E. D. Crouch Met Tragic Death On Railroad Tuesday

The citizens of Tahoka were shocked and grieved to learn shortly after 11 o'clock Tuesday morning that E. D. Crouch, long-time citizen of the Three Lakes community, had just been struck by the engine of a train on the Santa Fe a little more than a mile north of Tahoka and killed, for many of them had seen him on the streets here shortly before that time.

The train crew gave out the information as quickly as possible and many people of the town went out to the scene of the tragedy. W. M. Harris, being among those who arrived first, found the man still alive, and he lifted his head out of the sand, shaded his face, and was Freed From Japs trying to make him as comfortable as possible while awaiting the arrival of a physician, but the injurphysician arrived.

When struck and knocked down by the engine, the man arm had been caught under one of wheels and was cut off between the elbow and the shoulder. A hole had also been driven through the skull at the back of the head.

The engineer and fireman had seen the man standing beside the track but at first supposed he was one of the section hands. Seeing that he was placing himself in a dangerous position, they threw on the brakes and tried to stop the train, but it was too late. The tragedy occurred in a railway cut some three hundred yards north of in the road near the crossing and had then gone up the track on foot to the place where he met his

An inquest held by Justice of the Peace P. D. Server and County Attorney B. P. Maddox absolved the train crew from all blame what-

Funeral services are to be held at the Baptist Church here at 3:00 o'clock this afternoon by Rev. Levi Price, the pastor, and Rev. Howard Martin of Central, former pastor at Wells. The services were delayed awaiting the arrival of one of the sons. Kenneth Dewey Crouch, PhM Cont'd on back page

Other Students Enter Colleges

Among those who should have been listed last week in our college students story are these two fine girls from the Draw-Redwine dis-

Miss Shelba Patterson, daughter of Mr. and Mrs. H. M. Patterson of Redwine, left on Monday of last week to re-enter Wayland College, this being her second year as a student in that instituion. She is preparing for foreign mission work. She has been very active in church work in her home community and has been in considerable demand in this county as a song leader in revival meetings, and will be miss- Cpl. Andrew Hill Is graduate of the Tahoka high Back From England ed greatly at Redwine. She is a school of the class of 1942-43.

Miss Virginia Montgomery. daughter of Mr. and Mrs. J. R. Montgomery of Draw, also entered Wayland College on Monday of last week. She is a graduate of the Tahoka High school with the class as last spring.

Janey Ruth Morris, Joe Boyce Lester, and Jack Lancaster, who live over along the Lynn-Garza county line, are Freshman students at Texas Tech.

Con-Mr. and Mrs. Ed Portwood, who | rad, son of Mr. and Mrs. H. Y live near the east line of the county, Conrad of the Newmoore communare both reported to be sick this ity, is at home again with an honorable discharge and a campaign medal with seven bronze stars and one bronze arrowhead and a good conduct medal.

Pfc. Conrad, now 22, enlisted in the army on April 4. 1941, eight months before the United States was forced into the war, and has been in the service for four years and five months, as a member of the Signal Corps.

He went with the first invasion forces to Northern Africa, and participated in the Algeria-France-Morrocco campaigns, in the invasion of Sicily and Raty, Southern Of Christ Closes France, and Central Europe. He was in the thick of the campaigns in the Naples-Foggia, Rome-Arno areas in Italy and wound up at Munich, Germany,

After all these years of warfare, has come and that he is at home again, ready to take up the duties of civilian life.

She is stationed at Corpus Christi. next summer.

Tahoka Bulldogs and Sut Antelopes, long-time footboll rivals, will meet on the Tahoka field tonight, Friday, at 8:30 o'clock. It will be the first home game for the Bulldogs and the first conference game for both teams, and a large crowd is expected to be in attendance.

Post will enter the game slight favorites, but the Bulldogs in this week's training have been showing their fighting spirit and declare the Antelopes will have to show a lot more than average to win.

