MERCHANTS WELCOME FIRST BABY

First Baby of Year Receives Gifts

The first citizen born after midnight December 31 in Bailey County, will be greeted, not only with a brand new year in which to start its life, but also an imposing array of free gifts to warm him or her off right. A number of Muleshoe merchants will welcome the first baby of the year in Bailey county with useful and practical gifts as an expression of their good wishes for his or her lifetime.

Sunday At Church Of The Nazarene

The Church of the Nazarene, with J. A. Perryman, Sr., the minister, will hold special services Sunday morning, climaxing a fund raising campaign for the new parsonage.

Barrels used in the campaign will be opened, and special music will be heard.

All singers in this area are invited to attend and bring their hymn books for special singing.

Services will begin at 9:45.

OUR APOLOGY AND EXPLANATION
In the rush of getting out our Christmas edition the advertising department failed to notice that the advertisement of FINLEY & CARTER, REAL ESTATE, read FARLEY & CARTER. We offer our sincerest apology to both Mr. Finley and Mr. Farley. We don't promise it won't happen again, because anything can and does happen on a newspaper, but we do promise to TRY and not let it happen again.

Scoop Sez

By J. M. FORBES

Windy Young, street and water superintendent, stole a pencil from Ceph Roebuck. On it was some information about safety and headed "Sing While You Drive". It goes like this, remember:

At 45 miles per hour, sing, "Highways Are Happy Ways."
At 55 miles, sing "I'm But a Stranger Here, Heaven Is My Home."
At 65 miles, sing "Nearer My God To Thee."
At 75 miles, sing "When the Roll Is Called Up Yonder."
At 85 miles, sing "Lord I'm Coming Home."

The business gent who put his pencil out had printed below the above instructions: Getting back to business, drive safely. We like our customers and wish to keep them.

Underground Water In Bailey County Being Depleted By Irrigation Use

The portion of Bailey County within the boundary of the High Plains Underground Water Conservation District covers about 362,000 acres of land. (The total area of the county is about 532,000 acres.)

The underground reservoir in the Ogallala formation beneath the area within the district contained approximately 5,770,000 acre-feet of ground water in storage available for pumping in January 1955. The above maps were prepared from data compiled from a study of about 500 logs of water wells and 250 measurements of water levels in wells.

The map in plate 1 shows the thickness of water-bearing strata between the water table and the red-bed in 1938 before an individual farm was determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent. Suppose the farm consists of 320 acres and has 200 feet of water-bearing strata underlying it, then 200 acres x 200 feet x 0.15 equals 6,000 acre-feet of water available for pumping. An acre foot of water is equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes, of course, that his neighbor pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District. Similar maps and information will be prepared as rapidly as practicable, for all the counties within the Water District. Maps of Deaf Smith, Farmer, Castro, Potter, Randall, Armstrong, Tarrant and Bailey Counties are now available.

BARBOUR AND WILSON HEAD CAMPAIGN HERE

March of Dimes Drive Begins Next Week

January Ballot To Select Two For Water Committee

An election will be held January 10 for selecting two county committee members from Bailey county to the Plains Underground Water Conservation District No. 1.

Polling places will be at the Muleshoe community house, Enechs in office and at Three Way school house.

Listed on the ballot in precinct one are Kline Buhman and Robert Blackwood. In precinct three, W. H. Eubanks and A. H. Darlock have been nominated.

All eligible voters have been urged to cast a ballot in this election.

Department Stores Announce Hours For Closing Time

Six Muleshoe department stores will change their closing hours, effective January 3. It was announced this week.

The six stores will close at 5:30 pm on week days and at 8 pm on Saturdays, during January and February only, the group announced.

Stores whose closing hours will be changed include Remund - Wilson, St. Clair's, Cobbs, Dunlaps, Anthony's and Ben Franklin.

The stores will be closed Monday, January 2.

Chick Otwell Farm Sale To Be Jan. 4 3 Miles East of Town

M. H. (Chick) Otwell, who lives three miles east of Muleshoe on Highway 70, is moving to Arkansas and is selling at public auction January 4, a large lot of farm equipment and machinery, as well as offering some fine irrigated land for rent to a suitable tenant.

The sale starts promptly at 10 am on January 4, and Col. Dick Doshier will be the auctioneer, with Hugh Freeman as clerk.

All items will be sold for cash and may be moved after settling up with the clerk.

Lunch will be served on the grounds. Free coffee for everyone, bring your own cup.

A complete listing of the items to be offered for sale may be found elsewhere in this issue.

King Rites Held At Southland

Funeral services were held Tuesday afternoon, December 27, at the Methodist Church at Southland for E. L. King, 66, a retired farmer of that community.

The rev. H. B. Coggins, of Lockney, formerly of Southland, conducted services, assisted by Bro. Jim Tomlinson and Elmer Crabtree.

Mr. King passed away at his home in Southland December 25. He had lived there for the past thirty years except for two years when he purchased a farm near Muleshoe, where he resided until a few months ago. When suffering from a heart attack, he had been under a doctor's care, suffering the breakdown, and had only recently moved back to Southland.

He survived by his wife and six children. Also two sisters, and two brothers. One brother, C. M. King, resides here.

Winners Named In Lighting Contest

An out of town judging committee awarded a \$25 cash first prize to John Smith for his home decorations during the Christmas season late last week. The prize was one of three awarded annually by the Muleshoe Chamber of Commerce. Smith's home was decorated in the winter motif, featuring a large snowman, spotlighted for night display.

Second prize went to the Raymond Greens, for the decoration on their new home on the Plain-land highway curve. Second prize was a cash award of \$15.

Third prize of \$10 went to D. R. Bushnell, Jr., at North Avenue B, for the clever Santa Claus, reindeer and a sleigh across his house.

Barbour and Wilson called on the citizens of Bailey county to continue their support of the March of Dimes in 1956 as they have in the past.

"We've got the fight well under way now," they said. "But let's continue until polio joins the ranks of other disease and is listed as a thing of the past. Your dimes and dollars contribute to the March of Dimes will aid materially in completely stamping out this crippling killer."

A. P. Garth Rites Held Wednesday At Louisville, Texas

A. P. Garth, 96, of Needmore, passed away at 1:45 pm Tuesday in West Plains Hospital here. He was a pioneer resident of this area and is survived by 181 living descendants.

Mr. Garth, a widely known retired farmer had been ill about three weeks. He celebrated his 90th birthday October 21 with a party attended by 75 of his descendants.

