'Grandpa' Haile, 87 Beloved Citizen, Taken By Death

Numerous friends here were grieved to learn Sunday morning that J. B. Haile, 87, had passed away early Saturday night at the home of his daughter, Mrs. E. P. Haile, near Levelland.

The aged man had been a resident of Tahoka for the past several years and he was a familiar figure on the streets of the town, visiting many friends in their offices or other places of business almost daily.

He was also a very devoted member of the Baptist Church and up to the time of his last illness, with which he was stricken about two months ago, he was as regular in his attendance upon its services as almost any other member. Each Sunday morning found him in his place in the Sunday school, regardless of weather conditions, and at night he made his way to the services by the light of a flashlight which he had procured for the purpose.

But the ravages of Time gradually made his step unsteady, and one Sunday morning his seat at the services was found unoccupied. His condition growing worse, he was taken by his grand-daughter, Mrs. C. B. Early of Redwine, to her home during the week, and then his daughter, Mrs. E. P. Haile of Levelland, mother of Mrs. Early, came down and spent a couple of weeks here helping to care for her father. Then she took him to her own home near Levelland.

His strength continued to fall, and he fell often. But at about 9:30 o'clock Saturday night he arose from his bed and had scarcely gotten to his feet when he fell to the floor, dead. His heart (Cont'd. on last page)

Sgt. Bill Boydston Recovers Wounds

Staff Sgt. Wm. W. (Bill) Boydston, 21, son of Mr. and Mrs. John Boydston, who was wounded in the North African war on April 26, writes his parents that he is well and feeling fine.

Another Boydston boy, Sgt. Ted Boydston, 24, was likewise in the North African warfare. Both have been in the Army about four years. Two other sons of the Boydstons are in the Army, Pfc. Elmore Boydston being located at Long Beach, Calif., and Pvt. Glenn Boydston at Garden City, Kan.

The letter from S/Sgt. Bill Boydston, written May 9, follows:

"I got your letters and was oh so glad to hear from you all, and, of course, glad to hear that you are well and fine.

"I haven't seen Ted in a while but I believe he is O. K.

"I have been in the hospital a few days. Got it in the legs, arms, and shoulder by shrapnel, but I was lucky and didn't get hurt bad, for I am getting out of here Monday. I hear the War Department lets you know things like this, and it worries me to death because I know you will worry about it. But, I am good as ever again. This is sure a good hospital here.

"I am sure glad to be getting out tomorrow, because I sure feel useless here in bed.

"Don't let anybody tell you the American soldier is not the best, because they are still tops."

COLONEL VISIT HERE

Col. Walter Shaddix and wife of Lubbock visited Mr. and Mrs. N. E. Wood Sunday. Col. Shaddix is head of the Medical Corps at the Induction station in Lubbock.

Baptist Youngsters Visit Encampment

Thirty-two Tahoka boys attended the Baptist encampment at Ceta Canyon, situated a few miles east of Happy, from Monday till Wednesday of this week. They were accompanied by Rev. A. C. Hardin, pastor of the Baptist Church, W. A. Reddell, Sunday School superintendent, Miss Opal Smith, education director, Mrs. V. A. Botkin, Mrs. E. I. Hill, and B. T. Smith.

Hundreds of boys, coming from all the plains and sub-capprock counties from Amarillo on the north to O'Donnell on the south and from Matador and Spur on the east to the New Mexico line on the west, were there to enjoy the sport and to profit by the instruction and inspiration to be gained from the discussions, religious services, and programs. Rain, Hail Storms Damage Big Areas

Paul J. Lawson Is Killed In Storm

Paul J. Lawson, 39, a well-known citizen of this county residing eight miles east and a mile and a half north from Tahoka in the New Lynn community, was instantly killed by a bolt of lightning which struck him down in his yard at about 7:00 o'clock Sunday evening when he went out of the house in the rain to look after some chickens.

