Red Cross Drive For \$4,950.00 War Fund Under Way

Walter Anglin, chairman of the Red Cross drive for Lynn county, reports that progress has been satisfactory so far but that there is danger of failure to reach the quota, \$4,900, if there is any relaxation of effort.

The entire central committee warns against over-confidence and not only urges every worker to do his or her best but every citizen to respond as liberally as possible. The funds are to be used chiefly for the benefit of needy families whose distress is a result of this war, families of our soldiers and seamen who may be wounded, killed, captured or reported missing in action, as well as aid for the men themselves. And nobody knows how many of these there will be before this year is out.

By invitation, Mr. Anglin spoke to the Rotary Club in O'Donnell Tuesday and reports that the drive then was just "getting its stride."

U. S. Navy Wants Women Recruits

A great opportunity to do service for our nation and to get a well-paying job is offered women 20 to 50 years old by the WAVES and SPARS. Chief Petty Officer H. W. Harris of Lubbock recruiting office declared while in Tahoka Friday.

When a woman enlists in the WAVES she is actually in the U. S. Navy, and when she enlists in the SPARS she is in the U. S. Coast Guard, whereas in some other service organizations for women, she would be in an auxiliary organization, he said.

Every WAVE or SPAR enlisted is assigned to work very vital to winning the war. Base pay is \$50.00, but this is soon raised as the lady serves a few weeks time. This is spending money, because the Navy furnishes all transportation, living costs, much entertainment, all medical and dental expenses, and fits her out in \$200.00 worth of clothes to start with. All of which is equal to \$150.00 or more in civilian life.

Women entering either of the two organizations must be in good health and 20 to 36 years of age (20 to 50 for officers training). They need not be highly trained specialists at all, for they will be taught a trade of their choice or one for which they are suited. Women will not be sent to foreign service, Harris says.

Chief Harris is seeking to enlist 100 South Plains women for a special South Plains outfit.

Those interested should visit the Navy recruiting office in the post-office building, Lubbock, or application blanks may be obtained at the News office in Tahoka.

Morris Day Is In Jap Prison Camp

Morris Day, former teacher at West Point and well known to many Lynn county people, is still alive and a prisoner of the Japanese government in the Philippines, his wife, who now lives in Brownwood, was notified last week, according to a letter to Mrs. C. T. Tankersley.

The Days taught at West Point two years. He was ordained to preach by the Baptist Church and was pastor of the Central Church about two years. Then Morris entered the Army as a chaplain, and he was sent to the Philippines. Mrs. Day accompanied him to the islands and remained until families of Army men were evacuated about six months before the Japanese invasion. She is now employed at Howard Payne College, Brownwood. They have a little daughter about two or three years old.

ENLISTS IN WAVES

Miss Joyce Russell, daughter of Mrs. Essie Russell, Lubbock, formerly of Tahoka has enlisted in the U. S. Navy WAVES, leaving Monday for New York to begin training in the communications branch. She has been working for Western Union in Lubbock.

Short's Stolen Car Found Last Week

The Negro Robert Russell, otherwise known as Junior Jones, who drove off with Chester Short's car from Mr. Short's home on Sunday, February 28, was found under a culvert about ten miles east of Tahoka last Saturday and was brought to town and placed in jail.

The car with which he had driven away had been found earlier in the week near the Buford Jones home in the northeast part of the county.

New Building Is Being Erected

A new cafe building with a 25-foot front and 50 feet deep is being constructed by A. I. Thomas on the lot immediately south of the Deen Nowlin office building. It will be occupied, it is understood, by Lee Lee McFadden and wife, who have been operating a cafe for two or three years across the corner from the Keltner Hotel.

Mr. Thomas is also constructing an addition to Roy's Garage. The south wall of the cafe, extended several feet further west, will serve as the north wall of the garage. The intervening space between the cafe and the present north wall of the garage, ten feet wide and 40 feet long, will be roofed over and the old garage wall removed, thus substantially enlarging the garage space.

These buildings are being constructed of hollow tile, which will be plastered inside and outside in pure white. The cafe building will have a plate glass front, and will be a neat and attractive structure.

Plainview Soil Men Visit Local Project

Building of terraces was demonstrated to a group of Plainview men and the Lynn county commissioners' court on the Carl Griffing farm, five miles south of Tahoka, Tuesday by men of the Lynn County Soil Conservation District.

About 60,000 acres have been signed up for soil work since the organization was completed a few weeks ago. About 200 miles of surveys have been run, and possibly 1500 acres terraced. The land will be terraced just as fast as equipment is available, states R. L. Littlepage, county chairman of the district.

Formby And Halsey Are Both In Austin

Senator Marshall Formby, Plainview, and Representative Hop Halsey, Lubbock, both of whom have been serving in the Army, were recently given leave to attend the present session of the legislature, according to information reaching Tahoka.

Senator Formby has been in Austin much of the time for several weeks but Mr. Halsey arrived just last week, we understand. While both can be of great service to their country in this time of war, yet they can also render valuable service at Austin just at this time, as some very important matters are now claiming the attention of the legislature. Among these is the matter of re-districting the state so as to distribute representation more uniformly.

SUDDARTH RETURNS

W. E. Suddarth, who has been connected with the U. S. Censorship office in San Antonio the past year, has exercised his option to retire on pay and has returned to Tahoka.

He was given this option by reason of his long service in the Postal department of the Government, and he accepted it largely because he desired to make place for some other person who might need employment. Mr. Suddarth still has property in Tahoka and will doubtless continue to call this his home.

Mrs. Dan Yandell, formerly Miss Jenkins, who was reared near Tahoka, writes from Fort Worth that she is now employed in a defense plant there and orders the paper sent to her address.

First Lieutenant Landis D. Morris of Olar, S. C., his skull furrowed by a sniper's bullet at Saif, receives a plasma transfusion at Walter Reed Hospital, Washington, D. C. One of the first wounded men returned from North Africa, Morris is eager to get back into the fight, thanks those who have donated blood to the Red Cross for having saved his life.

Dr. Emil Prohl Is Rotary Speaker

Dr. Emil Prohl was the speaker at the Rotary luncheon Thursday, his subject being "The Part of the Small Nations in the Post-War World."

His discussion showed much research and he went into considerable detail in discussing the past experiences of these nations and the difficulties with which they were confronted following the first World War. His conclusion was that following this war, there must be a grouping of small neighboring nations of kindred character and interests into single units for their own protection and welfare, and that the United States must lend them a helping hand.

Preceding the discussion, Wynne Collier welcomed three new members into the club, H. E. Mather, "Wop" Griffith, and Ross Smith.

W. T. Hanes, program chairman, announced again that "Woman's Night" would be observed on Thursday night, March 25, presumably in the Grade School building, opening at 8:30 o'clock.

President Truett Smith was absent on account of illness, as were also Dr. K. R. Durham and A. L. Smith.

Marine Jacob King Enjoys The News

"I am sending you a copy of the Marine Corps newspaper," writes Pvt. Jacob A. King, from the U. S. Naval Hospital at Balboa Park, San Diego Calif. "And I hope that you enjoy reading it as much as I do reading the Lynn paper."

"I am recovering from an operation, but will be back to duty by the time you get the paper and this card."

"Jake" has many friends here who will be interested to know that he is in the Marines.

