Number 52d

Sgt. R. L. Tyler Dies In Japanese Prison Camp

Mr. and Mrs. C. H. Tyler of the Joe Bailey community received a communication recently from Acting Adjutant General Edward T. Witsel informing them that their son, Sgt. R. L. Tyler, who had been long missing, had died of malaria in a Japanese prison camp at Carabanan on Luzon on July 19, 1942.

Sgt. Tyler enlisted in the air corps of the army on November 22, 1939, took training at March Field, California for a short time and was then sent to the Philippines, arriving there on February 14, 1940. He trained for about 12 months at Nichols Field, near Manila, and was stationed on Corregidor in Manila Bay for awhile. He was then sent to Clark Field on Luzon north of Manila and was there when the Japs made their attack on December 7, 1941. The parents received one letter from him written on January 15, 1942. They never heard from him again. He had been listed as missing in action since the fall of the Philippines on March 8, 1942. He died July 19 following according to the message received from the office of the adjutant general.

The Tyler family have lived in this county for many years. R. L. attended school at Joe Bailey and at Draw, graduating from the Draw High school in May, 1939, enlisting in the Air Corps six months later.

Pioneer of Plains Dies At Lubbock

Judge B. H. Howard of Lubbock, 86, father of Mrs. Harley Henderson and Mrs. Frank P. Hill of Tahoka, died at his home on Avenue M in Lubbock about 12:35 o'clock Tuesday morning.

Funeral services were conducted at the First Methodist Church in Lubbock at 3:00 o'clock Wednesday afternoon, with burial in Memorial Park cemetery.

Surviving are the widow, seven sons, six daughters, fifteen grandchildren and fourteen great-grandchildren. The sons are: Postmaster Amos H. Howard of Lubbock; Dr. J. P. Howard, Merkel; Ard Howard, Floydada; Uris Howard of the family home; Roy Howard, Lubbock; Grady Howard, Floydada; and Vanroe Howard, Meadood.

The daughters are: Mrs. A. G. Reeves, Lubbock; Mrs. J. N. Payne, Ralls; Mrs. Howard Crausbay, Meadood; Mrs. John Reagan, Floydada; Mrs. Harley Henderson and Mrs. Frank P. Hill of Tahoka, Hill being associate editor of the Lynn County News.

Judge Howard was born in Cumberland county, Tennessee, on January 24, 1859. As a citizen of that state, he became personally acquainted with Cordell Hull, who began serving in Congress many years ago.

He and Mrs. Howard were married at Livingston, Tennessee, on October 13, 1881. They removed to Motnague county, Texas, in December, 1897, arriving on December 29. In 1900 they removed to Munday, where they lived for a number of years, and then moved to Estacado and later to Crosbyton, Crosby county. In 1919-1920 he served as county judge of that county. In 1937, he and Mrs. Howard moved to Lubbock and had resided there since.

Judge Howard was a Royal Arch Mason and a long-time member of the Methodist Church. He was greatly devoted to his family, his friends, his church, and his country, and in turn was deeply appreciated by all who knew him.

SHAMBECK GRADUATES

Great Lakes, Ill. — Among those graduating from an intensive course of Chief Commissary Stewards training at Service Schools here was Louis J. Shambeck, 21, son of Mrs. Louis Shambeck, Rt. 1, Wilson, Texas.

ADDING MACHINE PAPER, 2 rolls for 25c at The News office.

The United States Navy's mighty 45,000-ton battleship, the USS Missouri, will end her World War II career in a blaze of glory, Aug. 31, 1945 in Tokyo Bay, when she serves as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of

President Harry S. Truman, the fighting USS Missouri has been named by General of the Army Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-Chief of the United States, Pacific Ocean

Areas, will sign for the United States, General of the Army MacArthur, for the Allied forces which fought in the Pacific. The USS Missouri was launched Jan. 29, 1944. Construction was ordered June 12, 1940. Her keel was laid Jan. 6, 1941, at the New York Navy Yard

Juvenile Officer Rotary Speaker

Mrs. Nancy Green, Juvenile officer of the Lubbock police department, was the guest speaker at the Tahoka Rotary luncheon on Thursday of last week. She spoke of course, about Juvenile delinquency, and her address was packed full of startling information and wise counsel respecting this problem.

Mrs. Green placed the responsibility for juvenile delinquency chiefly on the three great institutions of our modern civilization, the home, the school, and the church. The gravest responsibility, she contended, rests on the home. Unworthy parents and broken homes she placed at the head of the list of the causes of juvenile delinquency, and she spared no words in condemning many of the practices of fathers and mothers who neglect their children, or who teach them to lie and to cheat and to steal. Many so-called respectable fathers and mothers, she contended, are guilty.

She blamed the school and the church in a lesser degree but felt that both are failing to measure up fully to their responsibilities. She castigated parents who permitted their children to grow up without attending some Sunday School or Church and contended that the Church should leave no stone unturned to tie the children of the community in some way onto the church.

Her address was highly praised by those who heard it.

