Farmers Discuss Plains Agriculture Future Prospects

Wilmer Smith and Fred McGinty, Lynn county farmers, and R. L. Stone, county agricultural agent, attended a Farmers Forum held in Lubbock Monday. Two outstanding farmer representatives and the county agent of each of six surrounding counties, Lynn, Crosby, Hockley, Terry, Lamb, and Lubbock, were present at the open forum, held by T. C. Richardson, associate editor of the "Farmer-Stockman," in co-operation with the Texas Extension Service.

Purpose of the meeting was to bring out the experience and judgment of practical farmers on the subject of the place of cotton and grain sorghums in a permanent South Plains agriculture. Production methods, varieties, utilization of harvested crops, and future prospects of these two major South Plains crops were discussed.

Highlights of the points brought out by the farmers, all of whom are men right out on the farms of the six counties, were:

Delinted cottonseed, they had found, seems to do much better if it is planted late when the coldness has left the soil. Seed with lint left on has seemed to get better results by early planting was practiced.

Rotation of cotton from one piece of land to another and alternating between grain sorghums was discussed. The general consensus of opinion was that the best yields were secured on land which was consistently planted to cotton.

The future of mechanical cotton pickers was brought up for discussion. It was felt by the group, based on observations here and out of state, that the mechanical picker is definitely here to stay and is the coming thing. The greatest difficulties now is that the priorities are holding up the building of these pickers. Present price for a successful picker when obtainable runs around \$3,000, tractor included. As soon as assembly-line production methods can be incorporated into its manufacture, the price is expected to be reduced substantially.

The question was brought up as to whether or not the farmers are satisfied with the present government program as it affects cotton. Feeling was that the program is pleasing so long as the government will not limit production and will

Prisoner Is Taken To State Penitentiary

Sam Floyd left Thursday morning with a prisoner for the penitentiary, Earl Alexander, colored.

Alexander had committed a number of forgeries considerably more than a year ago. He was tried on only one of these offenses, in Feb., 1943, and asked for a suspension of the sentence. This was granted, and he was turned loose on a five-year suspended sentence.

This past February he was haled into court again, this time being charged with theft of a ladies' coat from Mrs. Lenore M. Tunnell's car. Since the property was valued at less than \$50.00, this was only a misdemeanor, but upon being convicted of this offense, the suspension of sentence granted him on the forgery case, which was a felony, was set aside and he was sentenced to the penitentiary on the felony charge.

Alexander has been working much of the time in Tahoka for the past two or three years.

Lynn Cotton Crop Totals 71,200 Bales

Lynn county ginned approximately 71,200 bales of cotton from the 1943 crop up until March 1, with a few score bales to be ginned, according to information given The News this week.

In 1943, Lynn county was the third largest cotton producing county in the state of Texas, being exceeded only by Lubbock and Nueces counties.

GRANDMOTHERS IN THE WACS—Private Josephine Bennette, Women's Army Corps, stationed at Fort McClellan, Alabama, is one of many grandmothers recruited from all parts of the country to relieve soldiers for combat duty. Mrs. Bennette's enlistment is outstanding, however, because she is the fourth member of her family to engage in active military service. She has three sons in the armed forces of the United States. Before joining the service she resided at 1009 East Third Street Fort Worth, Texas.

Honor Roll Board Nears Completion

Names for the Lynn County Service Honor Roll were mailed to the artist painting the board at Chickasha, Oklahoma, Tuesday of this week, and it is hoped that the board will be complete within two weeks.

It is believed that the committee has secured the names of almost all Lynn county men and women in the service, though it must be understood that the gathering of these names has been a tremendous job, and it will be almost a miracle if some names were not overlooked.

The Lynn County Selective Service Board, schools, and newspapers have co-operated in gathering the names, and citizens have been generous in making contributions to the fund for erecting and painting the board.

Carpentry work has been completed this week, and only the art work remains to be completed. Pipe for support of the board was donated by the City of Tahoka, and flood lights were contributed by the old soft ball club.

The Honor Roll is being made possible through the leadership of the Commissioners Court and various other organizations. Harley Henderson, representing the Tahoka Rotary Club, is chairman of the county committee; Pat Swann, representing the Court and the Wilson people; Frank Liddell, O'Donnell Rotary Club; and Mack Haymes, the City of O'Donnell; and A. L. Smith, the Tahoka Chamber of Commerce.

Names are still being accepted by the committee, which hopes to eventually have the record of every Lynn county man and woman in the armed service.

ENUMERATING CHILDREN IN SCHOOL CENSUS

All children of scholastic age residing in the Tahoka Independent School District must be enumerated this month. Due to the gas and tire shortage, I may not be able to completely cover the district and would appreciate patrons coming by my office in the court house on Wednesdays and Saturdays for the purpose of enumerating their children. Each child brings \$25 from the estate to the school district, and we want to get them all. Will you co-operate with us in this matter?—J. S. (Jim) Weatherford, secretary, Tahoka Independent School District. 31-2tc

CONNOLLY SOME BETTER

County Judge Chester Connolly is reported some improved but is still confined to his bed. His physician asks that he have no company, however.

Mr. and Mrs. J. M. Lucas and their daughter, Mrs. Dick Hanks, of Sweetwater spent two days last week with Mrs. Lucas' sister, Mrs. Lonnie Williams and family of the Joe Bailey community.

Red Cross Quota Of \$7,200 Is Sixty Percent Raised

Most of the large contributions to the Red Cross War Fund have already been made, and now then it is up to the individual citizens to put the drive over the top, the drive chairman, W. S. Anglin, stated Thursday morning.

Approximately 80 per cent of the Lynn county quota of \$7,200.00 has been reported, Mr. Anglin said.

Tahoka and O'Donnell are each approximately 70 per cent of their quota. Indirect reports from Wilson indicated that that town was approaching its quota.

To lighten the work of Red Cross solicitors, citizens are requested to give their contributions to one of their community committee members at once.

In Tahoka, contributions are being accepted by W. S. Anglin at Southwestern Public Service Co., A. L. Lockwood at the First National Bank, Harlan Cook at Wynne Collier Drug, Deen Nowlin's office, Levine Bros., and at the AAA office.

Mack Haymes heads the drive at O'Donnell, and Howard Cook of the Wilson State Bank is chairman at Wilson.

Fred Cooks Sends Jap Money Home

W. C. Cook this week was exhibiting some Japanese money, two bills and two coins, sent by his son, T/Sgt. Fred Cook, formerly of Wilson. Fred did not reveal how he came into possession of the money.

However, he has seen action in both the warfare at Guadalcanal and at Tarawa, in the Pacific.

He entered the Navy in July, 1942, and is a carpenter's mate first class.

Capt. James Minor Wounded In Italy

Capt. James L. Minor, Tahoka, has been wounded in action on the Cassino front in Italy and is now recuperating in a hospital, according to a letter received from him by his parents, Mr. and Mrs. John Minor, a few days ago. He said he received a shrapnel wound in the back, but hoped to be back in action in a few weeks.

Captain Minor, who was reared here, is commanding officer of an infantry company of the 36th Division that has seen much action in Italy, and because of bravery beyond the line of duty he was awarded the Silver Star, third highest award in the Army, several months ago.

His wife, the former Marian Mason, and baby live at Post.

THELMA RUTH STRAIN IS HONORED AT TECH

Lubbock, March 8.—Ruth Strain of Tahoka was elected secretary of the Texas Technological College chorus at a recent meeting. The chorus is rehearsing for the Easter oratorio, "Seven Last Words," which will be broadcast from Lubbock high school auditorium over KFYO the evening of March 29.

