## Lyntegar Electric Co-op Is Planning Early Expansion

Extensive expansion of the Lyntegar Electric Cooperative will be started in the near future, Manager Garland Pennington announces, as a result of the War Production Board's removal of all restrictions on the construction of power line extensions requiring less than \$25,000.00 worth of materials.

Plans have also been approved by Lyntegar directors for the erection of a large office building and shop in Tahoka on lots bought from Higginbotham-Bartlett, located between Harris Funeral Home and Fulkerson's station on Main Street. The building will be modern, of brick and tile construction, and will be landscaped across the 118-foot front. The building will cover about 8,000 square feet of floor space. However, construction possibly will not be started for several months due to war-time conditions.

Lyntegar plans extension of its lines in all the eight South Plains counties it now serves, and applications for service are being accepted by the Co-op now.

Lyntegar, which now maintains headquarters in Tahoka, is one of the largest and most successful electric co-ops in the Southwest. At the present time it has 2620 customers in eight counties, Lynn, Terry, Garza, Hockley, Yoakum, Dawson, Borden, and Martin. Pennington thinks the service might be doubled in size within the next five years.

Demand for service has been so great that 250 miles of line, serving 700 members have been built in the last 28 months under war-time regulations. There now are 960 miles of lines.

Since removal of WPB restrictions, it is no longer necessary for farmer to have "animal units" and special types of electrical equipment to qualify for service.

Anyone wanting such service is urged to sign up now at the Co-operative office in Tahoka as the present supply of materials is limited and the number of signed consumers will be the major factor in determining which lines are built first, Pennington said.

Though the Cooperative hopes to eventually make electricity available to every rural prospect in this territory, all the lines planned cannot be built immediately.

Pennington said new lines will make electric power available to many farms and thereby help produce food needed to win the war against Japan and the peace in Europe. During the past 28 months WPB authorized the electrification of 250 miles of lines to serve 700 farms able to use electrical equipment in livestock, dairy, and poultry production.

Farms electrified by the Cooperative, he said, were able to make an important contribution toward the defeat of Germany because they had electric power to help save labor and produce food. The program now starting will help finish Japan and win the peace. It will provide jobs for boys coming home from the European war and help the farmers to live better and farm more efficiently.

WYNNE COLLIER, DRUGGIST

The "survival of the fittest" has  
been and is the principle that gov-  
erns all brute creation. When men  
leave the principles of God's Word  
and adopt that principle, we see  
greed, moral corruption and strife  
such as the world is experiencing  
today. We should be thankful for  
the great nation in which we live,  
where we are not ruled by that  
principle, even though we see a lot  
of it about us here.

Our nation was founded upon the  
moral principles of the Bible, and  
although only a small percent of  
our people study the Word of God  
and try to practice its teachings as  
such, the influence of that Word  
permeates our whole national struc-  
ture. Jesus said, "A little leaven  
leaveneth the whole lump." If such  
a small percent of our people  
teaching and practicing such a  
small amount of the Word of God  
can produce such a marked influ-  
ence upon our nation and the  
world, what could be achieved by  
all of us uniting in teaching and  
practicing all of the things taught  
herein?

You are cordially invited to at-  
tend the services of the Church  
of Christ near you.

## SGT RANDOLPH HOME

Sgt. Andrew Randolph, who served with the First Army in Germany until wounded, was here Thursday visiting his sister, Mrs. Beecher Sherrod, before returning to Torrey General Hospital, Palm Springs, Calif., for further treatment.

Sgt. Randolph is former editor of the Moran and Sonora newspapers, and is also a former Linotype operator for The News.

He was wounded on February 27 at a village just south of Cologne during the offensive that resulted in the crossing of the Rhine. Andrew said he had been on the front 17 days and was in a house at the time a German sniper fired at him. The bullet struck the left arm just above the wrist, breaking the bones. He was returned to the States April 4.

Sgt. Randolph has been in the Army three years, and no doubt will be discharged as soon as his wound heals. He wears the Purple Heart.

