News Editor In Tahoka 21 Years

Twenty-one years ago this week the present owners assumed control of this newspaper. The senior editor's name appeared at the masthead for the first time on Nov. 3, 1923.

The News is the oldest business institution on the Plains south of Lubbock.

The newspaper itself is 41 years old. It was launched on Oct. 9, 1903, by Inez and Otis Lilly. After a few months struggle, the owners suspended publication for a few months, and finally the H. C. Cries acquired the property and resumed publication in 1905. Occasionally after that for a year or two it missed fire for a week at a time, and that is the reason our Number and Volume do not correspond to the age of the paper.

In the middle 'teens, the Cries sold to James L. Dow, editor of the Lubbock Avalanche, who first leased and then sold the property to Bob Haynes. Mr. Haynes sold it to the present owners in the last days of October, 1923.

And so we are still here. Good morning, everybody!

New Armory For Guard Company

A part of the Belton Howell building next door to Gibson Motor Freight has been secured by Co. F, 39th Bn., Texas State Guard, for its armory, according to Capt. E. R. Edwards. Guns, ammunition, and supplies have outgrown the space available at the Legion Hall.

Capt. Edwards warns that all green coats, plaid coats, and black shoes issued Guard members must be turned in immediately. Failure to do so within the next few days will result in reporting same to Army officers. Present or past members of the Guard who were issued this clothing and have not returned same may have embarrassment by doing so immediately.

Lt. Col. Taylor of San Antonio was here last Friday inspecting the company's equipment.

Red Cross Seeking Lynn County Man

The American Red Cross is seeking one man from Lynn county for foreign service work, according to Tom Garrard, county judge. This man will be paid \$225.00 per month, plus all expenses. He must be between the ages of 30 and 45, and able to meet strict physical and mental requirements.

Anyone who thinks he could qualify should see Judge Garrard.

DOUBT IN GERMANY

1st. Lt. Corbin Douthit, son of Mr. and Mrs. Henry Douthit, who was reared here and taught in the Draw-Redwine schools, now is in Germany with an infantry company of the American First Army.

This week, his brother-in-law, Herschell Collings of Lubbock, received a box of cigars Corbin had secured from a captured German officer. Henry was exhibiting one of the German-made "ropes," a "Willem II." here Wednesday.

Mrs. Sam Privitt of the Sinclair Clinic had a telephone call recently from her husband, Captain Sam Privitt, stationed at Honolulu, in which he stated that he expected to be sent to Texas for some special training soon.

Mrs. Melvin Punkoney, the former Billie Riddle, for the past ten months an employee of the local AAA office, left Wednesday for Bryan to join her husband, Cpl. Punkoney, who has been stationed there for quite a while.

All Lynn County Schools Will Observe American Education Week, Nov. 5-10

Every school in Lynn county will observe the week of November 5-10 as American Education Week, most of them holding special programs.

Each of the 520 Tahoka Grade School students will participate in the American Education Week program which will be staged Thursday, Nov. 9, at 8 p. m. in the Tahoka grade school gymnasium, according to W. T. Hanes, superintendent.

Portraying the spirit of Education, Peggy Pat Sherrod will be mistress of ceremonies and will introduce skits on the various school subjects.

Literature will be presented by second, sixth and seventh grade students under the supervision of Mesdames Zuma McWhirter, Deck Dunagan, and A. R. Hensley, when characters from Mother Goose, imitative stories, fairy tales and adventure stories will be introduced in costume.

Geography will be studied through the songs of China, Great Britain. (Cont'd. on page 6)

Charles Gagnat Killed In Action

Mrs. Charles Gagnat received a message Monday morning from the Adjutant General in Washington stating that her husband, Capt. Charles A. Gagnat, who had been previously reported missing in action, had been killed on July 23, the same date on which he had been previously reported as missing.

The previous message had given the locus of the tragedy as Etampes, France. An inspection of the map reveals that Etampes is situated some 30 to 40 miles south of Paris and almost the same distance east of Chartres.

Information gathered from other sources revealed that Capt. Gagnat was commander of a flight of six P-38 fighter bomber planes, Lightnings, and that they were flying low and had just dropped their bombs upon certain enemy targets, immediately after which they were attacked by at least 20 German Fock-Wulf planes coming suddenly out of overcast skies and all six of our planes were knocked down. Seven of the enemy planes however were also brought down, it was claimed. (Cont'd. on page 6)

Tahoka Captain Aiding Wounded

With U. S. Forces in France, caring for wounded soldiers during a brief wait for air evacuation is the job of 19 nurses serving at a United States Army field hospital following the First Army in France.

Headed by Captain Claudia M. Draper of Tahoka, Texas, the nurses put new bandages on patients in from casualty stations closer to the front. Some of their other duties are to administer sulpha drugs and penicillin, help doctors put casts on patients and assist in necessary operations. Capt. Draper's parents, Mr. and Mrs. I. M. Draper live at Tahoka.

In order to maintain an average of 500 evacuations a day, nurses have to be swift in caring for the wounded. Many little things such as washing faces have to be skipped during peak periods, but the men are thankful for all the care they receive.

"They never complain and are always smiling and happy, thinking we are doing too much for them." (Cont'd. on page 6)

Wilson 4-H Club Boy Is Winner In State Victory Garden Contest, Stone Reports

Carlton Wilke, 11, Wilson 4-H Club member and son of Mr. and Mrs. Benno O. Wilke, who reside on their farm east of Wilson, has been selected by L. L. Johnson, State Boys Agent of the Extension Service, as winner of a \$25.00 War Bond in the Green Thumb Garden contest sponsored by the National Victory Garden Institute, announces Robert L. Stone, Lynn county agricultural agent. Although the amount of the award is not outstanding, Carlton can well be proud of the fact that he won this award in state-wide competition.

Carlton is also competing in the Lynn County 4-H Victory Garden contest, and although the winners have not yet been announced, it can be said that he did have an outstanding garden among the 150 (Cont'd. on page 6)

Sgt. Bolch May Be In German Prison

Mr. and Mrs. D. J. Bolch of O'Donnell are now hopeful that their son, Sgt. Don Hulien Bolch, who has been reported as missing in action, is still alive though he may be in a German prison. He had been reported as missing since Sept. 12.

A second official communication received by Mr. and Mrs. Bolch stated that Sgt. Bolch was a crew member of a B-17 Flying Fortress bomber which departed from Italy on a bombardment mission to Southern Germany on Sept. 12, and that on that date while this bomber was over the target area it sustained damage from enemy anti-aircraft fire. From a point north of Innsbruck, Germany, the pilot of the disabled craft reported to the accompanying formation that all the crew had bailed out and he was leaving the ship. Only four parachutes were sighted, the communication stated, but it was believed that all ten men had parachuted to safety.

