Except for a few rental books, the library is free to all Lynn county citizens. The library is maintained by a small fund set aside by the county commissioner's court, by fines on books kept out over the allotted period, and by contributions of citizens.

## Rain Covers Most Of Lynn County, Farmers Planting

A slow rain fell throughout Lynn and other South Plains counties last Friday, placing in the government rain gauge kept by The News 1.23 inches of water. A shower amounting to .26 had fallen the first of the week.

Again on Tuesday night, scattered showers aided some localities, including a small area about six miles east of town and another area at Draw.

The rain Friday, while light in a few localities, particularly in a large area in the eastern part of the county, was generally fine throughout this county, and farmers are busy this week planting. Considerable planting had already been done, of course, and some crops were already up.

Farmers, it is said, are dividing their acreage pretty well between cotton and sorghum grain feeds, mainly combine maize. It is reported that a few are planting their entire crops to maize. It is generally agreed however that the surest and best plan is to diversify the crops, and most farmers are following that rule.

Barring heavy rains and hail, the crops are expected to come up quickly and to grow fast from the start. It is probable that there will be a great demand for farm labor within a few weeks.

## 4-H Club Paper Is Mailed Out

An eight-page, six-column paper, The Lynn County Boys' 4-H Club News, edited by County Agent Root L. Stone, county agent, this week was mailed to 4,500 club members, parents, and other citizens to acquaint them with the 4-H club program in the county.

The paper is well filled with news and pictures of 4-H club activities. Among other things it reveals that there are 470 club boys in the county, and explains the many awards being offered for the winners in the various project contests.

Stone is doing a most excellent job in getting the boys interested in better livestock and in learning something of agriculture through actual practice. The boys are also stressing the raising of Victory gardens this year.

## Lynn County Quota \$695,000 For Fifth War Bond Drive

Lynn county's quota in the Fifth War Bond drive, scheduled for one month beginning June 12, is \$695,000.00, the same as for the Fourth War Bond drive, Chairman Truett Smith announces.

To start the drive, Smith has arranged programs in three towns of the county at which two wounded war veterans from McCloskey General Hospital, Temple, will be the speakers, and at which a 50-minute sound picture, "Invasion Punches," a war picture released by the War Department, will be shown. The shows will be free and everyone is invited.

The war veterans and the picture will be shown in Tahoka Monday night, June 12, at 9 o'clock, Tuesday night, June 13, at O'Donnell, and Wednesday night, June 13, at Wilson.

Coming at this time of year, the large quota will be hard to raise unless everyone co-operates, but "we've done it before and we'll do it again," Smith says. He asks that all workers start working their areas early and insist on everyone doing their best.

## Texas Company Will Drill Oil Test Southeast of City

The Texas Company is soon to begin the drilling of a well on Section 451, Block 1, E.L.&R.R.R.R. Co. Survey, owned by Roy V. Tunnell and situated six or seven miles southeast of Tahoka. The well is to be drilled to a depth of 6,500 feet. This will be the first well to be drilled anywhere in the southeast quarter of Lynn county.

The site of this well is situated in a block of leases containing about 13,730 acres of land, the northwest corner of which is about six miles southeast of Tahoka and the southeast corner about a mile northwest of Draw. The block was assembled by A. M. Cade.

Mr. Cade reported Tuesday that the well being drilled by the Phillips Company on the Gray tract of land nine miles east and two miles north of Tahoka was still only down to about the 4,200 foot level, drillers having experienced much delay on account of fishing jobs and other trouble. The hole will be drilled to 10,000 or 11,000 feet.

Mr. Womack had been in ill health several years, and for the past year had been suffering with a heart ailment.

Mr. and Mrs. Womack and their children lived in Tahoka about 10 years before moving to California four years ago, and have many close friends here. Their son, Herbert, who was employed by The News for six years, enlisted in the Army before the U. S. entered the war, and was in Manila, Philippine Islands, when the Jap attack came. ## Fighter Pilot Home From Hollandia Raid

Lt. Paul Kiser of Sylvester, Fisher county, who has seen 15 months service in the Southwest Pacific, was here last week end visiting his friend, Miss Grace Montgomery, who with her sister, Miss Marietta, has been teaching at Monahans.

Lt. Kiser was direct from the battle area, his latest action having been over Hollandia, New Guinea, as a fighter-plane pilot.

