Volume 41.

Tahoka, Lynn County, Texas, Friday, August 3, 1945.

Number 52

A. L. Smith Opens New Food Store Of Latest Design

A. L. Smith big new food market, one of the finest in West Texas, opened for business Wednesday.

Located across the street south of the City Park, the building is equipped with all the most modern facilities for handling groceries, meats, fruits, and vegetables, and boast "plenty of parking space."

Smith came to Tahoka as a meat man with the Furr Food Stores then worked for J. B. McPherson, and later established a store of his own. His business has prospered, until more room became almost a necessity.

His new building is large, substantial and beautiful, constructed of brick, steel, concrete, finished in white stucco, and has a beautiful plate glass front facing north. Paved streets on the north and east make it easily accessible to customers.

The interior is finished in light green, and fluorescent lights enhance the color scheme.

Low shelving and "islands" are provided for all groceries where they are easily accessible to customers, with none stacked on the floor to be stumbled over.

An outstanding feature of the store is the glassed-in fresh fruits and vegetables room. Though the entire building is air conditioned, this department has special equipment which brings the temperature down to 50 degrees, thereby keeping the contents garden fresh.

The meat department, also, is outstanding, having two big refrigerator display cases for meats and fish, a cold storage room, and a dairy products refrigerator.

The store also has a large room for receiving and unpacking merchandise, and a storage room that in itself is larger than many food stores. It also has two rest rooms.

In fact, Mr. Smith has tried to install every facility possible for the convenience and comfort of his customers and employees.

The new store would be a distinct credit to any town, large or small, and is another stepping stone in Tahoka's continuous development.

Prominent Jurist Dies At Eastland

Judge William P. Leslie, chief justice of the 11th court of civil appeals, died in a hospital in Eastland Tuesday shortly after having been stricken in his office at 10 o'clock that morning.

Born and reared in Kentucky, Leslie came to Texas as a youth, attended the East Texas Normal College at Commerce, graduated in law at the University of Texas, and was located in Colorado City, where he served as county attorney, district attorney, and district judge.

He was elevated to the office of associate justice of the 11th court of civil appeals at Eastland in 1927 and later became chief justice of that court. The court had just adjourned for its summer recess on Monday of this week.

Lawyers and friends throughout his judicial district were deeply shocked and grieved at his death. Just two weeks ago, two of the leading lawyers in Sweetwater expressed the conviction to the editor of this paper that Judge Leslie was one of the greatest judges in Texas. He was held in highest esteem by the profession generally.

Having served as district attorney for almost four years under Judge Leslie as district judge, this writer knew thoroughly his great worth and is deeply shocked and grieved at his sudden passing.

FLYING COUPLE

B. T. Smith, local flying instructor, reports that Sgt. Leo Brooks, who saw service in Italy with the Army Air Force and who was taken captive when his plane went down over enemy territory, made his first solo flight at the local airport Tuesday.

His wife, Mrs. Billie Brooks made her first solo flight several weeks ago.

Mrs. Fleming, 83, Died Tuesday

Funeral services were conducted at the Grassland Methodist Church at 3 o'clock Wednesday afternoon for Mrs. Emma Fleming, 83, who died here at the home of her son P. K. Fleming, at 8 o'clock Tuesday night. The services were conducted by Pastor Stephen, of the Grassland Methodist Church assisted by Rev. H. A. Nichols of Tahoka and Rev. Elmer Crabtree of Happy, a former pastor of Mrs. Fleming at New Lynn.

Though she had been in poor health for a long time, Mrs. Fleming did not become critically ill until a few days before her death. The body was buried in the Grassland cemetery beside the grave of her husband, who died in 1927.

Surviving are one son, P. K. Fleming, eight grandchildren and four great-grandchildren.

Born in Tennessee, Mrs. Fleming and her husband and their children moved to Rockwall county, Texas about 51 years ago. Eight years (Cont'd. on last page)

Alton Cain Cites Many Civic Needs

Alton Cain, chairman of the club's community service committee, discussed possible community improvements in a talk at the Tahoka Rotary Club Thursday noon of last week.

He suggested improvement projects that the club and town might work on, including adult education, athletics, musical organization, a beautification program, a day nursery, a larger public library, fire prevention and safety, seeking new industries such as a cotton oil mill, recreation or community center, development of a better rural-urban acquaintance.

Derrick Erected For New Oil Test

The derrick is about complete for the new oil test to be drilled on the W. M. May ranch four miles south of Wilson and just east of Tahoka Lake, according to Howard Cook, Wilson banker who was in Tahoka Wednesday afternoon.

The test, known as the W. H. May No. 1, is on a Continental Oil company lease, and is located on Section 10, Block 7, SL survey. Contract depth is said to be 6,700 feet.

BUY AIRPLANE

M. S. and C. C. Presley of near O'Donnell have recently bought an Aeronca C-3 airplane

Judge Garrard Is Informed Atlacide Is Not Available

County Judge Tom Garrard and the members of the commissioners' court have been making strenuous efforts the past few months to find some practical means of eradicating the Johnson Grass which is growing along the highways and on many of the public roads of the county but have found it a difficult task.

Some time ago Judge Garrard wrote to Barada & Page Inc., Dallas, making inquiry about a preparation which they sell as a Johnson grass destroyer, and on July 12 they addressed to him the following: "We have delayed answering your letter because we have been ex-

(Cont'd. on last page)

Baptist Revival Will Begin Sunday

Revival services will begin at the Baptist Church here Sunday to continue two weeks. Rev. Levi Price, pastor will do the preaching and Bob Lawrence of Mineral Wells will conduct the song services.

It had been planned for a visiting minister to do the preaching but a few days ago he notified the pastor that he would not be here. The Church therefore asked the pastor to do the preaching, believing that he can do it far better than most visiting preachers any way.

Morning services will be held on week days at 10 o'clock; evening services at 8 o'clock; prayer services beginning at 8:30.

Everyone is cordially invited to attend.

Stewart Is Named Examiner By CAA

Charles A. Stewart, flying instructor at the local airport, last week was appointed by the Civil Aeronautics Authority as flight examiner for this area, which means that he is authorized to give flight tests and written examinations to applicants for private pilot's licenses.

Stewart was recently released from the Army Air Forces. He has been flying since 1939, and has had much experience as an instructor of Army pilots. He has 1700 flying hours to his credit.

Mrs. Lucille Hall Betts of Littlefield and former member of Tahoka school faculty spent a few days here last week visiting Mrs. J. A. Biggerstaff and Mrs. R. C. Forrester.

NEW PASTOR AT GRASSLAND CHURCH OF NAZARENE

Rev. and Mrs. A. G. Johnson, formerly of Las Animas, Colorado, are the new pastors of the Grassland Church of the Nazarene, and filled the pulpit there last Sunday.

They are moving to that community this week.

Heavy Rainfall In Part of County

A considerable area lying west and southwest of Tahoka in the Point, Three Lakes, and Wells communities received a heavy downpour of rain last Sunday afternoon. Some farmers report as much as an inch and a half to two inches. Most of the county, however, received no rain that time, and a general rain over the county would be warmly welcomed at this time.

Many crops, however, are growing nicely, though the cotton acreage is probably not more than one-third of a normal crop.