Innsbruck is in Germany but only a few miles from the border line between Germany and Italy, in a mountainous region near Brenner Pass.

Doctor Speaks On Socialized Medicine

Dr. Emil Prohl was the principal speaker at Thursday's Rotary Club luncheon. His subject was "Socialized Medicine" and he brought to light many interesting points of view to the so-called Wagner Act proposed before Congress. He distinguished socialized medicine from "bureaucratic medicine." The News would like to report his talk more fully for the information of our readers but we are limited on time and space.

McCord Will Speak

Rollin McCord will speak over KPVO Saturday morning from 7:25 to 7:30 and on Monday morning 8:00 to 8:15 in behalf of the Roosevelt-Truman ticket.

O'Donnell Couple Wed

Leon Hollis Edwards and Miss Mary Pennington of O'Donnell were married before the altar of the Methodist Church at 12:30 p. m. Sunday by Rev. H. A. Nichols, pastor.

Mrs. R. K. Rogers and little daughter of Albuquerque, spent several days recently with her parents, Mr. and Mrs. Tom Smith of Redwine.

W. J. Hargett of Dallas is here visiting his son, H. O. Hargett and family. Mr. Hargett lived over in Garza county a few years in the middle 'twenties."

National Election Next Week Holds People's Interest

Next Tuesday, November 7, the voters of the United States go to the polls to elect a president and vice-president for the coming four years.

Though a war-time election, the national contest has been bitter, a result of Franklin D. Roosevelt's fourth-term campaign and Thomas E. Dewey's denunciation of the President's liberalism, policies, etc. President Roosevelt's Democratic running mate, Senator Harry Truman of Missouri, and Republican Governor John W. Bricker of Ohio have also been waging vigorous campaigns.

In Texas, the party issue has been further muddled by the Texas Regular Democrats who have a set of electors on the ballot. The Regulars, as most everyone knows, are Democrats opposed to the present administration, who have stated they would cast their electoral votes for someone other than Roosevelt.

Texas voters also will pass on two constitutional amendments, to be found at the bottom of the ballot.

Every qualified voter should consider it his patriotic duty to express himself at the polls Tuesday.

Tahoka-Seminole Game Tonight; Big Spring 6-0 Victor

Tahoka Bulldogs will meet the Seminole Indians, last year's football champions, on the local field tonight at 8:30 o'clock.

Though twice defeated in conference competition, the Indians are potentially a good team, and may give the Bulldogs a lot of trouble.

Thursday night of last week the Bulldogs lost to Class AA Big Spring Steers by a score of 6 to 0 in another one of those games that was nip-and-tuck all the way. On several occasions, Tahoka is said to have threatened to score, and the local boys feel like they have just as good a team as the AA Steers.

Wednesday afternoon, the juniors, the Bulpups, lost 13 to 6 to the Lamesa Juniors at Lamesa.

Thursday afternoon, the B squad went to Ropesville for a return engagement with that team.

Though the B team and the juniors have not had too much success in winning games, Coach Leo Jackson says that more boys than ever before—nearly 100—have received the benefit of physical training offered by football, and at the same time the future Bulldogs are getting some valuable playing experience.

A crowd is expected at tonight's game, as this may be one of the best of the season.

Friday night of next week, the annual Lynn county classic, the game between Tahoka and O'Donnell will be played on the Tahoka field.

Officers Attending Eastern Star Meet

Mrs. Jim Burleson, Deputy Grand Matron of the Order of the Eastern Star for district 2, section 2, and Mrs. Arthur Biggerstaff, Past Worthy Matron of the Tahoka Chapter, attended the streamlined one-day session of the Grand Chapter in Fort Worth Tuesday, leaving here Monday morning.

Mrs. W. M. Harris, Worthy Matron, accompanied by Mr. Harris, also attended. They left Monday night.

F.V.T. E. WAYNE SHAWN GRADUATES AT AMARILLO

Mr. and Mrs. E. W. Shawn received notification a few days ago that their son, Pvt. Edward Wayne Shawn, had completed his course of studies as an aviation mechanic in the Army Air Forces Technical Training School at Amarillo.

The report shows that he had outstanding grades, and he has been made an instructor at that school.

Tahoka Soldier With Fifth Army During Fighting Thru Italy

With the Fifth Army in Italy—Pvt. V. H. Lindsey Jr., automatic rifleman from Tahoka, Texas, is a member of the 350th Infantry Regiment, one of the 88th Infantry Division units which paced Lt. General Mark W. Clark's Fifth Army smash from the Garigliano to north of the Arno River in Italy.

Men of the 350th, hardened mountain fighters, went in to action in early March and during the drive up the peninsula, skipped cities and towns to capture innumerable strategic heights which paved the way for advance of other Fifth Army units.

Particularly outstanding was the regiment's capture of Mt. Cianelli in 51 minutes after opening of the May 11 drive. Seizure of this height, almost unmentioned in news dispatches at the time, has been described as the most important action in the initial operations against the Gustav Line since it cleared the flank of the French Corps and enabled the French to crash through the bottleneck that was Castleforte.

After Cianelli came Hill 316, Mt. Caracci, Ventosa, Mt. Rotundo, Mt. Casareccio, Mt. Marino, Mt. Alto and Salvatore. Standing off fierce

German counterattacks in a valley south of San Boglio, where supplies and ammunition were dropped from planes, the 350th drove on to capture Rocca-secca del Volsci, 10 miles ahead of Fifth Army lines.

Swarming down out of the mountains after Rocca-gorga, a motorized unit of the 350th was among first Allied troops to enter Rome late Sunday afternoon, June 4. North of Rome, the 350th was pulled out for rest and reorganization and returned to the lines July 7.

Assigned a corps objective in the Volterra area, key point in the Nazi line below the Arno River, the 350th attacked the night of July 8 and took, on schedule, the high ground to the west and north of the famed hilltop town, ancient stronghold of the Etruscans. From Volterra, the 350th drove steadily across rough and treacherous terrain to the Arno.

Trained originally in Oklahoma, Louisiana and Texas under command of Colonel Charles P. Lynch, who served during World War I as a lieutenant in the same regiment, the 350th came overseas late in 1943 and went into the Minturno sector in early March of this year.

Shortly after taking up defensive positions, it equalled its world War I record of being the first unit of the 88th to repel a German thrust when it beat back a strong German daylight raiding party.

Wounded in action, Col. Lynch was recalled to the States. On May 6, Col. James C. Fry of Sand Point, Idaho, and Washington, D. C., who had requested overseas duty, assumed command of the 350th and led it in its spectacular march across the Italian peaks.

