have their own processing arrangements, did not sign indication slips.

## Farm Sale Set Monday, Mar. 3

A farm sale will be held the coming Monday, March 3, at the James C. "Red" Harrison place northeast of Muleshoe. Mr. Harrison will have a large list of tractors and various other farm machinery, tools, and miscellaneous other equipment to be sold at auction.

The Harrison place is reached by going 7 miles east of Muleshoe on Plainview highway, then 2½ miles north, and ½ mile east. The sale will begin at 10:30 a.m. There will be free coffee and ladies of Pleasant Valley HD Club will serve lunch at noon.

Col. Clayton Myers, Muleshoe auctioneer, will cry the sale, and Mrs. Myers and M. J. Gibson will be the clerks. A full list of items to be offered at auction will be found in this paper.

## JayCeos Host State Officers Friday Evening

A special meeting of Muleshoe JayCeos was held Friday night, with state officials of the club present for brief talks.

## Tickets On Sale By Lions For Gay 90's Revue On March 17

Tickets are on sale now for the Muleshoe Lions Club's first annual "Gay 90's Revue", to be held in the high school auditorium on March 17, at 8 p.m.

Members of the club have tickets for sale at 90 cents for adults and 40 cents for students. Tickets are also on sale at a number of downtown locations.

A special pre-performance ticket drive, featuring some of the entertainment for the two-hour long show, will be held downtown within the next two weeks.

The revue is billed as a "return to the turn of the century", when variety vaudeville was in its heyday, and the melodrama at its height of popularity.

Two one-act burlesque melodramas will be featured in the show, which includes old-time barber-shop quartet numbers, audience participation singing, and vaudeville dance acts.

Members of the Lions club are participating in the show, proceeds of which will all remain within the club to be used for civic improvement projects.

## Banks To Close Next Monday

Both banks in Muleshoe will be closed next Monday, March 3, in observance of Texas Independence Day, which is March 2.

No banking business will be transacted at Muleshoe State or First National Bank on that date, and customers are asked to note the closing.

D. M. (Jack) Obenhaus

## Buildings To Be Dedicated Tuesday Night In Special Schools Week Observance Here

### Mrs. Carey Stafford Announces For Tax Assessor-Collector

DEAR VOTERS: I take this means of formally announcing for the office of Tax Assessor and Collector of Bailey County, Texas, to fill out the unexpired term, which has two (2) years to run beginning January 1, 1959, of my late husband Carey Stafford. As you probably know I was appointed by the Commissioner's Court of Bailey County to the office just after the death of Carey.

Before I go any further, however, I wish to take time to thank all our friends who were so kind during the illness and death of Carey and for all the favors and expressions of friendship by each of you, and I will forever be grateful. Especially do I want to thank those persons who voluntarily, in my absence, appeared before the Commissioner's Court and asked them to appoint me to this office. You will never know how much this voluntary expression of your desires to help me has made me feel; I just know without your help I would not be in position to carry on.

I am 52 years of age and have been a resident of Bailey County since 1936, having spent most of these years in the Maple community before moving to Muleshoe. I have two sons, Billy, age 27, and Stanley, age 24, both employed by the City of Lubbock in the law enforcement department.

I feel that I am qualified for the position as I was closely associated with Carey's work during the three years he was Tax Assessor and Collector of the Three Way Independent School District and the little over a year that he spent as your Tax Assessor and Collector, and I am on the job now every day learning all of the many details of the office and my deputies and I stand ready to give you the service you so rightly deserve.

It is my sincere desire to contact as many of you personally as will be humanly possible to do so between now and the Democratic Primary which will be held on the 26th day of July 1958. However, should I fail to see you I want you to take this announcement as a personal solicitation of your vote for the office.

As you probably know we are now in the middle of issuing car license which is keeping me and my office staff very busy and after that we will be busy assessing and preparing the tax roll but nevertheless I intend and will do my utmost to see you and solicit your vote.

Again soliciting your vote for the office of Tax Assessor and Collector of Bailey County in the forthcoming Democratic primary, I remain yours.

Sincerely,  
Mrs. Carey (Dess) Stafford

## Incumbents File For Re-election On City Ballot

Incumbent city officials Mayor W. T. Bovell and Aldermen Ernest Kerr and Morris Douglas have filed for re-election in the city balloting to be held April 1.

Announcement of the filing was made Tuesday afternoon. Saturday noon is the deadline for filing for a place on the ballot.

## The Weather

	High	Low
Friday	47	23
Saturday	50	42
Sunday	54	42
Monday	62	34
Tuesday	73	32
Wednesday	70	31
Thursday	50	30

1.6 Moisture.

Building of the Muleshoe school system will be formally dedicated in a program Tuesday evening, March 4, at 7 o'clock in the high school auditorium, as one of the features of Texas Public Schools Week, March 3-8. The dedication will include the new building recently completed, as well as other buildings in the system. W. C. Cox, now superintendent of Munday, Texas schools, and formerly superintendent here, will deliver the principal address. Keys to each of the buildings will be formally presented by Paul Scott, president of the Board of Education of the school system.

## Special Program At Lazbuddie For Schools Week

Public Schools Week in Texas will be observed in the Lazbuddie schools with two special programs and a public visitation of the school system, Superintendent J. G. Ward has announced.

On Tuesday, March 4, the P-TA will present a special program at 7:30 in the auditorium. On Thursday, March 4, at 7:30 p.m., the Hale-Aikin Committee of Twenty-Four will meet in the auditorium for a public meeting with Frank Hinkson in charge of the program.

School patrons are invited to take their noon meal in the school cafeteria on Friday, and to visit in the classrooms.

Mr. Ward issued this statement: "Public school week in Texas has been observed for seven years with increasing interest on the part of citizens. The outstanding success of the week has been clearly demonstrated. About two million persons visited their schools this year. We are grateful to those who sponsor Public School Week, and encourage all patrons to visit us during school week."

Chairmen of the various fields of study for the Committee of Twenty-Four are: program, Mrs. Dee Brown; construction, Jimmie Seaton; teacher supply, Mrs. John Gammon; finance, Pete Mimms.

## Rites Conducted For Gage Infant

Funeral services for Melinda May Gage, two month old daughter of Mr. and Mrs. T. E. Gage, were held at 3 p.m. Monday from Circleback Baptist Church.

Rev. J. E. Moore, pastor of Trinity Baptist Church in Muleshoe, officiated, assisted by Rev. W. B. Hatch, pastor of Tokio Baptist Church.

Interment was in Sudan Cemetery, under direction of Singleton Funeral Home.

Surviving besides the parents, are two brothers, Ernest and Donald, both of the home; paternal grandparents, Mr. and Mrs. Raymond Gage of Circleback and maternal grandparents, Mr. and Mrs. E. W. Parmer of Sudan.

## George Lee Vinson Funeral Services Are Held Thursday

George Lee Vinson, 81, a Sudan resident for more than 30 years, died at noon Tuesday in West Plains Hospital here. Mr. Vinson was a retired farmer.

Funeral services were held at 10 a.m. Thursday in the Sudan Church of Christ, with C. Bostick, minister, officiating, assisted by Rev. Wayne Perry. Interment was in Hollis, Oklahoma cemetery.

Survivors include four daughters, Mrs. R. C. Gallin, Fayetteville, Tenn.; Mrs. W. Halliwell of Midwest City, Okla.; Mrs. C. H. West of Springdale, Ark.; and Mrs. Dema Gann of Sudan; three sons, Roy of Bridgeport, Ill., B. C. of Gardalia, Calif., and Oscar of Sudan; 22 grandchildren and 29 great grandchildren.

Principals of each school will accept the keys. Bill Parker, for the high school; R. E. Everett for junior high; Frank Ford for Richland Hills; Fred White for Mary DeShazo elementary, and Connie Gupton for the administration office.

New buildings to be included in the dedication are Richland Hills Elementary school; the new administration building; Mary DeShazo cafeteria, and additions to the senior high buildings.

The high school band, under the direction of Paul Summersgill, will present a brief concert, followed by the singing of the National Anthem by Fawayne Murphy, accompanied by Logan Moon at the piano.

Rev. E. K. Shepherd, pastor of First Baptist Church, will give the invocation.

Paul Scott will then present the keys to the buildings to the principals and business managers.

## County Committee Of 24 Organizes Tuesday

The Bailey County Committee of Twenty-Four to study public school needs, met for organization in the courthouse here Tuesday night.

A committee of 24 was set up for each school district in the county, including Muleshoe, Bula and Three Way. Following separate studies of the four fields of study, each school committee will meet with the county committee to coordinate their findings and make their report to the state committee.

Six persons were named to each field of study for the report, and all 24 will meet in the high school next Monday night to begin work. The four fields of study are teacher supply, curriculum, finance and construction.

Meetings will final with a county meet at Three Way on April 3 for coordination of findings.

A large number of interested citizens from all over the county met at the organizational meeting Tuesday. State Representative Jesse Osborn made a brief talk on schools and legislation.

## Vegetable Men Inspect Valley Marketing Plants

Five Bailey County men, representing the Muleshoe Vegetable Growers Ass'n., left Sunday morning for a trip of inspection of growing and marketing methods in the Rio Grande Valley.

They also were to view markets at San Antonio and Waco. The group spent the night in San Antonio and Monday visited the famed vegetable and fruit mart there. In that city they were to contact a railway representative who was to help them form an itinerary and make contacts.

After studies in the Valley they were to return home via Waco, and thought they would be back here Thursday. In the group were Bill Millen, Buddy Myers, Lewis Seoggin, W. T. Parker, and Senn Slemmons.

The group hoped to contact a firm which would maintain a vegetable market in Muleshoe. Slemmons, who is manager of the Chamber of Commerce, is to make a report to the board of directors immediately upon returning home.

## Grand Opening Of Remund-Wilson Store Set Today

Grand opening of Remund-Wilson Furniture and Office Supply store, at 111 Main, is scheduled for Thursday, Friday and Saturday of this week.

The new business will feature a quality line of furniture, as well as office supplies and office machinery.

Franchise dealers for Royal standard, electric and portable typewriters, R. C. Allen office machines and cash registers, the firm will serve Bailey and surrounding counties.

Members of the store personnel include Mr. and Mrs. Muri Wilson, Mrs. Bert Remund, Bill Wilson, and Charles Roark, office supply salesman.

## Two Men File For School Trustee Posts On April 5

Two men have filed for places on the ballot to elect trustees to the Muleshoe School Board, in the April 5, election, school business manager Connie Gupton told The Journal Monday.

Don Moore, manager of Union Compress, and Woodie Lambert, of Lambert Cleaners have filed for places on the ballot.

Retiring trustees are Vernie Towns and David Anderson. Deadline for filing is 30 days prior to the election.

**DOLLAR DAY Bargains MONDAY**

## Mary DeShazo Elementary School Named In Memory of Outstanding Teacher Here

Mary DeShazo Elementary school is located between Avenue C and D on West Fifth street. It was named after the late Mrs. J. (Mary) DeShazo, who passed away in May, 1952, and who taught 29 years in Muleshoe schools.

The school was named in memory of this outstanding teacher, in 1957, following discussion between Mr. DeShazo and members of the board of trustees of the school system.

DeShazo Elementary was constructed in 1924-25. There are six grades taught in this building, and an equal number taught at the new Richland Hills elementary school.

In addition to class room facilities, with room for enrollment expansion, the two buildings contain an auditorium, gymnasium, and administrative offices. Playground space is between the two buildings. A cafeteria in the basement will soon be replaced by a brand new cafeteria building being constructed on the southern part of the campus block. This will provide equal cafeteria space for all three of the school divisions in the Muleshoe system.

Enrollment at DeShazo Elementary is 527 pupils. Fred White is principal, and there are 19 teachers.

Above is pictured the late Mrs. Mary DeShazo, beloved elementary teacher in Muleshoe schools for 17 years before her death in 1952. Her memory was honored last fall when the school board renamed the elementary school and designated it Mary DeShazo Elementary School.

### TEACHERS

## Regular Checks On Stored Grain To Prevent Spoilage

Stored grain should be checked frequently to make sure that proper temperature and moisture levels are being maintained to prevent unnecessary spoilage and deterioration, advises C. F. Garner, extension entomologist.

The outer portion of stored grain is cooler than the center, warm moist air rises up the middle, points out the entomologist. Moisture will then accumulate to the top layer.

The moisture content of this upper layer of grain may be as high as five or six percent higher than the general moisture level when the grain was stored, he adds. Insects prefer the warmer

## Vegetable Survey In Nine County Area Findings Released In A&M Publication

In recent years prices for grain sorghums grown in West Texas have declined almost to the point where it is difficult for farmers to break even on their sorghum crops. Governmental restrictions have reduced the wheat and cotton acreage that could be planted. These developments have made it necessary for farmers to look for profitable crops which could be grown on acreage diverted from grain and cotton.

Therefore, a good deal of attention has been directed toward vegetables as prospective crops for use on these diverted acres.

A survey has recently been completed by the agricultural experiment station at Texas A & M College, which attempts to determine the extent of present vegetable production in West Texas, and to determine the pattern of shipments of vegetables to major markets from this area.

A nine county area was selected for the survey, embracing Bailey, Castro, Deaf Smith, Floyd, Hale, Lamb, Lubbock, Parmer, and Swisher counties.

The value of vegetables harvested in the nine counties increased 75.3 per cent during the period from 1949-54. The amount

of dollar increase was from \$514,872 in 1949, to \$907,954 in 1954.

Vegetables considered in the survey include cabbage, cantaloupes, carrots, lettuce, onions, peppers, and potatoes. Production cost per acre ranged from \$53 for cantaloupes to a high of \$192 for onions.

Factors of competition, price fluctuation and principal markets are all considered in the survey.

The survey reached the following conclusions:

Most of the vegetables that may be grown in the West Texas area are high-cost crops. The grower must tie up a rather large amount of capital in the crop by the time it is ready for market. Since prices fluctuate rather drastically, the grower may experience large losses or large gains. It has long been a "rule of thumb" in the vegetable business that a grower must be able to absorb at least three successive years of financial losses.

Three factors, local production, competing production and national personal disposable income, were used to explain price fluctuations for the vegetables included in this analysis.