Wilson Teacher Is Injured In Fall

Mrs. W. L. Forrester, teacher in the Wilson public schools for the past 19 years, is reported to be recovering in the home of a daughter in Sweetwater from injuries which she sustained a few weeks ago when she fell in a bath-tub and broke her leg.

Following the injury she was taken to a Lubbock hospital for treatment, where she remained for two weeks. Then she was taken to Sweetwater to remain in her daughter's home until she is able to resume her duties as a teacher which she hopes to do when school opens in September.

She is a sister-in-law of Mrs. R. C. Forrester of Tahoka.

Capt. Harlan Patterson of Houston, who was born in Tahoka, the son of the late Mr. and Mrs. Fisher Patterson, arrived Tuesday for a visit with his grandparents, Mr. and Mrs. F. M. Sherrod. He had recently returned home after 22 months in Europe.

Piggly Wiggly Is Damaged By Fire

Piggly Wiggly store, in the W. L. Knight building, was badly damaged by fire, smoke and water early Saturday morning as result of a fire which broke out in the building at the rear of the building, detected shortly after 2 a. m. by the nightwatchmen.

Quick and efficient work by the Tahoka Fire Department saved the building, its contents, and possibly neighboring buildings from complete destruction.

The loss, however, was heavy due to damage done the large stock of merchandise carried by Piggly Wiggly being damaged by fire, smoke, and water.

W. T. Kidwell, store owner, said that store would probably be closed a month or six weeks in order to repair and recondition the ceiling, roof, walls, and floor.

Piggly Wiggly is one of the largest stores in this area, and friends and customers hope to see the institution open again as quickly as repairs can be made.

Much Interest In Softball Games

Interested? The people of Tahoka have taken a great interest in the softball club of Tahoka. The club now consists of five teams, two teams of young and middle age men, one team of young boys, and two teams of girls and women.

The teams have a good start and they have been turning out one hundred per cent, as spectators and have found it to be entertaining and worthwhile.

The club moved the lights from the old ball field close to Negro Flat, to the new location by the Henry Maassen Produce Co. The lights are paid for by a collection taken from the crowds at each game.

Some of the teams have ordered shirts which are furnished by the Farmers Co-op, Oil Co.

To be entertained come out on Monday, Tuesday, and Friday and enjoy a good game of softball, played by your home town people. Come out and support your team.

Two Are Held On Forgery Charges

Mr. and Mrs. Ted Alton Davis of Crosbyton, alleged to have passed a forged check for \$30.00 at a grocery store here last March, were arrested in Lubbock Thursday of last week, after the State Office of Public Safety had sent out circulars describing them and notifying peace officers of the state to be on the look-out for the pair.

Mr. and Mrs. Davis are said to be wanted in about fifty Texas counties on similar charges.

Musical Instruments Sent From Germany

Clem Mensch of Draw recently received from his brother, Pfc. Wesley Doyle Mensch, who is in Germany, some valuable musical instruments of which he is very proud, a German harp and violin in a beautiful case, with a new set of strings and two bows.

There ought to be a lot of harmony-down in the Mensch home just now, and doubtless there is.

Congratulations—

Lt. and Mrs. James Reego of Temple upon the birth of a daughter, Mary Louise, weighing 8 lbs. and 3 oz. on July, 27 at McCloskey General Hospital. Lt. Reego is in the Philippines with the Army Signal Corps. The mother is Mary Bland, daughter of Mrs. Colman Wells and was reared here.

Marlene McKeenan of Fayetteville, Arkansas, is visiting in the home of her uncle and aunt Dr. and Mrs. K. R. Durham.

The Statue of Liberty weighs 450,000 pounds, or 225 tons.

Service Men Are Returning From War In Europe

Many Lynn county service men, most of whom have been in the European War zone, have arrived home the last few days.

Sgt. Ted Boydston, who has been at the front most of the time since the invasion of North Africa, arrived home Wednesday of last week, and a short time after his arrival received papers giving him a discharge from the service. Ted saw action with the 62nd Field Artillery in North Africa, Sicily, France, Belgium, Holland, Germany and Czechoslovakia. He and his brother, Billy, were in the same outfit all through the war. Billy, who now is a second lieutenant, remaining in Czechoslovakia with the occupation forces.

Sgt. Pug Parker, son of Mr. and Mrs. B. L. Parker, who also had been in the European war theatre for many months, arrived home Thursday of last week.

Alfred Ratliff, wearer of the Purple Heart with an Oak Leaf Cluster, is home from the Navy recuperating from a broken arm received when his ship was sunk in the Pacific.

Lt. "Bud" Garrard, who saw action in France, Belgium, Luxembourg, and Germany, and who wears the Purple Heart and the Bronze Star, arrived here last week to visit his father, Judge Tom Garrard, and brother, T. Garrard.

Charles Reid, son of Mr. and Mrs. Tom Reid, arrived home on Saturday after having seen action against the Germans in France and Germany.

Robert Rusk, who has been in a Navy radar school on the West Coast, and Robert Warren, in Navy radio training at Corpus Christi, also have been at home.

Gordon Cass of Draw is home in leave from service in the Navy.

Pvt. Jack Yandell Is Home From War

Pvt. Jack Yandell, who was wounded in Germany on May 3 and has been receiving treatment in the Army hospital at Longview, Texas, is reporting back to the hospital today after a visit here with his mother, Mrs. D. C. Roberts, on a 30-day furlough.

Pvt. Yandell's leg was broken in a motorcycle accident while on duty serving as a paratrooper. He had been in the service for two years and nine months and had been overseas since January of this year.

Cpl. Loyd Is Coming Home From Italy

15th AAF in Italy. — After serving in Italy with the 15th Air Force Cpl. Willie G. Loyd, Tahoka, Texas, will soon return to the United States with the veteran 49th Bomb Group which was recently announced by Brig. Gen. James A. Mollison, commanding general of the 15th Air Force.

Pvt. Dawson Dolloff Home From Germany

Pvt. Dawson Dolloff, who is being treated in an army hospital in El Paso for serious wounds received in Germany on March 28, was here last Friday visiting his parents, Mr. and Mrs. J. J. Waldrep. While his arms and legs were badly mangled at the time, it has not been necessary to amputate any of his limbs and his improvement has been most satisfactory.

Ex-Service Men Are Sought By Legion

August is the month for payment of dues in the American Legion, and E. J. Hendrix, commander of the local post, urges that all ex-service men and women be prompt in making their payments. Especially are veterans of World War II invited to join the Legion.

The regular social meeting of the Legion will be held at the hall the night of August 14, to which all ex-service men are invited.

Bombs Over Tokyo

Navy bombing planes have just scored direct hits in an attack on an aircraft engine plant during a strike on the Tokyo area. Help keep the bombs falling with greater purchases of War Bonds during the Mighty Seventh. From U. S. Treasury

Pfc. Claud Slover Is With Our Occupation Forces In Europe

Pfc. Claud W. Slover, son of Mr. and Mrs. John Slover of Tahoka, who is with the 763rd Field Artillery Battalion now on military government duty with Major General Hugh J. Gaffey's 23rd Corps, is stationed at the 2000-year-old town of Trier on the Moselle River, according to an Army communication sent to the News. The battalion's post-war assignments have included military police duty, German border security patrol and operation of the big camps in which the Allies are housing former Nazi prisoners of war until such time as the ex-prisoners can be returned to their war-torn homelands.

