Cotton Fire Friday Methodist Pastor Was Worst Tahoka Is At Conference Has Experienced

The most destructive cotton fire in the history of Tahoka broke out in the R. W. (Buster) Fenton co:ton yard down in southeast Tahoka soon after noon last Friday and raged for several hours before it could be brought under control by the Fire Department and other fire fighters.

A total of 1799 bales were destroyed, entailing a loss of approximately \$150,000.

The fire originated from one of the bales that had been partially destroyed by fire on Thursday night of the week before, it is said Fire had evidently been smoldering in this bale ever since the previous fire, when about 35 bales were destroyed, and the high west wind that arose Friday morning fanned this smoldering fire into flame and spread it rapidly over the cotton yard to the east. Several hundred other bales on the yard escaped

The wind shifted to the north during Friday night and thereby endangeded thousands of other bales on another yard south of the State Guard Has one on which the cotton was burned but damage was prevented by heroic work on the part of the fire department. In respnse to a call, extra hose was sent down by the Lubbock Fire Department, thus enabling the local department to reach the endangerd yard with streams of water.

Situated east of the railway and far removed from other inflammable property, with the exception of a few small residences, it seems unjust that insurance rates in the main business section of the town a half mile away should be adversely affected by this fire, but Mayor Deen Nowlin and others say that on account of the magnitude of the loss, it most certainly will be charged up against the town and may affect rates here for years to come. Some are considering the circulation and presentation to the State Fire Insurance Commissioner of a petition saking that the town be not penalized on account of this

Early Saturday morning, 2 few remnant bales of cotton at the Tahoka Cooperative Gin No. 1 were ignited from cinders blown from the fire pit in the rear of the gin and were partially destroyed. The fire was extinguished by the Fire Department, however, without further damage.

On Saturday morning, the Paul E. Lawlis gin, formerly known as the Hardberger Gin, situated at Wayside on the highway eleven Sam Allen's Car Is miles north of Tahoka, was also destroyed by fire. Loss was estimated at \$17,000.

The high dry winds that were blowing were held responsible for these and other fires over the South Plains during the week end.

Christmas Mailing Must Be Early

Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, "will be more than a problem this year-it will be an impossibility—unless Christmas mailings are made largely in November," Postmaster General Frank C. Walker warns.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than 31,-000 experienced employees into the Army and Navy." Mr. Walker said. "The only solution to the Christmas problem is: Mail in November. Mark you parcels, 'Do Not Open Until Christmas.' That is the only way to avoid disappointment terranean war front, but is very of members of the armed forces ish the job." who are still in this country.

Though appointment of pastors to charges will not be made until Thursday afternoon, local members elt certain that Rev. Nichols would be returned to Tahoka.

At the quarterly conference held here Wednesday night of last week by Dr. O. P. Clark, district superintendent, the church voted for Rev Nichols return. Too, his salary has been raised \$500.00 for the new conference year, and the district superintendent is not likely to go against such expressions of backing for the preent pastor, it is said.

Reports made at the quarterly conference showed the healthy growth of the church in the last ear under Rev. Nichols' pastorate. All financial claims were paid in

Stolen and Wrecked

Two badly bruised Mexican youths are in jail and Sam Allen is minus his car as the result of a wild escapade staged by the Mexican Satday night.

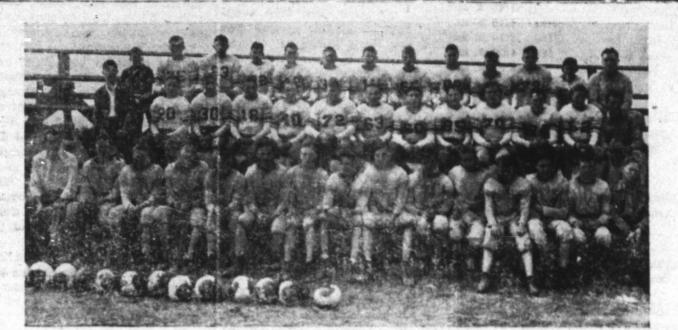

Mr. and Mrs. Allen went to the picture show about dusk, left their car parked nearby, and a few minutes later the Mexican boys, one 16 and one 17, stole the car, and started for Lubbock. Three miles this side of Weodrow, they ran into the rear end of a bus, and completely wrecked Allen's car. One of the boys was carried to a Lubbock hospital, while the older one fled the wreck scene. Sheriff Sam Floyd has both of them in his custody, and one is still suffering from injuries. Allen's car was insured.

