Maintaining High Standards Problem Of School Board

Plans were completed at a regular meeting of the Tahoka school board Tuesday night whereby the board hopes to maintain the present high standards of the Tahoka Public Schools, according to Prentice Walker, chairman of the board.

For the past 18 months, the school officials have been attempting to uphold the standards of the school without going in debt and with the funds which were available. Due to the efficient management of the present and past school boards, Tahoka schools are now in sound financial condition, but they cannot remain in that condition without curtailing the school program considerably. After close observation and study for the past year, the school board, with all members present, unanimously voted to raise the school tax assessment 15 percent, effective next school term.

Tahoka schools now have one of the most active and energetic school programs of any school its size on the South Plains. Graduates from Tahoka are entering any college or university in the land and are making commendable records. The local school has been more fortunate than some of the neighboring schools in getting and holding teachers that are well qualified. But without a little more money, Mr. Walker points out, Tahoka can not hope to continue so fortunate. Statistics show that the tax cost per pupil for school purposes in the Tahoka school district are well below that of the average for West Texas schools.

The school budget is open for inspection of the general public at all times, he says.

The school board hopes that the tax payers will seriously consider the action of the board. The board believes that if the people will check with the school secretary, the superintendent, or member of the board and study the school budget, they will whole-heartedly cooperate with them in this effort to maintain the standards of the school.

Swann Candidate For Commissioner

Pat Swann of Wilson, commissioner of precinct No. 1, which includes North Tahoka, Wilson, and the northeast one-quarter of Lynn county, announces that he is a candidate for re-election to the office he now holds.

Pat has been a resident of Lynn county since 1915, and of his precinct for 18 years, formerly lived in Tahoka, and is well known to most of our citizens.

He says he greatly appreciates the support and cooperation of the citizens in the past.

"I probably have made a lot of mistakes," he says, "but if re-elected I will try to do better next time." He knows the problems of the precinct and county, and has tried to deal with all areas as equally as possible. He has been fortunate in getting his precinct's financial affairs in excellent condition, and hopes, if re-elected to be able to conduct a more aggressive program when conditions permit.

Mrs. A. N. Norman Jr., who has been with her husband since last October, arrived Wednesday morning from Berea, Ohio.

Lynn County Third In '43 Cotton Crop

Lynn county had ginned a total of 69,597 bales of cotton from the 1943 crop up to January 16, according to a report by E. W. Holloway, representative of the Government census bureau in this county.

Lubbock leads the state with 82,335 bales, Nueces is second with 81,659, and Lynn is third.

The final census to be taken March 1 is expected to show Lynn county's total 1943 cotton production 70,000 bales or more.

Contribution Made To 'March of Dimes'

Approximately \$70.00 has been donated locally to the National Foundation for Infantile Paralysis, according to Wynne Collier, chairman of the local committee, who is accepting voluntary contributions.

The annual fund appeal and "March of Dimes," in observance of the President's birthday was to have closed January 31, but will be continued as long as contributions come in locally.

Sgt. Otis Solsbery German Prisoner

S/Sgt. George Otis Solsbery of Tahoka, reported missing in action recently, is a prisoner of the Germans, according to word received by his parents, Mr. and Mrs. A. L. Solsbery, Monday from the War Department.

The Solsberys were elated to learn that he was alive. They were notified about two weeks ago that he was missing since December 19, when the B-17 Flying Fortress on which he was a gunner did not return from its mission over Germany.

Sgt. Solsbery went overseas early last year, and has seen service in Algeria, Morocco, and Tunisia, in North Africa, and over Sardinia, Sicily, and more recently was based in Italy.

His parents live a mile east of Tahoka.

Frank Schneider Of Wilson Dies

Funeral services were held at 3:00 o'clock Monday afternoon in the Baptist Church in Wilson for Frank Schneider, 62, a prominent citizen of that vicinity, who died at about noon Saturday in a hospital in Lubbock, where he had been a patient for only a short time. Death is said to have resulted from profuse bleeding which could not be stopped following an operation.

