Basketball Games Are Scheduled With AA Teams

Starting last Friday night, Tahoka High School's basketball season became more intensive, with a number of highly competitive games reaching a climax February 9 and 10, when the district tournament will be held at Denver City.

Friday night, the Bulldogs lost a "hot" game to the fast-stepping O'Donnell Eagles on the local court 30 to 36. Brownlow of O'Donnell led the visitors with 17 points, while Jones was high man for Tahoka with eight. Tahoka's B team, however, won over O'Donnell B team 23 to 14, with Hanes leading the scorers with 10 points. The Tahoka girls also defeated O'Donnell girls 16 to 8.

Tuesday night Tahoka girls won a game of New Home 20 to 8. Then, on Saturday night, the boys went to Big Spring, where the Bulldogs defeated the Class AA Steers first team 34 to 27. The B string lost to Big Spring B team 21 to 24.

Tuesday night, in a game at Brownfield, the Bulldogs lost to the Class AA Cubs 31 to 35, and the B string lost to the Brownfield B string 4 to 6 in a low-scoring affair.

As The News goes to press Thursday night, the Bulldog teams are playing Class-AA Lamesa here.

Other games on the schedule are as follows:
Saturday night at 7:00 o'clock in Tahoka gym, Big Spring vs. Tahoka.

Monday night, Slaton at Slaton.
Tuesday night, Lubbock Westerners in Tahoka gym.

Thursday night of next week, Lamesa at Lamesa.

Jan. 29, Post at Tahoka.
Jan. 30, Lubbock at Lubbock.
Feb. 2, O'Donnell at Tahoka.
Feb. 6, Brownfield at Tahoka.
Feb. 9-10, District Tournament in Denver City.

Hop Halsey, 84, Died Tuesday

Hop Halsey of Lubbock, 84, father of Mark and John Halsey of that city and of Mrs. Millie Halsey Hill of Tahoka, died at 1:30 o'clock Tuesday morning at the home of his son, Mark, in Lubbock. He had been seriously sick only a short time but had frequently suffered from asthma, colds, and even pneumonia for some years.

Funeral services were conducted in Lubbock Wednesday at 10:30 a. m. at Rix Funeral Home by Rev. Jeff Welch, a Baptist pastor of that city, and the body was laid to rest in the Lubbock cemetery.

Survivors include the daughter and two sons mentioned above and another son, Hurley Halsey, who resides at Luling; also five grandchildren and three great grandchildren.

All were present at the funeral except one grandson, Hop Halsey, former representative of this district in the state legislature, now in the service as a Marine on faraway Saipan Island.

Mr. Halsey had many friends on the South Plains, many of his former neighbors and friends in Bell and Milam counties having migrated to this section during the past thirty years.

Born in Barbour county, Alabama, near the Georgia state line March 28, 1860, Mr. Halsey came with his mother and her family from Georgia to Texas in 1875. They came a part of the way, from Morgan's Point, La., to Galveston, Texas, by steamboat; from Galveston to Austin by train; and from Austin to Reed's Lake in Bell county in a wagon.

There he grew to manhood, and there he was married twice. His first wife's maiden name was Mary McLean. Millie and Mark Halsey were children of this marriage. Mrs. Halsey dying in August, 1889, Mr. Halsey married again in October, 1891, the bride being Miss Georgia Spriggs. The other two sons, John and Hurley Halsey, were born of this marriage. Soil Conservation Election At Wilson

A supervisor of the Lynn county Soil Conservation District will be elected from District 1, Wilson, at 3 p. m., Friday at the Farmers Co-op Gin at Wilson.

J. H. Sander is the present supervisor.

A. L. Smith Starts New Building

Laying of the foundation for a large new business building for the A. L. Smith Food Markets was started this week on lots recently acquired by Smith immediately west of the Keltner Hotel on the Brownfield highway and facing the City Park.

The building, which will face north, is to be 55 feet by 120 feet in size, of brick, tile, and concrete, and will be modern in every respect. On the east, in addition to the paved street, an 18-foot parking area will be left down the side of the building.

Permission for the erection of the building was given by the War Production Board. However, due to shortages of material and labor, Smith says the building will not be rushed and may require four or five months.

Smith came here in 1931 as a meat cutter. He established his own store in 1938, and now operates two stores here.

O. E. McElroy is contractor on the building.

Lt. Hickerson Given Second Oak Leaf

An Eighth Air Force Liberator Station, England—Lt. J. W. Hickerson, husband of Mrs. Laura E. Hickerson of Tahoka, a pilot of a B-24 Liberator, has been awarded a second Oak Leaf Cluster to the Air Medal.

The citation read: "For meritorious achievement in accomplishing with distinction aerial operational missions over enemy occupied Continental Europe. The courage, coolness, and skill displayed by him in the face of determined opposition materially aided in the successful completion of these dangerous missions. His actions reflect great credit upon himself and the Armed Forces of the United States."

Lt. Hickerson has participated in bombing missions over Hamm, Kassel, the Metz area, and other war production centers of Germany.

