Crop Harvest Is In Full Swing; More Pickers Arriving

Though hampered somewhat by damp weather, harvest of the 1943 crop is well under way, 2,364 bales of cotton having been ginned in Tahoka up to 10 a. m. Thursday. Approximately 11,000 bales have been ginned in Lynn county, if past comparisons between Tahoka and the entire county hold true this year.

A large portion of the cotton ginned is going into the Government loan at 18.34 to 18.59 cents per pound. The News is informed seed price remains at \$58.00 per ton.

Many more pickers have arrived within the last week or ten days, but there are now as many yet as farmers need. Picking has been delayed the last week by the damp weather.

Weather has also delayed harvesting of the large grain crop, however the Santa Fe reports the shipment of 392 cars of the new crop from Tahoka, a total of 502 for the year. Grain is bringing \$1.90 on the Tahoka market.

Interesting Talk At Rotary Club

Rev. G. P. Comer, Waco Methodist pastor, brought Tahoka Rotarians an interesting program at noon Thursday of music, humor, serious thoughts. He was assisted by Mrs. Nan Frazier, at the piano, she being the accompanist at the revival and organist of the Waco church for 15 years. Rev. Comer's talk was greatly enjoyed.

Guests Thursday also included Lt. Clarence Shambeck, home from the Aleutians, Mrs. H. A. Nichols, Mrs. Wallace Kohler, J. O. McClintock of Dallas, and Mr. and Mrs. Houston Spikes of Slaton.

He expects to return to combat duty at the end of his leave. He was commissioned March 10. He has promised to appear of the Tahoka Rotary program on next Thursday.

White had been wounded in North Africa and had arrived at McKinney for treatment in the Army General Hospital there. She left immediately to be at his bedside.

Pvt. White, whose home is at Hillsboro, was wounded in action in one of his legs on August 22 somewhere in North Africa.

Deliveries Limited By Grocery Stores

In accordance with a new ruling by the Office of Defense Transportation, wholesale and retail deliveries are being curtailed, and a number of Tahoka businesses are affected by the order.

Grocery stores may make only two deliveries a week, and these are to be made at designated times over designated routes. An advertisement of Tahoka grocers who make deliveries in this week's News explains the set-up for Tahoka. In brief, they can make only two deliveries a week, and these will be made on Tuesday and Friday at 4:30 p. m. Co-operation of customers is a patriotic duty in complying with this order from the Government.

Mrs. Bilbry Has Read News For 39 Years

While in to renew her subscription to The News one day recently Mrs. Ike Bilbry stated that she had been reading The Lynn County News nearly 39 years. In fact, it will be 39 years this coming November since her parents came to this county and subscribed for this paper for the first time. Therefore, Mrs. Bilbry has been reading the home paper continuously about as long as anybody, since the paper was established in October, 1903.

Joe Heare Resigns As Santa Fe Agent After Thirty-Five Years 'Railroading'

J. L. Heare, long-time agent for the Santa Fe railroad in Tahoka, resigned effective October 1, after 35 years of railroading. He plans to take life a little easier for a while, but cautions The News against trying to put him in with "the old, retired men's club."

Although he's an old-timer in length of service he's only 57 years of age. Joe has been local agent here since March 1, 1915, and is the third ranking man on this division of the Santa Fe in seniority, being exceeded in length of service only by the agents at Sweetwater and San Angelo, which means that he was eligible for any station agency that became open in the division if he had wanted it. But, he and Mrs. Heare have their home here and own a farm or two here and some

wheat land on the North Plains, and they have always preferred to stay in Tahoka rather than move to some of the larger offices.

He first started railroading at Miami in 1904, quit in 1906 to go on the ranch for three years, but was back at railroading in 1909 and worked for the Fort Worth & Denver, Orient, T. & P. and Santa Fe.

Then, in 1915, he and Mrs. Heare came to Tahoka in 1915 aboard the "Blue Weed Special," and the train in those days was packed with passengers, some standing in the aisles.

Tahoka, though not nearly as large as it is now, was at that time the supply center for a vast ranching and small-farming territory. In (Contd. on page 3)

Lynn County Boys Reunion In Sicily

Cpl. Eidon Carroll, who was down from Lubbock Army Air Field, over the week end to visit his wife, told The News that his brother, Cpl. Eoboy Carroll, formerly of O'Donnell, and Lt. Charles Townes of Tahoka had had a joyous reunion in Sicily.

