Tahoka, Lynn County, Texas, Friday, July 21, 1944.

Number 50

Call Mass Meeting To Save Tahoka's State Guard Unit

A meeting of business men, employees, and farmers of Tahoka and surrounding territory has been called for tonight, Friday, at 9 o'clock in the county court room to discuss methods of keeping the Tahoka company of the Texas State Guard.

The Adjutant General's office has notified Capt. E. R. Edwards, that Co. F, 39th Bn., Tahoka will be abandoned and the equipment taken to some other company, if the membership and attendance is not improved immediately.

A representative of the Adjutant General's department will meet with the local men at the court house tonight to explain the situation and the importance of the State Guard.

The local company does not need money, Capt. Edwards pointed out, but it badly needs the business men and other citizens present Friday night to show the Adjutant General's department and the Army that Tahoka wants the company to remain here.

Membership of the company has dropped to about 35, half of its supposed strength, due to men being taken into the Armed Forces and due to others moving away or quitting for other reasons.

Organized in January, 1942, and recognized in the spring of the same year, for many months the company was full up and had a waiting list for memberships. Don Turner was commanding officer until he entered the Army, and Edwards became captain. H. O. Hargett and H. L. Roddy moving up as lieutenants.

The program of training is directed by the Army through the Adjutant General's department of Texas, and is the same training, to a lesser degree, of course, given in the Army. All restricted Army films, much of the instruction, etc., are available to the Guard.

The Army has furnished the Tahoka company with about \$15,000.00 worth of equipment, including uniforms, packs, Enfield rifles, sub-machine guns, ammunition, etc.

Work of the Texas Guard has time after time received praises of the Army from General Marshall on down. The Guard takes the place of the old National Guard, now a part of the Army, and releases the Army from internal security protection, and is actually a great saving to taxpayers. Two years ago, for example, the Army had 166 Military Police Battalions in Texas for internal security, but after development of the State Guard, cut the number to 66 Battalions a year ago.

In addition to furnishing a military force with some training to deal with strikers, race riots, mob violence, etc., the Guard gives military training in the State Guard saves to be called into the regular Army. The U. S. Army has issued a statement to the effect that six months training in the State Guard saves the government \$300.00 in training expense if that man is inducted into the Army.

Anyone interested in such training should see Capt. E. R. Edwards, Lieut. Hargett or Roddy, or Sgt. Coy Fielder at the First National Bank before Monday night of next week. Company strength must be raised by Monday night, when officers of the State department will be present for inspection.

Congratulations—

Pvt. and Mrs. Jimmie Purcell upon the birth of a daughter, little Helen K. Purcell, who was born in the Lubbock General Hospital on Monday morning, July 17.

The father left just a few weeks ago for service overseas. The mother is the daughter of Mr. and Mrs. H. T. Ellis of Monahans and the granddaughter of Mr. and Mrs. G. W. Hickerson of Tahoka and has recently been staying with them here. Little Helen K. is Mr. and Mrs. Hickerson's first great-grandchild.

Rains Help East Part of County

Local rains fell in the Grassland, Edith, Midway, Redwine, and Draw communities, chiefly in the southeast quarter of Lynn county, late Monday and Tuesday afternoons and about nightfall following. The downpours were very limited in area.

At Draw a very heavy rain was reported. H. W. Calaway says that at his place, the rain poured down for two hours, and he estimates that two and a half inches fell. Only a few sections around Draw were covered. Lighter showers fell at Redwine and Midway. Grassland also had a heavy rain as did also a portion of the Edith community. Lighter showers fell to the north of Grassland. Some hail fell at Draw but little damage was done.

Some farmers in those areas report that they have really had more rain than was needed. A vast majority of the farmers of the county, however, would like to see more rain soon for the benefit of their feed crops.

Cotton has not suffered this year anywhere in the county with the exception of small localities in the New Lynn, Gordon, and possibly other areas along the east line, together with a few sections near New Moore in the southwest corner of the county.

'Bureau' Rule Hit By Speaker Here

Sixty-five men attended a fellowship meeting at the Methodist Church basement Tuesday night.

Principal speaker of the occasion was Dr. Sam Dunn of Lubbock, who as son of the late Rev. and Mrs. Dunn, lived in Tahoka from 1916 to 1920, while his father was pastor of the local church. Dr. Dunn in his talk decried the growing tendency of government by bureaus and the resulting threat to free enterprise. He was accompanied by his son Bobby Dunn, and nephew, Darrance Roderick Guy.

Rev. Art Brown of the Baptist Church gave several piano numbers, while singing was led by Dr. Emil Prohl and Calloway Huffaker. Dr. Prohl, chairman of the Board of Stewards, acted as master of ceremonies.

Pie and soda-pop were served.

Burkhalter Now Reported Safe

Lt. Harold B. "Pee-Wee" Burkhalter, reported decorated by The News two weeks ago, then reported missing in action last week, is now reported to be safe in a hospital somewhere in Europe, his parents, Mr. and Mrs. W. L. Burkhalter of New Home, have been advised.

Though wounded in action, he is not in the hands of the enemy, as was first believed, and the parents were overjoyed to learn that he is safe and in friendly hands.

Homer Hall Dies At Littlefield

Mrs. Lucille Hall Betts of Littlefield telephoned friends here Wednesday that her father, Homer Hall, a former citizen of Tahoka, had died there Tuesday and that funeral services would be conducted there on Thursday afternoon.

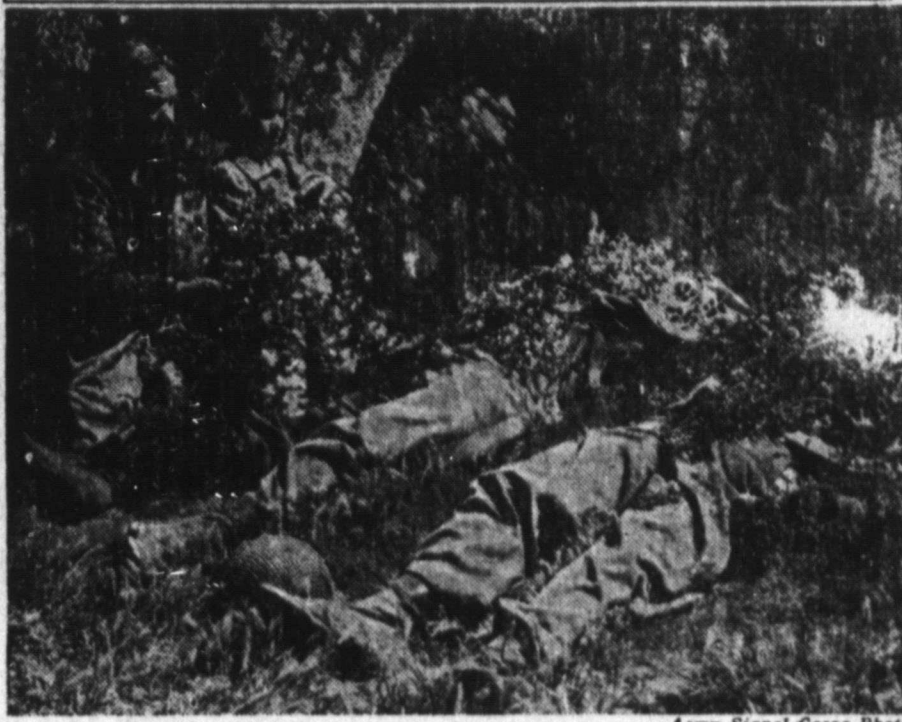

Mrs. Obera Forrester Biggerstaff left Wednesday night to attend the funeral services.

