## Deputy Sheriff Con Burns Shot to Death Thursday Night on O'Donnell Streets By 'Bud' Pugh, Held Without Bond

The people of O'Donnell and of all Lynn county were shocked when they learned of the killing of Deputy Sheriff Con Burns on the streets of O'Donnell at about 10:30 o'clock on Thursday night of last week by L. B. (Bud) Pugh, operator of a wrecking yard in O'Donnell, where he had lived for many years.

Six shots, it is said were fired by Pugh in rapid succession with a .38 calibre pistol, three of the shots taking effect, two of them passing through Burns' heart and the third striking him in the arm. The three other bullets struck a car belonging to a Mr. Gass by which Burns was standing when his assailant opened fire.

Burns, 64, had served as a peace officer for several years in Knox county, and for the past six years he had been deputy sheriff at O'Donnell. He is said to have been a cool-headed peace officer and was much liked at O'Donnell. He is survived by the widow, three daughters and two sons. The daughters are Patricia Ann Burns of O'Donnell, Mrs. Stanley Smith of Melroes, N. M., and Mrs. Mary England of Eldorado, Ark.; the sons, Michael and Bert, Michael and Patricia Ann being twins.

Funeral services were held in the O'Donnell Baptist Church at 4:00 o'clock Saturday afternoon in the presence of a great throng of friends and admirers of the dead man, Rev. E. C. McDonald of Wilson officiating. Many friends in Tahoka attended the funeral. Pall bearers were B. M. Haymes and T. J. Yandell of O'Donnell, Sheriff Sam Floyd, Deputy Tom Reid, former sheriff B. L. Parker, and County Attorney Calloway Huffaker, all of Tahoka. The body was interred in

## Decision Rendered In Go-Devil Case

A case was decided in the U. S. District Court at Lubbock Tuesday which is of considerable interest to citizens of Lynn county, according to Tom Garrard, county judge.

The suit was brought by W. D. Wilkins and others of Lubbock against Ed Grier and other blacksmiths of Lubbock to enjoin and restrain the defendants from making what is generally known in this section as go-devil slides and knives.

Wilkins and associates claimed to have a patent on the go-devils, and that the defendant blacksmiths were infringing on such patent. If the plaintiffs had won the suit, the effect would have been that the blacksmiths over the South Plains would have been enjoined from making go-devils, or compelled to pay royalty. This was a wonderful victory for the farmers in this territory and more far-reaching results than ordinarily realized.

Tom Garrard of Tahoka assisted Bradley and Wilson, Lubbock attorneys in the case, which was submitted to a jury, the jury finding that defendants were not infringing on patents of plaintiffs. Blacksmiths in this country will continue making go-devils.

## Variety Program At Rotary Club

Two talks and a stunt provided Thursday's Rotary Club program.

Capt. L. H. Hutchison of the Army, brother-in-law of Dr. K. R. Durham, told of the Army Specialist Training program, with which he has been connected at Stanford University at Palo Alto, Calif.

Leo Jackson, told of the summer recreation program just started in the city park.

Wallace Kohler, program chairman, presented a "mental telepathy" stunt that furnished much amusement.

Fred McGinty, who will become club president July 1, presided. He announced several club members would attend the district Rotary meeting at Floydada next Tuesday.

## Hyde Candidate For Weigher At Wilson

J. L. Hyde, serving his first term as public weigher of the Wilson, precinct, announces that he is a candidate for re-election to that office.

Mr. Hyde is known to practically every one in the precinct, having farmed and engaged in the trucking business there for about twenty years.

He has tried to give the farmers the best service possible, and if re-elected will fill the office to the best of his ability. He asks the voters to give his candidacy their careful consideration.

## 'Pinky' Weathers Gets Silver Star

S/Sgt. Edward P. "Pinky" Weathers, 31, formerly of Tahoka and a son of Sam Weathers, has been awarded the Silver Star for gallantry in action against the enemy.

According to his commanding officer, the award was presented by direction of the President for Sgt. Weathers' action at Lorengau, Manus Island, Admiralty group in March.

The citation read: "When the larger unit of which Sgt. Weathers' platoon was a part, was help up in an advance against enemy fortifications, and his platoon effected a flanking movement across an open strip and suffered casualties from enemy fire from concealed pillboxes, with cool courage and complete disregard of the enemy, he abandoned the temporary safety of a prone and concealed position to cross an exposed area, and brought a wounded comrade to safety."

