Number 52h

Antelopes Win 6-0, Bulldogs Play At Levelland Tonight

Though Tahoka Bulldogs outplayed the Post Antelopes all through the game here last Friday night, costly fumbles and lack of scoring punch on the part of the Bulldogs cost them the ball game. Post won 6 to 0.

The lone touchdown of the game came, after a Tahoka punt was blocked by a Post lad in the first quarter. Post made a first down in three tries, and advanced to the 3-yard line on two 5-yard penalties against the Bulldogs. From there, little Quarterback Mills hit the line for the score. Post fumbled the ball on the conversion attempt, the only fumble of the ball game for the visitors.

Tahoka had hard luck throughout the game. Seven times, the young Bulldogs fumbled, losing the ball five times, and these usually came after a sustained drive down the field.

In the running and passing game, Tahoka clearly outplayed the visitors, amassing nine first downs to only two for Post. Tahoka completed two passes, with Jerry Edwards on the receiving end, for 15 and 40 yards respectively. Post tried three passes, all incomplete.

Harold Crowell, Tahoka guard, was the outstanding lineman on the field, breaking through the Post line to catch the ball carrier several times for a loss, Glenn Newton, who had been shifted from the line to the backfield, proved the best ball carrier, but Jackie Driver and two or three other backs also looked good.

Coach H. D. Stewart is taking his Bulldogs to Levelland tonight for another tough assignment. Levelland has played two games, Lamesa and Denver City, both games ending with the score tied.

Nordyke Nephew Is Free Again

Levi Nordyke was notified by telephone Sunday of the release from a Japanese prison of his nephew, John T. Ivey, who has long been in service in the Navy in the Pacific. The message came from Mr. Nordyke's sister, the young man's mother, Mr. John T. Ivey Sr. of Penwell, Texas.

Ivey was captured soon after the fall of Corregidor. At first reported as missing in action, his parents 11 months later were notified that he was a prisoner of the Japs. After that, they heard from him occasionally until last December, when they were informed that he had been transferred to a prison camp in Japan. Since then they had been unable to receive another word from him or about him. The news that came Sunday indicated that he was liberated on Okinawa island.

Ivey joined the Navy when he was 18 years of age. He is now 23.

Veteran of Wars Given Discharge

Pfc. Ike Barnes, son of Mrs. A. J. Barnes of Wells, came in home Monday night after more than three years service in the U. S. armed forces. He was granted his discharge at Camp Pendleton, Oceanside, California, on September 22.

Pvt. Barnes participated in the successful struggle for Guadalcanal from September 18, 1942 to January 5, 1943. He was also engaged in the battle for Cape Gloucester, New Britain, from December 26, 1943 to January 1, 1944.

For six months during his period of service, Pfc. Barnes was in various hospitals, due to the privations he had to undergo in those South Pacific islands.

Mrs. J. H. Nelms and daughter, Miss Rosemary, are visiting relatives in Abilene. Mrs. D. V. Smith is substituting as city secretary while Miss Rosemary is gone.

Local Colored Boy Makes Solo Flight

Steve Miller, colored, made his first solo flight Sunday afternoon at the local airport, the first Negro ever to fly a ship here.

According to B. T. Smith, flight instructor, who checked Steve on his first solo, the colored boy's landing was near-perfect and his air work good.

New Lumber Yard Is Locating Here

The Shamburger & Gee Lumber company has purchased lots and is preparing to erect buildings and to install a lumber yard one block south of the public square in Tahoka and facing Highway No. 87.

The site for the building is 100-foot front by 160 feet deep and covers the northwest portion of the block on which it is situated.

The Shamburger & Gee Lumber company is a well-known concern and is said to have a number of yards situated in East, North, and West Texas, and in Oklahoma. One of these is situated in Lubbock and another is being installed in Lamesa, it is said.

The lots here have been cleared off and some lumber has been placed on the ground. Construction of the sheds and offices will begin at once and be rushed to completion.

No announcement has been made as to who will be the local manager.

Capt. Townes Is Rotary Speaker

The guest speaker at the Rotary luncheon on Thursday of last week was Capt. Charles Townes, postal officer for the 45th division which operated for many months in the European Theatre of Operations, beginning in North Africa, moving then to Sicily, and on to Italy, where the bitterest opposition and heaviest losses were encountered, and finally up through France and on into Germany.

Captain Townes recited this advance northward from the very shores of Africa, almost step by step, until they reached the heart of southern Germany as a part of the Seventh Army, when the enemy collapsed and the war in Europe was at an end.

His address was filled with important facts and dates, so many of them in fact that his auditors were convinced that he knows the history of America's part in this European war down to almost the minutest detail. It certainly was an interesting and instructive review of our military operations.

Capt. Townes was a former member and for a long time secretary of the Tahoka Rotary Club, a fact which made his visit all the more pleasurable.

TWO LOCAL GRADUATES POPULAR AT McMURRY

Misses Jimmie Lou Thomas and Beth Shepherd have returned to McMurry College for the 1945-46 term.

Jimmy Lou is a Junior this year, is president and acting drum major of the Wah Wahaysee Drum and Bugle Corp, vice president of the Junior class, and vice president of Gamma Sigma social club.

Beth, a Senior this year, is vice president of the Student Council and president of Gamma Sigma.

Both graduated from Tahoka High School in 1943.

HOBBS IN STATES

Port Leonard Wood, Mo.—Pfc. Grady Hobbs of Tahoka, has arrived here after seven months with the 8th Infantry Division, which saw action against the Germans.

His wife and their two children, Bobby and Kenneth, live at Tahoka, Texas.

HOME FROM A. & M.

Johnny Wells, H. B. McCord Jr., Claude Donaldson Jr., and Charles Dollins are at home this week from A. & M. College, where they are first year students. They will return this week end.

State Guard Unit Re-enlisting Men For Second 'Hitch'

Company F, 39th Bn., of Texas State Guard, the Tahoka unit, has completed three years of service, and local members and a few new members, are being re-enlisted this week by Capt. E. R. Edwards.

The local company was formed in January, 1942, with Don Turner, now in the Army, as commanding officer, Edwards and H. O. Hargett, lieutenants, but the unit was not taken into the State Guard until 1942. The Guard was organized to take the place of the National Guard, when that organization, was called on for active duty in the war, as an internal security measure. The State Guard is still the only military organization for the purpose of control of and protection against such disturbances as labor riots, racial riots, etc.

Many men of the local company have remained loyal to the organization throughout. Many have gone from its ranks into the service, and the military training they received in the Guard was of aid to them in the "Big Army."

