## Sinclair Clinic Is Complete, Modern Medical Center

The recently completed Sinclair Clinic, open for a few days last week, will be formally opened on Monday of next week. Modeled by Dr. J. W. Sinclair to suit his purposes, it is not only well appointed in every particular but is as neat as a pin throughout, and is another institution of which Tahoka may well be proud.

At the front, of course, is the reception room and office, attractive and restful. Back of these are the consultation room, two treatment rooms, an x-ray room, laboratory, delivery and operation room, and three recovery rooms.

Mrs. Sinclair is the nurse and Mrs. John Simms has charge of the office temporarily. Mrs. Greta Applewhite Privett will be the receptionist after September 1.

Several months ago Dr. Sinclair purchased the brick building formerly occupied by E. H. Bouillon as a grocery store situated on the east side of Main Street adjoining the Tahoka Drug on the north. He thoroughly renovated and remodeled the interior and redecorated the front of this building, making it one of the most attractive buildings in town. The building is completely air-conditioned.

Provided with the most modern equipment and conveniences, he is now prepared to give his patients the very best of attention and care under perfectly sanitary conditions and highly attractive surroundings.

This is Tahoka's second clinic. Tahoka Clinic having been erected by Drs. Emil Prohl and K. R. Durham several years ago.

## Baptist Revival Now In Progress

Revival services, which began at the Baptist Church last Sunday, have been attracting good-sized crowds this week. The new pastor, Rev. L. W. Price, is doing the preaching, and Rev. Scott Williamson of Pawhuska, Okla., has been here since Tuesday leading the song services.

Prayer services are being held each evening preceding the regular services, with 60 to 80 persons in attendance, there being a separate service for each of several age groups.

Services begin at 10 each morning and at 9 each evening. Prayer services begin at 8:30 p. m.

The campaign will continue thru next week. Everybody is cordially invited.

The pastor announces, subject to change, the following subjects for discussion.

Friday night: Consider Jesus.  
Saturday night: I Have Sinned.  
Sunday morning: Prepare to Meet Thy God.

Sunday night: The Lord is My Deliverer.

Monday morning: The Bible.  
Monday night: A Good Man Who Went to Hell and a Bad Man Who Went to Heaven.

Tuesday morning: Eternal Salvation.

Tuesday night: God and Man.

Wednesday morning: Stewardship.

Wednesday night: Facing the Wrath of God.

Thursday morning: Election.

Thursday night: We Came to Kadesh-Barnea.

Friday morning: Why God's People Suffer.

Friday night: Time or Eternity.

Saturday night: The Plan of Salvation.

Sunday morning: He Lingered.

Sunday night: The Judgment.

HOME FROM ITALY

Cpl. Alvin White, son of Mr. and Mrs. A. L. White, arrived home Wednesday night after 27 months overseas. He has been in England, North Africa, and Italy.

Alvin wears three major battle stars for the African landing, the Tunisian campaign, and the Italian campaign.

He will report back to a camp in Nebraska on Sept. 5 for duty.

## Howell Building New Shop Here

Charlie Howell started the building of a new and commodious blacksmith shop on the lot where his present shop is located, the old Coltenback shop, some time ago, but he says he has no idea when he will get it completed. Labor is not available.

This shop is being built of hollow tile, is 40 by 60 feet in size, and will be a very substantial building. He is doing a big business and needs the larger building to take care of his customers.

## E. S. Key of Wilson Dies at Age of 92

E. S. Key, 92, died at 10:40 o'clock last Wednesday night at the home of his son, J. C. Key, at Wilson with whom he had resided since 1923.

After services were conducted in a funeral home in Lubbock, the body was taken to Bedias, Grimes county for burial.

Surviving children are J. C. Key of Wilson, E. S. Key Jr. of Madisonville, and R. E. Key of Lubbock. Eleven grandchildren also survive, all of whom except three grandsons in the U. S. Armed Forces, attended the funeral services. Also surviving are nine great-grandchildren. The three grandsons in the army are S/Sgt. Harold L. Key, somewhere in France; S/Sgt. Aubrey Key, somewhere in England; and Pvt. John E. Key, somewhere in the Atlantic on his way to the war zone.

Born in Mississippi, Mr. Key was a lad nine years old when the Civil War broke out. He came to Texas in early youth, and lived for many years in Madison and Grimes counties. Much of the history of the United States and Texas were made during his lifetime.

He was a long-time member of the Baptist Church and a devoted Christian. Though confined to the home most of the time, he had made many friends at Wilson, by whom he was highly respected.

## Wade Howell of O'Donnell Dies

Wade Howell, 73, long-time citizen of this area, died at his home in O'Donnell Monday. He had been ill a long time, and suffered a stroke of paralysis which proved fatal. Funeral services were held at the graveside at O'Donnell Tuesday afternoon.

Mr. Howell was an early settler of Borden county, lived southeast of O'Donnell many years, and of late in the town of O'Donnell.

He is survived by two sons, Leo and Dock, both of O'Donnell, and one daughter, Mrs. Jess Smith, of Ackertley, Dawson county.

## Deen Nowlin Shows Some Improvement

Members of the family stated Thursday that there was little apparent change in the condition of Deen Nowlin, though his hicoughing spells do not come as regularly as they did.

When this hicoughing developed last week, it was decided to take him to the Lubbock General Hospital, and this was done last Saturday. The family and friends feel somewhat encouraged because this hicoughing has become more intermittent.

Pfc. Charles Reid, son of Mr. and Mrs. Tom Reid, is home from Camp Breckenridge, Ky., where he is a radio operator with a Field Artillery outfit. He brought home a "basooka" shell—not loaded, of course—which was of much interest.

The infant son of Mr. and Mrs. W. F. Lindsey died Sunday morning, only a few hours after its birth, and burial was held Sunday afternoon in the Tahoka cemetery, the services being conducted by Rev. L. W. Price, Baptist pastor.

The Lindseys live on the Bovell place, six miles north of town.