Mr. Hall and family lived in Tahoka a number of years. At the time of his death he was engaged in the grocery business in Littlefield. His daughter, the then Miss Lucille Hall, taught in the high school here for two years or more. Many friends here regret his unexpected death.

TWO MEXICANS JAILED

Sheriff Sam Floyd reports that he has two Mexicans in jail on charges of aggravated assault. The two are alleged to have whipped a Mexican woman in O'Donnell one day last week.

THEY DIED TO MAKE THEM FREE

This poignant picture made by an Army Signal Corps photographer shows a kneeling Roman mother and her child gently and reverently placing flowers over the still forms of two American boys who paid the supreme price to liberate them from the Nazi and Fascist grip. Look at their faces and you will see that both mother and child realize that these Americans died for them. Remember this picture when you are asked to buy an extra War Bond during the Fifth War Loan.

Waller Home After Ship Sunk at Sea

Harold Waller, boatswain's mate 2nd class in the U. S. Navy, left for Bremerton, Washington, Monday after a visit of three weeks with his parents, Mr. and Mrs. C.C. Waller of Draw on survivor's leave after his boat was sunk by a German submarine in the Atlantic in May.

Waller admits that that was a most exciting and painful experience and feels exceedingly lucky that he got out alive. Waller was on an escort carrier, the U. S. Block Island, which was patrolling the Atlantic far out from shore when the attack occurred. After the boat went down there were a number of explosions in the water and the concussion was terrific; and he suffered shock injuries that were little short of fatal. Of the 1,000 men aboard, however, only a few lost their lives. Most of the men were picked up by U. S. destroyers. Waller and others were on a raft in the water for about two hours before being rescued. Waller says that there had been numerous submarine attacks before that but none of them was effective.

Waller entered the Navy in June, 1942. For eight months he did service down in the Southwest Pacific, at Guadalcanal and other hot spots. He was in some exciting engagements in that part of the world but declares that he experienced nothing there that would compare with the warfare with the German submarines in the Atlantic. Their attacks have been frequent and furious. Now he is going back to the west coast to do service in the Pacific.

Mexican Fined For Possessing Liquor

Sam Floyd arrested an O'Donnell Mexican last Saturday night on a charge of unlawfully possessing a quantity of intoxicating liquor for the purpose of sale. A number of bottles of "home brew" were found in a pickup which he was driving.

On Monday morning the Mexican entered a plea of guilty in the county court and was fined \$100.00 and costs, the total being \$127.60. He paid off.

REVIVAL POSTPONED

Rev. J. E. Hart will begin revival services at the Assembly of God Church in Tahoka Monday, July 24.

The revival was postponed because of the great revival success that Rev. Hart is having in Gallup, N. M.

Services will be outside each evening beginning at 9:00 o'clock. Everyone welcome.—Leon C. Quillin.

Flight Officer and Mrs. Charles Stewart of Love Field, Dallas, were here several days last week and this visiting her mother, Mrs. Leona M. Tunnell. Charles is with the Transport Command, which delivers planes to all points of the nation.

Sgt. Russell Gets Legion of Merit

Staff Sgt. Scottie H. Russell, son of Mr. and Mrs. Bob Russell of the Pleasant Valley community, recently was presented the Legion of Merit award for action in Tunisia more than a year ago.

Following in the Citation: "Scottie H. Russell, 38064143, Staff Sergeant, 431st Separate Coast Artillery Battalion (anti-aircraft), for exceptionally meritorious conduct in the performance of outstanding services from 22nd December, 1942, to 13th May, 1943. During extended periods of combat in the Tunisian campaign, Staff Sergeant Russell, as platoon sergeant, drilled his men in the proper maintenance of equipment and the necessity for camouflage and concealment. Operating in rugged and mountainous terrain, sometimes with little protection from enemy artillery fire, Staff Sergeant Russell, by his ingenuity, initiative and courage, was always able to maneuver his platoon to well concealed positions where they could offer the best anti-aircraft protection for Infantry troops. Constantly improving the morale of his men by personal example and words of courage while in battle, and providing recreational equipment for his men during rest periods between battles, Staff Sergeant Russell made an outstanding contribution to the success of his unit. Entered service from Post, Texas."

Texas Co. Test Well Down To 3900 Feet

Drilling on the Tunnell well by the Texas Company six miles southeast of Tahoka had reached a depth 3900 feet Wednesday, according to reports given the news. No other information was available.

The Phillips well on the Gray tract nine miles east and two miles north of Tahoka had reached a depth of 2900 feet. This is the new hole drilled since the first test was abandoned at about 4,300 feet on account of the loss of tools.

BURNETT IN ITALY

15th AAF in Italy—Pvt. John H. Burnett, 26, son of Mrs. Alice Gertrude Burnett of O'Donnell has been assigned to duty with a P-51 Mustang fighter plane group in Italy which set a new combat record in the Mediterranean theatre by destroying 102 enemy aircraft in 30 days.

Werner Schaffner, electrician 3/c in the Navy, stationed at St. Louis, visited home folks a few hours last Saturday night. He entered the service in April.

Mrs. Dimple Keever and two little sons, Ralph and Gene Earl Cates, of Fort Worth, came in Tuesday night to visit her parents, Mr. and Mrs. H. W. Calaway, for a few days.

Citizens Urged To Vote Early Saturday At 1944 Democratic Primary Election; Local Races Hold Principal Interest

Pythians Install New Set Officers

Knights of Pythias Lodge No. 402, Tahoka, held their first "Tahoka night" Thursday, which was a public installation of the newly elected members. Wives and friends of members were invited, and the W.O.W. again held a goodly crowd which seemed quite interested in the town's new lodge.

Judge B. P. Maddox acted as installing Chancellor Commander, and Mrs. John Simms presided at the piano. Officers installed for the year were: Chancellor Commander, Leo Jackson; Vice Chancellor, Art Brown; Prelate, Lewis Kenley; Inner Guard, Tom Short; Outer Guard, Jay Moore; Master at Arms, Sam Floyd.

Other officers who continue to hold their offices for another year are: Keeper of the Records and Seals, J. Covey; Master of Exchequer, W. M. Mathis; Master Finance, P. D. Server.

Refreshments consisting of ice cream, cake and punch were served at the close of the installation.

The Tahoka lodge now has a membership of over 40 members.

Big Election Party Saturday Night

Election returns will be posted on a board to be erected on Main street Saturday night, according to L. C. Haney, who, in cooperation with the county Democratic committee, will gather the unofficial returns.

First returns are expected to be received immediately after the closing of the polls at 7:00 o'clock, and will continue as returns come in from the various precincts. Due to the many uncontested races, ballots are expected to be counted by the election officials faster than usual.