That was the first time Bobby had seen a Lynn county man in 14 months and the first time Charles had seen one in 11 months.

Cpl. Carroll was among the first to land in North Africa, and went through some of the bloodiest battles that the Americans had with the Germans in Tunisia. Lt. Townes is postal officer for an American Army Division in Sicily, and Cpl. Carroll has recently been attached to the same outfit.

A letter from Earl Grider, who is in New Guinea with the U. S. Army, has written recently admonishing his brother Fred and Bill Grider to apply themselves in school, study hard, and play hard at football, for they will need the training later on, according to their father, Judge G. C. Grider.

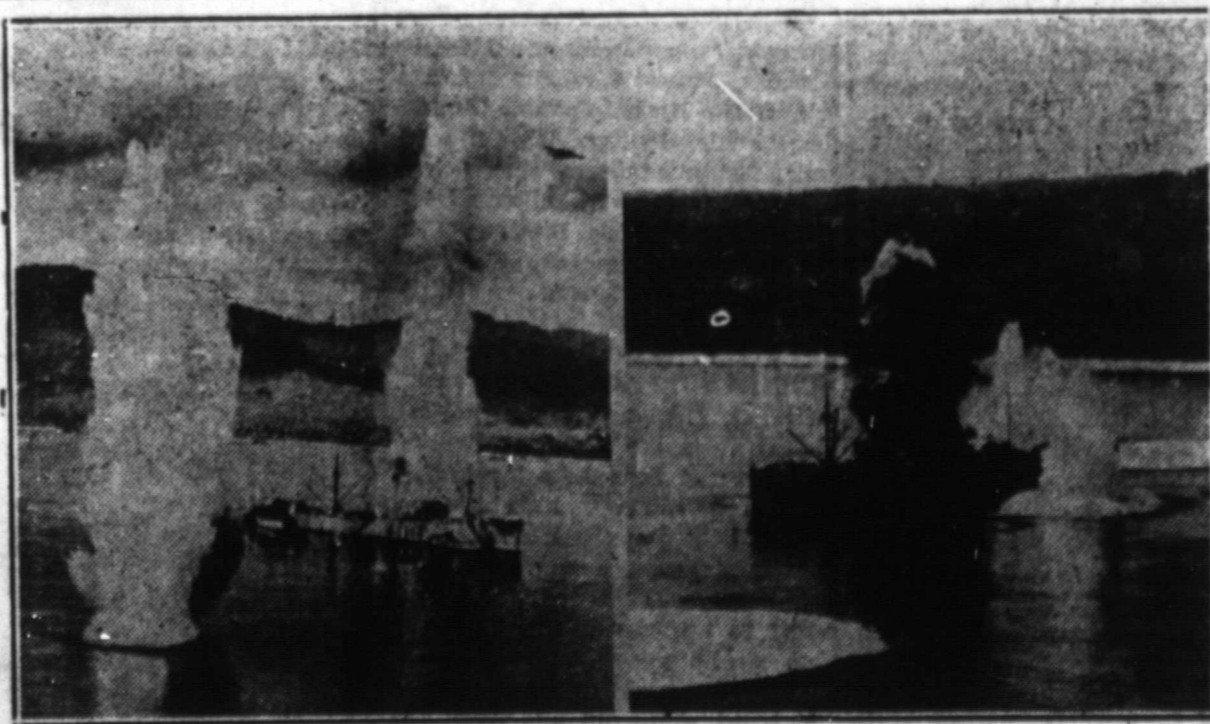

Earl also wrote that his buddy that he trained with in the States and fought beside in New Guinea had both his legs shot off by the Japs and now is in a hospital at Temple, Texas.

Judge Grider recently returned home from Sanatorium, where he has been under treatment intermittently for several years. He says he is much improved.

Methodist Meeting Drawing Crowds

The revival which opened at the First Methodist Church Sunday is growing in interest and crowds are increasing with every service.

Rev. G. P. Comer, pastor of the First Methodist Church, Waco, arrived Monday afternoon, preached his first sermon Monday night. He is known as the "Kentucky Wonder" because he hails from that state, and has held meeting in 14 states, and is now finishing his seventh year as pastor of the historic old First Methodist Church in Waco.

