## EXCHANGE BUILDINGS ARE READY

### Erection Of Rural Phone Lines Started This Week

Construction on 514 miles of line for Five Area Telephone Cooperative began Monday morning, with Ericson Construction Co. of Muleshoe, the contractors, in charge. One hole and pole setting rig was on the job, another was to be put into operation soon.

The work will go forward rapidly, and the time nears when Muleshoe and all communities hereabouts will be connected by telephone.

Buildings to house the five exchanges located in strategic parts of the area to be served, already have been completed. Charles Lenau Lbr. Co. were the contractors.

Beginning of construction brings closer to reality the dreams and plans of a group of men sustained over the last four years. Many obstacles had to be overcome. Many contracts and agreements had to be ironed out and put into effect.

#### Officers, Directors Named

Throughout all this time, the same group of men has served as officers and directors: Walter Damron, president. C. E. Roark, vice-president. J. H. Angeley, sec.-treas. R. C. Gaede, Chester Selliff, M. A. Townsend, and Keith Kenne-

dy, directors. D. B. Lancaster, manager of Bailey County Electric Cooperative, is also the manager of Five Area Telephone Cooperative, which will headquarter in the Electric Cooperative headquarters building here in Muleshoe.

Business and professional people of Muleshoe and other towns of the area served can realize what this rural telephone system will mean to them when they learn that already 450 farm families have signed applications for service. By the time the system is completed early next year, it is believed, more than 500 families will have requested service.

Hitherto, it has been impossible for a Muleshoe firm or individual to call a friend or customer in Enoch, Bula, Goodland, Baileyboro, Stegall, Needmore, or Lazbuddie communities. People of those communities in most instances have been a long way from a telephone.

## MULES CLASH WITH LONGHORNS

### Large Attendance For Homecoming Of Ex-Students Here Friday Indicated

It'll be a hot time in the old town tomorrow, Friday, October 28, when ex-students of Muleshoe high school will stage their annual homecoming, with a full program beginning at 1 o'clock, a day highlighted by the clash between the Mules and Lockney Longhorns, later by a dance to which all exes are invited.

#### 49 YEARS AGO

### Snow Was On Ground October 23, 1906

Folks who were surprised that the mercury got down to 25 this October 23 need not be for 49 years ago, on October 23, 1906, there was snow on the ground at Farwell-Texico.

The Journal's authorities on this are Mr. and Mrs. J. H. Engram, who remember it well, for it was their wedding day. The couple was married in Amarillo, then came to Texico, where Mr. Engram was a fireman for the Santa Fe.

It had snowed the 21st, they remembered, snow was still three inches deep, and over-shoes were very much in demand. The Engrams didn't celebrate their 49th anniversary Sunday, but are looking forward to their golden wedding anniversary next October 23.

Bailey County booth at Lubbock and Amarillo fairs this fall featured a wide range of farm products grown here and prove versatility of the area in crops.

J. K. Adams, county agent, got up the exhibits. He had many fairs. The booths were not graded competitively but observers assured Mr. Adams that had they been Bailey County would have been in top position.

### Long Distance Phone Service Is Facilitated

Heavy users of long distance telephone service out of Muleshoe ought to be finding that service much improved this week.

General Telephone last Friday cut in two new trunks to Littlefield and were rushing work on a third trunk line.

R. L. Kemper, Brownfield, the regional manager, told The Journal about the establishment of the three new trunk lines, about a week or more ahead of the estimate made several weeks ago.

### Safety Stickers Available Now

"Safety-first" is the motto of the senior class as they present to you the new Muleshoe, Texas school-like stickers. These attractive 3" by 2" stickers are purple with Muleshoe, Texas, Mules, and the famous emblem, a Muleshoe Mule running through a shoe, printed in silver. These are extremely good for the bumper of your car (two or three will show up better) or on raincoats, bicycles, store windows, etc.

The stickers are especially treated so that they can be spotted at quite a distance.

### Bovell Motor Being Expanded

Bovell Motor Supply is expanding this week with the inclusion of another building adjoining the one in which they have operated for several years. W. T. Bovell, proprietor, announced they have leased the Pat Bulloch building, formerly occupied by Blackburn Food Market.

The new building is 23x80 feet in dimensions, and its acquisition about doubles the store's floor space. Two large connecting doors have been cut in the wall, many changes are planned for the front part of the store, which will present a different and improved appearance in a few days.

Mr. Bovell said the firm has made arrangements to lease a part of the Gilbreath lot for parking behind the store for the convenience of their customers.

### Joe D. Vaughn Attends Veterans Service School

Joe D. Vaughn, Bailey County Service Officer, of Muleshoe, is currently attending the Eighth Annual Statewide Rehabilitation Schools for Veterans Service Officers, which is being conducted at the Hotel Lubbock, October 24, through October 27.

The annual meeting of the Veterans' County Service Officers Association of Texas, and the Quarterly Meeting of Veterans Affairs Commission is being held in conjunction with the Rehabilitation School.

#### STINSON HAVE A DAUGHTER

Mr. and Mrs. W. O. "Bill" Stinson, of Portsmouth, R. I., are happy to announce that they are the parents of a daughter, born October 21. The young lady weighed 8 lbs., 14 oz., and has been named Deborah Sue.

Bill's parents are Mr. and Mrs. I. M. Stinson, of Muleshoe.

### Amateur Talent Show Being Sponsored By MHS Senior Class, Tuesday Nov. 8

ODIS ECHOLS

High School auditorium in Muleshoe will be the scene of the second annual Amateur Talent Show, Tuesday evening, November 8. Scheduled to begin at 8:00 o'clock, the show is being sponsored by the MHS Senior Class.

### Farm Bureau Adopts Resolutions Embodying Local Ideas On Policy

Bailey County Farm Bureau held its final policy development meeting in the courthouse on Monday night, National, State, and County problems were discussed and the members drew up the following resolutions:

We are against any additional Federal Taxation on gasoline for highway construction. We recommend that present 2c per gallon be diverted entirely to highway construction and that the tax on all non-highway used gasoline be refunded to users.

We favor a retired acreage program beginning in 1956 as a means of reducing the surplus commodities. This acreage is not to exceed 25% of cultivated acreage.

We favor an ASC payment on this retired acreage when approved conservation practice is carried out.

We favor the rotation of these retired acres across the farm, wherein it does not conflict with soil conservation requirements of the F. H. A. loan program.

We favor acreage allotment on basic commodities and we favor 90 to 100% on the non-basic commodities.

We favor an aggressive foreign sales program by the Department of Agriculture to dispose of farm surplus and try to regain some of our foreign markets.

In view of the fact that storage costs on surplus farm commodities costs the tax payers millions of dollars annually we favor the government selling these commodities in an orderly manner and at a low cost if necessary.

We recommend a water users tax be used to finance any water development program in Texas.

We do not favor repeal of the

Master of Ceremonies. He will be assisted by his son, Odis Echols, Jr. Judges will be Robert Snyder, of KCB-TV, Lubbock; J. Albert Houpe, KCLV, Clovis, N. M.; and Gilbert Lamb, KICA, Muleshoe.

The seniors are expecting contestants from all schools in this area, including: Texico, Farwell, Clovis, Lazbuddie, Friona, Bovina, Dimmitt, Springlake, Olton, Amherst, Littlefield, Sudan, Bula, Whiteface, Morton, and Three Way.

There will be a variety of entertainment featuring choral groups, instrumentals, solos, quartets, dancing, twirling and acrobatics.

Last year, the entertainers performed to a full house, and this year, an even bigger and better show is being planned.

Cash prizes of \$15 for the first place winner, \$10 for second place winner, and \$5 for third place winner, will be awarded. All winners will appear on "Hospitality Time", KCB-TV, Channel 11, Monday, November 14, and also will appear on the Silver Grille Breakfast Club, KCLV, Clovis, at a date to be announced later.

## COMMISSIONERS SEEK CITIZENS' COUNSEL

### Courthouse And Highway Bonds Plan Suggested

#### Pollard Barrow Places Third At Texas State Fair

Mike Pollard, Bailey County 4-H boy from Three Way community, showed his lightweight Poland China barrow last week at the State Fair of Texas, and came home with third place honors, for the highest win of any of the club boys and girls in this county.

Grand Champion of the show was a Poland China shown by an F. F. A. boy from Olton. Over seven hundred barrows were shown, including seventeen 4-H pigs from this county.

Exhibitors other than Mike included: Larry Pollard, Bula; Howard and Kathy Pollard, Three Way; Don and LaVon Capley, Muleshoe, and Wesley Warren, Maple.

Selling price of the winners is still not known, according to J. K. Adams, County Agent.

Mr. Adams said the Bailey County 4-H members cooperated with the Muleshoe F. F. A. in hauling the show animals to Dallas in a semi-truck, and cut cost to the bone. The trip is expected to net some cash above local selling prices, with all expenses of boys and projects figured in.