A large crowd is expected in town for the election party.

Elliott Is Attending Demo Convention

Judge J. W. Elliott is in Chicago this week attending the National Democratic convention which convened there Tuesday. He will probably have some interesting information to give out when he returns home.

Judge Elliott went as one of the delegates named by the regular Democratic convention held in Austin early in June, though he himself was in favor of the nomination of President Roosevelt for a fourth term at the time he was selected.

SISTER DIES

Rev. Art Brown returned from Los Angeles on Monday after attending the funeral there of his oldest sister, Mrs. T. E. Murdaugh, 127 East 127 St. Services were conducted by members of the Rebekahs, of which she was a past Noble Grand, and the South Park Baptist Church, of which she was a member. She was a devout Christian woman, having accepted the Lord when a child. The Murdaughs had just completed plans for a trip east, intending to stop over at Tahoka, when she was stricken.

SGT. HILL AT FORT SILL

Mrs. W. T. Hill received a letter this week from her son, M/Sgt. Jess L. Hill, now stationed at Fort Sill, stating that he is now doing fine and that he had just returned from a visit with friends in North Carolina. M/Sgt. Hill, it will be remembered, visited here a few weeks recently following his release from the McClosky Hospital in Temple, where he had been under treatment for some time for wounds received in action in Sicily.

Little interest in the primary election to be held Saturday has been manifested as yet compared with the interest which such elections usually arouse. Interest has been picking up during the last two weeks, however, and it is possible that a normal vote will be polled.

Officers to be elected include Congressman, Governor, Lieutenant Governor, Attorney General, Associate Justice of the Supreme Court, Judge of the Court of Criminal Appeals, Comptroller, Superintendent of Public Instruction, Commissioner of Agriculture, Representative in the Legislature, District Attorney, and County Judge of Lynn county, all of which offices are contested, and various other state and county offices in which there are no contests.

Also contested are the offices of county commissioner from the second and fourth precincts, Draw-Grassland and New Home.

In spite of the fact that hundreds of potential voters were in the armed service during the poll-tax paying period and did not pay their poll taxes, Lynn county has a longer poll-tax list this year than usual, according to Tax Collector R. P. Weathers, 3,243 poll taxes having been paid and exemption certificates issued prior to February 1, 1944.

With overs and unders included, this gives the county a potential voting strength of about 3,800, according to Mr. Weathers' estimate.

Estimates as to the number of votes polled Saturday, however, run from 2,400 to 2,700. Judge C. H. Chalm, county Democratic chairman, thinks the lower figure probably is more nearly correct.

County Clerk Walter Mathis reports that absentee ballots are coming in slowly, only 66 having been received up to noon Wednesday.

There are 15 voting precincts in the county, some of them containing only a few votes. North Tahoka, South Tahoka, and O'Donnell are the strongest voting boxes in the county, with several hundred at Wilson and New Home each.

It is hoped that the counting of votes in the various precincts will be completed as early as possible and correct returns brought in or telephoned in as promptly as possible Saturday night following the completion of the count so that the results may be made known at an early hour in the night.

County returns and some state and district returns will be posted on a bulletin board on Main street in Tahoka, as heretofore.

Farmers Co-op Elects Officers

At a recent meeting of the Board of Directors of the Farmers Cooperative Society No. 1, the resignation of Claude Donaldson as manager, which had been tendered several weeks ago, was accepted and C. E. McKnight was elected manager for the ensuing year. Mr. McKnight had been assistant manager for the past year or more.

H. P. Cawens is president of the organization, having been elected several weeks ago to succeed B. J. Emanuel, who resigned on account of ill health. Mr. Emanuel had been president practically ever since the organization was formed eight or ten years ago. L. D. Howell is vice-president and G. B. Sherrod is secretary.

This organization operates two cotton gins, a service station, and now has a large grain elevator here under construction.

A recent letter from Lt. Charles O'Connell, fighter pilot based in England, reveals that his best friends are missing in action. He writes that one by one his outfit is being depleted of its original men. When he wrote his latest letter, he was nearing his sixtieth mission.

FARM MACHINERY SAFETY

The week of July 23-29, designated as National Farm Safety Week, has special interest for the farm equipment industry from the fact that one out of each three farm accidents is commonly attributed to farm machinery. Such a week is of added significance at this time when much of the machinery is in the hands of inexperienced operators, as a consequence of which the accident rate is somewhat higher than in pre-war years. In view of the manpower shortage in agriculture every possible accident precaution is in order.

Most accidents which occur around farm machinery are unnecessary. In most instances machinery itself is not the real cause. The direct reason is carelessness. Farm equipment is designed with every possible safeguard. Safety is a definite part of the industry's engineering and designing. Every possible safety feature is incorporated in every machine; every possible effort is directed toward making them foolproof. As a matter of fact, machinery should make farm life safer because safety factors can be built into machines, as they are, much more readily than safety can be bred into work animals.

Safety on the farm as in any other industry is determined largely by the human equation. The elimination of carelessness means the virtual elimination of accidents. Why should farm machinery be considered the real accident cause when self-evident dangers are invited, when operators crank tractors in gear, make machinery adjustments without disengaging the clutch or stopping the engine, attempt to relieve choking without shutting off the power or work with loose clothing around exposed gears, chains or sprockets, or even power take-offs from which guards and shields have been removed and not replaced?

The fact that farm hands can often violate with impunity some of the first principles of safety too often increases carelessness. Too often operators don't realize their carelessness or are in too much of a hurry. So long as any form of carelessness prevails accidents will continue.

Every person who presumes to operate power machinery should be as thoroughly familiar with its potential hazards as with its useful functions. According to Kansas records, in which a state-wide effort is directed to greater farm safety, the machines involved in farm deaths in the order of fatalities are: tractors, circular saws, combines, disks, corn binders, plows, corn cutters and hay racks.

The industry is keenly interested in farm machinery safety. Its producers will continue to engineer safety factors into its products. Retailers will continue to keep machines in the best possible condition, to join with other agencies in promoting safety in every possible manner. Greater mechanization, with a diminishing accident rate, can be made possible.—Implement & Tractor.

Black Powder Used by
Chinese Centuries Ago

Black powder was used by the Chinese centuries ago, but its principal use was for religious observances to drive away the evil spirits. For hundreds of years the Chinese did not appreciate the possibilities of black powder as a blasting explosive or as a propellant in the manufacture of ammunition.

A combustible known as "Greek Fire," and somewhat similar to black powder, was used in incendiary bombs prior to the fall of the Roman Empire. Roger Bacon described black powder in about the year 1260. It was used in firearms at the Battle of Crecy in 1346. The Germans used it as a propellant for missiles from hand-cannon as early as 1361, the rate of fire of these guns being about seven shots in eight hours.

Black powder, with its lower pressures and slower velocities, carried on until just prior to the 20th century, when a new material described as "Smokeless Powder" was being developed by the French and Russians. About that time, a different type of smokeless powder, called Cordite, was being developed by Alfred Nobel in Great Britain. Through the greater strength of these powders, their cleanliness of burning and comparative absence of smoke, it was possible to reduce the bore of some military arms from about caliber .45 to approximately caliber .30; make use of a jacketed bullet of lighter weight and much higher velocity, and considerably reduce the weight of a soldier's ammunition!

