Number 43.

Sgt. Jim McDonald Is Reported Killed Five Months Ago

Mr. and Mrs. W. P. McDonald of Midway received a communication from the U. S. War Department Friday informing them that their son, T/Sgt. Jim W. McDonald, who was reported missing in action over Belgium almost five months ago, was in fact killed.

The family had hoped against hope since the first information came that eventually he would be found alive, and since the German collapse came they had been hoping fervently that any mail might bring news of his release. Their disappointment and grief therefore were very poignant when the sad message came last Friday.

Born near Tahoka in May, 1923, Jim was a native of Lynn County and attended the grade school at Midway and the high school in Tahoka, graduating in the latter institution in May, 1941. On December 29, 1941, just three weeks after the Pearl Harbor attack, he entered the service of his country at the age of 18. After taking training at Wichita Falls, he was sent with U. S. forces overseas and saw strenuous action in North Africa, Sicily, Italy, France, and Belgium. He never had the opportunity to return home after enlisting in the services in December, 1941.

Few boys have been more popular among their schoolmates and with their teachers than was Jim McDonald. He was much loved and respected as a fine Christian boy in his home community too, being a faithful member of the Baptist Church at Bethel.

The family and relatives have the deepest sympathy of many friends.

L. E. Miller Dies At Corpus Christi

Funeral services were held in Corpus Christi on Monday of last week for L. E. Miller, about 55, former long-time resident of Tahoka, who died there of a heart attack on Thursday night, May 17. His death came suddenly and unexpectedly. Funeral services were delayed awaiting the arrival of relatives from Mississippi.

Miller did carpenter work while here and also was employed at gin here for a number of years. While here, he was married to Mrs. Nannie Blair, an aunt of Mrs. Deen Nowlin and a sister of the late Mrs. R. Bosworth. He is survived by the widow by their son, L. E. Miller Jr., and by other relatives.

The Millers moved from Tahoka to Littlefield some seven or eight years ago and from there to South Texas about a year ago.

Congratulations—

Solsbery, knows, for he received a letter from the son Monday which brought the good news. The letter was written on May 14 and was addressed to both his mother and his dad, the young man not knowing that his mother had just recently passed away.

"What a relief to sit down and write a letter," Sgt. Otis starts off. (Cont'd on last page)

A veteran of 32 months foreign duty, Owens wears Combat Infantryman Badge.

Sgt. Meeks Sends Nazi Swords Home

Without explaining how he gained possession of them, S/Sgt. Othell W. Meeks recently sent to his father, C. W. Meeks of Wilson, two ornate German swords encased in leather scabbards, with belt attached. He will doubtless retain them through life as trophies of battle in Germany. The father was exhibiting the weapons in Tahoka Saturday.

Sgt. Meeks was with the 80th division of Patton's Third Army in Germany. Enlisting in service in February, 1944, he received his training at Camp Roberts, California, and went over seas in August.

He was in the thick of the fighting on the western front.

Honor Roll

The following Lynn county men, in addition to the 47 previously reported, have given their lives during World War II:

J. S. McKaughan Starts New Shop

The concrete foundation for a new blacksmith building has been laid by J. S. McKaughan on the lot lying immediately north of his present shop south of the southwest corner of the square.

The new building is to be 50 feet wide by 100 feet long and is to be constructed of tile. The front will have a stucco finish. Much of the tile and sand are already on the ground. Work will progress as rapidly as material and workmen can be procured. Unlike most blacksmith shops, it will be an attractive building and will be large enough to serve the many patrons of the shop, present and prospective.

Mr. McKaughan has been operating the business here for many years.

During the period from January 1, 1945 to March 1, 1945, Sgt. Noble, who as a section leader for his reconnaissance platoon, performed every mission assigned to him with fidelity and initiative. It was during this period that the stage was being set for the conquest of Germany and the military information that Sgt. Noble gathered for his platoon leader and for higher headquarters proved invaluable for the successful attacks that followed.

He demonstrated excellent qualities of leadership in every undertaking. The citation which accompanied the award read in part: "The skill and speed with which he dispatched his assignments, gave evidence of his tireless devotion to duty and reflects great credit upon himself and the Armed Forces of the United States."