Governor Stevenson recently has called on the Guard to maintain its membership and vigilance, as the threat of labor disturbances is greater now than ever before.

Several ex-service men have enlisted in the Guard, and others are invited to enlist.

Lt. Hargett requests that any members or former members having the old type helmets, leggings and raincoats bring them in immediately. The same applies to the old CCC issue. All members having the rifles at home should store them at the armory at once.

The State Guard armory is the sheetiron building south of the Church of Christ and east of the court house.

LT. WALKER VISITS HERE

Lt. and Mrs. Clinton S. Walker visited Mrs. Walker's parents, Mr. and Mrs. Henry Douthit, here recently. He had been transferred from Washington, D. C., back to the University of Alabama at Tuscaloosa. Mrs. John Kirkwood was also here from Pampa visiting her parents, the Douthits. Her husband, Cpl. John Kirkwood is now stationed somewhere in Pennsylvania.

SGT. SMITH HOME

Sgt. Rayford Smith, son of N. W. Smith, who lives on the Levi Nordyke farm in the Midway community, came in home Saturday night, having been returned recently from England. He was a paratrooper in the Air Forces that assisted in the defeat of Germany.

Henry Maasen Will Erect New Building For His Business

Henry Maasen is having the lots adjacent to his produce business cleared and leveled up preparatory to beginning the construction of two additional buildings for his business. He expects to have the foundations laid within the next few days and then to proceed with his building plans as fast as material can be procured, which, he thinks, may be a very slow process.

One building will adjoin his present building on the north, and its dimensions are to be 37½ feet north and south by 75 feet east and west. The other building will adjoin his present building on the east, extending along its entire length and being 25 feet wide, facing the south. Mr. Maasen has two other lots lying east of these, each of these, each 25 feet east and west by 125 feet north and south, on which he intended to build but is afraid to even start now for fear that he will not be able to procure the necessary material.

He already has the priority for the foundation of the two buildings to be constructed but not for the superstructure.

Sam Price Home From Coast Guard Service

Sam Price, who has been in the U. S. Coast Guard service for the past three years, four and a half months, arrived home last Thursday night after having received a discharge at New Orleans on September 18. He had been stationed recently at Patuxant River, Maryland.

Price was formerly a deputy sheriff of this county and had also served in various business capacities. His plans for the future have not yet been perfected.

SGT. BILL KING COMING HOME WITH DISCHARGE

Sgt. William L. (Bill) King telephoned to Mrs. Lee E. King from San Antonio Wednesday saying that he would be at home in a few days with a discharge.

He has been in the service overseas.

CLARY IS HOME

T/Sgt. G. A. (Billy) Clary arrived home recently after a service of four and a half years in the Army, 26 months of which was in the South Pacific. He received his discharge recently at El Paso. He is the son of Mr. and Mrs. G. C. Clary who formerly lived at Wilson but are now living in Slaton.

Buy WAR BONDS.

Legionnaires Attend State Convention

E. J. Hendrix, commander of the Marion G. Bradley Post of the American Legion, and Joe Whorton and Charlie Walden, members, attended the state convention of the Legion in session at Fort Worth on Tuesday and Wednesday of this week.

It is possible that other Lynn county Legionnaires also attended.

Local Businesses Change Locations

W. L. Burleson last week moved his offices and show rooms from the building which he occupied on Main Street to the big oval-top, sheet-iron building on the second block east of the highway intersection formerly occupied by the Calvery Hatchery.

Mr. Calvery had just vacated the building and had moved his hatchery to the old abandoned brick school building in South Tahoka which he had purchased from the Board of Trustees of the Tahoka Independent School district.

Mr. Burleson some time ago bought the Calvery Hatchery building and the lot adjacent to it on the west. He plans to construct a handsome new Ford Agency building next spring on this lot.

The D. W. Gagnat Hardware Company some months ago bought the W. L. Burleson building with a view to converting it into a sales and show room for the Dodge and Plymouth cars, for which Mr. Gagnat is the agent. He had planned to begin this month to remodel the front of this building and of the adjacent building on the south which he already owned, and to re-decorate it inside, but is hesitant now about proceeding on account of strikes in the oil industry and the general uncertainty of conditions throughout the country incident to the reconversion program.

Keith Connolly Is Given Discharge

Keith Connolly, son of Mr. and Mrs. James "Skinner" Connolly, who has been in the service five and a half years, arrived home in civilian clothes Wednesday.

As a sergeant in the Air Corps, Keith was the first Tahoka young man to win distinction in World War II, winning the Silver Star and Air Medal for his part in the defense of Australia against the Japanese as gunner on a Flying Fortress.

Along with his brother, Finis Connolly, and buddy, James Foster, he was a member of the old National Guard when it was taken into the Army before we entered the war. He volunteered for duty in the Pacific, and was just a short distance out of Hawaii en route for the Philippines when the deceitful Japs struck Pearl Harbor. His ship was re-routed to Java, when it was deemed unsafe to re-enforce the Philippines, and some way he managed to escape from there to Australia when the Japs advanced across the South Pacific. He volunteered for Air Force duty, and made many missions against the enemy from bases on Australia.

FOURTH SON ENTERS SERVICE

With three sons already in the service, Mr. and Mrs. W. T. Hill saw their fourth son, Geo. Ray Hill, 18, board the bus Tuesday for El Paso to be inducted into the army. Sons in the army are M/Sgt. Jess Leonard Hill, 32, who entered the army in November, 1939; Sgt. David Lee Hill, 31, who also entered the army in November, 1939, and Andrew William Hill, 25, who entered the army in October, 1942.

BUYS CORLEY CAFE

J. W. Palmer, who formerly lived here but who has been in California in war work the past two or three years, has bought the Jack Corley cafe, building and lot, located across the street north of the Tahoka Bakery.

Palmer will operate the business under the name of Highway Cafe.

3000 Lynn County Cows Have Been Tested For Bangs

Lynn county still has dairy stock with Bangs disease. Of the 85 head tested in Lynn county this month, five of them had Bangs disease. The percentage of infected cattle still remains approximately the same.

With over 3000 head having been tested within the last twelve months the percentage of reactors has remained approximately six per cent. Although this may seem relatively small, it is entirely too high a percentage of reactors since one of man's most dreaded diseases, Undulant Fever, may be taken from drinking the milk or through personal contact with the diseased animal.