Army Carries Salvage
Work to Battlefield

The American army service forces salvage work never lets up—even on the battlefield.

Battle, and conditions attendant to battle, causes breakage and reduction of much material to junk; but a great deal of it can be reclaimed, and no small amount of enemy equipment is turned to good use against the former owners. Worn shoes, canvas, baskets, boxes are repaired and used again. Shells, remnants of tanks, propeller blades, rubber tires, steel—all are piled in a compound, and as soon as the pile gets large enough, it goes back to the United States for processing, eventually coming back to hit the Axis.

The government is doing everything possible to save money and shipping space, and to repair material, where possible, so that it can get back into the fight as soon as possible. It means lives saved and battles won.

McCord's THE MAN
for
DISTRICT ATTORNEYGORDON SIMPSON
FOR SUPREME COURT

For over a year Lt. Col. Gordon Simpson has been serving overseas in the armed services of our country. Lt. Col. Simpson is a man of sterling character, a well-seasoned lawyer of judicial temperament, civic leader and prominent chairman, former member of the Legislature, a former District Judge and elected President of the State Bar of Texas by the lawyers of the State, who know him best. Let's place this worthy son of Texas upon our Supreme Court.

(Political Advertisement paid for by Carl Rountree and other West Texas friends of Gordon Simpson.)

WEDDING OF GENEVA
CARGILE ANNOUNCED

Announcement of the marriage of Miss Geneva Cargile, daughter of Mr. and Mrs. C. R. Cargile of Draw to Lt. Melvin R. Stark of Oklahoma, at Phoenix, Ariz., on June 24, has been furnished to The News.

The bride, who had been employed the past two years at the Lubbock Army Air Field, was accompanied from Lubbock to Phoenix by Miss Dossie Caton of Lubbock and Mrs. C. R. Cargile, her mother, of Draw.

The marriage vows were taken in the Baptist Church in Phoenix, the pastor, Rev. Vaughn Pock, using the double ring ceremony. Lt. Russell Robnett served as best man and Miss Dossie Caton as maid of honor.

The couple are making their home in Phoenix.

Attention! All Home
Canners!

Before you begin our 1944 canning, Good Housekeeping Magazine advises you: use the boiling water bath method for tomatoes and fruits, only. Can all vegetables except tomatoes by the correct use of a pressure cooker to be sure of killing botulinus germs. In the last few years, cases of botulinus food poisoning have cropped up in widely different parts of the country. Buy, borrow, share a pressure cooker—but don't can low-acid vegetables any other way. If you want further information, write Good Housekeeping Magazine, 959 Eighth Ave., New York 18, N. Y.

"So's Your Uncle"

To The Voters of Precinct 2:

May I take this means of thanking you for the fine and courteous manner in which you have received me over the precinct. Many of you have openly supported me in this campaign, and for that support I am truly grateful. I have been encouraged on every hand, and for these encouragements, I shall always be indebted to you. Whatever success I may achieve in this campaign, to you, my friends and neighbors, shall go the credit.

In my initial announcement, I set forth three things as a part of my program. These were: building and maintaining our rural mail routes; building and maintaining our school bus routes; and making a fight against Johnson grass.

I still maintain that the above problems are of vital concern to all of us. Certainly, I believe in economy in government, but not to the detriment of the best interests of our county.

Since my announcement, some of the school bus routes have been gone over—possibly the most important from the standpoint of "vote getting." Much remains to be done on our school bus routes. Some mail routes, which had been neglected for four years, have been touched up a bit—these fall in about the same category as the bus routes mentioned above.

Possibly the Johnson grass question has caused the present office holders the most concern. They have given it considerable attention and publicity. Just about the time they, seemingly, were about to do something about it, they completely evaded the issue by "passing the buck" back to the farmer in the form of an "Educational Program." Many of the farmers will remember that this program closes on "E-Day," and they are going to the polls to vote their convictions in the matter. Some of the commissioners gave "out of funds" as their reason for delay of this program. It might have been embarrassing had they been called upon to give an expense accounting of the recent trip to Austin which has been so highly publicized—for political reasons only.

I still stand firm in my convictions that the Johnson grass in our bar ditches is the commissioners court's responsibility.

In closing, permit me to say that the space used for this message to you was not paid for by my friends. I try to pay my own way.

Again I thank you for your courtesy and support in this campaign.

JOHN A. ROBERTS

Candidate for Commissioner, Precinct 2

Lynn County News

NOTICE TO THE PUBLIC:
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

ABOUT THE CANDIDATES

With most of us, voting for state officials next Saturday will be largely a matter of guess-work. We have been too busy to pay much attention to the candidates and have taken little time to investigate their qualifications and fitness for the offices they seek.

Of course most of us are familiar enough with the record of Governor Coke Stevenson to feel safe in voting for him for governor.

There are four candidates for lieutenant governor. The only two that we know any thing about are John Lee Smith of Throckmorton county, the present incumbent, and Lee Satterwhite, now of Travis county.

Smith is reputed to have considerable ability but is inclined to become radical on any issue which he espouses.

Ten, twenty, and thirty years ago, Lee Satterwhite was well known throughout Texas, especially West Texas. He has served in the legislature from three different districts in Texas, two of them in West Texas. While publishing a newspaper at Panhandle near Amarillo, he was elected to the legislature and served with considerable distinction. At another time, he represented the Odessa district. For one or two sessions, he was speaker of the house. He was a well-informed and astute legislator, but we do not know his views on present-day issues.

For Attorney General, there are three candidates, Grover Sellers of Sulphur Springs, Jesse Martin of Fort Worth, and Fred Erisman of Longview. Sellers was first assistant under Gerald Mann, and when Mann resigned, Sellers was appointed

by Governor Stevenson to fill the unexpired term. As Attorney General he has made some important rulings that have been bitterly assailed and vigorously defended, but he has stood firm in the midst of the storm.

One of his opponents, Fred Erisman of Longview, is a new-comer in state politics but he comes highly commended by lawyers and laymen alike. He is now president of the District and County Attorneys' Association of Texas. He is serving his third term as district attorney. He is commended as both clean and able. He would doubtless make a good Attorney General.

Jesse E. Martin of Fort Worth has already been much in the limelight. He is a brilliant lawyer and now represents his district in the state senate. He has had much experience as a prosecuting attorney. His ability is unquestioned, but there are many splendid men in Texas who admire his ability and yet do not feel that he should be elevated to the office of Attorney General.

Vote for your choice and your guess may be as good as ours.

In the race for Associate Justice of the Supreme court, there are five candidates, but apparently the race is between Richard Critz of Williamson county, who has been on the court for many years, and Gordon Simpson of Smith county. If we were to give any advice in this contest, we would doubt whether we had given good advice or not. In so far as we know, both are good men and well qualified. And, some of the others in the race may be just as well qualified in so far as we know.