Sight-seeing tours arranged for the members of the battalion in-

clude Porta Nigra, northern gateway to the old Roman Empire; the cathedral, of Roman origin; and the centuries-old Market Place.

None of the members of the Battalion will ever forget the all-day Russian May-day celebration, it is asserted, which was marked by speeches, parades, dancing, community games and singing.

The Battalion, which was sent over early this year, is now a unit of Lt. Gen. Leonard T. Gerew's Fifteenth U. S. Army.

Tahoka Doughboy Is Attending School In Occupied Area

The News has received a photograph of a group of doughboys seated around a table in what remains of a little red schoolhouse in Rudolstadt, Germany, receiving instruction from one of their number, a Pfc., who is playing the role of Professor. One of the scholars seated at the table is Pfc. Estanislado Caballero of Route 4, Tahoka.

The communication and photograph were sent to the News by the Public Relation Office, Seventh Army, Germany.

The class is a part of the Army's Information and Education program which is already under way with these combat men who just a few weeks ago were pursuing Germans rather than their studies.

The only resemblance to war is the red school house, part of which is missing, with many windows shattered, but the school goes on, with Pfc. Caballero drinking copiously at the fountain of knowledge.

No Hitlerism is being taught in that school house today.

Alex Riddle reports that Mrs. Riddle is now able to be up but is still confined to her room most of the time. It will be remembered that she was severely injured in an accidental fall several weeks ago, two of the ribs being badly broken, and other injuries sustained.

Turhan Bey, Maria Montez and Jon Hall are starred in "Sudan," photographed in Technicolor, with Andy Devine and George Zucco

Ensors Have All Of Children At Home

Mr. and Mrs. R. N. Ensor have had all their children visit in their home this month except one son James Ellis Ensor Sic serving in the navy. He is assigned to the U. S. S. Gen. R. M. Blatchford.

Sgt. Glyn N. Ensor is now home from England, arriving June 27th. He served with the 8th Air Force. After his 30-day furlough he is spending with his parents, wife and little son, Larry Dale, 10 months of age he will report to Fort Sam Houston for reassignment.

Mrs. Herman Smith of Grand Prairie, and daughters Sherry Lynn and Sue Lovonne spent two weeks here.

Mrs. Lucille Brown of Rome, Ga. and J. S. Ensor of Dallas arrived the 10th.

Mr. and Mrs. W. R. Puckett of Big Spring, and children, Ensor, and Annelie; Mrs. Nannie Wilson and daughter, Gerald Sue also of Big Spring concludes the group of children away from home. The two other children who live in this vicinity are Mrs. A. B. Hemmline and Mrs. H. C. Hemmline.

Other than two sons in service Mr. and Mrs. Ensor have five grandsons serving in our armed forces. They are: Royce Hemmline, A. O. M.3/c; Pfc. Buck Dwain Smith, Marines; Pvt. Wade Wilson, army; Merle D. Ensor, S 2/c; Sgt. Dale Puckett, Air Corps.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

CARDUI

SEE LABEL DIRECTIONS

Major F. C. Hartwell and family of Millville, New Jersey, spent a few days here recently visiting his father, Claude Hartwell, who accompanied them back to Dallas. The elder Hartwell was accompanied to Tahoka by his daughter, Mrs. Paul Kinnamon and her daughter, Miss Karon Kinnamon, who expect to return to Dallas the first of next week. Major Hartwell has been in the air service for the past four and a half years.

Mr. and Mrs. R. H. Grubbs and family of Petersburg visited their daughter, Mrs. C. M. Mensch at

Draw, Sunday. Mildred Grubbs, who had been visiting, accompanied them home.

AMERICAN HEROES

By WOODY COWAN

BOATSWAIN ALBERTO GALZA, Baltimore, Md., well deserves his Merchant Marine Distinguished Service Medal. When the SS Delisle was first torpedoed, he rescued the wounded third mate. In the second torpedoing, the Master of the ship was pinned down by a cargo boom. Galza cut him free and lowered him to a raft just before the ship sank. War Bonds bought and held will provide ships and gear for the Merchant Marine.

U. S. Treasury Department

MCDONALD-DIXON

A wedding of more than passing interest in Lynn county was solemnized Saturday evening at 8:30 when, in a single ring ceremony read by Rev. Levi W. Price, Baptist pastor, Miss Nancy Carolyn Dixon, County Home Demonstration Agent, became the bride of Chief Petty Officer Rudolph M. McDonald of Coleman, in the home of Mr. and Mrs. H. P. Caveness, where the bride resides.

During the ceremony the couple stood before the mirrored mantle in the softly lighted living room which was decorated by tall floor baskets of peach gladioli and fern, pots of fern, and vases of Spring flowers.

Preceding the ceremony Mrs. Paul Pittman sang "I Love You Truly" and was accompanied at the piano by Miss Valerie Wells, who played the wedding marches and soft music during the ceremony.

The wedding and reception which followed in the Caveness home was attended by the host and hostess and several close friends. The

three-tiered wedding cake with punch was served from lace covered dining table.

For her wedding journey Mrs. McDonald exchanged her white batiste embroidery street length dress for a tailored suit with black hat and black accessories. They expected to visit several Texas points, including the bride's home at Bowie.

The groom who is on 30-day furlough after almost three years in the Pacific with the Navy Seabees will return to his station soon and the bride plans to resume her work as Lynn County Home Demonstration Agent.

BAPTIST WOMEN GIVE RECEPTION

More than 60 persons attended a reception at the Baptist Church Monday afternoon when the Baptist women were hostesses to the women of other churches.

Featured on the entertainment program were several vocal solos by Mrs. F. C. Stanley of Lubbock, a former Tahoka resident. These

included such well-known favorites as "Song of Peace," in which Mrs. Stanley was accompanied on the violin by Misses Lou Ann Hardy and Dorothy Dale Kennedy, both of Lubbock; and "Sweet Little Jesus Boy," "Going Home," "Ave Maria," and "My Task," with piano accompaniment by Mrs. G. R. Kennedy of Lubbock. Interspersed with the vocal numbers were a piano solo by Miss Valerie Wells of Tahoka and two violin solos by Miss Lou Ann Hardy of Lubbock.

Preceding the musical program Mrs. Garland Pennington brought a devotional reading from Psalms and Mrs. H. P. Caveness, on behalf of the Baptist women, welcomed the visitors from the other churches.

Among the out-of-town visitors attending this reception were the following, most of whom had been connected with local Baptist church in previous years: Rev. George A. Dale, a former pastor, and Misses: George A. Dale, B. N. Shepherd, Carl Owens, J. B. Walker, Tom Leonard and little Jan Stanley all of Lubbock, Mrs. W. H. Kenley of

Bryan, Mrs. Henry Heck of New Home, and Mrs. H. G. Pittman of Stephenville.

The News had a brief communication this week from Mr. and Mrs. W. W. Huffman of Charlestown, West Virginia, who were residents of Tahoka for a few years. "We both look forward each week to receiving your paper and to learn of the happenings among the good people of Lynn county," Mrs. Huffman writes.

Sgt. W. W. Hall Now At Maryland School

Edgewood Arsenal, MD. — Non-commissioned officers destined for Chemical Mortar Battalions completed a concentrated four-weeks course in Maintenance, functioning and firing of the 4.2-inch chemical mortar at the Chemical Warfare School here today.