Services were conducted by Rev. W. H. Jackson, pastor of the Wilson Baptist Church, of which Mr. Schneider had long been a member. The body was buried in the Wilson cemetery.

Mr. Schneider lived about four miles northwest of Wilson and had been a resident of that section for many years, having moved to this county from Milam county more than twenty years ago. He was a valuable and highly respected citizen, and many friends greatly deplore his unexpected and untimely death.

Surviving him are the widow, five sons and five daughters. The sons are Frank Jr., Willie, Herman, Adolph, and Edward, all of Wilson; the daughters, Mrs. Willie Nelman and Mrs. Charlie Schneider of Wilson, Mrs. Jerome Zatopek of Houston, and Misses Mary and Frances Schneider of Wilson.

Seventeen grandchildren also survive, together with two brothers and a sister of deceased, Robert Schneider of Thorndale, Joe Schneider of Temple, and Mrs. Zoffie Luska of Temple.

Poll Tax Payments In Lynn Total 3241

A total of 3241 Lynn county citizens have qualified themselves to vote this year, according to R. P. Weathers, county tax assessor and collector. This includes all poll tax and exemption receipts issued.

If not a record number of poll tax payments, it is near a record, Weathers said.

State and county tax collections have likewise been excellent, he said, though he has not tabulated the collections as yet.

Mr. and Mrs. Roy Taylor, who had been farming in Gaines county, moved late last week to the farm they recently purchased from Jarrell Cox at Three Lakes.

Mrs. Howard Henderson has been brought home from a Lubbock hospital and is slowly improving.

Scrap Drive Reported Meeting Favor, Army Trucks Are Picking Up Metal

Indications are that the latest drive for scrap in Lynn county is going over nicely. Army trucks have already picked up some of the scrap but are being delayed because of the muddy roads.

Last week J. K. Applewhite and Judge Chester Connolly of the Lynn County Salvage committee, announced that Army trucks would pick up all scrap iron and steel and bright tin left near the mail boxes on all rural routes out of Tahoka, Wilson, and O'Donnell, and The News has been informed that possibly half or more of our citizens have complied with the request.

In case farmers have scrap too heavy to be moved they are requested to tie a white rag to their mail box so the Army will know they have such material.

Scrap paper is also being gathered here, and Judge Connolly says space is available at the old Red Cross rooms southeast of the square. Citizens are urged to gather up all their old magazines and paper and carry it to this building.

Scrap metal in this drive is donated to the Army, and scrap paper is donated to charity.

Lewis Kenley Out For Commissioner

Lewis Kenley, farmer and former business man at Draw and Grassland, announces this week as a candidate for county commissioner of precinct 2. He has lived in the precinct 12 years, has a wide acquaintance, and enjoys an excellent reputation.

Following is his statement:

"In announcing my candidacy for commissioner of precinct 2, I wish to express my appreciation for the friends in the various communities in which I have served in public business. I trust that by having entered this race, my first political undertaking, that I shall not by anything done or said cause the loss of one friend, but shall only make more such friends. If elected, I will try to serve all in an unselfish and impartial manner.

"I believe I am qualified to serve my precinct as commissioner, and will do my best, if elected, to work at the job. My motto: 'Better roads while we live, for we must travel daily.'"

MRS. EDWARDS WILL PRESENT RECITAL

Mrs. Marcus Edwards will present her advanced piano and voice pupils in recital at the High School auditorium Monday night at 8:00. The public is invited.

Les Crews Enters Race For Office

L. C. (Les) Crews, long-time citizen of the northwest section of Lynn county, and well known to most people of this section, announces that he is a candidate for the office of county commissioner, precinct 4. His statement follows:

"To the voters of precinct 4 of Lynn county, Texas.
"I wish to announce to you my candidacy for commissioner of precinct 4. I have lived in Lynn county for the past 20 years; in the precinct for 12 years. I have been farming and operating a grocery store at Petty during that time. I understand the needs in the precinct, and realize the value of the tax dollar as I realize the value of my own. If elected to this job, I will give the very best I have to please the people in every respect. I want to ask each of you to give me your careful consideration in the primary of this coming summer. If there are any of you who do not know me personally, ask my friends—there are some near you."