He says the landing was made there with surprisingly little opposition. He also states that Jap opposition in the Southwest Pacific has dwindled to almost nothing, particularly in the air and on the seas. Our air forces are practically unopposed, and every time a Jap ship shows up it is promptly sunk.

Lt. Kiser has 133 air missions to his credit.

### Cpl. Bosworth Tells Of Life In India

Corporal Otis O. Bosworth, formerly of Grassland, now stationed in England with an Army Air Forces squadron, writes his wife interestingly of the strange country where he is located. Following are extracts from two or three of his letters:

**The Enchanted Land of India.**  
Well, I'm a happy man, I got 18 letters today. This is a beautiful morning but very hot. I wish I could mix some of that cool weather with this. It is so hot it's hard to keep straightened out physically. The Hanging Gardens in Bombay are pretty. The other day the native band was playing, when about a half dozen of us went by. When they saw us, they started playing "Yankee Doodle." The other day a man pulled my ear, a monkey bit my thumb, and I saw a man coming down the street leading a bear, so I left.

We got to ride on a double-decked bus, and I rode on the top deck (it has no top on it). We saw a lot of monkeys in the trees as we came along, also jackals, deer, vultures, peacocks, red fox, water buffalo, parrots, and some birds with legs as long as mine (hardly), and some natives working an elephant.

We saw some men that had to walk on their hands and feet. Some of the people have sores all over them, even their heads; some are pitiful, so deformed—some with one little leg and one real big one, and a club foot.

These natives will do anything for money: offer to clean our fingernails, do our laundry, or even clean our ears. One boy ran along side of us for a long time singing (in English) "You Are My Sunshine." "Down Argentine Way," etc. and he sang good, too. Lots of kids come around as naked as a jay bird. These people sure like the Americans. The men and women dress a lot alike—a long piece of cloth wrapped around them, sometimes one leg is naked.

It is quite amusing to see these Indians. They generally go in single file. In the morning and evening as they go to and from work, there are strings of women carrying baskets on their heads, or a pole across their shoulders with a basket

ket on their heads. They sure have a prissy swing to their hips. Sometimes two have to put a basket on one's head, but once they get it up they can carry it.

The women do most of the work here. I saw a bunch working, and on looking closer I saw a man sitting under an umbrella basking the bunch of women. The women unload boxcars, load and unload trucks, etc., but the men drive the come by here with a load of some-trucks. They seem happy, for they thing and they are singing like they are going to a picnic. I like to hear them sing.

There are four of us to a big tent. It has a double top with an air space between. We are running a concrete floor in some tents. O! Ouch! I got attacked by a bug, and he bit me! I guess he feels bad.

I'm with some boys I used to be with in Seattle, Washington. We thought we had parted for good.

There was a fellow here yesterday that had a pet monkey. He put it down and started riding off and the monkey squealed, jumped on the bicycle, and they rode off. There is a little six year old boy working here. He keeps a tent for some boys. He used to work for a major here, and the major took the boy with him on a mission over Burma. He said he liked it fine until the major pulled back on that stick. He speaks English better than some New Yorkers.

A construction gang is working close here and they sing nearly all the time. Maybe I'll be able to build a thatched roof when I come home. We are to move into the barracks when the Natives finish them. Then I'll see how I like to live under thatched roofs.

Yesterday, about six of us got on a pickup and went after 30 sacks of cement. We watched the women and children load them. We parked about 40 feet from the stack and they made two lines and relayed them down the way. Two or four of them would pick up a sack and move it to where the next ones could get it and so on to the truck. It took about 36 natives to do what two of us could have done in the same length of time. They usually carry everything on their heads, but I guess that's too dusty.

The women get six annas (12c) per day, and the men get eight annas (16c). One rupee equals 30c. Oh, yeah, I played the organ for chapel the other morning. Of course, it was one of those little folding kind, and my knees were nearly above the keyboard (maybe not quite that bad).

I saw the Mohammedan temple and a lot of interesting things. I rode in a carriage, which was quite a stunt.

We have started a prayer meeting, and I was appointed to be the supervisor of it. There were six in the first meeting; we had a good time and felt the Lord's presence there. Pray for me; I want to do something for God and souls. I appreciate every prayer that has been prayed for me and the boys.

