Tahoka, Lynn County, Texas, Friday, March 9, 1945.

Number 31.

## New Combine Milo Will Be Tried Here As An Experiment

A large number of farmers representing nearly every community in the county are participating in trying a variety of combine milo, comparatively new to this area, known as Kansas Westland-Milo. Forty-eight hundred pounds of certified planting seed have been ordered by the County Agricultural Agent from a Kansas Experiment Station for these farmers.

Chief among the expected desirable qualities of this variety are: heavy yielding, the variety producing a higher yield than other combine varieties in areas where grown; soft grain making it highly desirable for feeding; large heavy stalk which enables it to stand indefinitely; combine type; and is resistant to certain grain sorghum plant diseases. It is about ten to twelve days slower in maturing than milo now grown in the county.

Information concerning this crop was discussed by the county agent at the farmer's meeting held at Tahoka Wells, Wilson, New Home, and Grassland during January and interested farmers were listed at the meetings. Any other interested individuals can secure experimental planting seed and information by writing or calling on the County Agent for information.

Several farmers in Lynn and Lubbock County have grown the grain for several years and report heavy yields, soft grain, and other desirable qualities.

The County Agent is recommending that only limited acreages be planted to this variety the first year to determine its desirability. If it is well liked, plant according thereto. If it proves to be a heavier yielding and better feeding grain, then it will be highly desirable; otherwise, it will not be planted in the future and limited experimental plantings will not harm the farmer trying it.

Farmers who have ordered seed through the county agent to date are as follows: Hugo Maeker, Werner Klaus, M. G. Bruedigam, R. J. Nieman, Glen Ward, Ben Brieger, Alfred Krause, B. O. Wilke, J. P. White, J. R. Hamilton, A. E. Hagens, Bennie Hagers, P. F. Swann, R. A. Kallch, R. T. Moore, S. W. Inman, J. L. Parks, Robert Adams, S. L. Williams, W. C. Huffaker, J. W. Carrell, Fritz Speckman, R. W. Overstreet, W. R. Ledbetter, Oran Eickerson, Carlton Schaffner, Arthur Gickhorn, A. B. Hatchell, E. C. Nieman, Wamon Smith, Thad Smith, Buford Powers, Loyd McCormick, T. L. Weaver, Andrew Cooper, and H. F. Conrad.

## Sgt. Dea Parker Home From China

Sgt. Dea Parker of the Army Air Forces arrived home last week end after many months service in far-away China and India, where he flew 300 combat hours in a B-24 bomber. After 21 days, he will report to a California base for reassignment.

Though somewhat reticent to talk of his experiences, Dea has without a doubt been in some of the hot spots of the war against the Japs in China.

He was stationed at American air fields up close to the Chinese Army front, and he was at two of the airfields that were overrun by the advancing Japs, and we lost several fighter strips in the same area.

He says the Chinese don't have too much to fight with, but that our air force has been very painful to the Japs.

Most of the Chinese in the area where he was stationed do not care too much about fighting; they are poor, and their principal interest is in operating their rice paddies, and thereby eking out an existence.

The Chinese are very poor, diseased, and, in fact, in an even worse plight now than were the Indians during their famine of two years ago. He thinks India is in much better shape than a year or two ago when there was so much talk about its squallor.

The British are doing a good

## Canadian Is Next Speaker On World Affairs Series; Russian Is Interesting

H. G. Scott

Major H. G. Scott of Ottawa, Ontario, Canada, a native of Scotland, will be the final speaker on the Rotary Institute of International Understanding next Wednesday at 8:30 p. m. in the High School auditorium, three speakers having already appeared here on previous Wednesday nights. His subject will be "The Role of the North American Continent."

General theme of the series has been "New Forces in World Affairs," previous speakers coming from China, Australia, and Russia.

Major Scott is a publicist, born and educated in Scotland. He came to Alberta, Canada, where he practiced law and was, for several years, Magistrate of the city of Calgary. (Cont'd on last page)

## Soldier's Home Is Destroyed By Fire

The neat but humble little home of Pvt. and Mrs. R. W. Musick and six children, including all the wearing apparel of the family, was utterly destroyed by fire last Saturday night, a two-room structure situated in South Tahoka.

Pvt. Musick is with the armed forces overseas. Mrs. Musick had lighted the oil heater and then took the children, a boy of seven and the baby, and went to the residence of her aunt, Mrs. Bertha Abernathy, for a brief visit. Something evidently went wrong with the stove and the fire spread from it, doing its work quickly. When the fire was discovered, the alarm was turned on and the fire department responded promptly, but it was too late to save scarcely anything.

Mrs. Musick, it is reported had recently finished paying for the house and furniture with funds from her husband's allowance. There was no insurance on the property.

## Two Bronze Stars For Sgt. E. Hillin

Sgt. Elmer Hillin, who is somewhere in Belgium with the U. S. Army, has twice been awarded the Bronze Star. He first went overseas to England, then to France and into Belgium.

Sgt. Hillin's wife, the former Miss Bobbie Grayson, recently returned from a month's visit with his parents and other relatives in Goose Creek, Texas.

## Capt. Wade Howell On Western Front

Captain Wade Howell, who received his promotion to that rank last December 1, is engineering officer in charge of a Thunderbolt fighter flying field in East France near Strassburg, his parents, Mr. and Mrs. H. B. Howell, have been informed.

Captain Howell has been in France since D-Day.

L. Ficklin of Wichita Falls, who recently returned to the States after completing his required number of missions, visited the Howells recently and brought them much interesting news of their son.

## O'Donnell Editor's Father Is Buried

Editor Ossian Smith of the O'Donnell Index-Press returned last Sunday from near Dallas, to which place he had been called by the death of his father on February 23. Mr. Smith was forced to miss an issue of the Index-Press as a result.

The News extends its sympathy to our fellow-editor and his family.

## Congratulations—

Mr. and Mrs. Lee Roy Knight on the birth of a son weighing 7 pounds 6 1/2 ounces at 8:33 o'clock Tuesday night at Lubbock General hospital. This is their first-born.

Mr. and Mrs. Joe Waldrip of Rt. 3, O'Donnell, upon the birth of a son on March 3, as reported by the Tahoka Clinic. The little fellow bears the name of Joe Keith.

