## Contests Scheduled For Fourth of July In City Park Here

Games for adults on July Fourth and further expansion of the Summer Recreation program were announced Wednesday by Leo Jackson, supervisor, and Alton Cain, chairman of the committee sponsoring the program.

Beginning at 10 a. m. next Tuesday, holiday recreation will be furnished in the City Park in the form of washer, horseshoe, table tennis, and shuffleboard tournaments for adults will be held.

In the afternoon, winners of the adult tournaments will meet the winners of the children's tournaments, Jackson announces.

Cain also announced the Rev. Art Brown had been secured to direct the literary side of the summer program, which will include singing, drama, story telling, music and art appreciation, etc.

Four new swings were installed this week in the park, which, with the repair of two old ones, will make eight swings available. A sand box for small children was also completed this week.

Basement of the Methodist church and a piano therein has been secured for use in the literary events.

Play periods each day, open to all children and young people of Lynn county, are supervised from 9:00 to 11:30 a. m. and 3:00 to 6:00 p. m. each week day. Attention is called to the fact that the afternoon play period has been changed to one hour later.

The summer project is being sponsored by the City of Tahoka, the Rotary Club, the Chamber of Commerce, the Child Guidance club, Phebe K. Warner Club, and the Home Demonstration clubs.

## Cows Are Tested For Bangs Disease

An increasing number of Lynn county farmers are becoming interested in having their cattle tested for Bangs disease, according to Robert L. Stone, county agricultural agent. One hundred and twenty head of dairy cattle were tested for 26 Lynn county farmers during the month of June, making a total of 476 head tested for 78 farmers during the past three months.

Cows which are carriers of this disease constitute a menace to public health, therefore, he is a wise farmer who has his cows tested before undulant fever strikes some member of his family, Stone says.

Additional groups of cows will be tested for other farmers from time to time as sufficient numbers are obtained to secure the services of a veterinarian at a substantial saving to all cooperating farmers. Any farmer who is interested in having this work done should write to the county agent or stop by his office for information in this regard.

Farmers cooperating in having their cattle tested are under no restriction and may make any disposition of any reactors as they may choose. However, in interest of the public, any reactor cow should be sold for slaughtering purposes only. To date, approximately 4% of the cows tested have been reactors, which is a small figure. Small as this figure may be, the elimination of reactors is of the utmost importance and is a safeguard to the continued health of farm families and those whom they supply milk.

## O'Donnell Mexican Draws Heavy Fine

Jesse Oigin, O'Donnell cafe operator, was assessed a fine of \$300 and costs in county court Monday on a charge of possession of intoxicating liquor for purpose of sale.

When officers raided his establishment Saturday night, nine and one-half quarts of whiskey were found. The same Mexican was assessed a fine about a year ago of \$250 and costs when officers found 103 pints of liquor and seven cases of beer in his possession, Sheriff Sam Floyd said.

## Bud Pugh Indicted On Murder Charge

A district court grand jury in session here Monday indicted L. B. (Bud) Pugh, O'Donnell wrecking yard operator, in connection with the fatal shooting June 8 of Deputy Sheriff Con Burns on the streets of O'Donnell.

Special Judge J. E. Gariand of the 106th district court denied Pugh bond. A habeas corpus hearing will be held in the court here Saturday beginning at 10 a. m.

Pugh is alleged to have emptied his pistol at Burns, who died instantly, a few minutes after the deputy sheriff had asked Pugh, who is said to have been drinking, to go home.

Pugh has employed Truett Smith as his attorney.

The case has been set for trial on July 10, and a special venire of 100 men has been called, according to District Attorney Rollin McCord.

## Showers Some Aid To County Crops

Local rains in varying amounts and at various times during the past week have fallen over Lynn county. However, the fall had been light in most localities.

In Tahoka, two showers, one Friday night and one Sunday afternoon, brought 28 of an inch of moisture. Out in the vicinity of Grassland and in some other localities a shower also fell Monday afternoon. R. B. McCord reported a very high wind of almost tornado velocity in the Grassland area, accompanied by a dashing rain. Another shower fell southeast of town Tuesday afternoon, and it was accompanied by wind and sand.

Pat Swann reported a good shower around Wilson, but it did not cover the entire territory. E. E. McManus said about a quarter of an inch fell in the northwest section of the county.

Ben Moore of O'Donnell reports that 1.50 inches had fallen there up to Tuesday night, possibly more than that east of that city, and that T-Bar got a good rain Sunday. It was still very dry at Newmoore.

The rains, generally light, had covered practically all of the county, but many farmers are yet hoping for more rain, as crops are beginning to suffer.

## School Transfers Should Be Made

All scholastic transfers must be made during the months of August, Mrs. Lenore M. Tunnell, county superintendent states.

Many students living in the rural communities who wish to attend high schools in the towns or in other districts are affected by the transfer law, and should be certain that their transfer forms are filled out during this month, she states.

Mrs. Tunnell is in her office all day on Mondays, Wednesdays and Saturdays, and though she usually may be found in the office on the other week days, she is not there at all times.

## Cleve Bairrington Is Deputy at O'Donnell

Cleve Bairrington is the new deputy sheriff at O'Donnell, Sheriff Sam Floyd announces, succeeding Deputy Con Burns, who was shot to death three weeks ago by "Bud" Pugh.

