Number 52

Heat Wave Worst In Several Years, Rain Falls Here

Preceded by one of the most intense heat waves of recent years, a refreshing shower fell in Tahoka and a small area to the east and north of town late Wednesday afternoon. The precipitation here measured .68 of an inch.

A beaming sun and hot winds for the preceding four or five days had caused cotton and feed crops to deteriorate rapidly, and the amount of damage done can not yet be determined, as it will depend largely upon weather conditions from here on out.

The temperature last week had been up close to the century mark nearly every day but the heat wave hit in earnest Monday when a brisk dry wind came out of the southwest driving the mercury up to 105. On Tuesday there was only a gentle breeze but it was hot a-plenty, the temperature rising just a small fraction above 105. Wednesday registered a temperature of 103 and in the afternoon hope-inspiring clouds began to appear here and there in the heavens. These spread and thickened rapidly and soon after six o'clock rain began to fall.

If more rain should fall after this is written Thursday morning or at any time within the next few days, the damage done to the crops by the hot weather the past few days might be reduced to a minimum.

Services Held For Allen H. Moore

Funeral services were conducted at the Church of Christ here at 5:00 o'clock Saturday afternoon for Allen Herman Moore, 18, son of Mr. and Mrs. L. D. Moore, who died at 9:00 o'clock Thursday night at the family residence four miles north of Tahoka. Garnie Atkinson, minister, conducted the services, and the body was interred in the Tahoka cemetery.

Death was ascribed to rheumatic fever, with which the youth had been suffering for several months. He first became seriously ill on the night before Christmas last year.

Beside the parents, Allen is survived by four brothers: Burl Moore of Levelland; T/Sgt. L. D. Moore Jr. of Camp Adair, Oregon; Pvt. Woodward Moore, who was taken prisoner by the Japs in the Philippine Islands and is supposed to be in a Jap prison in the Philippines now; and Richard Moore, a lad of 10 years of age, in the family home.

Also surviving are four sisters: Mrs. Mary Fulton of Willows, Calif., and Myrtle, 15, Ruby Lee, 13, and Willie Clara, 6, of the family home.

All the children were here attending the funeral services except Woodward, who is in the Jap prison. Allen was born on July 17, 1925, near Sulphur Springs in Hopkins county, but he was brought by his parents to Lynn county when he was but two years of age. They arrived in this county on November 3, 1927, and farmed the next year near Wilson. They have resided in the vicinity of Wilson or Tahoka ever since.

The family have the sincere sympathy of many friends in the multitude of sorrows which have come upon them.

Lt. J. D. Donaldson Home From Pacific

Lieut. J. D. Donaldson Jr. of the U. S. Navy, who has been on active duty aboard ship in the Pacific for the past seven months, arrived home Wednesday morning for a few days visit with his parents and other relatives. J. D., who is a doctor, has been in the Navy since May, 1942.

Lt. Donaldson flew in to Amarillo Wednesday morning at 6 a. m. from Los Angeles. He will return Monday.

Mrs. Aubrey (Loia) Thomas and two daughters, Dona Jean and Corine, of McAllen, are also here to visit her parents, Mr. and Mrs. J. D. Donaldson Sr., J. D. Jr., and Claude Donaldson and family.

Congressman George Mahon Speaks On War's Progress At Home, Abroad

More than a hundred Rotarians and invited guests crowded into the Rotary luncheon room in the American Legion building Thursday at noon to hear the address of Hon. Geo. H. Mahon, representative in Congress from the 19th Congressional district, who is at home now during a congressional recess.

Mr. Mahon discussed frankly some of the problems facing the nation and some of the criticisms leveled at those in authority, and while he conceded that there had been mistakes and waste, he reminded his hearers that these are the natural and inevitable consequences of the haste with which the country was compelled to arm and equip itself for war.

While many things have been done which are subject to criticism, he declared that on the whole we have been getting the job done in a great way. While Germany was busy for years building up the greatest war machine the world had ever known, the United States during the past two or three years has

(Cont'd. on last page)

Infantile Paralysis Patients Improve

No additional cases of infantile paralysis have been reported in Lynn county nor in the entire South Plains area since the two Ray McClellan children of the New Lynn community were stricken near the close of last week and taken to a Lubbock hospital.

A total of thirteen cases have been reported from the hospitals of Lubbock but not a single case during the last nine days. The epidemic in this section seems to be abating, but physicians warn that the danger is not yet past and that there may be another outbreak at any time.

The two McClellan children are said to have been returned to the family home last week end and are doing as well as could be expected. It is hoped that they may completely recover in the course of time.

There have been few fatalities as yet in this area.

Little Fisher Girl Died Early Tuesday

Little Malven Lawrence Fisher, four and a half months old, son of Mrs. Mary Belle Fisher, who resides in southeast Tahoka, died early Tuesday morning at its mother's residence after having been seriously ill for only a few days.

Funeral services were conducted at the Harris Funeral Home at 4:30 o'clock Tuesday afternoon by Garnie Atkinson, minister of the Church of Christ. The body was laid to rest in the Tahoka cemetery.

Born on March 17, 1943, the little fellow had not been very strong since birth.

The mother has the sincere sympathy of many friends.

Congressman Geo. Mahon who was here Thursday visiting friends.

Aggie Boys Planning Trip To Mountains

The Tahoka chapter of the Future Farmers of America will meet Tuesday, Aug. 10, at 8:30 o'clock at the Tahoka High School building to discuss plans for a trip to Ruidoso, New Mexico, according to Robert Rusk, president.

About 25 members and prospective members plan to leave here for the mountains on August 16 and to return on August 23.—Reporter.

Thee Poff Boys In Service, One Officer

The many friends and schoolmates of J. W. Poff Jr. of Wilson may be glad to know that he has safely landed overseas, at some port in the Pacific, though he could not state where. His parents have received two letters from him to that effect since he left the United States. He is with the Marines.

They have an older son, 1st Lt. Clarence P. Poff, who is in North Africa and who writes that he is doing O. K.

A third son, T/Sgt. Doyle T. Poff, is in training at the Army Air Base at Clovis, New Mexico, but came home on furlough Wednesday for a visit of a few days.

The News is not at liberty to give the addresses of soldiers in the service overseas, as we are often requested to do.

RAY NEVILL IMPROVING

Pvt. Ray Nevill, one of the casualties of the war in Northern Africa who was sent back to this country for medical treatment and who was in a Government hospital until released a few weeks ago to his parents, Mr. and Mrs. J. L. Nevill of Tahoka, is reported to be making steady improvement at their home here. His brother Everton says that he has shown marked improvement since coming home.

Eual Akin, son of Mr. and Mrs. George Akin, and Leroy Akin, son of Mr. and Mrs. Marshall Akin, who entered the service recently, are now stationed at the San Diego, Calif., Naval base.

Food Conservation School Is Planned

Due to increased requests for information regarding food conservation, Tahoka will sponsor an all-day meeting on Tuesday, August 10, at the American Legion Hall, at which time instruction will be given on the various phases of Food Preservation. Miss Carolyn Dixon, county home demonstration agent, will be present at the meeting to give help in any way she can.

Every home-maker is invited to attend this meeting and bring a covered dish if she would like to see all of the demonstrations.

The schedule is as follows:

10 a. m. to 11:15 a. m. The Water Bath of Tomatoes, Fruits, Kraut.

11:30 a. m. to 12:30 p. m. Preparing Fruits and Vegetables for the Freezer Locker.

12:30 p. m. to 1:30 p. m. Noon.

1:30 p. m. to 3:00 p. m. Steaming and Processing Non-Acid Vegetables in Pressure Cooker.

3:30 p. m. to 4:30 p. m. Brining of Vegetables.

4:45 p. m. to 5:30 p. m. Drying Green Vegetables.

Ladies are invited to come for one or two demonstrations or to come for all of them and to bring all others who are interested. All demonstrations will begin promptly on time.

Wilson will sponsor a similar program at the Wilson school building in the Homemaking department on Wednesday, August 18th.

Twins Born Monday Are Buried Here

Graveside funeral services were held in the Tahoka cemetery at 2:30 o'clock Tuesday afternoon for the twin sons of Mr. and Mrs. Charles A. Tuttle, born at 8:00 o'clock Monday morning in Lubbock. One of them died four hours after birth and the other an hour later. They had been named Charles Ronald and Jimmy Donald. Services were conducted by Rev. A. C. Hardin, pastor of the Baptist church here.

Until recently the Tuttle lived in Tahoka, removing to Lubbock a few months ago, where Mr. Tuttle drives a city bus. He is a brother of Mrs. W. V. Kelley of Tahoka. Mrs. Tuttle before their marriage about two years ago lived at Odessa. These children were their first-born.

Von Roeder Will Start Seed Farm Near Here

Nolen Von Roeder of the Von Roeder Seed farms near Knapp writes the News that he is planning to put in a seed unit of 5,000 acres of Western Prolific cotton at Grassland in the near future and will give the low-down on the project later. A start has already been made with a block of 102 acres with Claude Thomas.