Sgt. Weathers was reared near Tahoka, enlisted in the Army in 1933, and served at Fort Bliss much of the time before being shipped to Australia in 1943 with the First Cavalry Division.

## Chaplain Praises Local Young Man

Mrs. G. W. Hickerson a few days ago received the following communication from Chaplain Don E. Wineinger respecting a Mothers Day service overseas in which her son, Pvt. Ray Hickerson, participated:

"Dear Mrs. Hickerson: You will be glad to know that your son Ray has attended a special Mothers Day service at this overseas base in the O. D. I. theatre. This service, dedicated to you and the mothers of the other men present (and to their wives and sweethearts), had as one of its features a prayer of thanksgiving for your sacrificial love and devotion, and a personal re-dedication by your son to live by those Christian ideals seen in your life and taught in your home."

"You may find comfort in the thought that your son has used this additional means of honoring you on Mother's Day, 1944. May the Lord hasten that time when this war shall cease, and your son shall be present again with your family circle.—Sincerely yours, Donald E. Wineinger, Chaplain."

## ATTEND SHRINE MEETING

Bill Burleson, Jack Applewhite, Winston Wharton, Lewis Robinson, and Levi Noble went up to Amarillo Wednesday afternoon to attend a meeting of the Order of the Mystic Shrine. The last three gentlemen, according to Bill Burleson, were to be given the works, and he indicated that it is really "some works."

## "Smiling Division" Has New Name

Master Sgt. Oliver L. Johnson, who has been operating in other parts of the Southwest Pacific since leaving Australia the first of this year, writes his parents, who live seven miles south of Tahoka that he is now in New Guinea and has seen "plenty of dead Japs."

He says that he is well and in known as the "Smiling Division" but that Tokyo Ann gave it another name, "Ten Thousand Men From Hell," quite a title, he says. Any way, they had done a good job there and were now in the mopping up stage.

He says that he is well and in good health and tells his parents not to be uneasy about him. Oliver enlisted as a volunteer three years ago in August, serving the entire time since overseas, first in Hawaii and then sent to Australia. Still has the same job that he had shortly after joining the Army but has moved around quite a bit.

Capt. and Mrs. L. H. Hutchison and two sons of Palo Alto, Calif., where he is stationed, arrived here Tuesday to visit his parents, Mr. and Mrs. J. S. Hutchison, his sister, Mrs. K. R. Durham, and his brother, W. P. Hutchison of Wells. They will go from here to Shreveport, accompanied by his parents, who have been visiting here since January.

## McCord Makes Formal Announcement

ROLLIN MCCORD

District Attorney Rollin McCord has authorized The News to publish this formal statement in behalf of his candidacy for re-election. Mr. McCord was elected district attorney in 1940, being the last candidate to announce for that office, and he led the ticket over four worthy opponents in the first primary by 350 votes and won the nomination in the run-off primary by almost 1500 votes. Prior to serving as district attorney, he served four years as county attorney of Lynn county. Mr. McCord has made a splendid record as district attorney of this district and enjoys the respect and confidence of all who have worked with him. He is 40 years of age and lives with his

## Three Tahoka Boys In Italian Reunion

The News had the following communication one day last week from Sgt. Charles Florence, now somewhere in Italy. The message, which follows, was dated May 24:

"Might mention the fact that a real old Tahoka reunion can be held most any place in the world nowadays."

"Just happened to have the opportunity the other day of running onto 1st Lt. Charles Townes, who is doing a fine job as a postal officer in this theatre. Found the old boy giving his all in a good, swift volleyball game. Having my iron hat down over my eyes, he didn't recognize me right away but still he couldn't help but keep glancing my way rather often. I shortened his uncertainty when I said, 'Well, Lieutenant, looks as if you still have that old Tahoka spirit.' The game ended right there."

"We had a long talk, and naturally he wanted to see Major Minor, so I accompanied him to Minor's hide-out, where we three gaged up on a good 'old time' chat. Raised my morale 100 percent. Sincerely, Charles Florence."

## Beth Shepherd Head College Student Body

Abilene, June 13.—Beth Shepherd has been unanimously elected president of the student body of McMurry College for the summer term. ## Fifth War Bond Drive Opens With Big Rallies at Tahoka, O'Donnell, Wilson; Lynn County's Bond Quota is \$695,000

The Fifth War Loan campaign is off to a slow start, the First National Bank reporting only \$70,000.00 in Bonds sold there up to Thursday noon. Since this county's quota is \$695,000.00, this is considered light in comparison to the amount which must be sold.