To effectively compete in a rapidly changing market, a producer should offer a product that the consumer will prefer to other products from other producers. Quality in fresh vegetables is perhaps the most important characteristic that influences consumers to prefer a specific product.

The fact that California has moved into the Central states markets during the past years demonstrates that West Texas producers cannot depend on a transportation advantage alone as a competitive weapon. The quality of vegetables should be kept high and every attempt made to hold cost down.

However cost should not be held down at the expense of yield. By increasing yields the fixed costs of producing an acre can be spread over more units so produced.

### TITLE WINNER

Jean Carter, a red-haired beauty from Atlanta, Ga., is the 1958 Maid of Cotton. She won the title in competition with 19 other Cotton Belt beauties in Memphis, Tenn.

## THIS WEEK

—In Washington

With Clinton Davidson

Washington is able to see just a hint of a break this week in the farm legislation deadlock that has blocked nearly all action by Congress for more than three years.

We find encouragement for general farm legislation this year in our talks recently with high USDA officials, congressmen and farm organization leaders. They all agree on one thing; something MUST be done soon.

Farm income took another drop last year, down from \$12.1 billion in 1956 to \$11.9 billion in 1957. More than 300,000 farmers faced with rising costs and dwindling income, sold out and moved to cities last year.

"We cannot afford to stand idly by and permit the decline in our agricultural resources and the impoverishment of 20 million citizens who depend upon farming for a living," Rep. Harold Cooley, chairman of the House Agriculture Committee, told us.

Secretary of Agriculture Ezra Taft Benson is equally emphatic that new farm legislation is urgently needed to "correct a situation that certainly is not improving." He is pressing Congress to make changes this year.

President Eisenhower has been promised that his 15-point revision of present farm laws will be given careful consideration by Congress. Most of it will be adopted, although key points have aroused adamant opposition.

The glimmer of light in predictions of a dark future for farm legislation is an agreement by both the House and Senate agriculture committees to hold extensive hearings in hopes of developing an omnibus farm bill in time for action at this session of Congress.

Hopes for a major revision in price support and production control legislation rest on the still remote possibility that a compromise between conflict in Capitol Hill and USDA views can be reached. Neither side has offered to compromise, but both tell us they are prepared to make concessions.

Here, as Congress swings into the third month of farm debate, is how we size up the probable outcome on farm legislation at this session:

The billion and a half dollar export subsidy-sales (P. L. 480) program requested by President Eisenhower will be extended for another year.

The seven hundred and fifty million dollar a year soil bank acreage reserve program will be discontinued after this year.

The Reciprocal Trade Agreements Act will be extended for five years, and the wool payment act for four years.

Congress will approve the request for funds to begin research on industrial uses for surplus farm products, and will continue the school lunch program.

There is a 50-50 chance Congress will agree to abandonment of corn acreage allotments, although it failed to act on a similar request last year.

Odds are strongly against any of the three key points in the President's farm message: Lower minimum price supports for milk, wheat, cotton, tobacco, peanuts, rice and corn to 60% of parity; authority to increase acreage allotments by 50%.

## TEACHERS SER VICE AWARDS

WERE GIVEN this group of teachers at the close of school last May. The awarding of service pins has become an annual event under the administration of Superintendent Jerry Kirk, rear row, extreme right.

## Fertilization Of Pastures Pays

Pasture fertilization will pay! When only the initial cost of fertilizer is considered, farmers and ranchers often wonder if they can afford to fertilize their pastures. But when the returns are considered, it is obvious that the real expense is in the omission of fertilizer from the pasture, according to E. M. Trew, extension specialist.

Pastures remove plant food the same as any other crop, says Trew. It is a common thing to double pasture and meadow yield with fertilizer.

Fertilizer will also improve and maintain the quality of forage, adds the specialist. If the soil is deficient in certain nutrients, the plants grown on the soil may also be deficient and cause adverse effects on livestock.

Other ways fertilizer improves a pasture is by helping maintain a proper plant mixture and by aiding the plants in the efficient use of water.

The proper time for fertilizing the pasture depends on the type of fertilizer and the season of the year, says Trew. Permanent warm season plants such as Bermuda or dallisgrass should be fertilized in early spring before the summer plants begin to grow. Permanent cool season plants show best results if the fertilizer is added in early fall ahead of their growth. Temporary pastures should be fertilized before or at the time of planting.

Phosphate and potash should be worked into the soil either ahead of or at planting in the case of temporary pastures and may be put in during renovation or cultivation of permanent pastures. Nitrogen may be applied to the surface. It should be used as a side or top dressing only when adequate moisture is available.

**REMEMBER WHEN?**

by JOHN CROW

The tall dignified man with the umbrella was the Prime Minister of England, Neville Chamberlain. When he stepped off the plane in his native land after that historic meeting, he was smiling. He felt that he had just insured peace for the world.

He had just returned from Munich. There, with the Premier of France, Daladier, and with Premier Mussolini of Italy, Chamberlain had entered into a four-power peace pact with Nazi Fuehrer Adolph Hitler. The pact took strife torn Sudetenland from Czechoslovakia and gave it to Germany. For a price, peace had been bought for Europe.

The pact was signed just 24 hours before the October 1st deadline Hitler had given. His troops stood prepared to march into Czechoslovakia. Now they would not march, and war had been averted—or so that honest, peaceful man thought—as he stepped off his plane in England. For Chamberlain couldn't know that the "Munich Pact" was but a temporary delay in the war that was soon to come.

Remember the year?

That was a time when a car buyer knew just what was in his contract when he signed to buy a new car. After all, it's just common sense to know what you're signing.

The year was 1938.

You won't get any "double talk" when you see us about buying a new 1958 Chevrolet. We'll give you the facts and figures straight, just as they are—and they'll add up to the finest deal you can find anywhere!

Governor Price Daniel has designated the week of February 22 through March 1 as National Future Farmers of America Week in Texas. Governor Daniel is shown presenting the proclamation to Billy Penn, State FFA President and George Hurt, State Director of Agricultural Education.

### Parmer County Farm Bureau News

by Raymond Euler

After reading an article in The Nation's Agriculture, we are curious to know if the same situation exists, tax-wise, in this area, as was found to exist in Missouri, Illinois, and North and South Dakota. In several counties of those states, it was found that farmers were assessed at about twice the rate as their city friends. It seems a little strange to us that this condition could exist very long without someone's knowing and complaining about it. California has passed a law that states that farm land must be taxed on the basis of agricultural use only, regardless of its location, such as adjoining, or actually being included in city limits. It seems that extension of city limits is sometimes done for the sole purpose of increasing city tax income.

American Farm Bureau, which has more Rural Electric Cooperative members than all other farm organizations combined, is working toward cooperative ownership, as well as management, of REA. Some people have taken this suggestion to mean that Farm Bureau is opposed to REA. REA legislation was partially drafted, and wholly supported by Farm Bureau, in the beginning. Production Credit Associations, and other farm credit systems were begun on the same basis as REA, that is, with Federal Aid. However, as soon as they were able to begin paying off their indebtedness, they asked for, and got, ownership, without Federal control of their agencies. Farm Bureau holds that the same procedure should be followed with regard to REA.

Farm Bureau members have also expressed opposition to direct payments to farmers as a successful program for agricultural operation. There are other reasons, but the principle one is that it would make farmers directly dependent upon the Federal Government for their net income. It would also lead to new federal controls over individual farm operations.

If you were missed on the membership drive, please come in, or mail your check for your dues, says Jack Patterson, membership chairman.

**CONSIDER THIS:** The sluggard is wiser in his own conceit than seven men that can render a reason. Proverbs 26:16.

### SOIL CONSERVATION DISTRICT NEWS

Interest in the Great Plains Conservation Program continues to be good. Five contracts have been signed and several are in various stages of development. There are several conservation practices eligible for cost sharing, but the one that has headed the list so far is grass planting.

The five contracts total 468 acres to be taken out of cropland and put to grass. About 450 acres of range land is to be reseeded. Charles Glover will seed 160 acres to grass on a rented farm and 53 acres to grass on his home farm.

Leon Huff of Maple will seed 128 acres to grass over a three-

### Outstanding Talk Given Wednesday At Lions Club

Members of the Muleshoe Lions Club were privileged to hear a thought provoking talk by M-Sgt. Joe Lackey, of the Amarillo office of U. S. A. F. Recruiting Service, at their Wednesday luncheon meeting.

Talking on the subject, "Man On The Way Up", Sgt. Lackey quoted a multitude of facts and statistics on air power in general, and then briefly outlined the enormity of space, and some of the problems conquering space will entail.

Sgt. Lackey told his listeners that only if man attempts to go into outer space with the idea of advancing humanity, will he succeed. If space conquest is based on aggression or subjection of another people, then, said the speaker, man will fail in his attempt.

In touching briefly on the so-called inter-service rivalry, Lackey said the Air Force primary responsibility is protection of the nation, not satellite research. Therefore, he explained, the AF has no satellite program, but has worked with the other services to furnish material and research for their satellite programs.

Lion B. R. Putman introduced the speaker. Next week the Lions will meet in the high school cafeteria in observance of Public Schools Week.

year period. This is on the Pat Walker farm just south of town, eligible to participate, and 296 acres of grass on his farm south of town. The grass will be seeded next year in a cover of drilled sudan which will be seeded this summer.

H. E. and Jack Schuster will seed 32 acres of grass and overseed about 200 acres of range-land to improve the composition.

Five more contracts that are pending will each have some grass planting on cropland or some range seeding. The practice of grass seeding is the highest priority practice included in the program. The aim of the Great Plains Conservation Program is to use all land according to its capabilities.

Throughout the 65 counties in Texas that are designated as eligible to participate, and designated counties in nine other Great Plains states, there are millions of acres of land to be revegetated. Revegetation is needed on denuded ranges caused partly by drought. Hundreds of thousands of acres of "marginal" land should be taken out of cultivation, and put back to grass. Marginal land is that which has a moderate to severe wind or water erosion problem due to type of soil, texture of soil, and slope. These are not all the determining factors, but are some of the most important.

Any farmer interested in the Great Plains Conservation Program can contact any A. S. C. F. H. A. County Agent, or Soil Conservation Service office. The Blackwater Valley Soil Conservation District recently sent their 1958 dues to the National Association of Soil Conservation Districts. The District would like to thank the First National Bank of Muleshoe and the Muleshoe State Bank for each contributing half of the total amount.

**10 Voc. Nurses Graduate March 7**

The Licensed Vocational Nurses of West Plains Hospital & Clinic will have their graduation and capping March 7 at 7:30 p. m. in the high school auditorium. The public is invited to attend the ceremony. Mrs. Winona Davis is the instructor and the following nurses are graduating: Fern Brewer, Mable Bristow, Vernice Garth, Mildred Glenn, Carmell Nolen, Elaine Mills, Naomi Talley, Geneva Lemons, Tommie Sanders, and Betty Pruitt. Ten are graduating of the twelve who began the course a year ago. They will take their State Board examination later this year. The hospital has started another class for nurses and six are enrolled: Patsy Parker, May Harvey, Wanda Lott, Martha Carney, Eva Honeycutt and Goldie Darrow.

**Save Savings Bond Goal For County, 1958 Is Set At \$123,000**

Mrs. Inez Bobo chairman of the Bailey County Savings Bonds Committee announced that the 1958 Savings Bonds goal for Bailey County will be \$123,000. "During the month of January, the people of this county purchased \$3,225 in Series E and H bonds which was 2.6% of our goal", Mrs. Bobo reported. The 1958 goal for Texas is \$175,000,000. Sales during January totaled \$16,609,361, which represents 9.5% of the 1958 sales goal. "January set new national sales records", Chairman Bobo said. "Nationally, January was the best sales month in two years and the amount of E and H bonds outstanding reached a new record peak of \$41.6 billion which is held by more than forty million Americans. Another encouraging note was the fact that redemptions decreased 5% during January", Mrs. Bobo concluded.

**P-TA Sponsoring Appreciation Day For Teachers**

Muleshoe Parent-Teachers Association is planning special recognition of class room teachers during Public School Week, and the week immediately following. Mrs. Bernard Phelps, P-TA president said that each classroom teacher will receive a pot plant for his or her desk on Monday, March 3. Beginning Monday, March 10, each teacher will be given a free day off, with a parent taking her place for the day. The P-TA annually sponsors a teacher appreciation day to coincide with Public School Week.

**HOME FROM HOSPITAL**

Mrs. Sherman Inman, who underwent surgery in Clovis Memorial Hospital last week, is at home now and improving. The children of the Innans, Marlon and Karolene, and Jerry, all of Abilene, were home for the weekend to visit their parents.

### Brenda Clawson Is Feted February 21 With Birthday Party

Miss Brenda Clawson, daughter of Mr. and Mrs. Ivan Clawson, was honored on her twentieth birthday with a party, Friday afternoon, February 21.

All the little guests rode to Brenda's home from school on the school bus and enjoyed playing several outdoor games.

After the games, the guests enjoyed seeing and helping Brenda open her many gifts and singing "Happy Birthday" to Brenda.

Mrs. Clawson, assisted by Mrs. A. P. Fred, Mrs. Paul Young and Mrs. J. D. Rowland, served birthday cake, pops and bubble gum to 22 guests.

Children present were, Jo Linda and Randy Roberson, Diane and Rieley Arent, June McCord, Kenneth Overland, Sherry and Donna Howard, Nelda Scagler, Iwana Young, Carl Lane, John Fred, Sammy Nichols, Sheryl Medlin, Carol Lynn Bradford, Frankie Sanders, Barbara Williams, and Barbara, Iva, Larry and Edward Clawson.

### Rebekahs Meet Tuesday Night

Muleshoe Rebekah Lodge met Tuesday night with Noble Grand Evelyn Calder presiding. Ona Berry conducted a quiz. Each question missed cost the contestant a nickel or a dime, the money collected going into the building funds. Bessie Davis drew the door prize. 16 members were present.

### Landscaping Topic For Muleshoe HD Club Meeting

A demonstration on principles of landscaping was presented by Mrs. Harriett Brummett at the Tuesday afternoon meeting of Muleshoe Home Demonstration Club in the home of Mrs. Walter Witte.