Both teams are under entirely new coaches, Coach H. D. Stewart of Tahoka, a graduate of East Texas State, has a light-weight but willing bunch of Bulldogs this year, but the team is handicapped by an unusually large number of injuries to first-string players. Jerry Edwards may not be able to play because of a shoulder injury, Noel Lee Cromer is out with a broken ankle, and Billy Jo and Charles Stephens are both out with back injuries. However, Coach Scewart believes the other boys will be in the game fighting 60 minutes.

Post, coached by "Lefty" Sollis. of Texas Tech fame, has taken on new life in football. The town is backing the team solidly, having recently organized a Booster Club of 125 members to support the team. Sollis has some big boys and some fast boys, and they declare they are coming to Tahoka for o victory. Last Friday, the Bulldogs lost 37 to 0 to Class AA Big Spring in that city. Outweighed and outmanned, the Bulldogs never had a chance, but they did get some valuable playing experience, and Coach used every one of the 29 men he had in uniform. The Bulldogs had not had time to get in playing condition and suffered numerous bruises. J. A. Dodson, Buddy Bragg. Jerry Edwards, and Glenn Newton were outstanding.

"The Bulldogs played a clean game," Coach Stewart says, "and will continue to play clean, even if we lose."

Jap Surrender

Yokohama, Japan,- Being present in Tokyo Bay on the day of Japan's formal surrender, Loyd E. Pierce, EM 3/c, son of Mr. and Mrs. Joe Pierce, witnessed the culmination of history's bloodiest war. As a member of the crew of the U.S.S. Hansford (APA-106), flagship for Rear Admiral John Hall's famed Toyko force. Pierce helped land members of the American occupation force for the Tokyo-Yokohama area. As the mighty units of the American fleet kept their big guns trained on the Jap shores, thousands of troops of the Tokyo force pushed shoreward in a bloodless operation.

While serving abord the Hansford. Piece has seen action in the historic battles for Iwo Jima and Okinawa, and has spent three months in the Philippines. He also served two years on a CVE carrier, the U.S.S. Nassau, and was at Attu, Gilbert Islands, and the Marshall Islands when they were invaded.

Pierce enlisted in June, 1942. He hopes to be home on leave soon, but has two more years of service to do in the Navy.

Meeting At Church

SIOUX FALLS, SO. DAK.—Dale Bess Beauty on a one acre lot and in a \$50 barn produced the amazing total of 18,549 lbs. milk testing 5.14%, 953 lbs. fat. Her product at 15¢ a quart would retail for \$1,384.

This registered Jersey and her daughter are the only cows owned by Herbert Johnson. She is the first animal he ever placed on official test. All records were carefully supervised by South Dakota State college. The American Jersey Cattle club not only credits her with state championship honors over all ages for both milk and fat, but has also awarded her the coveted Medal of Merit, of the Jersey breed.

WALDEN-EVANS

Miss Darlene Evans, daughter of Mr. and Mrs. E. Evans of Wilson begame the bride of Sgt. Charles Walden of Tahoka Wednesday night of last week. The wedding, a complete surprise to Tahoka friends, was performed in the Lovington, N. M., First Methodist Church parsonage at 7:30 p. m. in the presence of a few close friends. Rev. Frank Beauchamp, pastor, read the double ring ceremony.

The bride's dress was of aqua crepe, with black accessories. Her shoulder corsage was a single or-

Miss Judy White, Tahoka, served as bridesmaid. She wore a gold frock and a gardenia corsage. Her accessories were brown.

Sgt. David Weathers attended the groom as best man.

Others witnessing the simple but impressive ceremony were Mrs. Bill Wood, sister of the groom, and Pvt. David Evans, brother of the bride.

The bride is a graduate of Wilson High School, and for some time has been employed in Tahoka offices. Sgt. Walden, son of Mr. and Mrs. Charles Walden of Tahoka, is a graduate of Post High School, and just recently returned home from 18 months duty in England and France with the 437th Troop Carrier Command, 9th Air Force. He wears seven battle stars and the Presidential Unit citation.

Following the wedding ceremony, the couple went to Ruidoso for a honeymoon, returning to Tahoka on Monday, and proceeded to San Antonio, where Sgt. Walden was to report to Fort Sam Houston.