## City Election Is Set For April 3

Citizens of Tahoka will have the privilege of exercising their right of suffrage the first time this year on April 3, when the city election is to be held.

A mayor, two members of the city council, and a city marshal are to be elected.

J. L. Heare is serving now as Mayor Pro Tem, by appointment of the city council following the death of the late Mayor Deen Nowlin, who had been mayor for several terms.

The terms of W. O. Thomas and T. J. Bovell as members of the city council expire. Frank McGlaun is serving as city marshal.

No names have been filed with the city secretary as candidates for any of these positions, but it is likely that the name of J. L. Heare will be filed as a candidate for mayor and the names of Thomas and Bovell for re-election as aldermen, by friends. McGlaun will doubtless be a candidate for re-election as city marshal.

If any other citizens of Tahoka have aspirations to fill any of these offices, the fact has not been made public. Only time will tell.

## Methodists Raise Crusade Funds

Compassion Day was observed last Sunday by the Methodist Church here with a fitting program, the three flags being used, the Christian, Old Glory, and the Service Flag.

This marked the climax of the Crusade for Christ program, and a free-will offering was laid on the altar for the relief of the suffering throughout the war-torn nations. The remarkable sum of \$1,425.00 was contributed for this purpose with more to come in. Rev. H. A. Nichols, pastor, reports.

It was a mountain-peak day for the Methodists of Tahoka.

## War Memorial Will Be Discussed Here

To the Citizens and Parents of Men and Women in the Armed Service from Lynn County:

Please be present at the County Court House at 2:30 p. m. Wednesday, March 14, to discuss a fitting memorial for the boys and girls who pay the supreme sacrifice while in service.

Harley Henderson, chairman of Board for Service Men.

## JESSE HILL DISCHARGED

M/Sgt. Jesse L. Hill arrived home last Friday, after having received a medical discharge from the Army. He had been under treatment for several months at McCloskey Hospital, Temple, for wounds received when his plane was shot down in landing operations on Italian soil.

## AMERICAN HEROES

by JULIAN OLLENDORFF

EVERY purchaser of a War Bond gives up something to aid his fellowmen with the same spirit that Pfc. William P. Boves of West Roxbury, Mass., showed in risking his life to save a comrade on a Pacific Island, though in a lesser degree. Though previous attempts to reach three wounded men had failed, Pfc. Boves crawled through the jungle in the face of intense enemy fire and dragged one of the men 35 yards to cover. The action won him a Silver Star.

## Lynn County 'Over the Top' In Annual Red Cross War Fund Drive; Tahoka Stages Successful One Day Campaign

### Land Changes Hands First Time In 50 Years

A. E. Leverett has recently bought the south half of the section lying immediately south of T-Bar school, according to Ben Moore of O'Donnell.

One of the shortest of abstracts was required in the deal, since the land had been held by a doctor in Ohio since the 1870's, who has acquired it through the Lone Star Colonization outfit for \$1.50 per acre, and the Lone Star had acquired the land from the state.

### Missions School In City Tuesday

An Association-wide School of Missions, with three returned missionaries on the program, is to be conducted at the Baptist Church here next Tuesday afternoon and night, lunch to be served by the ladies of the local church during an intermission between the afternoon and night numbers. Visitors are expected from all portions of the Brownfield Baptist Association, though the number will doubtless be greatly reduced on account of the gasoline situation.

At the night session, one of the number will throw onto a screen motion pictures taken on the missionary fields in China. The pictures are said to be very enlightening as well as entertaining respecting general conditions as well as missionary work in that potentially great country with its teeming millions of people.

The three members of the party consist of Dr. H. H. Muirhead of El Paso, missionary to Mexico; Rev. Clem Hardy, missionary to north Brazil; and Rev. Rex Ray, missionary to Wuchow, south China.

The program will open at about 5:00 p. m., and one of the speakers will address the congregation at that session. Lunch will be served at about 7:00. At the night session another of the missionaries will speak, and lastly will come Rev. Rex Ray with his motion pictures.

The people of Tahoka and of this entire section of the state, irrespective of church affiliation, are invited to come and enjoy this program.

### Pfc. Claud Slover Is Now On French Front

Pfc. Claud W. Slover, son of Mr. and Mrs. John Slover and a member of the service battery of the 763 Field Artillery, wrote on February 11 from "somewhere in France" that he is now stationed in a chateau.

The owner of the chateau said that when the Germans took over that part of France, they kicked him out, burned his furniture, including 29 beds, and proceeded to sleep on the floor like good supermen should.

Claud says he has a German iron cot with one-inch slats, running lengthwise, which rests much better than it looks.

### Eleven Service Men Home From Wolters

At least 11 men are at home in Lynn county this week on "Cetay route" furloughs who have been in training at Camp Wolters, Mineral Wells, and will next report at a West Coast port of embarkation. They arrived Monday and are to leave next Tuesday.

These men are: Vernon L. Clem, Edward Bartley, and Derwood McClintock, Tahoka; Lewis G. Allsup, New Home; E. R. Blakney and Harold Cook, Wilson; Erv Booth, O'Donnell; Ira Hart and Jack Edwards, Grassland; Pat Hensley of Draw; and Clovis Paul Headrick of New Lynn.

Sgt. Kelly Hill arrived Monday to spend his furlough here with his wife and other relatives. He is stationed at Langley Field, Virginia.

Lynn county is well "over the top" with nearly \$9,000.00 reported in the Red Cross War Fund drive. Rollin McCord, county chairman, reported to The News Thursday morning. The quota is \$7,500.00, but since funds are needed so badly, McCord asks that those who have not contributed do so at once.

O'Donnell, West Point, Midway, Tahoka, Draw, Grassland, T-Bar, and Dixie are the communities reporting definitely over their quotas, while others either have not reported or are working on their goals.

Mrs. Lenore M. Tunnell was out Thursday checking up on some of the communities.

O'Donnell passed its \$1,800.00 quota last Thursday, Lewis Robinson reported, and at last account had raised a total of \$2206.00.