Twenty-one members and a visitor, Mrs. Alvin Krieger, were present for the demonstration. Dorothy Bowers reported on the council meeting, and members each related their most embarrassing moment during the recreation period.

### Teachers Sponsor Panel Discussion Monday, March 3

One of the highlights of Texas Public Schools Week, March 3-8 will be the presentation of a panel discussion on the subject, "Education: an investment in the future", on Monday, March 3.

To be held in the junior high school library, the panel is sponsored by the Muleshoe Classroom Teachers Association, and is designed to acquaint the public with school problems.

The panel will explore the four areas of study set up by the Hale-Alkin committee of '54, which areas are program, teacher supply, construction, and finance.

Appearing on the program with moderator Mrs. Elizabeth Watson, will be: high school principal Bill Parker, Mrs. Vernie Towns, representing Muleshoe Study Club; Mrs. Bernard Phelps, P.T.A. president; O. E. Lumsden, school coordinator;

Mrs. Arch Fowler and Mr. Bryan Brady, of the school faculty; Jerry Kirk, school superintendent; Glen Williams, county chairman of the Committee of 24; Paul Scott, president of the Board of Education; Connie Gup-ton, school business manager; Jack Young, representing the Lions Club; J. M. Forbes, representing the Rotary Club.

#### VISIT PARENTS

Mr. and Mrs. M. M. Simmons and children, Debbie, Terrie and La Mona, of Roby, Texas, spent the weekend with her parents, Mr. and Mrs. J. M. Moore, of Don Moore, of Lubbock, was

### Bridal Shower For Mrs. Billy Wall Held February 19

A bridal shower for Mr. and Mrs. Billy Wall was held in the home of Mrs. A. E. Robinson on Wednesday, February 19, from two o'clock until five.

The color scheme was pink and white. The centerpiece was a bride-doll placed on a mirror encircled with pink and white daisies. Silver letters on pink ribbon streamers completed the decorations. Refreshments of white cake and coffee were served.

Hostesses were Meses, Horace Hutton, Baker Johnson, Garvin Long, Bob Kindle, A. E. Robinson, Bob Klutts, Dee Tucker, Brad Sovall, and Bud Warren. The hostess gift was sheets, pillow cases, towels and a bedspread.

Forty guests, including several from out-of-town attended. Guests from out-of-town were Meses, Monroe Oglesby, Lonnie Woolam, A. R. Cleman, and Miss Pat Oglesby.

### Mrs. Anderson Host To Blackwater Valley H. D. Club

Blackwater Valley Home Demonstration Club met February 18 in the home of Mrs. Phama Anderson for a demonstration on landscaping.

Plans were discussed to hold a slipover workshop February 20 in the home of Mrs. H. C. Elliott.

The members discussed piecing a quilt at future meetings.

Next meeting will be March 2 in the home of Mrs. Bill Aylesworth.

### Wedding Set For Saturday, March 15

Patricia Ann Simmacher, daughter of Mr. and Mrs. Joe H. Simmacher, is announcing the engagement and approaching marriage of their daughter, Patricia Ann, to Mr. Thurman Douglas Ferrell, son of Mrs. Blanche Spann, of Lubbock.

The wedding ceremony will be held Saturday, March 15, at 8 o'clock in the evening in First Methodist Church, Muleshoe. A reception will be held immediately following in Fellowship Hall. All friends of the couple are invited to attend.

### Revival Begins At West Camp Church March 2

A revival meeting will begin March 2, and continue through March 9 at the West Camp Baptist Church. Rev. Bill Pemberton, evangelist, will bring the messages in two sermons daily, at 10 a.m. and 8 p.m. Rev. Stayton Jones is pastor of the Church. Everyone is welcome to attend any of the services.

### Trinity BWC Meets On Tuesday Night

The B. W. C. of Trinity Baptist Church met Tuesday night at the church for their monthly Bible study. Mrs. Wynnie Dunn brought the study on the great prayers of the Bible. Those attending were: Meses, J. E. Moore, Hinkle, Rose Sain, Polly Otwell, and Wynnie Dunn.

home Monday night to visit with his parents, also.

### Legal Notice

#### ORDER FOR SPECIAL ELECTION FOR TAX ASSESSOR-COLLECTOR

At a special session of the Bailey County Commissioner's Court on February 24, 1958, among other proceedings, the following was had and done:

MOTION by McCall seconded by Couch that a Special Election be held in and for said Bailey County at the same time and in conjunction with the General Election which is to be held November 4, 1958 for the purpose of electing a Tax Assessor-Collector to fill the unexpired term of Carey Stafford, deceased; the vote of said election shall be by official ballot which shall have printed or written at the top thereof in plain letters the words "Official Ballot" and said ballot shall also have written or printed thereon "Tax Assessor-Collector" (unexpired term), or they shall be worded as the law may otherwise prescribe. The voters shall vote for the candidate of their choice by drawing a pencil line through the names of all other candidates. The Clerk of this Court shall furnish the presiding officer of each voting box within the above designated area a sufficient number of official ballots as is required by law.

It is further ordered that said election shall be held at the following legal voting places within said County:

2. West Vamp — West Camp Church house.
3. Mays — Longview Church house.
4. Three Way — Three Way School Building.
5. Baileyboro — Baileyboro Gin Office.
6. Bula — Bula School Building.
7. Circleback — Gin Office.
8. Absentee—In office of County and District Clerk Muleshoe, Texas.

The Clerk of this Court shall post or cause to be posted a copy of this order in each election precinct in said Bailey County, Texas for at least 20 days prior to November 4, 1958, the day of the election, and said election shall be held and return thereof made in conformity with the provisions of the General Election Laws of the State of Texas, and by the election officers appointed and qualified under such laws and they are hereby directed to hold this election. Thereupon this motion being submitted to the Court by the Judge of said Court and all Commissioners voting "Aye" and none voting "No" the motion was declared carried and ordered recorded in the minutes of the Bailey County Commissioner's Court.

Witness my hand and seal of office this 26th day of February A. D. 1958.  
 GLEN WILLIAMS,  
 County Judge,  
 Bailey County, Texas  
 ATTEST:  
 AL GRIFFIN,  
 Clerk of Commissioner's Court

### OAKIE LED IN DISTRICT SCORING

## Muleshoe Five Finished Third In District Play; 5 Boys Lost To Squad

Muleshoe's Mules finished in third place in the basketball standings in district 1-AA. They were champions in the district last year.

Playing several AAA and AAAA schools and five district champions, the Mules compiled a 15-10 won-lost record for the season, and a 6-4 district record. Winning first place honors in the Hale Center tournament, the Mules also entered the Plainview and Andrews tournaments.

Coch W. Wayne Muntooth loses five team members of this year's squad, four by graduation and one through eligibility. Four of these boys were starters and were four of the team's top five scorers for the season.

Bill Black, senior guard, led the Mule scorers for the season with 374 total, averaging 14.9 points per game. Second high scorer for the Mules was Oakie Alexander, with 324 points and a 12.9 average, while in third place was Bob Sanders, with 231 points and a 9.6 per game average.

Bailey County, Texas.  
 By Hazel Glibreath,  
 Deputy.

These three, along with Dickie Johnson, fifth, 124 points and 6.2 average; and James Williams, 16 points and 1.6 average, played their last game against Dimmitt Feb. 13.

Sophomore Darrell Oliver, who was fourth in scoring with 175 points and 7.3 average, and junior Roger Mitchell, sixth, 82 points and 3.7 average, will be starters back for next year.

Also back next year will be squadmen Lee Roy Corrales, Wink Thomson, Gerald Shanks, Jack Wright, juniors, and Bob Camp, sophomore.

Also expected to bolster the squad next year will be several ball players from a fine freshman squad: Gary Kling 6 ft. 3; James Shepherd, a six footer; Ronald Julian, Curtis Walker, and Lester Phillips.

Alexander led district scorers with 150 points and 15.0 game average; Black had 125 points 12.5 average; Sanders wound up with 101 and 10.1 average; Johnson, out part of the time from an injury, got 69 points and a 7.7 average; Oliver had 83 points 8.3 average; while Mitchell had 31 points and a 3.9 average.

### Spring Practice March 17 For Wilcy Moore

Wiley Moore, outfielder with the Portland Oregon, Beavers, announced Wednesday that he has been notified to report March 17 for spring practice with the club at Brawley, California.

Wiley, who was the property of the Dallas club in the Texas League for seven years, was drafted by Portland this season when the Dallas franchise ran into difficulty.

During his tenure with Dallas, Wiley attained the distinction of having second highest batting average in TL for the year with .308.

FROM AMHERST  
 Mr. and Mrs. H. R. Harvey and Michael, of Amherst, spent the weekend here in the home of his parents, Mr. and Mrs. H. G. Harvey. Mr. Harvey is elementary school principal at Amherst.

CARD OF THANKS  
 We wish to express our thanks to all for the beautiful flowers and for the cards and letters at the time of our recent sorrow.  
 The Tye Youngs

### Dimmitt Bobcats District Champs

Sensational Jerry Brown scored 27 points in triggering underdog Tahoka past an icy Dimmitt five, 63 to 50, in a Class AA bi-district showdown at Plainview Tuesday night.

The victory put the scrappy Bulldogs of Jake Jacobs into the Region I Meet at Lubbock Friday and Saturday. Tahoka will play Childress at 11 a.m. Friday in the semifinals. Childress nipped Haskell, 53-51.

Dimmitt's Worst Night  
 It was one of Dimmitt's worst nights of the season from the field, maybe the worst. The Bobcats' big scorer, Keith Lowe, was held to only four field goals. He attempted 16 shots from the field.

Johnny Ethridge's Bobcats connected on only 17 of 59 shots from the field for a poor 28.8 per cent.

Dimmitt jumped into an early lead and capitalized on many Tahoka mistakes to take a 15-10 first quarter lead. The Bobcats widened the margin to 31-24 at halftime.

After intermission, the Bobcats fell apart. So tight was the Tahoka defense and so cold until 6:48 left in the game. The Bobcats scored only seven free throws in the third period.

The Bulldogs really became torrid in the final period after tying the game at 38-38 at the end of the third quarter.

### NEXT YEAR PROSPECTS BRIGHT

## Mullettes Place Third In District; Graduation To Take A Heavy Toll

Coch Bill Taylor's Mullettes finished the basketball season with a 17-9 won-lost record, and their conference record was 7 wins; 3 losses. The squad will lose heavily due to graduation.

Senior forwards Mary Jo Holt and Sandra Briscoe, guards Mary Janice Puckett, Bobbie Neil King, Betty Sowder and Doris Childers will be gone from the team, which finished in third place in the district this year.

Holt, King, and Puckett are four year lettermen while Briscoe and Childers have three letters, Sowder one.

TO WATER SYSTEM MEET  
 J. E. McVicker, manager of the Peerless Pump Division here, attended a Peerless water systems sales meeting held in Indianapolis, Ind., Monday thru Wednesday of this week.

HERE FROM TULSA  
 C. W. Krebs of Tulsa, was in Muleshoe this week on business. He visited in the home of his brother, K. K. Krebs, while here.

LUBBOCK VISITOR  
 Mrs. Jessie P. Jones, of Lubbock, visited her daughter and family, Mr. and Mrs. K. K. Krebs last week. While here she also visited Mr. and Mrs. Weldon Jones and family of Pleasant Valley, and Mrs. H. M. Shofner of Route 1.

Back to lead next year's team in a new district will be lettermen Judy Murrah, Gwen Williams, Mary Gross, Sandra Allison, Linda Cooper, and Neil Moore. Williams and Gross both played a lot this year and Williams holds the all time scoring record for the Muleshoe team, made when she tallied 45 points in the Mullettes conquest of Dalhart. Gross' high for the season was 31.

Won Happy Tourney  
 The Mullettes won first place honors at the Happy tournament, consolation in the Hale Center tournament, and 4th place consolation at the AAU meet in Duncanville.

Holt was leading scorer this year, with Williams in second place, Briscoe third, and Gross a close fourth.

Coch Taylor should field a first starting unit next year, for all of the returning lettermen had experience with Moore and Cooper sharing starting honors after Doris Childers was injured and missed several games.

Next year the Mules and Mullettes will compete in a district with Morton, Olton, Lockney, and Abertamy. Abertamy's girls have a 33-0 won-lost record now, and are favored to win the state championship in AA basketball this year.

### MANY MILES AHEAD FOR GEORGIA BEAUTY

Jean Carter, the 1958 Maid of Cotton, receives a travel bag from Mr. Basil Randall, a representative of the British Overseas Airways Corporation. The Atlanta, Ga., beauty flew via BOAC on January 28 to Jamaica for the opening of her 50,000-mile international tour. The British airlines also will fly Jean to Europe next summer after she completes a coast-to-coast tour of the United States and visits to Canada.

# Bula News Briefs

by Mrs. John Blackman

Mrs. R. M. Marrow was recognized Sunday morning at the Baptist Church for having been teacher in the Bula Baptist Church for twenty five years.

Mrs. Marrow was presented a white carnation corsage by Mrs. C. M. Tidwell from the WMU Society.

Mr. and Mrs. Marrow are both charter members of the church and have been very active in church work since its organization.

### WMU Meets

WMU of the Baptist Church met Wednesday at 2:30 in the church building.

Mrs. Tiller gave the opening prayer, followed by the lesson study led by Mrs. Black on "Mission Study of Ancient Cities". Mrs. Tidwell gave the closing prayer.

Ladies present were Mmes. DeWitt Tiller, C. A. Williams, E. W. Black, C. M. Tidwell, H. G. Thompson, J. W. Richardson, and Leonard Clevenger. Mrs. Edd Crume and Mrs. Robert Claunch had charge of the Sunbeams.

Beverly and Lee Carol Simmons of Littlefield spent the weekend with their grandparents, Mr. and Mrs. F. L. Simmons.

Visiting for several days in the E. W. Bass home are Mrs. Rosella Watkins of Lubbock, and Mrs. Mona Calloway of Dallas.

Classroom girl friends enjoying supper and a slumber party Friday night with Sarah Ann Jones were: Theresa Hall, Linda Phillips, Donna Spence, and Bonnie Stroud.