Jean Slover and her roommate, Miss Silvia Cearley of Ft. Worth, spent the week-end with her parents.Mr. and Mrs. J. W. Slover. Jean is a Junior at Texas Tech.

T.B. Infection

Now that tuberculosis in cattle has been reduced to a small fraction of I per cent as a result of the systematic federal-state campaign of eradication, veterinary officials are concerned about the danger of tuberculosis-free herds becoming reinfected. One way that this can happen is from persons who have tuberculosis, present evidence indicates. Dr. A. W. Wight, who directs tuberculosis eradication in livestock for the Federal Bureau of Animal Industry, cites a case, recorded in veterinary literature and supported by detailed records, in which four herds of cattle were infected by one person. Because of this danger he urges close cooperation between public health officials and veterinarians engaged in bovine tuberculosis eradication. Some cases of pulmonary tuberculosis, he explains, are caused by the bovine type of the germ and this type can readily infect cattle. Knowledge of the kind of tuberculosis a human patient has is helpful to veterinarians in tracing the source of infection when healthy cattle in the locality become tuber-

Outdoor Center

The back yard has come to be recognized as the center for family outdoor living and should be so treated. It should offer some use for every member of the family and for the guests of the family—a sand box and swing for the youngsters, a lawn for sun-bathing and for family games and a fine tree or two for summer shade. There should be flower borders along the sides for mother and an area where father can grow tomatoes and small vegetables. A pergola or summer house serves many useful purposes, and there may be room for an o fireplace for picnic suppers. Formerly the only use made of the back yard was for vegetable gardens laundry drying and ash piles. The front yard was the only area that received any landscape attention, and it was generally decorated with either two round canna beds or two blue spruce. Family life was strict ly an indoor affair as contrasted to today's mode of living.

Coccidiosis Centrol Outbreaks of coccidiosis of chickens can be controlled by use of dried milk products or of molasses if the treatment is given early enough. The first symptoms of coccidiosis are loss of appetite and inclination of the bird to stand without moving. Four parts of dried milk can be mixed with six parts of masn for two days, or one pint of molasses can be placed in five gallons of the only accessible drinking water for one-half day.

REID COMING HOME

Mrs. A. L. Reid came to the News office Wednesday in a happy frame of mind. The Reids had just received a letter from their son, Pfc. Lester G. Reid, who was on Okinawa Island, that he was expecting to start home with a discharge any day now. He is with the Medical Corps in the Army and has been in the service five years, overseas for three years and eight months. It had been four years since he was at home. He thought he might beat the letter here, but he didn't.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our at-

SLEIGHT-OF-HAND FINANCE Our good friend, Tom Waggoner of the Claude News fell hard in his youthful days for Government slight-of-hand financing, and like time we have about \$50 or \$60 per the laws of the Medes and Persians,

Government may pay off its bill of three hundred billion dollars contracted during the past few years in preparing for and winning this war without the cost of one penny to the Government. In fact he suggests two schemes, either one of which he thinks would be all

Here is his first proposal: "Since it is the people of the U.S. A. owing the U. S. A. 300 BILLION DOLLARS, just cancel the debt and the U.S. A. does not owe the U. S. A. anything whatever."

Simple, isn't it, Much of that indebtedness, most of it in fact, is represented by war bonds which Bill Smith, Jim Jones, Tom Waggoner, and the rest of us bought from the U.S. Government under would repay every cent of it with interest. Now Tom proposes that ers nothing whatever." will just call it even and quit.

Well, if Tom should decide to

treat his creditors the same way, we imagine his credit would vanish. If Tom's subscribers and adverdebts they owe him, we imagine the Claude News would "go the way of all flesh" in about fifteen

all the debts which it owes. Tom, how could it borrow any money the next time a war or any other emergency comes on?