#### Betty Shanks Is Football Queen

Miss Betty Shanks, charming senior student at Muleshoe High School has been chosen football queen, by the MHS Football team, and will be crowned at the homecoming game Friday evening between the Mules and the Lockney Longhorns. She will reign over all the homecoming festivities.

Betty is the daughter of R. A. Shanks, of Route 2, Muleshoe. She is president of the band, and last year was Band Sweetheart. In addition to this, she is a member of the student council, an officer in the choral club, and plays the piano.

Her attendants will be Ann Gholson, Marcia Dale Redwine, and Elaine Evans.

#### W. S. C. S. OF Y. L. SPONSORS SUPPER

W. S. C. S. of the Y. L. Church is serving a supper Tuesday evening, November 1, at 7:00 at Fellowship Hall. Games of "42" will be played to round out the evening. Everyone is invited.

#### FROM ARTESIA

Mr. and Mrs. Pat Briscoe and children of Artesia, N. M., visited over the weekend in the home of his sister, Mrs. Ikey Bayless and family.

Mrs. Bayless' mother, Mrs. C. A. Briscoe, also of Artesia, is staying this week with her daughter.

Money to make long needed additions to the Bailey County Courthouse and funds to purchase right of way for present and future highway and farm to market roads in the county would be provided by a bond issue now under consideration.

Several business men and civic club leaders met Monday morning with the Commissioners Court for a discussion of the need and the best way to raise the money.

Briefly it is proposed to: Build additions to Bailey County courthouse to provide a small auditorium for public and group meetings; public rest rooms; a new jail on the ground floor with outside entrance; and additional office space. The old courthouse building would be rearranged to provide more office space and

more convenience for workers and the public. All offices would be on the ground floor. It is estimated these additions and the equipment, furniture, heating, etc., would cost about \$100,000.

Furnish money to buy right of way for making Highway 84 a four lane road from Muleshoe to the Bailey County line.

Furnish money to buy right of way for a 6-mile farm to market road connecting Clovis road with Friona road, now authorized and to be constructed by the Highway Department as soon as right of way is secured.

**\$286,000 Appropriated**  
The Highway Department is ready to spend \$286,000 in making Highway 84 a 4-lane highway from Muleshoe to the Lamb County line as soon as Bailey County furnishes the right of way. The money is appropriated and earmarked for this purpose.

If Bailey County fails to meet the right of way requirements, this money will be used in some other part of the state, and this county might have to wait a long time before the money is again available. County officials estimated about \$20,000 will be required to buy right of way for this purpose and to move a high-line back from the right of way.

The officials estimated about \$6,000 will be needed to pay for right of way on the new farm to market road authorized for this county.

Those at the meeting thought it would be wise to make a bond issue, if the election is called and the bonds voted, large enough to take care of right of way needs for next few years, because more farm to market roads are certain to be constructed in the county.

For all these purposes it was thought a bond issue for \$200,000 ought to be asked of Bailey County.

Men attending the meeting volunteered to air these proposals before their clubs in the next week or so to enlist as much thinking about it as possible.

### Voc. Ag. Program Told For Rotary At Tuesday Meet

Charles Thomas, Vocational Agriculture instructor in high school and one of his outstanding students, Buddy Black, brought a program for the Rotary Club Tuesday, giving the members an insight into the methods and goals of this program and of the organization, Future Farmers of America.

Mr. Thomas related that the Vocational Agriculture program was made possible by appropriations under Federal Laws enacted in 1917.

Buddy Black told about his work in Voc. Ag. in his projects, and in the FFA Chapter. Buddy has won many honors and achieved many goals during his time in Vocational Agriculture. Buddy made a nice talk, which was thoroughly enjoyed by those present.

Another high school boy was heard from at the meeting, Stanley Fox, who during the past month has been the Junior Rotarian, told members how much he had enjoyed the experience.

#### COMPLETES BEAUTY POST GRADUATE COURSE

Doris White, beauty operator at the Muleshoe Beauty Salon, has just completed a post-graduate course at the Vernon Isabell University of Beauty Culture at Lubbock. She now specializes in Sycero-Jet Hair styling.

#### FROM GRUVER

Mr. and Mrs. Tom Disher, of Gruver, were guests Tuesday night in the home of Mr. and Mrs. I. M. Stinson.

#### VISITED IN OKLAHOMA

Mr. and Mrs. J. E. Wilhite and children visited last weekend in Mangum, Okla., with her mother, Mrs. J. C. Tinsley and brother Don, who was home on a thirty day leave. He is in the U. S. Marines, and at completion of his leave will report to Camp Pendleton, Calif., from where he will embark for overseas duty.

Mrs. Carrie Wilhite, who for the past month has been visiting relatives in Oklahoma, returned home with her son and family.

Those at the meeting thought it would be wise to make a bond issue, if the election is called and the bonds voted, large enough to take care of right of way needs for next few years, because more farm to market roads are certain to be constructed in the county.

For all these purposes it was thought a bond issue for \$200,000 ought to be asked of Bailey County.

### Central Committee Is Organized For Clothing Collection

Due to the growth of Muleshoe and Muleshoe trade territory there has been an ever growing problem here, especially through the winter, of families in need of clothing and shoes to keep them properly clothed.

To meet this problem, there has been organized a Central Committee for the receiving and distribution of clothes and shoes for needy families. The committee consists of Mrs. Jack Lenderon, president; Judge Glen Williams, treasurer; W. D. Moore, Karl Lovelady, and Mrs. Clio Middlebrook, members.

All individuals, Sunday school classes, women's clubs, and civic clubs, which have gathered up clothes in the past, or who will do so in the future, are urged to contact one of the above mentioned persons, or bring items for distribution to them. They will be given proper credit for their efforts.

Mrs. Jack Lenderon, Dorothy Barron and Clio Middlebrook, will disburse the clothes, and shoes to worthy families, when, after investigation, need is established. At a later date, the time and place when distribution to said families will be announced.

If it is impossible for a person or organization to bring items they wish to donate, phone 3650, 5460, 2200, 3410, or 7800, and some member of the committee will call for them.

By having this central committee for the gathering together of clothing, and the disbursement of same, there will not only be an elimination of duplicate service, but families in need will be better served.

There will be further announcements in this paper from time to time, concerning this worthy cause.

### Cub Scouts To Meet October 27

A Cub Scout Pack meeting will be held in the old Junior High School gym, Thursday, October 27, at 7:30 or 8:00 o'clock.

Everyone is asked to come in Halloween costume. There will be games and treats for everyone. All members and their parents, as well as parents with boys who are interested in joining the Cub Scouts are invited to attend. This latter group will also be required to wear a Halloween costume.

Any boy from the age of 8 to 11, are eligible to join Cub Scouts.

### MYF To Trick Or Treat For MORC Saturday

The Methodist Youth Fellowship of the local First Methodist Church are planning to go "Trick or Treatin'" Saturday night from 7 to 8:30 p. m., and the "treat" they are seeking is your donation to be used for Methodist Cooperative Overseas Relief, or MCOR as it is commonly called.

Money given to MCOR goes ten times as far as that given individually and such gifts are used for the relief of all needy people in overseas countries, and are not limited to those of any denomination. Your contribution on Saturday evening, when these young people call at your home, will be greatly appreciated.

### A. P. Garth Celebrates 96th Birthday At Home Of Eldest Son With Dinner Sunday

Five generations of the family of A. P. Garth were present when he celebrated his birthday Sunday, with a dinner at the home of his eldest son, Grover J. Garth, with whom he makes his home in the Needmore community. Mr. Garth was 96 years of age last Friday, October 21.

Grandpa Garth moved to Texas from Tennessee with his wife, in 1895, and farmed in Ellis, Anderson and Denton Counties, before moving to Bailey County after the death of his wife, in 1935. The couple had been married 51 years at the time of her death. He gives as his recipe for a long and happy life, "good farming and living among good people".

Eighty-two relatives were present for the dinner Sunday. Garth had all of his children with him for the first time since 1911.

Mr. Garth has ten children: Mrs. Mollie Jones, of West Monroe, La.; Mrs. Sallie Harris, Dallas; Mrs. Lydia Frisley, Booneville, Ark.; Louise C. Garth, Texarkana; Fred and Arthur Garth, Lewisville; Tom W. Garth, Dallas; Charles F. Garth, Asher, Okla.; Herbert T. Garth, Friona; and Grover J. Garth, Needmore.

He also has thirty-five grandchildren, sixty-six great grandchildren and eighteen great great grandchildren.

### Progress W. S. C. S. Studied Last Lesson Of Current Course

Progress W. S. C. S. held regular meeting at the church, Thursday, October 20, for the last lesson of the current study of the American Indian.

Due to the absence of the regular teacher, Elnita Gray, Velma Gwyn was in charge of the program, and Joyce Walker presided over the business session.

Mrs. Fern Davis was elected to the post of student secretary, an office left open when Mrs. Vela Jones moved from the community.

A nice profit was reported from the rummage sales held on recent Saturdays.