A very keen clap of thunder came, Mrs. Lawson says, soon after he left the house, and when he had not returned, several minutes later she sent her little son and a neighbor boy out to see about him but they failed to locate him. Then she went out and found him lying, face downward, in a puddle of water near the (Cont'd. on page 3)

Lightning Fires Cotton Warehouse

During the terrific electrical storm which visited Tahoka last Friday night, lightning struck one of the R. W. Jr. and Jack Fenton cotton warehouses situated on the old cotton yard west of the gin district, setting it afire, and virtually destroying it and its contents, consisting of 83 bales of cotton, and a quantity of bagging. The bagging belonged to the Tahoka Co-op Gin.

The house was partially covered by insurance. Being constructed largely of sheet iron, a large part of the metal possibly can be salvaged. The cotton was also covered by insurance. The Gin Company had insurance on the bagging, possibly not sufficient to cover the loss, however, it is stated.

Rain was falling when the lightning struck and continued to fall for some time. The Fire Department was not long in reaching the scene and turning the water onto the blaze but a cotton fire is very difficult to extinguish, and fire inside the bales was still smoldering the next morning, though water was still being thrown onto the mass.

The accident occurred when she stumbled over a stump.

Many Crops Fall Victim To Storms; 1.39 Inches Here

Light showers to heavy rains fell over Lynn county both on Friday night of last week and on Sunday night.

The rain along the north line of the county in the vicinity of the Wayside gin and of Woodrow in Lubbock county, and in some other localities in Lynn county Friday night was exceedingly heavy.

On Sunday afternoon and night, it was likewise very heavy over a large scope of country lying adjacent to Tahoka on the east and covering much of the Edith, New Lynn, and Grassland communities. It was also exceedingly heavy along the east line of the county in the vicinity of Gordon, Hackberry and Southland. In some places east of Tahoka in the Edith community water covered the highway two or three feet deep. According to reliable reports, it was fully as heavy in the northeast portion of the county. Rainfall in both these areas has been estimated at 4 or 5 inches, being among the heaviest that ever visited this section of the state. Lakes were filled brimming full.

Hail in destructive quantities also fell over a large area east of Tahoka, and much damage was like- (Cont'd. on last page)

Troy McAllister Is Buried At Lubbock

The body of Troy W. McAllister, Aviation Ordnance Man 3/c, U. S. Naval Reserve, who was killed in an airplane crash in Washington on or about May 14, was buried in a Lubbock cemetery Wednesday.

News came several days ago that the bodies of McAllister and the four other members of his crew together with their wrecked plane had been found on May 25 on a mountain-side near Montrose in Washington 5,500 feet above sea level.

A telegram came to the victim's grandfather, W. N. McAllister of Draw, on Tuesday, May 14, advising that McAllister had been missing since the preceding Friday, when he and companions were known to have taken off over Puget Sound. Searching parties were sent out with the result that the bodies were found nearly two weeks later.

McAllister's mother, Mrs. Lena McAllister, resides on a farm about fifteen miles south of Draw near the Borden-Dawson county line, on rural route No. 1 out of O'Donnell. His father, Archie N. McAllister, a veteran of World War I, who was shell-shocked and his health impaired in that war, is now employed at Monahans as a cook. He is not dead as was erroneously stated in these columns three weeks ago.

Young McAllister was a member of the Air Corps of the U. S. Navy, and the body was accompanied to Lubbock by representatives of that branch of the service and was buried with military honors.

McAllister was born in Lubbock November 11, 1922.

It is now being proposed that the Government set aside a fund with which to pay for advertising in the newspapers of the country. At first blush, this looks good to the newspaper fraternity, for they are asked to run free of charge column after column of Government propaganda for this project and that, this cause and that, day after day and week after week, for no remuneration whatever. Nevertheless, the proposal is a dangerous one. It would give government agents power to favor some newspapers while ignoring others, to place advertising with friendly newspapers and withhold it from hostile ones, to use the patronage of the Government as a means of whipping newspapers into line. If some private interest sometimes influences the policies of the newspapers, by advertising patronage, as is frequently charged, how much greater would be the power of the Federal Government to dictate the policies of the newspapers through government patronage! It certainly would be an opening wedge that, in time, might destroy the freedom of the press.