He was born in Warren county, Tenn., and came to Bailey county 19 years ago. He was a member of the Methodist Church.

The body was taken by Singleton Funeral Home to Louisville, Texas Wednesday for funeral services Wednesday afternoon. Burial was in Lewisville Cemetery.

Survivors include three daughters, Mrs. Mollie Jones, West Monroe, La., Mrs. Sally Harris, Dallas, and Mrs. Lyda Braxey, Beaumont, Ark., seven sons, Louis, Texarkana, Fred and Arthur of Louisville, Tom of Dallas, Charlie, of Asher, Okla., Herbert of Friona and Grover of Needmore, 36 grandchildren, 118 great grandchildren and 18 great-great grandchildren.

HERE FOR HOLIDAYS
Clark Colson, of Belin, visited here over the holidays with relatives and friends.

FROM ABILENE
Jean Montgomery, of Abilene, college student, is here spending the holidays with her mother, Mrs. V. H. Montgomery.

125 Children Get Christmas Gifts From Goodfellows

One hundred and twenty-five children received Christmas gifts of toys, food, clothing, candy and nuts from the Muleshoe Goodfellows, the anonymous group reported this week.

A spokesman for the Goodfellows said that while more children had been aided in other years, the 125 receiving gifts this year received better gifts through the aid of a number of clubs, organizations and individuals, than in previous years.

Every child whose name was reported to the club, was aided, the spokesman said.

Among those making the gifts possible, the Goodfellows said, were the Jaycees, who picked up and reworked toys; the Ramblin 8 Car Club, which picked up three carloads of used toys; the Lions, who gave money and money; L & K motors, Lonsau Lumber, Bovell Motor Supply Sam Fox and W. F. Birdsong. The Goodfellows also thank Ray Carter, and any others not named who helped the program.

ANOTHER GOOD YEAR PREDICTED BY ROGER BABSON FOR 1956

By ROGER W. BABSON

1. If no unforeseen event happens, President Eisenhower will be re-nominated and re-elected in 1956.

2. The Republican party has an excellent chance of winning in 1956 with President Eisenhower making a few key speeches and promising to be an active part of the Administration. He is trained to take responsibility and enjoys it; but the Administration should be relieved of the burden of the detail work which goes with being President.

3. Competition will be very severe in 1956, and with a few exceptions will cause business profits to be less in 1956 than in 1955. Too many manufacturers are not satisfied with their present good business, are starting to make other products and undercut standard prices.

4. Higher wages may also be expected in 1956, and these could reduce profits. These higher wages, however, will largely be spent and should increase retail sales.

5. Increased advertising appropriations will be seen in 1956. In fact, advertising appropriations for newspapers, magazines, television, radio and billboards have helped our prosperity, or it would not have lasted through 1955.

6. The recent policy of the money managers in the direction of "squeeze" will be shifted to "ease" sometime in 1956. This reversal

could put a floor under any business decline that may start next year.

7. Liberal credits to the purchaser of houses, automobiles, washing machines, televisions, and various other things have bolstered prosperity and will continue to be a strong support to many industries, through 1956 at least.

8. If the Republicans are re-elected in 1956, great sums will continue to be spent on research and new plant expansion. The effect could well be another "turn up" in the Babsonchart Index of business.

9. Despite the decline in family formations, the baby boom will roll merrily on through 1956. The reason: More parents are willing to have four, five, and even more youngsters. The result: A tremendous, sustained demand for all kinds of necessities, housing, food, clothing, new schools, etc.

10. All told, I look for 1956 to be the second best business year in history — just a shade off from 1955. Predicted decline in the key auto and residential building industries will largely be offset by rising expenditures for roads, sewers and schools, and by increased demand for electricity, natural gas and foods.

REAL ESTATE
11. The main handicap to retail business in 1956 will be intensification of the parking nuisance, but this is getting so terrible that a revolutionary solu-

tion may be in sight. Shopping centers are a partial remedy and will help suburban property. But only 15% of the people will live in the suburbs in 1956.

12. Cities will condemn old buildings and provide thousands of parking lots in 1956. As this is done, city property will again come back. Until then we see no price improvements during 1956 in city business property.

13. Building costs will average higher through at least the first half of 1956. This means that fewer new homes may be built next year.

14. With demand falling and money more expensive, speculative builders of new homes will have to watch their step more closely in 1956 than in any year since the ending of World War II.

15. Duplex dwellings will probably continue in demand through the whole of 1956 if they are well located. The limiting of rents will probably be totally abolished during 1956.

16. With the trend of vacancies showing a tendency to rise, owners of the newer and more costly apartment buildings will find their profit margins squeezed harder in 1956 than at any time in recent years.

17. Commercial farms need not suffer during 1956. Increased efficiency and new machinery should offset price declines.

18. Owners of small scattered farms will suffer during 1956. They have not the volume or

capital to cut their costs to offset the reduced prices for their crops.

19. Farmers within ten or fifteen miles of a city can "beat the game" by selling out at the increased prices which their land will bring for subdivisions. Many well-located close-in farms will become subdivisions during 1956.

20. Taken all in all, the real estate situation should average only moderately below the good level of 1955. However, activity promises to be less and those who have been holding real estate for speculative profits might as well consider selling.

INTERNATIONAL OUTLOOK AND POLITICS

21. Russia will keep out of war with us during 1956.

22. There will be one or more small wars during 1956. Both sides of the conflict will try to secure help in the form of munitions from both Russia and the United States, but none of these will develop into serious conflicts.

23. The "cold war", now existing between Russia and the United States, will continue through 1956.

24. The hydrogen bomb and the guided missile will be the great international factors for diplomatic trading during 1956. This trading will hold down the price of big-city property.

25. The Republicans will turn slightly "New Dealish". Many more well-laid-out close-in farms will be developed during 1956. They have not the volume or

capital to cut their costs to offset the reduced prices for their crops.

26. Democrats are uncertain as to what their policy will be in 1956. Stevenson is a liberal; but more conservative than many Democrats. Kefauver appeals to the masses, while Hart is a man of letters. However, some "dark horse" may run off with the Democratic nomination.

27. Some taxes will be reduced during 1956. These cuts will try to favor all voters slightly; but the largest benefits will go to low-income groups.

28. The farm problem — concerning higher price parities — will be the center of most political fights.

29. The cost of living will increase only slightly during 1956. We, however, must not forget what weather can do to production, prices, and even to the stock market.