Higginbotham-Bartlett Co. has purchased \$5,000 worth of War bonds, W. B. Slaton reported.

Southwestern Life Insurance company has also placed an order, through Mrs. Gladys M. Stokes, for \$5,000 in bonds, this bringing their total to \$35,000 in bonds credited to Lynn county.

Truett Smith, county chairman urges that all workers get busy at once on their part of the drive, and that all individuals buy all the bonds they can that the war may be won more easily, as many lives saved as possible, and a financial crisis averted.

## War Food Board In Meeting Here

The Lynn County War Food committee met at the Legion Hall Saturday 9 to 10 a. m.

Following the short business meeting at which Miss Lucille Wright, chairman, presided, Judge Tom Garrard, program chairman, gave a brief summary of the necessity of correlated work among all leaders in the county.

Demonstrations on the canning of both acid and non-acid foods were given by Miss Carolyn Dixon, chairman sub-committee on Food Conservation, assisted by Miss Wright. Emphasis was placed on (1) the use of the packing raw and steaming method for both acid and non-acid foods, (2) the addition of two extra pounds of pressure to each recipe in order to make the change for this altitude, and (3) the allowance of seven minutes for steam to escape from the petcock of the cooker prior to bringing up the pressure for processing.

The next regular meeting will be Saturday, June 24, 9 to 10 a. m.

## TWO OVERSEAS

Both Ensign Travis Shelton of the Coast Guard and Cpl Preston Buchanan of the Army Air Forces have recently gone overseas, according to Mrs. Buchanan, who returned two weeks ago from Salt Lake City, where she was with her husband for a short time. Both are in the Pacific area.

## PENDLETON IN ENGLAND

An Air Service Command Station "Somewhere in England"—Hundreds of flyers owe their lives to a group of unsung groundlings who work at Air Service Command depots, repairing parachutes, electrically-heated flying clothing, Mae Wests, and life rafts.

Pfc. Walter Lee Pendleton, son of Mr. and Mrs. A. Pendleton of Rt. 3, Tahoka, is one of the highly trained Air Force soldiers employed in the parachute and textile shop. Before entering the Army, he worked for Consolidated Aircraft at San Diego, Calif.

Mrs. G. A. Edwards, who has been in a Lubbock hospital for the past four weeks suffering from a serious malady, is said to be showing a little improvement. She has been given several blood transfusions, the latest being given on Tuesday of this week, when John Hudman furnished the blood. Wade Holland, Clovis Honnicutt, and Mr. Hudman had supplied the blood on previous occasions.

Ovid Marion Luallin, recent graduate of Tahoka High, is now enrolled in the University of Arkansas at Fayetteville.

Miss Garnetta Atkinson is visiting her grandparents in Peralta, New Mexico, this week.

A crowd of 1200 or 1500 people attended the big war bond rally on the court house lawn here Tuesday night, according to estimates made by persons who are experienced in estimating the size of crowds.

Truett Smith, chairman of the War Bond committee for Lynn county, presided and County Judge Tom Garrard made a few introductory remarks.

A 50-minute picture, "Invasion Punches," furnished by the War Department, depicting war activities—the movements of soldiers, soldiers in action in several different areas, Hitler's fortifications in Europe, planes in action, all sorts of fighting equipment, hand-to-hand fighting between individual American and Jap soldiers, and other scenes and activities, were exhibited on a screen at the rear of the Lynn county service board, and those pictures gave much information and created much interest among those present.

Following the pictures, talks were made by two patients from the McClocky Hospital, Temple. One of the speakers was Pfc. Edmund V. Macha, son of Mr. and Mrs. H. A. Macha of the Dixie community, who was wounded at Kasserine Pass in Tunisia, North Africa. After being treated in a hospital at Oran for four months, he was sent back to the States and on to McClocky Hospital, where he has been several months. Needless to say, his wounds were very severe, but he made only light mention of them.

The other speaker was also a West Texan, Cpl. Ralph E. Mosler of Miles, who was slightly wounded at Salerno in Italy and later was severely wounded at Cassino. He, too, made only brief mention of his wounds and his sacrifices but closed his brief talk with a request for everybody to buy War Bonds to the extent of their ability.

Each of these young soldiers made a splendid impression upon the audience.

The show was presented on Tuesday night in the theatre in O'Donnell, and Judge B. P. Maddox made a rousing speech in support of the war effort and the sale of the bonds, according to Chairman Truett Smith.

