## The Lynn County News

Volume 39.

Tahoka, Lynn County, Texas. Friday, April 9, 1943.

Number 35

### Lynn County's War Bond Quota Raised

#### Farm Measuring Must Be Submitted To AAA Office

Each Lynn county farmer is expected to measure his own crops before planting time, according to Lenton Pool, county AAA administrator.

The farmer will be asked to bring enough measurements to the office to enable the AAA clerks to plot the different crops on the aerial maps. They will then be planimetered and a sketch of the fields and the number of acres they contain will be given to each producer. This measurement is to be accepted as final. A spot check of about ten percent will be made.

The pre-measurement of crops is designed for two purposes; first, because of an acute shortage of reporters, and second, to avoid the necessity of a slow-up which in the past has caused a considerable loss of time and effort.

It is suggested that the farmer draw a rough sketch of his farm, measure the fields either in chains or feet, and bring the sketch and measurements to the AAA office beginning Monday, April 12, to be plotted on the map and planimetered.

#### New Building Is Near Completion

The finishing touches are being given the new building just erected by A. I. Thomas adjoining the Deen Nowlin building on the south for occupancy by a cafe to be operated by Mr. and Mrs. Lee McPadden.

The McPaddens, who have previously operated a cafe in the Jack Dorley property diagonally across the street intersection from the Keltner hotel, expect to be ready to open their new business some time next week.

The building, 25 by 50 feet in size facing east on Sweet Street, finished in white, is one of the most attractive little buildings in the town, and the cafe will be one of the neatest, outside and inside, to be found in any small town in this section.

As a part of this same building project, Mr. Thomas has also completed an addition to Roy's Garage, 10 feet wide and 40 feet long, covering the space between the original garage building and the new cafe building. This, together with the additional drive-way space in front, gives much more floor space in the garage itself and also more outside space in front. The front of the garage and the Conoco building were also made to harmonize with the new structure, and is also an attractive building.

Mr. Scott, proprietor of Roy's Garage, says he is now much better prepared than ever before to take care of his customers and is greatly pleased with his roomier workshop.

Joe Wharton, brother of Winston Wharton, was the contractor who constructed these buildings. He also had the contract some months ago of reconstructing the entire A. I. Thomas building occupied by Wharton and Roy's Garage.

#### Two Small Fires During Past Week

The fire department has been called out twice in the past week to extinguish fires caused by burning trash.

Saturday, wind whipped flames from burning trash into H. L. Roddy's garage and set the building on fire. Quick action by the fire boys saved the garage and possibly the near-by house.

Tuesday, burning grass got out of control at the Bert Dollins place north of town and the fire department arrived just in time, to keep a large stack of feed from burning.

MODERN FARMING—Work of building terraces on the Carl Griffing place south of town is shown above. C. W. McClintock, a neighbor, is operating the tractor, and work was under supervision of the Soil Conservation Service, of which R. L. Littlepage is chairman of the Lynn county district. Many thousands of acres in Lynn county will be terraced in the district's program to conserve the soil.

#### Rotary Members Elect 4 Directors

Four directors for the ensuing year, whose terms of service will begin in July, were elected by the Rotary Club Thursday.

Those elected were W. T. Hanes, a member of the present board, and Dr. E. Prohl, Frank Parris, and Fred McGinty, new members on the board. Holdover members are Joe Heare and Otho Thomas. The retiring president, Truett Smith, will be the seventh member of the board.

The new members take the places of Houston Spikes and Frank George, who moved away, and Frank Hill, who retired.

The board of directors will elect the president, vice-president, and the secretary for the ensuing year.

Deen Nowlin presented the new War Bond campaign and explained the various kinds of bonds that will be on sale; and Travis Hanes made a pep talk in behalf of the drive.

Rev. H. E. Comstock of Nebraska, here in a revival at the Church of the Assembly of God, responded briefly to a call for a talk, and Rev. Art Brown conducted a short session of singing.

#### Showers Benefit Crop Prospects

The first rain of any consequence in several weeks fell over Lynn county this week, most of it coming during the early hours of Thursday morning.

The rainfall in Tahoka at that time amounted to .55 of an inch. Just a mere sprinkle had fallen before that time. Good showers had fallen in some portions of the county, however, on Tuesday afternoon. Meager reports from Wilson indicate that the rain was heavier Thursday morning in that vicinity than in Tahoka. John Heck says his rain gauge showed .77 of an inch.

These showers were helpful but more rain is needed.

#### Dallas Officer Will Make Stop In City

Ensign Betty Mackner, Dallas, recruiting officer for the WAVES, the SPARS, and the Marine, will be in Tahoka at the postoffice for a short time Friday, April 13, at noon to interview women interested in joining either organization as enlisted women or officers.

WAVES, SPARS, and Marines are all short on their quotas from this area and a special effort is being made now for women recruits.

#### FTA WILL MEET WEDNESDAY

There will be a call meeting of the F. T. A. in the Grade School building on Wednesday afternoon at 3 o'clock. All members are urged to be present, as there is important business requiring immediate attention, according to announcement given to The News.

Buy more War Bonds!

#### Methodist Church Improves Building

Work on a redecorating and general improvement program was begun Monday morning on the interior of the Methodist Church, to cost a thousand dollars or more, according to Walter Anglin, a member of the improvement committee.

Other members of the committee are R. C. Wood, chairman, C. O. Carmack, Dr. E. Prohl, Mrs. L. C. Haney, and Mrs. R. W. Fenton Sr.

Included in the program are repainting the ceiling and all of the woodwork, calkmining the walls, laying carpets in the aisles, reinforcing the concrete steps where needed, and building banisters for the steps.

All the work will be finished within a few days with the exception of laying the carpets. There may be some little delay in that because of difficulty in procuring just the carpeting desired.

A new altar has been installed already.

When finished, the church will be a thing of beauty inside, much more attractive, no doubt, than when it was first built.

Much credit for these improvements is due to the progressive pastor, Rev. H. A. Nichols.

America must not lose this war. Buy War Bonds now!

#### Two New Trustees On Tahoka Board

So little interest was taken in the school trustee election held here last Saturday that only 77 votes were polled.

With two trustees to be elected, three names appeared on the ballot, Winston Wharton, John Price, and Dr. E. Prohl. Wharton and Price were elected.

The two new trustees take the places of L. D. Howell and V. A. Botkin, whose terms expired.

The new board consists of the following members: Prentice Walker, John Slover, Truett Smith, Wynne Collier, Oscar Roberts, Winston Wharton, and John Price.

Carl Griffing has been secretary of the board for many years and will continue to serve in this position.

#### LEGION MEETING

All ex-service men are invited to attend the meeting of the Marion O. Bradley Post American Legion Tuesday night at 8:30, according to C. C. Coffee, commander.

Refreshments will be served.

C. H. Mansell, one of the pioneer business men of O'Donnell, was a visitor in Tahoka Tuesday.

JAP ELIMINATOR—The knives above were made by M. M. Davis of Midway for use by U. S. Marines. (See story below.)

#### Man Makes Knives For U. S. Marines

M. M. Davis of Midway community is doing his part on the home front to supply the boys on the fighting front with the weapons of war. He has a son, Floyd (Cotton) Davis, in the Marines.

He learned from Floyd that knives came in handy in fighting the Japs. So he proceeded to make one—a formidable weapon it was. He sent it to his son, and then his son's companions wanted one too. So he has made about five of the weapons so far, a picture of three of them appearing in this paper. The blade is several inches long and is as keen as a razor. We imagine that one in the hands of a Marine, adeptly used, would mow down a bunch of Japs at close range like maize heads.

Mr. Davis got some aluminum from an old Ford car, of which he made the handles. The blades are made from old files and wrenches that he picked up about the place. Take a look at the picture and see what a fine job he did in shaping them up into fighting weapons.

"Cotton" was quite an athlete in Tahoka high school, lettering in football, basketball and track. While at Midway, he won the Texas state championship in the rural pentathlon event at Austin, in which he set a new record that still stands.