I put some water out to heat for shaving; I guess I had better go get it before it boils. I sit on my bed to shave and use my helmet for a wash basin.

Well, the Monsoon season will

Down in the Solomons and on the African coasts the Crocodile Boat or tank lighter played a most important role in landing our invasion armies. These self-propelled, light armist boats haul tanks, artillery and other equipment from the big ships off-shore to the beach heads.

### It's A People's War

We are paying more in taxes than ever before... and likely will pay more. But we cannot rely on taxes to finance the war. It would not be fair to have a tax on the average single family income when many families have more than one income. We could borrow all the money from the banks, but for both economic and social reasons this is undesirable. The government would then sacrifice its greatest dam against inflation. This is a People's War and the people should finance it. The people WANT to finance it. Sale of War Bonds has mounted consistently since Pearl Harbor. They give their lives... You lend your money.

Mrs. Hancock, whose parents are Mr. and Mrs. Charles Straley, expects to join her husband at Norfolk, Va., about July 1.

Rev. Art Brown returned Wednesday night from Dallas, where he and Rev. A. C. Hardin attended the Baptist State Evangelistic Convention. Rev. Hardin stopped off in Colorado City. Rev. Brown says about 500 ministers were in attendance. He says they visited Deen Nowlin and found him improving slowly.

Mr. and Mrs. M. A. Cowart of Harlingen are here visiting his brother, S. J. Cowart, and his sister, Mrs. J. L. Cunningham. They were accompanied by Mrs. C. G. Rutherford and little daughter, Sarah Jane, of Weslaco, who are visiting her parents, Mr. and Mrs. J. L. Cunningham.

Mrs. A. C. Hardin has returned from a two weeks' visit with her mother at Colorado City.

**OUR MISSION AT THE CHICAGO CONVENTION**

The recent split of Texas Democrats is still being discussed in political circles throughout the nation, and many politicians in high governmental positions are wondering what effect it may have on the chances for the success of the party in the November election.

Many are also wondering what effect it may have on the Chicago convention in framing the party platform, and mapping out the party course in the future.

Of course the regular convention at Austin, which refused to instruct its delegates to the Chicago convention to vote for the nomination of President Roosevelt for a fourth term, had no expectation of thereby preventing his nomination. That matter had already been practically settled, since a vast majority of the delegates to that convention had already been selected and instructed to vote for his nomination.

But when it adopted a resolution instructing the Presidential electors named by it to vote for some other Democrat of their own choice rather than for Roosevelt if

the Chicago convention should refuse to seat the regular convention delegates from Texas but should seat the delegates selected by the rump convention, it then made it certain that if their delegates are turned down at Chicago then at least some of the Presidential electors from Texas will refuse to vote for Roosevelt in the electoral college, a contingency which might lose him the Presidency.

The Chicago convention therefore can hardly refuse to seat the regular convention delegates.

But, if seated by the National Convention, at Chicago, what can the Texas regulars hope to accomplish in that convention of red-hot Roosevelt supporters?

Just this: They hope that, joined by the delegates from most of the other Southern states, they can induce the National Convention to return to the two-thirds rule in the nomination of its candidates, a rule that had been observed by the Democratic party for a hundred years until it was set aside by the party convention four years ago. This would give the South a better chance to prevent the nomination of any candidate for President or Vice-President distasteful to it.

Second, these delegates from Texas and the other states of the South would hope to cause the Democratic Administration and the Democrats in Congress from other sections of the country to take pause before outlawing the poll-tax qualification for voters in Southern states; before emasculating our "jim crow" laws; and before enacting other legislation designed to bring about "social equality" of the races in the South. All these policies are being pushed now by the Communists, by certain Negro organizations, by Northern and Eastern politicians of both parties, and by persons in high position in the Government and others close to the President. Such a program, which these powerful forces seem determined to force upon the people of the South, can only result in serious trouble between the white and the colored races. The delegates selected by the regular convention of Democrats at Austin hope to induce the Chicago convention to take pause in this course and thus avert possibly a great racial catastrophe.

And third, these delegates hope to impress the Democrats of other sections of the country that Texas and the South are sorely displeased with the way the Administration has handled or failed to handle the strikes that have been called almost daily by some group of workers or another throughout our country, in many instances greatly hindering the war effort and almost amounting to treason.

