

# The Lynn County News

I wholly disapprove of what you say but will defend to the death your right to say it.—Voltaire

Volume 41.

Tahoka, Lynn County, Texas, Friday, June 29, 1945

Number 47

## Lt. Col. James L. Minor Is Rotary Speaker

Lt. Col. James L. Minor, native of Tahoka and winner of many military honors overseas, who recently Rotary Club Thursday of last week a defeated but unrepentant German, was the guest speaker at the Rotary Club Thursday of last week.

Introducing the speaker, Frank P. Hill recited the many awards and honors which had been bestowed upon him and alluded to him as Tahoka's war hero No. 1, at the close of which Lt. Col. Minor was given a veritable ovation.

Recalling that Minor had graduated at the Tahoka High School then at Howard Payne College, and was a student in the law department of the University of Texas, when the war broke out, Hill recited that Minor had been a star athlete and an honor student both in high school and college and had been president of his class for the four years that he was in Howard Payne; that he was inducted as a private when the 38th Division was mobilized November 25, 1940 and had risen to the rank of lieutenant colonel with almost unprecedented rapidity; that he had spent 27 months overseas, serving in North Africa, Sicily, Italy, France and Germany, and was first given recognition for heroic service on the Salerno beachhead in Italy and that he has since been decorated with the Distinguished Service Cross for extraordinary heroism in France, the Silver Star with one cluster for gallantry in action, the Bronze Star Medal for heroic achievement, the Purple Heart with two clusters for three wounds suffered in action, the Legion of Merit, the French Croix de Guerre, and the Distinguished Unit Badge.

Minor expressed his appreciation of the kind remarks and the remarks on back page

## Bronze Star Awarded To Sgt. Neil J. Gibson

The Bronze Star Medal has been awarded to Sgt. Neil J. Gibson, of the Field Artillery, United States Army, for heroic achievement recently in Germany.

As a battery was moving into position, it was subjected to an intense artillery and mortar barrage. With complete disregard for his own safety, Sgt. Gibson led his men through the unrelenting fire to his assigned howitzer position. His heroic act enabled immediate accurate fire to be delivered upon the enemy and was in accordance with military tradition.

Lt. Gibson is the grandson of Mr. and Mrs. J. L. Hill of Tahoka, attended school at Grassland and Tahoka, and entered the service on March 18, 1942.

## S-Sgt. Solsbery Arrives Home After Long Imprisonment

S-Sgt. Solsbery has a 60-day furlough from A. L. Solsbery arrived home Sunday, after 16½ months in a German prison camp. He says he would have gotten mighty hungry if it had not been for the Red Cross.

S-Sgt. Solsbery has a 60-day furlough before he will report back to his base at Miami Beach, Fla. August 21.

He was shot down over Germany while on his 12th mission in a B-17 Flying Fortress, and was then taken prisoner by the Germans.

All the children were home Sunday when he arrived, except one son, Marvin, who is in a hospital at San Francisco, California, and one daughter who now lives in California.

L. D. McKee, who formerly operated a business in the old Belton Howell building across the street from the news office, is now building a store a couple of blocks east of the railway and facing the Post highway.

Buy WAR BONDS.

## J. S. Griffin Dies In California

The News has received an announcement of the death of J. S. Griffin, 79, a former Tahoka citizen, who died in Norwalk, California, on Friday, June 15, Burial was in Little Lake cemetery at Norwalk. Death resulted from pneumonia and "a stroke," according to his wife, who resides at Norwalk. He had been confined to his bed three weeks, she says, in the General Hospital in Los Angeles.

Mr. Griffin lived in Tahoka for many years and formerly took subscriptions for The Lynn County News and other newspapers, being a familiar figure on the streets of Tahoka. He was the father of Mrs. J. B. Anderson of Amarillo, formerly of New Home, and was the grandfather of Mrs. Billie Hill the former Ruthel Anderson. Among other surviving relatives is the S. C. Ashcraft family at New Home.

Mr. Griffin lived near Rogers, Bell county, before coming to this county years ago. He was a native of Kentucky, having been born at Sommerset in that state on January 25, 1866.

## Pfc. Leroy Busby Wins Two Awards

Pfc. Leroy Busby has been awarded the combat Infantryman Badge, for exemplary conduct displayed in Germany. He has also been awarded two Bronze stars and a Bronze Medal for heroic achievement.

Pfc. Busby is with the Third Army, Fifth Division, Tenth Infantry. He entered the service in August of 1944, and received his training at Camp Walters, Texas.

In a recent letter received by his mother, we quote: "I left New York the 18th of January, arrived in England the 28th of January, and was in combat the 8th of February. There were 28 of us replacements who started in combat February 8th, and by V-E Day there were only seven of us left. I am glad I will stay over here for occupation, because I have seen all the combat duty I want to see. Grafenwau, Germany will be our place for occupation. They are going to start schools over here, and I am going to try and learn some trade."

Pfc. Busby has two older brothers in the service. Cpl. Jesse D. Busby, who entered the service in September of 1942. He is a mechanic in the Air Corps, and has been in Cairo, Egypt, since last October. He says they have a nice camp over there, similar to the camps in the States, and he thinks he will stay over there for occupation. The other is Tech. Cpl. Carol R. Busby, who volunteered for service in October 1942. He is in the Engineering Construction, and has been in New Guinea the past 14 months.

The three Busby boys have lived all their lives in the New Home community of Lynn County until they entered the service. However, their parents traded for a farm west of Hereford in Deaf Smith County, and have lived there the past year and half.

## Hays Goes To Monroe To Teach Agriculture

Mr. and Mrs. B. M. Hays moved to Monroe, one of the best rural high schools on the South Plains on Monday of this week, where he will teach vocational agricultural for the ensuing year. Mrs. Hays will teach music, art, and possibly typing.

Mr. Hays was at one time teacher in the public school here and for a year or two was principal of the high school. Then he moved away to teach elsewhere several years and later accepted Government work. He came back to Tahoka less than a year ago as supervisor of the Farm Security Administration for Lynn and Garza counties.

Many friends here regret their removal from Tahoka.

Off the coast of Wisconsin, in Lake Superior, are islands known as the Apostles.

Manuel W. Ayers, new Lynn County Agriculture Agent.

## Clara Frances Bartley Joins The Waves

Clara Frances Bartley, 21, graduate of the Tahoka High School of the class of 1941 and of O'Donnell grade school in 1937, was sworn into the WAVES at the office of Naval Officer Procurement, Washington, D. C., on June 13.

She was to report to the U. S. Naval Training School (WR) Bronx, New York, for her basic indoctrination on Thursday of this week. Recently she has been employed by the Weather Bureau of the War Department as weather observer and clerk, and has been residing in El Paso.

She is the daughter of Mr. and Mrs. Jess Bartley formerly of Tahoka, now living near Lubbock.

## Bond Rally Net \$33,000

When a nice shower of rain fell on Wednesday night of last week too late for us to mention it in last week's issue of the News, there was general rejoicing everywhere the rain hit. The only trouble was that it barely did hit in some communities and has not hit at all since.

The rain gauge in Tahoka registered .76 of an inch. A few miles east and northeast of town, in the Edith and New Lynn communities, as much as 1½ inches was reported on some farms. Several other communities in the county reported from a half to ¾ of an inch while still others reported none or not more than a quarter of an inch.

In the major portion of the county it is doubtful if enough water fell to bring up the crops that are being planted in those areas. In many portions of the county no planting is being done yet. Even if it should rain abundantly before this paper comes off the press, the cotton acreage this year will be greatly reduced, the smallest for Lynn county, no doubt, in years.