We do not have too much confidence in the latest government set up in Argentina. Castillo obviously was pro-Nazi. He licked out of Hitler's hand incessantly. He would not cooperate with the United States nor with the anti-Axis nations of

ODDS and ENDS

by Eec Eye, the Elder

The efficiency with which the totalitarian machine works in all the Axis countries is strikingly demonstrated by the almost complete ignorance in which it keeps the people in the axis countries respecting the progress of the war.

It puts out the information which will best serve its ends, withholds all information that might hamper it, and manufactures whatever "information" it may deem desirable from time to time to contribute to its success.

For instance: The Avalanche-Journal Sunday quoted from a letter written by a former Lubbock man, T/Sgt. Orville J. Moore, now stationed at an internment camp for war prisoners at Florence, Arizona, to his brother, Deputy County Clerk Louie F. Moore of Lubbock, in which the Sergeant stated that it was humorous to see the looks on the faces of the Italian prisoners arriving by ship in New York recently as they peered in astonishment at the New York skyline without finding any evidences that it had been ravaged with bombs.

"They had been informed over there," Sgt. Moore explained, "that every major American city not only had been bombed but that they were masses of rubbish."

That was a lie that Mussolini or his co-conspirators had put out among the Italian people to bolster their morale and make them believe that the axis was winning the war. They were kept in utter ignorance of the real facts. Mussolini must

South America. As a result Argentina was getting no sympathy and no spondulix from Uncle Sam. Somebody down there conceived the idea of an over-night revolution and the set-up of a new government. It was done. But immediately the Western world became suspicious that it was an inside job. So, promptly another revolution was staged; or at least another man was declared head of the provisional government, a man who was in Castillo's cabinet. In our humble opinion, those Argentinians will do to watch.

It looks as if the landing of allied troops on the soil of continental Europe is imminent, though we can not tell how much of the talk is genuine and how much is made for the purpose of making Hitler and his cohorts more and more jittery. Blasting at the heart of Germany with block-busters, however, will, in the course of time, make Germany more easy to invade, jitters or no jitters. If the invasion with land forces is now beginning, we hope that the air bombardment continues to increase in intensity from day to day and week to week until both Hitler and Mussolini look like curs that had just had an encounter with a couple of wildcats.

Do your part! Get in the SCRAP!

keep his people in ignorance to hold them in line.

Another instance: When Rommel fled from North Africa, leaving the bag to be held by Van Arnim and those German soldiers who couldn't get away and by the bedraggled Italian army, and when the axis forces suddenly and utterly collapsed, the people of Germany heard the news with wide-open mouths, perfectly dumb-founded that such catastrophe could have befallen the German army. They had been fed on the lie, repeated after each retreat of the German forces, that they were retreating merely for the purpose of taking up more advantageous positions and that everything was going "according to plan."

Hitler and his co-criminals had kept the German people in ignorance of the real facts and had deliberately fed them a string of lies to keep up their morale. But the truth had to be admitted when the crash came, though Hitler and Goebbels and the others hatched up a new brood of lies to offset in some degree the depressing effect of the bald, naked truth.

Totalitarianism can thrive only by keeping the people in the dark as to what is going on.

Still another example: When the Japs made war on the United States, it was found that they had already taught every Japanese soldier that death in every instance would be preferable to surrender. And after they had begun their treacherous war, they kept pounding it into the mind of every soldier they sent out that if captured by the Americans they would most assuredly be terribly tortured and then summarily put to death.

It is due partly to this belief that a Jap rarely ever surrenders; he prefers to die in his tracks, in a tree, just anywhere—and he usually dies fighting back.

Thus, by a lie, the Jap war lords have made good soldiers out of many who otherwise might have quailed and surrendered in the face of certain defeat. Totalitarianism in Japan thrives through the practice of deceit and through the simple formula of keeping the Jap soldier as ignorant as a Hottentot respecting their real chances of losing this war and respecting every fact and circumstance that might weaken their morale.

Thus the Japs are being led by their masters like sheep to the slaughter. They will never know that they are losing the war until every industry in Japan is bombed into fragments and every city turned into ashes.