That's easy. Tom has the answer it. "Just follow the Constitution. power to coin money and regulate or coin the money - thus followdebt each year until the whole debt

Another simple remedy. Set the printing presses to running. Print up 300 billion dollars, in paper money. That would be at least \$2,200 per capita. At the present capita. Tom wants Uncle Sam to to supply their needs. Yea, we print up forty times as much money as there is now in the entire United States and pay his utmost efforts to feed and clothe debts with it. With forty times as and educate and Christianize the much money in circulation as we now have, we wonder what each The Government itself should do dollar would be worth. How much groceries would it buy? How much clothing? Talk about Inflation! That would be it. Our money would be practically worthless, whether Uncle Sam printed it all up and paid his debts in full in a single year or took ten years to do it.

After World War No. 1, Germany printed up a vast amount of paper money, and soon it began to depreciate and just kept on depreciating until it would take thousands of dollars of that money to buy a ever, due to inability of farmers to can of coffee.

just the proper thing. Why not try pensation for the short crop in the the belief that the Government it he asks, this "Constitutional insurance that they took out earli-Way" and it will cost our tax-pay- er in the year. It is to be hoped

the U. S. A. frankly say to the By the way, if the Constitution too far into next year. people that he is not going to repay means what Tom thinks it does, them one cent of that money. He then why didn't the fellows who adopted the Constitution and proceeded to run the Government under it adopt Tom's plan of financing it? Why did they pass burdensome tax bills to pay the expenses of the Government? Why didn't they just start the printing presses to running and print up all the money the Government needed. Why didn't you do it. Mr. George Washington? And you, Mr. Thomas Jefferson, And you, Mr. James Madison? Why hasn't some president or some Congress fallen upon this happy scheme? They must have

> been a set of dumb statesmen. Tom could have given them some valuable dope about how to run the government without taxes.

CHURCHES OF CHRIST

ROM. 16:16

SALUTE YOU!

Now that our summer meetings have come to a close, the Churches of Christ of Lynn county are going ahead with greater zeal in the work that is before us. Our aim is to carry on oll of our work and worship according to the pattern laid down in the New Testament. We do not look to the new testament to justify our religious practices, but rather we look to it to learn what we should teach and practice in order to be pleasing to God, and we always stand ready to give a scriptural reason for those things we do and teach religiously. If any can show us from God's Word where we are wrong in any of our practices, we will not only be grateful to them, but will change such practice to conform to God's Word, because we know that we must "speak as the oracles of God (1 Pet. 4:11), and we must abide in the teaching of Christ. (2 John 9). This is the reason we wear the name Christian, because we find that name, and no other, given in the New Testament to the disciples of Christ (Acts 11:26-; 1

Wouldn't it be a fine thing if Christ would unite upon the teach- God's word. ings of the Bible? We know that aside their opinions, theories and near you.

ject to fungus diseases called smut, be greatly missed here. The infected grain may carry the disease from the field where it grows to the succeeding crop if the and Mrs. J. W. Slover, after a last week-end visiting Mr. and This can happen easily. During North Camp Hood. threshing, diseased kernels pop open and the spores are distributed over the healthy grain. The proved method of control is to treat the seed with a chemical preparation before planting. Unless the seed in disease-free there is loss from duced yeild and further loss from dockage when the infected grain is marketed.

Wheat is affected by two types of the disease, known respectively as stinking smut and loose smut. Control of stinking smut is simple. Clean the seed grain thoroughly by fanning or otherwise to remove the smut balls, then treat it either with two ounces per bushel of fifty per cent copper carbonate, or onehalf ounce per bushel of ethel mercury phosphate called improved ceresan. On the other hand, loose smut cannot be controlled by treatment. The best safeguard is to plant seed grown only on uninfect-

Smut in barley and oats may be controlled by treating seed with one-half ounce per bushel of improved ceresan. A solution of one pint of commercial formaldehyde and ten gallons of water at sixty to seventy degrees temperature also is effective. This should be sprinkled uniformly over forty to fifty bushels of seed while it is being shoveled from one pile to another on a clean floor or in tight wagon box.

See the County Agricultural A gent for additional information.