Mrs. Bertha Roberts of Littlefield spent Wednesday night with Mr. and Mrs. A. C. Archer.

Sunday lunch guests in the R. A. Vestal home were Mr. and Mrs. Dexter Nebhutt and girls of Morton, Mr. and Mrs. Jimmy Drake and girls, Mr. and Mrs. Ivan Clawson, Mr. and Mrs. J. D. Rowland, all of Bula; Mrs. Florence Hancock and Georgia Dickie of Plainview.

### WSSC Meeting

The Women's Society of Christian Science met at the church in a regular meeting Wednesday afternoon at 2:30.

Mrs. H. W. Kyle gave the opening prayer and also led the evening study. Lesson was taken from the regular study book, with lesson on "Social Relationship."

Ladies present were Mmes. B. L. Blackman, George Bahlman, P. M. Lancaster, D. T. Johnson, H. W. Kyle, C. L. Cox, and Paul Young.

Bula junior girls played Three Way girls Saturday night at Whitharral junior invitational tournament, winning from Three Way by a good margin for consolation.

Mr. and Mrs. Travis Allen and baby of Clovis visited Sunday with her mother, Mrs. Ben Pierce.

### Birthday Party

Mrs. Burley Lee Roberts gave her husband a birthday dinner Wednesday evening to celebrate his 19th birthday in their home at Muleshoe. Guests from Bula attending were, Mr. and Mrs. R. P. McCall and children, Donny, Marilyn, and Rodney; Mr. and Mrs. A. C. Archer, Norvell Roberts, Phyllis Fred and Mrs. Bertina Roberts.

Weekend guests in the L. G. Harris home were Mr. and Mrs. Joe Don Phillips of Lubbock.

Guests Friday in the E. W. Black home were their son, Mr. and Mrs. Skeeter Black and sons, Rickie and Kenny of Hobbs, N. M.

Mark Hicks of Fort Sumner, N.

VOLUME 37, NUMBER 9

Published Every Thursday At Muleshoe, Bailey County, Texas

THURSDAY, FEBRUARY 27, 1958

## March 1-8 Is Big Week For 4-H Members

For more than half a century, 4-H club members in Texas have been learning to do by doing. While their programs of demonstrations and activities have changed with the times, the basic principle of uniting Head, Heart, Hands and Health for the betterment of their homes, schools, churches and communities, has remained a major objective of the 4-H organization.

During the week of March 1-8, locally, statewide and nationally, 4-H members will honor their parents and recognize the important part they play in the lives of children and youth. President Eisenhower in a recent communique to all 4-H members said:

"It is gratifying to know that during this Club Week, you will honor parents—not only your own, but all parents. Mothers and fathers, as our first teachers, influence our lives immeasurably and deserve great credit and deep appreciation for the wise guidance and great inspiration they give us. The training and experience you are receiving in 4-H club work will enable you to build the kind of homes that create a nation of peace, strength and progress."

In Texas, the State's 111,535 4-H members will also make a special effort to inform the public about 4-H training and its value in character building and citizenship development. The 4-H story will be told in many ways and boys and girls not now members will be encouraged to enroll. Too, during the week, members with their parents will have an opportunity to check over past achievements and plan together for the future.

Members of the 4-H organization are a busy group, busy con-

ducting or participating in worthwhile demonstrations or activities. Their free time is taken up by wholesome recreation or community and service programs. They are proud of their record of citizenship activities and the lack of juvenile problems within their organization.

The teamwork between parents, 4-H members, adult leaders, the friends of 4-H and the county extension agents who direct 4-H club work in the counties is a fine example of what can be accomplished through cooperation and democratic action.

## Sen. Yarborough Seeking Larger Cotton Acreage

Ralph Yarborough, U. S. Senator from Texas, has introduced a bill in Congress to increase cotton allotments. He explains his bill in the following letter to The Journal:

In an effort to bolster the farm economy of Texas and the nation, I have filed a bill to increase cotton acreage allotments and authorize loans to help cotton farmers plant their land.

Purpose of the bill is "to provide an emergency relief program for the 1958 production of cotton." The program is needed because thousands of cotton farmers are in bad shape financially and several million bales of high quality cotton are needed to meet the current shortage. The bill I have filed provides that the acreage allotment for the 1958 crop of cotton for each

farm be increased by one acre or 10 percent of the total of such allotment for 1958, whichever is greater. It also provides that those farmers who need money to operate their farms may secure loans from the Farmers Home Administration in the amount they would be able to qualify for under Soil Bank payments if they had banked their land.

My bill gives the farmer an option: he may bank his land or get more acreage. He cannot do both. The loan provision applies to both those who have signed up for the Soil Bank, and those who did not.

With a short supply of good quality cotton, the cotton farmer of Texas, particularly the small farm owner or tenant farmer, does not need to be paid under the Soil Bank not to farm. What he really needs is a program that will help him get credit to plant his land and live until he makes a crop. He also needs a high enough acreage allotment where he can raise enough to give his family a decent living.

## Publication On Cotton Seeds Treatment

Seedling diseases account for yield losses of about two to two and one-half percent of the potential cotton crop each year in Texas.

These losses can be greatly reduced by proper seed treatment with an approved chemical. Such treatment helps prevent seed decay and damping-off from both seed and soil-borne organisms.

This treatment is the theme of a leaflet recently released by the Texas Agricultural Experiment Station, "Cottonseed Treatment

for Texas." For effective protection, the chemical should be mixed with the seed in such a way that it is spread uniformly over the entire seed surface, according to the leaflet. Special machines for large scale seed treatment are available for applications as a slurry, liquid or dust.

The importance of following the recommended rate of the chemical to be used is emphasized. A smaller amount would give ineffective results while a larger amount could damage the seed. A poor job of seed treatment is often little better than no treatment at all.

The results of cottonseed treatment tests with acid-deltined and reginned seed, and recommendations as to the materials to be used as well as the rates for effective treatments are given in the leaflet.

Copies may be obtained from the Agricultural Information Office, College Station, Texas. Ask for L-383.

## Arrest Ten Over Weekend Locally

Another busy weekend was chalked up by officers of the county, city and DPS in Muleshoe, with a jail full for the second weekend in succession.

Over the weekend, officers arrested five for gambling, one for assault, one drunk and disturbance, one driving under influence of drugs and two for investigation of forgery.

One accident was reported over the weekend also. Ray Kersey turned his car over one mile east of the county line Sunday night. Kersey sustained a sprained ankle, but demolished the car, officers reported.

BABSON APPEALS FOR SMALL BUSINESS

Babson Park, Mass., Feb. 27— I very seldom refer to political matters in this column, but I do wish there were some way I could interest readers in writing Dr. Arthur F. Burns, c/o the White House in Washington, how serious the situation is for many worthy businessmen.

Small Businessmen Need More Capital When money is tight, as it has been during the past year, the small businessmen are the greatest sufferers. Bankers are human and loan money first to their largest depositors. These, naturally, are "big business."

I am not much for more government aid. I believe that the country would be better off in the end to cut it all out.

Legal Notice

THE STATE OF TEXAS

American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interest in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devise or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1956, admitted to probate in Kendall County, Texas, on December 10, 1956, and the unknown owners or claimants of any interest in the estate of such decedent or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed by such unknown claimants as devisee under such purported will. Defendants, each of whose identity and residence are unknown other than claimants American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action. It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

Plaintiff seeks equitable review asks to set aside a settlement made with her husband, Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in cause No. 1461, styled "Ex Parte: Clifford Mooers and Wife, Dolores Mooers," recorded in the minutes, Vol. 6, p. 626, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1956, in which suit it is claimed that plaintiff as the wife of such decedent for 27 years before his death was induced to consent to such property settlement and

ers and veterans. For a good many years our country prospered on a laissez-faire system. I fear that the present aid to pressure groups will continue until there is one grand collapse, when we must all start over again without government aid. However, that time has not come yet. The contractor and small home owner, because of increased costs, are aided by government guarantee of a portion of their loan when they build a new house. In the same way, the government would be justified in guaranteeing reasonable loans to small businessmen to cover needed inventories, improvements to stores or factories. Washington is responsible for inflation and should protect worthy business against its evil results.

Prices Which You Pay In addition to urging your Senators and Representatives to help small worthy businessmen, every

deceit by the fraud of her husband and his agents, consisting of false representations and concealment of material facts as to the nature, extent and value of the community property and plaintiff's true interest therein at such time, and because of further false promises to bequeath and on account of mistake induced by fraud of her said husband and coercion; and it is claimed that a fraud was also perpetrated by such decedent on this Court and that the proceedings did not comply with Article 302.

I am further claimed in such suit that all or substantially all property in decedent's name at the time of such settlement and at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

- 1. A 1/2 mineral interest in the NE 1/4 of Sec. 13, Blk. X, W. D. and F. W. Johnson Subdiv.
2. A 1/2 mineral interest in the NW 1/4 of the SE 1/4 of Sec. 24 and the E 1/2 of the NW 1/4 of Sec. 23, both in Blk. X of the W. D. and F. W. Johnson Subdiv.
3. A 1/2 mineral interest in the NE 1/4 of Sec. 32, Blk. Y of the W. D. and F. W. Johnson Subdiv.
4. A 1/2 mineral interest in the E 1/2 of the NW 1/4 of Sec. 21, Blk. Z, W. D. and F. W. Johnson Subdiv.
5. A 1/2 mineral interest in the SW 1/4 of Sec. 31 and the NW 1/4 of Sec. 30, Blk. Z, W. D. and F. W. Johnson Subdiv.
6. A 1/2 mineral interest in the S 1/2 of Sec. 89, Blk. B, Melvin Blum and Blum Survey.
7. A 1/2 mineral interest in Labor No. 4, League 179, of the Motley County School Land Surmounting 177 acres, more or less.

THE STATE OF TEXAS: To The Sheriff or any Constable of any County of the State of Texas, GREETING: You are hereby commanded to serve the foregoing citation by making publication thereof in some newspaper of legal circulation, published in the County of Bailey for four (4) consecutive weeks, the first publication to be at least 28 days before the return day of the citation.

Herein Fail Not, but on the return day hereinabove named, have you then and there before said court this writ, with your return thereon, showing how you have executed the same. Issued and given under my hand and seal of said court in Boerne, Texas, this 30th day of January, 1958.

(Signed) LORENE K. HARZ, DISTRICT CLERK, KENDALL COUNTY, TEXAS.

reader can help by patronizing them. I would strongly oppose boycotting "big business." Both big business and small business have their usefulness. Each group keeps the other on its toes and provides real competition. The hope of the consumer is to keep both big business and small business alive and prosperous. This means we should divide our trade between them.

The lawyers and lobbyists who are paid to represent "big business" claim that the new inventions come from the big concerns. They point to the large amounts of money which big business is spending on research. Much work may be charged to research for tax purposes. I personally have been very close to the Patent Office in Washington and believe that a larger percentage of new inventions come to the Patent Office from small business than through big business. A man will naturally work harder to invent something for his own little business than he will as an employee of a large concern.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

For Whom Will Your Son Work? Big business can afford to pay a young man more to start than can small business. Big business goes to college and hires three young men at \$400 a month, with the idea of keeping one and letting the other two go. Small business cannot afford to do this. College graduates should be very careful not to be misled in this respect.

I believe there is a place for both big business and small business. I am merely urging that our government and we, ourselves, do what we can to keep both groups prosperous. Trying to run a country without small business is like trying to run a Church without a Sunday School. Let me further say that if big business becomes too big, it will lead to socialism; while, without big business, the small businessman will go to sleep. Finally, all Trustees should be required to put 10% of their funds in "risk" investments, both for insurance to the beneficiaries and for the good of the nation.

Public Notice of Dissolution of Partnership STATE OF TEXAS, COUNTY OF BAILEY: Notice is hereby given that the co-partnership between Earl Busba and Boyd Magby under the firm name of B & M Plumbing & Heating was dissolved on February 1, 1958.

PUBLIC SCHOOL WEEK

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Out Texas public schools were created 104 years ago. In 1854 the first law passed establishing the public school. It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public School Week, March 3 through 7. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

"Sergeants" Play Comes To Lubbock

The Lubbock Auditorium Box Office will open Monday, March 3, for advance ticket sales for "No Time For Sergeants", the uproarious comedy about an artless country boy who is inducted into the Air Force—with hazardous results—which will be at the Auditorium on March 28 and 29. Presented by Maurice Evans, top-ranking television and theatrical producer-actor, in association with Emmett Rogers, the New York company of the smash comedy hit began its cross-country trek after a record-breaking two year hit bonanza on Broadway. The production to be seen in Lubbock will be an exact replica of the New York production—including members of the Broadway cast.

In addition to Charles Hohman, who played the irrepressibly happy Will Stockdale in New York for over a year, the company features Rex Everhart as the harassed Sergeant whose troubles mount with each gesture of good will made by the warm-hearted private; Tucker Ashworth as Ben Stockdale's ridiculous but ever loyal friend; Howard Freeman and Royal Bell as the two generals whose combined efforts cannot cope with the disastrous results of Stockdale's friendly disposition; and James Millhollin as a psychiatrist routed by the private's unending cheer.

The "Sergeants" troupe represents the initial venture of Broadway Theatre Alliance to bring first-class Broadway productions to cities all over the United States in much the same manner that top ballet and musical attractions have previously been presented. The production is directed by Morton Da Costa, who staged the original Broadway presentation as well as the National company of the hit comedy. Gerald Ritholz has redesigned Peter Larkin's tricky scenery, while Peggy Clark's skilled lighting and Noel Taylor's snappy costumes remain intact.

Price for the two performances in Lubbock are \$1.00, \$1.50, \$3.00, \$2.50 and \$2.00. The box office in the lobby of the Auditorium will be open from nine to five, Monday through Saturday, throughout the month of March. Mail orders will also be accepted and filled in order of their receipt. Attach check or money order to request and mail to: Civic Lubbock, Inc., c/o City Hall.