## Claude Donaldson Buys Local Gin

As the result of a deal which had been pending for some time, Claude Donaldson last Friday acquired the No. 2 plant of the Tahoka Co-op gin.

The new gin will be operated under the name of Donaldson Gin company, and immediate steps are being taken to remodel the office building, installation of new scales, and repairing and improving the gin plant.

Mr. Donaldson for about 13 years has been manager of the Farmers Co-op Gin association, and has an excellent reputation as a ginmer. He expects to feature good workmanship, giving careful attention to all work brought his gin.

## Summer Park Program Ends

Closing the first summer recreation program in Tahoka, Tuesday night, L. C. Haney showed moving pictures at the City Park to an interested crowd, made up mostly of children. The pictures depicted children engaging in various activities of the program, as well as other films.

Leo Jackson, supervisor of the program, and Alton Cain, chairman of the general committee, state that the program was a success, although not nearly as many children took advantage of the program as should have.

## Sgt. Chas. Florence Gets Combat Medal

With the Fifth Army in Italy—Sergeant Charles J. Florence, son of Mr. and Mrs. Walter S. Florence of Tahoka has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge for actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standards of the badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

## ARVEL AKIN HOME

Arvel Akin, first class petty officer as a baker aboard a Navy repair ship, arrived home the first of the week to visit his parents, Mr. and Mrs. George Akin on 30-days leave.

Arvel has had 26 months sea duty, including duty in the Canal Zone and in the Southwest Pacific. He has been to Australia and New Guinea, among other places, and was very close to the warfare at the latter place, where his ship was engaged in repairing P-T boats and other craft. He was in one bombing raid, but he says the Japs have about been cleaned out of that area now.

## Price, Dulin On Rotary Programs

Rev. Levi Price, new pastor of the Baptist Church, was principal speaker at the Rotary Club Thursday at noon. His brief talk was greatly enjoyed. Rev. Scott Williamson, helping in the Baptist meeting, brought a solo, "Ninety and Nine," also greatly enjoyed, and Bill Goodell and Art Brown led the group in several songs.

At last week's Rotary meeting T/Sgt. Woodroe G. Dulin, son of T. G. Dulin, who lives on the Lubbock highway north of Tahoka, and who had just returned from England, was the speaker.

Sgt. Dulin wears the Distinguished Flying Cross, the Air Medal, and three Oak Leaf Clusters for combat in the air in 27 missions as a radio operator-gunner on a B-17, Flying Fortress, over Germany and German-held territory.

He told of these raids, including several over Berlin, the fierceness of the aerial combats and of our heavy losses on several occasions.

## Large Granary Is Being Built

Bob Tate and Harley Henderson are building a granary alongside the Santa Fe tracks on the east side near the Carmack gin to take care of their own grain crops.

The building will be constructed of hollow tile and sheet iron, and its dimensions will be 30 by 100 feet, with the walls 12 feet high. A pit is being dug the length of the building and the floor will dip down in v-shape six or seven feet beneath the surface of the earth. The capacity of the granary will be about 1100 tons.

## Legion Post Will Name New Officers

Claude Conway requests that we announce that the Marion G. Bradley Post of the American Legion will elect officers next Tuesday night for the ensuing year, and that a chicken barbecue will be served. J. B. Oliver is Post Commander.

## ENS. HOLLOWAY HERE

Ensign Robert J. Holloway of the Navy was here last Thursday night to Saturday night en route to the Pacific coast, where he expected a new assignment aboard a Naval vessel.

Ensign Holloway is the son of Mr. and Mrs. E. W. Holloway of Redwine.

## PVT. SEALS IN SOUTH PACIFIC

The News has received an official communication stating that Pvt. H. M. Seals, son of Mr. and Mrs. W. H. Seals of Wilson, has arrived overseas, being with the U. S. Army troops in the South Pacific. Before going overseas he was stationed at Camp Roberts and Fort Ord, Calif.

Mrs. H. R. Minor is in Lubbock this week visiting her daughter, Mrs. J. M. Pierce. She will return Sunday.

## Cooling Showers May Help Crops

Showers and cloudy weather on Thursday brought relief from the heat and aided crop prospects.

Farmers have been complaining for several days that the intense heat of the past few weeks was causing the crop to deteriorate. The cooler weather and a little rain would greatly increase the yield, no doubt, of both cotton and feed in most areas of the county.

## Gagnat Enlarges Local Business

The D. W. Gagnat Hardware and Furniture store is being considerably enlarged by the addition of the former Kirk Pitts Red & White grocery store building to the present Gagnat store. This will give the Gagnats a store of three compartments, one for hardware, one for stoves and like utensils, and one for the furniture. Gagnat's is probably the biggest store of its kind on the South Plains.

Openings have been cut in the wall of the old Pitts store, so as to permit of free passage to the other two compartments, and both the Pitts store and the middle compartment are being reconditioned and redecorated throughout. The entire interior will be as neat and attractive as if just built. The furniture will be housed and displayed in the Kirk Pitts addition.

The constantly growing business of the Gagnats' concern has made this expansion imperative. The entire front of these buildings was modernized and beautified several years ago, and the changes now being made will render this entire block of buildings very attractive inside as well as outside.

## Southland Man Killed In France

Mrs. Thiristell Hartsell, who is visiting her husband's parents in Ohio, wired her parents, the Ben Beckers of Southland the first of the week that her husband, George Hartsell had been killed in action July 14, according to word from the War department.

Hartsell was an Army pilot in the Normandy area of France. He was being expected home at the time of his death, he having flown the required number of missions. George received his basic training at the Lubbock Army Air Field.

## Pfc. Lindsey Wins Army Combat Medal

Pfc. V. H. Lindsey of Tahoka, with the Fifth Army in Italy, has been cited by his regiment of the 88th Infantry Division and awarded the Combat Infantry Badge for actual participation in combat with the enemy on the Fifth Army front in Italy, according to an official communication sent The News.