Congratulations—

Lynn County Bond Drive Two-Thirds Of Assessed Quota

With little more than a week to go on the Fourth War Loan drive, Lynn county lacks over \$200,000.00 reaching its quota of \$695,000.00, according to Truett Smith, drive chairman.

A total of \$456,722.22 in bonds had been sold during the drive up to Saturday night, lacking \$238,277.22 of meeting the quota.

While some communities have done exceedingly well, Smith said, others are not doing their part. He warns that unless every person buy all the bonds he can, Lynn county may not reach its quota in this drive.

New Home is one of the leaders. Boswell Edwards having reported Tuesday that his section of the county had passed its quota of \$60,812.50 by possibly \$4,000.00. He said the drive would continue there. Les Crews reported Petty over the top, but still working.

Lynn county bond issuing agencies reported sales as follows up to Saturday night: The First National Bank, Tahoka, \$331,166.92; Tahoka postoffice, \$15,690.45; Wilson State Bank and Wilson postoffice, \$47,075.50; The First National Bank, O'Donnell, \$45,226.60; O'Donnell postoffice, \$17,668.75.

Sgt. W. A. Glenn Missing In Action

T/Sgt. William Alvis Glenn, formerly of Lynn county, is missing in action over Germany since Dec. 11, relatives here have been informed. He is the son of W. L. Glenn, who was formerly with the Fulkrum station here but now with Cosden company at Big Spring. Sgt. Glenn, however, lived with his uncle and aunt, Mr. and Mrs. G. W. Glenn, at Draw for a number of years.

No particulars are available. He was a top-turret gunner of a Flying Fortress crew which had been operating over Germany for many months.

Sgt. Glenn last August figured in a heroic raid from his air base in England on the aircraft factories in Kassel, Germany, which received wide publicity in the press.

On this raid every engine of the ship, Poisonally, was out of operation at one time or another, but she dropped bombs on the target and got home, filled with shell and bullet holes, after being attacked by 14 Nazi fighters, knocking down four of the fighters.

Five members of the crew were wounded, one killed, and two engines were put out of commission. A third engine had frozen and the riddled Fortress approached the half-finished home landing field with one engine running. Luckily, just as this engine was sucking up its last gas, the frozen engine thawed out and a safe landing was made.

During the height of the enemy fighter attack, a shell exploded in the oxygen tank of a nose hatch, which started a fire. Sgt. Glenn, through quick action, managed to extinguish the blaze.

Sgt. William Alvis Glenn has two brothers in the service. One, Edward Glenn, in the Navy, spent 10 months in the Aleutians, and since has been in the Southwest Pacific. The other, James Glenn, also in the Navy, though wounded in the invasion of Sicily, participated in the Salerno landing, and now is in Italy. He has been awarded the Purple Heart medal.

Rain This Week Soaks County

Mist which started falling Monday night and later turned into rain totaled .36 of an inch by Wednesday morning, when the skies cleared again.

This added to earlier snow and rain has completely soaked the ground, and it will be several days before farmers can get in their fields to do their listing. Roads in many places were still very muddy Thursday.

Miss Dixon Presents Program at School

In a special assembly held Friday morning, Miss Carolyn Dixon, local home demonstration agent, showed with movie slides and a recording how to help further the war effort by eliminating so much food waste.

Miss Dixon states that during this year 15 percent of our food must go to our armed forces for consumption. America wastes more food than any other country in the world. We will be looking for food for our fighting allies and to help feed the peoples in the occupied countries.

To help win the war we should practice these four points in the connection with food:

Produce: Farmers should produce all the foods possible, and everybody else should try to raise enough vegetables at least for their private consumption, if it is possible for them to have a Victory garden.

Conserve: Eat everything you put on your plate. Don't take something you don't really want.

Share: Through rationing, everybody has the same chance to buy goods that are hard to obtain or scarcer than they used to be.

Play square: Don't buy rationed goods without stamps or pay above ceiling prices.

Only through the cooperation of every American can we carry out the food program: Produce, conserve, share and play square.

EDITORIAL

Are you guilty? Have you been misbehaving in assembly?