War Bond Drive Is Third of Way To County Goal

Bond sales in Tahoka in the Seventh War Loan totaled a little more than \$200,000.00, according to a tabulation of the four selling agencies. Of this amount, \$138,000 was in E bonds.

No estimate was available on the sales at O'Donnell and Wilson, but last week's Index reported sales of only \$11,000 in bonds at O'Donnell.

W. B. Slaton of the First National Bank, reported that a total of \$197,000.00 in bonds had been purchased through that institution, of which amount \$135,000.00 was in E bonds, the issue for individuals. The postoffice, Production Credit, and Tahoka National Farm Loan Association had taken orders for a total of \$2826.00, but several orders were being made for Tuesday.

Truett Smith, county chairman insists that community committees get busy at once. Otherwise, Lynn county is likely to fall down on her quota.

The county's overall quota in the Seventh War Loan is \$660,000.00, of which \$335,000.00 must be in E bonds. This latter quota is twice as large as in any previous drive.

The Seventh War Loan continues throughout the month of June.

Jack Corley Case Set For June 11

District Judge Louis B. Reed has been here this week disposing of some matters pending in the district court.

On Monday he heard a motion for a change of venue in the case of Jack Corley charged with murder and refused to grant the charge. The case was then set down for trial on Monday, June 11, and a special venire was ordered for that day.

The case grew out of the slaying of a Mexican in Corley's place of business here last October. On the first trial a few weeks ago the jury failed to agree.

On Tuesday the Court heard an application for an injunction filed by a woman who had sued for divorce. He awarded the custody of the child to the applicant pending the trial of the divorce suit and enjoined the husband from molesting her in any way in the meantime.

Some other minor matters also were given attention by the Court.

They don't want your tears

"DON'T CRY. Don't let them see you cry!" Whispers the older Red Cross Worker.

And as the litter of wounded comes up the gangplank of the hospital ship, the young service swallow, shut her eyes for an instant, and nods.

They don't want our tears . . . these boys of ours. Not though they face a future that at first can seem harder than death.

They want our courage . . . they want our resolution. Courage and resolution to match and sustain their own.

Courage to keep us going on with this great task—no matter what it may cost these coming months in blood and sweat.

Resolution to back the boys who are taking these risks, with every breath that's in us and every dollar we can raise or scrape.

The boys realize, far more than we can, how fast war uses up machines, ammunition, equipment.

We cannot win the war with the bullets our hands bought last summer. Those bullets are already buried in Jap and Nazi graves. And another horde of the desperate, coward enemy is coming on.

Bullets and shells . . . tanks and guns . . . ships and planes. These are the things the boys are asking us for . . . the boys at the front and the boys behind them who will never again do things with two hands, or walk with two feet, or see with two eyes.

They don't ask us to give what they have given. They only ask us to skip the easy route . . . to invest our money instead of spending it . . . to lend the more money price of Victory.

They only ask us to buy War Bonds

KEEP ON BACKING THE ATTACK!

Sgt. Morris Tells Of Liberation In Czecho Slovakia

T/Sgt. Earl D. Morris, son of Mr. and Mrs. M. E. Morris, of the eastern part of the county, writes from Sudetenland, Germany, that he and his buddies "are still sweating out either a discharge, army of occupation, or CBI." Otherwise, he says he is getting along fine.

A press release sent The News, dated May 14, quotes Sgt. Morris as follows: "In the 16th Armored Division under General Patton's Third Army I saw the collapse of Hitler's last fortress area in Europe. 16th Armored Division Tanks smashed the last resistance in Hitler's redoubt area and liberated Plzen, Czechoslovakia, after almost six years of Nazi rule. The people of Plzen lined the streets and filled the windows shouting 'Nasdar' (To Your Health), kissing the soldiers and throwing flowers and home-made Czech flags. This wild demonstration lasted for a week.

"Plzen, the home of the famous Skoda Arms works, is a modern city with wide avenues and beautiful buildings. Plzen also quickly became famous for its beautiful women, many of whom paraded through the flower-strewn streets in their colorful provincial costumes.

"Plzen was the first place in Europe where a good stock of popular size film was found. The soldiers lined up all day long in the photo shops, buying film and many snapshots were made of this beautiful city and its historic liberation celebration.

