THURSDAY, DECEMBER 8, 1955

Scoop Sez

By J. M. FORBES

Never before have Muleshoe mercantile establishments worked so hard and been so well prepared to please their customers of the area as in this good Christmas season of 1955. Here at the beginning of the Yuletide shopping season, let me add my sincere hope that you and I will consider the advantages and advisability of trading at home before we journey to a distant city to buy the same goods at perhaps a higher price. We know that local stores are in line in every way, in quality and price of merchandise, in convenience, in courteous and informed people, to make our shopping at home a real pleasure. We have several clothing stores, several grocery stores, ladies stores, gift stores, food stores, furniture, appliance, hardware and food stores, all the equal of any similar store anywhere. All we have to do is slip down town and do our shopping and thrive home in a few minutes. Our Christmas gift purchases will be as tasteful as we could find in great cities, and they'll be just as attractively wrapped. We haven't said anything of the extra effort, extra money and extra thought put into their stores by local merchants. We've been thinking of the advantages the shopper at home certainly has. But this extra time, money thought and work the stores have spent to make our shopping at home attractive to us is deserving with our local stores helps by that much to make our stores stronger and more able to have complete stocks, winding up by making Muleshoe a bigger and better place to shop in and to live in. I personally like to shop in Muleshoe where the clerk and the manager or owner are my friends, and the folks around me who are doing their shopping are my friends, too, and I love to visit with them a little. And I love the thought that it took me only a few minutes to reach the store (could've walked there) and it'll require only a few minutes to reach home again.

If you don't have any interest in helping to create a better town and community this writing was not for you. Lots of us do feel that interest in our homes and community, but we haven't thought about this matter as much as we might. The late Daniel J. Tobin, president of the International Teamsters Union from 1907 to 1952, and president emeritus until his death this year, said: "I like to repeat the words of a famous poet of the 19th century—'no star ever lost, we once have seen... we always may be no use to give up one's goals or desire to shape his character. And maybe an argument for the formulation of New Year's resolutions, certainly the beginning of a New Year or a new day for that matter is a good time to remember what in the full flush of youth we wanted to be."

Quite a few mentioned real estate man Rhinehart's advertisement last week headed: "A Democrat Farm at a Republican Price." It's the attractive bait that catches the attention of the fish. On second thought, just what did he mean? ON SAVING "If you can't learn to save, the seeds of success are not in you," said wise old Ben Franklin, who also said: "Save and Have". U. S. Savings bonds may not be the most spectacular investment you'll ever make, but if you force yourself to buy even a Series E bond (only \$18.75) you'll be surprised how quickly you can build up a sizeable "nest egg". There's always an emergency when they'll come in handy. For the man who has saved money, an opportunity always comes along for his advantage; opportunities knock at the door or the boy who doesn't save, too, but he may not be able to answer the summons. On the first day of 1956, resolve to save; and, even if it's only \$1 a week, you'll have cause sometime to thank your lucky stars that you so resolved and so acted.

Stores Open 'til 9 Many Muleshoe stores will remain open Thursday evening until 9 for the convenience of their customers. Join your friends in shopping here at this time.

Five Area and General Signed Contract Mon.

Contract governing the joint operation of General Telephone Company and the Five Area Telephone Cooperative was finally signed at a meeting held here Monday night. The cooperative system is nearing completion but the contract had never been put into effect. It still must be approved by REA in Washington.

As expected, and as told by The Journal in recent issues, the contract provides that tolls will be charged those who call Muleshoe or vice versa through Lubbudde exchange, but that those who wish to call Earth may do so without charge. A group of local men met with officials of the General Telephone company recently to attempt to eliminate toll charges, and those present offered to help raise money, pay more telephone charges, whatever was needed to have free service to and from Muleshoe. Telephone company officials firmly declined to consider eliminating the tolls, before service begins.

They left the door open to a future change, however to free extended service, saying that a survey would be made after six months of operation, when their terms and conditions would be known. It is considered certain here that these tolls eventually will be eliminated.

Some Delay Seen Some delay in completing the Five Area Telephone Cooperation system is being predicted. D. B. Lancaster, manager, said it had been the hope to initiate service through Lubbudde exchange during December, but that failure to receive some of the equipment will hold back this happy event until January or perhaps even to February. But the end is in sight. Placing of poles is practically completed in the Lubbudde and Maple exchange districts and some of the line is up. Work is proceeding rapidly in other phases of the construction. Some of the equipment to be used in making the toll-free hook up with Earth is yet to be ordered but it will be on order soon.

Farmers Asked For Funds To Fight ASC Cotton Allotments

Cotton farmers and business men in the Bailey county area are being asked to contribute small sums of money this week to a fund to fight the cotton acreage allotments as set out by the State ASC committee. Four west Texas farmers have filed an injunction to restrain the State ASC committee from making trend adjustments in the cotton acreage allotment which would take acreage from west Texas and give it to east Texas farmers.

The West Texas Chamber of Commerce, which is assisting in the fight, has asked Bailey County Farm Bureau to raise about \$700 of an estimated total cost of \$9,000 to pay for court costs in the suit against the state committee. All cotton farmers and businessmen are asked to send from \$2 to \$10 to either the Muleshoe Chamber of Commerce, to Bill Millen, or to the Bailey County Farm Bureau office in Muleshoe. At a meeting Tuesday afternoon, farmers and business men contributed \$229 to the fund.

ACREAGE CUT IS 7,292 ACRES

Cotton Acreage Announced

Cong. GEORGE MAHON Hears Farmers

Farmers Give Views On Problems At Meet With Mahon

Nearly 150 Bailey and Farmer county farmers and businessmen met Tuesday afternoon to talk with Congressman George Mahon in the district courthouse in Muleshoe. The men met at Mahon's request to give him their views and opinions on major farm problems which he feels will confront Congress at the next session of that body. Mahon, after being introduced by Farm Bureau president Bill Millen, asked the group if they favored 90 per cent of parity on basic crops. About 75 per cent of those present voted yes, and the remainder voted against 90 per cent of parity.

Those voting against it, said "we are pricing ourselves right out of the world market," and "we may not know exactly what we want, but this ain't it." Mahon then asked if the farmers feel they can just do without the foreign cotton markets and concentrate on domestic sales of cotton. No definite conclusion was reached by the group in this question. Mahon said "If we put props under organized labor and big business we could put it under all, including the farmers, but if we pull the props from under the farmer we should pull them from everyone. In discussing some of the Secretary of Agriculture Benson's program, Mahon said "I think Mr. Benson is an honest man and is doing the best he knows how. I just don't think he knows how." The group voted in the majority to lay part of the land out of production to follow soil improvement practices and to take care of diverted acreage from cotton production. Most of the men present said they felt this would improve the soil and thus ultimately improve production. Following the discussion period with Mahon, the men heard Bill Millen discuss the recent injunction filed by four West Texas farmers to prevent the establishing of trends in cotton acreage to East Texas.

Bailey County Cotton Vote Set For December 13

The outcome of the cotton referendum to be held through the Nation's cotton-growing area on December 13 will determine whether quota penalties will apply and so level of price support for 1956-crop cotton. The referendum therefore is of vital concern to every cotton grower, says Lonnie M. Bass, office manager of the Bailey County Agriculture Stabilization Conservation Committee. The marketing quota program will be in operation for next year's crop, the manager explains, if at least two-thirds of the votes cast in the referendum are in favor of the program. In that case, price support will be available for the 1956 crop of upland cotton at a level between 75 and 90 percent of parity, and quota penalties will apply on any excess cotton. If more than one-third of the votes are opposed to quotas, there would be no quota penalties, but the price support level to eligible growers would drop to 50 percent of parity.

Bass explains that acreage allotments will be in effect even though quotas are disapproved, compliance with such cotton allotments will be required for eligibility for price support, no matter what the level of support. He points out that the decision will have far reaching effects, and that the question deserves the serious study and the carefully consideration vote of all who grow cotton. The referendum will be held between the hours of 8:00 AM and 6:00 PM on December 13 at the following polling places: ASC Office in Muleshoe for "A" Community. Co-op Gin Office in Maple for "B" Community. Gardner-Hankins Gin Office in Enochs for "C" Community.

TREASURE TRAIL DECEMBER 13

Street Decorations Lighted Friday

The street decorations for the holiday season will be turned on for the first time either Friday or Saturday night, Wendy Young, spokesman for the city crew erecting the lights, said early this week. Young said the lights would have been turned on sooner, but cold weather and high winds have delayed the crews working on the project.

The decorations downtown include Christmas cutouts on the lighting standards, and strings of colored lights across streets on Main and several connecting streets, as well as on part of the highway. In addition, on Main street, at each traffic light, a water tower will be turned on again this Christmas season.

TREASURE TRAIL The annual merchant's Treasure Trail promotion day will be held this year on Dec. 13. Cooperating merchants will display

Cotton acreage allotments for 1956 in Bailey County were announced early this week by the local office of the PMA, and are down 7,292 acres from acreage allotments for cotton in the county in 1955. The new allotments total 96,895 acres, as compared to last year's allotment of 104,187 acres. This presents a decrease of 6.95 per cent from the 1955 allotment.

Postoffice Open Saturday Until 5

Muleshoe postoffice will be open Saturday afternoons until Christmas, Postmaster Arnold Alcorn announced today. He said the office will be open for business until 5 p. m. The arrangement is designed to facilitate Christmas mailing. The postmaster again urged early mailing, secure wrapping, plain and legible addressing as a means to help expedite the heavy volume of mail expected.

Paving Set For 12.7 Miles Bailey Roads

The Texas Highway Department has announced from Austin that the first step has been taken that will set up a new program of highway work for the calendar year of 1956. This new program is especially designed to protect the investment already made in the State system of roads. S. C. McCarty, District Engineer of the Texas Highway Department at Lubbock, has stated that the following state highways and roads in his area are scheduled for work under this program. In Bailey County on Farm-to-Market Road 298, from 0.5 mile West of Baileyboro to Lamb County line, a distance of approximately 12.7 miles, the State Highway Engineer is directed to proceed in the most feasible and economical manner with the placing of seal coat at an estimated cost of \$9,800.

McCarty stated that the Highway Commission has authorized the development of this program for the purpose of protecting the investment of the public in the State Highway System.

The allotment figures have been held up for several weeks by the State committee which sets the figures. Because the State committee had announced it would follow the trend rule, and allot more acres to east Texas farms, taking them from West Texas areas, a good deal of dissatisfaction has been expressed on the South Plains.

A suit to restrain the State committee from making the change in allotments was filed by four farmers several weeks ago. The annual PMA referendum is scheduled for next Tuesday, according to Lonnie Bass of the Bailey County PMA office. This is the election which sets the allotments, and also determines the price support of farm products. In previous years, the referendum has been more or less routine, but farm observers expect to see a growing interest in next Tuesday's election because of the West Texas farmers discontent over the 1956 allotment.

Band Clinic Here January 21 For Area Musicians

The first annual Muleshoe band clinic will be held in the high school building here on January 21, band director Norvil Howell announced this week. More than 300 band students are expected to be here for the all day event, which will feature working aids for brass and woodwind instrumentalists. Four clinicians will be present to conduct the clinic. They include C. M. Stookey and Floren Thompson of the ENMU music department and W. Q. Latson of the music staff at West Texas State College.

attention will be given to male shoppers in Muleshoe. Stores will close at 7 pm on Christmas Eve so that employees may be with their families on that important pre-holiday eve. HOME LIGHTING CONTEST The Christmas light contest for homes will be judged on the evening of Dec. 21, according to Howard Cox, chairman of this contest. Entry blanks for judges to use as a guide were printed in last week's issue of The Journal. These blanks should be mailed to the Chamber of Commerce. Light decorations must be illuminated by 7 pm on December 21 to qualify in the judging. Prizes of \$25, \$15, and \$10 will be awarded the best three entries. Out of town judges will make the selections.

FOR HIGHWAY 84 AND FM ROADS

\$50,000 Bond Election Is Sought

Three Men Take TV Wind Up In Jail Sunday Morning

Two Indians and a white man had a short run of luck last Sunday morning.

While R. M. Moraw, who lives near Muleshoe, was gone to Church, the three men took his TV set and made off with it. They hid, or thought they hid it, under a bridge nearby. But alert law officers had recovered the set within two hours and the three men were lodged in Bailey County jail to ruminate on their morning's effort.

At least 10, and possibly more, petitions are being circulated in Bailey County to get the Commissioners Court to call a \$50,000 bond election for the purpose of buying right of way to widen highway 84, and for new farm to market roads in the county. Judge Glen Williams said this week. Judge Williams said there may be as many as 14 petitions being circulated at the present time for the election. It is not known how many signatures have been obtained, as none of the petitions had been turned in to the court by Tuesday morning.

The petitions state that the signers are asking the Commissioners Court to call an election to determine whether or not \$50,000 worth of bonds at 3 1/2 per cent interest should be issued. The purpose of the bonds, the petition states, is to purchase right of way land for widening highway 84, and half to be used to acquire and purchase lands for additional farm to market roads in the county. If the bond election is called, and passes, ad valorem taxes will be levied to pay the interest on the bonds. The first part of the petition, dealing with widening of highway 84 is in connection with plans announced by the State highway department to put a four lane highway through Bailey county. Funds have already been allocated for part of this construction project, pending the securing by the county of right of way and easements for the additional two lanes required. The petitions do not mention any bonds for repairs and alterations to the Bailey county courthouse, although this project has been discussed for some time now by the Court and various civic groups.

Casey Gin At Maple Burns Saturday For Loss Set At \$85,000

A burr pit fire caused the loss of an \$85,000 cotton gin plant at Maple in the south end of Bailey county Saturday afternoon. The fire is reported to have started in sparks blowing from the burr pit.

Owner-operator M. E. Casey said the gin was a total loss, and set the amount of damage at \$85,000. Most of the cotton was removed from the gin, but about eight bales were burned in the fire. Morton Firemen answered the call, but high winds whipped the fire through the building before they could get their equipment operating.

Bank President Points Out Benefits Of Regular Savings With Series E Bonds

U. S. series E Savings Bonds are now better than ever, Jesse M. Osborn, county Savings Bond chairman reminded depositors of the Muleshoe State Bank in a letter to each over his signature. Mr. Osborn, who is in a position to realize the importance of saving, has long urged the regular purchase of these bonds as a means of providing a backlog for the future. He points out the following facts on E Bonds:

1. Now 3% interest compounded semi-annually when held to maturity.
 2. Shorter maturity—nine years and eight months.
 3. Bigger interest at the start—six months 1.07%, 2 years 2.10%.
 4. Up to 80% increase on your investment if you choose to hold Series E Bonds on the extended option after they mature. \$75 pays back \$131.68, other denominations in like proportion.
- Interest is paid by check every six months if you choose the new Series H Bonds.
- Safety: They are the safest investment in the world and can be turned into cash quickly and easily.
- Each individual may buy up to \$20,000 of E Savings Bonds and \$20,000 H Savings bonds per year.
- A Program To Fit "Whether you want to start a minimum monthly purchase program of E Bonds, \$18.75 and up, or have from \$500 to \$20,000 to invest now in H Bonds, there is a program to fit your desire," Mr. Osborn said.
- "This year more people are buying more Savings Bonds than in any year since the war," the chairman stated. "Savings Bonds are more popular by the day, investors."

LETTERS INSIDE PACKAGES . . .

Combination Mail Service Offered

With the peak of the Christmas mailing season just around the corner Postmaster Arnold Alcorn today called attention to a new combination mail service which he said many patrons of the Muleshoe Post Office should be interested in. The new service he explained, allows the presence of a first class letter or other written message inside a package. All that's necessary is to note on the outside of the package that a letter is enclosed and put an additional stamp on the package. Under the new service letters or other single pieces of First or Third Class mail may be placed inside Fourth Class parcels or inside copies of publications mailed under Second Class mail entry. Letters or other single pieces of First Class mail may also be placed inside Third Class packages. This means the familiar phrase, "we are sending under separate cover," is no longer necessary, the Postmaster said. In the past it has been possible to send a letter along with a package only by pasting the letter on the outside of the package and affixing the necessary postage.

This new combination service, which went into effect November 28, meets a genuine need, the Postmaster said. "It is one more improvement to add to the list of more than seventy procedural changes that the present postal management has adopted for the convenience of the public and for the improvement of the postal service." Postmaster Alcorn said the new combination mail service is on a 60-day trial basis. During this period comments of the public will be welcomed. Mr. Alcorn quoted Postmaster General Arthur E. Summerfield as saying he felt certain most mailers will welcome this convenient system for mailing different classes of mail together.

"We are here to serve the public," the Postmaster General said, "and we are especially pleased that we can introduce combination mailing before the Christmas season when so many Americans depend upon the Department for delivery of their gifts and personal messages."