Rev. Comer is one of the outstanding pastor-evangelists of the Methodist denomination. He has the enthusiasm of a Billy Sunday, the boldness of Sam Jones, and the spirit of D. L. Moody, great preachers of other days. Rev. Nichols says he takes off the gloves and is fearless in his messages, and preaches the Gospel without fear or favor.

Services are being held twice each day at 10 a. m. and 8 p. m. Tonight, Friday, is Church night, and Rev. Comer will bring one of his greatest messages on "The Lost Christ." He will preach Saturday morning and Saturday night. His message Saturday night will be "The Second Coming of Christ." He will preach four times Sunday. At 10:30 a. m. he will speak to the Sunday School. At 11:00, he will speak on "What Is A Christian?" A big mass meeting will be held Sunday afternoon at 3:00 p. m., and he will speak on "Hardtimes, Their Cause and Cure." Sunday night he will bring his famous message on "What ever Goes Over the Old Devil's Back, Is Sure to Come Under His Belly." Some of his messages next week will be: Monday night, "The Biggest Fool In Tahoka"; Tuesday night, "The Devil's Barber Shop, or The Price of a Hair Cut"; Wednesday night, "Are the Churches Practicing Birth Control?"

These meetings will continue through Sunday night, Oct. 17. Rev. Nichols is extending an invitation to all the churches of Tahoka to attend these revival services.

EDITORIAL

By Mary Beth Fenton
Do you students know what school citizenship is? Does it merely mean being a good sport? Of course a good sport and a person who participates in all school activities is certainly a good citizen, but it means far more than that.

A good citizen is courteous and has respect for his fellow students and certainly respect for his teachers. After all, students, the teachers are only here to help us.

A good school citizen must take care of school property. He would not mark or scratch his name on a desk or otherwise mar the building.

A good school citizen will always strive to make better grades in his studies. He will cooperate with the other students and teachers.

Can you, a student of THS, say, "I am a good citizen?" If you cannot now, let's see how many more good citizens we can have by the end of the first semester.

Student Council Officers Elected

In an election Tuesday, Sept. 22, Tahoka High School formed a Student Council when three officers were selected by the student body.

W. T. Hines, junior class president, was elected president by an overwhelming majority. Four other candidates, all seniors were nominated; Mary Beth Fenton, Ovid Lullin, Gene Earl Knight, and Carl Griffing.

Dorthea Jean Brown, senior, was elected vice-president after a run-off. Others nominated were Johnnie Mae Anderson, junior and Euella Dollins, senior.

Four students were nominated for the office of secretary. Rae Fern Pennington, Dorothy Lee Carmack, Jan Bosworth, and Gwynelle Davis. Rae Fern, who is also secretary of the Senior class, won the election after two run-offs.

During the week colorful campaigns were made, causing the students to go all out in having their candidate well represented.

BEAUTY DEMONSTRATION

In a special meeting of the Home Economics girls Friday, Sept. 24, which ended in a meeting of all the girls in high school, Miss Fern Watson, a beauty specialist, demonstrated products used in the care of the face.

A volunteer helping with the demonstration, Miss Watson was able to show the effects made by the cosmetics used. She stressed the point of cleanliness and added that cleanliness is beauty in itself. Many girls could greatly improve their complexion by following the simple rules given.

For night she suggested a person with oily skin use first a liquidifying cream, where the person with a dry skin should use the cold cream. After the cream, use a mild astringent or skin freshener, followed by a good soap and water treatment.

If your skin has a tendency to become oily and is strewn with pimples and blackheads use a medicated soap at the night treatment. After your face has been thoroughly cleaned, a pore cream can be used, or a skin cream for the dry skin.

In using make-up, the best rule for a high school girl to follow is never use too much lipstick or rouge. Use just enough to bring out the natural color in your face.

Take heed, girls, and you'll soon be beauties, all.

NOTE: The high school boys might try washing their faces!

Sub Debs Club Holds Rush Week

In a meeting Saturday morning, Sept. 25, at the home of D. L. and Colene Carmack, this year's Sub-Deb rushes were announced. Rush week formally opened Sunday morning when the members and their rushers attended services at the Methodist Church.

Plans for the week included church, a picnic and hike, skating, a tea, slumber party, movies, and dinners. Although a few activities were not held, the others were well attended and fun was scattered here and yon.