H. P. Caveness addressed the teachers and officers of the O'Donnell Baptist Sunday School Wednesday night.

New Buildings Are Under Construction

Many Youths Are Now In Service

Two O'Donnell youths left by bus Tuesday for Lubbock to be inducted into the Army, after which they were to be sent to some training camp. The two were Loyd Ray Walker and Hilman Linnie Maxwell. Eleven Lynn county youths were recently inducted into the Navy. They left for Dallas on Thursday of last week. The group included: Melvin Wood Norris, Charley Loyd (Pete) Anderson, Willie Eual Akin, Clyde Briley, Jesse Denver Davis, Leroy Marshall Akin, all of Tahoka; Albert Eddie Williams of Rt. 2, Tahoka, and Herschel Herbert Reagan of Rt. 4, Tahoka; Bert Owen Burns, Herman W. Hancock Jr., and Terry Herman Hunt, all of O'Donnell.

Two Tahoka youths recently enlisted in the Marines; William Clarence Harvick Jr., and Robert Lewis Harvick. Olin Worthing Parris of Wilson also recently enlisted in the Air Corps of the Army.

Stidham's Son Is Killed In Crash

G. A. Stidham, an employee of Frank Farris out on the T-Bar Ranch, was called to Uvalde last Friday to attend the funeral services for his son, who was an aviation instructor at an Army flying field at Denver, Colo., who had been killed in an airplane crash. He did not learn the young man's full name.

Mr. Stidham received the message announcing the tragic death Friday morning and left that afternoon for Uvalde, to which place the body was to be taken. Young Stidham had enlisted from Uvalde county, where the father also formerly lived.

Hatchery Moves To New Location

Verner Smith, proprietor of the Tahoka Hatchery, says that having moved into his new location, on the highway, he plans to add additional machinery and equipment a little later on.

He now has much more room and is situated more conveniently for his customers, and he expects to add equipment as his needs may require.

Mr. Smith purchased recently from the Forrest Lumber company the house and grounds on which it stands, the grounds being a portion of three lots 30 feet by 89 1/2 feet facing Lockwood Street, which is identical in the city limits with the Post-Tahoka-Brownfield highway. The Forrest Lumber company still owns the remainder of the lots on which its yard here was formerly located.

The house and the location is ideal for the hatching business.

Nordyke Improving Tahoka Residences

Having purchased the building heretofore occupied by the Tahoka Hatchery, which has moved to another location, L. M. Nordyke has carpenters at work converting the old hatchery building into a neat residence.

It will consist of four rooms and a bath room, together with an abundance of closets, each room to be neatly finished. It is so constructed as to serve either a single family or to be occupied by two couples.

Mr. Nordyke a few months ago purchased a house in Lubbock and had it removed to Tahoka and placed on the east portion of the former hatchery premises, improved it, and it is now occupied by a family.

Mr. Nordyke has also purchased other old residences in town recently for the purpose of making neat rent houses of them.

Burleson's Large Grain Elevator Is Near Completion

The Jim Burleson elevator beside the railway tracks between Lockwood and Porterfield streets, immediately south of the Tahoka-Post highway, has been completed and the machinery is now being installed.

F. F. Clement of Littlefield, contractor and erecting engineer, says that he will have the job done and will be ready to turn the completed structure fully equipped over to Mr. Burleson by Saturday night, August 14.

The new elevator is an imposing structure, extending upward above the surface of the earth 86 feet, with the pits beneath extending downward below the surface a distance of 26 feet.

Mr. Burleson could not be seen for further details, as he is spending most of his time just now at the bedside of his aged father, who is seriously sick in Lubbock.

Suffice to say that Mr. Burleson will be prepared to take care of a tremendous amount of grain in a most satisfactory manner from this time on.

Work Started On New Curry Gin

Work is being rushed in the construction of the new gin by the Curry Gin company on lots situated on the second block east of the railroad and immediately south of the Tahoka-Post highway, east and south of the Carmack Gin.

Early last week members of the gin company began negotiating for other lots than those first selected as a site for the gin, and early Thursday morning they closed a deal for the lots adjacent to the Carmack gin yard. Before noon workmen were busy clearing off the lots. Abandoning the former site, which was situated northwest of the Farmers Co-op Gin and near the residential district of northeast Tahoka, they soon removed the material that had been unloaded at that site to the new location.

Many believe this to be an ideal location for a gin, as it is situated near the railroad in an undisputed industrial area, near to the highway, and most accessible to the great cotton-raising area east, northeast, southeast, and even south of Tahoka, and at the same time is easily reached by farmers living in other sections of the county.

Hardwick-Etter gin machinery of the latest and most improved type is to be installed, including five 50-saw gin stands, burr separator, cleaners, and other modern equipment. An eight-cylinder, natural-gas engine will furnish the power.

The company hopes to have the gin plant completed and ready for business before the Fall cotton season opens.

The Curry Gin company is composed of Wiley Curry, Dewey (Pete) Curry, R. W. Fenton Jr., and J. W. (Jack) Fenton.

Bete Curry, it is understood, will be the manager.

Delegates Named To H. D. Club Meeting

The Texas Home Demonstration association will convene in Dallas with headquarters at the Baker Hotel August 17th through 19th. Each county in which an appropriation for Home Demonstration work is set aside may send three delegates.

The delegates to represent Lynn county are Mrs. J. F. Covey, Wilson; Mrs. S. T. Godfrey, Lakeview; and Mrs. J. B. Oliver, Tahoka. Alternates are: first alternate, Mrs. B. Cromer, Petty; second, Mrs. D. D. Renfro, New Home; and third, the elected delegate from the Draw Home Demonstration Club.

MAIN STREET SOMEWHERE IN SICILY—This photograph, radioed to the United States by the U. S. Signal Corps, gives a characteristic picture of an Italian city after American occupation. The inhabitants are resuming their normal lives. Scenes of a terrorized populace such as were witnessed in Nazi-occupied Poland, Greece, Russia, Holland, Belgium and France have not followed the Allied invasion. Axis prisoners are brought in by the truckload and seem to be enjoying the ride.

Sgt. Weathers Tells Of England, People And Nazi Bombing

Sgt. David Weathers, son of Mr. and Mrs. R. P. Weathers, who arrived in England several weeks ago, has written the following interesting letter to Frank Hill of The News, which except for a few personal remarks, is printed in full:

"At this time I have spent two passes in London—we get two 48-hour passes a month, and London is about the only town that we can visit.

"While there I saw a lot of very interesting sights, and also a lot of businesses, buildings, and other things very much different from our own. I have seen several of the places that we have always heard about, among these being Buckingham Palace, Westminster Abbey, London Bridge, Piccadilly Circus, Trafalgar Square, Charing Cross, and many others.

"One of the most interesting places I visited was the famous Houses of Parliament of the British Government. This is a very large place, very beautiful, and surrounded with a very pretty lawn and huge beds of flowers. They have this place well guarded, and much to our disappointment we could not get into the inside of any of the government buildings.

"I am sure that a very few of the people back home ever realized the full extent of damage done to London by the bombing blitz of the past years. London was hit, and hit bad. It is really nothing to walk down the street and see a whole city block cleared away. Some of the town's most beautiful buildings have been left in ruins, and one thing that I noticed in several cases was the damage done to the churches. As we all know, England has always been famous for its beautiful churches, and it is really a bad sight to see these buildings completely destroyed.

"The English people have really held a high spirit during all this bombing. Whatsoever, to what has been done; and, in talking to them, they, like ourselves, are looking forward to the day that will bring an end to the war.

"Speaking of the English people,

What You Buy With WAR BONDS

Free the Seas

Before we win the final battle with Hitler's Nazis all navy men are agreed we must win the battle of the Atlantic; that is to free the sea lanes of the German U-boats.

A year ago we were building 54 cruisers and nearly 200 destroyers or just about enough for a two ocean navy.

Now we have come to realize that this war is to the finish, "winner take all," and our Government is building a five ocean navy.

That is why we are being asked to increase our subscriptions for War Bonds. That is why we must do it.

U. S. Treasury Department

I might add that we all think they are grand. They have opened their homes, and have doubled their entertainment, to make the Yanks feel at home. And, I can assure you it helps. I had the opportunity of eating a Sunday dinner in the home of a very nice family, and they really treated me grand. They were very interested to hear of my tales of Texas, and almost all the English people think that Texas is still just as wild as in the old days.

"On my last trip in, I was taken through one of the largest and most complete department stores in all London. This building is about six floors high, and covers a space equal to about two large city blocks. The name of this department store is Harrods, and it was the most beautiful and complete store of its kind I have ever seen. Their building is very modern, and their displays of clothing, jewelry, and other things are of the very best.

"The American Red Cross is really doing a swell job here. They have established several large clubs in London, and are providing excellent entertainment for the boys. They have also taken over several large hotels, and these rooms are rented to the American boys on pass for one shilling a night (in American money, about 20c). And, in addition to this, they serve very good meals at these clubs. This is indeed a big help because the cafes in London do not have much to offer.

"There are a lot of interesting things I could write about, but you know the military restrictions under which we send our letters. Guess I will just have to save the rest of it until the time when we will all be returning home.

"I would like to say that I think the American Red Cross, together with the kind efforts of the English people, are making our stay just as happy as possible, and all the boys seem to feel this way about it.

"I have received one copy of The News, and even if it was a few weeks old I enjoyed it very much. Will be glad when this war is over and we can all come back home again.

"Just keep the home fires burning, and I can assure you that we are, and will continue to "GIVE 'EM HELL" from this side."