Tahoka staged a successful one-day drive Tuesday of this week, under direction of W. T. Hanes, and a total of \$3100.00 was deposited here, the quota for Tahoka being \$2,500.00. However, some of Tahoka's total is being credited to rural communities.

Workers are urged to see everyone possible and to make their reports quickly.

### Drive Chairman Asks More Funds

Rollin McCord, county Red Cross War Drive chairman, made the following statement Thursday morning:

"At this time, Lynn county has reached her quota of \$7,500.00 for the 1945 Red Cross War Fund. Thanks to the patriotic spirit of the people of this county and the volunteer workers who have so vigorously and willingly given their time to this drive. Since only a part of the citizens have been contacted, all will want to have a part in this worthy cause to manifest something of our deep gratitude to the heroic dead and their families by our service to the living by donating our dollars to the American Red Cross. The supreme sacrifice of our boys and girls in uniform makes our sacrifices at home look small. Lynn county believes in our Red Cross and will not be satisfied by merely meetings our quota, we are going away over the top. If you have not already made your contribution, contact any collector, or leave it at either the Wilson, O'Donnell or Tahoka banks."

### Canning Sugar Is Now Available

Citizens may now make application for canning sugar by mail to the Lynn county War Price and Rationing Board, according to Mrs. Avis Buchanan, chief clerk. The period for such application began March 5 and extends through October 31.

Although there will be only about three-fifths as much sugar available for home canning this year as there was last, 700,000 tons for 1945 against 1,150,000 tons last year, there will be an ample supply if none is wasted. Therefore, people are asked to apply only for that which they actually need.

For more efficient service, citizens are asked to apply for application blanks by mail. The blanks may be filled in and mailed back to the ration office, and proper allotments will then be issued.

Maximum amount of sugar for home canning will be 20 pounds per person, and no family will be allowed over 160 pounds. However, there is only enough sugar to allow 10 pounds for every holder of Ration Book IV, average.

### SONNY ROBERTS IN FRANCE

Opl. James F. (Sonny) Roberts of the Army Combat Engineers arrived in France on February 10, his parents, Mr. and Mrs. Oscar Roberts have learned. He arrived in England some time before Christmas.

In preparation for the revival meeting that is to be held in the Baptist Church here beginning the last Sunday in this month, members of the Baptist Church have planned to take a religious census of Tahoka next Sunday afternoon. Heads of committees to conduct the work have already been announced.

Rev. Frank Swanner of Levelland is to do the preaching in the revival campaign.

A school of music to be conducted by J. B. Riddle, a gate worker, assisted by his wife, has also been announced for the week beginning Sunday, March 18. It will continue through the week.

Some new names were added to the Honor Roll in the church last week. There are now 109 names on the roll and the same number of stars on the scroll.

There was an increased attendance upon the services last Sunday, 315 registering present in the Sunday School. Only 78 were marked present at the B.T.U. in the evening, however.

There were two baptisms just preceding the night service, a young man and a young woman submitting to the ordinance.

**MARTHA SHERROD CLASS**  
Mrs. W. T. Hanes was hostess to U/ Martha Sherrod class in their business and social meeting on Tuesday night of last week.

### Tahoka Boxers Defeat Floydada

Tahoka's Bulldog boxing team defeated the Floydada Whirlwind team 9 to 5 here Tuesday night and threw in two victories over Garmoula boys-for-good-measure, in an evening of leather-slinging declared by some fans to have been the best evening's entertainment of its kind ever held here.

Last Friday night, at Floydada, Tahoka's boys had won 13 out of 15 fights.

Bobby McMillan opened the show with a win over Floydada's John Mason, and Don Cowan lost to Bill Jeter, and Bobby Boyd lost to Leonard Grigby.

Buddy Bishop of Floydada won by a TKO over Billy Waldrip.

Van Brookshire decisively whipped

the visitor, R. Handley, and Jackie Driver won by a knock out in one minute of the second round over B. Foster. Glenn Newton won the nod over D. Lambert, but W. T. Conner of Floydada was a little better than Charles Stevens.

Cecil Dorman outfought Billy Green, Dwayne Vaughn came off with a victory over Royce McNeill, and Kenneth Hanes defeated Jimmy Price.

James Tippit and J. A. Dodson defeated R. E. Josey and D. C. Taylor, respectively, of Garmoula.

Winners at Floydada were: Bobby McMillan, Jackie Driver, J. A. Dodson, H. L. McMillan, Van Brookshire, Dwayne Vaughn, Buddy Bragg, D. McClintock, Kenneth Hanes, Charles Stevens, Bill Grider, and Randall Hinkle. Jackie Driver won by a knockout, and H. L. McMillan, Van Brookshire, and Randall Hinkle won by technical knockouts. Losers were: Glen Newton, Bobby Boyd, and Dwayne Driver.

### Yanks Rig Up Floodlights For Tropical Night-Ball

How Yank ingenuity made night baseball possible in the heart of the New Guinea jungles has been revealed by sportswriter Lou O'Neill in the Long Island Daily Star.

Taking advantage of widespread interest in the game, anti-aircraft battalions of the area formed a league. A field was cleared within four days, with subsequent improvements, and one of the team describes it as "almost as good as the diamonds back home."

All the day games scheduled could not be worked in, so the only solution was to provide enough light for night-ball. Putting to work the materials and equipment available, the boys made 12 coconut trees into poles 50 feet high and installed them around the field. They then placed 80-inch arc searchlights of the 800,000,000 candlepower variety used in anti-aircraft defense 12 feet from the bottom of the poles. They directed the light upward on white board reflectors 20 feet square and mounted at the tops of the poles. Four 750-watt floodlights supplement the illumination around home plate.

### Sgt. Phaniel Hilton Now In Germany

Mr. and Mrs. S. L. Smith of New Home had a letter a few days ago from their nephew, Phaniel Hilton, who stayed with them much of the time before enlisting in the Army, written from some point in Germany on February 14, in which he informed them that he had recently been promoted to Master Sergeant. "I am En. Motor Sergeant now," he says, "and I draw almost twice as much pay as I did, and have twice as many stripes. Ain't that a kick? Get to live inside more too. So far I like it fine."

Sgt. Hilton is with Gen. Patton's Third Army and has been ever since the invasion forces landed in France.