"Dancing had been banned by the Germans, so the dance put on for the Americans was the first one in six years for the Czechs. Due to the fact that very few Czechs spoke English or French and very few of the soldiers spoke Czech or German, conversation with the Czechs was carried on in a garbled mixture of several languages, even Latin.

"Plzen is now cleaning up its wreckage and trying to forget the war. The Opera House was reopened the other night with a presentation of the Czechoslovakia comic opera, 'The Bartered Bride', dedicated to the American troops; and store windows are being filled with merchandise the Nazis could not find. In fact, everyone is so busy minding his own business that a soldier has to whistle twice now to get a date."

New Home Man Gets Bronze Star

Pfc. J. A. Duncan Jr., 22, formerly of New Home, whose wife now lives in Lubbock, has been awarded the Bronze Star for heroic action in combat in Germany, according to his sister, Mrs. O. E. (Speedy) Warren of New Home.

Pfc. Duncan, who lived at New Home about two years before entering the service, has been overseas a year.

The citation reads: "James A. Duncan, private first class, 740th Tank Battalion. For heroic conduct in action on Jan. 30, 1945, in Belgium. After destroying an enemy column, the Tank Platoon was running low on ammunition in the face of a forming enemy counter-attack. Pfc. Duncan, with no regard for his personal safety, drove a truck load of vital ammunition through a heavy concentration of enemy artillery and mortar fire. Then, with outstanding devotion to duty, he remained with the platoon through two heavy counter-attacks aiding the tankers to load the ammunition into their tanks. Pfc. Duncan's actions were directly responsible for breaking up these counter-attacks by artillery fire and were in keeping with the high traditions of the armed forces."

Blakney Tells Of Nazi Prison Life

Pfc. Roger W. Blakney, who recently arrived at the home of his parents west of Wilson after spending many weeks in a German prison camp, thinks we can not afford to let the Nazis—and he thinks that includes most of the people of Germany—off too light. His experience confirms every report of how cold, cruel, and arrogant the Nazis actually are.

With the 106th Division of the First Army, Pvt. Blakney was captured by the Germans in mid-December. When captured, he had been fighting as an infantryman in the snow and cold for two days and nights without sleep or rest. After being captured, the Germans forced him to march most of the time for the next two days and nights, and what time he was not marching, he had to keep walking in order to keep from freezing to death. Even then, his feet were badly frostbitten.

He was placed in Stalag 9-B at Bad Orb, Germany, on Christmas Day, 1944, and liberated on Easter Sunday.

In the prison were 3,400 Americans and 1,000 British, while in another compound of the same prison were 6,000 Russians and Serbs. The food was very poor and hardly enough to exist on, in fact some of our men died every day.

The prisoners were expecting to be liberated for some time before the Americans actually arrived, for they could hear the gunfire. Bad Orb at first was by-passed by the Army. Prison officials and many of the guards left, leaving only a skeleton force of Germans behind to tend the camp. Then our tanks and infantrymen broke through to the big prison camp. Needless to say, the prisoners were overcome with joy.

Pvt. Blakney, though he suffered from exposure and lack of food, is now about fully recovered, according to his father. He will report back to an Army post July 4.

Another son of Mr. and Mrs. Blakney is Pvt. E. R. Blakney Jr., who is in the Philippines.

METHODIST CHURCH

The second Sunday, June 10, the revival meeting will begin. Every department of the church should be ready to help to make it a great success.

Next Monday afternoon June 4 the Vacation Bible School will begin. It was thought for awhile that it would have to be postponed until late in June on the account of literature being scarce. But the teachers were fortunate last week in securing the desired amount. Mrs. Roy Edwards, will be dean of the school. The school will continue a week. Those who plan to attend should be present at the opening Monday afternoon at 4 o'clock. The Beginners, Primaries, Juniors and Intermediates will find their classes and teachers as soon as they arrive at the church.

Two of our young men in the M. Y. F. are attending the Northwest Texas Conference of young people at McMurry College this week. The two are Larry Hayford and Maurice Small. The Conference has grown so much that it had to limit each church to two delegates. Nearly 500 attended last year.

Mr. and Mrs. E. J. Cooper returned Monday from Hot Springs, New Mexico, where they had gone to spend a few weeks for the benefit of their health.