Miss Strain is the daughter of Mr. and Mrs. J. R. Strain of New Home. She is a senior music student at Tech.

CALAWAY VERY ILL

H. W. Calaway, who recently removed to town from Draw, is reported very ill at his home here with a heart ailment. His doctor requests that he not have company.

SINGING AT EDITH

There will be an old-fashioned singing a Edith Sunday afternoon at 2:30 o'clock, according to Mrs. Walter Vaughn.

Everyone is invited.

Horace Hale returned Wednesday from Hot Springs, N. M., where he has been taking the hot baths for the past four months.

Mrs. W. T. Hanes left Saturday for New Orleans to be at the bedside of a relative who was to have a serious major operation.

FLIRTING WITH BOUNCING BETTY—U. S. Paratroopers on an Italian hillside engage in the dangerous task of removing hidden mines planted by retreating Germans. A member of a detonator squad (second from left) has located a mine which another soldier digs up and makes inoperative while their comrades lie flat on the ground in order to be "under" an explosion in case the trap be accidentally detonated. The type S mine is known as "Bouncing Betty" because of its ability to "jump" some distance above the ground before exploding. The mine detector is a wooden disc fitted to a long handle carrying a rheostat connected with head phones worn by the man in the detonator squad. When the sweeper passes over a mine it disturbs the magnetic field surrounding it, with the resultant change of tone in the "hum" of the operator's phones.

Capt. Robert F. Spikes, Home From European Front, Tells of Air Wars

Capt. Robert F. Spikes, 22, pilot of a B-25 Billy Mitchell bomber in Tunisia, Sicily, and Italy, and recently a squadron leader, who made 65 combat missions and has been decorated with the Air Medal and 10 Oak Leaf clusters, was the Tahoka Rotary Club speaker Thursday at noon.

Captain Spikes lived here several years with his parents, Mr. and Mrs. Houston Spikes, who moved to Slaton several months ago. He entered the Air Corps Nov. 10, 1941, and has been overseas since right after the battle of Kasserine Pass in Tunisia, a year ago last fall.

Flying Club Builds Hangar for Planes

Work was resumed this week on the hanger of the Tahoka Flying Club at the landing field two miles west of Tahoka. The steel hanger frame is being covered with sheet-iron acquired from the owner of the Wayside gin, which burned last fall.

A new motor has been put in one of the Piper Cub planes, and the other plane is being sent to Lubbock for re-building.

LT. GAIGNAT IN ENGLAND

Mrs. Charles A. Gaignat, the former Miss Patricia Kane, of New York City, came Friday to make her home with Mr. and Mrs. D. W. Gaignat for the duration. Her husband, 1st Lt. Charles A. Gaignat, who graduated from West Point Military Academy last spring, is now in England doing service in a fighter squadron. Charles is one of Tahoka's most accomplished young men, who is sure to render distinguished service for his country.

MRS. BOULLIQUON WRITES

The News had a short note this week from Mrs. E. H. Boulliquon, who is with her husband, Capt. Elbert Boulliquon at West Palm Beach, Florida, in which she says they are enjoying a visit from Mrs. Inez Knight. Elbert Jr. is in the Naval Reserve and is being given special training at the University of Texas.

BILLY HILL INSTRUCTOR

Billy Hill, GM 2/c in the Navy, writes that he is still in San Francisco, but has been informed that he will be transferred to San Diego soon, where he will be assigned to work as an instructor in gunnery. If so, he probably will be there several months. He has been on the sea most of the time for the past two years.

DAIRY FEED PAYMENT

R. R. Adams, AAA administrator for Lynn county has been notified to begin making dairy feed payments on production for the entire month of February. Payment rates are the same as for January.

Airline for Tahoka Gets Boost Before Civil Aero Board

Washington, D. C., March 9 — Expansion of air transportation to the nation's smaller cities and towns, chiefly through establishment of area (feeder) airlines of the type proposed by Southwest Airways for serving Tahoka, has been recommended by Civil Aeronautics board examiners.

Eleven recommendations in all were made public by the examiners, in a report based on material presented to them at the extensive series of hearings held recently.

In expanding direct air service to the smaller communities, the examiners urged that new routes provide a combination of passenger service and air mail-air express pick-up. They clearly made known their decision that these should be operated by new, independent aviation companies.

The examiners recommended that hearings on applications authorizing use of helicopters be deferred until models suitable for commercial operations actually exist, terming them "still in the development stage." They also urged that the Civil Aeronautics Board refuse to allow surface carriers to operate air services, unless such operations are supplemental to their surface carrying activities.

Heavy stress was placed upon the need for economical operation of the new routes, "to keep the cost to the government through the compensation for the transportation of mail within reasonable limits." It suggested a maximum rate of 25 cents per mile for carrying air mail.

Southwest Airways in its testimony during the hearings, had stated that the routes proposed in its application now pending before the Board could be operated for approximately 35 cents per mile. Company officials predicted that the additional revenues from carrying passengers would make it possible to reduce a 25 cent mail compensation substantially, "within a relatively short period of time after operations are underway."

The examiners recommended that use of single-engine aircraft with a single pilot be considered satisfactory. Southwest, however, plans to use twin-engine aircraft, carrying from 10 to 12 passengers and from 800 to 1000 pounds of mail, staffed with both a pilot and co-pilot.

Next step is expected to be scheduling of hearings by the Board on actual area airline applications. It is anticipated this will be done as soon as Board members have had an opportunity to study their examiners' report.

Southwest Airways officials reiterated their belief that their application would be one of the first to be considered, due to the transportation needs of the areas they propose to serve. Collection of data proving Tahoka's need for area airline service will begin "in the next few weeks," it was stated.

Plan New Topping On Highway North

Texas Highway Department this week is advertising for bids on 71.3 miles of highway improvements in six South Plains counties, including Lynn county.

The Department hopes to place a new seal coat topping on eight miles of U. S. Highway No. 87, from a point 3.7 miles north of Tahoka to a point 11.7 miles north. Heavy traffic on the highways and shortage of manpower and materials for maintenance are the cause of rapid deterioration on much of the two major highways in Lynn county, as well as on some of Tahoka's new city paving, much of which already needs repair badly.

MRS. EDWARDS TO PRESENT PUPILS IN RECITAL

Mrs. M. H. Edwards announces that she will present her ward school music pupils in recital in the high school auditorium at 8:00 o'clock next Tuesday night, March 14. The public is cordially invited.

Soldier Wounded In Italy Visits Here

Sgt. A. J. McDonald came in from the McClesky Hospital, Temple, last Saturday on a 10-days furlough to visit his parents, Mr. and Mrs. H. N. McDonald, who live on one of the Waldo McLaurin farms near Newmoore. He expects to leave Monday, according to his father, who was in Tahoka Thursday.

Sgt. McDonald was wounded in Italy by an enemy machine gun effect in the lower part of the body, in the region of the pelvis and the hips, and one shot close up under the arm. He was sent back to the States for treatment and has been in McClesky Hospital since early in January. It is not expected that he will be able to do active service again, though his condition has improved marvelously and he is able to walk now without crutches.

Sgt. McDonald first went into training with the old National Guard and was with the 36th division in Italy. His parents lived in Haskell county when he entered the service.

Moving Pictures At Guard Meeting

Two moving pictures on advanced map reading were presented Monday night at the meeting of Company F by officers from the 39th Battalion, Texas State Guard headquarters company, Lubbock. The pictures were restricted Army films, and were presented by five officers, including Capt. Craig and Lts. Klaus and Trout.

Sunday afternoon a number of Guardsmen received training in the use of the shotgun at the Guard rifle range south of town.

Forty-seven men attended Monday night's drill.