Jean Carter gave the interesting devotional talk on "The United Nations".

Information of Indian education, health and government were given in an interesting talk by Fern Davis, Velma Jones and Sadie Bass.

Refreshments were served by Velma Gwyn to Meses, Jean Carter, Birda Garrett, Mattie Griffin, Juanita Urteaga, Joyce Walker, Ruby Atkinson, Fern Davis and Sadie Bass.

Ave. D, South of Courthouse in Barron Bldg.  
SUMMER BUMPS... WINTER SICKNESS  
By Dr. Brooke Green

Playing and working outside during the summer subjects us all, adults as well as children, to bumps, jerks, and falls.

When our feet fly out from under us, and we sit down hard, it jolts our spinal joints and the head and neck connections are especially misaligned. We get up, brush off the dirt, inspect ourselves for bruises and breaks, and then forget all about it, little suspecting that we might have set into motion a chain of causes and effects.

Later on in the Fall, we develop frequent headaches, or a fever, or a digestive or eliminative trouble, but we never think to blame the damage done by that simple fall last Summer.

Here is an actual case from our files that illustrates this situation quite well.

A young, twenty-four year old woman had a hard fall from a trailer house, landing on a steel frame, which happened three and one-half years previous to coming to our clinic. She had been quite well until after this jolting accident. Gradually, over the intervening months, she had developed a constant painful roaring in both ears, headaches, severe indigestion, dizzy spells, nervousness, constipation, and spells of difficult breathing.

Our spinal analysis and spinal X-Rays located the misalignment and interference caused by the accident that was causing her troubles and corrective adjustments soon started this woman on the road back to health.

Falls are known to cause spinal column and spinal cord injuries that set up irritation of nervous tissue. These irritations appear in the patient as fevers, colds, meningitis, convulsions, vomiting, headaches, and many other diverse symptoms.

A 12-year old son of one of our patients suddenly developed a fever, sore throat and headaches, so his mother immediately brought him in for an examination. We found that he had been playing roughly and had just had a bad fall. Our examination located the cause of his trouble. After corrective adjustments his symptoms cleared up. Our records show that children, under spinal adjustments, respond rapidly.

## Muleshoe FFA News

BY BUDDY BLACK

Well I'm back home again and can get the F. F. A. news in the paper again. Mr. Thomas has been filling in for me while I have been gone. I have been to Kansas City to attend the National FFA Convention and to the State Fair at Dallas the past two weeks. The boys that went to Kansas City and I have had a wonderful time and we thank the FFA chapter for paying half of our expenses.

It was a wonderful experience to meet and deal with boys from many different states. We made many friends while in Kansas City. We made personal friends with boys from Minnesota and Ohio and had them visit with us in our room. We told them of the way we farm down here and of course put in a few Texas tales. One incident was when Beverly Mardis told them we use horses some to irrigate on and here was their reply. "Gee you guys are way behind, we use tractors. But you can bet your life it was straightened out. They said they wouldn't trade an acre in Minnesota for a section in Texas and we protested against this by telling them that an acre of land here sold for \$300 to more than \$400 an acre.

After arriving in Kansas City, we checked in at the Aladdin Hotel. Then we went to the Municipal Auditorium and registered for the convention. There were several interesting tours of K. C. Industry. The tours that we made were Ford Motor Co., and Butler Manufacturing Co., on Monday, Oct. 10. Then on Wednesday we toured the Armour Packing Plant and the Kansas City Stock Yards.

We were addressed by two U. S. Government officials on Tuesday, October 11. They were Honorable Ezra Taft Benson, Secretary, U. S. Department of Agriculture, Washington, D. C., and Honorable Harold E. Stassen, Special Assistant to the President, Wash-

ington, D. C. After the Tuesday session of business and addresses, Ramond Firestone of Firestone Rubber Co. presented some special entertainment which he had secured. This show lasted about an hour and a half.

Wednesday, October 12, the donors to the Future Farmers of America Foundation, Inc., were recognized, and after this session Coca-Cola Company presented Eddie Fisher and his wife Debbie (Reynolds) Fisher as special entertainment.

As this 28th National FFA Convention conceived friends and states parted to their homes to carry on the great work being carried on by FFA boys. There were approximately 10,000 boys and guests registered for the convention.

The following is an article which I took from the Progressive Farmer magazine, concerning Star Farmer Joe Moore. I found it interesting, and hope the readers of The Journal do too. It is titled, "Star Farmer of America—A Tennessean," and was written by Lewis Tucker.

"Should I go to college, or stay on the farm?" That's a question many an FFA'er must answer. Each person should decide only after careful study of his own situation. Joe Moore, Jackson County, Tenn., chose the farm. Wisdom of that choice was proved when he was named Star Farmer of America for 1955 at the National FFA Convention in Kansas City last month.

As he received this high honor, Joe's thoughts went back 13 years to a time when he made an important decision. Though 8 years old, he still had the habit of sucking his thumb. His parents had tried every way they knew to break the habit. One day he was helping drive home a

## Lazbuddie News

By MRS. BERT GORDON And TRAVIS PETERSON

The Halloween Carnival and Fall Festival will be held in the Gym Friday evening, October 28. Doors will open at 6:30 p. m. There will be plenty of fun, plenty to eat, and the queen is to be crowned.

P. T. A. booth will serve sandwiches, hot dogs, pie Cokes, and coffee.

Lazbuddie homecoming will be held Friday evening, Nov. 4, when Lazbuddie football team will meet the team from Symer.

Jersey cow his dad had just bought. Joe wanted the cow. His dad said, "She's yours, if you'll stop sucking your thumb." Joe recalls, "Every time that thumb started toward my mouth, I'd think of the cow, and down it would come."

When Joe entered high school, he joined the FFA and bought a registered Angus cow. She bore twin heifers, providing him with a good start in breeding stock.

His first year's program in vocation included 2 feeder calves, 2 breeding beef cattle, 37 feeder hogs, 3 acres of corn, 1/2 acre burley tobacco, and 15 acres permanent pasture. His labor income was nearly \$1,800. He continued to expand his farming program each year.

In 1952, Joe finished high school with an outstanding record. He was offered a scholarship to the University of Tennessee. His parents, both college alumni, left the decision up to Joe. After much thought, he turned it down.

Said Joe, "I don't discount the value of a college education, but I would have had to sell my purebred Angus breeding stock and my Durocs. In four years, the farm would have become run-down, as Dad works away from home."

That fall, Joe rented the 500-acre farm from his parents. He was to take all responsibility, own all livestock and machinery, and constantly improve the farm. Since then, he has put up 800 rods of fence, and cleared about 50 acres of land.

At the Tennessee FFA Convention in 1953, Joe was elected state president. Just 25 years earlier, his father was the first FFA'er to fill that office. The state association was organized in 1928.

The first year Joe farmed full-time, he added \$6,000 worth of equipment. (Value of his present equipment is over \$14,000.) His labor income was over \$10,000. It came from a greatly expanded farming program, that included 58 feeder hogs, 21 breeding hogs, 55 feeder cattle, 17 breeding beef cattle, 82 sheep, 4 feeder calves, 155 acres of pasture, and about 110 acres of other crops.

Smiling, Joe told us, "My future plans include Ann Huffins, 19-year-old sophomore at David Lipscomb College. I've already selected a homestead on the 85-acre tract of land I bought from Dad last fall."

Several Muleshoe FFA boys showed stock at the state fair. Ronald Lewis and Hugh Otwell showed calves; Buddy Black, Joe Don Jackson, Royce and Doyce Turner had fat lambs. J. L. Redwine, Tommy Bickel, Darrel Stephens, Richard Greene, and Ken Angeley showed pigs.

Ronald Lewis placed his calves in the Prime position of the market steer show while Hugh Otwell placed his calf choice. J. L. Redwine placed his Poland China pigs 12th and 13th and the rest of the boys enjoyed a fine time though they didn't do so well in the show.

Lazbuddie defeated Three Way Friday night, Oct. 21, by a score of 40-36. The freshman boys practicing with the high school boys. This Friday is an open football date.

Johnny Gammon, a sophomore took his steer to the State Fair last week, where it was graded as Class in the Junior Market Steer division. This entitled Johnny to \$16 prize money, and a second place ribbon. In addition to this he received 30¢ per lb. for the calf. He made the trip down with the Muleshoe F. F. A. Chapter, and returned with Mr. Black, Lazbuddie Agriculture teacher, and Leland Gustin.

Congratulations to Rev. and Mrs. Denton Thompson on the birth of a son Thursday, October 20, at Parmer County Hospital. He weighed 7 lbs. Bro. Thompson is pastor of the Church of Christ at Lazbuddie.

Congratulations to Mr. and Mrs. J. W. Hunt on the birth of a son, Randy Wayne, weighing 7 lbs. and 6 oz. He was born at Parmer County Hospital. Mr. Hunt is connected with the Lazbuddie Store.

