Number 1

## Information Given On Latest Canning Methods At School

Tuesday, August 10, an all-day school was held at the Legion Hall in Tahoka, the purpose being to bring those interested up-to-date on accepted methods of conserving products from the Victory gardens.

One common problem in canning non-acid vegetables in the pressure cooker that received much attention was that of the loss of liquid during the processing period.

Miss Carolyn Dixon, county home demonstration agent, offered the following suggestions for the prevention of the loss of liquid in jars:

1. Have the food hot when sealed and seal air tight before processing.
2. Fill containers full if food is hot when sealed; if not allow room for air to expand, and the container can not be sealed air tight. Always have one half inch liquid over food, one inch of liquid above greens, shelled peas, beans and corn, is best, and two inches over hominy. Greens can not be packed too tightly or the heat will not penetrate to the center.
3. Have good equipment. If pressure-cooker gauge does not register right or if it leaks steam, there is more danger of losing liquid.
4. Always exhaust the cooker 5 to 7 minutes before closing petcock in beginning step of processing.
5. Keep pressure even. Fluctuations of temperature draw out liquid.
6. Do not let pressure go too high. If safety valve pops off it causes liquid to be drawn out.
7. Let gauge return to zero and remain for a minute or two before releasing petcock, then release it slowly.
8. When lid is taken off, leave jars in cooker 10 to 20 minutes before moving. If moved too soon or tilted a little while the liquid is boiling inside the jar, it often boils out or prevents a perfect seal.
9. Never open jar after processing to add liquid if it has been lost. The lack of liquid does not render the food unsuitable to eat. It may not be as attractive or have as good texture, but it is safe.
10. In water bath the loss of liquid is due to jars not standing level, jars packed too full, not boiling evenly and continuously, and water not covering jars at least two inches.
11. When the product is not pre-cooked sufficiently, whether steaming or preparing in the open kettle, before sealing, the liquid may also be low on the product.

## Private To Captain Is Record Set By Native Of Tahoka

From buck private to captain in two and a half years is the record of Capt. Joy Edwin (Sonny) Brown, above, son of Mrs. Pearl Brown and the late Charlie Brown. He is serving as captain in the 355th Infantry, U. S. Army, at Camp Carson, Colo.

Capt. Brown is a native of Tahoka, 24 years old, graduate of the Tahoka High School, where he played football and was active in all student affairs. He attended A. & M. one semester.

In November, 1940, he entered the Army while working at Odessa, and was stationed at Fort Bliss, El Paso, where he made an excellent record as a non-com, and was recommended as a sergeant.

He was accompanied by Ensign Adelaide Beecher of the Office of Naval Officer Procurement, WAVES, and Collier Parris, Yeoman 2/c, a former member of the Lubbock Avalanche-Journal staff.

Commander Rideout says the Navy is badly in need of women 20 to 36 years of age with at least two years high school training for enlistment in the WAVES. Qualifications have been modified for this branch, since women are needed to release men for sea duty. They will be at the Lubbock recruiting office until Saturday noon.

Seabees are also badly needed for construction work, he stated.

## County Schools Open August 30

Most Lynn county schools will open on August 30, according to Mrs. Lenore M. Tunnell, county superintendent.

However, many of the schools do not as yet have complete facilities, most of them hope to have found teachers by that date. She states that the schools are 14 teachers short, exclusive of Tahoka, O'Donnell, and Wilson schools.

## LT. FULTS LEAVES STATES

Lt. Jack Randall Fults phoned his mother, Mrs. A. E. Fults, Tuesday midnight to inform her that he was leaving immediately for foreign service. His wife, a Mineral Wells girl whom he married since entering the Army, three years ago, will visit Mr. and Mrs. Fults here soon, he said.

Lt. Fults is a graduate of Tahoka High School. He received his commission last year, and has since been connected with the Quartermaster Corps, but is understood to have been transferred to a headquarters company.

## LT. PRIVITT VISITS HERE

1st. Lt. Sam Privitt and Sgt. Jackie Weathers of Greenville, Miss., accompanied by two other lieutenants, flew out last week end for a visit here. Lt. Privitt's wife is the former Miss Greta Joyce Applewhite, who had been here visiting her parents, Mr. and Mrs. J. K. Applewhite.

Mrs. Privitt and Dorothy Jean left Monday for Mississippi to be near Lt. Privitt.

## LT. TOWNES IN SICILY

Lt. Charles Townes, postal officer of the 45th Division, which is in Sicily, wrote Harley Henderson this week that he liked Sicily much better than North Africa. He could tell nothing of the fighting, of course.

CAPT. J. E. BROWN

## Negro Is Victim Of Cutting Affray

Roberta Jefferson entered a plea of guilty Tuesday in the county court to a charge of aggravated assault. The court assessed her fine at \$25.00, and the costs ran the total up to more than \$48.00. In default of payment, she was still in jail Wednesday afternoon.

The assault was alleged to have been made upon her husband, Johnny B. Jefferson last Saturday night by stabbing him with a knife. The knife penetrated to a depth of two or three inches and the wound might have been fatal, it is said, if the weapon had not struck the shoulder blade, for it was headed directly toward the heart.

The difficulty arose when the husband was about to leave for "the flats," insisting that she remain at home. She was intent, however, on keeping him in "the straight and narrow" and objected to his prowling around at night without her protective care.

The husband's wounds were treated by a local physician, and Wednesday he was able to be out on the streets.

## High Navy Officer Is Seeking Recruits

Lieutenant Commander L. H. Rideout Jr., in charge of the Dallas recruiting district of the Navy, was a visitor in Tahoka Wednesday and made a pleasant visit with the News force.

He was accompanied by Ensign Adelaide Beecher of the Office of Naval Officer Procurement, WAVES, and Collier Parris, Yeoman 2/c, a former member of the Lubbock Avalanche-Journal staff.

Commander Rideout says the Navy is badly in need of women 20 to 36 years of age with at least two years high school training for enlistment in the WAVES. Qualifications have been modified for this branch, since women are needed to release men for sea duty. They will be at the Lubbock recruiting office until Saturday noon.

Seabees are also badly needed for construction work, he stated.