Turkey and chicken eggs to be sold for hatching should come only from parent stock which have been tested for pullorum disease, cautions Manuel W. Ayers on the eve of the 1945-46 hatching season.

Pullorum, sometimes called white diarrhea, is transmitted from the laying hen to the eggs and on to the poult or chick. Testing the blood of hens detects the carrier birds so they can be culled from the flook.

SEE HIM SOONER

The quickest way to see your son or husband being returned from the Navy, is to remain at home.

That was the sage advice offered today by the Navy Department to relatives who are anxious to welcome their "boys" coming back to the States for release.

In the first place, if relatives travel to debarkation ports it is even see their sailors because the Navy demobilization plan calls for returning men to separation centers in their own Naval Districts. In consequence, men will not be free to visit their families at coastal ports. but will move without delay to their own districts.

Secondly, travel by dependents will operate. Mr. McKnight was loaded transportation system and hamper the orderly operation. of

And last, living accommodations in coastal ports are not and will be available.

YOU'VE WAITED ... YOU'VE WONDERED

Now It's Here GREATNEW GASOLINE!

Phillips 66 Brings You The "Fuel of the Future"—Today!

Yes, it's here! The gasoline you had every right to expect. The gasoline made possible by new processes . . . new knowledge, gained in 3 action-packed years of war production!

What will it do? It will give you more.

Step on the accelerator . . . see what we mean!

More power! You'll get a zooming surge of power that will put your car in its second childhood!

More mileage! You'll get more for your money with the new Phillips 66 because it takes you farther!

More anti-knock! Sure the octane-rating is higher-you'll take those hills in high!

More instant starts! "Controlled volatility"-a Phillips first . . . helps you get instant starting even on the coldest morning!

Buy it! Try it! Let your own engine and your own experience tell you the wonderful news about this "fuel of the future" that's here right now!

AMERICAN HEROES

NVESTMENT in War Bonds has helped win the war and was no sacrifice compared to Pvt. Furman L. Smith's. The brave Central, S. C. lad, who has been awarded the Medal of Honor posthumously, stood between two wounded sergeants and 80 advancing Germans with a lone Garand rifle and some clips. From a shallow shell hole he killed 10 of the enemy and littered the field with writhing wounded, in a hopeless stand before a machine gun burst ended his fighting. Your investment in Victory Bonds will care for his Buddies who were wounded in the same battle. U. S. Treasury Department

Beulah Pridmore -- R. P. Weathers

Mrs. F. M. Sherrod

Cont'd from page 1 Sherrod, all of Tahoka, and Carl in World War I on October 9, 1918, here. in the battle of the Argonne Forest; and one daughter, Mrs. May Patterson of O'Donnell, died July 27, 1924. Survivors also include 20 grand-children and 8 great-grandchildren.

Martha Camella Gregg, Mrs. Sherrod's maiden name, was born in Memphis, Tennessee, on April 22, 1867, but was brought to Texas by her parents the next year, who settled at Peoria, Hill county. In 1876 they moved to Hillsboro and lived there for six years. Then they came out to Brown county, and on August 29, 1883 she was married to Frank M. Sherrod, who survives

Some time after their marriage. Mr. and Mrs. S, herrod moved to the San Angelo area, where they resided for fourteen years.

Mr. Sherrod had hunted buffalo on the South Plains in the 1870's and on one occasion, while he and his companions were camped Tahoka Lake, Indians visited the camp but gave no trouble. Mr. Sherrod had had many a thrilling experience in the then unorganized county of Lynn, and scarcely had the county been organized and the town of Tahoka laid out in April, 1903, until Mr. Sherrod decided to make his home here. He and family arrived here on June 12, 1903, and this has been their home ever since.

For a year or two, possibly longer, they operated a hotel facing the public square, Later, Mr. Sherrod farmed for a few years in the Edith community and then moved to the home in North Tahoka which they have occupied

At the age of eighteen Mrs. Sherrod was converted and united with the Baptist Church, being Clear Creek, Brown county, of the first Baptist Church organized in Tahoka on July 5, 1903. Folor, and when he would come to ing the service.