R. W. FENTON GUESTS RETURN TO HOME

Out-of-town guests who were here a few days last week during and following the celebration of the Golden Wedding anniversary of Mr. and Mrs. R. W. Fenton Sr. and who have now returned to their respective homes included the following:

Mrs. S. M. Richardson, sister-in-law of Mrs. Fenton, Denton; Mrs. Frey Kelsay, Mrs. Robbie Fitzgerald and Mrs. Beulah E. Hill, cousins, all of Denton; Howard Fenton, son, and his wife, San Angelo; Ney Camille Fenton, Jessye Fenton Baue, and G. P. Bane II, two years old, all of Longview; and Sgt. Robert, LAAF, Lubbock.

Grassland News

(By Mrs. V. V. Laws)

The ladies finished their quota of 1800 surgical dressings Oct 24 instead of 800, as was printed last week in the Grassland news.

Mr. and Mrs. W. G. Brookshire are happy to have their son, S/Sgt. Price Brookshire home on 15-day furlough after completing 50 missions over enemy territory.

Pvt. Doyle Jones is to have a 10-day furlough soon after he finishes maneuvers. He is stationed at Camp Walters.

Dick King left for service Wednesday of last week.

M. R. Jones left Tuesday to join his wife and son in California, where they expect to make their home.

Arnold Dean Laws was given a Halloween and birthday party Friday evening. Nine guests were present: Ronnie Brown, Kenneth Huffaker, Phillip Murry, John Paul Lawson, Earl D. Patterson, J. B. Greer, L. F. Williams, Harry Lee Short, Bob Hoover, and the honoree, and also "the greatest witch and fortune-teller of the world, Madam-moselle Henrietta Killorbelkilled and her magic wand and lamp.

Friday night the girls basketball team sponsored a box supper at the gym which brought in a nice purse. The money is to be applied on the girls suits. Jeff Huddleston and J. W. Parrish were run as the ugliest men, a close race, but Jeff received the prize, a nice cake—some consolation for being ugly, anyway.

Pfc. Kelly Laws, who is in the Paratroopers, reports that he has seen some pretty sights but none as pretty as a look up and see a parachute unfolding. He has made his fifth jump.

Last Friday afternoon, Garnolia and Grassland boys played a game of softball here, the score being 32 to 26 in favor of Grassland.

Mrs. C. C. Johnson and son Billy Don of Hobbs, N. M., visited her brother, V. V. Laws, over the week end.

Congratulations to S/Sgt. and Mrs. W. C. Hayhoe of Glendale, Calif., on the birth of a son recently, named Walter Richard, weight 8 pounds, 1 1/2 ounces. Mrs. Hayhoe is the former Miss Frances Aten.

Rev. and Mrs. Odell Brown and son Ronnie are leaving this week for their new pastorate at Wellington. We will miss them but wish them well in their new field. The new pastor for the Church of the Nazarene is moving in this week.

Mrs. A. A. Lawson is visiting her mother at Bowie.

Mrs. C. P. Bullock and children of Abilene, visited relatives here some few days back.

Mr. and Mrs. J. D. Long and Miss Lorene Lynn of Tahoka visited in the V. V. Laws home last Sunday. Miss Lorine remained for a three-day visit with Eulamae.

MRS. CURRY GIVEN SHOWER

Mrs. Jim Bob Curry was the honoree at a pink and blue shower given by relatives Monday afternoon of last week in the home of Mrs. Wiley Curry.

After viewing the gifts, refreshments were enjoyed by Meses. W.A. Yates, W. M. Thompson, J. Y. Thompson, N. M. Barham, Wiley Curry, Tom Hale, Otis Curry, Cecil Curry, John Fulford, Dewey Curry, and the honoree.

Pvt. Charles King and his father, Ben King of Lamesa, were here Monday visiting Ben's mother and other relatives. Pvt. King was born in Tahoka and spent much of his boyhood here. He has been in training at Fort Bliss. He came home on Thursday of last week and expects to leave next Sunday for Colorado Springs, Colo., for further training.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

The News had an order for a subscription a few days ago from Mr. and Mrs. D. H. Clements, who moved from this county to San Diego, Calif., in 1941. Mr. Clements has since been at work in a defense plant there and Mrs. Clements is head supervisor over a school cafeteria. Mr. Clements, we are informed, has made quite a record in defense work, having lost only one day in three years.

**The Farmer must have his Government work FOR him, NOT against him.
So his choice is clear. American farmers can choose between:**

A REPUBLICAN Administration that looks after business interests first, and not the farmer, that believes depressions are an act of Providence, and so does nothing about them!

Or the DEMOCRATIC administration that believes in prosperity for ALL, that believes in the American farmer, and that has PROVED it knows how to protect the farmer's interest today and tomorrow.

THREE REPUBLICAN ADMINISTRATIONS WATCHED THE FARMER SINK DEEPER AND DEEPER INTO THE DEPRESSION . . . AND DID NOTHING ABOUT IT!

The American Farmer has magnificently justified the faith shown in him by this administration. Both the Land Banks and Federal Farm Mortgage Corporation have operated at a profit. Millions of farmers have paid off loans, and other millions have cut down their indebtedness.

By 1939, farm mortgage debts had shrunk almost a full quarter (instead of going up, up, up as they had under Republican Administrations). And since 1939, farm mortgage debts have decreased another billion dollars.

IT LOOKS LIKE A LANDSLIDE

The election is still a week off as this is written but we are going to stick our neck out and predict a landslide for F.D.R. in the number of electoral votes if not in popular votes.

We base our conclusions partly on the Gallup poll, which, in our opinion, has made the outlook for the Republicans too rosy for the beginning.

In its report published last Sunday, the Gallup poll indicated that Roosevelt had 179 electoral votes definitely in the bag, all coming from the Solid South and the Far West with the exception of Rhode Island. It put 66 electoral votes definitely in the bag for Dewey, all coming from the Middle West with the exception of Indiana and Vermont.

But the Gallup poll gave only three other states in which the odds were in favor of Roosevelt, Connecticut with 8 votes, Maryland with 8, and Kentucky with 11; which would foot up 206 electoral votes favorable to Roosevelt. On the other hand it named 13 other states with 189 electoral votes, including New York, New Jersey, Ohio, Michigan, Illinois, Missouri, and

others, as favorable to Dewey, giving him a total of 255. It listed five states, with 70 electoral votes, in which the chances of the two candidates were about even, Massachusetts, Pennsylvania, Delaware, Oklahoma, and Oregon. It takes 266 votes to elect.

If, therefore, Dewey should carry all the states which Gallup says are favorable to him and should in addition get only 11 of the 70 votes from the five states in which Gallup says sentiment is evenly divided, he would have a majority.