Strange as it may seem, the usual thing is that the highest producing and healthiest looking animal in the herd will turn up with the disease. This last test on 85 head of cattle in the county was no exception to this rule, in that five of the best looking, highest producing cows of the county were positive reactors. These cows, of course, must be marketed for slaughter at a Federally licensed packing house. Lubbock is the closest market place to Lynn county for this type of cattle.

When sufficient demand arises for additional cattle testing for Bangs disease, another sign-up program in Lynn county will be instituted and the services of a veterinarian acquired to do the testing.

Service Men Asked To Join The Legion

Following is an invitation to returning servicemen from officers of Marion G. Bradley Post No. 250, American Legion, to join this worthy organization:

Dear Buddies and Wives, May we be the first to congratulate you on becoming a civilian again. We would like to take you by the hand and say "Welcome home."

You have done a great job and the war is now over. You may still be in the service, but you are now eligible to become a member of the American Legion, and we welcome you to join us at the most early date. Our state Commander asks us to help him make Texas the first to make its goal.

We are planning to build a new home for you here. Please come out and meet with us and let us explain what the Legion means to you.

again let us congratulate you on your return to civilian life, and wishing you the best of everything, and hoping to see you at our next meeting of the American Legion which is the second and fourth, Tuesday of each month in the local American Legion Hall.

We are your Buddies, Elmer J. Hendrix, Commander; Marion G. Bradley Post No. 250 American Legion, Tahoka, Texas.

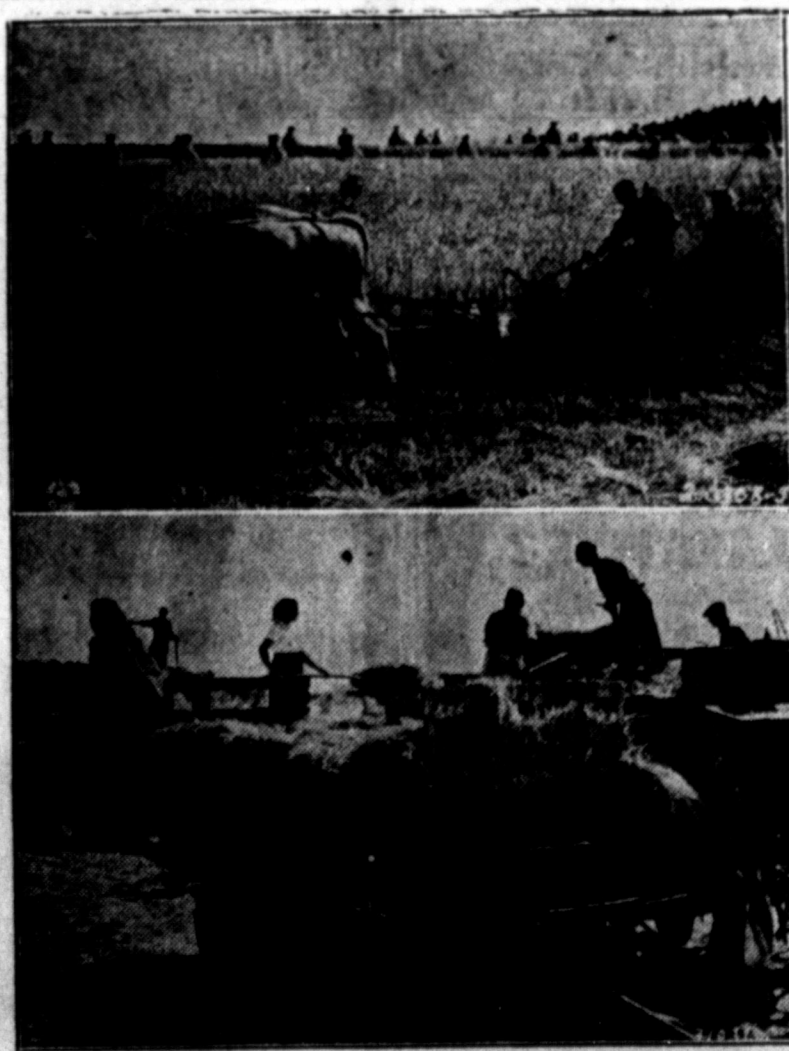

All News Reports Must Be In Early

Persons who send in news or other communications should not be surprised nor disappointed if their contributions do not appear in the paper, especially when they come in after Tuesday.

With the vast amount and variety of work that must be done in a newspaper office and with an unprecedented labor shortage, it is inevitable that some items will be overlooked or will be omitted for lack of time to set.

Therefore, we again request that person having news of parties, club societies, churches, schools, etc. send the same in at the earliest moment possible. And remember, we do not care to publish such items when they are two or three weeks old. SEND THEM IN PROMPTLY OR NOT AT ALL.

WHICH IS WHICH?—One of the most sensational gangster films ever to be shown on the screen, opening Saturday, 11:30 p. m. at the Wallace Theatre, is "Dillinger." Monogram's thrilling story of the merciless bandit who robbed millions, killed many and led the F. B. I. on their toughest manhunt. Lawrence Tierney portrays the mad criminal, and bears a striking resemblance to John Dillinger. He's the clean-shaven one.

GRASSLAND PASTOR WILL PREACH ON BAPTISM

The pastor of the Methodist Church at Grassland will preach Sunday morning at the Church on the subject of Water Baptism, the Mode and Design, as taught by the Methodist Church. The purpose is informative, not controversial.

Anyone wishing to know why we believe and practice as we do is welcome to come and hear the message without running the risk of being offended. Sunday morning, Sept. 30.—J. E. Stephens, pastor.

TO THE BUSINESS MEN OF TAHOKA:

I am asking you to contact your Mayor for your trash hauling. I have appreciated serving you for the past 10 or 15 years—also the entire city. I'm having to quit at the present, on account of my health.—O. W. Green.

GIRLS 4-H CLUB MEETS

The New Home girls 4-H Club met in the 6th and 7th grade room 9:30 to 10:00 o'clock A. M. Tuesday, September 25, to elect officers for 1945-46. Jean Sealey presided and Wanda Lee Todd served as secretary.

Mrs. Carolyn D. McDonald, County Home Demonstration Agent helped the club members on food to be sent overseas. Each girl received a fruit cake recipe.