Students, has it ever occurred to you that the assembly programs presented in T. H. S. are for your benefit and enjoyment?

Do you applaud at the wrong time or in the wrong manner? The correct way to applaud is by clapping your hands softly; not by beating on the seats or yelling and hissing at the top of your voice.

Have you the habit of talking to students around you while someone is trying to entertain? Put yourself in his shoes and imagine how you would feel.

Maybe the number being presented isn't exactly your type but remember that others would like to hear it, even if you don't.

If you are guilty of doing these things, remember that we are often judged by the way we conduct ourselves in these assemblies.

Billy Hill Talks At School Assembly

Midst crackling laughter and numerous questions, Billy Hill, gunner's mate 3/c, in the Navy, told an assembly of high school students of his adventures while on overseas duty. Billy, now serving as gun crew captain aboard a merchant vessel, told of his first sailing two years ago. He gave as an example of our ability to win, the condition of the ship and particularly the guns then and the condition the ships are in now.

His report on the various countries he had been in led to his telling of a famous Buddha Temple in India. He gave a vivid description of the temple, telling of the amazing beauty to be found in the carvings covering both inside and out.

In stating where he had been during his seamanship, Billy disclosed colorful scenery and customs he had seen.

In his modest way, he gave credit to our fighting forces, but everyone knows Billy has been and is doing his share in this war.

Pvt. Wayne Shawn, who is a 1942 graduate of T. H. S. and now stationed at Sheppard Field, was home last week on a three day pass. He visited in the school two days and also played a basketball game with the boys.

Southland News

(By Mrs. Marvin Truelock)
 When you are reading the Japanese atrocity stories, don't forget that one of our Southland boys is a prisoner of the Rising Sun. Mrs. Jon Taylor's brother, G. L. Dickinson was on Corregidor when it fell. The only way his relatives may correspond with him is to send him a seven-word typewritten letter once a month, and in the two years time, he has not received a word from them. About a dozen people here sent him Christmas cards (two have already been returned by the censor) and there have been several inquiries about mailing him food packages; but, remember, the Japanese government can't keep us from praying for him.
 A letter from the D and D Clipping Service of Harlan, Iowa, addressed to the "father and mother of Garth Thomas, Post, Texas" arrived, requesting they send 28c for the clipping from the Chicago Tribune, concerning their son. The clipping told of Thomas' group attacking nine Jap ships in Rabaul Port. The marked paragraphs were:
 "1st. Lt. Garth Thomas of Post, Texas, pilot of a Marine Avenger, landed a 2,000 T bomb directly amidship of the largest vessel visible. It was a converted merchantman 450 or 500 feet long and of 10,000 or more tons, he said. Thomas' radioman reported that the ship burst in flames.
 "We saw six or eight Zeros strafing a torpedo bomber pilot who

had made a forced landing in the water. Between 40 and 50 Zeros formed a line, and all the torpedoes and dive bombers had to run the gauntlet.
 "There was lots of anti-aircraft, some high, some low over the water. It was rough and I never saw so many Zeros. They formed a traffic circle and everything else. The Zeros threw phosphorus bombs at us. One burst a hundred yards away from me but it didn't hurt the plane."
 The article was headed: New Georgia, Solomon Islands, Jan. 14 (Delayed.) and was by the Associated Press.
 Saturday afternoon at 5:30, Mrs. E. M. Basinger suffered a stroke of paralysis, and had shown no improvement by Monday. All of her six children, who live between Hackberry and Lubbock, and many of her grandchildren were here. Also, her twin sister, Mrs. Cora Morton of Oklahoma, and a nephew and niece, Villa and Allie Basinger, were here.

21 YEARS OF KNOW HOW!

"Know How" is a new expression that describes an old American custom of making experience give all-out aid to achievement—of our 21 years of experience and of over 60,000 prescriptions we have filled during those years. Each was exactly as the physician intended it to be—made with pure, fresh drugs of standard strength—weighed, measured and mixed with painstaking care for absolute accuracy. Twenty-one years of Know How represent a great, protective force.