Dr. and Mrs. T. D. Young of Roscoe were here Tuesday visiting his cousin, Mrs. G. M. Stewart. Mrs. Young gave a book review at the Phebe K. Warner Club.

Mrs. T. M. Lockaby underwent surgery in a Lubbock hospital on Tuesday of last week.

Sgt. and Mrs. Daniel Davis were up from Bryan spending the weekend with relatives.

## Gene Earl Knight Writes From Pacific

Gene Earl Knight, S 2/c in the Navy, has had quite a busy life since his graduation from Tahoka High School in the spring of 1944.

The News takes the liberty of publishing the following from a personal letter, which will be of interest to his many friends in Lynn county, written May 16:

"When I left the States in January, I left on a CVE (Carrier Escort), went to Pearl Harbor and caught my first ship, which was a DM (Destroyer-Mine-layer). I went from there to Saipan and on up to Iwo Jima. In that battle, the Gamble, my ship, was hit. That was February 18. I went from there to Saipan, and stayed there for three weeks, where they have quite a few Japs interned. I was transferred to this ship after that. The last place I left was Ulithi some 30-odd days ago. Of course, I can't reveal our present location.

"I had a letter from my mother not too long ago informing me that my brother Bill is on his way to Iwo Jima. Looks as if I just missed him. He is in the Merchant Marines.

"While I was on Saipan, I looked for 'Slick' Wells and Roy Botkin. I never did find them, but found out that they had left a few days before I got there. I have really been close to seeing five or six boys I know, only to miss them by a few days. 1st Lt. James C. Womack was among them. He left Saipan about two or three days after I got there.

"I surely do miss those good times we all used to have—the kids, I mean. Now, we are split up and so far away from each other, I sometimes wonder if we will all ever be together again.

"One thing I have really missed is the sports program at dear old Tahoka High. I am afraid you are losing two darn good men this year who are going to be hard to replace—Coach and Mr. Hanes. I will really miss these two when I get back. I think the school as well as the people of the town will miss them and their work, also."

## FLORENCE PARKER

Miss Alyce Jewell Parker and Sgt. J. B. Florence were united in marriage Tuesday afternoon at 2:00 o'clock at the Methodist parsonage by Rev. H. A. Nichols.

The bride, daughter of Mr. and Mrs. B. L. Parker, is a graduate of Tahoka High School. The groom is the son of Mr. and Mrs. W. Z. Florence of Draw, and is in the Army, stationed at Fort Bliss.

Accompanying the couple were three young ladies, one, Miss Lois Parker, being a sister of the bride.

Charles Pennington, son of Mr. and Mrs. D. J. Pennington, who underwent surgery in a Lubbock hospital Thursday of last week, is reported to be recovering satisfactorily and will be home soon.

Harvey Freeman, 2/c carpenter's mate in the Navy, stationed at Clearfield, Utah, is here visiting relatives. Mrs. Freeman and children preceding him to Tahoka a few days.

Raymond P. Weathers, county tax assessor and collector, is confined to his bed following an attack of sudden illness which he suffered while in a local barbershop Tuesday morning.

Mrs. A. J. Kaddatz of Idalou, formerly of Tahoka, recently underwent a major operation in the Lubbock General Hospital.

The News is informed that Sgt. John Eldon Carroll, who has been stationed in South Dakota, is now at Scott Field, Ill.

Mrs. J. J. Gray is in a Lubbock hospital since she suffered a hip fracture in a fall at her home here Monday night.

Mr. and Mrs. George Small left this week to spend the summer at their cabin at Ruidoso, N. M.

Mrs. J. O. King left Saturday to visit her son, Rev. Paul King, and family at Byars, Okla.

## PHEBE K. WARNER CLUB HAS BOOK REVIEW-TEA

A book review and tea honoring their retiring president, Mrs. Winston C. Wharton, featured the closing program of the Phebe K. Warner Study Club Tuesday.

The meeting, attended by about fifty members and guests, was held in the attractive home of Mrs. Albert Williams on Main street.

A receiving line made up of the retiring and incoming officers, Mmes. Wharton, J. Douglas Finley, and Calloway Huffaker, greeted the guests and directed them to the registry in charge of Mrs. H. A. Nichols.