Bairrington served as deputy here for four or five months last year.

## PRESIDENT OF ROTARY

Edgar Hays, former Linotype operator of The News, who now runs his own paper, the Lockney Beacon, has been elected president of the Lockney Rotary Club for the year beginning July 1st.

Mr. and Mrs. A. H. Moyer returned a few days ago from a visit with his sister, Mrs. J. E. Patton, at Sarah, Okla. She has been ill a long time. Mr. Moyer reports fine wheat crops in western Oklahoma.

## Less Than Half of War Bonds Sold If Lynn County Reaches Its Quota

Approximately \$310,000.00 in War Bonds had been sold in Lynn county in the Fifth War Loan drive, up until Thursday, but that is less than half the quota of \$695,000.00 assigned to this county.

Unless citizens buy more heavily and unless workers in some of the communities get busy, Lynn county will not likely reach its quota, Truett Smith, chairman, stated.

Dixie was the first community to exceed its quota. With a quota of \$12,162.50, its citizens are credited with \$15,418. However, New Home has probably reached its \$60,812.50 quota by the time this is read.

Tahoka is nearing its \$177,226.00 quota, about \$132,000 having been credited to the town.

No late reports are available from Wilson and O'Donnell, but up to Saturday night Wilson had sold bonds totaling \$28,218.00, and O'Donnell \$49,800.00.

First National Bank of Tahoka reports sales of \$232,213.00, but only \$132,000.00 of this amount is credited to Tahoka.

A boost toward the county's quota has been given the past week by the sale of bonds to the following non-resident property owners: Cicero Smith Lbr. Co., \$5,000; Double U Co., \$2,000; Myrtle Chaffin, Kansas City, \$3,000; Southwestern Public Service Co., \$2,000; Lebbcock Production Credit, \$75; Southwestern Associated Telephone Co., \$2,000; E. E. Ellis, Kansas City, \$2,000.

## Deen Nowlin Is Home From Dallas Hospital

Deen Nowlin, who has been taking treatment in Baylor Hospital, Dallas, for many weeks, had shown such improvement that he was able to return to his home here last Saturday.

And, on Wednesday morning, he felt an urge that he could no longer resist to come down to his office a little while, but he plans not to repeat the operation often until he becomes stronger.

Having been active along many lines here for many years, Mr. Nowlin has been greatly missed by his many friends during his absence and it is hoped that his health may continue to improve until he soon becomes his old self again.

## Sgt. Yatar Moore In Australian Hospital

S/Sgt. Yatar Lavar Moore, son of Mr. and Mrs. T. F. Moore of Wilson, is recuperating in a hospital in Australia, according to a letter from Cpl. Bill Scruggs to Mrs. Lenore M. Tunnell, who also had been ill in the same hospital.

Moore's ailment was not made known, but the letter indicated that he had been there quite some time, possibly in a critical condition, but that he is now recovering and will be released soon.

Sgt. Moore entered the service on August 5, 1940, and has been overseas a year, and was in action in the Southwest Pacific area.

Cpl. Scruggs formerly worked at the Tahoka Co-op gin.

## F. F. A. Meeting Is Next Thursday Eve

Members of Tahoka Chapter of Future Farmers of America are requested to attend an important meeting at the High School Thursday, July 6, at 7:30 p. m. Plans will be made for the summer trip.

## Federal Car Stamps Must Be On by July 1

All motor vehicle operators are required to carry the Federal car stamp on their windshields, the new stamp being required beginning Saturday, July 1st, according to Happy Smith, postmaster.

The stamps, which cost \$5.00, are available at the postoffice.

## New Negro School Will Be Erected

A new school building for Negroes will be built in Tahoka in time for the opening of the fall school term if materials can be obtained. This was the decision reached at a special meeting of Tahoka school board Tuesday night.

The building will be about 20 by 40 feet in size, large enough for two rooms, if and when needed, and will be built of whatever materials are available.

The small Negro school has been also unbearably overcrowded for several years. The board voted to erect a new building about two years ago, but materials could not be secured at that time. There are now 56 Negroes of school age in the district, J. S. Weatherford, board secretary states.

The board also employed Rev. W. J. Campbell to paint window frames, screens, etc., of the high school building.

Two new Ford school buses are expected to arrive here before the opening of school, according to W. L. Burlison, dealer. As a result, the board has for sale one International bus, complete, and one chassis.

## Cousin of Local Man Drowns at Cisco Lake

Mr. and Mrs. W. J. Gallagher were called to Cisco Sunday by the death by drowning of his cousin, Joe Gallagher, 34, well-known oil man of that city. Funeral services were held there Tuesday afternoon.

Mr. Gallagher and two other men were fishing in Lake Cisco Saturday when their boat overturned at 9:15 p. m. that evening. One of the men could not swim, and Gallagher gave him his life jacket, the only one they had in the boat. Gallagher is said to have been a good swimmer, but was seized with the cramps and called for help. The other two attempted to help him, but Gallagher was a large man and they could not keep him afloat. The body was not recovered until Sunday night.

Mr. Gallagher was reared at Albany and Cisco. He leaves a wife and for children. He and W. J. were reared together, and were almost like brothers, it is said.