The show was held at the school auditorium in Wilson on Wednesday night, Judge Maddox making an address there also.

Mr. Smith announces that a bond rally is to be held at Lakeview tonight.

## Club Boys Visit Army Air Field

Twenty-four Lynn county 4-H Club boys, fathers of these boys, and County Agricultural Agent Robt L. Stone attended a field day at the glider base, South Plains Army Air Field, north of Lubbock, Thursday, June 10. An additional 220 boys and fathers, and county agents of nine other counties also attended.

The purpose of the day was to honor 4-H club boys of the area who have produced sufficient food during the past twelve months to feed one or more fighters.

The group was met at the county agent's office in Lubbock by Army trucks, which transported them to the air base, where a concert of martial music was played for the boys in the Post theatre by the SPAAF band. Following this, a machine gun squad presented a drill in which they set up their equipment, assumed firing positions, and dismantled the gun. At noon, the boys ate a real Army meal in the mess hall.

The afternoon program consisted of viewing the obstacle course; a trip to the flying line, at which point the boys not only saw the gliders and tow planes actually take off and land, but also observed one of the most famous planes in the American Air Force, "The Texas Queen," which won distinction by being one of a large group of C-47 transport planes which flew

**OPEN AIR STREET MEETING SPONSORED BY BAPTIST MINISTERS IS SUCCESS**

Approximately 100 people listened to Bro. Edwards, pastor of the Redwine Church, as he spoke Saturday afternoon at 4 p. m. on the court house lawn near the north entrance. Many denominations were represented, freely joining in the singing led by Bro. Art Brown, with Bill Goodell playing his piano accordion.

Bro. Edwards brought a powerful message on the need of today. He preached fearlessly and with boldness on "Repentance," the need of the hour.

These meetings will continue through the summer months. Bro. Art Brown, pastor of the West Point Church, will speak this coming Saturday. We invite you to be present and take an active part. Remember the time, 4:00 p. m.

**METHODIST YOUNG PEOPLE ORGANIZE SUB-DISTRICT**

The members of the Methodist Youth Fellowship in Lamesa and Tahoka met Sunday at the First Methodist Church in Lamesa. They organized a sub-district designating Lamesa to be the place for their meetings until definitely decided. The sub-district was named the Fidelis Sub-District because of the meaning of Fidelis, which is "faithful."

Johnnie Margaret Price, president of the Lubbock District, presided as chairman until the new sub-district president was elected. She appointed a nominating committee of four members and an adult counsellor. They were George Small and Charlene Bucy of Tahoka, Bobby Stephens and Mary Ruth Jordan of Lamesa, and Rev. Tune of Sparenburg.

Officers elected are: President, Betty Stephens, Lamesa; vice-president, Ira Joe Hart, Tahoka; secretary, Donnie Yeager, Lamesa; treasurer, Colene Carmack, Tahoka; publicity chairman, George Small, Tahoka; asst. publicity chairman, Charlene Bucy, Tahoka; and adult counsellor, Rev. Tune.

A definite registration fee of 15 cents was decided upon. The money will go for various expenses of the Sub-District and for Youth Work. The next Fidelis meeting will be at the Lamesa church July 9 at 3 p. m. Tahoka will provide the program and Lamesa the recreation and refreshments.

The Fidelis Sub-District hopes to enlist the Methodist Youth in the churches of Wilson, New Home, Draw-Grassland, Tahoka Circuit, O'Donnell, Lamesa Circuit, and Sparenburg. These young people are needed very much. We hope they will be able to attend the meeting July 9.—Publicity Chr.

Turn to and study Heb. 9:27. In this verse we learn that it is appointed that man shall die and after death cometh the judgment. Friends, there is only one sure thing in the world and that is death. There is only one thing that we can promise a babe when

born into the world and that is death. Knowing then that we cannot escape death we should be more diligent in our preparation for the judgment. In II Cor. 5:10, we read, "For we must all be made manifest before the judgment-seat of Christ; that each one may receive the things done in the body, according to what he hath done, whether it be good or bad." We shall all appear before Christ to be judged according to our works. It will not be every one that saith Lord, Lord, that will enter the kingdom of heaven; but he that doeth the will of the Father who is in heaven, Matt. 7:21. Friends, are you making ready for that great day by doing WHAT the Lord has COMMANDED. "Search the Scriptures daily" that you might know the will of the Lord.