Mr. and Mrs. Glen Monk and family spent the weekend with Mr. and Mrs. Glen Rogers, of Hale Center.

Noretta White spent the weekend in Muleshoe with her grandparents.

Texas Tech Tackle

### Texas Tech, West Texas State Will Renew Football Rivalry Saturday

LUBBOCK, Oct. 24 — West Texas State, with a team reminiscent of the Buffalo squad that downed Texas Tech in 1950, invaded Lubbock for a Border Conference contest with the Red Raiders at 8 p. m. Saturday.

For the first time since that 28-13 victory five years ago, the Buffs are given a good chance to defeat their closest gridiron neighbors. This is based more on

into a contender's role with a 32-6 win over New Mexico A & M. West Texas will be trying to bounce back into the title picture following a close 19-18 loss to pace-setting Hardin-Simmons Saturday night.

Tech, too, will be hoping to rebound. The Raiders dropped a hard-fought 7-0 game to University of Houston there Saturday night, although out-first-downing and outgaining the Cougars.

It will be Tech's second conference start. Texas Western and the Raiders tied 27-27 earlier. Tech holds wins over University of Texas, 20-14, and Oklahoma A & M, 24-6. Texas Christian dumped Tech 32-0 in the Raiders' only home start.

Coach DeWitt Weaver is encouraged by the news fullback Jim Sides of Lubbock, twice all-conference, should be ready for the first time since breaking a wrist in the Texas game. Tackle Jerry Walker of Pampa is improving after dislocating a knee in the TCU game but is not expected to play. Neither is guard Arlen Wesley, of Littlefield, who twisted a knee against Texas Western.

### Littlefield Beats Mules' B Team

Muleshoe's B team saw action Thursday night, October 20, as they were swamped 45-0 by Littlefield's B team. Muleshoe was completely helpless throughout the game as the Littlefield squad ran wild with the B team Mules.

Littlefield started the scoring early in the first quarter, and when they finally let up at the half, they were leading by the score of 45-0. No score was made during the second half and the game ended Littlefield 45, Muleshoe 0.

The starting lineup for the Muleshoe squad was: left end, Jimmy Welch; left tackle, Mickey Pierce; left guard, Edgar Martin; center, Stanley Myers; right guard, Joe Gross; right tackle, Jimmy Morrison; right end, Leon Atchison; quarterback, Don Alexander; right halfback, Leroy Corrales; left halfback, Billy Black; and fullback, Leander Sims.

### Olton's Mustangs Beat Mules 39-0

Muleshoe's Mules lost their sixth straight game this year as the Olton Mustangs rolled past the Mules to take the game by a score of 39-0.

The Mustangs started scoring early in the first quarter as Teddy Estes ran from the Mules' 29 yard line for the touchdown. The extra point was no good. The Mustangs scored again in only a few minutes when Jackie Gray ran over right tackle for the second Mustang touchdown. The extra point was good on a pass play to Powell.

Going into the second quarter, the Mustangs lost no time in keeping their scoring attack going and David Price ran the third TD from the Muleshoe 7 yard line. The extra point was made on a pass to Gerald Edwards and the score stood Olton 20, Muleshoe 0.

The last TD in the first half was made when Gray ran it from the Mules' 6 yard line for the score. The extra point was no good and the half ended 26-0 in Olton's favor.

During the third quarter the Muleshoe defense held them to one touchdown that was made in the last minutes of the third period on a pass from Jackie Gray to Gerald Edwards. The extra point was no good.

Beginning in the fourth and final quarter, Gray ran from the Muleshoe 9 yard line for the last touchdown of the game. The extra point was no good.

The Mules got beat, but the entire backfield made some good long runs throughout the game, backed by the line's blocking, and they were in there trying hard until the final whistle blew.

**Soil Conservation News**  
Bill Eubanks, Three Way, was elected chairman of the Blackwater Valley Soil Conservation District Board of Supervisors recently at a regular board meeting in the county Farm Bureau office.

Virgil Nowell, of West Camp community, was re-elected vice-chairman, and E. N. McCall, of the Enoch community, immediate past chairman, was elected to the office of secretary-treasurer.

Other board members are: Ray Ed Moore, north of Muleshoe, recently completed land leveling on 18 acres. Technical assistance was supplied by the local Soil Conservation Service work unit, and L. D. Mahon, who had recently completed land leveling on some seventeen acres on his farm on the Plainview Highway.

Any farmer needing technical assistance on land leveling, terracing or contouring, for next year's crop, should contact his local office. This should be done as soon as crops are off, so that the work unit will be able to plan their work to meet the needs of all farmers desiring technical assistance.

Indications are that the demand will be great for this type of aid.

District members planning to install terraces include: E. N. McCall, diversion terraces; John R. Tucker, spreader system; W. U. Dial, spreader system; Frank Stegall, diversion terraces, and Charles Bowers, terraces.

Productive land is the most important and basic capital assets of all nations of important size, according to Dr. H. H. Bennett, Retired Chief, S. C. S.

Carter, Baileyboro; and Sherman Inman, Progress.

In other annual business, W. H. McCowan audited the district books. Charles Thomas, Muleshoe High School Vocational Agriculture teacher, reported on rentals of the districts equipment.

The district has an agreement with the Muleshoe and Three Way vocational agriculture department whereby the departments have charge of the equipment, and receives half of the rentals after expenses for maintaining and renting the equipment to farm operators.

District equipment for use by its members includes six land levels, two inter-row seeders, three grass drills, one Brillion grass seeder, one manure spreader, one soil mover and three contractor levels.

Other district business agreements were approved with the following farmers, George Lemmon, Lubbock, 708 acres; W. R. Carter, Muleshoe, 48 acres; A. B. Bardwell, Lubbock, 640 acres; S. H. Pierce, Star Rt., Sudan, 177 acres; Houston Hart, Muleshoe, 16 acres; C. S. Otto, Muleshoe, 190 acres; L. L. Luman, Rt. 5, Muleshoe, 172 acres; O. Q. Holley, Rt. 2, Muleshoe, 160 acres; Elmer F. Smith, Rt. 1, Muleshoe, 30 acres; and John W. Steel, Levelland, 160 acres.

**What Other Cooperators Are Doing:**  
Ed Moore, north of Muleshoe, recently completed land leveling on 18 acres. Technical assistance was supplied by the local Soil Conservation Service work unit, and L. D. Mahon, who had recently completed land leveling on some seventeen acres on his farm on the Plainview Highway.

The fiction books, biography and general reference. Many new books for all three sections have been ordered and should be ready for the fifth grade pupils in a few days. Some of the new books ordered include "The Childhood of Famous Americans" series. This group of books include a book on 88 great Americans from the time of George Washington down to Dwight D. Eisenhower. The story of the childhood of these famous Americans will be an inspiration to the youth who read these books.

The fifth graders can read everything from books about cowboys and Indians to historical novels about the American Revolution.

The goal for the fifth grade is the reading of a book by each student during National Book Week, November 13-19. Small booklets with the title printed on the front cover reading, "Books I Have Read", will be issued to each student so they may record the books that they have read with comment about each book.

Two students from each of the four grade sections are helping in the library. They check out books, arrange books on the shelves and make book repairs. Their help has proved very valuable and the training they are receiving will benefit them in years to come.

Fifth graders helping in the library are: Joan Mock, Dick Allison, Davy Jean Anderson, Jerry Gilbreath, Roxana Hart, Mike Connell, Keith Stevens and Dwayne Holland.

## ACC Homecoming November 3-6

Thousands of ex-students and many former teachers are making plans now to attend the 1955 Homecoming at Abilene Christian College, November 3 through the 6th, which promises to be the biggest homecoming in the history of the college.

Highlight of the day Saturday, will be the football game between A. C. C. and Mississippi Southern. Other events will include social club breakfasts, regular chapel, ex-students chapel, formal opening and naming of four new buildings, barbecue, car caravans, Festival of Music, and Band Reception for ex-members.

### Muleshoe Welcomes Chief Of Army Nurse Corps

COL. INEZ HAYNES, recently named chief of the U. S. Army Nurse Corps, was given a rousing welcome to her home town, when she visited here briefly last weekend. In the above picture she is pictured shortly after arrival at Clovis airport, as she stands with members of her family.

Left to right: her brother, R. Bruce Haynes, El Reno, Okla.; her father, Floyd Haynes; Col. Haynes; her mother, Mrs. Floyd Haynes; and Mrs. Bruce Haynes.

Gil Lamb acted as master of ceremonies. Muleshoe CoFC presented a beautiful plant; the Lions Club, a handsome tooled leather brief case made in Muleshoe; and the Study Club presented the distinguished visitor with a beautiful bouquet of roses. Senn Slemmons for the CoFC, Bill Moore for the Lions, and Mrs. Vance Wagoner for the Study Club made the presentations.