Congratulations—

Tahoka Nurse Captain In France Says Nazis Are Losing Some of Arrogance

With Seventh Army, France—The change of attitude of the German soldier is not found exclusively in those who are taken prisoner or who surrender voluntarily. According to Captain Charlotte V. Collier of Tahoka, Texas, chief nurse of the Eleventh Evacuation Hospital now following close behind the lines of the Seventh Army in France, the change is also obvious in those Germans who are brought to the hospital for medical treatment.

Capt. Collier can be considered something of an authority on prisoner-patients, having served with the hospital through the Tunisian, Sicilian and Italian campaigns before accompanying it to southern France. "Generally speaking they are good patients and cooperative but it isn't difficult to see that the old arrogance is gone. I recall one occasion when a German officer was very put-out when he requested that one of our nurses shine his boots was turned down very emphatically. I'm sure he wouldn't make that mistake today."

Since first arriving in North Africa with the original complement of 40 nurses assigned to the Eleventh Evacuation Hospital, Capt.

Collier reports that 36 are still serving with the unit. Two have returned to the states on rotation and two have been returned because of illness.

"Evacuation work is a little more strenuous on a nurse than general or civilian hospital duty still I know that all of the nurses on our staff prefer it," said Capt. Collier. "We've all gotten used to the rush and frequent moving of a hospital like ours. In Sicily we moved six times in as many weeks. And during the rush at Anzio I attended 97 patients in one day with the help of three ward men. Other nurses were equally busy. I know."

Capt. Collier attended East Texas Teachers College for two years before entering Park City Hospital for training. Following her graduation she served as supervisor of the hospital's tubercular section before entering private practice. In November, 1942 she reported to the Camp Swift Station Hospital in Texas, where she served for a brief period before transferring to Camp Kilmer in New Jersey preparatory to embarking for North Africa.

Mrs. Minnie Collier, the Captain's mother, resides with her daughter, Mrs. Newton Smith, in Tahoka.

Weatherford Quits School Secretary

Jim Weatherford, who has been secretary, assessor and collector of Tahoka Independent School District since June, 1943, resigned his position Tuesday night at the regular meeting of the school board. Mr. Weatherford has been in bad health the last few months, and finds it necessary to quit work.

The board immediately elected H. P. Cavness to the position. Mr. Cavness is familiar with this type of work and well qualified, having served a number of years as superintendent of the Tahoka schools followed by several years as county superintendent.

The board officially accepted the resignation of Supt. W. T. Hanes, effective July 1, in order that he may become head of the Cameron schools.

Memorial Services For Skeet Edwards

Memorial services will be held at the First Baptist Church Sunday at 3:30 p. m. for William (Skeet) Edwards, killed in action some time ago.

Skeet was the son of Mr. and Mrs. L. S. (Lloyd) Edwards, and was reared in Lynn county near Central.

M. F. Klattenhoff Dies at Slaton

Funeral services for M. F. Klattenhoff, 77, native of Germany and long-time resident of Lubbock and Lynn counties, were conducted by Rev. F. T. Sager Monday afternoon in the Lutheran Church at Posey, which he was instrumental in organizing and building a number of years ago. He is survived by four sons, two daughters, and ten grandchildren.

Born in Germany near Bremen in 1867, he came to America at the age of 16 after his parents died. Coming from Baltimore to Williamson county, Texas, he grew to manhood there, and in 1892 he married Miss Lena Pfleger of Pflugerville. After engaging in business in Taylor for 19 years he came to Slaton in 1911. He was well known in the Slaton and Wilson areas and had been a reader of The Lynn County News for many years.

Pfc. Dolby Murphy Gets Bronze Star

Mrs. Lorene Murphy of the Grassland area informs The News that her husband, Pfc. Dolby W. Murphy, now serving with the armed forces in Germany as an ambulance driver, recently was awarded the Bronze Star for his services in the European-African-Middle Eastern theatres of war and a ribbon for his services in the Normandy campaign.

Wharton Featured In Trade Magazine

W. C. Wharton, local manager for Continental Oil company, is receiving national publicity in the current issue of The Red Triangle Magazine, publication of the oil firm.

The article relates a story of unusual co-operation between the Tahoka marketer and Continental's manager at Deming, N. M., which was praised as an example of good merchandising.

The Red Triangle Magazine has nation-wide distribution.

MORGAN INSTRUCTOR

Pvt. James P. Morgan, who is here from Fort Sill, Okla., on furlough visiting with his wife and other relatives, now is an instructor in the Field Artillery School.

The News has a copy of the Fort Sill Army News in which there is a picture of Pvt. Morgan giving instruction to a corporal in repair of the M-7, the 400 horsepower self-propelled howitzer. The big gun is built much on the order of a big tank except that it carried a big gun.

Sgt. Jim McDonald Missing In Action Over Belgium

T/Sgt. Jim W. McDonald of Tahoka has been missing in action over Belgium since December 23, his parents, Mr. and Mrs. W. P. (Paul) McDonald of Midway, were notified Thursday morning by the War Department.

Sgt. McDonald was with the Army Air Corps, having entered the service December 29, 1941, and had seen much action in Europe. After receiving training in this country he was sent to England. Since that time he has seen service in North Africa, Sicily, Italy, and over much of the European continent. No details of the last action in which he was involved are yet available, but as the War Department frequently states, there usually is the possibility that crewmen parachute to safety or land crippled planes behind enemy lines.