#### Seven Crap-Shooters Land In Calaboose

The sheriff caught another bunch of negro gamblers here last Sunday afternoon. He found seven of them rolling the dice in Charley Malone's cafe "over on the hill." All of them entered pleas of guilty in Justice P. D. Server's court, and the fine and costs in each case amounted to about twenty bucks.

Three of them paid off but the other four were still in jail Tuesday.

#### April Bond Quota Set At \$415,000 In Second War Drive

Lynn county's April quota has been raised to \$415,000.00 in the Second War Loan drive which opens Monday, April 12, according to Truett Smith and Deen Nowlin, directors for Lynn county.

The War Bond drive over the nation has its goal set at 13 billion dollars, which Secretary of the Treasury Morgenthau says must be raised immediately to finance the war.

War bond committees and all other interested citizens are being requested to meet this afternoon, Friday, at 3:00 o'clock in the district court room to outline plans for Lynn county's part in the drive.

Nowlin is county war bond chairman, while Smith has been appointed co-chairman for this drive.

Every citizen must co-operate in this drive, Smith says, if it is to be put over successfully. Lynn county has always done her part, and investing every spare dollar in war bonds and stamps is mighty little for us to do here on the home front when our boys are dying because of insufficient equipment—too little too late.

Tuesday, Smith presided over a war bond program at the O'Donnell (Cont'd. on last page)

#### Pressure Cooker Clinics Planned

The canning season is just around the corner. Pressure Cooker Clinics are being held in all communities in the county that would like to schedule a clinic for this purpose. At this meeting, the pressure cooker gauges are checked under the supervision of the county home demonstration agent, Miss Carolyn Dixon. It is an all-day meeting; each woman brings a covered dish and her cooker or the cooker she will use this year. If the gauge registers too high, there might be danger of an explosion and over-cooked food; if a gauge registers too low there is danger of losing food—and, of course, much hard work is in vain.

Eighteen women were trained to check gauges at a Pressure Cooker Clinic held Friday at New Home. Clinics will be held at Tahoka at the home of Mrs. W. S. Taylor Thursday, April 15; at Draw at the home of Mrs. Wes Luitrell Friday, April 23. (This meeting was formerly scheduled for Friday, April 16, but has been changed to Friday, April 23.); and at Wilson at the home of Mrs. W. F. McLaughlin, Wednesday, April 21.

"In the communities where there are no home demonstration clubs, the president of the girls' 4-H club will be glad to give information regarding a clinic for her respective community," stated Miss Dixon—Council Reporter.

#### Errors Found In Transport Ration

Transport rations for trucks and pick-ups are being held up this week due to the fact that the Certificates of War Necessity are not filled out properly, Miss Frances Tunnell of the Lynn County Rationing office states.

Applicants are requested to call at the local Rationing Board office and correct the errors if they want gasoline for the next quarter.

#### MINOR IN FOREIGN SERVICE

First Lt. James W. Minor wired his mother, Mrs. John Minor, Wednesday: "Arrived safely. Feeling fine. Love." His whereabouts is not known but supposedly is North Africa. His wife is with her parents, Mr. and Mrs. Marshall Mason, at Post.

Have you done your part—by buying War Bonds for Victory?

ENGINEERS LAND IN NEW GUINEA—Here is a typical scene of American soldiers landing men and equipment for the Corps of Engineers on the tropical beaches of the Southwest Pacific.

Released by U. S. War Department Bureau of Public Relations  
RIVER IN NEW GUINEA—Fording streams in New Guinea is an everyday occurrence among American soldiers. Men in uniform with packs seek shallow water. Native helpers are heedless of deep pools.

## THE GROWL

### School Will Honor Boys In Service

"Would you like to buy a monument for the Tahoka High School students now in the armed forces to be placed on the school campus?"

Last week, Supt. W. T. Hanes called assembly and began talking about building the monument. When a vote was cast for the decision, all students voted for it.

The classes elected a committee to talk to Supt. Hanes, and \$30.00 per class was estimated as the cost of the monument. It will be temporary and the names of all Tahoka High School students will be painted on the monument. Slides will be provided to paint names of boys planning to enter the Services and when one goes, the slide will be placed on the monument.

Days have been set aside for different classes to bring money for the quota of \$30 of each class.

People who have relatives or friends in the Service that were once students of Tahoka schools are asked to send the names in to Supt. W. T. Hanes, Tahoka High School, or to The Growl, Tahoka High School, so that proper tribute may be paid to these boys and girls.

### Juniors Have Good Standing In Contests

The Junior class has accumulated a total of 25 points in the class meets, having won first place in volleyball and second place (against the Seniors) in basketball; however they expect to win other points in baseball, tennis, and declamation contests.

There are several boys and girls coming out for tennis. The tryouts for this game will be played this week.

Euelia Dollins and Bill Woods are the class leaders in all events.

### Picnic Planned For Senior Class Soon

A trip to the Brazos River, sun-burned arms, skinned knees, and freckled noses is what the Senior students are expecting next Friday, April 16. This is the day set aside for the annual all-day Senior picnic.

They are going to a place on the Brazos River that is located south of Grassland. They can climb rock hills, sleep in the shade of trees, or swim. They will carry their own lunches and are planning to make the trip in a truck.

### New Faces . . .

The new face for this week is a Sophomore girl.

Jo Nell McCleskey, former student from Dowell, Texas, has now enrolled in Tahoka High School. Her subjects consist of Algebra I, English II, Commercial Arithmetic, and Home Economics II.

### GIVE BOYS PICNIC

The first, second and third year girls are giving the Agriculture boys a picnic. They were scheduled to go roadside park Wednesday afternoon and after the picnic to attend the Baptist Church.

### NOTICE!

All Juniors and Seniors please notify Coach Powell or the president of the Junior class of your date by Monday. Those failing to do so will suffer by not being seated by your date at the banquet.

### OBLIGATION OF THE SCHOOL TO THE COMMUNITY

By Joan Owens

Did you know our school is obligated to our community? The school is obligated to the community because the community is made up of the people who back and finance the school. People pay taxes to help support the school, and the school should cooperate to progress as much as possible.

Students should attend classes as they can in order to keep their subjects affiliated. In everything that your school enters, the ones participating should do their best to win, not only for themselves, but for the school and community. If your school is known as a winning school, it will help the growth of your community. One of the first questions asked by new-comers in a

community is "What kind of schools do you have?" The school should cooperate with other organizations and clubs of the town in putting on programs for special occasions and holiday celebrations. Above all, the school should cooperate with the churches by not having entertainments on nights when the churches are having meetings.

Students, let's help build our community and school by cooperating with our Rotary Club, Chamber of Commerce, the churches, and all of our many other deserving organizations.

### Junior Play Will Be Presented April 23

The Junior play cast is becoming more and more "figity" as time draws near for the play, which is scheduled for April 23.

"Home Ties" is the \$1,000 prize play and is expected to be a "hit" with high school students as well as the townspeople.

The play is made up of four acts. Playing time is approximately two and a half hours. The cast has all the play memorized.

Ovid Lualin and Pat Hill have been selected in setting the stage scenery. They will also assist as prompters.

Mr. Avon Powell is director.

### WILSON NEWS

By Mrs. Frank Fletcher, Reporter

Rev. and Mrs. W. H. Jackson and daughters, Mary Ella and Annette, visited W. H. Jr. Thursday and Friday. He is in the Army camp hospital at Wichita Falls recuperating from measles and an infection on his neck. They also attended one session of the Baptist District Convention while waiting to get into the hospital to see Junior.

Mr. and Mrs. J. A. Ferguson and grand-daughter, Lavonne Ferguson, and Waneila McClellan, all of Post, visited Mr. and Mrs. C. T. Dodson Sunday.

Robert Milliken has enrolled in a Civil Service school in Roswell, New Mexico. He spent a day at home this week to tell home folks about it.

Mrs. E. T. Alderson fell late last Tuesday afternoon, sustaining a serious break near the hip of one leg. She was taken to the Slaton hospital and then to Lubbock General Hospital, where surgery was performed to put the bone in place. According to the last report, she was in great pain.

