

Buy A Victory Bond . . . And Slap A Jap!

## ODDS and ENDS

by Kee Eye, the Elder

Of all the war commentators and swivel-chair military strategists in this country—and there are many of them—we do not believe that there is a keener mind or an abler analyst among the bunch than Dorothy Thompson, a woman, whose column appears every Sunday in many of the big newspapers of the country. Her column last Sunday was certainly "up to snuff."

As a rule, our reaction to the threats of Hitler and the Japs to throw international law to the winds and to inflict all sorts of cruel punishments and final death to all prisoners held by them in "reprisal" for alleged outrages committed by the British and the Americans, is to retaliate. If they are going to torture and murder Americans held prisoners by them, then let us give them to understand that that is a game that two can play at. That is the natural reaction that we feel when they make such threats.

Of course, as Miss Thompson points out, these claims of cruelty to German and Japanese prisoners are nothing but pure-dee lies, but why are they telling these lies to the world? What is their purpose? What do they have up their sleeves? Miss Thompson opines that Hitler has two motives. One is to offset the effect of the statement made by President Roosevelt recently that after the war, the leaders in Germany who have instigated and perpetrated all sorts of cruelties and murders of innocent people in the conquered countries will be duly tried as criminals and punished. Hitler's purpose is to make the German people believe that if Germany loses the war all Germans will be cruelly treated; and to give color to this charge he and his henchmen circulate the lie that German prisoners in the hands of the British are

being cruelly mistreated. If we the leaders perish, all of us will perish together, is the propaganda that Hitler is disseminating among the German people.

"The second motive is an act of terrorization," Miss Thompson says. By his threats, Hitler is saying to us: If you insist on continuing to fight and won't negotiate a peace, you are in for a war of atrocities. Do you want that kind of war? In other words he wants to soften us up by threatened horrors and cruelty to the point that we will be willing after awhile to make a negotiated peace—a peace which would leave him in virtual control of all Europe except a portion of Russia.

It seems plausible. We should not fall into Hitler's trap, she argues. We should not throw aside the rules of international law and our own standards of equity and humanitarianism and enter on a contest of cruelty and brutality with a brute like Hitler.

Another writer, Trudi McCullough, had an article in some of last Sunday's papers in which he explains how Rex Stout fights Axis propaganda with truth.

As an example, the following broadcast was recently sent from Tokyo to India and Southeast Asia: "The Japanese people who have just returned from the United States aboard the exchange ship tell what unspeakable cruelty their fellow Japanese are being subjected to by the people of America," and the "cruelties" were described.

Stout's plan is not to scream that it is a lie or to produce evidence from American sources that it is a lie, but to gather information and quote the Japs themselves in refutation of the lie.

Another example: A broadcast from Berlin some time ago proclaimed that "There is complete religious freedom in Germany for all who wish to worship God." That was intended for consumption by the neutral nations and by the people among Germany's enemies who may be "easy."

Stout broadcast to the world quotations from high-up German authorities themselves in refutation of this lie.

From a speech by Dr. Engelke, a high German official, on July 15, 1938, Stout quoted: "God has manifested himself not in Jesus Christ but in Adolf Hitler."

From Theodore Fritsch, another top-flight Nazi, he quoted: "The teaching of mercy and love of one's neighbor is foreign to the German race and the Sermon on the Mount is, according to Nordic sentiment, an ethic for cowards and idiots."

From Julius Stretcher at Munich on July 22, 1935: "It is on only one or two exceptional points that Christ and Hitler stand comparison, for Hitler is far too big a man to be compared with one so petty and contemptible as Christ."

Finally, he quotes this from Hitler himself in 1935: "We are not out against the hundred and one kinds of Christianity, but against Christianity itself. You can't make an Aryan of Jesus, that's nonsense. One is either a German or a Christian. You can not be both."

Every mother and father and son and daughter in the United States should remember these things when Hitler seeks a little later to make a negotiated peace with the great Christian nations of the world, Great Britain and the United States and others, in order to get a breathing spell for a few years, cash in on the countries he has conquered, and then start another bandit raid on the remaining nations of the world.

William L. Shirer, Chicago news reporter who spent many years in Germany and other countries of Europe, thinks it is high time that the United States start a propaganda campaign of her own, a campaign of information and truth among the great nations of the East, India, Burma, China, etc.

He says that these countries do not yet fully trust us, and that Japan is busy disseminating false information about us and our purposes.

He thinks that one of the first things we should do—and it can be done only by Churchill and Roosevelt, he says—is to state our war and peace aims.

We ought to assure them that we have no designs of any kind upon any of the territory of these countries; that we aim at complete in-

dependence for them as well as survival for ourselves.

We haven't space to quote him but he makes out a strong case.

Just as Woodrow Wilson spoke repeatedly to the peoples of the world and especially to the rank and file of the German people in World War No. 1 respecting our aims, he thinks that our Present leaders should do likewise in so far as it is possible to do so.