There is plenty of time yet for maize and other sorghum grains to be planted and to make excellent crops if rain comes soon and weather conditions remain favorable thereafter. If it does rain, Lynn county will probably have the largest acreage planted to maize in her history.

Up to the present time, this has probably been the driest year on these Plains since 1917. A look at (Cont'd on page 3)

Almost every Texan knows that General Dwight D. Eisenhower is native of the Lone Star state. Few, however, know where "Ike" first looked into the clear Texas skies, for his birthplace has been variously reported as Tyler, Paris, Denison and Commerce.

Now comes the general, himself, to solve the mystery, with an explanation that proves even War Department records to be incorrect, and the place really is Denison.

The highest tides in the United States occur in the vicinity of Calais, Maine, where the mean range is 20 feet and the spring range is 22.8 feet.

## Sgt. Edgar L. Sikes Pronounced Dead

S/Sgt. Edgar L. Sikes, who was reported a year ago to be missing in action, has now been officially declared to be dead, according to a communication received by Mrs. Sikes Monday from the War Department.

He had been missing in action since June 19, 1944, and since the War Department had received no evidence whatsoever since that time that he was still living, he was legally adjudged on June 20, 1945, to be dead.

Sgt. Sikes was a member of the crew of a B-17 Flying Fortress, bomber which was hit by enemy anti-aircraft fire when over Alderney Island, France, and exploded almost immediately.

Sgt. Sikes leaves a wife and baby, Sandra Lee Sikes. He was a son of Elmer Sikes, now living in Amarillo, and a grandson of Mrs. W.E. Sikes, who still lives here. Other grandparents are Mr. and Mrs. C. L. Moore of Smyer.

Born on June 20, 1922, he was almost 22 years old when his plane was shot down over Alderney. He had been reared in and near Tahoka and was a graduate of the Tahoka High School. He was married to Miss Lilly Mae Clinton, daughter of Mr. and Mrs. C. E. Clinton, on March 12, 1942. He enlisted in the army on September 10, 1942, and left for overseas service on April 29, 1944.

Many friends here are grieved to learn that he was undoubtedly killed when his plane went down.

## Rainfall Light

The bond rally held on the courthouse lawn last Friday night attracted a good-sized crowd and brought in subscriptions for bonds totaling more than \$33,000, though not all the amount had been paid in at Wednesday noon.

The county is still considerably short of the goal for E Bonds and it is hoped that there will be a large last-minute, or last-day, rush to the Bank or to the various local chairmen for bonds.

Truett Smith, the Mighty Seventh bond drive chairman, presided at the meeting and introduced the speakers last Friday night.

Lt. Fred B. Harris of Dallas, flight officer on the fateful Air Craft Carrier Franklin which was stuck by a Japanese suicide plane, the ship set afire, and its bombs set to exploding one after another, and which survived through it all, though badly crippled, was principal speaker of the evening. He paid the highest tribute possible to the courage, fidelity, calmness, and daring of the crew and the soldiers aboard, who carried on in the midst of fire and suffering and death and saved the ship and many on board and eventually steered the great crippled, limping Leviathan into New York Harbor.

The heart-breaking thing occurred (Cont'd on back page)

## Texas Man Awarded Air Medal

A 7th AAF Troop Carrier Base in The Marianas. — Captain Samuel J. Privitt, right, is presented the Air Medal by Brigadier General William J. Food, Chief advanced base in the Marianas. Capt. Privitt, pilot on a 7th AAF transport plane, received the award for his "high professional skill, courage and devotion to duty" while participating in the longest over-water flights ever made over enemy water flights ever made over enemy controlled areas. Despite distance, weather, or danger, his troop carrier record while carrying every member squadron has maintained a speckling from key personnel to vital blood plasma to the embattled island of the central and western Pacific.

Capt. Privitt's wife, Greta, lives in Tahoka, Texas. He is the son of Mr. and Mrs. A. M. Privitt, 401 Ave "H" NW, Childress, Texas. He is a 1940 graduate of Childress high school and was employed as a clerk by B. E. Rushing Grocery Co., prior to entering the Army in 1940.

## Max Minor Visits Here

Max Minor, son of Mr. and Mrs. John W. Minor and student in West Point Military Academy, who has been at down at Uvalde several weeks taking his primary flight training, came last Friday for a visit with his parents and left Tuesday for West Point. He expects to begin taking his basic flight training at the field near there soon and finish in September. He expects to graduate at West Point next June. Max says he will be barred by the rules of the Academy for playing football on the Academy team during the coming school year, however a thing which his many Texas friends will regret, for he has been a star player on the team.

At a recent Church Conference, the Baptists accepted the offer of the Methodist Church for the sale of four lots, consisting a quarter of a block, lying immediately west of the present Baptist Church premises and selected a new board of trustees to accept title to the property.

At a deacon's meeting on Wednesday night of last week, the trustees reported that the title had been approved, deed had been made, and the matter can be finally closed up as soon as the cash was in hand to pay for the lots.

Although the Church had in its building fund about \$3,500, it was decided that no part of this should be used for the purchase of the lots but that the additional funds should be raised from the membership, and they accordingly brought a recommendation to the Church in conference last Sunday night that the pastor appoint a committee to canvass the membership and raise the funds. The committee was appointed and the funds are being raised. It is believed that the matter can be finally closed up within a few days.

These lots were conveyed to the Methodist Church many years ago by Judge Bartley, one-time county judge of Lynn county, now a resident of Waco. A Methodist parsonage was built on the lots soon thereafter and was used for the purpose for many years. Then the Methodists built a new and attractive parsonage out on West North Street and still later the old parsonage was sold.

The Baptists in the meantime bought the southeast quarter of the block on which the Methodist parsonage had been situated and erected their commodious church building thereon. Now they are purchasing the Southwest quarter from the Methodists.

It is the purpose of the Baptists to build an educational building or convert the present building into a strictly educational building and erect a new auditorium for the worship services of the Church just as soon as the war is over or as financial conditions will permit. Many people, especially aged people, prefer to have the main auditorium on a ground-level so as to obviate the climbing of steps in order to attend the church services.

The Methodists have also recently acquired the remainder of the half-block on which their building stands, so they too have plenty of room for expansion at any time they may decide that additional buildings are needed.

Both churches have made great growth in numbers and in their activities the past few years and each is a distinct asset, religiously, to Tahoka and Lynn county as a whole.

Mrs. Jim Burleson left Wednesday for Healdton, Oklahoma, to join her sister, Mrs. John Cornish, and the two were going from there to New York to attend the graduating exercises in which Mrs. Cornish's son, John H. Cornish, was to graduate from the U. S. Naval Reserve Midshipman's School at Fort Schuyler, the exercises to be held in the Cathedral of St. John the Divine, New York City.

T/Sgt. Woodrow Dulin, who was stationed in Florida immediately after his return from overseas, has been transferred back to the LAAP, Lubbock. Arriving Wednesday of last week, he spent that night and last Saturday night and Sunday with his father, T. G. Dulin, and his brother, J. E. Dulin and family. He had seen service in Germany.

W. E. Suddarth returned Monday from a week's visit in Austin.

## New Residences Being Built Here Reach Total of 25

In spite of war-time shortages, Tahoka has been growing gradually over the past few years. The demand for places to live has grown so acute, that many new homes have been built, or are being built, moved in, or enlarged.

In fact, fully 25 homes, large and small, have been built or are now under construction inside Tahoka's city limits, and a few outside.

Walter Vaughn is completing a new 5-room residence on south Sweet street, and he has moved another 5-room frame house to a nearby location and is improving the same.