Rush week ended Sunday, Oct. 2, with church services at the Baptist Church, dinner in members' homes, afternoon show, and a play night at Macky Fenton's.

Those girls rushed were: Faye Johnson, Imogene Hargett, Lloydine Edwards, Nancy Weathers, Joreta Hill, Greta Beard, Johnnie Anderson, Vonelle Preston, June Burckhart, Mary Adamson, Maxey McMillan, Eddie Lois Hamilton, Jessie Faye Jackson, Syble Brower, Clara Faye Nordyke, Marjlene Stephens, and Jo Ann Henderson.

REV. G. P. COMER IS ASSEMBLY SPEAKER

Rev. G. P. Comer, who is holding the revival in the Methodist Church spoke in the high school assembly Tuesday morning. Brother Nichols, pastor of the church, introduced the speaker as "the human dynamo," and Brother Comer certainly contrived to live up to this introduction, as he punctuated his jokes and witticisms with violent motions and loped wildly up and down the stage as he sang a solo. He also led the assembly in several songs. Rev. Comer is a very interesting and entertaining personality. Everyone, regardless of denomination, is urged to attend the revival which lasts through October 17.

Guess who! He's a junior boy that is tall, tantalizing, and terrific! He's an outstanding student not only in his school work but citizenship as well. He always has a smile for everyone. This boy was an A-1 center on the Bulldog squad until recently when his knee was knocked out of place. We also congratulate him for being the first student council president in several years. That's right. The personality of the week is W. T. (Hink) Hines.

CALLOWAY HUFFAKER SPEAKS ON CITIZENSHIP

Calloway Huffaker, county attorney, introduced by W. T. Hines, president of the student council, spoke to the entire student body on citizenship Tuesday, Sept. 28. He began his speech by giving Webster's definition of a citizen. (Cont'd. from first page)
fact, the local depot served 15 inland towns to the west, including Brownfield, Plains, Bronco, and others, the farthest away being Hildreth, New Mexico, 120 miles to the west.
Several carloads of local freight were received daily, requiring seven or eight employees at the depot. Mrs. Heare worked about five years as cashier. Freight wagons, Joe recalls, came into Tahoka by the scores to haul supplies to these inland towns, one particular freighter using 35 burros hitched to a large wagon. When Jack Strickland of the Terry County Herald at Brownfield got a new press, it was unloaded at Tahoka and he hauled it home by wagon, for the Lubbock-Brownfield-Seagraves line had not been built, nor had the Lubbock-Lavelland-Bledsoe line.
Joe says our folks drank much less water and took much more "rattlesnake medicine" during the 'teens. At least, there was a tremendous amount of the "medicine" coming in over the Santa Fe, frequently two express truck loads being unloaded at a time.
He thinks men were more dependable in those days though, for in doing business with men from clear over into New Mexico in the inland stores and on the ranches, many of whom he never saw, he can recall but one instance where the local depot was stuck with a bad check. In that one case he lost \$7.50 on a freight bill to a man who went bankrupt.
The Tahoka Santa Fe office also

handled the Western Union business for a vast territory. Many times the telegram was for folks a great distance away, and he might have to phone it to Brownfield or Plains, and anyone who kicks at the phone service today might do well to recall trying to talk over such a line which was stretched along the top of barbed-wire fence posts.
Along about the time he came here, Mr. Heare says, many farmers were coming to Tahoka, sometimes as many as 15 immigrant cars a day arriving here, and he recalls that there were 16 the day Bill Thompson arrived.
Since he has been agent here, Mr. Heare has started many boys off at railroading. Several of these have gone on to other places to hold responsible places. One of these is Dave Raymond, who came here as a kid with his parents and was living in a tent. Joe gave Dave a job, taught him telegraphy, and soon he had a better job up at Amarillo. Today he is trainmaster of this division.
M. Townsend, who has been employed at the local station for the past several months and on two or three occasions previously, is acting agent since Mr. Heare's resignation, but another agent will likely be sent here by Santa Fe on the seniority basis in a few weeks. It is not known whether Townsend will be kept here on not, but he is said to be a very capable employee and many friends hope he will be kept in Tahoka.
Mr. and Mrs. Heare can't leave Tahoka permanently after spending all these years here, except for the few weeks they spend each year out at their cabin in the New

Office of Defense Transportation Orders . . .