### Officers Elected As Lucky Clover 4-H Club Meets

Muleshoe 7th and 8th grade 4-H girls met Wednesday, October 19, in the home of Bernice Clark. They chose the name of the "Lucky Clover" 4-H Club, and elected the following officers and leaders: Bernice Clark, president; Latoyia Howell, vice president; Pat Barnett, secretary; Magann Lamb, reporter; recreation leader, Charlene Coulter; Junior leader for foods, Sandra Dill; Junior leader for clothing, Sharon Evans; junior demonstrator for foods, Carolyn Burge; and junior demonstrator for clothing, Carol Wynn.

Adult leaders elected by the club were Mrs. Gilbert Lamb and Mrs. D. N. Coulter to help with organization; Mrs. R. C. Dill and Mrs. A. W. Burge to help with foods; Mrs. R. R. Clark and Mrs. H. K. Thornton to help with clothing.

Mrs. Mollie Stinson, County H. D. Agent, gave a demonstration on "Milk for Health." Punch and cookies were served by the hostesses, Mrs. Clark

and her daughters, Bernice and Noreen, to Carol Jean Wynn, Shirley Ann Golden, JoAnn Austin, Carolyn Burge, Mary Sanders, Margaret Durham, Sandra Dill, Charlene Coulter, Pat Barnett, Sharon Evans, Latoyia Howell, Magann Lamb and Mesdames Coulter, Thornton and Lamb.

### Progress WMU Circles Held Joint Meeting

Both Circles of the Progress W. M. U. met in a joint business session Monday afternoon, October 24, with twelve members present.

The president was in charge of the meeting.

Following the opening song, Mrs. Moraw led the group in prayer, and Mrs. Quisenberry read the second chapter of James.

A short talk on the wrong way of visitation was presented by Mrs. Elmer Downing, and enjoyed by the ladies.

### Muleshoe H. D. Achievement Day Huge Success

Tuesday afternoon, October 25, ladies of the Muleshoe Home Demonstration Club met at the home of Mrs. M. L. Oswalt for achievement day.

### Officers Elected As Hi-Lo Piano Club Met Tuesday

Hi-Lo Piano Club held its first meeting of the season, October 18, at 7:30 in the evening at Fellowship Hall.

During the business hour, it was decided to schedule regular meetings, and to have them each fourth Tuesday evening of each month.

The meeting will give the piano pupils an opportunity to perform before an audience often. The pupils will introduce themselves, and announce the number they are to play.

Officers were elected at this meeting as follows: president, Mrs. J. K. Adams; vice-president, Mrs. C. E. Moore; secretary-treasurer, Mrs. George Bragg; club counselor, Mrs. Sam McKinstry; club reporter, Mrs. W. F. Birdsong.

Following the business meeting, Mrs. Adams, president, turned the meeting over to Mrs. McKinstry, who in turn introduced the guest speaker, Mrs. Noel Woodley.

Mrs. Woodley gave a very enjoyable talk on "Music Hath Chorus."

Hostesses for the evening were Meses. M. E. Simmons, Earl Peterson, and W. P. Coffman, Jr., and Misses Nan and Susan Allison.

Some seventy-five members and guests attended.

To open the program, Sandra Scott led the group in singing

"Happy Birthday". They were accompanied at the piano by Linda Scott.

Taking part on the program were: Susan Franz, Veta Allison, Ann McReynolds, Gary Edwards, Carolyn Allison, Joyce Adams, Donna Baker, Johnny West, Sandra and Linda Scott, Dianne Coffman, Susan Birdsong, Donna Kay Talbert, Charles King, Tommye Welch, Kathy Moore and her mother, Janet Franz, and Frank Foster.

### W. M. U. Circles Met Monday

All circles of the W. M. U., of the First Baptist Church, met Wednesday morning, at 9:30, at the church for Bible study.

Circles, chairman of each, and number present at each are as follows: Stephens Circle, Mrs. Vernon Jamison, seven present; Buster Circle, Mrs. Douglass Avery, ten present; Parker Circle, Mrs. Bobby Ratliff, eleven present; Snell Circle, Mrs. Gaddy, seven present; Coggins Circle, Mrs. Doe Whitte, fifteen present.

B. W. C. Circle met Monday evening at the home of Mrs. Eddie Lane, with eight present.

All Circles will meet together again next Wednesday for a missions program. Stephens Circle, with Mrs. Harold Griffiths as program chairman, will have charge of the program, after which the associational missionary, Fred Smith, of Littlefield, will speak.

The meeting promises to be inspirational, and all ladies of the churches are invited to attend.

## Mahon Defends West Texas In Cotton Dilemma

Congressman George Mahon advises that he has this week renewed his appeal to Department of Agriculture officials in Washington and Texas urging that

West Texas be accorded a fair share of the state cotton acreage allotment for next year.

In commenting on the controversy, Mahon said, "I am glad that farmers and farm groups are urging reconsideration of the proposed program. We recognize that there will be a small reduction in the entire state next year. Any reduction will work a hardship on some farmers, but to undertake to shift large acreages to Central and East Texas areas

## Castro County Girl To Finals In Queen Contest

Beautiful Myrna Thompson of Castro County will represent 17 counties in this area at the state finals of the Texas Farm Bureau queen contest November in Ft. Worth. She will be competing against 12 other lovely farm and ranch girls in a contest which will be held in connection with the 22nd annual convention of the Texas Farm Bureau.

Miss Thompson, 16, now a junior in Dimmitt high school, was chosen District 2 queen in a contest held September in Lubbock. Previously she had won the title of Castro County queen. She is the daughter of Mr. and Mrs. Joe W. Thompson of Dimmitt.

The winner of the state queen

contest will receive \$500 in expenses for herself and her matron escort to attend the American Farm Bureau Federation convention Dec. 12-15 in Chicago. Runners-up in the state finals will receive beautiful wrist watches from the Texas Farm Bureau and a week's stay at the Crazy Water Hotel in Mineral Wells, compliments of the hotel. The TFB will pay expenses of the queen candidates and their matron escorts to the state contest in Ft. Worth.

which have about abandoned cotton production is improper and out of keeping with the spirit of the program.

"The original proposal of the State Committee would have that effect. I am assured by Agriculture Department officials in Washington that some modification of the original plan can be expected. It is urgent that a reasonably fair plan be agreed upon. Any plan adopted will work some injustice. The best we can get will be none too good. We must remain on the alert until the problem is settled."

## 8 Outstanding Peace Officers Will Be Honored

DALLAS — Eight outstanding Texas Peace Officers will be honored for their accomplishments during 1955 in the law enforcement field. Awards will be given for distinguished service in Police Public Relations, Police Training, Traffic Police, Administration, Crime Prevention, Police Photography, Criminal Investigation, and Criminal Identification. The awards will be presented sometime after February 1, next year by the FBI National Academy Associates of Texas it was announced by Police Inspector Paul H. Ashenbust, of Dallas, Secretary of the state-wide group.

Inspector Ashenbust stated that all law enforcement officers in Texas are eligible to receive the awards. Winners will be selected by the Executive Board of the FBI NA Associates which is headed by the Association's President, Chief of Police C. C. Daniel of Wichita Falls.

Nominations may be made by any police officer or citizen. They should be based on distinguished service during 1955 in one of the fields of law enforcement listed above. The nominations must be in writing and must reach the Secretary of the Association by February 1, 1956.

### Expert Declares Clothes Dryer Better Nature

Not often can a machine outdo nature, but when the machine is a clothes dryer, it does, according to Harriet Brigham, Extension home management specialist.

Many women think fresh air is more sanitary. Actually, this is true only in the great open spaces, and not always there. In most communities the air is laden with tiny soot and dirt particles, which cling to the washing. A light breeze, which is nature's best dryer, may blow dirt onto the clothes.

The heat of a dryer has some sterilizing properties. The tumbling action makes towels fluffier than the sun and wind. Unnoticed clothes pin marks on garments are eliminated. There is no problem of having to rush half dried clothes into the house because of a sudden shower or dust storm.

Research people say it is better to hang your clothes in the basement, if you do not have a dryer. Clothes are apt to fade out in the open, even if hung in a shaded area. If you own a dryer and have deprived yourself of its labor-saving features just to take advantage of a sunny day and the gentle wind, take this tip: Automatic clothes dryers work faster, cleaner, safer and are easier on the back.

COLLEGE STATION, Oct. 25—A national marketing quota of 10 million bales and a national acreage allotment of 17,391,304 acres for the 1956 crop of upland cotton has been proclaimed by Secretary of Agriculture Ezra Benson.

Announced at the same time was the date for a referendum, December 13, on cotton marketing quotas for both upland and extra long staple cottons. The quota for extra long staple cotton was set at 35,300 bales and the acreage allotment at 45,305

acres for the 1956 crop. At least two-thirds of the cotton farmers voting in the referendum must approve marketing quotas if they are to be effective. Last year 92 percent of the voting upland growers approved marketing quotas and 92.8 percent of the voting extra large staple growers favored quotas.

The marketing quotas and acreage allotments for both types of cotton are the minimum provided by law. The national acreage allotment is the acreage required, based on averages for the past five years, to produce the national marketing quota of 10 million bales.