Most of the letter is written in a happy strain, but "It's bad to hear about the boys getting killed and missing in action," he observes. "We can't all be lucky—I guess."

### CAPT. GILES HOME

Capt. Donald L. Giles, who entered service in the Army from this County more than three years ago and who has recently been stationed in England, arrived Monday to visit his parents, Mr. and Mrs. J. A. Giles in Lubbock and friends in this county. He had been in the European theatre of war for 27 months and his parents had not seen him in three years. He is of the 8th Air Force. He was in Tahoka Wednesday. A brother, Robert Giles, S-2-c, a mechanic in Naval Air Corps, is stationed at Quansett Point, Rhode Island, and visited Capt. Donald Giles in New York when the latter first arrived.

### MEET IN PACIFIC

Mrs. Avis Buchanan of the Ration Board Office was thrilled this week when she learned that her twin brother Ensign Travis D. Shelton of the U.S. Coast Guard had visited her husband Cpl. Preston Buchanan at his station "somewhere in the Pacific". Buchanan is with an Air Corps unit in the Philippine area, and the men enjoyed a half-day visit together.

Shelton wrote his parents that he had just gotten his mail which included 92 letters, several packages and six copies of the Lynn County News dated from August, 1944, to February 1945.

### Congratulations to:

Mr. and Mrs. LaMoin Watley on the birth of a son Thursday of last week in Plains Hospital, Lubbock. The little fellow, who weighed 7 pounds 14 ounces at birth, has been named Jerry Marshall. The Watleys live near Draw, and the mother is the former Silvia Jenkins.

Chester Short has bought the old Howell place in South Tahoka and is remodeling the house preparatory to moving to it. He has been living near Lamesa the past year.

### Southland News

(By Mrs. Marvin Truelock)

Leroy Lester has been promoted from corporal to staff sergeant. He was wounded in Belgium on Dec. 22 in both legs. The War Department has informed his parents, who reside at Hackberry, that he is improving normally.

Neda Mae Weaver fainted at school Monday. She had previously complained of a pain in her throat. She is the daughter of the Cliff Weavers and a Sophomore in High School. No report had come from the doctor when this news was called.

Friday afternoon a postal inspector came to transfer the local postoffice from Mrs. Flora M. Truelock to Mrs. Nellie L. Mathis. The former is a diabetic under the doctor's care. Mrs. Mathis has lived in or near Southland for about 25 years and has many friends to wish her well in her new position.

Friday the A. J. Beckers received three letters, one from each of their sons in the Navy. James seems to be the nearest Tokyo.

### Red Cross Rally At Southland

Announcement has been made that a Red Cross Rally will be held at the Southland School on Thursday, March 15, beginning at 8:00 p. m.

Dean A. Robinson, Garza county roll call Chairman, will be present and speak.

There will be music by the Morgan Community String Band.

Everybody in Southland and surrounding communities are invited to be present.

Mr. and Mrs. Levi M. Nordyke returned the latter part of last week from Mineral Wells, where they had spent about eight weeks for the benefit of Mr. Nordyke's health. He came back much improved but has been confined to his home most of the time since their return.

### Swiss Peaks

Tallest peak in Switzerland is Monte Rosa 15,216 feet high on the Italian border. A third as high are the limestone ridges of the Jura ranges in the west.

Between these two great mountain chains is the rolling floor of the country; dotted with towns, glazed with lakes, crisscrossed with roads and railways. This midland area occupies about one-fourth of Switzerland; the rest reaches toward the sky.

The rugged backbones of the mountain ranges feed international rivers. Main systems beginning in Switzerland are the Rhine and the Rhone. From the Gotthard range southward flows the Ticino to meet Italy's Po; the Inn sweeps north-east through Austria to join the Danube. The Aare rises in central Switzerland and winds northwest through mountain lakes past Bern, then northeast to join the Rhine.

### Value of Soap

The value of a soap depends upon the character and quality of the fat used in its manufacture, the way the ingredients are mixed and handled, the foreign materials added, and upon so regulating the amount of fat and lye that there is an excess of neither. Too large a proportion of fat produces a soap that feels greasy and leaves traces of fat on the clothes. This is rarely true of commercial brands, but sometimes is of homemade soaps. An excess of lye produces what is called a "strong soap," and one that is likely to weaken cloth and injure the hands. When this is not the case the soap is called "neutral." The large variety of soaps on the market differ in all these ways, but chiefly in the water content and in the materials added to increase their value as cleansers, to act as water softeners, to cheapen them, or give them special properties.

### Soybean Hay

Soybean hay, when properly handled, compares favorably with alfalfa in total protein and mineral content, according to H. J. Snider, assistant chief, soil experiment fields, University of Illinois college of agriculture. "Averages of a large number of tests showed that a ton of dry soybean hay contained 272 pounds of protein and 64 pounds of essential minerals. A ton of dry alfalfa hay contained 344 pounds of protein and 74 pounds of essential minerals. These averages are for hay from various parts of Illinois. The soybeans were cut for hay when the leaves were still green and the pods well filled," Snider reported.

Jimmy Rankin of Ralls, former editor at Slaton and later at Ralls, and also a former school superintendent in this area, was a business visitor in Tahoka Wednesday.

**RELIGIOUS LIBERTY OR FUTURE WARS—WHICH?**

In an address delivered by Senator Walter A. George of Georgia over a Southern radio network last Sunday morning, he pointed out that religious intolerance and dictation have caused many of the wars of history, and that Germany's hatred of Jews and Nazi determination to suppress or restrain the activities of certain religious sects in that country was one of the potent factors in bringing about the present world conflict.

In that connection he also pointed out that at the peace table following the first World War President Woodrow Wilson proposed and urged the adoption of a provision in the League of Nations covenant that religious freedom should be guaranteed to the people of every signatory nation. But his proposal was turned down. If that proposal had been adopted and the United States had joined the League, it is reasonably certain that Germany could not have brought about the present conflict.

Senator George then proposed that to secure the peace of the world following this war, a provision for complete religious liberty in all the nations involved be written into the peace treaty, and he urged that petitions be circulated, signed, and presented by members of the denomination to which he belongs, urging that such a provision be incorporated in the peace treaty.