Social Security Representative Here On March 6

All persons, except medical doctors, who have earnings from their own trade, business, or profession, get social security insurance credit from those earnings according to John G. Hutton, district manager of the Social Security Administration in Lubbock. A self-employed person, who had earnings of \$100 or more last year, as the individual owner or partner of a business or farm, should report his earnings up to \$4200 and pay the self-employment tax when filing his Federal Income Tax return. Hutton said the individual in business for himself uses separate Schedule C, a farmer uses separate Schedule F for his report. The separate schedule is a part of the income tax return for 1957 in either case. He emphasized that return

SANDHILLS PHILOSOPHER CLAIMS EVEN The Russians With All Their Science Still Have Farm Problem

Editor's note: The Sandhills Philosopher on his Johnson grass farm claims he's found Russia has a farm problem. Anything to get the spotlight off his own farm problem.

I know, it's customary these days to believe the Russians can do anything, they just press a button and order up a satellite, they can pause between two sips of vodka and send off a guided missile so accurate it could knock the braces off the corner post in any corner of my pasture out here, if they hadn't already fallen off their own before it got here, etc., but while I never like to discount the power of the other fellow, still I've always had my doubts about some things in Russia.

For instance, doesn't Russia have a farm problem? I don't care how smart his own newspapers say he is, there never was a dictator so smart he could

farm out in the open and never get wet, for example. Or run out of gas, or blow a gasket, or have a flat. Well, yesterday I was reading an article in a newspaper I found caught on a fence in my pasture. I don't suppose the publisher aimed it there that accurately, but it was lodged there, none the less, that bears out my suspicions about Russian farming.

According to it, the Russian government was having a little trouble with its grain farmers. As I understand the system, all the land belongs to the government over there, and a farmer has to work as many acres and as many hours as he's told to, and can keep only a small amount of the grain for his own use, the rest going to the government.

Well, that's the way the farmers have been farming, but it turns out most of them don't

have room for much grain storage, so naturally they put their own grain in what barns or sheds they have, and carefully pile the government's share out in the open. And just when it came time for the government trucks to pick up the grain, it started raining and the roads over there got muddy, since any dictator knows it's more important to conquer space than build roads, and the grain got ruined on, and if you don't know what that does to grain, turn the faucet on a loaf of bread and see for yourself.

You don't have to go to Russia to know it has a farm problem, so long as farming is done out in the open. What this proves to me is that while the farm problem may not be bigger than any political system, it'll last longer.

Yours faithfully, J. A.

common and we became friends. Our prayers changed; we prayed that God would have mercy on both of us. When we became stronger, our prayers were for all the men in the ward. This eventually led to our praying for the suffering people all over the world.

Our common suffering and simple faith created a bond of genuine fellowship that became contagious. When we were able to get around in wheel chairs, we went to the bed patients with prayers and Bible readings. These acts of compassion did much toward their recovery. They called us the "wheel-chair

preachers", but we were not preachers at all. We were just two people who believed in prayer and the goodness and mercy of God.

PRAYER Our Father, we know how unworthy we are of Thy love and help. Thy mercy and forgiveness. Yet without Thee we are nothing; by Thy mercy we are blessed. Strengthen us in love and fellowship, through Christ our Saviour. Amen. THOUGHT FOR THE DAY "The Lord is high unto all them that call upon him, to all that call upon him in truth." —James E. Perkins (Md.)

**TEACHERS SORORITY**

KKI, a national sorority for teachers, is one of many such professional activities carried on by local teachers. This scene was made during the visit by the state president.

**Progress News**  
by Mrs. M. O. Nigh

Elvin Marrow's tractor caught fire last week. But was under control before there was too much damage.

O. Smith and sons, John Robert attended the funeral of O.'s half-brother, John Long Dallas, this past week.

They reported it rained on all the way home Sunday.

Garrett and A. R. Floyd in a car accident this past week, but neither was hurt.

Mrs. Bill Calvert of Lubbock, at the weekend with her son family, Mr. and Mrs. Calvin Calvert and sons.

Ed Ivy of Levelland visited the home of his brother and family Sunday, the D. A. Ivys, Sr.

Mrs. Rosie Hall of Enochs, at a few days visiting in the home of her daughter and son-in-law, Mr. and Mrs. Whit Barber.

Mrs. Barber took her mother and they attended a housewarming for their niece and granddaughter, Mrs. Charlotte Handingham of Enochs.

Mr. and Mrs. J. M. Beller visited Friday night and Saturday with her cousin and wife, Mr. and Mrs. Johnnie Furguson of Dallas, N. M.

Mrs. Retta Shipp and Janet visited near Portales, N. M., with relatives Friday night and Saturday.

**Prize Money At South Plains Stock Show March 17-19 To Be In Silver Dollars**

In keeping with the marking of the 25th anniversary of the South Plains Junior Fat Stock Show, payment of the stock show portion of the premium money will be made in silver dollars, Dixon White, general chairman, has announced.

Entries are now being received at the Chamber of Commerce for the annual show, which will be held March 17, 18, and 19 at the Panhandle South Plains Fairgrounds.

Sponsored by the Panhandle South Plains Fair Ass'n., the Lubbock Chamber of Commerce and the Board of City Development, the 1958 show is being dedicated to Dr. W. L. Stangel, Dean of Agriculture at Texas Technological College, and O. J. Sexton, Manager of the Western Union Telegraph Company in Lubbock.

Highlight of the show will be the annual Princess Contest, which will be held March 15 at the Fair Park Coliseum. Two Mr. and Mrs. C. B. Kindred and Bud are home for a few days. The men will be leaving soon to go on a job near Andrews.

Mr. and Mrs. Jimmie Lee and children are back after being gone about three months.

The attendance is increasing at the churches in our community. We would like to welcome everyone, especially the people who have recently moved in, and to all visitors.

princesses will be chosen; one to represent FFA chapters and one to represent 4-H Clubs.

Five FFA chapter presidents will select the 4-H princess and a like number of 4-H Club presidents will select the FFA princess.

Entries will be accepted from the following counties: Curry, Roosevelt, Lea, New Mexico; Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn Garza, Kent, Stonewall, Gaines, Dawson, Borden, and Scurry, Texas.

Only boys regularly enrolled as 4-H Club or FFA Chapter members over nine years and under twelve years of age, March 19, 1958, are eligible, provided such member has personally owned, fed and cared for such animal under supervision of a County Agent or Vocational Agriculture teacher for at least 75 days immediately prior to the opening date of the show and provided such exhibitor has never shown an animal of the class of livestock which was placed as Grand Champion of the show.

Livestock barns will be opened at 8:00 a.m. on Saturday, March 15 for checking in all animals entered in the show. All animals must be checked in before Saturday at 6:00 p.m. All sifting will be done Sunday. Purchase bids will be accepted for sifted animals up to 4:00 p.m., Saturday, March 15, from legitimate buyers.

## Pleasant Valley Views

by Mrs. Allen Haley  
Call YO 5-3657

**Dates to Remember:**  
Social Club, Thursday, February 27, 7:30 p.m., community center.  
4-H Club, Wednesday, March 5, 7:30 p.m., community center.  
HD Club, Friday, March 7, 7:30 p.m.

The Pleasant Valley 4-H Club held a make-up meeting last Tuesday night, February 18. Mack Allison presided over the business meeting. The club voted to have a cake walk. Mrs. Phillips gave a program on instant puddings. Also assistant county agent, W. H. Helbig, was present.

The community welcomes the new comers. Mr. and Mrs. Thurman Kirby live where the McCalmans formerly lived. The James Daniels are living where the Carlises lived, and the Delbert Blacks live where the Walter Huttons lived last year.

Mr. and Mrs. Ab Lavigne from Okanogan, Wash., are visiting friends in the community. They had supper Monday night in the E. K. Angeley home.

### Farm Bureau Met

The Farm Bureau met Tuesday night, February 18 with approximately 18 members present. Visitors were Mr. Bill Cozzine of Earth and Mr. Wayne Smith of Texas Machinery Co. Allen Haley presided over the business meeting. A Massey-Harris film was shown and Freddie Maxey explained the Farm Bureau insurance to the new members.

Next meeting will be March 18 at 8:00 p.m. All the men were asked to bring his wife and also bring his neighbor and his wife too.

Hal Mayfield of KGNC-TV, Amarillo, will be present to show a film on the drought, "The Seven Lean Years That Waxed Fat." All visitors will be welcome who would like to see this movie.

### Attend Funeral

Among the persons attending the funeral of Mrs. O. N. Robison in Littlefield Monday, were Mr. and Mrs. Seaborn Moore, Mr. and Mrs. E. K. Angeley, Mr. and Mrs. B. H. Bickel, Mr. and Mrs. Thurlb Branscum and Mr. Elmo Stevens.

Mr. and Mrs. Leroy Hicks are now living in Oklahoma. Their

address is Box 4, Quinlan, Okla.

Harold Allison was recently honored on his birthday in the Mack Allison home. Celebrating him were the Gerards, Oscar and Harold Allison families of Pleasant Valley, and Mrs. Sam McKinstry and Mrs. Ruth Dunn of Muleshoe.

Mr. and Mrs. Albert Gard from Early, Iowa, visited last week in the home of Mr. Fred Determan and Mr. and Mrs. Kenneth Duncan.

Mrs. Jewell Crow of Truth or Consequences, N. M., is here visiting her daughter and family, the E. K. Angeleys.

Mr. and Mrs. A. F. West and sons of Borger, visited the past weekend with his brother, John West and family.

### HD Club Met

The HD Club met Thursday, Thursday, February 21 at the community center with Mrs. Allen Haley acting as hostess for Mrs. Dick Willman and Mrs. Elmo Stevens who were unable to attend.

Mrs. Jo Meeks presided over the business meeting. Mrs. Mildred Kendrick gave the council report. The club voted to change their meetings to first and third Fridays. The first meeting will be held at night, and second meeting will be in the afternoon with the Home Demonstration agent attending.

Mrs. Dolores Duncan led the ladies in the HD Club song.

Mrs. Mildred Stewart gave a demonstration on a skillet meal and Mrs. Glenda Haley followed with a program on "Selecting Patterns."

Refreshments were served to a visitor, Mrs. Larry Price and to a new member, Mrs. Clinton Green and to members, Mmes. Gladys Moore, Dolly Parish, Jo Meeks, Lillie Wuerflein, Mildred Kendrick, Mildred Stewart and Dolores Duncan.

The next meeting will be held Friday night, March 7 at 7:30 p.m. in the home of Mrs. Allen Haley with Mrs. Richard Barnett as co-hostess.

## Three Way News

Mrs. Frank Griffith

Fredia Baykin, of Morton, bride-elect of Don Lowe of Maple, was honored with a miscellaneous shower Thursday, from 2 to 5 p.m., in the home of Mrs. Cass Stegall.

The serving table was laid with a yellow net cloth over white linen, centered by a tiered wedding cake.

Served tea and coffee were serv-

## Maple News

by Mrs. Oran Reeves

The Three Way junior high basketball boys and girls won second place in consolation in the tournament at Whitharral last week. They played Tuesday, Friday and Saturday nights.

Bro. and Mrs. Kenneth Sanders spent Saturday night in the Foy Lewis home. He is preaching at the Church of Christ at Needmore now.

Mr. and Mrs. Bill Eubanks were in Lubbock Thursday and visited their daughter and son, Maudine and W. C., who are students at Tech.

Mr. and Mrs. James Pruitt have as their guest, her nephew, Jerry Jones of Williams, Ariz.

James Pruitt was on the sick list last week.

Mr. and Mrs. Oran Reeves visited her sisters, Mr. and Mrs. Herman Van Ness and boys and Mr. and Mrs. Garland Dempsey and Gary in Lubbock Saturday.

Mr. and Mrs. C. L. Taylor visited her parents, Mr. and Mrs. John Burkett of O'Donnell last

with the cake. All appointments were in crystal.

Attending in the hospitalities were Misses Paula Kintle, Nan Johnson and Betty Hutton.

Hostesses were Mmes. Clint Everett, A. G. Taylor, Pete Taylor, Horace Hutton, Cecil Cole, Dolly Ann, Neal Smith, J. Feagley, Frank Knox, Leon Reeves, Lewis Henderson, Roy Tunnell, Earl Bowers, Baker Johnson and Stegall.

The bride-elect was presented a corsage of yellow jonquils by the hostesses. Mrs. Wayland registered the guests. About 65 called.

### Pink and Blue Shower

A pink and blue shower honoring Mrs. Billy Wall was given Wednesday afternoon in the home of Mrs. A. E. Robinson of Maple. The decorations were in pink and silver.

Hostesses were Mmes. D. Tucker, Bud Warren, Baker Johnson, Horace Hutton, Bob Kintle, Brad Stovall, Leon Dupler, Bob Klutts, Harold Toombs, and Robinson.

Cake, coffee and tea was served. Assisting were Virginia Klutts, Nan Johnson, Paula Kintle and Betty Hutton.

Mr. and Mrs. W. C. McElvey and Gayle visited relatives in Anton Sunday.

Visiting in the Elmer Bateas home Sunday were Mr. and Mrs. Kent Cooper and children of Sundown, Texas.

Mr. and Mrs. Roland Nitchner and son of El Paso, visited relatives in the community the past weekend. Mrs. Nitchner is the daughter of Mr. and Mrs. Benny Emmerson.

The Goodland Bible Study Club met Tuesday, February 18 with Mrs. Tommy Galt. Fourteen members were present. After a short business meeting, the group studied chapters 1, 2, and 3 from the book of Matthew.

Refreshments were served by the hostess. The next meeting will be March 4, with Mrs. Jack Furguson, with the lesson from Matthew.

A training union study course was conducted at the Three Way Baptist Church last week. Rev. Hughes of Maple taught the adult class.

Visiting in the Frank Griffith home Sunday were Mr. and Mrs. Bob Belcher and Don Pettit. Mrs. Belcher and Mrs. Griffith are cousins.

The Three Way FHA girls and their sponsor, Mrs. Nan Dyer, will go to Amarillo Saturday for the area meeting. Nan Johnson and Lorena Long will sing with the Area Choir in the program to be given.

## Lone ★ Agriculture

By JOHN C. WHITE, Commissioner

### Idle Acres At Home and Cotton Profits Abroad

Texas and other American cotton farmers face another in a series of hard knocks this year in the form of "Home-made" competition — foreign competition brought about by short-sighted planning at the top level in Washington.