These are the things that the delegates, or a majority of them, from the regular Democratic convention at Austin to the National convention at Chicago will seek to accomplish; and to our way of thinking, it is high time that a united effort of this kind be made by the people of the South.

GEORGE MAHON

**Mahon At Hearing On Important Bill**

According to Representative Geo. Mahon in Washington, hearing will be completed this week on the annual War Department Appropriation Bill, a bill to supply the Army with funds for the fiscal year beginning July 1. The bill now in the subcommittee involves the largest appropriation to be considered by Congress this year, the Army requesting the total sum of 49 billion dollars, including reappropriations.

Mahon is a member of a seven-man sub-committee of four Democrats and three Republicans, which conducts hearings and handles in the House the appropriations for the Army.

On the current bill, General George Marshall, chief of staff, General Arnold, and many other officers of the Army have appeared before the committee to discuss and explain the war situation and the need for the funds requested. However, because of the nature of the testimony, the hearing on the bill are not open to the public. The bill covers appropriations for all items of expense of every nature for carrying on of the war by the War Department. Included are pay, food, clothing, guns, ammunition, airplanes, fuel, and innumerable other requirements for an army of 7,700,000 men. One of the unusual requests of the Medical Corps is for 100 million dollars for the new wonder drug Penicillin, designed to save the lives of thousands of our fighting men.

Mahon states that the belief is that no funds other than those now being requested will be required by the Army for the defeat of Germany—that while the fighting has not reached its peak, war spending has reached its peak and will taper off very sharply within a few months.

## Tom Garrard Issues Formal Statement

To the Voters of Lynn County: When I announced for County Judge of Lynn County, I promised to make a statement of my candidacy to the voters of Lynn county, which I now gladly do.

I was born on a farm in Delta county, Texas, near the town of Cooper, and continued to live and work on the farm till I was 22 years of age. My early education was obtained at old "Doctor's Creek School House" which school is still operating.

Most of my education was acquired after I was 22 years of age, and was obtained the hard way. I worked my way through the high school grades and college five years, tending furnaces and other such work as I could get to do, and during summer vacations worked on the farm and saved my wages to pay for my schooling.

I scratched "chiggers" and had chills so much in East Texas it took part of a carload of Old Groves Tasteless Chill Tonic to

help me shake them off and to escape the summer rigors as well as the summer chiggers—I came to West Texas, took up a claim and "Nestered in Crane county" below Odessa, and did such work as I could get to do on adjoining ranches, such as fence building, and working cattle as a "common waddy" for a number of years, and finally got a start which was swept away with the slump after World War I.

After graduation in law at the University of Texas, I began the practice of law in 1915, since which time I have practiced continuously. Served three terms as District Attorney of the old 70th District, then was appointed by Governor Neff as State Attorney before the Court of Criminal Appeals and served two years, resigning that position to come back to the Plains country and start into practice with the late Judge G. E. Lockhart at Lubbock.

In the past 25 years I've tried many cases both civil and criminal in both State and Federal courts over West Texas.

During all this time, I've been very active over a large area of West Texas, but after many years if you continue me as your county I have learned that at the end of the year I would be tired and worn out and growing older, and that expenses of travel, etc., took all the money I made, and found me rich in experience, but with nothing so far as worldly goods went and only older and just a bit more worn. I have reached that age in life where I want to be at home among my friends.

I've been a very active, busy man all my life most, of which has been spent doing things for others and forgetting self. While I've been on the grind all my life, still I have enjoyed it and gained wonderful experiences and done wonderful service, but time and space will not permit a history of such. However, sooner or later we must all come to the place where we will slow down and live a little closer to home, and I hope to spend the remaining part of my active life at home among my old friends and with what new ones I may gain.

After our good friend and capable Judge Chester Connolly felt impelled to resign because of ill health, I was appointed to fill his unexpired term which ends January 1, 1945. So long as I am in the County Judge's office, I expect to give to you, my people, the very best service of which I am capable. This office is your office, the door is open to you at all times.

I invite your help and counsel and advice on all matters concerning your County affairs.

My thought is that the next few years are going to be the hardest and most fateful that this generation ever had to face. My judgment is that it is going to take the best brain, thought, and energy of us all to weather the storm that is now approaching, and which must grow in intensity until the Dove of Peace finally hovers over a distressed world.