And here is where we are going to stick out our neck. We are predicting that Roosevelt will not only get the 206 votes from states which Gallup says are favorable to him but that he will carry the five states with 70 votes in which Gallup says he has an even chance. That would give him 276 electoral votes, which would put him 10 votes over the deadline.

But we are going to predict that in addition to these states he will also carry New York, Illinois, New Jersey, and New Mexico, with 95 electoral votes. That would run his total up to 371 against 160 for Dewey.

If perchance he should lose Illinois, he would still have 343 votes, and if he should lose New Jersey in addition to that, his vote would be cut down only to 327. And we think he has just as good a chance to carry Michigan, as he has to lose either Illinois or New Jersey.

So, we think it almost a cinch that he will get well more than 300 electoral votes as a result of the general election next Tuesday.

Thomas E. Dewey has been making a vigorous campaign and will doubtless get a strong popular vote next Tuesday, but as a candidate he has given the impression of a drowning man grabbing at straws. He made a grave mistake when he majored on Roosevelt's foreign policy as the main issue of the campaign, for Roosevelt's foreign policy has been less subject to criticism than almost any other official act or policy of his administration. In the first place it has been eminently and obviously successful. Yet, Dewey's most vigorous and intemperate assaults have been on Roosevelt's alleged failure to prepare for war and his conduct of it after it came. The people of the United States are neither fools nor ignoramus. They know and the remember how a majority of the Republicans in Congress fought practically every defense measure that Roosevelt proposed. Now Dewey and Bricker are blaming Roosevelt for this country's unpreparedness when war came. It all sounds so insincere and hypocritical. By the way, the manner in which the President has been completely cutting the ground out from under these two gentlemen in his recent campaign speeches has been the pink of perfection.

While we are predicting, we will give it as our guess that Roosevelt will carry Texas over the Texas Regulars next Tuesday by about three to one and over the Republicans by about six to one; or by a vote of at least two to one over all opposition.

WYNNE COLLIER, Druggist.

We sympathize with some of the objectives of the Texas Regulars and it may be that some good will come out of their crusade against the regular Democratic nominee and some of his off-color supporters in the North and East, but they certainly can not hope to elect Senator Harry F. Byrd or any other Democrat, real or nominal, if Roosevelt should fall of election. The only immediate result of such a contingency would be the election of the Republican nominee, Thomas E. Dewey. We think that would be a grave mistake. Southern Democrats could not expect him to yield to any of their demands and in addition to that we all would run the risk of having appeasers if not outright isolationists representing the United States at the peace table following this war. Furthermore, a defeat of our great war leader, F. D. Roosevelt, would be disturbing to our Allies and would adversely affect their morale as well as our own. The Texas Regulars not only have run off on a wild goose chase but are pursuing a course which, if successful, might be detrimental to the prosecution of the war and the conclusion of the peace.

Southland News

(By Mrs. Marvin Truelock)

Dove Mayfield Jr., slipped and fell, breaking his right arm, at the school gym Sunday afternoon.

Celebrating Jo-Jo Harmonson's ninth birthday, the entire classes of Junior boys and girls of the Baptist Church spent Sunday with him. In the afternoon, after various games, the girls carried flowers to Southland's three shut-ins, Mrs. E. M. Basinger, Miss Eva Anderson, and Robert Sartain, the latter having recovered enough to walk around town now. The two teachers, Mrs. O. J. Harmonson and Mr. D. H. Mayfield and their families and the following were present: Emma Lou Basinger, Doris Jean Sartain, Joy and Loy Trimble, Veva Smoot, Donna Jones, Glynda Grantham, Frances Lockler, Buford Duff, Donald Basinger, Tommy Leake, Elton Truelock.

Friday night at the Hallowe'en carnival, the Seniors raised the most money, \$126.03, thus electing their nominee for queen, Eddie Marie Cummings. Jack Lancaster, the king, crowned her. The Juniors raised \$45.10; their duke and duchess were Bobbie Field and Mary Nell Simms. The Freshmen were third with \$44.66; their candidates were Duke E. C. Smallwood and Duchess Helen Ruth Barton. The Sophomores raised \$35.48 and their candidates were Billy Lancaster and Barton. There was \$6.73 donated to the football boys.

Thursday morning, three telegrams were received from boys in service. Ding Martin informed his parents, the Ed Martins, that he had landed in Philadelphia, and wired again Saturday that he was leaving the States again. Neil Smallwood, oldest son of the G. N. Smallwoods wired that he is back in the States. Slater Moore, sailor son of the J. F. Moores, is also back in the States.

Sgt. Billy Basinger had informed his wife and parents that he would arrive in Southland Sunday. Instead he surprised them by coming Saturday afternoon.

Saturday S/Sgt. J. B. Jones' first letters to arrive in six weeks came from the Philippines. He and his sister's husband, Sgt. J. Jenkins are still together. The former has just passed a course in the Unit Jungle Training Center at Schofield Barracks, Hawaii, that is equal to a two year course in West Point.

Last Monday Clyde Anthony came through our town via the train. He had written a letter to his grandparents, the E. M. Basingers, tied part of a deck of cards on it for weight, and threw it at the depot. Two weeks ago he was transferred from Georgia to California, and was on his way to Calneville, Texas.

Last Thursday, Mrs. W. H. Fletcher left of Amarillo to go home with her oldest son, Frank Fletcher, to Liberal, Kan. Frank makes monthly trips to Amarillo for eye treatments. His mother plans to visit a week or longer, according to word received by her daughter, Mrs. Marvin Truelock.

Mrs. Ed Day of Muleshoe is visiting.

REAL DEMOCRATS...GOOD REPUBLICANS... LET'S FIGHT THE NEW DEAL TOGETHER!

Here's the way to do it! Cross out the New Deal electors on the Democratic ticket. Cross out the other parties. But leave the Texas Regulars!

Loyal Democrats—here's the way to stay Democrats—and vote the New Deal OUT! Good Southern Republicans, and all you loyal Texans who have no party flag—we invite you to rally under the banner of the Texas Regulars—rally to the ticket that will win!

It's time for a change! Time to forget you're a Republican or a Democrat. Time only to remember that you are a Texan. An American. That you love your country and want it to stay just like it is.

Can it be free Texans believe one man is

indispensable to the future of our country? Can it be free Texans believe one man should stay in power for 16 years? Can Texans, Democrats, believe our great Party should be run by alien-born Sidney Hillman, by Communist ex-convict Browder, by the big city political bosses who would sell out the South for the Harlem negro vote?

But we must stick together! Remember, we vote by states—unless we WIN in Texas—every last vote we cast is LOST!