The following officers were elected: President, Bernadine Rudd; vice-president, Katherine Ann Roper; Secretary-treasurer, Willie Mae Minton; Reporter, Geniece Renfro; Food Demonstrator, Sylvia Link; Home Improvement Demonstrator, Jean Sealey; and Sponsor, Miss Jervel Overman. The President Bernadine, appointed the following: Parliamentarian, Ina Mae Perry; Finance Committee, Emma Chancellor, chairman, Evelyn Edwards, and Bonnie Murray; Exhibit Committee, Bobbie Jean Bartlett, chairman; Odessa McGuire, and Bernice Fillingim; Program Committee, Norma Dene Murray, Chairman, Jackie Jo Rogers, and Betty Jo Brown; and Recreation Committee Shirley Jean McClintock, Chairman, Joyce Qualls, and Faye Chancellor. Fifty-one club members were present. Miss Overman, 6th and 7th grade teacher, was a visitor. —Reporter.

JUNIOR 4-H CLUB

The Junior 4-H Club met Wednesday September 19, the Tahoka Grade School with Mrs. Carolyn McDonald to elect new officers.

Carolyn Collier was elected president; Mary Louise Pendleton, vice-president; and Nelda Faye Schaffner was elected Secretary-Treasurer.

The Junior 4-H Club will meet again, October 19, at the Grade School.

Mr. and Mrs. Joe Bob Billman are here visiting her parents, Mr. and Mrs. W. A. Reddell, after visiting Joe Bob's parents, the P. M. Billmans at De Leon. He was recently discharged from the Navy. Joe Bob was reared here and Mrs. Billman resided here several years before her marriage.

AMERICAN HEROES

by JULIAN OLLENDORFF

WHEN the tanker Virginia was struck by enemy torpedoes and exploded, Mike Kuzma, seaman, suffered severe burns in the blazing gasoline. He ignored his hurts, however, when he saw two shipmates worse off. He succeeded in towing both men out of the flaming area and supporting them until picked up by a rescue crew. Kuzma was awarded a Merchant Marine Distinguished Service Medal. Hundreds of thousands of dollars in War Bonds must be sold to replace that tanker and the fuel.

U. S. Treasury Department

Harris Is Building Home For Mortician

W. M. Harris has begun the construction of a residence for a mortician on the premises of the Harris Funeral Home and situated immediately south of it.

The residence is to consist of five rooms including the bath, its dimensions being 30 by 30 feet. It will be built of tile and stucco and will be finished to match the larger structure.

Mr. Harris plans to employ an embalmer and mortician soon to assist him in his work, and the person he employs will occupy the house he is constructing.

CPL. WYATT RECEIVES UNIT CITATION BADGE

Harmon Field, Guam — A meritorious unit citation badge has been awarded to Cpl. Melmes T. Wyatt, Tahoka, Texas, according to Col. O. F. Carlson, commanding officer of the Guam Air Depot here. He recently received a bronze service star for participation in the Western Pacific campaign.

A switchboard operator, Wyatt is a member of an aviation Signal company that was cited for exceptional service since its arrival at Guam in November, 1944. He entered the service in March, 1942.

His parents, Mr. and Mrs. J. R. Wyatt live at Tahoka.

HERE FROM WASHINGTON

Mr. and Mrs. Emmett I. Hill of Washington, D. C., are here visiting his father and brother, the publishers of the News, and their wives, arriving last Friday afternoon. On Sunday the visitors and the senior editor and wife visited Pres. and Mrs. J. A. Hill of Canyon, spent a half hour in the marvelous museum there, and took a look at that natural wonder, the Palo Duro Canyon. Emmett I. has been employed in the Government Printing Office in Washington for the past fifteen years.

Clarence Williams, second class petty officer in the Seabees stationed on Okinawa, recently sent his wife, who lives here, several interesting pictures of Okinawa natives. He expects to receive a discharge soon.

Cpl. Garland "Sug" Edwards has been transferred to Boca Raton, Fla., according to his father, G. A. Edwards.

Sgt. George Wright Is Home From War

T/Sgt. and Mrs. George Wright returned Tuesday to Chickasha, Oklahoma, after a few days visit here with his parents, Mr. and Mrs. W. C. Wright.

Sgt. Wright saw plenty of service in the European Theatre. He went into the Army in January, 1942, and was right in there doing his part until he landed in an Army hospital in France last winter. Becoming sick, he was in a hospital in that country for some time and in February of this year was sent back to the homeland in a hospital ship. He was given a medical discharge from the Army at Chickasha, Okla., in July and then found a job there, and has been employed since.

METHODIST CHURCH

The regular monthly meeting of the Board of Stewards was held on Tuesday night.

Many plans were made for the new Conference year, which will begin after the Annual Conference which is to be held in Abilene on November 7.

V. F. Jones, the chairman, appointed two committees. One was to make a survey in regard to the proposed new educational building, and the other to make a report on securing an educational director. The board voted the salary to remain the same for another year.

The Sunday School has outgrown the room space in the church, hence the proposed educational building. For the past three years great progress has been made in every department of the church work.

Sunday will be Promotion Day—the Church School, and also the beginning of Religious Education Week, which closes on Oct. 7. On that day every class in the Church School should have 100% attendance. This can be attained if the officers, teachers and pupils will work to that end.

This month is the beginning of the second phase of the Crusade for Christ, which is Evangelism, and will continue until September, 1946. The first phase, the Reconstruction and Rehabilitation of the War-Torn World, is history. Twenty-five million dollars were asked and the church responded with several million more than the goal. For the next 11 months, every pulpit in Methodism will emphasize evangelism. The church is to get a million new members on confession of faith by Sept., 1946. By 1948 the church school is to get 800,000 new Sunday School pupils. All of these are to be reached through evangelistic efforts.

The pastor has for the past Sundays and will continue to preach on the New Birth. You are invited to all services.—Reporter.

LANKFORD ON WAY HOME

Sgt. Grady H. Lankford, who has served about three years in the Eastern Theater of operations, telegraphed the home folks Saturday that he had landed in New Jersey and was on his way home. He expected to be sent to San Antonio for his discharge and would be home in a few days.

He is the son of Mrs. Jennie Lankford, and Mrs. Hattie Garrett, Mrs. S. B. Miller, and Mrs. Lee H. Martin of Tahoka are his sisters.

RETURN TO SUN TIME

President Truman has signed the bill to return the nation to standard time, effective at 2 o'clock Sunday morning. Everybody should turn their clocks and watches back one hour Saturday night or Sunday morning.

The Baptist and Methodist churches, the Church of Christ, and possibly other churches in the town will hold their services Sunday at the same hour by the clock as heretofore but their clocks will be one hour slower, or according to sun time.

Paul Revere practiced dentistry along with his other trades.

According to Bureau of Standards tests, water will not rot rubber.

Congratulations—

To T/Sgt. and Mrs. W. H. Copeland upon the birth of a son on Thursday of last week, weighing 8 pounds and 2 ounces. He has been named William Richard. Sgt. Copeland is stationed at Greenville, S. C.