All Grocery Deliveries Reduced To Two Per Week

Effective Monday, October 11, Office of Defense Transportation General Order No. 17, Amendment 3B, requires that all grocery stores limit their deliveries to two (2) each week, that delivery routes be established, and that designated time for delivery be designated.

In compliance with this order, we will, beginning Monday, make only two deliveries to any customer during any given week, and these will be made each—

Tuesday and Friday, 4:30 p. m.

Also, deliveries will be limited to those weighing 5 lbs. or more and of \$1.00 or more in value.

We regret to have to limit our service to our customers in this manner, but if this will be of any aid to the war effort we are more than glad to comply. We ask the co-operation of our town customers in giving us your orders early for delivery on these days. Little things like this will bring closer the day of final victory on the battlefields, for our war machine needs rubber and gasoline and oil and manpower. We will thank you and your government will appreciate co-operation in this necessary move.

Cecil Lankford caught a pass and ran it over for one free point. Wilson ran over one touchdown in the fourth quarter. The final score was 13 to 6.

Land Bank Lowers Rate of Interest

Carl Griffing, secretary-treasurer of the Tahoka National Farm Loan Association, has received information that the board of directors of the Federal Land Bank of Houston has authorized the lowering of the interest rate to 4 percent on all Federal Land Bank loans, made through national farm loan associations that now bear interest rate at above 4 per cent per annum, effective July 1, 1944.

This reduction in the contract rate of interest will affect about 80 percent of the Land Bank borrowers in this area, according to Mr. Griffing. Prior to 1935, he said, loans were closed at 4 1/2 to 6 percent, depending upon the cost of money in the bond markets at that time. All Land Bank loans have been made at a contract rate of 4 percent since March, 1935.

"The action of the board of directors of the bank in effect guarantees that the rate will not go higher than 4 percent for the life of the loan," Mr. Griffing said. "This voluntary reduction of the contract rate of interest is made possible by the successful operation of the Land Bank System of cooperative credit which is designed to make available necessary farm credit at low rates and on long terms."

We want all club members to get busy and think of something to suggest for the program of our coming year's club work, as the new book is being made up, so come on, ladies, with suggestions. Our next meeting will be with Mrs. Cowart Sr. the fourth Thursday in October. We hope to see every member there and a number of visitors for the Demonstration will be canning chicken. Overweight Motor Oil Costs You Dear

Be sure of changing to your Lightest possible grade — by having your engine Winter OIL-PLATED

Sure as you live... sure as your car must live... you'll want a change to the lightest motor oil that your engine can use this Winter of War.

Waiting for a "real cold day" before draining overweight oil that drags when it chills, is like waiting for your battery's doom. This drag of overweight oil wastes gasoline, too. And even worse is the big chance of internal damage because overweight oil won't squirt and spray into friction zones of your engine quickly. For the sake of your battery, your gasoline coupons, and your engine, change to your lightest practical grade of oil.

You can quit wondering whether "one grade heavier might be on the safe side." You can be as safe as possible with your engine OIL-PLATED by even your lightest suitable grade of Conoco Nth motor oil. Its load-carrying capacity is doubled by synthetic means. And this also creates "magnet-like" action to keep lubricant closely fastened to inner engine surfaces, in the form of OIL-PLATING. Even the lightest grade of Conoco Nth oil will give your engine the high protection of OIL-PLATING. Ask Your Mileage Merchant today to recommend the grade suitable for your car. Continental Oil Company

Dread Engine Acid is Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops. Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids. But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

A/C D. F. REDDELL COMPLETES PRIMARY AVIATION WORK

A/C D. F. Reddell has completed his primary training at Corsicana, according to his father, W. A. Reddell, and has been transferred to Winfield, Kansas, where he is to be two months taking his basic training.

At Corsicana D. F. was placed in charge of all entertainment activities and organized a chorus and an orchestra which gave programs locally and over the radio. During the recent bond drive, he and his group of entertainers visited a number of towns in the vicinity of Corsicana

and put on bond drive programs. Mr. Reddell says that D. F. got a great "kick" out of this entertainment business.

Sgt. Lester G. Reid, son of Mr. and Mrs. A. L. Reid of Draw, is stationed in Hawaii, according to his mother. He writes that he likes his work fine, except that he gets a bit home-sick at times.