## Canning Sugar Is Now Available

Applications for canning sugar are now being accepted by the Lynn County War Price & Ration Board. Each applicant is allowed 20 pounds. Attach spare stamp No. 37.

Application blanks may be obtained at grocery stores or at the ration office. These applications are passed on by the Food Panel and are mailed out once a week.

## State Promises New Roads For County

### Capt. McAllister Gets DFC, Medal

Capt. Joe E. McAllister, son of Mr. and Mrs. G. B. McAllister of Rt. 4, the Petty community, has recently been awarded the Distinguished Flying Cross and the Air Medal for action over the European continent. He also just recently was promoted to captain in the Army Air Forces.

Capt. McAllister has been overseas since December, and is based in Italy as pilot of a B-24 Liberator bomber. He has flown many missions over Nazi-held territory.

### F-O 'Boots' King Wounded in France

Flight Officer C. B. "Boots" King is in a hospital in England recovering from wounds presumably received in the invasion of France, but he writes his aunt, Mrs. Zoe Lowrey, and Mr. and Mrs. J. W. Lowrey that he hopes to be out of the hospital soon.

The letter revealing his wounds was written June 14 and received here Monday.

He received a severe gash on the left side of the face starting at the eye and extending back to his ear, another 4-inch cut on the right side of his head and up in the hair, and a badly sprained finger.

F/O King is a glider pilot and is almost certain to have participated in the invasion.

His brother, Sgt. Bill King, is in England also. Another, Jack King, is in the Navy, and a third, Lt. Lee King was killed a few months ago in the India-Burma theatre.

F/O King's wife died a short time before he went overseas, and their baby born at her death is being cared for by Mr. and Mrs. J. W. Lowrey.

### Major McCasland Rotary Speaker

Major B. C. McCasland, commanding officer of the 39th Battalion, Texas State Guard, and Capt. Woods, medical officer, both of Lubbock, were speakers at the Rotary Club Thursday noon. They were accompanied by Capt. E. R. Edwards, Lt. H. O. Hargett, and several other members of Co. F, in uniform.

Major McCasland presented much interesting information concerning the Guard.

Wynne Collier acted as chairman in the absence of President W. T. Hanes, President-elect Fred McGinty, and R. P. Weathers, who had gone to Spur to help induct Fred's brother, Oscar McGinty, into the presidency of the Spur club.

### Judge Chapman Will Be In City Saturday

Judge Alton Chapman of Floydada has announced that he will speak in Tahoka Saturday afternoon at 2:30 o'clock in the interest of his candidacy for the office of State Senator.

He will speak in O'Donnell at 3:30 o'clock the same afternoon, and at Lamesa at 5 o'clock.

Judge Chapman has been judge of the 110th judicial district for the past few years and has made an excellent record as such judge. He is popular with his home people and is eminently well qualified to serve in the state senate.

The people of Lynn county should take advantage of this opportunity to hear him.

Pvt. Melvis Wyatt of Kelley Field, San Antonio, left Tuesday for his post of duty after a two weeks visit here with his parents, Mr. and Mrs. J. R. Wyatt.

### Other Road Work Planned In Future By Commission

Prospects for a network of farm-to-market roads in Lynn county were brightened last week by the visit of the Lynn county commissioners court to Austin, where the court was given a hearing by the State Highway Commission. Promise was given that preliminary surveys would be started immediately.

Those appearing before the commission were County Judge Tom Garrard and Commissioners Pat Swann, Lonnie Williams, John Anderson, and Leon Jennings.

They also attended a meeting of the Texas Good Roads Association, where Governor Coke Stevenson was a speaker, and Judge Garrard says that the Governor, in his talk on road plans for the future, specifically cited Lynn county as an example, among several others, in which the Highway Department should do some lateral road work.

The Governor told the body he had personally inspected some of Lynn county's most important farm-to-market roads and thought this should be one of the first projects undertaken.

In fact, the Judge and commissioners were given definite assurance that the road from Wilson to

### Pastor Is Called By Baptist Church

In a called conference at the Baptist Church last Sunday night, Rev. Levi W. Price of Merkel was called as pastor. The vote, first taken by secret ballot and without the exertion of any pressure whatsoever, was almost unanimous in his favor, and upon motion made immediately after the result was posted on a blackboard, it was promptly and enthusiastically made unanimous. There was unusual unanimity of sentiment on the part of the church in making this call.

It is not known yet whether Rev. Mr. Price will accept, but he has promised to give the church an answer about the end of this week. Members of the pulpit committee and of the board of deacons have expressed the belief that he will accept.

Rev. Mr. Price had made it clear to every group of the church with whom he conferred that he was in no sense a candidate or an applicant for the position, that he was happy in his work at Merkel and had had no thought of moving any time soon. He gave little encouragement to the church to call him, but he filled the pulpit Sunday morning and seemed to win the hearts of all. It soon became obvious after he began speaking that he had more than usual powers as a pulpit orator, and after the service, praise of his message was heard on every hand. If he accepts the call, it is believed that the Tahoka church will have as its pastor one of the strongest men in the Baptist ministry in all this section of the state.