Light Showers Fell Thursday

Probably as a sort of reaction to the terrible Gulf storm that swept the coast early in the week, a stiff east wind blew here all day Wednesday and Thursday morning dawned with a heavy mist falling, which soon broke into light showers. By noon 17 of an inch of rain had fallen in Tahoka, with prospects for more.

On Monday afternoon, hard downpours of rain visited two or three different small areas in Lynn county, one at and near O'Donnell and one over a strip of country at seven-mile lake south of Tahoka.

Crops have been greatly revived by these showers and there are some really good crops in the county.

Walter May Test Is Down 3,500 Feet

Drillers on the Continental Oil Company wildcat well on Section 10 block 7, E. L. & R. R. R. Survey owned by Walter H. May, reported Wednesday that they had reached a depth of 3500 ft. according to Aurora Cade, who helped to procure the lock of leases. The well is being drilled by George P. Livermore, drilling contractor.

The contract calls for a hole 3700 feet deep.

The location is about eight miles northeast of Tahoka.

Grassland Will Start School Year

Mrs. W. A. King, principal, announces that the Grassland school will open Monday morning at 9 o'clock.

The faculty consists of three teachers; Mrs. King, Miss Virginia Thomas, intermediate; Mrs. Ella Hall, primary.

Nine grades are taught in the Grassland school.

School At Draw Opens Monday

Opening exercises for Rural High No. 1 will be held in the school auditorium at 10 a.m. Monday, September 3. Parents and school patrons are invited to attend.

County Judge Tom Garrard will address the group; teachers will be introduced and trustees will be presented.

School buses will not be run the morning of the 3rd. Parents are asked to bring their children and attend the exercise; grade school children will be dismissed at noon Monday afternoon and will be taken home by bus. Buses will run Tuesday.

Rev. A. C. Hardin Goes To Sundown

Rev. A. C. Hardin and family are preparing to move to Sundown oil town in southwest Hockley county, some time soon.

Rev. Mr. Hardin, who resigned as pastor of the Baptist Church here about eighteen months ago to go into evangelistic work, has accepted the call of the Baptist Church there. He still has some engagements for revival meetings, and as soon as these are filled he will begin his work there, probably in the latter part of September. He and family will probably move to that place earlier, however. It is understood that the Church is about to build a new parsonage there.

Evangelist Hardin has just finished a revival meeting at Olton, in which there were about fourteen responses. He is now in a revival at Ackerley. Recently he held a successful revival at Meadow.

Since Sundown is an oil town, the preacher anticipates that he will have plenty of evangelistic work to do there in connection with his regular pastoral work.

Edwards Resigns Redwine Pastorate

Rev. L. B. Edwards and family of Redwine moved to Plainview last Tuesday, where he expects to enter Wayland College as a student when the fall term opens about September 10.

He resigned his pastorate of the Redwine Baptist Church, where he has served the past two years, and expects to do part-time pastoral work elsewhere while attending Wayland.

The preacher and his good family have many friends in Lynn county, whose best wishes go with him.

Lyntegar Gets \$300,000 Fund

The News has received a communication from the office of Congressman George H. Mahon, Washington, D. C., stating that the Rural Electrification Administration has approved a project for Lynn county in the amount of \$300,000 to be expended for line construction and extension of service by the Lyntegar.

Mr. Mahon is now on a mission with certain officers of the Army and with members of his Committee on Appropriations out in the Pacific area making investigations and gathering information that will be helpful to this committee in framing appropriation bills.

Youth Revival At Methodist Church

The Youth Revival to begin at the Methodist Church here Sunday morning will be something novel and doubtless very helpful also to all who will attend.

While it is being sponsored by the Methodist Youth Fellowship, it is to be in fact a revival for adults as well as youth. The revival will continue through next week, with morning and evening services, and closing Sunday night, September 9. The young people will meet each evening at 8:00 P. M. and the regular church services will begin at 8:45.

The young people have been working hard and have completed all their plans for the meeting. Miss Jerene Bartlett, the Youth Fellowship reporter, stated Wednesday to a representative of the News, Rev. Jimmie E. Bell of Clovis, New Mexico, was chosen to do the preaching, she said, because he specializes in Youth work. He is in great demand as a speaker for Young People's assemblies and has traveled 50,000 over the nation during the past year answering calls.

His Youth work in Chicago was sponsored by the Chicago Junior Chamber of Commerce and was backed by the Chicago Federation of Churches consisting of 54 denominations. He was also backed in his work by the Texas Junior Chamber of Commerce two years ago. He is a graduate of a law school and received his theological training at S. M. U.

The song leader chosen is D. Orvil Strong of Lubbock, a young worker for the Lord and a student of the Texas Tech. He is song leader of the Northwest Texas Methodist Youth conference and vice-president of the body, and is active in all types of Youth work.

Young and old are extended an invitation to attend the services throughout the week.

Young and old are extended an invitation to attend the services throughout the week.

Young and old are extended an invitation to attend the services throughout the week.

Servers' Grandchild Dies At Ropesville

Mr. and Mrs. P. D. Server and daughters, Miss Hattie and Mrs. Florine Best, all of Tahoka attended funeral services held Thursday afternoon at four o'clock at the Ropesville Methodist Church for Kent Knight Server, four-year-old son of Mr. and Mrs. Irwin Server of Ropesville and grandson of Mr. and Mrs. P. D. Server.