All of this seems plausible to us. We have got to win the full confidence of the other nations of the world as well as win the war on the fields of battle. Winning the confidence of the world will in fact make it much easier for us to win the war. The recent trip of Wendell Willkie around the world, during which he proclaimed our unselfish aims, was a good starter in this direction, even if he did make some "busts."

Rev. J. Paul King writes requesting that we change his address from Bakersburg to Noble, Oklahoma. Paul, as he is familiarly known here, is a Methodist minister and deaconess has been assigned to a new charge by his Superintendent. Son of Mr. and Mrs. J. O. King of Dixie, Paul is a native of Lynn County and a graduate of the Tahoka high school. He and his wife visited here during the summer, when he met many of his life-time friends.

Jack Endsley and family, who resided near Tahoka a number of years and then moved down to Lamar County about a year ago, are evidently anxious to get back to the land of maize and cotton and white-face cows, where they can also enjoy a real sandstorm occasionally, as any one may discover by reading our classified ad column this week.

Mrs. H. P. Lee of Hinesville, Ga., left for her home Saturday night after a three weeks visit with her parents, Mr. and Mrs. C. E. Stewart, and with her husband's parents at Sudan, Mrs. Lee formerly resided in this county herself.

Paul Ray, an old Lynn County boy who removed to West Fork, Arkansas, about a year ago, has come back to Texas. He now requests that his copy of The News be mailed to him each week at Hereford.

Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car! Care For Your Car . . . For Your Country

THE well-dressed woman will wear overalls—willingly—to care for her country's cars. And on her civilian duties she doesn't go farther than 35—same as all other patriots. 35 gets you there without undue wear. But there's another battlefield against wear at exactly 100 miles per hour!

When your car's stock-still, with the engine starting cold, what's faster—your Winter oil or rampant Friction? You can have hopes—or you can have your engine OIL-PLATED by the quick simple change to Conoco N<sup>th</sup> motor oil. Enriched by an added synthetic, this patented Conoco N<sup>th</sup> oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as durable plating on bumpers.

Where does any good plating go during all-day parking or overnight? It doesn't go. It stays. And neither does OIL-PLATING all go draining down to the crankcase at every chance. Long hours after you stop—long minutes before any oil from below could climb all the way up—the OIL-PLATING that's stayed up can be easing cold starts. This faithful OIL-PLATING is still there at 35, of course, aiding the high-duty liquid film of N<sup>th</sup> oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine. Get Conoco N<sup>th</sup> oil for Winter at Your Mileage Merchant's Conoco station. Continental Oil Company

### Chas. Paxton, Rotary District Governor, Praises Tahoka In Talk At High School

(By Winston Redwine)

"Tahoka is one of the best towns in West Texas and the men of the Rotary Club are the most hospitable and friendly of any place I have recently visited."

Mr. Charlie Paxton, district governor for the 127th district of Rotary International, made this assertion at an interview last Thursday in the office of Supt. W. T. Hanes.

Mr. Paxton, widely-known throughout the country as a civic leader and a person very active in Boy Scout work, was here as an official guest of the Tahoka Rotary Club last Thursday. He gave a talk at the club on: "Our Challenge in Times Like These," stressing the fact that the people of America are vitally concerned with the war and should participate in everything concerned with the defense effort. He not only examined the Rotary Club but praised the Tahoka public school system as well.

On asking Mr. Paxton about the activities of the Sweetwater club he said: "The Rotary Club in Sweetwater sponsors the Boy Scouts, Camp Fire Girls, the Girl Scouts, and other civic organizations. The Sweetwater club had, up until last year, when some of the members dropped out, 87 members, the largest membership of any town its size."

Mr. Paxton was president of the Sweetwater club in 1933, and he has been secretary of that popular club

since 1937. He was president of the Buffalo Trail Boy Scout Council for 12 years.

Mr. Paxton was nominated by the 127th Rotary District for governor last year. Mr. Paxton said: "After being nominated for district governor, I went to Quebec, Canada, to the international assembly where I was to receive full instruction about my duties and was officially installed as district governor." Mr. Paxton will hold his office for one year.

From Quebec, he went to Toronto, Canada, to attend the world-wide meeting of Rotarians. Mr. Paxton stated that he was gone two weeks and it was a very interesting trip.

The next international meeting of Rotarians will be held in Philadelphia. The next meeting for this district will be held in Abilene, April 26 and 27 of 1943.

When asked what effect the war would have on the school children of America he said: "The people of America and the school children must rise to the challenge and keep our public schools going. It isn't going to be easy, but we must strive to keep our public schools open; after all, that is what the men on the front and the people of America are fighting for."

Mr. Paxton, former president of the Sweetwater school board, then asserted that there were many vacancies in the Sweetwater school system and that there will possibly be more in the near future.

He is now on a tour of the 127th Rotarian district, attending to his duties as governor. He will cover 10,000 miles of territory from the northern part of Texas to Lampasas in central Texas. He has inspected 31 towns to date leaving 27 more to be visited. He expects to be finished with his duties by December 31 at the very latest.