Pfc. Lindsey is the son of Mr. and Mrs. H. T. Lindsey of Tahoka. Now 21 years of age, he is a former student of Tahoka High School. After enlisting in the service and having received his training, he left this country for North Africa just two days prior to last Christmas, and soon afterwards went with U.S. forces into Italy.

## Judge Connolly Is Back In Hospital

Judge Chester Connolly was again taken to a Lubbock hospital Monday morning, after his condition had grown worse. Word came from the hospital that he had a very restless day Wednesday.

The Judge was able to be down town a short time last Saturday afternoon, meeting many friends from over the county, but his condition took a turn for the worse after that. It is hoped that he will soon be able to return to his home here.

J. H. Huddleston underwent a tonsillectomy at Tahoka Clinic on Tuesday.

## Students To Begin Registering Next Week for Classes

Schedule for registration of students for the opening of the Tahoka public schools was announced this week by Superintendent W. T. Hanes and High School Principal Leo Jackson.

Though school officially opens on Monday, August 28, registration of students will begin next Monday.

In order to have sufficient time for school officials to properly classify and register all students, every one interested is urged to read this schedule closely and, if necessary, clip the following for future reference:

Monday, August 21, 4 p. m. All prospective football boys will register.

Tuesday, Aug. 22, 9 a. m. All Draw students except those in the seventh grade and below register.

Wednesday, Aug. 23, at 9 a. m. All students who will be in Tahoka High School for the first time, except those from Draw and those from Tahoka Ward School.

Wednesday, Aug. 23, at 3 p. m. All students interested in taking band.

Thursday, Aug. 24, at 9 a. m. All rural students who have not registered at one or the preceding dates listed above.

Thursday, Aug. 24, 2 p. m. All 8th and 9th grade students.

Friday, Aug. 25, at 9 a. m. All Sophomores will register.

Friday, Aug. 25, at 2 p. m. All Seniors will register.

All students in the 7th grade and below will enroll on Monday, Aug. 28, at 9 a. m.

Students who will be entering Tahoka High School for the first time should write the school you last attended and ask that your transcript be sent at once to Mr. Leo Jackson, high school principal, Tahoka. Unless your transcript is on hand, you cannot be properly classified in Tahoka schools. Those students who for any reason do not comply with the above schedule may not be able to take the course you wish to take. Proper arrangements are being made to care for all students, but it is very necessary that all cooperate by complying with the above schedule for registration.

All Grade students must present book cards and report cards before being enrolled.

All students not officially transferred and who do not live in the Tahoka school district will be expected to pay tuition in advance and transport themselves.

## Schools Receive Funds From State

Lynn county schools this week received the additional \$4.00 per scholastic on the state apportionment to the regular \$25.00 apportionment, the additional amount having been approved by the Attorney General's office two weeks ago. This makes a total of \$29.00 on the apportionment, the largest in the history of the states, but still lower than a majority of the states in the Union.

According to Mrs. Lenore M. Tunnell, the Lynn county common schools received a total of \$3,772.00 as their part, Grassland, \$376.00; New Lynn, \$272.00; and Midway, \$212.00. Since apportionment checks come direct to some schools she did not have the figures for Tahoka, Wells, Wilson, and O'Donnell.

Also, this week, the Lynn county operating buses received checks totaling \$6900.00, the final payment on transportation aid for last year.

## WAC RECRUITERS HERE

Cpl. Jake Caldwell and four members of the WAC from Lubbock Army Recruiting office, were in Tahoka Monday interviewing ladies interested in joining the WAC.

Cpl. Caldwell states that all women joining the Army are subject to the Q. I. Bill of Rights, one advantage of which is the fact that they will be eligible for a four-year college education at Government expense at war's end.

## OLIVERS HAVE INTERESTING TRIP THROUGH OLD SOUTH

Mr. and Mrs. C. T. Oliver returned Saturday from a trip which took them through the heart of the Old South. Visiting relatives in Florida, Alabama, and Arkansas, they were gone three weeks.

Their first objective was Panama, Florida, where a nephew of Mr. Oliver's is a patient in a Government hospital. For 15 years the nephew served in the U. S. Navy. Then he was made manager of a forest reservation in Florida; and then, went to the hospital.

At Tuskegee, Ala., they visited two aunts of Mrs. Oliver. That is

where the great Negro college, Tuskegee Institute, is situated, and Mr. Oliver says he visited the great school—found it very interesting.

They also visited two nieces of Mr. Oliver at Pensacola, Fla., and other relatives in Arkansas. The other states through which they passed, Louisiana and Mississippi, also held much interest for them. We'll bet C. T. listed a long list of farms and "ranches" for sale along the route.

Miss Mary Margaret Johnson of Shallowater was here last week visiting in the home of Miss Bobbie Jean Minor and other friends.

## BIGGESTAFF SENDS WIFE HANDIWORK FROM PACIFIC

Mrs. Obara Biggestaff was the recipient a few days ago of a present from her husband, J. A. Biggestaff, G.M. 1-c, down in the Southwest Pacific, consisting of a jewel box made of teakwood, a number of specimens of beautiful coral, a leather photograph book, and four pennants, one each from Guadalcanal, New Zealand, New Caledonia, and the Fiji Islands.

The teak wood jewel box was one solid piece of wood. Mr. Biggestaff himself had carved it out of a block of teak wood. And he had proved himself to be an artist in

wood carving, for the box was perfect in its dimensions and shape. With nothing but a pocket knife, a nail file, and some sand paper, he had turned the trick. He had sketched some designs on it with an electric needle.

The corals were wonderful specimens of the unerring handiwork of Mother Nature, and the pennants were interesting.

Mrs. Dr. W. M. Smith of Naples left for her home Monday after a few days visit here with her uncle and aunt, Mr. and Mrs. W. L. Knight. She came and returned with the W. O. Robertsons.

REVIVALS AT DRAW AND  
GRASSLAND ANNOUNCED

The Methodist revival opened on  
Wednesday night at the Draw  
church, Rev. H. B. Coggin of An-  
ton doing the preaching and the  
pastor, Rev. J. E. Young, leading  
the singing. The services will con-  
tinue through Sunday night of next  
week.