Nazism and Fascism and Japanese Militarism can thrive only by deceit and by suppression of the truth.

But "truth crushed to earth will rise again," and some day, on the ruins of Nazi Germany, of Fascist Italy, and of Militaristic Pagan Japan, will rise the majestic form of a deathless Democracy—deathless because the people will have learned that dictatorships mean the enslavement of the masses, war among the nations, and the death and destruction of everything that contributes to the happiness and the well-being of the entire human family, including even themselves.

God still reigns and "His truth is marching on!"

Mrs. Oleta Boydston is here this week visiting friends and relatives. For the past several months she has been at Miami, Florida, near her husband, Pfc. Elmore Boydston, who has been transferred to an Army Camp at Long Beach, Calif. The Boydstons formerly operated the Modern Barber and Beauty Shop.

Victory Garden Pays Dividends

By Carolyn Dixon
County Home Demonstration Agent
A. and M. Extension Service

Mrs. A. C. Weaver, Tahoka Home Demonstration club woman, who lives in Tahoka, planted a Victory Garden 24x24 feet the last day of February.

It consisted of the following: 3 rows of tomato plants, 1 row of beets, 2 rows tendergreens, 1 row Swiss chard, 1 row parsley, 5 rows onions, 1 row sweet pepper plants, 1 row hot pepper plants, 2 rows iceberg lettuce.

The first of June, seven rows of Kentucky Wonder beans were planted in the space where the radishes, spinach, and onions were.

Mrs. Weaver has sold \$12 worth of tomato plants and \$4 worth of pepper plants from her frame garden. She has canned 20 pints of spinach. The carrots and beets are ready to harvest. The lettuce being planted in rows one foot apart and thinned out and receiving plenty of water has furnished nice heads 13 inches in diameter and 11 inches high for her family. She has had lettuce to eat, however, ever since the first of April.

A plot four feet by 24 feet outside the frame garden was planted in Irish potatoes and is providing a plentiful supply for a family of five.

Last week Mrs. Weaver planted a new frame garden, 10x24 feet, that is coming up. In it, she has three rows of radishes, two rows of lettuce, and two rows of broccoli. She buys bulk seed.

"It pays to plant a Victory Garden," declares Mrs. Weaver.

SOUR GRAPES

Grady L. Gilliland, that Wise county man who was so thrilled when he climbed the Caprock and got his first view of the Plains a few weeks ago and then wandered into The News office to tell about it, now employed by John G. Price, brought to The News office Tuesday a jar of Wise county mustang grapes. Maybe the editor will get a few good pies—maybe a cobbler—out of this gift. When a kid, we tore more than one pair of jeans pants climbing for mustangs. And we et 'em raw. Sour grapes! Boy, we know what they are!

Cpl. Prince A. Scott son-in-law of Mrs. L. F. Prater, is now in training at Hunter Field at Savannah, Georgia, according to Mrs. Prater. Mrs. Scott is with him at Savannah.

henhouse, and it took only a moment for her to discover that he was dead.

Being unable to start the car and having no telephone, she struck out afoot through the rain to the residence of Hubert Edwards a mile away to get help. The news spread and the neighbors gathered in and rendered whatever assistance could be given.

The Harris ambulance was summoned and the body was brought to the funeral home a few hours later.

Funeral services were delayed, however, until 3 o'clock Wednesday afternoon, awaiting the arrival of relatives who lived at distant points.

The services were conducted in the Methodist Church at Grassland Rev. J. O. Graydon of Lubbock, a former pastor of the New Lynn Methodist Church, of which Mrs. Lawson is a member, officiating, assisted by Rev. D. W. Reed, well-known Baptist minister of the Gar-nolla community and Elder W. L. Jackson, a Primitive Baptist minister of Muleshoe. Deceased himself had long been a member of the Primitive Baptist Church.

A very large congregation attended the funeral services at the church and at the grave-side in the Grassland cemetery, where the remains were laid to rest. A group from the Tahoka company of the Texas State Guard, of which he was a member, attended the services in a body.