We know of only one great denomination of Christians, of professed Christians, who is likely to oppose this proposal, but numerically and politically it is the strongest of all the denominations. For centuries it practiced the grossest kind of religious persecution and sought to make, and usually did make, all civil government subservient to it. It still seeks to control civil governments and still turns thumbs down on all religionists who do not worship at its own altars. It departs from this policy only when a more liberal policy seems expedient. Although it is strong even in America, its assumption of the right to dictate to the people their religious beliefs is thoroughly un-American. Its contention that education is the function of the Church alone is thoroughly un-American. Its closing of the Bible to the layman, to the people generally, and the assumption that its priests alone are competent to properly interpret the Word of God, is thoroughly un-American. Its contention that only those marriages which are performed by its own priests or other church dignitaries are religiously legitimate, this too is thoroughly un-American.

And this church, dominant in many of the nations whose representatives will sit at the peace table, is the greatest threat to any proposal for complete religious liberty hereafter in all the nations involved.

It seems highly important therefore that all peoples of whatever denomination or whatever nationality who believe in religious liberty shall prepare to make their voice heard at the peace table following this war.

It was Mirabeau B. Lamar, second president of the Republic of Texas, who made the historic declaration that "the cultivated mind is the guardian genius of Democracy." Our own experience as a people has furnished much evidence of the truth of this statement, and it is upon this theory that our system of public education has been established and is being maintained. If that be true, the world certainly will not be safe for democracy for a long time after this war is over and the peace treaty signed, for a great majority of the teeming millions that inhabit the most populous countries of the world are still groping in densest ignorance. The only way to take the light of education and Christianity to the benighted peoples of the world.

**ONE USEFUL CITIZEN**

This is what a man gets when he moves away from Tahoka to some neighboring town. Bill Sewell, banker, used to do a lot of things when he lived in Tahoka, but just look up this spasm, brought on by Bill's activities in Slaton, which the perpetrator of the Just Talk column in the Slatonite had last week. Quote:

Slaton is fortunate in having one of the most versatile young men in Texas. He can sing, act, as master of ceremonies, herd cattle, barbecue steaks, entertain the ladies, tell jokes of different shades and hues, make you feel like a member of the Nazi party unless you buy War Bonds, and he can run your peas through his washing machine and shell them like corn in a popper. The only trouble is that it is harder to gather the peas the second time, for they are under the kitchen stove, the living room couch and under the bed in the guest room. Yes, sir, Bill Sewell is a valuable man to have around a town, especially when you want to borrow a couple of hundred and have a 200 acre farm as collateral.

**S/SGT. SCOTT D. MILLER WEDS LAMB COUNTY GIRL**

Mrs. C. B. Hicks of Tahoka announces the marriage of her son, S/Sgt. Scott D. Miller, to Miss Ethel Bernice Davis, daughter of Mr. and Mrs. J. D. Davis of Earth, Lamb county, in a candlelight ceremony at the First Baptist Church in Plainview Thursday evening of last week. Rev. L. Boyd Reavis, pastor, read the single ring ceremony in the presence of close friends and relatives.

The bride was given in marriage by her brother-in-law, Irvin Ott. Miss Georgia Cox was maid of honor, and Donald Miller, brother of the groom, was best man.

A reception was held at the home of Mr. and Mrs. H. H. Booher following the ceremony. The bride graduated from Spring Lake High School and attended Leppert's Business College. She was employed at the Plainview Compress and Warehouse before her marriage.

Sgt. Miller attended grade school in Plainview, high school in Brownfield, and Leppert's Business College, and lived for a time in Tahoka. After a 15-day furlough, he will report to Randolph Field, where he will be stationed, and the couple will make their home in San Antonio.

**G. I. JOE NEEDS MORE CHICKEN MEAT**

The Army, buying for all armed services, is millions of pounds of chicken short of minimum requirements to feed G. I. Joe the chicken he is asking for.

"Men back from combat, men in hospitals, and men in training all ask for 'more chicken, please.' It is a tremendously important morale food, and the fighters are entitled to the chicken they want," declares M. A. Seaton, extension poultryman, Kansas State College, Manhattan.

Poultry producers should cull and market all late, immature pullets and unprofitable hens and also should plan to produce as much market poultry as possible during the spring brooding season, Seaton states.

"The strong civilian and military demand for poultry meat has exceeded available supplies, and prices are at ceiling levels. Marketings of poultry meats during December were significantly smaller than in December, 1943."

A. D. Harvick and wife, the former Miss Dorothy Conway, are now located at Biloxi, Miss., where he is taking some special training.

**How women and girls may get wanted relief from functional periodic pain**

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did. **CARDUI**

**Whole-Wheat Rolls in Jiq Time!**

Make them with Fleischmann's yellow label Yeast—the only yeast with those EXTRA vitamins

**SPEEDY WHEAT ROLLS**  
1 cake Fleischmann's Yeast  
5 cups whole-wheat flour (Graham)  
1 cup sifted white flour  
1 cup sifted white sugar  
4 tablespoons melted shortening  
2 cups milk  
2 tablespoons molasses or dark brown sugar  
1 1/2 teaspoons salt

Scald milk; add molasses or sugar and salt; cool until lukewarm. Crumble in yeast and stir until dissolved. Add half the flour and beat until smooth. Add melted shortening and remaining flour, 3/4 enough to make an easily handled dough. Knead thoroughly, keeping dough soft. Place dough in greased bowl, cover and let rise in warm place, free from draft, until doubled in bulk (about 1 1/2 hours). When light, shape into rolls and place in well-greased pans. Cover and let rise again until light (about 1 hour). Bake in hot oven at 425°F. about 20 minutes. Makes 2 1/2 dozen.

## AUDIENCE COURTESY

He walked up the aisle toward the stage and every neck in the audience was craned to get a better view of him. He walked on the stage and began his speech. All the people were absorbed for a while but soon some began to get restless and started moving, talking and whispering, among themselves. The speaker grew discouraged and abruptly ended his speech. The people who had been interested gave him much applause. This visibly brightened him, and he answered questions with alacrity.