## Jim Bob Curry Infant Is Buried

Funeral services were conducted at the Wiley Curry home here at 1:30 o'clock Tuesday afternoon for little Betty Jane Curry, born to Mr. and Mrs. Jim Bob Curry in a Lubbock hospital at about six o'clock Monday morning, who died late that afternoon. Rev. A. C. Hardin conducted the services.

The infant weighed a little less than five pounds at birth. It was the young couple's first-born, and they have the sincere sympathy of a wide circle of friends.

The grand-parents are Mr. and Mrs. Wiley Curry and Mr. and Mrs. Newt Barham.

## High School Teacher Officer In WAC's

Miss Ruby Perry, science teacher in the Tahoka High School has resigned, having entered the WAC's as a second lieutenant, Supt. W. T. Hanes states.

Miss Perry had intended to return this year, but the turn of circumstances caused her to change her plans. She informs Supt. Hanes that just as her fiancé, who was in the Army was preparing to sail for foreign service, he was accidentally killed while on maneuvers at some place in New England. She attended his funeral, and on returning to her home at Liberty Hill, near Austin, decided to join the WAC's.

## Two Negroes Charged After Bloody Battle

One Negro is in jail and another is out on bond for staging an affray at New Home recently. One was arrested several days ago and the other was "picked up" in Slaton last Saturday night.

One is said to have made an assault on the other with a piece of car axle and the other made a counter attack with a piece of suction rod. Some ugly wounds and bruises resulted, but these are not likely to result fatally for either combatant.

Charges of aggravated assault were filed against them.

Master Sgt. Noel Alphin of Camp Swift is here this week visiting his parents, Mr. and Mrs. N. W. Alphin. Sgt. Alphin has been in the Army about three years, and is a little "put out" because he has served in three different "armies" and for some reason has not been sent to the fighting front with any of them.

## Mrs. S. L. Cox, 81, Buried Monday

Mrs. S. L. Cox, until recently a resident of Lynn county since 1922, died in Abilene at about 5:30 o'clock Monday afternoon. The body was brought to Tahoka for burial, and funeral services were conducted by Rev. D. W. Reed of Garnolia, a former neighbor of deceased, at the Church of Christ here at 3:00 o'clock Tuesday afternoon. Burial followed in the Tahoka cemetery.

Mrs. Cox had been confined to her bed most of the time for several months but she had been critically ill only about a week preceding her death.

She leaves surviving her two sons and three daughters. The sons are Jonathan Cox of Houston and Sam Cox, who lives east of Tahoka. The daughters are Mrs. Florence Nichols of Sweetwater, Mrs. Bess Cheshire of Burbank, Calif., and Mrs. Jim Wetsel of Cross Plains. She had resided with Mrs. Wetsel much of the time since her husband's death about four years ago, but Mrs. Wetsel, who

(Cont'd. on last page)

## Canning School At Wilson Wednesday

Wilson is sponsoring an all-afternoon meeting at the school home-making department Wednesday, August 18, and every man, woman, girl, and boy is invited to attend. Free information on canning, drying, freezing, and brining will be available. Demonstrations will be given for the purpose of assisting each with his or her individual problems.

The program, on account of the revival meeting, in progress, will begin at 1:00 p. m., and will cover the following subjects: Water bath for tomatoes, fruit, kraut; preparing fruits and vegetables for the freezer locker; steaming and processing non-acid vegetables; brining of fruits and vegetables; drying fruits and vegetables.

The county home demonstration agent, Miss Carolyn Dixon, will be present all day to answer questions on food preservation.

## O'Donnell Gets Grain Elevator

O'Donnell, Aug. 12.—Construction work on the big grain elevator of the Koeninger Grain company is well under way, and with the progress being made it should not be long until the job is completed.

The new elevator will have a capacity of 4,000,000 pounds of grain. The concrete structure will have an underground penetration of 16 feet, and from the ground level will rise to a height of 54 feet, according to A. H. Koeninger. This progressive step taken by the local grain company in this construction will not only afford storage, but will greatly facilitate loading of grain for shipment.

## J. W. Tippit Home From Sea Battles

Cockswain J. W. Tippit of the Navy is visiting his wife and parents here this week on furlough from active duty on the seas.

J. W. has seen much action, particularly off Tripoli in the Mediterranean. Though his home base is Treasure Island, San Francisco, his last trip was on a merchant ship in a convoy from the West Coast around the world to New York. He says the plane attacks from the enemy were terrific in the Mediterranean. He expects to be assigned to shore duty on returning to his base. He will probably leave here Sunday.

## Jimmy Tinsley Gets Skull Fracture In Fall

Jimmy Tinsley, 10, son of Mr. and Mrs. J. O. Tinsley, sustained a fracture of the skull Sunday morning when he fell from the fender of a car being driven by a Negro from the Tinsley home into town, Jimmy being on his way to Sunday School.

He was taken to a Lubbock hospital, where he received treatment and was sufficiently improved to be brought back home Tuesday. Barring complications, a speedy recovery is expected.

## WORKERS CONFERENCE MEETING AT SOUTHLAND

The Baptist Workers' Conference will meet with the Southland Baptist Church next Tuesday in an all-day meeting.

## BURLESON-MILAM COUNTIES WILL HOLD REUNION

Former residents of Burleson and Milam counties now living on the Plains will hold their annual reunion Sunday, August 15, at McKenzie State Park in Lubbock, according to Fritz Speckman of Lakeview, president of the reunion.

Each family is requested to bring picnic lunch to be spread at noon.

## Governor of Rotary, 'Pic' Larmour, Will Visit Tahoka Club

W. N. "Pic" Larmour, governor of the 127th District of Rotary International, which includes 58 clubs in the northwest part of Texas, will meet with the Tahoka club Thursday of next week, according to President W. T. Hanes. He will speak to the club at the noon luncheon and meet with the various officers and committee chairmen Thursday night.

Tahoka's club is probably the largest in the state of Texas for the size town, there being 52 members at the present time, and has at least twice been cited as one of the outstanding clubs of the 127th district.

Larmour is a Graham, Texas, theatre owner, officer in a loan association.