Mrs. W. H. Jackson and Miss Freida Ruth Lemon attended the Baptist Training Union convention in Dallas Tuesday and Wednesday of this week. Freida Ruth, a senior in the local high school, is training union leader of the local church.

Students and teachers in the high school had an all day outing at Tahoka Lake Tuesday with a fish fry in the late afternoon. The Juniors and Seniors caught the fish and passed them on to the Freshmen and Sophomores, who cleaned them.

There will be a school of Missions for young people at the Baptist Church Monday, April 12, and all young folk are asked to come to the Church immediately after school. There will be three classes under the charge of three able teachers from the First Baptist Church in Lubbock. The women of the church will serve supper to the young people.

### Sophs Try Out For Annual Class Play

Try-outs in Sophomore class have been completed for one-act play, "Oh, Say Can You Sing." The cast consists of Joyce Kenley as Lucy Blodgett; Claude Donaldson, Tom Driggs; Alice Jewell, Parker, Betty Blodgett; Johnny Wells, Danny Latta; Johnnie Mae Anderson, Wess Dobbs; and Lobbie Jean Minor as Mother Blodgett.

The only two contestants for spelling are Mary Elizabeth Wight and Jane Bosworth.

ple and the Brotherhood at 8:30, after which the entire group will be favored by a missionary address.

### T-BAR 4-H CLUB

The 4-H Club of T-Bar school met Friday, March 23, at 9:30 a. m.

Miss Dixon, county H. D. agent, asked all of us how many war bonds and stamps we had. Polly McMillan had twelve, and we decided to put all our spare money into stamps, and at least every time Miss Dixon

comes to have a ten-cent stamp. Then our president took charge and the secretary called the roll, and we had some new members, Cecilia Regino, Aminda Regino, and Virginia Sanders.

Those present were: Virginia Fultz, Bonnie Stevens, Betty Dorman, Cleo Fultz, Joyce McKibben, Polly McMillan, Cecilia Regino, Aminda Regino, Virginia Sanders.—Reporter.

## Game Warden Says Game Is Increasing

Warden F. O. Lytton, Lamesa, of the Texas Game, Fish, and Oyster Commission, who was here Tuesday on business, states that much progress is being made in the fish and game restoration program in this section of the state.

Many ranch tanks have been stocked with fish. He stated that he had recently seen many prairie chickens, on which there is a closed season for several years until the bird life can be restored.

He warns all citizens that close watch is being kept for violators of all game laws. Co-operation of citizens will permit the restoration of many types of game that would become extinct except for protection.

Mr. Lytton will show wild-life pictures at the Tahoka Rotary Club at an early date.

## SOUTHLAND CONDUCTS O. E. S. FRIENDSHIP NIGHT MONDAY AT MASONIC HALL

Mrs. T. H. Bernard and Mrs. Carl O. Stewart of Lubbock, two grand officers, were present at a traditional Friendship Night program sponsored by the Order of the Eastern Star Monday night at the Masonic Hall, with an attendance of 50 persons.

A tribute to our Service Flag was read by Mrs. C. W. Dean.

A beautiful program on Friendship was given after the chapter room was proclaimed a "Temple of Friendship." Each guest was presented with a Key, that they might wander through the rooms of the Temple whenever they desired. Those having part in the program were: Lonnie Collinsworth, Mesdames Hub Haire, Jack Cook, Mary Edwards, Sam Martin, and Glen Smallwood, with Mrs. H. V. Wheeler accompanying Mrs. Agnes Collinsworth in songs.

Representatives of Chapters included those from Snyder, Pecos, Slaton, and Lubbock.

The Hall was decorated with pot plants and yellow flowers.

After the program, coffee and individual cakes, with the word "Friendship" written across the top, was served.

## COLORED BAPTISTS PLAN LIBRARY AT CHURCH

The young people of the Pleasant Grove Baptist Church of Tahoka (colored) have employed a novel plan to raise funds with which to start a library for the use of the members of the church, and by this plan they raised \$106.16 in two weeks time.

They sponsored a contest to determine the most popular baby among the colored population. But instead of seeking votes for the different babies entered, they sought contributions. The contest closed last Sunday, when announcement of the results was made, which they have requested that we publish, as follows:

"Baby Loyd Junior and his adopted mother, Mrs. Ophie Hollins, reports \$15.08.

"Baby Jimmie Garland and his adopted mother, Mrs. Lottie Williams, reports \$13.74.

"Baby Joe Ray and his adopted mother, Mrs. Luria Washington, reports \$32.00.

"Baby Mattie Mae and her adopted mother, Mrs. Beatrice Brown, reports \$45.34; making a grand total of \$106.16."

"The Junior workers," they explain, "set out to purchase a bookcase for the church and to build a library, and everything is well on the way. We wish to thank everybody for their hearty support, and especially our white friends. The most popular baby in the contest was the granddaughter of Phillip Brown. The contest, or 'rally,' was directed by Mrs. R. B. Thompson. Under her leadership our young people are doing great work."

"The Pleasant Grove Church has made another step forward. Pastor Hollins has been called for full time."

## CARD OF THANKS

We wish to express our sincere thanks to our many friends for the lovely flowers and expressions of sympathy in our hour of sorrow—Mrs. J. O. Davis and Emma and Dr. and Mrs. Emil Prohl.

Mrs. Orron McRae and three children returned to their home in Dallas Sunday after spending several days here visiting her parents, Mr. and Mrs. W. T. Clinton, and other relatives.

## Delegates Named For Salvage Meeting

Lynn county members of the Texas State Salvage Committee have been invited to participate actively in the first Southwestern War Salvage Clinic to be held Monday and Tuesday, April 12 and 13, at Hotel Hilton, El Paso. Judge Chester Connolly, county judge, and J. K. Applewhite, will be Tahoka's delegates, and others of the salvage committee are also urged to attend.

The War Salvage Clinic will be the first joint effort of the Army, the War Production Board, Texas and New Mexico state salvage committees and Civilian Defense units to work out practical plans for the collecting and shipment of scrap in all counties in New Mexico and in 33 counties of West and South Texas. It is officially authorized by the Government and the results will be watched nationally as a pattern for scrap collection in other cities and rural areas in the U. S.

## HEN LAYS FREAK EGG

Another example of a desire to help put over the increased food production program came to our attention Tuesday when Mrs. Clyde McDonald of west Tahoka brought to The News office an egg measuring 7½ inches around the middle and 9¼ inches around the long way.

This egg, laid by a Rhode Island Red hen, when broken yielded the usual white and yolk and then, behold, another complete hard-shelled egg within the same shell. Breakfast for two in one nest package!

Mr. and Mrs. John Russell went down to Dallas last Saturday to meet and visit with their son Sherman, who is in an Army camp at Paris. Sherman's wife, who lives at San Saba, also went down. They returned home the next day.

The News received a subscription from C. C. Ross this week. He and family are now residing at Chula Vista, California.

Justice P. D. Server married a couple here Tuesday. The groom is a soldier and they came from Lubbock. Neither was known here.

Try a Classified Ad.

## VISITING IN CALIFORNIA

Early Wednesday morning, a group of Tahoka women left by car for California to visit relatives at various points in that state, each expecting to be gone several weeks.

Mrs. Eldon Gattis and her mother, Mrs. L. L. Pesterfield, in whose car the party made the trip were going to visit Eldon Gattis at Camp Roberts. Mrs. F. E. Redwine went to visit a sister in Fresno. Mrs. R. C. Forrester expects to visit her daughter and husband at Oxnard. Mr. Biggerstaff is a gunner's mate first class in the Navy. Mrs. Biggerstaff and Mrs. Forrester will also visit relatives in Los Angeles and do some sight-seeing in that section.

## CHILD BORN DEAD

Although born dead, funeral services were held at Harris Funeral Home here at 4 o'clock Sunday afternoon for the infant daughter of Mr. and Mrs. Burns Ellis of Three Lakes, born about 1 o'clock Sunday morning in the Lubbock General Hospital. It was given the name of Kathryn Ann.

Mrs. Ellis, the mother, the former Miss Helen Park, was reared in Tahoka, and many friends here are pleased to know that she is recovering satisfactorily from the trying ordeal.