Join with us, you good Republicans! Join with us, you Independents—join a great crusade! We'll march to the polls together. We'll strike down the New Deal Communism that raises its terrible shadow

over America. Vote with us—we'll lick the New Deal in Texas—and we'll keep America FREE!

WILL WE SUBMIT TO THIS?

boys having 4-H Victory Gardens included in their demonstration program.

Carlton raised 19 kinds of vegetables in his 4-H Victory garden. Also, it can be said truthfully that Carlton was really responsible for his garden which he planted of his own choosing in order that he might be a more productive young soldier on the home front producing food.

His 4-H records show that he produced 586 pounds of vegetables consumed fresh by his family, sold 350 pounds of fresh vegetables, and his mother canned 206 quarts of vegetables, and cured, dried, or placed in their frozen food locker 486 pounds of vegetables.

Carlton had a number of other 4-H demonstration projects this past year and is planning an extensive 4-H program this year, including feeding out some beef calves, raising some registered hogs, crops, another Victory garden, etc. He hopes to build up a 4-H record which will enable him to win a trip to the National 4-H Congress held annually in Chicago by the time he is fifteen.

He was recently elected president of the Wilson 4-H Club for the current year.

said Lt. Eva D. Whittier, Georgetown, Mass., "even though it is a little that we have time to do. We can't give them many comforts. We just have time to change bandages, give hypodermics, and serve a hot meal."

Patients are evacuated to England if their period of recuperation will last over 30 days. All cases whose recuperation period will be under 30 days are sent to hospitals in Paris or the Normandy peninsula.

The nurses arrived in France just before the fall of Cherbourg and were members of the first American staff to take over the Pasteur hospital in Cherbourg. The nurses had to clean up the mess in the hospital left by three days of continuous operations by German doctors as well as clean up rancid butter and milk from pharmacy and medicine tables. This meant carrying water bucket by bucket up three flights of stairs as the city's water system was not operating.

Earl Moore, Lubbock, Buried Last Week

One of our grocers called our attention Tuesday to the death of Earl Moore in Lubbock on Tuesday of last week, with funeral services in the First Baptist Church in that city on Thursday.

Mr. Moore was salesman for Ben E. Keith Company and visited Tahoka regularly each week. In fact, he had been salesman for this concern in this territory for about twenty years, and he had many friends in Tahoka and among the business men of the county.

His death was attributed to an attack of heart trouble.

"We will all miss him very much," was the comment of A. L. Smith in reporting his death.

Mrs. A. N. Norman, the former Miss Auda Mae Aycox, left here on last Saturday to join her husband, F. O. A. Norman, at Maxton, N.C., where he is in training in the Maxton Army Air Field. He had been sent to that place recently from the Midland Air Base. Mrs. Norman had been with him at Midland and had come up on the previous Sunday to spend a week with her parents and other relatives before proceeding to Maxton.

Charles Gagnat

(Cont'd. from first page)

The telegram received Monday stated that letter would follow, and it is hoped that Mrs. Gagnat and his parents, Mr. and Mrs. D. W. Gagnat, will soon have more detailed information.

Capt. Gagnat had been on active duty in the Air Forces for about a year, being with the Ninth Air Corps, The P-38, Mr. Gagnat explains, was originally strictly a fighting plane but these had been equipped also as bombers.

Captain Gagnat was reared in Tahoka, this having been his home since he was a mere infant. Had he lived he would have been 25 years of age on the 13th day of this month.

After graduating at the Tahoka High School, he attended the New Mexico Military Institute at Roswell one year. He was then given an appointment at West Point, U. S. Military Academy, but found the work more difficult than he expected, and the next year he attended the Texas Technological College. He then went back to West Point for three years, graduating there on June 1, 1943. On the previous day he had graduated at the Stewart Air School at West Point and received his wings. On June 1, he was also married to Miss Ann Patricia Kane of New York City.

He had taken his elementary training at the Vernon, Texas, Army Air Field and his basic and advanced training later at Stewart Field, New York.

Charles and his wife visited here soon after they were married, and this summer their little daughter, Patricia Dawn, was born here. He had never had the pleasure of seeing the infant.

Mrs. Gagnat has been here at the home of his parents for the past several months, and during her residence here she has made many friends in Tahoka.

Charles Gagnat was generally recognized as one of Tahoka's finest young men and was very popular here.

All these friends profoundly regret his tragic end and sympathize with all the family.

Miss Myrna Dean Gagnat, Charles' only sister, who is a student in Briarcliffe Junior College only 18 miles from West Point, upon being informed of her brother's death, set out for Tahoka, and she arrived here Thursday afternoon.

City's Johnson Grass A Threat to Farm South of Tahoka

There are fields of cotton in Lynn county this year that makes the on-looker feel that he is down in the Brazos bottoms somewhere. One such field is that of John Slover, a mile south of Tahoka.

The writer accompanied Mr. Slover down to that field Tuesday morning and honestly we don't know when or where we last saw such cotton. Some portions of that 90-acre field will make far more than a bale per acre and it is believed that the field of 90 acres will yield at least a hundred bales of cotton. If you doubt this, get John to take you down for a brief inspection trip. He will be glad to do so.

But every rose has its thorn, it is said. John showed us a Johnson grass jungle alongside that field that threatens to overspread and ruin it. He has been fighting desperately year after year to keep the grass from lapping over onto his property and thus far he has been successful, but one look at that jungle will convince anyone that he can not succeed much longer unless the owner of the jungle joins in on the war against this menace. The owner is the City of Tahoka. Its cess pool, into which its sewer system empties, is situated on this tract which consists of 25 acres. The City Council, we

understand, has resolved to do "something about it" but it will require heroic and sustained effort to eradicate that Johnson grass.

BAPTIST CHURCH

A study course conducted by W. J. Lites, Sunday School specialist under the state board, designed to bring about "inside enlargement" of the Church school, has been in progress at the Baptist Church this week, with about sixty Sunday School officers and teachers and other workers in attendance. The creation of needed new classes, however, has been hampered by lack of Sunday school rooms. In spite of this obstacle, one new class in the adult department is being organized, and a shift of the membership in a number of the classes is being made.

Sunday school attendance for the month of October averaged more than 280.

On Monday afternoon, about a dozen of the women of the church

went to O'Donnell and heard an address on Missions and Women's work by Mrs. J. A. Lunsford, a returned missionary from Brazil. Her husband served as pastor of the O'Donnell church before going to Brazil. Those attending were: Mmes J. W. Goodell, P. A. Nowlin, Alice Fortenberry, V. A. Botkin, H. P. Caveness, H. B. Howell, Jarrell Cox, Garland Pennington, L. M. Nordyke, H. A. Riddle, J. L. Nevill, J. M. Schott, and Mrs. Harrah Scott, who is living here for the duration.