Among the postal patrons needing to send two classes of mail together, the Postmaster also cited business firms sending substitute products and wanting to explain why that was done; magazine publishers sending gift certificates naming the donor with first copies of their publications to new subscribers; manufacturers sending operational, maintenance, and repair instructions with household appliances; and companies including sales letters with samples of merchandise.

Muleshoe Stores Open to 9 o'clock Thursday Night

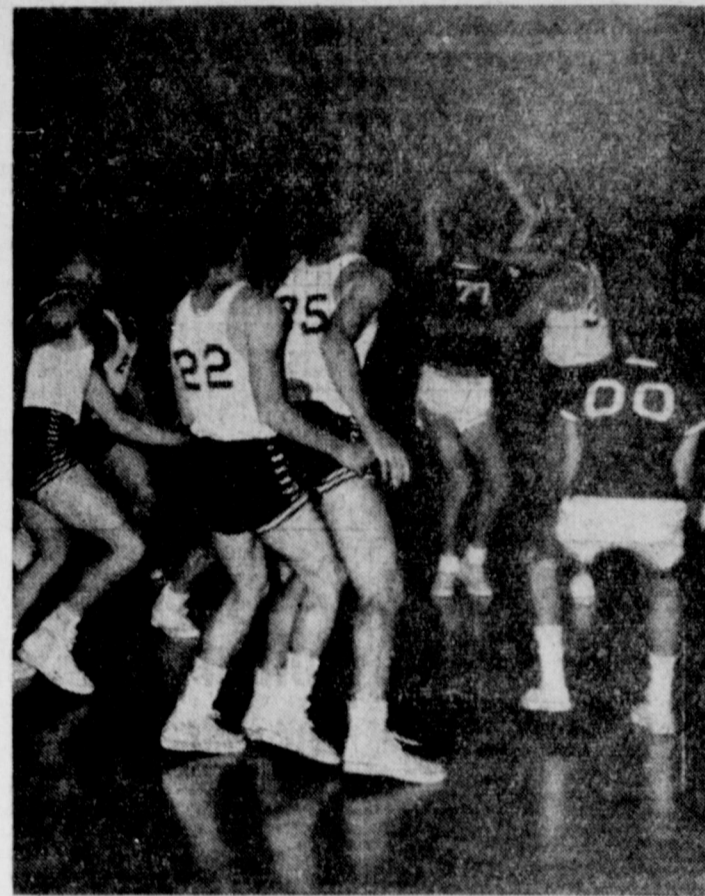

Blackshear Named Probable Starter On Tech B. B. Team

Basketball season is getting underway this week at Texas Tech, with the freshman team

and varsity teams both off to good starts, according to a press release from the athletic department.

Coach Gene Gibson's Picadors will meet Odessa Junior College, Cisco Junior College and Schreiner Institute this week, and Polk Robinson's Red Raiders, who met four Big Seven opponents on the road this week, play one game, with E. N. M. U., Saturday. Among the probable varsity

Mullettes, Mules Split Double Bill With Plains Cowboys In Mules Gynasium Last Friday Night

MULES AND WILDCATS scramble for the ball during a cage tilt between the two quintets here last week. The Wildcats won the game after a hard fight. (Staff Photo)

Muleshoe's Mules and Mullettes split the victories last Friday night when the Plains Cowboys beat the Mules 54-46, and the Mullettes beat Plains' girls team 44-28.

The Cowboys were leading the Mules 18 to 14 at the end of the first quarter but Muleshoe narrowed it down to 6 points, 28-22, at the half. At the end of the third quarter, the Cowboys were leading 39-32, and kept the seven point lead to make the final score Muleshoe 46, Plains 53. Eddie Witt was Muleshoe's high scorer with 16 points. Williams was Plains' high point man with 17 points.

Mullettes Win

In the Mullettes - Plains game, the Mullettes got the lead from the beginning, leading at the end of the first quarter, 12-8. At half the Mullettes had widened the lead only one point, 22-17. At the end of the third quarter, the Mullettes were leading 33 to 25, and wound it up in the last quarter, beating Plains sixteen points, 44-28. Marv Jo Holt of Muleshoe was the high scorer of the game, making a grand total of 19 points. Randall was Plains' high scorer with 16 points.

This was the first win for the Mullettes and the Mules are still seeking a win early in the season. Muleshoe is entered in a tournament starting Thursday of this week at Farwell.

Mrs Raven Talks At Rotary Meet

Mrs. Christine Raven, principal of the colored school, brought members of the Rotary Club her views on the Supreme Court's decision that segregation in the public schools is unconstitutional. Mrs. Raven made a profound impression upon her listeners.

She has furnished the editors with a copy of her notes, which we intend to expand into an article later. Murl Wilson had charge of the program.

The club had as an unexpected but very welcome guest Congressman George Mahon, who was to speak that afternoon to a crowd of cotton growers in the courthouse. J. W. Watts was a guest, and other guests included two Sudan Rotarians.

Open House This Weekend For New First National Bank

Open house Saturday and Sunday marks the removal of the new First National Bank to their splendid new building, but for the officers and directors the occasion marks the culmination of a long period of intensive organizational activities. Beginning at the beginning, things went like this:

On Jan. 25, W. T. "Bill" Andrews, now president of the First National met with a group of local men who were interested in forming a bank, and the men present proposed that Andrews go along with them. He required a week to think it over, then on Feb. 2, he agreed.

They applied for a charter on March 8. By that time the \$300,000 of stock had been pledged. Conditional approval was granted on June 10 and shortly afterwards M. D. Gunstream came with the Bank as vice-president and cashier.

Final approval was granted on July 28, by R. M. Gidney, Washington, D. C., Comptroller of the Currency. The charter bears the number 14,745.

The bank was then authorized to begin business on the morning of Monday, Aug. 1, and it was opened that day in rooms of the Gilbreath building. Many out of town bankers joined area people in making opening day

one to be remembered. Jeri Nell Toten, secretary, was the first person to be employed. Tellers are Mrs. Mary Frances Pool, Mrs. Janice Gaede, Mrs. Marieta Jo Wilkinson, and Miss Joyce Hunt.

"Wives who encourage their husbands to pursue interesting hobbies rarely have to worry about their pursuing blondes!"

Announcing!

A display of currency, all this coming week, showing money in use from the early days of our Country to the present.

In this interesting presentation is paper money from early Colonial days that in our imagination we might see as having passed through the hands of George Washington or Alexander Hamilton or Thomas Jefferson.

There is money that was in use when the White House was burned in the War of 1812... money that could have been used to buy or release slaves... Texas' own Treasury Notes from the stirring period when this State was a Republic... money used on both sides while the battle of Gettysburg raged. Practically all phases of history are represented by the money currently in use in each period.

"Well, if that is the case", said King Charles, "let them issue their own coins if they have a mind to. They must be honest dogs, after all, to use the Royal Oak."

You and your family are invited to view this display which, we feel, will prove both interesting and educational.

The showing is in this Bank's lobby. It starts Friday, December 9th, and lasts through December 16th. There is no charge, of course.

Margaret Wilson Visits OES Chapter

District Deputy Grand Matron, Margaret Wilson, of Dimmitt, was a visitor at the regular meeting of the Muleshoe Chapter, No. 792, Order of Eastern Star, Tuesday evening. Prior to the meeting Mrs. Wilson was guest of honor at a dinner at the Dinner Bell Cafe, which was attended by hostess Worthy Matron Lola Bray and a number of other officers and past worthy matrons. During the meeting, Mrs. Wilson complimented the officers for their works, and reported that the secretary and treasury's books were in excellent condition. Annual Christmas party will be held Friday evening, December 9, at 7:00 o'clock in the dining hall of the Lodge building.

As is customary, the lodge will furnish the turkey and dressing, which will be prepared by Worthy Matron, Lola Bray. Each family attending is asked to bring a covered dish and cake or pie. The chapter voted to adopt Miss Minnie White, of the O. E. S. Home, as a sister. Decorations in the hall were in the Christmas motif, as were the refreshments served at the close of the meeting by Elizabeth Hardin and Misses Margaret Collins, Callie Smith, Iva Locker, Mary Parley, and Clara Lou Jones. During the program, Mrs. Ruth Dunn sang, "Put Christ Back Into Christmas." She was accompanied at the piano by Mrs. Inez Kennedy. The song was followed by a reading, "The Robe," given by Anna Lucy McAdams. Mrs. Wilson was presented with a gift from the chapter. Some forty persons including guests, attended the meeting.

Miss Iva Crowley, Jimmy W. Gaede Set Wedding Date

Mr. and Mrs. Allen D. Crowley, of Slaton, announce the forthcoming marriage of their daughter, Iva, to Jimmy Wayne Gaede, son of Mr. and Mrs. Raymond C. Gaede, of Muleshoe. The wedding will be solemnized at the Slaton First Baptist Church on February 5. Miss Crowley is a graduate of Slaton High school, and received her degree from Texas Technological College, where she majored in home economics. She is a member of Pi Geta Phi, social sorority, Home Economics, Future Teachers of America, and Texas Tech's Women's Fencing team. Mr. Gaede, a Muleshoe High School graduate, will receive a bachelor of science degree in agronomy at Texas Tech in January. He is a member of Kappa Sigma, social fraternity, American Agronomy Association, and Texas Tech's Crop Judging Team.

Marvis Shivers Circle Met In Blackburn Home

The home of Mrs. H. L. Blackburn set the scene as members of the Marvis Shivers Circle of the W. M. U. of First Methodist Church met Monday, Dec. 5, for the Royal Service Program. Mrs. John Watson, program chairman, was in charge of the meeting, and asked Mrs. Blackburn to lead the opening prayer. Appropriate carols and hymns were sung, and played to complement the topic discussed by Miss Lillie Williams and Misses A. P. Lambert, H. L. Blackburn, Lois Shook, Bert B. Remund, and E. H. Kennedy. To close the program, Mrs. A. Lambert offered a prayer, remembering the missionaries in foreign fields having birthdays on this date. A delicious refreshment plate was served to Miss Williams and Misses Watson, Lambert, Shook, Remund, Flanagan, Kennedy, and Waldrop. Mrs. Waldrop was welcomed as a new member.

Mullettes Lost To Amherst 60-20

Muleshoe's Mules won their first scheduled game of the year as they beat the Amherst Bulldogs Tuesday night 61-48. The Mullettes lost to Amherst girls team by a whopping score of 60-20.

Amherst's girls led the Mullettes from the start as they racked up 14 points to Muleshoe's 4 at the end of the first quarter. At the half, Amherst was leading 27-9 and scored 24 points in the third quarter to make the score 51-15. In the last quarter, the Mullettes made five points to make the total for Muleshoe 20

points, while Amherst took the game, 60-20.

Lions Hear MOD Campaign Talks

Pinky Barbour and Bill Wilson were guest speakers at the Wednesday luncheon meeting of the Muleshoe Lions Club.

They discussed the January March of Dimes campaign, and asked the club to continue its support of the fight against infantile paralysis. They reported that last January, Bailey Co. raised \$3615 in the MOD campaign.

Rev. Moore of a Progress church spoke to the club briefly, asking for assistance in making Christmas brighter for some of the underprivileged children in his congregation. The club made a donation to the Goodfellows, who will see that the children are not forgotten.

Mr. and Mrs. J. M. Forbes had as their guests Sunday her mother, Mrs. J. B. Ross, her brother's family, Mr. and Mrs. John Ross and their children, Carolyn, Nancy, Linda, John, and Susan, and a friend, Elvis Thompson, all of Plainview.

GOODFELLOWS,
CITY HALL, MULESHOE

Yes, I would like to help make some child's Christmas cheerful. The following child (or children) need the help of the Goodfellows:

Dr. Green shown analysing X-Ray films

ASTHMA

A little boy, age 3, was brought to our clinic. His mother reported that all of his life he had suffered from asthma. He was highly susceptible to colds, which of course, meant asthma frequently as the lungs were weak. He had little or no appetite, and was nervous and listless and had no strength or desire to play.

After an examination to determine the cause of his illness, our nerve analysis and Spinal

XRays, the spinal adjustments were begun to remove pressure on nerves causing his trouble. This boy's asthma began to subside; appetite also began to improve.

In a short time he had energy to play and was experiencing amazing relief. Further recommended chiropractic care brought freedom from asthma to this little boy as it has to many children and adults alike.

HEART TROUBLE

Mother, age 41, was brought to the clinic by her husband, after years of treating for severe heart trouble, a blood condition, ulcers, constipation, hemorrhoids. She had been told by a heart specialist that the remainder of her life would be spent mainly in bed on diet of shots, nitroglycerin, and pills.

The patient had also been nauseated for years. A spinal nerve test was made to locate the point of nerve pressure and spinal XRays to reveal the cause of the nerve pressure. After one month of corrective adjustments her condition improved steadily and this patient reports no entrance complaints now and her heart is normal. All medicine has been discontinued since she has been under chiropractic care.

ARTHRITIS

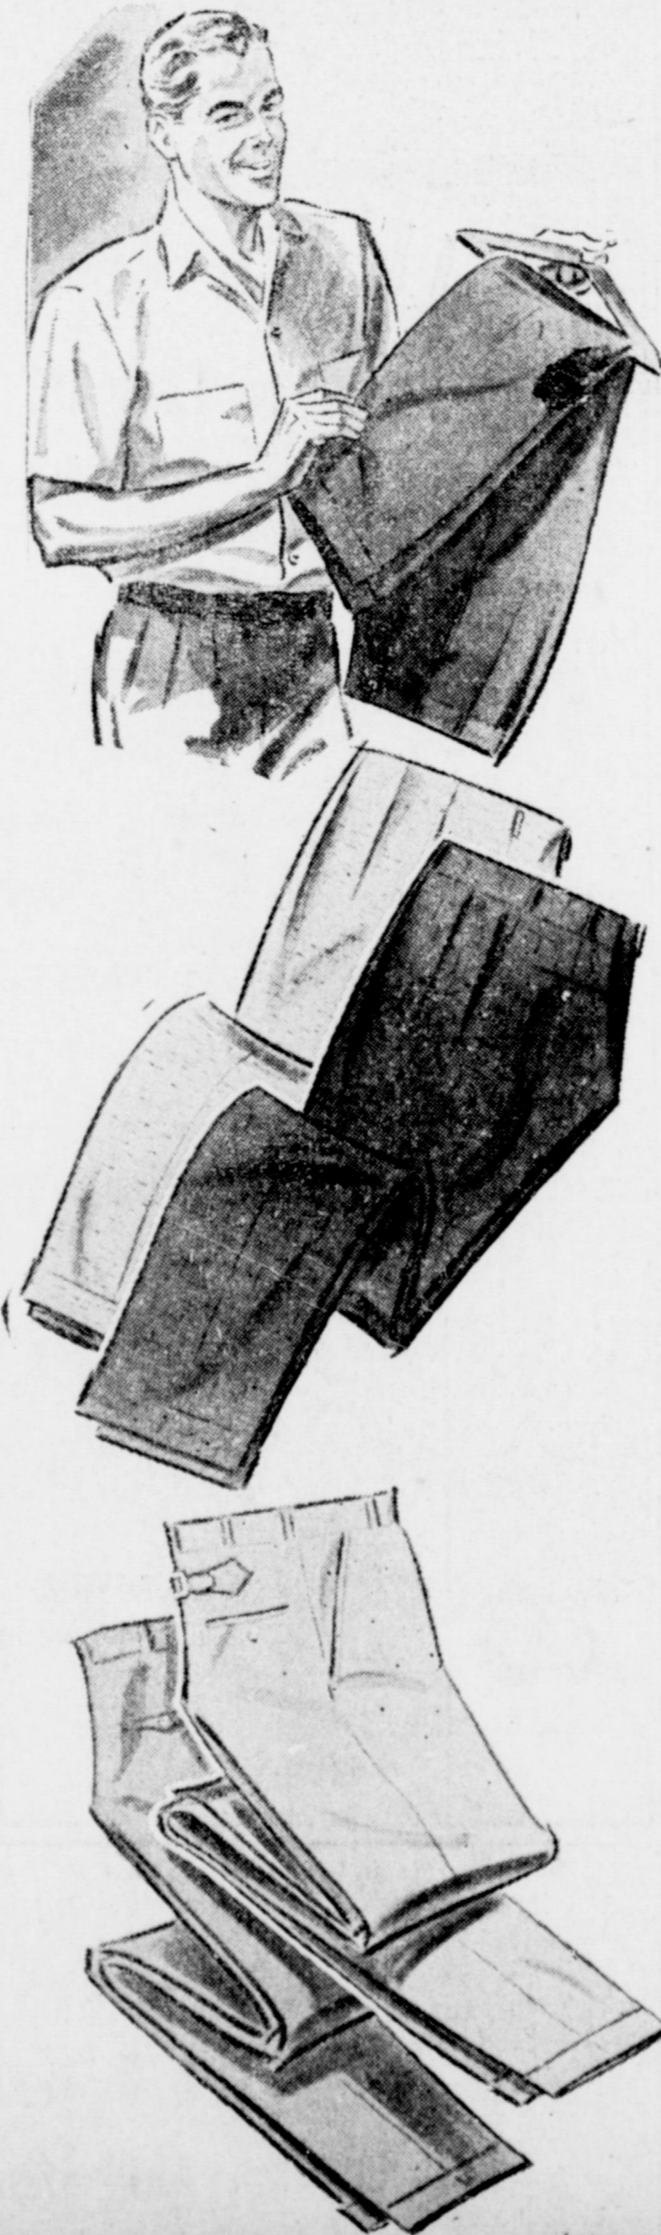

Farmer, age 33, came to our clinic after being unable to work for two years with a condition diagnosed Arthritis. His entrance complaints included soreness in stomach and abdomen, extreme soreness in lung area, pains in lower back and legs, headaches with dull feeling in head at all times, nervousness and constipation. This man walked a 45 degree angle when he walked into the clinic.