Mr. and Mrs. J. W. Goodell and Mrs. Brown who lives a few miles east of Tahoka left Monday morning for Dallas to attend the Baptist State Training Union convention, which was in session in that city Tuesday and Wednesday.

## TO OUR SHOE DEPT. CUSTOMERS:

Since April 25, 1942, the fine top grades of all shoes produced in the United States, and many other fine shoe making materials, have been allocated to the WPB for our Armed Forces. Makers of shoes for Civilians get only what is left. There are no exceptions! No one can promise service and satisfaction according to pre-war standards.

We offer you the best shoes available today—their trade mark shows that—but, for the duration, shoes must be bought with the understanding that "Wear has gone to war." We can make no adjustments on shoes made during war time.

Buy the best shoes you can! Buy shoes only as you need them! Give shoes the best of care! Prompt repair means longer wear!

If your shoes wear out quickly, rip, and are generally not as good as you have been getting, yet cost you more, please don't blame us and the shoe manufacturer! Blame Hitler and the Japs.

**Lynn County News**  
Tahoka, Lynn County, Texas  
E. I. HILL, Editor  
Frank P. Hill, Associate Editor

Entered as second class matter at the post office at Tahoka, Texas, under the act of March 3rd, 1879.

**SUBSCRIPTION RATES**  
Lynn or Adjoining Counties: Per Year \$1.00  
Elsewhere, Per Year \$1.50  
Advertising Rates on Application.

**NOTICE TO THE PUBLIC:**  
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

How to provide employment for the millions of men now in the armed forces and other millions employed in war industries after this war is over is going to be one of the big problems of this nation. Of course the building of automobiles will be resumed on a mighty scale, and the building of commercial airplanes will compensate in part for the cessation of war-plane production, and other factories that now are almost idle will doubtless hum again. But all this will not begin to take up the slack. One of the ways in which much of this released manpower could be employed would be in the launching of a mighty highway-building program throughout the nation. Hundreds of thousands of miles of unpaved highways could be paved, and the pavement on most of the highways we already have should be widened from six to ten feet. Besides, all farm-to-market roads could be paved. If the hundreds of miles of lateral roads in Lynn county were paved it would be the greatest boon to the farmers of our county that has ever come to them. The same throughout the nation. A road and highway program like that throughout this country would absorb a lot of man-power for several years.

#### MESQUITES

Our friend Charley Guy, better known as the Plainsman in the Avallanche-Journal publications, and one of his readers, Bill Watson, are having a little tilt about the mesquites as a sure weather barometer. Charley says they are; Bill says it's the bunk. Charley says the oldtimers have always told him that when the mesquites put out, there'll be no more freezes, or words to that effect. Bill says that the mesquites were frozen out once in the Tahoka country, maybe more than once, and put out of circulation several years. Charley demands more evidence.

Well, we hate to butt into other men's disputes, but since we have lived in Tahoka almost twenty years and have seen the evidence ourselves, we make bold to rush to Bill's defense and cast our vote against you, Charley. One year the mesquites were green and beautiful and then came a withering freeze, and the mesquite leaves all turned black and dropped off. The same thing happened another year. One time many of the little bushes in the T-Bar did not come out again that year at all. But we have never known the mesquites to be "out of circulation" for several years on account of a freeze.

One trouble with some of the radio news broadcasters and commentators is that when things seem to be going our way they get so enthusiastic that they would make one think that the last little jab we gave the enemy was the death blow and that the war is just about over. And then the next day we are compelled to listen to the announcement that the sly old fox has escaped, or that our forces are being help up by the weather, or that Rommel may succeed in holding our forces back till Hitler has time to complete his fortification of the European coast so as to make invasion all but impossible, or that MacArthur has warned that the Japs are collecting their forces for a greater attempt than ever to invade Australia, and so it goes. To listen to these commentators, one would think one day that the war is likely to be over in six weeks and on the next day that it may last six years. The moral is: Don't get swept off your feet or knocked into the dumps by these radio wiseacres.

## ODDS and ENDS - - -

by Eec Eye, the Elder

This race problem keeps bobbing up here and there every now and then. Wonder if we're going to have it with us always.

Almost every week we read of some clash somewhere between negroes and whites, usually negro soldiers being involved. Just last week they had a regular riot out at one of the army camps on the west coast, when the negro soldiers went on a rampage, incited by some real or fancied wrong.

Even in Lubbock, one night last week, they had a near riot, when officers knocked a negro down who had become unruly, according to their report. Negro soldiers and civilians present took the side of the offending negro, and soon quite a crowd gathered, filling the air with curses and threats, some of them going so far as to curse not only the officers and the whites generally but also the government, it is said. The officers called the military police to help them quell the disturbance. A stern threat by the commanding officer had its effect, and the disturbance was quelled without bloodshed.

Now, we are not prepared to say who was to blame primarily in this Lubbock affair. We do not know whether the negroes had a real grievance or not in any of the other instances in which they have gone on a rampage and caused trouble. But we are persuaded that there are two chief causes of all these race riots and near-riots at and near our army camps.

One is whiskey; the other is the fool notion that white folks somewhere have put into the heads of some negroes that they are entitled to social equality with the whites. Put that notion into a burley negro's head, then dress him up in Uncle Sam's uniform, and give him a few drinks of whiskey, and you've got sure trouble on your hands.

We had practically no trouble at all of that kind in World War I. One of the first things we did in that war was to place a dry zone around every army camp, if the area was not already dry by a vote of the people.

But when such proposals were made soon after the beginning of this war some of our military leaders and the military authorities at Washington, particularly Secretary of War Stimson, went up in the air. They said the military authorities could handle the liquor problem bet-

ter if left to handle it in their own way. So, there is where the matter rests.

And, at some of our army camps, there is evidently entirely too much drinking by our soldiers, whites and negroes. Too much for the good of our country.

And some of us are getting thoroughly fed up on it—regardless of what Stimson might say.

This social equality craze among the negroes of the North has largely developed since the last war also.

"Social Equality" is one of the fundamental planks of the Communist party in this country, and while the party has never shown much strength at the polls it has done a good job of disseminating its doctrines among many who still vote the Democratic or the Republican ticket.

Among other things, it has promoted or encouraged the organization of a number of Negro societies or organizations of one kind or another in the North whose chief purpose has been to spread this doctrine of social equality among the members of the Negro race and to arouse their animosities against the whites. These organizations have been publishing a number of Negro newspapers, some of which have been very radical on this subject—veritable fire-brands that are calculated to breed only trouble.

And many good and benevolent white people, though impractical and visionary, believing there has been unjust discrimination against the Negroes—which may be true in some degree and in many localities—and desiring to help the Negro race, have encouraged the notion of social equality among the Negroes if they have not openly espoused the cause, and have thereby added fuel to the flame already flaring up into a veritable conflagration of race hatred and discontent among the Negroes in some sections of our country.

We greatly admire the fine motives that evidently have inspired Mrs. Eleanor Roosevelt, wife of our President, in her benevolent work and her political activities, but we believe that no one person in this country has done more to foster this dangerous aspiration on the part of some Negroes for social equality than she has done. We are truly sorry that she does not have the vision to foresee the trouble that she is breeding.

And there are many others of the "higher-up" who are also feeding this flame—government officials, public speakers, authors, magazine writers, newspaper columnists, and others.

Not long ago, we read an article written for a religious magazine by the noted author Pearl Buck.

In her zeal to break down and destroy "race prejudice" in this country—a desirable and praiseworthy end within itself—she went so far as to advocate absolute obliteration of racial lines and differences in all the relations of life.

Specifically calling attention to our "Jim Crow" laws as evidences and examples of "race prejudice," the only logical conclusion to be drawn from her article was that all race differences should be forgotten or ignored by us whites; that a Negro man should have the privileges of popping down on a seat by the side of a refined white woman in a railway car if he so desired; that Negro men and women should be permitted to swarm into cafes and sit down at the tables with whites whenever and wherever they chose to do so; that negro children and white children should be compelled to attend the same public schools, sit together in the same seats side by side in the school room, and that there ought to be no protest against such by the white children or their parents; that our laws prohibiting inter-marriage of the races should be repealed, and that there should be no bars, social or otherwise, against negro girls becoming the brides of our sons and negro men becoming the husbands of our daughters.