The Hour Is Striking

It is time for you to consider more insurance if you have acquired property and wish to protect your family against loss in case of death. It may be too late if you put it off, and premiums will cost you more as time passes. Insurance is the only certain protection against the uncertain.

BETTER, NO SLOW

Jack Stricklin of the Terry County Herald is always interesting because he has a large fund of good old boss sense. In last week's issue of his paper he expressed himself forcefully about teaching the Bible in the public schools.

"Some one may classify us as a materialist or atheist because we don't approve of teaching the Bible in the public free schools or an irreligionist, so say the least. As long as we do not allow Catholics and Jews to have any public monies to run their private schools, let Protestants beware of religious teachings in the schools. Most of us have and maintain churches with a corps of teachers, devoted to dispensing knowledge of the Bible as we believe it to be right, to our children; let's lay off any sectarian teachings in our public schools. Let's be consistent if it kills us."

There are two sides to this question. Thousands of children are not taught anything about the Bible anywhere else and grow up in almost utter ignorance of its contents. They certainly do need to be taught something about the Bible. But it is difficult for it to be done without mixing up Church and State, a thing against which we must ever fight. We may have too much of it now. For instance, you are just kidding yourself, Jack, when you assume that Catholics are getting no assistance from the State in running their own private schools. Already they are getting some handouts and are crying for more. Let's beware.

The people of the United States doubtless are not well enough informed to render an intelligent decision as to whether MacArthur

was right or wrong when he declared that 200,000 troops should be a sufficient number to occupy and control Japan. Neither are they capable, perhaps, of rendering a correct judgment on just what should be done and what should not be done by our military leaders and forces to stamp out the military spirit among the Japanese and to lead them into the ways of democracy. But all of us are free to express our opinions. It seems to us that one of the first things we need to do is to dissipate and destroy the halo of divinity with which the ignorant and superstitious Japanese have invested the head of their emperor. The veil of wisdom and virtue which has been thrown about him by Japanese war lords and designing devils should be torn from him mercilessly, and his true character in all of its wickedness and duplicity should be exposed to the pitiless gaze of his deluded worshippers. They should be made to see him as he is. Furthermore, a thorough investigation, should be made as to how he has accumulated his fabulous wealth while his subjects, barely able to eke out a meager living, have been taxed and taxed to carry on a war of conquest and of plunder for eight long years, not to enrich the rank and file of the Japanese people but to fill the coffers of the already rich but greedy rulers of the nation. When and if the Japanese people can be made to see that they have been duped and robbed all these years by their own rulers and war lords through this fiction that their stogie, the emperor, is a divine being, when, as a matter of fact, he is just a dirty rat in human form, then possibly they can be led to look out somewhat for their own welfare and to adopt democratic methods of governing themselves. Our idea is that by all means we should completely and pitilessly debunk Hirohito.

There has been considerable discussion recently of a proposal to broadcast the proceedings of Congress over the radio. Since there are two houses of Congress and most of the proceedings of each house are rather drab and uninteresting, the proposal to us seems wholly impractical. Who would have the time or the patience to sit at the radio for hours waiting for something exciting or even interesting to happen? Besides, how could the proceedings of Congress as they occur be broadcast without interfering with other news broadcasts and programs that radio fans want to hear unless Congress should establish a station to be devoted chiefly to that purpose. Even then how could they broadcast the proceedings of both houses? And of that problem should be solved, would not Congressmen — many of them — be constantly making strictly political speeches in Congress instead of getting down to their knitting and attending to the business before that body in a business-like manner? Many a political harangue is made in Congress any way, and if the proceedings of that body were being broadcast, the demagogues and the crackpots who are always present in that body certainly would do their stuff. It seems to us to be a foolish proposal.

Now that the war is over, it seems that a long-continued warfare between employers and the labor unions is being re-newed. Labor unions are demanding a heavy increase in wages, and this

demand will probably be made, one after another, by various groups and types of employees. To us, it seems that employees in most industries are already receiving ample wages, but it may be that wages should be substantially increased here and there to meet the higher cost of living. But it does seem to us that some means should be devised for settling this matter of wages permanently, or nearly so. We believe that the people of this country generally including employers of labor, would like for the wages to be high if thereby they are accorded the privilege of hiring their own employees and of firing those who can not "deliver the goods" or who loaf on the job. There ought to be some effective way of preventing unjustifiable strikes.

For the first few months of the honeymoon following the death of President Roosevelt, most writers placed HST at least a middle of the road. Now, some of the same folks are saying that he out new deals FDR. As a matter of fact, Mr. Truman may just be passing a hot potato back to congress. Take the 65c per hour wage scale for instance. Some are worth that and more, while some are not worth 25c per hour at anything. Some are not even worth the salt that goes in their bread. It is like putting the same price on calico that has been placed on silk and nylons. Of course, all understand that 65c is to be the minimum, and if so, some folks will always be hunting jobs that no one has for them. — Terry County Herald.

DO DEWDROPS DROP?
YES NO

Ye poet sings of "falling dew." He means warm air kissing cooler grass and flowers—leaving moisture. It didn't drop from heaven. Same process causes frost . . . and another cold-weather truth is this: a Winter change now to Conoco Nth motor oil will fortify your precious car's engine with internal OIL-PLATING.

OIL-PLATED lubricant is closely bonded to working parts by the magnet-like action of Conoco Nth oil's added ingredient. OIL-PLATING resists draining down to the crankcase at every stop! And the OIL-PLATING re-tans instantly—to avert the grinding wear along with other wear. Fighting corrosion plain protection against carbon-sludge—breakdown! Today then get Conoco Nth oil—patented.

WINSTON C. WHARTON
Conoco Representative

County Agent Says:

There is at this time some twenty five to thirty thousand acres of late planted grain sorghum in Lynn county that did not receive sufficient moisture to mature by frost even if frost comes at the average time. The question in a great many minds is—can this feed be saved, and if so, how? With supplies so short, it certainly behooves all of us to put forth every effort to save all the feed possible.

All this late feed can be saved provided labor can be had with which to do the job. There are two ways to save the late feed. Make it into hay or dry bundle feed or put it in a silo. If you expect to make hay or dry bundles out of your feed it is best that it not be mature when cut though it has time to mature before frost. Hay or bundles made of mature feed crops is lower in protein, higher in crude fiber, and lower in digestibility than feed cut before it is mature. The grain sorghums (kaffir, hegari, milo, etc.) and the sweet sorghums, Red Top cane, orange cane, seeded ribbon cane, etc.) should be cut in the bloom

stage for the best results if you expect to feed it as bundle feed. However, they can be cut before heading. But the sweet sorghums will not be quite so palatable when cut before bloom stage.