Congratulations—

Mr. and Mrs. Vernon Davis on the birth of a boy weighing 8 1/4 lbs. Tuesday morning at 9:00 o'clock. The young fellow has been named Billy Ward Davis. He is their first-born.

Mr. and Mrs. Edwin B. Orr on the birth of a son, named Charles Alan, on last Friday.

Mr. and Mrs. Earl Schoepf on the birth of a boy, named Thomas James, at Tahoka Clinic Thursday of last week.

Mr. and Mrs. F. E. Schmitz of Wilson on the birth of a girl at the Tahoka Clinic on Feb. 21.

Mrs. W. O. Henderson, who had been taking treatment for some time in a Lubbock hospital, was able to return to her home here last Saturday.

EDITORIAL
Are we always as friendly and helpful to new students who come to our school as we could be? Do we show them the lessons, classrooms, explain the schedule—"just show them the ropes" in general, or are we more inclined to sit around and let the kindlier, more wide-awake citizen take charge.

Many new students say Tahoka High is unusually friendly, yet some of us don't do anything to help that reputation along. We really aren't hostile or unfriendly, we just leave them alone to shift for themselves.

If you are the thoughtless type there is no better time than now to reform. Go up to that new girl, give her a friendly grin and offer her your help. That is, after all, the way you would want and expect to be treated in a new school.

Pat Hill, Senior of Tahoka High, underwent an appendectomy in the Lubbock General Hospital Sunday.

Tahoka Fighters Whip Petersburg

The Petersburg boxing team came to Tahoka Friday night for the return of the dual tournament. The Tahoka boys more than made up for the other tournament, winning 10 out of 15 fights. The Tahoka winners were: Punk White, 82; Alma Crowell, 95; Bobby McMillan, 97; Jacky Driver, 103; H. L. McMillan, 112; Jerry Edwards, 115; Glen Newton, 118; Dwayne Vaughan, 120; James Tippit, 122; and Bill Grider, 139. All of them were by decisions.

The five losers were: Harold Crowell, 105, TKO; Glen Kirkpatrick, 80; and Bobby Ray Scott, 112, decisions, and Jack Miller, 130, and Alfred Ratliff, 162, with the two knockouts of the night.

23 Students Make THS Honor Roll

Searching through the files of T. H. S., it was found that 23 students were on the honor roll for the past six weeks. To be on the honor roll a student must have at least an A- in both conduct and in all his grades. Twelve of the 23 students were Seniors.

They are as follows:
Seniors: Syble Brower, Charlene Bucy, Dorothy Lee Carmack, Euella Dollins, Macky Fenton, Pat Hill, Clara Faye Nordyke, Helen Norris, Rae Fern Pennington, Johnnie Price, Virginia Roddy, Clovie Stephens.
Juniors: Ruth Huffaker, H. B. McCord, Vonelle Preston.
Sophomores: Jeannine Smith.
Freshmen: George M. Small.
Eighth grade: Bobby Cowan, Billy Hanes, Marlon Haney, Savannah Tunnell, Joreta Shawn, and Barbara Wells.

PERSONALITY OF THE WEEK

Oilons to anyone who doesn't appreciate spirit, loyalty, and willingness to work for our school. Orchids to the Junior Class for carrying out, faithfully, their part in the activities of the school. The Junior Class, all 68 of them, holds the personality spotlight this week. Three cheers for the Juniors!

JUNIOR CLASS NEWS

Because of complications due to the Interscholastic league, the Junior class changed the date of their play from March 30 to March 28. Plans for the Junior-Senior banquet are being made.

Eighth Grade Wins

The Tahoka seventh grade boys and girls were defeated by the eighth grade boys and girls in basketball games Wednesday, March 1. The girls were defeated 8 to 1 and the boys 11 to 2.

Aggies, Homemakers Hold Joint Meeting

The Tahoka Chapter clubs of Future Homemakers and Future Farmers of America had their regular joint meeting Thursday night, March 2, in the school gymnasium. The Homemaking girls had a sing-song program. Dolores Nowlin led some songs, while Billie Jo Cowan played the piano. Clonnie Mae Gribble closed the program by playing "Put Your Arms Around Me, Honey."

The Aggie boys discussed the Annual Fat Stock Show which some forty boys plan to attend. They will leave for Fort Worth at noon Friday, March 10, and come back Sunday afternoon.

Seven volleyball captains were also appointed by Mr. Seay. Each is to organize a team of his own. After the meetings, the two clubs of 45 girls and 46 boys played games planned by the Aggies. They all had lots of fun.

The next meeting will be in charge of the Homemaking girls.

Tom Garrard Speaks At School Assembly

"It is your solemn duty to play the game of life as hard, as fairly, and as sincerely as it is in your power to play," Judge Tom Garrard said in a very interesting talk to the Tahoka student body Tuesday, March 7.

Judge Garrard's speech was an interesting one on "Life." He impressed upon the students that there was a purpose for their life and that it was their duty to make the most of it.

THESE GLAMOROUS GALS By Patriotic Patty

In the spring, when young man's fancy lightly turns to thoughts of Love, (Tennyson).

We're not trying to rush the season when we quote these memorable lines, for spring is here, or at least the fever. And spring will shortly follow. Since the man power shortage, the above bit of poem doesn't hold true. If there is a man within a hundred miles, a girl doesn't have to wait for spring. Who cares what season it is, if it's a man!

But really and truly, the girls at T. H. S. don't actually think about men ALL the time. There are other things in this world besides men. For instance, there are dates.

Of course, to have a date, a man must be involved, naturally! But when that question is settled, the question of clothes buds forth.

The common collegiate dress for a date is the skirt and sweater, or if the date is extra special, a dress would proclaim the occasion. The boy needn't have any trouble about his wearing apparel, for Uncle Sam takes care of that now-a-days!

The next thing is the entertainment: "Where shall we go? What shall we do? There's a peach of a movie at Podunk tonight."

"Are you kidding, I've got a half pint of gas, and two tires for this evening. We'll have to do something here."

So, a show, a soda, then home, on the two tires (one by this time, and a retreat at that) and a quarter of a pint of gas. But everyone concerned had fun.

That is a typical war-time date. And it doesn't have to be spring to get in the spirit either. For this kind of an evening all the rest of your lives, all you have to do is prolong the war. This can be done by NOT buying bonds, NOT saving kitchen fats, NOT saving gas and tires, and by buying from the black markets.

Do you appreciate your American citizenship? Well then, why don't you prove it?

CHANGE IN SCHEDULE

The Tahoka Schools started a new schedule Monday, March 6. It is as follows:
9:00-9:50, first period class.
9:52-10:40, second period class.
10:42-11:30, third period class.
11:32-12:15 fourth period class.
12:15-1:00, noon.
1:00-1:40, fifth period class.
1:42-2:20, sixth period class.
2:22-3:08, home room period.
3:10-4:00, seventh period class.

HOME ECONOMICS NEWS

The second year Home Ec. girls are now making dresses for themselves. The dresses are for all occasions. They studied how to select patterns and materials before starting their dresses. The girls are making rapid progress under the supervision of their teacher, Miss Wright.

The Home Economics II-A girls had a business meeting last Wednesday, March 2.

Officers were elected. They were: President, Louise Grayson; vice-president, Mack Hardin; secretary-treasurer, Pansy Dunlap; reporter, Peggy Dunlap; song leader, Jimmie Phillips; parliamentarian, Joyce Vaughn; social chairman, Gwendolyn Gaither; program chairman, Ruth Roddy.

Refreshments were served by Ruth Roddy, Jimmie Phillips, and Gwen Gaither.