It is now apparent that, due to relentless insistence on holding down cotton allotments in our country, not enough top quality cotton will be produced to meet our own domestic needs this year. As a result, we will likely find ourselves in the ridiculous position of bringing cotton into

week, and helped them move in to their new home.

Mr. and Mrs. Travis Kelley had as their guests last week, her mother, of Portales, N. M.

Mrs. Tucker is able to sit up some now. She is still staying with her daughter, Mrs. Fred Kelley.

this country from Mexico, Brazil, and possibly even such countries friendly to communism as Egypt. Current cotton acreage allotments are based on an estimated production of 1 1/2 million bales. But what some of our government planners have failed to recognize is the fact that much of this land went into the soil bank and will not produce any cotton.

Last year, our upland cotton was lower in grade than at any time in the past twelve years. Middling and higher grade production was the smallest since 1918. And now our textile industries are facing a serious shortage of better quality cotton. But this shortage could be overcome if our farmers were allowed to take advantage of promising soil and weather conditions so they could have the crop when it is needed.

We need an immediate 25 percent increase in cotton allotments in order to meet our domestic demand. We can produce the desired grades this year if our

farmers are given the opportunity. The 1957 cotton story was a sad one in Texas—and practically everywhere else in the nation. Ginning of top grades was off drastically, and our farmers had to fight continued bad weather to produce what they did.

A sad epitaph to that story would be for "sidelined" farmers at home to stand idly by while cherished cotton profits wing their way abroad.

### First Call For Cotton Classing News Goes Out

First call for 1958 applications for the free cotton classing and market news service of the U. S. Department of Agriculture has gone out to all Texas cotton producers.

Now is the time for farmers not already in a Smith-Doxey cotton improvement group to join or organize one, says Fred C. Elliott, extension cotton specialist.

AMS marketing services are free only to farmers who organize to promote the improvement of cotton and agree to produce a variety adapted to their area.

Even groups that have been

active for years must submit a new application for every cotton crop. Elliott emphasized. Applications may be obtained from ginners, county agents, county CSS offices or AMS cotton offices at Abilene, Austin, Corpus Christi, Dallas, Harlingen, La Mesa and Lubbock.

# Funeral Services Held Sunday For Mr. John Osman Cantrell

Funeral services for John Osman Cantrell, who died Friday, in a Clovis hospital, were conducted at 2:30 p.m. Monday from the First Assembly of God church by the pastor, Cecil D. Holly. Burial was in the Mission Garden of Memories with Steed Funeral Home in charge.

Cantrell had lived in Clovis for about two years and had moved there from the Lazbuddie community, where he had made his home most of his life. He was a carpenter by trade and was active until a few days before his death. He was 75 years old.

He is survived by his wife, Jessie; three sons, V. T. of Plainview, Don W. of Clovis, and Clifford H. of Albuquerque, N. M.; four daughters, Mrs. Ida Mae Haberson, Pleasant Valley, Mrs. M. M. Gegenheimer, Las Vegas, Nev., Mrs. Ed. Aylesworth, Plainview, and Mrs. Gordon Dillon, San Mateo, Calif.; 17 grandchildren and five brothers. Pallbearers were Perry Barnes, Hiley Lucy, Walter Baker, Demp Foster, Junior Matthews and Raymond Treider, Jr.

Hosts of friends from Lazbuddie attended the funeral services for Mr. Cantrell in Clovis Monday afternoon.

Mr. and Mrs. L. L. Freeman from Modesto, Calif., have been visiting friends here over the weekend. They visited in the homes of the John Gammons, Roy Daniels, D. B. Ivy, Will Gammon and Pete Mimms.

## Farewell Party For David Johnsons

Mr. and Mrs. David Johnson, Ronnie and Don are moving this week to make their home in Earth. After church services Sunday evening, a few neighbors gathered at the Jess Pendergrass home to wish them the very best in their move. They were presented a lovely planter filled with ivy. Refreshments of sandwiches, cake, cookies and drinks were served to Mr. and Mrs. Luther Hall, T. R. Smallwood, Karen and Mira, Mr. and Mrs. Dick Scott and Ronald, Mr. and Mrs. Clyde Monk and Linda, Mr. and Mrs. J. E. Montgomery, Lee Ann and Leo, Mr. and Mrs. Pat Montgomery, Dale and DeWayne from Earth, Jeanne Garrett, Muleshoe, and the honorees.

## Owen Broyles Hurt In Clovis Smashup

Owen Broyles had the misfortune to have his pick-up truck almost completely demolished last Friday afternoon in Clovis. When he attempted to make a turn on East 1st St., a truck collided with him, causing great damage to the vehicle. Mr. Broyles received only minor cuts and bruises and the other driver was not hurt.

Ralph Cox and Leroy were dinner guests Sunday in the home of his brother, Mr. and Mrs. Guy Cox in Farwell.

Weekend visitors in the Bill Lancaster home were Mr. and Mrs. H. R. Donaldson, Steve, Tommy, and Debra, from Andrews and Mr. and Mrs. R. L. Donaldson from Muleshoe.

## Terry Scott's Sixth Birthday Honored

Terry Scott, son of Mr. and Mrs. Glen Scott celebrated his sixth birthday Saturday, February 22 at a party given by his mother at their home. The youngsters played games and were served punch and ice cream along with the birthday cake. Helping Terry celebrate were Janet Lynn Vaughan, Gary and Billy Eubanks, Gary and Letha Elliott, Derrell and Connie Elliott, Gary Matthews, Gary Strahan, Frank Hinkson, Roy Teague, Donna Kay Hunt, Christy Ivy, Vicki Ivy, Robinson, Jack Finley, Smith, Donnie and Larry Smith, Scott and Lisa Brown. Also Mmes. Mabel Vaughan, Junior Matthews, John Vaughan, Leonard Elliott, Hubert Elliott, Jack Smith, Gerald Smith, Hoyt Eubanks and Bill Brown. Katherine Smith and Carolyn Scott.

Mr. and Mrs. Davis Gulley and boys were Sunday dinner guests in the L. F. McCormick home of Muleshoe.

Mrs. A. D. Adams and Mrs. Floyd Gray from Olton visited last Tuesday in the home of their sister, Mrs. Bill Lancaster.

Mr. and Mrs. Nell Bradshaw, Odie and Lloyd, Mr. and Mrs. Harold Wilson and family visited Sunday evening in the Duane Darling home.

## Happy Teams Win Lazbuddie Tourney

The Happy teams, both boys and girls, came out winners in the 3-B District basketball tournament played here last week. Rosemary Agee was selected on the all-district team for the girls, and Derrell Jennings won the honor of being on the all-district for the boys.

## FFA Fat Stock Show At Lazbuddie Friday

The FFA fat stock show will be held at the school Friday, February 28. Everyone is urged to come out and see these animals.

*The Muleshoe Journal*

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 37, NUMBER 9

Published Every Thursday At Muleshoe, Bailey County, Texas

THURSDAY, FEBRUARY, 27, 1958

**Board of Trustees Responsible For Expansion Plans**

The Board of Trustees of Muleshoe consists of seven members and a secretary to the board. The president of the board is Paul Scott. He is a mail carrier and a graduate of Texas Tech. The vice-president is Gerald Allison, a farmer with a family of four boys and one girl. The secretary of the Board is David Anderson, and the business manager is Connie Gupton. Other board members are Vernie Towns, farmer; Leon Lewis, farmer; Jim Cox, implement

dealer; and R. O. Gregory, also a farmer. The regular meetings of the Board of Trustees are held in the office of the business manager on the Monday night closest to the 10th of each month, at 7:30 p.m. unless some other night and times are designated by the president.

The duties of the board are that they shall provide for a school system and establish general policies in keeping with the wishes of the community and the requirements of the law. Members shall have authority only when acting as a board legally in session.

**Muleshoe School Expansion Plan Began With Consolidation In 1947**

The school expansion program first started back in 1946 and 1947, in the consolidation with Baileyboro. Before the consolidation there was only the old elementary building and a high school building. To house the larger number in attendance, the school purchased six barracks from the government at approximately \$60 apiece. In 1949 and 1950 the high school building was built at a total cost of \$500,000. The same year eleven rooms were added to the old elementary school at approximately \$55,000 cost, and renovations the old high school at the cost of \$25,000. In 1953 and 1954 the gym at high school was built at a cost of \$76,699. In 1955 the new junior high was built for \$220,000 and the high school lunch room was enlarged at approximately \$40,000 cost.

This year marks the addition of Richland Hills, the administration office, the lunch room for the Mary Deshazo unit, and an addition to high school for approximately \$490,000 cost, plus \$50,000 worth of furniture. The cost of the equipment for both Richland Hills and Mary Deshazo buildings is \$8,988.34. All units with the exception

of the high school and the gym were built by Stiles, Roberts, Messerschmitt and Gee, with Ray Givens as contractor on the business office. The high school and gym was built by Butler and Brashear.

To have this expansion there must be both a reason for expansion and a means of securing the money for expansion.

The reason is the increased number of teachers and students. In 1943, there was a total of 621 students in the school system. At the present time there are 1,775. To handle this many pupils, the teachers have increased from 57 in 1943 to 81 at the last count. The means of securing the money are by voting bonds and collections.

The expansion also includes the colored school. The colored students attend school in the old Baileyboro building which was moved to Muleshoe at the cost of \$1600. The upkeep of the school cost \$6,000 and the teacherage cost is \$1500.

The actual expansion has covered a period of over 10 years. It will by no means stop with the buildings now going up. The Muleshoe school system will con-

tinue to grow in order to provide all of the children with an education through out the years.

**English Class Has Hand In Preparing School Stories**

The Journal gratefully acknowledges the research and preparation of several of the articles contained in this special school section of the following:

Mrs. Horace Blackburn and the following members of her English class:

Clyde McMahon, Betty Sower and Janie Shankles, Margaret Gilliland, Eddie Adkins, Doris Childers and Elaine Evans, Joe Gross, Don Taylor, Jimmy Loux and James Jones, Buddy Poole, Joan Green and Bobbie Nell King, and several others.

All photos in this section, unless otherwise credited, are staff photos.

## THE MIGHTY BIG M BAND

DIRECTED BY PAUL SUMMERSGILL is posed here for the annual birthday calendar picture. The band contains both the senior and cadet groups, plus twirlers and drum majors.

## GRADE SCHOOL VOCALISTS

DIRECTED by Fawayne Murphy, these youngsters at Mary DeShazo Elementary school are one of several such groups of singers Murphy teaches daily.

## Practical Subjects Taught In Homemaking Departments

The teachers in Muleshoe high school homemaking department are Mrs. Martha McCormick and Mrs. Dorothy Brock. This is Mrs. McCormick's first year at MHS and Mrs. Brock's second. They both have BS degrees from Texas Tech.

Subjects taught in the homemaking department are family relations, food, child care, housing, the family, home, health, and care of the sick, and clothing construction.

In the family relations section Homemaking I consists of the study of personality, dating problems, parent and child relationships and friend relationship. In Homemaking II parent and child relationships, courtship and engagements are taught, and the Homemaking III class study marriage.

In the foods unit the Homemaking I girls learn to prepare breakfast and light luncheons. They also study table manners and the Basic 7. In Homemaking II they go on to prepare medium and heavy luncheons and related dishes. They also study entertainments of various kinds. In Homemaking III the girls prepare dinners and teas and study the different types of table service.

In the child care unit the Homemaking I class study the care of the pre-school child from the age of one to six. The Homemaking II class study infant care, which is the child from birth to the age of one year and in Homemaking III prenatal care is taught.

In the study of housing and family, a number of things are taught. Bedroom and closet arrangement are taught in Homemaking I. Homemaking II study kitchen planning and better buy-manship. In Homemaking III house planning, furniture arrangement, and window treatment are taught.

In the home, health, and care of the sick unit, as well as in all of the other units, the homemaking classes learn a number of helpful things. In Homemaking I class they plan and equip a home medicine cabinet. In Homemaking II home nursing is studied, and first aid is taught to the Homemaking III class.

In the Homemaking I class of clothing construction, the students learn embroidery work and the construction of a simple blouse and skirt. The Homemaking II class are taught the construction of a cotton dress with more complicated problems. The Homemaking III class construct wool suits and coats.

The practical purpose of the Homemaking Department is to educate the future "Homemakers of Tomorrow."

Clubs in this department are the Muleshoe Big and Little sister Chapters of Future Homemakers of America.

A style show of garments constructed in class and at home is given by the girls each year.

Some of the projects which have been planned and carried out are:

The decoration of the high school at Christmas time.

The Annual Sweetheart Banquet—February 22.

The planning, preparing, and serving of luncheon for the high school faculty.

In addition each student must have a home project consisting of thirty hours of extended learning at home.

## PROCLAMATION

WHEREAS:

The City Council of the City of Muleshoe recognizes the need for planned opportunities whereby citizens can learn about the accomplishments of their schools and obtain information about problems which may need attention in their own school district, and

WHEREAS:

The Texas Citizens Committee for Public Schools Week has worked diligently and effectively since 1950 in cooperation with local school officials to bring to the attention of all the people in Texas, that purpose being to encourage citizens to visit in their local schools.

BE IT THEREFORE RESOLVED:

That the Muleshoe City Council hereby calls attention to the fact that March 3-7 is Texas Public Schools Week, and urges all citizens in the community to visit their public school during that week to observe "Democracy In Action."

Signed,

W. T. BOVELL

Mayor, City of Muleshoe

## GOOD CITIZEN

JERRY KIRK, Superintendent of Muleshoe Schools, is also a civic leader. He is shown here receiving the Man Of The Year award at a Chamber of Commerce banquet. He is also past president of that group.

## New School Administration Building Located At West Fifth And Avenue G

A new building located on West Fifth and Avenue G, has been constructed for the tax and business office. The building, which is 1725 square feet in size, has a red brick exterior with all modern equipment. It consists of one office for Superintendent of Schools, Jerry Kirk; one office for Mr. Kirk's secretary, Mrs. Elsie Patterson; and one office for the tax and business dept., of which Mr. and Mrs. Connie Gupton are in charge. The total cost of the building was \$21,900. The

occupants began moving in about the middle of February. Mr. Kirk had begun his sixth year in his old office, which will now be the office of Principal Bill Parker. The principal's office, in turn, will become the office of the high school counselor, O. M. Lumsden.