## New FSA Man For Lynn-Garza Area

Wilbur B. LeVeque, accompanied by his wife, arrived last Thursday from Floydada to begin his work here as County Farm Security Administration Supervisor for Lynn and Garza counties, succeeding Jack Welch, who has been supervisor here for several years but recently accepted a position as county agent for Schleicher county.

Mr. LeVeque has been serving as County F. S. A. Supervisor for Floyd county the past several months. He and Mrs. LeVeque are occupying one of the Mrs. S. N. McDaniel apartments. They will be welcomed as citizens of Tahoka.

## SAILOR HOME FROM WAR

G. C. Harrison, aviation machinist mate first class in the Navy, arrived last week for a few days visit with his sister, Mrs. R. L. Williams of Lakeview. Harrison has seen much action in this war, having participated in seven major battles.

M. W. Larmour

## Lynn County AAA Force Reduced, Secretary Resigns

Owing to a radical curtailment of funds for the AAA program, the scope of the work here and everywhere throughout the country is being greatly reduced and the personnel of workers correspondingly cut to a minimum.

One former employee of the office informed The News that whereas the monthly payroll here had been about \$2,400, only about \$2,600 has been allowed for the remainder of this year. With Secretary Lenton Pool gone, having accepted a position in a bank at Farwell, and the number of clerks in the Tahoka office reduced from ten to three, it can be seen that the curtailment has indeed been drastic.

Just when and whether another secretary will be sent here or not, is not known by the present office force. County secretaries are named by the district field officer, Charles T. Wasson of Lubbock, though they must be approved by the county committee.

Robert R. Adams, chairman of the Lynn county AAA committee, has authorized the statement, according to one of the clerks in the office, that hereafter it will not be necessary for farmers to make measurements of their crop acreages. It will be necessary only to estimate the acreages and turn in their estimates to the county AAA officer.

## Lenton Pool, AAA Secretary, Resigns

Lenton Pool and family left Tuesday for Farwell, where he has accepted a position in a bank. He was formerly high school principal in that town.

For the past several months, Pool has been secretary of the AAA here, and has made many friends who regret his decision to move, but he explains that he is to get a more alluring salary in the state-line town.

## Negro Runs Wild, Crashes Two Cars

As Miss Bernice Gradine, who is employed at The First National Bank, and Miss Melba Adamson, who works in the AAA office, were driving north on Main Street, the Lubbock Highway, on Thursday night of last week, they met a car coming south near the New Ada Theatre, and as it was passing it made a dike in their direction and struck the rear of their car. The driver was a Negro.

Before it stopped and just a little further down the street it also struck a car occupied by two soldier boys.

Miss Gradine's car was badly damaged, the repairs costing several hundred dollars, and she sustained a painful injury to the left forearm, which she was still carrying in a sling Monday. Miss Adamson was not hurt with the exception of the shock and the fright which the collision occasioned.

One fender of the soldier boys' car was smashed and the tall light was knocked off, and possibly other damage done. The Negro's car was pretty badly demolished but he was only slightly hurt.

Several empty beer bottles were found in his car. He lives in Slaton but the car belonged to a Negro who lives in Seagraves. He probably had delivered a quantity of liquor somewhere or was going to get another load.

He was taken before the county court, where a complaint of drunken driving was filed against him, to which he entered a plea of guilty. The fine and costs assessed against him amounted to \$74.00 and his driver's license was suspended for a period of six months. He paid the fine.

## SAILOR HOME FROM WAR

G. C. Harrison, aviation machinist mate first class in the Navy, arrived last week for a few days visit with his sister, Mrs. R. L. Williams of Lakeview. Harrison has seen much action in this war, having participated in seven major battles.

Each family is requested to bring picnic lunch to be spread at noon.

## WORKERS CONFERENCE MEETING AT SOUTHLAND

The Baptist Workers' Conference will meet with the Southland Baptist Church next Tuesday in an all-day meeting.

Sgt. Wm. Basinger is now a gunnery instructor at Kingman, Ariz. He has been in the Army only eight months.

## Mrs. Murphy, 88, Is Buried Here

Funeral services were conducted at the Harris Funeral Home here at 2:30 o'clock Sunday afternoon for Mrs. Martha J. Murphy, who died at the home of her daughter, Mrs. R. P. Bailey of Lake Arthur, New Mexico, at about 6:00 o'clock Saturday morning. The services were conducted by Rev. A. C. Hardin pastor of the First Baptist Church here, and burial was in the Tahoka cemetery. Death was attributed to paralysis, though deceased had more than lived out the allotted time of man on earth, being 88 years, 7 months, and 27 days old.

Mrs. Murphy left four daughters and two sons surviving her. The daughters are Mrs. Bailey of Lake Arthur and Mrs. Cal Duncan of Carlsbad, New Mexico, Mrs. Bonna Miles of California, and Mrs. Mary Perkins of Corpus Christi. The two sons are Robert Murphy of California and Louis Murphy of Corpus Christi. Mrs. Bailey was the only one of the children who was able to be here for the funeral services.

Mrs. Murphy's husband, J. Murphy, died here in 1933, and his remains were buried here.

Mr. and Mrs. Murphy were residents of Tahoka for about thirteen years. They came to Tahoka in 1920. Mr. Murphy died in April, 1933, and Mrs. Murphy then went to reside with Mrs. Bailey. Mr. Murphy was engaged in running a second-hand store during the time they were here.

Mrs. Murphy, whose maiden name was Martha Jane Roark, was a native of Texas.

**NOTICE TO THE PUBLIC:**  
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

Sometimes we are inclined to take the view that the public school of today is not as efficient as the public school of the last generation, but that is incorrect. As a rule, the public school of today gets the job done far better than did the school of forty and fifty years ago. It is true that the curriculum of today has a much wider spread than it did in the "olden days" and for that reason the teaching in many cases may not be as thorough as it was then, but we can remember that there were dolts and idlers and numb-skulls in the school then who never learned anything and who never wanted to learn anything. As a rule, the schools of today are far better than they were, old sport, when you were a kid. If they were better then, why are there so many of us old guys now who were exposed to an education and failed to catch on? Yes, we have better public schools and better automobiles now than we had when the little one-room school house and the Model-T Ford were in vogue. Don't cuss your school. Support it and boost it. By the way, we have a good school, a good faculty, and a good superintendent here in Tahoka, of which we have reason to be proud.