Rev. Mr. Price is a young man, only thirty years of age, with a wife and one child. A graduate of Baylor University, he has been in the ministry seven years, the last two years as pastor of the Baptist Church at Merkel. Before that, he was pastor at Whitney in Hill county.

The town of Merkel is not quite as large as Tahoka, nor does the church there have quite as large a membership as the Tahoka church. Moreover, the possibilities of growth and expansion here would seem to be somewhat greater than at Merkel, and the field of service therefore larger. Members of the church are therefore very hopeful that the Merkel minister will accept.

### Cpl. James Foster Tells of Nazi Rout

Interesting description of the rout of the "Krauts" in Italy in contained in the following letter written June 7 by Cpl. James Foster, foster son of Mr. and Mrs. L. F. Craft:

"During the advance on Italy's capital I was on the move constantly, so I had no time for anything but war. But all the while I withheld a remote idea that once the city fell the headlong advance might slacken somewhat. Now, however, as I must look toward Rome over my shoulder, I can see that my letters must continue being written on the move for awhile.

"The past several days I have not been in war at all, but rather a part of a great carnival hurrying like mad to meet an engagement. Everywhere men and equipment pour in endless streams after the retreating Boche. America's power is on the move and it is almost awe-inspiring to watch. To see such gigantic numbers gives a guy a queer elation, a sensation of confidence and hope. I wish I could relate in detail the occurrences of the past week but there is not time!

"The road to Rome was full of interest and exciting anticipation, but the climax came with the actual entry of the city. For many miles before the capital, citizens had cheered us heartily as we marched past. But despite this earlier display, we were not prepared for the os-

tentatious, almost ludicrous, ovation in Rome itself. Whether sincere or otherwise (a Polish lad of 14 who had escaped from the German army told us the Huns were greeted in a similar manner) there could have been no better reception for tired soldiers who had battled many months for this moment. Leaving only a narrow lane for vehicles and personnel, the most of Rome's millions crowded as close as possible to cheer "American!" offer him vino, shake his hand, and even kiss him. And, oh man, what women!"

#### CARE WILL PREVENT SPREAD OF POULTRY DISEASES

A number of Lynn county farmers have recently requested the County Agricultural Agent to secure some publicity in regard to the danger of the practice of some farmers throwing dead chickens out beside the road, particularly along the highways and country roads. Undoubtedly the individuals guilty of this practice are not aware of the serious dangers of the spreading of poultry diseases to which they are subjecting other farmers of the county.

The wind, birds, cats, dogs, wheels, and even the soles of shoes readily transmit diseases from one place to another. These agencies just named may carry diseased organisms from dead birds which have died of contagious poultry diseases and tossed beside the road into the flocks of neighboring farms. If every farmer would take the few minutes necessary to either bury or burn all poultry or other forms of livestock for that matter, which die in his premises, this action would be of great assistance in preventing the spreading of poultry and livestock diseases. You certainly would not appreciate someone else throwing dead diseased bodies in the road close to your poultry flock.

Think it over—the next time you start to throw a body beside the road—let's bury or burn these bodies.

#### MAX MINOR HERE

Cadet Max Minor, who is attending U. S. Military Academy at West Point, N. Y., was home this week visiting his parents, Mr. and Mrs. John Minor, and other relatives. He was accompanied here by a girl friend of his Texas University days, Miss Jane Ostrand of Dallas.

Max, who was a star athlete at Tahoka High and later at the University of Texas in football and track, was taken by the Army a little over a year ago for officer training at West Point. Last fall, he made the football team there, which is one of the most powerful in the nation. He expects to play again this fall.

However, Max says the cadets have very little time for football training at that institution especially since inaugurating the three-year course, and it is almost miraculous, he seems to think, the Army produces a team of such calibre as the other big college teams that have time for training.

Max is taking an aviation course and is expected to graduate a career Army officer pilot two years from now.

#### CPL. ROY ASKEW WRITES

Cpl. Roy O. Askew, former Lynn county business man, now in the Army, writes The News the following letter from Hawaii:

"I am in Hawaii. Have been by Pearl Harbor, saw the pineapple and sugar cane fields, and live near a sugar cane field. Have met one of my old New Home friends, S-Sgt. Gale C. Clem. Went to Honolulu yesterday. It is a pretty town.

"Received two copies of The News this week. If anybody doesn't think the paper has much news, come over here and wait three weeks for a paper."

Miss Louise Grayson returned last week from Midland, where she visited her sister, Mrs. Raymond Procter, and friends.

#### TWO HICKERSON BOYS VISIT GRANDPARENTS

Lt. J. W. Hickerson, pilot of a B-24 Liberator bomber, stationed at Springfield, Mass., left Wednesday after a few days visit here with his grandparents, Mr. and Mrs. G. W. Hickerson. He expects to be sent overseas soon.

Pfc. Glenn Hickerson was here last week from Tallahassee, but had to leave Saturday night for Greensboro, N. C. Since J. W. did not arrive until Sunday, the two failed to meet.

Also visiting in the Hickerson home this week have been Mr. and Mrs. H. T. "Bud" Ellis of Monahans and daughter, Mrs. Jimmie Purcell, who has been in California. Mrs. Ellis is a daughter of Mr. and Mrs. Hickerson.