HOLDING MEETING

Garnie Atkisson left early Thursday morning for Cottonwood, Callahan county, to begin a series of meetings Friday night. This is the second meeting for Bro. Atkisson at this place. The meeting will last about two weeks. Mrs. Atkisson and daughter are remaining at home.

SOUTHLAND BAPTIST REVIVAL

Rev. Thomas Cobb of Summerville is the evangelist who will begin the revival at Southland Friday evening, Aug. 6. Prayer groups will meet each night at about 9:00, and we hope to have visitors from other churches.—Reporter.

Stewards' monthly meeting on the fourth Tuesday night.
Local Church Board of Education, first Sunday afternoon.

METHODIST CHURCH
The McMurry Endowment and Building campaign is being organized locally as well as by the district. The committee chairmen have been selected and they together with the pastor, who is co-chairman of all committees, will meet and select their members. The chairmen are: W. E. Suddarth, general and organization; J. D. Donaldson, evaluation; Frank Hill, publicity and speakers; C. O. Carmack, gifts committee. We should count it a great privilege to have the opportunity to do something worthwhile for our only conference college. Every Methodist and friend of the college will be called on to aid in this worth-while undertaking.

On the 5th Sunday in this month special services will be held. By that time it is expected that all repair and improvement of the church will have been completed so we shall dedicate the altar that has been completed recently. The board of Stewards voted to get one of the former pastors to preach at the morning hour—the dedicatory sermon.

Sunday morning, the pastor will use for his subject: "Influence." Influence denotes power whose operation is invisible and known by its effects. It is voluntary and involuntary. It can be noxious or healthful. What kind of influence is yours?

A hearty welcome awaits you at all of the services of the day, Member, Friend, and Visitors!

CHURCH OF CHRIST
Our meeting with Brother James W. Adams came to a close last Sunday night. It was one of the best meetings that we have had here in a long time. The visible results were seven baptisms and one restoration. God only knows how much unseen good was done. The church was strengthened by the fine sermons that were brought from time to time.

Brother Adams begins a meeting at Mesquite in Borden county Friday night, Aug. 6, and then he will begin a meeting at Grassland Aug. 20. We urge that any one living in the vicinity of either of these places to attend these meetings.

REVIVAL IN PROGRESS AT NEW HOME METHODIST
A revival meeting is in progress at the New Home Methodist Church that will extend through all next week.

Rev. Ellis Todd, pastor at Wilson, is preaching during the meeting, while Gene Roper is leading the singing.

Rev. O. M. Addison, pastor of the New Home Church, issues a cordial invitation to one and all to attend the services.

"Opinion, Mr. President, is divided as to whether the use of air power could by itself bring about the collapse in Germany or Italy. The experiment is well worth trying."

Prime Minister Winston Churchill, addressing the joint session of Congress, Washington, May 19, 1945

WHAT SAVED BRITAIN in the blitz of 1940? Some authorities say that the defeat of the Luftwaffe can be credited chiefly to a difference of only 13 points in octane number!

While the Germans had only 87 octane aviation gasoline, the good planes and gallant pilots of the R. A. F. had 100 octane. This gave the Royal Air Force reduced fuel consumption, and greater horsepower for faster climbing . . . greater altitude . . . extra maneuverability.

Phillips and the American petroleum industry are today supplying great quantities of 100-plus octane gasoline. This super-fuel increases enormously the fighting effectiveness of U. S. and all United Nations war planes.

No wonder the British Prime Minister is never more confident than

when predicting great air offensives to devastate Germany and Italy, to lay "the cities and other munitions centers of Japan in ashes."

Thanks to its long-range program of peacetime research, Phillips Petroleum Company was one of the first to take 100 octane aviation gasoline out of the laboratory and into mass production. The making of these American super-fuels is not merely a refining process; it is actually the synthetic production of chemicals!

That is why we say: Every time you see the Phillips 66 Sign, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils, are also gigantic chemical plants pouring out weapons for victory.

HOP HALSEY WRITES FROM SAN DIEGO

The senior editor and Mrs. Hill had a letter Tuesday from Representative Hop Halsey of Lubbock, who is now in the U. S. Marines stationed at San Diego, Calif., in which he says he has seen a number of Lynn county boys out there and has heard of others, among them an O'Donnell boy and the two Harvick boys and Leland O. Mitchell of Tahoka. He had not met up with

Pete Edwards nor W. T. Bovell.

Hop is taking rifle training and this is what he says about it: "Learning to shoot this rifle is not like going out and shooting prairie dogs out on the T-Bar ranch. You don't just up and shoot with a good Kentucky aim. You have to be a contortionist and wrap yourself all around the Grand rifle and strap it to your arm, hold your breath, and squeeze, not pull, the trigger to shoot it the Marine way. However, the Marine way has been

successful down through the years and time after time they have proven themselves to be the best branch of the service with the rifle. . . ."

"Please give my best regards to Bill (Billy Hill) when you write to him," he concludes, "and tell him to stay in there, I'm coming."

Perry Howard, wife and son of Forsan visited his cousins, Mrs. Frank Hill and Mrs. Harley Henderson Wednesday.

T. D. Short Writes Of Travels In The Southwest Pacific

Mrs. D. L. Short has furnished The News with a copy of a letter written by her grandson, T. D. Short, to his parents, Mr. and Mrs. H. D. Short, who now reside near Levelland, which will be interesting to his friends in this county. We quote portions of it.

After explaining that he was allowed to state where he had been but not where he was at the time the letter was written, T. D. says: "Well, here it is. I really put to sea in earnest March 19, and the first stop out from San Francisco was Samoa or Pago-Pago, pronounced 'Pango-Pango.' If you will look on the map you will find it is a tiny island just past the equator in the Southwest Pacific. If you remember, it is quite famous for its hulu-hulu girls and beautiful scenery. Also, if you remember, some years past, a picture was made about this tiny South Sea island.

"But, folks, I must say that it was not just quite what I expected, but I guess everyone expects too darned much at the wrong time. I guess the moving in of the Army and Marine Corps is responsible for the change that has come over the islands that were once famous for the colorful scene, that you saw in the movies before the outbreak of the war.

"But after all is said and summed up, I really enjoyed the short time I spent in my first port on the other side of the world.

"Directly after taking in the anchor at Samoa, we set sail for Wellington, New Zealand, and my first experience with the British people, or in Navy lingo the 'Limays,' I found them to be very polite and courteous people, although I could not get used to their customs, such as driving on the wrong side of the street, etc. I like New Zealand, in general, and find it to be a very nice place to visit but not to live.

"About all that I can tell you now is that we proceeded to Sydney, Australia, which incidentally I consider the best port I have been in yet. . . . But I can say that I made some fine ports in Australia in a rather short period of time.

"I can't say much for Australia except that it is almost exactly like New Zealand in a lot of ways. Especially their money. It is a shilling and a pound. One pound is equal to about \$3.35 in American

Lt. (j.g.) Clint Walker Writes From Pacific

Clint Walker, Navy flyer in the Southwest Pacific, has been promoted to Lieutenant Junior grade, according to a letter to his brother, Woodrow Walker. Clint was reared in Tahoka and served for a time as Lynn county AAA secretary. He is the son of Mr. and Mrs. J. B. Walker, now of Lubbock.

Lt. Walker flies a Liberator bomber from a land base, and presumably is taking an active part in the Solomons campaign. He sent Woodrow two pictures, one of his 11-man bomber crew and another depicting their bathroom facilities, the latter consisting of an oil barrel in a tree arranged as a shower.

Pvt. J. E. Fleming, son of Mr. and Mrs. P. K. Fleming of New Lynn, visited his parents here recently, after which he was transferred from Bryan, where he had been in training, to Seymour Johnson Field, North Carolina.

money.

"After a very enjoyable stay in Australia, we left for ports that will probably be unknown to you until I can come to Texas and tell you in person. On our way out of Australia we ran into trouble, and I would like to tell you about it, but I'm afraid it would not pass the censor. But despite it all, we arrived at our destination safely.

"You will probably get tired of all this, but I must tell you about my surroundings at the present time. At present, we are anchored a short distance from the shore. The water is swell for swimming, and believe me we do a lot of it. Every morning before breakfast from six to six-thirty, we swim before anything else, and in the afternoon we swim and play baseball about three hours. Also we go for another dip before turning in at night. We are more or less on a rest period at the present time.

"Mom, you will remember how we used to buy coconuts at home. Here I can see all along the shore a line of coconut trees. Believe me I have shimmied up trees for one of those things more than once. If I didn't feel like going up the tree myself I would have a native to do the job for the price of two American cigarettes, and he will throw down all you want for three.

"Speaking of the native people, I wish you could see them. They are really something to look at. Billy, do you remember the Tarzan pictures? Well, that's just the way they look, but not quite so hostile. Another thing that would make you laugh is that they all wear skirts—men and women alike; and Mom, before I stop this, what is the price of bananas and pineapples at home? I'll bet they are high. The reason I ask is, I can buy stalk after stalk of bananas for two cigarettes, and the same with pineapples.

"Well, I will go now and let you draw your own conclusions of what I am doing, but don't think that is all the Navy does, because I only told you the pleasant part. We are doing a swell job and we intend to continue until this damned war is over and I can get home to dear old Texas."