Garnie Atkisson is preaching every Saturday night for the Church at Grassland. Make your plans now to attend these services each Saturday night.

men and supplies over a period of 18 months in the terrific weather of the Alaskan and Aleutians regions; a trip to the gunnery range, at which place all types of Army guns including pistols, rifles, and machine guns were exhibited and demonstrated, sharpshooters demonstrating the firing and handling of each, and even allowing a few of the boys to fire the machine gun; a demonstration of the various types of demolition bombs and and chemical warfare, which was very colorful, interesting, and instructive. The boys made a trip over the entire field. Late in the afternoon, the group was returned by Army motor caravan to their starting point in Lubbock.

wife and two children in Tahoka. His formal statement follows: If re-elected district attorney, I shall continue to vigorously enforce the laws of our state to all alike, regardless of race, creed or color and co-operate and work in harmony with our jurors, peace officers and court officials. I promise you the same honest, efficient administration.

During the time served as your district attorney, I have tried approximately 400 felony cases and have only lost five. Three persons were given life sentences in the penitentiary and two others 99 years each. Of the many cases appealed to our highest court at Austin, only two have been sent back for re-trial and not one case has been ordered dismissed by that court.

I have been ever mindful of the wasted time and delay occasioned by many courts in the trial of cases and have tried to dispose of all cases as quickly as possible, having tried as many as four separate cases before juries in one day. It being necessary that we save not only our tax dollars but our jurors time so badly needed for the war effort. I believe that I can be of service to this district by the experience gained as your district attorney and the many years that I have been in the active practice of law.

I deeply appreciate the honors you good people have bestowed upon me and also the encouragement of so many friends throughout the district in my race for re-election. May I respectfully ask that you carefully investigate my record as a public official and also my private life as a citizen of Lynn county since 1916.

Due to the gas and tire shortage it will be impossible for me to make an active campaign, so please allow me to take this means of asking for your vote and support in the coming Democratic primary.

—Rollin McCord.

Cpl. Billy Jack Edwards, recent graduate of the Laredo Aerial Gunnery school, who has been here for about a week, will leave Saturday for California to receive further training as gunner on a B-24 plane. Judge and Mrs. Madison Yates of Lamesa were visitors Sunday in the home of his parents, Mrs. M. and Mrs. W. A. Yates.

Miss Grace Montgomery, daughter of Mr. and Will Montgomery, and Lt. W. M. Kiser, Sylvester, were married Friday morning at 10 o'clock at the home of the bride's parents. Rev. H. A. Nichols read the double ring ceremony.

The altar which was flanked with floor baskets of white gladioli against a background of greenery was arranged in front of double windows. White tapers were lighted by Mrs. Lindsay Telford, Lubbock.

She carried an arm bouquet of white orchids and gardenias. For something old, she carried a handmade handkerchief which was made by her maternal grandmother. For something borrowed, she wore a diamond wrist watch belonging to her aunt, Mrs. Fred Higbee of Lubbock, and for something blue, she wore a bracelet belonging to Miss Marietta Montgomery, her sister and attendant. The maid of honor wore a floor length dress with a pink taffeta bodice and a blue net skirt. She carried an arm bouquet of red roses.

Warren Kemp, Hamlin, brother-in-law of the bridegroom, was best man.

Mrs. Montgomery, mother of the bride, wore a dress of floral print and a gardenia corsage. The bridegroom's mother wore a dress of rose beige cable net with gardenia corsage.

### Planting of Pecans Is Advocated by Moore

There are a good number of farmers who figure on trying nut trees in their lakes on a good sized scale. I hope they do so. It appears to me that our county is peculiarly adapted to nut culture. They are doing very well around Kress and at Dimmit, but I am partial to our climate, right here. Trees here in town are again hanging full of nuts. We will certainly be shipping nuts to other sections. This is the 16th crop for M. F. Ballew—without a miss. If properly set, there may be a hundred per cent better growth than when "just put out." I wish you could see one put out at my place last year. It already looks like a TREE. I had nothing to do, one day when a stray dog was lying near, so I buried him within 2 or 3 feet of my pecan tree. It is a dogged fine tree.

All pecan trees that are old enough to bear in this section have set a nice crop of pecans. In some

cases where nuts from grafted trees have been planted, discouragement has been the result. They are not likely to ever bear nuts. Nuts from seedling trees usually bear in about 12 years. Grafted trees set out should bear about the third year. Those who anticipate planting their "lakes" for beauty as well as rapid enhancement of land values should prepare their "dumps" at an early date in order that the soil may thoroughly settle before planting.—Ben Moore, O'Donnell.