Among the non-commissioned officers graduated today was T-Sgt. William W. Hall, Tahoka, formerly a teacher of New Home School. He attended Texas Tech. College.

Mr. and Mrs. C. C. Dwight returned recently from a few days recreation at Christoval.

MURRAH-SMITH

In a beautiful single ring ceremony, Miss Sarah Frances Murrah, daughter of Mrs. G. M. Murrah of Tahoka, and S-Sgt. Dillard Wyatt Smith, son of Mr. and Mrs. A. K. Smith of Roanoke, Alabama, were united in marriage last Monday night, July 23, at 8:45 o'clock, in the home of Rev. E. W. Elkins, minister of the Church of Christ in Alamogordo, New Mexico, who read the wedding rites.

The bride is a 1945 graduate of the Tahoka high school, and the groom is a 1936 graduate of Five-Point, Alabama.

The couple will live in Alamogordo, where he is stationed.

JAMES O. WILBURN
Brawley, Calif.

James O. Wilburn of Brawley, Calif., will begin a series of Gospel meetings at the Grassland Church of Christ tonight, Friday, which will extend over two Sundays.

A cordial invitation is extended to all to attend.

A friendly welcome awaits you at the Church of Christ Sunday, or at any of its meetings.

We've Watched Them **COME** And **GROW**

We've been filling prescriptions for a good many years—23 to be exact—and in that time, we've watched many youngsters come grow. We've filled their prescriptions for colic, measles, and whooping cough—and today, we're filling prescriptions for their children. We like being the "Guard Father" of so many children, and we take particular care in compounding medicine prescribed for youngsters. When you bring your child's prescriptions to us, you know that they are in safe, understanding hands. A generation of reliable prescription service guarantees this to you.

Surely there will not be much friction among the Allies as to what shall be done with the islands of the Pacific following this war. Their inhabitants will be entitled to protection against exploitation by any great power, and the United States is the one great power best situated and most able to afford this protection. Naturally, Great Britain and Australia will wish to join with the United States in affording this protection both from humanitarian motives and from the motive of self interest. We could not object to their cooperation with us and their exercise of sovereignty over certain areas, with the consent of the governed. The same may be said as to one or two other nations. But the United States has by far the biggest stake in the Pacific and she must accept the responsibility of affording the major part of the protection for the multitudinous islands of that vast area. With the responsibility to protect the natives of those islands she will also have the responsibility of ed-

ucating and civilizing them—this for her own protection as well as from humanitarian motives. The United States must continue to be supreme in the Pacific following this war. She must hold the islands which she has taken, or will take, with few if any exceptions.

Winston Churchill conducted the war for his country with such wisdom, poise, and courage that it is difficult for us Americans to understand why the English people should have turned him down in the recent election. Probably ninety per cent of all Britishers believe that there was no other man in all Britain who could have done so well. With the war practically won in so far as Great Britain is concerned, the British doubtless felt that while he had been their savior in the crisis of war he was not the leader they wanted for the problems of peace. Radical labor elements are strong in Great Britain and apparently growing stronger. In the recent election, the people apparently swung to the "leftist" side. The labor Party won a majority of the seats in the House of Commons and will have full control of the Government. It now has the opportunity to make good or to go onto the rocks. In three or four years it will likely write its destiny as a party and determine whether its life is to be very short or very long.

The Japs are stubbornly and foolishly inviting the same fate which befell Germany. If they adhere to their expressed determination never to surrender, their country assuredly will be almost utterly destroyed. Since their leader and the people have been repeatedly and humanely warned by our leaders of their impending doom if they continue to resist, the Japanese militarists and dictators alone must be responsible to the Japanese people for whatever ruin and destruction are visited upon them. We hope that the Japanese people will have the intelligence and courage to rebel against their own war lords before they themselves are annihilated.

Try this Easy Way to ... CLEAN DENTAL PLATES

At last, a scientific way to clean dental plates and bridges REA-L-I-Y clean. Just put your plate in a glass of water. Add a little quick acting KLEENITE. With magic-like speed, discoloration, stains and denture odor vanish—the original clean brightness returns! It's easy, economical. Ask your druggist for KLEENITE today!

County Agent Says:

Much interest is now being shown in Lynn County in the Johnson Grass Control Program. According to reports received in the County Agent's office some thirty per cent of the farms are already rid of Johnson Grass.

Many good suggestions have been made for the control of Johnson Grass on the survey cards.

Mr. W. R. Wilson of Slaton reports that he has eradicated the Johnson Grass on two thousand acres of land. He says he has removed all fences, used lots of Kerosene and kept it dug up from the bar-ditches around his place. Mr. Wilson states that it was a long hard fight but considered it well worth while and thinks that all tenants should help kill it out because it would mean more money to them and less work later on.

Mr. Joe Tate of Slaton states that he killed all of the grass on his three hundred and eighty acre farm with kerosene and that he will finish eradicating the Johnson Grass on two other farms this year.

Mr. J. H. Kuykendall, of Route 1, Tahoka, Texas, has cleared out all of the Johnson Grass on his farm and states that he certainly is in favor of continuing the program.

Frank Parris of Tahoka has applied eighteen tons of salt to the Johnson Grass patches on his farm. Mr. Parris uses from one and one-half to two pounds of salt per square foot applied when Johnson Grass was less than a foot tall. Mr. Parris says that he has obtained very good results from the use of salt and that he would have gotten better results had it not been so unusually dry.

Other suggestions included more cooperation from everyone concerned, back sloping in bar ditches, so the farmer can keep it plowed down winter plowing, close cultivation, hire sufficient help by Commissioners Court to keep all grass down in bar ditches. One man suggested that no farmer should be allowed to go to the show till he got rid of the Johnson Grass.

In answer to the questions as to how Johnson Grass got started on their farms by far the most common way was by planting seed that contained Johnson Grass seed and from the barrow ditches. Since so many of the farmers are thinking that the chief source of the Johnson Grass infestation comes from the bar ditches most of them are in favor of a County-wide control program being instituted by use of County funds even if this necessitated an increase in taxes for this specific purpose.

Lt. Kolodziejczyk Is Training In Kansas

Liberal, Kansas. — Second Lieutenant Raymond P. Kolodziejczyk has been specially selected for four-engine bomber pilot training and has been transferred to Liberal Army Air Field for instructions in flying Liberator bombers. He is the son of Mr. and Mrs. Dennis Kolodziejczyk of Route 1, Wilson, Texas.

Lt. Kolodziejczyk will receive fifteen weeks of intensive training at this Southwest Kansas installation of the Central Flying Training Command, and upon graduation will receive the rating of "airplane commander."

Lt. Kolodziejczyk was a farmer prior to entering the service. He received his present rating of second lieutenant November 20, 1944.

Mr. and Mrs. Aubrey Floyd left for their home at Irving last Saturday after a visit of several days here with his mother, Mrs. R. B. Floyd, and other relatives, among whom is his brother, Sheriff Sam Floyd.

WALTERS NOW IN BURMA

Clyde Walters, son of Mr. and Mrs. M. B. Walters of Draw, was recently promoted from the rank of corporal to that of sergeant, and has also recently won two medals, Mrs. Walters reports. He is serving in the U. S. Air forces in northern Burma. He has been in the service since August 4, 1942, and overseas since February of this year.