PARKER ANNOUNCES FOR CITY MARSHAL

B. L. Parker, former sheriff of Lynn county, has filed his name as a candidate for city marshal, according to information given The News by City Secretary Rosemary Neims.

Frank McGlau had previously filed his name.

The election will be held the first Tuesday in April.

BROWNING NAVAL OFFICER

Leslie (Broadway) Browning, former Tahoka vocational agriculture teacher, more recently at Hermleigh, has entered the U. S. Naval Reserve as Chief Specialist at Great Lakes, Ill. He is now undergoing a period of advanced training at the Naval station to provide him with proper background to qualify as a company commander at a recruit training station.

The Carl Owens family returned Sunday night from a visit to Wichita Falls and Frederick, Oklahoma. Mrs. Owens had accompanied Mr. and Mrs. Ovid Luallin home on Tuesday of last week, visiting her son, Clyde, at Sheppard Field before going on to Frederick to visit her parents. Saturday Mr. Owens and daughters, Miss Joan and Mrs. J. W. Tippit, went by Wichita Falls, where they were joined by Clyde, and all visited the grandparents at Frederick.

Army Officers Will Lecture to Guard

L. C. Haney presented an hour's motion picture program, consisting principally of war films at Monday night's meeting of the Tahoka Defense Guard company, at which the largest crowd in many weeks was present.

The Guard enlistment is back up to about 70 men, and only seven members were absent Monday night. In addition to the picture program, the company went through close-order and extended-order drill by platoons.

Sunday afternoon at 2:30 members will start rifle-firing for permanent record scores, and all men are urged to meet at the Legion hall at that hour.

Monday night's meeting will be started promptly at 8:00, one-half hour earlier than usual, because of a long program, which will include inspection of the company by an officer from 39th Battalion headquarters, and a lecture and possibly pictures by a major from the U. S. Army on an official visit to Company F, Tahoka.

C. of C. Names New Officers

New officers and directors were elected last Friday for the Tahoka Chamber of Commerce, according to J. K. Applewhite, outgoing president.

Frank Hill is the new president, and W. T. Hanes is the new vice-president.

In addition to the above, the new board of directors is composed of the following: Al Lehman, Truett Smith, W. T. Kidwell, W. O. Thomas, Deen Nowlin, and Tom Garrard.

Garrard is Tahoka's committee-man for the West Texas Chamber of Commerce.

REVIVAL AT NAZARENE CHURCH ANNOUNCED

Beginning on the 14th of this month and extending through the 28th, revival services will be conducted at the Church of the Nazarene four blocks west and one block north of the city traffic light.

Rev. D. M. Duke of the O'Donnell Nazarene Church, will be the speaker. Rev. Duke was pastor of the Memphis, Texas, Church before coming to O'Donnell. Every one will enjoy the messages of this young man. There will be special music.

These are days when every one should attend church. We extend a hearty welcome to all. —Henry C. Thomas, pastor.

Mrs. C. D. Sparks left Wednesday for Westover Field, Mass., where her husband is now stationed. She has been here with her parents, Mr. and Mrs. E. D. Crouch.

Mrs. A. B. Hatchell of Wilson underwent a serious operation in a Lubbock hospital a few days ago. She is now back at home and is gradually improving.

Mrs. H. O. Hargett is visiting her daughter, Mrs. Boyce Evans, at Wichita Falls. Mrs. Evans became ill shortly after her recent visit here.

Building Started For Poe Laundry

Mr. and Mrs. Scott Poe are having the foundation for a laundry building laid in the rear of their home on Main Street.

The building will be 30 by 40 feet in size and will rest on a concrete foundation.

Work on the foundation started this week.

Lynn County Men Inducted In Army

Another group of Lynn county men were inducted into the service last week, and left last week and this for the training camps.

Those composing the group were: Tahoka: Jean Douglas Duke, Floyd Pete Taylor, William Alex Nevill, Jess Willard Threet, Earl Dewey Cain, Ira Eldon Gattis, Joseph Rogers Thurman; Edgy Lemon Stewart, Route 2.

Wilson: Courtney Leroy Siewert; B. Coker Corley and James Hiram Parks, route 1; Floyd Lake Reynolds, Nickolas Dworaczky, and Lee Maekler, route 2.

O'Donnell: Authur Udell White, Bobbie Neil Mahurin, Welton Thomas Plowser; and Ingle Edgar Newsum, route 3.

Post: James Reece Steele, route 3.

Negroes Lose Car In Wild Chase

Two Tahoka Negroes, Jeff Hood and Louis Greenings, who have had brushes with "the law" before, ran up against another piece of bad luck Tuesday night as they were speeding up the highway from Big Spring toward Lamesa in a car owned by Henry Sajles, another prominent colored citizen of Tahoka.

The watchful eyes of officers Morgan and Hood of the Liquor Control Board espied the speedsters and the officers immediately gave chase. Here they came up the highway at about 90 miles per hour. Near the Dawson county line the dusky speed demons decided to leave the highway and took down a side road, but they had not gone far till they wrecked the car. Broken bottles and liquor were scattered all over the road; but the Negroes, evidently not seriously hurt, struck out across country afoot at high speed. Greenings was captured and landed in jail. Hood was still foot-loose Thursday in so far as the sheriff's office here knew.

In addition to the broken bottles the officers found in or about the wrecked car 24 quarts and 15 pints of whiskey, which they took into their possession.

Lieut. Clay McCoy Gets Advancement

Clay McCoy, son of the late Dr. J. H. McCoy of this city and of Mrs. McCoy who still resides here, has been promoted to the rank of first lieutenant in the Army air force at Ellington Field, Houston, according to his sister, Mrs. Irene Gallagher. He has resided in San Antonio the past few years.

Mrs. McCoy left here Wednesday morning to visit with her daughter-in-law and two children for a few days, and her son, Lt. McCoy, expects to spend the week end there with his family and his mother.

Home From The Valley

Wiley Curry and W. M. Thompson and their wives returned Wednesday night from a visit with Cpl. Albert Curry, who is in the veterinary service at Fort Brown, Brownsville.

Not only did they have a pleasant visit with him but Bill says that they attended a Mexican bull-fight at Matamoros across the river, and saw two matadors compete with each other in the art of slaying mad bulls. One slew three and the other two, amid the wild cheers of the crowds.

Little Jan McElroy, daughter of Mr. and Mrs. W. V. McElroy, who has been in the West Texas Hospital over a week with pneumonia, is reported to be doing better.

Farm Census Is Being Taken By AAA Workers

The AAA farm census of Lynn county's out-lying districts began Monday with a meeting of farmers at Wilson school, and continued through Tuesday.

A group from the AAA office, in connection with the Community committeemen met with the Wilson farmers for the annual sign-up of Farm Plan Sheets, Wednesday, they met with farmers of the northwest part of the county at New Home school.

Information is obtained as to the acreage each farmer plans to devote to each crop, how many hogs, cattle, horses and mules, sheep and poultry he has on hand and how many he plans to have next year. An inventory is also made as to the farm machinery and equipment each farmer is going to need to maintain production, how much additional labor will be needed.

The turn-out and the co-operation of the farmers so far has been very gratifying, according to L. S. Pool, of the AAA office.