The child died at 1:30 Wednesday afternoon following an illness of several weeks.

Rev. Ollie Apple, pastor of the Ropesville Methodist Church, officiated at the funeral services. Burial was in the Ropesville cemetery.

Frank Fletcher Is Back At Wilson

Frank Fletcher, former publisher and editor of the Wilson Sun, who sold his subscription list to The Lynn County News and went to work at a defense plant after the Japs catapulted this country into war, is moving back to Wilson and was a visitor in the News office a few days ago. More recently he has been employed in a daily newspaper office in Kansas.

He plans to revive the Sun some time in the near future.

Tahoka Schools Opening Monday, Faculty Named

With E. E. Hancock as superintendent and Vernon Brewer as principal of the high school but with the high school faculty still incomplete, the schools of Tahoka will open Monday, with scheduled class work beginning Tuesday morning at 9 o'clock.

A teachers meeting has been called for 9 o'clock Monday morning.

Grade school pupils will register at 9 o'clock Tuesday morning. High school pupils registered on Monday and Tuesday of this week.

The buses will run the same routes that were being run when school closed last spring, but the bus routes are subject to change and may be changed after school starts. Buses will leave town about 7:45 A. M.

Coach H. D. Stewart will issue football equipment to players Saturday, September 1 and will have a light workout Saturday afternoon. Hancock requests that the News state that Coach still needs a house in which to live. Any one knowing of a house for rent should notify Mr. Hancock.

Teachers for the high school have been announced as follows: Vernon Brewer, principal, H. D. Stewart, coach; Miss Lucille Wright, teacher of Home Economics; other teachers, Miss Betty Frazier, John Roberts, Mrs. Lester Adams, English, History, and Math, teachers and a librarian are still needed.

The teachers for the grade school are: B. T. Smith, principal, Mrs. Rhoda Roberts, Miss Lola McWhirter, Mrs. L. D. Howell, Mrs. A. R. Hensley, Mrs. Myrtle Mathis, Mrs. Linnie Finch, Mrs. Frankie Taylor, Georgia Taylor, Miss MacClynn Wyatt, Miss Rae Fern Pennington, Miss Jaunie Simpson, Mrs. Annie Mae Smeiser, Miss Joan Owens, Miss Ruth Cumble, Mrs. Opal Pittman.

There will be a general assembly each Wednesday morning at 9 o'clock. Everyone is invited to attend.

Voters Approve 3 Amendments

Three of the four constitutional amendments which had been submitted to a vote of the people at a state-wide election held last Saturday were adopted, according to returns compiled by the Texas election bureau while one was overwhelmingly defeated.

Those receiving approval were the Soldier Vote amendment, the Supreme Court amendment, and the Pension or Welfare amendment. Depeated was the Salary raise amendment of the legislature.

Only two of these amendments received majorities in Lynn county, however, the Soldiers Vote and the Pension amendments. The Supreme Court amendment was defeated by a small majority in the county while the majority against the proposed legislative salary raise was more than nine to one, the proposal losing in every voting precinct in the county.

The vote on the four amendments in this county as compiled by County Clerk Walter Mathis was as follows:

Permitting Soldiers to Vote without the Payment of a poll tax: For, 367; against, 115.

Proposing Increase of Salaries of Legislators: For, 49; against, 463.

Increasing Supreme Court to Nine Members: For, 212; against, 267.

Fixing Limit of Pensions at \$20.00 per month per person: For, 290; against, 200.

We are not able to give accurate figures this week as to state returns.

Will Rogers Field, Okla. — Pfc. Hugh P. Morrow, Will Rogers Field Oklahoma, has been awarded the Good Conduct Medal. Pfc. Morrow 38 years of age, is the son of Mrs. Mary E. Morrow, RFD 2, Tahoka.

METHODIST CHURCH

Tuesday night at the regular monthly meeting of the stewards, many items were discussed and disposed of. The president, V. F. Jones, insisted that each steward make an extra effort to get all finances up to date by the time the fourth quarterly conference convenes, which is September 15. That will be the last quarterly conference of the year. So far a fine record has been made on all lines of church work.

Sunday morning, Rev. Jimmie Bell of Clovis, N. M. will preach the first sermon of the revival sponsored by the Youth division of the local Church, and Rev. Orville Strong, Tech student, will be song leader. This seems to be a fine set-up, and it is hoped that all the youths of this and adjacent counties will attend, for it will be helpful to you.

Rev. Bell has a law degree and was head of a large insurance company when felt an urgent call to the ministry. Across the nation he has been called to preach to Youth assemblies and conduct revivals. He is a graduate of Perkins School of Theology of S. M. U.

The revival is for both the adults and the youth, though sponsored by the latter, and everybody has an urgent invitation to attend. The meeting is to run for a week, so if you are to get the most out of it, will be necessary for you to attend every service, both morning and evening. — Reporter.

BAPTIST NOTES

Announcement has been made that Dr. John W. Cobb, dean of Wayland College, is expected to fill the pulpit at the Baptist Church next Sunday.