If you aren't interested in the speech, maybe someone else is. They want to know what he is saying and they can hear better if everyone is quiet.

## SENIOR CLASS NEWS

The Seniors had a called meeting on March 5, to discuss possibilities of a picnic on the coming April 6, which is Senior Day. A trip is out because of the war, but the class as a whole does not mind sacrificing that. We decided on going to the Road Side Park and going skating afterwards.

The Senior play "For Pete's Sake," was a success and the net profit was \$45.70; we took in \$50.00 in all. Incidentally there are about 54 Seniors in all.

## JUNIOR CLASS NEWS

The Junior Class met Monday, Feb. 26, in their regular home room meeting to finish their tryout for play characters. They served refreshments of olives, lemonade, and cheese crackers.

The class met again Wednesday and discussed their banquet plans and play preparation. The class has really been working hard and must continue to do so in order to get their work finished.

## JUNIOR CLASS NEWS

The Junior class had their final try-outs last Thursday for the play "Here Comes Charlie."

The characters are: Nora, an Irish maid, Ardyth Leeper; Tim, an Irish policeman, Bobby Scott; Mrs. Jarnham, Nancy Nell Wyatt; Larry Elliott, Buddy Gene Bragg; Ted Hartley, Ralph Wright; Vivian Smythe-Kersey, Jerry Frazier; Uncle Aleck Turges, Larry Hagood; Charlie Hopps, Bonnie Campbell; Mrs. Smythe-Kersey, Jerene Bartley; Mortimer Smythe-Kersey, J. Fred Bucy.

## FRESHMAN NEWS

Because our former president, Kenneth Reid, is taking Spring football training, he is unable to hold the office. The class met Monday at the regular business meeting and elected Charles Fulkerson as president.

Our class is studying Greek Mythology in Literature, and we find it very interesting as well as educational.

We wish to use this opportunity in thanking the Senior class for their most enjoyable play. Each of us is looking forward to the Junior play.

## PERSONALITY

He is a small, brown-headed boy about 14 years old, with big brown eyes, and full of personality. He always has a smile, can always find some mischief, but is well-liked by all. He is thought to be a lot older than he really is because of his older actions. He likes those big brown eyes of a special girl, and shows her around, too.

He is on this season's boxing team and was a football star on the "B" string, even though he is only a Freshman. He is known by everyone as "Junior." He is following the family trait of being nice and courteous, and is going to be just as handsome as his two older brothers, who are both now in service and were also popular students in T.H.S. We are proud to have as our personality this week the Freshman heart-throb, Carl McClintock Jr.

## FUELLA DOLLINS MAKES HIGH GRADE AT TECH

Miss Euella Dollins, daughter of Mr. and Mrs. Bert Dollins and valedictorian of the graduating class of the Tahoka High School last spring, who is a student in the Texas Technological College this year, is taking high rank in the Freshman class as a student.

Majoring in business administration, she has hung up four A's in her courses, which qualifies her for the honor roll.

No doubt there are still other students in Tech and in other colleges from last year's graduating class in the Tahoka High who are making outstanding records.

The work of these students in college reflects credit not only upon themselves but also upon the high school from which they came, where the foundations for their college work was laid.

Sgt. Dock Dunagan arrived Sunday to visit his wife until next Thursday, when he will return to a port of embarkation in Massachusetts.

## T. H. MOORES CELEBRATE FIFTIETH ANNIVERSARY

Mr. and Mrs. T. H. Moore celebrated their fiftieth wedding anniversary February 25 at their home at Grassland. Dinner was served to a host of friends and relatives.

Mrs. Sarah (Assiter) Moore was born in 1872 in Lee county, and Mr. Tom Moore was born in 1871 in Mississippi. They met in Jones county, and were married at Anson Feb. 26, 1895. In 1916, they moved to Grassland, and have lived there since except five years spent in the state of Colorado.

Guests were: Flourney Moore wife, and four children, Neida Lois Joy LaNell, Lavonia and Arlie, of near Grassland; Mrs. Otis Bosworth, who is making her home with her parents while her husband, S/Sgt. ## DRAW H. D. CLUB

The Draw Home Demonstration Club met March 2 with Mrs. R. R. Ragan.

Miss Dixon discussed the differ-

ent steps in making a foot stool and gave a demonstration on cleaning and sizing felt hats.

After the meeting the hostess served hot spiced tea, sandwiches, and cookies to nine club members and one visitor.

The next meeting will be held at the Draw school house April 6 from 10 to 5. Everyone interested in making a foot stool, come bring your material and lunch.—Reporter.

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## CREOMULSION For Coughs, Chest Colds, Bronchitis

Dr. Neel will be at Wynne Collier Drug Store in Tahoka Tuesday, March 27, to examine eyes and fit glasses.

## OF GOOD CITIZENSHIP AND PUBLIC SERVICE

1945 marks the 20th Anniversary of the Southwestern Public Service Company as a public servant. It has been 20 years of pleasant association with our customers; progressive people, good neighborly folks—and to those customers who have joined us in the past two or three years we extend a most cordial welcome.

We point with pardonable pride to our record of service during the past years. It is a record of constantly improved service at ever decreasing rates. This will continue to be our policy.

Our company has many constructive plans for developing the territory we serve after Victory is won. We pledge to do our part in helping to develop the many rich resources available. By working together, we can realize an even finer and more productive area than we now have.

We appreciate your patronage and will show this appreciation by continuing to serve you with the best electric service possible at the lowest possible rates.

**Pfc. Ray Shadden Tangles With Japs**

Ray Shadden, son of Mr. and Mrs. N.A. Shadden, who lived at the south limits of Tahoka, will be remembered as a high school student here and as a graduate of Tahoka High School of the class of 1942. He enlisted in the Army from Lynn County on February 16, 1943, and the next year became a paratrooper in New Guinea. In the meantime his parents moved to Weatherford, and recently friends here received a clipping from the Weatherford Democrat telling of Sgt. Shadden's exploits in Leyte.

"During a recent patrol in the jungle-covered mountains of this island," says the Democrat, "Shadden tangled with two crazed Nipponese and disposed of both.