Approximately 1800 of our young men and women, the very flower of our flock, have been called upon to lay their very lives upon the altar of sacrifice for our sake, as did the loving Christ, who died and

died on Calvary's Cross that you and I might live.

The paramount and chief interest filling the minds and hearts of us all at this hour is for the safety of our loved ones who are abroad in all the lands and on the seven seas, as well as to maintain our home life in the manner in which it was carried on when they were called to the Colors.

The matter of readjustment and stability of those who return, sound in mind and members is going to be a colossal undertaking, but of far greater concern and a more monumental task is going to be the rehabilitation of the multitudes of thousands who return to us sick in mind and body, wounded, maimed, and blind, and God forbid that we shall fail them. Now, as then, it will call for the finest leadership and thought of the best minds of us all. I pledge my all.

This is an agricultural county, almost wholly. The way of the farmer is all the way I know. My father was an ex-Confederate soldier. He came to Texas long prior to the Civil War and lived 65 years on the farm where he located in Delta county, except four years spent in the Confederate army, and raised a large family on the place. We lived in a log house on this place until I was a big boy.

Much is being said in the papers at this time and literally billions of dollars in money being appropriated to rehabilitate foreign lands and people. This may be right, I don't know, but I do know that there are thousands of aged, the blind and helpless—fine characters—in our midst, and I wish more effort and more money be spent on rehabilitating the aged, infirm, and the needy among us rather than sending it to foreign lands. So, my whole effort shall be to see that my own people get what assistance they need before I shed many tears for foreigners.

Our problems at present are many and serious. We need leaders in both thought and action who have wisdom to see the way, and ability to lead us in the proper paths. I hope and wish for that wisdom and ability.

I was reared in a Christian home. I have been taught and believe that the best way for all men is the way of the Cross.

While I am your County Judge, I have only one ambition, and that to serve you and pledge you that all the ability and energy I possess will be dedicated to your service.

I shall appreciate the support of all good people everywhere, and with faith in my Maker I shall never be unfaithful to any duty, trust or honor that you may repose in me, and I'm profound in the determination that you shall never have cause to regret your actions Judge, TOM.

### Southland News

(By Mrs. Marvin Truelock)

Friday's rain postponed the last lesson of the Methodist Vacation Bible School until Sunday afternoon, when a large crowd of children and adults gathered at the Church. The daily attendance for the week has been about 35 children, with great interest shown in Sword Fighting, Wilmett Hewlett, Valton Farrell, Wilma Wheeler and E. H. Johnston being the champions in finding Bible verses. The program and community supper were postponed until Monday night when the students were to receive certificates.

Last week, Mrs. Ted Ozanne of Midland and Mrs. Verne Johnson of Lubbock, both former residents, were here. Thursday these girls, accompanied by Mrs. Clarence Bassinger and Mrs. Hub Haire, shopped and visited former local residents in Lubbock. That evening they attended an Eastern Star party at the home of the Hub Haires. They

also visited Mrs. Sam Ellis and many other friends here.

Saturday Mrs. Louis Donahoo came to stay several days with her husband's parents, Mr. and Mrs. J. W. Donahoo, after being in the Lubbock hospital 11 days with her third case of pneumonia.

Sunday Mrs. Annie Landers returned from visiting her daughter, Mrs. H. L. Whited at Odessa. Several days before, she had waited in line two hours to purchase a ticket from San Diego to Texas. While in California, her son Sgt. Ralph Landers visited her. She also saw or telephoned several former local residents.

Friday Mrs. R. E. King, another former resident, came here for a two days' visit.

Mrs. King states that recently she had as supper guests in her home in Plainview, Mr. and Mrs. J. D. Hord, who also formerly lived here. Her son, S-Sgt. Robert King, is in England.

The nephew of Mrs. Carlos Barkley came last Friday from California for a visit here.

The Bill Gregorlys left last Saturday after visiting a week here with her parents, Mr. and Mrs. J. I. Bartlett.

Max Johnson, accompanied by Pauline Tishop, also of Owens, are visiting the former's grandparents, Mr. and Mrs. J. L. Whited. Max's cousin, Carlton Davies, had spent the day at Owens, and the three came here on the train. The visitors returned home Sunday.