30. All the above means that there is now in sight no reason for further inflation during 1956. Certainly, I look for no runaway price climb.

OUTLOOK FOR COMMODITIES

31. I am not a crop expert, but my associates forecast for 1956 is as follows: (1) Further acreage reductions that will be largely offset by soaring yields resulting from intensified cultivation; (2) expanded farm subsidies that will mildly bolster crop prices and farm income compared with the 1955 averages.

32. Although wheat and corn prices depend upon both shifting weather and foreign conditions,

for 1956 I forecast moderately higher prices for the major grains, based on increased subsidies to be voted by Congress.

33. Industrial prices will enter the new year on a high plateau and should be well maintained to possibly firmer during the forerun of 1956. Later, as business falters, look for selective easing in this group.

34. Steel in 1956 will average higher in price than for all of this year. Do not look for any price cut in this key metal, even if business slackens.

35. Nonferrous metals in 1956 should move with the Babsonchart Index. High prices in early weeks may be followed by selective weakness. Zinc and lead may be the first to give a tip off on the coming downturn, but copper eventually is riding for the greatest fall.

36. Processed and frozen foods should advance only slightly in price as increased labor costs are offset by new machinery and competition intensifies. Early firmness in textiles should be followed by some late-year weakness.

37. There will probably be more leisure time during 1956. This should help the entertainment group, including sports, travel, and possibly the petroleum industry.

38. During 1956 I hope that school teachers will be paid more money. But, in order not to have increased municipal taxes, school committees must develop some method of either im-

proving their efficiency of the schools, or reducing the time necessary for completing studies.

39. More people will continue during 1956 to return to the help of religion. However, statistics on church membership unfortunately cannot be entirely depended upon.

STOCKS AND BONDS

40. Interest rates will start the year at high levels, but later I look for some easing to help the building industry. The present Administration will not allow high money costs to bring about unemployment.

41. Seasoned dividend-paying stocks will do better in 1956 than the more speculative issues. Stocks will follow individual prospects more closely, rather than the curve of business entirely.

42. There will be one or two bad breaks during 1956. Railroad stocks will move lower. Biggest declines are likely in auto and residential building materials stocks. Utilities will hold up best.

43. I am not making any extensive recommendations, but prefer to select smaller, well-seasoned, undervalued situations for security and good long-range prospects. Those in which I have great confidence are the top-ten group of variety chain-store stocks.

44. If the rallies continue to be less impressive than the declines in the stock market, I feel that the money managers will reduce stock margins before long.

45. Bank, Insurance Company,

Monday Holiday Will Be Observed By Merchants

Muleshoe merchants will observe another holiday Monday, January 2.

Stores will be closed as they were on the following day on the Monday following Christmas, but will be open for business Tues. morning.

The postoffice, courthouse and banks will also observe the holiday by closing Monday.

Keith Gaede Solo Vocalist At Lions Club Wednesday

Keith Gaede, accompanied at the piano by LaVon Copley, presented a number of vocal selections at the Wednesday meeting of the Lions Club.

Gaede, who is studying church music, sang four numbers for the enjoyment of the club members.

Ernest Kerr presided at the meeting in the absence of Lion Boss Lee Pool.

Miss Martha Joannah Schuster, daughter of Mr. and Mrs. H. E. Schuster, of Muleshoe, became the bride of James Earnest Green son of Dr. and Mrs. M. P. Green, of Farwell, in a quiet ceremony at the home of the bride's parents, Tuesday, December 27, at 3:30 in the afternoon.

The Rev. E. K. Shepherd, pastor of the Muleshoe First Baptist Church, performed the double-ring ceremony. Bill Green, of Dallas, served his brother as best man.

Given in marriage by her father, the bride was lovely in a suit dress of imported English wool, and accessories of blue and white. Her corsage was of white gladioli.

Immediately following the ceremony, the couple left for Dallas, where they will make their homes.

Mr. Green is a graduate of Muleshoe High School, and is now a junior pre-medical student at S. M. U., Dallas. Mrs. Green, also a graduate of Muleshoe High School, attended Texas Tech for three years where she was a member of the Alpha Phi Sorority. She is now employed as a chemist in a Dallas Laboratory.

Earth News Notes

By MILDRED GLASSCOCK

Garden Club Holiday Party Was Friday

The Good Earth Garden Club held their Christmas party in the home of Mrs. W. H. Braden Friday evening with Mrs. B. Campbell as co-hostess.

Christmas decorations of evergreens and miniature Santa Claus were placed throughout the house.

The Christmas story was told by Mrs. R. H. Belew, and a trio composed of Misses Linda Kelley, Nelda Roach and Anita Messer, sang several Christmas carols. They were accompanied by Miss Sue Neal.

The dining table was covered with a Christmas cloth and centered with evergreens, pine cones and red tapers. Fruit cake topped with whipping cream, assorted nuts and coffee were served by Mrs. Marvin Sanders and Mrs. Cambell to Mmes. Roy Kelley, Bruce Higgins, Belew, Arnold Shelby, Lena Hite, L. Z. Anglin, C. O. Taylor, Clearence Kelley, Ed Barton, Guy Kelley,

L. T. Smith, R. E. Barton, A. E. Wheatley, Marie Bock, E. R. Hawkins, H. F. Hodge, Milton Welch, Jim Sanders, Wayne Ruth, W. R. Stockard, John Welch, Forrest Simmons, and a guest Mrs. Ohel Fry.

Bridal Shower Honors Mrs. Joe Ebling

Mrs. Joe Ebling, nee Miss June Clayton, was honored with a bridal shower last Monday evening in the home of Mrs. Mildred Free.

Mrs. Leon Dent registered guests, and Mrs. Lois Lewis sang "I Love You Truly", accompanied by Sherry Sims.

The serving table was laid with a white linen cloth and centered with a miniature bride and groom under an archway of Christmas holly flanked by white tapers.

Miss Janelle Dent and Miss Evelyn Clayton served individual cakes, iced in white, spiced tea and assorted nuts and mints. Hostesses were Mmes. Truman Stine, Leon Dent, Virgil Lewis, Mike Dent, David Johnson, Pat Montgomery, R. L. Drake, Henry Lewis, Buford Price, L. T. Smith, and Mildred Free.

Miss Mary Ford and Dale Albright Were Married December 23 At Morton

MRS. DALE ALBRIGHT

Miss Mary Frances Ford and Dale Albright were married at 3:00 p. m., December 23, at the First Missionary Baptist Church at Morton.