AMERICAN HEROES

BY LEFF

Although wounded by a Jap's vicious hooked bayonet in hand-to-hand combat on Guadalcanal, Marine Pfc. Harold Pasofsky of Brooklyn, N. Y., finally succeeded in cutting his opponent down with his machete. Our boys are willing to spend their lives. How much more can you afford to lend by increasing your Payroll Savings allotment? Take a pencil and figure it out.

New Formations Given Guardsmen

Drill and instruction in several new formations was given men of the Texas State Guard at the meeting Monday night by officers who had the previous week attended the training school at Camp Bullis, San Antonio.

Capt. E. R. Edwards, Lt. Harry Roddy, Sgt. Alton Cain, and Cpl. Calvin Edwards, who attended the training school, also reported on activities at the camp.

Saturday night, the company will hold an over-night program for training in bivouac, riot control, and other features of the training. The men will meet at the Legion Hall at 6 p. m. with complete packs, including a blanket.

Officers urge that all the men possible attend this meeting, since some important instruction will be given. The company will return to town Sunday morning sufficiently early to prepare for Sunday School and other religious services. Breakfast will be served in camp.

Attendance has been light during most of the summer, but is expected to improve with the coming of cooler weather.

Sgt. Cain announces that new supplies have been received recently.

LOYD AT FORT KNOX
Pvt. Willie G. Loyd, son of Mr. and Mrs. J. A. Loyd has entered the Armored Replacement Training Center at Fort Knox, Kentucky, to learn mechanized warfare.

ADDING MACHING ROLLS—10c each. The News.

WILSON H. D. CLUB GIVEN TWO DEMONSTRATIONS

The Wilson Home Demonstration Club met Wednesday, July 28, at the home of Mrs. Edmund Maeker. Miss Dixon gave two demonstrations. The first was Home Canning of Fruit and Vegetables; second, Freezing Foods, such as vegetables and fruit.

Each member was served by Miss Dixon fresh frozen pineapple from the locker.

There were nine present. We had two new members to join the club. The next meeting will be the second Wednesday in August with Mrs. Robert Maeker.

Mrs. J. M. Reid of DeQueen, Arkansas, is here visiting her son, G. M. Reid and family, and will probably be here two or three weeks longer. For the past few weeks she has been visiting a daughter at Shallowater and another son, J. N. Reid, and family at Brownfield. Mrs. Reid and her husband spent several months here, it will be remembered, a few years ago, and made many friends here. Mr. Reid has since died.

TYLER IN A & M
Lubbock Army Air Field, Aug. 4—Pvt. Charles C. Tyler, who was formerly engaged in farming near Tahoka, has been sent from this twin-engine air field to the Oklahoma A. & M. College at Stillwater, for assignment to the Army Specialized Training program.

Son of Mr. and Mrs. Tom Tyler of route 2, he has been an airplane mechanic here since enlisting in October of last year.

Harris Is Enlarging Storage Building

The storage room of the W. M. Harris Funeral Home is being substantially enlarged, an extension being made at each end. The original structure, situated at the rear of the funeral home, was 20 feet east and west by 24 feet north and south. An extension of six feet is being built at the south end and an extension of nine feet at the north end, making the building 20 feet wide and 39 feet long.

Mr. Harris says that for some time he has felt the need for a larger storage room and these extensions are being made to meet that need.

The funeral home itself, erected a few years ago, is one of the most attractive and handsome structures of its kind to be found anywhere in a town the size of Tahoka.

TWO PROMOTED

Two Tahoka men at the South Plains Army Air Field have been promoted, Col. Norman B. Olsen, the commanding officer, announces. William P. Chancey has been promoted to sergeant and Frank H. Briles has been promoted to private first class.

Everton Nevill reports that his brother, Pvt. Aleck (Eck) Nevill, was transferred a few days ago from Camp Lee, Virginia, to Fort Wayne, Indiana, where he thinks he will probably remain for the duration. He is in the ground forces of the Air Corps. His wife expects to join him at Fort Wayne soon.

CLINTONS GROW GARDEN

Although aged and afflicted, Mr. and Mrs. M. P. Clinton, who live over in southwest Tahoka, never fail to have something growing in their garden. Mr. Clinton just harvested a nice crop of potatoes a few days ago and Wednesday he planted a new crop on the same ground, expecting to harvest another good crop in the Fall.

Mr. and Mrs. H. R. Minor and daughter were week-end visitors in the homes of Mr. and Mrs. Ben Thompson of Ira and Dr. and Mrs. C. E. Walker of Snyder. Mrs. Thompson and Mrs. Walker returned home with them for a week's visit here and with other relatives in Lubbock. Mrs. Walker and Mrs. Thompson are sisters of Mrs. Minor.

BRING SEND IT TO THE DRY CLEANERS
Here's how to get good service from your cleaner's in spite of manpower and material shortages.

1. TAKE YOUR CLOTHES TO THE CLEANER. Return to him the hangers that came with other work. If you MUST send for his truck, always send several items at a time, never a single dress. Make a dated list to keep yourself for checking. This all saves tires, gasoline, telephone calls, clerical time for tagging and handling. Send list with clothes.
2. WHEN YOU BUY A GARMENT, ask this question of the salesperson or department head: Can it be dry cleaned? Look for informative labels that tell HOW to clean, and care for your garment. If you follow label instructions, you'll avoid disappointment and possible damage to a garment.
3. HAVE CLOTHES CLEANED AS OFTEN AS NECESSARY. Don't wait till dirt is ground in. Many of us think sending a new garment to the cleaner's will destroy its newness. Frequent cleanings prolong the wear and fresh appearance of a garment. When a dress is badly soiled it needs severe cleaning operations, which tend to weaken the fabric.
4. DON'T ASK FOR RUSH SERVICE NOW. Save the cleaners time for rush orders on uniforms. When you say you MUST HAVE a dress by Wednesday, you create a Special. To get that dress to you in three days, it must be put through ahead of the regular flow of work. You can see that with wartime shortages of help, this special handling takes an employee away from his regular duty.
5. BEFORE SENDING CLOTHES TO THE CLEANER, turn out all pockets, brush them; brush trouser cuffs. Go over garments carefully; mend open seams, and small rips or tears. Remember that most buttons are of plastic these days. To be sure they are neither lost nor broken, take them off. Snip off dress shields, flowers, ornamental pins and clips. The cleaner may do this for you at a small extra charge.
6. IF A DRESS MUST BE LENGTHENED after cleaning, rip out the hem before sending it. Attach note stating dress is to be lengthened.
7. PIN A NOTE TO DRESS THAT HAS A STAIN telling what the stain is—food, perfume, ink, blood, grease or paint.

Race riots broke out in Harlem, New York City, a few nights ago, and pandemonium reigned all night long. Wild disorder prevailed all over Harlem. Police could not quell the disturbances. By the next morning, a number of persons had been killed and two hundred others had been severely wounded. These race riots are due to two causes, first, the mischievous ideas of social equality that some white people have put into the minds of negroes; second, liquor. We have few race riots in the South, because the negroes understand in the first place that the whites would not stand for any social equality foolishness, and because in the second place few negroes want social equality. They prefer to have their own social functions and to conduct and enjoy them in their own way. They understand and respect the whites and the whites understand and respect the negroes, but both regard social equality as an impossibility. As a rule, the negroes and the whites get along just swimmingly here in the South. But in the North, many negroes have been spoiled by vote-seeking politicians and benevolently-minded visionaries who seem to think that the Ethiopian can change not only his skin but also his tastes, his standards, his racial peculiarities overnight so as to make him an acceptable companion of the ordinary white man or woman. It can't be done. Any attempt to do it results inevitably in a violent explosion.

Liquor, we opine, is one of the contributing causes of race riots such as occurred in Harlem, New York City, the past week. Without

ODDS and ENDS

by Eec Eye, the Elder

If Tahoka had no vacant lots it certainly would be a beautiful town. The lawns about the residences are unusually attractive for a town the size of Tahoka. Some of them are exquisitely beautiful, and many little homes of the cheaper type, even, have attractive lawns. The people take pride in their homes. All of which is very fine.

But every rose has its thorn. The next lot, or block perhaps, adjacent to some attractive lawn is vacant property—and it is an eye-sore to everyone who passes that way. Rank weeds have been allowed to grow up on it; possibly mesquite bushes are scattered over it. The weeds and the bushes and the grasses, inter-mixed perhaps with various kinds of junk, made up one tangled mess.

Did you ever see a woman of beautiful complexion, sparkling eye, her cheeks delicately painted and her lips modestly rouged, a face beaming with smiles, and yet her hair stringy and taggy and unkempt; a woman wearing a beautiful and costly silken waist and a ragged and cheap cotton skirt?

No you never saw a woman dressed in any such manner. But that is just about the kind of garb that Tahoka wears day after day—particularly in the summer and fall.

We have been wondering if there is nothing we can do about it. John Jones owns that old vacant block over there across the street and if he doesn't care to go to the expense of dressing it up, or even

the inciting effects of liquor or the occurrence of some unexpected outrage, men seldom gather into mobs and go on a rampage. In the early years of this country our forefathers made it a crime to sell liquor to savage Indians. It is almost as dangerous to sell it promiscuously to negroes. It was the prevalence of low liquor dives among the negroes and the baleful effects that liquor had upon them that contributed so powerfully to the wave of prohibition that swept the South just prior to the adoption of national prohibition. And liquor has the same baleful effect upon white men, if you ask us. We have known many peaceable and quiet white men who became quarrelsome and fussy under the influence of liquor. The liquor traffic and liquor drinking still constitute the greatest single evil that has ever cursed this country with the possible exception of the institution of slavery.

