Tahoka Boys Win Post Cage Tourney

In the basketball tournament at Post Friday and Saturday, the Tahoka Bulldogs came out on top, and were crowned champions of the tournament.

The Bulldogs defeated Post Friday night by a score of 29-10. Saturday afternoon the Bulldogs again were victors when they beat Southland 31-21. Saturday night the game was really a thriller when the Bulldogs over-ran the O'Donnell Eagles 43 to 24. This game was Tahoka's sensation of the season. Nolan Jones, just back from a two weeks illness, was Tahoka's high point man.

Tahoka girls played three hard games, fighting hard all the way. They lost to Post Friday night by a 23-19 score. Saturday, the girls played a close game with Southland the score being 14-14 at the end of the game, and Tahoka went on to win 16-14 in the play-off period. They then defeated Dawson 30-14. The girls won second place in the tournament, while Post girls won second.

O'Donnell Soldier German Prisoner

Ben Moore of O'Donnell was here Tuesday and stated that they had recently had two cards from his son-in-law, Pvt. Warren D. Smith, informing them that he is a prisoner of the Germans.

His wife is the former Miss Oleta Moore and he is the only son of Mr. and Mrs. Hafford Smith of O'Donnell.

His wife had received a communication from the War Department on Thanksgiving Day that he was missing in action. The first card that came revealing that he was in a German prison was received on Sunday, Jan. 14, which was followed by a second card received last Sunday.

Also the family had a very interesting and sympathetic letter Tuesday from Pvt. Smith's buddy written from a hospital on Staten Island, New York, in which he stated that he was with Smith on the day that he was reported missing. They had gotten separated and he never saw his pal again. He thought Smith had dropped out from exhaustion. He did not explain how he himself came to be in the hospital—probably from wounds received in action.

Dove Twins In Jap Prison In Thailand

Miley and Riley Dove, twin sons of Mrs. Ruth Dove of Plainview, are possibly in the same Japanese prison in Thailand, it was revealed here this week when Mrs. Dove came to Tahoka for a visit with her daughter-in-law, Mrs. Launa Moore Dove, wife of Riley, who lives here with her mother, Mrs. Dona Moore.

The elder Mrs. Moore had received an undated form-card from Prisoner of War Camp III in Thailand bearing the usual type of message and signed "Miley-Riley Dove."

Though the parents and wife of Riley Dove had heard from him about five months ago, the latest information from Miley came about a year ago when the War Department in Washington notified his wife, Mrs. Launa Moore Dove, that he was in a prison camp at Tokyo.

The families believe the writing and signature are genuine, but, of course, do not know when the writing was done.

Infantile Paralysis 'March of Dimes' Drive Is Started

The annual Infantile Paralysis "March of Dimes" campaign celebrating the President's birthday will get under way in Lynn county Sunday, when a free-will offering will be taken at most churches of the county. No dance will be held in this county for the fund, as is the custom in many places.

Citizens are asked to make their donations to this worthy cause at church Sunday, or hand them immediately to a member of the committee.

The Lynn county committee is composed of Wynne Collier, chairman, Dr. E. Prohl, vice chairman, Mrs. Truett Smith, secretary, and W. B. Slaton, treasurer.

The annual drive was inaugurated by President Franklin D. Roosevelt. The funds go to the National Foundation for Infantile Paralysis and is used to combat the disease, particularly among children, and to give treatment to those not otherwise able to pay for the expensive curative measures. Thousands of new victims of the disease will be treated from the funds raised in this drive.

Gile Mathis Dies Of Heart Attack

Funeral services were conducted in the presence of a large congregation in the Methodist Church at Grassland at 2:30 o'clock last Sunday afternoon for James Gile Mathis, 49, who died at 1:00 P.M. Friday afternoon while being conveyed by a Harris ambulance to a Lubbock hospital to be treated for an attack of heart trouble. Services were conducted by Rev. D. W. Reed of Garnolia, assisted by Rev. C. Stephens, pastor of Grassland Methodist Church, Rev. J. E. Young, former pastor, and Rev. Duke, pastor of the Church of the Nazarene. The body was laid to rest in the Grassland cemetery.

Mr. Mathis was stricken with a heart attack early Friday morning, and Dr. Williams of Post was summoned to his bedside. About 11 o'clock W. M. Harris was called to take the patient to the hospital. Mrs. Mathis and Dr. Williams accompanied the patient, but he died about the time the ambulance reached Wayside, and the body was brought back to the Harris Funeral home here and prepared for burial.