COMMERCIAL CLUB

The meeting of the Commercial Club was called to order by the vice-president. Dues were paid and plans to present an assembly program were discussed. The club members, then, played an entertaining game. The meeting was adjourned until March 8.

SENIOR CLASS NEWS

The Senior class has found the perfect one-act play. It is "The Murders of Miriam." The cast is being chosen and the Seniors will start working on it some time this week.

In their class meetings, plans are being made for an entertainment March 17.

We have been having excellent citizenship programs and plan to continue having them.

GRADE SCHOOL NEWS

The citizenship program last Thursday was presented by the 8-A section of the eighth grade. Charles Fulkerson, president of section A, made a speech on citizenship. A citizenship play was presented by Joyce Bell Healy, Leslie McKee, and Billy Faye Anderson. Peggy Jean Hill gave a report on "What Citizenship Is."

In a special assembly Tuesday, the Agriculture department presented the high school with some motion pictures concerning soil conservation. The pictures were in technicolor and showed some of the primitive tools used in threshing grain. There were three movies and the students thoroughly enjoyed them all.

NEW STUDENTS

We have four new students this week. They are Pat and Jo Bennett from Dallas; Geneva Aldridge from Garner High, and Margaret Reagan, who has attended Tahoka schools before.

Pat is a Freshman; Jo, a Sophomore. Both are members of the Journalism class. Margaret is also a Sophomore; Geneva is a Junior. Welcome to Tahoka High, girls!

Pfc. Eugene Schulz of Camp Polk, La., visited relatives last week.

Capt. Spikes . . .

(Cont'd. from first page)
Careful not to reveal any information that might be regarded as a military secret. Capt. Spikes, after making a general statement as to his operations over the European and African continents, answered many questions propounded to him by his auditors, and his answers were often humorous as well as enlightening.

He told of some of the thrilling experiences he had on some of these missions, as well as the experiences of others of his outfit. He stated that he had the same crew on his plane during the entire time, and he placed a very high estimate on their courage and capabilities.

Of course he had a few close calls but never had a plane riddled or put out of commission. Lack of space this week, forbids repetition here of any of his thrilling episodes, but he not only places a high estimate on the fighting qualities of our men and the superiority of our equipment, but he is very sure that our forces are going to win. He thinks that victory probably will come to us in Europe this year.

Experienced German airmen, he says, are very proficient, but their less. He thinks the air bombardment of inexperienced men are rather reck-

mant of Germany is greatly and rapidly decreasing the output of her fighting equipment, and he believes that an invasion of Germany by the Allied ground forces at an early date is entirely possible.

He paid high tribute to the infantry, and thought they were not getting enough credit.

Capt. Spikes also told of visits to Gibraltar, Cairo, and Palestine.

In addition to Rotarians, many visitors were present to hear his address.

TWINS HAVE PARTY

In the home of Louis McKay, honor was paid to the twin daughters, Maurine and Irene, on their seventh birthday, from 2:30 to 5:00 o'clock Sunday, March 5.

Honorees and guests played various games, following which twin birthday cakes with white icing and green candles, fruit, jello, and hot cocoa were served. Gifts were opened and one of the story books was read.

Those attending the party were: Lorene Standefer, Gerry LeMond, Bettye June Cook, Linda Hoover, Sue and Jimmie Williams, Janeil Martin, Hubert Standefer, Daniel McKay. Assisting the hostess, Mrs. McKay, were Mrs. E. C. Busby, Sylvia Busby, and Mrs. Madge Hall.

Centenny Mae Rodgers sent a gift but was not able to attend the party.—Contributed.

COTTON FIGHTS FOR FREEDOM . . .

FOR FREEDOM'S SAKE - GROW MORE COTTON

Cotton serves on every front. It protects our fighters in the arctic, the tropics and on the desert. . . on land, sea and in the air. Our soldiers, sailors and marines wear it, eat it and fight with it. Over 11,000 articles used by the armed forces contain cotton in some form or another.

COTTON IS A WAR CROP!
From cottonseed we get essential fats and oil for food. Cottonseed meal and cake are an essential protein concentrate feed for producing more meat and milk; cottonseed hulls are roughage, and cotton linters make munitions.

COTTONSEED IS A FOOD AND FEED CROP!
There has not been enough cotton grown in the past few years to supply needed protein and oil. More COTTON grown in 1944 would balance farm programs in the South. More COTTON production will strengthen the war effort and help shorten the war.

Hutton Summers, chairman of the House Judiciary committee, has introduced a resolution calling for the submission of a constitutional amendment providing for the passage of measures over the President's veto by a majority vote instead of a two-thirds majority as now required. This seems to us to be altogether democratic and right. The authority given to the President to veto any measure which he disapproves give him an opportunity to state his objections to the measure and requires reconsideration by the House after hearing his objections. That should be enough. If a majority of the House still feels that the President's objections are without weight and that the measure should become a law, why shouldn't the majority rule? Congress should be the sole legislative agency in this country. Why should any President be given the power to thwart the will of a majority of both houses of Congress, who are elected by the people for the sole purpose of enacting laws?

We read last week what purported to be the facts as disclosed by official documents and records relating to Cordell Hull's position with respect to the pre-war sale of scrap iron and other war material by citizens of this country to the Japs. Hull has been generally and bitterly criticized in this country for permitting such sales, which continued almost right up to the time of the attack on the Japs on Pearl Harbor. As a matter of fact, he had no authority under the law to stop or to limit such sales, for they had been specifically authorized by law. Congress may be blamed for

passing such a law in the first place or for failing to repeal it several years ago, and the President may be blamed for approving such a law, but surely Hull can not be blamed for it. As a matter of fact, the records show that Hull protested bitterly against the law, but he had no power to act. The reactionary element in Congress, the isolationists, who thought there was no real danger of attack from Japan, was mainly to blame for failure to repeal the law years ago. And most of the isolationists were Republicans.

We note that Senator O'Daniel gave out some advice to the voters the other day that they replace all Congressmen who have been in office six years or longer. That means that if his advice were followed a great majority of Southern Democrats in Congress would be retired. All of the Texas delegation with two or three exceptions would be retired. All the more experienced men from the South would be kept at home. Chairmen of most of the important committees in the House come from the South. All these would be driven from the halls of Congress. O'Daniel stated that he was coming home to urge this program on his constituents. Do our readers think that in doing this he would be doing a service to his state? or to the South? or to the nation? As a matter of fact, we think that his intention is by a lot of "skulduggery" to try to boost his own imaginary chances to become the Democratic nominee for the Presidency.

ELDER DRENON'S NOTES

I visited Lynn county again, but it was on a sad mission. I was called to O'Donnell to conduct Brother Rufus Tune's funeral. It was attended by the largest crowd of any I have held at O'Donnell, I think, and the floral offering was the largest of any funeral I have ever held. I feel sure Brother Tune was just a common, every-day man, but he had lived a righteous life, and that kind of a life is still appreciated. I am glad to say,

I feel sad because so many of my friends are leaving me, but it makes me more determined than ever to so live that we can be together again in eternity. How sad it would be if this life ended in physical death; but what a glorious thought that Jesus broke the bars of death for us and we can say with Paul, "O death, where is thy sting? O grave, where is thy victory?" and with David, "Yea though we walk through the valley of the shadow of death, we will fear no evil, for thou art with us; thy rod and thy staff they comfort us." So, I can say to Brother Rufus "Good-bye for just a little while. I will be seeing you soon."

Another one or two of my friends at O'Donnell will be leaving before too long. So it seems, I will have more friends on the other side than on this. But, I hope to gather with them some day never to be parted. How grand!