Due to the fact that many teachers have enlisted in the armed forces and others have procured positions in defense industries or in clerical positions that pay them much more than teaching positions pay, most of the public schools are having great difficulty in procuring teachers. The prospects are that the schools will have to get along

somehow with fewer teachers. Many teachers with increased work will probably demand higher salaries. Since salaries of most other workers have gone sky-high, it is only just that the teachers' salaries be raised also. We have an idea that from now on, war or no war, the teaching profession will command much higher salaries than those paid heretofore.

The German people have long boasted that they are far superior to other peoples in intellect. We don't believe it. Americans have never been so dumb as to submit themselves unreservedly to the dictatorship of a single individual or even a single group of individuals. The Germans have done this, and as a result they have been kept in the dark and deceived respecting the progress of the war. They have been made to believe that they were winning even when they were losing on every front. Their eyes were not opened until they were opened with bombs. And even then some of them remained blind. Stories keep coming across the Atlantic as to how confident certain German prisoners are that Germany is winning and is going to win in the end. They seem to be as ignorant of real events as South African Hottentots. Americans of German extraction know better, for they live in free America.

Yes, old Mussolini had mused up things so terribly and had failed so miserably that he had to "resign," but there are evidences that the King of Italy was still playing into Hitler's hand when he appointed old Marshal Badoglio to the place of leadership. The Italian masses hailed Mussolini's resignation with ecstatic joy, as they thought that it meant an end of the war; but old Badoglio conveniently neglected to yield to the Allied demand to surrender. "The war goes on," he announced, but many thought he was saying that with his fingers crossed. It appears now, however, that he was trying to "double cross" the Allies and the people of Italy. Out of a generous spirit, we lost a few good bombing days, but American and British leaders were not fooled much. And so the war does go on—to the ruin of Italy, and to the eventual ruin of old Badoglio and his "moronic king."

Truly it seems that the tide has turned in the Pacific. MacArthur and Halsey and Vandergrift are getting the job done. The Japs are being consistently whipped on land, on the sea, and in the air. Progress is not as fast as we would like but it is steady. And we are persuaded that it will constantly increase its momentum. Old Tojo and his conspirators have already played their strongest cards. They are steadily losing. It may become necessary for us to almost completely wipe Japan off the map of the world, but we are prepared to do that very thing in the course of time if it becomes necessary. Those treacherous Pagans are doomed.

Pfc. and Mrs. Allen Luallen and baby are spending his 15-days furlough with his parents here and her parents at O'Donnell. Pfc. Luallen is now stationed at the Dodge City (Kansas) Army Air Field.

Buy A Victory Bond . . . And Slap A Jap!

## ODDS and ENDS

by Eec Eye, the Elder

This column talked pretty straight last week about the necessity for our town to be cleaned up.

But we note that some of our exchanges raised even a louder hue and cry for their towns to be cleaned up than even we did.

Under a three-column headline, "Filth, Flies and Mosquitoes Add to Polio Danger," an expression accredited to the State Health Department, The Floydada Hesperian runs a front page article of more than a half-column length urging a clean-up of the town, and in addition to this the Health Officer, the Mayor, and the City Marshal ran a four-column by 16-inch notice calling attention to the unsanitary conditions that exist in the town and insisting that the citizens clean up their premises. Special attention is called to toilets and privies; the protection of food from flies, rats and mice; the proper disposal of garbage and the control of fly-breeding places, together with the importance of keeping animal and chicken houses scrupulously clean; urging a rat-poisoning campaign; protection of the water supply; control of mosquito breeding; etc.

In the front-page story, the Hesperian quotes a representative of the State Health Department as saying: "There is no doubt that flies and possibly mosquitoes can spread poliomyelitis. Competent research workers have proven this fact."

Seven cases of poliomyelitis (infantile paralysis) have occurred in Floyd county since about July 1, and of these five have been fatal, says the Hesperian.

Is it not likewise important that the people of Tahoka launch a clean-up campaign? We think that all garbage should be placed in covered containers, that all toilets and privies should be more strictly sanitary, that all conditions conducive to the breeding of flies and mosquitoes should be eliminated, that war should be made on the rats, and that the wilderness of weeds in Tahoka should be burned.

The Canyon News carried the following editorial last week, which is doubtless even more applicable to the people of Tahoka:

"If infantile paralysis should break out in Canyon there would be a frantic effort made to clean up the town; cut the weeds, eliminate breeding places for flies; ban live stock from the city limits, and no doubt we might do some rather drastic things to check the disease. In times of danger, we get busy and do things in a hurry. At least that is what has happened in other towns where the dreaded disease has started. But since we have no cases of this terrible disease, why not do the things now that we would have to do if there were cases here. The fact that the disease is within 60 miles of Canyon should make us realize that danger lurks within easy reach of Canyon. There have never been so many flies as we have in Canyon today. There this is due to the fact that there are more chickens in the city; help is so scarce that the weeds have not been cut; we have become careless about disposing of garbage and other trash. The fact nevertheless remains that if we are to avoid the disease, we should clean up the town now, and keep it clean."

This columnist believes that we should likewise clean Tahoka up not only to guard against disease but also as a matter of town pride. We should not only cut and burn the weeds but we should also plant out hedges of Chinese elms this fall and winter to shield from the public gaze the unsightly junk yards and work shops that are to be

found in various parts of our city and along the highways that enter it. Let's make and keep Tahoka the cleanest and prettiest town of its size on the Plains.

### Edwin Jolly Goes Back To Hospital

Edwin Jolly, son of Mr. and Mrs. J. L. Jolly, who was a patient in a Dallas Hospital several weeks last winter and whose condition greatly improved under the treatment given there, went back to Dallas Tuesday night for a check-up of his condition and for further treatment if needed.

Edwin is one of the few Eagle Scouts that has been awarded that rank here. A couple of years ago he became afflicted with a peculiar and bewildering disease that entirely arrested his growth and seemed to be taking away his life little by little, day by day, in a most exasperating manner. Then he was sent to the Dallas institution where medical specialists began to experiment with surprisingly happy results. Then they let him come home, and now he has gone back for another check-up.