IT'S IN THE AIR. You can feel it, every time the Axis is struck. This is the climax year, the year of decision. In history, 1944 will be the big year of the war—every stroke for victory counts more now. That's why it's vitally important for every American to be at his post, doing his part right now.

You, personally, have an important job in winning the war—buying War Bonds. It's not glamorous—no, not even a sacrifice, really, because you are only lending your money, to be returned with interest. But it is essential to complete victory.

Your part in this year of decision is at least one extra \$100 Bond, above your regular Bond buying. That is your minimum individual quota. But don't stop there. Remember wars are won only by all-out effort. So buy \$200, \$300, \$500 worth—buy more than you can afford. And buy your Bonds where you work—at the plant or at the office.

Your country is counting on you—let's make the year of decision OUR year!

This sticker in your window means you have bought 4th War Loan securities.

WHAT ARE WE GOING TO DO ABOUT IT?

Our enemies in this war for the most part are a Godless, Christless horde of heathens and infidels. The Japs have no conception of one great God, one Supreme Being who created and rules this universe. They have no churches, no system of public worship, no religious assemblies, no Bible, nothing that takes the place of a Bible, no code of morals, no sort of spiritual instruction, no religious songs, Buddhism does have gorgeous temples and a colorful ritualism, but it is in fact not a religion at all but a mere system of philosophy. Shintoism is nothing more than ancestor worship, with countless thousands of gods, most important of which is the imaginary Sun goddess; and the great Moguls of Japan have put over the pious fraud in the minds of the ignorant people that their emperor is a descendant of this Sun goddess. Shintoism teaches that supreme happiness consists in the final and utter extinction of the soul and that when a Jap dies he has taken the first step toward that happy condition. But the way a person has

lived has nothing to do with his progress toward extinction except that he must live to please his emperor if he would reach it unimpeded. There is absolutely no moral nor spiritual uplift in the teachings of Shintoism.

The German war lords on the other side of the earth for the most part are rank infidels. Hitler years ago threw Christ overboard as a mere hated Jew and he and his henchmen proceeded thereupon to make war upon Christianity in all forms. He pronounced the golden rule as a farce, his creed being that the Germans are a super-race whose destiny it is to rule the world, and his slogan is that might makes right. If these enemies should prevail in this war and subdue the other nations of the world, there would be such persecution of the Christians as the world has never known. Hitler would make Nero look like a Sunday School teacher by comparison.

So, what are we going to do about it, folks. We are going to buy war bonds and help our boys to lick these devils and maybe a lot more of us will start back to Sunday school and church and thank God for a free country. Millions of us haven't seen inside a church for years, and if we have a Bible anywhere about the place it is covered with dust. Let this Nation really get back to God and those heathens and infidels will not last till breakfast.

America stands aghast at the recent revelations of the barbarity and brutality perpetrated by the Japs on American soldiers captured when Bataan peninsula and Corregidor fell into their hands. But why should we be surprised? The Japs had been practicing the same kind of cruelties on the Chinese captives for years. The Japs are taught to be cruel from the very cradle. Outwardly they can be and often are exceedingly polite but inwardly they are ravening wolves. Their cruelty to dumb animals, to the unfortunate of their own country, and especially to the enemies who fall into their own hands has been recited in newspapers and magazines for years. They have made wonderful progress in learning and adopting the framework and the physical machinery of civilization, but their ideals are still the ideals of the cave man. A savage nation armed to the teeth and bent on the conquest and subjugation of the whole race, the Japs present a greater menace to the world than the German junkers and war lords ever did. They must be utterly defeated and disarmed.

LYNN COUNTY ADULTS YOUTHS WORK ON FOOD

During the month of January, 1681 adults and youths in Lynn county were contacted by the county home demonstration agent, Miss Carolyn Dixon, in 25 meetings and 15 home visits.

Assistance was given toward helping food fight for freedom with both the youth and the adults.

If grape vines were available in the adult meetings, the agent made and gave each of the adults present a bundle of grape cuttings from vines that bear well in Lynn county. Approximately 450 cuttings were made. Lists of the varieties of fruits adapted to West Texas were given to each present.