That is exactly what this craze for social equality would lead to; it is the end aimed at by the Negro proponents of the doctrine; and our good white women in high station in this country are playing with fire when they give encouragement to those who are seeking to break down all barriers between the races. And it is this social equality flame that has been kindled in the breast

of many a son of Ham that is causing much of this clashing of the races at and near our army camps. We can be just and free from unreasonable prejudice against other races without breaking down the racial barriers between us. God created us white and black and brown and yellow, and somehow or other we feel that he did not intend for us to blot out or ignore these racial lines that He has established.

We people in the South are not in favor of doing it, and we are persuaded to believe that most of the white people of the North are not in favor of doing it either.

The cultivation or encouragement of this aspiration in the blacks can bring grave trouble, for the stronger and more general this aspiration among them becomes the more frequent and the more serious will these race clashes become.

It seems to us that the great leaders in our country who have been feeding this unholy flame ought to have sense enough to see the danger

## UNIVERSAL MOTORS

4th & Walnut — FORD DEALER — Phone 4336  
Abilene, Texas

Ignition key in your pocket—  
ACID locked in your engine

You can't "pull the cork" to clear out every cylinder after pocketing that key. A chemical mixture always lingers inside. The corner druggist would tell you that the cylinders hold the acid products of combustion... the makings of corrosion.

You didn't have all that worry heretofore, when the worst acid was chased out again and again, by repeated driving—and by continued speed that thoroughly heated the engine. Now however, when you're counting every coupon, how long will it be till you next use your car and drive it far enough to make the engine stay real warm? Meanwhile, with acid in your one and only engine, as it stands for long stretches, you'd better take the precaution of hav-

ing it internally OIL-PLATED by changing to Conoco N<sup>th</sup> motor oil this Spring.

OIL-PLATING is really a close cousin of platings you see every day retarding corrosion. Conoco N<sup>th</sup> oil—at a popular price—includes the costly synthetic that makes OIL-PLATING come between acids and inner engine surfaces. Unlike mere liquid lubricant, ready to drain down to the crankcase promptly, OIL-PLATING tends to stay at its topmost point in your inactive engine, strongly opposing acid attack on inner parts that can't always be replaced these days. The simple key to OIL-PLATING is Conoco N<sup>th</sup> oil for your needed Spring change—at Your Mileage Merchant's Conoco station today. Continental Oil Co.

## Club Women Will Attend Assembly

Mrs. W. S. Taylor of Tahoka, E. R. Blakney Jr. of New Home, and Pat Swann of Wilson were recently elected by the Home Demonstration Club women of Lynn county to represent this county at the district meeting of the Texas H. D. Association to convene in Littlefield Saturday.

In addition to the duly elected delegates, it is expected that quite a number of other Lynn county club women will attend the meeting.

This meeting will be held in the First Methodist Church in Littlefield, according to Miss Carolyn Dixon, opening at 10:30 a. m. and closing at 4 p. m. Mrs. O. R. Copeland of Lubbock county is the District No. 2 president.

Mrs. Jess Swann of Wilson will assist on the program on the legislative committee's work.

## NEKON BOYS IN NAVY

Mr. and Mrs. D. M. Nixon of Grassland have received word that their two sons, who enlisted in the Navy on October 15, 1942, have each completed an electrician's course at San Diego, Calif.

Don M. (Button) Nixon is a former student of Tahoka High school, and Jasper is a 1942 graduate of the local school.

## Arthur Oden Dies At Levelland

Arthur Oden, about 50, a former pioneer of Grassland community, died at his home at Levelland at 3 o'clock Sunday morning, according to information furnished The News. Death came as the result of a long illness.

Funeral services were conducted at Levelland at 10 o'clock Monday morning and the body was then brought to Post for burial at 3:00 o'clock Monday afternoon. Brief funeral services were also held at the cemetery for the benefit of his numerous Lynn and Garza county friends.

Among the surviving relatives, in addition to his children, are two brothers, Allen Oden of Grassland and Alfred Oden of Post, and a sister, Mrs. W. D. Morris of Graham Chapel. Another sister, Mrs. Ed Res, lives at Sudan, and two other brothers survive. His wife died a few years ago.

Mr. Oden resided in the Grassland community for 25 or 30 years, removing to Levelland several years ago. He was well known and well beloved in the Grassland and adjacent communities.

## Miss Leavitt Succeeds Mrs. Pridmore In County Tax Office

Mrs. Beulah Pridmore has resigned her position as deputy county tax assessor and collector to accept a position as bookkeeper for the D. W. Gagnat Hardware company. She is to assume her duties at Gagnat's next Monday.

Assessor-Collector R. P. Weathers has named Miss Lauraine Leavitt, a teacher in the Tahoka High School, to succeed Mrs. Pridmore in his office, and she began work in his office Monday morning.

Miss Leavitt has been teacher of English in the Freshman and Sophomore classes in the high school here. She holds a B. A. degree from the Texas Technological College, and prior to her coming to Tahoka she was a teacher in New Mexico. She formerly resided at New Home and her parents still reside there.

## Baptist Revival Will Close Sunday

Good-sized crowds have been attending the revival services at the Baptist Church this week both at the morning and evening services.

The pastor, Rev. A. C. Hardin, has been doing the preaching in a most earnest and capable manner, and there have been several professions of faith and a few additions to the church.

Prayer services are being held by different groups each evening just before the regular services, and the men have been having prayer service at the church early each morning.

The music is being directed by J. W. Goodell, L. D. Howell supplying during his absence.

The services will continue until Sunday night.

The pastor, Rev. A. C. Hardin, will leave Monday to conduct a two-weeks revival at Loop.

**BAPTIST WOMEN.**  
Baptist women met in two groups for Bible study Monday afternoon.

Sallie and Walker Croles meeting with Mrs. Chester Connolly with an attendance of 11 and 13 respectively. Lunsford Circle met with Mrs. K. R. Durham with seven in attendance.

The women voted to entertain the High School Seniors again this year. The nature of this entertainment will be announced later by the Educational chairman, who with her committee will plan the details.

Pvt. Wm. R. Carpenter of Lubbock Army Flying School was home this week visiting his parents, Mr. and Mrs. Ed Carpenter.

## To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

## What You Buy With WAR BONDS

The biggest field gun in the Army. That's the 240-mm. howitzer. It's twenty-feet of barrel and must be pulled into position by tractors. After it is rolled into place, its own wheels are removed and the Big Bertha is set upon its emplacement ready to fire at its target some twenty miles away.

The cost of these huge guns runs into thousands of dollars but we can assure the Army of obtaining them by our purchases of War Bonds. Ten percent of more of your income is necessary. The easiest way is to join the Payroll Savings Plan at your office or factory. Let's "Top that ten percent."

U. S. Treasury Department

## J. B. FLORENCE WEDS LUBBOCK YOUNG LADY

Mrs. J. B. Florence of the Army Air Forces, Garden City, Kansas, and Miss Mozell Cates of Lubbock were married at 6 p. m. Saturday in Lubbock by Rev. White, Baptist Church pastor.

Among those attending the ceremony were Mr. and Mrs. Z. K. Hensley, Pvt. and Mrs. Lawrence Sherrod, and the bride's mother and sister.

The bride was reared in Lubbock, and J. B. was reared at Draw, being the son of Mr. and Mrs. W. Z. Florence.

J. B. will return to his camp at Garden City Sunday, and his bride will join him there in a few weeks.

Mrs. A. D. McDonald will go to Munday this week and to bring home her little son who has been visiting his grand parents there. Mr. and Mrs. Hope Haynes will accompany her and visit Mr. Haynes' parents in Haskell.

## Roy Bland Civilian Radio Man For Army

Mr. and Mrs. Roy M. Bland left Monday for Shreveport, La., after visiting relatives near here for the past several days. They were accompanied by their little son.