After a complete spinal nerve analysis, spinal adjustments were begun. Improvement in this patient's condition was gradual. This man realized that he was on the road to recovery. Today this man is able to work all day on his farm, and can drive his car which he had been unable to do for the two years before coming to the clinic. Entrance symptoms are either corrected or greatly improved and he enjoys health once believed impossible. He says, "Chiropractic was my cure."

It is not true to say, "We did everything possible" unless Chiropractic was included.

Yes, you actually get The Thunderbird Y-8 engine in the '56 Ford

And this Thunderbird Y-8 is the standard eight in all Ford Fairlane and Station Wagon models, at no extra cost!

Now you can have the power you've always dreamed about... and in a family-size Ford! When you order an eight-cylinder Ford Fairlane or Station Wagon model you get the big Thunderbird Y-8—the very same engine that made Ford's Thunderbird famous.

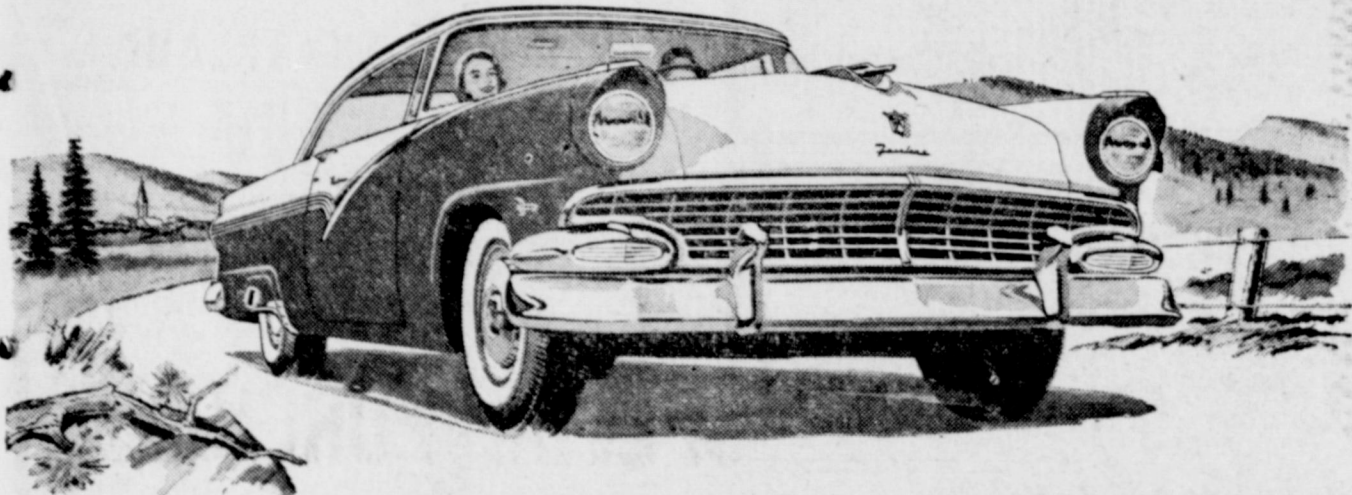

Thunderbird Y-8 power makes uphill

feel like downhill... distances disappear. You can pass in instants when instants count. And when you want swift, sure, take-off power you got it... and now!

You get a 4-barrel carburetor and dual exhausts. As in all Ford engines for '56, you get a 12-volt ignition system for fast all-weather starts... low-friction, high-

compression design for more miles from less gas. And, above all, the new Thunderbird eight is a Y-8 engine with deep-block build for quieter, smoother performance... longer engine life.

In addition to Thunderbird lightning, Ford offers you the Thunderbird look! You can see it's a blood brother of the fabulous Thunderbird! What's more, you get Ford's exclusive Lifeguard Design. Come in and Test Drive the fine car at half the fine-car price.

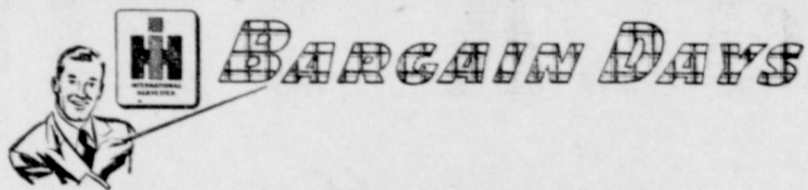

Try the Thunderbird Y-8 in the fine car at half the fine-car price!

Chorus Members Will Sing In The Messiah Sunday

Four members of the Mule-High School Chorus will go to Eastern New Mexico University Sunday, December 11, to participate in Handel's Messiah under the direction of David Scott, choral director for the University.

Those to make the trip are David Morris, Anette Leveridge, Jera Lynn Wilhite, and Dolores Lowe. It was announced today by Norvil Howell, band and choral director for Muleshoe. These students will sing with the 150 voice choir of the University, Clovis, Lovington, and Portales will have students participating.

The Messiah will be presented in the University gym at 3:30 New Mexico time. The chorus will be accompanied by the 60 piece orchestra of Portales.

NEW LIFE CHECK OUT COUNTERS

which were installed recently in the Muleshoe Piggly-Wiggly store. The two new check out counters speed up checking out time by at least one third, manager "Red" Simmons reports. (Staff Photo)

A DEMOCRAT FARM AT A REPUBLICAN PRICE

315 Acres, Near Bovina all in cultivation and all just as top, as you can find anywhere, every inch of it will irrigate perfectly from one ditch. Two irrigation wells, complete with pumps and motors. One of the wells is brand new, in fact it was drilled only a few weeks ago. This is one of the best and cleanest farms in Farmer County and priced to match the farm program, at the ridiculous LOW LOW figure of \$200 per acre.

Raymond Greens Move Into New Home November 9

RAYMOND GREENS AT HOME in their new pink brick home on the Plainview highway. This scene is in the step-down living room which features an electric fireplace and wall to wall carpeting. (Staff Photo)

RAYMOND GREEN HOME on the Plainview highway. This is the outside of the large brick home. The long low lines of the house may be seen in this staff photo.

Mr. and Mrs. Raymond Green and their three sons moved into their new brick home in mid-November and they are still finding new delights to exclaim over in the myriad unusual features of this rambling 3500 square foot showplace on the Plainview highway.

The house is constructed of an unusual shade of rough pink brick. It is long and low, and does not follow the conventional design at all. It contains three bedrooms, three baths, a family room, living room and all the closet and storage space a family could wish for.

The entry way is paved with brown ceramic tile, and to the immediate right of the entry is the birch paneled dining nook, with glassed in china shelves overhead. The walls throughout the house are done in varying shades of coral and orchid.

Past the dining nook, a breakfast bar separates the kitchen and family room. The kitchen has birch cabinet with built in electric range and oven in copper tones. The floor is vinyl tile in grey and red, as is the counter top. Indirect lighting fixtures are used in the kitchen and family room. A small breakfast room ad-

joins the kitchen. The space below the breakfast bar is devoted to storage of canned goods and other kitchen necessities.

The family room is paneled in surfwood, and has beam ceiling. Vinyl tile is used on the floor, which features inlaid shuffleboard court, which the boys put to good use.

The main focal point of the family room is the massive fireplace wall, with the built in TV set and planter box. This wall extends through a sliding glass paneled window out to a flagstone patio under the wide overhang of the roof line.

CORKY, BUTCH AND ROBERT enjoy playing shuffleboard on the built in shuffleboard court in the Raymond Green home family room. (Staff Photo)

The living room is sunk eight inches below the floor level of the remainder of the house. Here is another fireplace, with an electric log. Wall to wall carpeting is used in this room as it is in most of the remainder of the house.

The home is air conditioned with Chrysler Air Temp Sun Beam central heating. All electrical fixtures are from Hunke's.

BATHS

One of the baths is in yellow and brown ceramic tile with green fixtures; one is coral and oatmeal with tan fixtures, and the third is in yellow and gray. The master bedroom is in light coral, and has two double walk in closets. The boys room is paneled in mahogany, and carries out the western theme with fixtures and furniture.

The boys are nine year old Corky, seven year old Butch, and Robert who is 17 months.

The guest room is in two shades of orchid, and a large storage closet is located off the central hall way.

UTILITY ROOM

A utility room features a washer and sewing machine. A desk located here is the favorite study spot for the older boys.

Here is a home that says "charm" from the ringing little tune of the front door chimes to the quaint old time telephone

radio on the wall. The Greens are proud of their new home, and there is every evidence they should be.

ATTEND NATIONAL FARM BUREAU CONVENTION

Bill Millen Bailey County Farm Bureau president, and Frank Mooney will leave Saturday evening for Chicago, where they will represent Bailey county at the National Farm Bureau convention. The convention begins on Monday.

NOTICE TO CREDITORS OF ESTATE OF JAMES E. DUNCAN DECEASED

Notice is hereby given that original letters of administration upon the estate of James E. Duncan, deceased, were granted to me, the undersigned, on the 17th day of October, 1955, by the County Court of Bailey County, Texas. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and post office address are: Muleshoe, County of Bailey, State of Texas.

Classroom Teachers Addressed By Sam Culpepper

Sam Culpepper, of the field office of Texas State Teachers Association, A. E. N., addressed the Muleshoe Classroom Teachers Association on Tuesday evening, December 6, in the high school auditorium. He explained the retirement program for teachers as proposed by Senate Bill 290, upon which Texans will vote, November 8, 1955.

In his address, Mr. Culpepper explained that this proposed amendment to the Texas Constitution would benefit the teaching profession by providing a living for teachers who reach retirement age. It would contain disability, death, and survivor benefits for teachers.

Texas educators have calculated that by 1960, approximately 15,000 more teachers will be needed to take care of an estimated 300,000 increase in enrollment in Texas schools. Mr. Culpepper pointed out that if the proposed amendment is adopted, young people will be encouraged to enter the teaching profession.

tion to meet the demand for new recruits in the field. The amendment will give a feeling of economic security to teachers, comparable to that offered by industry.

The Muleshoe High School marching band, under direction of Norvil Howell, played several selections.

T. E. L. Meeting Was Held Tuesday

Mrs. Edna B. Daniel brought an inspiring devotional to members of the T. E. L. Class at their last regular meeting. She took her scripture from Matthew 2:1-16.

The meeting was held December 6, in the home of Mrs. J. L. Alsop, with president Mrs. E. E. Dyer, in charge.

"Count Your Blessings," was sung by the group.

Mrs. J. L. Alsop gave a short talk concerning her duties as vice-president of the class. A Christmas story, "The Full Blessing," was given by Mrs. Henry Harvey.

Group leaders gave their reports, and closing prayer was led by Mrs. W. B. Harlon.

Refreshments were served to Mrs. Edna B. Daniel, Beulah Matherall, Emily Snow, Bertie Paul, Lois Shook, Grace Winn, W. B. Harlon, E. E. Dyer, Byers, and Will Harper.

Canton Auxiliary To Meet Friday

Muleshoe Canton Auxiliary 31 will meet Friday night in the lodge hall, it was announced this week.

Lady members are asked to bring a gift for another lady, and gentlemen, a gift for a gentleman. A Christmas party will be held.

Ladies are asked to bring a covered dish for the evening meal.

THURSDAY, DECEMBER 8, 1955

First National Bank Will Hold Open House Saturday

American Legion League Baseball May Come To Area With Help of Businessmen

Joe D. Vaughn, Adjutant, American Legion Post No. 403, Muleshoe, has informed the Journal that with the help of local businessmen there will be an "American Legion Team" here this next summer. This movement is in keeping with the trend started by forward think-

ing businessmen in the past who gave the city Little League and Babe Ruth League baseball.

Several businessmen have expressed themselves along this line of thinking and have gone so far as to express willingness to take an active part in financing the new league.

At the present time, it is believed that the American Legion team can play at the Babe Ruth League Park. However, this has not been worked out as yet.

Many major league players

today come from some American Legion team, and who knows, but perhaps in the future, a boy from Muleshoe may be playing for one of the major league teams. Anyway we here in Muleshoe know that baseball is good for the boys and provides good wholesome entertainment for the citizens of the community, Mr. Vaughn said.

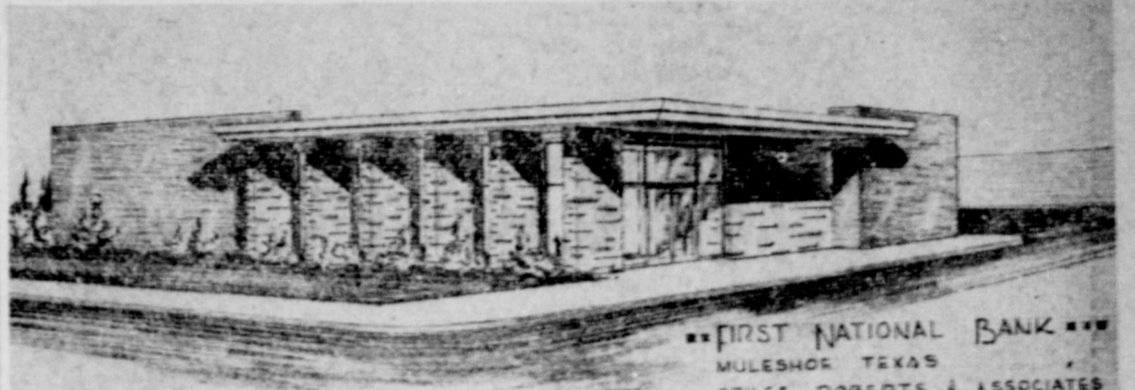

LAST CALL for Christmas Cards. You still have time to order if you'll act promptly.

RETURNED HOME

Mr. and Mrs. J. A. Baker left Clovis, N. M., last Monday for their home in Modesto, Calif., after visiting several weeks in Muleshoe with relatives and friends. On their way home, the train was delayed three hours as the result of a collision with a car in which six persons lost their lives.

SHOPPED MONDAY

Mrs. A. J. Gardner and Mrs. Blondie Ray were in Lubbock Monday of this week, shopping.

FIRST NATIONAL BANK OF MULESHOE TEXAS
STILES, ROBERTS & ASSOCIATES
ARCHITECTS - ENGINEERS

FIRST NATIONAL BANK OF MULESHOE is seen in this architect's drawing. The new bank will hold open house in this new building December 10 and 11, and has invited the public to inspect their new quarters and banking facilities.

The newest building in Muleshoe, the beautiful new First National Bank building will be open to the public for the first time Saturday afternoon at 2 o'clock, and again at 2 pm Sunday, as the Bank holds open house in its new quarters. The public has been invited to visit the bank during those hours to view the modern facilities and beautifully appointed banking offices.

Bank president W. T. Andrews told The Journal late last week that the officers and directors of the bank were confident the new building will be ready by the date set for the open house. He said they were anxious for the people of Muleshoe and this area of the South Plains to come in and see the new bank and get acquainted with the personnel and officials.

CURRENCY DISPLAY

A special display of American currency, dating back to the Massachusetts Bay Colony times, will be on display at the bank for the public to view. This display, which is being presented by the Republic National Bank of Dallas, features all the coins used in America from Revolutionary times.

The bank building "itself" is constructed along functional lines and has features

of glass and aluminum trim. The bank name is in modern aluminum letters affixed to the entrance wall.

A glassed foyer opens into the street, and allows depositors access to the right deposit window without going into the main room of the bank.

Inside the bank, blond wood has been chosen for the fixtures

and all furniture is light colored. Walls are a light shade, and ultra-modern lighting fixtures have been installed.

In the office machine room, green walls are used to prevent eye strain.