"Shadden, a paratrooper with the 11th Airborne Division, was acting as first scout for his squad, when he spied a pair of legs sticking out of the choking jungle into the trail."

Then the story proceeds in Shadden's own words: "I could tell by the legging that they were Japs." Shadden said, "I waked up to investigate. Evidently they hadn't heard me coming for they were talking and making a good deal of noise.

"They spotted me simultaneously and made a rush. They acted wild. I killed one with my rifle, but the other was all over me before I could get him."

I slugged him on the jaw, and he dropped like a sack of meal. Just as I was reaching for my knife to stick him, a buddy came up and shot him. I felt that was very thoughtful—those knives are hard to clean."

Miss Faye Shadden, a twin sister of Sgt. Ray, still calls Tahoka her home and is a student in a business college in Lubbock. Last week end she visited here in the home of Mr. and Mrs. H. J. Marsh.

**Sgt. A. Leo Brooks Receives Air Medal**

15th AAF in Italy.—Staff Sergeant Allen Leo Brooks, whose wife, Mrs. Billie Brooks and two small children live at Tahoka, an engineer gunner aboard an AAF B-17 Flying Fortress of the 15th AAF, was recently awarded the Air Medal for "meritorious achievement in aerial flight." The award was presented to Sgt. Brooks, who has flown more than seven combat missions over Hitler's Europe, by Colonel Paul L. Barton, group commander.

Sgt. Brooks is a graduate of the Tahoka High School and later owned his own trucking concern. He won his wings as an aerial gunner at Kingman, Ariz., in May of 1944.

Sgt. Brooks' father, L. R. Brooks, also lives at Tahoka.

**SPECIAL ANNOUNCEMENT**

A very successful revival is in progress at the Assembly of God Church, Evangelist E. S. Walden of Brownfield is the speaker. Everyone is invited to come and hear Bro. Walden. Special music and singing each evening. Services begin at 8:00 o'clock.

March 12th will be our first anniversary as pastor of the Assembly of God Church. Great progress has been made during this year.

There will be services all day next Sunday, March 11. Dinner will be served on the ground. There will be several visiting ministers from nearby towns present. Everyone welcome.

—Rev. Leon C. Quillin.

**CARD OF THANKS**

I want to thank my friends and teachers who were so kind to me while I was crippled up with my knee. I greatly appreciated the candy, flowers, books, and every little kindness shown me.—Bobby Joe Oliver.

**THANKS DIXIE PEOPLE**

E. R. Tunnell has asked the News to express his thanks to the people of the Dixie community for their generous support of the Red Cross drive. He says that Dixie went "way over the top."

Sgt. Eldon Carroll is now stationed at Sioux Falls, South Dakota, where he is receiving radio training preparatory to becoming a radio-gunner on a bomber with the Army Air Force. His wife is with him there.

**Turkey Changes From Old To New in Two Decades**

Turkey is still pictured by many Americans as the land of the sultans and caliphs, of the fez and the veiled harem, but it renounced all that beginning in 1923. In that year Turks elected their national leader, Kemal Ataturk, as first president of the Turkish republic. Under his vigorous, benevolent despotism, lasting until his death in November, 1938, they set about to banish traces of old Ottoman Empire days. They streamlined their living to western standards.

Change touched everybody, everything. Constantinople lost its Greek name, became Istanbul; lost the distinction of being the capital because of its frontier location. The capital was moved inland to once-sleepy Ankara (Angora), where a modern steel-and-concrete city of 155,000 has been developed. The dominant Moslem religion was divorced from state affairs, education was made compulsory for youth, women were emancipated. Western dress was adopted by both sexes and the fez was outlawed as a symbol of the unenlightened past. Legal codes were revised; the Gregorian calendar, metric system and a Latin alphabet were adopted.

Needed industries were developed in this agricultural nation, and located with military considerations prevailing over convenience to raw materials. A sizeable army was trained and military construction undertaken to bulwark national defense. Five-year plans measured the progress toward the many goals set, and their achievement added to the new spirit of national unity.

**Limb Wounds Still the Greatest in War's Toll**

Despite the increased ferocity of the present war, the number of war wounds to the arms and legs—major injury in battle—is no greater now than in any other war of America's history, it is indicated in reports by medical officers to Brig. Gen. Fred S. Rankin, U. S. army, chief consultant in surgery to Maj. Gen. Norman T. Kirk, the surgeon general of the army.

Comparative figures indicate wounds of the extremities constituted 70.8 per cent of all combat injuries in the Civil war and 75.5 of all combat wounds in the World war. In the present war, 70 per cent of all battle wounds are wounds of the extremities.

Doctors thus know that if a man is going to be wounded in conflict the chance is seven out of ten that the wound will be in the arm or leg, just as it has always been. This percentage remains the same as in the past, despite the greatly increased use of land mines in the present war.

Land mines, because of their great explosive charge, are one of the most rightly feared of all military weapons in this war. There is no effort to minimize the dangers of land mine injuries in the report. Their detonations literally crush the leg or arm in some cases, and amputations may be the only answer.

**SAM GARRARD PROMOTED**

Sam Garrard, youngest son of Judge Tom Garrard, has recently been promoted to Master Sergeant. He is either in a port of embarkation or en route overseas, it is believed by his father.

Pfc. John C. Gabe returned to Fort Bragg, N. C., Tuesday after a 10-day furlough here with his parents, Mr. and Mrs. J. C. Gable. He was stationed in the Aleutians for 23 months, and returned to the States last May. He thinks he will be sent overseas again soon.

Pfc. Finis Connolly came in last Friday on furlough from Moody Field, Valdosta, Georgia, to visit his parents, Mr. and Mrs. James Connolly, and other relatives and friends. He will return to his base March 13th.

**Jim Woods Tells Work of Seabees**

Jim Wood, who spent many months in the Pacific with the Navy Seabees, was the speaker at Thursday's Rotary Club luncheon. Jim was recently released from the service after he had spent considerable time in hospitals recovering from fever he contracted in the tropics.

He told of the work of the Seabees in building bases and airstrips and fighting the Japs in the Southwest Pacific. He served in the New Hebrides, at Guadalcanal, and on several other islands of that area.