Relatives from a distance attending the funeral services were two brothers and two sisters: Ben Hur Lawson, Los Angeles, Calif., an employee of Union Pacific Railway there; Loy Lawson, Ingleswood, employed in a defense plant; Mrs. Lew-

is Ward, San Antonio; and Mrs. R. V. Melton, Midland; Two brothers, Smith Lawson of Bakersfield, Calif., in the employ of the Santa Fe, and Gene C. Lawson, an electrician in the Navy Yard at Portsmouth, Va., were unable to come.

Also present were an uncle, J. P. Smith, his wife, and their daughter, Miss Evelyn, all of Lubbock; and Elder and Mrs. W. L. Jackson of Muleshoe.

In addition to the relatives already mentioned, other survivors include the mother of deceased, Mrs. A. A. Lawson of Grassland; a sister, Mrs. G. C. Watson, Grassland; and a grandmother, Mrs. Naomi Smith of Post Oak, Jack county, together with a number of nieces, nephews, and other relatives.

Paul J. Lawson was born on April 3, 1904, at Paradise in Wise county. When he was three years old, his parents removed to Hardeman county, where they continued to reside until December, 1919, when they located at Grassland in Lynn county. The father died several years ago but the mother still lives at Grassland.

Paul attended the Post High School, where he graduated in 1926. He attended John Tarleton College at Stephenville one year. On August 7, 1930, he was married to Miss Zuehla Fox, who had been a teacher both at Grassland and in the Tahoka schools. To them was born one son, John Paul, now about eight years of age, the child who went to search for his father Sunday night but failed to find him.

Paul Lawson was a good man, a good citizen, and a progressive and highly intelligent farmer. Just recently, two contributions from his pen were published in the Lynn County News. He will be greatly missed in his community and in the county at large.

The News joins in expressions of condolence to the bereaved widow and little son and all the other relatives.

Frank Parris Tells Of West Virginia

Frank Parris, a former West Virginian, was called upon Thursday to give the low-down on his old home state, which he proceeded to do at the Rotary Club luncheon.

After giving some of the outstanding characteristics and main facts regarding the state, however, he indicated that he would prefer to answer questions about it, and plenty of them were forth-coming, mostly with reference to the coal-mining industry, the labor problem, public education, and highways. He was able to answer definitely most of the questions asked, and his remarks were very interesting and informative.

President Don Morris of Abilene Christian College was also present and responded to an invitation to favor the club with a few remarks.

Misses Mather and Lauraine Leavitt were visitors.

Wallace Koehler, new manager of Cicero Smith Lumber company, was voted into the club as a member.

REV. JOE ADAMS

ASSEMBLY OF GOD CHURCH

We are happy to announce our revival meeting beginning Sunday, June 13, for two weeks. We have been very fortunate in securing the services of Rev. and Mrs. Joe Adams of Wichita Falls as the speakers. They come highly recommended from Fort Worth, and we are expecting a great meeting.

Rev. Adams is an unusual speaker, just a young man, but with a brilliant ministry. He conducted a meeting for Bro. Brown at Crane with great success. Mrs. Adams is quite an accomplished pianist and singer, conducting children's church each night before regular services. I give you my personal recommendation and invitation to attend. Services nightly at 9:00 p. m.

Mrs. Clara Newton has been elected by the West Texas District Council as the sectional representative of the Woman's Missionary Council with her headquarters being Tahoka. Mrs. Newton will conduct a series of meetings in various towns in the section this summer and fall, her work being wholly missionary. Her first meeting will be at Lamesa.

Bro. Brown as been fortunate in securing the Sectional Camp meeting and same will be held the first 10 days in August. Announcements will be made at a later date. This means many visitors in Tahoka during that period.

WCS MEETING AT LAMESA

The southern half of the Lubbock district of the Womens Society of Christian Service met at Lamesa Tuesday morning at 10 o'clock and continued through the day. One of the Jurisdictional officers was present and led all discussions as well as making several addresses. Mrs. Godby of Florida was the officer who charmed those who heard her and she was classed with the best speakers and leaders sent out by the Jurisdictional conference.