Don't Keep Your Folks In the DARK

There's no reason for empty sockets or poor home lighting today. Most electrical dealers now have lamp bulbs in all common home sizes. You can "light up" at low cost, and make sure that everyone in the house has proper illumination.

Of course, you need more than bulbs to produce the proper light for easy, comfortable seeing. Check up on these points as well:

Keep bulbs free of dust and dirt. Keep reflector bowls and shades clean.

Put the right size bulb in each lamp or fixture.

If possible, have white linings in your lamp shades, to reflect more usable light.

Move lamps closer to points of use, so they shed more light directly on the work. In rearranging lamps, you may also be able to make them serve two people, and so increase their usefulness.

Your family needs good light, for the long evenings of fall and winter. Make sure they get it. Sight is priceless—light is cheap.

Capt. Privett Tells Of Narrow Escape

A 7th AAF Troop Carrier Base in the Marianas (Delayed—Threading his way between blasting batteries of American artillery and flying under shells that were pinning down the Japs 500 feet from the Peleliu air strip, Captain Samuel J. Privett of Childress and Tahoka, Texas, landed his 7th AAF C-47 troop carrier plane with a vital load of hydrogen.

The cargo was of such an explosive nature that any shell or bullet, Jap or American, might have blown the plane to pieces.

A short time after the daring landing, the badly needed hydrogen was being used by Marines in their flame-throwers to remove the Japs from positions on a ridge near the airfield.

Captain Privett's C-47, of the 7th AAF Pelican troop carrier squadron was the first transport to make the flight, passing close to the Jap strongholds of Yap, Ulithi and Pals, although unescorted and unarmed. He and his crew arrived at the newly captured air strip nine days

after the first beach-heads were established.

His flight of more than 800 miles started from a 7th AAF base in the Marianas where he and his crew had been on the alert for a call to bring back wounded from the Peleliu. When the emergency call for hydrogen came in they took off immediately for a base where 5,000 pounds of bottled hydrogen was waiting, loaded it and headed for Peleliu.

"We didn't mind flying unescorted (censored)" Captain Privett said, "but we were just a mite concerned over our cargo. One blast of flak and that stuff would really have blown up."

"We flew within 40 miles of Yap, and between Ulithi and Pals. They are fairly close together and by using our glasses we could see a lot of activity going on at both islands."

When the 7th AAF transport plane reached Peleliu Captain Privett was told to circle because of the bombardment, which was filling the air with artillery and mortar shells from 200 to 900 feet above the air strip. The artillery was at one end of the strip, and the Japs were on a ridge about 500 feet from the other end.

"We circled about for 40 minutes and it was really a \$4.40 seat for the show—only we were getting a little tired of hugging our dangerous cargo around," Captain Privett said. "I called the tower and was told that if we came in low under the baggage, which was letting up a bit then, we might be able to make it."

"I started my let down and approach a mile and a half away from the island and made a zig-zag approach. By the time we reached the end of the island the plane was 100 feet above the water. I twisted her in and around several battery positions with artillery fire shooting over us at the Japs."

"We made a good landing and rolled along almost to the other end of the strip. From there we could see the shells bursting on the ridge. All around the airstrip Marines were busy picking off Jap snipers who tried to creep up. We all thought of stray tracer bullets—and that hydrogen!"

"As soon as we cut the engines there was a Marine major asking if we brought the hydrogen. When I said yes he was a right happy guy. It wasn't long after that the Marines were using it on the ridge."

The next day the Japs had been cleaned out of the ridge and the batteries had moved, so the take-off of the 7th AAF plane for the flight back home was made without an artillery accompaniment, and also without the highly inflammable cargo.

Captain Privett's parents, Mr. and Mrs. A. M. Privett, live at 401 Ave. H, Northwest, in Childress. His wife, the former Greta Joyce Applewhite, lives at Tahoka. He is a graduate of Childress High School and came into the Army in June, 1940.

IT'S YOUR CHOICE

PARTY LOYALTY OR GOOD GOVERNMENT

GOVERNOR THOMAS E. DEWEY
OF NEW YORK

Candidate for President of the United States

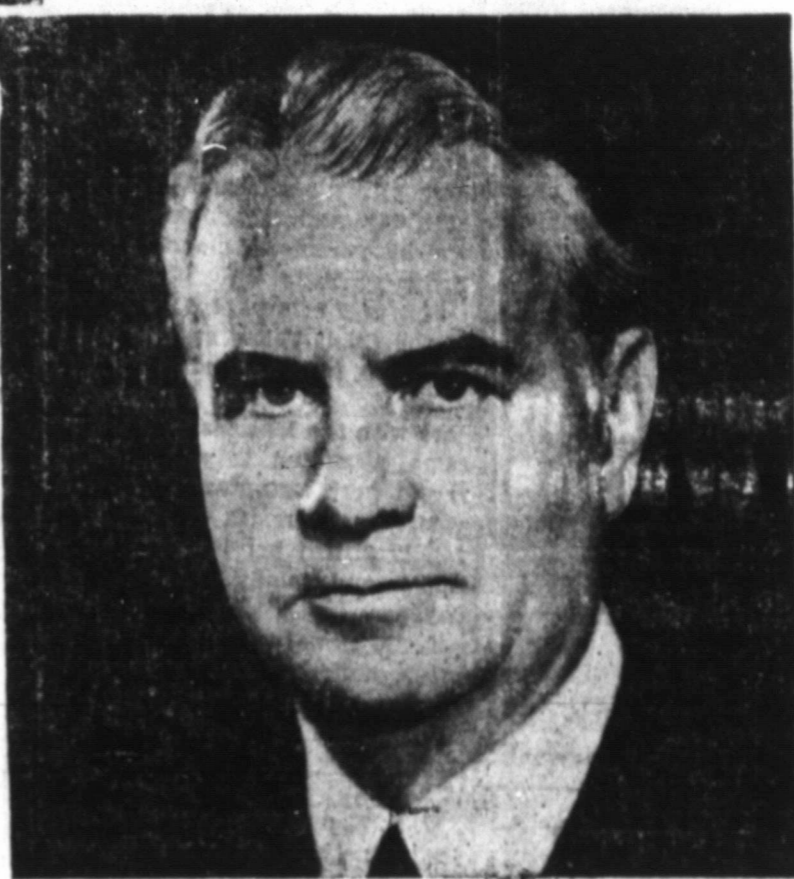

Vigorous young Prosecutor of New York City who cleaned up that city . . . its racket, its politics. Among the 73 racketeers and politicians sent to the penitentiary were Judge Martin T. Manton, U. S. Circuit Court of Appeals; James J. Hines, notorious Tammany boss; Fritz Kuhn, the Nazi Bundist and scores of labor racketeers.