Of the 25 working days in January, 21 were spent working out in the county; four were spent in the office. Six of the 25 days were spent on work with youths and 19 were spent on adult work. There were 225 individual letters written, 55 office calls, and 15 telephone calls received, and 335 Extension Service bulletins distributed.

Work in February with adults will be on yard improvement. The girls will assemble their sewing kits and begin the fight on conservation by utilizing those materials at home. All 15 girls' organizations and the eight women's clubs are striving "to make the best better."

NEGROES RAISE \$647.75 AT WAR BOND RALLY

We are all aware of the fact that we are in the midst of a great war, and it is becoming a long, drawn-out conflict.

Let us highly resolve to do our part. And one of the sure ways that we can do our part is to buy War Bonds and more bonds, and this is what the colored people of Tahoka are resolved to do.

The bond rally of Jan. 18 was quite a success. Miss Paralee Sayles and Rev. O. D. Hollins had charge of the bond rally and sold \$637.50 worth of bonds and \$10.25 worth of stamps.

There will be another bond rally Feb. 8, 1944, and we hope that each one will do his part. Our quota is \$1500.00.

We buy bonds that do not only assure us of a shorter route to victory but also to strengthen our personal financial dividends.—Contributed.

Mrs. E. S. Davis reported before leaving this week for California that she had received word that her grandson, Hubert Edward Davis, son of Mr. and Mrs. H. C. Davis and a senior in the Ennis High School, expects to be inducted into the Naval Reserve within the next 30 days. Though only 17 years of age, he had been exempted from his high school examinations and expected to take the physical examination in Dallas for Naval service within a few days. Hubert was born in Tahoka, his parents having lived here for a number of years, his mother being the former Miss Veda Davis.

Mrs. Elwayne Nevill, the former Miss Edith Robertson, who has been with her husband, Lt. Kenneth Elwayne Nevill, at Liberal, Kansas, came to Tahoka a few days ago to visit with his parents, Mr. and Mrs. J. L. Nevill, since he was being transferred to another field. He was an instructor in the air service at Liberal. Since her arrival here she has learned that he was transferred to Camp Abbott near Bend, Oregon.

Mr. and Mrs. Francis Gill and children of Slaton visited his brother, T. L. Gill, and family here last Sunday.

Cotton Pictures At Rotary Club

Nolen von Roeder, prominent farmer and seed breeder of Knapp, Borden county, presented the program at Thursday's Rotary Club.

He showed color motion pictures on a variety of subjects, including the von Roeder farming operations. They breed Western Prolific cotton seed, and one film showed development of the crop from planting time to ginning, an extremely entertaining and educational film. He also showed films of his orchards, West Texas wild flowers, wild life, rodeos, hunting and fishing. Still another was of an elk hunt in the wild mountain country of western Colorado.

Fred McGinty was program chairman for the day.

Visitors were Albert Koeninger, O'Donnell Rotarian, A. L. Pace of New Home, and Mrs. McGinty.

Mary Pickford's interest in children and their future as citizens finds a natural outlet in her position as Chairman of the Women's Division of The National Foundation for Infantile Paralysis. Her adopted daughter, Roxanne, with whom she is pictured above, gives Mary a poignant reason for her militant effort on the American Health Front. Miss Pickford, appointed by Basil O'Connor, president of the National Foundation, has selected leaders in the forty-eight states and in the territories to carry the women's fight against the children's enemy on the home front. The Annual Fund Appeal and "March of Dimes" in nationwide celebrations of The President's Birthday occurs between January 14 and 31.

When Pearl Harbor burst upon us our great expanse of territory was protected by a one ocean navy of about 350 first line ships with an addition of an approximate number building.

Now we are in a five ocean war and we are required not only to pay for the building of enough ships of the line but also for hundreds of Liberty ships and auxiliary craft. The amount of money you invested in War Bonds when we had a one ocean navy was all right then, it isn't enough now. Buy more and more War Bonds.