According to the latest statistics, the total supply of upland cotton for the 1955-56 marketing year is estimated at 24.4 million bales and is second only to the record supply of 24.6 million bales in 1939-40. Supplies have increased yearly for five consecutive years and a new record in cotton yields per acre has been set in each of the past three years.

If growers approve quotas in the referendum, price support on the 1956 crop of upland cotton will be made available to eligible growers at the full level of the effective supports. If quotas are turned down, support to eligible growers will drop to 50 percent of parity.

State and county committees of the A. S. C., are now compiling acreage data upon which to base 1956 farm acreage allotments. Individual farm allotments will be made available to producers prior to the referendum. Information on quotas and acreage allotments may be obtained from the local ASC offices.

### Progress H. D. Club Meeting Well Attended

Elzada Gulley led songs to open the meeting of the Progress Home Demonstration Club last week, which was very well attended. Roll call was answered as ladies told what they had enjoyed in the past years club work. Progress Club will be guests of the Muleshoe H. D. Club, October 25. Meeting is to be held at the home of Mrs. Oswalt, at the old Awtry farm, from 11:30 until 12:00 o'clock. Textile painting will be learned at the next regular meeting, which is to be held at the home of Glenda Haley. All members are urged to attend, and visitors are welcome. Mrs. Gulley gave an interesting talk concerning her yard work, and showed a number of pictures she had taken of the yard. Fern Awtry gave a demonstra-

tion on alterations and dress forms. Crafts were displayed, and Mrs. Gulley gave a demonstration on weaving with the reed. Mrs. Alameda McGuire, hostess, served delicious sandwiches, brownies, nuts and coffee to Mmes. Juaree Smallwood, Ada Thomson, Myrtle Wells, Glenda Haley, Elvay Simmacher, Veta Self, Ada Murrah, Fern Davis, Estell Hill, Elzada Gulley, and Marie Matby, members of the club; and to the following guests, Mmes. Sena Stephens, Blanche Lenderson, Joan Chester, Janie Moraw, Dava Arnold, and Helen Schmitz. Mmes. Moraw, Arnold, and Schmitz are members of the Three Way Club.

### Mrs. Erwin New Member Of The Wesleyan Guild

Mable Dowell was hostess to members of the Wesleyan Guild of the Muleshoe First Methodist Church, for the regular meeting Monday evening of this week. In charge of the business hour was the president, Mrs. Fred Johnson. Meeting opened with silent prayer, and Mrs. Johnson said The Lord's Prayer, for closing exercise. She left the ladies with the thought, "Thou hast given so much to us dear Lord, give one thing more, a grateful heart". Delicious refreshments were served by the hostess to Mrs. E. R. Erwin, a new member, Elizabeth Harden and Mmes. Ray Edwards, A. C. Leveridge, Fred Johnson, Gilbert Lamb, Francis Gilbreath, Jim Cox, Buford Butts, Jim Burkhead, Walt Colbert, A. S. Stovall, and T. M. Stemmmons. Following the social hour, Mrs. Ray Edwards introduced ladies who were to participate on the program. Mrs. A. S. Stovall gave

### Mrs. Panter Hosts Half Century Club

Fourteen members were present for the Half Century Club meeting last Thursday, October 20, at the home of Jennie Panter. ### Panel Discussion Enjoyed At WSCS Meeting, Monday

W. S. C. S. of the Muleshoe First Methodist Church held regular meeting at 2:00 p. m., Monday, at the church. Third session of the study, "Indian Americans", was led by Mrs. Clarence Stephens, and enjoyed by ladies attending. Program was opened with the group singing, "Rescue The Perishing", after which Mrs. Roy Bayless led in prayer. Mrs. S. C. Beavers gave an interesting talk on laws concerning the Indians. She stated that there have been some five hundred beneficial laws passed for the American Indians, and one hundred-fifty are pending. A panel discussion was led by Mrs. O. S. Richards, with other participants including Mmes. H. M. Shofner, Cecil Davis, H. Jay Wyr, Arnold Morris and W. F. Birdsong. Thought for the day was given by Mrs. O. S. Richards, who read Scripture from Eph. 4:25-32. The meeting for Monday, October 31, will be held at 7:00 o'clock in the evening, in the sanctuary of the church instead of at the usual meeting time of 2:00, due to the fact that this day has been set aside at World Day of Prayer. Next regular meeting will be Monday, November 7, at the home of Mrs. Clarence Stephens. There is to be a special speaker, an Indian lady now residing near

Muleshoe, who has lived on an Indian Reservation. Dismissal was by Mrs. H. M. Shofner. Ladies present were Mmes. S. C. Beavers, Clarence Stephens, H. Jay Wyr, Cecil Davis, J. E. Day, Roy Bayless, J. J. Gross, C. R. Farrell, W. F. Birdsong, I. F. Willman, O. S. Richards, and Arnold Morris.

RABSON DISCUSSES—  
FOREIGN CONDITIONS

Babson Park, Mass., Oct. 27—Reports of so much grief have come from Europe, readers may be interested in a true summary of conditions received from my personal associates who are just returning from abroad.

**ENGLAND IS PROSPEROUS**  
Business expansion is evident on every hand. This includes new houses, as well as new businesses. The people seem to have no fear of Russia. They are greatly interested in automation and atomic energy. The only cloud in the sky is credit inflation. The English people have been held down so long by restrictions that, with unlimited freedom, the pendulum is now beginning to swing the other way.

I have been especially interested in getting reports of the thriving states of agriculture with the use of mechanical equipment. So long as World War III does not occur, England will continue to forge ahead and will need very little help from us. She again leads the world in marine insurance and foreign shipping.

**GERMANY IS BOOMING**  
While the English people have the faith, their unionization prevents them from doing their utmost. The German people have both the faith and the freedom from unionization. This, added to their technical and inventive genius, is causing them to forge ahead of the rest of Europe. We should not forget, however, that the United States has been pouring billions into Germany. This can be cut down somewhat but not too much all at once.

As readers know, West Germany has voted to arm and is very anxious for a reunited Germany. Since this means a bitter pill for Russia to swallow, it will not come about at once. It rather looks as if Germany might now be at the height of its present domestic prosperity. In event of World War III, Germany may join England and try to remain neutral; but she is not in any mood to do this today.

**AM SORRY FOR FRANCE**  
Poor France lacks both the faith and the desire to work. The country has been overrun so many times that its people are "tired out." This has resulted in the Communists' gaining considerable influence. I believe that we must continue our aid to France in order to keep the Communists from getting control.

France, Switzerland, Belgium, and Holland are dependent upon exports to the United States. It could be suicidal for our country to increase tariffs on any of their products. In fact, I believe that American parents must ultimately choose between lowering all tariffs, even with the possibility of some unemployment or reduced wages, or, as an alternative, sending their boys to Europe to fight.

Italy is fortunate in having the largest amount of water power of any of the free nations. She also has an advantage in being close to Africa, which will have a great future when uranium and hydrogen are used for power.

**AFRICA AND CHINA**  
Africa has a large population of hard workers, and when these are directed to mass production, they could give the rest of the world serious competition. The Black Africans has a character and physical strength which has great possibilities. This is why he is so feared in both Eastern and Central Africa. The British and French, however, are not restricting and abusing the Blacks, as does the Government of South Africa. This South African attitude is really a disgrace to the Caucasian race.

One of my business associates has spent many years in China. His conclusions are as follows: China will free itself from Russia; China will come back as a powerful nation probably with some form of totalitarianism, but not of Russian brand. It will take twenty or more years, however, for this to come about. He states that my readers should not expect such sudden economic changes in China as are taking place in Europe. He further believes that both China and Japan will become, more and more, a competitor of ours in mass production. We Americans had better worry more about our own economic future than about that of any of the nations discussed above.

**CHRISTIAN SCIENCE SERVICES**

The way to overcome sin—its causes as well as its effects—through the understanding of God will be brought out at Christian Science services this Sunday.

Keynoting the Lesson-Sermon "Everlasting Punishment" is the Golden Text from Ezekiel (18:23): "Have I any pleasure at all that the wicked should die? saith the Lord God; and not that he should return from his ways, and live?"

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "Divine Love corrects and governs man . . . Every supposed pleasure in sin will furnish more than its equivalent of pain, until belief in material life and sin is destroyed" (6:3 only, 12-14).

Scriptural readings include the following (Psalms 37:27): "Depart from evil and do good; and dwell for evermore."

**VISITED IN TEXACO**

Mr. and Mrs. H. H. Carlyle and Mr. and Mrs. R. J. Klump visited Sunday at Texaco, N. M., with Mr. and Mrs. D. L. Harding.

**THERE ARE PITFALLS IN "DEBT ADJUSTMENTS"**

AUSTIN — Possible pitfalls in doing business with debt adjustment agencies by persons who think they are "hopelessly" in debt were outlined this week by Charles T. Lux of Austin, executive vice-president of the Retail Merchants Association of Texas.