Sgt. McDonald was born in Lynn county in May, 1925, attended grade school at Midway, and later graduated from Tahoka High School, where he was a well known student.

He is a grandson of Mr. and Mrs. J. O. Scott of Tahoka.

Tahoka Sergeant Tells of Wounds

The 159th General Hospital England—While participating in an infantry attack near Schmidt, Staff Sergeant G. D. Sudberry of Tahoka was wounded by enemy artillery fire. He is now recovering at this United States Army general hospital in England.

First Lieutenant Marvin B. Oxford, ward surgeon of Floresville, Texas, stated, "Sgt. Sudberry is making excellent improvement, and before long will be able to return to duty."

Squad leader of a rifle company. Sgt. Sudberry said, "We were receiving heavy artillery opposition, and I was at the base of a tree when a shell struck it about four feet above my head. Concussion rendered me unconscious for over four hours, and when I came to I was lying in a shell hole where someone had placed me. I walked back to the aid station for treatment."

A shell fragment had struck Sgt. Sudberry in the left hand, severing the first finger between the first and second joints, and another fragment pierced his left thigh.

Sgt. Sudberry has received the Purple Heart. His wife, Mrs. Mary Lou Sudberry, and their four years old daughter, Betty Lou, are living at present with his parents, Mr. and Mrs. J. G. Sudberry, in Abilene, Texas.

Wm. L. Boyd, 75, Buried Saturday

William L. Boyd, 75, father of W. B. Boyd of Wilson, died last Friday afternoon at his home near Posey in Lubbock county. Funeral services were conducted in Lubbock Saturday afternoon and the body was taken to Wylie, Collin county, for burial.

Deceased had been a resident of Lubbock and Crosby counties for 28 years. Surviving are his wife, three daughters and two sons. W. G. is a prominent citizen of Wilson and has been serving as rural mail carrier there for a number of years.

METHODIST CHURCH
 The church leaders were disappointed that Rev. W. E. Hamilton executive secretary of the Northwest Texas Board of Religious Education, could not come to conduct a school for the church due to severe illness. He will come in February, probably.
 The Crusade for Christ through-out the church is gaining momentum. The church will derive great spiritual benefits if she will put herself into this, the greatest undertaking since the Centenary—1918. Every Methodist family should be a subscriber to the Southwestern Advocate in order to keep up with the Crusade and other programs of the church.
 The First Quarterly Conference was held Sunday, 5 p. m., by Dr. L. N. Lipscomb, district superintendent. All finances are paid to date and a few items a month paid in advance. More than \$1500.00 has been expended since Dec. 1, 1944, the beginning of the new Conference year.

Slow Change Seen In Electric Aids

Improvement, but Nothing Radical, Is Forecast.
 NEW YORK.—Few of the revolutionary designs proposed for post-war electrical appliances would be adaptable to the modernization of older homes even though they might be "possible" for new ones, Dr. Kenneth M. Brody, technical director of McCall's test room told members of the Electrical, Women's Round Table at the Town Hall club.
 "I do not mean to imply that progress has stopped," Dr. Brody said, adding that there were many innovations that probably would be embodied in the household equipment of the future in more or less gradual stages. Analyzing individual types of appliances, he suggested some of the things he believes "will and should be done to improve them."
 One of the main complaints heard recently about the electric refrigerator, he said, was that it did not have enough storage space for frozen foods. This was due to the fact that the newest refrigerators were designed in 1939 or 1940, when the popularity of frozen foods was not what it is today, he explained. The falling, he predicted, would soon be remedied.
 Another shortcoming of the mechanical refrigerator, he remarked, was that in order to get at one item of food, two or three others usually had to be removed.
 "The engineers will eventually do something about this," he said.
 Some improvements planned for electric ranges were a method of removing moisture from an oven without removing the heat; oven cooking control by means of a plug-in thermocouple that can be made to shut off the oven or ring a bell when the roast is done, and a broiler that will broil both sides of a steak simultaneously.
 Dr. Brody does not believe we will have such things as induction cooking or roasting of meats by ultra high radio frequencies in the near future. Nor does he feel that electronics or radar will have many practical applications in the home, although they could be used. He expressed the opinion that many persons who are interested in a home freezer today will not be interested when they can walk to the corner store and again buy a steak.

THE SEAL OF SCIENCE

SOLID FOUNDATIONS are being constructed for the days of reconversion and a gradual return to an industrial peacetime economy. Testing and research programs have been geared to preparing for future eventualities both on the basis of demands of the immediate postwar period and for meeting any challenges that change may bring in the period to follow.

Research, quite naturally, plays the greater role in these endeavors, for a growing and constantly advancing progressive technology provides the fundamental concepts for meeting the challenge of change. Vigorous prosecution of an accelerated research program has brought technical advances of great significance and its stimulating effect will undoubtedly elevate them to constantly higher levels. Thus the Laboratories Approval Seal, which for many years has distinguished gas appliances of merit, will continue to be a symbol of technical competence and workmanship worthy of the public confidence which it enjoys—for Research Lights the Way!