F. L. Hawkins on the Court of Criminal Appeals is generally recognized as a very capable man, but Joseph D. Dickson of Baylor county is also commended as a good lawyer and a thoroughly good man, and many West Texans will vote for him because he does live in West Texas. That, however, should not be a major consideration in this contest.

Many grave charges have been made against L. A. Woods as State Superintendent of public instruction. We do not know whether any of them are true or not, but we do believe that only men who enjoy the full confidence of their neighbors and of other members of their profession should be selected for important school positions. Woods has two opponents, Earl Rogers of Hays county and Walter Scott McNutt of Marion county. Rogers is probably the best material for this position.

George Sheppard of Sweetwater has two opponents for Comptroller, Clifford R. Butler and Harold K. Shelton, both of Houston. Of course we are all for George Sheppard. He

Political Announcements

The following announce their candidacy for public office, subject to action of the voters in the Democratic Primaries:

For Congress, 19th District:
GEORGE MAHON (re-election)
C. L. HARRIS.

For State Senator:
STERLING J. PARRISH.

For District Attorney,
106th Judicial District:
CALLOWAY HUFFAKER, Tahoka
ROLLIN MCCORD of Tahoka.

For Representative, 119th District:
GEO. W. NEILL of Brownfield.
JACK DOUGLAS of Lubbock.
PRESTON E. SMITH of Lubbock.

For County Judge:
TOM GARRARD.
G. C. GRIDER.

For County Tax Assessor-Collector:
R. P. WEATHERS (re-election)

For Sheriff:
SAM FLOYD (re-election)

For County Clerk:
W. M. MATHIS (re-election)

For County Treasurer:
MRS. LOIS M. DANIEL
(re-election)

For Co. Commissioner, Prec't. 1:
PAT SWANN (re-election)

For Co. Commissioner, Prec't. 2:
LONNIE WILLIAMS (re-election)
LEWIS KENTLEY.
JOHN A. ROBERTS.
SAMIE NORWOOD

For Co. Commissioner, Prec't. 3:
JOHN ANDERSON (re-election)

For Co. Commissioner, Prec't. 4:
J. T. (Bill) MCNEELY
THAD SMITH.
L. C. (Les) CREWS.

For Justice of Peace, Prec't. No. 1:
P. D. SERVER (re-election)

For Public Weigher, Wilson:
J. L. HYDE.

knows his job like a first reader, and he has the confidence of everybody. It would be foolish to swap him off for a new-comer that none of us knows.

You know all these local boys as well as we do; so our only advice is for you to back up your own judgment. If you don't know much about a candidate find out about him as quick as you can, and then vote for the men you believe to be honest and most capable. We need good men and strong men in office.

Saturday is election day. Every Democrat who is qualified to vote under the laws of this state and the regulations adopted by the Democratic party should go to the polls and vote. Election officers request that you vote early. This will enable them to get the vote counted earlier and to make their returns more promptly. Thousands of people Saturday night will be here wanting to know how the election went. You are requested to vote early and election officers are requested to make report in person or by telephone at the earliest moment possible. By doing this you will be doing a favor to thousands of voters eagerly waiting for the latest returns, a favor to your own neighbors and friends. Vote just as you please—but, vote early!

CHANCELER GRADUATES

Camp Pendleton, Oceanside, Calif. —Navy Hospital Apprentice First Class Samuel R. Chancellor, son of Mr. and Mrs. Sam Chancellor, Rt. 4, Tahoka, has been graduated from the school here for hospital corpsmen.

Graduates of this school are trained thoroughly in medical field tactics and after graduation are assigned to Marine Corps combat units going into the field.

Chancellor, 19, enlisted September 15, 1943.

BLACK-DRAUGHT

Caution, Use Only as Directed

CONTROL SQUASH BUG

By Carolyn Dixon
Home Demonstration Agent
The squash bug when young is a bright red, then grayish-brown. The adult is brown. They suck sap from fruit and foliage of vine crops.

At the recent State convention of Extension Agents at College Station, Dr. H. G. Johnston, Extension Service entomologist, stated that "The squash bug can be more satisfactorily controlled by hand-picking. They occur in groups and are easily found. The eggs appear in conspicuous clusters. The vines should be examined every third day for about 10 days."

If a board is placed on the ground in between the vines, the insects possibly will use it for shelter, thus serving as an aid in the battle against them. Whatever is done, be sure to watch for the first ones.

ANT CONTROL

By Carolyn Dixon
Home Demonstration Agent
"What can I do or ants?" has been a frequent question recently. The answer is: First, locate the nest if possible. Second, use one tablespoon of carbon disulphide to the nest to exterminate it. Just take the corner of a hoe or spade and dig three or four inches deep, and pour the carbon disulphide in the hole, and pull the dirt on top. One treatment is usually sufficient.

In case the nest can not be located, a poison bait must be used wherever the ants are trespassing. Four formulae are given for these baits in USDA Leaflet 147. First, though, whether the ants are the "grease" or "sweet" type must be determined. Commercially prepared baits are also available. According to Extension Service Entomologist Dr. H. G. Johnson, if a bait is used, one containing thallium sulphate is preferable.

Mrs. W. R. Wells and daughter Janice, San Antonio, who had been here the past three weeks visiting Mrs. Wells' mother, Mrs. E. B. Gayden, left Tuesday to join her husband at De Leon for a visit with his mother and other relatives there.

Mrs. E. B. Gayden is recovering from tonsillectomy performed in a Lubbock hospital about two weeks ago.

PETTY H. D. CLUB MEETS WITH MRS. POWELL

The Petty H. D. Club met with Mrs. S. W. Powell on July 5 at 3:00 p. m. Most of the time was taken up with business, as candidates for delegates to the state meeting were elected. Refreshments were served.

Our club had a pie supper a few weeks back to raise money for our treasury. Every one rallied to the occasion and we raised \$28.00 after buying two gallons of ice cream to go with the pies. We surely had a grand time and were very proud of our treasury.

We are all looking forward to the next meeting, which will be at Mrs. Lee Cromer's on August 2. Every one is invited. Come and bring some one with you. Curtains will be the topic of the meeting if no changes are made.—Reporter.

Accompanied by Mrs. Guy King of Lubbock, Mrs. Leo Brooks left Saturday to join her husband, Pvt. Leo Brooks at an Army field in Tennessee. Mrs. Brooks was the former Billie Jo Thompson, daughter of Mr. and Mrs. J. Y. Thompson.

MONTANA GIRL IS GUEST OF RELATIVES HERE

Miss Jean Harrison of Bridger, Montana, is here this week visiting her cousins, Mrs. J. R. Milliken, Mrs. Gladys M. Stokes, and other members of the Milliken and McGonagill families. Although Miss Harrison's father, H. H. Harrison, formerly lived here and worked for a time in the Lynn County News plant, this is her first visit to Lynn county. After leaving Tanoka years ago, her father became owner and publisher of the Bridger (Mont.) Times. He is now postmaster at Bridger. He is a brother of the late Mrs. A. R. McGonagill.