While here visiting her grandparents, Mr. and Mrs. Jim Banister, and her uncle and aunt, Mr. and Mrs. J. E. Mayberry, over the weekend, Gleda Jo Kennedy, 11, daughter of Mr. and Mrs. Jim Kennedy of Lubbock, became suddenly ill Sunday night and was taken to the Plains Hospital early Monday morning for an appendicitis operation nicely.

Jim Ed Poer is visiting his sister, Mrs. J. H. Edwards Jr., and her family in Houston.

That the views and ideals of Woodrow Wilson had prevailed in this country at the close of World War No. 1, and that this country had gone wholeheartedly into the League of Nations! In that event, this terrible war doubtless would have been averted, or at least stayed off for at least another generation. In any event, our leaders and our people would have been kept informed as to what was happening in Europe and would have prepared for any eventuality. The chances are that we could have brought about a peaceable solution of the disturbing problems that arose in Europe and thereby preserved the peace of the world. But a group of intellectuals in the United States Senate led by the brilliant but revengeful Henry Cabot Lodge of Massachusetts, the brainy but vitriolic James A. Reed, Democrat, of Missouri, and those two eloquent Western Progressive Republicans, William E. Borah of Idaho and Hiram W. Johnson of California, thoroughly conscientious but incurable isolationists - these men trained their guns on the Peace Treaty that Wilson had brought back with him from Versailles and the League of Nations that he had fathered and embodied in the Treaty, and they so poisoned and inflamed the minds of the American people against any "entangling alliances" that the treaty was turned down and the League of Nations junked in so far as America was concerned. So we stood aloof from the affairs of the world and now our sons are again giving their lives on bloody European battle fields to keep our country and many

others from being enslaved by the chief of our enemies in World War No. 1. At the close of this war, we must profit by this calamitous mistake made in 1920. We must take every possible practical means to preserve for a long, long time the peace of the world. Isolationists at the close of the war must be kicked out the back door.

We wish there were some way to permit the intelligent and the worthy members of the Negro race to vote without opening the polling places to the extremely ignorant and the vicious. It is these latter elements that impels the white Democrats of the South to bar the Negroes from the Democratic primaries. In the states of the North, where there is only one Negro to every twenty or thirty or fifty white persons, the Negro with the ballot does not present a serious problem; but in the states of the South, where the ratio of Negroes to whites runs from 1 to 6 to 1 to 1 the problem becomes really serious. Not because the Negro is constitutionally vicious as a race, and not because there is any deep-seated antagonism between him and the Southern white man, but because so many of the Negroes have permitted themselves to be used in times past by corrupt white men - this is the cause of his disfranchisement. If the people of the North would take note of this fact and would be content to attend to their own domestic problems, the South would be able to take care of its own. The fact of the business is that the white people of the South are the best friends that the Negroes have today, and if unmolested by nose-poking benevolent ladies and self-seeking politicians of the North, the whites and the Negroes would get along together swimmingly side by side here in the South. Eleanor and Delano will please take notice.

A recent election called by the "wets" to authorize the sale of beer and other liquors in Yoakum county resulted in an overwhelming victory for the "drys." The neighboring county of Gaines, which had been "wet," voted itself dry a few weeks before that. Following the repeal of the Eighteenth amendment, a number of West Texas counties, especially where oil fields existed, imagined that they needed legalized liquor houses, or saloons. So they called elections and voted wet. But after a few years trial, many of them began voting dry again and outlawing the liquor traffic. People learn by experience or observation that the liquor traffic is one of the greatest evils that ever cursed this country. Liquor has been tangled up in one way or another with many if not most of the homicides that have been committed in this section of the state in recent years. In fact, it has figured in a large percent of the homicides committed in this country in each and every period of its history, as well as in every other country and in every period of the history of the world. The liquor traffic is an unmixt evil with no extenuating circumstances wherever it is allowed to exist. This nation will never be what it ought to be until it again outlaws the liquor traffic and then enforces the law. Shame on the leaders of our country and on the people who ridiculed and violated and discredited and lied about the Eighteenth Amendment until they brought it into general disrepute and then killed it.

It may be a long and bitter struggle yet, but the hand is writing on the wall for Hitler and his quizzing satellites—and he has these satellites in every subjugated country in Europe. The two most prominent in France are Pierre Laval and Marshal Henri Petain. Laval one of the most despicable characters of history and Petain one of the most pitiable. If there ever was a traitor more contemptible than Benedict Arnold, it is that cur that bears the name Laval. And it is nothing less than a tragedy that the hero of Verdun in World War I, Marshal Petain, should now in his old age be playing the role of a trucking henchman of the most brutal tyrant of modern times. But when the French become free to rise and exercise their latent powers, Laval and old Petain, if still living, will meet worse fate than did the monsters of the French Revolution. The hand is writing on the wall.