Parents of the couple are Mr. and Mrs. W. D. Ford, of Morton, and Mr. and Mrs. Robert E. Albright, of Amarillo.

The double-ring ceremony was read before an archway of greenery and white stock flanked by tall baskets of orchid and white stock bouquets.

The Rev. Curtis Carrel officiated. Soloist Rosemary Hicks was accompanied at the piano by Mona Ellen Wilhite as she sang, "Because", "Whither Thou Goest".

Oklahoma City, where he is employed.

Out of town guests were Barbara Collingsworth, Lois Helevey, Hazel Winters and Wendell Thompson, of Midland; James Hall, of Oklahoma City, Lefty Langford, of Lubbock; Bernard Beris, of Wichita Falls, and Mr. and Mrs. C. B. Howard and family, of Muleshoe.

Miss Juanice Dill Weds John Niestadt In Impressive Ceremony At Sweetwater

MRS. JOHN NIESTADT

Fourth and Elm Street Church of Christ at Sweetwater was the scene Sunday, December 18, of the wedding of Miss Juanice Dill, daughter of Mr. and Mrs. Rea C. Dill, of Muleshoe, and John Frank Niestadt, son of the late Mr. and Mrs. Charles Niestadt, of New York City.

Minister Carl Spain, Bible Professor at Abilene Christian College officiated at the double-ring service, which was read before an altar centered with a sunburst arrangement of mums and gladiolus in broad-leaf greenery. Satin roping connected the flower arrangement and the candelabra and greenery which flanked the altar.

A choral group from A. C. C. hummed "Reverie" during the lighting of the candles, and gave the traditional processional and recessional. At the close of the ceremony the group sang "The Lord Bless And Keep You." Soloist Ted Wilson presented "Because," and Mrs. Larry Hornbaker sang "I Pledge My Love".

Given in Marriage by her father the bride wore an original gown of white Chatilly lace and tulle over bridal satin. The deep round neckline was trimmed with pearls and re-embroidered effects. The long sleeves tapered to petal points over her hands. Gown skirt featuring two lace panels and the center panel of gown was worn over a full tulle skirt and hoop.

Her flowers were stephanotis falling from a white Bible on which was a single gladiolus.

Mrs. Don Bowen, of Abilene, college classmate of the bride was matron of honor. Mrs. Lucian L. Morgan, of Ft. Worth and Miss Sandra Dill, Muleshoe, sisters of the bride, and Miss Joy Rose, of Carlsbad, N. M., college classmate of the bride were identical street-length dresses of mauve satinella. The dresses were fashioned with scooped neckline, long torso and full gathered skirts worn over crinoline. Shoes completed the ensembles. Their bouquets of pale mauve chrysanthemums cascaded in a deeper shade of ribbon.

Bob Thompson, of Conroe, served the bridegroom as best man. Groomsmen were Lucian and Terry Dill of College Station, L. Morgan, Ft. Worth, brother-in-law of the bride, and Preston and Muleshoe, brothers of the bride.

Ushers were Richard Salmon, of Bernardville, N. J.; Lucian L. Morgan, and Preston and Terry Dill.

Raymond Voigt, of East London, South Africa, classmate of the bridegroom, lighted the candles.

RECEPTION FOLLOWED

Immediately after the wedding ceremony a reception was held in the home of Mr. and Mrs. A. A. Wade, 1011, Woodruff Lane. The serving table was centered with a white Bible, around which had been placed the bouquets of the bridal attendants.

Guests attended from Muleshoe, Hamlin, Odessa, Abilene, Ft. Worth, and Conroe.

After a wedding trip to east and North Texas, Mr. and Mrs. Niestadt will visit in Muleshoe for a few days before going on to Henderson their home and the groom will continue his studies at Freed-Hardmen Junior College.

Before beginning his college studies, the bridegroom graduated from the Manhattan Machine and Metals High School in New York City.

Mrs. Niestadt is a graduate of Sweetwater High school and attended Abilene Christian College for two years.

Christmas Day Ceremony Unites Carolyn Atchison and Charles Compton

MRS. CHARLES COMPTON

Miss Carolyn Atchison became the bride of Charles Ernest Compton, of Mr. and Mrs. L. J. Compton of 220 Uvalde Ave., Lubbock, in an impressive ceremony at 9:00 a.m. on Christmas Day at the Main Street Baptist Church here. Miss Atchison is the daughter of Mr. and Mrs. R. T. Atchison of Muleshoe.

The bride, who was given in marriage by her father, wore a wedding gown of embroidered silk over white satin. Fashioned with a long waistline, the gown featured self-covered buttons which extended to a point in the back. A shoulder-length veil of white illusion fell from a pearl-studded blue tiara. Her bouquet

was of white feathered carnations on blue satin leaves, and satin and illusion streamers. Accenting her gown was a rhinestone necklace and earrings, a gift from her sister-in-law.

Miss Nancy Dean, of Lubbock was maid of honor, and Miss Barbara Autry of Muleshoe and Mrs. Shirley McClain, of Lubbock were bridesmaids. They were attired in ice blue velvet sheath dresses with blue net overskirts and white tiaras like that of the bride's. They carried white carnations.

Mrs. Betty Hoover, sister of the bride, registered the guests. Carlton Hatchett, of Lubbock was best man, and Cleve McClain and Virgil Booth both of Lubbock were ushers.

Mother of the bride and mother of the bridegroom chose navy ensembles, with white carnation corsages.

Following away the bride chose a brown suit and gold accessories.

After she completes her present term at Muleshoe High School, Mr. and Mrs. Compton will be at home in Lubbock, where he is employed.

One Act Play Presented By Longview Youths

An enjoyable one-act play entitled "Christmas For Grandpa," as presented at the Longview Baptist Church Friday evening, December 23, by the young people of the church.

To open the evenings entertainment a poem was read by Don Ehridge.

Presenting the play were the following: Betty Finley, who sang "The Christmas Song," James Seagraves, Mr. Robinson, Mrs. Robinson, Mr. Robinson, their children, Katty and Eddy, played by Gail Kitchens and Stacy Luckey, Grandpa and Grandma Haskins played by Wainland Ehridge and Charlie Kay Miller. Carolers were Bonnie Ehridge, Bunt Kitchens, Dean Ehridge, Linda Dement, Linda Warren and others.

The Carolers sponsors, Mr. and Mrs. Boone, were played by Jimmie and Betty Ogletree.