Rites In Australia For Robert Potts

A check for \$475.00 was received Monday by Mrs. Mary Esther Potts. mother of Cpl. Robert L. Potts, who died in Australia a few weeks ago. The check was for "six months, death gratuity pay."

She has also received the following letter from Chaplain Wm. P. Hardegree in regard to his funeral:

"By the time this letter arrives you will have received news of the death of your son, Corporal Robert L. Potts. We know this news has come to you as a distinct shock. and perhaps we can say nothing that will give you the comfort you need in this time of grief. However, we do want you to know that his loss, which you feel most keenly, is also felt by his comrades inside and outside of his own organization.

MAKES MONEY RAISING FEED

Tom McGehee, who resides a few miles out east of Wilson, had business in The News office Tuesday and incidentally remarked that he had no cotton crop this year-but he had 180 acres in feed, Martin maize and kaffir corn.

The maize, he said turned out 2,047 pounds to the acre, but the kaffir was a little lighter. When he was through harvesting the crop, he found that he had 7,000 bushels Hall this morning at 10 a. m. of grain. This he sold at 80 to 90 cents per bushel. News Out Early For Armistice

Due to the fact that today is Armistice Day, twenty-five years since the end of the other World War, The News is in the mails one day earlier than usual this week, in order that we may pay at least a small tribute to the boys who fought in that holocaust and to our boys offering their lives in the present war.

Most Tahoka business houses are closed today that they, too. may pay tribute to our boys.

Negro Murder Case Affirmed

District Attorney Rollin McCord received notice a few days ago that the case of Willie, Riley, Negro, convicted of murler in the district court here last spring, had been affirmed by the Court of Criminal Appeals at Austin. Riley was charged with having killed another negro here and had been given a penalty of five years in the penitentiary.

Mr. McCord also reports that a recent trial of a white man for theft of about a hundred dollars from the cash register of a business house at Seminole resulted in his conviction. His punishment was assessed at five years in the pen.

Death Takes Former Citizen of Tahoka

Jap Adams, Sr., a Tahoka merchant in the early 1920's, died on October 22 at the home of his son-in-law and daughter, Rev. and Mrs. Clarence A. Morton, Ballinger. Services were held at Ballinger and burial was at the old family home, Carlton.

Mr. Adamas was a prominent pioneer Texas Baptist layman, and was active in the local church when e lived here.

"At this time we lived in the luxury of fine Daytona Beach hotels, but we were soon destined for the first real touch of Army life-that of being quartered in tents. It was my good fortune to become commander of a Reception and Staging Battalion company, one of six in the Battalion which was housed in two hundred pyramidal tents. This was a fascinating and interesting experience which prepared me for

similar assignments to follow. "After several weeks as commander of a basic training unit, I received the most coveted task of all -commander of a field company. wherein I would have opportunity to put theoretical knowledge of military training into actual practice. My present job began on August 12, 1943, at which time I assumed command of the WAAC Detachment at Cowen Field, Boise Idaho. In this capacity, an officer is responsible for feeding, clothing, pay, recreation, working hours, and appearance of the enlisted women. In fact, there is never a dull moment, as it is the province of the Commanding Officer, along with the assistance of the Executive Ofguide the well-being and efficiency

of the detachment personnel. "September 1, 1943, is a monument in our history, as it marks the passing of the WAAC and the advent of the WAC. A large percentage of the members re-enlisted in the WAC, which is evidence of their pride in securing the rights, privileges, and immunities afforded them by the Army and of their sincere obligation to duty."

ARMISTICE DAY, 1918—Bands playing! Men marching! Flags flying! A day of celebration . . . and sorrow.

We will see another day like that glorious day in 1918. Bands playing, men marching, flags flying, and we will have won another victory that started in 1918 and won't end until the world knows of the freedoms of our American Way of Living.

We will always fight for the things worth fighting for! Freedom of speech, press and religion—the freedoms our fathers fought to gain and we will always fight to hold!

Southwestern PUBLIC SERVICE Company

Yes, it is twenty five years since the end of World War I, and we commemorate that Armistice in the middle of another, more critical, world wide conflict. A whole new generation has grown up since 1918—to find themselves living through what formerly they knew only through history books. Nevertheless, that generation and the rest of us have been living all these years as free individuals, while across the sea have grown up terroristic dictatorships. We have learned to value true democracy more highly than ever before, and those who have threatened it causing this bitter battle, will never again dare risk the overpowering reproach we are visiting upon them.