### WILL RECEIVE DEGREE

Mrs. Lenore M. Tunnell, county school superintendent, took her oral examination Monday at Texas Tech preparatory to receiving her M. A. degree from that institution on Friday of next week. Her thesis is titled "American Political Parties and Foreign Relations, 1932-1940."

Mrs. E. I. Hill has been in Lubbock since Sunday at the bedside of her father, Mr. Hop Halsey, who is ill at the home of his son, Mark Halsey. His condition is not thought to be critical.

### Rev. Art Brown Presents Program

Thursday's Rotary program deserves a half column but we haven't the space. Rev. A. E. (Art) Brown was practically the whole show. He gave character impersonations and a solo, furnishing his own accompaniment, that was worth the money.

President W. T. Hanes read an article written by an American in England published in a London paper that contained much food for thought and that gart just about the correct "low-down" on us shortsighted Americans.

Pres. Hanes announced that the Aims and Objects committee of 15 members had held a very profitable meeting and that the program committee and other committees were getting their programs of work for the year well under way.

Two Tahoka soldier boys were present, Jackie Weathers and C. W. Conway, as was also Sgt. John Hollyfield of Lubbock of the State Highway Patrol, and Dr. John Turner of Brownfield. A number of other visitors were present, including Leonard Craft, one of the past presidents of the Club, now operating a tailor shop in Seminole. Mrs. Craft, Mrs. Rafe Richardson and daughter LaVoyle, Judge Garland of Lamesa, John Goodell, and others were also present. The meal was served by the Dorcas Sunday School Class.

### VISIT IN OKLAHOMA

Mr. and Mrs. H. M. Jenkins returned last week from Prague, Okla where they visited Mrs. Jenkins where they visited Mrs. Jenkin's aged father, her sister and other relatives. Near Prague is the old Jenkins home place, but Mr. Jenkins says the country surely has changed. Crops are already gone. While they enjoyed the trip very much and were very glad to see the folks, he says he wouldn't go back at all to live. The country around Tahoka looks better to both of them.

### CLOSING MONDAY

The News is requested to announce that the Lynn County Rationing Board will be closed Monday, August 16, until 1:00 o'clock in the afternoon.

Miss Nora Jenkins left Friday for De Ridder, La., where she was to spend a few days with her sister, Mrs. Melvin Romine. She also expected to stop in Fort Worth and visit Mrs. Dan Yandell. Hazel and Mickey Grubbs were to join her at Dallas.

Mrs. Sam Stone and children have returned home after spending the week end visiting her parents at Crosbyton and her brother, S/Sgt. Doyle Warren of Baltimore, Md., home on furlough.

Mrs. Roy Lee of Lovington, New Mexico who has been a patient in a Lubbock hospital for about three weeks, came down Wednesday to spend the remainder of the week with her aunt, Mrs. R. C. Forrester, and daughter, Mrs. Obera Biggerstaff.

Mrs. Pearl Coughran left Thursday for Temple, where she will receive treatment and possibly have an operation in a hospital there.

Mr. and Mrs. L. M. Nordyke and daughter Fay are leaving this morning for Ruidoso. They expect to be gone about ten days.

### DUNAGAN PROMOTED

It's Sergeant Deck Dunagan now. On his arrival back at his station at Watson Lake, Canada, away up on the Alcan Highway, recently after having visited his wife and parents here, Cpl. Dunagan was informed of his promotion to sergeant, and immediately was transferred to the gasoline division office. He was two weeks on the road from Tahoka to his post, arriving there on July 29.

### CONSERVING CREAM PEAS, FLACKEYES, LIMA BEANS

By Carolyn Dixon  
County Home Demonstration Agent of A&M Extension Service  
Canning: Wash cream peas, blackeyed peas, and lima beans, shell, pack in jars or cans raw. Use 1 teaspoon salt to each quart. Steam pints 10 minutes, and quarts 15 min. Seal and process at 12 pounds pressure: pints 59 min., quarts 55 min.; No. 2 cans 40 min., and No. 3 cans 50 min. C enamel or plain cans may be used. Leave 1/2 inch headspace in jars and 1/4 inch headspace in cans when sealing. Packing raw and steaming before sealing is preferable, but hot water may be added and the peas may be boiled in an open kettle for 10 minutes and packed in the jars hot, sealed, and processed as above instead.

Freezing: Wash and shell peas, scald 1 to 1 1/2 minutes. Cool immediately. Wash and shell lima beans, scald 2 to 3 minutes. All may be packed dry or in brine.

Drying: Wash, shell and steam for 15 minutes. Drying in oven: Start at 120 degrees F. Gradually increase to 145 degrees F. 25 lbs. will yield 2 to 3 lbs. A sundrier may, also, be used.

### EVELYN MITCHELL IMPROVES

Evelyn Mae Mitchell, daughter of Mr. and Mrs. L. O. Mitchell, who was so seriously hurt recently when struck by an automobile on the highway at the eastern city limits, was brought home from the Hospital last Thursday. With the exception of considerable temperature that developed Saturday, she has been improving nicely.

In addition to the fracture of both bones of one lower leg, as reported in this paper at the time, it was also found that she had suffered a severe contusion just over one eye and another near the crown of her head.

Mrs. Ed Cook of Wells, who underwent a major operation in the Scott & White Sanitarium in Temple about the middle of July, and her daughter, Mrs. H. A. Dial, who had been there with her during her illness, came in home early Sunday morning. Mrs. Cook's son, R. F. Cook, had gone down in his car for them. Mrs. Cook's recovery has been most satisfactory. Mrs. Dial reports.

Miss Joyce Buckmaster of Dallas has been here the past week visiting her friends, Misses Dorothy Lee and Colleen Carmack.

Jasper Penn Howard of Merkel is here visiting his cousins, Joan and Jean Henderson and Pat Hill.

### Congratulations to:

Mr. and Mrs. D. Clements who reside on Rout 5 west of Tahoka upon the birth of a son on Monday, August 9, in the Tahoka Clinic, weighing nine pounds. He will bear the name of Jerry Lee.