A great campaign for the expansion of Wayland College is now on, and it is presumed that Dr. Cobb is to be here in the interest of that campaign. Many young preachers already are being educated at Wayland.

Rev. Geo. A. Dale of Lubbock, former pastor here, filled the pulpit at both the morning and the evening hours last Sunday. He was accompanied by Mrs. Dale.

SOUTH TEXANS VISIT HERE

Mr. and Mrs. Fred Elliott and little daughter Anne of Gonzales visited briefly at the senior editor's home last Friday.

Mrs. Elliott, a long-time friend of Mrs. Hill was formerly a home demonstration agent and served in Lubbock county just previous to her marriage.

Mr. Elliott also worked for a time in Lubbock and is now county agent in Gonzales.

ADDING MACHINE PAPER, 2 rolls for 25c at The News office.

LARKIN HOUSE REMODELED

Frank Larkin has completely remodeled the second story of the Larkin building, 50 by 80 feet in size, and long used as a rooming house.

As remodeled, this upper story now consists of nine apartment units, each of two or three rooms, with private baths. New furniture has been installed throughout.

The Larkin building is one of the landmarks of the town, the lower floor having been used all these years for various business purposes. The upper floor has been used as lodging house.

HONORED WITH DINNER

The seventy-sixth birthday of Mrs. J. F. Rogers Sr. of New Moore was celebrated in a manner to make her heart glad last Sunday.

On Sunday morning all of the children who live in driving distance began pouring in with baskets and covered dishes of delicious food, which was a complete surprise to "Grandma." A huge birthday cake was brought in by one of the daughters, Mrs. Virgil Adams. An extra table was brought in and the two extended the length of the dining room.

Then all the ladies began to cover it with lots of good food. Starting the men first, they began to pass into the dining room, where each were served with ice tea or milk, and then out on to both screened porches, where all seemed to enjoy themselves.

Those present were: Mr. and Mrs. H. C. King and daughter Oleta and grandson Johnny of

ALEXANDER-RILEY

Marriage rites were read at 9:30 o'clock on Thursday night of last week, August 23, for Mr. Rocco Riley and Mrs. Minnie Alexander, both of this city, at the Methodist parsonage by the pastor, Rev. H. A. Nichols.

Both have lived here for many years and are well known and highly respected. Their many friends wish them many years of happiness.

W. A. Caveness, son of the late C. B. Caveness of the New Lynn community, is now at home visiting his step-mother and other relatives after having spent three years on Guam and Hawaii. He will report to Fort Bliss, El Paso, for further assignment about September 15, though he hopes, now that the war is over, that he may be granted a discharge soon.

Big Spring: Mr. and Mrs. W. A. Rodgers and children of Lubbock; Mr. and Mrs. Ted Rogers, Mrs. A. G. Crutcher and son, John Aubrey, of Tahoka; Mr. and Mrs. Jack Rogers and children Mr. and Mrs. Roy Blackmon and children of New Home; Mrs. Earl Crutcher and children, Mr. and Mrs. J. F. Rogers Jr. and children, Mr. and Mrs. J. E. Blair, Mutt Rogers, Mrs. G. T. Gallan and children, Mr. and Mrs. R. B. Blackmon and children, Mr. and Mrs. Virgil Adams, Mr. and Mrs. Marion Snyder.

Also a number of friends called in the afternoon. "Grandma" received many useful gifts, and all left wishing her many more such birthdays. — Contributed.

KEITHS MAKE TRIP

Mr. and Mrs. L. C. Keith of New Home left Monday for East Texas, planning to stop over at Menard to visit Mr. Keith's father, who is 93 years old.

From there they were to go to College Station to visit their daughter and son-in-law, Dr. and Mrs. George Edds and baby. They also expected to visit other relatives in Madison, Brown, and Runnels counties and to stop over in Bell county for a brief visit with old friends and neighbors.

They expect to be gone two weeks.

ATTEND FAMILY REUNION

Several families living in or near the line of Lynn county attended the Marcy family reunion, which was held last Sunday in Mackinzie State Park in Lubbock. A picnic dinner was served. The Marcy family reunion has become an annual affair.

Lynn county people attending the affair last Sunday were Mr. and Mrs. G. W. Turner and daughter Margie of New Home, Mr. and Mrs. Perry Harmonson and daughters and Mr. and Mrs. John Moore Clauden and Raymond, all of Meadow; Mrs. J. E. Wells and children of Slaton.

Never regard a man as a failure until he flops at something he likes. Don't throw your tongue into high gear until you get your brain in motion.

Responsibility makes some people grow; and others swell.

OCTANE!

Gasoline of better than pre-war quality has been started to local motorists from Sinclair Refineries according to a statement made today by J. N. Hill local Agent for Sinclair Refining Company. J. N. Hill said Sinclair Refineries are shipping 75 octane Sinclair H-C Housebrand Gasoline and 80 octane Premium Grade. Wartime restrictions have limited housebrand to 70 octane and premium gasoline to 76 octane. Steps are also being taken to raise through blending operations the octane value of the gasoline now in storage so as to make available to the consumer pre-war quality immediately. It should take but a few days to restore pre-war quality in the gasoline. We are anxious to give the motorist this new quality merchandise as soon as possible—adv.