Mrs. Christine Rabun of San Diego, Calif., arrived early Tuesday morning for a few days visit with her parents, Mr. and Mrs. J. B. Nance, and other relatives. She expects to be joined by her husband here the latter part of this week. He has been in the Navy for three years, and following his visit here he expects to be sent to New Zealand. Mr. and Mrs. Nance also have two sons in the Navy, Dayton, who is stationed at Portland, Oregon, and Hollis, at San Diego.

(By Mrs. V. V. Laws)

Some of the young people of Central Baptist Church left Monday for the encampment at Ceta Canyon. Rev. Hardin preached at Central Sunday. The church called Rev. Pool as pastor.

Rev. J. E. Young filled his appointment here Sunday with a good service and a good attendance.

E. L. Short is stationed at the Naval base at San Diego, Calif.

Mrs. O. A. Brown, wife of Rev. Odell Brown, pastor of the Nazarene Church here, underwent a major operation on June 19th and is still in the hospital at this writing. She is reported to be not resting satisfactorily.

Mr. and Mrs. J. C. Barysley, parents of Mrs. W. R. Greer, returned last Saturday from an extended visit in Coleman county.

Mr. and Mrs. C. M. Greer and family visited Mrs. Greer's brother W. W. Wilmer at Cuthbert Sunday morning, going from there to Snyder in the afternoon to visit her mother, Mrs. H. B. Hester. They returned home Sunday night.

Mrs. A. A. Lawson accompanied her nephew and his wife on a visit with her sister, the latter's mother, at Muleshoe last week.

Last Friday the Cunningham and Warrick families had a get-together dinner honoring the nephew of Mr. Cunningham and of Mr. Warrick, who is leaving for service in the armed forces soon.

The W. R. Greer and M. C. Thomas families, Cordie Mae Parr, and Billy's girl friend from Slaton returned last week from an enjoyable fishing trip.

**GALYEN-DABNEY**

Mrs. Gladys Dabney and Carl Otis Galyen were married at 9:30 o'clock last Sunday morning at the Methodist parsonage at Grassland, Rev. Jesse Young officiating.

Mr. Galyen has been residing in the Three Lakes community. The couple will make their home on the Dabney farm south of Draw.

Mrs. Elmer Hillin was brought home Sunday from the Plains Hospital, where she was taken last week when she developed double pneumonia. She is recovering in the home of her parents Mr. and Mrs. H. R. Grayson.

Mr. and Mrs. Gattis are both sure

that the picture is that of their son.

Why? because we never look upon any prescription as being "easy." Every one is important to the patient, and important to us. However simple it may appear on paper, we give it the same painstaking care we would give to a complex prescription. It is comforting to know that no prescription is ever "slighted" or "side-tracked" because it is deemed "easy" enough to be rushed through at our convenience.

**Odds and Ends . . .**

"Hasn't the weather been hot?" That's about the way we start off every conversation these days. It has been a little warm but not warmer than usual in June. By the way, about the hottest spot we know of is the spot where the West Texas Gas Company has its thermometer mounted at Lubbock. That surely is a hot spot. We have often noticed that the temperature records kept by Don Jones out at the experiment farm three or four miles east of Lubbock and the records kept by The News here in Tahoka usually run right along together, neck and neck. But the West Texas Gas Company on these warm summer days runs away off ahead of us, literally laying us in the shade, as it were. A couple of weeks ago, for instance, when our thermometer was registering a high temperature of 95 and 96, the Avalanche was reporting that temperatures at the West Texas Gas Company were soaring away above the 100 mark, reaching 106 for two or three days in succession. The mercury in our instrument finally did climb up to 101 on June 21 and back up to 100 on June 22, but the gas station had been making around 106 so long at that time that we really felt like a very slow horse on a fast horse.

race track. The more we know about the West Texas Gas Company as meteorologists, the more we appreciate them as gas dispensers.

We wonder why the Avalanche doesn't get its weather records from the Lubbock Experiment Station, where Don Jones is the official U.S. weather observer.

Well, regardless of the weather, and regardless of how hot we may get under the collar about the W.T. Gas and the Avalanche weather reports, we are going to keep our shirt on, even if the collar is worn out.

And that reminds us of another headache that has been afflicting the perpetrator of this column for a long time, and that is the fact that shirt manufacturers years ago quit making shirts with detachable collars. They used to make 'em. In fact they made almost no other kind. And then they almost suddenly quit it. We think it must have been the result of a great conspiracy, for now, when the collar of your shirt wears out, you've got to go and buy a new shirt, whereas, under the old regime, all you had to buy was a new collar. The shirt with the detachable collar was a money-saver for the old man John Public. The shirt with the collar attached is a money-maker for the shirt manufacturer. We think there ought to be a law, an anti-trust suit, or sumpin'.

And that gets us back into politics. And when we think of politics and of some politicians, it's hard for us to keep our shirt on.

For instance, Sidney Hillman and his gang of communists, that Negro organization known as the National Association for the Advancement of the Colored Race, a whole multitude of Northern and Eastern politicians, both Democratic and Republican, who are merely hunting votes for themselves, and a whole horde of New Dealers who have gotten bad cases of the swell head since they got Government jobs in Washington—all these elements have been pointing accusing fingers at the South and charging that by requiring the payment of a poll tax as a prerequisite to voting we have disfranchised millions of Negro voters.