The entire reception suite was decorated with roses and soft lights. Mrs. B. M. Hays played the piano until the program opened, the first number of which was a vocal solo, "By the Bend of the River," by Miss Dolores Nowlin.

Mrs. T. D. Young of Roscoe, in her charming manner, reviewed the book, "All the Trumpets Sounded," by W. G. Hardy. This was one of the treats of the entire club year, according to members attending.

In further appreciation of their retiring president, Mrs. Wharton, the club voted to add another \$10.00 to their scholarship fund, and to give two more books to the Lynn County Library.

Mrs. Douglas Finley will serve the club as president during the coming two year term.

The refreshment table, covered with a linen and lace banquet cloth and furnished in crystal, was presided over by Mmes. Truett Smith, Paul Pittman, and Travis Mason.

Jeannine Smith and Billie Jean and Anne Preston returned Wednesday from DeLeon, where they had been to visit Miss Voncile Preston, who graduated at the DeLeon high school last Friday night. Misses Jeannine Smith and Anne Preston went down in time to attend the graduation exercises. Miss Billie Jean Preston did not go down until Sunday.

Mr. and Mrs. A. W. Reagan and children, Margaret, A. J. Kenneth, Ora Lee, and Wilburn, visited a few days this week with Mr. Reagan's mother, Mrs. Mary Jackson, at Dallas.

J. H. McNeely remains in a serious condition in a Lubbock hospital, having been taken there after becoming ill at his home here Monday morning.

Mrs. Frank Williams and daughter, Miss Billie, of Grassland, went down to Eastland last Friday to visit the former's mother, who is ill, and other relatives.

Miss Melva Grogan of Fort Worth came out Wednesday to spend about two weeks here with her parents, Mr. and Mrs. R. G. Grogan.

C. G. Welcher, who is stationed at Tonopah, Nevada, has been promoted to corporal, according to relatives here.

Italy knocked out!  
Germany defeated!  
Now, Japan! Japan is strong, stronger than we like to believe, although common sense tells us this is true.

The enemy of the Pacific is girded for 50 years of war. Japan's 35 million workers on the home islands are working every day in the week, from 14 to 16 hours a day, turning out war equipment and foodstuffs. Then, too, there are the 400 million conquered Asiatic slaves who are, under the whip and lash, manufacturing untold quantities of material. This, plus Japan's willingness, as demonstrated to our fighting men, to sacrifice 10 million soldiers, gives the United States an enemy empire that is second in size in the world.

We know it took the Marines about four weeks of the hardest fighting in the corps' history to capture Iwo Jima. We know the Japs fought with the determination to die fighting. We have killed only a comparatively small portion of the Jap army, and taken but a handful of prisoners. Jap soldiers would rather die for their emperor; to do so gives them immediate entry to a pleasant after life, they believe.

This is the enemy now on our list. This is the enemy that attacked Pearl Harbor. This is our challenge. And one of the best methods to meet that challenge and to win is to support the

#### THE INFANTRY SPEAKS

Following is a bit of verse published in a number of papers over the country, written by an anonymous soldier, and sent in by Pvt. D. R. Adamson Jr., who is somewhere in the Pacific with the Army Infantry:

So you're tired of working, mister.  
And you think you'll rest a bit;  
You've been working pretty steady  
And you're getting sick of it;  
You think the war is ending.  
So you're slowing down the pace?  
That's what you may be thinking,  
Sir, but it just aint the case.

What would you think, sir, if we  
Quit because we're tired out too?  
We're flesh and blood and human,  
And we're just as tired as you.  
Did you ever dig a foxhole,  
And climb down deep inside,  
And wish it went to China so  
You'd have some place to hide?

While motored "buzzards" packed  
With guns and were circling overhead,  
And fill all the ground around you  
With hot exploding lead?  
And did you ever dig put,  
Mister, from debris and dirt  
And feel yourself all over  
To see if you were hurt?