When District Attorney Dewey retired at the end of four years—TWO TERMS—he had obtained convictions in 94.3 per cent of cases tried.

As Governor of New York he has organized an efficient government, and turned a Democratic deficit into a surplus of more than \$163,000,000; he simplified income tax returns; he provided a simplified soldier ballot which will enable every New York service man or woman to vote for every candidate from President of the United States down to the officials of his home town.

Is married to the former Frances Hutt of Sherman, Texas; has two sons, and his home is on a farm, now in Pawling, N. Y.

GOVERNOR JOHN W. BRICKER
OF OHIO

Elected Attorney General of Ohio in 1932, re-elected 1934—both times elected in face of a Democratic landslide.

Elected Governor of Ohio in 1938, following six years of Democratic governors . . . The new Governor found affairs in a deplorable condition. Corruption had been rampant; payrolls were overmanned; the treasury had a \$40,000,000 deficit. One of his first official acts was to dismiss 3,000 state employees. Before the end of Governor Bricker's first term, the state was on a pay-as-you-go basis. The State at the end of his term had a surplus of \$90,000,000.

Two major examples of shocking graft in the previous Democratic administration was uncovered. In one case, the state's contract for trucking liquor had been let at 17 cents a case to a company which did not own a single truck, but sublet the contract to a real trucking company at 11 1/2 cents a case. The contract was outlawed in the courts and the state recovered \$113,740.

Also under Bricker the grasp of the so-called "hot mix" ring on State highway contracts was broken and cost of paving material reduced from \$12.96 per cubic yard to \$8.00.

Tahoka Man Flies Food To France

An Eighth Air Force Liberator station, England.—They called it "Brogger's Grocery Run" when the group commanded by Col. Jacob J. Brogger of Butterfield, Minnesota, called a temporary halt to bombing the enemy, and took food supplies to the people of France.

Second Lieutenant J. W. Hickerson, husband of Mrs. Laura E. Hickerson of Tahoka, is a pilot in the group.

Not long before this these same Liberators had dropped bombs on the airfield in Central France. But then the field was in the hands of the Germans. When the planes landed, the runway was lined with waiting citizens of the town. Crying "Vive l'Amerique" and giving the Victory sign, they greeted our crews. It was the first time the American bombing crews had a close-up of the havoc they had wrought. Buildings and runway were demolished but American engineers had put the runway in order.

One of the American crew members offered a pack of cigarettes to a Frenchman. It was intended as a gift, but the Frenchman would not have it so. The Frenchman thrust a ten franc note upon the giver, and haltingly explained it was not a matter of the note's value. It was both a souvenir and a bond of friendship. There was some swapping, but no free giving. The crews exchanged cigarettes and sugar out of their rations for peaches.

It was the first time men of this group had landed on French soil. Previously they were greeted by flak and fighters. Now they were welcomed by friends.

(By Mrs. C. B. Nowlin)

Pfc Glyn Ensor, stationed in Arizona, is spending his furlough here with his wife and son her parents, Mr. and Mrs. John Timmons, and his parents, Mr. and Mrs. R. N. Ensor at Petty.

Shorty Airhart of Dallas visited in the Odell Valentine and Herman Timmons homes Sunday.

Joe Schwartz and Clyde Gambel are with the Marines in South Carolina, according to a telegram received here Saturday.

Mr. and Mrs. C. B. Nowlin and family visited her brother, Jim Bob Smith and family at Spade Sunday.

Little Howard and La Jean Timmons, children of Mr. and Mrs. Herman Timmons, had their tonsils removed at Plains Clinic Monday.

J. B. Nance left for Detroit, Mich., on business Tuesday. He expects to be away two or three weeks and gave The News his Detroit address so that the paper might be mailed to him there as long as he is in that city. The News will probably give him the low-down on the election in Lynn county.

The Nowlin brothers, Mrs. N. E. Wood, and Mrs. Alice Fortenberry have been at Lubbock several times recently on account of the serious illness of their uncle, J. D. McIntyre, 84, who lives there.

METHODIST CHURCH

Sunday will be the last Sunday of this conference year. We should plan and expect a great day religiously.

At the morning services the pastor will install the stewards and trustees and superintendent of the Church school and the three divisional superintendents. At the evening services will be the dedication of the Christian and the U. S. flags. This is a time when our country is rallying to "Old Glory," and too, it is a time when we should lift high the Christian flag—the Cross.

We want you to be present Sunday morning to hear the summary of the year's work. This has been an unusual year in many ways and we want you to hear what you have done in bringing great success to this church.

COLORED CHURCH PLANNING

12TH ANNIVERSARY AFFAIR M Pleasant Grove Baptist Church of Tahoka, colored, is planning a week-long series of religious services at night, in its church house next week in celebration of the twelfth anniversary of the organization of the church and the pastorate of Rev. O. D. Hollins, the first and only pastor the church has ever had.

White people who are in sympathy with the colored people in their religious activities are invited to attend these services.

The church was organized in 1932 with a mere handful of members and Rev. O. D. Hollins was called as pastor. He has served faithfully and continuously ever since. The church now has almost a hundred members, he reports, and it is proud of its progress. There is an average attendance of about fifty at its Sunday School, of which John Williams is superintendent. Mrs. Roberta Thompson is the capable director of the B. T. U. of about forty members. The church has an active Woman's Missionary Society of about twenty members, with Mrs. Beatrice Brown as president.

The greatest material need of the church at this time is a larger and more substantial house of worship.

James, young son of Mr. and Mrs. Hugh Hendrix of Rt. 3, has returned home from a Lamesa hospital, where he underwent an appendectomy, Dr. E. Prohl being the surgeon in charge.

WEST POINT H. D. CLUB

The West Point H. D. Club met Wednesday, Oct. 25, in the home of Mrs. Terry Noble. Miss Dixon gave a demonstration on bonding and canning chicken. During the recreation hour, Halloween fortunes were told and Mrs. George Claude Wells was presented a shower of gifts.

Refreshments were served to thirteen club members and eleven visitors—Reporter.

Mrs. David Musser, the former Miss Elizabeth Link, visited The News office last Saturday to have her address changed from Ipava, Illinois, to Tahoka. She had been up there with her husband, Sgt. David W. Musser, who had been in training at Camp Ellis there, but he had left recently for the east coast, expecting to be sent overseas soon, and Mrs. Musser had returned to Tahoka on the previous Saturday. She will probably remain at the home of her father, John W. Lisk, out near New Home for the "duration."