**Three King Boys Are Now Overseas**

Ben King of Lamesa, who was here on business Wednesday, stated that his youngest son, Pvt. Charles F. King, is in action in Germany. Charles, who was reared in Tahoka, entered the service last June 19, left the States Jan. 27, and was in action some time before Feb. 21. When Mr. and Mrs. King heard from him, Charles wrote that the Germans had just moved out of a house and they moved into it right behind them to live.

Cpl. Buster King is also on the Western Front, he being with the Third Army. Buster has been overseas two years.

Maurice King, MM 2/c in the Navy, has been at Midway in the Pacific nearly a year.

**How women and girls may get wanted relief from functional periodic pain**

Cardui, many women say, has brought relief from the cramp-like aches and nervous strains of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, & thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

**Sgt. Buster Driver Gets More Awards**

With the 15th AAF In Italy—S-Sgt. Boyd Roan Driver, 20, Tahoka, Texas, a radio-operator and gunner with a B-24 Liberator group commanded by Col. Brooks A. Lawhon, Tacoma, Wash., now wears the Distinguished Unit Badge with one Bronze Cluster as a member of a combat organization that has been twice cited by the War Department for outstanding performance while engaged in armed conflict against the enemy.

The 461st Bombardment Group, then commanded by Col. Frederic E. Glanzberg, Fresno, Calif., won the first citation for an attack on the Buna aircraft factory at Budapest, Hungary, April 12. The second was for the July 15 bombing of the Credit-Hunter oil refinery at Poesst, Rumania.

Both ground and combat crew were given full credit for their share in the successes.

At Buna, despite a desperate attack by Nazi fighters firing rockets, cannons and machine-guns, the B-24's accomplished their two-fold purpose: to destroy fighters in the air and smash production on the ground.

To pierce the chemical smoke screen defenses of Ploesti and cripple oil refineries with 1,500,000 tons capacity, crews trained for weeks developing a new technique of non-visual synchronous bombing.

Although bad weather broke up the formation before it reached the target, the planes got through, reformed, and made a highly successful bomb run, pioneering the new method.

The group has now flown more than 170 combat missions.

Driver was graduated from the Tahoka High School in January, 1943, and entered the Army in April. His father, Boyd Driver, lives at the Tahoka address.

Mrs. John Earles and Mrs. Ben Moore of O'Donnell recently spent a few days at the Earles cabin at Ruidoso, N. M.

**Russia Speaker . .**

(Cont'd from page 1)

During World War I, he served with the British Intelligence Corps in Greece. Between the two wars, he went to Europe every second year. In World War II, he served as liaison officer between the Canadian and Allied armies. He returned to Canada in 1943 for special service in connection with internees, and in the summer of 1944 served as special war correspondent, visiting France after D-Day.

Samuel D. Rosen, born in a peasant village on the Dnieper river in southeast Russia, was the speaker Wednesday night on the subject of Russia.

Mr. Rosen, long a citizen of the United States but a frequent visitor to the land of his birth, without a doubt, left his audience with a much better understanding of the great new force in world affairs, its peoples, and its objectives. He graphically painted pictures of the country in the day of the Czarists, the revolution days, and the present. He explained Russia's problems, past and present, in as much detail as an hour and a half would allow, and left the impression that Russia wants the same thing we do—peace and freedom.

Mr. Rosen said before 1917 the land was owned by the Czarists and the aristocracy, the Church was corrupt and controlled by the State. Most of the people lived in poverty, with practically no property. The breaking point came with the Revolution—anything for a change. He told of the rise of Lenin, and after his death the rivalry between Trotsky and Stalin, the latter's triumph, and the evolution of a Communist state toward a democratic state. As proof of the growing tendency toward a state as we in the U. S. would admire, he cited the return of individual initiative, the return of religion, etc. In Russia now, he said, a man is paid for the work he does—what he produces—and therefore, the return of the individual initiative, the classes, and the family life.

All Russia wants, he emphasized, are the same things we want. She has the land, the resources, a growing educational system, and a people that is hardy and tough, but peace- and home-loving. She wants peace, freedom, recognition and trust of the world, and a chance to develop herself.

The Russian, he said, deeply appreciates the aid the United States has given in the form of lend-lease, but hinted that we should reciprocate by a thorough appreciation of what Russia has suffered in this war, for Russia's suffering has been of benefit to us, too.

**Three Waldrip Boys Are Now Overseas**

The three sons of Mrs. Beulah M. Waldrip of T-Bar are all now overseas with the services.

Lt. W. M. Waldrip now is stationed somewhere in the Netherlands East Indies as a pilot with the Army Air Forces. Lt. Waldrip enlisted in 1940, saw service early in the war as gunner on a Flying Fortress in the Southwest Pacific when the Japs were threatening Australia.

Sgt. Warren G. (Rusty) Waldrip is gunner on a B-26 bomber stationed in France. He has been overseas since November, and went to France a few weeks ago.

Aviation Chief Machinist's Mate Ed Waldrip has been overseas for about two years, stationed in Hawaii.

The boys' sister, Sgt. Beulah O. Waldrip is in the WAC stationed at Camp Stoneman, Calif.

Another sister, Cynthia Waldrip, the fifth member of this family that has seen service in this war, was a member of the WAC but was discharged some months ago and is at the family home at T-Bar.

**LT. GARRARD IN GERMANY**

job to the south in Burma. He thinks possibly the trouble between Generalissimo Chiang-Kaishek and General Stilwell grew out of the latter's insistence on men and supplies in the south to keep open the supply lines and protect the airfields. General Stilwell was looking after our interests and the safety of our men first, while the Generalissimo was naturally thinking of the whole Chinese picture.

Three other sons of Mr. and Mrs. B. L. Parker are in the service. Homer is in Philippines, after many months of fighting up through New Guinea and other East Indies; Pug is over in France on the Western Front "living in a tent, and wading mud up to his hip pockets; and Reid is stationed at Midland Army Air Field.

Billie Leon Williams, S.I/c., has written his parents, Mr. and Mrs. Carl Williams, from Shoemaker, Calif., that after he returned to his base after visiting them here recently, he got both hands injured in a loading machine and had to spend three weeks in a hospital. The injuries have healed and his hands are now "all right."