A massive Diebold vault has been installed, the door alone requiring several men and machinery to lift and put into place.

A unique feature of the new bank is the drive in tellers window located on the north side of the building. Here bank customers may drive in to the window, and without leaving the car, transact their bank business. A protected port extends over the driveway for all weather driving.

This feature is expected to appeal to housewives who do not wish to go to the bother of "dressing up" to go to the bank. Small children may be taken in the car, and the mother may transact her banking business without the bother of hiring a baby sitter or dressing the children to go downtown.

Officers of the bank include Andrews and M. D. Gunstream, vice president and cashier. Employees include Wanda Shafer, Marieta Jo Wilkerson, Joyce Hunt and Jerie Nell Toten, secretary.

Directors for the new bank include W. M. Oliver, Ray Griffiths, Vernie Towns, L. I. St. Clair, J. E. Hicks, James Glaze, and E. O. Baker.

JayCees Planning Poll Tax Sale

Muleshoe JayCees held their regular business meeting last Thursday noon at Liggins's Cafe. The men announced that they still need a lot of toys to be given to the needy children at Christmas, in and around Muleshoe. Anyone having any repairable toys they wish to contribute, may give them to any member of the JayCees.

Plans are progressing on the annual negro minstrel show, and a good show is being promised.

Also, plans were made for the annual poll tax sale to be held by the JayCees, in January. A new member, Thurmon Kent, was welcomed into the organization.

SUN BOWL TICKETS ON SALE AT TEXAS TECH

LUBBOCK, Dec. 5 — Sun Bowl tickets will go on sale at the Texas Tech Athletic Office Monday.

Jimmie Wilson, business manager of athletics, said that Tech would handle only the better reserved seats, which sell for \$6.00. Mail orders, with a check or a money order payable to Texas Tech, should be accompanied by a 25 cent mailing charge.

The game, set for Jan. 2, at El Paso, pits Tech and the University of Wyoming.

Mr. Floyd Clymer

"Best car manufactured in America today"

That's what Floyd Clymer, famous automobile authority, said about Chrysler in Popular Mechanics (October)

"I have tested many fine automobiles over all kinds of terrain," writes Mr. Clymer, "and in my judgment Chrysler is the best automobile manufactured in America today."

When you compare this Chrysler with the other two major cars in its price class, you will be in for an electrifying awakening. Because this is power driving as it was meant to be.

You push the "D" on the Pushbutton PowerFite Drive and a mighty airplane-type engine whisks you away in an instant. There's a new, wonderfully easy feel-of-the-road with full-time PowerPilot Steering . . . a straight, sure, velvety sense of safety in the stops you get with PowerSmooth Brakes . . . a world of authority in the tremendous response of Chrysler's exclusive airplane-type Fire-Power V-8 engine!

Just one look at this car tells you the power's there. You see it in the flaring "PowerStyle" lines . . . in the flight-swept look of its rear deck and fenders. Let us put you behind the wheel of the "PowerStyle" Chrysler for just 15 minutes this week. Compare its all-around performance with its two price competitors. Then you'll know why "the best car manufactured in America" is your best buy! Come in or call us today!

"PowerStyle" CHRYSLER

NOW MORE THAN EVER . . . AMERICA'S MOST SMARTLY DIFFERENT CAR

Letters To Santa

Dear Santa,
I'm a little girl 4 years old. I stay with my grandma while my mother works. Grandma says I am a good girl.

I want a doll and a doll bed and a truck. Come to see my sister too. She goes to school. I'll leave you some coffee and cookies on the table.

I Love You,
La Donna Hawkins

Dear Santa:

I have been a nice little girl. I am nine years old I am in the third grade. I would like for you to bring me a house coat, a white bible, night slippers, a tiny Tears doll, a baton, a scrap book and any thing you think I might like. Don't forget the other boys and girls. Good luck.

Your friend
Wilma Sue Puckett

Dear Santa,

I am a little girl 5 years old. I would like to have a doll, piano, electric iron, doll buggy and anything else you want to bring me.

I have tried to be a good girl. And don't forget my little cousin, Glenda James.

I love you very much.
La Quita Flanagan

HERE ON BUSINESS

Mrs. Grace Hodge, of Amarillo, was here Monday attending to business, and visiting in the Noel Woodley home.

ANNOUNCEMENT

Mrs. E. H. Kennedy is presenting a number of her piano students in a recital Tuesday evening, Dec. 13, at 7:45 in the old Baptist Church Auditorium. The public is cordially invited to attend. An enjoyable program is promised.

MOVE TO ALBUQUERQUE

Mr. and Mrs. Marion Harris and children Belenda and Max will move this weekend to Albuquerque, N. M. to make their home. Mr. Harris will be associated with the Southwestern Life Insurance Company there. Mrs. Harris's mother, Mrs. Abe Clark, of Lubbock, has been here this week, helping with the moving.

VISITED HERE OVER THE WEEKEND

Jim Gaede and Iva Growley, of Texas Tech, visited over last weekend in Muleshoe with Jim's parents, Mr. and Mrs. Raymond Gaede.

WERE IN DALLAS

Mr. and Mrs. Sam Fox visited last weekend in Bridgeport, Dallas and Ft. Worth.

SHOPPED MONDAY

Mr. and Mrs. A. J. Lenderson went shopping in Amarillo, Monday.

WERE IN AMARILLO

Mr. and Mrs. Noel Woodley were in Amarillo and Canyon last Friday, on a business trip.

Ramblin' Eight Car Club Members Will Pick Up Toys Mon.

Members of the Ramblin' Eight Custom Car Club will canvass Muleshoe's residential sections Monday night to pick up used toys for underprivileged children.

David Wyer, president of the car club said members have mapped out the town and crews of three or four will call at every house in town Monday night to ask for donations of used toys for Christmas giving.

The toys will be repaired by the club members in their club house and turned over to the Jay-Cees and Goodfellows for distribution.

WAS IN LUBBOCK

Mrs. Morris Douglass was in Lubbock earlier this week, shopping.

Views From Pleasant Valley

Mr. and Mrs. Samuel Dorsch and family returned to their home in Opitima, Okla., Saturday. They have been visiting in the home of Mrs. Dorsch's brother and family the George Wuerfleins'.

Mr. and Mrs. John Biekle and Mr. and Mrs. Jesse Thompson & daughter Nita were recent supper guests in the home of Mr. and Mrs. R. L. Roubinek and family.

Mr. and Mrs. O. E. Green spent Thanksgiving in the home of their daughter & family in Roswell, N.M.

Eugene Morrison of Muleshoe spent the week-end in the home of Jack Roubinek.

Visiting Parents
Alan Turner from Baylor University is spending a few days in the home of his parents Mr. & Mrs. Doyle Turner and Family.

Celebrates Birthday
Those helping Bonnie Pat Angeley celebrate her 8th birthday on Nov. 27, were Veta and Carolyn Allison, Irene and Jody Angeley, Katherine West, Susan Allison and Kathy Andrews. The Pink birthday cake topped with white candles and punch were served to those in attendance.

Mr. and Mrs. Ray Morrison & family of Muleshoe were Sunday evening supper guests in the R. L. Roubinek home.

Jimmy Green from Eden, Texas is again making his home with his parents Mr. and Mrs. O. E. Green. He is here for an indefinite time.

Mr. and Mrs. Roy Blair and small son have gone to Lubbock to spend a few days in the home of Mrs. Blair's parents.

John West went via plane Monday to spend a few days visiting his mother Mrs. E. W. West in Fredrick, Okla.

Social Club Meets
The Pleasant Valley Social Club met in the home of Mrs. Harold Allison with co-hostess Mrs. Norman Hodges on Thursday afternoon, December 1.

There was a report given for the benefit of those who were unable to attend the club's birthday dinner which was held at the home of Mrs. Gerald Allison recently.

Waneen Ragsdale asked to be relieved of her duties as secretary treasurer due to her moving from the community. Mrs. Lillie Wuerflein was elected unanimously to replace Mrs. Ragsdale for the ensuing year.

It was decided to have club at Mrs. Oscar Allison's at 1:00 pm December 15, with Mrs. Winifred Riddle as co-hostess. A covered dish luncheon will be served.

Mrs. Margaret Reeves is a new member in the club. The club welcomes you Mrs. Reeves.

Mrs. Alice Angelev presented games at the meeting.

Delicious refreshments were served to those in attendance. They are as follows: Mesdames: O. E. Green, Paul Hammett, Jim Grizzel, Billy Free, R. L. Roubinek, Walter Hutton, Floyd Andreas, John West, Wuerflein, Oscar Allison, Doyle Turner, Angeley, Leroy Hicks, Ralph Broyles, Donald Adams, Byrd McClain, Reeves, Hodges, Mack Ragsdale, Harold Allison, and a visitor, Mrs. Bonnie Haberer.

Weekend Guests
The following were week-end guests in the C. B. Landers home Mrs. Fern Cone & children of Austin and Mr. and Mrs. Bobby Landers and son David of Lubbock.

NEW SON
Congratulations to Mr. and Mrs. Kirk Pitts on the arrival of a new baby boy. The Pitts have three other children.

Organize HD Club
A group of the ladies met Thursday afternoon Dec. 1, at the Community Center and organized a Home Demonstration Club in Pleasant Valley.
Mrs. Hazel Hickman, Lamb County Home Demonstration agent, met with them and explained the Club's program and helped to organize the Club.

Officers were elected for the ensuing year.
The next meeting will be at the home of Mrs. Elmo Stephens

LETTERS TO SANTA

Dear Santa,
I hope you have a merry Christmas this year. Santa, I wish I had a cinderella watch in a plastic high heel shoe and a ballerina doll, and be sure to bring mother and daddy something, too. Be sure to bring all the good boys and girls something, too.

Your friend,
Ann Tiller

Dear Santa,
Dear Santa Claus, I am writing you a letter of what I want for Christmas. I want a bicycle and I want an electric football set for Christmas and I would want more for Christmas but that is all I want but I might want more, goodby.

Your friend,
Clarend Ethridge

Dear Santa,
I have a good place to play in my house and would like to play with my friends, too, would you bring me a firetruck and a cattertruck and roller skates, too.

Your friend,
Max Eubanks

Dear Santa,
I would like for you to please bring me an accordion, and a bicycle and tractor set, and please don't forget the other boys and girls.

Your friend,
Charles Elrod

Dear Santa,
I have been as good as I can. I am 9 years old. My birthday is October 9. I hope I have a merry Christmas. I would like to have a typewriter and a canister set. I would like to have a doll and a can-can slip.

Love,
Janet Shipp

Dear Santa,
I want a Tiny Tears doll for Christmas and I want a make-up kit and doll buggy and I want a typewriter and cinderella watch and I want a Winky Dink kit.

Your friend,
Wanda Riels

Dear Santa,
I would like for you to come to every girl and boy when you come I hope you come by my house I hope you will come by every house.

Your friend,
David Elmore

Dear Santa,
I want a red 24 inch bicycle. Do not forget my baby brother Michael.

Wanda Cherry Is Honoree of Bridal Shower Thursday

Miss Wanda Cherry was honored with a pre-nuptial shower last Thursday afternoon at the home of Mrs. W. B. Wagnon, Jr. Miss Cherry is the bride-elect of Donald Harmon.

Hostesses were Mmes. W. B. Wagnon, Jr., W. B. Wagnon Sr., W. R. Tittle, W. H. Rutherford, Luther Hall, O. C. Kirk, L. V. Kolar, H. T. Peugh, Homer Redwine, Leo Bartley, Vanoy Tipton, Earnest Baugh, and John Baugh. Decorations throughout the home were in the Christmas motif. The serving table was covered with a red net cloth over red, and centered with a yulide arrangement.

Mrs. W. R. Tittle presided at the silver tea service, and also served the guests coffee and cookies. Mrs. Homer Redwine registered guests in the brides book. Gifts were on display in a bedroom.

Some forty guests called during the afternoon, and many who were unable to attend, sent gifts.

Sixteen Muleshoe HD Club Members Met November 29

Sixteen members of the Muleshoe Home Demonstration Club met Tuesday, November 29, in the club room, and made three quilts for the Parker family. At the noon hour, a sack lunch was enjoyed.

Attending were Mmes. C. E. Briscoe, M. E. Simmons, John Boydston, J. E. Day, Alvin Krieglitz, W. W. Smith, W. R. Bowers, Bessie Fletcher, S. L.

Robinson, S. C. Caldwell, Walter Witte, C. H. Gillis, H. G. Griffiths, M. L. Oswalt, A. W. Copley, and D. E. Beller.

Club will serve lunch at the "Chick Otwell farm sale on January 4. Each member is to donate two pies for the sale and material for hot dogs will be purchased out of the club treasury.

On December 13, at 7:30 in the evening, club will meet at the home of Mrs. Tommie Sanders for the annual Christmas party. Members are asked to remember their secret pals and in addition to bring an exchange gift, the price of which is not to exceed 50 cents.

Christmas Tea Fetes Missionary Marjorie Stephens

A Christmas party and tea honoring Marjorie Stephens, missionary from Nigeria, was held Monday evening at the Baptist Church.

Members of the Winsome, Willing Workers, and Bethany Classes sponsored the affair. Teachers of these classes are Mmes. Lela Barron, Lida Wilhite and Waldross.

During the program, Miss Mona Wilhite presented enjoyable piano selections, and accompanied Pat Glasscock as she rendered a beautiful solo.

Mrs. Arch Fowler gave a reading. Devotional was given by Mrs. E. K. Shepherd.

Following the program and business session, an informal discussion was held, with the guest of honor, Miss Stephens answering the ladies' questions. Refreshments of punch, coffee, cookies and sandwiches were enjoyed by approximately forty persons.

Mrs. Moore Leads W. S. C. S. Study

Children's Work was the lesson heading studied by members of the Women's Society of Christian Service of the Muleshoe First Methodist Church, at the meeting Monday afternoon.

Study leader was Mrs. W. D. Moore.

The group sang "I Love To Tell The Story", after which prayer was led by Mrs. W. D. Moore. Mrs. Moore then spoke on "What The Christian Family Is Up Against."

Scripture taken from Col. 3:12-24, was read by Mrs. H. C. Holt. Talks were given by the following members on their works: Mrs. W. D. Moore, "Spiritual Life", and read a poem, "The Bible". Mrs. Cecil Davis spoke on "Student Work", Mrs. F. B. Pierson, "Christian Social Relations."

Mrs. Arnold Morris reported that \$13.15 collection was taken up week before last for the Navajo Indians. She also reported on the condition of Jack Stallings.

Mrs. Morris was asked to bring before the group, the need of cookies and punch to serve over one hundred M. Y. F. members Monday evening. Melba Davis made the motion that the Society furnish the cookies and punch, and the motion carried. Mrs. Davis was elected chairman of the committee elected to serve the M. Y. F.

Mrs. Blackman, a visitor, dismissed the group with a prayer. Visitors are always welcome to attend the W. S. C. S. meetings at any time.

Those present were Mmes. W. F. Birdsong, F. B. Pierson, I. F. Willman, R. O. Gregory, Arnold Morris, C. R. Farrell, J. J. Gross, H. C. Holt, Earl Howell, H. M. Shofner, H. Jay Wyrer, W. D. Moore, Cecil Davis, J. E. Day and Mrs. Blackman.

PTA Sponsoring Evening At Home

A plan has been adopted by the P. T. A. of Muleshoe High School, to sponsor "An Evening At Home" as a means of raising funds to complete the projects for the year.

Tickets will be sold through the school rooms and persons buying them may set their own price as long as it is not less than \$1.00.

In this busy little city of ours, it is believed everyone will be happy to purchase a ticket which gives them the privilege to stay at home one evening.

Letters will be sent to parents through the schools, and are to be returned with the money before the deadline, Friday, December 16. The ticket will entitle the buyer to stay at home from P. T. A. Monday evening, Dec. 19.

It is hoped that everyone interested in the improvement of the grade school grounds and parking area will cooperate to the fullest extent, as this is certainly a worthwhile project which is being undertaken by the association this year.

When the boys and girls call at your house, be sure to purchase a ticket to stay home one evening, Dec. 19. It is not compulsory for the purchaser to remain at home, but he will not be required to attend P. T. A., as the association will not meet that evening.

Progress WSCS Completed The Current Study

Final chapters of the study "This Revolutionary World" were presented by Joyce Walker, when the Progress Women's Society of Christian Service held regular meeting Monday afternoon.

Meeting was opened with a prayer by Ruth Cooper. The business session included two excellent reports by Mmes. Jean Carter and Doris Wedel.

A hymn, "Are Ye Able", was

sung by the group. This was followed by devotional by Jean Carter. Her topic was "It Begins With Us." Prayer was offered by Joyce Walker.