The following attended from the local Methodist Church: Mrs. W. D. Smith, Sr., Mrs. W. W. Rowland, Mrs. R. W. Penton Sr., Mrs. H. E. Mather, president of the local society; and Rev. and Mrs. H. A. Nichols.

Alaska Highway! for Your After-War Trip?

U. S. Army Engineers couldn't be told that it couldn't be done. Like Superman, they cut and smoothed the wilds to Alaska. The Al-Can highway leads nearer to Victory Day, when you can hope to head your car north... or to the Rio Grande—where you choose—leaving war worries in your wake. But will you have a car?

Not a new one; not soon after Peace, experts agree. Your best bet is to preserve your present car for the future. At the same time you'll preserve it for your essential driving today, by recognizing its ruthless enemy—engine acid!

Mere normal combustion has always left acid in any engine after it has stopped. But in running often, driving long, and heating the engine well, you mostly dispersed this acid. Then along came rationing and limited driving. Plenty of time now for acid to gnaw and corrode inner parts that you cannot easily replace. But what familiar thing bars corrosion? Good metal plating!

And your engine's insides can have anti-corrosive OIL-PLATING—attached as closely as any fine plating, by Conoco Nth motor oil. It's patented. It includes the modern synthetic that behaves almost "magnet-like" to maintain OIL-PLATING—even for days—where acid could otherwise freely attack. Block it! OIL-PLATE today. Cpl. James Foster Writes From Africa

In a letter to his foster mother, Mrs. L. F. Craft, Corporal James Foster, who has been over in North Africa the past few months undergoing the hardships of Army life, wrote his mother under date of May 11 and since the censor would not permit him to tell anything much about himself or anybody else, he devoted a large part of his missive to the scenery.

"To be forced to exist under orthodox conditions such as my life is," James writes, "is certainly not pleasant, but there are always bright aspects to anything.

"For instance, here in Africa, my diversions are even fewer than before, but, possessing an innate love of beauty, I can not resist admiring and enjoying some of Mother Nature's handiwork.

"Spring has been kind to Africa this year, clothing her ugliest spots with hues which seem to combine perfectly with the most fertile valley. Thus, as I gaze without cost each day upon the wonders of Nature, my eyes seem to thank me for giving them a deviation from the usual blue barracks bags, the olive drab blanket, the olive drab uniform, the O. D. vehicles, the O. D. tents, and

even the fellow soldier who often seems to be turning into a rather dark greenish-brown.

"I am sure the poor Lynn county farmers would feel outdone, too, if they could but see the crops these boys have planted. Row upon even row of hand-tilled, healthy products sprouting from fertile soil enhanced and abetted by frequent rain and almost incessant sunshine.

"I am ashamed to have written so much about so little, but as always before, there is nothing to reveal of my personal welfare. Each day passes; I eat, I toil, and I sleep. My actions are non-committal, and my thoughts—dreams as yet immaterialized."

Southland News

(By Mrs. Marvin Truelock)

Dorothy Becker, who is training as a nurse in Lubbock, spent several days last week here with her parents, Mr. and Mrs. August Becker. Thursday she and her mother attended the Red Cross meeting at Hackberry.

A week ago Thursday, Mrs. Becker and Mrs. Marvin Truelock learned to roll bandages for the boys overseas. There has been one other woman inquiring about a way to the Hackberry Red Cross. We hope more Southland women will take an interest in helping our neighbors south of town in continuing their good record of Red Cross work.

Mrs. Ed Lieske was called to Lubbock Saturday afternoon because of the illness of her grand-son. The baby's father, S/Sgt. Leonard Angle, recently sailed and his wife and child were returning here from Virginia, when the baby became ill.

Betty Sue Basinger left Saturday to spend a week with friends in Vernon.

Mrs. Herman Irvin took the Wednesday afternoon bus for El Paso, where S/Sgt. Irvin is now stationed. She plans to return this week.

Mrs. O. E. McGaw and infant daughter, Martha Carolyn, returned home Friday from the Slaton hospital. Her mother, Mrs. A. M. Timmons of Levelland, is staying with her new grand-daughter.

The mother of Mrs. W. C. Wood, Mrs. T. O. Stewart of California, left Thursday morning to spend a week with her 81-year-old father in Temple.