It isn't so. The poll tax provision doesn't disfranchise the Negro any more than it disfranchises the white man. Neither can vote if he has not paid his poll tax. Either can vote if he has paid it. And the poll tax has nothing whatever to do with the barring of Negroes from Democratic primaries. That is purely a party matter—or was such until that New Deal Supreme Court came along and ruled otherwise—and it was accomplished not by the levy of a poll tax but by a resolution adopted by the executive committee of the Democratic party. Neither the payment nor the non-payment of a poll tax has anything to do with the matter. The poll tax qualification doesn't disfranchise anybody. Both Negroes and whites may disfranchise themselves by failure to pay the poll tax and members of either race can

enfranchise themselves by paying it. Two hundred thousand Negroes in Texas could have been voting at every Presidential election in recent years and at every general state election every biennium if they had merely taken the trouble to go to the tax collector's office in January and pay their poll taxes.

No Negro in recent years has been prevented from voting in any general election in this state if, like the white man, he has qualified himself by paying a poll tax. The fact that he hasn't taken the trouble to qualify himself merely evidences his lack of interest in the right of suffrage.

But, they say, he is disqualified because he is not able to pay the required poll tax. Bosh! The Negro in the South can usually find plenty of work to do, and usually he is paid a fair wage for his labor. Especially has that been so the last few years. Many Negroes make more money than oodles of white people make. And they spend more, but very few of them spend any of it for a poll tax.

When the Negro becomes sufficiently interested in citizenship to pay his poll tax, as the white man does, he can find a way to pay it, and can vote in every general election just as a white man does, and he might thereby become a powerful factor even in the South in Presidential and other general elections.

Let the communists and the politicians rave, but Northern newspaper columnists and radio commentators should become decent enough to quit abusing the South over its election laws. That should be the South's own business.

Mrs. J. D. Evans left this week for Independence, Oregon, to visit and to help care for her daughter, Mrs. George James, who is in ill health and expects to undergo an operation soon. Since she may remain out there many months, she ordered The News sent to her Oregon address.

Mr. and Mrs. James formerly resided in this county, removing to Oregon a few years ago, where Mr. James is now employed on a big hop ranch.

Hop ranches are about as unfamiliar to us as cotton patches are to a native Bostonian. Therefore it was interesting to hear Mrs. Evans describe one of these "ranches"—we would call them farms here in Texas. She can tell you just how hops are grown, harvested, and prepared for use. Their principal use of course is found in the making of beer and dyes, and the crop is a very profitable one.

# YOUR INVASION!

**F**ROM General Bradley, leading the Invasion ground forces, right through every rank, American men now face a brutal, desperate, able enemy. For this invasion has only begun—before our fighters lies a hard and bloody task, one that demands all *their* courage, backed by *all your faith* in their ultimate victory.

That faith will be tested many times in this invasion—in grim struggles, set-backs, possibly even temporary defeats. It will be up to you to remember that early victories

usually only mean more savage opposition from a foe made more bitter, more ruthless as the shadow of his doom grows larger—up to you to keep that faith in days and nights of gloom as well as in hours of triumph.

There is little that you can do to show that you realize what *they* must face, perhaps for many months. But one thing you *can* do—back the attack with every dollar you can spare! Let the Bonds you buy in this greatest of Drives be the measure of your belief in their ultimate victory!

### Southland News

(By Mrs. Marvin Truelock)  
We regret very much that we were misinformed concerning the quilting of the Wilson and Southland Lutheran Ladies' Aid last week. Evidently the informer had greatly misunderstood, as ever Mrs. Wallace Becker, the supposed hostess did not know anything about it.  
Mr. and Mrs. O. Klaus spent Father's Day at the home of Mr. and Mrs. Ben Wilke. Other dinner guests were: Mr. and Mrs. Werner Klaus and family, Mr. and Mrs. Louis Mueller, Mr. and Mrs. Alfred Krause and daughter, and Luther Herber of Wilson.  
Tuesday night supper guests of Mr. and Mrs. Marvin Truelock were her brother's wife, Mrs. Frank Fletcher and three children, Jimmy Jerry, and Marilyn of Liberal, Kan-

sas, and Mr. and Mrs. Gene Draper and son, John Mack of Slaton. The Fletchers will be in West Texas until after the annual McNabo reunion.

Sunday evening Rev. E. Herber was in his study at the Wilson Lutheran Church, and had just finished packing his bag, preparatory for Southland Church services when one of his Southland members came into the study. Soon others from here arrived and it was not long until a crowd of more than one hundred and fifty people from the two Churches had gathered. After several songs and speeches, Robert Maeker of Wilson, who was master of ceremonies, went to see if the speaker had arrived. Rev. Roth, the speaker, Lutheran pastor five or six years preceding the present pastor, had been hiding in the study, which was another big surprise for the present pastor, who had preached here for ten years. The Wilson church presented Rev. Herber with a gift of \$72 and Southland \$34, and both churches granted him a two weeks vacation. The crowd adjourned to the basement for a picnic supper.