Fern Davis read some verses of Scripture, and benediction was given by Velma Gwyn. Attending were Mrs. Bill Welch, a visitor and members, Mmes. Johnnie Westbrook, Elnita Gray, Juanita Urteaga, Fern Davis, Velma Gwyn, Ruth Cooper, Jean Carter, Joyce Walker, and Doris Wedel.

Next meeting will be a Christmas social at the home of Joyce Walker December 15, at 2:00 p. m. Each lady is asked to bring a toy for the church kindergarten. All ladies of the church are especially urged to attend.

HOME FOR WEEKEND

Ann Woodley was home over the weekend from W.T.S.C. at Canyon, visiting her parents, Mr. and Mrs. Noel Woodley and friends.

ATTENDED ORATORIO

Mr. and Mrs. Raymond Gaede and Mrs. Charley Barnett were in Canyon last Sunday evening attending Hayden's Oratorio at W.T.S.C.

Muleshoe FFA News

BY BUDDY BLACK

As you saw in last week's paper, Janette Sedgwick, Sweetheart of the Muleshoe F. F. A. Chapter, was runner-up in the district contest. District Sweetheart is Delores Battles, of Dimmitt. Norma Thompson, also of Dimmitt, was the District Flower Girl, and runner-up in this contest was Kay Willman, also of MHS.

Attending the contest from MHS were Janette Sedgwick, Kay Willman, Bobby Black, who is president of the Chapter, Buddy Black, Delbert Black, Don Alexander, Bob Strison, Larry Dunham, Leroy Corrieles, and one of the Chapter Advisors, Bill Bickel. The program included a talk by the South Plains Maid of Culture. She is a junior student at Texas Tech. Another guest speaker, who was the special guest was the Area 1 State Vice-president, Foster Barker, also a Texas Tech student.

REGULAR MEETING HELD
Monday evening, December 5, the regular monthly meeting of the Muleshoe F. F. A. was called in order by president, Bobby Black.

A report was given on the Boys Ranch Fund Project. The fund now stands at \$87.98, which is nearly one fourth of the Area 1 goal of \$1,000.

It was decided that the boys should send a letter of gratitude signed by the chapter president to Arnold Morris for having the F. F. A. Calendars printed for the chapter and the business houses.

The group elected to receive Arnold Morris, John Fried, and Harvey Bass as Honorary Chapter Farmers.

Members also voted to have a Bar-B-Q sometime after the Christmas holidays. It was referred to a committee composed of Kenneth Powell, Jack Dunham, Ken Angley, Tom Bickel and Ralph Homing. Advance tickets will be sold by F. F. A. members.

FARMER COUNTY Farm Bureau News

By RAYMOND EULEN

"About the first thing I was hit in the face with when we got back from the convention, was how Walter Hammond and Chas. Schuman were running the Farm Bureau, folks. I want to inform you right now, I know that just isn't so. The members saw it, and I saw them, doing it in Fort Worth last month.

That was Jack Patterson, county director from Rhea Community, speaking to members at the regular monthly meeting in Parish Hall last Friday night.

County president, Gilbert Kattvasser also spoke, pointing out some of the proceedings of the convention. He and Patterson both referred to resolutions emanating from Farmer County that were accepted as Texas Farm Bureau Resolutions.

Raymond Schueler, who has served as Rhea president and county director from that community two years, declined re-nomination as president, and expressed his appreciation for the cooperation received during his term of office. Franklin Baker was elected president, to succeed Schueler. Gladys Dean was elected Secretary-treasurer, succeeding Mrs. Billy Sibford, who has served in that capacity for two years.

We are glad to see more of you, farm ladies coming in to claim tax refunds on farm used fuels. If your husband is too busy, and you need some Christmas money, come right in and help us help you make claim for it. All gasoline purchased since September first, pays you five cents per gallon, because that is what the tax is now.

We were reminded of the importance of our secretary Thursday, when Glenda was not feeling well enough to come to work. We decided pretty quickly that she does quite a bit of work for us, and we were extra glad to see her Monday morning. She is a farmer's wife, and you'll find her very understanding and helpful regarding any of your service needs.

Christmas is drawing near. We know it will be a time of festivity for most of you. If you know of any families who may need something to make the time real to them, let us know about them and we'll try to help take care of them.

We still have some 1954 calendars and pocket combs that are yours for the asking, in retail quantities, that is.

Remember that if they had done anything in lifting up the wall, or if they had thought well, lay their hand upon the mouth, Proverbs 30:32

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Grasses and legumes are likely to become more important in our farming operations. The Soil Bank as proposed by the American Farm Bureau Federation will no doubt be seriously considered by the Department of Agriculture in order to reduce crop surpluses. A portion of farm land would be taken out of commercial production and devoted to soil building and conservation crops.

Grasses are excellent soil builders and conservers of soil and water. The fibrous roots open the soil, increasing the depth of water intake and soil storage capacity. The top soil built forms, preventing rapid run-off and reducing erosion.

Small grains, perennial introduced grasses, such as western bluegrass, blue panic and sand bluegrass, form excellent cover and greatly aid soil structure with their deep fibrous root system. Native grasses such as Indian grass, switchgrass, grama, blue grama, and bluestem are also soil savers and furnish the same excellent grazing as the

legume crop is plowed down, or dies, the nitrogen may be released after the plants are decomposed. A combination of grasses and legumes would add the most organic matter, and give the greatest increase in soil fertility.

As a comparison, cotton is a soil depleting crop. It breaks down the soil structure, uses up the available soil nutrients, decreases the permeability of the soil and leaves it susceptible to blowing.

Your local ASC office can furnish financial aid to approximately 50% of the cost of seed in planting these crops. The Soil Conservation Service will furnish technical assistance in establishing these cover crops.

Legumes, such as the clovers, alfalfa, vetch, and guar are the best soil builders. They put a valuable nitrogen into the soil symbiosis. This is the living relationship between the soil bacteria and the legume. The legume furnishes food, energy, and nutrients to the bacteria and the bacteria increase in number, converting free nitrogen in the air into available nitrogen for the plants. The legume bacteria thus furnish nitrogen for the growing plant while any excess nitrogen is absorbed from the nodules into the soil and is utilized by some crop growing in association with the legume.

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The original, trademarked, twisting pain of Arthritis and Rheumatism may soon be forgotten. There is an exciting new laboratory discovery named Ar-Pan-Ex.

Ar-Pan-Ex was perfected by a noted scientist of a world famous university, working with all known facts about these crippling ailments. The result is a safe, sure to help tablet that promises the fastest relief known from that twisting agony.

Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex is exclusively protected in each chemical, designed action.

Why AR-PAN-EX Helps
Ar-Pan-Ex does not irritate stomach in the stomach—acts through digestive system. Ar-Pan-Ex is scientifically "film-coated" so that ALL

the powerful, pain-relieving medicine is released only in the small intestine where it can be quickly absorbed into the blood stream to carry pain-arresting muscle joint and nerve-tending, chlorine and calcium ions directly to the afflicted area. Ar-Pan-Ex helps the system throw off excess lactic acid that can also aggravate pain.

Nothing Like AR-PAN-EX
Nothing ever offered before can bring results faster, more effectively, or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of activities and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is not at all, he will be glad to order it for you.

Philathea Circle Netted \$82 On The Rummage Sale

Mrs. Betty Cowan hosted members of the Philathea Circle in her home last Thursday afternoon.

During the business meeting it was reported that the Circle netted \$82 on the recent rummage sale. Also, the Christmas cards were distributed to members to sell.

Attending were Meses, Clarence Stephens, Theresa Edwards, Gene Allison, Sammie Allison, Betty Murray, Wanda Smith, Pearl Gunstream, Jeannie McVickers, Mary Nell Chapman and Margaret Adams.

Jeannie McVickers, Pearl Gunstream and Wanda Smith presented the program, titled "My

Pleasant Valley HD Club Organized

Ladies of the Pleasant Valley Community met last Thursday afternoon, December 1, at the Community building, and organized the Pleasant Valley Home Demonstration Club, with the assistance of the Lamb County Home Demonstration agent, Mrs. Hickman.

Mrs. Allen Haley will serve as president of the new club. Other officers elected were: vice-presi-

dent, Mrs. George Wuertlein; secretary-treasurer, Mrs. Gene Lowe; reporter, Mrs. C. B. Landers; counsel delegate, Mrs. Doyle Turner; alternate, Mrs. Seaborn Moore.

The club will meet the first and third Thursdays of each month.

Ladies present other than those named above were: Meses, Alton Taylor, Elmo Stevens, Paul Hammett, Ralph Broyles, Jim Grizzle, Walter Hutton and B. H. Bickel.

The next meeting is to be held at 2:30 p. m., December 15, in the home of Mrs. Elmo Stevens.

Ladies who are interested in Home Demonstration work are invited to attend these meetings.

ALSUPS HAD GUESTS

Guests last Sunday in the Charles Alsup home were: Mr. and Mrs. J. A. Baker, of Modesto, Calif.; Mrs. R. L. Rambo and Mr. and Mrs. Howard Sikes, of Bangs; Mr. and Mrs. Eddie Sessions, Plainview; Mrs. Frankie Rogers, Miss Cassie Rogers, and Budkie Rogers, of Lubbock; and Mr. and Mrs. James Phipps.

Favorite Christmas Story.

December 15 is the date of the next meeting. Theresa Edwards will be hostess. As this is the meeting when the annual Christmas party is to be held, members are asked to bring a gift, and also a toy to be given to the Goodfellows, who will distribute them to the needy children.

C. W. F. To Sponsor Bake Sale Dec. 17

Mrs. G. T. Maltby was hostess to members of the C. W. F. of the First Christian Church of Muleshoe, in her home, December 6.

Mrs. H. E. Mitchell, president, opened the meeting with the International Christian Women's Fellowship as the devotional.

It was decided to hold a bake sale, December 17.

Mrs. Leota Wilterding had charge of the program. She was assisted by Meses, Jim Hanks, G. T. Maltby, and L. M. Bell, who took part in the discussion.

The study was of the Yakima Indians, who make their home in Washington.

Refreshments were served to Meses, Jim Hanks, James Bell, H. E. Mitchell, Leota Wilterding, G. T. Maltby, and L. M. Bell.

Hostess gift was won by Mrs. H. E. Mitchell.

The meeting was closed with the C. W. F. Benediction.

Next meeting is to be held January 3, in the home of Mrs. Jim Hanks.

Christmas Is A Time Of Peace

The Progress Methodist Church has submitted the following article, which they thought the readers of this paper might find interesting.

Christmas is the birthday of the Prince of Peace. Therefore let us plan ahead to make it a true season of peace and good will toward all men. Here are a few practical suggestions.

1. Let Your Christmas cards reflect the Christian spirit, by including religious art and Scripture texts.

2. Reflect religion in your decorations: in homes, stores, and community. Nativity scenes and other reminders of the first Christmas point out the true origin of Christmas.

3. Observe Bible reading during the advent season before Christmas, recalling all the events of Christ's life.

4. Give gifts. Don't just exchange presents. Be sure to include someone who cannot return a gift to you, whether it is an institution such as an orphan's home, or an individual.

5. Plan ahead. Do your Christmas shopping, house cleaning, decorating, and mailing of packages early. Then everyone, including mother, can relax and enjoy the holidays.

6. Attend church services during this holy season. Never be so busy you leave Christ out of your Christmas.

Editor's Note: These letters to Santa were written by pupils in the second grade of Muleshoe grade school. All letters written to Santa and sent to The Journal will be published. We will know what the children want for Christmas.

Dear Santa Claus,
Will you please sent me a dress of two. Will you please sent my mother a dress or two and will you please send my father some shoes and all of my brothers and sisters a doll and my sister a dress or two.
Your friend,
Roberta Beasley.

Dear Santa
I would like a trip to see my brother and my sister.
Yours truly,
Rex

Dear Santa,
I would like anything you brought me. I try to be good every day.

Christmas will soon be here I don't care if I don't get very much. I still like Christmas very much. There are Christmas trees, there are gifts, there are gifts to everyone.

Your friend,
Brenda Bartee

Dear Santa,
I am a nice little girl. Will you please bring me a tiny teddy bear, and a real big toy elephant. I hope you make it here. Because if you don't make it here, it would make the boys and girls sad. So I hope you make it. If you didn't make it I would be sad too.

All of the girls and boys are writing letters to you in my room because Christmas will be here soon.

Your friend,
Linda

I am a boy in the third grade and I want a hod-dod strap papite and some slay and some horse shoes. My little brother wants a football helmet and shodur pads. I want two dresses for my teacher.

Love,
Jerry Ray Field

Dear Santa:
I want an electric train for Christmas, and I want a set of new tires for my bicycle and I want a airplane that will fold its wings. I helped mother cten the house and I helped her decorat the Christmas tree.
Your friend,
Jackie Cunamings

Dear Santa:
I have been a good little girl, and I would like for you to bring me a walking doll, and a table and some chairs. I have a little sister and I say that she needs a rocking chair and a doll. I have two brothers and James wants a set of guns, and Dennies wants a tricycle and a truck.
Your friend,
Charlotte Morgan

Dear Santa:
I have been a good girl this year and my brother has too. I would like to have a teddy bear. My brother would like to have a train and a toy guitar and most of all he wants a bicycle.
Your friend,
Carol Ann Ratliff

Dear Santa Claus,
I have been a good girl this year. I am 9 years old and I would like to have a ideal Tiny Bear doll and some dishes, and a piano with a music book and a winky dinky set and a pome book. That is all I want for Christmas.
Your Friend,
Judy Carol Bell

Letters To Santa

Editors Note: The following letters were written by third grade pupils in the Muleshoe grade school. The Journal is happy to print these letters to Santa, and invites all the girls and boys to write their letters to Santa, and send them to the Journal, and we'll print everyone we receive by December 21.

Dear Santa,
You are a very jolly man. So is Wegge, Santa. Now don't get stuck on Christmas Eve, Santa. Don't forget Rudolph and say hello to him for me. Please tell me how much you weigh. Santa Claus? Do you weigh 399 pounds? I'll bet you do. Do not laugh too much. I have been a good boy this year. I would like to have a...

1. Machine gun
 2. Marine Holster set
 3. Air Corps Training Center.
 4. Army Transport Truck
 5. Printing press.
 6. Army Helmet
- Your friend,
Bill Henson

Dear Santa,
I would like to have a doll with black dress and black hat and black shoes and black hose and white can-can slip. I would like to have a cooking set with...

I would like to have some blankets for my dolls. I would like to have a pair of white shoe skates.
Your friend,
Nancy Lee White

Dear Santa,
Thank you for the things I got last year. Would you please bring me a bride doll and a pair of skates and a cowgirl set? We might have some pie and cake.
Your friend,
Sandra Spivey

Dear Santa,
I want a bicycle for Christmas and my brother wants an electric football set, and how are you doing, Santa? Everybody is just fine. I want a cooking set and a Pinkie Lee Doll.
Your friend,
Barbara Jones

Dear Santa,
I am eight years old. My sister are four and five. My five year old sister wants a four wheeled bicycle. My four year old sister wants a Tiny Tears doll. I want a bicycle, and a real watch and a Tiny Tears doll and Telephone bank and roller skates.
Your friend,
Rebecca Camp

Dear Santa,
If you can not bring me all I want, that's alright with me. Please bring me a bicycle and a walking doll and a talking telephone and a Winky Dink Set and a watch.
Your friend,
Cleta Joy Obenhaus

Dear Santa,
I would like a bicycle, and a watch.
Your friend,
David Herrin

Dear Santa,
I want a doll and a bicycle for Christmas. We are going to have a Christmas tree in my class, and we drew names too.
Your friend,
Linda Kay Haney

Dear Santa,
I want a truck set and a Davy Crockett suit. I wish I could have an electric wood burning set. I want a hopping Cassidy watch with coper on it. Please bring me a pair of roller skates, and a tarzan suit.
Your friend,
Thomas Wilson

Dear Santa,
I have been good all year. I have washed my hands before every meal. For Christmas I want a spear and a bow-and-arrow set.
Your friend,
Gary Smith

Dear Santa,
I am a little girl 8 years old. My name is Sherry. I want a Cinderella watch with a plastic high heel shoe. I enjoyed the toys I got last year.
Your friend,
Sherry Lumpkin

I would like a Bible and a Tiny Tears doll and a watch. I sure did like the toys that you gave me last year and still do. I play with them all time, merry Christmas to all.
Your friend,
Becky Mason

Dear Santa,
You are a jolly man. I have been a good girl. So would you get me a picture puzzle. My sister wants a watch that wont run. This is the number of things my sister and I want.
1. I want a can-can slip.
2. My sister wants a cindrella watch.
3. My littlest sister wants a rattle.
4. My brother wants a guitar.
5. My mother wants a pair of carlins.
6. My other sister wants a color book.
7. My daddy wants a pen.
Your friend,
Louise Walker

Dear Santa,
I would like a basket ball set. I would like an electric wood burning set.
I would like an Army set.
I would like an English bicycle.
Your friend,
Don Lenau

Dear Santa,
I want a B.F. gun with a microscope and when you take it off it has another one, and I want a cannister set.
Your friend,
Bonny Gunstream

Dear Santa,
I am 8 years old. I want a telephone bank and ballea doll, a make-up kit, some dishes and a Winky Dink Set. I enjoyed my last years presents.
Your friend,
Cynthia Pool

Dear Santa,
I want to say hello to you, Santa. I want a Betsy Doll. How are you? I love you, dear Santa. My sister wants a doll, too. I have to go now.
Your friend,
Jeanett Humiston

Dear Santa,
How are you feeling? I am fine. How do you make the toys you give us for Christmas? This is what I want. I want a Calvary pistol and a BB gun and a box of BBs. I will write to you again.
Your friend,
Kenneth Jenkins

Dear Santa,
I Love you.
I will like a bicycle.
I will like a walkie talkie.
I will like a calvary pistol.
I will like a machine gun.
Eddy Mitchell

Dear Santa,
I want for me a make-up kit and a Davy Crockett cowgirl suit and a baton and I want a ballet doll.
Your friend,
Faye Harvey

Dear Santa,
I would like a basket ball suit and a Davy Crockett suit and a Tarzan suit with the spear. I wish that I could see you in person with Rudolph, too. How happy it is to get presents from you.

make your tractor a MODERN tractor

CONVERT TO LP-GAS With ENSIGN Carburetion

Right there in the circle above you've got the key to modern tractor efficiency — LP-Gas fuel plus Ensign Carburetion. It's just good business sense to find out how modern LP-Gas efficiency scraps ordinary performance standards. Get the facts on profit-boosting fuel savings and phenomenal freedom from maintenance expense (3 or 4 seasons without service!). The six points below suggest a few LP-Gas and Ensign Carburetor advantages. Keep the profit-angle in mind as you read them!