Evelyn and Joyce Johnson of Matador came Wednesday to visit several days with their aunt, Mrs. Annie Landers.

Mrs. Hervey Stotts, assisted by Mrs. O. J. Harmonson, if the latter is physically able at that time, will have charge of the Sunbeams June 16, and all are urged to be present to practice the play to be given in church some Sunday night soon.

Mrs. Marvin Truelock and children will leave Friday for a week's vacation with her parents at Plainview. Her assistant, Miss Virginia King, will have charge of the postoffice in her absence.

Tim Field Jr. had an accident while plowing with a go-devil last week. He suffered a gash cut above his right eye.

Thursday night ten broiler-size chickens belonging to Rev. E. C. Armstrong disappeared, leaving no trace. The next night three more were gone, but their heads, feet, and wings were evidence of a feast in the chicken yard.

Friday Miss Winnie Hendrix of Earth and Mr. and Mrs. Walter McNabb of Lubbock were business visitors here.

Mrs. Carl McNece and son, Carl Aaron, spent several days with her parents near Slaton. Carl went Saturday night and they returned Sunday.

Miss Dorothy Sue Smallwood, who is a typist at the Midland Air Base, and her sister-in-law, Mrs. Neil Smallwood, spent the week-end here with her parents, the G. N. Smallwoods. Neil is now stationed in Virginia.

If you have negroes living on your place, tell them that some of the colored people are planning to have services here next Sunday, but I didn't learn the time or whether their plans materialized. Several weeks ago L. A. Dunn offered them the use of his vacant brick building on North Main street.

Relatives and friends of boys overseas are taking advantage of the privilege of sending them an 8-ounce package a week. Cigaretter and funny papers are the most popular items.

There will be no Southland column next week.

BURKHARTT HOME IN MISSOURI PRESERVED

W. J. Burkhart brought to The News office a few days ago a copy of the St. Louis Globe-Democrat of May 7, 1943, which carries on the front page of the second section a picture of "The Burkhart House" situated in the "Boone's Lick Country" of Missouri built in 1832 by Nicholas Selmon Burkhart, great uncle of our own W. J.

The house was recently purchased by the City Art Museum directors of St. Louis in order that they might preserve one of the rooms therein as an example of the architecture of that day. The museum was opened to the public generally in May.

Mr. Burkhart's great uncle, Nicholas Selmon Burkhart, was one of the political leaders in the new state of Missouri in his day. He was a veteran of the War of 1812, and as a Jacksonian Democrat he

was a member of Missouri's first constitutional convention held in 1820. He was appointed by Governor William Clark the first sheriff of Howard county in that state. He was a member of the State Assembly in 1822 and was State Senator from 1824 until his death in 1834.

W. L. Davis of San Angelo, 87, after having spent three days here visiting his brothers, Scott and Dave Davis, left Saturday for Aspermont to visit another brother, the youngest of the four. "There

Haile Dies ...

(Cont'd. from page 1)
had suddenly ceased to function. Funeral services were conducted in the First Baptist Church of Levelland at 4:00 o'clock Sunday afternoon by Rev. A. A. Brian, the pastor, assisted by Rev. A. C. Hardin, pastor of the Tahoka Church, and his body was consigned to the dust in the Levelland Cemetery.

In addition to the pastor, others from Tahoka attending the funeral services were H. P. Caveness, Deen Nowlin, W. A. Reddell, and E. I. Hill. In addition to the C. B. Early family of Redwine, others from that community at the services were Mr. and Mrs. G. K. Smith, Mr. and Mrs. Mack Walters, Mr. and Mrs. Crawford, Mr. and Mrs. Tom Smith, and John Berry.

Although the father of several children, Mr. Haile survived all of them except one. Only Mrs. E. P. Hale is still living. Also surviving him are seven grand-children and six great-grand-children.

Mr. Haile was a native of Missouri, having been born in that state on June 17, 1856. He lacked just 12 days having reached his 87th birthday, therefore, when death came.