HOW MUCH TO MOVE A WAR?

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War? Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

W. T. Hanes Family Goes To Cameron

Mr. and Mrs. W. T. Hanes and son Billy Travis are preparing to move this week end to Cameron, in central Texas, where Mr. Hanes will become superintendent of the public schools. They have sold their home here to Callaway Huffaker.

Mr. and Mrs. Hanes expect to spend a month at Kerrville, where they will be instructors in a summer boys' camp, before assuming active duties at Cameron.

Mr. Hanes has been superintendent of the local schools for the past seven years, and under his guidance the local schools have been recognized as among the best in this area. He has been active in the local Rotary club as well as in many other civic affairs, and has served seven years as secretary of the West Texas Teachers Association.

Mrs. Hanes has been teaching here the last few years. She also has been active in local civic and club work.

The Hanes will be greatly missed

here by many friends, but are to be congratulated on their move to a larger school system at a substantial increase in salary.

E. E. Hancock, who will succeed Hanes as superintendent here, is likewise recognized as an outstanding school man. A Lynn county man, he has advanced from superintendent at New Home to Anton, Petersburg, Rails, and Brownfield. He has served as president of the West Texas Teachers Association.

Mr. Hancock has moved a house here from Terry county, and is remodeling it into a modern home. When the house is completed, his family, now visiting relatives in Dallas, will move here.

ROTARY SPEAKER

Marine Cpl. Hop Halsey, who was here and addressed the Rotary Club on Thursday of last week, left Monday for Cherry Point, North Carolina, as his new station of duty. He had been in service in the Pacific for more than a year. His wife Mrs. Harriette Halsey, accompanied him from Lubbock to Tahoka and as also a guest of the Rotary Club.

UNDER THE DOCTOR'S CARE

Until recently, the Armed Forces received the entire production of Penicillin—the most powerful weapon ever developed to fight infection. Now, through a production miracle science has made Penicillin available for civilian use, and the uses of Penicillin are multiplying almost daily. More and more infections that once struck dread into the hearts of the afflicted, are yielding to this powerful germ-killer. We are indeed happy to be able to dispense Penicillin UNDER THE DOCTOR'S CARE.

Released Prisoner Is Coming Home

Mr. and Mrs. J. H. Poindexter of Crossroads received a letter Wednesday from their son, Pvt. R. V. Poindexter, who was released from German prison just a few days before the German collapse, from which we quote: The letter was written in France May 14.

"Dear Dad and Mom, This is the first time I have had a chance to write you in about five months. I joined our forces again April 26. Boy, that was a wonderful day, although it was only 12 days before victory, but lots can happen in Germany in two weeks, with nothing to eat. I tell you, Mom, I went many days with an empty tummy. But that is in the past now.

Looks as if I will see you all pretty soon. But there are lots of ex-POWs here to be taken care of. I will write every chance.

"Tell every one Hello for this old soldier. May God bless us. Your son and bud, R. V. P."

Pvt. Poindexter entered the army on May 7, 1942. After four months training at Fort Knox, Ky., he was sent to Ireland and from there to North Africa. He was captured by the Germans on February 17, 1943, at Casserine Pass and was soon sent to a German prison, where he remained until released.

His parents are expecting him learn a lot about his prison experience soon, and then they expect to ences.

Mr. and Mrs. W. A. Yates and Mr. and Mrs. John Pulford spent a few days last week at the hot wells at South Bend, Young County, recuperating and enjoying the hot baths.

Mr. and Mrs. Drue Rodgers from Houston, Texas, and Mr. and Mrs. J. W. Rodgers from Gainesville, Wyatt of Tahoka last week. Last Sunday all the relatives met at the state park at Lubbock for a family reunion.

Everton Nevill Sends In Curios

Mr. and Mrs. J. L. Nevill last week received a packages from their son, Everton Nevill, who is somewhere in Germany, containing a number of relics of war.

Among the most interesting items in the package was a small crick pistol, which, instead of firing the bullet through the barrel, fired it through the top of the gun.

He also sent a German 45 calibre rifle, several bayonets, a knife, a Nazi flag, pennants, shoulder patches, and coins, all of which were of unusual interest.