1. Fuel savings 25 to 40 percent.
2. Lube oil lasts four times as long.
3. 50 to 75 percent fewer overhauls.
4. Increased power. 100 octane fuel permits high compression.
5. Smooth-running engine — no vibration.
6. Same fuel storage serves tractor and household.

Let your Authorized Ensign Dealer check your engine. He can tell you what you can save by making your tractor a MODERN tractor with LP-Gas.

"We Planned for MODERN ELECTRIC Living!"

says MRS. JOHN C. CORNELL
2720 WALLACE STREET CLOVIS, N. M.

When you plan for modern electric living, as the Cornells did, you plan for pleasant, gracious, comfortable living. "My husband's experience in the home building business helped us in planning enough outlets and wiring circuits to enjoy all of our electric appliances." You, too, can call on the experience of your builder and qualified electrical contractor for electric wiring that will meet your present day needs — and those of the future. Good home wiring — the lifetime of pleasant electric living — never costs less than it does when you are building a new home. Plan for modern electric living, as the Cornells did, and you plan for living at its best.

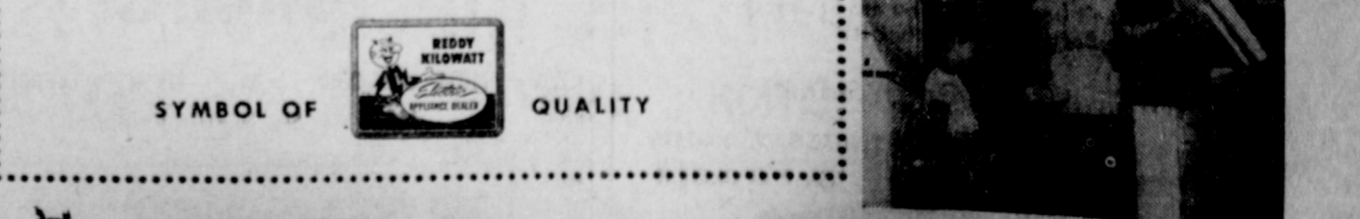

Mrs. Cornell's all-electric kitchen features built-in electric range and refrigerator units. "We chose built-ins because of the convenience and space saving features which they offer." "Automatic and exact", that's the kind of heat Mrs. Cornell gets from her electric range. And that's the kind you'll get from an electric range, whether your choice is for built-in units or a conventional range. "Plenty of freezer space was one of our goals in planning our new home. This built-in freezer-refrigerator takes very little space, and gives Mrs. Cornell plenty of right-at-hand food storage capacity. "Our electric washer-dryer combination is wonderful because I can do my laundry at any time — day or night — with such little effort". Here's the real beauty of electric living, you can do the work when you want to, and, because it is done electrically, there's less work to do.

Heating and cooling are wonderful jobs to give electric service, too. Clean, safe, modern — and, most important of all, healthful, because accurate temperature control is always yours electrically.

A COMPLETE DEMONSTRATION OF ANY WORK-SAVING ELECTRIC APPLIANCE IS AVAILABLE TO YOU AT YOUR REDDY KILOWATT APPLIANCE DEALERS.

SYMBOL OF QUALITY
SOUTHWESTERN PUBLIC SERVICE COMPANY
And here's Mrs. Cornell's utility room freezer, the one that makes her plan for "plenty of freezer space" complete. Plan for complete living plan for electric living.

Your Friend,
Donna Kay Rundell

Dear Santa Claus,
I want a Roy Rogers horse and him and an electric train.
I am a good boy.
Your Friend,
Ronald

When Colonel Inez Haynes, chief of the Army Nurse Corps visited her parents here recently, she was given a typical West Texas welcome. Civic organizations and private citizens turned out in large numbers to make her feel at home.

Col. Haynes has written a letter to the people of this area, thanking them for their welcome and friendship. The letter follows:

"I wish to express my sincere appreciation to the citizens of Muleshoe for the wonderful welcome given to me on my recent visit home. I am at a loss to find words which will adequately express my gratitude for the honors given to me and my family. It is my hope that I will be able to live up to your expectations.

Those of us concerned with providing good nursing care for our soldier and his family appreciate knowing citizens of our nation, such as you, appreciate our efforts. You can be assured that our Surgeon General and his capable staff will continue to provide the best possible medical care to the American soldiers and their families.

October 21, 1955 will always be remembered as a day that demonstrated the attitudes of a group of warm hearted Christian American people toward the Army. Somehow the hard work and lonely hours are less strenuous when we know we have the good wishes of our freedom loving American people.

Our nation today is looked to for leadership in preserving the Christian Democratic way of life. This is because of Americans like the citizens of Muleshoe who have diligently fought to prevent communistic ideology from making inroads in our government and our schools.

Therefore, I salute the people of my home town for their contributions in building a better world for their children and children's children to live in.

Most sincerely,
INEZ HAYNES,
Colonel, ANC
Chief, Army Nurse Corps

Bailey Cows On High Producers List In October

Four Bailey County cows are in the list of high producers for October, announced by Randall County Dairy Herd Improvement Association.

G. T. Maltby's Alice, a Milking Shorthorn, produced 1290 pounds of milk, butterfat content was 4.1 and butterfat production was 53 pounds. Beatrice, also a Milking Shorthorn, owned by Maltby, had a production of 1110 pounds of milk; 4.2 percent of butterfat, or 47 pounds of butterfat for the month.

Likewise, two cows of the Joe H. Harbin herd made the honor roll. Lady, a Guernsey, produced 1020 pounds of milk which was 5.6 percent, and butterfat 57 pounds. Elsie, a Guernsey of the Harbin herd, produced 1110 pounds of milk which had 4.1 percent butterfat, and 47 pounds of butterfat.

Plains Farmers On 1800 Mile Pipe Line

Irrigation farmers in the High Plains area of Texas are doing something about conserving water and making its use more efficient. The result is better crops.

According to a report just released by Extension Irrigation Engineer R. V. Thurmond, farmers in the Plains area have installed, since 1948, a total of 9,618,062 feet of concrete pipe on their farms and ranches. Putting it another way, Thurmond says this pipe, if placed in one continuous line, would make one whole of a project. It would extend 1,822 miles and would range in size from 12 to 18 inches in diameter. Quite an engineering feat is his way of describing the work done.

Thurmond says it's a demonstration which shows that farmers are doing something on their own to conserve and get the most efficient use from the water

pumped for irrigation on their farms. The installation of an underground concrete pipe irrigation system means the elimination of water losses from ditch seepage and evaporation. Evaporation losses alone in the area range from 70 to 80 inches annually. It does away with the weed problem on ditches; makes for easier and more complete cultivation of all areas; permits tying together two or more wells which cuts labor costs and major importance, it permits better water distribution over the entire farm.

The engineer says four commercial companies are doing the work and are to be complimented on the thorough job which they have done. They overlook no details in planning and installing the system for the farmer.

The first system was installed in 1948 and by January 1954, 4,391,218 feet of underground

Plainview, Texas, Dec. 6—Mrs. A. Hope Owen, Wayland College's first lady, shares the indignity of wearing a Slime Beanie with Freshman Frank Tseng, who was born in Nanking, China, while Miss Tempress Reed, sophomore from McIntosh, Ala., looks on with amusement. They were guests at the fall coffee party given by Dean and Mrs. Bryan

Robinson for a group of students, including those from overseas for whom he is faculty adviser. The Owens met Frank at the Multnomah Baptist Assembly near Portland, Ore., last summer when President Owen was camp pastor. Oregon Baptists helped make Wayland College possible for Frank. On arrival he auditioned for the colorful Wayland College International A Cappella Choir and was accepted for the traveling choir. Frank is a 1954 graduate of Central Commercial High School in New York City, where he was a member of the National Honor Society and won several awards including the Belding Memorial Foundation Award and where he was named Class Scholar. The young Chinese

Billy E. Wood Now In Canal Zone As Infantry Member

Billy E. Wood, son of Mr. and Mrs. T. E. Wood, Friona, recently was promoted to specialist third class at Fort Kobbe, Canal Zone, where he is a member of the 23rd Infantry Division.

Specialist Wood, an midman in Medical Company of the division's 33rd Regiment, entered the Army in June 1954, and received basic training at Fort Bliss. He arrived overseas last November. The 27-year-old soldier is a 1951 graduate of Texas Technological College. In civilian life, he was employed as a coach at Pettit Independent Schools.

His wife, Kathleen, lives in Panama City.

LAST CALL for Christmas Cards. You still have time to order if you'll act promptly.

became a Baptist two years ago and has been active in young people's work in Oregon, especially helping with the music activities. He has composed a number of religious songs since his conversion.

Miss Reed, a 1954 graduate of Reed's Chapel High School, McIntosh, Ala., is a member of the Choctaw Indian tribe and is the first of her tribe ever to enroll at Wayland College. She is a sophomore and active in the Young Women's Auxiliary for which she is publicity chairman.

Vernie Towns Family Honored For Outstanding Efforts In Dallas

Social Security Man Here Dec. 15

Our representative will be in Muleshoe at the Postoffice at 9:30 am. on December 15th and will be glad to assist in all matters pertaining to social security.

The recent changes in the Social Security Act make reporting wages to farm employees easier for most of America's farm employees.

Now only relative large farm employees will be required to report wages and pay taxes quarterly. The majority of farm operators will have to report only once at the end of each year.

Unless you pay a total of \$2500 or more in taxable wages to your farm employees before October 1, 1955, you need not report until January of 1956. It is important that you keep records now to insure proper reporting at a future date. You and your employees play a vital role in your social security program and complete and accurate reporting is the very backbone of the system.

VISITED HERE

Mr. and Mrs. Jim Lowellen, of Lubbock, visited here over the weekend with Mr. and Mrs. J. E. Lowellen and other relatives and friends.

The Verney Towns Family of Bailey County was honored as a "Master Farm Family" by The Progressive Farmer magazine at a State Award Dinner in Dallas December 6. At a banquet held in the Terrace Room of the Baker Hotel, the Towns were presented an engraved silver bowl in recognition of their accomplishments in farming, home-making, and community leadership. Later, their story will be told in a well-illustrated article in the magazine.

Principal speaker at the Award Dinner was Eugene Butler, president and editor of The Progressive Farmer. Miss Sallie Hill, home editor, also addressed the group. After presentation of the

awards, guests were taken on a pictorial visit to the farms and homes of the Master Farm Families with the showing of colored slides.

The Towns family is one of eleven farm families in the State to receive the Master Farm Family Award for 1955. To meet the requirements for this high honor, a family must take good care of the land, while making it pay a reasonable profit on farming operations. There must be a good house with attractive surroundings. The family must take an active part in community life. And they must show interest and leadership in good schools, farm organizations, Voc. Ag., 4-H clubs, soil conservation, and all those group activities that are so vital to a happy, prosperous farm life.

Gas Mileage goes up **AGAIN**

And so does the thrill - with Buick's new Variable Pitch Dynaflo!

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepower, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifold, and a new high in compression ratio.

But the major reason for the happy news in gas mileage—and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflo.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil add to its own velocity to build up driving force.

So now, you merely nudge the pedal to part throttle and get new getaway getaway. And since you get this quicker, safer response in your normal cruising range—where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflo is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's the '56 Buick—

Best Buick yet

THIS & THAT

About Homemakers & Homemaking in Bailey County
By MOLLE STINSON
Home Demonstration Agent

This month I am visiting all the 4-H club demonstrators. As I write this column I have visited with three girls and their mothers.

Karen Stephens is foods demonstrator for the Progress Club. She plans to emphasize meal planning and preparation. In connection with this she is going to make a recipe file, check her eating habits and try to make the preparation center in her mother's kitchen more efficient. Her mother of course will be helping her here. She is going to keep a record of her activities.

Bedroom demonstrator for the Progress Club is Shirley Burel-Smith. She has been working on this project since last summer. She has already selected a new floor covering and curtains and some accessories for the room. Her next plans include making a bookcase using bricks and planks. She plans to repaint her bureau and make a desk out of a small chest by adding a top and one leg to it. She is also going to work on improved storage and hers and her sister's clothing.

Carol Wynn is clothing demonstrator for the Lucky Clover Club. Storage, care and selection of clothing are the things she plans to emphasize. She plans to use boxes to arrange her dresser drawers. Carol is going to help plan her wardrobe and take more responsibility in selecting her

clothing. What these 4-H members are doing is typical of the demonstrators in clubs over the country. They are learning to apply what they learn in 4-H work to their home situation. In turn they will share their experiences with the other club members.

BUYING COATS AND SUITS

Planning to buy a new coat or suit for the holidays? Or perhaps you're counting on "post-season" sales to re-inforce the wardrobe with an extra suit or coat.

Choose carefully. Mistakes in selection are often costly, especially in garments which must be worn over a period of years. Consider the climate, your activities and the amount of money you expect to spend. Unless you can afford two coats or suits for a season, you will not expect to buy a dressy one. The casual or sport type is more suitable for general wear.

Look for becoming styles with good lines, in basic colors and designs. Extreme or high-style features or colors will "date" the garment. Make certain it fits in to the basic color scheme of your present wardrobe.

Invest in a firm fabric that will not stretch and bag at hips or elbows. The lining should be of good quality, well fitted and smooth.

Examine workmanship carefully. All seams should be well stitched, facings and other finishes neat and well fitted. Fastenings should be durable, pleasing in appearance and sewed on securely.

The type of trimming affects the initial cost, as well as the upkeep and durability of the garment. It should be attractive, durable, and easy to care for. Tailored decorations such as

WINSOME TRIO WEARS WINNING FASHIONS

A winsome trio wears winning cotton fashions for the winter season. Their outfits illustrate one of this year's brightest fashion trends, cotton knit. At left, Smarter's royal blue and charcoal striped cotton knit cardigan is teamed with a charcoal knit skirt. Center, Smarter's hooded striped sweater is worn with slim, tapered cotton knit pants. At right, Tommie's cotton knit football outfit is styled for lounging or sleeping. The National Cotton Council reports that cotton knit will be one of the most popular cold weather fabrics.

braided stitching, tucks and self-decoration, seldom add to the cost of cleaning. They generally wear as long as the fabric.

Read all labels carefully before you buy.

WINTER SAFEST TIME FOR TRANSPLANTING TREES AND SHRUBS

For amateurs, wintertime, when plants are dormant, is the safest time for transplanting, according to Miss Sadie Hatfield, Extension homestead improvement specialist.

Plants that drop their leaves are dormant after leaf fall — others usually are dormant immediately after the first two freezes. After that, plants may be moved anytime before spring growth starts.

Prepare for the job ahead of time so plants will be out of the soil for as short a period as possible.