Mr. Bland has just completed five months of radio training under the Army Signal Corps as a civilian student. He expects to enter Louisiana Tech College soon for three more months of training, following which he expects to receive radar equipment for the Army.

He is the son of R. E. Bland of Brownfield, Route 1.

## GIRL SCOUTS

The Girl Scouts met at the home of Mrs. G. M. Stewart Wednesday afternoon at 4:30. The first part of the meeting was spent by looking at picture postcards which had been taken two weeks before.

As the meeting came to order, the girls discussed future plans.

There was one visitor, Miss Doris Jane Roberts, and six new members: Mary Jane Adamson, Eloise Boydston, Virginia Lee Wyatt, Rita Faye Johnson, Billie Lou Drager, Mammie Lee McCullen, and Joyce Hodge.

Other members present were: Lloydine Edwards, Betty Joe Tucker, Mavey Lee McMillan, Imogene Hargett, Nancy Ray Weathers, Greta Joyce Beard, Eddie Lois Hamilton, Jo Ann Henderson.

Chocolate cookies and sherbet was served as refreshments. Every girl had an enjoyable time. Reporter.

## RUNS NAIL THROUGH HAND

Fred House is carrying a hand in a sling since Wednesday when he ran a nail through it "the wrong way," he said, while doing some carpenter work on the bank building. By the "wrong way" he meant that the nail went through head first, inflicting an ugly and painful wound, requiring surgical treatment.

## Intensive Drill At Guard Meeting

Only a few men were absent from Monday night's meeting of the Defense Guard company, and enlistment is higher than it has been in a year, a full company of 75 men now belonging to the local unit, Co. F. 39th Battalion.

Intensive close-order drill by the company, platoons, and squads occupied most of the men, while others worked as members of the signal detail. Practice in posting the guard was also given.

Capt. E. R. Edwards and Sgt. R. P. Weathers announced plans for over-night maneuvers in co-operation with the Slaton company at Slaton in the near future, and the men voted to accept Slaton's invitation to the maneuvers.

Coffee, pie and ice cream were served 70 men by "the court house bunch."

Mrs. C. T. Oliver returned Wednesday from Fort Worth, where she had spent two or three weeks visiting her daughter, Mrs. John Brock. Mr. Brock is employed in an aircraft plant there.

## Ensign Jack Hancock Is Visiting Parents

Ensign Jack W. Hancock, "U. S. N. R.", has just recently graduated and received his commission from the Midshipman School of Columbia University, New York City, and is now visiting his parents, Mr. and Mrs. L. N. Hancock of New Home.

On April 15, Ensign Hancock will go to Columbus, Ohio, for further training at Ohio State University. His wife will accompany him.

A brother, Ensign Billy Hancock, is a Navy pilot somewhere on the Pacific.

The aged J. B. Halle, who had not been feeling well recently became really sick Tuesday afternoon, and on Wednesday afternoon his granddaughter and husband, Mr. and Mrs. C. B. Early, of the Redwine community, came up to town and took him with them back to their home. He had been occupying a room in the Carl Owens home here.

### CARD OF THANKS

I wish to thank all my friends, classmates, teachers, and the organizations whose flowers, gifts, cards, and letters helped to make my stay in the hospital more pleasant. Thanks to every one of you.—Jimmie Conley.

### CARD OF THANKS

Words cannot express our appreciation to our many friends for their thoughtful kindness to us during the loss of our baby, and for the beautiful floral offerings. May God richly bless and reward each of you.—Mr. and Mrs. Burns Ellis.

## Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' — Secretary Morgenthau.

## What You Buy With WAR BONDS

American flyers with the RAF are raining demolition bombs on Nazi cities today. These instruments of destruction so important in razing Nazi war plants, interrupting railroad transportation, and other war objectives, range now unto several tons.

The 500-pound demolition Bomb is one of the lighter ones. Bands are attached to facilitate handling and the fins are not attached until the Bomb reaches the airfield, because bending would injure accuracy. They cost up to \$500. Your purchase of War Bonds through the Payroll Savings Plan will help provide Bombs for our airmen. Let's "Top that Ten Percent."

U. S. Treasury Department

## New Home News

By Eva Lois Harmonson  
Mr. N. S. Abbott reports that his agriculture boys are doing some very interesting shop work. They are learning to make funnels, coal chisels, punches, threading bolts, nuts; also they are cutting and threading pipe, making rope, and are doing drilling operations.

We are glad to congratulate Mr. and Mrs. A. L. Pace on the birth of a baby daughter on March 31. They named her Anita Evelyn.

Roy Thurston and family visited in the Wilmer Smith home Saturday night.

Mrs. J. H. Kornegay is at Big Spring taking treatments for rheumatism.

Benhard Ernst has recently gone into the service of the United States Army.

A spring revival meeting under the direction of U. E. Lovelace from Morton will begin at Lakeview Baptist Church Sunday, April 11.

Last week during the revival meeting at the New Home Baptist Church all the students who wanted to were given permits to go to church. The whole school dismissed Wednesday and went to church from 11 until 12 o'clock.

Due to the tire shortage, New Home is going to have to operate with only four buses instead of five. Mr. Thurston's and Mr. Brown's buses will make two routes each morning and each afternoon. We are glad that no one is complaining about the extra running of the buses and of course we are glad that we can look forward to better equipment in the future if conditions will permit.

In the trustee election last Saturday, Mr. Jim Izard was re-elected from New Home, and Mrs. Cruse of Petty succeeded Mr. Culifer. Fritz Speckman was re-elected county board member.

## TAHOKA METHODISTS ATTEND MEETING

Mrs. H. E. Mather, president of the Women's Society of Christian Service of the Tahoka Methodist Church, Mrs. Ben Hardy, and Mrs. H. A. Nichols represented the Tahoka Society at the three-days meeting of the WSCS of the Northwest Texas Conference in session in Lubbock this week.

They report an unexpectedly large attendance and a great convention. Among the notable women present were Mrs. J. W. Bragg of St. Louis, national president, who addressed the meeting; Miss Reed, matron of the Wesley Home of San Antonio and for several years a missionary to Latin-American countries; and Dr. B. C. Ling, a brilliant and cultured Chinese woman who has served as a medical missionary in China.

The Society was in session Monday, Tuesday, and Wednesday of this week, with Mrs. C. A. Bickley of Abilene presiding.

Rev. H. A. Nichols, pastor of the Methodist Church here, accompanied his wife and attended most of the meetings.

### GIVES BOOK REVIEW

O'Donnell Study Club entertained with a guest day program Thursday featuring a book review by Mrs. Lenore M. Tunnell of the book, "The Robe" by Lloyd C. Douglas.

If every man, woman and child in the United States lays aside \$100 the aggregate will be about \$13,000,000,000 or the amount the Treasury must raise in its Second War Loan.

## How's And Why's Of Hominy Making

By Carolyn Dixon  
County Home Demonstration Agent  
A&M Extension Service

Due to numerous requests received recently by mail and by personal contact, the how's and why's of hominy are listed below:

Why have hominy? Miss Winifred Jones, Extension Specialist in Food Preservation, states that hominy is "an economical source of carbohydrate or energy food." It adds variety in the diet and is often a popular food served with pork and greens. Although it should not be served at the same meal with potatoes because both are high in starch content, it is not a substitute for potatoes. In addition to a carbohydrate, hominy has some protein and a small amount of iron and calcium; but most of the other minerals and all the vitamins originally found in corn are destroyed in the process of making hominy.

**Best Variety**  
The best variety of corn to use for hominy is corn with large flat kernels, because the broad type requires less time for lyeing. White corn makes a whiter and more attractive hominy; however, yellow corn can be used. Surecrops and Chisholm are varieties suitable for hominy which do well in Texas. The Yellow Hybrid has, also, been used for making hominy. Stowell's Evergreen is a good sweet corn that may be used. Hickory King is a variety

used by most commercial canneries making hominy.