The schedule for the rest of the county is as follows:

Petty, Monday, March 15th.
Morgan, Tuesday, March 16th.
West Point, Wednesday, March 17.
T-Bar, Thursday, March 18th.
O'Donnell, Friday, March 19th.
Midway, Monday, March 22nd.
Grassland, Tuesday, March 23rd.
Draw, Wednesday, March 24th.

Two Names Filed For School Trustee

All Tahoka teachers who were here before mid-term, were re-elected by the school board Tuesday night at its regular monthly meeting. Consideration will be given to others later, a representative of the board told The News.

Carl Griffing, secretary, tax assessor and collector, was likewise re-elected, as were likewise J. W. and Ed Jaquess, caretakers of the building.

Supt. W. T. Hanes and High School Principal Hope Haynes had previously been elected for the next school year.

The board ordered a trustee election for the first Saturday in April. The three-year terms of two members of the board, V. A. Botkin and L. D. Howell, expire at that time.

A petition bearing the names of Winston C. Wharton and John Price was filed with the Secretary Monday, as candidates for places on the board.

In addition to Botkin and Howell, the board at present is composed of Prentice Walker, president, John Glover, Truett Smith, Wynne Collier, and Oscar Roberts.

Arrest Mexicans On Liquor Charge

Three Mexicans were arrested in O'Donnell by Sheriff Sam Floyd on Monday night and brought to Tahoka, where two of them were fined for "toting" too much beer under their belts and the other was charged with having too much beer in his possession. The latter case will be investigated by the grand jury.

The sheriff also reports that one Tahoka white man, Durwood Pogue, was jailed early this week for being "drunk on dope."

Last week a white man here was fined \$1.00 and the trimmings in the county court for giving to the Jones Dry Goods a bad check. The coats amounted to about \$25.00, which he had failed to pay, and he was still in jail this week.

Mr. and Mrs. Jim Weisel went to Fort Worth Wednesday. They were accompanied by Mrs. C. T. Oliver and two little grand-daughters, Paula Jan and Nancy Kay Brock, who went to remain with their parents, Mr. and Mrs. John Brock, who are employed in a defense plant. Mr. Oliver plans to go down this week-end for a few weeks' visit.

One thing can be said about those Japs: they are persistent rascals. About the time it begins to look as if they had been given a terrible drubbing, General MacArthur announces that they are coming again with a formidable force. Guess we are going to have to concentrate all our forces upon them and blast them to smithereens before they are licked.

Madam Chiang Kai Shek, whose country has suffered intensely for five years under the iron heel of the Japanese invader, made a remarkable statement the other day when she urged that there must be no hatred written into the peace treaty that shall be drawn up following the close of this war. She pleaded for the Christian spirit to prevail. Madam Kai Shek is a devout Christian herself, and she practices her Christianity. If the leaders of Japan had been dominated by that spirit there would be no war in China nor in the Pacific today. Japan now must first be thoroughly whipped, then completely disarmed, and after that Christianized. There will be a lot of work for the missionaries to do after this war.

Buy A Victory Bond . . . And Slap A Jap!

ODDS and ENDS

by Kee Eye, the Elder

We guess the boys who are doing the fighting down in the Solomon Islands and around about are not much concerned about how those islands got their name. It doesn't really matter much as compared with how the Japs got those islands, or as to how long it is going to take us to bomb them back out of there. But in view of the fact that Solomon lived nearly three thousand years ago, and then lived some 7,000 miles on a bee-line from the islands that now bear his name, it does make one wonder as to how it came about that they were named for him.

Well, several months ago, after this war broke out in the Pacific and the Solomons were brought into the front-page headlines, some of the war correspondents dug up the information that these Islands were named for King Solomon for the reason that he is supposed to have gotten the gold for his temple in these islands.

Of course there is not the slightest evidence nor the slightest probability that he ever got a single shining particle of gold from any island in the south Pacific.

It is stated in the Bible that his ships brought gold from Ophir; and it was gold from Ophir that went into the Temple. Just where Ophir was situated is not positively known, but it is generally believed to have been in India, possibly in Arabia.

So far as is known now no lands farther away than India were known to the Hebrews of Solomon's time.

It is true that Solomon built a navy, which was manned chiefly by Tyrian or Sidonian seamen, and that his ships made trips requiring three years time to make them, bringing back to port Edon-Gaber at the northern extremity of the Red Sea, cargoes of gold, silver, precious stones, sandalwood, ivory, apes, and peacocks. All of these, however, are supposed to have come from India, Arabia, and Eastern Africa. It is not reasonable to believe that they were brought from as far away as the group of Islands now known as the Solomons. That was the fantastic idea of the bold navigator who discovered them and named them.

But this detracts nothing from the glory of Solomon or his reign. Coming to the throne as a mere boy, possibly not more than fifteen years of age, he faced the task of building the Temple for which David, his father and predecessor on the throne, had collected much of the material, to build a wall of protection around Jerusalem, and to keep the peace with neighboring powerful nations.

He went about the task with remarkable energy and intelligence.

One of his first great achievements was to make a friend and ally of Hiram, King of Tyre, who had been a friend of his father David, and to make a deal with Hiram to supply him with all the timber, notably fir and cedar, and other raw material and supplies that he might need in the construction of his great prospective enterprises.

In accordance with their deal, Solomon "raised a levy" of 30,000 men and "sent them to Lebanon 10,000 a month by courses, a month they were in Lebanon and two months they were at home." And he appointed one Adoniram to superintend the works.

And in his own country Solomon put 80,000 men to work as "hewers in the mountains" and 70,000 to "bare burdens," with 3,300 overseers to superintend the work.

Sounds like a modern WPA program.

That Temple was a surprisingly small building, 72 feet in length, 24 feet in width, and 36 feet tall, ac-

ording to the best authorities, but it required seven years to build it, and it cost more than four billion dollars as measured in our coin of today. Think of it—not four million but four billion!

Most of the cost evidently was entailed in the purchase of the gold and the silver and the brass and the precious stones that went into the interior of the building and the golden vessels with which it was equipped. Floors and walls and ceilings were overlaid with gold. So were all the fixtures in the Temple. The ornamentation in the building was the wonder of the world, and there was nothing like it before and has been nothing like it since.

The King's Palace which Solomon also built was itself doubtless the most ornate and magnificent palace the world has ever seen. It required thirteen years to build that structure. It was much larger but less costly than the Temple.

Solomon also built a magnificent structure for his wife, the daughter of the Pharaoh of Egypt, whom he had married soon after becoming king. She was his favorite wife throughout all the years of his life, but he had married her as much as a matter of policy as of love, it would seem. He was making an ally of mighty Egypt.

"And Solomon reigned over all kingdoms from the river to the land of the Philistines, and unto the border of Egypt; they brought presents, and served Solomon all the days of his life."

And he reigned in magnificence. They didn't have limousines in those days but they had chariots and the finest of steeds. When Mrs. Solomon wished to take a pleasure drive, she had doubtless a gold-bedecked chariot and four prancing and gorgeously caparisoned steeds with her favorite chauffeur at her command. For Solomon had 1,400 chariots, we are told, 40,000 horses, and 12,000 drivers and groomsmen.