On the following Monday night,  
August 28, the Grassland Methodist  
revival will begin, Rev. T. Marvin  
McBryer of Clyde bringing the  
messages for ten days.

All people of these and surround-  
ing communities are invited to at-  
tend the services of the two  
churches.

REV. JOHN PAUL KING DOING  
SPECIAL WORK IN O. C. U.

Rev. John Paul King, son of Mr.  
and Mrs. J. O. King of Tahoka and  
now pastor of the Methodist  
churches at Harmony and Lacy,  
Okla., is doing special work this  
summer in Oklahoma City Univer-  
sity, according to a news story com-  
ing from that institution. His  
courses are designed to prepare  
ministers to develop youth work in  
their churches, and King has made  
an outstanding record as a student,  
it is stated.

King was reared in Lynn county  
and is a graduate of the Tahoka  
high school.

## MEETING AT SOUTHLAND

August 18-27 is the date of the  
Baptist revival. The visiting evan-  
gelist will be Rev. Hulon Coffman,  
of Dallas, who is the denomina-  
tional State Missionary. The singer will  
be G. A. Holloway who lives at  
Holliday.

The pastor, Rev. O. J. Harmon-  
son, invites every one to attend the  
services.

Misses Lucille Wright and Dar-  
lene Wilke returned Monday after-  
noon from beautiful Camp Arrow-  
head, near Kerrville, where they  
attended a Home Ec. council meet-  
ing.

Our New Next Door Neighbor

It is with the greatest of pleasure that we welcome  
our new next door neighbor—the Sinclair Clinic . . .  
a health institution that combines recent therapeutic  
advancements with the comfort and well-being of the  
patients. In establishing this clinic, Dr. and Mrs.  
Sinclair have made a noteworthy contribution to civic  
welfare, and our best wishes go to them and the com-  
petent staff. We will exercise every professional  
service at our command in full cooperation with Dr.  
Sinclair, his colleagues, and patients.

We are pleased to announce the completion of Our  
store remodeling, and take this opportunity to thank  
our many friends who cheerfully overlooked the lit-  
tle inconveniences resulting from the work. Our  
handsome storefront is in keeping with the modern  
trend to functional exteriors which assist the busy  
shopper through better display of seasonal needs.

**ANOTHER CHANGE COMING**

Recent events in Texas have brought into the limelight our peculiar system of electing the President and Vice-President of the United States and portends an approaching change in the system.

The regular Democratic state convention held in Austin early this summer named a set of Presidential electors and then instructed them to vote against the regular Democratic nominee for the Presidency under certain contingencies if Roosevelt should be the nominee.

The pro-Roosevelt Democrats bolted, held a convention of their own, and also named a set of Presidential electors, which they have been demanding shall be placed on the Democratic ballot.

They have been pointing out that if the demands of the "regular" convention are carried out, in whole or in part, the will of the majority of the Democrats of Texas may be defeated by their own Presidential electors.

This is true. If nine-tenths or any other majority portion of the Democrats of Texas, for instance, should favor the re-election of President Roosevelt but should cast their ballots to that end for the "regular" Democratic electors, and these electors should then turn around and cast their votes in the electoral college for Byrd or some other Democrat satisfactory to themselves, as they have been instructed to do under certain contingencies by the "regular" Democratic convention, that would defeat and nullify the will of that great majority of Democrats who favored Roosevelt and tried to vote for him.

This presents an intolerable situation and has created much confusion in the minds of Texas voters. And it has given a new impetus to the growing sentiment for the election of the President and Vice-President by a direct vote of the people. They are saying that this method would be more democratic, just, and fair. And it would be. And, since it would be, the change is sure to come sooner or later.

But when that change does come, a vote in Texas or in South Carolina will be just as valuable to either party as a vote in New York or Illinois, or any other doubtful state, and state requirements for the payment of a poll tax as a qualification for voting will then go glimmering—if they have not already gone. Negroes will then be admitted to all elections, party as well as general, without let or hindrance.

Another result will be that Republicans will campaign for votes in Texas and the other Southern states just as vigorously as they do in any Northern state, and we will then hear more Republican speeches in Texas in any campaign year than we have heard in the state in the past quarter of a century.

Still another result will be that the preponderant white Democrats of Texas and the other Southern states will no longer be kicked around at a national Democratic convention like stray dogs, but will

**Political Announcements**

The following announce their candidacy for public office, subject to action of the voters in the Democratic Primaries:

LONNIE WILLIAMS (re-election)  
LEWIS KENLEY.

be given the consideration that their numbers and voting power justify.

Another nail will have been driven in the coffin of "States Rights" but the Union will have been cemented together just a little more securely.

Since this change seems to be inevitable, we should begin now to bend every effort to make as intelligent voters as possible out of the Negroes amongst us—and it wouldn't hurt us white folks to improve our own intelligence a bit.

The "drys" were decisively defeated in prohibition elections in Dallas and Tarrant counties recently. We do not believe, however, that these results indicate that dry sentiment in Texas is waning. On the other hand, we believe that it is steadily gaining. Only a few weeks ago, McLennan county, with more than 16,000 votes, went dry. Many smaller counties have done likewise in recent years. There are 140 wholly dry counties in Texas today, and many others partly dry. Slowly but steadily, the dry territory has been spreading. Every time a prohibition election is held, the pros have an excellent opportunity to air the evils of the liquor traffic. And the more these evils are aired, the stronger the dry sentiment becomes. If the pros will continue to air these evils, through the press, over the radio, and from mouth to mouth, as they should be aired, when no campaign is on as well as when one is on, it will be better for their cause. The liquor traffic is rotten from center to circumference, destructive and deadly in its effects, and it will not stand the light of pitiless publicity. The dries of Texas should get behind that organization known as the "United Drys" and support it with their influence and their means. Let's put Texas and eventually the nation in the dry column again.