Pfc. Hope Hardt Gets Unit Citation

With 555th Quartermaster Railroad Company, France.—This company, of which Pfc. Hope Hardt of Rt. 1 Tahoka, is a member has been awarded the Distinguished Unit Citation "for outstanding performance of duty in action on 6 June, 1944" in establishing some of the first supply dumps on the Normandy invasion beaches.

"It was little short of a miracle in setting up the supply dumps on that day," said First Sergeant Lenford Isaacs, Pampa, Texas. "The Jerries were throwing everything they had at us. My men were determined to stay there and die."

Disregarding the terrific German fire raking the beach, the men of this former amphibian unit swept ashore on D-Day as a supporting unit of the combat 6th Engineer Special Brigade, who made possible the immediate conversion of this sand and shale into vital supply landing points for the U. S. Armies.

It was the heroic action of these American soldier that ended the tenacious German clutch on European harbors and seaport cities and funnelled onto the continent such an overwhelming their drive to the Siegfried Line.

TRUMAN DOES SOME HOUSECLEANING

It is clear that President Truman intends to give the country a "New Deal" in his cabinet personnel. Last week he announced new selections for Attorney-General, Secretary of Agriculture, and Secretary of Labor.

Biddle goes out as Attorney-General, and a Texas boy, Tom Clark, formerly of Dallas, recently connected with the big works in Washington, will step into Biddle's shoes. We don't know much about Tom except that he served as assistant district attorney of Dallas county and as assistant attorney general of Texas, and they all say he is as bright as a dollar and a spanking good lawyer. Here's hoping he makes a good record as head of the big legal department in Washington.

Secretary Wickard will turn the office of Secretary of Agriculture over to Clinton P. Anderson, a New Mexico heavyweight. Although few people would go to New Mexico to find either an agriculturist or a pure-dee dirt farmer, yet they claim that Anderson is "close to the soil" and knows his onions. Born on a farm and ranch in South Dakota, he came to New Mexico for his health when 22. He owns a ranch near Albuquerque, with 900 acres in cultivation, which he farms by proxy. He also operates a dairy and raises Palomino ponies. His chief vocation possibly is the insurance business. He started out in New Mexico as a newspaper man, but

soon blossomed out as an insurance peddler, and is now doing his stuff as a farmer, a ranchman, a dairyman, and a Palomino expert. If he can make a success of all these businesses, he ought to make a good secretary of most anything.

But the change in Washington which will probably bring the most general satisfaction will be the exit of Sister Perkins as Secretary of Labor and the entry of Lewis B. Schwellenbach. "Miss" Perkins came into the office at the beginning of President Roosevelt's first administration, and she has been a devoted and consistent servant of the labor union organizations. In spite of that fact, we are told that Labor is shedding no tears over her departure, while the American Federation of Labor has been lustily applauding the appointment of Judge Schwellenbach. The Judge has not only served as a Federal Judge but was also at one time a United States Senator from the state of Washington. We don't quite like the sound of that name, but there is nothing in a name any way, according to Shakespeare, or somebody, and he has a background that looks pretty good. When the C. I. O. gets to boosting for him, however, our hopes may wilt a bit. Until then, good luck to you, Judge.

Hilber, Himmler, and a number of the other No. 1 war criminals are dead. Several of them have gone by the suicide route. But death by suicide or even torture could not begin to atone for the diabolical crimes which they have committed against millions of men, women, and children throughout the world, most of whom were unoffensive and wholly guiltless of any wrongdoing against these baby murderers and cut-throats. The death and devastation have already been wrought and the damage can not be undone but great nations of the world must take adequate cooperative steps to prevent a repetition of such horrid and hideous crimes against humanity. If the nations of the world do not take such steps they will be parties to the crime if Germany or Japan or some other outlaw nation starts another world conflagration a quarter of a century or a half century hence. Workable plans for the peace of the world must be worked out at the San Francisco conference.