He had many wives, 700 of them at some time in his career, with servants of every type and kind to wait upon them, and we must believe that he set a lavish table, for included in the provisions for one day, we are told, were "ten fat oxen, and twenty oxen out of the pastures, and an hundred sheep, besides harts, and roebucks, and fallow deer, and fatted fowl."

Also, "there came of all people to hear the wisdom of Solomon, from all kings of the earth, which had heard of his wisdom."

The Queen of Sheba was one who had heard of his wisdom and his glory and the magnificence of his court. She believed these tales had been greatly exaggerated, but with a woman's curiosity, she came to see for herself. And she came in style, "with a very great train, with camels that bare spices, and precious stones."

And Solomon showed her through the Palace, took her into the dining rooms, showed her his retinue of servants, the attendance of his ministers, and the apparel, and his cup-bearers, and the entrance into the Temple, and the magnificence of his grounds; and with astonishment she exclaimed, time and again no doubt, "The half was not told me!"

And she was amazed also at his wisdom, at the clever answers he made to her barrage of questions; and "she gave the king an hundred and twenty talents of gold, and of spices very great store, and precious stones; there came no more such abundance of spices as these which the queen of Sheba gave to King Solomon."

That gold was no trifling gift, for one talent was the equivalent of more than \$29,000 in good old United

States coin; and 120 talents, well you figure it.

And Solomon was charmed by the Queen of Sheba too, for tradition says that he added her to his list of wives; and Haille Sallasse (if that's the way to spell it) claims that he is a descendant of King Solomon and the Queen of Sheba. We don't know; we couldn't say.

At any rate, King Solomon was some king in his day and generation, but we still don't believe that any of his ships ever visited Guadalcanal.

WILSON BROTHERHOOD ENTERTAINS WIVES

It was a great feast which the members of the Brotherhood of the Wilson Baptist Church provided for their wives and other guests, including many young people and children, in the dining room of the Church Monday night.

The speaker for the occasion being unable to be present on account of illness, the Brotherhood conscripted the editor of The News to "fill in" for him.

The Wilson Brotherhood was one of the first organized in this section of the state and is perhaps one of the most active and serviceable. W. I. Lemon is the president at the present time and Rev. W. H. Jackson is the pastor of the Church.

MADE IN JAPAN

Your Gas Ration Book a Gift from Hirohito!

Clearly as if the words "MADE IN JAPAN" were printed on your Gasoline Ration Book, you know that the Japs are responsible for the rationing of our tire mileage.

When the Tokyo toughs seized the Netherlands East Indies and Malaya, our chief sources of supply of raw rubber immediately disappeared.

That is why your driving had to be drastically cut down. Not so save gasoline, which is plentiful in this area; but to save rubber, which is short all over the country. And rubber must be saved . . . or we risk losing the war.

The plain, patriotic fact is that rationing gasoline is the simple, direct way to accomplish the sincerely avowed purpose of Rubber Administrator Jeffers: "To keep automobiles on the road, not to take them off."

Gasoline rationing and the U. S. synthetic rubber program are both dedicated to supplying the rubber for the combat needs of our boys from Guadalcanal to Gafsa, as well as for essential transportation here at home. Phillips is proud that its resources,

experience, and long peacetime research have qualified it for an important role in the wartime synthetic rubber program. To this vital job, and to the needed production of 100 octane aviation motor fuel, we are wholeheartedly giving our best efforts twenty-four hours a day.

For you and for us, winning the war comes first. Patriotic drivers have as willingly accepted the restrictions on buying gasoline as we have on selling it. And we confidently promise you that when victory comes, today's concentration on petroleum research will bring you almost undreamed of improvement in the Phillips 66 gasoline which will power your car and the Phillips rubber on which it will roll.

WILSON NEWS

By Mrs. Frank Fletcher, Reporter

1939 Club

The 1939 Club met last Tuesday, in spite of the freezing temperature, at the home of Mrs. G. C. Coleman for what will be the last meeting in the homes of members for the duration, since the Club voted to devote its time to work for the Red Cross.

Mrs. Frank Fletcher told how to become an American citizen, after which Mrs. Luke Coleman led in a parliamentary drill.

Refreshments of sandwiches, cake and cocoa were served to Mesdames H. G. Cook, H. B. Crosby, Frank Fletcher, G. C. Coleman, L. A. Coleman and Claude Coleman.

The W. M. S. met at the Baptist Church Monday for an all day meeting in observance of the Annie Armstrong week of prayer for Home Missions. Mrs. W. H. Jackson had charge of the program while other members quitted. Those present were Mesdames Frank Schneider, S. H. Gryder, R. L. Robinson, Lonnie Lumsden, Pat Swann, John Heck, W. H. May, R. B. Milliken, W. H. Jackson, W. I. Lemon, B. W. Baker, Frank Fletcher, and J. T. Williams.

Mrs. John Martin, sister-in-law of J. C. Key, of near Houston, arrived Sunday to visit Grandpa Key, who was released from the hospital Sunday after receiving treatment since the car wreck last week.

Mr. and Mrs. R. Lambert and three children of Sagerton visited Mr. and Mrs. Ed Crowder Sunday. Mrs. Lambert, who is a niece of Mr. Crowder's, and children remained for a longer visit.

Billie Gryder has been ill with tonsillitis.

Sunday guests in the J. C. Key home were Mr. and Mrs. John Heck, Mrs. R. Lambert, Mr. and Mrs. S. H. Gryder, Thoma and Addie Jane.

Funeral services were held Sunday for the tiny infant of Mr. and Mrs. Paul Lammner. The baby died shortly after birth in a Slaton Hospital.

Bruce Hobbs spent the week end with his aunt and uncle, Mr. and Mrs. L. Lumsden. He is visiting with his grandmother Dawson of Lubbock, who is recuperating from a recent illness.

Mr. and Mrs. W. H. May, Mr. and Mrs. B. W. Baker, Mr. and Mrs. H. B. Crosby and Marjorie attended the wedding of Miss O'Berger Forrester at the Baptist Church in Tahoka Sunday night.

Mr. and Mrs. Algie Brown moved from Amarillo to New Home this week.

Mrs. Ralph Manahan, the former Lourine Curry, visited her parents, Mr. and Mrs. J. T. Currey over the week end. Thoma Gryder returned to Clovis with her.

Sunday guests of Mr. and Mrs. John Lamb were their son, Staff Sgt. Hebert Lamb and wife of Amarillo, Mrs. Onas Ray and daughter of Slaton, Mr. and Mrs. Weldon Lemon and children of Lubbock, and Mr. and Mrs. John Hamilton, who visited them Sunday night.

Sunday guests of the W. F. McLaughlins were Mr. and Mrs. J. R. Barron of north of Slaton.

The Training Union Study Course at the Baptist Church last week was considered a great success with a total enrollment of 71 for the three nights and 52 taking the examinations.

Mr. and Mrs. Robert Maeker and daughter Daphene and Mrs. Austin Rose and mother of McAdoo visited Mrs. Maeker's brother who is in the Army at Hondo, Texas, and her sister who is teaching near Austin. They left Thursday, returning Sunday afternoon.

The Red Cross surgical dressing room in the old barber shop building is now open on Tuesday and Thursday afternoons from 2 to 5. Mrs. H. G. Cook, who is chairman of this work, reports that 825 bandages had been folded since the opening of the room. This report did not include bandages folded this week because the news was sent in before either work day of this week.