If the ground freezes, do not attempt moving plants until it is thawed. Make the holes large enough so that roots need not be crowded or twisted.

Good drainage is important. If water will stand in the hole for several hours, additional drainage is needed. Try breaking thru the hard pan below, drain off to the side or make the hole deeper and fill partially with loose rubble and stone.

Never plant a shrub or tree deeper than it grew in the nursery or woods. Place carefully, firm topsoil about the roots or ball. Avoid air spaces by pouring water into the partially filled hole.

Prune tops of deciduous plants at planting time to compensate for root loss. Apply heavy mulch around the plant to guard against freezing, and keep soil

By John C. White, Commissioner

TEXAS FARMERS ASK RIGID PRICE SUPPORTS

Texas farmers recently had a rare opportunity to tell federal farm policy makers what they believe is behind the critical decline of farm income.

Almost without exception they asked for a return to rigid price supports of at least 90 per cent of parity on all basic commodities.

Appearing before the U. S. Senate Agriculture Committee at a Fort Worth hearing some 67 farm witnesses from all over the state gave a word picture of stifling financial condition.

In general, testimony showed that farmers realize their personal share of the responsibility in making a farm program work. But they were unanimous in their feelings that the present farm program is not working and should be changed.

Representatives of all phases of Texas agriculture — from peanuts to livestock — gave graphic illustrations of how their products had decreased in value while their expenses had increased by leaps and bounds.

I think the over-all sentiments were rather representative of farm thinking in Texas today. Those witnesses who appeared here to be congratulated on their willingness to travel — some for great distances — to attend this important meeting.

After talking with the Senators present, I feel certain that the farmers' pleas did not fall on deaf ears. Whether or not these hard-working, sincere men are able to put their findings into actual practice through enactment of a sound farm program remains to be seen.

However, my temperature soared to a new high when I learned that backers of the present farm program are branding these level hearings as a "smear

campaign of immense proportions."

The Texas hearings were examples of Democracy in action. If the value of honest public opinion is to be so grossly underestimated, overtones from the abuse to farmers are to be felt in other segments of our population.

The three points foremost in the minds of most witnesses at the meeting will be presented in this column next week.

LETTERS TO SANTA

SANTA

Dear Santa, I want a big conveyor loader and a dump truck bring them to my grandparents in Ark., as we are going to spend Christmas with them.

Love Wayne Gulley

Nov. 28, 1955

Dear Santa, I've been trying to be a good girl. I want a doll house with furniture, a washing machine. Ken needs a rocking chair.

Love you Kayolynn Kittrell

Dear Santa, Please bring me a truck for Christmas.

Love Ben

Dear Santa, Please bring me a tractor and car and pr. of holsters & guns and a David Crockett suit & hat, & a new bicycle tire.

Gerald Wimberly

Dear Santa, I am a boy six years old, and Christmas almost here I am reminding you that I would very

much like a big truck set for Xmas. My name is Dale Wilson.

Dear Santa, Please bring me a chair and a table and bring me a train and bring a doll good bye.

Love Penny Stacy

Dear Santa, Please bring me a doll table and chairs and a bicycle.

FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT
SOUTHWESTERN PUBLIC SERVICE COMPANY

Schumpert (right) explains his use of three electric stock tank water warmers at his Portales, New Mexico, dairy farm. Mr. Schumpert is convinced that electric stock tank water warmers use profits. Inset shows another type of water warmer which is on a side of tank rather than floating in water.

...ine yourself standing alone... a cold, chilly, wintry day... want a drink. You can't use hands. Your mouth and nose submerged in a tank of 35 degrees. Not a very pleasant situation, is it? You'd take only as much water as you would need to drink. That's exactly what you will do. Now, for efficient, making milk production, the electric stock tank water warmer... requires up to twenty gallons of water... Approximately one-fifth of amount goes directly into the tank... the remainder goes into the tank... and for body cooling. Feed lot steers and require twelve gallons a day... there's a way for your cows... their water ration, even during the coldest winter day. Use electric, thermostatically-controlled water warmer. The cost is negligible compared to the profits that your cows will have the right temperature water at all times. You are assured the profits that otherwise would be lost.

Gin Trash Can Be Useful To Soil If Properly Applied

There is a simple and practical answer to the fire problem which confronts cotton ginners and farmers during every harvest season. A majority of the destructive fires originate from sparks blown from bur burners or bur pits, says E. C. Elliott, extension cotton work specialist, eliminate these hazards and the problem is pretty well whipped, he says.

He strongly recommends that cotton burs be returned to the land. Each ton of gin waste contains about \$7 worth of plant food to say nothing of its value for adding needed organic matter to the soil. This organic matter greatly increases the water holding capacity of the soil and helps make it more drought resistant.

Elliott says that tests conducted on the Spur Experiment Station last year showed that moisture penetrated to a depth of 29 inches on land which had received an application of four tons of burs an acre the year before against a penetration of 15 inches on soil which received no treatment. Water stored in the soil, he adds, is mighty good insurance against a crop failure.

Getting the burs from the gin to the farm he recognizes as a problem but he's got an answer for this one too. Plans for a truck bed distributor for gin trash is available without cost through the county agent's office and Elliott says the distributor has done a top job for many Texas ginners. A new truck and distributor cost less than half of the normal expenditure for a bur burner.

Elliott says he has watched one farm where burs were applied five years ago and today the difference in plant growth can be noted between the treated and untreated areas. Production likewise has been effected during the five year period. Elliott says demonstrations have proved that a jump of 10-percent in yield can be expected the first year after burs are applied to the soil.

For the sake of the soil and to save needless waste of property the specialist advises all parties concerned to get the materials back on the land.

Whether you're an early shopper or a late shopper, time and money can be saved by doing Christmas buying at local stores, Sam Lindley, manager, advised his week.

A survey by the Retail Merchants Credit Association shows that local merchants have invested thousands of dollars to give buyers a large and varied selection of merchandise that make pleasing gifts, whether the recipient be an outdoorsman, a stay-at-home, a housewife, a teenager, a child, bachelor girl or a man whose only hobby is his business.

"By shopping locally, the buyer is assured of quality merchandise, backed by the reputation of the merchant", Lindley said. "Also most stores have easy-payment plans that enable the customer to buy their Christmas gifts now and pay for them next month or installment plans that allow for small payments each month."

To acquaint Christmas shoppers with the general types of merchandise that can be found in the various types of shops, and also to list a few suggestions, the Association has compiled a breakdown by stores:

Appliance Shops — This is a good place to shop if your object is to make the work of the woman of the house a little easier.

Here you will find many time-saving electrical devices, such as toasters, deep fries, mixers, grills, and coffee makers. Most appliance shops also stock radios, record players, deep freezers and TV's. If the housewife has all these things, most home appliances use supplements; for example, records make a nice gift. Most department and furniture stores also carry these items.

Sporting Goods — For the outdoor man or woman this is the place to shop for golf balls, golf carts, baseball bats, gloves, tennis rackets, fishing rods and hunting equipment. Sporting goods items are also usually carried by the department store.

Furniture Stores — An easy chair to rest the weary bones of a tired husband makes an ideal gift. Also, the husband and wife may wish to give each other a complete bedroom set that they have been intending to buy for so long. A new card table, knick-knack cabinet or reading lamps such as radios and TV's and make a suitable gift. Most furniture stores also carry appliances some have a luggage department.

Hardware Stores — Here can be found many personal gifts as well as gifts for outdoor living. Some husbands will appreciate a barometer or a rain gauge or when spring rolls around a power lawn mower. Also the equipment for a do-it-yourself shop in the garage can be found here.

Grocery Stores — Ingredients for the Christmas dinner aren't the only thing that can be found in the grocery store for most food shops stock many Christmas items. The next time you visit your grocery store take a look around.

Auto Supply Stores and Service Stations — At these places you can get a new set of tires for the "family bus" you have been intending to buy for so long a car radio or a car heater and many toys for children and gifts for older youngsters, such as bicycles, scooters, electric trains, wagons and other vehicles.

Drug Stores — Here will be found many personal items, such as cologne, talcum powder, lotions, razor sets, brushes, scented soaps, perfumes, and cameras.

Jewelry Stores — Pleasing personal gifts ranging from inexpensive watches to luxurious diamonds and other jewels can be found at jewelry stores that also offer such welcome gifts as binoculars, light and alarm clocks, carrying sets, lighters, and a multitude of other items.

Men's and Women's Wear Stores — Wearing apparel is always welcomed in any home by all members of the family. Robes, pajamas, shirts, ties, socks, sports coats, suits and jackets are among a few suggestions. A popular item among the younger set these days is Bermuda socks.

Department Stores — In addition to many of the items listed above, most department stores usually have a book department, as well as other specialized departments that feature such items as gift sets of cuff links, tie clips, shirt studs, belts, draperies, rugs, bedroom slippers, etc. "Many of these items", Lindley said, "will be advertised in The Muleshoe Journal. Watch for the ads. If you don't see what you want in the ads, visit the store of your choice."

Dear Santa.
Please bring me a tiny tears doll, please bring Jeanette, my sister, a pretty doll too. Please bring Dennis my brother, some drums, and don't forget to bring my teacher, Miss Childress, some thing real nice.

Love
Belinda Kaye Hunniston

Dear Santa.
I have been a good girl. My teachers name is Miss Childress I am in the first grade. I like to go to school. I want a doll and a doll bed bring my little brother some blocks and a tractor.

**BABSON DISCUSSES—
INFLATION**

New York City, Dec. 8 — There are many reasons for inflation. Most important has been the fact that inflation comes when the supply of money exceeds the supply of goods.

WE HAVE A CHOICE
The above can occur either by (1) an increase in government or private credit which results in higher prices and higher wages, or (2) an increase in the circulation of money, which can have the same effect as more money; this latter comes as a result of boom times such as are now being enjoyed by New York and other large cities.

Contrariwise, if unemployment increases and advertising appropriations decrease, retail trade will decline and inventories accumulate. Then the supply of goods will increase, credit and money will tighten, wages will decline, and we will have inflation. It's the old story: "We cannot have our pie and eat it too." We can choose between full employment with higher wages and higher prices, or unemployment with lower wages and lower prices.

TODAY'S NEW FACTOR
Since World War II, another very important cause of inflation has become operative. This may be called a psychological cause, but it is really due to the talk about "Atomic Bombs," "Hydro-

gen Bombs" and "Guided Missiles."

To scare us into demanding greater expenditures for defense and a willingness to be taxed therefore, we are fed with this probable fact—namely: If World War III should now come, the 20 largest U. S. cities with 30,000,000 innocent U. S. people would be wiped out.

SAVING BECOMING A LOST ART
Constant talk of this sort in the press and over the radio is destroying the American habit of thrift, substituting therefore a spending craze. Before we heard of Atomic Bombs, people would get a mortgage for only about 60% of the cost of a house. Their ambition then was to pay up this mortgage and have the house "free and clear." Furthermore, most mortgages were written for a term not exceeding five years.

Now, as a bribe to voters, the government offers or guarantees credit so that a new house can be mortgaged for 95% to 100% of the cost, with from 20 to 30 years to pay the mortgage. In view of the talk that "World War III is inevitable—although it probably will not come for five years"—people are reasoning as follows: "World War III will wipe out both me and my house—then I'll never have to pay the mortgage. Or else the inflation coming with

**SAND HILLS PHILOSOPHER—
Finds Out Solution To Farm Problem
Won't Be Any Simple Matter**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has been thinking about the farm problem again, but the problem is still here.

Dear editor:
Secretary of Agriculture Benson has called on "everybody" to send him some answers to the farm price problem, so I brought the matter up at the meeting around a stove during the cold snap last week and here are some of the ideas I picked up, and Sec. Benson is welcome to them:

(1) "The whole trouble comes from ever letting farmers get prosperous in the first place. That's where the country made its big mistake. It's just hard to get back to the days of one-galus farming when you've gotten used to living like other people."

(2) "The way to reduce the farm surplus is to cut out all this nonsense about reducing. Let the Department of Agriculture offer a prize for the women in every town in the nation who gains the most in the next six months. You take right here in Bailey County, if every woman really let go, the farm surplus would meet its match."

(3) "That won't do it. The way to reduce the surplus is to stop producing so much, and the way to do that is to abolish the tractor. The tractor is what enabled a farmer to produce four times as much as he used to. Get Congress to outlaw the use of the tractor, and in two years we won't have a surplus. Turn the farmer loose, let him produce all he can, provided he does it with horses and mules."

(4) "Won't work. All it'd do is bring on a depression for the tractor manufacturers. The thing to do is put all the white-collar farm experts and professional agriculturists at work farming. Nothing will produce a scarcity faster than that."

(5) "Won't work. It'd work all right maybe if you could get Mexico, South America, Brazil, etc., to join up, but you cut down on production in the U. S. and production on every scrap of land elsewhere on earth will be doubled. Every time the U. S. cuts production by 1 acre, Brazil steps hers up by 4."

As you can see, this area is pretty well divided on the solution to the farm problem, and if the rest of the country is in the same shape, you can understand how it's hard for me to understand how anybody would want the job of finding an answer. Secretary Benson is welcome to his job, I don't think anybody out here wants it.

Yours faithfully,
J. A.

or after World War III will cause the value of our dollar to go down to ten cents. In that case, if the house and I continue to exist, I can pay this mortgage with these ten-cent dollars. The same reasoning applies to enjoying automobiles, TV sets, washing machines, and even luxuries now on borrowed money, rather than waiting until World War III, when one would have neither these things nor the money, and would perhaps get killed to boot.

"EAT, DRINK, AND BE MERRY NOW!"
Although the above is very contrary to the way we older people were once taught, yet it is the way young people are now reasoning. I hate to admit it, but it may be logical reasoning under the terrible threat of World War III. This threat our boys to

**Today's
Meditation**

JESUS' MISSION TO THE WORLD
Read John 4:7-14.

The water that I shall give him shall be in him a well of water springing up into everlasting life. (John 4:14.)

Water is an essential for our physical bodies. Christ used this vital, universal need as a figure of speech to the Samaritan woman at Jacob's well. As all life must have water or perish, so must mankind throughout the world have a Saviour or perish.

day are being fed by their superior officers while in army-taunting. Surely this is the basic reason for the prosperity which I find today in New York and the other 20 cities which we are told are liable to be destroyed.

In addition to the above economic reasoning, there is an important political influence, — one which both Republican and Democratic leaders recognize. This is that in order to "stay in" or "get in" office they must have, or promise, full employment, and prosperity NOW. In order to give this to the voters, the government must supply more credit, favor higher wages, and make it easier for the voters to buy—without money—houses, automobiles, and anything else they want. This means more inflation. Since the great number of voters are industrial wage-workers who are being fed the scare threat that World War III will come within five years, do you blame them for their shortsighted income reasoning?

It is His mission to the world to save men.

As Christ's followers, it is our sacred duty to make Him known to others living in all parts of the earth. We feel impelled because of Christ's love in us to share His love, His mercy, and His goodness that all may have opportunity to reap eternal life. What a privilege and honor to work for our Lord! Let us make known to others this water which will spring up into everlasting life.

For us to have true brotherhood throughout the world, we must work in faith and love, and be willing to sacrifice ourselves in His service. Christ must be universally loved before true brotherhood can reign supreme and His mission among us be accomplished.

PRAYER

Dear Saviour of mankind may Thy spirit be ever upon us. Lead us in Thy path, teach us Thy way of life. Help us to make Thee known to others. Help us as we pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY

To do the Master's will engages all my powers.
Sallie G. Curie (Ariz.)

CHRISTIAN SCIENCE SERVICES

How safety and strength may be maintained through steadfast trust in God's power will be brought out at Christian Science services Sunday.

Keynoting the Lessons-Sermon entitled "God the Preserver of Man", is the Golden Text from Exodus (15:2): "The Lord is my strength and song, and he is be-

ATTENDED ANNIVERSARY CELEBRATION AT GRAHAM

Mr. and Mrs. Joe Mack Wagnon spent the Thanksgiving holidays at Graham, and attended the 50th wedding anniversary celebration of her grandparents, Mr. and Mrs. A. C. Craig. The Wagnons returned home last Monday.

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: (44:10): "Step by step will those who trust Him find that 'God is our refuge and strength, a very present help in trouble.'"

Scriptural selections will include the following from Psalms (91:1): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty."

ITS A GIRL

Mr. and Mrs. Carl Cunningham are the proud parents of a daughter, Linda Kay, who was born Monday morning, December 5 at the West Plains Hospital and Clinic.

The Cunninghams have one other daughter, Shirley, and three sons.
Maternal Grandparents are Mr. L. L. Estep of Muleshoe.