The program was closed by singing two Christmas hymns and an exchange of gifts. Santa was presented to help with the gift exchange.

The young people, sponsored by the pastor Rev. and Mrs. Ed Findley and Mrs. Lois Ehridge, enjoyed caroling around the community a few days before Christmas.

Colored Children Enjoyed Dinner And Holiday Party

Wednesday, December 21, will be a day long remembered in the hearts of the colored children of the Muleshoe Schools and their teacher.

The group enjoyed a delicious dinner and Christmas party at the Fellowship Hall. They rode to and from the hall by bus, and on their return to the school reported that they enjoyed the bus ride almost as much as the dinner, the photography, and the Christmas tree.

The children stated that they would love to have Bro. Stephens pastor of the First Methodist Church, with them every day.

VISITED IN ABILENE
Mr. and Mrs. Jack Baker and son and Mr. and Mrs. Wiley Baker and children and Greta Venable spent the Christmas holidays in Abilene with Mr. and Mrs. C. M. Baker, parents of Wiley and Jack.

EXPECTED GUESTS
Expected guests this week in the Wiley Baker home are her brothers, Johnny E. Sooter and family, of Tampa, Fla., Clyde Sooter and family, of Gainsville, and W. W. Sooter and family, of Dallas.

Mary Ruth Allison Weds Roy R. Ogerly, Jr. In Candlelight Ceremony At First Baptist

In a ceremony at the First Baptist Church here Sunday, December 25, Miss Mary Ruth Allison daughter of Mr. and Mrs. J. O. Allison, of Muleshoe, became the bride of Roy Rufus Ogerly, Jr., son of Mr. and Mrs. Roy Ogerly of Littlefield.

The Rev. E. K. Shepherd officiated at the double ring service as vows were exchanged before an archway entwined with greenery and white chrysanthemums.

Jimmy Hartcox, soloist, was accompanied by Mona Ellen Wilhite, who also rendered the traditional wedding marches.

Given in marriage by her father, the bride wore a full-length gown of white taffeta trimmed in sequins. Her veil of illusion fell from a Juliet cap. Her corsage was of carnations.

Miss Sandra Allison attended her aunt as maid of honor. She wore a ballerina length dress of white taffeta, fashioned with a strapless bodice and scalloped skirt. Bridesmaid was Carolina Lingnau, cousin of the bridegroom. Her dress was fashioned like that of the maid of honor.

Hollie Ann Cox lighted the candles. Jan Creamer was flower girl and Wendell Dale Ogerly, brother of the bridegroom, was ring bearer.

Glenn Border attended the bridegroom as best man. Darrell Ogerly was groomsmen. Ushers were Ernest Gohlke, of Littlefield, and Ross Covington, of Las Cruces, N. M.

Reception Held
A reception honoring the couple was held immediately following the ceremony in the dining hall of the church. Mes. Levada Bullock, Jake Goss, Jimmie Covington and Earnestine Rogers, assisted with the house party. The serving table was laid with a pink cloth and centered with an arrangement of greenery and pink tapers.

The bride is a graduate of Patton Springs High School, and the groom attended Littlefield High School.

For traveling the bride chose a black suit which she wore with black accessories. The couple will be at home after December 29, in Lubbock, where he is employed with the Lubbock Cement and Supply Co.

VISITED IN NEBRASKA
Mr. and Mrs. Jack Baker an son children, of Abilene, and Harry Dyer, spent the holidays in Lincoln Neb. with Mr. and Mrs. Hershel Dyer and family.

Our Neighbor's Keeper

America is a land in which, next after the family, the neighborhood is the social unit. In times of trouble and disaster, neighbors have a way of taking care of their own. Volunteer workers—again "the neighbors"—are always ready and willing to go into action when disaster strikes at their fellow Americans.

So it has been in the fight against infantile paralysis, a disease which so often has the impact of both personal and family disaster.

The March of Dimes has won support all over America because one neighbor is willing to help another. But it's not always the neighbor next door. The "neighbor" in the fight against polio may be an afflicted child in another city far away.

Notwithstanding the Salk vaccine, many thousands of polio patients still need help. They are people for whom the vaccine came too late. And there's still a big job to be done in medical research, in recruiting and training scientists, doctors and other experts for a fight to the finish against this crippling disease.

January—through to the 31st—is March of Dimes time. It is your chance to send in your check for as much as you can afford to the County Chapter of the National Foundation for Infantile Paralysis; and with the small change you have around, to fill the little Dime Cards that are being distributed throughout the county.

The March of Dimes merits the support of everyone who can give—even a little. Be a good neighbor. Join the March of Dimes today.

Kappa Kappa Iota Enjoyed Party At Blackburn Home

The beautifully decorated home of Mrs. H. L. Blackburn was the setting for the annual Christmas party of the Kappa Kappa Iota Sorority, recently.

The group enjoyed a social hour which included group participation in games with the holiday theme.

Mrs. Ola B. Jones and Mrs. Blackburn, hostesses served delicious refreshments to the guests. Each guest brought a gaily wrapped toy which was presented to the Goodfellow organization.

Those who attended the party were: Janet McDonald, Christine Rutherford, Lillie Williams, Jimmie Dee Henson, Roberta Biles, Blanche Johnson, Margaret Slemmons, Ruth Dunn, Joyce Walker, Grace Whitley and Jo Ann Zahn.

Bridal Shower And Coffee Honors Mrs. D. Stephens

A morning coffee and bridal shower was held Wednesday, December 28, in the lovely home of Mrs. Noel Woodley, in honor of Mrs. David Stephens, nee Miss Marilyn Gustin.

The Woodley home was beautifully decorated with pink, chiton color of the honoree predominant. Covered with a lovely cloth of pink satin, the serving table in the dining room was centered with glittered pink carnations and Christmas holly mounted in silver candelabra bearing twisted silver tapers mounted onddvbg ment featured an angel and pink tapers mounted on clouds of pink angel hair. A pink and blue Christmas tree completed decorations in the room.

Pink tapers were placed thru-out the home, and the shower was held by candle light.

Hostesses were Meses: Arnold Morris, W. D. Moore, H. Jay Weyer, Mervin Witherling, Leon Smith, W. Q. Casey, Horace Blackburn, Fred Johnson, O. C. Kirk, O. N. Jennings, Noel Woodley, Cecil Davis and Buford Butts.

The hostesses alternated at the serving table where coffee was served from the silver coffee service, and holiday cookies and assorted nuts were served.