The Brotherhood scored again when they entertained the women and children with a big feast at the Baptist Church Monday night. The meal, which consisted of chicken and dressing, gravy and potatoes, apple salad and potato chips, pie and lemonade and coffee, was greatly enjoyed by not less than 75 men, women, and children.

The affair was culminated by the address of E. I. Hill of Tahoka, who spoke of the task of the Christian men and women to right the world after the bitter conflict which is now raging is over.

WOMEN AT WAR

Rosebud

Rosebud is eight, and the most beautiful shade of caramel fudge. To her loving Mammy and Pappy she is known, on approximately alternate days, as "Angel" and "You devil child". It was on her devil child days that Rosebud tied the knots in the shirts that Mammy had taken in for washing, and poured the whole of the vanilla bottle into the lamb stew. Just, she said later through bitter tears, to "flavor it up some".

On her angel days Rosebud is equally imaginative even if a more restful occupant of the little shack down on Vinegar Hill. Once when Mammy was out doing day work, Rosebud got a wave of cleaning fever and scoured every pot and pan in the kitchen so that they literally glistened. Another day, left alone,

she tidied up Mammy's and Pappy's room to such a point of apple-pie order that it was a week before Pappy could find an undershirt.

Rosebud is a great reader of the newspapers. Mammy and Pappy don't take one, but there are plenty of perfectly good newspapers blowing round Vinegar Hill. It was out of one of them that Rosebud got her idea for spending the ten cents the Bunny had put under her pillow the night her tooth-came-out. After breakfast Rosebud disappeared down the Hill and reappeared soon after with a beautiful ten-cent War Stamp pasted firmly into a brand-new book with neat little squares for more stamps. She displayed her investment to Mammy. "I declare you are an angel child," Mammy said. Rosebud went on sitting on the kitchen floor staring with large brown eyes at the empty squares in her book. From time to time she took hold of one or another of her teeth and wriggled it, gently.

Mammy was engrossed in a particularly big washing. Rosebud was as quiet as a mouse and Mammy forgot about her until, coming in from the yard with her arms full of dry sheets, she encountered her child with a large hammer in her hand. Scouting the devil in her angel child, Mammy shouted at her, "Rosebud! Come yere with that hammer! What you planning on doing?"

But what was done was done. In Rosebud's other hand was another tooth. Her mouth was stretched in a broad if slightly bloody smile. "I ain't doing nothing, Mammy," she said. "I'm just filling up my stamp book."

(Story from an actual report in the files of the Treasury Department.)

Say yes. Take your change in War Stamps. Your investment in War Bonds today will save a payday for tomorrow.

CARD OF THANKS

We wish to thank all the friends and neighbors who assisted us during the illness and death of our husband and father. Especially do we appreciate the floral offering and all the many kind deeds rendered us—Mrs. H. Farr and children.

Cherley, Thompson, Littlefield, arrived Thursday from a visit with his son, Pvt. Bill Thompson, at Camp Campbell, Tenn., where he is in the Tank Battalion. Pvt. Bill was born in Tahoka about twenty years ago.

Grassland News

(By Mrs. V. V. Laws)

The women of the Grassland community met in the school building Tuesday afternoon for the purpose of organizing and establishing a Red Cross work room. County Chairman Mrs. E. H. Prohl and co-chairman Mrs. Irving Stewart of Tahoka were present to assist. Mrs. M. L. Thomas was appointed local chairman with a fine line-up of helpers. The work room will be open on Tuesday, Wednesday, and Thursday afternoons of each week. Although most of the time Tuesday afternoon was devoted to organization work, a total of 450 surgical dressings were made at this first meeting.

Evangelist J. C. Warrick of Caddo, Oklahoma, closed a successful meeting at the Church of the Nazarene here Sunday night. He and Mrs. Warrick and the children left Monday for their home. Brother Warrick was to begin a meeting at McKinney Wednesday night.

Juanita Mitchell had sufficiently recovered from a recent appendicitis operation as to be able to return to school Monday.

Pvt. Kelly Laws, a son of Mr. and Mrs. V. V. Laws, is now stationed at

Camp Mackwell, near Hoffman, North Carolina, in training for glider plane service.

Mr. Gerald McMillan has returned from Oregon, where he has been employed, to stay with his mother here. J. D. Smith has been on the sick list but is better.

We deeply sympathize with Mrs. Farr and the children in the great loss which they suffered in the death of the husband and father.

We were sorry to lose George Lankford, who left Monday for San Francisco, Calif.

We extend congratulations and good wishes to Mr. Farmer Hoddo and bride, who were recently married.

Have you made your contribution to the Red Cross?

THE GROWL

Cast Is Selected For Junior Play

Last week the Junior class received their class play, "Home Ties," a four-act play by Arthur Lewis Tubbs. The cast, selected by Miss Ruby Perry, Miss Lucille Wright, Miss O'Veil Warren and Coach Powell, is as follows: Martin Winn, a well-to-do farmer, played by Gene Earl Knight; Leonard Everett, country young man, Kenneth Carter; Harold Vincent, a handsome cultured young man with the manners of a city bred person, James Brookshire; Josiah Tizzard, a little old man of the quaint humorous type, Winston Redwine.

The leading female role, Ruth Winn, a pretty country girl with a gloss of boarding-school and city manners, is portrayed by Dorothy Lee Carmack. Alma Wayne, an elegant girl with a mild suggestion of aristocratic superiority, is played by Charlene Bucy; Aunt Melissa, a lovable, sympathetic maiden lady of 45, Raye Fern Pennington; Mrs. Poplin, a quaint-comedy character who talks very fast, Mary Beth Fenton; and Lindy Jane, mischievous and full of fun, Dorothy Applewhite.

The date for the presentation has not been settled, but the class has asked for some time in April.

The play deals with the affairs of a country girl who comes home after attending boarding school. Many amusing characters will be seen in the production, including Josiah Tizzard, who is courting Mrs. Poplin.

Home Makers Hold Unit Meetings

Friday the home making girls had a unit meeting. They served cocos and cookies and this week the second year girls are starting their dresses. They are learning the different kinds of seams before starting. The third year girls are finishing their dresses this week.

PRE-FLIGHT TRAINING

(By Robert Harvick)
The government is again trying to teach students more about airplanes in many pre-flight courses that are being taught in high schools. Many students consider this course just another way of getting an extra credit. Students who feel this way probably don't know much about what a pre-flight course is. There are many boys and girls enrolled in pre-flight classes today.

This course will aid them in learning about the atmosphere, the clouds, the various maneuvers of an airplane and the ways it is controlled. In later work, many schools have a qualified teacher for the course. A teacher must have a certain number of flying hours and a college degree. This year's course will be further extended to include more students enrolled. In a few years there will be similar courses all over the world, training students as they go to school. And this course is one that is surely needed now, considering our present foreign situation.

There should be no excuse for not taking this course in pre-flight, for it exists for the benefit of boys and girls who will need it in the future. Let us recall that during the first national and international disaster that students were not offered such a fine course. Let us take this course not only from a sense of duty, but with a feeling that it is contributing to our national aid in training the modern way of machinery. Let us, finally, take an interest in this course throughout the coming year.