### Selection of Corn

Select corn with uniform sized kernels. Butts and tips of ears are usually off-shape and should be left out. New corn which has dried in the field under normal weather conditions is best. If it is too dry it takes too long to remove the hull and the starchy portion of the kernel is burned by the long lye treatment.

### Steps in Hominy Making

1. Let corn soak several hours or over night in warm water. If corn has not been gathered long it may need to soak only one hour. If the corn has been gathered a long time or has been grown under dry conditions it might help to loosen the hull by boiling in clear water for 20 to 30 minutes, after soaking several hours.

2. Use iron, enamel, or porcelain kettle for lyeing process.

3. Make lye solution by dissolving 2 full tablespoons of concentrated lye in each gallon of boiling water. Usually 2 pounds of corn may be treated with 1 or 1½ gallons of solution.

4. Add corn to lye solution and boil rapidly for 25 to 40 minutes. Stir often and at the end of 25 minutes drop a few grains in cold water and see if the hull and eye slip out easily with a little pressure of the finger. Avoid cooking so long that the grains begin to get soft or the lye begins to burn the corn, making it dark.

5. Drain off lye solution.  
6. Pour on cold water. Either allow cold water to run over it or let it soak in cold water for 3 or 4 hours, changing the water 6 or 7 times to remove all traces of lye.

7. When large quantities are being made, place it in a barrel churn or an electric washer, if one is available. A gallon glass churn will do for small quantities, or the hulling may be done by rubbing with the hands. It takes 5 to 20 minutes of vigorous rubbing or churning to remove the hulls and eyes. If they are difficult to remove the first time, heat the corn to boiling in clear water and churn again. Repeat this until they are removed.  
8. Cook the hominy until tender and salt to taste if it is to be eaten fresh. If it is to be canned, boil for about 20 minutes.

**Canning Hominy**  
While boiling hot pack loosely in pint glass jars or C enamel No. 2 cans. The corn should be about 2 inches below the rim of the container. Add ½ teaspoon salt per container. Then fill with boiling liquid to within 3-4 inch of top of jar or ½ inch of top of can. Seal and process at 16 lbs. pressure for 50 minutes. (See Extension Service Bulletin B-85, "Canning Fruits and Vegetables," for making altitude changes.) Cool cans immediately; cool jars as soon as possible; and store in a cool, dark, dry place.

**Problems Involved**  
Dark hominy may be caused by not stirring during lyeing, by lyeing too long, by poor washing after lyeing, and by not having product hot enough when sealed. Sometimes hominy in plain tin cans turns dark. Pink hominy is produced by overheating or stacking without cooling after canning.

Mrs. Lepore M. Tunnell and Savannah Lou spent last week end visiting Mr. and Mrs. Charles Stewart at Ballinger. While there they enjoyed a successful fishing trip to the Concho river.

## American People Face Acid Test in Treasury's 2nd War Loan To Raise 13 Billion Dollars in Three Weeks

### The Nation Dare Not Fail in This Greatest Financing Task in History—"They Give Their Lives—You Lend Your Money."

Washington, D. C.—Coming as it does upon the heels of income tax payments, the people of America will face an acid test this month when the Treasury's Second War Loan drive opens April 12 with an objective of thirteen billion dollars to be raised through sale of Government securities.

A substantial part of this huge financing, the most stupendous ever undertaken by any government in the world's history, must be loaned by people in ordinary walks of life.

High Government officials have pointed out that the nation must not fail in this duty to our men on the battle fronts who are now carrying the offensive to the enemy at every stage. It is obvious to every thinking man and woman that as the United Nations take this offensive against the dictators, the cost of war operations increases in proportion.

The American people must not longer think of war costs in terms of equipping a soldier, building a tank or plane or a ship. We must now think in terms of the cost of battles, invasions and new offensives. Attacking armies cost more money than equipping that army and we must meet that increased cost by buying more War Bonds and Second War Loan Securities.

### They Give Their Lives.

It is not only necessary that the American people left here at home assume this additional participation in the war effort—it is an honor to do so . . . for we here at home can do no less than attempt to approach the sacrifices of our brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives . . . we are asked only to lend our money.

And that is the theme of the Second War Loan, "They Give Their Lives—You Lend Your Money."

Financial experts who know monetary conditions in the nation point out that at the present time there is in liquid funds, cash and commercial bank deposits over and above taxes and present investment in Government Bonds, and over and

above what can be bought this year because of restrictions and rationing . . . approximately 40 billions of dollars which should go into Government Bonds.

It should be the objective of every American to invest these loose dollars, idle dollars, in Government securities, not only from a patriotic standpoint, but from the standpoint of their own financial security. There is available during the Second War Loan a type of Security to fit every pocketbook.

### Are Wild Dollars

Every dollar of these forty billions of dollars available, which is not invested in Government securities during this War Loan Drive is a "wild" dollar which, together with its mates, will tend to increase inflation. Uncontrolled inflation might raise the cost of living to a point where the dollar is worthless. It can happen. It happened in Germany after the last war when the price of a loaf of bread cost more than an annual wage.

Invested in Government securities, your dollar will work for you. It will hold down inflation because it is harnessed in war work; it will help buy food, transportation, munitions for our boys on the front lines and it will be earning interest that, together with your original loan, will come back to you later to help you buy the things you cannot buy today . . . to insure your peace of the future.

Remember those boys out there . . . in Tunisia . . . in the South Pacific . . . They give their lives—You lend your money.

Elmer Rice, one of the mail carriers at Wilson, was a Tahoka visitor Monday afternoon, and made a pleasant call at The News office.

Mrs. Clyde Hartman left Sunday for a two-weeks visit with her friend, Mrs. Owen McRay, in Dallas.

**Former Resident Visits Here**  
Medford Moore, wife and two children of Denver, Colorado, arrived last Saturday for a two weeks visit with his parents, Mr. and Mrs. Lit Moore of New Home, and other relatives.

Medford spent all of his boyhood days in this county but left here about twelve years ago before he had hardly reached manhood's estate. Since that time he has married and now has two children. He had not been back to the county since he left here, though his parents had visited him in Denver.

## C. L. DRIVER DAIRY

**FOR SALE  
RUBBER  
1¢ a pound  
You come get it  
at Singapore**

**The world price of rubber** was 22½ cents a pound before the treacherous Japs seized the East Indies and obtained control of the rich rubber supplies of the Far East.

Today they are offering the rubber for ¼ of a cent to 1 cent a pound . . . with no takers, even by Nippon's Axis partners, because the United Nations blockade has cut off shipping from Singapore.

As an American whose driving has been coupon-rationed . . . not because of lack of gasoline . . . but by a serious shortage of rubber . . . be thankful for the blockade which has made the Jap bargain sale of rubber a flop. Be thankful too that there is no U. S. blockade on research.

Long before the war, the Phillips research laboratories, always engaged in seeking new and better things from

petroleum, was learning the secrets of synthetic rubber and 100 octane aviation motor fuel.

This knowledge and Phillips great resources of raw materials are now teamed in the war effort.

Our part in winning the war is to expand enormously the production of synthetic rubber and 100 octane aviation motor fuel. Your part is to reduce driving and thus conserve rubber, until midsummer 1944 . . . the date on which Rubber Director William H. Jeffers predicts that with your help . . . the American people will be over the hump of the rubber problem.

When victory comes, when you can again PHILL-UP with PHILLIPS to your heart's content, we confidently promise you that today's concentration on petroleum research will bring you almost undreamed of improvement in Phillips 66 Gasoline.

# \$415,000—OUR QUOTA

NOT FOR ALL THIS YEAR, NOT FOR NEXT MONTH, BUT—

*For the Month of April*

Lynn county has been assigned the stupendous task of investing this month—the month of April—the sum of \$415,000.00 in U. S. War Savings Bonds—as our part in the nation's goal of \$13,000,000,000 (13 billion).

Our boys are doing without . . . doing the best they can . . . fighting and sacrificing and dying that Free America . . . you and I . . . might live in peace. We cannot live . . . they can not live . . . unless we help them fight the battles. We can help! And how easy! Just by investing a few dollars . . . many dollars . . . in U. S. War Bonds in order that they may have food and ammunition and weapons of war! It must not be said, it WILL NOT be said, when our boys come marching home, that we, the people of Lynn county, did not do our utmost on the Home Front!