There must be such a thing as retributive justice. The Ruler of the Universe must see to that. It was less than four years ago that Japan made her treacherous attack upon us. While still professing to desire peace, she came treacherously dropping bombs on our battleships in Pearl Harbor, on our Airplanes asleep on Hickam Field, on soldiers and civilians alike, unoffending and unarmed. Then she swept on southward over a thousand islands in the Pacific, wrecking death and destruction. Now a wrecked and whipl and sullen Japan is taking orders from our admirals and our generals. Her armies are being driven out of the lands they overrun and despoiled. Her navy has been destroyed. She is being stripped of her stolen possessions. Even her emperor has been reduced to the state of a puppet king, without prestige and without power. Her war lords are committing har-

karl. The feet of our soldiers and our sailors are treading the streets of Tokyo and Yokohama. Justice is being meted out to that cruel, treacherous country. Retributive Justice! and look at Germany, that race of Supermen, that people who taught that Might makes right, who cried out for War, who made war, war upon unoffending and helpless peoples, a war in which these marauders all but conquered Europe and half the world. She too has been bereft of power. She sits today disarmed and begging for bread, seeking a place where she may lay her head. Millions of her soldiers had trodden the soil of other lands as proud conquerors; but when defeat came, devastating and terrible, hundreds of thousands of civilians fled terror-stricken as refugees into other lands. Now according to press dispatches published Monday, they are drifting back into the Fatherland, homeless, penniless, and hungry. Berlin is being swamped, it is said, with the returning refugees, 15,000 to 18,000 of them daily. They come from Danzig, East Prussia, Silesia, Poland and Czechoslovakia. By rail by truck, by barge, and on foot they come, swamping the soup kitchens and possibly the garbage cans, trying to appease their hunger—these formerly boastful, brutal supermen who set out to conquer the world. Retributive Justice is now being meted out to them. "With what mete ye measure, it shall be meted out to you again."

Russia manifested a spirit of fair play and full cooperation with her allies in the treaty of friendship which she made with China last week. She shows no disposition to robble up territory that does not rightfully belong to her, nor does she show any intention of forcing communism upon other countries to the detriment of the allies. For instance, she agreed with China to give military supplies and moral support to Chiang Kai-Shek's government in the face of efforts on the part of Chinese communists to overthrow Chiang Kai-Shek. She agreed to keep hands off of Chinese internal affairs, and to withdraw from Manchuria within three months. Russia and China agree to use Port Arthur jointly as a naval base. They agree to help each other militarily within the period covered by the treaty—thirty years—if either should be attacked by Japan. It looks like a good arrangement for both countries and we hope that it proves satisfactory to both and to the rest of the world, Japan possibly excepted.

Great Britain seems to have been severely stunned by the suddenness with which President Truman terminated the lend-lease program. They were not expecting it to come

so suddenly and without warning, and the shock therefore was rather unpleasant. Probably the President should have broken the news to the British a little more gently, but our people generally like the promptness with which he is placing our country back on a peacetime basis. He is going about the matter of reconversion as if he really means to reconvert. The country also rather likes the independence he has exhibited in reconstructing the cabinet. Maybe the people have no particular objection to some of the cabinet members and other high-ranking officials who have been ousted and may be they have little knowledge of our admiration for some of those who have been named to the vacated positions, but practically everybody feels that the President should have the free and unhampered privilege of naming his own cabinet members, subject to the concurrence of the Senate, and they like the President's promptness and positiveness in thus asserting his authority. Harry Truman not only made a good start, he continues to stay right in there, right in the middle of the road.

From election returns published thus far, it looks as if the people of Texas hit hard the proposal to increase the pay of legislators to \$3,650 at the election last Saturday. Even East Texans frowned on the proposition. Probably they felt that their representatives were not worth the money. In opposing the raise, many people have suggested that a proposition for the raise of salaries should also provide for fewer members of the body. If the membership of the House were cut by 30 to 40 per cent, a corresponding raise in the salaries of members might be approved by the people. An amendment that would fix the salaries of members according to the population of the various districts at the last decennial census, would doubtless insure redistricting following each census, as the Constitution provides. Something ought to be done to penalize the fellow who represents only a handful of people and steadfastly refuses to give other folks approximately the same representation.

Just what is cooking politically in this state is a matter of much speculation. Senator Lee O'Daniel has intimated that he might become a candidate for governor next year. If he should do so and should be elected, he would have to resign from the U. S. Senate to become governor. That would leave a vacancy in the Senate which he as governor would have the privilege of filling by appointment for the remainder of the term. Recently he strongly urged the appointment of Governor Coke Stevenson to a West Texas federal judgeship. Stevenson did not get the plum and probably did not want it, but this has given rise to rumors that Stevenson and O'Daniel have formed a political coalition. Folks are wondering if they will trade places next year. There may be no foundation whatever for such rumors. Personally, we think that if such an exchange should be made, Texas would be a heavy loser as to the governorship but would score a corresponding gain in the U. S. Senate.