The late feed may also be put in a silo regardless of what it is or its stage of maturity. If put in the silo as fast as it is cut it will have to be fairly mature—at least in the stiff dough stage. If it has not reached the stiff dough stage, then it will have to be partially dried before putting in the silo or you should use 100 pounds of molasses per ton of feed. Mix one gallon of water and sprinkle the molasses and water mixture on the feed as it is put in the silo.

If the feed is to be partially dried, leave it in the field after cutting until it is about half dry enough to bale for hay. If the ground is wet the feed will have to be shocked dry bundles to the shock until dry enough to put in the silo. As you put it in the silo (half dry enough to bale for hay) you will have to add enough water to dampen the feed about like a dew would wet it. But if the feed is mature enough to cut in the silo as fast as it is cut and the leaves are green, it will not be necessary to add water when putting it into the silo.

One of the important reasons for the low average production of dairy cows in the Southwest is that our cows quite often do not get enough roughage (grass, silage, hay). They should have at least two tons of hay per year, or one ton of hay and three tons of silage. And a lot of the beef cattle also do not get enough roughage. Insufficient roughage can result in a smaller calf crop and smaller calves at weaning time. The smaller calves at weaning time are worth less per pound, therefore, you may have a three way loss by not providing beef cows with plenty of roughage.

COOL AS A CUCUMBER!

Give your Engine Phillips 66

THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!

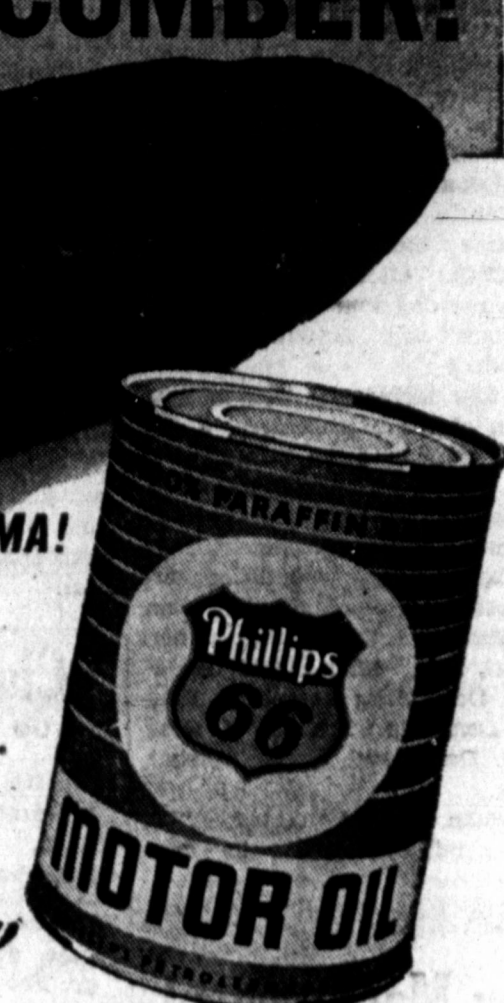

No sir, a quart of oil won't make your car young again. But the right quart of oil can keep it from running hot, smoky, and expensive.

What's the right oil? Well, we don't like to boast, but we'll bet you all the res in China that there isn't a better, more natural oil than Phillips 66!

You see, we're just smart enough to know a good thing when we see it—and just wise enough to leave it alone! We

take that wonderful Phillips 66 from deep down in the earth... give it that special Phillips refining... and bring it to you with all its God-given lubricating qualities unimpaired!

Why not have a smooth, sweet-running "cool-as-a-cucumber" engine? Stop where you see the Orange-and-Black "66" sign and treat your car to a quart. You won't find a more honest, natural lubricating oil in America!

"Fill 'er Full o' Phillips!"

EASTERN STAR

Final plans are being made for instituting the Freedom Chapter of Order of Eastern Star in Lubbock Monday, Oct. 1, in ceremonies at Tech Social Center at 8 o'clock, following a 6:30 o'clock dinner. State grand officers of the Order of Eastern Star will be present to assist.

Members of Tahoka Chapter 743 who want to attend, call Mrs. Irving Stewart by Friday, Sept. 28.

TEXTILE DEPARTMENT AT TECH IS BEING EXPANDED

Lubbock, Sept. — Major expansion in the work of the department of textile engineering at Texas Technological College, will be underway by January 1, according to L. E. Parsons, acting head. This will be due to the decision of the Texas Cotton Research Committee to allocate the sphere of cotton fibre research to Texas Tech.

The Cotton Research Committee of Texas is made up of the presidents of the University of Texas, Texas A. & M. College, and Texas Technological College, and is directed by the Moffett Act (Senator George Moffett of Hill County) to undertake cotton plant products research by whatever means the judgment of the committee dictates.

In a recent article in West Texas Today, Texas Tech's President Whyburn points out: Since the Cotton Research Committee was established by the 47th Legislature it has made available funds aggregating some \$90,000 for the prosecution of research and the acquisition of additional equipment on our campus. This supplements the established facilities which have been provided by the college at an approximate cost of \$250,000.

For the biennium beginning September 1, 1945, the Cotton Research Committee has approved plans for expanding both the facilities and the research activity at the Lubbock laboratories. These plans contemplate over-all expenditures of the order of \$100,000 a year, a considerable portion of which is anticipated from industrial cooperation.

The cooperative undertakings by the College and the Cotton Research Committee have for their principal purpose the evolution of a cotton fiber products laboratory

which, from the standpoint of facilities, is unexcelled anywhere. This is a basic part of the creation of a dynamic cotton fiber research program designed to favorably influence the economic situation of the entire cotton community of Texas.

Sgt. Rebel Thomas of the Army Air Force, and wife, are home for a few days visiting their parents.

W. F. COOK HONORED WITH BIRTHDAY DINNER

A dinner was given in honor of W. F. Cook Sunday celebrating his 66th birthday. Nineteen persons were present and all had a nice time. Some pictures were taken.

Those present were Mr. and Mrs. Louis McKay and family, Mrs. Delta Standerfer and children, Mrs. Betty Lou Cook and Patsy Ruth, Mrs. Frances Cook and her sister, Opal

Howell, Mr. and Mrs. Dave Cook, and Mr. and Mrs. Ed Busby and daughter Syba.