**ATTENTION, TAHOKA BUSINESS MEN**

Information has come to my attention that some out-of-town agency has had representatives to call on you in recent weeks for the purpose of selling advertising and have left the impression that they have some arrangement with the Tahoka schools whereby their product is being used in your schools.

This is to notify you that we have no such arrangement and know nothing about this scheme except what some of you have told us. Our policy is now just as it has always been: We do not believe in some outside agency coming in and taking money out. We do not permit your own children to come solicit you for gifts, donations, advertising, etc., and we certainly resent any inference by outside agencies that they have some agreement with us.

If you will follow one simple rule regarding matters of this nature, you will always be able to know if the school is back of the proposal. Unless a teacher whom you know to be working in the Tahoka schools or unless any other individual has a written request from us, you may rest assured that the school is not sponsoring the scheme.

We appreciate, deeply, the cooperation you have always given us in the preparation of our football program and in our annual carnival. If you will check, I think you will find that for the past six years these are the only events in which the schools has called on you for advertising. It is because of this appreciation that we NEVER go for any outside proposal regardless of how rosy some of the promoters can make them appear.

We sincerely ask for your continued cooperation and assure you that you will have ours. Sincerely, W. T. Hanes.

## Club Boys Going To Encampment

Twenty-three Lynn County 4-H Club boys, representing the eighteen Clubs of the various communities and the 470 4-H boys of the county will attend a District 2 4-H club encampment to be held at Ceta Glen Canyon, northeast of Tulsa in Swisher county, August 21-23. Boys ranging in age from nine upward will represent the 4-H clubs of the twenty counties forming District 2 at this encampment. Each county is entitled to bring a delegation of boys equal to 5 per cent of the total county 4-H enrollment. Lynn County with the largest enrollment of these twenty counties will have the largest group of boys attending the encampment.

The president of the clubs throughout the county have been invited to represent Lynn County boys at the encampment along with a number of other boys who are very active in and making outstanding records in 4-H club work. However, boys not going will. The county agricultural agent wishes that every 4-H boy in the county could attend, but this is impossible. There are plenty of opportunities of many kinds to participate in other such as interesting activities at later dates.

The group will leave Tahoka from the County Agent's office, Monday morning at 7:00. A very interesting and enjoyable program of activities have been planned for the approximately 260 boys, ball, boxing, swimming, hiking, etc. will be carried on. Motion pictures, talks, and games will be provided at night. A cook will prepare excellent meals for the boys. Everyone will sleep

## AMERICAN HEROES

BY LEFF

The Marauder bomber Jezebel had just completed a bomb run over Beauvais-Tille airfield when a Focke-Wulf 190 swept in, pumping two cannon shells into the plane and killing the tail gunner. His face torn by shrapnel, Staff Sgt. Donald G. Maryott of Hooper, Neb., waist gunner, gathered up exploding incendiaries set fire by the hit, and saved the plane from destruction. Are you fighting with that extra War Bond?

U.S. Treasury Department

Every boy will have opportunity to participate in sharpshooting at the rifle range. All activities as might be expected at such an encampment, will be closely supervised by adults and the safety of all boys is assured. The boys will break camp and return home Wednesday afternoon.

Lynn County boys who will attend the encampment are as follows: Buddie Brock, Douglas Neugebauer, Bill Henry McKenzie, Robert Shoemaker, George Rainey, Bryan Gene McLaurin, Joe Sweat, Billy Ray Smith, Carlton Wilke, Billy Joe Bairrington, Donald Smith, Rayford Bates, James Cooper, Glenn Huffaker, Harold Crowell, Buddy Gene Bragg, Roy Huffaker, Bland Draper, Dennis Crews, Jackie Dulin, Bill Draper, A. L. Hodge, and Bobbie Scott.

These boys live all over the county from edge to edge and corner to corner to far corner. The county agricultural agent, Robert L. Stone, will accompany the boys on the encampment. Several adult leaders are being invited to accompany the group also, but definite acceptances have not come in as yet.

### WORK AND PLAY, THEME OF WEST POINT 4-H MEMBERS

The West Point 4-H Club girls of the Tahoka 4-H Club met in the home of Mary Ann Tankersley Monday, July 24. Miss Carolyn Dixon, county home demonstration agent, was present and assisted the girls on their clothing demonstrations.

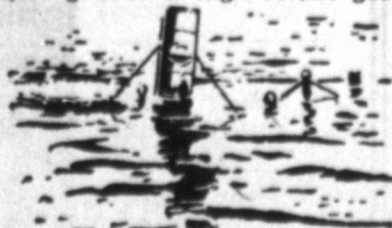

After the meeting, the group enjoyed a picnic supper in the picnic area in the back yard, followed by a slumber party. Those present were: Nelda Faye Schaffner, Joigne Bragg, Shirley Beth Roberts, Eunice Shepherd, Luann Taylor, Jane Taylor, Lois Sue Rainey, Ellen Faye Greenfield of Brownfield, Miss Dixon, and the hostess, Mary Ann Tankersley.

Mr. and Mrs. Howard Payne and son, Kenneth, of Lubbock but formerly of Tahoka, were here Sunday visiting relatives and friends.

JACK DOUGLAS

That a man has to establish his nationality and religious status to be a candidate for public office, when that man, born in America of Christian parents, having chosen Lubbock as his home fifteen years ago, marrying a West Texas girl in the First Christian Church, and being a member of the same church, having two daughters born in Lubbock county both students in Lubbock schools, when our boys on the fighting front are in combat to uphold democratic principles? Yet, through a whispering campaign, Jack Douglas has been unjustly discussed regarding his nationality and religion.

THE LYNN COUNTY NEWS

### Local Citizens At Airways Meeting

Tahoka chamber of commerce and Lynn county were represented at the South Plains Aviation Conference held in the Hilton Hotel at Lubbock August 7 by A. E. Her-ring, B. T. Smith, Tom Garrard, and Harley Henderson.

Men on the program brought to the minds of those present some surprising information concerning post-war aviation, according to B. T. Smith, who reported the meeting to The News.