Sub Debs Planning Victory Concert

The Sub-Deb club met in the home of Joan Owens Wednesday afternoon. The purpose of the meeting was to plan the Victory Concert which they will sponsor March 25 in the high school auditorium. A two-act play will be the main event of the night with songs of this world war and songs of the last world war completing the concert.

The cast of the play will consist of the following: Mama, Gwynelle Davis; Papa, Geraldine Mather; Dottie, Peggy Fenton; Little Sister, Joan Owens.

The admission to the concert will be war stamps and bonds. Between acts stamps and bonds will be sold by the girls with the assistance of W. T. Hanes. The next meeting will be in the home of La Voyle Richardson.

New Books For School Library

Miss Ineva Headrick, librarian, announced recently that 24 new books have been received for the library.

The list of new books is as follows: Maurois, Disraeli; Austen, Sense and Sensibility; Stowe, Uncle Tom's Cabin; Eells, South America's Story; Webster, Daddy-Long-Legs; Cooper, The Spy; Hilton, Good-Bye, Mr. Chips; Pease, The Black Tanker; Jewett, The Country of the Pointed Firs; Carnegie, Autobiography of Andrew Carnegie; Rice, Mrs. Wiggs and the Cabbage Patch.

Marie Curie, Pierre Curie; Cooper, The Last of the Mohicans; Coffin, Lost Paradise; Doyle, The Boys' Sherlock Holmes; Davis, Life in Elizabethan Days; Bok, The Americanization of Edward Bok; Conrad, Youth; Hansi and Kaufman, Minute Sketches of Great Composers; Clevenger, Modern Flight; Grayson, Adventures of David Grayson; Cobb, Exit Laughing; Tarkington, The Heritage of Hatcher Ide; and Hardy's Far From the Madding Crowd.

New Teacher For Tahoka Schools

Supt. W. T. Hanes announced last Tuesday that Miss Gretchen English has accepted a position in Tahoka high school. She will teach junior business and bookkeeping.

Miss English is a graduate of North Texas State Teachers College. Her home is at Azle, near Fort Worth. She is a former teacher at Wellman, Terry county.

Personality . . .

Claiming that his ambition is to be a flyer, the personality this week takes the prize for being the cutest boy in the seventh grade.

When the students of Tahoka high school look at Kenneth Weaver, they see a small, dark-haired boy with dark brown eyes and a pleasing smile. If they investigate further, they would find that he takes the average seventh grade courses, of which Arithmetic is his favorite.

Although he takes an active part in his school work, Ken has other interest outside of school. Tennis and golf rank at the top of his favorite sports and his hobbies are building airplanes, drawing cartoons, and taking care of his many pets. He is also a member of the local Boy Scout unit (second class).

New Enthusiasm In Girls' Chorus

A new burst of enthusiasm was shown by the Girls' High School Choral Club last Monday when they received a new shipment of music. The new music consisted of "Mighty Lak' a Rose" by Ethelbert Nevin, "Smilin' Through" by Arthur A. Penn, and "Danny Boy" by Fred E. Weatherly.

The chorus is planning an assembly program the last of April in which the chorus and seventh grade will take part," stated Miss Ruby Perry, music instructor.

T. W. Montgomery, who has been in training at the Naval Training Station at Norfolk, Virginia, visited here briefly a few days ago. From here he was going to the West Coast. Mr. Montgomery has taught in this county and adjacent counties for a number of years and a few years ago he made a most creditable race for the legislature.

His Pigs Go to War
Young Johnny Clay of Rocky Mount, North Carolina, is typical of farm children raising victory pigs and devoting profits to War Bonds.

Wm. H. Smith Writes From War Zone

Howard Smith of the northeast part of Lynn county who has been down in the Southwest Pacific, sent a very interesting V-Mail letter to his friends, the J. E. Mayberrys of Routh 4, a few days ago.

Although Howard admits having spent some time in the hospital and expresses a desire for a cooler climate, he says that the rumor about his losing an arm is not true.

He wrote of seeing Sheriff Parker's boy (the only one of the Parker boys in that section is Homer, whose picture recently appeared in Life Magazine, showing a Jap implement of war) and some other Tahoka boy whose name he did not call. Said he and Homer were stationed about two miles apart.

He asked to be remembered to friends in Lynn county and was looking forward to the Lynn County News which the Mayberrys are having sent to him.

Mr. and Mrs. C. B. Evans and son, Glenn Ross, returned Wednesday afternoon from a visit with their children. They visited their daughter Mrs. A. D. Rogers in Oklahoma City and their sons, Boyce and C. B. Jr., and their wives in Wichita Falls.

Farm Youth of U. S. Looks to Tomorrow

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds.

First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$6,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000.

Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943.

These farm youths are building financial reserves, and urging their parents to do the same, for after-the-war necessities, to meet financial emergencies and to help them get started in college.

They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

BARTLEY-ANDERSON

Miss Helen Bartley, daughter of Mr. and Mrs. L. N. Bartley of New Home, became the bride of Charlie Anderson, son of Mrs. Foy Cranfill, Lubbock, when they took the marriage vows at a chapel in that city at 5:30 o'clock on Wednesday afternoon of last week, with Dr. J. M. Lewis, Presbyterian minister, officiating.

Mr. Anderson is employed by the Wilson Company in Lubbock and the couple are residing there.

Santa Fe Reports

on its first year of war operation

During 1942, Santa Fe moved 75 per cent more passenger-miles...and 122 per cent more freight ton-miles...than in 1941, during World War I.

And all this was done with 26 per cent fewer locomotives than we had in 1941.

These figures indicate the greatest volume of business we have ever handled.

They also indicate why you may have experienced some difficulties in traveling or inconveniences in shipping by train during the past year.

Crowded Trains Our passenger traffic volume was up 102 per cent last year as compared with 1941. Gasoline rationing, in our territory, will increase that volume even more this year.

The Santa Fe must handle this additional load with its present passenger cars, as no more cars will be built during the war.

Late Trains In these days of unprecedented passenger volume it is not always possible to maintain schedules with on-time regularity...and since military trains have the right-of-way over everything else, they often cause our regular passenger trains to be delayed.

At many stations along the line, mail and express are heavier than in normal times—and take longer to load. This is another reason why trains are delayed.

Car Shortage Special troop trains are becoming almost routine on the Santa Fe. In just one case, we moved an entire division from one camp—and it took 53 complete trains to handle the men and equipment.

We must also keep our passenger cars in constant service to handle the increased traffic all over the line. For this reason, we cannot always concentrate extra cars at any one point.

Freight Cars Due to the submarine menace and the diversion of freighters to other services, almost all of the intercoastal freight tonnage formerly handled by ships through the Panama Canal was hauled by the railroads in 1942.

This brought about an unusually heavy demand for Santa Fe freight cars...increased considerably the average length of haul...and occasionally caused delays in delivering empty cars at some loading points. It also indicates Santa Fe has many busy months ahead.

Keep 'Em Rollin'! Please remember there's only one thing we want to do more than keep trains on time and supply cars as promised—and that's keep troops and war freight on their wartime schedule. And we know that's the way you want it!

For up-to-the-minute transportation information, call your local **Santa Fe Agent**

Southland News

Mrs. McGee Moore returned home from Slaton Hospital Thursday afternoon after a siege of the flu. Rev. O. J. Harmonson was substitute teacher for the first and second grades.