Lynn county has always done her part in every worthy public duty. We MUST NOT FAIL in this one. Buy and buy and buy now that we may win on the battlefields. War bonds are on sale at your bank and post-office. Buy NOW—until it hurts!

***“They Give Their Lives -- You Lend Your Money”***

We on the home front face one of the most personal challenges of this war to date. That challenge is whether or not we are willing to sacrifice to a sufficient extent to lend our government thirteen billion dollars — \$415,000.00 from Lynn county — within the next few weeks.

To do the job, you and I, and everyone we know, are going to have to dig down in our sock—to dig out some of those dollars we have salted away for a rainy day—as well as to take a good hunk out of this month's pay check.

This is a job that has to be done. Sure, we on the home front are

feeling the pinch of war. We have gasoline rationing, food rationing, higher taxes and a lot of other little discomforts. But they are nothing compared with the agonies faced daily by our men—men from this county among them—out there on the fighting fronts of the world.

Yes, we know that this constant demand for more money out of our pockets and out of our paychecks—an increasing amount each month—is monotonous. But so is sitting in a fox-hole or lying in a slit-trench day after day, slogging through the hell of a humid jungle or that of Sahara sand.

Our sons, friends, brothers, husbands and others we know are doing that for us. They are facing something more terrible than cutting down on a few things that we once thought were essential to the American standard of living in order to do it, too. As Secretary Morgenthau has said: “Shall we be more tender with our dollars than with the lives of our sons?”

The Second War Loan is an order to the home front to go on a new offensive. Your dollars are weapons in this attack. They will make possible the passing of ammunition to those boys up there in the front

lines. To win this war is going to cost more and more money—and more and more lives. But the price of freedom is high. We can not; we dare not let our fighting men down.

You can't let George do this for you. You must pitch in with your dollars. Just keep in mind those boys in the front line. They give their lives—you lend your money! Don't wait for someone to come around and ask you to do it. Do it today—and do it until you feel worthy of them.

There are seven different types of U. S. Government Securities for you to choose from!

## Southland News

(By Mrs. Marvin Truelock)

In the election Saturday, R. O. Rankin was chosen mayor. Councilmen were: Donald Pennell, Herbert Dunn, Sampson Gilliland, M. A. Truelock, and Ed Martin, City Marshal, W. M. Weaver. School trustees were: H. V. Wheeler and A. J. Beck, both re-elected.

The Junior play, "Let Her Go, Gallagher," was given Friday evening with Miss Frances Caffey as sponsor. The cast included Marilee Crisp, Roella Rankin, Reed, Roderick Duff, Allawane Bland, Scott Russell.

The Home Ec. girls put on a radio skit between acts. The girls were: Olive Davies, Virginia King, Doris Nelson, Doris Becker, Janie Morris, Annie Mae Voigt.

The Home Ec. Club is sponsoring a gathering of books and magazines for boys in service, and would appreciate contributions.

Last Sunday Clarence Voigt fell and broke one of the bones in his right arm. He was playing in a wagon at the home of his uncle, Walter Voigt.

Mrs. H. C. White and daughter, Mrs. Harman Irwin, accompanied Billy White to Lubbock Saturday. He began work Monday of this week in Montgomery Ward's there.

April 5th Billy Basinger will be transferred to Kingland, Arizona, from Florida. He hopes to stop by to see his parents.

Staff Sgt. Charles Sokoll Jr. rode the bus out even with his home a mile south of town and surprised his parents with a visit. The last letter they had from him, they supposed he was in Africa.

LeRoy Voigt was expected home Sunday. He has been visiting relatives and friends in Bartlett for the past ten days. Edmund Wilke went to Bartlett Thursday of last week.

Mrs. Donald Pennell and children, Mrs. J. F. Pennell and Miss Johnnie Mae Pennell of San Angelo visited relatives in Canyon Valley last Wednesday. The visitors left for home Friday.

Linda Lee Davies, daughter of the Kenneth Davies, had for dinner guests Sunday (which was her third birthday) her grandparents, Mr. and Mrs. C. S. Oats and Mr. and Mrs. A. F. Davies.

Henry (Babe) King had to send some of his clothes home as he is moving from Fort Sill soon. So, he decided to bring them and surprise his folks.

Ellery Lambright of Slaton came Saturday to spend a week with his grandparents, Mr. and Mrs. John Irwin, who returned last week from a fishing trip to South Texas.

Thursday night of last week, the four-room home of Mrs. Cockrell of Pleasant Valley would not hold the crowd which gathered for the musical. The ten musicians who played violins, guitars, and tenor banjos were from Draw, Pleasant Valley, Grassland, Morgan, and Hackberry. Thursday night of this week, the musical will be in the Hackberry school house, which has recently been re-wired for electricity. We wish we could print the schedule of these gatherings but the invitations are impromptu.

Monday of this week is Friendship night with the local Masonic Lodge and Eastern Star. To date, the secretary has not heard from all the towns they extended an invitation to. The Southland Service Flag will be on display in the hall.

Mrs. Wendell Saunders and daughter, Sharon Lee, spent Friday with Mrs. Dan Siewert. Mrs. Saunders' brother, Pfc. Bryce Meers, now weighs 160 pounds. He is stationed at Freeport, Texas.

J. M. Corley is in the Navy and his address is San Diego.

Staff Sgt. Fred Fletcher writes that they are spending their time before embarkation in toughening up. One method is crossing streams by ropes, with an icy bath the penalty for a hand slip. But the expected orders to "stay in camp until they sail" hasn't arrived yet.

Mrs. Dicy Fry returned to her home in Winters after a two weeks' visit here with her daughter, Mrs. George Bahlman. Mr. Bahlman's sister, Miss Hilda Bahlman, had just returned after visiting relatives here.

Mr. and Mrs. R. O. Mabry of Lorenzo and Mr. and Mrs. W. P. Lester of Hackberry were Sunday dinner guests of their sister, Mrs. H. C. White.

We hear the Marcus Wilkes have moved to the farm where the Walter Wilkes formerly lived.

Clarence Gene Jensen of Brownwood came last Sunday night to spend two weeks with his grandparents, the E. F. Parkers.

J. E. Kelley and wife have moved to Tahoka from Slaton. They are the parents of Mrs. Henry Wyatt.

Lynn County's Quota for April is \$415,000

# The 2nd War Loan Starts April 12

## 13 billion dollars must be raised!

**THE GOVERNMENT** of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

### We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year still won't be enough!

### We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

### And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building.

... We've got to match, as best we can the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peace-time jobs making peace-living for every one of us.

For your Country's sake—for your own sake—invest all you can!

### There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:

**United States War Savings Bonds—Series E:** The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

**2½% Treasury Bonds of 1964-1969:** Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000, 000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

**Other Securities:** Series "C" Tax Notes; ½% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

## Bond Drive ...

(Cont'd. from first page)

Rotary Club, following which O'Donnell citizens pledged to do more than their share. Talks were made by Nowlin and Supt. W. T. Hanes on the bond drive, and Rev. Art Brown presented a short musical program. Chas. Doak of O'Donnell also spoke.

Responding to Secretary Morgenthau's urgent appeal that newspapers and business men include the campaign in their publicity and advertising schedules, the Tahoka Chamber of Commerce and a group of businessmen readily agreed to co-operate. Others probably would have joined them if contacted.

Readers of The News are urged to read the War Bond ads. this week and join in the drive.

## 17-Year-Old Boys Wanted By Navy

Seventeen-year-old boys are still able to enlist in the Navy for training in trade schools, according to Chief Petty Officer Harris of the Lubbock recruiting office who was in Tahoka Monday.

Boys wishing to enlist must have a birth certificate and their parents' consent. Fifty trade schools are open through the Navy for such boys, and the enlistee may make his own choice.

Mrs. Pledger Coleman is returning to El Paso in a few days after spending a few weeks here looking after business matters.

Grandmother Middleton, who has been seriously ill, is reported to be slightly improved the past few days.