Carl Ledford, wife and daughter of Kermit, S/Sgt. Donald Ledford of Glendale, California, and the father of the two men, W. P. Ledford of Ada, Oklahoma, spent the week-end here visiting Mr. and Mrs. E. J. Hendrix. W. P. Ledford is a brother-in-law of Mrs. Hendrix.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1- Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2- Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

CARDUL

Mahon Inspecting War Installations

AFWESPAC HQS Manila — Representative George H. Mahon, Democrat 19th District, Texas, member of the House Committee of War Department Appropriations, left Manila recently with fellow committee members for Chungking, China, after having completed a three day tour of military installations and activities in the Philippines.

The tour included a thorough inspection of the Manila area, a trip to Corregidor and an examination of the facilities for handling replacements and personnel recovered from Japanese internment.

Members of the committee are Congressman J. Buell Snyder, Dem. Pa., Committee Chairman; Albert J. Engel, Rep. Mich.; William F. Norrell, Dem. Ark.; Joseph E. Hendricks, Dem. Fla.; Frances H. Case, Rep. S. Dak.; and Harve Tibbot, Rep. Pa.

Chairman Snyder stated, "We are on a military mission in connection with future army plans and expenditures in the Pacific area."

The committee, which has handled appropriations for the army throughout the war, will spend two days in Chungking, where they will confer with Lt. Gen. Wedemeyer, Commander of U. S. Forces in China, and Generalissimo Chiang Kai Shek. E-route to London, where a conference with Prime Minister Attlee has been arranged, they will visit Calcutta, Cairo, Moscow, Berlin, Rome, and Paris.

Dawson Dolloff arrived here early Tuesday morning to visit his sister, Mrs. J. J. Waldrep, having just received his discharge from the Army. He had just spent some time in a Government hospital.

Wilson News

(By Mrs. Frank Fletcher)
The Wilson Mustangs lost a hard ball game to Whitharral Friday night by a score of 40 to 8. The game was played on the Levelland gridiron under the lights, and since the Wilson boys had had no experience with night playing they started off with a great disadvantage. However, the Whitharral team outplayed the local boys throughout the game. The game is a home game on Friday afternoon, so come out and cheer for our boys.

Cpl. Levi Dickerson arrived home early Friday morning for a brief visit with his wife and children, having just reached the States from the European theater of action, where he received the silver star for gallantry. Leaving Saturday for El Paso he expected to receive his discharge this week.

Mr. and Mrs. Mack Alderson and children of Wellington, Calif., are here visiting his parents, Mr. and Mrs. E. F. Alderson.

Sgt. Earl Peterson is visiting his parents, Mr. and Mrs. Weaver Peterson of New Home and his sister, Mrs. Levi Dickerson of Wilson. He has been in the Asiatic theatre of operations for the past four years. Roger Blakney is visiting his father, E. R. Blakney, who has been very ill in a Lubbock hospital but is improving.

William Lumsden, son of Mr. and Mrs. L. Lumsden, has received his discharge from the Army Air Corps. He has purchased the Robert Maeker home and plans to have it remodeled before moving. He and his wife and baby are now at home with his parents.

Rev. Geo. Dale of Lubbock, former pastor of the Tahoka Baptist Church, filled the pulpit at both morning and evening services of the local Baptist Church Sunday. The Church held a short conference with Rev. Dale as Moderator and called Rev. Carpenter of Fort Worth as their pastor. They also elected B. W. Baker, Sunday School Superintendent; Mrs. Elmer Robinson, Training Union Director; Mrs. Andrew Cooper, Superintendent of the Junior Department.

Mr. and Mrs. E. F. Albro of Winters are visiting Mr. and Mrs. Henry Heck and Mr. and Mrs. Hub Young.

Sunday visitors in the John Heck home were their son, Herman Heck and family of Levelland and their brother-in-law, Frank Berryman of Winters.

Mr. and Mrs. Elmer Rice and Benson visited their daughter, Miss Wanda Lee Rice, in Abilene over the weekend. Wanda Lee is a freshman in McMurry College.

Milton Wied, Gunnersmate Third Class in the Navy, arrived in San Francisco last Friday and is expected home this week.

Vera Stewart has returned to her position in Lubbock after a vacation in Denver, Colo.

Young people of the Walther League enjoyed a social at the E. Simank home Sunday evening. After enjoying a period of outdoor games refreshments were served to about 25 members and guests.

Sgt. and Mrs. Weldon Rhoades of Amarillo are visiting his mother, Mrs. Walter Bishop.

Mrs. Earnest Montgomery, Baptist Young People's Leader and the following sponsors met last Wednesday night and planned the work which will include a week of prayer program for state missions: Mrs. H. G. Cook; Mr. and Mrs. Andrew Cooper; Mrs. George Williamson and Mrs. Frank Fletcher.

MRS. BLEDSOE HAS GUESTS

Sunday guests in the home of Mrs. T. L. Bledsoe on East North Third street last Sunday included her four children, F. E. Bledsoe of Shallowater, Mr. and Mrs. W. L. Bledsoe and family of Petty, Mr. and Mrs. N. H. Cromer, Mozelle and Noah Lee, of Tahoka and Mrs. Jewell Johnson who makes her home with Mrs. Bledsoe. Other visitors included a cousin, Charlie Bledsoe of Haskell and his son, Carroll Bledsoe of Lubbock and Mr. and Mrs. Zollie Walddrop of Lubbock. Mrs. Walddrop is a sister of N. H. Cromer.

In the final analysis everyone is ignorant. Only the subjects differ.

If you want to annoy your wife, try grinning in your sleep.

Jumping to conclusions doesn't always end in happy landings.

Coffee isn't the only thing that is fresh when dated.

MERCHANTS SALES PADS, 6 for 25c at The News office.

CITATION BY PUBLICATION OF FINAL ACCOUNT

To the Sheriff or any Constable of Lynn County, Greeting: Jess James Riney, Administrator of the Estate of Clarence Leroy Riney, Deceased, having filed in our County Court his Final Account of the condition of the Estate of said Clarence Leroy Riney, Deceased, numbered 492 on the Probate Docket of Lynn County, together with an application to be discharged from said Administration.