Mr. Paxton, who is Supt. of the Gulf Refining Company in Sweetwater, stated his views on gasoline rationing by saying: "Possibly some oil refineries will have to shut down, but Texas will probably get more than four gallons of gasoline per week due to the fact that this state has such great distances between towns and the farmers must have gasoline to run their farm implements and equipment."

When asked about the drafting of 18 and 19 year old youths he said: "It is one of the greatest things I have ever heard of. From all probabilities, this war will last at least five years; so, why not have well trained men? It has been proved that these boys make better soldiers and fighting forces than older men."

**PHEBE K. WARNER CLUB**

Phebe K. Warner Club met Tuesday afternoon in the home of Mrs. Rafe Richardson. A very interesting and timely program was presented, with Mrs. G. M. Stewart in charge. Mrs. Stewart discussed "War Work for Mothers." Mrs. Wharton gave a discussion on "Agriculture - Its Relation to the War Effort," followed by Mrs. Fred Bucy with some interesting facts about Infantile Paralysis. Mrs. Winston Wharton was elected as president of the club, to fill a vacancy left by the resignation of Mrs. A. L. Pace.

Members present were Mesdames Douglas Finley, Woodrow Walker, Fred Bucy, Mathers, Truett Smith, Pete Hegi, A. L. Pace, Winston Wharton, Fenton, G. M. Stewart, A. O. Conley and the hostess.

The club will meet next time in the home of Mrs. Wharton, with Mrs. Pace as hostess.

Mrs. E. I. Hill and Mrs. Lenore M. Tunnell attended a meeting of the Delta Kappa Gamma Society in Lubbock Saturday.

### Santa Fe Aiding Scrap Metal Drive

The Santa Fe Railway deserves credit for its efforts to support the national newspaper scrap iron and steel campaign with its current and timely advertising urging all to get this needed scrap into proper hands "before the snow flies."

The Railway has been keenly alive to the nation's need for this metal since Pearl Harbor. In fact, since the Harbor horror the Santa Fe has collected 210,716,000 pounds of the now precious metal for conversion into essential war materials. That is a huge heap for any scrap but it is the kind that will beat the Jap and our other foes. It was collected from right-of-way, roundhouses shops, offices and all company properties.

With its own job well-in-hand-the Santa Fe now turns to aiding the nationwide newspaper campaign to dig up every bit of scrap possible to help our Nation and our fighting men.

As a member of the newspaper fraternity of the United States, sponsoring this patriotic campaign, we welcome the Santa Fe's help in spurring collection of vital metals, and with the Santa Fe, urge all -- to get in the scrap "before the snow flies."

Last Wednesday afternoon Glydna Grantham was surprised with a party on her eighth birthday. Cake and ice cream were served to the honoree and eleven little friends.

Corbin Douthit of the armed forces of the United States is now in Ireland, according to a letter written to his parents, Mr. and Mrs. Henry Douthit and received by them about a week ago. Corbin taught for several years in the Draw-Redwine school district. He is a graduate of the Tahoka high school and Texas Tehh.

### WILSON NEWS

By MRS. FRANK FLETCHER

Everyone is so busy during the pretty weather that there is very little news to report.

The new school schedule for this week and next enables the school children to get in the fields almost by the time the cotton is dry enough for other pickers, and a number of women are going out with their children.

Mr. and Mrs. H. G. Cook, Dan and Nancy visited his mother and other relatives in Lubbock Sunday afternoon.

Mrs. E. F. Lyon, state executive W. M. U. secretary, spent the week end in the home of Mr. and Mrs. I. Lumsden.

Mr. and Mrs. Charlie Gryder and Charles Delbert of Dublin moved to Wilson Saturday. He is employed at Red and White Grocery.

Anna Mae Campbell is visiting her brothers, Pat and Jasper, and we hear she is doing a little boll pulling.

Mr. and Mrs. E. S. Scoggin of Trent arrived in Wilson Saturday. He is employed at Planter's Gin and they are residing at the residence of Mrs. J. T. Williams.

Alford Clary, who was ill most of last week, is back in school now.

June Covey, who spent several days in a Lubbock hospital last week with asthma, returned home Friday.

Mr. and Mrs. H. C. Fountain were Sunday dinner guests of the J. E. Crowders, and their Sunday afternoon visitors were Mr. and Mrs. S. H. Gryder and Charlie Gryder.

Anna Mae Campbell, Addie Jane and Thoma Gryder visited Mrs. J. T. Curry Sunday afternoon.

J. D. Williamson Sr., Mr. and Mrs. J. D. Williamson Jr. and son of Santa Anna visited in the H. R. Williamson home from Thursday until Sunday.

Mr. and Mrs. J. G. Biggs visited Mr. and Mrs. M. L. Murray Sunday afternoon.

Delbert Gryder visited Billie Greer Sunday afternoon.

Mrs. Frank Fletcher, Jimmy and

Jerry visited her parents, Mr. and Mrs. Walter McNabb of Lubbock on Sunday afternoon.

Mr. and Mrs. Edwin Harper of Loydada spent the week end with her sister, Mrs. Jasper Campbell and family.