The Mathis home is situated one mile west of Grassland, and he and Mrs. Mathis had resided there for many years. They had no children. Surviving him in addition to the widow are a brother and four sisters. The brother, Kary Mathis, principal of the Bean school in Lubbock, had been principal of the Tahoka grade school for a period of three years before going to Lubbock. The sisters are Mrs. A. M. Hawthorne of Monroe, Mrs. S. B. Dean of Sundown, Mrs. J. R. Wood of Southland, and Mrs. J. P. Pierson of Amarillo.

Born at Celina in Collin county on February 23, 1895, Mr. Mathis would have been 50 years of age at his next birthday. He came to Lynn county about 29 years ago, when he was only 20 years old. He had been a resident of the Grassland community ever since. He was a devoted member of the Methodist Church, a very fine citizen, and a much beloved neighbor and friend. The esteem in which he was held was attested by the large congregation that attended the funeral services and the many evidences of grief and regret at his untimely demise.

Mrs. Mathis and other surviving relatives have the deepest sympathy of the entire community.

Cpl. Lowen Young Writes From India

Mr. and Mrs. C. A. Young have received two letters recently from their son, Cpl. Lowen E. Young, who is somewhere in India.

From the first letter written on December 17, 1944, we quote as follows:

"I feel fine, glad that I am off the boat. This seems to be an odd country. The people are very odd. Lots of them never wore a pair of shoes in their life. They live cheap and work cheap and eat dirt cheap. For a few cents a day a native boy will make up the beds, sweep out the tents, and do odd jobs. The language isn't so hard to learn.

"This country and people are a lot like the picture shows and magazines show it to be. It would take lots of improvements before I would like to live here. There is lots of fruit here, such as bananas, oranges, tangerines, coconuts, etc.

"We have a good set-up here—nice and cool at nights, the days are a little warm."

In his second letter, which was written on January 4, he says that they got a few hours pass on New Year's Day, and that they went to town on a truck; said the town smelled like a cowpen, and that cows were all over the streets. He complained that prices are

very high there for Americans. Those Indians have three prices on their merchandise, he says, one for the natives, a little higher price for the British, and a much higher price than that for Americans. But they work cheap, a rupee a day, he says. A rupee is thirty cents in American money. He sent his parents a rupee paper bill.

C. B. Evans Sr. is a nephew.

Sgt. G. C. Price Writes From European Front

Mr. and Mrs. J. G. Price recently received a letter from their son, T/Sgt. George C. Price who is with the Army on the German Western front, written on German stationery, which by hook or crook had fallen into his hands. He could not read the printed matter thereon, neither can we.

The letter was written on December 15, the day immediately preceding the launching of the big counter offensive by General von Rundstedt, and Christmas packages were just then beginning to arrive. He was having a rest at that time and was gaining weight, but he said, "I wish the ones there realized the destruction war brings to a country. They should appreciate the rations they get. These people here get so little of the stuff we get there. The only vehicles running are military vehicles. All civilian vehicles are forbidden."

Sgt. Price is in the infantry and he indicated that they were having

a rather tough time, but we note that the Germans are now retreating again.

At last, the near-stalemate which has existed on both the eastern and western approaches to Germany seems to have been broken with the Russians advancing rapidly on the east, and the American, British and French forces making slower but unrelenting progress on the west. Warsaw, which the Germans gleefully over-ran with their powerful war machine five years ago, is now in the hands of the Russians. Most of Poland has been rescued from the iron heel of the Hitlerites. On the west, the Germans have again been driven out of practically all of Belgium and Luxembourg and the Allied armies are moving forward on German soil. We don't know how long Germany can hold out but it is apparent that she is being slowly crushed, and most of the fighting from now on will be on her own soil.

The American forces have met with surprisingly little opposition in Luzon thus far. Up to Tuesday they had advanced to within sight of Clark Field and within 50 miles of Manila. But it is unthinkable that the Japs will permit their almost unopposed march to continue long. Somewhere down the line they will make a fight. It may be stern and deadly; but it will not be successful. The Japs in the Philippines are doomed. Sooner or later Manila will again be in the hands of the Americans, and there will be another story to write about Bataan Peninsula and Corregidor. It is literally true that they live

Henry A. Wallace is conceded to be an able, honest, and benevolent-by-intent man, but it is regrettable that the President saw fit to remove one of the most proficient of his cabinet members and appoint Wallace to the position to pay a political debt. According to general reports, there have been few Secretaries of Commerce who have performed the duties of the office and other duties imposed upon them more ably than has Jesse Jones. As a result of this shift a fight is brewing to relieve the new Secretary of some of the duties that devolved upon Jones. It probably would be well if this were done.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