On the same street, J. M. Jones has recently built two nice residences, a five-room, and a four-room house.

Across the street is a small two-room house E. A. Park has built for his mother.

Dr. W. A. Schaal is building a nice 7-room home and office on Main street, using an old house which he wrecked and moved to town. He expects to use two of the front rooms for his chiropractic offices.

Near the light plant is a small home built by Joe Stone, but sold to Mrs. Caudalope Garcia.

Felix Jones, who moved here to become associated with his brother, V. F. Jones, in the grain and feed business, is completing a modern four room house on North First.

John Boydston recently wrecked a house and built a new one with the material on Second street. On selling the place to Arol Thomas a few weeks ago, he started a new, modern tile and stucco residence on North Sixth.

E. E. Hancock, new superintendent of schools, is thoroughly remodeling a large five-room house he moved here from Meadow to his (Cont'd on last page)

## Pfc. Ray Perkins Killed In Action

Mrs. L. H. Perkins of Brownfield received word June 14, that her son, Pfc. Ray G. Perkins, 18, was killed in action on Okinawa, May 29, 1945, while fighting with the 1st Marine Division.

Pfc. Perkins entered the service April 21, 1944, and went overseas in September. He joined the service at the age of 17, just before he was to graduate from high school at Brownfield. He had probably been in action several months before he was killed.

Pfc. Perkins was born in Tahoka November 7, 1926, and attended school here a while before his family moved to Brownfield, January 1938.

The survivors are, his mother, and sisters, Misses J. M. Brown, of Amarillo, Henry Stewart, of Bryan, Mable Kruse, of San Antonio Preston Adams, of Brownfield, and Misses Bessie Mae Perkins of Brownfield, and Flay Perkins, of San Antonio. The others are: Payton Perkins of Tahoka, S/Sgt. Champ Perkins who is in Italy with the 12th Air Force. Pfc. Daniel Perkins in Germany with Field Artillery, and Roy Perkins (twin) now at home. All have been visiting their mother but Champ and Dan.

We all give the mother and children our greatest sympathy for the loss of their son and brother.

T/Sgt. Woodrow Dulin, who was stationed in Florida immediately after his return from overseas, has been transferred back to the LAAP, Lubbock. Arriving Wednesday of last week, he spent that night and last Saturday night and Sunday with his father, T. G. Dulin, and his brother, J. E. Dulin and family. He had seen service in Germany.

W. E. Suddarth returned Monday from a week's visit in Austin.

Mr. and Mrs. J. O. King left Thursday afternoon of last week for Hobbs, New Mexico, and went from there up to Lovington Friday to attend funeral services at 4:00 p. m. for Mr. King's brother, H. C. King, who died on the preceding Wednesday morning at Fredericksburg, Texas. Deceased formerly lived at Lovington and often visited here, having many relatives and friends in this county.

**LYNN COUNTY HOME DEMONSTRATION COUNCIL MEETS**

The Lynn County Home Demonstration Council met in a regular meeting in the American Legion Hall Saturday, June 16th, 1:30 P. M. The meeting was called to order and roll was called by the secretary, Mrs. N. J. Robnett.

Following a demonstration on a much needed subject, "The Food Preservation Budget", Miss Dixon presented the council members with delicious peach pie from a basket she had received from her parents in Clay County.

**NEW MOORE HOME DEMONSTRATION CLUB MEETS**

The New Moore Home Demonstration Club met at Mrs. Oleen Lemley house Tuesday June 12th, at 2:00 P. M.

Those present were: Mrs. Jesse Murphy, Mrs. C. J. Falls, Sr., Mrs. W. R. Sheppard, Mrs. Lenard Sheppard and Opal Sheppard.

The demonstration was on acid and non-acid fruits and vegetables. We had food preservation clinic. Miss Opal Sheppard, Reporter.

Mrs. S. N. McDaniel returned last week from Springerville, Arizona, where she had been visiting her son Henry and his family. Mrs. McDaniel says that she saw lots of snow out on the mountains of New Mexico and Arizona. She had a delightful visit.

**NEW BOYS CLUB HERE**

Jack Reed announces that a new boys' club, known as the Lucky Strike Club, has been organized here. All boys from 8 to 14 years of age may join. It meets at 4:15 each Wednesday afternoon in the City Park. "You will also see a free movie," he says. The club is sponsored by the Wallace Theatres.

**KNIGHT CLAIMS TO BE MILLIONAIRE**

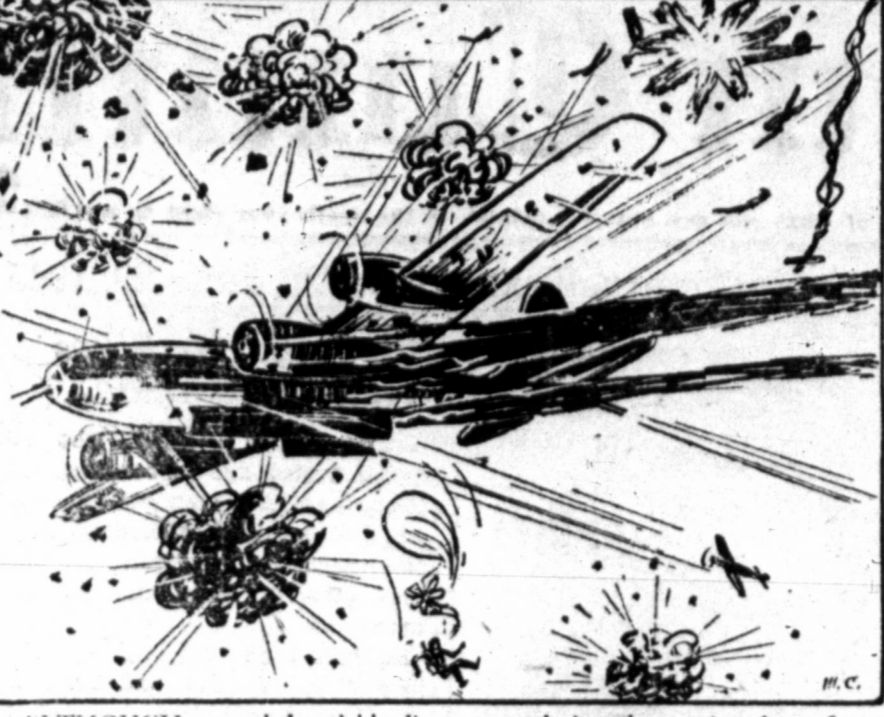

W. L. Knight came to the News office the other day boasting that he had recently become a multi-millionaire. No, it wasn't the rain that had made him so joyous, it was a great-granddaughter, the first one he ever had, and he declares that she is worth two million dollars. Each grand-child, he says is worth a million, and there are six of them now—and the great-grandchild, who came recently, has added two additional millions to his wealth.

And the little lady is out here now visiting him and Mrs. Knight. Her mother is here too, Mrs. Marion Hanson of Fort Worth. The daddy came but he went back. Mrs. Hanson is the daughter of Mr and Mrs. M. M. Boyd and therefore a grand-daughter of the Knights. Mr. Knight's sister, Mrs. W. G. Burnette of Odessa, is also here visiting, having come two weeks ago.

**AMERICAN HEROES**  
by WOODY COWAN

ALTHOUGH wounded and bleeding, an explosion threatening from fire in the bomb bay and the co-pilot wounded from a shell burst in the cockpit, Lt. Edward S. Michael flew a B-17 back to England to save his comrades. Once he lost consciousness. But the plane that your War Bonds helped to provide brought him through. We will need many more such planes in the war against Japan. Buy and hold War Bonds.