CITATION OR NOTICE OF FILING ACCOUNT

The State of Texas. To the Sheriff or any Constable of Lynn County—Greeting:

You are commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Lynn, State of Texas, and you shall cause said notice to be printed once, and said publication shall be not less than ten days before the return day thereof.

Notice of Filing Account—Guardianship

The State of Texas. To all persons interested in the welfare of Lafon Bohannon, a minor, J. M. Christopher has filed in the County Court of Lynn County, Texas his final account in the guardianship of Lafon Bohannon, a minor, and his application to be discharged as guardian which will be heard by said Court, second

Monday in August A. D. 1945 at the Court House thereof, in the city of Tahoka, at which time all persons interested in the welfare of such minor may appear and contest said account if they see proper to do so.

Herein fall not, but have you then and there before said Court this Writ, with your return thereon endorsed, showing how you have

executed the same. Given under my hand and the seal of said Court, this the 21st day of July A. D. 1945. (SEAL) W. M. Mathis, Clerk County Court, Lynn County, Texas, 51-2tc.

Rev. and Mrs. J. W. South of Centralia, Ill., who will conduct services at the Tahoka Church of the Nazarene this week end.

Church of Nazarene Announces Meeting

Rev. and Mrs. J. W. South of Centralia, Ill., will conduct a week-end meeting at the church of the Nazarene August 3rd. through the 5th.

Mrs. South was Miss Lona Webb before her marriage to Rev. South. She was a resident of Tahoka for quite a while.

J. E. Clayton of Roscoe has been spending several days here and in this county visiting relatives, including Earl Terry and family of New Lynn R. A. Taylor and family of Wells, together with other relatives near Post. He expected to go over to Seagraves Thursday or Friday to visit a few days with his son, Rev. Roy Clayton, pastor of the Baptist Church there.

Forty persons can stand inside the head of the Statue of Liberty.

Shortage of Commodities Spurs Chinese Inflation

China has been experiencing a serious inflation, according to the Alexander Hamilton Institute. This has been caused by a number of factors. In the first place, China has lost her most industrialized territories and she has thus been deprived of a number of commodities which were previously produced within the country. In the second place, China has been almost entirely cut off from her Allies for a number of years. Consequently, she has been unable to import commodities much needed by the civilian population. In the third place, China's capacity for producing raw materials has suffered materially.

These three factors, which have brought about a great shortage of civilian goods, have been accompanied by an impairment of China's ability to collect taxes. Revenues needed by the government have had to be raised to a considerable extent through the printing of paper money. Consequently, both the volume of currency in circulation and the volume of bank deposits have shown a sharp expansion.

The result of these various developments has been a pronounced rise in commodity prices. So long as China is unable to obtain an ample supply of commodities and, particularly, so long as adequate revenue cannot be obtained from taxes, inflation will continue, causing commodity prices to rise to higher and higher levels.

REVIVAL ANNOUNCED FOR WILSON METHODIST CHURCH

Rev. H. D. Sengo, pastor of the Wilson Methodist Church, has announced that a revival meeting will begin in that church on Wednesday night of next week, August 8, and will continue through August 18.

Rev. Lloyd Hamilton, pastor of the Methodist Church at Knox City will do the preaching. Lloyd, as he is known by a host of Wilson friends, has developed into one of the better young preachers of the Northwest Texas Conference, it is said. "I am sure that you will receive an inspiration if you hear him," one of his friends, Elmer Rice, stated in discussing the approaching services.

Every one is cordially invited to attend as often as possible.

A \$60,000 a year increase in pay went to Harry S. Truman when he took over the Presidency.

NOTICE OF SALE OF SCHOOL PROPERTY

Notice is hereby given that the Board of Trustees of the Tahoka Independent School District will accept bids for the purchase of the old ward school building and grounds located on Block No. 60, in the Original Town of Tahoka, Lynn county, Texas, which bids for said property should be filed with Mrs. Lenore M. Tunnell, in the County Superintendent's office in the courthouse of Tahoka, on or before the 14th day of August, 1945 and on said date of August 14th 1945, at 9:00 o'clock P. M. any and all bids so filed for the purchase of said property will be opened and examined by the trustees of said

district, and the property may be sold to the highest bidder for said property, subject however, to the right of said Board of Trustees to reject any and all bids made on said property, and subject to approval by the State Board of Education. Dated this the 1st day of August, 1945.

Tahoka Independent School District, by Truett Smith President of the Board.
Lenore M. Tunnell Secy. of said Board. 52-2tp.

People in America, led by the New York World, contributed \$280,000 to pay for the pedestal on which the Statue of Liberty stands.

Ancient Wiesbaden City Celebrated German Spa

Wiesbaden, Germany, has been famed as one of Europe's outstanding spas, points out a bulletin from the National Geographic society. Its luxurious hotels and modern thermal establishments, set amid great natural beauty, in prewar days lured vacationists and health seekers from all parts of the world. Forest-covered hills near by are dotted with orchards and vineyards, lending a striking backdrop for tree-shaded boulevards and parks in the city itself.

Wiesbaden can turn back its pages of history to 11 B. C. when it was fortified by the Romans. Although in modern days its main thoroughfare, Wilhelm Strasse, echoed to the mild footsteps of its cosmopolitan guests, in the first century the streets resounded to the clank of Roman legions. Then there was no elaborate Trinkhalle nor luxurious Casino to glamorize health recovery, but there were the same medicinal hot springs, especially prized to combat rheumatism and neuralgia.

The city has over 25 hot springs, but the popular health rendezvous is Kochbrunnen, where 15 alkaline springs pour out health-giving waters.

Spring Tonic

Recent research at several state experiment stations show that many common greens from fields and woods are rich in vitamins A and C. Dock, pigweed, wild mustard, lambsquarter and Russian thistle are particularly rich in carotene (source of vitamin A) and ascorbic acid (vitamin C). Three common wild greens showed up well in vitamins — lambsquarters, pokeweed (for "poke salad"), and coffeeweed. Tall dock and curly dock contain twice as much vitamin C as spinach, poverty weed, shepherd's purse and lambsquarter contain, but chickweed, dandelion and prickly lettuce contain less. Vitamin C content appears to be greater in plants exposed to full sunlight in fertile, uncultivated soil. Dandelions and fiddleheads (ostrich fern) have about the same riboflavin value as cultivated greens.

Milk Film

Calcium and protein—two of the important food values in milk—cause difficulties in dish washing and laundering. Most home-makers know how hard it is to wash glasses, pitchers and other milk containers clean. Rural women are all too familiar with the dull film that comes over milk cans washed with soap, and even with the mass known as "Soap stone" that collects on these utensils over a period of time. The reason is that calcium forms an insoluble curd with the soap in the dish water which affects not only the looks but also the sanitation of the container. Bacteria and other organisms may be held under this film. The protein in the milk also makes cleaning difficult, because the heat of the dish water hardens or coagulates it, making a film that is difficult to wash off the surface.