FRUIT IS THEME OF H. D. AND 4-H CLUB MEETINGS

During the month of January, Girls' 4-H clubs and Home Demonstration clubs are working on Fruits. The initial meeting of the month was with Misses Ina and Myrtle Ledbetter, food demonstrators of the Wells Home Demonstration club. The county home demonstration agent, Miss Carolyn Dixon, was present and demonstrated pruning a grape vine and young peach tree. Other similar meetings held were with Miss Emily Waller, Draw Home Demonstration club food demonstrator, Mrs. W. S. Powell, Petty club food demonstrator, and Mrs. D. D. Caudle, New Home food demonstrator. Others to be held are at New Moore with Mrs. S. L. Walters, Hackberry with Mrs. Earl Lancaster, at Wilson with Mrs. Edmund Maeker, and at West Point with Mrs. Cody Bragg.

The agent emphasized the value of fruit in the diet in the five girls' 4-H club meetings that have been held this month through the use of colored charts and by giving a demonstration on preparing a quick and nutritious fruit salad. These were attended by 200 girls. Demonstrators in four of these five clubs are: Joan Montgomery, Wilson; Sylvia Link, New Home; Frieda Powell, Petty, and Eunice

Fletcher, O'Donnell Junior club, all of whom assisted the agent in the food preparation demonstration given at her respective school. Reba Bates is food demonstrator for the O'Donnell Senior Club.

This month each 4-H club member is to do three things, 1. Prepare as many fruit dishes for her family as possible, 2. Set out at least one fruit tree or several berry

vines, 3. Enroll in the Orchard School of the Air by writing a post card to Box 1400, Lubbock.

PERSONALITY

This week we take great pleasure in presenting one of our favorite Freshmen, who has been with us in the Tahoka schools since he started in the first grade. He has been one of the leaders all through his school days. He works at his dad's filling station, has blue eyes, and "the cutest little freckles on his nose," to quote Joretta Shawn. He is also very popular in all the "Slam books" in high school. You must know by now who this wonderful person is—none other than Phil Barrington.

CORRESPONDENCE CLUB

The Correspondence Club was called to order by the president, Glenda Spencer. Then the secretary called the roll.

There was a committee last week to get the refreshments for this week. We were all served cake and drinks. Everyone enjoyed it.

Then Nora Jenkins had a "truth or consequences" program. There were some snappy answers for the questions that were asked. We all enjoyed the meeting.

FRESHMAN CLASS

We had a very interesting Citizenship program last Wednesday. First on the program were two reports, "The Russian Education System" and "Education in Germany" given by O'Gene Gill, Savannah Tunnell gave some helpful hints to both boys and girls. "The Village Blacksmith" was given by Marjorie Lishman, and a quiet of boys sang a song, "The Star Spangled Banner," sung by the class, concluded the program.

The Freshman class gave the assembly program last Tuesday. The program was entitled "The Last Round-Up." St. Peter was impersonated by Wayne Sherrod, and Satan by Edwin Ross. Also, a few students were seen at the judgment bar. Incidentally, Satan got more students than St. Peter. Wonder why?

JUNIOR CLASS

The Junior class met Monday, Jan. 15, in their regular home room period to discuss their class business. They have received their Junior play books, but they found the play unsatisfactory, so they are ordering a new play.

The class held its regular citizenship program Wednesday. The program was under the direction of Lewis Botkin. Dorothy Johnson gave an interesting speech on "Manners," and Lewis Botkin and Jerry Frazier gave a number of piano selections, while Bonnie Campbell sang a popular song hit. The program was enjoyed by all class members.

EIGHTH GRADE NEWS

The Eighth Grade met Monday, Jan. 22. Plans for a Valentine Party were discussed and refreshments were decided upon. The party will be given in the gymnasium Feb. 14.

West Texans Meet On Pacific Isle

Somewhere in the Marianas Islands. (Delayed)—When a group of Texans get together, you usually have a small convention, or, at least a reasonable facsimile. And, invariably at all Central Pacific island bases you will find a number of proud Lone Star Staters. They invariably gravitate toward one another.

When these "Longhorns" meet, service rivalries are forgotten and the men of all branches of every service blend into a session where only talk of Dallas, Austin, Corpus Christi and other Texas communities is permitted.

Recently, three natives of the largest state met at this Marianas base. Two of them were Marines and the third was an Army officer. With three different types of duty, the men learned they were operating jointly.

The Army officer, Captain Samuel J. Privitt, of Childress and Tahoka, is a pilot in an Army troop carrier squadron, Marine Corporal Mark A. (Hop) Halsey of Lubbock, a State representative, is a communications clerk, and Marine Private First Class William O. Fortenberry Jr., also of Lubbock, is a radioman aboard a huge Curtis Commando transport plane.