Billy White had a long vacation from driving the school bus. He began Thursday, the first ration holiday, with a case of flu which kept him from working all the next week. LeRoy Voigt was driver in his place. Mrs. Sam Hendrix, whose husband is stationed in San Francisco, arrived home Thursday to spend three or four weeks with her parents, Mr. and Mrs. John Leake. Mrs. Hendrix and Mrs. Herman Irwin are two of the 1932 SHS graduates who are home from soldier camps at the same time.

Friday the Charles Sokolls received their first letter in two months from Charles Jr., who doesn't like to write but wants to hear from home often. Not a line of his letter was cut out by the censor, and he is getting along fine, but his relatives are still in ignorance of what continent he now serves on.

His father, Charles Sr., was taken to the Abel Sanitorium in Lubbock last Monday, where he will be for four or five weeks. He has gal bladder and stomach trouble.

Billy Becker, who is attending Radio School at the University of Colorado, Boulder, and Leon King, taking the same course at Northwestern University, Evanston, Ill., both have recently been promoted to Class A because of their good grades made in code. These two seamen have recently begun studying radio.

VISITS IN TAHOKA

Mrs. C. L. Howard, formerly Miss Julia Snowden, arrived last Saturday to visit Mr. and Mrs. H. M. Snowden at Garnolia for a few days before reporting for work with the Farm Security Administration the last of this week. She will be stationed either at Anson or Comanche.

Julia's husband is Ensign C. L. Howard on active duty in the Navy in the Pacific. Julia had been with him in a West Coast city until recently, when he went to sea.

FATHER-SON BANQUET

The annual father-son banquet of the New Home FFA chapter will be held Friday night, March 19, at the New Home school.

Plans are being made for an interesting program for the occasion.

 Wednesday Prayer and Bible Study 8:00 p. m.
 Saturday Family Night Service 8:00 p. m.

METHODIST CHURCH
 Last Sunday's Communion Service was the culmination of the Dedication Week throughout our church. We were delighted to see the great number who came to the altar for the dedication of self, service, and substance. Some \$75.00 were left on the altar to help further the work of the church at home and abroad.

We hope that there will come from the observance of the Week of Dedication a great host of people into fellowship with Christ and the church—this was the object of the preparation and observance of the Dedication. Members should become regular at both the Sunday School and church services from now on.

The committee on Repair and Improvement is functioning. Last week a beautiful altar was erected in front of the pulpit stand. And as soon as possible the walls will be repaired and calcimined and the ceiling painted; railings for the steps that lead to the entrance of the auditorium and for the steps to the basement. Many other improvements will be made as soon as workmen can be had. The members are happy to see these improvements within and without the church building. When the work is finished it will be beautiful and attractive.

A hearty welcome awaits all who will worship with us Sunday.

EUZELIAN CLASS
 The Euzelian Class named Rev. A. C. Hardin and Mrs. Hardin honorees and their own husbands were invited guests when they met with Mrs. W. M. Harris and Mrs. Lida Kelso in the Harris home Monday evening.

Following a short business session a devotional period was conducted by Mrs. E. J. Cooper, third vice-president. Entertainment was under the direction of Mrs. V. A. Botkin, second vice-president. A mirth-provoking program was carried out by Mmes. Gladys M. Stokes and R. C. Forrester.

Delicious refreshments were served by Mmes. Harris, Kelso, and Chester Connolly. Napkins and plate favors reminded of the approach of St. Patrick's day. Mrs. Huffman and Mr. and Mrs. J. W. Hendricks were guests of the class.

HOLD WORKERS' CONFERENCE
 Thursday a number of Tahoka Baptists attended the monthly Workers' Conference of Brownfield Baptist Association at the Central Baptist Church near Grassland.

Several Lynn county pastors appeared on this program, Rev. A. C. Hardin, pastor of Tahoka Baptist Church, being one of the speakers.

ASSEMBLY OF GOD REVIVAL CONTINUES

The meeting at the Assembly of God continues nightly with goodly crowds hearing the old time message of Salvation and Holiness. Rev. and Mrs. Walker sing at every service and their selection of songs proves their ability to please.

A cordial invitation is extended to you to come hear this fiery evangelist. Allow us to help you pray over your problems. Enjoy the old-fashioned song service. We deeply appreciate the members of other churches who have shown interest enough in our little church to pay us a visit.

BETHEL CHURCH MAKES APPEAL

The losing of \$147.00 in Tahoka recently by Mrs. Walter Phillips of the Bethel neighborhood is deeply regretted by her many friends.

This money was lost or stolen while Mrs. Phillips was in Tahoka shopping. She had noticed the cash in her purse a short while before missing it.

This money had been sent to Mr. and Mrs. Phillips by their son who is now in the Army service.

This father and mother are honorable, reputable, highly-esteemed citizens of the Bethel neighborhood and are worthy of sympathy and help, owning but little if any property.

We the undersigned are helping to raise some or all of this lost money to help heal the heart of this woman whose son's money sent to her was almost sacred.

We are also asking enough people in Lynn county and adjacent counties to join us in paying \$1.00 each until \$147.00 has been raised to be turned over to Mr. and Mrs. Phillips. Those who desire may turn in their contributions to the Wynne Collier Drug Store in Tahoka.

Should the \$147.00 lost be recovered, all contributions will be refunded.—B. G. Richbourg, Pastor Bethel Baptist Church. adv.

LIEUT. HOWELL HERE

Lieut. Wade Howell, recently commissioned in the Army Engineers' School at Yale University, spent Saturday here visiting his parents, Mr. and Mrs. H. B. Howell, while en route to Camp Carson, Colorado Springs, where he is to be stationed.

TAHOKA BAPTIST W. M. U.

Tahoka Baptist Women are this week observing the annual week of prayer for Home Missions. On Monday at an all day meeting in the home of Mrs. Garland Pennington a joint meeting was held to study the mission book, "They Need Not Go Away." Mrs. K. R. Durham, Mission study chairman, was ably assisted in presenting the book by Mrs. Ralph Goodell and Mrs. J. W. Goodell. A covered dish luncheon was enjoyed at the noon hour when the group was joined by the pastor, Rev. A. C. Hardin, and by several members who are employed downtown.

After completing the study course on Monday afternoon, members of the three circles remained at Mrs. Pennington's for the regular Mission program from Royal Service—"The Christian Witness in American Democracy." This program, directed by Mrs. J. L. Nevill, was given by members of Walker Circle. Twenty-four attended these programs.

On Thursday afternoon from 2:00 to 5:00 a program of prayer was given in the home of Mrs. W. M. Harris.

Today, while a world-wide Day of Prayer is being observed by every Christian nation throughout the whole world, the Baptist women will hold their meeting in the home of Mrs. Carl Owens. All women are invited and the hours are from 2:00 to 5:00 p. m.

HURLEY-PATTERSON

Miss Charline Hurley and Mr. Lee Roy Patterson were united in marriage at the parsonage of Central Baptist Church, 11 miles east of Tahoka, on Saturday night, Feb. 27, with the pastor, Rev. Frank Thomas, reading the marriage rites. These are fine young people of their respective communities and have the best wishes of many friends.

Mr. Patterson was expected to be inducted into the armed forces at an early date.