Orange Juice

Orange juice or segments? There is one count against the practice of squeezing oranges worth the consideration of the housewife — It is wasteful of vitamin C, the most important nutritive offering of this fruit. Oranges in segments offer more vitamin C than those prepared in any other way, the Arizona experiment station reports. Sliced oranges give more C than juice, and unstrained juice more than strained juice. Strained juice contains only from a half to three-fourths the amount of vitamin C contained in the segments. Tests also showed that orange juice can stand overnight or a day in the refrigerator without much loss of C. On an average, not more than 5 per cent was lost.

by the family here.

On July 5 while a passenger on the Queen Elizabeth on her way to Europe, she wrote a letter home, but the family had received no further word from her. A news report published in the daily newspapers about July 20, however, chronicled the fact that the Queen Elizabeth had arrived from France at an American port with about 14,000 returning soldiers aboard. It was known therefore that it had made the trip across and then back, and that the passengers who had embarked on it before it left America were somewhere overseas.

Receipts from Pfc. Berta's letter written at sea on July 5 might be of some interest to her friends here, so we quote.

"Dear Folks: At last we are really on our way on board the Queen Elizabeth, which is the largest ship in the world and quite a boat.

"We aren't crowded going this direction but I understand they put six in a cabin where we have three now and sleep in shifts, so that our little cubbyhole for three accommodates 12 on the return trip.

"There are several notables aboard, they tell us, and Ambassador Davies is to speak to us tomorrow.

"I had my introduction to Kidney soup last night and found it very good. So far, the English cooking has been very good. All desserts to date have had currants in them.

"The sea is very calm, with a light fog part of the day. The sailing is so smooth there has been no indication of sea-sickness. Guess the whole five days will not be this good, but I don't think I'll get sick.

"I am on guard duty tonight for three hours, but have done nothing else. Am supposed to do some work on Service Records when they get ready to get started, but don't

know.

Lakeview News

(By Mrs. C. B. Nowlin)

Flight Officer Jimmie Clopton arrived home from 11 months overseas this week. His wife, the former Estelle Perry lived here with her parents, Mr. and Mrs. W. S. Perry. P-O Clopton is a Glider Pilot and has been in England, France, Holland, Belgium and Germany. He has been put on the Reserve list and he and wife will leave this week for Oklahoma to visit his relatives.

Mr. Homer Marcy and Mrs. Leonard Wilson of Spur visited in the Rev. Lee Vaughn home this week.

Mr. and Mrs. Carl Jones of Pampa visited Mr. and Mrs. J. T. Ayers this week.

Mrs. Della West and children of Lubbock visited Mr. and Mrs. E. H. West last weekend.

Mr. and Mrs. John Buford of Lubbock visited in the W. J. Knight home this week.

Ross Harmonson, Jr. preached at the Petty Baptist Church, Sunday.

Rev. J. T. Ayers of Seminary Hill, Fort Worth, is visiting his parents, Mr. and Mrs. John Ayers and he preached at the Lakeview Baptist Church, Sunday.

Cleburne Nowlin and Jake Pulford visited relatives in Dublin and Carlton last week-end.

Pvt. Clovis P. Hedrick, who took his basic training at Camp Wolters, Mineral Wells, is now somewhere in the Pacific. His wife, the former Eula Mae Jones and baby are living in Post. He wrote her recently that he was in the Pacific where the weather was "plenty warm."

Lunch Program At New High This Year

Lynn county schools reached a new high this year in the community school lunch program. Mrs. Lenore M. Tunnell, county superintendent of schools, has announced.

According to latest reports, 3 independent and 5 common schools have been serving adequate noon-day lunches daily to about 812 school children. Many of the schools already have rounded out a successful year while other lunchrooms will still be in operation for several weeks.

Without the help of War Food Administration, most of these lunch rooms could not have operated this year, Mrs. Tunnell said. Much of this year's success also must go to local sponsors who have worked untiringly in seeing that school children were served well-balanced meals. Highest participation last year in the county was 4 schools, which served an average of 613 children daily.

School lunch agreements were signed jointly by WFA and local sponsors who assume complete responsibility for keeping lunchrooms in operation. WFA's part is to help local sponsors operate the program efficiently, reimburse them for part of the operating cost and distribute perishable foods bought from farmers under price support programs, are directed by the Congress.

Reimbursements from WFA this year total about \$11,122.03, compared to \$15,000.03 received from local sources. This plan of sharing expenses has made it possible to serve well-balanced, healthful foods to school children for an average of only 13.3 cents per meal, he explained. No discrimination is made between children who are able to pay for their lunches and those who cannot since one of the purposes of

Pyrorrhea May Follow Neglect

WYNNE COLLIER, DRUGGIST

the school lunch program is to provide healthful mid-day lunches to all school children, he continued.

Perishable foods bought from farmers and distributed in the county by War Food Administration include Apples, Beets, Cabbage, Carrots, Peaches and Onions. Most of these foods were cooked and served immediately in daily lunches and some were canned for use later.

In addition, other perishable foods in local abundance also have been bought direct from county farmers, wholesale and retail firms.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night". A carefully blended combination of 16 herbs, roots, vegetables, balsams, Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people say have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to: Department A, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Some at once. All druggists sell Swamp Root.

OFFICE OF DEFENSE TRANSPORTATION GENERAL ORDER 52
Effective 12:01 am, June 30, 1945
"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

What about Travel now....
under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan must come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.

Pvt. Harold L. Stone, Jr., Gulfport, Miss., 20, smiles because War Bonds healed his arm, fractured by a bullet in France. He had been searching for a Nazi and was crawling out to escape enemy shelling when the blow struck.

Sgt. Norris Pendergrass, Roseburg, Ore., 21, suffered a broken leg, broken jaw and flesh wounds when Nazi threw a grenade into tank in which he was riding. All his wounds are mending satisfactorily because War Bonds provided him with the best medical care overseas and in America.

Permanently washed out of the war when a rifle grenade blew up close to his left foot in France, P.F.C. Martin Grubanowitch, 20, Milwaukee, Wis., of the Rangers says War Bonds are the best investment people can make. They are restoring him to civilian usefulness. He says buy War Bonds.

Hit in the head and leg by mortar shell fragments while taking a hill, Pvt. Robert B. Graham, Pontiac, Mich., 26, says he is glad people buy War Bonds. They supplied treatment for those wounds and his fractured humerus.

REVIVAL AT GRASSLAND WILL BEGIN SUNDAY

Special revival services are beginning at the Nazarene Church at Grassland with Evangelist Leo Upton of Okmulgee, Oklahoma, as the special worker, supported by local musical talent and our new pastors who formerly were evangelists and evangelistic singers.

Lots of good congregational and special singing.

A treat awaits you from the able ministry of this able, interstate evangelist, and the talented singers we have at our command at this time.

Services beginning at 8:45, and Sunday morning at 11:00.

A hearty welcome awaits one and all. — Rev. A. G. Johnson. (pastor).

Mrs. J. A. Massengale and children of Berger spent a few days here visiting her parents, Mr. and Mrs. E. T. Cash and family, her sister, Mrs. James Potts, and a sister-in-law, Mrs. H. C. Cash. Mr. Massengale is somewhere in Germany.

Pvt. Bobby Fults Now In Germany

The News has received the following communication from Pvt. Bobby R. Fults, dated July 8, at Friedburgh, Germany.

Dear Editors and Friends: Thought I would drop you a few lines to let you know that I am in Germany at a place called Friedburgh.