Tahoka to fill his regular month-Tahoka to fill his regular month-ly appointments he would always Crouch Killed 'put up" at the Sherrod Hotel.

Mrs. Sherrod was a very devout and consecrated member at that Sherrod of La Habra, California time and she remained such during One son, Joy Sherrod, was killed the entire 43 years of her residence

The wealth of flowers that bedecked the Church Sunday afternoon and that were laid on her grave give mute evidence of the love and esteem in which she was held by the people here.

P. Inman Dies

(Cont'd. from page 1)

service in the Southwest Pacific and Mrs. Ornetha Walton of Snyder, all being present except Travis and Mrs. Chandler, who is on her way to Snyder to be with her mother. One daughter died at the age of 16 in 1919.

Also surviving are 38 grandchildren, only one grand-child

Friends from Lynn county attending the funeral services included Mr. and Mrs. Sam Floyd, Mrs. R. B. Floyd, Mr. and Mrs. H. A. Roberts, Mr. and Mrs. Preacher Roberts, Jack Wood, and others.

A native of Delta county, Mr. Inman was born on May 6, 1876. He and his family came to the South Ward community in Lynn county in 1922 and resided here until five or six years ago, since which time they have lived at Colorado City and Snyder.

They had many friends here who deeply regret his sudden and unexpected death.

MISS RUSSELL OF WAVES VISITS FRIENDS HERE

Miss Joyce Russell of the Waves, RM-3/c., daughter of Mrs., Essie Russell of Lubbock and a former resident of Tahoka, spent Tuesday night here in the home of her friend, Frs. D. V. Smith, She was granted a discharge a few days ago baptised by Rev. Ben Wilson in and was on her way to her moth-She er's home in Lubbock. Miss Russell was one of the charter members had been in the Waves about three years, and had taken trainging and served at many stations in the lowing the organization of the United States. Mr. and Mrs. J. W. Goodell have written friends here that they are Denton, and weighing 101/2 pounds.

N. W. ALLPHIN RETURNS FOR SINGERS' MEETING

N. W. Allphin returned Monday evening from Stephenville, where he had attended an unusually fine session of the Texas State Singers Association, which convened there on Saturday and Sunday.

He says the auditorium, which he estimates will seat six thousand, was packed and overflowing with singers and other visitors from all parts of Texas, Louisiana, Arkansas, Alabama, Oklahoma, Tennessee, and other states; that the singing was great and the fellowship of old-time friends and associates was most inspiring.

This year the convention honor ed what it calls the "pioneers" in the field of writing, teaching and publishing gospel music in South with paid transportation and entertainment while there. Mr. Allphin is included in this number (which has been rapidly diminishing in recent years). He met about twenty of his old associates and many, many former pupils and other friends, and says " I had the time of my life."

YOU CAN'T RECAPTURE

TIME slips away faster than we think, All too soon too many yesterdays have passed for us to accomplish all the things we intended one day to do . . . things like buying a home, starting a business of our own ... or creating a savings program to protect our loved ones should something happen

Mr. D. W. knew that time was slipping away from him, all too fast. And he knew he could never recapture any part of it. He had neither the income nor the time required for the average plan to create the protection he so earnestly wanted his family to have. But he learned how he might accomplish his desire, with limited income and limited time, through Southwestern Life Insurance.

Fortunately, he was insurable. Fortunately, his wife and children will tell you, he in-

vested in a Southwestern Life Insurance policy-a nominal contract on his life for \$2,984. But for that fact, his family might have faced some serious readjustment difficulties, for death claimed Mr. D. W. last year, not quite three years after he had entered the agreement with Southwestern Life to pay his loved ones \$2,984 should

something unforeseen happen to him. Time slips away faster than we think. Tomorrow, the unforeseen may alter or destroy all your plans. Now, while you may, set your savings program in motion through Southwestern Life Insurance. There is a Southwestern Life plan to fit your needs . . . a plan that you can create immediately on savings you can afford to save out of income. Get an insurance analysis of those needs today. The economy of the plan will please you.