FINDS OREGON A WONDERFUL STATE
A representative of the News has received a most interesting letter from Mrs. Bill Carrell, who together with her family, went out to Oregon in July to work in the fruit harvest. Their home is in the Lakeview community in this county. We quote freely from the letter. "I am here," she says, "seeing some of God's great handiwork in this part of the world. It is wonder-

ful, I must say, and some of it seems almost unbelievable.

"We came out here to help in the fruit harvest and surely found plenty of work, and lots of fruit and water. We picked cherries at Hood River and finished there two weeks ago and came to Salem to help with the beans and peppermint. When we finish here we will go back to Hood River to help save the apples and pears.

"I had the opportunity last weekend of standing on the rocky cliffs of the Pacific Ocean and looking across those rushing waves as they were coming in, hitting the rock banks, and splashing high into the air; of listening to the roaring of the water and the motor boats; and watching the fishermen come in with loads and loads of salmon and unload them.

"But the best thrill of all was that while we were there word came that Japan had given up. I slipped down under rock cliff and stood and looked far, far, across the Pacific Ocean—could see nothing but water—but looking toward Japan, I thanked God for what he had done there for us.

"There at Hood River is a wonderful scene. One will look and look, you never grow tired. You see down in the valley 30 and 40 acres in perfect squares, now, of orchards, the rows all running in different directions—cherries, apples and pears. Then you look on up back of all that and see the most beautiful tall pines, one hill after another, until soon you are looking almost straight up over hill after hill completely covered with pine and fir trees. To one side you see Mt. Hood covered with snow;

look the other way and you see Mt. Adams, also covered with snow, maybe a cloud hovering over the top of it and snowing upon it, but clear and beautiful everywhere else.

The deer have eaten all the leaves off of the fruit trees as high as they can reach." She supposes that they will be coming back to Texas when the fruit harvest is over this fall.

What are your ideas about post-war train travel? Santa Fe would like to know. How do you think post-war passenger cars should be built? What are your ideas about train-station telephone service, recreation cars, "snack bars," dinner music? What about train speeds? Santa Fe has prepared an illustrated questionnaire to give you a chance to take part in planning our trains and travel features of the future. It's easy to show us what you have in mind. You simply check the idea you like in the questionnaire, jot down any additional ideas you may have, and return the questionnaire to us. We pay postage. Mail the coupon today and we'll send you the questionnaire pronto!

How women and girls may get wanted relief from functional periodic pain. Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help: 1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. 2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardui. If it helps, you'll be glad you did. CARDUI.

Farm Leaders Plan County Organization

A Farm membership drive among farmers of Lynn county was planned August 24th, by forty-five leading farmers and ranchers of Lynn county. Tom Garrard announced today.

"Farm Bureau is organized in the community, county, state and nation," Garrard said. "It stands for the protection and advancement of agriculture and for everything that involves the welfare of farmers and ranchers and their families. The farmers who are members direct the activities of Farm Bureau, and each member is a farmer or a person believing farmers and ranchers should have a fair price for their products. All members are affiliated with the state and national Farm Bureau Federation in order to have a voice in the state and national affairs. Farm Bureau exerts a profound influence upon political policies because its leadership advises with members of Congress, state legislators and govern-

mental representatives. Voting delegates to the state and national conventions help form the annual program which is fair for the farmers and ranches and the entire nation.

Garrard pointed out that the Farm Bureau was organized nationally following World War I when farm prices collapsed. "It took us 21 years to again receive a semblance of Parity Prices," he said. "We have a guarantee by Congress that the government will support farm prices for two years following the present war," he said, "but the joker is that they have not said at what level that this support price would be. We not only must organize, but we must stay organized and present a solid front demanding a fair share of our national income."

Farmers and ranchers everywhere have produced all possible food, feed and fiber for victory. This has been a patriotic duty. It has been achieved under adverse conditions. Labor shortage of machinery, seed and fertilizers have been some trying problems.

In reviewing some of the state accomplishments, Mr. Garrard said the following was notable: 1. Successfully kept state legislature from taxing tractor gasoline. 2. Assisted in securing the passage of the cooperative hospital act. 3. Aggressively supported the truck load limit from 38,000 lbs. to 48,000 lbs.

On a national basis, through the efforts of the American Farm Bureau Federation:

The loan price on wheat for 1944 was ten cents per pound above that of 1940.

The price of peanuts had been raised from \$94.00 per ton in 1942 to \$160.00 per ton in 1945.

Support prices similar to the above are now in effect for all staple crops.

Leaders who will contact their neighbors in Lynn county during the next two weeks are R. C. Wood, R. L. Pirtle, J. R. Thomas and J. R. Strain.

The membership goal for the county is 400, according to Mr. Garrard, Chairman of the drive.

Miss Syble Pirtle, who recently received a discharge from the WAVES, is now back home visiting her parents, Mr. and Mrs. R. L. Pirtle at Draw. She will teach again in Post, having been a teacher there before joining the WAVES.

Mr. and Mrs. O. J. Jackson are here this week visiting their daughters and families, Mrs. C. B. Evans and Mrs. Ed Hamilton. The Jacksons were formerly in business here. They now reside at Clyde, where they own a vegetable farm.