If your gas appliance displays the Approval Seal of the Testing Laboratories of the American Gas Association, you may rest assured that that appliance has met the rigid requirements and tests to which it has been subjected. The Seal of Science is for your protection.

British Carriers Using

Heavily Armed New Plane

LONDON.—Britain's latest carrier-based reconnaissance fighter plane—the Firefly—came off the secret list recently.

The plane, which went into operation only recently, is armed with four 20-mm. cannon, two in each wing, and has armament superior to that of many land-based fighters. It is a two-seater.

It is believed that the fleet air arm will use the new plane mainly against the Japanese in view of the fact that there are few German targets on the seas.

The Firefly is powered by a new Rolls Royce-Griffon engine. Special flaps increase its maneuverability by enabling it to make very tight turns and a raised cockpit gives the pilot a better view. The wings can be folded against the fuselage within 15 seconds.

Jeep That Can Be Led

Like Horse in Army Use

WASHINGTON.—Now comes a "jeep" that can be led like a horse.

This newest adaptation of the army's most versatile vehicle, reports the November issue of the magazine Air Force, is called the "jungle jeep" and is designed for use in areas inaccessible to larger vehicles.

Resembling an over-sized toy wagon, the "jungle jeep" has a flat platform instead of seats. The engine is underneath and a motorcycle-type hand throttle and hand-operated lever brake are mounted on a swivel tiller bar that replaces the steering wheel, thus permitting the operator to lead, follow or ride the vehicle over rough terrain.

The jeep flat-top can carry 800 pounds of personnel, cargo or supplies.

Boeing Aircraft Plant

Gets 776 Ideas a Month

WICHITA, KAN.—In two years' operation of the "employee suggestion" plan at the Boeing aircraft plant here, workers submitted a total of 18,632 ideas, an average of 776 a month. Under the system, cash awards are made for acceptable ideas for speeding production, improving quality, saving materials and for safety improvements.

DEMOCRAT RADICALS ARE DEALT ANOTHER BLOW

Northern and Eastern Democrats, who draw their strength largely from labor unions, especially the C. I. O. and communistic elements in the labor organizations, had set their plans for the elimination of the Dies committee at this session of Congress. They were greatly surprised therefore when Congress voted by a substantial majority to continue the committee. Republicans joined Southern Democrats to keep the committee alive. Now the communistic and labor elements in the Democratic party of the North are furious. Their feelings are reflected in some of the comments of Washington newspaper correspondents with "leftist" leanings. Here is an outburst from one Thomas L. Stokes, whose column appears in many daily papers throughout the country.

"This was the spectacle in the House when the bulk of the Republicans, along with their leader, Rep. Joe Martin (Mass.) again went trooping off like sheep behind the leadership of Rep. John Rankin (Miss) and his bloc of Southern Democrats to perpetuate the Dies committee in the face of

what everybody seemingly had understood—that the institution was to be allowed to die a natural death.

"The Dies committee episode might not have attracted so much attention if it had not occurred on the opening day of the new Congress and thus served to remind the public again that the Republican party in the House still insists on tying itself to the kite of the Rankin Southern Bloc. The latter is the 'most reactionary group in Congress. Its members are perpetuated in office by the 'rotten borough' system, prevalent in many parts of the South through disfranchisement of so many voters by the poll tax and the 'white' primary." (The blackface is ours.) And so the C. I. O. labor organizations and the communistic elements throughout the country, together with all the South-haters, and many other good men and women of the north not only expect to get the scalp of the Dies committee but are also whetting their knives to get the scalp of all poll tax requirements for voting imposed in Southern states in the interest of the purity of the ballot.

They are already passing resolutions in Texas calling upon the legislature to slay the poll tax amendment—which, by the way had already been virtually slain by our modern, up-to-date, hand-picked-Supreme Court.

To insure its death against all possibility of revival, Texas Democrats are now being asked to thrust the dagger into its heart.

HANES LEAVING

The South Plains in general, and Tahoka, in particular, will lose a good citizen and an able educator when W. T. (Trap) Hanes leaves next summer to assume superintendency of the public schools in Cameron.

Long active in educational circles of this area, a conscientious civic worker and a man who has never traded principle for expediency, Mr. Hanes has "both feet on the ground," educationally speaking. He has never been one to wander in the lush fields of newfangled theory in school business, preferring to stick to the basic principles of learning and instruction—something that more public school administrators would do well to emulate.

Mr. Hanes' new post gives him larger opportunities and a considerable increase in his paycheck. While we dislike to see him leave this section, we congratulate him on his promotion which, we hope, will be used as a stepping stone to bring him West again some day to even greater opportunity.—Lubbock Avalanche-Journal.

WARNING TO BOYS!

The breaking of street lights must be stopped. Such sport is expensive to the city, and may be expensive to you if you are caught. Boys caught breaking street lights will be subject to fines of \$5.00 to \$25.00. Also, boys, you must be more careful in the use of "nigger-shooters," as you are destroying property and endangering the life of others. Parents, warn your boys and save embarrassment. — A. F. DRAW H. D. CLUB BEGINS NEW YEAR

Miss Emily Waller, Draw Home Demonstration Club food demonstrator, was hostess to the club Friday, Jan. 5. A small peach tree was pruned by the County Home Demonstration Agent, Miss Carolyn Dixon, to illustrate how to prune in West Texas. Points on setting a young tree were also given, as well as varieties adapted to Northwest Texas.