And find you couldn't even move,  
Though you weren't hurt at all;  
And feel so darned relieved that  
You'd just sit there and bawl?  
Were you ever hungry, Mister,  
Not the kind that food soon glute  
But a gnawing, cutting hunger  
That bites into your guts?

It's a homesick hunger, Mister,  
And it digs around inside,  
And it's got you in its clutches,  
And there is no place to hide.  
Were you ever dirty, Mister,  
Not the witty-collar kind,  
But the oozing, slimy, messy  
Dirt and gritty kinds that grind?

Did you ever mind the heat, sir,  
Not the kind that makes sweat run,  
But the kind that drives you crazy  
Till you even curse the sun?  
Were you ever weary, Mister,  
I mean dog-tired, you know,  
When your feet aint go no feeling  
And your legs don't want to go?

But we keep-a-go'in', Mister,  
You can bet your life we do!  
And, let me tell you, Mister,  
We expect the same of you!

#### A PLAN TO PROTECT THE EARNING POWER OF YOUR FARM

What will your farm look like ten years from today? Will you have that new barn you wanted, a new tractor or other equipment? The answer is entirely up to you.

Income has been up these last few years, but it isn't all profit. A definite percentage of your cash savings should go into a reserve investment account. Normally, you would have used it to buy building repairs, fence, fertilizer, or equipment.

Soil fertility, livestock herds, buildings and equipment have suffered during the stress of wartime pressure, and must be replaced or rebuilt because they represent the earning power of your farm.

The way to provide for it is to buy War Bonds. Check over your farm and decide how much money you'll need. Then buy enough War Bonds to cover the expense.

#### HOW MUCH TO MOVE A WAR?

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War? Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land or capital—you have a quota in the 7th War Loan.

#### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1—Taken like a tonic, it should stimulate appetite, aid digestion,\* thus help build resistance for the "time" to come.

2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

#### METHODIST CHURCH

The protracted meeting will begin June 10 and close June 24. Rev. Jno. M. Neal, general evangelist of Huntsville, will do the preaching. A week of home visitation evangelism will precede the meeting.

Rev. Neal was pastor for several years before he became a general evangelist. He has held three fine meetings recently in Georgia and several in Texas the past few months. He is familiar with the problems of the local church, having been a pastor. He is not what we term as a professional evangelist but knows by experience the problems of the pastor and the church and community. Rev. Neal is much in demand and it was due to a meeting being deferred to another date that this church was able to secure him for this meeting. The church will be delighted with him.

The Vacation Bible School date has been set after the revival. The pastor will preach at both hours Sunday, 11 a. m. and 9 p. m. If we are thankful for victories won by our soldier boys, we should show it by attending all services of the church. Let's keep the home fires burning spiritually. The church faces a tremendous task and responsibility. The theme Sunday morning is, "Are We Able to Cope Successfully With this Day?" You are invited to attend all services.—Reporter.

#### MARTHA SHERROD CLASS

Mrs. W. T. Hanes, who is moving away, was presented a gift from the class by the president, Mrs. G. H. Hines.

Punch and cookies were served to Mmes. N. E. Wood, J. F. Akin, K. R. Durham, E. L. Hill, L. A. Phillips, House, N. H. Cromer, Hanes, Hines, Lee White, Pridmore, and Miss Helen House.

Alex Riddle has been confined to his bed for the past ten days following a heart attack.

### Annual Snyder Rodeo Dates Are July 18-21

Tahoka area people are this week extended an invitation by the Scurry County Rodeo Association to attend the county's ninth annual boots and saddle round-up in Snyder July 18 through 21.

Jesse Koonsman, association president, states this year's rodeo will carry a prize list of \$2,500, and all performances will be staged at night.

Previous rodeos have been staged in Snyder before sell-out crowds and association officers predict this year's round-up will attract a grand stand filled throng from West Texas and New Mexico.

Advance rodeo information may be secured by Tahoka area people from Scurry County's Chamber of Commerce or the Scurry County Rodeo Association at Snyder.

#### BAPTIST YOUNG PEOPLE HAVE ENTERTAINMENT

#### REDWINE NOTES

After having a record attendance Mother's Day at Redwine Church, 109 in Sunday School, we had below average attendance last Sunday. Everyone not enlisted elsewhere in Bible study and worship is urgently requested to attend all of our services at Redwine.