Neither Shintoism nor Buddhism, the two major religious cults of Japan, involves any matter of morals. They do not teach that moral conduct is a virtue. They in no way promote or encourage moral conduct. The Jap believes that the only virtue is worship of his ancestors and the promotion of the interests of his country. Any self-sacrifice which he may make and any treachery, any cruelty, any horror, any crime however revolting which he may perpetrate against his enemies or in defense of his country or his emperor, makes him a hero. He scruples at nothing however heinous or revolting. He can slit the throat of a baby or torture to death an enemy prisoner with equal glee. If blown to bits by a suicide dive into an enemy ship, he hopes that the explosion will blow his spirit into a Shinto military shrine at home, we are told. Therefore, war correspondents and commentators who have lived

in Japan think that we should make special effort to blow Japan's Shinto shrines to bits. It would tend to destroy Japanese morale they say. Perhaps our military leaders should listen to the advice of these commentators and try it out. Let every shrine be demolished, the palace of the emperor utterly destroyed, and the emperor himself blown to Kingdom Come if possible; and that no doubt will hasten the end of the war.

General Marshall promises that two and a half times as many bombs will be dropped on Japan during the coming twelve months as were dropped on Germany by all the Allies during the past twelve months. Pity the children and the ignorant poor, but these must suffer much along with the wicked fiends that started this bombing business. Pearl Harbor will be avenged a thousand-fold this year, and Japanese power will be smashed completely and eternally before it all ends.

Card Of Thanks

I wish to take this method to express my thanks to my many friends and neighbors for their kindness, cards and flowers during my recent illness. —Mrs. A. T. Adams.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1—Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Tahoka Men In Eighth Air Force

England VE Day — Among the 185,000 men and women of the Eighth Air Force congratulated today by Lt. Gen. James H. Doolittle, who assumed command of the Eighth in January, 1944, is S/Sgt. Frank P. Lisemby, 27, a personnel clerk in the 78th Fighter Group, whose parents, Mr. and Mrs. Frank Lisemby live on Rt. 4, Tahoka, Texas. S/Sgt. Thomas C. Draper, son of Mr. and Mrs. I. M. Draper, Rt. 3, Tahoka, and Cpl. Lorenzo V. Raye of Rt. 4, Tahoka.

"I wish to extend my personal congratulations and my heartfelt appreciation to every one of you for the magnificent job you have done," Gen. Doolittle said in a message to all personnel.

"Each of you," he continued, "may be proud of your part in the defeat of Germany. I am proud of you. The world is proud of you."

The Eighth Air Force was the world's mightiest strategic bombing force. Its personnel of 185,000 was the equivalent of 12 infantry divisions, and it could send 21,000 airmen in 2,000 four-engine bombers and 1,000 fighters over Germany at one time, a combat effort possible only through the support of tens of thousands of non-flying specialists.

Since August, 1942, when combat operations began, Flying Fortresses and Liberators of the Eighth dropped more than 700,000 tons of bombs on enemy targets. Fighter pilots shot down 5,250 Nazi planes and destroyed 4,250 others on the ground. Bomber gunners shot 6,000 German interceptors out of the air. The Eighth dropped an average of a ton of bombs every minute of the last 12 months.

Airman of the Eighth were the first Americans to attack Germany. The early crews flew a handful of unescorted bombers against the powerful Luftwaffe, and proved the feasibility of an American idea — precision daylight bombing over the Reich.

As the Eighth grew in strength, it was assigned the task of crushing the German Air Force, which had

to be done before the Allies could invade France. Bombers of the Eighth smashed Nazi aircraft production centers. Its fighters destroyed thousands of enemy planes in the air and on the ground.

After beating the Luftwaffe into relative impotency, the Eighth threw its growing weight against Germany's rail system and vital sources of oil. These campaigns, in conjunction with the British Royal Air Force and the U. S. 15th Air Force, disorganized all transport in Germany, restricted German military operations in the air and on the ground, and paved the way for the march of Allied armies across Europe.

L. E. Fleming, who lives out just west of T-Bar school, is constructing a nice six-room farm home, with two baths. When finished, it will be one of the most attractive farm homes in that part of the county.

Mr. and Mrs. P. A. Nowlin and children left Monday morning for Temple, where both of the parents expected to have a physical check-up in the Temple Sanitarium. They expected to be gone all the week.

When large roundworms and cecal worms hold back my growing birds, I get busy with Dr. Salisbury's AVI-TON. It's a flock treatment that's palatable, easy on the birds and produces results at low cost. All you have to do is mix it in wet or dry mash.

Sgt. Solsbery ...