Mr. and Mrs. A. L. McMillan received a letter Monday from their son Edward, who is on active duty with the Navy in the Pacific. This was the first letter they had had from him since November. Edward never has told his folks, but others

who have seen him say he had been in practically all the big naval battles in the Pacific since his original ship, the Oklahoma, was sunk at Pearl Harbor.

All subscriptions must be paid in advance! Government orders!

A C B
 MILEAGE RATION MILEAGE RATION MILEAGE RATION
3 letters spelling ACID
 Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.
 In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was in frequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!
 You can't open the engine and keep sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco Nth motor oil and get your engine internally OIL-PLATED.
 You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco Nth. Though your gasoline-rationed car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco Nth this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

Miss O'Berger Forrester, J. A. Biggerstaff Wed At Church Ceremony

Miss O'Berger Forrester, daughter of Mrs. R. C. Forrester, became the bride of James Arthur Biggerstaff, Gunner's Mate second class, son of Mr. and Mrs. W. E. Biggerstaff of Bowie, at 7:30 Sunday evening in the First Baptist Church in Tahoka. A large number of friends and relatives witnessed the ceremony as Rev. Geo. A. Dale, Lubbock, former pastor here, spoke the words of the beautiful and impressive double ring ceremony as the bridal party stood before a background of palms, beautiful white gladioli and fern in tall urns, flanked by many tall white tapers in white candelabra. Mrs. G. R. Kennedy of Lubbock offered as prenuptial music, "Schubert's Serenade, 'I Love You Truly,'" marches from Lohengren and Mendelssohn. During the ceremony she played, softly, "The Rosary," followed by a recessional, and "The End of a Perfect Day."

Just preceding the ceremony, Mrs. F. C. Stanley, a former resident and member of the Baptist Church choir, sang "Because," accompanied at the piano by Mrs. Kennedy.

The bride, radiant in ivory satin and lace, with veil of net and lace falling softly over her train, carried her bouquet of a single orchid with lilies of the valley in shower arrangement on the white bible of a friend. At her throat was an antique heirloom pin which had belonged to her great grandmother. In her veil she wore a blue victory pin.

Mrs. R. C. Forrester, who gave her daughter in marriage, and the bride's two attendants, Mrs. Edward Betts of Littlefield, matron of honor, and Mrs. A. N. Norman Jr., of Tahoka, bridesmaid, each wore attractive floor-length dresses of white lace and taffeta.

The groom was attended by his brother-in-law, W. F. Sorrells Sr. of Eden. W. F. Sorrells Jr., small nephew of the groom, carried the rings in the heart of a lily.

Corp. Eldon Carroll of Lubbock Army Flying School, and Neill Walker, Petty Officer second class of the Navy, were ushers. Their uniforms, together with that of the groom, added a military note to the scene.

Following the ceremonies at the church a reception was held in the home of the bride's mother, Miss Billie Swafford, cousin of the bride, presided over the guest register, while Mmes. Betts and Norman served at the lace-covered refreshment table, assisted by Mrs. Eldon Carroll, another cousin of the bride. White flowers adorned the reception suite.

Mrs. Biggerstaff is well-known in Lynn county, where she was reared. She attended Wilson High School, graduated from Wayland College at Plainview, was awarded both a B. E. and a B. A. degree at Baylor College.

New Home News

(By Eva Lois Harmonson)

Bobbie June McCormick, Wayland College student, is at home recovering from a recent operation for appendicitis in Lubbock General Hospital.

Jo Nell Bolander is back in school after a three weeks absence due to an appendicitis operation.

The W. M. S. of the New Home Baptist Church is giving a banquet to the High School Seniors Friday night.

The Wayland Volunteer Band will be at New Home, Petty, and Lakeview this week end for three services at each place. There will be one service Saturday night, one Sunday morning, and one Sunday afternoon.

Miss Lena Marie Skeen, departmental teacher in fifth, sixth, and seventh, is recovering from a long illness of pneumonia. She has been in Lubbock General Hospital since November.

Marie Veach is in Lubbock General Hospital suffering from an appendicitis operation.

Jo Rita Ray, seventh grade pupil, is at home recovering from an appendicitis operation.

Mrs. John Timmons of Lakeview was called away last week to the bedside of her mother who is ill. The mother lives in Young county.

The High School Juniors are looking forward to a dinner and theatre party Thursday night. Mrs. Ray Thurston is their class sponsor.

Belton, before graduating from the Curry School of Expression in Boston, Mass. She has taught in Wilson and in Tahoka. Recently she has been associated with her mother in the Forrester Insurance Agency.

Mr. Biggerstaff is a graduate of Bowie High School, has attended John Tarleton College, has served in the U. S. Army, and for some time has been associated with the Texas Company's seismograph crew, having been stationed in Tahoka for something like a year prior to his enlistment in the Navy late in 1942. He is now a petty officer second class stationed at Gulfport, Miss., where the couple will make their home, having left late Tuesday for that city.

Out of town guests here for the wedding in addition to those in the wedding party included Mrs. Geo. A. Dale, Mrs. J. B. Walker of Lubbock, E. E. Dale of Dallas, Mrs. Fred Sorrells of Eden, Mrs. Van Swafford of Amarillo, and several friends from Wilson.

West & Nowlin OK Rubber Welders

CONGRATULATIONS TO—

Mr. and Mrs. Peter Rabbit on the birth of ten little baby rabbits at their home on the McMillan premises in Tahoka, Monday night, weight unknown and yet unnamed, according to young Dr. H. L. McMillan, who reported the happy event to The News.

H. L. is the freckle-faced lad who helps out in The News office after school hours. As an embryo printer, schoolboy, vocational agriculture student, and what-not, he has many interests. Recently he acquired a pair of rabbits, and now they have presented him with a great brood of little ones. But honestly we didn't know that rabbits could acquire so large a family overnight.

H. L. says that a kind of rabbit craze has struck the town. Many of the school students have gone into the rabbit business. He says that one girl has a drove of more than twenty in her pens already. They

expect to eat 'em or sell them for meat. He declares that at the right stage, if properly fed, they are as good as chicken. He feeds his a diet of cabbage, lettuce, carrots, and hay for roughage.

CORRECTION IN PROGRAM AT THE ADA THEATRE

Next Wednesday and Thursday night the Ada Theatre will show a big double-header show, "Dudes Are Pretty People" and Charlie Chaplin in "Gold Rush" instead of the picture, "Henry Aldrich" as advertised in this week's theatre program. The latter picture will be shown some time later.

LIFE'S Little TROUBLES

-CAN'T SLEEP-

No need to lie in bed—worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomfort of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adlerika from your druggist today.

DO YOUR BIT IN THE FIGHT

KEEP YOUR RANGE IN FIGHTING TRIM

1. Wipe top burners with damp cloth after meals.
2. Use mild cleaner only for enamel, aluminum and chromium burners. Rinse with clear water, dry thoroughly. (Removable top sections, when so equipped, should be screwed or bolted back firmly in place.)
3. Should burner ports ever need cleaning, use remove food particles.
4. Gas range burners last for years. Star shaped burners of even the oldest ranges can generally be kept working like new by occasionally boiling each three quarts of one tablespoon of sal soda in water. Burner rods can be removed and cleaned by a rinse in hot soapsuds and cleaned some time. Replace in exact original positions.