**WALDREPS VISIT BROTHER IN EL PASO HOSPITAL**

Mr. and Mrs. J. J. Waldrep of this city and Mrs. Sam Young and Malcolm Dolloff of Lubbock went out to El Paso last Friday to visit their youngest brother, Pvt Dawson Dolloff, who is in an Army hospital there receiving treatment for serious wounds received in Germany on March 28. Both arms and both legs were badly injured but it was believed that it was that it would not be necessary to amputate any of these limbs.

Pvt. Dolloff and other members of his company were in a house, according to information he sent to the Waldreps here, and had just stepped to the door to fire on the enemy when something struck him, he never knew what, perhaps a shell explosion. At any rate, his limbs were terribly mangled, but luckily there were no body injuries.

He was captured by the Germans but was recaptured by his pals four hours later.

Miss Clara May of Wilson, well-known Baptist state B. T. U. worker, left Saturday for San Angelo to resume her work after a two-weeks vacation spent with her parents, Mr. and Mrs. Walter H. May.

B. T. Smith reports that four more solo students have joined his school to learn to fly. These students are as follows: Lane Jones, Bobby Weaver, Mrs. Irene Gallagher, and Mrs. Billie Brooks.

Miss Virginia Roddy, Cadet Nurse at the Hendricks Memorial Hospital, Abilene, is here this week visiting her parents, Mr. and Mrs. Harry L. Roddy, and other members of the family.

**IS GETTING UP NIGHTS GETTING YOU DOWN?**

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieve troublesome excess acidity. Originally treated by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease the uncomfortable symptoms of bladder irritation.

**How women and girls may get wanted relief from functional periodic pain**

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
  2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.
- Try Cardui. If it helps, you'll be glad you did.

**NEW MOORE 4-H**

The 4-H Club of New Moore met June 21st at the home of Wanda, Betty and Geneva Crutcher for the table demonstration. Everyone was served a lunch planned and prepared by the girls.

The hostess should eat slowly in order to finish about the same as the guest. If it is necessary for one to leave early it is courteous to ask the hostess to excuse him. The signal to arise from the table is given by the hostess when she places her napkin on the table and rises.

Evelyn Crutcher will be hostess to the meeting July 18th. The demonstration will be on sewing.

Those present were: Evelyn Crutcher, Joan New, Dorothy Wilson, Patsy Curry, Bobby and Wanda Parker, Jane and Juanes Lemley, Emma Jean Crutcher, Geneva, Betty, and Wanda Crutcher, hostess Miss Carolyn Dixon, and Mrs. Jesse Murphy, sponsor, and Mrs. H. B. Crutcher, visitor.

**LAKEVIEW H. D. CLUB MEETS**

The Lakeview Home Demonstration Club met with Mrs. T. H. Charters June 21, 1945.

Several members were present and Miss Dixon had a large amount of beautifully designed and nicely made garments. The garments consisted of dresses, blouses, pinafores, skirts, aprons and many other things made from flour and feed sacks. The colors were beautiful. The club adjourned expressing much appreciation for having seen the many useful garments.

Mrs. Mary McCormick, Mrs. T. H. Charters, and Mrs. A. M. Fletcher have registered to attend the Educational Short Course at Texas Technological College July 9th, 10th and 11th.

Miss Miriam Pearce, who teaches in the Tuberculosis Hospital, spent the week end here with her cousin, Mrs. G. M. Stewart.

**Why Phillips is Today One of the Country's Greatest Producers of Butadiene for Synthetic Rubber**

The fast-rolling truck pictured above is one of the famous "Red Ball Express" that kept the supplies rolling across France in the wake of the victorious Yanks.

That American industry has been able to meet this terrific demand for all-important truck tires is due, to a great extent, to companies like Phillips.

But that truck also represents one of the biggest headaches tire men—and our men—have had to face in this war!

For long before Pearl Harbor, Phillips scientists foresaw the possibilities of butadiene in producing synthetic rubber. As a result, when the blow fell at Pearl Harbor, Phillips

great research and production facilities were ready to step into the breach.

Today, the Phillips 66 Shield stands for one of America's leading producers of butadiene for synthetic rubber... as well as a great producer of 100 Octane Aviation Fuel, and an almost endless list of newer and better products from petroleum gases and petroleum.

You see, our synthetic rubber program has had to overcome more than the lack of raw rubber from the Jap-held East Indies. It has had to cope with a fantastic demand for tires for Army trucks and other vehicles.

Why is that demand fantastic? Just imagine speeding along roads pitted by shellfire and sprinkled with shrapnel... hub-deep in mud, or rutted in frozen tides. Under those terrible conditions, tires have become frayed and useless at an appalling rate.

 Communion 11:00 a. m.

What must I do to be saved?  
 Last week we found the answer that was given to a man who was not a believer (Acts 16:31). Now turn to Acts 2:14-38 and read the account of where three thousand were converted. Peter preached to these people how it had been prophesied that Christ would come and be crucified and rise again, and he showed them how they had brought about the fulfillment of these prophecies by crucifying Christ. They were convinced of the truth and were "pricked in their hearts" and asked "What shall we do?" Peter didn't tell them to believe on the Lord, because they already believed. He told them to "Repent and be baptized, every one of you, in the name of Jesus Christ for the remission of sins, and ye shall re-

ceive the gift of the Holy Spirit." Those who "received his word were baptized."

Then we see that it took the same to save the jailor as recorded in Acts 16. They believed, repented, and were baptized for the remission of sins, hence could rejoice because they had the promise of salvation.

A close study of every case of conversion recorded will show that these same acts were required of all. We also have the same promise when we become obedient to the gospel as the people did.

You are invited to attend the services of the Church of Christ near you.

#### BAPTIST NOTES

More than sixty men attended the meeting of the Baptist Brotherhood on Tuesday night of last week and the program was rendered by four of the members, H. P. Caviness, N. E. Wood, Rollin McCord, and Victor Botkin the president. A feast of fish was served.

On Friday night, a few of the members of the Tahoka Brotherhood attended the Brotherhood meeting at Redwine, at which H. L. Wrenn, a business man of Snyder was the speaker.

On Sunday morning, 82 men attended the Men's Bible Class here, the class being in a contest with the men of the Church at Post. Seventy-three men had been present here on the preceding Sunday.

At the worship hour the church Superintendent W. A. Reddell announced that the average Sunday School attendance for the month of June had been 314 and had fallen below the 300 point only one Sunday in the month. A total of 351 were present the last Sunday, auditorium was filled almost to its capacity. A smaller crowd was present at the night service, but the attendance on the preaching services the past few months has been most gratifying to the pastor and the membership.

Rev. Levi Price went to Lueders

#### THE COUNTY AGENT SAYS —

Canning and preserving surplus foods is most essential in wartime but a question of importance also is providing space for storing it once it has been preserved. For that reason, interest in cellars has become a major consideration since they afford excellent storage space particularly in this section of the country.

Mrs. Bernice Claytor, Extension Service of A.&M. College, offers several helpful ideas on making your cellar a good one, and she suggests that the four primary considerations which should be kept in mind when building a cellar are: it must be cool, dry, dark and safe.

Cellars should be built to meet the needs of the family, with consideration as to the amount of food and equipment to be stored, other facilities available, and the cost of building. The minimum size to consider is on seven feet, with a height of six and a half or seven feet, she says.

In some cases, a question of location should be considered—that is, whether it is best to have a basement under the house or a cellar in the yard. In either case, the cellar should be as convenient to the kitchen as good construction and storage will permit. The cellar door should be easy to open, there should be a good walk from the kitchen to the outside entrance, and it should, if possible, face south.