Our columnist devoted a large portion of his space this week to the ragged and unsightly condition of vacant lots and blocks and some of the alleys in town. After this column had been written, the city marshal came in with a warning to the effect that the alleys in the business and in the residential sections must be cleaned up. Let's all heed the warning, folks, and thus enhance the beauty of our town, eliminate all unsanitary conditions, and escape the danger of being fined upon complaint by the State Health department.

Mr. and Mrs. Bartley Cowan

to the modest expense of keeping it neat, what can the rest of us do about it?

Is there anything the City can do about it?

We don't know; but if there are any legal steps that can be taken to induce or compel property owners to keep their property in presentable condition, our city council should hasten to find the way and cause this ugly blotch to be removed from the fair face of our little city.

We have often heard the business section of Tahoka complimented by strangers for its apparent neatness and attractiveness. It does put on a neat and attractive front for the most part, and we all are proud of our town—at least until we go around to the back of some of our stores or look down some back alley. Whew! Back of our business houses are wildernesses of weeds. Back of some of the stores is a lot of old junk. In some of the alleys perishable goods have been thrown and the flies are swarming as they would swarm about a carcass.

We hope no visitor and no stranger gets a peep at the rank and ugly weeds growing back of some of our stores that have attractive fronts.

Is there nothing the City can do about this situation?

Is there nothing that we as individuals can do about it?

Well, at least, we could have a clean-up day.

Let's have it. What say you folks?

Now then, while we are getting these things off our chest, there is another howl that we wish to raise—a long loud howl.

There are too many old junk yards—or places that look like junk yards—scattered over our town, some of them along the highways, some of them close to our churches, some of them not too far from somebody's home.

Now, if it is necessary for the proprietors of these places of business, to litter up their premises with all sorts of junk—old wheels, and tires, and scrap iron, and grease and oil—then why not erect a plank wall around it and paint the wall a neat white? That would give the place and the town a natty appearance instead of a junky appearance.

Possibly this can not be done just now, while this war is going on and lumber is almost unobtainable, but some steps should be taken to see that it is done or that the businesses are moved, when the war ends.

One happy and inexpensive solution would be to plant a Chinese elm hedge about such premises.

If these places keep on increasing and keep on becoming more junky in appearance, it will not be long till our entire town looks like a junk yard.

We do believe, folks, that Tahoka should have a thorough clean-up, and that soon.

Just one other word, we believe that a great majority of the people of Tahoka thoroughly approve the decision of the members of the Curry Gin Company to build their gin on another site than that originally intended, without further contest of the matter. In fact, we think that they are to be commended for making the change. We understand that their gin plant is to consist of the most modern machinery and is to be complete and up-to-date in every detail. It is being constructed on a block of land facing the Tahoka-Post highway just east of the Carmack Gin near the railroad, and will be easily accessible to the farmers of a great cotton-growing territory.

Being near the railroad, it is in a naturally industrial area and does not encroach to any serious extent upon any residential section of the town.

The Curry Gin Company will doubtless get a generous share of the ginning business this Fall. We can only hope that this and all the other gins of Tahoka are kept busy this fall and winter during a long cotton-gathering season.

Mrs. Olive Holt returned Friday from a two-week visit with her daughter and family at Lovington, New Mexico.

Bureau of Public Relations U. S. War Department

RIDES "PIGGYBACK"—Lieut. William C. Thomas, of Altoona, Pa., chaplain with the 13th U. S. Army Air Force in the South Pacific, uses a P-38 Lightning and a bouncing jeep to bring religion to his pilots and ground men, according to reports to the War Department. Recently the chaplain rode 60 miles "piggyback" in a single seater plane to officiate at the funeral of a pilot. He uses a jeep to visit the scattered fighter planes on South Pacific air fields. After graduating from the University of Pennsylvania he taught school two years and attended the Eastern Baptist Theological Seminary in Philadelphia. He has been overseas 18 months.

OAKS GROWING ON PLAINS

G. C. Aten, who lives on route 1 and has the distinction of having more trees on his farm than any man in this region, was here Saturday greeting friends. When Mr. Aten started improving his place he was plum lost without timber. He just had to have some brush—something to remind him of Blanco county. Down there they have all kinds of timber—live oak, shin oak, post oak, burr oak, Spanish oak, elm, hackberry, pecan, etc. G. C. didn't fancy having just mesquite and China berry, so he busted loose and planted oaks and other trees. Today he's got enough shade for a barbecue celebration.—O'Donnell Index-Press.

PILES Oh! How They Pained and Itched!

Then this DOCTOR'S Ointment Gave Relief That Amazed Him!

I was positively amazed at the relief of pain and itching of piles when I changed to your ointment. — Lester Whaley, Hayward, Kans. That's what may be expected from Thornton & Minor's Rectal Ointment. It's used adjunctively by 75% of all noted Thornton & Minor Clinics. For quick relief of pain, itching, soreness of piles, fissures, rectal irritations, simple non-surgical cases. Use the index with pile pipe cover, and get your money back.

WYNNE COLLIER, Druggist

WARNING!

Again it becomes my duty to warn both business men and occupants of residences within the city limits that they must clean up the alleys back of or along their premises. Every alley will be checked soon by the State Health Officer and every business man and every household-er whose alleys are found to be in unsanitary condition will be fined. All trash and refuse of every kind must be removed, burned, or otherwise destroyed. Especial attention is called to the condition of outdoor closets. They are a source of great danger in spreading disease. They must be cleaned up and lime in generous quantities should be placed in them daily. Weeds in the alleys should be cut and burned. In other words, all alleys and other unsanitary places, in the city must be thoroughly cleaned. If the health officer gets you, don't blame me.—A. F. McGlaun, City Marshal. itc

Arch S. Underwood and Thurston Bowers of Lubbock were visitors in Tahoka Tuesday.

Pvt. Ray Chancey of Sheppard Field was here from Friday until Tuesday visiting his parents, Mr. and Mrs. Tel Chancey. He expects to be leaving Sheppard Field now for some other training field or perhaps for overseas service almost any day.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

(By Mrs. Marvin T. Huslock)

Last week the School Board met and decided to begin school Monday, Aug. 23. The superintendent, J. P. Hewlett, estimated the number of students at 220, although the final reports of transfers had not been received. A Home Ec. teacher has been hired, but there are still a few vacancies.

The Methodist revival closed Sunday night, with the pastor, Rev. E. C. Armstrong, preaching the final sermon; as Brother O. B. Herring had to begin a revival in Hermitage Monday night, substituting for a preacher who is ill. There were five additions to the church, Mr. and Mrs. J. B. Robertson, Mary Evelyn Cook, Mary Frances King, and Lella Mae Weaver. Also, two were converted. Large crowds attended services twice each day. The amount collected for the visiting preacher was \$119.14.

Tuesday night's attendance including Rev. J. B. Baker, pastor of Olton, and his wife, and the Rev.

GOVERNOR STEVENSON'S PROCLAMATION URGES RETURN OF DEPOSIT BOTTLES. In the proclamation, just issued by Governor Stevenson, Texans are urged, during the month of August, to conserve the existing supply of returnable deposit bottles by returning them promptly to the dealers. Governor Stevenson's proclamation points out that the general public, by returning idle milk, carbonated beverage, and beer bottles, which can be sterilized for civilian re-use, will permit the glass industry to re-use even more of its facilities for the manufacture of glass containers for food, and other items, required by the armed forces at home and abroad. Mrs. Margaret McDuffie, the Governor's personal secretary, was photographed with him at the time the proclamation was signed.

Charter Presented Paralysis Chapter

Receipt of the Lynn County Chapter of the National Foundation for Infantile Paralysis was announced today by J. C. Smith, its chairman. When forwarding the charter, Basil O'Connor president of the foundation, said, "As we all know, a nation is only as strong as its people are well. The natural resources of a country are useless unless there is unimpaired manpower to produce them. In the time of national emergency the work of such an organization as the Foundation must not be even as much as interrupted."

"Despite the fact of the existence of war, we must continue to preserve those factors in our own existence that make the major struggle worthwhile. One of those factors—if not the most important one of all—is the health and physical condition of all of our people."

"The members of your Chapter who will give so unflinchingly their time and energies in the fight against infantile paralysis are making a vital contribution to America's health and its war effort."

Chapters supply various medical and orthopedic aids to needy infantile paralysis victims and render assistance during epidemics to the afflicted as well as to the medical profession and health officers of the county.

The officers of the chapter are: J. C. Smith, chairman; Wynne Collier, vice chairman; Mrs. Jim Elliot, treasurer; Mrs. Truett Smith, secretary.

The funds for the Lynn county program are raised annually in January during the celebration of the President's birthday.

JAKE HOLCOMB'S THREE COUSINS IN THE SERVICE

Jake Holcomb of New Lynn exhibited to a representative of The News Monday the pictures of three brothers, who are cousins of his, which appeared in a recent issue of the Fort Worth Star-Telegram, together with a story giving something of their service in the armed forces of our country.

One of them, Sgt. Elmo E. Graves, was one of the heroes of Bataan Peninsula, and now languishes in a Japanese prison somewhere in the Philippines. He was a radio operator in the Marine Corps.