It isn't so bad over here now that we have got the German surrender down on their knees asking for peace, but we all know over here that anything can happen yet; it's not as safe as the people back home think it is. The German uniform has gone but the great German mind still carries a lot of heavy thinking on how to strat another war. Well, that's what we are over here for, to see that they don't.

I remember the time that I myself used to work in the News office folding papers on Thursdays. How I would like to be in there now folding them.

I have received one copy of the Lynn County News, and the other fellows enjoyed reading it so much that I was all day trying to read it.

Well, friends, I must close now and go eat a little Army chow. Oh yes, I am in the Third Army under General Patton, and in the 45th Division. I am an 81-m.m. Mor-

MEETING CALLED TO ELECT OFFICERS

At a special meeting called by the president of the American Legion Auxiliary, Mrs. E. J. Hendrix, for the purpose of electing officers for the coming year, the following officers were elected.

President, Mrs. Rafe Richardson; first vice president, Mrs. J. B. Oliver; second vice president, Mrs. Pete Ware; secretary, Mrs. A. M. Cade; corresponding secretary and reporter, Mr. Roy Adams; treasurer, Mrs. H. L. Roddy; Chaplain, Mrs. W. S. (Skip) Taylor; historian, Mrs. E. J. Hendrix; sergeant-at-arms, Mrs. R. C. Forester. Delegates to the State convention were also elected. They were: Mesdames Richardson, Oliver, and Adams. Alternates were: Mesdames Hendrix, Taylor and Roddy.

After the election of officers there was a general discussion of ways and means of restoring the Auxiliary to its once useful and active status. It was the general consensus of opinion of the membership present that the unfilled support of all members as well as a great many women who are eligible for membership in the organization, would be given the Auxiliary if only the past achievements and the future aims and the future usefulness of the organization were known. Plans were made to have this factual information presented to members, eligible members, and to the public in general. Following the discussion, the meeting was adjourned.

The next regular meetings of both the Legion and the Auxiliary will continue to be a social meeting on the second Tuesday of each month, and a business meeting on the fourth Tuesday of each month. All members are urged to come to both of these meetings.

Mrs. George Akin is at Winters visiting her parents, her father having undergone a major operation a few days ago.

Mrs. Joy Edw'n Brown and little daughter Jan of Snyder spent most of last week here with Mrs. Brown's mother-in-law, Mrs. Pearl Brown.

Rev. and Mrs. Joe Allen and little daughter Jo Lynn of Abilene spent last week-end here with Rev. and Mrs. Levi W. Price.

Sgt. CHARLES FLORENCE HOME FROM ITALY

Sgt. Charles J. Florence, who has been doing valiant service in the European Theatre of Operations, arrived home Tuesday of this week, having been granted an honorable discharge on points. He is the son of Mr. and Mrs. Walter Florence of Draw.

Prior to his arrival the News had received a communication from the Public Relations Office of the 36th "Texas" Division of the 7th Army, Germany, stating that Sgt. Florence had been "awarded the Bronze Arrowhead to wear on his European Theatre of Operations ribbon. The Arrowhead has been awarded for participation in the (Salerno-Riviera) invasion when he made the D-Day amphibious assault," it was stated.

The 36th Infantry Division, it was explained, had seen action of two D-Days: Italy and Southern France. "To its credit are such battles as San Pietro and Cashino, the Rapido River, and Anzio. It fought at Montelmar, where the German 19th Army was annihilated, and drove across the Sainte Marie Pass of the Vosges Mountains. It breached the powerful Siegfried Line defenses at Wissembourg and completed four hundred days of actual combat plunging through Germany and deep into Austria.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1—Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

CARDUI

SINCLAIR WELCOMES RETURNING GI'S

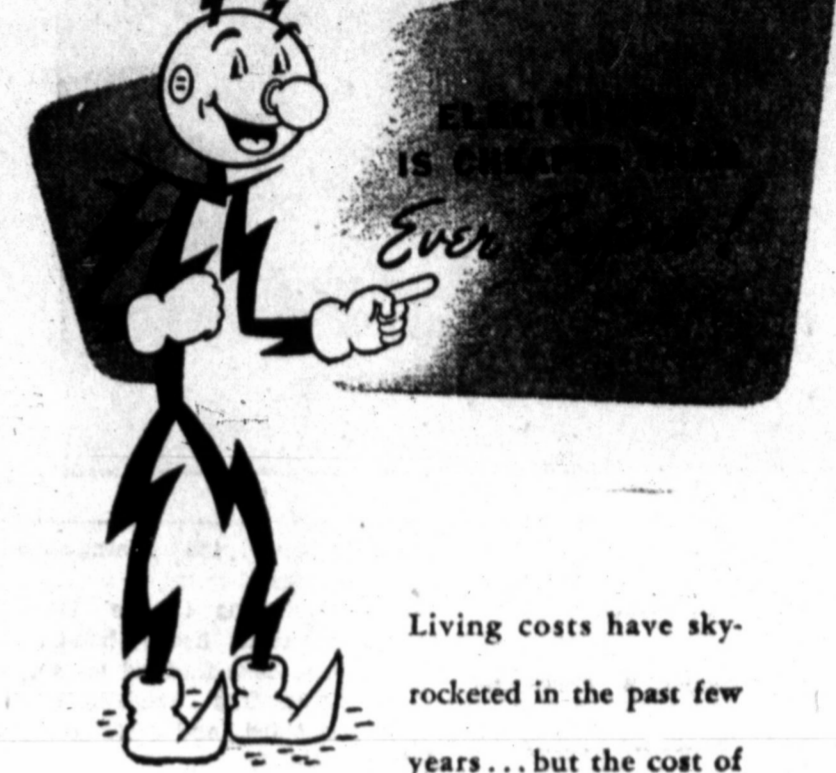

When returning GI's appear at Sinclair Refining Company's Sales Offices throughout the country they'll get considerably more than the usual "warm welcome". J. N. Hill, local Agent for Sinclair Refining Company, reveals today that a detailed program looking toward re-absorption of veterans in the Sinclair Sales Organization has been prepared. The program embraces the following broad elements: (1) Helping the returning veteran "find himself" (2) Placement of the veteran in a position to capitalize his war-acquired experience and special skills (3) A training program designed as a refresher course to bring veterans up to date on developments and changes that have occurred during the war years. In a letter dated February 26, 1945 to the more than 3,000 Sinclair employees in the in the Armed Forces, Mr. H. F. Sinclair, Sinclair, Chairman of the Board of the Sinclair Companies, stated his intention to provide veterans the fullest opportunity to adjust themselves upon their return. Of the replies to Mr. Sinclair's letter, more than 79 per cent indi-

cate a desire on the part of the veteran to return to his old job.

Mr. and Mrs. Sam Sanders and daughter Donna Faye of Jasper left for their home last Friday af-

ter a few days visit here with Mrs. Sanders' mother, Mrs. Pearl Brown. They were accompanied home by their little son, Charlie Brown Sanders, who had been here several weeks visiting his grandmother.

living costs - Up!

Living costs have skyrocketed in the past few years... but the cost of electricity? No!

Electric rates in the area served by Southwestern Public Service Company have been going down consistently. Our last rate reduction makes your electric dollar a mighty big dollar when you invest it in the comforts and conveniences of electric service.