LT. BILLY HANCOCK TAKES ACK-ACK IN PREFERENCE TO THE JAP ZEROS

Lt. Norman Billy Hancock, Navy flyer aboard an aircraft carrier in the South Pacific, and a son of Mr. and Mrs. L. N. Hancock, who live west of New Home, recently was featured in an interesting story carried by the Associated Press. The story follows:

Lt. Norman B. Hancock, Ropesville, Texas, had to decide whether to risk Japanese anti-aircraft fire or a duel with four Zeros. He chose the ack-ack and lived to tell his story.

He was returning from the Jan. 1 carrier-based strike on Kavieng, New Ireland, when his Hellcat was jumped by four zeros. A 20mm shell crashed into his gun-sight and lodged there without exploding. A stream of small bullets ripped the plane's wings and stabilizer and penetrated the carburetor.

The Hellcat started to trail smoke and even burst into flames momentarily. Hancock thought he'd be better off to risk the anti-aircraft fire from two Japanese cruisers below rather than continue unequal odds against the zeros.

He dipped sharply, dived at top speed through the cruisers' fire and pulled away untouched. The zeros refused to follow him through their own AA fire. The cruisers didn't touch Hancock, and he soon made his way back to his carrier unhurt except for a few cuts.

The church in Tahoka has done more during the month of January than it has any time during its history. It is very gratifying to work with people that have a mind to work.

The crowds continue to grow each Thursday night at Gordon. Come, and bring your friends and neighbors.

Get your Bible, please.
Question: "Why do Church of Christ preachers refuse to wear the name Reverend?"

Turn, if you please, to Ps. 111:9. "He hath sent redemption unto his people; He hath commanded his covenant forever; Holy and reverend is his name." In this one passage is the word "reverend" recorded. It is here used with reference to God. This title belongs not to man but to God alone.

In the New Testament, the apostles referred to each other as "brother." II Pet. 3:15, "... even as our beloved brother Paul..." If anyone was entitled to this name it seems that Paul would have been, but Peter calls him "brother Paul." Note also these passages: I Cor. 1:1; II Cor. 1:1; I Thess. 3:2; Heb. 13:23. No apostle ever wore the name "reverend." No New Testament writer ever mentioned it, and no minister of the church of our Lord should exalt himself to wear a name that was used to describe the name of God. May we all ever humble before our Master.

You will find a welcome at the Church of Christ. Visit the one nearest you; it will be different.

BAPTISTS WILL ATTEND DISTRICT MEETING

Quite a number of Lynn county Baptists are planning to attend the Pastors' and Laymen's Conference of District 9 to be held at Wayland College in Plainview next Monday and Tuesday and the District WMTU to be held Monday.

Rev. A. C. Hardin of Tahoka, Rev. W. H. Jackson of Wilson, and probably other pastors of the county will be there, and Boswell Edwards of New Home has been placed on the program for a devotional service and special music.

At the women's meeting, Mrs. B. W. Baker of Wilson, district treasurer, is to make a financial report, and Mrs. Garland Pennington of Tahoka, associational W. M. U. chairman, is to report as to the work in the Brownfield association. Mrs. W. H. Jackson of Wilson is scheduled for a talk on missions. Among others planning to attend are Mrs. J. W. Goodell and Mrs. Jarrell Cox of Tahoka, Mrs. Lonnie Lumsden of Wilson, and probably a number of other women from these and other churches in the county.

An elaborate program for the men's meeting has been planned with most of the regional pastors and some state workers scheduled to speak.

METHODIST CHURCH

Sunday at 3:00 p. m. the monthly meeting of the local Methodist Church Board of Christian Education will meet. All superintendents and teachers and officers of the Church School are expected to be present.

The Church School is progressing under the general superintendency of Geo. Reid. Some of the divisions have been rather active lately in their meetings in the basement of the church—especially the young people and the Friendship class. Good wholesome fun and entertainment have been exhibited. "All work and no play makes Jack a dull boy," can't be flung in the faces of the above mentioned classes, for they have really had some fine entertainment recently.

We are delighted each Sunday with the presence of new attendants in our services and others who are able to attend after some weeks of absence due to illness. Your presence lends encouragement to those who have a part on the program. A regular attendance on all the services by you will beget a growing interest and a desire to be at the church on Sunday, but a broken and an interrupted attendance will lessen your interest in the church and its program. You need the church and its services and influence—and we extend to you a hearty welcome to worship with us Sunday in all the services.