Another, Cpl. Horace L. Graves, is serving with the U. S. Army Engineers in Panama.

The third, Pvt. Ernest Graves, is in the Marine Corps Artillery at Camp Elliott, Calif.

They are sons of Mrs. V. C. Graves of Olney but came from the pioneer Graves family of Bell county, where Mr. Holcomb also was born and raised.

Pvt. Howard Davis, son of Leroy Davis of Grassland arrived home Friday afternoon of last week to spend a week. He had just completed his training with a medical unit at Camp Barkeley, Abilene.

Marjorie Crosby had a sinus operation in a Lubbock hospital over a week ago. She was released from the hospital Friday and is getting along fine.

Three children of Mr. and Mrs. E. O. Montgomery have been ill and were taken to the hospital in Lubbock. They were brought home Saturday and are up again and well.

Rev. Ellis Todd is conducting a revival this week at New Home. He will begin the Methodist revival in the Dixie community Sunday.

The Methodist Sunday School had a picnic last Friday night at Tahoka Lake.

Mr. and Mrs. S. G. Anthony and Annette came back Friday after nearly two months absence. He is recovering from a major operation he underwent in a hospital in Rochester, Minn. They moved to Woodrow Tuesday, where Mr. Anthony will be superintendent of the Cooper Public School.

Mr. and Mrs. Head moved into their house Tuesday.

The Home Demonstration Club met last Wednesday with Mrs. Edwin Maeker. Two new members were received, Mrs. H. E. Phillips and Mrs. F. E. Smith. Miss Dixon demonstrated a new method of canning peas, beans, and fruit to several members: Mmes. Pat Swann, Kahlich, John, Covey, H. E. Phillips, F. E. Smith, W. J. Hancock, W. F. McLaughlin, Edwin Maeker, Miss Dixon and Mrs. W. H. Jackson were present.

The Home Demonstration Club will meet Aug. 11, at Mrs. W. H. Jackson's. Please note the change in time of meeting. Miss Dixon will demonstrate drying and brining of foods.

Delphine Hahn came home from Lubbock Wednesday night to attend the Young People's business meeting of the St. Paul's Lutheran Church.

Rayburn Hahn helped Mr. Anthony move Tuesday to Cooper.

Mr. A. D. Nieman of Lamesa visited Mrs. Katy Nieman this past week.

Virginia Lee Nieman is ill this week.

Mr. and Mrs. S. H. Gryder visited in the E. O. Montgomery home Sunday.

Mrs. John Hahn had the bad luck of sticking a nail in the top of the foot.

Friends of Christine Wenzel will be glad to know she is improving after many months of illness. She expects to return to work in the near future.

Mr. and Mrs. H. Hannabas and

Deliver us from evil BUY WAR BONDS

Figure It Out Yourself. How can you effectively join in saving all the little children of the world from human slavery, death and injury from the Nazis and Japanese? Put more and more of your pay into war bonds every payday. Your savings will go to war in the form of war equipment and other munitions. How much more should you put into war bonds? The only ones who can answer that are—you and your family. It's up to you to decide just how much more you'll do to win the war.

If you were fighting in the Solomons or in Africa or forcing a landing in Europe you'd like to feel that the folks at home were back of you—all the way—you'd be proud of your family and your friends if you knew they were buying war bonds not at 10 per cent or 15 per cent, but with every cent beyond that which they need for necessities.

U. S. Treasury Department

Edward visited Mr. and Mrs. E. J. Moore of Dixie Sunday.

Oma Ruth Smith, who has been visiting for two months her sister in Farmersville and relatives in Commerce, returned home this week.

Mr. and Mrs. R. J. Moore, Deryl and Glenn visited in Commerce the past week.

Eleanor and Nell Durham from Dallas are visiting their grandparents, Mr. and Mrs. J. T. Curry.

The young people of Wilson Baptist Church met Monday night at the church and made ice cream and played games on the lawn.

Those present were: Edward Hannabas, Charles Baker, Lawrence May, Billy Gryder, Albert Holder, Norris Raymond, Freida Ruth Lemon, Deryl Moore, Leona Cox of Commerce, Oma Ruth Smith, Eleanor Durham of Dallas, Wanda Louise Baker, Mary Ella Jackson, Theo Campbell, Mr. and Mrs. F. E. Smith, Mrs. W. H. Jackson, and Addie Jane Gryder.

Mr. and Mrs. W. T. Campbell of Blum are visiting their sons, Pat and Jasper Campbell this week.

Mr. and Mrs. John Rose of Rio Vista are visiting their daughter, Mrs. Jasper Campbell.

Mr. and Mrs. Andrew Campbell of Amarillo are visiting in the homes of Mr. and Mrs. Pat Campbell and Mr. and Mrs. Jasper Campbell.

Mr. and Mrs. A. T. Wallace of McAdoo visited the Pat and Jasper Campbell homes the past week end.

Miss Gladys Kirtley, who has been visiting her folks in Cleburne, returned to Wilson this week.

The W. M. S. of Wilson Baptist Church met Monday in the home of Mrs. L. Lumsden. The regular Royal Service program was rendered assisted by some of the young people. After the program: "Our Christian Obligation to the Jew," was given, the women gave enough money to provide 22 yearly subscriptions to the Jewish magazine, The Mediator, to be sent to Jews. Those present were: Mrs. Pat Swann, W. H. May, W. I. Lemon, J. T. Williams, Bess May, B. W. Baker, Iona West, Myra Swann, Fred Brannon, F. E. Smith, Seals, W. J. Hancock, S. H. Gryder, Bettle Ross Blevins, Edwards, H. Hannabas, L. Lumsden, W. H. Jackson. Young people were: Fay Watson, Wanda Louise Baker, Mary Ella Jackson, Dorothy Nell Watson, Ruthie Mae Dudley, Bobbie Swann, Winna May, Annette Jackson, June and Jeani Covey.

Mrs. E. Herber and Miriam went to Plainview Wednesday to visit her sister.

Mary Schneider is visiting her parents this week.

Mrs. J. H. Cox and Kenneth of Lubbock were visiting Mrs. W. H. Jackson Tuesday and Wednesday.

Mr. and Mrs. T. J. Sides of Lubbock were visiting their daughter, Mrs. John Covey for a few days.

Mrs. Starley Dennis and daughter of California are visiting Mr. and Mrs. Pat Campbell.

Mr. and Mrs. H. L. Clark of Petty were also visiting the Pat Campbells.

Davis Hutchenson had his tonsils removed and is home again.

Fay Watson went to Lubbock Saturday to visit her sister, Mary Watson.

Mr. and Mrs. Elmer Rice and family visited in Amarillo last week end.

KENNETH MCKINNON IS TAKEN BY DEATH

Monday of last week the shocking news came of the death, in a Wichita Falls Hospital, of Kenneth McKinnon following a major operation. Mr. McKinnon and his wife had taught school in Slaton the past seven years. They had recently moved to Oleny, Texas where he was to be Principal of the Elementary school, and Mrs. McKinnon was to teach.

Funeral services were held in the Chapel of Marshall and Marshall at Hillsboro, Texas, 10:30 A. M. Wednesday conducted by Rev. Ferguson of Slaton and Rev. LeRoy Davis of Waco.

Mr. McKinnon was a member of the Baptist church many years and had also been active in civics and other organizations.

Surviving include his wife, two sisters: Mrs. Loyd R. Mc Cormick of New Home, Mrs. J. M. Lance, Chillicothe; two brother, S. R. of Lubbock and Carl of Iowa Park.

A news item sent from Happy states that two former Lynn county boys, Sgt. Arch W. Johnson of New Orleans, La., and Sgt. Cone W. Johnson of Olympia Air Base, Olympia, Wash., had returned to their bases after spending harvest furloughs in that area. They are the sons of Wash W. Johnson who lived in this county so long.

Mrs. B. P. Myers of Jonesboro spent several days out here recently visiting her sisters, Mrs. J. H. Kuykendall of Edith and Mrs. W. H. Izard of New Home. Mrs. Kuykendall accompanied her back to Jonesboro and expected to visit relatives near Belton and Killeen in Bell county before returning home.

Miss Ida Botkin, daughter of Mr. and Mrs. V. A. Botkin, returned early this week from a two weeks visit with her grandmother near Gatesville. She had just completed her work as a junior in the Texas Tech a few days prior to leaving for Gatesville and will re-enter the Tech this Fall as a senior.

Mr. and Mrs. Jim Banister and granddaughter, Miss Clara Gene Scruggs, went up to Amarillo last week to visit Mr. Banister's youngest brother, Will Banister, who is seriously ill in the Veterans Hospital.

Pfc. Howard Smith writes Mrs. J. E. Maberry from New Guinea that he is still getting along just fine. Howard has been in that country for a long time and, no doubt, has seen much action.

Pvt. John Curtis McGuire returned Saturday to Camp Howze after ten-day furlough spent with his mother, Mrs. J. P. McGuire of Midway, and sister, Mrs. Archie Reese.

Misses Anita Reddell and Ovel Warren, who recently accepted positions with a defense plant at Fort Worth, write back that they are exceedingly well pleased with their work.

James Applewhite, manager of the J. K. Applewhite Implement business at Brownfield, was a Tahoka visitor Monday.

Mrs. J. W. Hughes of Dallas is here visiting her daughter, Mrs. G. C. Grider.