MRS. WELLS HONORED

Mrs. Terry Noble and the West Point Home Demonstration Club joined by other friends gave a shower for Mrs. George Claude Wells of Lubbock in the home of Mrs. Noble Wednesday afternoon of last week.

Refreshments were served to a large group of friends and relatives, among whom were the following visitors: Mmes. Roy Rutland, Waco; Alton Fleming, Los Angeles; J. M. Noble, Robert Noble and Betty, all of Brownfield; W. A. Yates, P. A. Nowlin, and Jim Bob Curry, all of Tahoka; Misses Carolyn Dixon and Pauline Hale, Tahoka; Mrs. George Claude Well, the honoree, and Mrs. Roy Marcotte, Lubbock.

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

We are Americans. Then we should learn more about ourselves and the ideals for which our country stands. As a citizen of the United States, have you ever stopped to think just what kind of government we really have in comparison to the rest of the governments of the world? Has it ever occurred to you that we are allowed to do just about anything that we want to do? What in our government gives us this privilege? It is the Constitution of the United States.

Students, we should all learn our Government's Constitution for our own sake as well as for our country, and since all Seniors are required to take the Constitution, we should try and learn the Constitution better. One good place to teach the Constitution is in our history classes.

PROGRAM AT SCHOOL TO OBSERVE EDUCATION WEEK

"The Light of Education" will be the title of a program to be given by Tahoka school students in the grade school gymnasium on next Thursday night, Nov. 9, at 8 o'clock. The program is in observance of National Education Week, Nov. 8 to 10.

All people of the town and county are invited to attend.

F. H. T. CLUB

The Home Economics club met Thursday, Oct. 27, for a business session, the president, Darlene Wilke, in charge. Plans were made for the rummage sale which will be held Saturday. The Home Economics department will receive part of the money taken in. It will be used for the purpose of redecorating the Home Economics department.

The club also made plans to begin the "Year Book."

Next Thursday, the club will have a social. The social committee composed of Darlene Wilke, chairman, Ula Dee Henderson, Wynema Pool, Mary Jo Anderson, and Billie Lu Drager made plans for the social next Thursday.

JUNIOR NEWS

The Junior class met Monday, Oct. 23. The class decided that all deposits for Senior rings should be in by Nov. 1.

The class held its regular citizenship program Oct. 25. Ruth Roddy had charge of the program. The theme of the program was "Practical Do's and Don'ts for Boys and Girls." The class enjoyed the program thoroughly.

OUTSTANDING PERSON—

New students, let's all get together and use our brains. This week we have a Sophomore gentleman to deal with. He has red hair, brown eyes, and is about five feet and five inches tall. By the way, he is one of our "B" string football heroes. He insists on sitting in the third row of the World History class by a certain little girl who has brown hair and blue eyes. That's right, students, it's none other than our own Joe Ernest Harvick.

Mrs. Tom Smith of Redwine spent two days last week visiting Miss Virginia Montgomery in a hospital in Brownfield.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

The nature of said suit being substantially as follows, to-wit:

1. On the 1st day of September 1944, plaintiffs were, and still are, the owners in fee simple of the following described premises situated in the County of Lynn and State of Texas and described as follows: All of Survey 455 in Block No. 1, Abstract No. 47, surveyed by virtue of Certificate No. 450, issued to the E. L. & R.R.R. Company and containing 640 acres of land.

2. On such day also they were in possession of such premises, and afterwards on the 5th day of September 1944, the defendants unlawfully entered upon and dispossessed them of such premises and withheld from them the possession thereof.

3. Defendants have occupied and used such premises under such unlawful possession for a period of two months and the rental value thereof during such occupancy is \$100.00, in which amount by virtue of such wrongs the defendants are justly indebted to plaintiffs, but through repeated demand for the payment thereof has been made of defendants by plaintiffs, defendants have failed and refused and still fail and refuse to pay the same to plaintiffs, damages in the sum of \$100.00.

Wherefore, plaintiffs pray that the defendants be cited to answer this petition and that plaintiffs have judgment for the title and possession of the above described premises, for damages, for costs of suit, and for such other and further relief as they may be entitled to receive, either in law or in equity.

Issued this 31st day of October, 1944.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this 31st day of October, A. D. 1944. (SEAL)

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a vitamin, it should stimulate appetite, aid digestion, & thus help build resistance for the "blow" to come. Started 3 days before "your flow", it should help relieve pain due to purely functional periodic aches. Try it!

JUDGE MADDOX URGES PEOPLE TO VOTE

Judge B. P. Maddox brought to The News office this week a very fine editorial appearing in the current issue of Liberty magazine urging the people to vote, to which he added a paragraph of his own directed particularly to the people of Lynn county.

We regret that we can use only a small portion of the Liberty Magazine editorial.

"On this day (election day) the American people," says Liberty, "have an opportunity to mold their future with their own hands, and to a great extent the future of the world. We can, by electing the right candidates, vote ourselves the brighter world to which we all look forward. Or by electing the wrong people we can lay the groundwork for turmoil at home and new and bloodier wars abroad which are sure to involve us whether we want to be involved or not."

"If we elect or re-elect the obstructionists, isolationists, or irreconcilables whom history has proved to be wrong, we are voting ourselves future trouble."

Liberty concludes its editorial with an appeal to the American people to vote.

Judge Maddox adds the following appeal of his own:

"The future not only of your soldier boy, and his children and your children, but the future of the civilized world is at stake—YOUR VOTE may decide whether or not we have a world of peace and security or a world of chaos and turmoil that will drench the entire world with Oceans of BLOOD."

"Friend, not only vote yourself, but urge—beg—your neighbor to vote!"

Mr. and Mrs. Grady Howard last week end moved to Crosbyton, where he will be employed in the office of the county tax assessor and collector. Mrs. Howard, who had been a teacher in the local schools, will be employed in a similar position in the Crosbyton schools.

There's been "something in the wind" FOR A LONG, LONG TIME!

ECLIPSE WINDMILLS BY FAIRBANKS-MORSE

For more than 80 years the name Eclipse has signified the best in windmill construction. Eclipse windmills have won their enviable reputation for long life by actual proof! There are Eclipse windmills still in service today that have given faithful service for 40, 50, even 60 years! Records like that don't just happen. They're the result of better construction, higher-quality materials, precision workmanship, and advanced design.

There's something else in the wind these days, too. Everywhere progressive farmers enthusiastically praise the new Fairbanks-Morse Type 38 Eclipse windmill. They like its patented easy-wheeling, shedproof sails, its adjustable stroke and easy pull-out, and its simple, self-oiling mechanism. Come in today and find out for yourself why the Eclipse is the windmill to see before you buy just any windmill.