We have moved forward the time for Sunday School from 10:30 a. m. to 10:15. We urge everyone to observe this and be on time. Training Union meets at 8:30 p. m. and prayer meeting Wednesday eve at 8:45. We have organized our young people in a Volunteer Band and will conduct services each first and third Sunday afternoon in Draw at 3:30.

May we not forsake the assembling of ourselves together as the manner of many is in these perilous days.—L. B. Edwards.

Mr. and Mrs. George Small and Rev. and Mrs. H. A. Nichols were among those attending the ex-Brown county reunion at Mackenzie State Park in Lubbock Sunday afternoon. Rev. Nichols appeared on the program.

Mrs. Lena McMillan returned Thursday night of last week from visiting her mother, Mrs. M. E. Hays, and two sisters, Mmes. A. F. Cause and C. E. Waldrep at Donna.

### The round trip to Tokio

is over water all the way. There aren't any emergency landing fields—just those endless, marching lines of big, green Pacific rollers.

It's no wonder, then, that the flight engineer on a B-29 is one of the most important men aboard. They call him the "gasoline salesman"—the fellow who nurses that big baby along and makes every single drop of 100-octane fuel count. And we think there's a pretty good moral in his story for you folks:

After all, you're the "flight engineer" of your car. And though you won't get a ducking in the Pacific if you let her run out of gas, you still can't afford to neglect your car's running order. Because you have a direct responsibility to your Uncle Sam to "Care for your car for your country!"

Too many cars are going off the road these days just because of needless neglect. And those irreplaceable

cars are part of our vital war-time transportation system!

But you can easily take that added ounce of precaution which will keep your car purring along—and your Phillips 66 Service Man will be delighted to help you!

He'll check your tires for cuts and bruises and criss-cross them with the spare; he'll check your oil and water and brakes; he'll look at your battery and oil filter, and he'll keep his eyes open for loose nuts and bolts, too. In fact, your Phillips 66 Service Man will do all the things he does for many of your neighbors—all of them part of the Phillips Car-Saving Plan that keeps 'em rolling!

For your car's sake as well as your country's—stop in the next time you see the Orange and Black 66 Shield... the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

### PVT. YOUNG COMPLETES PARATROOP TRAINING

Pvt. Lowell W. Young, son of Mr. and Mrs. J. E. P. Young of Brownfield, has won the right to wear the "Boots and Wings" of the United States Army Paratroopers. He has completed four weeks of jump training at Fort Benning, Ga., during which time he has made five jumps, the last a tactical jump at night involving a combat problem on landing.

Jumping at the Parachute school has been steadily developed to a recognized war science. Pvt. Young is now taking special training in communications. His wife, the former Lois Williams of Tahoka, and their little daughter, Katherine, are making their home in Columbus, Ga., to be near him.

Mr. and Mrs. R. B. McCord returned home last week after a visit with relatives at Samantha, Ala. They were surprised to find Lynn county so dry after seeing so much rain while away.

Joretta Murff of Lamesa visited her cousin, Phyllis Anne Fielder, here Wednesday.

La. and Mrs. A. D. Harvick arrived in Tahoka Wednesday morning for a visit with her parents, Mr. and Mrs. Claude Conway, Mrs. Harvick being the former Miss Dorothy Conway. Lt. Harvick's home is Lamesa, and he is a nephew of W. C. Harvick of this city. He has been stationed at Keesler Field, Miss., but expects to go overseas at an early date.

G. P. (Penn) Bailey, M.O.M.M., who has been with the Navy in the European Theatre until his return to the States last December, was here last week with his wife visiting her parents, Mr. and Mrs. J.O. King of Dixie, and his parents in Lubbock.

Mrs. Lester Adams, a member of the high school faculty, left Tuesday to spend a part of her vacation at House, N. M.