For ventilation, make an air inlet about 6 inches from the floor and an outlet near the ceiling. Have some provisions for closing the vents. Shelves, bins and crates should be ventilated and at least one-inch from the walls. Keep the cellar dark for the storage of foods.

Complete plans for such a cellar are available at County Agent's Office.

#### Methodist Revival Closes Successfully

The revival conducted at the Methodist Church for the preceding two weeks came to a successful conclusion on last Sunday night.

There were many conversions, the pastor, Rev. H. A. Nichols, reported, and many additions to the Church by baptism and vows.

"Many of the old-timers," the pastor reported, "said that the series of sermons preached by Rev. John M. Neel were the best they had heard in a long time. The Church too was greatly helped by the spiritual sermons."

The singing was ably led by Rev. W. B. Swimme of Morton. A voluntary collection of about \$716.00 was taken Sunday morning for the helpers.

The pastor announces the regular services for next Sunday at 11:00 o'clock in the morning and at 9:00 o'clock at night.

A welcome is assured to all who will attend.

#### SACRED HARP SINGING AT LUBBOCK SUNDAY

There will be an All-day Sacred Harp singing next Sunday, July 1, also on Saturday, June 30, at the Four-Square Gospel Church on 8th Street, Lubbock. Dr. Stringer is the president. Everybody is cordially invited. —R. B. McCord, Grassland.

Monday to make preliminary arrangements respecting the participation of Tahoka young people and children in the Baptist encampment to begin there next Monday morning. The encampment will be in session all week but the Tahoka delegation expect to go down on Monday morning and come back Wednesday afternoon or night.

lar a good one, and she suggests that the four primary considerations which should be kept in mind when building a cellar are: it must be cool, dry, dark and safe.

Cellars should be built to meet the needs of the family, with consideration as to the amount of food and equipment to be stored, other facilities available, and the cost of building. The minimum size to consider is on seven feet, with a height of six and a half or seven feet, she says.

In some cases, a question of location should be considered—that is, whether it is best to have a basement under the house or a cellar in the yard. For ventilation, make an air inlet about 6 inches from the floor and an outlet near the ceiling. Have some provisions for closing the vents. Shelves, bins and crates should be ventilated and at least one-inch from the walls. Keep the cellar dark for the storage of foods.

Complete plans for such a cellar are available at County Agent's Office.

#### Congratulations—

To Mr. and Mrs. O. T. Reed, of Amarillo, formerly of Redwine in this county, on the birth of a son in Amarillo on Thursday of last week, weighing five pounds and six ounces. He has been named Jackie Lynn. The father is a brother of Mrs. Frank Stuart of Tahoka.

To Mr. and Mrs. W. H. Crabb on the birth of a son, Clarence Nell Crabb, at the Tahoka Clinic on Thursday, June 21. Mr. Crabb is employed at the Gaignat Hardware.

To Mr. and Mrs. R. L. Buck, a daughter, Cynthia Ja-Na Buck, born on June 12, in Tahoka Clinic.

To Mr. and Mrs. D. H. Evans of Wilson on the birth of a daughter at 7:30 o'clock Tuesday night, June 26, in the West Texas Hospital, Lubbock. The little lady weighed 7 pounds and 4 ounces.

#### Bond Rally

(Cont'd from page 1)

ed, he declared, when they found the people complacent and little concerned about the hell of fire and suffering which these sons of America had undergone, and were talking of the war as if it were nearly over.

"Time and again he emphasized his belief that the war will last a long time yet. It will yet cost the lives of 100,000 American youth to bring Japan to her knees he repeatedly shouted.

We must get over this complacent attitude, he argued, and buy bonds, bonds, bonds, and more bonds.

He spoke with great emotion throughout, and it was apparent that his address had deeply affected the audience.

He was followed by Harley Sadler picturesque and greatly beloved West Texas showman and now representative in the legislature, who in his own peculiar and appealing manner pleaded with the people to buy bonds, and then conducted a bond sale that brought in many subscriptions large and small, ranging from \$25.00 to \$5,000 each.

Owing to the absence of Truett Smith, campaign chairman, from the county this week, the News was unable to get a final report as to results in the county up to this time.

W. B. Slaton of the First National Bank reports, however, that his Bank alone has sold a total of \$550,000 worth of bonds of all kinds in this campaign. He also says that the City of Tahoka has reached her quota on E bonds and that Dixie community has done likewise. Many other communities in the county, however have not reached their quotas. Their failure, if do fail, should be attributed largely to the drought, and the unfavorable crop prospects which prevail throughout the county at this time.

It is to be hoped that those who have been scared off by the drought will respond liberally as soon as there is a turn in weather conditions for the better.

#### Buy War Bonds

##### Transport Mules

The American mule is an important transportation unit for our army, especially where the terrain is muddy and mountainous. Thousands of them are crossing the oceans, traveling in style, in ships that have been especially and expensively converted for the purpose. Seventeen ships—13 Liberty and 4 cargo ships—have been converted to mule carriers at an average cost of \$317,133 each. The ships are designed to carry from 320 to 699 mules—with sick bays for 16 to 32 mules. A feature of the ships is that the stalls are built to accommodate mules of various sizes, from different areas. A Missouri mule, for example, requires more space than the slightly smaller Texas mule. Stalls are built crosswise, as it has been discovered that this type of structure largely eliminates seasickness on the part of the mules, and they arrive fit for immediate service.

##### Broody Hens

Broodiness in poultry will cause only a minimum of trouble if the poultryman acts quickly. At the first symptom of broodiness, the hen should either be culled or removed to the broody coop. The most satisfactory coop is set off the ground and has a bottom of slats or chicken wire. It's also important to feed broody hens the same ration that you feed the laying flock. Records show that when hens go broody, they cease to be profitable as egg producers unless broken up immediately. If a producer doesn't want to sell hens at the first broody period, he should place bands on their legs or clip their tails to mark them as first offenders. Then, if the brooding tendency persists, the hens should be culled.

**THE PERIL OF CRIMINALITY AFTER THE WAR**

Gen. Eisenhower has recently declared that the trained American soldier is the best soldier in the world. We believe it. There is no army of comparable size in all the world that is equal in fighting power and effectiveness to the armies which we have sent overseas. For courage, for initiative, for astuteness, for general intelligence, and for moral character, the American soldier, we believe, is the superior of all others.

Nevertheless, some natural born criminals were inducted into the service and will come back criminals when the war is over, or before. Thousands of other men will come back with nerves shattered and in abnormal mental condition. Others still will come back soured and cynical, with moral standards greatly lowered. Of course the great masses of our sons and brothers will come back just as strong, or even stronger, mentally and morally, as when they went away. They will be far better informed, intelligent, and patriotic citizens by reason of their service in our armed forces, and the rest of us will be delighted to give them honor. But we know that from the mental and moral wrecks of the war and from the criminal classes that were inducted into the service, many post war criminals will emerge. There will doubtless be an epidemic of crime in this country following this war just as there has been following every other great war in which our country has engaged.

Attorneys for the post-war criminals will defend or seek leniency for their clients in many cases on the grounds, well camouflaged perhaps, that their clients have done patriotic service for their country and possibly that they have been rendered somewhat irresponsible by their experiences in the war. Many hardened criminals will no doubt be thus enabled to escape just and adequate punishment for their crimes. We wish to sound a warning now against the folly of paying too much attention to such pleas as this. Hardened criminals, including the so-called criminally insane, must be placed where they can not follow lives of pillage and crime.