Mr. and Mrs. O. E. Lightner, Rt. 2, upon the birth of a baby girl weighing 10 1/2 pounds on Tuesday, August 10. She has been named Malnie Gail.

HOGS for sale, all kinds. See Saw Sanford.

### REVIVAL BEGINS AT DRAW

Rev. and Mrs. Jesse Young of Draw were in town Wednesday to meet Rev. T. M. McBrayer of Childress, who came in on that day to do the preaching in a revival meeting that was to begin in the Draw Methodist Church that night.

The visiting preacher succeeded in locating some tea within a few minutes after his arrival and said he surely did like our little city. Upon being assured that tea was about the strongest drink that could be found in Tahoka, he looked doubtful.

Rev. McBrayer is pastor of one of the Methodist churches in Childress.

Pvt. Thomas Fender, formerly of Tahoka and formerly a part-time employee in The News office, who moved with his mother to Amarillo a few months ago, is now in the armed forces and is in training at Camp Wallace, Galveston, according to his sister, Mrs. Everton Nevill, who ordered the paper sent to his address for a year.

**THE FIGHT  
ALL FRONTS  
RAGES ON**

**YOUR DUTY IS ON THE BOND FRONT!**

The sons, husbands, brothers, sweethearts—of every American are gallantly riding the shadows death casts—because there is no sacrifice too great, no danger too hazardous to face in the fight for freedom! Other sons, husbands, brothers and sweethearts are sweating in war factories; speeding up to the nerve-breaking point in the battle of production; and making many sacrifices as their share of wartime responsibility. How about you? This is your fight too. Are you doing just enough . . . or are you doing the vitally needed "most" you can! Ten percent of your pay every pay day to buy War Bonds and Stamps is a good share: but maybe you can better it, when you stop to think of your own boy laying down his life "out there" . . .

**Southland News**

(By Mrs. Marvin Truelock)

Last week's column should have read "Two others were converted—Robert Long and Frances Anderson" in the Methodist revival. There were six converts in all and five joined the church.

The Baptist revival began Friday evening, and half of the new song books arrived Sunday morning. The new books are being rationed and the order had to be sent to Nashville, Tenn., from Dallas. The Methodist Church dismissed services Sunday morning and night. Their members attended church at the Baptist. Several visitors from the Church of Christ and the Lutheran Church were also present, as well as visitors from Hackberry, Slaton, and other places.

J. P. Hewlett, the new school superintendent, chaperoned a group of young people at the roadside park Thursday evening. Refreshments of wieners, pickles, potato chips, mustard, cookies, ice cream, and cakes were enjoyed by Janey and Jimmie Morris, Polly Stotts,

Bobbie and Mack Field, Don Max and George Jackson, Billie Van Leake, and Mr. Hewlett.

Mr. and Mrs. J. V. Young returned Wednesday from Bonham. Last Sunday they visited Camp Maxey, where they saw the Jap and German prisoners in the Concentration Camp, and also saw their son Kenneth armed for duty because of some camp disturbance that afternoon. The week before Kenneth visited them from Sunday to Thursday with his grandparents at Bonham.

Mrs. Boone Pennell of Canyon Valley visited Donald Pennell, her nephew, and family Tuesday. Wednesday morning, Mrs. Garth Thomas of Dallas surprised her husband's parents, Mr. and Mrs. B. H. Thomas, with a visit. Lieut. Thomas is somewhere in foreign service.

Mrs. Homer Gilliland sent a letter to Mr. and Mrs. W. W. Gilliland from their son somewhere in Sicily. Mr. and Mrs. Robert Pennell and son left last Saturday night for a week's vacation in Post and vicinity. Mrs. W. H. Fletcher of Plainview arrived Thursday afternoon to spend several days with her daughter, Mrs. Marvin Truelock, and family. Sunday they were dinner guests of the S. M. Truelocks.

Mrs. Payton Crawford of Hackberry was carried to the Slaton Hospital Sunday morning. Mrs. Woodrow Locklear and daughter, Carol, returned home Friday to Fort Worth after spending a month here with her parents and other relatives.

Everett Samples killed a rattlesnake Sunday afternoon, the third to be killed near his home this summer.

Rev. E. C. Armstrong and wife will leave Wednesday morning for Nolan, near Sweetwater, where he will be the evangelist of a revival. Brother Armstrong will be in revivals until the last of September. Frances McArthur of Lubbock spent the week end here with her parents, the C. A. McArthurs.

Carl Rains and family of Barnum Springs attended church here Sunday and were dinner guests of the John Irwins. The Church of Christ revival will begin a week from Friday night. The pastor, the Rev. L. B. Lofton, who resides at Graham, will do the preaching.

Mrs. John Irwin and family attended the funeral Saturday afternoon of her cousin who lived at Lubbock. The deceased had been suffering for several months from a stroke of paralysis.

There were 19 children present Sunday night at the second meeting of the Booster Band. The pastor, Rev. O. E. McGaw, has charge of the youngsters and they expect 30 to be present Monday.

STATED MEETINGS of 'ahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.

V. A. BOTKIN, W. M.  
H. L. RODDY, Secretary.

**FACES ON THE HEN-HOUSE DOOR**

Let these faces be an everlasting reminder that we need more eggs! Add DR. HESS FORTIFY PAN-A-MIN to your laying ration. Research Farm hens receiving PAN-A-MIN lay as many as 23 more eggs per bird per year. We believe PAN-A-MIN will do its full share toward stimulating production. You can't produce too many eggs—you get a good price for all you produce.

Tahoka Drug

Rev. B. W. Taylor, Cisco evangelist, is here conducting a revival meeting at the Tahoka Church of the Nazarene. The meeting opened Sunday and will continue through August 22. Rev. Edward Jackson is pastor of the local church.

**MISS CHARLENE BUCY AT MT. SEQUOYAH ASSEMBLY**  
Miss Charlene Bucy is attending the Summer Assembly of young people at Mt. Sequoyah, Ark., as a delegate from the sub-division of the Lubbock district of the Young People's Division of the Methodist Church.