Post-war aviation is already definitely beyond the dream stage, and definite plans are being laid at a fast rate. As an example, the Cessna Aircraft Corporation of Wichita, Kansas, makers of the famous "Bobcat" twin-engine trainer, has ceased to build military ships, and this company is now changing its equipment over for the production of civilian airplanes. Many other rapidly developing innovations were brought to light.

The meeting covered nearly every phase of post-war civilian aviation, and the mere mentioning of all would be too lengthy. Some points are of definite interest to everyone of this area.

Mr. Chas. E. Beard, vice president of Braniff Airways, Inc., Dallas, explained his company's plan for the "Cloverleaf Pattern" for feeder lines. This plan is beyond the experimental stage and is now being used in many places in central and eastern United States. The plan is not a straight feeder line proposition but one that originates and terminates at the same place, namely some trade center as Lubbock, or Amarillo, and serves several towns or communities on the circuit. Mr. Beard, a statistically inclined person, gave these figures: Twin-engined, ten passenger planes operate at 35 cents per mile under the present commodity and labor price range. Such planes serving Tahoka with a mail contract of less cost than that of the R. F. D. cost per mile would bring passenger service to a price comparable to that charged for bus and train passenger service.

Mr. Travis, representing the Regional Manager Civil Aeronautics Administration, Fort Worth, gave some interesting facts and figures concerning small town airports. A proposed Federal bill, now in committee, if passed, will make available Federal aid for small town airports, air parks, and landing strips. The larger the port, up to a certain limit, the more aid could be secured. Airports need not be large but should be close to town. Two strips of 2,400 feet by 200 feet could constitute an approved airport. This would be less than 25 acres.

The Air Age is here. Manufacturers are now planning the production of 500,000 civilian planes within two years after the close of the war and 5,000,000 within ten years. Today there are approximately 1,000 civilian airplane operations, landing and take-offs, daily from the civilian airports in and around Fort Worth alone. This figure might give some idea of what is coming when civilian planes are again manufactured, and the plans are to manufacture them before the production of new automobiles.

**Chrome Plating**  
A warning about one of the newer finishes, chromium plating, will direct you in taking care of household metals. Never under any circumstances use metal polishes or any kind of cleaning powder on a chromium finish. It is a soft metal and the plating wears off easily. It is easy to keep it clean with just a damp cloth.

And next, a reminder about one of the older metal favorites for kitchen utensils, iron. You can scour iron with steel wool and use a strong alkaline soap to remove grease. One of the most important rules about the use of iron is to always keep it thoroughly dry. Even a little moisture may cause it to rust.

If the iron does become rusty, you can remove the rust with scouring powder or with steel wool. Put a thin coat of saltless oil or fat over any iron utensil, which you use only once in a while. Then, wrap it in paper and store in a dry place.

## AMERICAN HEROES

BY LEFF

Torpedoed at night, men of the Merchant Marine abandoned their fast-sinking ship. Frederick R. Zito, Cadet-Midshipman, left his lifeboat, climbed hand over hand up the falls to free a 250-pound fireman. Unable to loosen the ropes, he cut them free, then towed the entangled man until they were picked up by a lifeboat. His is heroism beyond the line of duty. That extra War Bond you buy may save a life!

### First 1944 Grain Is Received In Tahoka

First grain of the season was brought in Wednesday by a Mr. Morris of the Grassland community, according to Jim Burleson. The grain was from an early maize crop which was cut because of the fact that it had started to succor out at the ground. Possibly 30,000 pounds had been brought in by Thursday night.

Since erecting his new elevator, Mr. Burleson says he will have a total storage capacity of about 100 railroad cars of grain.

Mrs. Dorvey Lavender, who had been visiting her husband's parents, the D. E. Lavenders at Wells, left on Thursday of last week to visit her husband at Sheppard Field. She was accompanied as far as Seymour by her grandparents, Mr. and Mrs. J. J. Waldrep, who visited there in the home of their daughter Mrs. Sid Fallin and family.

Mrs. Myrtle Rochelle and two little daughters, Anita Jo and Sarah Sue, of Austin, arrived Thursday morning to visit the former's dad, the editor, Mrs. Rochelle works in the office of the Texas Unemployment Compensation commission in the capital.

Mr. and Mrs. O. W. McKinnon have returned from Pasadena, Calif. and will make their home here again. Mr. McKinnon was employed at an aircraft plant in California for the past year. He and Mrs. McKinnon were formerly engaged in the laundry business here.

## NEW MOORE H. D. CLUB

The New Moore Home Demonstration Club met recently in the home of Mrs. Hubert Webb.

Following a report of the county council meeting in Tahoka by Mrs. Webb, Miss Dixon, county H. D. agent, demonstrated steps in preparing a stuffed tomato salad that may be used as individual salads or may be served on the dinner plate. "This makes both an attractive and nutritious salad," said Miss Dixon, "and is a good way to use the surplus seasonal vegetables that soon will be plentiful."

Steps in preparing this warm weather salad follow: Peel red ripe tomatoes, cut the peeled tomatoes into even sixths, being careful not to slice entirely through the tomatoes, so that they may be stuffed with cottage cheese that has been made into a smooth consistency by adding either sweet cream or tomato sauce to the cheese; add finely chopped green peppers and finely cut onions, salt to taste to the cheese mixture; fill tomatoes and place on crisp lettuce ready for serving. Small crackers may be served with this salad.

Salad and frozen peaches were served to the following: Mmes. Lee Murphy, W. Branden, C. J. Falls Sr., O. T. Gay, Webb, and Misses Bobby Webb, Wilma Falls, and Dixon.

The next regular meeting will be in the home of Mrs. O. T. Gay on August 16, at which time Miss Dixon was to give a demonstration on curtains and draperies.—Reporter.