GUESTS FROM CLOVIS

Mr. and Mrs. A. E. Sjeren, of Clovis, N. M., were weekend guests in the W. B. McAdams home.

VISITED NEAR ATHENS

Mr. and Mrs. A. D. Ward were visiting over the Thanksgiving holidays with their daughter and family, near Athens.

GIVE TO THE CHILDREN

Every year during late November and all through the month of December the daily press is filled with pitiful stories of children who suffer mishaps and who for one reason or another will be denied the joys of Christmas.

These stories seem to be particularly sad at the holiday season when most folks are making merry. The pathos of a child being hurt, or because of poverty, being kept from a happy Christmas, tug at the heart strings at this time of year.

And they are not all in the big metropolitan areas, although there are many there too. Right here at home, we have a number of families who will not be able to provide the little trinkets and toys which so gladden the hearts of children at Christmas. In fact, there are many homes which will not be able to observe Christmas as anything more than just another day, except for the good hearts and kindness of Christian folks in this community.

In order to do this good deed, they are asking for your help. They need used toys which they will repair for distribution to underprivileged children. Surely your children have toys they no longer play with, and which they would share with other children less fortunate than themselves.

Have your used toys ready on Monday night when the car club members call for them.

You will feel much better and enjoy your Christmas more knowing you have brought some happiness to a little child.

**Through A Glass
Darkly**

By CARROLL PONCEY

They tell it that a local automobile dealer has so much influence in Detroit that he can get you a car in just one color.

There is a tune currently popular on the juke boxes called The Boston Fancy, sung by one Giselle McKenzie. It's a nice tune but it sounds strangely familiar. And so it is. So it is. The tune is an old folk song that is revived periodically and enjoys a brief spate of popularity. The last time it was popular it was called Boaugard's Retreat, or some such name. Actually it is a folk dance tune, and you possible know it by some other name than the two mentioned here. There is no extra charge for this fascinating bit of knowledge.

Mr. Wesley Izzard, the sage of the Amarillo daily paper; he whose column From A to Izzard is one of the most widely read on the Plains, and he who will be the speaker at the Chamber of Commerce banquet early next year, has been devoting considerable space to the vagaries of the weather.

Well, sir, he couldn't hit on a more popular subject. For everyone talks about the weather, and a few know much about it. Anyway the subject has been just about exhausted as far as this column is concerned, and whatever we planned to say about it has been said before in much better english, so we will now (with your kind permission) just drop the subject. Don't want to hear any more about it.

THINGS TO WAKE UP AT TWO O'CLOCK IN THE MORNING AND THINK ABOUT: The vast majority of children between the ages of eight and 10 years of age are nine years old!

The experts acclaim LINCOLN

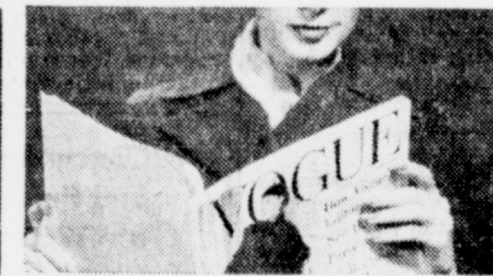

NEWSWEEK . . . "The 1956 Lincoln is a completely revamped car . . . longer, lower, and wider . . . with 285 horsepower and styling patterned after the experimental 'Lincoln Futura.' Biggest innovations are safety features, developed after years of crash-testing . . . a safety-flex steering wheel, spring-resistant door locks, optional safety belts."

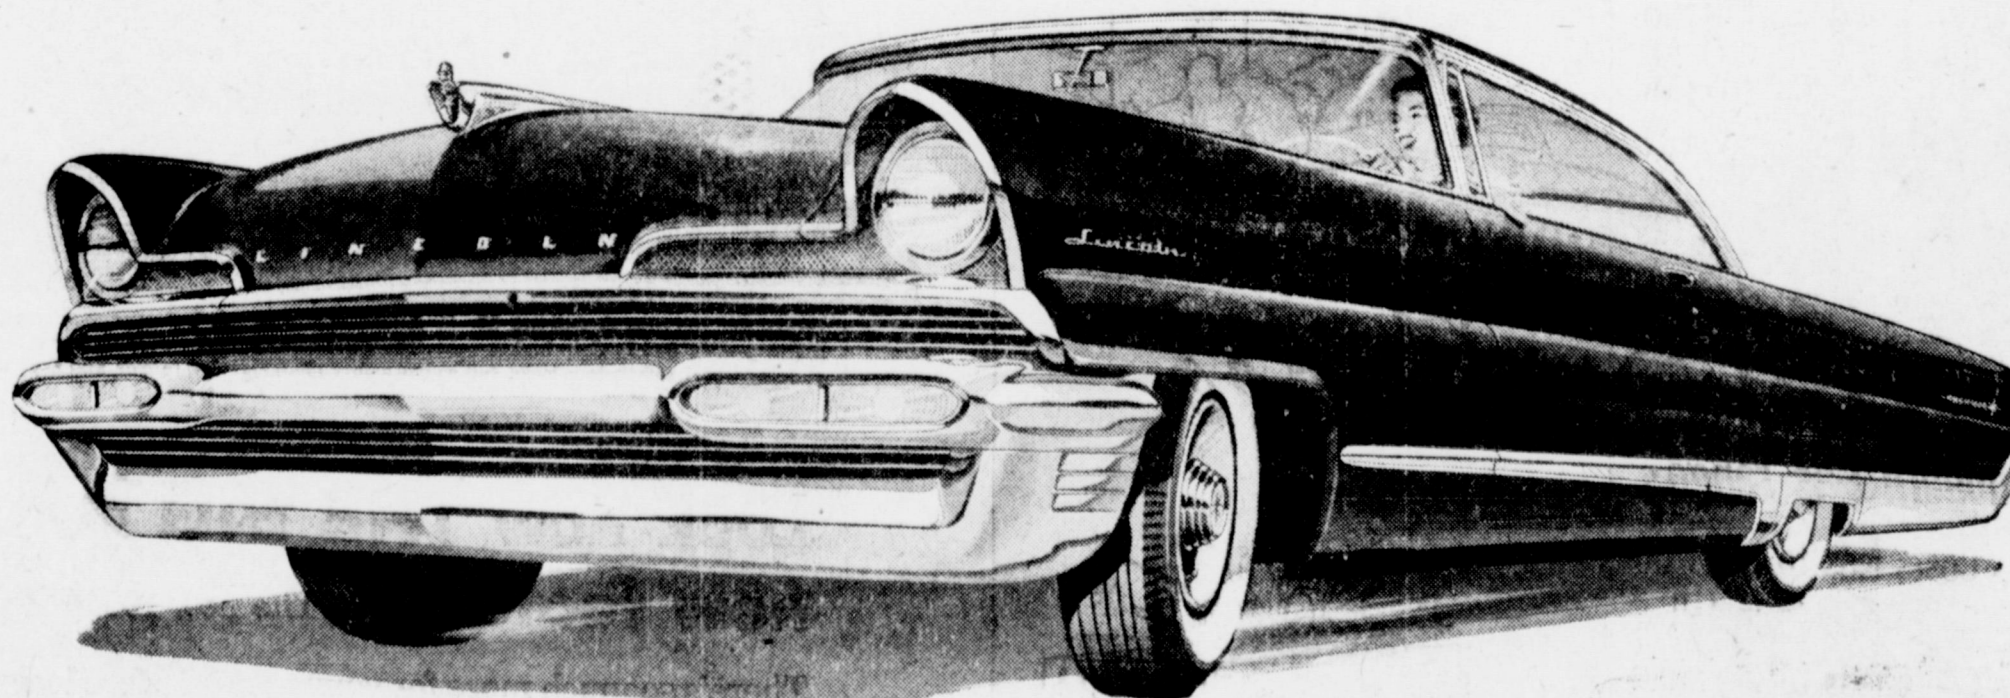

WALL STREET JOURNAL . . . "The new 1956 Lincolns meet a smash response . . . Completely restyled, longer and more powerful . . . one of the few makes to feature a major re-do in looks for 1956. Head lamps are hooded. Larger taillights slash forward . . . 'Jet-pod' bumper guards house oval-shaped exhausts on both sides."

COLLIER'S . . . "Lincoln's attempt to penetrate the big-car market more deeply is based on more than prestige. Lincoln is a big car, yet . . . it conveys an impression of small-car maneuverability . . . barely five feet high, it has a ground-hugging appearance. Horsepower boosted to 285, and there are new safety devices."

VOGUE . . . "Fashion news arriving by car: the Lincoln's body is new, its engine is new, its safety wheel is new, and so are the airplane-type toggle switches. With the exception of airport limousines and the like, this is one of the longest cars in America. Handsome accessory to fashion, too, as it happens."

... and the public agrees!

LINCOLN FOR 1956

BROWN-WATKINS MOTOR CO.

Fine car buyers are so enthusiastic about this new Lincoln that there has been, literally, a waiting list for these cars since announcement day. And the demand is still mounting. To be sure of driving the Lincoln of your choice at an early date, come in soon.

Another Lincoln "First" . . . The Robot-Top . . . The 1956 Lincoln Convertible has the first completely automatic self-locking top—for the quickest, easiest "top-up, top-down" converting ever. No handles or levers to struggle with . . . nothing to touch but the control.

State Winners Named In Texas Corn Contest Include Turner Boy

COLLEGE STATION, Dec. 8 — Records in the Texas Hybrid Corn Production program, despite a damaging late spring freeze, are at an all time high. Topping the list is the 251.5 bushels an acre made by Royce Turner, Muleshoe 4-H boy. Royce is a twin brother of last year's record setter Doyce who was the first producer in the program to top the 200 bushels an acre mark. His production was 204.3 bushels.

SMART SEPARATES

Smart separates for fall and winter wear are designed in crisp brown and white striped cotton. Perfect for steam-heated offices and classrooms, these Sanforized fashions are typical of the new, popular year-round cottons.

and as State Champion over all contestants. In addition he will receive the State Champion plaque in the irrigation section of the program.

All awards in the program are provided by the Texas Hybrid Corn Growers Association. Allan Bryant, Cassidama, is president and M. D. Lacy, Lubbock, secretary of the Association. Extension Agronomist Ben R. Spears supervised the program and released the list of winners. Cash awards of \$50, \$35, \$25, \$10, and \$5 go to the area winners with another \$50 to the overall winner and plaques to the winners in the irrigated and dryland sections of the program.

DRY LAND CHAMP

Austin DeLaughter of Bowie county was the champion dry-land producer with a yield of 175 bushels an acre. He planted Texas Hybrid 30 in 40 inch rows with a plant spacing of 11 inches in the row. He applied 600 pounds of 12-12-12 at planting time and side dressed with 150 pounds of ammonium nitrate an acre. He was also first place winner in Area 3.

The western half of the state included in Area 1 and ranking just below Royce Turner for area honors was another brother Alan Turner with 212.9 bushels an acre. He planted 17-W also. Third in the area was Johnny Collins, Castro county 4-H'er, with 138.9 bushels an acre. He planted Texas Hybrid 32 and used no fertilizer. Leon Collins and Jerry Lange, also of Castro county 4-H boys, placed fourth and fifth with yields of 137.9 and 133.6.

In the Blackland Area, Cauthen Wimberly of Hill county took top honors with 131.2 bushels an acre. Second was won by W. E. Webb, Hill county with 128.9 bushels an acre. Both planted Texas Hybrid 32. Third and fifth places were won by McLennan county 4-H boys, Wendell Crunk with 122.4 bushels and Billy Gene Weiss with 112.3 bushels an acre. Both planted Texas Hybrid 30. Fourth place went to another Hill county producer, J. D. Carroll with 112.8 bushels from Texas 30.

DeLaughter was tops in the East Texas area. Second was Wade Parks of Leon county with 166 bushels an acre. He planted Texas Hybrid 28 and applied 400 pounds of 5-10-5 at planting time and 400 pounds of ammon-

ium nitrate to the acre as a side dressing. Third was W. H. Warlick of Gregg county with 157 bushels. Fourth was Marcus Newsome of Smith county with 135 bushels and fifth was W. A. Garner, Nacogdoches county 4-H boy, with 134 bushels an acre.

Top honors in the Gulf Coast and South Texas area went to R. E. House of Lee county with 152 bushels an acre. He used no fertilizer at planting time but side dressed later with 60 pounds of anhydrous ammonia an acre. Second was a Lee county 4-H boy, Billie Wiederhold, with 146.6 bushels an acre. Harold Weidner, Washington county FFA boy, was third with 137.7.

George W. Boeger, Wharton county was fourth with 120 bushels and Glenn Pomykal, Austin county FFA boy, fifth with 119 bushels an acre. All planted Texas Hybrid 30.

In Area 5, eastern half of the state where irrigation was used, Otto Mayer of Garza county was tops with 178.6 bushels from his contest acre. He planted Texas Hybrid 30 and applied 200 pounds of 20 percent superphosphate and 100 pounds of anhydrous ammonia at planting time and later applied another 50 pounds of anhydrous as a side dressing. M. E. Damuth of Montgomery county was second with 122.5; fourth, Roy Roberts, Collin county with 113 and fifth, Dale Spear, Liberty county 4-H boy with 112.2 bushels an acre. Dale planted Texas Hybrid 28 and all other area winners used 30.

Spears points out that Texas hybrids were first introduced in 1941 and have proved increasingly popular with Texas farmers. For the past three years approximately 70 percent of all corn planted in the state was hybrids. The 1955 figure was lower, explains Spears, due to late spring freeze which killed much of the early planted corn. Hybrid seed in many cases was not available for replanting. All hybrids used in the Hybrid Production program were developed and released by the Texas Agricultural Experiment Station.

The state average for 1955 was 23.5 bushels an acre, up 7.5 bushels from the 1954 average and the best since 1906, says Spears out of the 118 participants who submitted final records, 55 turned in yields in excess of 100 bushels an acre.

LAST CALL for Christmas Cards. You still have time to order if you'll act promptly.

Chrysler Aids In Teen Road-e-o

DETROIT, Dec. 7 — Chrysler Corporation has joined the Liberty Mutual Insurance Company and the American Trucking Association, Inc., as co-sponsor of the U. S. Junior Chamber of Commerce's annual National Teen-Age Road-e-o.

This was announced today by John Whisman, National Safety Chairman of the Jaycees, following the first meeting of the 1956 Teen-Age Road-e-o in Washington, D. C.

"We all welcome the opportunity to work closely with one of the nation's leading automobile companies in carrying out a unique nation-wide project which encourages championship performance and skill in safe driving among America's youth," Mr. Whisman said.

The 1956 Fifth Annual Road-e-o will get underway in January with Jaycee chapters throughout the country planning community Teen-Age Road-e-o programs for March, April and May. State eliminations, also conducted by Jaycee chapters, are scheduled for June.

Mexican Supper Is Enjoyed By Friendship Class

Thursday evening of last week, members of the Friendship Class of the First Baptist Church held a meeting in the Ray Precure home.

Poll call was answered with a Verse of Scripture, and devotional was given by Mrs. F. H. Davis, from the sixth chapter of Luke.

A delicious Mexican supper was enjoyed.

Attending were Meses, Pat Bullock, O. D. Ray, Jack Cox, W. M. Pool, R. L. Jones, C. H. Tate, Joe Damon, F. H. Davis, W. F. Andrew, L. T. Green, W. E. Young, E. H. Kennedy, H. B. Mathis, H. E. Schuster, and Ray Griffiths.

Lingerie Shower Fetes Miss Cherry

Miss Wanda Cherry, bride-elect of Mr. Donald Harmon, was feted with a lingerie shower Friday evening of last week, at 6:00 o'clock, at the home of Mrs. W. R. Tittle.

Hostesses for the occasion were Meses Paula Province and Sue Mills.

Covered with a white cloth, the table was centered with a bride doll standing under an archway of lilies of the valley. Cakes, cookies and sandwiches were served.

TO OKLAHOMA

Mr. and Mrs. Jack Stallings and Dean traveled to Apache, Okla. last Thursday, and it is reported that Jack made the trip just fine. Jack is visiting his father and mother, and plans to

stay with them for quite some time. Some sixty called on him Thursday.

HOME OFFICE desks a very nice Christmas Gift. The Journal has some in stock.

Sure Sign of Better Crops...

It's this patented GASKET-COIL PRESSURE LOCK that makes McDowell Couplings work better, easier and faster.

In all sections of the country, McDOWELL COUPLING portable sprinkler irrigation systems are proving their superiority. That's because the McDowell Coupling is the simplest, fastest, most efficient method of assembling or disassembling irrigation pipe.

In this design, water pressure provides a watertight seal and positive lock automatically—at both high and low pressures. No tools are required. And there are no yokes, latches or gauges to break or wear out.