Miss Harrison is a teacher at Deer Lodge, Montana. When she visited The News office Tuesday in company with Mrs. Stokes, she expressed great pleasure at having had the opportunity of reading The Lynn County News in years past.

Kingston Crouch, son of Mr. and Mrs. E. D. Crouch of Three Lakes, who joined the Navy on July 1, writes his parents that he is stationed at Great Lakes, Ill., and he thinks the Navy is O. K. For three years prior to joining the Navy he had been employed by the American, Inc. He is a graduate of the Tahoka high school with the class of 1938, and afterwards took a course in a business college. His wife, the former Miss Virginia Hawthorne, and their baby are now at home in Lubbock.

Mrs. J. E. Sherrill and Mrs. J. D. Crawford left Wednesday to visit members of their families in California. Mrs. Sherrill expected to visit a brother and two sisters at Ontario, and Mrs. Crawford is to visit her daughter, Mrs. Truett Giles, at the same place. From there they expect to go to San Diego to visit their sons J. E. Sherrill Jr. and Jimmie Crawford, both in the U. S. Navy. They will probably be gone three or four weeks.

Roy Lee "Bo" Cruce is another former Lynn county boy who recently enlisted in the Navy. Though he was inducted from Hale county and was a graduate of Cotton Center high school, he was a student in the Tahoka high school for three years and made many friends among the students while here. Also, M. T. Cruce, a former Lynn county resident, recently received a disability discharge from the Navy in Long Beach, Calif., after having spent ten weeks in a Navy hospital there.

Mrs. Aletha Goodnough Holmes, who has been employed in the Dr. Durham dental offices and who recently underwent a serious operation in a Lamesa hospital, is now improving nicely at the home of her parents here, Mr. and Mrs. D. H. Goodnough. She was brought home on Thursday of last week.

CARD OF THANKS

I wish to thank many friends for their kindness during my recent illness. Especially do I thank my neighbors and former neighbors for the financial aid they gave when I had to be taken to the hospital. Friends like these are friends indeed, and I will always remember their kindness with the deepest of gratitude.—W. J. Faires.

Southland News

(By Mrs. Marvin Truelock)

In a recent letter, Scottie Russell described the Arab family's method of bringing in the firewood. The man walked ahead, carrying the ax, both going to and returning from the woods. The wife dutifully walked behind, but her husband watched her wield the ax until she had all the wood chopped that she could carry home. Then, he led the family home in Indian file while his wife and children carried the wood on their heads.

Pvt. William Carey, who attended school here before last, has been in Italy since April 18th. He writes that he saw plenty of country, but none to compare with the U. S. He has been in Rome several times, where he saw the Coliseum, castles, etc. The people there farm with wooden plows and carry bundles on their heads.

Pvt. Carey enlisted Sept. 17, 1943, taking boot training at Camp Gruber, Okla. While there he shot a bazooka, and sent home the two-foot shell but couldn't tell his parents what it was. When Billy Eagle Lester was at home, he told them it was a bazooka shell. William, in crossing to Italy saw the Rock of Gibraltar, Sicily, and North Africa. Recently, the O. R. Careys received a silk tablecloth and 28 Italian coins from their son. They reside at Gordon.

Sister Lydia Becker phoned her brother, August, last Thursday night to know why someone was not there to meet her, according to her written instructions. The letter has not arrived yet. Sister Lydia, head nurse at Wauku Hospital, Milwaukee, Wis. will spend a month here visiting relatives and friends.

In a letter written July 4, Cpl. Robert (Shorty) Fletcher wrote "those comic books and Saturday Evening Posts are coming in pretty regularly now, and I (the whole section, too) sure do appreciate them. Usually the only things half-way new that we get hold of are 'Yank' magazine and Australian newspapers and books. Most of their stories fill up three-fourths of their space describing 'Lady So-and-So's lovely new tea,' and all that rot."

First Sgt. Chester Pennell is now in the hospital with flu, although medical authorities first pronounced it malaria. Recently he was in Rome "the nicest town since we left the States. It was not bombed to pieces and has so many large, undamaged churches." He sent his wife a Nazi flag, which was large enough for a bedspread.

Robert Pennell, soldier brother of Donald, was recently promoted to corporal.

Cpl. William Howard Smith has been in New Guinea and Australia almost 2 1/2 years. He hopes to come home by his birthday, Oct. 23. He has sent home many copies of The Yank and pictures he has taken.

Jerry Pennell, 7, son of the Donald Pennells, broke his wrist Sunday afternoon. He was to spend the week with his aunt, Mrs. Arvill Ferguson at Barnum Springs. He and his cousin started to ride bareback after the cows, when one of the boy's hats fell off. The cousin jumped off to get it but the hat scared the horse enough that he jumped and made Jerry fall off. The Pennells were visiting her mother about a mile away when the accident occurred. The break was set at Lubbock.

Karen Gayle Pennell spent last week with relatives at Barnum Springs.

Britton Pounds, uncle of John Hewlett, and John's sister, Miss Geraldine Beckham, Lubbock, came last Wednesday to see John, but he had accompanied Supt. J. P. Hewlett and Wilmett to San Benito on a vacation. Mrs. Harry King saw Mr. Pounds for the first time since he was 11 years old, although he married her cousin.

Mrs. Roy Craft of Sweetwater arrived Wednesday to visit friends here until Sunday. Mrs. Craft lived

here most of her life before moving to Sweetwater three years ago.

Mr. Money, whose father was formerly manager of the local lumber yard, came Friday night to visit his sister three miles south of town.

Rev. E. C. Armstrong will leave Sunday afternoon to assist R. B. Walden of Lamesa circuit at Patricia, in Dawson county. The revival will close July 30th.

W. J. Faires returned Monday from Plains Hospital, where he had undergone a major operation 12 days earlier. The operation seems to have been successful and he came home feeling much better.

Mrs. W. T. Hill returned Thursday from Keller, Tarrant county, where she had spent several days with her mother, Mrs. Dona Keaton, who has been ill for some time.

Mr. and Mrs. R. C. Wells have been officially notified that their son, Pfc. James Elton Wells, recently landed safely at some unnamed destination, presumably in the Pacific. He is doubtless on his way to Tokyo.

C. C. Ross, the News is informed, has purchased the Leonard Evans home just north of the Tahoka Hatchery and also the lots adjacent to the hatchery, formerly owned by Forrest Lumber company.

Buy WAR BONDS.

GRAY HAIR?

Get Grayvita Vitamins

Yes, people the nation over have reported GRAYVITA Vitamins WORK, and that their gray hair is returning to its natural color. GRAYVITA Vitamins contain the same amount of "anti gray hair vitamin" (Plus 450 Int. units of Vitamin E) as tested by a leading housekeeping magazine. Of those tested, 88% had return of hair color. GRAYVITA Vitamins are non-toxic, non-harm, your "permanent" 30 day supply \$1.50; 100 days \$4.00. Phone WYNNE COLLIER, Druggist

ATTENTION, VOTERS!

LUBBOCK gets the Senator.

LYNN gets the District Attorney.

DAWSON has the Judge.

Let's Give Terry the REPRESENTATIVE by voting for your neighbor—

Geo. W. Neill

of Brownfield

AND BECAUSE: He is Able, Experienced, Knows Our Needs and Conditions, and will put Protein in his service.