Grapes are considered as No. 1 fruit for this section. The first step in starting a home orchard is to select an orchard site with rich, deep, well-drained soil. It is not wise to plant an orchard on ground where truck crops or gardens have been grown for long periods. These soils will likely be infested with diseases which may attack the trees. The land should be terraced before trees are planted. Plant trees in rows parallel to terraces.

The club will meet with Mrs. Jewel Sealy, Home Improvement Demonstrator for the Draw Club, in February. The demonstration given will be on exterior improvement to meet the demonstrator's needs as well as those of the club members.

What's the idea?
3 tickets!

SEEMS hard on the man, yet there he is, with practically 3-cars-in-1... First, that's his pre-war car... Second, it became his wartime car... And third—long may it live postwar! For not even record-smashing new car output in 1945 can keep millions from being forced to wait until 1946 or so—most likely including you.

Then go the limit shielding your priceless motor car by having its engine OIL-PLATED. That's your sure gain in switching to Conoco Nth motor oil. Made of finest paraffin-base stock, refined by latest processes, Conoco Nth oil actually tops all that by OIL-PLATING your engine's insides. This extra inner surfacing checks even cruel acid corrosion.

In fact, no straight liquid oil—always wanting to slide off—can ever fight wear like Conoco Nth oil's high-strength liquid film PLUS unprecedented OIL-PLATING. And the less wear, the less carbon and sludge... the more gasoline mileage and battery life, too. There's your whole fistful of reasons for getting patented Nth oil. It costs a mere trifle extra, but how it

will help to conserve your car! Change to an OIL-PLATED engine today at Your Mileage Merchant's Conoco station. Continental Oil Company

WHAT IS OIL-PLATING?

It's the lubricant that becomes almost an actual part of the cylinder walls, piston rings, bearings and shafts. That's how closely OIL-PLATING is attached by Conoco Nth oil's added ingredient—developed by endless far-sighted, costly research. Even after your car stands cold, the OIL-PLATED parts are still ready-lubricated—before any new liquid oil could circulate. And out goes the worst Winter starting wear... another boost for car life!

How women and girls may get wanted relief from functional periodic pain

Periodic pain, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taking the a-tion, it should stimulate appetite, aid digestion, thus help build resistance for the "blow" to come. Started 3 days before "your time" it should help relieve pain due to purely functional periodic causes. Try it!

Orchard School Starts Tuesday

The Orchard School of the Air over KFYO, Lubbock will begin next Tuesday morning, Jan. 16, at 7:15, according to Miss Carolyn Dixon, local county home demonstration agent. The school will continue at this time on each Tuesday morning through Feb. 1. There will be a series of six programs.

Anyone desiring to enroll in the Orchard School of the Air may do so merely by sending a postcard or letter to Box 1400, Lubbock, giving his or her name and address. This is a simple means of enrolling, and each one who sends in his or her name and address will receive a copy of the questions used in the broadcasts, simplified answers, reference list of bulletins, and a Certificate of Participation in the Orchard School of the Air. This material will be mailed to all enroll-

ed in the school after Feb. 1. No request will be acknowledged, however, after Feb. 5, so let's enroll at an early date. This means every individual in Lynn county, boy, girl, man and woman, may enroll.

The programs are as follows:

Jan. 16. Location of Orchard and Varieties for West Texas.

Jan. 18. How to Set the Fruit Trees.

Jan. 23. Practical Aids to Fruit Production.

Jan. 25. Practical Aids to Fruit Production.

Jan. 30. Diseases and Insects in the Orchard.

Feb. 1. Using Fruit in the Diet.

Be sure to send in your card or letter to Box 1400, Lubbock, in order that you may receive any information static or other interference might cause you to miss. Some fruits do well in Lynn county, so let's have a "Home home grown fruit campaign in Lynn county."

NEW MOORE 4-H CLUB SPONSOR IS HOSTESS

Mrs. Jesse Murphy, New Moore Girls' 4-H Club sponsor, was hostess to the girls in the December meeting. After school they rode the school bus to the hostess' home, where they played out-door games until supper was ready. After supper, the home demonstration agent, Miss Carolyn Dixon, led the girls in games until 11:00, at which time the girls on the Christmas Tree were received and all enjoyed eating nuts, candies, and fruit.

The slumber party was typical of all similar meetings—not too much sleep! Following breakfast the next morning the girls rode the school bus back to school.

Club members who enjoyed the occasion were: Misses Evelyn Crutcher, president; Wanda Rose Crutcher, secretary; Elwanda Dotson, Wanda Jean Parker, Joann Rogers, Jo Ann New, Bobbie Jewell, Parker, Gena Blar, Geneva Crutcher, Betty Crutcher, Betsy Jean Curry, Dorothy Wilson, Miss Carolyn Dixon, and the hostess—Reporter.

MISS LYNETTE TINSLEY MARRIED LAST WEEK

Miss Lynette Tinsley, daughter of Mr. and Mrs. J. O. Tinsley of Lubbock, formerly of Tahoka, and Sgt. Dee W. Davis were married Wednesday of last week at the home of her parents with Judge Walter Davies, the bride's uncle, officiating with the double ring ceremony.