Yours for more people who are interested in where we will spend eternity than where we will spend time.—R. P. Drennon.

CITATION BY PUBLICATION

The State of Texas,
To the Unknown Stockholders of the Temple Trust Company, a Corporation, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 17th day of April, A.D. 1944, at or before 10 o'clock A.M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas. Said plaintiff's petition was filed on the 28th day of February, 1944. The file number of said suit being No. 1551. The names of the parties in said suit are: L. N. Hancock, as Plaintiff, and the Unknown Stockholders of Temple Trust Company, a Corporation, as Defendant. The nature of said suit being substantially as follows, to-wit:

State of Texas, County of Lynn—In the District Court of Lynn County, Texas.

To said Honorable Court: Now comes L. N. Hancock, who resides in Lynn County, Texas, hereinafter called plaintiff, complaining of the unknown stockholders of the Temple Trust Company now a dissolved corporation, which corporation formerly was incorporated under the law of the State of Texas and had its principal place of business in Temple, Bell County, Texas, hereinafter called defendant and for cause of action plaintiff would respectfully show the following:

1. On the 4th day of November, 1943, plaintiff was, and still is, the owner in fee simple of the following described premises situated in the County of Lynn and State of Texas and described as follows:

All of the Northeast ¼ of Section 128, surveyed by virtue of Certificate No. 679, Abstract No. 922, Block No. 12, ELERRRRR Company survey and containing 160 acres of land, more or less.

2. On such day also he was in possession of such premises; and afterward on the 5th day of November, 1943, the defendants unlawfully entered upon and dispossessed him of such premises and withheld from him the possession thereof.

3. Defendants have occupied and used such premises under such unlawful possession for a period of three months and the rental value thereof during such occupancy is \$1000.00, in which amount by virtue of such wrongs the defendants are jointly indebted to plaintiff; but though repeated demand for the payment thereof has been made of

BABY CHICK TIPS

By Carolyn Dixon
County Home Demonstration Agent of A&M Extension Service
In brooder house, number of chicks per square foot—two.

Under brooder cover, allow 10 to 12 square inches per chick.
Feeder space per chick—one inch.
Feeder space after three weeks—two inches.

Number of water founts per 100 chicks—four quart jars. (After three weeks, supply more water founts.)
Temperature under edge of the brooder—95 to 98 degrees.

Keep chicks near brooder with guard—4 to 5 days.

Give one handful of chick grit per 100 chicks each day until three weeks old, then supply grit in the hopper.

Have some good starter mash on hand before chicks arrive.
Follow the feed company's ad-

vice on when to change to growing mash.
At 3 weeks of age, begin feeding 2½ per cent sulphur in the mash as a preventive of coccidiosis and provide plenty of sunlight while feeding sulphur. Feed sulphur until chicks are 16 weeks old.

Separate males from females at 5 to 6 weeks of age.
Get chicks from reliable hatchery. Texas has lots of good hatcheries. Keep baby chicks warm, dry, and give them plenty of good feed and clean water.

Sgt. and Mrs. Marion Otis Spears and baby spent last week end with his mother, Mrs. E. B. Terry. Sgt. Spears expects to become a flight officer shortly.

Wherefore, plaintiff prays that the defendants be cited to answer this petition, and that plaintiff have judgment for the title and possession of the above described premises, for damages, for costs of suit and for such other and further relief as he may be entitled to, either at law or in equity.

Issued this 28th day of February, 1944.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 28th day of February, A.D. 1944. (SEAL)

THE IMPORTANCE OF FUEL CONSERVATION MUST NOT BE MINIMIZED

The fuel used in American homes is a drain upon our limited resources of labor and transportation. The necessity of conserving it is great since the production and distribution of all fuel—coal, oil, electricity and gas—depends on manpower which is in itself becoming scarce. The more fuel used by civilians, the less of these resources there will be to fight the war.

THESE SEVEN DO'S are seven ways in which you can conserve gas and not cause any loss of heat or inconvenience to your household.

- 1) Turn off heat when airing rooms.
- 2) Close off unnecessary rooms for winter.
- 3) Storm windows are heat savers.
- 4) Shut heat off when opening windows for night.
- 5) Install automatic door closers.
- 6) Adjust fireplace dampers.
- 7) Close door immediately upon departure.

PARKERS HEAR FROM THEIR THREE SONS

In response to a query, B. L. Parker told a representative of The News Tuesday that he and Mrs. Parker had just received letters from Pug and Dea that morning and from Homer on Sunday morning.

Pug is in England; has been there about two months. Says there is too much rain and fog there to suit him; and the people are kind o' funny—drive on the wrong side of the road, and eat with the fork in the left hand and turned upside down; doesn't know how many other things they do backwards. Otherwise they are all right.

Dea was in Washington "on his way." He was expecting to go "across" some time soon.

Homer had moved from his former base in New Guinea, but he did not indicate how far nor to what place. Said he was all right in every way. It is presumed that he moved forward, chasing some Japs.

NOTICE

State of Texas.

To the Sheriff or any Constable of Lynn County, Texas, Greeting:

You are hereby commanded to cause to be published in some newspaper regularly published in your county, once each week for two consecutive weeks, notice in words and figures as follows:

C. O. Carmack and Jim Banister vs. Lilly Finch, et al.—No. 1532—Suit Pending in District Court, Lynn County, Texas.

To Lilly Finch and all other defendants in the above entitled and numbered cause and to all persons interested in the estate of W. F. Vaughn, deceased:

Notice is hereby given that C. O. Carmack and Jim Banister, plaintiffs in the above entitled and numbered cause, have filed interrogatories with the clerk of said court to take the deposition of M. B. Martin, a witness, who resides in McGregor, McLennan county, Texas, the answers to which will be read in evidence at the trial of said cause, and has also filed an affidavit in said suit that persons interested in said cause are unknown; that they have no attorney of record upon whom notice may be served, and that they reside beyond the jurisdiction of said court, and that a commission will issue on or after the 14th day after the first publication of this notice to take the deposition of such witness.

Witness Hattie Server, clerk of the District Court of Lynn County, Texas.

(By Mrs. Marvin Truelock)

Friday night before the fourth Sunday in March, the Baptist revival at Hackberry will begin. Rev. Jack Skelton of Voss will be the visiting preacher and Hubert Taylor will have charge of the song service. Each Friday night (10th, 17th and 27th) before the meeting there will be a singing at the Hackberry church.

On the first Sunday night in April the Baptist revival at Pleasant Valley will begin. To date, no help has been secured.

Lt. I. J. Duff is home on a furlough. A week ago Sunday all the Duff family were at home. Others coming were Miss Pauline of Fort Worth and Margaret of Houston, and Roderick of the Panhandle.

Congratulations to Flight Officer and Mrs. Sharon Carson, whose daughter, Martha Elizabeth, wt. 7 lbs. 3 oz., was born Feb. 26 at Slaton hospital. The mother (Louise Denton) is one of our High School graduates. The father has been in England since September.

Richard Becker hopes to have his arm out of its sling. He broke his shoulder six weeks ago while playing at school.

Last week a night nurse was secured for Mrs. E. M. Basinger. Her name is Mrs. A. L. Schoolcraft.

Tuesday the J. L. Whitlids received letters from their son Wayne and his pal of Little Falls, Minn. The letter was with Wayne for the nine months prior to Jan 27, and he was all right the last he saw of him. The two went through the Sicilian, Salerno, and Sareta campaigns together.

A week ago Monday night, when Willie Becker and family came out of the show at Slaton, their car had been stolen. The theft was reported, and officers brought the family next morning, the car was found axle-deep in mud on one of Slaton's side streets. In the back seat there were several guns which had been stolen from a Wisconsin man visiting his brother in Slaton. Recently a young couple stole a car in Abilene, abandoning it in Slaton; it is believed they then stole the Becker car.