You the hereby commanded, that by publication of this Writ for one issue in a newspaper printed in the County of Lynn, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the 16th day of October, 1945, of said County Court, commencing and to be holden at the Court House of said County, in the City of Tahoka of Lynn County, Texas, on the 16th day of October, 1945, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Tahoka this 27th day of September, A. D. 1945. (SEAL) W. M. MATHEIS, Clerk County Court Lynn County. 1tc

Beulah Pridmore -- R. P. Weathers

Pair of Glasses Are Finally On Road To Original Owner

A. I. Thomas has reported to the News the peregrinations of a pair of aviator's glasses which his niece, Mrs. Camille Hill, has at his house, where she is spending the summer. These glasses belong to her husband, Charlie E. Hill of Dallas, who is in the air service, and the glasses either accompanied him or followed him on the following rounds.

From the Miami Naval Air Station to Boston, Mass.; thence by plane to U. S. S. Ranger at sea; back to port at New York; thence to Norfolk, Va.; to Casa Blanca, N. Africa; back to New York; to Norfolk, Va.; thence to Miami, Florida; back to Norfolk; to Providence, R. I.; to Boston; to Cincinnati, Ohio; back to Providence; then to Portsmouth, Va.; to Trinidad, Port of Spain, aboard U. S. S. Ahangri-La; back to Portsmouth, Va.; thence through Panama Canal to San Francisco; thence to Los Angeles; back to San Francisco; to Pearl Harbor; from somewhere at Sea to Dallas, Texas, to be repaired; thence to Hobbs, N. M.; and finally from Hobbs to Tahoka, Texas.

A. I. thinks these glasses must have been seeing things.

Hanes And Jackson Happy At Cameron

Supt. W. T. Hanes, who resigned last spring after seven years as head of Tahoka schools, reports that he and Coach Leo Jackson have had a wonderful reception at Cameron, one of the finest smaller town school systems in the state. Hanes says they have almost every modern facility available, and patrons thoroughly cooperative.

Coach Jackson won his first football game, with Marlin, 25 to 0, and the second, against Caldwell 49 to 0.

George Glenn With Occupation Forces

George Glenn, S 1/c, of Tahoka, Texas, who is taking part in the occupation of Japanese homeland aboard the U S S Hamblen (APA-114), lived through a lot of world-shaking history during a recent 13-day voyage of his ship.

When the U S S Hamblen, fresh from a 21 day shakedown cruise off Galveston, Texas, eased her 491-ft. length through the Panama Canal late in July, she was headed for the Pacific war and what everybody thought would be a tough and bloody operation — the invasion of the Japanese homeland. Between the time she left the Canal and her arrival in the Hawaiian Islands, George and his shipmates saw the world and their lives changed by three of the biggest news stories in history: 1) the first atomic bombing of Japan; 2) Russia's declaration of war on Japan; and 3) Japan's offer to accept Potsdam surrender ultimatum. A few days after arriving in Pearl Harbor, some of the enemy's infamous attack nearly four years before, Japan officially accepted the surrender terms and the Hamblen's crew joined in the jubilation of the island fortress.

The U S S Hamblen, last assault transport to be commissioned in World War II, was built and recon-verted in Pascagoula, Mississippi, and Mobile, Alabama. Although she may never land assault troops under enemy fire, she was fully war-equipped and her crew well-trained for the job that they expected was ahead.

The "114" was commissioned in Mobile on June 12 of this year. Her first out-of-the-states port of call was Puerto Rico where she embarked troops for the Pacific theatre.

Blondin crossed Niagara Falls on a tight rope in 1859.

AMERICAN HEROES
by JULIAN OLLENDORFF

WHEN a Jap 75-mm gun threatened to halt landing parties at Bougainville, Marine Sgt. Robert A. Owens placed four men to cover fire from adjacent bunkers and then charged into the mouth of the cannon. He entered the emplacement through the fire port, drove the gun crew out and insured their destruction before he himself was wounded. War Bonds helped pay for the guns with which his men covered his heroic feat. Sgt. Owens was awarded a Navy Cross.

Noel Allphin Arrives Home From Europe

Five years is a long time for a peace-loving West Texan to serve in Uncle Sam's Army, but that is a record which Pvt. Noel Allphin has checked up, who is now here on a 45-day furlough visiting his parents, Mr. and Mrs. N. W. Allphin.

Pvt. Allphin, graduate of the Tahoka high school, volunteered for service in the Army and was enlisted on August 6, 1940. He was something of a veteran in the regular army, therefore, when the Japs decided to take us on and swooped down on Pearl Harbor.

Lt. Bill Lumsden Is On Inactive Status

Fort Sam Houston, Texas.—First Lieutenant William G. Lumsden, 28, son of Mr. and Mrs. Lonnie Lumsden, Wilson, and husband of Warida T. Lumsden, same address, was placed on inactive status in the Army Air Force this week.

An assistant cashier in a bank in civilian life, Lt. Lumsden graduated from Wilson High School in 1934 and attended Texas Tech.

Entering the service on January 15, 1942, he served overseas with the 5th Air Force in the Southwest Pacific-Asiatic theatre of war as navigator from June 17, 1943, to Feb. 13, 1944. He holds the Distinguished Flying Cross with two Oak Leaf Clusters and the Air Medal.

Since returning to the States he has been instructor navigator at March Field, Riverside, Calif.

Harry Houdini's real name was Eric Weiss.

Lt. Corbin Douthit Is On Way Home

Lt. W. C. Douthit has arrived back in the States from service in the European Theatre of operations and on Monday was on his way from Boston to San Antonio, from which place he was expected to come home on furlough, to visit his wife and parents, and with the hope being given a discharge soon after arrival, according to his father, Henry Douthit.

Lt. Douthit was in Germany when the war ended. His wife has been a stenographer at the Lubbock Army Air Field during his service in the army but resigned his position and came back to Tahoka recently upon learning that her husband was coming home. He is expected to reach Tahoka about the end of this week or the first of next.

McCLINTOCK IN STATES

Cpl. Dwane McClintock telephoned his parents, Mr. and Mrs. C. W. McClintock, Tuesday, to inform them that he had landed at Miami, Florida, en route home from Europe where he has been with the Army Air Force two years. Another son, Pvt. Derwood McClintock, who has been fighting with the Infantry on Luzon, writes that he expects to go to Japan with the army of occupation.

S-Sgt. Lemuel L. Martin, son of Mr. and Mrs. Lee H. Martin of Tahoka, who has been in training at Bryan, has been sent from there to Greenwood, Miss., according to information given to the News by members of the family.

Jesse James' wife was his first cousin, Zerelda Mimms.

When large roundworms and cecal worms hold back my growing birds, I get busy with Dr. Sully's AVI-TON. It's a flock treatment that's palatable, easy on the birds and produces results at low cost. All you have to do is mix it in wet or dry mash.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite and digestion, thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic tension. Try it!