Lux said such agencies, sometimes called pro-raters or budget plan houses, were numerous in the East and California, but had only recently penetrated into Texas, thus far only in the largest cities.

These firms, operated by persons who pose as "professional budgeting experts" offer to "rehabilitate" people who have found their earnings cannot meet payments for the debts they have incurred, Lux said.

They propose to do this by setting up payment schedules for each debt, budgeting earnings and arranging with creditors to carry the account until the debt is paid off in full.

"This sounds very attractive to a person who is so far in debt he cannot see how he will ever get out," Lux said. "But what he doesn't realize is that for this advice and services he is charged a fee," he explained. "The fee sometimes ranges as high as 40 per cent of his total indebtedness, and usually no less than 15 per cent," he explained.

"For a debt of say \$300, the fee will increase the debt to anywhere from \$345 to \$420."

What happens then is the "professional budgeting expert" not only takes a large slice of the money that would go toward retirement of the debts, but also piles on a new debt, he said. Thus, instead of keeping a debtor from bankruptcy, he is plunged closer to it.

Experiences in other states show, Lux said, that the debt adjustment agency usually takes out its fee before making any effort to retire a person's debt.

Lux said a few states have laws regulating the operation of debt adjustment companies, among them Minnesota, Wisconsin, Pennsylvania, Maine and Colorado.

There are now laws in Texas that control their operations, he said. Lux said the best way a debtor, who is pinched to meet his payments, can meet his bills is to call upon his creditors and explain the situation frankly.

"Before you sign up with anyone or pay a fee, it is wise to contact your creditors and seek their advice," Lux said. "It will be found that the merchants of Texas as a general rule are an understanding group," he said. They are just as interested as the debtor in seeing that the state is wiped clean, and usually can make some adjustments that will bring about financial stability.

"The results you get by seeing your creditors are the same as those promised by a professional pro-rater — and there is no extra charge or fee attached."

**SAND HILLS PHILOSOPHER SCOFFS**  
At Old Idea You Can't Get Enough Sleep On A Farm . . . He Sure Does

Editor's note: The Sand Hills Philosopher on his Johnson grass farm discusses sleep this week, and if there's anything he's an authority on, that must be it.

Dear editor:  
A copy of Time magazine turned up out here on this Johnson grass farm the other day. I don't know how it got here unless the mail carrier got mixed up and put it in my box instead of my intellectual neighbor's box down the road, although understanding taking the magazine is no proof that you're an intellectual or it is either, but I was glad to get my hands on it and was especially interested in an article on the champion boy farmer in the U. S.

This boy is really an outstanding farmer and a hard worker, but one part of the article about him disturbed me.

According to it, this boy gets only about four or five hours of sleep a night, staggering up out of bed at 4:30 a. m., and working until anywhere from 10 p. m. to midnight before he falls asleep in the middle of a letter to his girl.

This is viscious propaganda. Out of years of experimenting, I wish to state that a man can get just as much sleep on a farm as he can in a city, maybe more. This idea that farming might be all right if you could stand the loss of sleep is a lot of nonsense, although understand I'm not arguing that more people ought to farm, the way it looks now, judging from the stacks of surpluses we've got piled up all over the country, too many people are farming as it is.

But it has been my observation that more white collar workers and business executives fall asleep in church than farmers. More town people go to sleep driving their car than farmers. Have you ever heard of a farmer falling asleep while driving a tractor? While malking a cow? While borrowing money at the bank?

A man may not be able to make as much money as he wants farming, but he sure can get plenty of sleep. I've tried it and I know. Furthermore, I intend on keeping on getting plenty.

Yours faithfully,  
J. A.

**Maternity Death Rate Reduced By Social Programs**

AUSTIN, Oct. 27 — If the death rate which prevailed in the United States in 1935 still continued, 24,000 American mothers would have died in child birth this year. Of that number, 1700

would have been Texas mothers. But instead, because of advances in medical care during pregnancy, the 1955 death toll of women during child birth probably won't exceed 2000 for the U. S. as a whole and 135 for Texas.

If this were 1935, some 230,000 infants would meet death before their first birthday. More than 17,000 of them would be Texas babies.

But instead, due to better medical and nursing care, the death rate among infants has been reduced to 100,000 for the nation and 7,300 for the state.

The figures are based on statistics maintained by the Texas State Department of Health. Health Commissioner Henry A. Holle said they emphasize the "great strides the United States—and Texas—has made in improving the prospect of life and health for mothers and children over the past 20 years."

Dr. Holle credited the Social Security Act, passed 20 years ago, as a contributing factor toward the reduction of infant and maternal death rates. Under terms

of the Act, the Children's Bureau of the Department of Health, Education, and Welfare, makes annual grants to state health departments to finance programs of preventing deaths, diseases and disabilities in pregnancy and childhood.

The program is administered in Texas by the State Department of Health through its Division of Maternal and Child Health.

"Physicians, medical schools, nurses, research workers, health agencies, and parents, all have played a vital role in the health achievements of the past two decades," the health commissioner commented.

Highlighted among these advances are drops in maternal mortality of 90 percent for the nation, and 92 percent for Texas in the period between 1935 and 1954.

In the same interval, national infant mortality dropped 50 percent, while the rate in Texas declined by 57 percent.

### Work Starts Soon On Sam Rayburn Library

On November 4 at 10 a. m., a group of contractors' bids on a building in Bonham, Texas, will be opened, and shortly thereafter Sam Rayburn's long time dream of a gift to the people of Texas will start becoming a reality.

The gift is the Sam Rayburn Library, into which the speaker of the U. S. House of Representatives will put the treasure of papers, records, books and mementoes which he has amassed in the nearly half-century he has served the people of Texas and his country.

The library will be open to students, scholars, and just plain enthusiasts interested in one of the finest collections of documented U. S. history available anywhere. One of the library's four rooms will be an exact replica of the Speaker's office in the

Capitol Building in Washington. D. C. Rayburn has himself purchased the actual furnishings of the office and will move them to Bonham when the building is completed.

Work toward realization of the library started six years ago when Collier's Magazine presented Mr. Rayburn with a \$10,000 achievement award for his efforts in Congress. Rayburn used the money to start the library fund with its total goal of \$800,000, about half of which will be used to construct the library, with the rest going toward maintenance.

### CONVERT TO LP-GAS With ENSIGN Carburetion

Right there in the circle above you've got the key to modern tractor efficiency — LP-Gas fuel plus Ensign Carburetion. It's just good business sense to find out how modern LP-Gas efficiency scraps ordinary performance standards. Get the facts on profit-boosting fuel savings and phenomenal freedom from maintenance expense (3 or 4 seasons without service!). The six points below suggest a few LP-Gas and Ensign Carburetor advantages. Keep the profit-angle in mind as you read them!

1. Fuel savings 25 to 40 percent.
2. Lube oil lasts four times as long.
3. 50 to 75 percent fewer overhauls.
4. Increased power. 100 octane fuel permits high compression.
5. Smooth-running engine — no vibration.
6. Same fuel storage serves tractor and household.

Let your Authorized Ensign Dealer check your engine. He can tell you what you can save by making your tractor a MODERN tractor with LP-Gas.

#### DEFROSTING HOME FREEZERS

Chances are that summer heat and humidity left your home freezer with a big deposit of frost—even ice. If more than one-half inch of frost has collected over a large area of the refrigerated surfaces, it's time to defrost, according to Extension home management specialists.

Remember that you are working with an expensive piece of equipment. Short cuts in defrosting may damage the freezer. For one thing, don't use hot water. It can build up the refrigerant pressure in the evaporator and cause difficulty in starting the compressor.

Here are some suggestions offered by specialists for doing a safe job of defrosting:

About 12 hours before you begin the job, turn the temperature control to its coldest position so that the food won't thaw as quickly while you are defrosting.

If no ice has formed, merely scrape the surfaces with a spatula, putty knife, or similar tool while the freezer is running.

Ice, however, calls for more work. Remove all food packages and disconnect the freezer. Stack food packages compactly on chilled trays or in chilled baskets. Wrap with blankets or other insulating material.

Work rapidly to get the defrosting done before the frozen foods start to thaw. Ordinarily the job can be completed in less than an hour—if you work at it.

Cold water run over the refrigerated surfaces will hasten melting but it adds to the clean up job. An electric fan blowing room air into the freezer or cold air out of it will help. Removing ice as it loosens also speeds defrosting. But don't chip it off with a sharp tool which might damage the lining or coils.

The interior should be cleaned with a solution of 1 tablespoon of baking soda to 1 quart of lukewarm water. Soap and water will clean the gasket, and soda and water or some of the special wax polishes will take care of the outside.

Lastly, dry the freezer thoroughly inside and out and connect it. After it has run half an hour or so, food can be put back in.