Approximately one hundred guests called during the morning from 9:00 until 11:00, and were registered in the guest book by Mrs. Fred Johnson.

RABSON DISCUSSES— CITY AND TOWN TAXES

Richmond, Va., Dec. 22 —
Southern agriculture has come a
long way since the days when
the staple was largely a two-crop
country. Besides cotton and to-
bacco, she now raises a wide va-
riety of valuable farm products.
The sale of which greatly en-
riches the nation's total farm
income.

THE OLD RELIABLES
The bulk of the domestic cotton
crop is grown in the South. This
year's indicated total U. S. out-
put is surprisingly large in view
of the sharp cut in plantings
last spring. Were it not for
the government loan, this ability
of southern farmers to get more
out of less would wreck havoc
with cotton prices this season.
However, with prices supported
at a good average level, the
white staple will add materially
to Dixie's farm income during
1955-1956.

Tobacco has long been a ma-
jor crop in the South. Millions
of Americans smoke, and now with
women unfortunately smoking,
the number is bound to increase.
The scare over possible lung
cancer has not lessened the ap-
peal of the habit. In fact, this
year's above-average U. S. to-
bacco crop should have no difficulty
moving into consuming chan-
nels at a fair price. Incidentally,
I am told that increased use of
filter-tip cigarettes should sharp-
ly boost demand for lower-grade
tobacco. However, I am not an
expert on smoking problems!

SUGAR, SWEET POTATOES, AND RICE

A sizable amount of sugar cane
is grown in the South, principal-
ly in Louisiana and Florida. This
year's indicated crop of 7,055,000
tons is well above average, but is
by no means excessive. The
sweet potato crop also is mostly
southern-grown. The 1955 esti-
mated U. S. crop of 36,100,000
bushels is 21% above the short-
crop of last year, but is 23% be-
low the 1944-53 average. I fore-
cast a good demand at satisfac-
tory prices.

Rice is a fairly important crop
in Arkansas, Louisiana, Missis-
sippi, and Texas. Although the
1955 crop is well above the ten-
year average it will by no means
prove burdensome, since the out-
look for U. S. consumption and
exports is excellent. Prices, in
fact, are likely to average some-
what higher over the longer
term.

GOLDEN HARVEST

Your morning glass of orange
juice or grapefruit juice probab-
ly originated in Florida, Texas
or Arizona. Pending a sudden
freeze, I expect an early and
mid-season orange crop for 1955-
56 of around 67,000,000 boxes—
down about 3% from the year-
earlier output. Florida's Valencia
crop should be in the vicinity
of 39,000,000 boxes—up 7% from
a year ago. Arizona and Texas
should produce an additional 12,
000,000 boxes. Florida tangerines
should be around 4,500,000 boxes
—down 10% from last year. A
good total output of grapefruit
is indicated in Florida, Texas
and Arizona; but at a wickedy
low price.

The processing end of the citrus
industry has fared ahead
rapidly. Demand for canned and
frozen products this season un-
doubtedly will be heavy—a fact
favorable to prices of fresh fruit.
I forecast further growth for the
processing division of the South's
citrus business, but I urge that
quality be maintained at a high
level.

OTHER MISCELLANEOUS PRODUCTS

The South is a major producer
of fruits and vegetables for winter
consumption. Given favorable
weather, the outlook for the sea-
son ahead is good. I must also
mention peanuts, pecans, and
tung nuts, which contribute to
southern prosperity. The peanut
crop this year is about, but the
peanut crop is close to average.
The South's leading forest and
major source of raw materials for
the naval stores, the lumber,
and the booming paper and pulp
industries. I expect a continued
good demand for these products,
allowing for the usual seasonal
variations.

Although Dixie is not without
its agricultural problems—partic-
ularly cotton—research, know-
how, and patience should solve
them. The program already under
way for the future. The South
has a strong industrial front. A
strong agriculture, plus booming
factories, will be a combination
hard to beat.

SAND HILLS PHILOSOPHER

Takes A Look Back At 1955, But Fails To Peer Very Far Into New Year

Editor's note: The Sand Hills Philosopher on his Johnson
grass farm has been looking at his calendar again, his letter
this week indicates.

Dear editor:
Now that Christmas is behind us, I have been following my usual
custom of taking the week between then and the New Year to re-
view the old year and size up prospects for the new one.

I know some people take the attitude that the year that's just
ending should be treated like the visit of an in-law after he's left,
the less said about it the better, but I don't take that view, about
the past year, not about in-laws.

1955 hasn't been a bad year, but you've got to remember none
of the other ones was either as far as I'm concerned. The people
who are disappointed over the year are generally the people who
expected too much. The way to enjoy a year is to take every day
as it comes, as a smart man already knows it's coming anyway,
whether he gets up early or late, works hard or takes it easy. Too
many people are so busy planning on how much fun they're gonna
have tomorrow or next year they never get around to having any
at all.

On the whole, 1955 was a normal year, as I see it, but that's
because I've already discovered every year is normal.

As for 1956, I don't any more know what's coming than you or
Congress or the economic experts, which gives us all an equal
start, with the same amount of ignorance apiece, so far as the
future is concerned. There are differences in the amount of ig-
norance people have over the past, but when it comes to the fu-
ture, one man is about as blind as the next. Oh, some people
might be able to guess better than others what the stock market
for example will do, but the fellow that guesses the best about it
may be the one that guessed the worst about his own health.

As I see it, 1956 will be a fine time to be alive, but you've
got to remember, there's nothing wrong with the few remaining
days in 1955 either. They're fine too.

Understand, though, I'm not making any predictions. With
Congress meeting in January, the first rattle out of the box, any-
body who makes a prediction is merely failing to remember.

Let 1956 come on. It won't get any more out of me than 1955
did.

Yours faithfully,
J. A.

Mullettes Downed By Spade, Lockney

The Muleshoe Mullettes went
down fast at the Springlake
tournament, losing the first
game to Spade and losing the
second game to Lockney. In the
first round of elimination the
Mullettes drew a "bye" getting
by without playing the first
game. In the first game they
played, however, they lost to
Spade 51-27.

Spade led the Mullettes 16 to
7 at the end of the first quarter
and were leading 27 to 17
at the half. Third quarter score
was 35 to 21 in Spade's favor and
the final score was 51 to 27.