There was a singing at Hackberry Sunday afternoon.

Mr. and Mrs. Lonnie Carlton and her brother, Ramond Rolan, and bride of Post were Sunday afternoon visitors of their sister, Mrs. S. M. Truelock.

Paul Elliott Winterrowd left last Tuesday for the Navy.

J. S. Boyd is in the Lubbock hospital with cancer of the liver.

R. R. Jones' operation has been postponed because he continues to have daily temperature.

Sunday guests of C. T. Anderson were his cousin, Mrs. Ben Page, and her husband of Plainview, and their daughter-in-law of Slaton. Their son is superintendent of the oil mill at Slaton.

Saturday night Mr. and Mrs. T. M. Tanner and her mother of Morton came by here to see his parents, the A. M. Tanners, en route to Clarksville to attend the funeral of Mrs. Tanner's cousin.

The boy missed the edge of a bridge with his tractor while overturned, causing his death.

Sgt. J. D. McCaskill spent last Tuesday night and Wednesday, also the week end, here with Mr. and Mrs. J. C. Harris, the parents of his wife.

A week ago Friday night, Rev. and Mrs. M. O. Row went to Coleman, where her mother is in the hospital with a broken hip. Bro. Row came home Friday accompanied by his nephew, L. C. Friddy, who stayed here until Monday.

Mrs. LeRoy Fredrickson, who has the flu, had a doctor Saturday night.

Mr. and Mrs. W. W. Davies and son Carlton went to Odessa Friday to visit her brother, Herman Whitel and family.

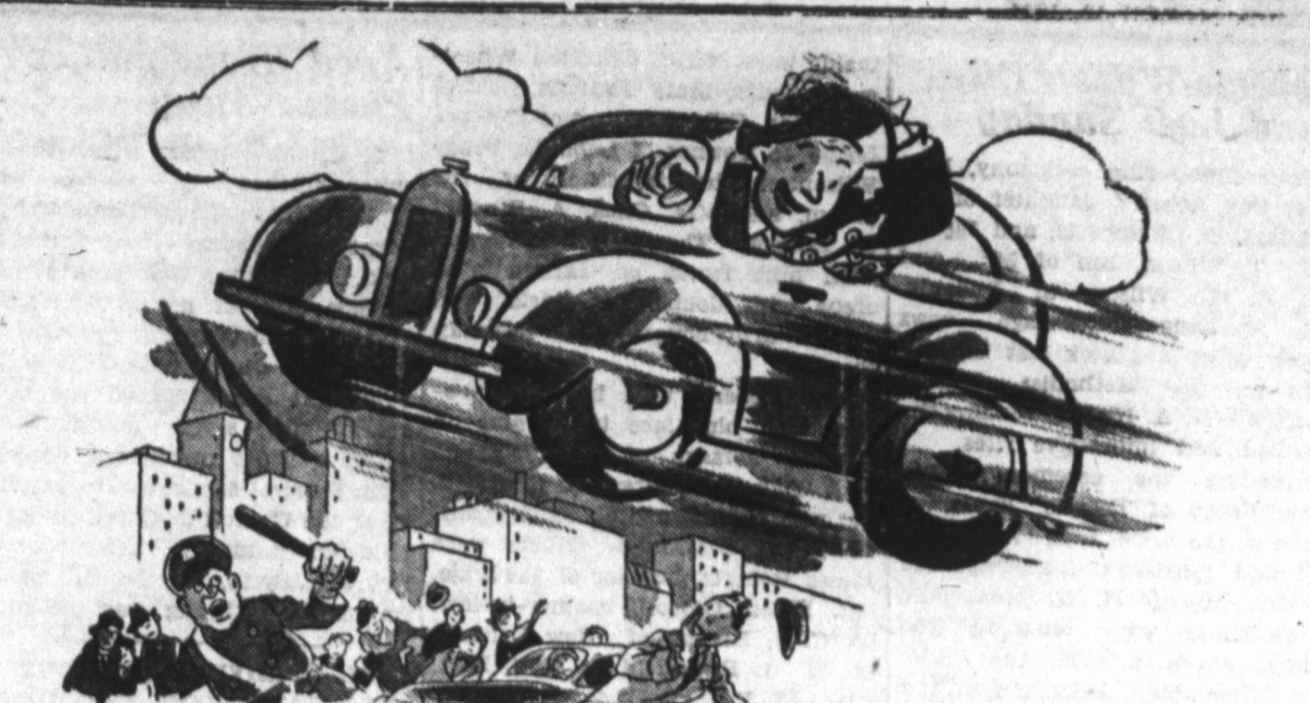

Sunday dinner guests of Mr. and Mrs. Audrey McNeely were Mr. and Mrs. P. B. Justice of Monroe.

Mrs. F. D. Landers visited Edna Corley Thursday.

The Baptist Sunday School attendance for March 5 was 49, while the Methodist was 45. The former attendance has been small for such a long time and the latter church such a large attendance, that last Sunday's reports were news.

Mrs. Virginia Barbee visited her parents and friends here Friday night.

The children of the Lewis Donahoes and Grady Kings have the

Would your car take-off and fly with 100-OCTANE GASOLINE?

"I had a strange dream last night," said the A-Card Driver. "Somehow I got a tankful of 100-octane gasoline; and when I left the gas station, my 1939 puddle-jumper had such fantastic pep and power that it took-off and sailed right over the head of the traffic cop."

Strange dream is right! Because strange as it seems, today's 100-octane aviation gasoline will not greatly improve the performance of today's cars. Your present engine was designed for the gasoline which was available at the time you bought your car, and 100-octane would add little or nothing to its satisfactory operation.

When victory comes, however, automotive designers will undoubtedly develop smaller, much higher compression engines which will deliver remarkable mileage and power with post-war super fuels.

When that day arrives, Phillips will be ready... because Phillips was one of the first, and remains one of the largest makers of high octane aviation fuels. Phillips present production of 100-octane gasoline could fuel

enough Flying Fortresses to drop 600 tons of bombs on Berlin daily. And soon the figure will be stepped up to an equivalent of gasoline sufficient to drop 800 tons of bombs per day on the German capital.

Actually, this American super fuel is not gasoline made by ordinary refinery processes. It is a true synthetic chemical, made by chemical processes which rearrange the petroleum hydrocarbon molecules.

That is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

Their daughter, Mrs. Dave Draper and children, Miss Anita Sokoll, and Mrs. P. M. Allen were Sunday guests of the Gillilands.

Mr. T. L. Weaver's father, Mr. Hill, is in the hospital at Lubbock with a bad heart attack.

A bridal shower honoring Mrs. Roy King was held at the home of Mrs. Herbert Dunn last Tuesday afternoon. Because of the inclement weather, the crowd was small. Many sent gifts. Cocos and cookies were

served to the honoree and Mmes. W. A. Roberts and Charlie King of Lubbock, Artie Long of Post, P. D. Johnson of Bellflower, Calif., J. Young and Blanton Martin of Bryan, Clay Johnston, Dillard Dunn, Winston Davies, Edd King, Grady King, L. A. Dunn, Harry King, and Woodrow Locklear.

The Edd Kings have moved to Slaton.

R. O. Rankin recently returned from visiting his father at Gorman.

Last Friday Edd Martin couldn't get his car started after his son Ding had phoned from Lubbock. This sailor was recently transferred from the Pacific to East Coast. He had lost 18 pounds since his last visit.