Dr. John L. Slaughter, Birmingham, Ala., will be the speaker on the Baptist Hour Sunday morning at 7:30 over a network of radio stations. He is pastor of the First Baptist Church of that city, a member of the Southern Baptist Convention Foreign Mission Board, and is one of the South's outstanding preachers. His subject will be "Sharing Christ with Our World."

NAZARENE CHURCH

The public is cordially invited to attend the special service conducted by Dr. and Mrs. A. S. London at the Church of the Nazarene Sunday at 3:00 p. m. They will be accompanied by A. F. Laine, district Sunday school chairman.

The party is making a tour of the Abilene District in the interest of Sunday School, so be sure to hear their inspiring messages. We feel that you will be greatly benefited by Dr. London's message.—Rev. E. O. Jackson, pastor.

JESSE EUBANKS WILL PREACH AT GRASSLAND

Jesse Eubanks of Leuders, formerly a rural mail carrier at Tahoka, will preach next Sunday, Feb. 6, at the Grassland Church of Christ, according to E. S. Brown. Jesse has many friends over the county, who, no doubt, will be interested in hearing him, as will the members of the church in the Grassland vicinity.

Mrs. J. W. Pearson and Jimmie and Jerry Wayne left Monday for Wink, where her husband is employed.

METHODIST S. S. CLASS HAS SOCIAL MEETING

The Friendship Class, made up of young married couples of the Methodist Sunday School, held a social meeting in the basement of the church last Friday night. There were 59 present.

A covered dish dinner was enjoyed at a long banquet table following which a fun program was enjoyed.

Among the entertainment was a comic mock wedding presented by 10 or 12 members of the class. This was followed by a sing-song.

A short business session was conducted by President "Hick" Gibson preceding the fun program.

Opl. James Garland Walker, son of Mr. and Mrs. C. L. Walker of Wilson, Rt. 2, and a graduate of Tahoka High School, now is in England with the Army Medical Corps.

Mr. and Mrs. W. C. Lowe returned Saturday from San Bernardino, Calif., where they visited their son and son-in-law.

PASTOR RESIGNS

Rev. Joe H. Harper, who has resigned as pastor of the Assembly of God here, and wife left Monday for San Francisco, Calif., where he expects to engage in mission work. He had been pastor here only a few months.

Tahokan's Husband Wounded In Action

Relatives and friends here received information a few days ago that Capt. Alec Pearson of Waco had been wounded in action in Italy.

Captain Pearson is the husband of the former Miss Janice Sanders, daughter of the late Sid Sanders and wife, who lived in Tahoka for many years. In fact, they were among the pioneer settlers of the town, and during his residence here Mr. Sanders served as a member of the Tahoka school board. They moved to Waco some 12 or 15 years ago, where their daughter Janice later married young Mr. Pearson. Not only was Capt. Pearson wounded, but while he was in an ambulance being removed from the front to a hospital he was awarded the silver star medal for bravery in action.

S/Sgt. Keith Connolly of Buckley Field, Denver, Colorado, arrived Wednesday for a visit with his parents, Mr. and Mrs. James Connolly, and other relatives.

EASTERN STAR

Mrs. Imogene Burieson, Deputy Grand Matron of District Two, Section Four, will pay her official visit to the Tahoka Chapter Friday night, Feb. 7. The chapter will open at 8:00 p. m.

Help Us to Help You By--

- Your continued patience concerning service!
- Remove ornaments, buttons, etc., that do not dry clean; fasten loose buttons before sending them in.
- Remove all articles from pockets.
- Call our attention to spots and any repairs or alteration you need.
- Let us know if you desire VALET SERVICE, which includes repairs, etc., at a small extra charge.
- BRING YOUR HANGERS!
- Even though we can give one day service in case of emergency, illness or death, allow us as much time as possible to do a first class job. Do not ask for clothes that you bring in Friday or Saturday to be returned the same week.