FARM SECURITY LOANS  
REPAID BY FARMERS

The Farm Security Administration in this region, which includes New Mexico and West Texas, received from borrowers nearly one-third more than it loaned during the fiscal year which ended June 30, Marvin C. Wilson district FSA supervisor in charge of Lynn county and surrounding counties, announced today from Ruidoso, N. M., where he is attending a region-wide meeting to plan for the new year's activities.

"These figures prove what a little financial credit and technical supervision will do for the small farmer," B. J. Emanuel, chairman of the Lynn county FSA committee, said in commenting upon the report.

The report shows that FSA during the year made 5019 loans amounting to \$3,313,394. Farmers on the other hand, repaid to the government a total of \$4,190,873 on their loans. This compares with 6028 loans made in the previous fiscal year amounting to \$3,517,413 and repayments of \$4,981,829.

Sixty-two of the 5019 loans made the year just closing were to help family-type farmers become landowners. FSA makes these loans under its farm ownership program authorized by Congress in the Bankhead-Jones Tenant Purchase Act. The borrower has up to 40 years to repay his loan, at 3 percent interest. However, Mr. Emanuel declares many will repay much sooner, using the variable payment plan which enables them to make larger payments in good years and smaller payments in bad years. Fourteen repaid their loans in full during the year.

The bulk of the loans were made under the FSA rural rehabilitation program. These loans may run for five years, at five percent interest. They are to finance purchase of livestock, equipment and small improvements to get the little farmer into capacity production.

"FSA is not only proving economically sound, from the standpoint of the government getting its money back from borrowers, but it is raising the living standard of hundreds of American farm families," Mr. Emanuel added.

"This is particularly gratifying when it is considered that these farmers had little or nothing when they came on the program," Mr. Emanuel emphasized. "They were not even producing their own food, and many were in ill health and without hope. Today they are feeding their own families well and producing an amazing surplus for their nation at war."

FSA supervisors at the Ruidoso meetings were told by Regional Director Ray E. Davis to be ready to assume an even bigger role in American agriculture when at the end of the war the government begins assisting returning veterans to establish themselves on family-type farms.

PATTERN STUDY IN THE  
LAKEVIEW H. D. CLUB

The Lakeview Home Demonstration club met at the home of Mrs. Morris Russell August 8. After a brief business meeting, a demonstration was given by Miss Carolyn Dixon on a foundation pattern for Mrs. Therral Swenson.

A salad demonstration was given and served by Mrs. A. E. Fletcher, food demonstrator, to the following: Miss Dixon, Mmes. O. E. Warren, Buster Bartlett, S. T. Godfrey, John A. Timmons, Murry Nettles, T. H. Charters, A. E. Fletcher, Roy Swenson, and Morrie Russell, Mrs. A. C. Fullington, Mrs. Winnie Jones of San Antonio, and Gladys Anderson of San Diego, Calif., were visitors. The club was glad to have the visitors, who are always invited to become a member of Lakeview club.

The next meeting will be with Mrs. A. E. Fletcher August 29. The demonstration will be on upholstering. Everyone is invited. We welcome you.—Reporter.

10 Little Octane Numbers  
that will help end the war sooner!

TODAY'S SUPER-FUEL is 100-Octane, as compared with 90-Octane for pre-war aviation gasoline.

This difference of 10 octane numbers is definitely contributing toward hastening the day of victory, because these extra octane numbers represent extra fighting power... extra range and carrying capacity for our big bombers... extra speed for our fighter planes!

In thirty months, U.S. production of 100-Octane Aviation Gasoline has been multiplied ten times. Our facilities for producing this precious, fighting, super-fuel can now deliver 21,000,000 gallons daily. Think of it! This is a greater quantity of aviation gasoline alone than the combined total of all petroleum products available to Axis Europe.

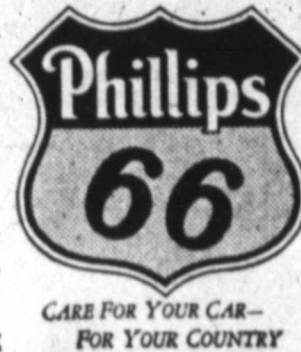

Phillips Petroleum Company, among

the first to take 100-Octane gasoline out of the laboratory and into mass production, is now one of the nation's five largest producers of 100-Octane, despite the fact that Phillips operates only in the Middle West.

This production achievement suggests how competently and completely Phillips is devoting itself to the war effort, with similar special emphasis on butadiene for synthetic rubber.

Until that great day comes, when you can say "Fill 'er up with Phillips"... and the service man cranks into your tank a new and improved Phillips gasoline... remember that Phillips refineries, in addition to producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants pouring out weapons for victory.

## "I'M A WAR WORKER TOO!"

Reddy Kilowatt  
YOUR ELECTRICAL SERVANT

Yes! Long before Pearl Harbor I was busy helping to turn out defense materials. Since then I've been even busier. War plants all over this area couldn't turn a wheel without ample and dependable electric power. In fact, the production of electricity has been declared an essential industry.

But it's not only in the factories that I am helping to win the war. Every farm is a war plant these days, producing food to sustain both our fighting men and civilian war workers. The uses of electricity on the farm are almost limitless. Farmers everywhere are making me

work overtime to help them get the shores done.

And in your homes—did you ever stop to think how much time electrical appliances save the housewife? That's time which she can devote to Red Cross, or victory gardening, or getting into an essential industry herself.

The only thing about me that doesn't look like a war worker is my pay check. It's just as small as it ever was. So I'm proud of my war record. Who wouldn't be?

## A 17-Year-Old Who Has His Eye on the Future

As part of the physical examination qualifying him for membership in the Air Corps Enlisted Reserve, William Lewis, seventeen, of Lake Telemark, Rockaway, New Jersey, has his eyes tested by Captain George Landegger, AMC, at the headquarters of the AAF Examining Board for the Southern District of New York in New York City. Lewis will not be called for active duty until after he becomes eighteen. Then he may be trained as a gunner, bombardier, navigator, or pilot.