This war is demanding more of u it is the business of every democ of the United States! Our goal defined, and our staunch belief our cause is daily more intensifie ed that no matter how much it Allies are going to be the victor we are devoting our energies to in working and serving on our h fronts. "Tell the truth, the whole truth about the treatment we receive. We can stand any reprisals. But tell Washington to send another ship soon." This was the appeal made by prisoners of the Japs left behind to those repatriates leaving for home aboard the Gripsholm recently, according to a story sent to newspapers in theis country by Royal Arch Gunn son, a former American newspaper correspondent in China, Australia, New Zealand, and the Philippines, who was made a prisoner of the Japs when Manila fell and who is now one of the repatriates on the Gripsholm. American prisoners of the Japs are being treated with barbaric cruelty, according to Gunnison. There are 1503 aboard the Gripsholm but 6,000 are still left in Japanese prisons. Nearly half of those being sent home are former missionaries, 500 of them being Protestants and 162 being Catholics. Most of the others are business men, representing business firms in America. are underweight and badly run NAVY IS RECRUITING down physically, so that their badly worn clothes hang on them like sacks. Many of them are dejected and some of them slightly "cracked" mentally. All this attests the fact that the Japs, morally and spiritually, are yet nothing more than cruel barbarians. They are trained in the arts of cruelty and deception, with little sense of honor, and America is going to have to deal with them now and hereafter for a long time as barbarians.

We are making no predictions as to a crack-up in Germany, but it is beginning to look as if anything could happen now any day. Hitler all right, but his threat to execute hundreds of his own people if they commit any overt act of disloyalty hows that he feels that he is walking on dangerous ground. It is a seething volcano, in fact, that may blow up any day. The steady advance of that great Russian army, the successes of the British and the Americans in Italy day after day, and the frequent and terrific bombings of German cities and inustries are gradually breaking the morale of the German people and are just about to get Hitler's goat. He won't last much longer.

Members of the Methodist Church here take it for granted that Rev. H. A. Nichols will be returned to his charge here for another year by the Northwest Texas Conference now in session in Lubbock. The members of other churches and the people of Tahoka generally hope that this may be so. Brother Nichols is very popular with all classes here regardless of their church afiliations, and Mrs. Nichols is just as popular as her husband. The Methodist Church here has prosered greatly under his ministry and ner help, a fact which rejoices the nearts of other Christians of the wn and community as well Methodists themselves. We believe that we express the general sentient of the people of Tahoka when ve say, "Welcome, Rev. and Mrs. Nichols, back to Tahoka."

BILL THOMPSON TELLS OF CENTRAL TEXAS VISIT

Mr. and Mrs. Bill Thompson and Miss Eva Woods returned early Monday morning from Dallas, where Mr. Thompson, a director, attended the meeting Thursday of the Texas Cotton Co-operative Association, and Central Texas, where they is ted relatives.

They spent Sunday in Waco visting Rev. G. P. Comer and wife, Rev. Comer being pastor of the First Methodist Church in that city who recently held a revival in Ta-

Bill reports that the Comers cerainly showed them a big time. They attended the Sunday morning services there, which are broadcast ver Station WACO, and Rev. Comer called old Bill to the microhone on the rostrum. Bill wore poots, levi-style trousers, suntan, and a big grin, and the preacher ntroduced him to the church audience as a typical West Texan who as going to speak a few minutes. Bill didn't forget his home country, but let those Central Texans know some facts about Tahoka and Lynn ounty, the greatest agricultural and in Texas.

Bill says the Comers insisted on in the afternoon, drove them over the city of Waco until 4 p. m. Bill ays he got to ride the preachers fine saddle horse, even.

Bill Thompson believes in advertising his home county, and thinks 20th day of December, 1943, then too many of us do not tell enough people that Lynn county is the greatest cotton and grain sorghum producing county in the state.

Mr. and Mrs. Jim Wetsel of Cross Plains came up last week end for a few weeks' stay in Tahoka.

Overweight Motor Oil **Proved Non-Essential**

See how safe and economical a surprisingly Light grade can be with your engine Winter OIL-PLATED

A motorist who kept a record for a month averaged only 2.7 miles between stops. Maybe you average twice that. Yet the "coupon shortage" means short runs-lots of stopping and starting. That's extra bad for your oil. The first hardships of Winter will find it unfit. This year, of all years, the height of economy is to change your oil promptly.

The lightest suitable oil you can use is best for your engine-your battery-your gasoline economy...best for lengthening your car's future! You needn't risk any overweight grade...not when you have your engine OIL-PLATED for Winter by changing to economical Conoco Nth motor oil.