The Baptist Vacation Bible school started its fourth day Monday and will continue all this week. There will be a program and supper at the church Friday. Attendance has been from 12 to 15 each day.

Former Boy Scout Wilmet Hewart, 15 year old Junior in High School, on Friday sold two \$100 bonds and one \$25. Saturday he sold another \$25 and Monday a \$50. This brings the total issue at the local postoffice up to Monday afternoon to \$1875.00.

Sunday evening at B. T. U., Miss Olive Davies told of her recent trip to the encampment at Ridgecrest, N. C. She was sent from the Abilene church.

Friday afternoon the girls 4-H club met with Betty Ann Jackson in their regular semi-monthly meeting. The girls visited their hostess' garden, seeing the tomato plants watered and fertilized from a tub the 4-H way. Cookies and

Wednesday noon friends of Cpl. and Mrs. Blanton Martin gathered at the home of the latter's parents, Mr. and Mrs. A. F. Davies, for a picnic lunch, celebrating the young couple's first wedding anniversary. Quite a crowd gathered. Thursday night the couple left for Bryan accompanied by her sister, Miss Eula-lee, Davies.

Friday A. Wilke hurt the two first fingers on his left hand when the lever came loose on his tractor.

Pvt. James E. Martin arrived Saturday to visit his parents, the Ed Martins, two weeks before proceeding to California, where he expects to go to school.

Mrs. J. F. Collins' husband is in a hospital in England recovering from a mastoid operation.

S/Sgt. J. B. Jones and his brother-in-law, Sgt. Jay Jenkins, are still together and neither expecting to come home for the duration. They are both on the Hawaiians, after a stay in the Marshalls.

Sunday Mrs. Marvin Truelock received a copy of the 12-page CBI Roundup, printed for our boys in China, Burma, and India, from her brother S-Sgt. Fred H. Fletcher in India. There are no advertisements in this weekly paper, and much of the type used is smaller than that used on our papers.

Please turn in new names to go on our Service Pieg, as work on it will begin next week. Other boys who were in England and probably in the invasion were Arthur Stolle, Jim Krause, and Charles Sokoll, which brings the total of local boys to nine.

About 75 people attended Workers' Conference here Tuesday. Mrs. A. F. Davies was chairman of the dinner committee, and there was enough food for 40 or 50 more people. The program included several able speakers, one of them being a Senator, and Dr. John Cobb, dean of Wayland.

Mrs. Alex Dunn was brought home from Slaton hospital Tuesday. She is doing as well as could be expected.

Donald Pennell and Wilburn Woods spent the week end fishing at Brownwood lake.

Cpl. Manuel Reyes of Lubbock spent the week end here with his parents, the Juan Reyes, before taking some further training elsewhere.

Miss Dorothy Sue and Mrs. Neil Smallwood recently visited the G.N. Smallwoods and all visited the Hawthornes of Lubbock while here.

Clyde Sartain received word from his daughter Doris Jean that she and her aunt would arrive here about July 1 from California.

The Harry Kings received two letters recently from their son Henry (Babe) stating that he is still in England but may be on the Continent soon. Their son Bryce writes from the Admiralty Islands that the heat there is hard to take.

### CPL. WARREN G. WALDRIP IS GUNNERY GRADUATE

Port Myers, Fla.—Cpl. Warren G. Waldrip, son of Mrs. W. M. Waldrip, Rt. 3, Tahoka, was graduated this week from the AAF Training Command Flexible Gunnery school at Buckingham Field, near here. He is qualified as an aerial gunner and will soon become a member of the Army Air Forces bomber crews.

Cpl. Waldrip entered the Army nine months ago, and has also completed aircraft mechanic school at Sheppard Field.

Mr. and Mrs. Alton Hanes and son of Wichita Falls, Lt. and Mrs.

Ralph Gray of New Orleans, and Pvt. Hugh Kenneth Fry of Fort Lewis, Wash., were visitors in the W. T. Hanes home last week end. Alton Hanes is a brother of W. T. Mrs. Gray a niece, and Pvt. Fry is a nephew of Mrs. Hanes.

Wes Jolly left Monday for the wheat harvest, and he hopes to combine lots of wheat this year.

CLARA GENE SCRUGGS SEES SIGHTS OF NEW YORK

Mrs. J. E. Mayberry received a letter Tuesday from her daughter, Pfc. Clara Gene Scruggs, stationed at Camp Myles Standish, Mass., in which she told of a recent visit to New York City.

She and two other WACs went on a three-day pass just to see the sights, and her description of Rockefeller Center is graphic enough to make us old plainsmen gasp for breath.

As we haven't the time and the space to print the letter in this paper, we can only advise our readers to go and see it for themselves some time. As for us, we will have to be content to go over some time and take another look at that big house old Mother Nature built, the Carlsbad Cavern, So-long!

Pfc. C. L. Williams of Rt. 5 has completed a four-weeks course in specialized training at the Military Police Training Center at Barksdale Field, La., and has returned to his home station at Garden City, Kan.

Prescription for SYNTHETIC RUBBER Butadiene 3# Styrene 1# Mix well and process

THE MAJOR INGREDIENT, approximately 75 per cent, of synthetic rubber is Butadiene. The name sounds like medicine, and the product is truly a great healing compound for the rubber ailments on both the war and home fronts.