## PLAINVIEW MAN TELLS OF TRIP TO EASTERN STATES

(Plainview Tribune)  
Robin Baker, owner and manager of the Baker Flash-O-Gas Co., 616 Ash St., Plainview, has recently returned from a trip to the Eastern States.

He reports very fine crops in braska, Minnesota, Kansas, Nebraska, Minnesota, Wisconsin, Illinois and part of Indiana and Ohio. Fair to poor crops in part of Ohio and Kentucky. Some of the other states he passed through at night and did not get to see the crops.

The purpose of the trip, Baker stated, was a part of post-war plans of Baker Flash-O-Gas Co.

He visited a number of America's foremost and largest manufacturers of butane equipment, ranges, water heaters, floor furnaces and brooders in the cities of LaVerne, Chicago, Ruckford, Milwaukee, Cleveland, Pittsburg, Columbus, Louisville, St. Louis and others.

"I got a good glimpse of the post-war planning of a number of these manufacturers and our company will be first in line for many of the new and better improved lines of butane equipment and appliances when peace comes," Baker told the Tribune reporter. "Right now almost every factory is working at capacity on war contracts. It is very interesting to see more than 1,000 men and women in a large plant producing some one item for the war department," he stated.

The Baker Flash-O-Gas company is one of the coming concerns of this area and will no doubt grow rapidly after the war when men and material are available for expansion. The business has much more than doubled its capacity since headquarters were moved from

## SEVENTEEN YEAR OLD MEN AND THE AAF

If you're a young American, 17 years old, not yet turned 18, this article is particularly for you. The roar of planes that are beating the Axis may be hammering the message of your future in the air. Most of you will be in the service, and a lot of you will be serving with the Army Air Forces. You already know something of air power. You can spot a Lightning or a Mitchell with a speed and accuracy that startles your dad. You realize the fact the fast-growing AAF is training pilots, navigators, bombardiers, gunners and all the rest of them at a rate no other nation ever tried before.

You're impatient, of course. If you are normal, healthy and 17 years old, you're not waiting to be told your future is in the skies of the world. How do you get ready—even before 18—to find the best spot you can fill in the AAF at War? First, go to an AAF Examining Board and apply for examination and enlistment. An applicant for voluntary enlistment in the Air Corps Enlisted reserve must have a birth certificate or other proof of date of birth and citizenship, three letters of recommendation from reputable citizens and parents' consent.

When you are called for active duty, on or after your 18th birthday, you will be a private in the AAF and assigned to an AAF Basic Training Center. This is where you first get basic training as a soldier and learn the fundamentals of military life for five weeks. You also will be given various screening tests to determine your classification as navigator, bombardier, pilot or gunner.

"Enlisting" your parents as well as yourself is more than a formality. The AAF is the world's greatest team. It wants your parents to support you and this team to the limit, just as your dad cheers from the sidelines when you take the football field. The AAF wants them to know its safety record—the world's best in point of flying hours. But most important, the Army Air Forces insists on complete training before you go into the skies. Your

father and mother should know this.

Remember what it takes to guide a bomber hundreds of miles into German or Jap territory with only stars as sign-posts. Every bomber mission calls for well trained and well disciplined men. Brush up on your English and History. The AAF is operating everywhere in the world you may have to deal with foreign statesmen, native tribes or perhaps enemy prisoners. How you talk and act can help or hurt America. You will want to express yourself well and to know what brought on the War and why we are fighting.

Seventeen year old men may also enlist in the ACER for ASTRP training. What is ASTRP? (Army Specialized Training Reserve Program.) It is academic training which is given at colleges and universities at government expense to eligible young men before they are called to active duty. If you are not interested in ACER or ACER-ASTRP training, you may apply for ERC-ASTRP or ERC Unassigned, provided you are qualified for such training. In event you enlist in either category, you may apply for Air Combat Crew Training at a later date and be transferred to the ACER for training, provided you qualify mentally and physically. This step must be taken prior to your 18th birthday. If you desire to remain in the ERC-ASTRP or ERC Unassigned, when called to active duty, you are subject to be assigned to any branch of the Army.

This is an excellent opportunity for 17 year olds to start a career which they will long remember. Don't wait, contact Recruiting Office, Room 208, Post Office, Lubbock, Texas, today. Tomorrow may be too late.

Mr. and Mrs. W. O. Robertson of Mt. Pleasant left for their home Monday afternoon, after a few days visit here with friends. They were guests of the editor and Mrs. Hill while here. The Robertsons formerly lived here, Mr. Robertson having been employed by W. M. Harris as embalmer and funeral director. They have hosts of friends here.

D. R. Adamson, who has been taking the hot baths at Hot Springs, New Mexico, the past three months, returned to Tahoka last Saturday. A relative from Ralls, J. A. Cornelius, and his daughter, Miss Melba Adamson of Brownfield, went over and accompanied him home. Mr. Adamson says that while there he took advantage to go over and visit the great Wagon-rod Ranch, formerly known as the Diamond A Ranch, consisting of more than a million acres of land and stocked with fine Herefords. Says also that he greatly enjoyed the weekly visits of The Lynn County News.

## VOTE FOR—

## Lewis Kenley

For County Commissioner, Precinct 2

He has been tried and found true, possessed of all the necessary qualifications. We believe he would make a good official. He is always prompt and efficient in serving in community and civic affairs.

Lewis Kenley is in favor of doing all that can be done for the Farm-to-Market roads, and for fighting the Johnson grass in the barrow ditches.

If he is elected to the office, we are convinced that he will put more time and effort and careful consideration into the care of our roads, as we people pay taxes for that purpose.

Let's elect him county commissioners from our precinct.

## L. C. CREWS

Candidate for Commissioner of Precinct No. 4, Lynn County

Lacked only 18 votes of obtaining a clear majority of all the votes polled in Precinct No. 4 at the July 22nd Primary over two opponents. Under the former law, the one getting a plurality of the votes cast was the Nominee.

Mr. Crews is a clear-headed, successful, hard-working, honest business man, and the office of County Commissioner is one for just such a man, and as such we recommend L. C. Crews.