The bride's sister, Mrs. Veren W. Thompson, was matron of honor, and her brother, Jimmie Tinsley, was best man.

The bride was reared in Tahoka and is a graduate of the local high school.

The groom, son of Mr. and Mrs. Wes Davis of Coleman, has served in the Southwest Pacific for 33 months, and wears the Asiatic campaign ribbon with four bronze stars and a unit Presidential citation for participation in the Papuan campaign.

Southland News

(By Mrs. Marvin Truelock)

The Hardin Reeds have twin babies—a boy and a girl. The mother and babes are at her sister's, Mrs. Carl Rains, near Barnum Springs. The soldier father hopes for a furlough soon. The younger twin brothers, Mink and Wink, are in New Guinea.

Last Tuesday, Mrs. Ed Martin and daughter, Mrs. Loyd McNabb, left for New Mexico where the former's youngest brother, Jim Jackson, has pneumonia. They phoned back on Thursday that he was showing some improvement.

A week ago Tuesday night, Mrs. Troy Moore gave a party for her Senior class of the Methodist Sunday School. She was assisted by Mrs. Dauline Dunn and Mrs. H. V. Wheeler. Cocoa, date loaf, peanut candy, and cookies were served to: Janey Morris, Polly Stotts, Mary Jane Hampton, Cookie J. Lightfoot, Bobbie Mining, Billie Barkley, Walton and Ferrell Wheeler, Jackie, Billy, and Eldon Lancaster, Harrell and Carrell Tanner.

The former Hope Robinson and daughter of Abernathy visited her sisters and brothers here last week.

Her niece, the former Winnie B. Riddle, and two sons are living in New Mexico, where her husband, B. C. Norton, was inducted last week.

Mrs. Phil Gossett returned Wednesday night from visiting friends and relatives in Arp and other cities.

The Simmonds gin, managed by L. Collinsworth, has gained 615 bales of cotton to date.

Last week three farmers from South Carolina were in this vicinity. One purchased three cotton seeds, a burr attachment for a gin. His crop is making a bale and a half per acre and he can get no pickers.

Miss Helen Becker left Friday night for Dallas to visit her sister, Dorothy. She may get a job and stay.

Miss Virginia King of Lubbock came Thursday to spend a day with her parents here.

Miss Lavon Ferguson visited Doris Jean Sartain Sunday. The Ferguson's expect to move in the Harmonson house Friday.

Mrs. Nellie Martin's home is almost completed, the first house of more than two rooms built here for several years.

James Becker's copy of a letter from his commanding officer hints that the boys on their ship didn't miss their Christmas fireworks. And the Japs didn't ask for any more, either. Their Christmas eve and day were sprinkled with victories that might substitute shark food for hard-kari for many a Jap.

There was a reunion of the A.M. Tanner family Sunday. The two sons, R. B. and family of Roby and Timothy of Morton were here, also Mrs. Tanner's brother, C. N. Bell and family of Lubbock. Mrs. Timothy Tanner is in the sanitarium.

Saturday afternoon Dickie Martin arrived home. He is stationed in a town smaller than this where the Government took charge of a civilian airfield. Pfc. Martin, who had served in England, is now in training as an aerial gunner. During the holidays he and one other man and 17 girls were the only ones left in camp.

Southland had gained almost 1500 bales of cotton by last Saturday.

Pfc. Leeroy Voigt is now in a rest

FORECAST FOR CAR-OWNERS

This Will Be The WORST WINTER Your Car Has Ever Faced!

If ever a car needed and deserved extra care and extra attention, this winter is the time!

Cold-weather driving, always hard on any automobile, is doubly hard on older cars. And your car, and every car in the country, is an "older car."

Yet it is more important than ever, not only as precious personal transportation, but as a vital part of the nation's transportation system. So whether your car is three years, seven years, or ten years old . . . keep it alive, keep it rolling, keep it delivering essential wartime service, regardless of age or weather.

To aid you in doing that, to make your car and your tires go farther and last longer, there is intelligent and expert help waiting at every Phillips 66 Service Station.

Phillips Car-Saving Service includes

checking of anti-freeze protection, battery, oil level, and air filter . . . regular lubrication of every friction point specified by the maker of your car.

Phillips Tire-Saving Service includes checking air pressures . . . inspection for nail holes, cuts, and bruises . . . examination of the tire carcass to warn when re-capping is needed . . . crisscrossing with the spare every 3,000 miles.

Remember that this winter, even if milder than usual, is a most critical one for older cars. So don't wait for the weatherman to tell you when cold spells are coming. Do your part to prevent the threatened crisis in home-front transportation.

Drive in for Phillips Car-Saving and Tire-Saving Service wherever you see the Orange and Black 66 Shield . . . the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

S. M. Clayton returned Monday from near Albuquerque, N. Mex., where he had taken Mrs. Clayton to visit her sister, Mrs. Charles Shook.