"without any thought as to what Jerry will let go through. Thank God, they don't have anything to say about it any more. I am back with the U. S. Army. They have given me new clothes and are feeding me like a king. I will be coming home before long, so don't worry. There are lots of men here and it takes time. I waited a long time without much food nor a decent place to sleep. So with good food and a good place to sleep I could stand on my feet the rest of the time, even if I am here a month I am sure the happiest moment of my life was when that U. S. Army captain came to our camp. He said, "Men, you are no longer POW's but soldiers in the U. S. Army" You should have heard the shouting and yelling. — God willing, I will see you all soon —"

Sgt. Solsbery had been a prisoner of the Germans since December 19, 1943. His plane was shot down while his crew was on a mission over Germany or German-held territory. Of the ten members of the crew, five were taken by the Germans and placed in the same prison camp. Sgt. Solsbery has no information as to what became of the other five.

Sgt. Solsbery enlisted in the Army Air Force on February 19, 1942. He went overseas in the summer of 1943 and saw service in Morocco, Algeria, and Tunisia in Africa, and in Sardinia, Sicily, and Italy, operating in and from the latter country when captured.

His older brother, MM-2/c Marvin Solsbery of the U. S. Navy, was wounded in action somewhere in the Pacific on March 8 of this year. He visited here recently but is now back in a Navy hospital at San Francisco, and the left leg is said to be healing satisfactorily.

MRS. W. T. HILL'S BROTHER IN NAVY TWENTY-ONE YEARS

Albert Keaton, MM 1/c. of the Navy, visited here Tuesday and Wednesday with his sister, Mrs. W. T. Hill, and family.

Mr. Keaton served in France 22 months during World War I, following which he enlisted in the Navy, and has had 21 years and 8 months service in the latter.

During this war, he has been in many combat areas, including the North African, Sicily, and Italian invasions. He served two years on a submarine, and has spent much time on transports.

Chuck Terping, nephew by marriage of Fred B. Hegi, has been liberated from a German prison after 8 months captivity. He is the son-in-law of W. E. Hegi, captain of the police force at Glendale, Calif.

Mrs. John Minor has been notified of the death of an aunt, Mrs. George Thorp, at Austin last Sunday, who was nearing her 90th birthday. She was the only sister of Mrs. Minor's father. One uncle she states, is the only surviving member of the family of brothers and sisters to which her father belonged.

Mrs. Amelia Turner and her mother, Mrs. L. E. Waldrep went to Tucumcari, N. M. last Wednesday to visit the latter's daughter, Mrs. Joe Bosley.

Miss Carolyn Chandler is expecting to return home in a day or so from the Lubbock General Hospital, where she underwent an emergency appendectomy Friday of last week.

Coach Leo Jackson Has Narrow Escape

On Wednesday of last week while Coach Leo Jackson was at the bus station waiting for the bus to come on which he was to leave for service in the army, the local draft board informed him that it had just received a telegram ordering them to turn back any prospective inductees who were over 30 years of age. He was above that age by just a few months.

He knew, when the news came, that his wife was preparing to leave for Plomot to remain with her parents during his absence, so he rushed home to stop her. She had already left in fact, but had turned back not far up the highway to get something she had forgotten and left. So, he broke the news to her.

Now, the two are visiting with her parents at Plomot and with his parents at Floydada pending the time when they will remove to Cameron, where he is to serve as coach in the high school.

FORMER NEW HOME TEACHER WEDS

Announcement has been made of the recent marriage of N. S. Abbott, former teacher of vocational agriculture at New Home, now of Muleshoe, to Miss Frances Linnie Fletcher of Denton, the rites being read in a chapel of the campus of the Texas State College for Women by Dr. Frank Weedon, pastor of the Baptist Church there, who conducted a revival meeting here a few years ago.

The bride is a graduate of that institution and has been teaching homemaking at Big Lake.

The groom, who taught at New Home two or three years, is now with the United States Department of Agriculture at Muleshoe.

In order to breed, flies must have some form of meat or animal food.

C. M. Barnett, 13, son of Mr. and Mrs. Charles Barnett, fell from a tree Monday and severely cut his knee and lower leg on a broken soda-pop bottle. The wound was deep, and several stitches were necessary to close the wound. Dr. Sinclair was the attending surgeon.