"Scotty" Sampson of Post was a business visitor in Tahoka Thursday and attended the Rotary luncheon at noon.

NOTICE, MASONS!

The Tahoka Masonic Lodge, A. F. & A. M. No. 1041 will confer the Entered Apprentice degree on four candidates next Tuesday night, August 10, beginning at 8 o'clock. All members are urged to be present; visitors welcome.

Congratulations—

Mr. and Mrs. Ted M. Clayton on the birth of an 8½-pound daughter Wednesday night at 10:20 o'clock at Tahoka Clinic. They have named her Phyllis Ann. Mother and babe are doing nicely, and Ted was about the happiest man in town Thursday.

Mr. and Mrs. Joe Jackson of the Grassland area upon the birth of a daughter Sunday, August 1, who will answer to the name of Janet Elora.

Mr. and Mrs. Elmer Smith of Tahoka upon the birth of a son on the same date. He will sign his name as Kenneth Smith Jr.

These births reported by the Tahoka Clinic

It also reports that Mrs. Floyd Jackson underwent appendectomy at a Lamesa Hospital a few days ago.

The News failed to obtain a report from Dr. Sincular Thursday of the births at which he had officiated the past week.

TWO TAHOKA YOUNG MEN BEGIN FLIGHT TRAINING

Coriscana, Aug. 5.—Aviation Cadets David F. Reddell and Richard Bosworth have arrived at Coriscana Field from San Antonio Aviation Cadet Center as members of Class 44-B, and are assigned for primary flight training to the Air Force Training Detachment, commanded by Capt. L. S. Dysinger.

Reddell is the son of Mr. and Mrs. W. A. Reddell, and Bosworth is the son of E. A. Bosworth, route 1, Tahoka.

Mr. and Mrs. J. W. Davis of Roanoke, Virginia, came Sunday for a few days visit with his parents, Mr. and Mrs. W. M. Davis at Grassland.

LONNIE WILLIAMS TURNS WEATHER PROPHET

"This is the best of the intensely hot days," County Commissioner Lonnie Williams remarked to a crowd on the corner Wednesday afternoon. Then, in view of the fact that he is an old timer, he climbed even further out on the limb and declared, "It is going to rain. Get the hoops tightened up on your barrel!"—the last remark being directed to a doubting Thomas as present. We were a bit astounded in view of the fact that he had just been relating how the hot sun and dry winds had been popping open his cotton the past few days.

We scanned the horizon, and in the south and east we saw a few little clouds that really gave promise, but we strolled back to the office still doubting. In an hour it was raining, just pouring down, and Tahoka got two-thirds of an inch. We hope it falls on Lonnie's crop today.

INCOME TAX INFORMATION

TO INCOME TAX CLIENTS:

As you probably know, several changes have been made in the Federal Income Tax laws. As requested by many of my clients, the following interpretation as it stands at the present time, is herewith presented for your information. As further interpretations are made, I will pass the same on to you. Feel free to discuss your individual problems with me.

- FARMERS.** If you are a farmer, you will not have to make any return until on or before December 15, 1943, at which time you must estimate your 1943 tax liability and pay the difference between this amount and what you have paid on your 1942 tax.
- TAXPAYERS OTHER THAN FARMERS AND SALARIED PERSONS.** You must make an estimate on or before September 15, 1943, of your 1943 tax liability and pay one-half of the difference between this amount and what you have paid on your 1942 tax on this date, and the other one-half on December 15.
- SALARIED PERSONS.** If you have as much as \$100.00 income from source other than your salary, you must make estimate on September 15 as set out in No. 2 above. If you do not have such income, then you need not make any return until March 15, 1944, as your employer is taking care of this for you.

Bureau of Public Relations U. S. War Department
OLD GLORY WAVES ON SICILIAN COAST—This U. S. Signal Corps photograph, received by radio, depicts exciting scenes on the beaches when American troops landed from invasion barges on the southern shore of Sicily. Within a few hours the soldiers of Lieut. Gen. George Patton's American 7th Army and their British and Canadian allies firmly established themselves with adequate equipment and pushed aggressively toward the interior of the island.

SOME ESSENTIALS FOR PRODUCING QUALITY MILK

By N. S. Abbott

1. Healthy cows.—All cows for milk should be free from tuberculosis, abortion, and mastitis.
2. Clean cows.—The flanks and udder of milk cows should be brushed before milking to prevent loose particles of manure and foreign material from falling into the milk. The hair over this area should be kept short by clipping. Wash the flanks and udder thoroughly with a wash cloth and chlorine water (100 parts chlorine per million parts water). Squeeze the cloth dry and again wipe the cow's udder.
3. Flavor in milk.—All highly flavored feeds should be fed immediately after milking. Keep cows off pastures infested with weeds or remove 3 to 4 hours before milking.
4. Clean lots and barns.—Manure should be removed to a place, at least 50 feet from the barn, not accessible to the cows. Other livestock should not be kept in the same lot and barn with milk cows.
5. Clean milking.—Wash your hands in chlorine water, prepared as above, immediately before milking. Milk with dry hands for it is impossible to produce quality milk with wet-hand milking. Milk stools should be kept clean.
6. Well-made utensils.—All milk containers and utensils should be constructed of heavy-gauge material with a non-corrodible surface, of a shape that will make cleaning easy, and with all joints and seams soldered flush.
7. Clean utensils.—(a) Rinse utensils in cold water. (b) Wash utensils in hot water containing an alkali washing powder (do not use

- soap.) Use a fibre brush to scrub the utensils (do not use a rag). (c) Rinse utensils in scalding hot water. (d) Invert utensils on a clean, dry rack so water will drain off.
8. Sterile utensils.—Expose to a chlorine solution, prepared as above, for at least 20 minutes.
9. Straining.—As soon as the milk is drawn from the cow it should be removed to a clean milk room and strained through a sanitary strainer using filter pads or cotton disc.
10. Cooling.—Cool the milk promptly using water, since it is 21 times as efficient a cooling medium as air at the same temperature.
11. Flies.—By all means control flies as much as possible by use of a recommended fly spray.

PFC. C. W. CONWAY JR. HERE ON FURLOUGH

Pfc. C. W. Conway came in Tuesday on a 15-days furlough to visit his parents, Mr. and Mrs. Claude Conway. He is now stationed at the San Marcos Army Flying Field. After joining the Air Forces several months ago, C. W. was sent north for training. For some time he was at Scott Field, Illinois, where he graduated as radio operator and mechanic on July 9. He was transferred to San Marcos on July 25. He has no idea how long he will be stationed at San Marcos but hopes to get another transfer soon. Speaking of Illinois, Pfc. Conway says that the weather was so hot up there that he could not sleep either day or night and lost some weight. Scott Field is in southern Illinois, only about thirty miles out from St. Louis, Mo.