"With four children, you want to heat water the SAFE WAY... of course, it's Electric!"

says Mrs. Roy N. Byrd, Jr.  
1209 20th STREET,  
CANYON, TEXAS

"When Roy and I picked a water heater for our new Canyon home, the safety of our four children was the first consideration. We had two electric water heaters at our farm, so we knew that we could be safely sure with an electric water heater in our new city home."

"I was really surprised when one new 40 gallon electric water heater proved to be enough in our new home — especially after having two. But, we've never 'un out.'"

"My clothes washer works every day — at least once — and yet the water heater keeps up with it and the dishwasher, too, which I use at least two times every day."

"Then, at the sink, I'm always using hot water for cooking, to prepare food for the freezer, or to wash out things for the children. There's always enough."

"Four children can produce a lot of dirty hands — and keep the baths busy. We have a shower and a tub so that we can clean them up in shifts — and that takes lots of hot water."

"My electric water heater gives me plenty of hot water, an extra quarter space, and a feeling of complete safety about my children. It goes perfectly with the other work-saving electric appliances in my home."

**SEDAN DE VILLE:** Cadillac's Sedan de Ville, a four-door hardtop presented for the first time for 1956, preserves the graceful Florentine window styling of two-door hardtops yet provides the roominess and four-door convenience of sedan models. Rear seat head and leg room in the Sedan de Ville is greater than in two-door hardtop models. The car features a new power train consisting of a new 285 horsepower engine and a "controlled coupling" Hydra-Matic transmission which is completely new in principle and mechanical parts.

### Re-Styled 1956 Cadillac Presents New Appearance

Cadillac's line of 1956 automobiles presents a completely re-styled appearance. Features an impressive list of important engineering advancements, and has been expanded to include two new body styles it was announced today by Don E. Ahrens, Vice-President of General Motors and General Manager of the Cadillac Motor Car Division. Jones Motor Co., Littlefield, are area Cadillac dealers.

"While consistent with Cadillac's progressive styling continuity, Cadillac's 1956 models are dramatically new in appearance

both inside and out". Ahrens reported. "A new, more powerful, 285 horsepower engine and a 305 horsepower Eldorado engine coupled with a vastly improved transmission system are typical of the many engineering developments designed to insure the 1956 Cadillac owner the greatest possible driving satisfaction."

Ahrens announced that to provide additional coverage of the fine car field and to further expand customer selection, Cadillac is introducing two new body designs for 1956.

Presented for the first time are the Sedan de Ville, a four-door hardtop, and the Eldorado Seville, a limited production model supplementing Cadillac's dramatic Eldorado convertible, the Biarritz.

With the addition of the two new models Cadillac now offers a total of ten body styles in three

### Income Tax Laws Complicated, But Will Remain So

LUBBOCK, Oct. 26.—Any attempt to simplify present tax laws will make them more complicated, B. Frank White of Dallas, regional commissioner of Internal Revenue, told a Texas Tech Tax Conference.

Complex taxes are here to stay because modern business is complex, White pointed out. "We might as well sit back and enjoy complex tax laws," he said. "After all, we're enjoying the many benefits of tremendous growth in business and industry. Who wants to give them up?"

"America is strong because people voluntarily support the government," White declared. "As long as people respect tax laws, they will follow them. Tax practitioners are playing vital roles in maintaining that respect by helping clients understand taxation processes and seeing that clients are treated fairly."

White praised the work of the Tech meeting and pledged Internal Revenue Bureau support to future tax conference at the College.

More than 100 Texas and New Mexico accountants, attorneys and other interested persons attended the three-day meeting, sponsored by Tech's accounting department, West Texas chapter of the Texas Association of Certified Public Accountants and Texas Association of Public Accountants, and the Lubbock Co. Bar Association.

### Heads Crippled Children Society

Euclid Hudson, Port Arthur civic leader, has been named 1955-56 president of the Texas Society for Crippled Children by volunteer workers and members of the state's Easter Seal Society, meeting in Corpus Christi on October 21-22 for its 18th annual convention.

Hudson succeeds Harlan Powell, Dallas businessman. The new president, active for more than a decade in Port Arthur and state Easter Seal program for crippled and handicapped children, is prominently identified with civic and philanthropic groups in Port Arthur.

Hudson is a native Texan who can lay claim to five "home-

HUDSON

towns". Born in Hillsboro, he has lived in later years at Wharton, Talpa, Lakeview (Jefferson Co.) and Port Arthur. He was at one time mayor of Lakeview, a separate municipality adjoining Port Arthur.

Hudson is assistant cashier for the Texas Company refinery in Port Arthur. A World War II veteran of service with the 91st Infantry division in Italy, he holds

the rank of major in Army reserves.

Designed to convey a feeling of sweeping lowness, the new 1956 Cadillac is readily identified by its slightly distinctive exterior styling.

Front end appearance is marked by a new delicately styled aluminum grille of narrowly spaced cellular design which gains sharp definition from the massive yet gracefully tapered new front bumper guards.

#### FARMER COUNTY Farm Bureau News

By RAYMOND EULER

Correction: Last week, in this column, we told you the minimum acreage cut for cotton on the county basis would be seven percent. E. T. Ford, Commodity Chairman, tells us we should have said seven per cent would be the MAXIMUM MCUT for any county. We are indeed happy to make this correction.

The preceding paragraph is an illustration of why farmers should look further than newspaper articles for information regarding government programs and other things affecting their business of farming. Errors occur typographically by interpretation, misunderstanding or in some cases by a distorted effort to make a political or personal point. The above was a misunderstanding.

It is heartening to note that more than a government market for farm commodities. Remarks of several political aspirants indicate that they, too, are seeing the necessity for marketing effort to produce channels of disposal rather than continues political promises that end up in stored surpluses.

At the present time we feel inclined to compliment Robert G. Schrauner, Texas ASC Chairman of Dumas, on his fine handling of the job for which he is responsible. Every occasion your Farm Bureau officials have had for conferring with him has been very satisfactory. He is sincere, straightforward and helpful in attitude. All advice information he has provided has testified of his honesty, an attribute that he is peculiarly complimentary to one in his position in these times.

If your ginmer is not aware of your privilege of requesting re-examination of your cotton sample without showing the original classification, refer him to the office for the sample procedure. Farm Bureau tried to get this privilege for the last year, and succeeded for the 1955 crop. Use it.

The Land Fertility Bank farm program seemed to appeal to a large majority of the farmers at the convention in Bovina last Thursday night. Delegates to the

# CADILLAC for 1956

Top to bottom—Eldorado Seville, Sedan de Ville, Sixty Special

Presenting the Most Inspiring Motor Cars the World Has Ever Seen!

You are looking at three of the most magnificent and inspiring creations ever to issue from the drawing boards of Cadillac's designers and engineers.

These spectacular new Cadillacs—in company with the other Cadillac models for 1956—introduce a standard of automotive excellence that will find no counterpart on the highways of the world.

Where, for instance, could you find anything to match them for beauty and elegance? Their long, low, sweeping lines... their jewel-like grille and rear-fender designs... their brilliant new color combinations... their sparkling highlights of chrome and gold... all combine to create a beauty that is truly unique.

Where could you find anything to equal them in luxury? Inside are fabrics of rare richness and pattern...

and features of comfort and convenience that will delight even the most experienced Cadillac owner.

And where could you find anything to rival them in performance? There's a completely redesigned Cadillac engine developing 285 and 305 horsepower... a new, controlled-coupling Hydra-Matic Drive... and advanced Cadillac Power Steering and Power Braking.

This extraordinary new Cadillac beauty... and this dynamic new Cadillac performance... have been interpreted in four separate series and in nine individual body styles.

We sincerely urge you to stop in for a personal inspection and demonstration at your earliest convenience.

We know you will agree that, in every way, they are the most inspiring motor cars the world has ever seen!

**TSTA Officers  
To Be Elected**

Sixty thousand teachers will select their state officers for the Texas State Teachers Association during the first week in November.

Floyd W. Parsons, superintendent of schools at Beeville, has been nominated as candidate for the office of vice-president. His candidacy is sponsored by the Beeville Faculty Association and Beeville Classroom Teacher Association.

A graduate of the University of Texas, Parsons has served continuously since 1933 as classroom teacher, principal, and superintendent in the public schools of Texas.

Parsons is past president of District III TSTA and served as chairman of the State Steering Committee that drafted the Certification Proposals recently passed by the legislature. He is a member of the Executive Committee of Texas Association of School Administrators, a member of the Committee of Ten, a member of the Texas Conference on Public Education, and is state chairman for the National Education Association Building Fund Campaign. He is a life member of NEA, PTA, and TSTA. Other memberships he holds include Texas Association of School Administrators, American Association of School Administrators, and the Texas Safety Association. He is president of the Beeville and Bee County Chamber of Commerce, and is serving as Bee County Chairman of the National Foundation for Infantile Paralysis, president of the Beeville Kiwanis Club, and District Key Club chairman for Kiwanis International.

The local teachers will elect their state president and vice-president on November 4 and 5, 1955.