CARD OF THANKS

We wish to thank our many friends who have been so kind to us since the sad news came to us last week that S/Sgt. Jesse D. Harper had been missing in action in Germany since Dec. 13. May God bless you all and may this dark hour never come to you, is our prayer.—Mr. and Mrs. Claud Harper and children, Mrs. Ina Mae Harper and children.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

STUDENT COUNCIL

The Student Council met Thursday afternoon at 3:00 in Room 31, with Gwynelle Davis, vice president, presiding.

Letters are to be written to several civic organizations of the town asking them to help the council fix the roads in front of the building so as to aid the students in muddy weather.

A committee of four was appointed to write the letters, which consists of Nan Weathers, Billie Jo Cowan, Virginia Jones, and J. Fred Bucy.

A report on the confections stand which was set up at the basketball tournament showed a profit of \$47.00 for the Student Council's part of it.

LT. COLONEL SPEAKS

The student body enjoyed a talk last Wednesday morning in assembly by Lt. Colonel Dykehouse. He spoke to the boys nearing eighteen about finishing high school.

He said that this a time of crisis and the boys and girls of today will be the leaders tomorrow. In times of social and economic change such as the world is now experiencing, the people are crying for new leaders. He outlined four of the great problems facing the United States today, and told how young people should begin to prepare themselves to solve these problems and the first way is to finish school.

JOURNALISM CLUB

The Journalism club met last Thursday for a short business meeting in which Josie LaVerne Blair was appointed to prepare a program for the next meeting.

The refreshment committee served the club refreshments.

BASKETBALL

Tahoka Bulldog basketball team defeated the Big Spring boys Saturday night 35 to 27. The B team was beaten, however, 24 to 20.

Tuesday night Class AA Brownfield defeated the Bulldogs 35 to 31, while the B team beat us 6-4. The games coming up this week are: Lamesa here Thursday night, and Big Spring here Saturday night.

These games are all AA teams, so the Bulldog calendar is crowded.

SUB-DEBS ELECT

Lloydine Edwards was hostess to a Sub-Deb meeting Monday afternoon. The purpose of the meeting was to elect new officers.

The following were elected: Donna S. Milliken, president; Jerry Connolly, vice-president; Jo Ann Henderson, secretary; Alice Roberts, treasurer; Betty Hendrix, reporter; Faye Johnson, ass. reporter; Colene Carmack, social chairman; and Nancy Weathers, program chairman.

A committee composed of Jerry Connolly, Alice Roberts, Nancy Weathers, Donna S. Milliken, and Savannah Tunnell was appointed to write a new constitution to be read at the next meeting.

SENIOR CLASS NEWS

Monday, Jan. 8, the Senior Class discussed plans for a "get-together." It seems that they have not had any socials this semester, so they decided to start the new semester by going to a show, which will be Wednesday, Jan. 10. The students all plan to meet at the Collier drug store at 7:30 p. m. Wednesday evening.

Also, the Seniors are planning on a class party on the night of Feb. 1. They have invited the Junior class. All the students are looking forward to having a swell time.

SOPHOMORE CLASS

The Sophomore class gave a party last Thursday night in the gymnasium. It was sponsored by Miss Gregory and Mrs. Montgomery. A large number attended. Miss Bea Sherill was a guest. A good time was reported by all.

FRESHMAN "A" NEWS

The first meeting of the year 1945 was held Monday, Jan. 9. New officers were elected as follows: President, Kenneth Reid; vice president, Bobby Oliver; secretary and treasurer, O'Gene Gill; assistant secretary, Connie Leeper; song leader, Billy T. Hanes; reporter, Frances M. Haney; parliamentarian, Miss Frazier.

We have made many plans for the year, which we hope to carry out. We now have a new sponsor for the Freshman class, Miss Frazier.

FRESHMAN "B" NEWS

The Freshman class Section B met Jan 5 for the first meeting of 1945. New officers elected for the new semester are: President, Wayne Sherrod; vice president, Betty Burden; secretary-treasurer, Bobbie Louise Cowan; reporter, Nan Pennington; song leader, Lena Williams.

The class has great plans for the new semester. They hope to carry out these plans and to have great progress.

JUNIOR CLASS

The Junior Class had a meeting Monday, Jan. 8. The class discussed a party that is to be given Jan. 25. It is to be a theatre party. The class dues were also paid and all other business of the class was taken up.

Friday, Jan. 5, the class had a meeting and elected a new secretary, Ardyth Leeper. Jo Bennett, who was secretary, moved away.

F. H. T. CLUB

Thursday, Jan. 4, the Future Homemakers of Texas met in the Home Ec. department for their weekly business meeting. The president, Darlene Wilke, presided and new officers were elected to take the place of others who have quit.

New officers are: Joyce Hooge, vice president; Ruth Huffaker, reporter.

We will have a program at our next meeting.

COMMERCIAL CLUB

The Commercial Club, under the direction of Mrs. Adams, met Thursday, Jan. 4, for its regular weekly meeting. The president, Wilona Cawthorne, called the house to order, and the business of the day was taken care of, after which the club played games.

A program was planned for the next meeting, which will be Thursday, Jan. 12. All members are urged to be present.

CORRESPONDENCE CLUB

Thursday, Jan. 4, the Correspondence club met to discuss different kinds of letters. Glenda Spencer called the house to order and the roll was checked. Mable Ragan gave a speech on "How to Write V-Mail Letters." Wanda Fay Smith gave a talk on "Writing Business Letters," and Nora Jenkins talked on "Writing Over-Seas Letters."