At a meeting of the sub-division held at O'Donnell in July, Miss Bucy was elected delegate. She left Monday and will be there until Aug. 18. The school embraces Texas, Arkansas, Tennessee, Louisiana, Kansas, New Mexico, Nebraska and Oklahoma, and other states.

Miss Bucy writes that there are more young people in attendance than has ever been there before. Some of the outstanding leaders of young people in the Methodist Church from Nashville and other cities will teach.

Mrs. Webb Williams of Sierra Bianca was here from Saturday through Monday visiting her father, Jim Weatherford. She is AAA secretary at Sierra Bianca, while her husband is in the U. S. Coast Guard, stationed at San Diego.

**VISITING SOLDIER IS HONORED WITH PARTY**

A party was given Tuesday night, August 6, at the home of Mr. and Mrs. L. H. Moore of Lakeview community in honor of Sgt. Edward Turnipseed of Camp Swift, who has been visiting his father, E. W. Turnipseed of this community.

We were honored in having two other of our boys present: Glendon C. Harrison, a M. M. 1/c of the U. S. Navy, who has returned home from overseas, where he has seen active service for two years, is here visiting his sister, Mrs. Roy Lee Williams. He will return to his post Thursday, August 12.

The other service man present was Leroy Nettles of the LAAP, whose parents also live in the Lakeview community.

The party was enjoyed by a large group of friends.—Contributed.

**BURKHALTER IS FLYING**

Goodfellow Field, San Angelo, Aug. 12—With their hearts set on things more exciting than flying training—the day of actual aerial missions—39 Texas youths began this week at Goodfellow Field their nine-week course of basic pilot instruction.

Among the new students is Harold B. Burkhalter, 19, son of Mr. and Mrs. W. L. Burkhalter of Route 4, Tahoka. He came here from Garner Field.

Mrs. Bonna Stokes of Bangs came Monday for a visit with her a few days this week visiting Mrs. Gladys M. Stokes and other relatives and friends. She had just spent two weeks in Amarillo visiting relatives there. Mrs. Stokes was one of the pioneer residents of Lynn county and lived here many years.

Mrs. Carlice Edwards of Los Angeles, Calif., came in on Thursday night of last week to spend several weeks here visiting her parents, Mr. and Mrs. R. B. McCord, her brothers, H. B. and Rollin McCord and families, and her husband's parents, Mr. and Mrs. W. B. Edwards, and other relatives.

Miss Mary Preston, who taught at McNary near El Paso the past two years, is here spending the summer with her sister, Miss Elizabeth Preston, and other members of the Preston family. She expects to teach again the coming session, possibly in the same general area.

Dr. A. L. Thomas of Ennis left for his home last Friday after having spent a day of two here visiting his brothers, A. L. C. A., and W. O. Thomas, and sister, Mrs. A. A. Walker.

John Hamblen, former teacher of band in the local schools, and family are now located in Dallas, where he is with the Lockheed Aircraft Corporation. He sends their regards to all Tahoka friends in a letter to The News.

**CARD OF THANKS**

I appreciate from the depth of my heart the courtesy and kindnesses shown me by friends, for the lovely flowers, cards, and gifts that were given me. Your friendship means much to me.—Evelyn Mae Mitchell.

**There'll always be a U.S.A. and places you long to drive to!**

Just as sure as Victory comes you'll long to ease this war strain by going places... wondrous Yellowstone again... sea-swept Cape Cod... the vivid Southwest... even Alaska perhaps. Your boy... your hero out of Africa or Iceland—or cloudland—can take spells at the wheel with you. The mileage your car is kept from making now, it can make then—but not if today's restricted mileage and speed sacrifice your engine to acid!

Acid that's greedy for metal is left over after combustion ceases in any engine. When you used to start often, and make long runs, thoroughly heating the engine, the acid mostly took leave. It wasn't the steady danger that it is today, with car usage restricted. But you can tame rampant acid by OIL-PLATING your little-used engine with Conoco N<sup>th</sup> motor oil. Patented Conoco N<sup>th</sup> brings your engine this oil's "magnet-like" effect—created synthetically. And that's how OIL-PLATING is held close against steepest inner engine surfaces, much like any good anti-corrosive plating...not all promptly draining down to the crankcase...not leaving fine surfaces all unfortified... hence not allowing free play to acid.

New engine parts—new cars, too—would still be scarce if the Axis folded this minute. Do your best to assure today's vital trips as well as tomorrow's richly-earned tour, by OIL-PLATING your engine now. Get Conoco N<sup>th</sup> at Your Mileage Merchant's Conoco station. Continental Oil Company

# Mr. Poultryman: YOU!

Can help save 12,000,000 bags of poultry feed by culling 20% of all hens NOW. Many hens have already stopped laying, and will lay NO MORE until they have molted this Fall.

October is the normal time to sell culls to make room for new pullets. But feed is critically short and must be saved and stretched to make the most food for VICTORY!

## CULL NOW

Instead of October. Save three months feed (18 lbs.) on each cull hen. Every six hens culled NOW will save a bag of feed. Every 120 hens culled NOW will save a ton of feed.

If every poultryman will immediately cull 20% of his hens, it will mean sending 71,000,000 hens to market, and will save 12,000,000 bags of feed.

SO, LET'S SAVE FEED NOW!

# FOOD For Victory Crusade

## Mrs. S. L. Cox, 81, Mrs. Murphy . . .

(Contd. from first page)  
has been residing at Cross Plains the past several months, was unable to attend the funeral on account of illness. Mr. Wetsel was here.

Mrs. Cox is also survived by a number of grandchildren and other relatives.

Mrs. Cox was born in the border state of Missouri soon after the outbreak of the Civil War, and was brought to Texas by her parents while she was an infant. Though she could remember many of the stirring events that attended the period of Reconstruction and the freeing of her father's negroes in Collin county, she was not old enough to remember much of the conflict.

She lived near Plano, Collin county for a number of years, where she was married in 1879. Later she and her husband moved to Vashli in Clay county, and there they lived for many years. They came from there to Tahoka in 1922.

They lived in this vicinity from that time until her husband's death, after which she made her home much of the time with Mr. and Mrs. Jim Wetsel here.