# What News Will General Eisenhower Get From US?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are smashing at our foe — sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America — what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis — the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan will undoubtedly be the biggest, most vitally im-

portant financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before — must buy double . . . yes, *triple* . . . the Bonds we bought last time.

Our men expect to hear that we *are* buying double — that we are matching their sacrifice as best we can — that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

*That's* the news our men expect to hear from us.

Will you *personally* see that they get it?

And here are 5 More reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

**Southland News**

(By Mrs. Marvin Truelock)

Capt. Jack T. Martin of the Air Force probably is among the South Plains boys in the invasion, as he was stationed in England. He is the son of Mr. and Mrs. S. D. Martin of Hackberry.

Please write in all the boys you know of who probably are in this most dangerous war zone—the invasion.

R. R. Jones of Hackberry was sick last Wednesday. Two days later he developed pneumonia. Monday of this week he was still under an oxygen tent at Lubbock General Hospital, with little hope of recovery.

Friday morning, Mrs. E. M. Basinger was brought home from Lubbock, where she has been taking chiropractic treatments. She had shown no improvement for the week before.

Congratulation to Mrs. Donald Bedford and her husband in Service. Their daughter, Donna Lou, whose weight was seven pounds, was born May 27. The mother is the former Ruby Edwards of Southland.

Friday afternoon at 4:15 Kelley Barnett died on the Slaton hospital operating table of ruptured appendix. Kelley has been farming for Drs. Bloom and Bloom for years. **Soldier Challenges Pre-War Ideas**

Pfc. Alex "Eckie" Nevill, who is in England, has recently sent his mother a copy of the letter printed below. This letter was written by an American boy stationed there and left pinned to his pillow for his buddy to mail after the writer had gone to face the enemy. His thoughts are a challenge to every red-blooded American.

Dear Mother: I'm going to war tomorrow, and I'm leaving this letter pinned to my pillow to tell you the things I haven't been able to tell you personally.

"We'll be leaving very brave and confident. And that's the point. I may as well jump in with both feet right now: We won't be confident. At least, I won't."

The old man fought in the Argonne to make the world safe for democracy, and here we go again. It was tough on his generation, but it's tougher on ours, because we aren't going filled with the faith his crowd felt. We've seen how you older people can lose the peace after we've won the war. We're going with our fingers crossed, and its hard to fire a gun with your fingers crossed.

We don't doubt democracy is worth fighting for, and we're not afraid to go. I don't think I'm a coward. I'm not afraid to die, but I'm afraid of dying for nothing. You see, we're afraid of the old shell game. You won't know what that means—or maybe you will.

And that brings me to another point: Did you bring me up well? You kept me clean and taught me to be honest. (That's why I'm trying to be honest now.) And you held the highest ideals for me. But did you teach me the truth about the world, and life, and men? You didn't, Mother, or we would not be going to war today.

You taught me that there would never be another war. You took away my toy soldiers. You brought me up to think all we had to do was mind our own business, and be good boys, and we'd live in peace and prosperity forever. I believed it. We all believed it. Every boy in my class at school signed pacifist pledges. We were still signing them when Hitler marched into Austria. We were signing them after Czechoslovakia, Poland, after the invasion of the Low Countries and the fall of France. And there are some of my classmates in conscientious objectors' camps today because they don't know what to believe. It was potent stuff you handed us, Mother.

The world isn't all sweetness and light. There are such things as cruelty and evil and greed, and we must be ever ready to do battle against it. Since the beginning of time, the human race has moved forward by fighting forces which threatened to hold back its progress. Peace and all the good things man wants are not won once and held forever free as a gift. You taught me they were my privileges; you didn't teach me they were my responsibilities to defend to the death. You didn't tell me because you didn't know.

I see the truth now, but it was hard to come by. "I am my brother's keeper." And the irony of it is you grown people let things slip along so far that I must kill some of my brothers to protect others. We let the gangsters reach our very doorsteps. But you could have stopped them, Mother. In the Ruhr, in Austria, before they started. It's too late to brood over past mistakes, but what about next time? Is it

going to happen again? Am I going to die for nothing? Is this just a dress rehearsal? Are you going to keep it up until the last human is left moaning alone on earth?