Roberts-Wilson Rites Read Last Sunday

In a double-ring ceremony, Miss Betty Sue Roberts, daughter of Mr. and Mrs. O. C. Roberts, and 1st Lt. Andy T. Wilson, son of Mr. and Mrs. A. M. Wilson of Phoenix, Ariz., exchanged marriage vows shortly after 8 o'clock last Sunday night in the Methodist Church here, Rev. H. A. Nichols reading the beautiful and impressive rites.

Preceding the ceremony, Mrs. James Reago of Temple, Texas, a cousin of the bride, sang "At Dawn" and "Because," accompanied by Mrs. Marcus H. Edwards, the bride's aunt, who rendered the wedding marches. After the bridal solos, Misses Mary Beth Fenton and Eloise Nettles, wearing shell pink crepe under double net skirts with Tailsman rose corsages, lighted the candles on the altar.

The altar was decorated with floor baskets of white gladioli against a background of Boston and Oregon fern and palms.

The bride, given in marriage by her father, wore a wedding dress of antique white duchess satin made with leg of mutton sleeves that ended in points over her hands, a rounded neckline with marquisette yolk appliqued with seed pearls, and a skirt gathered on a pointed basque ending in a long train. Her fingertip veil was of antique white bridal illusion, gathered onto a halo and caught with a seed pearl cluster. She carried a white prayer book and a spray of two white orchids with floor length streamers.

Mrs. Eldon Carroll, sister of the bride served as matron of honor. She wore ice blue satin fashioned with a tiered gathered skirt and carried tailsman roses. The brides-

maids were Misses Celestine Wheeler of Tulsa, Mary Frances Bledsoe of Beeton, Billy Swafford of El Paso, Lottie Jo Townes of Lubbock, Prada Wilson of Phoenix, sister of the groom, and Mrs. Chas. A. Stewart of Tahoka. They wore blue and shell pink frocks of taffeta and crepe with double net skirts and carried arm bouquets of tallman roses.

Mrs. Roberts wore blue marquisette with blue lace trim and a shoulder corsage of white roses.

Lt. Dale S. Thuren of Sherrard, Ill., who is stationed at South Plains AAF, was best man. Ushers were James Roberts, brother of the bride, Sgt. Eldon Carroll, brother-in-law, Lt. C. J. Breaud of New Orleans, Lt. R. O. Brassfield of Gulf Port, Miss., Lt. R. S. DeFalco of Phoenix, and Sgt. R. L. Thurman, Lubbock.

A reception following the wedding at the home of the bride's parents. The rooms were decked with white gladioli and carnations. The serving table was covered with a white Madeira cloth and laid in silver and crystal appointments. A two-tiered wedding cake, topped with a miniature silver wedding bell, centered the table.

After a short wedding trip to Phoenix, the couple will be at home in Austin.

Among out-of-town guests at the wedding were: Mrs. Effie Townes, Mr. and Mrs. Tom LeMond, Mrs. Alma Lockhart, Miss Marquenia Thompson, Mrs. Marguerite Niesler, Mr. and Mrs. R. L. Thurman, and Mr. and Mrs. Dutch Wiginton, of Lubbock; Mr. and Mrs. R. L. LeBsoe, Beeton; Mrs. James Minor, Mrs. Bill Woods, Mr. and Mrs. Dous Morrel, and Mrs. J. B. Slaughter Jr., of Post; Mr. and Mrs. L. E. Robinson, Mr. and Mrs. R. G. Carroll, and Mr. and Mrs. Thurman Wells, O'Donnell.

The bride attended Christian College, Columbia, Mo., and Texas Tech, where she was a member of Las Chaparitas social club. Lt. Wilson is stationed at San Marcos Army Air Field, and was formerly at SPAAF. He is a graduate of Arizona State Teachers College and was a member of Phi Delta Sigma fraternity.

J. C. Key of Wilson stated Tuesday that he had just received a letter from his son, S/Sgt. Harold Key, who had just arrived in England. Said it was the prettiest country he had ever seen and that the people had treated them very nice.

R. C. Scott, who has been in the Plains Clinic seriously ill for some time, was brought home Thursday of last week and is reported to be improving. He will return to the hospital soon for a check-up and possibly an operation.

Aged Grandmother Passes Away

L. E. Claborn Sr., who lives four miles northeast of Tahoka, and L. E. Claborn Jr. of Grassland returned Wednesday from Mansfield, Ark., where they had been at the bedside of their grandmother, Mrs. Martha Chant during her last illness. Mrs. Chant passed away last Friday at the advanced age of 93 years and seven months. She leaves a great number of descendants. Funeral services were conducted at the Church of Christ in Mansfield on Saturday afternoon by Rev. J. H. Byers, the Baptist pastor. An immense throng was present.

L. M. NORDYKE IS 52, BUT CELEBRATES 13TH BIRTHDAY

L. M. Nordyke is one of those relatively rare personages who has a birthday but once every four years, having been born on February 29, 1892. On last Tuesday, therefore, he was 52 years of age but it was his thirteenth birthday anniversary.

To celebrate the occasion his wife prepared a special dinner, and her sister and brother-in-law, Mr. and Mrs. W. P. McDonald, came to help him enjoy the occasion, together with Mrs. Nordyke and their daughter, Clara Faye.

Mr. Nordyke is one of the pioneer citizens of Lynn county, having come to this county from Callahan county in a covered wagon, almost thirty years ago. He settled on a tract of land 13 miles southeast of Tahoka near the old Luttrell homestead, and later married one of the daughters, Miss Hannah Luttrell. He served for several years as one of the commissioners of this county, and moved to Tahoka a year ago.

THEODORE NORDYKE WEDS

Following his marriage, which took place on Thursday of last week, Theodore Nordyke and his bride visited his brother, Levi Nordyke and family, here Sunday night and Monday.

The bride was Miss Elsie Proctor, daughter of Mr. and Mrs. Charles Proctor of Cross Plains, and the couple were married in Sweetwater on Thursday night, going from there to Penwell for a brief visit with a sister there.

Accidentally meeting the couple on the highway between Abilene and Sweetwater Thursday afternoon, Levi Nordyke rushed on to Abilene, hastily attended to his business there, and then hurried back home, and he and Mrs. Nordyke and their daughter, Clara Faye, left Friday afternoon for Penwell, and the groom and his bride accompanied them back to Tahoka Sunday.

Mr. Nordyke has lived in this county for many years but recently he has been employed much of the time in the oilfields at Ozona and elsewhere.

The couple expected to reside at Ozona.

Pvt. Berta Hill, daughter of the editor of this paper who joined the WACs a few months ago, has been transferred from Fort Oglethorpe, Ga., to Gardner Field near Taft, Calif. A letter from her received Wednesday stated that she had arrived there on Thursday of last week and that she found Gardner Field beautifully situated in the mountains, and an oil field near by. She liked the prospect.

Mrs. H. P. Stewart of Bryan, where her husband is in the Army Air Field, was here Monday of this week visiting friends and relatives. Her parents are Mr. and Mrs. L. H. Perkins, who now live near Brownfield. Her husband's parents, the C. E. Stewarts, also moved to near Brownfield this year.

COOPERS ARE GIVEN WELCOME AND SHOWER

Mr. and Mrs. E. J. Cooper, who recently removed from their farm into Tahoka, were given a rousing welcome Tuesday night by a number of their new neighbors, friends, and fellow church-workers, who flocked into the Cooper home while the couple was away and then sent a hurry call for them to come home.

Upon arrival they were surprised and somewhat bewildered by the presence of the crowd and the greeting extended them.