If the Japs had as much intelligence as they have zeal and courage, they would run up the white flag and surrender unconditionally before sundown. Of course they can take refuge in their caves and rat holes and prolong this war for months, possibly for a year or two. But in the meantime their cities will be destroyed, their land laid waste, and the lives of millions of their people snuffed out. So utter will be the destruction that they will not be able to rise again as a world power for generations. The people are the dupes of military leaders who had an axe to grind in starting this war. The leaders use the national religion, which is nothing more than silly superstition, to persuade the people that deceit and treachery and barbarity and butchery and the basest types of immorality perpetrated against their enemies, even against innocent children and babes in arms will be gloriously rewarded in the life that comes after death; and thus they induce the ignorant simpletons to fight with a desperation the world has scarcely ever seen and to commit the foulest deeds in all the category of vice and crime as they go to their death. The Japs must be thoroughly whipped, totally disarmed, completely disillusioned, taught some sense of decency and morality, and finally, as far as possible, Christianized and educated along the lines of modern civilization. This should be the last time in history that treacherous, unscrupulous, brutal Pagan people should be allowed to gain the power to disturb the peace and threaten the subjugation of half the world.

**CITATION BY PUBLICATION**

The State of Texas.  
To: Mary Becco Austin Gant,

**Cpl. V. N. Townsen Tells Railroading War Experiences**

Cpl. Velon N. Townsen, former telegraph operator and station agent for the Santa Fe here, and son of Mr. and Mrs. N. O. Townsen of Rt. 4, who has been "railroading" in the European Theatre of Operations for many months, writes his parents the following interesting letter, dated May 22, from Namur, Belgium.

Well, censorship has loosened up now and I can tell you most everything, but now that it is mostly over I don't know what to say or tell you.

I am in Namur. We are operating trains out of Aachen, Germany, to Brussels, also out of here down to Sileramont, near Luxembourg, and as far as Charleroi, toward Mons. For a while we operated into Cologne from Aachen and also into Munchen, Gladbach. We have never operated across the Rhine, but up to the Rhine in several places.

I have been in Cologne but just passing through from Aachen to Munchen Gladbach. I worked in Aachen, in fact my buddy and myself were the first operators there after it fell. We were only there about 10 days, though. But that was enough. I was in Liege for about two or three weeks during the V-Bomb blitz. There was an average of 60 a day launched at Liege. Some missed as far as five miles, some were shot down, and then some were direct hits. When we first hit Namur, we had a few here, too.

The first place we started to work was Solissons, France. The second night we were there (the whole battalion) had a bombing and strafing raid, and caught a lot of amo. on fire. Over a hundred cars of heavy H. E. amo. went up that night. We were ordered out to try to save some of the stuff in the yard, and some of the boys did get an engine going and saved

orable District Court of Lynn County, at the Court House in Tahoka, Texas. Said plaintiff's petition was filed on the 26th day of January, 1945. The file number of said suit being No. 1607. The names of the parties in said suit are: N. E. Gant, as Plaintiff, and Mary Becco Austin Gant, as Defendant.

The nature of said suit being substantially as follows, to wit: That plaintiff is praying for a divorce and has resided in Lynn County, Texas, for more than one year next preceding the filing of this petition, and still a resident of said county and state, that plaintiff and defendant were legally married on or about the 18th day of July, 1937 and lived together as husband and wife in said county until on or about the 1st day of July, 1940, at said time defendant voluntarily left the bed and board of Plaintiff without any provocation or cause whatever with the intention of finally separating and living apart from Plaintiff and has continued to do so up to the filing of this petition, the often requested by Plaintiff to return to his bed and board and live with him as his wife. That during the said marriage of plaintiff and defendant there were born as issue of said marriage, two children, to wit, Mary Louise Gant, a girl, age seven years, now residing in Lubbock County, Texas and a girl, age five years now residing with Plaintiff in the State of Arkansas. Plaintiff praying for a divorce and annulment of said marriage.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 30th day of May A. D., 1945.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this the 30th day of May A. D., 1945. (SBAE.)

W. S. TAYLOR, Clerk District Court, Lynn County, Texas. 44-4tc

a little, but that yard and whole town was wrecked that night. We lost several good men, too! We were initiated in a hurry. But I will not try to go into all the gruesome details in a letter.

As I said before, most of our business is between Aachen through Liege to Namur, and we split and switch the train here for La Harve, Antwerp, Brussels, and various destinations. We also have men in Antwerp now. Just to let you know what it is like, we had 123 trains in and out of here yesterday. That is about an average day. We also have about 20 Belgic civil trains a day. But we have double tracks on most all our territory now and are really moving the business. We use all the Belgic labor we can get. We use Belgic train crews with a G. I. pilot when we do not have a full crew available. We have operators at every station to handle military trains. The Belgics handle their civil trains and are instructed by us on handling our trains.

Have been in several towns soon after the fighting, and we had to take over the whole thing until the Belgics came back. I have also worked in Luxembourg, but just three days clearing up the yard down there. I did my hunting in the King's Royal Forest near Libramont and Bastogne, about 20 miles from Lux. Have been up to Brussels a time or two, but never worked there.

Yes, most of the nasty part is over over here. However, we had a Headquarters man shot last night

while on guard at our chateau. A Belgic POW just back from Germany shot him. But he will live.

I still can't tell you just how many men we have lost, but several. I want to say right here I have been very lucky, but when I think of what I have done compared to what many have done in this war, I am almost ashamed to even mention what I have done.

But I have seen the boys up front very glad to see us coming up with a train load of amo. or gasoline. That is about the only satisfaction we get.

We also handled all those boats that they crossed the Rhine with, and material to build the bridges across. But we still didn't see the rough stuff that they have seen. Am sure glad it's all over.

**HARTER-JOHNSON**

Miss Verna Jo Johnson became the bride of Henry Clyde Harter, Jr., on June 17 at O'Donnell, Texas. The ceremony was performed by the Justice of the Peace T. W. Brown in the presence of a few friends and relatives.

The bride is the daughter of Mr. and Mrs. Paul Johnson, of Tahoka. She was a member of the 1945 graduating class of the Tahoka High School.

The bridegroom is the son of Mrs. Henry Clyde Harter, Sr. of Tahoka. He is employed as a mechanic at Roy's Garage.

They are making their home at the present in the Carlos Courts.

Florida, with an increase in population of 27.9 per cent, was the fastest growing state during the period of 1930-40.

The Rio Grande river has given surveyors a great many headaches because, for apparently no reason at all, it changes its course from time to time.

**Cpl. Cook Dies in France**

Cpl. William Bernice Cook, formerly of the Wells community in this county but more recently with the U. S. Armed Forces in Europe, died in France on Saturday, June 16, according to published reports and confirmed Tuesday of this week by a communication received by his widow, Mrs. Angela Cook of Big Spring, from the War Department. His mother, Mrs. Ida Cook, now lives at Big Spring also. One brother, R.F. Cook, who brought the news to Tahoka, lives at Lorenzo and another, V. E. Cook, in Lubbock. Two brothers, E. A. and H. L. still live at O'Donnell, one sister, Mrs. H. A. Dial, near Mead-ow, and another, Mrs. T. Ellis, near Brownfield.

It is not known here or by members of the family, whether the death resulted from wounds or natural causes.

**CHILDREN'S PARTY**

A lively outdoor party was held on the lawn at the home of Mr. and Mrs. P. A. Nowlin Monday evening from 7:00 to 8:30 o'clock, when their daughters Peggy and Nancy entertained a group of their friends with a picnic.

After roasting wieners and enjoying the supper, the children enjoyed a number of games.