When he was only nine years of age, his parents removed from Missouri to Cooke county, Texas. He was converted and united with the Baptist Church when he was 17 years of age. Marrying, he reared a family of several children and spent most of his life in Hill county. His wife having died and his years having passed the mark of four-score, he came to Lynn county in 1937 to live with his daughter, and he spent the remainder of his days in this county, with the exception of the last few weeks of his life.

Though he was a resident of the town for only a few years, Tahoka has had few citizens who were more generally loved than was Joel Basket Haile.

Red Cross Workers

(Cont'd. from page 1)
open on Tuesday afternoons from 2 till 3 o'clock. Those who have sewing out, will you please return to room whether it is finished or not. I will keep yarn at my home too so you can get it on other days. The surgical dressing room is still needing more workers and a new shipment is here to be made. The room is open on Tuesday, Wednesday, Thursday, and Friday afternoons from 3 to 6 o'clock. In making the 77,652 surgical dressings that were reported in last week's paper, there were 405 workers who spent 16,636 hours. Can't you spend a few hours each week?

—Mrs. H. L. Roddy, War Production Chairman, Lynn County Chapter Red Cross.

West Point Graduate

(Cont'd. from page 1)
of New York City in the traditional ceremony of the U. S. Military Academy.

The graduating class was West Point's largest in history, 514 cadets, of which 206 received their wings as full-fledged pilots. There are 9667 living graduates of West Point, of which 8,337 are in active service.

Mr. and Mrs. Gagnat, who attended the graduation, are expected home next week some time.

They also attended the graduation of their daughter, Myrna Dean, from Chevy Chase, an exclusive girls' school near Washington, D. C.

Watson Spears brought to The News office Monday a copy of The Daily Alaska Empire, dated Thursday, April 22, 1943, and published at Juneau, which a friend had sent to him. The Empire claims to have the largest circulation of any newspaper published in Alaska. It is an interesting publication, and of course it is much concerned about the war with the Japs.

C. J. Falls, Petty Officer 3/c left the latter part of this week for his station at Camp Endicott, Rhode Island. He and his wife visited relatives and friends here and at New Home. Falls is in the Navy "Seabees" and expects to go across "the pond" soon.

wise done to farmland and terraces. E. H. Ussery of Hackberry reports that the hail likewise was heavy over a large area covering the northeast portion of Lynn and the northwest portion of Garza counties. Other scattered areas received hail damage. G. A. Nolte, who lives near the Lynn-Lubbock county line, reports a heavy rain and says that just north of his place some farmers estimate as much as seven inches of water fell on Friday night.

Most crops in these areas of heavy rainfall and hail will have to be planted over. In other localities of the county, the rain is reported as "just fine" and will be very beneficial to crops.

In Tahoka, the rainfall Sunday night was 1.39 inches. It amounted to .26 of an inch on the preceding Friday night, when lightning struck the warehouse.

Baptist Youngsters

grams of music and song given each day. Among the sports was that of swimming in a pool situated on the grounds, together with other sports ordinarily engaged in by boys.

As the program for the boys ended soon after noon Wednesday, the girls from the same territory began swarming into the camp for their encampment, beginning Wednesday night and scheduled to close at noon Friday.

Leaving here early Wednesday morning for the encampment were more than 40 girls. They also were taken in T. Cowan's truck. They were attended by Mrs. Garland Pennington and Mrs. J. W. Goodell. Rev. Hardin remained at the encampment during all the sessions.

In addition to Rev. J. Lowell Ponder, district missionary, and Mrs. Ponder, who directed the programs and activities of the encampment, other outstanding speakers included Rev. Charles L. Culpepper and Mrs. Culpepper, Baptist missionaries recently returned from China. Mr. Culpepper for several months was a prisoner of the Japs, returning to America on the Gripsholm a few months ago on an exchange arrangement.

Cpl. Rayford S. Smith is here on a three-days pass from Fort Sumner, New Mexico, visiting his parents, Mr. and Mrs. Noah W. Smith. He leaves tomorrow.

Mrs. S. J. Cowart, who became suddenly very ill last Saturday morning, is said to be gradually improving at their home in northeast Tahoka.