A program of music and fun, such as only Mrs. J. K. Applewhite, Ray Weathers, Dr. K. R. Durham, and Mrs. Gladys Stokes could devise was rendered, and then numerous gifts were unwrapped and admired. Refreshments were served to about eighty guests.

TAHOKA H. D. CLUB

The Tahoka Home Demonstration Club met on Thursday, March 2, at 3:00 p. m. in the home of Mrs. A. C. Weaver.

Miss Dixon showed the film, "Food for Freedom," which was most interesting and instructive. Those present were given bulletins which would be helpful in the producing and preserving of food for family use.

At the conclusion of the meeting, the club members viewed Mrs. Weaver's frame garden which had recently been planted.

The following were present: Mmes W. S. Taylor, A. M. Cade, Hubert Tankersley, LaRue Tippit, T. I. Tippit, W. S. Anglin, Paul Howell, Chas. Nelms, John Witt, A. C. Weaver, and Miss Carolyn Dixon.

Mr. and Mrs. C. T. Oliver returned last Friday from McGee and Monticello, Arkansas, near which places they visited a huge aluminum plant in that section of the state that is producing vast amounts of aluminum. He thinks we need not worry about a scarcity of that metal. But he says it rained nearly all the time they were there, a period of a week or ten days.

Mrs. L. N. Hancock of New Home, who has been quite ill for several months, is reported to be improving now. Her daughter, Mrs. Edgar Womack, who had been here with her mother a week, left for her home at Bonham last Sunday. Mrs. George Surratt of Sylvester, another daughter, also spent the week-end here, leaving Monday.

Mrs. S. J. Harris, mother of Mrs. C. A. Thomas, underwent an operation for an affection of one of the eyes in the Lubbock General Hospital Saturday morning. Reports are that she is doing as well as could be expected.

Mrs. Ruby Collins, who is here from Amarillo visiting her mother, Mrs. J. L. Cunningham, reports that her son, Sgt. Cecil D. Collins, is still in the Aleutians. He writes that he enjoys getting The Lynn County News.

It Hasn't Come In!

Isn't it disheartening to be told time and time again that something you ordered weeks ago hasn't come in yet? Because of the war, deliveries are very slow. But, electricity is still reaching you on schedule. At the flick of a switch it jumps into action. War or peace we have made it our business to see that you have electric service available when you need it and in the quantity and quality desired. Even though there is plenty of electricity and its delivery is not curtailed, remember, it takes fuel, manpower and vital materials to make and use electricity, so don't waste it.

Patricia Hill, daughter of Mr. and Mrs. Frank Hill underwent an appendectomy in a Lubbock hospital last Sunday. Wednesday, a group from Tahoka and Lubbock honored her with a birthday visit in her hospital room, carrying many gifts and flowers. A birthday cake with 17 candles was furnished by the nurses and the hospital. She will be brought home Sunday.

Mrs. J. H. Neyms fell while walking in her yard Wednesday morning and broke her arm between the elbow and the shoulder. She was taken to a Lubbock hospital, where her arm was placed in a cast, and then returned to her home here.

Mr. and Mrs. Lester L. McIntosh of Long Beach, Calif., Mr. and Mrs. J. E. (Guy) LeMond of Snyder and Mrs. Dimple McGehee of Temple, have been here this week to see their father, H. W. Calaway, who is ill.

LARGE CROWDS AT NAZARENE REVIVAL

The revival at the Church of the Nazarene has exceeded all expectations. For the last three nights the house has been filled to capacity and on one or two nights some of the crowd remained in cars because of the crowded condition in the church.

According to many of the members, the services are the best attended of any revival ever held in that church. Large numbers have been driving in from the farm to the services.

Evangelist Walker has brought some stirring messages that have touched the hearts of people. His message on "Pearl Harbor" was received with enthusiasm and an expression on the part of visiting preachers that it should be preached in every church in America.

The revival will continue throughout this week, with singing starting at 7:30 p. m., preaching at 8:00. The public is invited to attend ser-

 SALUTE YOU!

Question: Why don't you baptize infants?

Believers who repent are to be baptized. Romans 6:3-5. So an infant cannot comply with this command. Those that GLADLY received Peter's word were baptized. Infants cannot receive the word. Only the taught can comply with the command. Mark 16:15-16. Baptism is called by a number of titles, such as: A birth. John 3:5. Going down into. Acts 8:36-39. Washing. Acts 22:16. Burial. Rom. 6:4. Planting. Rom. 6:5. No one that would stop and think for a while would ever accuse God of requiring infants to respond to these commands.—Porter Turner, O'Donnell.

Agriculture . . .

(Contd. from first page) continue to grant loans.

The group was highly in favor of seeing cotton declared to be a war crop on the basis of the value of its seed to the war effort in oil and protein for feeding livestock.

Cotton seed meal came in for a full share of discussion. It was agreed that the whole problem of getting cotton seed meal adds up to the fact that under present price conditions, cotton seed meal is definitely a bargain feed. A sack of cotton seed meal containing 43% protein sells as cheaply as does a sack of grain, or approximately so, and the grain runs only 8-9% protein content. Also, the farmers present felt that the farm people of this area have hurt themselves in that for over the past period of years, the cotton farmer has worried so much about the price of cotton lint that he has overlooked through the years the value of the by-products as cotton seed meal in combination with a greater diversified livestock program over a consistent period of years.

The group was outspoken in its views toward distribution and allocation of meal to this and other areas. The point was well brought out that the ginners of the area were placed in a very uncomfortable position this fall when after having been advised to issue certificates redeemable for cotton seed meal for seed left at the gin, other agencies came in later and ordered the meal loaded into box cars to be shipped out with farmers waiting here in bad need of the meal made from seed they had grown. Also, the fact that peanut and soybean meals were shipped in, even cottonseed meal from out-of-state, at prices excessive to cotton seed meal was a sore spot.

In discussing the future, it was accepted that the past allocation of cotton acreage on a farm to farm basis must be carried further to a world set up for after the war when cotton acreage of the various cotton growing countries must be agreed on if the world market is not to be completely flooded. It was agreed that the big problem in allocation of acreage, whether among the various states in the nation or among the various farms of a county, or among the nations of the world it—What is a man's fair share to produce?

The farmers agreed that we are now running a government which pays tribute to group pressure and that the best thing the farmers could do would be to organize themselves so that they may speak and be heard. It was agreed that thousands of letters pouring into Washington from many states accomplishes little because too many songs are sung. By organizing as has labor. In this manner, meaning organizing, farmers could at least get together on the words, if not the tune.

In relation to grain sorghums, it was agreed that there is danger of this country going to the extreme, particularly under farm labor shortages, in the growing of shortbins.

milo. This form of milo, producing little roughage as it does, menaces the livestock program. Many farmers this year found that they must but bundles to feed their milk stock and other livestock because they ran short due to excessive plantings of combine milo.

Also, it was felt that unless a definite support price for grain next year is placed under it soon cotton acreage may go up next year because of the government guarantee of 90% of parity on this crop.

The fact was expressed that more of our soil nutrients are lost in this region because of lack of soil conservation practices than is lost by absorption of crops grown on the land.

In concluding, the farmers felt

that they should go home and organize for future efforts in farming interest as related to the nation as a whole and that from the war standpoint and labor shortage, emphasis should be placed on "not too many acres farmed this year, but better farming on the acres farmed."

MAYBE... future cars with Glareless Lighting

BUT... OIL-PLATING YOUR ENGINE
is like outdoing the future — today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy old Winter oil drained. But get more than an oil change; adopt the major advancement of oil that OIL-PLATES—simply by getting Conoco Nth motor oil for your indispensable Spring oil change. Conoco Nth adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in Conoco Nth oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring.