Wilson Soldier Is En Route Home

S Sgt. Henry A. Ahrens, 25, of Wilson, this county, a crew-chief with the 454th Liberator Bombardment Group, Fifteenth Army Air Force in Italy, has been ordered to return to the United States, according to an announcement from the Group's Wing Commander, Brig. Gen. Fay R. Updegrave.

The veteran group which will receive additional training and equipment before embarkation for the Pacific theatre of a war, has been serving with the 15th AAF in Italy for the past eighteen months. During this time, the 454th has flown 245 missions against strategic targets in German-held Europe contributing to the German downfall by the bombing of Ploesti, Vienna, Steyer, Mynich, and numerous other targets whose loss stripped Nazi resources, supplies, and communications. For one such mission, the bombing of Linz, Austria, in July, 1944, the group received the Distinguished Unit citation. Members of the group have won an impressive array of awards, including more than 485 Distinguished Flying crosses.

After returning to the United States, the 454th heavy bombardment group looks forward to carrying its devastating bomb-loads against the third, and last, enemy of free nations.

It is expected that Sgt. Ahrens will have the opportunity to visit his parents, Mr. and Mrs. Anton Ahrens at Wilson while he is in the home land.

U. S. Station Strives to Develop Better Rabbits

The U. S. Rabbit Experiment station at Fontana, Calif., maintained and operated by the service, was established in 1927 to aid beginners and oldtimers alike. Upwards of 4,000 rabbits are utilized annually at the station in the conduct of carefully planned experiments in the feeding and breeding of rabbits which have a wide application to the entire country.

Current experiments are being carried on to determine the feasibility of using whole grain in rabbit feeding; the relative value of various protein supplements; the adaptability of selective self-feeders; the possible nutritional causes of so-called "bloat" which is responsible for losses to rabbit producers; the development of a superior strain of breeding rabbits; and various factors conducive to production of better skins adaptable to use by furriers. The experiments are progressive and so outlined as to render the most service in solving current problems of rabbit producers.

Some of the purposes for which research on rabbits is conducted are: to develop improved methods of breeding, feeding, housing and management, and judging rabbits to aid those engaged in the business to produce meat and fur of fine quality at a profit; to produce rabbit meat so economically that it can be sold at a price that will be well within the means of the consumer; to improve the quality of fur so that it will be in demand by the fur trade. Several leaflets have been published giving the results to date of a number of experiments.

Homemakers Can Shampoo Furniture, Rugs Safely

Homemakers can safely give upholstered furniture and rugs a "dry suds" shampoo. To make the shampoo, chip finely and dissolve one small cake of neutral or very mild soap in one quart of boiling water and allow to cool. Add one-half cup of the soap jelly to a pint of cold water and beat with an egg beater until it is worked up into a pretty white froth that looks like a good icing for a cake. Apply the "dry suds" to the fabric, cleaning a small area at a time, and let each new area overlap the last one a little. The "dry suds" soak up the dirt and are then removed by scraping off with a plate scraper or spatula. To rinse, use a sponge or cloth wrung from clear, lukewarm water making sure the foundation stays dry but the soap is removed, and wipe the fabric well. It will take two rinses to get the "dry suds" off. The last step in the "dry suds" treatment is to wipe the fabric thoroughly dry. For this, use a dry absorbent cloth. Be sure the finishing strokes go in the direction of the nap or weave of the material.

Clean Sewing Machine
Keep the sewing machine in top running condition at all times. If the machine has not had a thorough cleaning for some time, gummed oil and dirt may have accumulated. In this case, flush out dirt and gummed oil with a cleaning fluid, such as kerosene or carbon tetrachloride. Squirt the cleaning fluid, using a small oil can, into oil holes and on bearings and other places customarily oiled. Then wipe carefully with a lintless cloth and let the machine stand several hours, until the cleaning fluid evaporates. After cleaning, oil the machine well and run it a while to work oil into the bearings. Wipe off any excess oil carefully, so it won't collect dust. For later oilings, one drop of oil in each bearing and oil hole is enough. Oil after each day's work, or after 8 to 10 hours use. To prevent drying and gumming, oil the machine occasionally even when not in use.

Insurance Industry
The 16th U. S. census reported the insurance business as the principal occupation of 324,723 persons, of whom 186,137, or more than one-third, were women. Nearly half, or 238,000, were agents or brokers throughout the nation. This is slightly more than 1 out of each 100 persons gainfully employed in 1940—about the same number engaged in such large industries as coal mining, utilities, printing and publishing, automobile manufacturing, or the hotel business. Figuring 3.6 persons as the average household of each gainfully employed person, the number of persons deriving their living from insurance was 1,909,000, as of March, 1940. In addition, the insurance business was a minor activity of many other persons whose major activity was real estate or finance.

Floating Drydocks
Though several different models of floating drydocks are presently in operation, the newest and most radical of these is the advanced base sectional type, in which 10 separate units, or barges, are joined together to form a repair dock that can accommodate a battleship. When this type dock is assembled, the separate barges form a surface nearly as long as three football fields and with side walls rising higher than a five-story building. Each of the sections has a lifting capacity of 10,000 long tons, equivalent to a fleet of 11 average automobiles. An assembly composed of seven such sections joined together is large enough to accommodate a cruiser.

Johnson Grass . . .

Cont'd from page 1
pecting a shipment of Atlacide; however, we have now been advised that replacement stocks will not be available till early fall."

Judge Garrard and the county commissioners also took the matter up with the Texas Highway Department, making a trip or two to Lubbock to confer with the district engineer, and they have been watching the experiments being made by the Department. Noting that the Department was not doing any work in the matter of Johnson grass extermination on the highway south of Taoka, Judge Garrard wrote to the district engineer at Lubbock about it. To this inquiry he received the following reply from S. C. McCarty, district engineer: "The attempts we are making to kill Johnson grass are experimental and confined to certain sections. The grass south of Tahoka is not very bad, and we plan to keep it mowed so that it will not go to seed. The use of fuel oil has been disappointing as it fails to kill the root system and is very ex-

pensive. "I note that the grass recently treated north of Tahoka is beginning to grow again, so we can not afford to spend too much until some sure method can be determined."

Commenting on the above letters, Judge Garrard said "We had been led to hope by what they had told us that we could get rid of this grass with distillate or other tractor fuel but it seems now from this letter that they think that not fea-

sible." "Atlacide," he continued, "is almost a sure killer, as we have tried it, but you will see from this letter from Barada & Page that we can not hope to get Atlacide till fall and maybe not then unless the war ends. So each commissioner has laid off a strip of road in his precinct to try ELBOW GREASE and application of BREAKING FLOW in such time as the Government will release the poison, Atlacide."

Frazier Produce

Will be closed until Saturday August 18, when we will again be ready for business.

We invite you to visit our new, enlarged and modernized store—one of the largest small-town drug stores in the Southwest. A large stock of new, fresh merchandise on hand at all times, in every department. Registered pharmacists are on duty at all times in our large prescription department. And you'll enjoy a refreshing drink at our new, enlarged soda fountain—and booties for added convenience.

In Our Baby Department-

- Dextri Maltose 75c - \$2.95
- Lactogen \$1.00 - \$2.25
- S. M. A. 98c
- Biolac 25c
- Dexin 75c - \$2.75
- Pabulum 25c - 50c