(Requested by Tahoka Friends)

Now—
cooking
is more of
a science
than ever!

GAS cooking is proving itself brilliantly despite adverse wartime conditions.

Good cooking, always an art, has become truly a science now—under the pressures of wartime food needs on fighting and home fronts.

There is today greater knowledge of food values and better knowledge of the effect on food values of proper cooking procedures, largely effected by modern Gas cooking equipment with far better controls.

This new slant on food and cooking has not been lost on the home front, either—and therein may be a fact which will have a bearing on your own peacetime business.

Keep yourself informed on new developments in Gas cooking equipment.

For Precinct Chairman, Democratic Executive Committee:

McCORD'S THE MAN

For

DISTRICT ATTORNEY ttc.

LOST while moving—One box of dishes and a small box of insurance and other business papers.—
H. P. Lindsey. 1tp.

THANK YOU! TEXAS VOTERS . .
For Your Cooperation and Support

I am humbly appreciative that I am unopposed in my candidacy for re-election as Railroad Commissioner in the July Primary. I pledge the continuance of my best efforts and service to the people of Texas and the important war demands upon the Railroad Commission.

Beauford H. Jester
Chairman, Railroad Commission of Texas.

THANK YOU, CITIZENS OF PRECINCT NO. 1—

I wish to express to the people of Precinct 1 my sincere gratitude for the opportunity which they have given me to serve them as county commissioner for the current term.

I sincerely thank you also for the fine support and cooperation given me in the discharge of my duties. Whatever success I have had, I owe to this fine spirit of help and co-operation.

I am also grateful that I have been permitted to make this campaign for re-election without an opponent. This is in effect an endorsement of my record that I greatly appreciate. I crave the vote of every person in my precinct who goes to the polls Saturday, and I shall seek to prove my appreciation by giving the most faithful and efficient service during the next two years of which I am capable.

Friends, I thank you!

P. F. (Pat) SWANN

WAR BONDS in Action

Signal Corps Photo
An observer crouched at his post on the crest of a mountain somewhere in Italy. Should we fail to supply him with his special equipment, his war would be finished—and lost. Buy more War Bonds and hold 'em! U. S. Treasury Department

Tuesday evening there was a crowd of about 50 gathered at the C. W. Dean home and barbecued chicken and roasted weenies and drank soda water. They also held a sing song. One soldier boy, Clarence Taylor was present on a furlough. There was to be another boy present but could not reach here in time.

Rollin McCord
DISTRICT ATTORNEY

Appreciates Your Vote!

First World War Rotary Subject

A highly interesting and entertaining program was that given Thursday at the Rotary Club by three members who served in France in World War I. Program chairman Carl Griffing introduced W. S. (Skip) Taylor, one of the men, who in turn introduced Roy Adams, the principal speaker.

Roy described in detail and much humor his experiences. He was sergeant of a communications outfit. Taylor then introduced Rafe Richardson, who was in France with a medical unit, and remained for some time after the Armistice.

Skip Taylor, himself, was with a machine gun company on the Western Front, and saw much action. He also served as billet officer for several months after the war before his outfit came back to the States.

Honor guest of the day was Lt. Jimmie Spain and wife, who are here visiting Mrs. Sam Privitt, the Applewhites and the Prentice Walkers. Lt. Spain is just home from India, where he was lost behind the enemy lines for many days before wandering back to our lines near starvation.

Visitors included C. E. Ross, Lowell Copeland, O. L. Peterson, J. O. Gilliam, and Everett Latham, all of Brownfield; O. D. Cardwell and Clint Herring, Post.

John Hahn of Wilson, blacksmith, had business in Tahoka Wednesday. His left eye, whose sight was destroyed when it was struck by a piece of flying steel early in June, was still giving him much trouble.

VOTE FOR Calloway Huffaker

For
District Attorney

If it is a good thing, pass it around. If it is a burden, don't impose on one man.

Mrs. Iris Dean Turner, daughter of Mr. and Mrs. A. M. Cade, arrived home last week end after having been employed for several months in California. She was accompanied by a friend, Mrs. Mike Brownlee, who remained here until Tuesday and then proceeded to her former home at Wheatley, Ark. Mrs. Turner's husband, Capt. P. T. Turner of the Army, expects to go overseas soon, and she will probably remain here for some months.

FACES ON THE HEN-HOUSE DOOR

* Let these faces be an everlasting reminder that we need more eggs! Add Dr. Hiss POULTRY PAN-A-MIN to your laying ration. Research Farm hens receiving PAN-A-MIN lay as many as 25 more eggs per bird per year.

We believe PAN-A-MIN will do its full share toward stimulating production. You can't produce too many eggs—you get a good price for all you produce.

Tahoka Drug

J. T. (Bill) McNeely

Candidate For

County Commissioner, Prec't. 4

If elected commissioner, I will try to be of service to all the precinct. Where the farmers want it, I would give the bar ditches back-slope to the fields. I believe more work—longer hours—should be put on the roads when the road-soil is ready for working. Also, more attention should be given to keeping up the school bus and mail routes. I likewise promise you an economical, business-like management of the county government and its finances.

I have lived in this precinct all but two of the past 25 years, know its problems and believe I can fill the job to your satisfaction. My long experience with machinery, should be worth something, as I would be able to keep the equipment in repair.

I ask your fair consideration when you cast your ballot in Saturday's primary.

What about travel conditions?

Travel conditions are different than they were in pre-war days.

Let's look at the facts:

Throughout the land, tens of thousands of men and women of our armed forces are now traveling across the country by rail.

The families of our fighting troops are taking trips to "see the boys" before they shove off for overseas.

Executives and war workers of essential industries are traveling between various plants on important missions.

It all adds up to this: More passengers than ever before are crowding the Santa Fe trains.

We are required to handle this unprecedented volume of passenger traffic with practically the same equipment we had in 1941.

Building new passenger equipment has not been permitted since Pearl Harbor.

Our government has issued instructions to the railroads under Interstate Commerce Commission Service Order No. 213, effective 12:01 am June 27, to displace or remove any passenger in any accommodation upon any train, in order to provide necessary space for sick or wounded service personnel, and their attendants, transported pursuant to a medical certificate. We hope there will be little of this.

We of the Santa Fe will do our best to carry all the passengers we can, as quickly and comfortably as we can, but we ask this before you plan a trip this summer:

Unless your trip is essential, can't you put it off until we have a little better opportunity to carry you in the traditional Santa Fe manner?

SANTA FE SYSTEM LINES

"ALONG THE ROUTE TO TOKYO!"

REVIVAL AT REDWINE

A 10-day revival will begin at Redwine Friday night, July 28. Rev. Luther Jenkins of Wink will do the preaching, and Rev. A. E. Brown of Tahoka will have charge of the singing.

Evening services will begin with group prayer meetings at sundown. Morning services will begin at 10:30 o'clock. On Thursday night, July 27, Bro. Jenkins will lead the church in an old-time prayer meeting in preparation for the revival. Everyone is invited to attend these services and pray God's will may be done in the Salvation of the lost.—L. B. Edwards.