### Tax Department

Mr. and Mrs. Connie Gupton are in charge of the tax and business office. Also in the tax department is Mrs. Troy Wilkerson, employed as a clerk.

Mr. Gupton began his work in the Muleshoe school system in May of 1949, which was the school year of 1950-51. He had been located at his old office since the beginning of his job.

In comparison of the school system when he began, and that of the present time, Gupton says the Muleshoe school system has increased tremendously. He says teacher's salaries have increased since 1936 from an average of about \$67.50 a month to \$345 a month. But, he says, teachers are harder to get now, because a person that spends the same amount of time in college as that of the teaching major earns a comparative salary of \$600 or \$700 a month in industry. Therefore, the teacher takes a job in the interest of helping young people, rather than trying to gain wealth and fame.

Mrs. Wilkerson, a resident of Muleshoe for the past nine years, began her work with the tax office in August 1957. Her job, along with many other things, consists of keeping books, taking the school census, collecting tax-

es, and writing tax certificates.

### Taxes and Finances

Much of the money for operating comes from state aid, while taxes also provide for a great deal of the school's operation. At the present time, the tax rate is \$1.50 on the hundred according to valuation. This is divided in two ways: forty cents of each \$1.50 goes for bonds; the remaining \$1.10 goes for maintenance. The taxes received for the last school year totaled \$174,233.36.

State aid information for the scholastic year 1956-57 is as follows:

State aid — Per capita (figured on the basis of \$78 per scholastic census), \$129,977.80.

Salary and operation, \$95,098.

Lunch room, \$7,373.57.

Vocational program, \$1,361.87.

Transportation, \$33,576.

Receipts for the scholastic year 1956-57 totaled \$1,072,151.48.

Disbursements are broken down into the following categories:

Administrative (Superintendent and tax collector);

Industrial (Principal and teachers);

Other school services (For example, nurse and nurse supplies; Transportation (School buses); Operation of plant (Utilities; Maintenance of plant (Salaries and supplies);

Fixed charges (Insurance, tax refunds, etc.); and

Capital outlay (Sidewalks, paving, building sites, furniture, installation, etc.).

The handling of disbursements is done monthly, and approved by the board each month.

## WE ARE PROUD

# BMFP Construction Co.

LUBBOCK, TEXAS

"Dust storms  
sure were bad  
news — till I  
switched to  
**AMALIE**  
L. P. G.!"

"That old common-grade oil I used to use in these irrigation engines sure did let the dirt and dust and rust cake up in those engines! But worse than that, with butane or propane, it thickened up when it looked almost like gear-grease! Man, what a change with this AMALIE L. P. G. Oil!"

AMALIE L. P. G. is more than just a good oil, it's a super oil. When you burn butane or propane (Liquid Petroleum Gas), ordinary oil won't do. It must be ENGINEERED for L. P. G. And AMALIE L. P. G. is just that. 100% pure Pennsylvania—no other crude like it on earth. Special additives, to hold that dust, grit, etc. in suspension—so they filter out. And above all, it holds its viscosity—its "flowing" qualities. Give YOUR engines—and your bank balance—a break!

Bushland, Tex., Man Reports—

**"Good Years, and Bad,  
My Maize Averages  
4,000-lb.-per-acre Grain."**

Bill D. Wood, Bushland, Tex., says: "Some years any farmer can get good yields on certain crops—well, I use Phillips 66 Agricultural Ammonia to maintain high yield levels. I've used Phillips ammonia for six years on irrigated maize, and come good and bad years I've averaged out better than 4,000 pounds of grain per acre.

"Why, on wheat alone, I paid for seed and fertilizer and made \$15 net an acre grazing it, when I used Phillips 66 ammonia. Then after that, I cut a 40 bushel wheat crop. I'm sold on Phillips 66 ammonia for my cash crops."

Other Southwestern farmers have discovered that, by using the 82% nitrogen in Phillips 66 Agricultural Ammonia, they get more cotton that grades out higher at the gin . . . yields of grain sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through better forage and higher grain yields.

See your Phillips 66 distributor about Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

## SENIOR HIGH SCHOOL CHORUS

DIRECTED by Fawayne Murphy. This is one of several groups of vocal music students taught by Mr. Murphy.

## RICHLAND HILLS BAND

ALSO DIRECTED BY PAUL SUMMERSGILL. This band is one of the beginner groups whose members will one day form the Big M marching and concert band.

## Band and Vocal Music Offered All Grades From Elementary Through Senior High

Band and chorus are offered to any student in Muleshoe high school who wishes to enroll in either or both. Band is worth one credit and one-half credit is given for one year of chorus.

Our high school band is in class AA. The instructor is Paul Summersgill. He attended Eastern New Mexico University where he received his M. A. degree. Mr. Summersgill has taught at Texico, Dora and Causey, New Mexico, where he taught band, chorus and elementary music. His teaching was interrupted by a two year term in the services. He has been teaching at Muleshoe high school for two years.

Sixty-one students are now enrolled in the high school band. About thirty-five band students rent their instruments from the school. It costs a student five dollars to rent an instrument for one semester or ten dollars a year. Uniforms are furnished to the students by the school, the only cost to the students being

the expense of keeping them clean.

Each band student buys his own music. One complete march of music costs \$1.50; the individual parts are 15 cents each. Concert music costs from \$6 to \$12.

The chorus department, in which there are 38 pupils enrolled, is taught by Fawayne Murphy, who is teaching his first year here. He received his B. S. degree at West Texas State College.

Some of the honors that can be won in both band and chorus are: an individual receives a medal if he wins first place in a

solo or ensemble concert; if a unit wins first place in a concert, sight reading, or marching contest a trophy is received; if they win all three a sweepstake reward is earned.

### BILLY WAYNE WAGNON TO FORT SILL FOR DUTY

Lt. Billy Wayne Wagnon is to report soon to Fort Sill, Okla., for active duty. A graduate of A&M College, Lt. Wagnon has been employed with the Borden Company in Houston for some time.

He has been visiting here with his parents, Mr. and Mrs. B. H. Wagnon. He will enter the Guided Missiles School at Fort Sill, expects to be there about six months, then to be assigned elsewhere.

## DESHAZO ELEMENTARY BAND

DIRECTED BY PAUL SUMMERSGILL, is one of four groups of instrumentalists in Muleshoe schools.

## Many Teachers In Muleshoe High School Have Multiple Degrees As Background

Teaching personnel in Muleshoe high school are qualified, with the aggregate years spent by them in obtaining degrees presenting a staggering amount of schooling.

Teachers, and the subjects taught, arranged in alphabetical order, in Muleshoe high school are:

Jerry Adams, vocational agriculture, BS, Texas Tech; Bill Bickel, vocational agriculture, BS A & M; Mrs. Horace Blackburn, english and spanish, BA from University of Oklahoma and MA from ENMU; Bryan V. Brady, biology and chemistry, BS and MS from Oklahoma State College; Earl Bratcher, driver education, BS and ME from Hardin-Sim-

mons; Mrs. Dorothy Brock, economics, BS from Tech; Mrs. Mabel Dowell, history, BA from Highland University and MA from ENMU; Mrs. Lula Gorrell, school nurse; Patrick Kerr, general science and physics, BS from A&M; Mrs. D. B. Lancaster, general math and algebra, BA from East Texas State;

O. E. Lumsden, supervisor of testing program; Wayne Mantooth, coach, BA from West Texas State; Charles McClure, coach, BA from Southwestern State Teachers; Mrs. Martha McCormick, homemaking, BS from Texas Tech; Mrs. John Miller, typing and shorthand, BS from Texas Womens University; Logan Moon, BA from Panhandle A&M; Fawayne Murphy,

chorus, BME from West Texas State; Mrs. Elsie Patterson, secretary to superintendent; Jerry Kirk; Miss Greta Paul, algebra and geometry, BS and MA from West Texas State; Miss Sarah Pittman, english, BA from West Texas State;

Dwayne Reeves, history and speech, BS from Tech; Mrs. A. S. Stovall, librarian, BA from University of Nebraska; Paul Summersgill, band, BME and MA from ENMU; Bill Taylor, coach, MBA and BEM from West Texas State; Jesse Thompson, trigonometry, algebra and geometry, BS from West Texas State; Mrs. A. D. Ward, english, bookkeeping and typing, BS and MS degrees from East Texas State.

### FROM AMARILLO

Dick DeShazo, traffic engineer for the city of Amarillo, spent the weekend here with his father, J. J. DeShazo.

## Superintendent Jerry R. Kirk Is Man of Many Jobs

Jerry R. Kirk, who is a native of western Oklahoma, received his BA degree from Southwestern State College at Weatherford, and his ME degree from WTSC at Canyon.

He has been superintendent of Muleshoe schools for six years. Prior to that time he has seven years as a teacher and principal. He has held all three positions in the Muleshoe school system.

The superintendent has many difficult and diversified duties. He serves as executive officer of the Board of Trustees and administrative head of all departments of the school system. He has 29 specific duties as de-

legated by the Board. Mr. Kirk's family consists of his wife; one daughter, Carolyn Sue, and two sons, Jerry Mackie and Gerry Don.

For recreation, Mr. Kirk likes to fish, hunt and golf. But above all, he enjoys working with young people.

He is an active worker among civic and educational groups. He is vice president of District Four Administrators Association, and is also a member of the House of Delegates of the Texas State Teachers Association.

Past president of the Muleshoe Chamber of Commerce, Mr. Kirk has also received the Man of the Year award from that organization.

### TOM WILSON HERE

Tom Wilson, Photographer's mate 1/c, is home on leave to visit his parents, Mr. and Mrs. Muri Wilson. He is based at the Naval Air Station, Sanford, Fla.

C. D. Gupton, Business Manager.

Air Conditioning—temperatures made to order— for all-weather comfort. Get a demonstration!

## A BEAUTIFULLY MOVING THING! '58 CHEVROLET

It's built to shrink the miles and level the roads. It brings you a RADICAL NEW V8,\* Full Coil suspension, a new Safety-Girder frame—more new things than any car ever offered before!

This new Chevrolet was built to be looked at and longed for. You can tell that from the glances you get when you drive it.

But Chevy was also built to put new zest and smoothness into driving.

You sense this the first time you slide behind the wheel, turn the key and feel the silken response of an engine like the new Turbo-Thrust V8. It's an extra-cost option that gives you extra-quick action the second your foot flicks the gas pedal.

And Chevy's new Full Coil suspension knows how to take the ripple out of rough roads. For the last word in comfort, you can even have a real air ride, optional at extra cost.

Now—during Golden Opportunity Days—your Chevrolet dealer's offering good-as-gold buys!

See your local authorized Chevrolet dealer for quick appraisal—prompt delivery

## WE CONGRATULATE OUR SCHOOLS ON THEIR DEDICATION PROGRAM MARCH 4

We are proud of your accomplishments, the Faculty, and all the many fine things our students participate in, and the privileges of modern day study concepts. May you ever move forward as a symbol of educational achievement.

# DEDICATION OF ALL MULE Tuesday, March 4, Open House In

MULESHOE SENIOR HIGH SCHOOL

JUNIOR HIGH SCHOOL

OUR PUBLIC SCHOOL SYSTEM in Muleshoe has kept abreast of the progress in education. Today, as never before, education offers opportunities undreamed of 100 years ago, and it is through our great school system that our youths are so capably prepared for the responsibilities they face in an ever

changing world, nor is any child, regardless of race, denied the right of education. Today youth stands on the threshold of an era of progress yet to be experienced by man. Only through proper guidance in education can this progress be beneficial to a troubled world. DURING SCHOOL WEEK, March 3-7, you

### LONG TIME TEACHERS

Misses EFFIE AND ZEFFIE CHILDRESS have taught for a combined total of 76 years in schools at Muleshoe, Progress and Wellington, Texas.

### THEY'RE NOT TWINS... Misses Effie and Zeffie Childress Have 76 Years Combined Teaching Experience

Miss Effie Childress and Miss Zeffie Childress have spent many hours of their adult lives trying to convince people they are not twins. They're not, but because they bear a striking resemblance to each other, and because of the similarity of their given names, the impression persists that they just must be twin sisters.

The Misses Childress teach in Richland Hills Elementary school. Miss Effie teaches first grade and Miss Zeffie the fifth grade. They have been teaching in Muleshoe schools for 12 years almost long enough, they smilingly remark, to feel at home here.

But for 23 years Wellington was home to the Childress sisters. They taught there, and Miss Zeffie was principal of the elementary school, while Miss Effie was principal of the primary grades.

They also taught at Progress for three years before coming to Muleshoe.

They have a combined total of 76 years teaching experience between them, and at reunion time for Wellington school graduates held each August, the Childress sisters see many of the thousands of students they have taught.

#### NAMED TO HONOR ROLL

Jean Montgomery, a former Muleshoe high school student, has been named to the fall semester honor roll at McMurry College.

A junior, she compiled a 3.00 grade point average out of a possible 3.

The honor roll list was completed at the end of fall semester examinations.

### Capable Staff Coaches Athletic Games Ranging From Volleyball To Football

The athletic department including ball, basketball, track, tennis, golf, and volleyball. These various sports are coached and supervised by a capable staff of Wayne Mantooth, Bill Taylor, Arles McClure, and Denver Daly.

Coach Mantooth is a graduate of Southwestern State College in Weatherford, Oklahoma. He coached at Muleshoe three years ago in a small school here.

Coach Taylor is a graduate of West Texas State College in Canyon. He coached at Muleshoe for two years before coming to Muleshoe four years ago. He coached the Muleshoe Mulettes, and is assistant football coach as well as a track coach.

Coach McClure is a graduate of Southwestern State College in Weatherford, Oklahoma. He has coached in Muleshoe for the past two years. He is assistant football coach and also coaches the 7th and 8th grade boys.

The money for this project will come out of a bond election which was held in '57.

The various sports in Muleshoe have had good records, and made the people of Muleshoe proud of their athletic department.