Mr. and Mrs. H. C. Story and their daughter, Miss Ruth Evelyn, returned to Austin this week, after a two-weeks visit here with relatives.

Mr. and Mrs. Tom Hale and daughter, Pauline, returned the first of this week from Los Angeles, California, where they spent a few days with Tom Hale Jr., who is doing service in the Navy. He is the captain of a tanker the Y-63.

Mr. and Mrs. R. M. (Bob) Arnold and two sons left for their home in Gatesville last Saturday after a few days visit here with the Tippit families, and he visited the News Office briefly in company with T. I. Tippit while here. Mr. Arnold is an electrical contractor in his city and prominent member of the Lions Club, locally and in his district. He is also prominent in political circles in his section of the state. His visits to Taboka are always much enjoyed.

WYNNE COLLIER, Druggist.

Dick Powell and Claire Trevor reach new exciting heights along the trail of dangerous, romantic adventure, in "Murder... My Sweet."

Dr. and Mrs. Jim Sinclair are expected home Saturday after spending the month of August in Canada.

Mrs. Cornelia Kelly left Tuesday for Amarillo and Wellington to visit relatives. She recently returned from a visit at Dallas and other places.

L. E. Waldrep and family of Pottsville, Hamilton county, were here last week visiting Mr. and Mrs. J. J. Waldrep. The two men are brothers.

Rev. and Mrs. J. E. McManis of Brownwood left last Saturday after a few days visit with his parents, Mr. and Mrs. E. E. McManis and other relatives at Lakeview. J. E. has been attending Howard Payne College the past two or three years and is now pastoring two churches, one in Concho and one in Comanche county. He was formerly pastor of the Edith Church east of Taboka.

Mr. and Mrs. D. A. Stevens had as their guests last week his sister and brother, Mrs. W. A. Tredway and C. C. Stevens and wife of Amarillo, and their son and daughter-in-law, Mr. and Mrs. T. C. Stevens of Casa Grande, Arizona. The latter's mother, Mrs. Hal Johnson of Taboka, accompanied Mr. and Mrs. T. C. Stevens back home.

City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us. Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WPA and OPA. Paid for by Industry.

NOW on their way to you!
THE FINEST GASOLINES THAT GULF HAS EVER MADE!

We're losing no time in rushing to your Good Gulf Station ample supplies of the best gasolines ever sold at the Sign of the Gulf Orange Disc.

The Orange Disc has always stood for superior petroleum products. Now, with victory, Gulf's wartime research and experience have produced gasolines to bring power and smoothness to your driving such as you have never before experienced.

Gasolines that assure you quicker starting... surging power in pick-up... and "get-up-and-go" on hills without ping or knock... swift, smooth, gliding ease on the straight-away... and record mileage per gallon.

And as new engines come from the drafting boards, placing new requirements on motor fuels, Gulf gasolines will be on hand to meet their challenge.

You will know these powerful NEW GULF GASOLINES by the same, identical names Gulf gave its fine motor fuels of an earlier day...

THAT GOOD GULF and GULF NO-NOX

They're proud names, both of them, backed to the hilt by the Gulf organization.

Now they can go,

Keltner Brothers Visit Parents Here

Russell Keltner and wife and two children left Wednesday for their home in Globe, Arizona, accompanied by T/Sgt. and Mrs. Monte Ray Keltner of Cherry Point, North Carolina, after all of them had spent several days here visiting the men's parents, Mr. and Mrs. C. B. Keltner, and other relatives.

Russell and family came on Tuesday of last week, accompanied by his mother, who had been visiting there about two months.

T/Sgt. and Mrs. Monte Ray Keltner were practically reared here. T-Sgt. Monte Ray volunteered for service in the Marines in January, 1941, and he was at Hickam Field near Pearl Harbor when the Japs U. S. warships and airplanes station-made their surprise assault on the ed there. Soon afterwards, he was sent with about 300 other Marines to Johnson Island south of the Hawaiians, where he was stationed for 22 months. For about two years now he has been stationed at Cherry Point, where he is a radar technician.

Having re-enlisted for two years last January, T-Sgt. Keltner expects to remain in the service until January, 1947.

ON FURLOUGH

Mr. and Mrs. C. M. Campbell of Wilson had as their guests, recently, their daughter, Mrs. Evalynn MacDougall and little son, Danny of Lubbock, and their son-in-law Lt. Roderick D. MacDougall, who is on furlough after some 15 months in the European theater of War.

Lt. MacDougall who went overseas in March 1944 has served as a Glider Pilot with the Airborne troops and as a co-pilot on a C-47. He wears the Air Medal with three oak leaf clusters; the bronze Arrowhead for action behind enemy lines; seven campaign stars for action in the European theater. His unit received the Presidential Citation, also an English Citation for action with the Allied Airborne troops in Holland.

He expects to report at Fort Sam Houston at the end of his furlough.

REPRESENTED AT JAP SURRENDER

It is believed that Tahoka will have at least two servicemen present when General MacArthur accepts Japan's formal surrender on September 2.