In the vast Plains Butadiene Plant, (owned by Defense Plant Corporation) designed and built by Phillips : : utilizing Phillips own patented processes : : Phillips is headed for an annual production of 90,000,000 pounds of Butadiene:

This is just another illustration of the growing importance of the chemical values now being extracted from petroleum raw materials. It highlights the fact that Phillips refineries producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants, today, pouring out weapons for victory; tomorrow, producing new and better things for you from petroleum and petroleum gases.

MIDWAY 4-H CLUB GIRLS MAKE SLIPS

The Midway 4-H Club girls met at Inez Rainey's Thursday, June 22, to learn to make slips.

We learned to cut out slips, baste check the material on the length-wise thread, which side of the pattern to place on the fold on the material, take darts, and make the straps, and "to save material."

We will meet of Katherine Henry's in July and at Martha Stephens' in August. In July, we will finish our slips by learning to make hems, to face our slips, and to put on the straps.

Those present were: Katherine and Betty Lou Henry, Jackie and Martha Stephens, Dorothy, Pauline and Inez Rainey. Those absent Johnson, and Dovie Jenkins. They will make their slips in July.—Reporter.

CARD OF THANKS

After some time for recuperation and gaining strength, I am ready again to begin my regular duties. First, I am led to remember those who were so kind, thoughtful and affectionate in their words, visits, flowers, and cards. Especially do we thank the AAA office force for their visits. Also, the P. S. A. and Co-op No. 1 and others for their beautiful flowers and a number of well-filled platters, and to each of you for your cards and personal visits we are grateful. There is

nothing that does quite so much good as visiting the sick. May God's richest blessing be upon each of you. Sincerely your friends—Mr. and Mrs. B. J. Emanuel and family.

Jim Wetzel of Cross Plains was here shaking hand with friends Tuesday. He was on his way up into the wheat belt, where a bumper crop is being harvested.

Clear Sailing IF... You Prepare NOW! The tightest squeeze this year on the farm front will come at harvest time. Many over-age binders and threshers cannot survive another year. All-Crop Harvesters must be prepared to carry an extra load. Here's what you can do to get your machine ready— Schedule your All-Crop immediately for our 24-POINT FARM COMMANDO overhaul. This also includes reconditioning the attachments for special crops and replacing or rebuilding worn parts. List your machine on our local Register as a qualified Farm Commando, available for outside work on neighboring farms. If you are in need of an All-Crop Harvester, come in and talk to us. ## Road Work . . .

(Cont'd from page 1)  
The Tahoka-Lubbock highway, at Wayside, and from New Home to the Tahoka-Lubbock highway would get immediate attention, and roads from New Moore and Draw to U. S. Highway 87 would follow.

The court was asked to submit projects based on need and actual traffic count, and on this recommendation are submitting to the State Highway Department the following roads:

Lakeview east through New Home to Wayside, about 14 miles.

Wayside east to Wilson, 5 miles. Wilson east to Garza county line, passing between Gordon and Morgan communities, about 11 miles.

New Moore, through Wells, to Tahoka-O'Donnell highway at a point four miles north of O'Donnell, 13 miles.

Draw west to Tahoka-O'Donnell highway, at a point four miles north of O'Donnell, 8 miles.

Draw north to Tahoka-Post highway, 7 miles east of Tahoka, 10 miles.

New Lynn south to Tahoka-Post highway, to a point 7 miles east of Tahoka, 3 miles.

Grassland to Tahoka-Post highway, 2 miles.

Central, on Tahoka-Post highway, north through Gordon and Morgan communities to Southland.

Draw south to Borden county line, 4 miles.

The court is also considering the pushing of two more projects that might become designated state highways. These are the through roads from Tahoka to Wilson and Slaton, and a road from O'Donnell east to the Borden county line.

Highway commissioners indicated that this county might not be called on for anything but the right-of-way for some of the roads.

However, they will conduct a traffic count on each projected road, and other inspections made. The projects selected for work will be based thereon.

Traffic counts have already been

made and proved favorable on the Wilson and New Home roads out to Highway 87.

Judge Garrard and the commissioners stated they were "tickled to death" with the reception given them by the State Highway Commission, and came back convinced that the Governor, the Highway Commission, and the Good Roads Association had become acquainted with Lynn county's road problem and meant to do something about it.

## Farmers Sign Now For Dairy Payments

Attention of dairy farmers is called to the fact that today, June 30 is the deadline for turning in applications for AAA dairy production payments for the months of February, March, and April.

February payments are 50 cents per hundredweight for whole milk and six cents per pound for butterfat. March and April payments are 60 cents per hundredweight for whole milk and eight cents per pound for butter fat.

## FULFORD OVERSEAS

W. A. "Dub" Fulford writes to friends here that he is with a combat unit in the Southwest Pacific Area. He says he lives in a tent with three other Texans, one from Lubbock, one from Slaton, and one from Abilene, and that he "likes over here fine." He says life is quite a bit more rugged than in the States.

Flight Officer and Mrs. Charles Stewart are now living in Dallas, while Stewart is stationed at Love Field. Mrs. Stewart is the former Miss Mary Margaret Tunnell.