### CANNING PINEAPPLE

By Carolyn Dixon  
County Home Demonstration Agent  
of A.M. Extension Service

**Selection:**  
Sugar loaf and Smooth Cayenne  
If pineapple is sun ripened before  
seem to be the best varieties of pine-  
apple for canning. The fruit is ripe  
when is orange colored and the  
spines are readily pulled out. If  
pineapple is sun ripened before  
gathering, it yields a better pro-  
duct in flavor and it contains more  
fruit sugar. Unripe fruit not only  
lacks in flavor, but may be irritat-  
ing to the lining of the stomach.  
If the fruit is gathered before it is  
ripe, it should be wrapped in thick  
paper and kept a few days at even

temperature about 65 or 70 degree  
F. If fruit is soft and over-ripe,  
there is much waste, and the cost  
of canning is higher.

#### Containers:

Pineapple canned in Plain tin  
cans has a better flavor and color  
than when canned in enamel cans  
or glass jar; however, these contain-  
ers may be used if plain cans are  
not available.

#### Preparation of the fruit:

Make syrup before cutting pine-  
apple. Dissolve 1/2 to 3/4 cup sugar  
in 1 cup hot water. This amount  
is usually sufficient for 1 quart of  
fruit. Wash the fruit first with a  
stiff brush. Cut off stem and twist  
out top. Lay the pineapple on its  
side or a cutting board. Cut 1/2 inch  
slices. Peel each slice. Drop slices  
into syrup a once to prevent ex-  
posure to air which causes loss of  
vitamin C and discoloration.

#### Pack raw and steam:

When all pineapple is prepared,  
pack cans or jars full of slices of  
raw fruit. Bring the syrup to a boil  
and pour over the fruit to within  
one inch of the top of the contain-  
er. To steam, place uncovered jars  
of fruit in a water bath with warm  
water up to the neck of the jar.  
Cans without lids may be placed  
in a water bath with boiling water  
about 1 1/2 inches below the rim.  
Cover the water bath kettle. As soon  
as the water starts boiling and has  
formed a good steam, count time. A  
slow even boil is better than vigor-  
ous boiling because the water does  
not bubble into the containers.

#### Steam:

Pints and No. 2 cans  
5 minutes about 150 degree F.  
Quarts and No. 3 cans  
10 minutes (about 150 degree F.)

#### Press down and seal:

At the end of the steaming time  
remove one container at a time.  
Press the fruit down so that juices  
will cover the pieces, and the air  
bubbles will escape. If the fruit  
is not hot and the air removed,  
darkening of the product and losses  
of vitamins will result.

Seal lids on cans: air-tight. Self-  
seal type of jar lids should be  
tightened firmly before processing  
and not tightened again after pro-  
cessing. Other types of lids should  
be loosened 1/4 turn before process-  
ing and then tightened after pro-  
cessing.

Process in Boiling water bath:  
After jars and cans have been

sealed, they should be put back in  
to the water bath and covered with  
boiling water. Count time when  
water begins to boil.

#### PROCESS:

No. 2 and 3 cans  
15 minutes  
Pint and Quart jars  
20 minutes

#### Cool and Store:

Remove from water bath. Cool  
cans in cold water immediately.  
Tighten lids on jars (other than  
self-seal type) and cool as quickly  
as possible without placing in a  
draft. Store in a cool, dry dark  
place. Light causes darkening of  
pineapple canned in glass, and it  
destroys some vitamin C. Heat low-  
ers the quality of fruit canned either  
in glass or tin.

**NOTE:** Cores and trimmings  
may be ground, cooked with syrup  
and made into juices or canned as  
crushed pineapple.

#### PINEAPPLE JUICE

Following suggestions for se-  
lection of fruit and containers as  
given above. It is especially impor-  
tant that fruit be ripe and sweet to  
yield a good quantity of good flavor-  
ed juice. Peel and cut pineapple in  
to pieces. There are two ways to  
extract juices: (1) a sepiroster is  
ideal for grinding and extracting  
the juice at the same time. (2) If  
a sepiroster is not available, the  
pieces may be run through a meat  
grinder, then heated to 140 degree  
F. (a little hotter than the hand  
can stand). Stir to prevent stick-  
ing. Press the warm pulp through  
a cheese cloth.