Mary Jo Holt was high scorer
for the Mullettes with 8 points
for the game, and Gloria Grey

The Mullettes were behind 15 to
3 at the end of the first quarter
in their game against Lockney
for third place trophy. Second
quarter score was Lockney 23,
Mullettes 9. Lockney was leading
the Mullettes 32 to 14 at the end
of the third quarter and the fi-
nal score was Lockney 37, Mule-
tices 20.

Mary Jo Holt was the Mule-
tices' high scorer with eight points
and Mathis was Lockney's high
scorer with 20 points.

Three-Way Tops Mules By Nine

Don Copley led the Mules to
victory over Amherst in the first
game of the Springlake tourna-
ment Saturday when he scored 23
of the 73 points. Wayland Chit-
wood was close behind with 22
points for the evening. The Mules
were leading the Bulldogs by
two points at the end of the first
quarter, 16-14. Halftime score
was Muleshoe 28, Amherst 27. At
the end of the third quarter, the
Mules were leading 44 to 39, and
the Mules made 29 points in the
last quarter to wrap the game up
for a final score of 73-56. Enloe
was Amherst's high scorer with
21 points.

Today's Meditation

Read Matthew 20:8-16.
The last shall be first, and
the first last. (Matthew 20:16.)

One day the mother of twelve
children was asked: "Surely with
so many children, you must have
favorites among them, do you
not?" The mother smiled gently
and replied, "Of course. All
twelve, imps and angels alike,
are my favorites."

That is how God looks upon
us. He loves a new convert to His
faith as much as He loved St.
Francis of Assisi. God loves the
worst sinner, although He hates
his sins and wrongdoings. He
loves you as a Christian just as
much as He did Paul, or as He
loves the oldest saint in your
church.

God plays no favorites. The
earliest Christian is as dear to
Him as the one being born this
moment into the Kingdom. He
loves that newly born one fully
as much as He does the holiest
preacher in the land. He loves us
all and is sorry for our misdoings.
God loves us for what we are.
Our task is to make ourselves in
the strength of Christ, as wor-
thy as we can of His love.

PRAYER

O Lord, Thou hast blessed
each of us with the benedic-
tion of Thy love. Help us to be
worthy of Thy love. To that end
nurture us in Christ to the hon-
or and glory of Thy name. For
the Master's sake, Amen.

THOUGHT FOR THE DAY

To love God is to live for God,
and to know His great love in re-
turn.

Make Farm Safety Your Resolution

Every one should have a lot
of good reasons for including in
their New Year's resolutions one
or more on safety. For as the
Texas Farm and Ranch Safety
Committee points out, nothing is
more important to an individual
or his family than making sure
all will be protected from the
needless losses which accidents
can bring.

Safety, says the committee,
can be just as complete as each
citizen, wants to make it. Care-
lessness in the home, on the farm
or highway can result in destruc-
tion of property and lives. Start
teaching the younger members of
the family the rules of safe
living. Be living examples, ex-
plain the commitment, and
develop a safety consciousness
which will make safety a part of
the daily life of each member of
the family.

Safety is every person's busi-
ness. Cold statistics can point
out the losses in property and
lives but until the desire of each
person becomes strong enough to
cause changes in habits and at-
titudes toward safety, statistics
will continue to tell their grim
story.

Remove the hazards from the
farm and home which can cause
accidents. Resolve to live in
safety and security and do it by
not taking chances nor exposing
loved ones to dangers which can
be corrected or never brought in-
to the picture just by being care-
ful.

Finally, says the State Com-
mittee, your life and those of the
family are literally in your
hands. Join with friends and
neighbors in 1956 and start in
your community a program on
safety. It might save your life.

Through A Glass Darkly

By CARROLL POUNCEY

And a very Happy New Year to you, too.

Of course the world is still troubled by fires, floods, famine
and pestilence, but the new year is starting off with a cleaner
slate than it has in a long time. There is no active war going on
anywhere in the world at the time of this writing. The ruskys
are still pressing their war of nerves, but as of this particular
moment, they are not pulling the trigger on anybody we know.
They have been doing the friendly bit for some time now, but
think goodness, nobody seems to take them seriously. And
after all, if you still have your health, you are in pretty good
shape, considering the mileage you've been.

Scoop and Tiny have been spending the holidays on the
fabled west coast, and while we hope we have continued things
in the usual ordered confusion during their absence, we are all
of us anxious for them to get back to the office. They needed
a break from the vicissitudes of the paper, but we all feel that
we need them here too.

Almost any kind of an old car will last a careless driver a
lifetime.

When do you take down your Christmas tree? We noticed
a lot of our neighbors burning theirs right after dinner on
Christmas day. It always seems like a shame to destroy any-
thing that is so briefly lovely and which brings so much joy for
such a short time. But it seems that consigning them to fire is
the best end for such things.

Farm Income Taxes Are Due Feb. 15

Farm and ranch operators
should be happy to know that
their income tax reports are not
due until February 15, 1956. The
previous deadline for filing the
reports was January 31. The rul-
ing was made in 1955 but was
not announced in time to affect
many taxpayers, says C. H. Bates,
extension farm management
specialist.

There is an exception, points
out Bates. Every farm employer
who owes the two percent em-
ployer tax and the two percent
employee tax must file a return
on Form 943, and pay the taxes,
on or before January 31, 1956.
Farm employers should file their
returns on time in order to avoid
the penalty which may be charg-
ed for late filing.

For the first time this year self
employed farmers who net \$400
or gross \$80 or more annually are
subject to reporting for social se-
curity benefits. The Act was
amended by Congress in 1954 and
applies to farm and ranch in-
come for 1955.

Because of the possibility of
retirement benefits and insur-
ance features of the plan, farm
and ranch operators should study
the procedure for reporting. Each
person will need a social security
number before making report for
benefits and paying the tax.
Information on various phases
of tax reporting says Bates, may
be obtained either from county
extension agents or the Social
Security and Internal Revenue
offices. Even if copies are avail-
able only for study, persons in-
terested will find the reference
covers the self-employment
phases in some detail. A helpful
booklet, "Farmers' Tax Guide for
1955" is available in quanti-
ties from county extension

Alex Wilkins and Floyd Burris See New Tractors At December 19 Show

Alex Wilkins, local Massey-Harris dealer and Floyd Burris had their first look at the company's 1956 line of tractors during presentation ceremonies at Oklahoma City, Monday, Dec. 19. Star of the program was the new Massey-Harris MH 50. Described as a low profile tractor, the MH 50 is said to introduce a revolutionary new concept of power application in modern farm tractors. This principle, termed Hydraulic Power, coordinates mechanical and hydraulic functions into a single power force with a wider range of use.