QUARTERLY CONFERENCE
AT GRASSLAND CHURCH

The third Quarterly Conference will meet at Grassland Methodist Church Sunday, Dr. L. N. Lipscomb, district superintendent, will preach at 11:30 a. m. Lunch will be served for all, so bring your lunch and let's have an old-time Quarterly Conference.

The ladies are helping the children prepare a program for the afternoon. I know you will want to encourage them by your presence. Sunday School at Draw will meet 30 minutes earlier Sunday. So, please take notice and be on time.—Jesse E. Young.

BAPTIST CHURCH NOTES

A Baptist Training Union study course is being conducted in the church this week at night, with Rev. A. A. Briant of Brownfield, H. P. Caveness, J. W. Goodell, Mrs. E. I. Hill, and Mrs. R. C. Wells as the teachers.

In the absence of a pastor, Elmer East of Lubbock, a lawyer and a vice-president of the Lubbock National Bank, spoke last Sunday at both the morning and the evening hours. Each of his messages elicited much praise. If a minister is not procured, he will fill the pulpit again next Sunday.

Rev. Elsie D. Gayle of Meadow filled the pulpit on the preceding Sunday at both services.

Rev. A. C. Hardin was at home last Friday night, having closed a revival meeting at Sundown with 24 additions to the church. He left Saturday for Fort Hancock, near El Paso, to conduct a revival there. The work on the parsonage and premises is nearing completion.

REVIVAL AT SOUTHLAND

A revival meeting at Southland Methodist Church will begin Wednesday night, Aug. 2, and will continue until the 13th.

Rev. W. E. Peterson of Levelland will do the preaching. He is one of our most able preachers in the Northwest Texas Conference. We know you will enjoy hearing him each time.

We cordially invite and welcome each and every one to attend the services.

We are praying for a great revival in our church and community. May the Lord bless to that end.—E. C. Armstrong, Pastor.

SATURDAY SERVICES

In the absence of Rev. A. E. Brown, Bro. G. H. Isbell brought a forceful message to the people assembled on the court house lawn Saturday afternoon. Bro. Brown, who had been called out of town because of the death of his sister, will be back and bring the message this Saturday afternoon.

We appreciate the cooperation we have had and the people that have attended these services but feel some of you are missing a blessing by not being present. Remember, the time is 4:00 p. m. Come and help us sing and have a part in these services.—L. B. Edwards.

METHODIST CHURCH

The regular monthly meeting of the Board of Stewards will be Tuesday night, July 25, at 9 p. m. Many things will be discussed at that meeting—so you are urged to be present.

Sunday morning the pastor will discuss the subject of "Influence." There are two kinds of influence, voluntary and involuntary. Everyone has influence, wholesome or unwholesome. It is contagious. Do you want to leave an influence that will bear good fruit as you live and will continue after you have quit this world?

We appreciate your presence regularly, but are happy to have you in our audience any time you can attend—member, friend, and visitor.—The Pastor.

COLORED CHURCH HERE
IS MAKING PROGRESS

Members of the Pleasant Grove Baptist Church, colored, have furnished The News with a report, signed by "Mrs. R. B. Thompson" stating that Pastor Hollins and members of the Church are putting on a greater program now than ever before.

"The Auxiliary work," the report says, "is going over in a big way. In the Junior department work, Friday night, there were five additions to the church, three as candidates for baptism and two by restoration. Receipts for the week were \$108.72."

Pastor O. D. Hollins is this week in Amarillo conducting a revival meeting.

Special Bulletin---

To Allis-Chalmers All-Crop Harvester
Owners and Farmers with
SEED TO HARVEST

Seed is needed **VERY URGENTLY**

This is a call to action — now! Livestock feed reserves are running short due to the shortage of SEED for hay and pasture.

Your All-Crop Harvester can help meet this emergency.

We urge you to enlist your machine NOW in the "Seed Task Force." We are gladly volunteering as headquarters. Register your harvester with us.

If you have no means of harvesting seed, contact us and we will try to put you in touch with a nearby Allis-Chalmers owner.

Millions of bushels of high-priced grain sorghum seed have been shattered on the ground unnoticed. An All-Crop Harvester can save this valuable seed which might otherwise be lost.

We recommend that your machine be given the 24-POINT FARM COMMANDO CHECK-UP, which includes reconditioning and adjusting for a BUMPER SEED HARVEST.

It will PAY in a BIG WAY TO SAVE FEED . . . Let's get READY TO ROLL! See us or phone—

"A County Judge For Everyone"

A Switch in Time saved Mine...

Now I'm over 33,000 mi.

I used to trade cars around 25,000. But if you'd offer me a new one today — unless it was free — I'd think twice. This '39 model gives me quite some pride, still running as sweet as it does. I know of people trying a dozen different oils and nearly everything else, to make their cars last. Some things worked; plenty didn't. In my case I played the hunch of OIL-PLATING my engine by switching to Conoco Nth motor oil, so as not to let engine acids get an upper hand. That worked! And why not? I knew that deadly corrosive acids are a regular part of

every engine explosion. I had my faith in Conoco Nth oil's modern synthetic that attaches OIL-PLATING to working parts—like a close-fitting shield. There's the stuff that puts up a real battle against corrosive acids. You're giving your car its chance to live, as soon as you change to an OIL-PLATED engine. Get Conoco Nth oil, that's all.

H. L. RODDY, Secretary.

ROLLIN MCCORD
ISSUES STATEMENT

I sincerely appreciate the many kind things said in my favor and the unsolicited support given me in my race for re-election. Not wishing to perpetuate myself in office as your district attorney, but believing it my duty to seek to continue to serve you at this time in a position to which I am qualified while so many of our young men are sacrificing their all and do not have the opportunity to seek advancement or promotion on the home front.

The office of district attorney belongs to the people and no to any individual. Your district attorney should vigorously prosecute the guilty and protect the innocent, he is your lawyer and he must be able to compete with the most capable lawyers of the state. He should spend much more time in the preparation of all cases than in the actual trial of them in order that when convictions are obtained for the state they will not be reversed by the higher courts for re-trial. The records show that of all cases appealed to the Court of Criminal Appeals at Austin, approximately one-third of them are sent back for re-trial involving additional expense and time lost by court officials and jurors. I am proud to report that during my administration of the great number of cases appealed to that court, only two have been sent back for re-trial.

Whatever success has been obtained, the credit is largely due to

the splendid co-operation of our public officials and the good citizens who willingly gave their time as jurors.

On the basis of my past record as your district attorney, I respectfully solicit your vote in the coming Democratic primary.—Rollin McCord. (Political Adv.)

To The Voters of Precinct 4:

As most of you know, I have been a resident of Precinct 4 for 21 years, and a taxpayer since manhood. I have always had deep interest and have taken an active part in community and county affairs. Since moving to Petty 13 years ago, I have accumulated a section of land, a business and a home. I have done this by hard work and close management. Therefore, I can ask the people of this precinct for their full support at Saturday's election, feeling that I am qualified to fill this office in an efficient, economical, and sensible manner.