If when we come back you are so happy, or when we don't come back you are so sad that you never want to think of war again, you'll be laying down a crimson carpet for us to walk in upon, quietly. You must think of war. You must remember how it happened before and watch. But will you? Or will you lay down the burden and forget?

That is the cross I'm carrying on my back these days: I don't quite believe you. I've listened to your fine phrases before and they didn't prove a thing. Dad listened to them when he lay dying in a Veterans' hospital 15 years after it was over!

I'm uneasy, Mother. This time you must see clearly and work unceasingly. Maybe you'll turn your back to the League again. Maybe you'll forget the needs of the black and yellow brothers. Maybe you'll fear the Russians and leave them out of the peace. Maybe you'll let Germany re-arm again. Maybe, oh, you can easily muffle it a million ways.

You'll have to have a hundred eyes and ears to avoid muffling! You'll have to watch for the merest shadow of the wolf across the yard. You'll have to leave the ninety and nine to go after the one. Its brotherhood this time—or else. Sorry I had to scold, but it's time you older people grew up. You've been the loveliest of mothers. The point is, the world is not made only by lovely people like you. I wonder if just being a lovely person is enough any more?

Your loving son, John Joshua Bell.

Miss Virginia Hamilton, who has been employed for several months in the office of Deen Nowlin, has resigned her position and will return to Henryetta, Okla., next Monday to assist her father. She made many friends while here.

**An Advertisement Addressed  
to Buyers of BLACK MARKET Gasoline**

**Phillips 66**

**Phillips production of 100-octane gasoline could fuel enough Flying Forts to drop 3,000 tons of bombs on the "Invasion Coast" every day!**

**Gasoline shortage** on the home front is a grim reality, and gasoline rationing is our American system of sharing the available supplies fairly, in accordance with car-owners' essential needs.

Why is gasoline short? . . . Re-read the headline above. It is presented not in boastful spirit, but in explanation of one of the vital military uses of the gasoline which you cannot purchase.

Remember, Phillips is only one of many producers of 100-octane aviation gasoline, of butadiene for synthetic rubber, of various fuels for ships and tanks and combat cars. The petroleum raw materials which go into the literally oceans of these military

fuels are obviously not available for the manufacture of civilian supplies of gasoline.

Every Black Market purchase reduces the already greatly diminished pool of gasoline which must suffice for our country's essential transportation needs. That is why no thinking, patriotic American will be a Black Buyer. And without Black Buyers there can be no Black Markets.

So do your patriotic part to break the Black Market in gasoline: Endorse every gasoline ration coupon in your possession. Don't accept any gasoline at any price without giving up coupons. And most important of all, use the legal gasoline you buy for essential driving only.

Thad Smith of New Home thinks Lynn county farmers should take some steps immediately to stop the spread of and to stamp out Johnson grass, which grass is rapidly spreading in this section.

He says road graders are one of the principal spreaders, and to offset this he thinks grass growing in the barrow ditches might be killed off by spraying the plant with a chemical.

T. B. Brown, O'Donnell justice of the peace. Pugh was still in jail Thursday, but it was expected that he would make application for bond soon.

Pugh made a statement Thursday night after the homicide to officers but declined to sign the statement. It can not be used therefore as evidence upon the trial. There are a number of eye witnesses to the shooting, however, it is said.

Some of the witnesses stated that they understood Burns, a few minutes before the tragedy had asked Pugh to go home. "I had to ask him (Pugh) to get off the streets—he's had too much to drink," is the statement which they said Burns made to them. A few minutes later, witnesses said, while Burns was standing beside a car across the street south of the Rex Theatre, Pugh drove up and parked. As Burns was approaching the car, Pugh got out on the driver's side, and started shooting. Burns slumped forward and died almost instantly. Six empty cartridges were later picked up off the ground. Mrs. Pugh and their little nine-year old son were also in the Pugh car, witnesses to the killing said.

Burns' .41-calibre pistol was picked up off the ground beside the body. It had not been fired.

It is said that Pugh had previously given officers trouble, and Burns on at least one other occasion had asked him to go home when he was apparently drinking. The grand jury will probably be

called back some time soon to investigate the case.

Mrs. Alice Fortenberry returned Sunday night from Dallas, to which place she had gone on Friday to see the Deen Nowlins. She reports that she found Deen looking much better than she had expected. Mrs. Nowlin came to Tahoka the same day that Mrs. Fortenberry left to get the children.