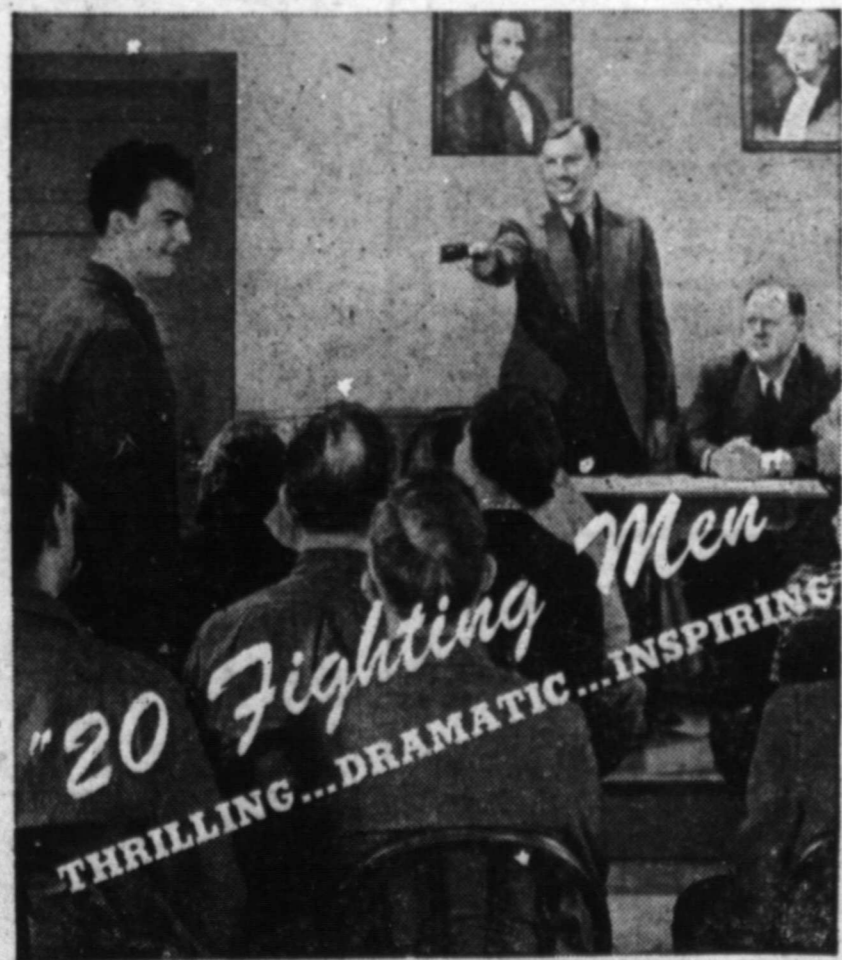

FOOD PRODUCTION MOVIE COMING TO ADA THEATRE

Farmers and food producers of Lynn County will find much "food for thought" in the wartime food production movie, "Twenty Fighting Men," to be shown at the Ada Theatre Friday and Saturday, Aug. 6 and 7. Produced in the interest of more food for victory by Purina Mills, St. Louis, Mo., and brought to our local theatre by Maasen Produce, Purina dealer, "Twenty Fighting Men" is a graphic presentation of the vital need of additional food production for our armed forces and allies. The picture opens with dramatic war shots from War Department files showing how food has been destroyed all over Europe, how necessary food is to our armed forces abroad, and how quickly farmers have responded to the need for increased wartime production. Here of the movie is a typical farm boy, home on leave, who attends a meeting of neighboring farmers and recalls the important role which food is playing in the war. He recites the dramatic incident of how American food captured a North African fort without a shot fired or a life lost. Based on his former experience on an average U. S. farm, the soldier proves that enough additional food can be produced on each farm through better management, more careful sanitation against disease and parasites, and better feeding to produce enough meat, milk, and eggs for twenty fighting men for one year. The picture ends with a strong appeal from the soldier to his friends to do their part in producing the food for an extra "Twenty Fighting Men," for unless American farmers win their battle of production at home, he states, their sons and brothers cannot win the battle abroad. The story of "Twenty Fighting Men" speaks to the patriotism and makes good sense of American farmers through one of their own boys in uniform to make every pound of feed do the best possible job and to wage unceasing war on waste, disease and unnecessary production accidents. The movie is a part of a Food for Victory crusade now being sponsored by Maasen Produce, a free service in assisting farmers to reach their wartime food production goals.

HOME FROM ENGLAND

Sgt. Carl Blair of O'Donnell arrived home recently from England, where he had been with the U. S. Army for eleven months. He transferred to the Air Corps for pilot training and will enter an air school over here. He was in the same outfit in England with Guy Hegl, brother of Pete Hegl of the First National Bank.

PETTY CLUB STUDIES FOOD PRESERVATION

The Petty Home Demonstration club met with Mrs. L. C. Crews Friday afternoon. We had a very interesting educational demonstration by Miss Dixon on the steaming and preparation of foods to be stored in lockers. It is so essential to preserve all the food possible in these trying times we should all strive to learn everything possible about it. Those present were: Mrs. Alvin Perry, Mrs. Ray Hoover, Mrs. Claude Reagan, Mrs. J. W. Lowrey, and Mrs. Lee Cromer. We also had a very interesting talk by Mr. Abbott, the agriculture teacher of New Home. His talk was enjoyed by all, and we hope to have him with us often in the future. The next meeting will be with Mrs. S. M. Watkins, date unknown. The subject and demonstration will be on Brining and Drying foods. We are looking forward to it with great anticipation. We also hope Miss Dixon will be present. We enjoy her presence and teaching so much.

Everyone is cordially invited to attend our club. Come on, ladies, let's put this club over with a bang and show Uncle Sam what we members can do to help this war.—Reporter.

Miss Loeta Jones of Lubbock is spending her vacation this week with her parents, Mr. and Mrs. J. W. Jones of the Draw community. She is employed as a stenographer in the office of the Cone Grain and Seed company.

NOTICE!
 Notice is hereby given that the financial budget for Lynn county for the year 1944 will be inspected, considered, and adopted by the Commissioners Court on Monday, August 23. Any and all persons who may be interested in the budget are invited to appear before the court and make such suggestions or objections as they may desire. Respectfully, Chester Connolly, County Judge. 52-3tc.

MOTHER WEATHERS HAS 86TH BIRTHDAY PARTY

Mrs. E. N. Weathers, affectionately known as "Mother Weathers," celebrated her 86th birthday last Thursday, July 29. As a complete surprise to her, a group of friends gathered in her home for a party, bringing many nice gifts. Refreshments of cake and ice cream were served to Meses. R. W. Fenton Jr., W. M. Harris, C. T. Oliver and two grand daughters, D. V. Smith, Alec Riddle, E. J. Hendrix, L. M. Nordyke, G. W. Hickerson, Hattie Yates, Bud Milliken, and Rev. and Mrs. A. C. Hardin, and Misses Marianne, Betty Jean, Lilla B., and Winona Reed. Many other friends dropped in through the day with gifts.

Joe Hickerson of Houston visited his parents, Mr. and Mrs. G. W. Hickerson, from Thursday of last week until Sunday. He has three sons in the service of Uncle Sam and was recently given a discharge himself, on account of being over age.

FAIRMAN COMPANY
Goldthwaite, Texas

Geo. Mahon . . .

(Contd. from first page)
built up a war machine that is more powerful than that of all our enemies combined, he declared. While there has been some waste, 94 cents out of every dollar which the Government is spending is going into our war effort, he said. Winning the war is the one big thing before us. Everything else is comparatively insignificant.

While he thanks God that this still is a country in which every man is at liberty to express his opinion and to voice his criticism of anything that is wrong, otherwise it would cease to be a democracy, yet he felt that we should not quibble over little things while the all-important issue of winning the war and saving our country is at stake.

In fact, he indirectly made a plea for an all-out effort to furnish the nine million men in our fighting forces with everything they need to win the war, and finally to bring as many of them as possible back home safe and well.

It was marked throughout with a fervent spirit of unselfishness and patriotism and must have touched the heart of every hearer.

Two special musical numbers were presented by five girls, Peggy and Macky Fenton, Pat Hill, Joan Edwards, and Dorothy Lee Cramack, accompanied at the piano by Winston Redwine.

In addition to the wives of Rotarians, other business men and farmers were guests of the club. A group of O'Donnell Rotarians also were present.

CARD OF THANKS

We desire to thank our neighbors and friends for the great kindness they have shown us during the bereavement which we have suffered in the loss of our two babies. Everybody has been exceedingly nice and helpful and we shall never forget their deeds of sympathy and kindness.—Roy Curry and family.

Mrs. I. I. Gattis has been sick since Thursday of last week, and has been taking treatment at a Lubbock hospital every alternate day since. Mr. Gattis says that her condition seemed to be somewhat improved on Wednesday of this week.

MRS. SHAWN ATTENDS FAMILY REUNION

Mrs. E. W. Shawn and children, Wayne and Joretta, and Mrs. L. C. Dodson, all of Tahoka, and Mr. and Mrs. W. I. Walker of Meadow went down to Princeton, Collin county, last Saturday to attend a family reunion at the home of the father of the three sisters, R. M. Pugh. All of the children except one sister who lives in Arkansas were present. She was having a family reunion of her own while her soldier son was at home on furlough.

The reunion at Princeton continued through Sunday and Monday and the Tahoka party returned home Tuesday. They were accompanied by A. brother, C. P. Pugh, who came to spend a few days visiting with his relatives on the South Plains.

The party also visited Mr. Shawn's father, J. A. Shawn, of Bridgeport, while enroute.

AKIN FAMILY REUNION

Mr. and Mrs. S. J. Akin were honored on last Sunday with a family reunion and picnic in celebration of their 57th wedding anniversary. The gathering was held in the City Park.

Seven of their eight children, 19 grandchildren, seven great grand children, and four visitors were present. One son, Willard Akin of Dublin, was unable to attend. Also absent were five grandchildren who are in the service of their country.

Children present were S. N. Akin of Hico, Mrs. J. D. Sowell of Winters, Mrs. O. C. Hunt of Lubbock, Ed Akin of Spur, and J. P. George, and Marshall Akin of Tahoka, and their families.

Visitors were Misses Kate McMillan of Tahoka and Zellray Summers of Lubbock, Buck Bennett of Tahoka, and Mrs. Lena Strickland of Lubbock.

STREET-TUNE

Ensign Weldon S. Street, son of Mr. and Mrs. B. B. Street of O'Donnell, was married on July 24 to Miss Una Vay Tune in San Antonio. Ensign Street is stationed at the Corpus Christi Naval Air Base.

Mr. and Mrs. H. P. Caveness returned Tuesday from a ten-days visit with relatives at McGregor and Jacksonville.

TRIPLET DOING FINE

Little Wesley Ray Curry, one of the triplets born recently to Mr. and Mrs. Roy Curry, who live six miles east of Tahoka, was taken to the Lubbock General Hospital last Sunday and is there being nurtured in an incubator. Latest reports were to the effect that it is doing just nicely. The other two babies, one dying within a few hours after birth and the other after about five days.

TWO NEW NEGRO HOUSES

Two small houses to be occupied by negro families are being completed over on the western border of the negro settlement situated

just west of the campus. Several other new houses have been built in the settlement the past few months. The greatest need of the growing settlement just now is a new school building.

NO RED TAPE
To Get Your TIRES Recapped
RIGHT HERE IN TAHOKA

... and don't wait too long. Because, when you permit a tire to wear down too thin, it CAN'T be recapped. You can have thousands of more miles service from that worn tire ... by recapping in time.

You can't tell when it's time to recap unless you're a tire expert. Drive around—and let us tell you how your tires are wearing—and WHEN TO RECAP for the longest mileage, and for rubber saving economy. NO PERMIT NECESSARY.