It was a very nice program. We met in Room 27 of Tahoka High at home room period.

EIGHTH GRADE NEWS

The Eighth grade class met in home room Monday, Jan. 8. The class discussed having a party, and it was decided to have a Valentine party. Three committees were appointed to get the party up. They are as follows: refreshment committee, decorations committee, and games committee.

PERSONALITY

Say, girls, have you seen that cute fellow around here with brown hair, grey eyes, 6 feet tall, 15 years of age, loves to play football, and prefers blondes. He is very nice looking and has a wonderful physique. I guess you are derful physique. I guess you are man" is well, it is none other than our friend, Leslie McNeely.

Miss Snow Johnson and brother, Ralph, returned from Fort Worth Sunday, where they had been visiting their brother who is in the armed forces but home of leave.

JOURNALISM CLASS ELECTS NEW STAFF

New officers were elected by the Journalism class Thursday, Jan. 5. The meeting was called to order by Donna Sue Milliken, co-editor of the class.

Billie Jo Cowan was elected as the new editor and took charge of the meeting. The class elected Donald Adamson as co-editor, Josie LaVerne Blair, society editor; Jim Ed Poer, sports editor.

CHORAL CLUB

The Choral Club which met Thursday, Jan. 5, is sponsored by Mr. Montgomery. The students sang popular songs, and the latter part of the period a group of girls practiced on a song which will be sung in assembly.

Also, the students decided upon giving a different type of an assembly program for a future date. Although quite a few of the pupils did not like this idea, others thought it would be all right. A special committee was appointed to decide.

Mr. and Mrs. Bert Short of Grassland returned a few days ago from San Diego, Calif., where they had gone to visit their son, E. L., who is in the Navy. While there, they saw the Rose Bowl football game.

The Navy needs radio men. Opportunity to train in one of the war's newest and most thrilling fields—Radar. Radio technicians have many important duties in the Navy, such as installing, repairing and maintaining radio communication equipment, radio direction finders, submarine detection apparatus and other extraordinary electronic devices.

Upon release from the Navy after the war, the radio technician will find countless opportunities open to him. He will have a thorough ground work in ultra high frequency electronics, that will still be unknown to commercial engineers. A radio technician will be qualified for many key positions in such fields as television industrial electronics, broadcast radio, aircraft radio, and many other scientific occupations.

Upon successfully passing the Eddy test, you may be enlisted as a Seaman First Class, with pay to start with \$66.00 per month. Men who have successfully passed their pre-induction physical examination between the ages of 18 and 38 and men of 17 years of age may take the Eddy test at the Navy Recruiting Station, Post Office Building, Lubbock, any day of the week. The Recruiting Station is open from 8 a. m. to 5:30 p. m. and Chief H. A. Lambert urgently requests that you come by and find out first hand complete information that the Navy is offering at this time to inductees and volunteers. There is absolutely no obligation.

Cpl. Cash With P-47 Group In France

A First Tactical Air Force Fighter Bomber Base, France.—Corporal Homer C. Cash, Tahoka, is currently serving with a P-47 Thunderbolt unit which celebrated its first Christmas overseas at an advance base in France.

This outfit, strafing and dive-bombing enemy fortification in the path of the American Seventh Army, provides close air support. Although dive-bombing is the primary function of this group, 53 enemy aircraft were destroyed and 23 were damaged since its arrival in the ETO.

Besides preparing for the landings in France, a number of red letter days stand out in the history of the group. The dawn-to-dusk invasion cover, low level, pin point bombing of German gun positions, elimination of over 800 enemy troops near Cherbourg, the destruction of six FW 190's and 200 vehicles in two days.

In the ten months since the group left the U. S., Cpl. Cash has received the ETO ribbon with two battle stars for the 'Air Offensive of Europe and Normandy campaign.

HOME FROM PACIFIC

T/Sgt. J. W. Fortenberry came Saturday for a two weeks visit with his mother, Mrs. Alice Fortenberry. He has been with the U. S. Marines the past three years, serving on the West Coast and in the Pacific. He is a weather observer with the Marine Air Guard of the First Marine Wing.

Sgt. Fortenberry was reared in Tahoka and is a graduate of Tahoka High School. For two or three years immediately preceding his enlistment he was employed in the office of the Double-U Company at Post. This is his first home in two years.

Halsey Dies . . .

(Cont'd from page 1)

died in July, 1894. With the exception of one year spent at Corpus Christi before his first marriage, Mr. Halsey had resided in the vicinity of Rogers from 1875 until he came from Rogers to Lubbock on the last day of December, 1940, a period of almost 65 years. Most of this time was spent on a single farm three miles east of Rogers, which he acquired in his early married life.

After coming to the Plains, nothing gave him more pleasure than to meet and converse with old-time friends whom he had known in Bell county, which was almost a daily occurrence.

Though possessed of little school education, he was an avid reader and a close observer, and was more thoroughly conversant with Texas history, U. S. history, and even world history than many college graduates.

He often visited his daughter here, the last visit being on Sunday a little more than a week before his death.