Miss Roella Rankin came home Wednesday to take charge of the telephone office. Her mother had planned to keep the office while Mrs. E. L. Samples was away on her vacation but took the chicken pox.

Miss Olive Davies, who has just returned from Hardin-Simmons University at Abilene, will leave this week for two weeks of B.T.U. work in Ridgecrest, N. Car.

W. W. Gilliland, accompanied by his wife and son, W. H., and daughter, Mrs. Dave Draper of Slaton, went to the hospital in Dallas Friday, where he must stay for six months. His relatives returned home Sunday.

H. R. Stotts left Monday for Carlsbad, N. M., after spending eight days here with his family.

Mrs. Marvin Truelock had eight more teeth pulled Monday.

#### CARD OF THANKS

The family of Mrs. E. W. Davis wish to express their appreciation of their love and kindness in the loss of our loved one. May God's richest blessings be up on each of you. Mrs. E. W. Davis and family Mr. and Mrs. Harrison Davis and family, Mr. and Mrs. S. R. Kemp and family.

#### METHODIST CHURCH

The Vacation Church School is in session this week and will continue until Wednesday, June 7. At night of the last day of the school an exhibit of the work will be on display, and the closing services held, too.

Services for Sunday will be at the usual hours. Your presence is an inspiration, and we shall be happy for others to become regular attendants upon all of the service of the church.

We have a place in the church school for every age from kindergarten to the home department—the youngest to the oldest in the community. If you have not been attending any other church school, we shall be delighted to have you attend here—a welcome awaits you.—The Pastor.

#### BAPTIST SERVICES

There will be services at the First Baptist Church Sunday morning and night, members of the pulpit committee announce.

Rev. C. R. Tension, youthful pastor of the Central Baptist Church of Wichita Falls, filled the pulpit of the First Baptist Church here at both the morning and the evening hours last Sunday, being greeted by a good-sized congregation at each service. He was accompanied by his wife. His father is pastor of the First Baptist Church at Post.

#### VACATION BIBLE SCHOOL AT REDWINE CHURCH

A daily vacation Bible school is to be conducted at the Redwine Baptist Church beginning June 5, according to the pastor, Rev. L. B. Edwards. Rev. Edwards states that the school will be in session each day from 9:00 o'clock to 12:00 a. m. and that all children and young people between the ages of five and seventeen are invited to attend.

Plans are being made to furnish transportation to and from the school as far as possible. All parents should plan for their children to attend the school.

#### ORDINATION SERVICE AT REDWINE CHURCH

Last Sunday afternoon the Redwine Baptist Church ordained Hugh Lebell to the Gospel ministry, and he has accepted a call to become pastor at Berry Flat Baptist church, according to information given The News this week.

The following visiting ministers composed the Presbytery: Rev. Art. Brown, Tahoka, Rev. W. E. Woodson, Plains, and Rev. W. C. Harrison, Missionary of District 8.

Mrs. F. M. Sherrad who has been seriously sick for a long time, has been showing some improvement recently, it is said, but she is still confined to her bed.

### Gayton Withdraws From Attorney Race

Karl Cayton, Lamesa, Dawson county attorney, has withdrawn his candidacy for the office of district attorney, he writes The News.

"Since I have taken my physical examination," he writes, "passed the same, and am awaiting my call for induction into the U. S. Army, I feel it only fair to all concerned to withdraw from this race. I have considered this step for some time, but hesitated because of the uncertainty of our Selective Service policy. Since I am under 30 years of age, it now seems fairly obvious that I will be inducted some time this year.

It has not been my policy to seek personal gain or position without the knowledge that I could work and perform the duties thereof to the best of my ability, unhampered by outside influence and personal feelings. I sincerely believe that it would be an injustice to the citizens and law enforcement officers of our district to ask for their vote and influence, knowing or feeling at the time that I very likely would be in the Army before ever taking office.

"I think my many friends over the district for their words of support and encouragement, and we will look forward to the day when the war is won, our boys are home, and we may be together again."

Cayton's withdrawal leaves Rollin McCord and Calloway Huffaker, both of Tahoka, the only candidates in the race.