Mrs. Cox had long been a devoted member of the Christian Church.

(Contd. from first page)  
tive of Louisiana, having been born in that state on December 10, 1854. She was married to Mr. Murphy about sixty years ago. Mrs. Murphy united with the Methodist Church when she was a young married woman but united with the Baptist Church after she was eighty years old. She was a member of the Baptist Church at Lake Arthur, N. M., at the time of her death.

### MRS. E. T. CASH SEVERELY ILL IN SLATON HOSPITAL

Mrs. E. T. Cash was taken to the Mercy Hospital in Slaton Sunday afternoon in a W. M. Harris ambulance for treatment and a possible operation. She was suffering from gall bladder trouble. Her condition was said to be critical.

Physicians were to decide Wednesday whether it would be advisable to operate, according to members of the family, but The News has received no further information as to the decision.

### NEW TANKERSLEY GRANDSON

Mr. and Mrs. C. T. Tankersley announce the birth of a grandson, Roy Rutland III, born to Mr. and Mrs. Roy Rutland Jr. of 202 Floral Park, Lexington, Kentucky, on July 14, 1943.

Mrs. Rutland is the former Miss Pansy Tankersley, who finished high school at Tahoka and later graduated from Baylor University, Waco. Mr. Rutland is an agent for the War Department and was formerly assistant district attorney at Waco.

### No. 451—Guardianship of Savannah Lou Tunnell, A Minor—in The County Court of Lynn County, Texas.

To all persons interested in the above Minor or her estate:

You are notified that I have on the 11th day of August, 1943, filed with the county clerk of Lynn county, Texas, an application under oath, for authority to make to Deen Nowlin, as lessee, an oil, gas and mineral lease on that certain real estate belonging to such minor, described as follows:

An undivided 1-20th interest in and to the following described lots, tracts or parcels of land, lying and being situated in the county of Lynn and State of Texas and known and described as being:

First tract: All of the South three-fourths of the Southwest ¼ of Section No. 459, Block—No. 1, Certificate No. 452, E.L.&R.R.R. Company, and containing 120 acres of land.

Second tract: All of the North ½ of Section No. 1, Certificate No. 193, issued to the D.&S.E.R.R. Company, and containing 160 acres of land.

That Chester Connolly, Judge of the County Court of Lynn county, on the 11th day of August, 1943, duly entered his order designating the 21st day of August, 1943, at 10:00 o'clock a. m., in the county court room in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

LENORE B. TUNNELL, Guardian of the Estate of Savannah Lou Tunnell, a Minor. 1-tfc

## Rotary Governor

(Continued from page one)  
society, and has headed many local and sectional civil enterprises. He has been a member of the Graham club since 1926, and has attended one of more Rotary Club meetings a week since July 6, 1928, and has served the club in practically every official capacity.

He will confer with President Hanes and Secretary Winston C. Wharton of the local club on matters pertaining to club administration and other Rotary service activities. He is one of the 135 governors of Rotary International who are supervising the activities of 5,100 Rotary Clubs in more than 50 countries throughout the world.

## Capt. Brown . . .

(Contd. from first page)  
commended for officers' candidate school.

Brown graduated from OCS at Fort Benning, Ga., June 9, 1942, and was commissioned a second lieutenant and stationed at Camp Carson. Six months later, December 9, he was promoted to first lieutenant, and his commission as captain was received while he was in Tahoka on leave visiting his mother on July 23.

Capt. Brown was married Feb. 18, 1942, to Miss Dolly Clements of Snyder.

He is the first native son of Tahoka to rise to the rank of captain in the Army in this war.

J. A. Lloyd, 72, of Dixie, was taken to a Lubbock hospital on Monday, where he was found to be suffering from uremia, and his condition was said to be critical. The same diagnosis had been previously made at the Tahoka Clinic here.

**FOR RENT**—About Sept 1, partly furnished house to party without children. Plenty of land for a garden. Will have some growing garden stuff for sale. G. C. Payne, 1 block S. East of Court House.

## CPL. ALVIN WHITE WRITES FROM NORTH AFRICA

Corporal Alvin White, who has been in North Africa many months, writes his mother, Mrs. A. L. White that "if I ever get home you will have a hard time getting me out of your back yard."

He says he liked the country at first, but since the novelty has worn off he doesn't like it. Very few of the French speak English and there is no one to talk to but his buddies.

Alvin has been overseas fifteen months and in the Army two years Wednesday of this week. He is with a reconnaissance outfit of the Army Air Forces.

J. R. Cash, about 14, son of Mr. and Mrs. E. T. Cash, became the victim of a painful accident Monday while working in the cemetery. A stone tumbled over and badly bruised one of his legs.

Mrs. A. Alford of Hico is here to spend several weeks with her daughter, Mrs. H. L. Roddy, Mrs. Roddy having gone down for her first of last week.

Mrs. Coy Fielder and little daughter Phyllis Anne left Tuesday by bus for Hamlin to spend a couple of weeks with Mrs. Fielder's parents.

Republic National Life Insurance

# War-Time Protection!

Due to limited use of our cars, the manpower shortage, and the fact that doctors may be unable to call on you instantly, you should now, if ever need be, keep prepared for emergencies that may arise at any time.

Have Handy First Aid Needs In Your Medicine Cabinet

There's less danger of complications—when you give first aid on the spot! And you avoid the necessity of calling the doctor for minor things—when he has so many cases to care for! Keep that family medicine cabinet filled with recognized aids, bandages etc.—ready for emergencies that may arise at any time.

Have Your Prescriptions Filled Promptly, Accurately

When your doctor prescribes for you—is the moment to have your prescription filled, if you want to help speed recovery. We stock fresh drugs constantly, and can fill any prescription quickly and accurately.

PHONE 22

Mrs. G. W. Simmons returned Tuesday from Gainesville, to which place she had gone just a week previously to spend a couple of weeks with her mother, but she found the heat so oppressive down there that she hastened back home when her visit was only half out.

Mrs. Leta Frances Young left Tuesday night for Wilmington, North Carolina, to visit her husband Robert Young, seaman second class, who is in the U. S. Coast Guard there.