Add 1/2 cup sugar to each quart  
of extracted juice, and heat to 140  
degrees F. to 150 degrees F. Pour  
into clean cans or clean, hot jars.  
Seal, process and store the same as  
described in canning pineapple.

#### FREEZING PINEAPPLE

Select and prepare fruit as for  
canning. Pack into air-tight mois-  
ture proof freezing cartons. Cover  
with syrup which is made by dis-  
solving 1/2 cup sugar to 1 cup hot  
water. Seal and freeze quickly.

Mrs. L. L. Jones of Kingsburg,  
burg, Calif., left Tuesday for home  
after a visit with her parents, Mr.

daughter home. En route they will  
visit Mrs. Nevill's daughter, Mrs.  
Russell Fleming, and family at  
Flagstaff, Ariz. Mrs. Clay Hughes

isfactory recovery and expects to

recently called his parents to in-  
form them he was back in port  
and expects to be home soon. He  
is executive officer aboard a sub-  
chaser and has seen considerable  
action.

Mr. and Mrs. I. B. Hill and Mrs.  
Lige Holley and two children made  
a trip to Amarillo Tuesday to see  
their brother, Dayton Short, who  
is recuperating at his home there  
from a major operation. Dayton  
works for a natural gas company.

Mrs. Dora Tunnell returned Wed-  
nesday from a visit with her son,  
Charles N. Tunnell, in Houston.

**How women and girls  
may get wanted relief  
from functional periodic pain**

Cardui, many women say, has brought re-  
lief from the cramp-like aches and nervous  
strain of functional periodic distress. Taken  
like a tonic, it should stimulate appetite,  
aid digestion, thus help build reas-  
surance for the "time" to come. Started  
2 days before "your time", it should  
help relieve pain due to purely  
functional periodic causes. Try it!

### FFC. McLAURIN AND MISS JOHN ELLEN BEACH WED

Pfc. Hornaday E. McLaurin, a  
paratrooper in the Glider Infantry,  
left Sunday for Torrey General  
Hospital at Palm Springs, Calif.,  
after a visit with his mother, Mrs.  
Ella McLaurin of O'Donnell.

On Saturday afternoon, May 12,  
Pfc. McLaurin and Miss John Ellen  
Beach of O'Donnell were united in  
marriage at the home of the of-  
ficiating minister, Rev. E. H.  
Crandall, in O'Donnell. Omaha Mc-  
Laurin served his brother as best  
man, while Miss Corky Beach was  
maid of honor and Miss Peggy  
Beach was bridesmaid.

Both young people are well-  
known at O'Donnell, where they  
were reared and graduated from  
high school before the groom went  
into service in February, 1942.

Pfc. McLaurin's hospitalization re-  
sulted from a wound in his arm  
sustained on Luzon on February 12  
of this year.

Mrs. McLaurin, who is employed  
in the office of Dr. K. R. Durham  
here, will continue to reside with  
her parents, Mr. and Mrs. C. J.  
Beach, in O'Donnell for the pres-

### BAPTIST W.M.S. MEETS WITH NEGRO SOCIETY

Thirteen members of the Baptist  
W. M. S., with eight members of  
the Sunbeams and Girls Auxiliaries,  
rendered a mission program in the  
Pleasant Grove Baptist Church  
Monday afternoon. Eleven women  
of the Negro W. M. S. were present.

Mrs. M. L. Bentley brought the  
lesson from the book, "The Way of  
Missionary Education," and read-  
ings were given by members of the  
Sunbeam Band and Junior Girls'  
Auxiliary.

#### CARD OF THANKS

We want to thank our friends,  
neighbors, and Dr. Schaaf for their  
help, kindness, and the contribu-  
tion during my illness.—Mr. and  
Mrs. L. H. Mason and family.

When large roundworms  
and cecal worms hold back my  
growing birds, I get busy with Dr.  
Salisbury's AVI-TON. It's a flock  
treatment that's palatable,  
easy on the birds and  
produces results at  
low cost. All you  
have to do is mix  
it in wet or dry  
mash.