### Richland Hills Elementary School Completed In November of Last Year

A new and great asset to the Muleshoe school system is Richland Hills Elementary School. This building was completed in November 1957, and is located between Avenue D and E on West 18th St.

This school has many outstanding features, some of which are: a well equipped library containing a collection of 1150 volumes; a lunchroom with modern kitchen facilities serving 500 students daily; division of the building into two wings, the primary students occupying the north

wing while the intermediate students occupy the south wing with playgrounds divided in the same manner.

Twenty of the 24 rooms are now in use, and the other four will be used as enrollment increases. Landscaping and grass planting are planned in the spring along with the paving of streets around the school.

This school with an enrollment of 520 pupils employs 20 teachers. These are: First grade, Mrs. Lois Witherpoon, Miss Effie Childress, Mrs. Troy Leonard and Mrs. Grace Whitley. Second grade, Mrs. Estelle Fox, Mrs. Margaret Slemmons, Mrs. Elsie Kendall and Mrs. Lillian Green. Third grade, Mrs. Christine Rutherford, Mrs. Floree Peugh, and Mrs. Helen Bryant. Fourth grade, Mrs. Lucille Shelby, Mrs. Inez Middlebrook, and Mrs. Joyell Costen. Fifth grade, Miss Zeffie Childress, Mrs. Lena Hawkins and Mrs.

public meetings.

A newly built five-classroom and band hall addition is being put to use for the first time this spring. It is part of the huge expansion program inaugurated last year by the patrons of the school, and the board of trustees.

Nine departments make up the curriculum of the senior high school. They include athletics, science, math, english, commerce, speech, history, music and vocational subjects such as vocational agriculture and home-making.

STEEL Filing equipment, Steel Desks, Office Chairs at The Journal.

### Muleshoe Senior High School, Pride Of Entire Community; Offers Many Courses

The present senior high school building was completed in April, 1950 at a cost of about half a million dollars.

Present enrollment is 380, taught by 23 teachers and special instructors. Bill Parker is principal, and O. E. Lumsden is supervisor of the school's testing program.

There are 19 classrooms, plus cafeteria, band hall, chorus hall, administrative offices and gymnasium. A large auditorium joins the building on the north, which has a seating capacity of more than 500, and which is used for student gatherings as well as public meetings. A visual aids room is also used occasionally

### A TRIBUTE . . . . TO OUR BOY SCOUTS

When Lord Robert Baden-Powell, the Englishman, conceived the idea of the Boy Scouts and later our own American, Dan Beard, furthered and promoted the idea here, neither, we suspect, ever dreamed what world wide fountains of Youth he was putting in action! Today the Boy Scouts are the flower of young manhood in every quarter of the globe. Their deeds are legion. Their clean, manly characters shine forth from their scrubbed faces and the trim uniforms they wear. How very proud we fathers and mothers of Boy Scouts should be! Their merit badges are a symbol of sincerity, eagerness to serve and pride in their organization. God bless them all. They'll be leaders tomorrow!

BILL PARKER, principal of Muleshoe High School.

### Principals Of Muleshoe Schools Hold Imposing List Of Educational Degrees

There is in every school a man who is known by some as an unjust tyrant and by some as the guardian of interschool justice. But one thing is sure, whether you're a freshman or a senior, you at one time have had dealings with this man. Your problem may have been scholastic or disciplinary. It may have concerned any number of subjects. Whatever it was, you were sure he could handle it to the best of his ability or would give you advice which would benefit you. This man is the principal of the school. In Muleshoe, there are four such men.

At the high school, there is Bill Parker who graduated from Brinkman (Oklahoma high). His education then shifted to Southwestern Oklahoma, where he received his Bachelor of Arts, and Master of Education degrees. He spent four years as a coach in Russell, Okla., then came to Muleshoe, where he has been for six years. He was an elementary principal for three years, until 1955, when he became the high school head man.

Mr. Parker is a member of the Texas State Teachers Association

(TSTA), the Lamb-Bailey County School Administrators, the National Secondary Principals Association and its Texas counterpart, and the Youth Recreation Committee for the Chamber of Commerce. Among his less professional commitments: a member of the board of directors for the Bailey County Cancer Society, the Hale-Allen Committee for Bailey County, and the Masonic Lodge. His church affiliation is with the Baptist Church.

Bill Parker has been married for fifteen years and has one boy, Jack Mitchell Parker. Bill is 25 years of age and has three brothers. An interesting sidelight on his brothers is that one is a superintendent of schools, one an elementary principal, and another a high school principal.

Mr. Parker has at this time nine hours above his Masters degree and plans to continue to a Doctor's degree.

To the left of Muleshoe High and across Avenue F, there is another office of learning known as Muleshoe Junior High school. This school is under the able direction of R. E. Everett.

Mr. Everett is a Texan who

hails from Gustine, where he attended high school. He received his BA degree at Howard Payne then went to New Mexico where he completed his Masters at E. N. M. U. He also had nine hours at Texas Tech and three at West Texas State in his H. Ed. work.

He has served as a coach and rural principal. His service to schools can be traced as such: he spent eight years in four schools, two to four teacher schools before consolidation; he then went to McAdoo, Olton, and Paintree; was superintendent at Lazbuddie for three years, and was at Bovina for 11 years prior to this, his first year at Muleshoe.

A principal belongs to many organizations. Mr. Everett is a member of the TSTA, the National Secondary Principals Association, and the Department of Elementary School Principals. He is a Mason and a Baptist.

The junior high principal has been married 30 years and has two children, a boy, 21, and a girl, ten.

Mr. Everett has one main outside interest, which is fishing, both actionwise and conversation wise.

From Muleshoe Junior High we go to the outskirts of town to the beautiful new Richland Hills Elementary School where we find behind the reins, Frank D. Ford.

Frank Ford graduated from Morton high school. He then went to Texas Tech where he received his BA and M. Ed. degrees. His first teaching stint came at Olton, after that he went to Whiteface and then Muleshoe where he started as an elementary school principal before moving to Richland Hills.

He is a member of the TSTA, the National Education Association and the Department of Elementary School Principals. This coming summer Mr. Ford plans to travel to Philadelphia where he will attend the National convention of the D. E. S. P. He is to be the discussion leader of a committee which will discuss the most vital subject, "Rethinking the Science Program for Elementary Schools." This is the first public announcement of such a trip for Mr. Ford.

Frank Ford is widely known around this area as an ardent traveler. He has been in Mexico, Canada, through most of the topography is one of his main interests, which of course, works in well with his travels.

Mr. Ford invites you to come out to the new school building. He is proud of the school and will gladly conduct you on a personally guided tour. He prefers working with younger students and so truly enjoys his position.

At the older elementary school, DeShazo, we find Fred White. At the time of this writing, Mr. White was in Oklahoma and unavailable for interview. It is known, though, that he received his BA from East Central Oklahoma and his Masters at Oklahoma University. Mr. White rounds out the list of the fine principals in our school.

### John T. Blackwell In Germany

Army Pvt. John T. Blackwell, son of Mr. and Mrs. James C. Blackwell, Earth, is participating in "Sabre Hawk", a Seventh Army maneuver involving more than 100,000 troops in Germany.

The maneuver, designed to test the combat readiness of Seventh Army units, is the largest winter exercise ever held in Germany.

Blackwell, a radio operator in the 34th Signal Battalion's Company E, completed basic training at Fort Carson, Colo., and arrived in Germany last July.

ONE OF THE features of the new elementary school is this well stocked, well lighted library. Teachers and pupils alike find constant use for this department.

# It Vibrates! It Relaxes! It Massages!

## NEW VIBRATING MATTRESS & BOX SPRING

# THE "Revitalizer"

Complete with automatic speed controlled motor  
Special Introductory offer  
**\$79<sup>95</sup>**

SPEED CONTROL SCIENTIFICALLY PRE-ESTABLISHED

COMPLETELY ENCLOSED MOTOR

OPERATES ON REGULAR ELECTRIC CURRENT

AUTOMATIC TIMER ADJUSTABLE FROM 5 TO 30 MINUTES

Gives you a new lease on life . . .

## More Than 250 Students Attend Classes In New Muleshoe Junior High Building

The present Junior High school has been in use for three years. Its architect was Stiles, Roberts, Messerschmitt and Gee. The building was built by BMFP Construction Co., in 1955. Its present enrollment is about 265 students.

A little information about the seventh grade teachers:

Mrs. Luther (Mary Jo) Clegg teaches language arts, has a BA from Bethany College, Okla., and has taught three years at Muleshoe.

John O. Lumsden teaches seventh grade math, has BS and MS degrees from Texas Tech and has taught four years at Muleshoe.

Mrs. Dorothy Beddingfield teaches language arts and Texas geography. She has a BS from East Texas State and has taught seven years at Muleshoe.

Miss Leona Patterson teaches Texas history, government and health. She has a BA from Central State College in Oklahoma, and has taught four years at Muleshoe.

**8th Grade Teachers**  
D. A. Daly teaches math and physical education, has a BA from Wayland College, and has taught six years at Muleshoe.

Mrs. E. E. Johnson teaches math and is head of Junior High Library. She has a BS from Texas Tech and has taught 17 years at Muleshoe.

Mrs. Ruby Lambert teaches language arts; has a BA from ACC and has taught five years at Muleshoe.

Mrs. Ruth Page teaches geography and science; has a BS from West Texas and has taught 15 years at Muleshoe.

Mrs. Jesse Thompson teaches history and government. She has an MA from West Texas State and has taught 11 years at Muleshoe.

Mrs. John Watson teaches language arts and has a BA and an ME from Texas Tech. She has taught 12 years at Muleshoe.

R. E. Everett is the Junior High principal, and has a BA from Howard Payne and an MA from ENMU. This is his first year in Muleshoe schools.

The subjects included in the 8th grade are language arts, math, U. S. history, geography, science, civics, health and P. E.

The subjects included in curriculum in the 7th grade are Texas geography, math, language arts, science, health, Texas history, and civics, and P. E.

The 7th and 8th grade language arts this year at Junior High have double periods which include reading, spelling and English. During this period, students may go to the library and select books.

The language arts classes have

presented three plays and each class will present one before the year is over. Their math courses will prepare them for more advanced math in high school. Their history courses will also get them prepared for the big history volumes. They get a brief study in science which they will be fully exposed to in high school. In P. E. some may discover they can become stars in some athletic field.

The Junior High library is fairly well equipped. It has study tables to use for research and pleasure reading. The shelves are full of biographies, fiction, history, and scientific books for reading. The library has a stereoscope and three sets of cards about historical and geographical places in the world. It also has several sets of reference books and a card catalog.

The Junior High school has a band and chorus that are taught by the high school band and chorus teachers. Some of the junior high band members are in the high school band. They also have a junior high paper, called "The F. B. I."

## Sixteen Busses Carry 575 Pupils 1206 Miles Daily

The Muleshoe school system has 16 busses on a number of rural routes, plus two spare busses for emergency use. All are kept up by the bus foreman I. W. Johnson and his assistant Ollie Hawkins.

Bus drivers include Mr. and Mrs. L. E. Bratcher, Mr. and Mrs. Denver Daly, Mrs. Georgia Jackson, Mrs. Oren Sims, Mrs. Jar Kelton, Mrs. Lois Rendell, Mrs. Sylvia Hawkins, Mrs. Essie Dalrymple, Mr. and Mrs. J. W. Johnson, Ollie Hawkins, Howard N. Fullbright, and William Kerr. Bryan Brady has been driving since Christmas, 1957.

## Cafeterias Spend \$40,000 Annually To Feed More Than 1750 Students Daily

There are three cafeterias in the Muleshoe school system. One is located in the high school building and used by the high school and junior high school. Another is located in the Mary Deshazo elementary school and the other in the Richland Hills elementary school.

The Supervisor of the cafeterias is Mrs. Roy White. She has been employed as supervisor for three years and worked in the cafeteria for five years before becoming supervisor.

There is one meal served in

each cafeteria each school day. Each pupil pays thirty cents for each meal, and each adult about 35c. It costs about twenty-four cents to feed each pupil. Each meal is balanced to give vitamins and minerals that the body needs.

Most purchases are made from wholesalers. The total amount spent each year is \$40,000.

The high school cafeteria is a rectangular shaped room with an addition on the north side that gives the form of an "L". There are windows along the

south of the building. On the north side there are windows up to the point where the new addition was built. In the new addition there are windows on the north and east side. On the west side there is a storage room that joins the cook room.

The Richland Hills elementary cafeteria has one entrance on the inside of the building. The side opposite this entrance, the windows in it and the windows are covered with light brown curtains. The cook room is on the south side of the cafeteria. It is separated from the cafeteria by a wall with one door and windows in it.

The Mary Deshazo elementary cafeteria is a temporary one being used until the new one being built is complete.

## CHOW TIME!

AND HUNDREDS of hungry students swarmed into the three cafeterias operated by Muleshoe schools. This mealtime scene was made in the old cafeteria at Mary DeShazo School.

Picture yourself behind the wheel of this Plymouth Savoy—it's

# THE LOWEST PRICED HARDTOP IN THE LOW-PRICE "3"!

Car "C" costs \$104 more—Car "F" \$49 more than Plymouth\*

You wouldn't think it possible to find so much difference in the prices of similar models in the low-price "3"! But it's a fact that the long, low, graceful Plymouth Savoy costs far, far less than any hardtop made by the "other two"! Just ask your Plymouth dealer to show you the facts and figures.

And in the Plymouth Savoy, you get features—important engineering advances—that the others can't offer you at any price.

You get a revolutionary new suspension system as standard equipment in the Plymouth Savoy at not one penny extra cost to you! Torsion-Aire gives you the world's smoothest ride—level at all times, with no nose-dive, no sway, no roll.

You get Total-Contact Brakes—safer, surer, smoother—exactly the same design as those used on America's costliest car!

You get crowd-stopping Silver Dart Styling that a leading auto magazine calls "... the newest, cleanest design!"

You get the biggest windshield, the greatest total glass area, the best visibility, and more over-all roominess and comfort!

But just words can't describe the Plymouth Savoy Hardtop. You've got to see it—sit inside it—drive it to appreciate all the advantages it offers at savings of from \$49 to \$104\*!