Those present included: Kennie and Dorothy Ann Durham, Jane and Donni Taylor, Jerry D. Cain, N. E. and Idallah Wood, Gordon Truett Smith, Joan Bennett, Jimmy and Jill Walker, Ted Pridmore, the hostesses Peggy and Nancy Nowlin and the following from out of town: Bob Hill, and Jim Dixon from Akron, Ohio, who with their mother, Mrs. Henry L. Dixon are visiting their grand parents Mr. and Mrs. H. P. Caviness; Anita and Sarah Rochelle of Austin who are visiting in the home of their grand father, E. I. Hill.

Other present included: Misses: Roy G. Taylor, Lou Ann Taylor, H. Roy G. Taylor, and little Miss Lou Ann Taylor, H. P. Caviness, H. L. Dixon, Clay Bennett, E. I. Hill and Mr. and Mrs. P. A. Nowlin.

**CRUCE-SPROLES**

The marriage of Miss Lois Sproles daughter of Mr. and Mrs. Elmer Sproles of Tahoka, and Roy Lee (Bo) Cruce GM-3-c, son of Mr. and Mrs. L. R. Cruce of Abernathy, was solemnized in a candlelight ceremony at the King George Cnapel in San Francisco, Wednesday June 3 at 6:30 p. m. Rev. W. K. Kreamer performed the double ring ceremony.

Mrs. Dorothy Kreamer was matron of honor, and Tom Dargon GM-1-c served as best man. The bride wore a white chiffon street length dress with sweetheart neckline and circular skirt. Her accessories were white, and she carried a bouquet of American Beauty roses.

The Ordnance Division of the U. S. S. Goshen, their wives, and the bride's mother were guests.

The bride is a graduate of Tahoka High School and is now employed at the Tahoka Clinic. The groom graduated from Cotton Center High School and has been in the

The Tahoka Clinic reports treatment of Garland Pennington for injury to fingers of his right hand, mashed while unloading electric light poles on June 12. Fingers are healing nicely.

Oklahoma City had a population of 10,000 on the day it was settled. It was opened for settlement on April 22, 1889, and by night fall had a population of ten thousand under tents.

**IN THE KITCHEN**

The new Modern CP Gas Range will offer a solid foundation for that New Freedom Gas Kitchen to be planned, come the peace. In it you'll find every modern convenience that your heart could possibly desire. It'll be beautiful to look at—that's a certainty. It'll cook, bake, broil, fry, saute, cook the "waterless" way and do everything else that you've ever wanted a range to do. That's a promise made to you by the manufacturers of the new CP gas ranges.

About all you can do now is to dream, but after peace has come, you will be glad you included the new Modern CP Gas Range in your New Freedom Gas Kitchen, and that you bought War Bonds to make that dream come true.

## Morris Family Fills Their Quota

Jimmy Morris, son of Mr. and Mrs. Earle Morris of the Gordon community, was inducted into the Army at San Antonio recently and is now stationed at Camp Fannin, Tyler.

Jimmy is the fourth member of his family to enter service in our armed forces.

Maurice Morris served six months in 1941 and was given a medical discharge. T-Sgt. Earle D. Morris entered the service in 1942 and is now in Germany. Mary Lynn Morris, Y-3, is stationed at Corpus Christi. She joined the WAVES in 1944.

Mrs. N. E. Finley of Uvalde has been here the past several days visiting Mr. and Mrs. W. A. Yates. She is Mr. Yates' sister.

## Wilson 4-H Club Meets

The 4-H club of Wilson met June 10th at the home of Barbara Maeker. Lunch was served to fourteen girls, the agent, and six visitors. Each girl brought a portion of the food she had prepared.

The first course, which was tomato juice, was served in the living room first. After the "family" and the honor guests are seated at the table, the hostess unfolds her napkin first after thanks is returned. The food is passed, and she then takes up the silver to be used and, in this way, gives the signal to eat. The hostess may serve the beverage with the main course or with the dessert, or with both.

The next meeting will be with June and Jean Covey the afternoon of July 20th.

Club members present were: June and Jean Covey, Juanell Schneider, Grovanda Coleman, Mary Frances Campbell, Lajuana and Patsy

**Housing**

(Continued from page one)  
lots on Sixth street.  
The two-story tile and stucco garage apartment started by Judge J. W. Elliott several months ago is nearly complete. It is located on Third street.

Further west on the same street I. L. Carter has moved in a house from the country and is remodeling and enlarging it to a 6-room residence.

Likewise on the same street is the home W. T. Kidwell moved to town a few months ago, which has been completely remodeled.

Osa Gattis has started a nice 4-room residence on Fifth street.  
R. L. (Bob) Littlepage, who has a number of rent houses and two business buildings in town, has recently built two new stucco houses just southwest of the square.

In the southwest part of town J. B. Hamilton has built a 5-room house, and his brother-in-law, R.C. Williams, a 4-room residence.

Ernest Drager has built a 3-room house in the southeast part of town, which he sold to Bill Cathcart.

B. R. Tate recently erected a nice frame and stucco rent house just outside the city limits on the Luback highway, and I. M. Draper has a nice new home just south of town on the O'Donnell highway.

Levi Nordyke has erected several rent houses east of the Santa Fe station which he is renting to Mexicans.

Also, several small houses have been built in the Negro section over in the extreme Northeast part of town.

Possibly there are several other new homes which The News has failed to note.

**Congratulations to:**

Mr. and Mrs. G. R. (Doc) Bertreux, upon the birth of a daughter at the Sinclair Clinic on Wednesday, June 20. She bears the name of Edna Fay.

Mr. and Mrs. O. C. Mensch upon the birth of a daughter whom they have named Ida Frances, at the Sinclair Clinic, June 20.

Mr. and Mrs. E. L. Jackson upon the birth of a daughter, Doris Nell, in the Sinclair Clinic on Sunday June 24.

Mr. and Mrs. Gerald Galloway and daughter visited Mr. and Mrs. Jim Burleson here Sunday and Monday. Mr. Galloway is brother of Mrs. Burleson.

**Richard West Graduates At Naval Academy**

Ensign Richard E. West, son of Mr. and Mrs. E. H. West of the Lakeview community, who graduated at Annapolis Naval Academy on June 6, is now at home visiting with his parents.

He will leave on July 8 for San Francisco, where he will begin active service in the Navy and expects to be sent overseas immediately.

Though he was born at Pammersville, Texas, he was reared in Arizona, his parents moving back to Texas and settling in Lynn county two years ago.

He has a brother, Pfc William L. West, who is with the U. S. forces in Germany with the 340th anti-aircraft squadron.

**TONSILLECTOMIES**

Tonsillectomies have been performed for patients at the Sinclair Clinic recently as follows:

For Gerald Drager, son of Mr. and Mrs. Ernest Drager, on June 5.

For Roy Cloyce Keith, son of Mr. and Mrs. B. W. Keith, on June 5.

For Nelda Ruth Carlisle, daughter of Mr. and Mrs. J. T. Carlisle, on June 6.

For Jerry Wayne Pearson, son of Mr. and Mrs. J. W. Pearson, on June 6.

For Ida Pearl Mason, daughter of Mr. and Mrs. T. B. Mason, on June 20.

For Martin Francis Eudaly, son of Mr. and Mrs. Clayton Eudaly, on June 19.

**Pfc. Joe W. Moore**

Pfc. Joe W. Moore recently received the following letter of commendation from his Lt. Colonel A.P. Rowlette.

Under date of March 29, 1945, Headquarters 180th Station Hospital, APO 887, U. S. Army, Lt. Col. Rowlette wrote: Your performance of duties in the Motor Pool has been outstanding. You are to be commended for your faithfulness and attention to your equipment, your safety record, and your cheerful performance regardless of hours of duty.