It is known here that R. A. Russell, coxswain, is aboard the Iowa, and Truman Hines, Paratrooper, was scheduled to go to Japan with other troops from Okinawa.

It was but natural that "The Jersey Bounce" would be followed by the "Milk Cow Blues."

HUNTING FINES

Hunters who violated the federal migratory bird regulations during the last fiscal year paid \$52,357 in fines and received jail sentences totaling 462 days. The 60 game management agents of the Fish and Wildlife service, working singly or with federal deputy game wardens and state officers, obtained 1,935 convictions for illegal hunting during the period. One of the largest fines was paid by an Ohio hunter who killed 28 ducks in one forenoon and received a fine amounting to \$17.80 per duck. According to W. E. Crouch, chief of the service's division of game management, the arrest was made by Game Management Agent Fred E. Brint who watched the shooting through binoculars and counted the ducks as they came tumbling out of the sky. Children in a nearby orphanage got the confiscated ducks for dinner.

F. C. Hartwell had a telephone call a few nights ago from his son, Major F. C. Hartwell Jr., at San Francisco, advising that he was on the point of embarking for Okinawa, from which island he expected to go to Japan. Major Hartwell is a supply officer for the U. S. Air forces. He probably will have business in Japan for quite awhile.

O'DONNELL COUPLE WEDS HERE

On last Saturday afternoon, Roy K. Line and Miss Catherine Cobb, both of O'Donnell, were united in marriage at the Methodist parsonage here, Rev. H. A. Nichols, the pastor, officiating.

The bride's parents live in O'Donnell. She is a sister of Ed Cobb of Tahoka, who operates a service station here. Mr. Line, whose parents also reside in O'Donnell, served in the U. S. armed forces in the European theatre of the war for many months but recently returned to the States.

John Jackson is moving a house in from the farm onto a lot near the Buster Penton home in northwest Tahoka and will remodel and add to it, making it an attractive home.

ASSOCIATIONAL W. M. U. WILL MEET NEXT THURSDAY

The annual meeting of the W. M. U. of the Brownfield Baptist association will be held with the First Baptist Church of Brownfield on Thursday of next week. It will be an all-day affair, with a good program promised.

Mrs. Garland Pennington of Tahoka is the president, and Mrs. D. V. Smith of Tahoka is corresponding secretary and treasurer. All the Baptist churches in the association having W. M. U. organizations are expected to be represented. Many women of Lynn county are planning to be there.

W. C. COOK AND FAMILY VISIT HERE

Mr. and Mrs. W. C. Cook and two daughters of Arlington were here a short time Tuesday, and also visited relatives and friends at Wilson. They formerly resided at Wilson and then for a year or more in Tahoka before removing to Arlington.

They came especially to visit Mrs. Cook's brother, Charlie Brock at Brownfield, who is sick.

Mr. Cook reported that his daughter-in-law, Mrs. Juanita Cook, former chief operator of the local telephone exchange, and her son Freddie are now in California, where Fred Sr. is stationed after returning from service in the Pacific.

ENROUTE HOME
A. J. Kaddatz of Idalou was here Tuesday enroute home from Lamesa having gone there to meet his son, S/Sgt. Raymond T. Kaddatz who arrived that day after almost three years' service in the European theater of war. He had just received an honorable discharge after being in the Army 4 years, 9 months and 4 days.

Sgt. Kaddatz as a member of the 241st M. P. Co. had been attached to several organizations of the Army including the 7th Army. During his service with the Seventh he was awarded two campaign Stars, and had accumulated 95 points toward his discharge which required only 85.

PUBLIC HEARING ON CITY BUDGET

Notice is hereby given that the budget for the fiscal year of 1945 and 1946 was filed with the City Secretary on August 27, and that a public hearing on the same will be held at the City Hall at 8:00 o'clock P. M. on September 19. — Rosemary Nelms, City Secretary.

YOUNG-HANCOCK

Miss Boyce Young of Wichita Falls became the bride of W. E. Hancock of O'Donnell in a double ring ceremony read by Rev. H. A. Nichols, pastor of the Methodist Church here, at his home on last Friday evening. The minister is a close friend of long standing of both the bride and the groom.

Immediately after the ceremony, the couple left on a wedding trip to points of interest in New Mexico and Colorado, and upon their return will reside in Wichita Falls.

The bride is a daughter of Mrs. Minnie L. Young of Chillicothe and a graduate of the Chillicothe high school. She was employed for some time in the First National Bank there and then accepted a position as teller in the Wichita National of Wichita Falls. She is a member of the Beta Sigma Phi sorority for business women.

Mr. Hancock is a son of Mrs. Lydia Hancock of O'Donnell. He is a graduate of the University of Texas and did special work in the Texas Theological College. For about fifteen years he served as superintendent of schools at Chillicothe. He entered the U. S. Navy in March, 1943, and served overseas for 14 months, receiving a discharge at San Francisco in July of this year. He is now serving as district representative at Wichita Falls for the U. S. Department of Internal Revenue.

MERCHANTS SALES PADS, 6 for 25c at The News office.

Evangelist J. L. Moyer will begin a Gospel meeting at Tahoka on Friday, Sept. 7.

GORDON