#### MANY FRIENDS GATHER AT TUNNELL HOME

A visit from her former neighbors, Mr. and Mrs. Otto Mathews and daughters Olga and Dora, now of Round-up, in the home of Mrs. W. L. Tunnell of Redwine last Sunday was the occasion of the gathering of several families there for dinner and other callers during the day. Total number of visitors and callers was more than fifty.

Mr. and Mrs. L. M. Nordyke and daughter Clara Fay of Tahoka were among the visitors.

R. R. Adams, secretary of Lynn county ACA, accompanied by John C. Johnson of Plains, Looe Miller of Brownfield, and James Boyd of Post, who represent their counties in the same capacity, left Tuesday morning for College Station, where they were to meet representatives of AAA from each of the other counties of District No. 2, which comprises 19 counties on the South Plains. These representatives will be in a meeting Thursday and Friday. They expect to do a little "sight-seeing" before returning to their offices Monday morning.

Miss Mary Beth Roddy spent Friday, Saturday and Sunday in Midland as the guest of Miss Beth Hardin, daughter of Rev. and Mrs. A. C. Hardin of Tahoka and a former employee of the Extension Service in Lynn county. Miss Hardin is now employed at the airfield in Midland, and obtained permission for Miss Roddy to accompany her on a tour of the entire field.

Mrs. C. B. Keltner left Tuesday for Globe, Ariz., to visit her sons, Frank and Russell Keltner.

And He went a little farther, and fell upon his face, and prayed saying, O my Father, if it be possible, let this cup pass from me: nevertheless not as I will, but as thou wilt." (Matthew 26:38, 39). The thought of his going "a little farther," not in feet or yards, but in his absolute surrender to the will of the Father who sent him, is the subject for study.

Mr. and Mrs. T. L. Fortenbery of New Home returned Wednesday from Corpus Christi, where they had spent the winter and spring. They reported floods of rain over most of the route from Corpus Christi to Snyder, and evidences of good rains the rest of the way.

What You Buy With WAR BONDS

Stop Spending, and Save for the future. That has been good advice since biblical days. You cannot buy tires today, but you can start saving to buy that new set of tires when they go on the market again.

Your regular investment of ten percent or more of your earnings in War Bonds through your Payroll Savings Plan will provide the necessary funds to buy those tires later and help win the war now. Let's "Top that Ten Percent."

Mrs. Cornelia Kelly left last week to spend the summer with her children in Dallas and Wichita Falls and to visit relatives in other places.

Mrs. M. L. Henry left Tuesday for Houston for a visit in the home of her son, Gordon King, and family.

Jack Douglas, candidate for Representative in the Legislature, was a Tahoka visitor Thursday.

PETTY H. D. CLUB

Petty H. D. Club met with Mrs. C. H. Reagan Monday, May 29th, from 10:00 a. m. to 5:00 p. m. The demonstration was on upholstering and was a wonderful demonstration as it proved that a little time and a very small sum of money can accomplish. We started out with only the frame of a large chair and added everything—springs, padding, reinforcements, and covering. It was made a very beautiful chair. We Petty club members are thinking very seriously of adding an old chair clinic to our club, and re-do those old discarded chairs. The club was well represented at

this meeting. Everyone that came before noon brought delicious sandwiches, cookies, and we had a good lunch. Lots of fun, and plenty of work. Everyone had a grand time.

The next meeting will be with Mrs. R. N. Ensor Wednesday, June 7, 3:00 p. m. Everyone is invited to come and bring someone with you.

Mrs. J. W. Lowrey, our president, has been ill for the past two weeks. The club members really miss her, and hope for her a speedy recovery.—Reporter.

Rev. Ben Hardy has been ill since Sunday but is now improved and able to be up.

Miss Valerie Wells is visiting Mrs. Jewell Wells and daughter, Mrs. Mary Bland Rego in Temple and other relatives in Dallas.

When Your Physician Gives You A Prescription . . .

A Few Practical Pointers!

First of all, select a pharmacist with more than ordinary care. Consult your physician on this point. Choose a pharmacist of character; a pharmacist who enjoys the good-will of the medical profession.

Second, take your prescriptions to only a pharmacist who is qualified by law, by experience and training, and by education to accurately compound prescriptions.

Third, we make sure that the pharmacist you select uses only high quality materials in compounding.

If these precautions are observed, the medicines will fulfill the expectations of your physician and recovery of the patient will be more certain.