Pfc. Moore is a nephew of Wiley and Jack Curry and of Mmes. Bill and Joe Thompson.

**Lt. Col. Minor**

(Cont'd. from first page)  
ception given him but scarcely alluded to the experiences and exploits which had made him famous. He chose to discuss rather the Status of Germany after the war.

He spoke slowly and deliberately but every utterance carried much weight. We can refer to only a few of them.

Col. Minor was very positive in expression of opinion that it would be necessary for the Allies to occupy Germany for many years. He thinks they are almost inevitably imbued with the military spirit and with the idea that they are a race of super-men and women. They must be ruled with an iron hand, he thinks, and kept in utter subjection by force. Otherwise, they will soon rally under some other leader and start another war.

He is of the opinion that a great majority of the German people were wholeheartedly backing up Hitler from the very start. Their renunciations of Nazism now, he thinks, are insincere. As showing the spirit of the people, he called attention to the attitude of the little children, who would often spit at the American soldiers as they passed by and otherwise show their contempt.

He was told by those who had opportunity to observe the German people as they were forced to look upon the dead, the sick, and the starving in the concentration camps, that they were little moved by the pitiable scenes. They showed no compunctions of conscience whatever. Col. Minor himself detected no remorse among those Germans with whom he came in contact.

The Germans are not sorry that Hitler started the war, he declared, they are only sorry that they lost it. He thinks that it will be a long time before they can be imbued with the democratic spirit, if ever. They have been used to autocracy and militarism so long, he says, that it has become second nature with them. He thinks that educating them out of it will be a long and tedious process. He thinks a hard-boiled policy is the only effective policy that we can use in dealing with them. He believes thoroughly in the non-fraternization order which our leaders have given our soldiers in Germany. That humiliates the Germans, he says, and the more they can be humiliated, the better it will be for the world, he thinks. And, contrary to some reports, he thinks the non-fraternization order is being generally obeyed by our soldiers.

Col. Minor thinks that practically all of our soldiers who have had any experience in Germany hold the same views as his own regarding these matters.

**TWO SONS PROMOTED**  
Mr. and Mrs. Jarrell Cox have received word within the past few days that their son Jimmie, who is stationed at Drew Field, Fla. has been promoted from private first class to Corporal and their older son William Paul who is in Germany has been promoted from Corporal to Sergeant.

**WATERING TREES**

By Manuel W. Agurs, County Agent

Even though you've got good intentions, sometimes you can injure your trees and shrubs by the way you water them.

The idea is to do a good job of watering no oftener than necessary. For if you sprinkle plants frequently and the water doesn't soak down more than two or three inches deep you've done your plants a bad turn. The roots may grow toward the surface and unusually hot dry weather will kill them off too readily.

Incidentally, this is one reason why hand watering with a hose is seldom satisfactory. For one thing, most folks are too impatient and will wander on before the job is well done. And for another thing, usually the water is sprayed on too fast. The ideal way is to apply a small amount of water per minute continuously for several hours. Then you won't have to water so often.

There are numerous kinds of sprays on lawn sprinklers you can get to do the job right. You can put one on your hose. Or, of you have several lengths of hose, you can put the sprinklers on in a series. That speeds up the work, because you can cover longer strips at a time. However, putting these sprinklers in a series means lower pressure. But that's a good thing, for watering under shrubs and low branched trees. It's especially good too for plants that are injured by having drops of water on the leaves in strong sunlight.

If you want to check on how thoroughly you've watered, dig down into the soil 10 to 12 hours later. Then you can see if the moisture has penetrated to the roots. Making a basin to hold water around shrubs and mulching after watering are other practices you can follow with good results.

There are four different time zones in the United States — Eastern, Central, Mountain, and Pacific. Reelfoot Lake in Tennessee and Kentucky was formed by the sinking of a part of the flood plain of the Mississippi in the earthquake of 1811 in New Madrid, Missouri.

The highest and lowest points in the United States are located within a few miles of each other in California. Mt. Whitney and Death Valley.

**Rainfall**

(Cont'd. from page 1)

The rainfall record kept by the News reveals that only 3.24 inches of rain has fallen here since January 1st. The record by the month is as follows: January, .47; February, .87; March, .25; April, .35; May, .65; June, .85.

If we go back to last October 1, we find that only 6.73 inches has fallen since that time, a period of nine months.

If we look at the record for the entire year of 1944, we find that it too was very dry except for the months of July and September. In July last year the rainfall was 1.63 inches. In September it was 3.56 inches. That much rain in July and September this year would insure a good feed crop if planted during the first of July.

The rainfall record for the entire year of 1944 by months was as follows: January, 1.38; February, 1.20; March, .08; April, .77; May, 2.24; June, .65; July, 5.63; August, 1.27; September, 3.56; October, 1.25; November, 1.56; December, .68; a total for the year 's 20.27 inches. More than half or it, 10.46 inches, fell in the three months of July, August, and September.

There is yet hope that the rainfall during the next three months will be abundant.

George T. Dulin of the Seabees is now stationed at Camp Endicott, R. I. and his wife, who now lives in San Antonio, visited him there recently. He had spent some time with the U. S. forces on Guadalcanal but came back to the States months ago. He is a son of T. G. Dulin Sr. and has spent most of his life here.

**MARTHA SHERROD CLASS**

The regular monthly business and social meeting was held in the home of Ms. E. I. Hill Tuesday evening with Mrs. J. N. Hill as hostess.

After the secretary's report was read, Mrs. Jewell Connolly was elected as third vice president. Mrs. N. E. Wood, first vice president read a list of group captains. The campaign for saves during 1945 was discussed.

Mmes. N. H. Cromer and F. E. House furnished entertainment with a series of lively games.

Mmes Hill and Hill served refreshments to Mmes. House, Wood, Cromer, Jarrell Cox, Levi Nordyke, Frank Akin, George Akin, Jewell Connolly, H. B. Howell, V. A. Botkin G. H. Hines, and the hostess.

Class members brought a shower of gifts for the infant son of Mrs. L. A. Phillips, a members who could not attend.

**How women and girls may get wanted relief from functional periodic pain**

Cardui, many women say, has brought relief from the cramp-like aches and nervous strains of functional periodic distress. Taken like a tonic, it should stimulate appetite and digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. 577 811

**We're licking 'em with eggs!**

Don't let up on egg production. Our egg quota is staggering—13,095,792 dozen every day.

Just give birds the stuff and they'll do it. That means Dr. Hess Poultry Pan-a-min in addition to a good ration. Give Pan-a-min for its tonics. It stimulates appetite and assimilation of feed and that's important. It also supplies minerals.

Put 3 pounds of Pan-a-min in every 100 pounds of laying mash. Get Pan-a-min from us at your first opportunity.

**"Take her down!"** With these words, Commander Gilmore signed his own death warrant. Rather than risk losing his boat and crew, from enemy fire, the wounded Commander ordered his submarine to submerge—with himself outside.

**How much is "duty"?**

**WHEN A SOLDIER** charges up a newly established beachhead heedless of the shells and machine-gun bullets ripping around him . . . that's duty.

When a sailor stands at an anti-aircraft gun fiercely firing at an enemy plane, disregarding the bombs and lead falling from the skies . . . that's duty.

A soldier or a sailor has *duty* clearly defined for him.

But how [much is "duty" for a civilian?

There is no clear definition. But there is one job which every man and woman of us *must* consider duty if he would like to see the war shortened and our fighting men back with us.

That's—**Buying War Bonds.** Not just a few. As many as you possibly can afford!

For your own sake . . . for the sake of your fighting men . . . for the sake of your country . . . boost your buying through Payroll Savings!