The "magnetic attraction" that seems set up by a certain synthetic in Conoco Nth oil-patented-enables it to OIL-PLATE. All good plating forms a staunch protective surface, and that gives you the idea of OIL-PLATING. Now think of any OIL-PLATED part in your engine facing another OIL-PLATED part ... double OIL-PLATING in between-plus Conoco Nth oil's regular-type liquid film that's extra strong! You can't get more protection than that, while with

overweight oil you'd only invite needless drag and dang ous "absentee" lubrication in starting cold. Don't risk it. Consult Your Conoco Mileage Merchant for your lightest grade

The active clubs of the week: The Hobby Club, sponsored by Mrs. H. T. Carr, is planning an exhibit of the various hobbies of the members. The time and place of the exhibit is still undecided. Asked what some of the hobbies of the students were, Mrs. Carr replied that they ranged from collecting small china dogs to raising bantam chickens.

Mr. Tom Seay reports that he and his FFA boys have been busy locating trucks, to be decorated as floats, for the Armistice parade.

The F. H. T. girls, sponsored by Miss Lucille wright, are all out for working in assigned communities, the Air Corps this week. The girls, are collecting books and magazines to send to boys in the service at the Lubbock and South Plains Army Air Fields. Miss Wright requests that anyone who has any books, or magazines of recent date, and wish to contribute to the collection, will please bring them to the home eco-

nomics department. The Dramatics Club, sponsored by Mrs. Rafe Richardson, met Oct. 27 to elect the following officers: President, Dot Applewhite; vicepresident, Jane Bosworth; secretary and treasurer, Voncile Preston, reporter, Zelma Willingham, Mrs. Pittman acted as sponsor during Mrs. Richardson's absence. There are 18 members in the club.

Seniors Present **Assembly Program**

If you've heard Dot Applewhite calling Gene Earl Knight "pappy" the past week it is because she is portraying Myrna Gail in the assembly program given by members of the senior class Tuesday. Gene Earl was the murdered Coach Jack-

The program was a mock trial with a mck faculty as witnesses. Clara Faye Nordyke and Johnny McKaughan were Mr. and Mrs. W. T. Hanes; Mary Beth Fenton was Miss Johnson; Shelba Patterson, Miss Garms; Virginia Roddy, Mrs. Adams; Roy Anglin, Mr. Brown; Rae Fern Pennington, Mrs. Pittman; Dorotha Jean Brown, Mrs. Mason; Kenneth Carter, Travis Mason; Charlene Bucy, Mrs. Carr; Earl Schultz, Mr. Seay; and Joreta Smith, Miss Wright. Hilary Mather was Mr Jaques, the murderer, Dorothy Carmack was the judge, Janette Coughran was court reporter, Euella Dollins was attorney and a group of eighth grade boys composed the jury.

Coach promised that the coming faculty program would got even with the seniors, but it was fun while it lasted.

SECOND STRING PLAYS LAMESA SECOND STRING

The Bulldog second string played Lamesa second string here Thursday aftern, Nov. 4. The final score was 26 to 0, in favor of Lamesa. The Bulldogs will be out for revenge when they play at Lamesa at a later date.

PICTURES MADE

Ready! Snap! Camera broken!! This was the thought of some of the high school students when they had their pictures made. The photographer, who makes pictures of school students in this part of the country every year, made the Tahoka High and Ward School students pictures Wednesday, Nov. 3.

NEW STUDENTS

A new student has been seen on the Tahoka campus this week. She is O'Gene Gill from Plainview, who is an eighth grader. Her father is an employee at the Santa Fe station. We are glad to have her in our

1943 RUBBER TREE

Por obvious reasons, this illustration is me

CARE FOR YOUR CAR-

YESTERDAY'S RUBBER TREES were 10,000 miles away in Far Eastern plantations. Today's rubber trees are right in our own front yard.

Only a punctuation mark here separates the two simple sentences above. Actually between them are more than a decade of intensive research, hundreds of millions of dollars, and an almost unbelievable plant-construction program to meet our relentless warrime needs for rubber.

Because Phillips and other American scientists devoted themselves to the problem, the Nation is today, in its hour of need, harvesting a multi-million-ton crop of bome-grown rubber!

The butadiene (basic ingredient of synthetic rubber) which Phillips produces is a synthetic chemical. So likewise is Phillips 100 octane gasoline. From petroleum chemicals, too, come explosives . . . plastics . . . medicines and anesthetics. The list is almost endless because petroleum and petroleum gases are an overflowing storehouse of hydrocarbons, the chemical raw materials for making an almost limitless number of products.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries in addition to producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants, pouring out weapons for victory.