The Marines, although operating from widely separated bases, are attached to units of Major General Louis E. Woods' Fourth Marine Air Wing.

Captain Privitt, husband of Mrs. Greta J. Privitt and a graduate of Childress High School, recently made the first round-trip flight from Saipan to Palau. His wife, formerly Greta Joyce Applewhite, resides at Tahoka. His parents are Mr. and Mrs. Alfred M. Privitt, Childress.

Halsey, a graduate of Lubbock High School and a former student of Texas Tech, is the husband of Mrs. Harriette Halsey, 3308 21st St., Lubbock. Fortenberry, the son of Mr. and Mrs. William O. Fortenberry, is a graduate of New Deal High School and attended Texas Tech.

Sinclair Clinic reports that Miss Laura Waldrip, daughter of Mrs. W. M. Waldrip of T-Bar, underwent surgery at Lamesa on Tuesday of this week.

IS YOUR DIET CORRECT?

Do you know how many calories you consume each day?

If you are not sure you get as many as you need ask a third year girl and she will help you with your diet troubles. Members of the third year Homemaking class have just completed studying a unit on nutrition.

Nutrition is a food process of animals and plants and it promotes growth in the body. The girls made reports in class on vitamins, minerals, protein, and the effects of each on the body.

The secret of a beautiful, clear, complexion is known by each of these girls. If you should be interested, they will be willing to give you information concerning this problem and many more.

Nutrition is certainly important in our country since we are in war. Suppose you take a check up on how many calories are needed a day. Lack of enough calories may be the cause of your headaches or nervousness. Any pupil who doesn't eat the correct amount of food probably will not be as interested in her classes as someone who always eats at the right time, eats proper foods, gets plenty of sleep and exercise. They may be the reason why some students fail to make passing grades.

Of course, we know if you get sick, you should consult a doctor. Remember, a war is on and many doctors are needed on the war front. Let's keep healthy and help.

SING-SONG

Last Thursday, Jan. 18, a sing-song assembly program was held with Mr. Montgomery taking charge. The following songs were sung: I'll Be Seeing You, Dinah, Ride, Tenderfoot, Ride, When the Lights Go On Again, It Had to be You, Sunday, Monday or Always and America

We wish to thank the friends and relatives for the deep concern they have manifested and the expressions of sympathy and encouragement with which they have sought to console us since the message came that our son, T/Sgt. We wish to thank the people of the Petty community for the farewell entertainment and lovely gifts. We will remember you for a long time.—Mr. and Mrs. H. A. Cullifer and Reba.

famous TEXAS brands

These brands above (with one exception) stand for cattle—Texas cattle. But look a little closer and you'll see a "brand" that doesn't represent cattle-raising. It stands for a long-time Texas partner in getting those cattle to market. It's the Santa Fe trademark.

Cattle isn't all that Texas offers to the nation—not by a long shot. Texas is the big "all round" producer from field, orchard and mine as well as range. Look at Texas grapefruit, Texas helium, Texas cotton, Texas melons, Texas grains, Texas oil, Texas vegetables, Texas sulphur and other minerals. Texas sheep, Texas steers, Texas turkeys, Texas gas, Texas wool, Texas mohair, Texas pecans. Santa Fe "settled" in Texas in the early 1880's. Since then we have seen the products of Texas lands and factories begin, grow and flourish. Texans will be interested to note how Santa Fe is keeping in step with the Lone Star State—by increasing yard facilities, lengthening sidings to handle bigger freight loads faster. After the war your Santa Fe railroad partner will be ready, able and proud to take even more Treasures of Texas where you want them to go—North, East or West.

WYATT DOING THRIVING BUSINESS AT ROPEVILLE

Mr. and Mrs. F. A. Wyatt of Ropeville, former long-time residents of Tahoka and Lynn county, came down Sunday to visit relatives. He returned home Monday but she remained for a few days longer visit with her parents, Mr. and Mrs. John Anderson, at O'Donnell.

The Wyatts moved from Tahoka to Ropeville about a year ago, where Mr. Wyatt again entered the grain and feed business, having conducted a business of that kind here with his brother, N. M. Wyatt, for many years.

Mr. Wyatt has built an elevator there and has handled a large quantity of grain this past season. The crop, of course, was excellent as was also the cotton crop. One gin at that place, he reports, has ginned more than 7,000 bales of cotton this season.

B. M. Hays In New FSA Supervisor

Byron M. Hays, who was principal of the high school here in 1929-30, has returned to Tahoka as Farm Security Administration supervisor for Lynn and Garza counties, with his office in the basement of the courthouse.

Story served several years as deputy sheriff of Garza county, under two sheriffs, Jim Powers and Lon Cross.