Along with the MH 50, Massey-Harris officials presented three big equipment tractors to the regional dealer organization. These models — the 333, 444 and the 555 — follow conventional tractor design, but according to Wilkins, include improvements and design changes never before available in tractors of this size. New features demonstrated included: 10 speeds forward, power-adjusted wheels, power steering and the advantages of new level-drive PTO and 12 volt electrical systems.

Wilkins said, "This new line of

Massey-Harris tractors is an entirely different approach to farm power. Hydraulic Power in the MH 50 is as practical as a governor or self starter on an engine. For the first time in a tractor the hydraulic control works in partnership with the transmission clutch, PTO and 3-point hitch.

The MH 50 features weight-transfer system that automatically creates traction matched to the demands of the load and soil conditions. Pressure applied to a double acting coil spring, called a Draft Monitor, activates the hydraulic control to shift weight to the rear wheels, actually increasing tire to ground contact. The Draft Monitor is part of the 3-point hitch.

Specifications released at the presentation in Oklahoma City list the MH 50 as a 2-3 plow tractor with a 134 cubic inch, hit-roque engine and 6 forward speeds arranged in a high-low gear sequence. The clutch is a duo-range unit that controls transmission and PTO from a single pedal. The PTO also does double duty incorporating both live power take off and a unique ground PTO that makes one revolution for every 21 inches of forward travel regardless of gear selection or tractor speed.

Agriculture, 1956 As Seen By A&M Economy Professor

The cost-price squeeze on agricultural producers is expected to be even tighter in 1956, says John G. McHaney, agricultural economist for the Texas Extension Service.

Farm income for 1955 is now 10 percent under that for the year before and the trend downward is expected to continue into 1956. On the other hand, points out McHaney, production costs for the farmer will remain high and some may increase.

Two income from crops will be smaller because of reductions brought on by controls lower prices. Livestock receipts for 1956 could possibly equal those for 1955.

McHaney gives three main factors for the ever widening gap between the national and farm income. They are the very high rate of agricultural production and the large carryovers of farm products; a considerable drop in farm exports and the inflexibility of costs of production and marketing which have failed to decrease with the falling farm prices.

The economist expects farm mortgage debts to rise again in 1956. Continued high volume of real estate loans to refinance existing debts is expected and non-real estate debts too are expected to increase. It could all add up to a decline in the liquid financial reserves of agriculturists.

The international situation is classed as an unknown factor in the overall picture but one that could have tremendous influence. Watch it closely, advises McHaney.

Agricultural producers are advised to give more thought to the economic side of their operation. McHaney says falling farm prices have broke more producers than droughts or too much rain ever did. Net income to farmers and ranchmen fluctuates considerably over a long period and these changes must be considered in planning both short and long time operations.

McHaney is sure that farm families should give more consideration to economic conditions. For as he put it, national and world economic forces are today shaping the prices which will prevail tomorrow, next year and in the next decade.

Agriculture, he concludes, has had its ups and downs and will continue to do so. Plans should be made which allow for these changes.

we devoted to this activity, and we hope to make further reductions in 1956," the official said.

The majority of taxpayers deserve tremendous credit for accepting the challenge of the "do it yourself" approach, he adds. Since there are few changes affecting individuals in the tax laws this year, the Service feels that more taxpayers can prepare their own returns by studying the instruction booklet mailed with their blank tax forms.

A taxpayer assistance day will be scheduled each week during the filing period in all offices of the Internal Revenue Service. The schedule will be announced before December 31.

"Many taxpayers believe that by coming to our offices for assistance their returns will not be subject to audit later on. This is not correct," Mr. Robinson pointed out. "Such returns will be examined in the same manner as returns prepared by taxpayers themselves or with professional assistance," he added.

Taxpayers will do themselves and their government a service by preparing and filing their returns early. Mr. Robinson said. Employers can also help by furnishing Forms W-2 to their employees as soon as possible.

FROM AUSTIN

Scoppo Ivy, student at the University of Texas, Austin, is visiting at Lazbuddie and Muleshoe during the holidays with relatives and friends.

Enthusiastic public acceptance of the "do it yourself" taxpayer assistance program has led to its continuance and improvement for the income tax filing period beginning January 1, according to John R. Robinson of the Internal Revenue office in Lubbock.

Last filing period the Service made a substantial reduction in the cost of rendering individual taxpayer assistance by encouraging the public to fill out their own tax forms, using the instruction booklet sent through the mail. Those needing further help were assembled in groups with a tax specialist answering individual questions as each taxpayer filled out his return.

This streamlining increased revenue in the five state Southwestern region \$28,000,000 in the first four months of 1955, compared with the same period in 1954. The additional revenue resulted largely from the notable decline in man-hours spent on the taxpayer assistance program. Where in 1954 we spent more than 175,000 hours in the region, in 1955 less than 100,000 hours.

McKinstry Students Presented Recital of Holiday Music

Mrs. Sam McKinstry presented her piano pupils in a delightful program of Christmas music, Sunday afternoon, December 18, from 3:00 until 5:00 o'clock, at Fellowship Hall.

Taking part on the program were: Doris Childers, Frank Foster, Nan Allison, Carolyn Hinkson, Susan Franz, Karan Bragg, Joe Adams, Carolyn Allison, Bernice McDaniel, Kay Whittrix, Charles King, Donna Baker, Carolyn Townsend, Raymond Lewis Raxanna Hart, Cynthia Pool, Ann McReynolds, Joyce Adams, Linda Scott, Vera Allison, Kathy Moore, Mrs. C. E. Moore, Gary Edwards, Davy Jean Anderson, Linda Monk, Marjabea Gammon, Davy Gunstream, Jeanette Harrison, Janet Franz, Jane Sanders, Susan Birdsong, Sandra Scott, Dianne Clifman, Doris King, and Tanyne Welch.

Featured on the program was a solo, "The Holy City," by Mrs. Kenneth Osborne, daughter of Mrs. McKinstry.

Dr. Osborne led the group in singing of Christmas carols, which were played by several different pupils as accompanists.

The stage on which the program was presented, was beautifully decorated in the Christmas motif. Prizes were courtesy of Jenkins Music Company, and Hunkie Electric.

Following the program, delicious refreshments of strawberry punch and Christmas cookies were served from a table covered with a white linen cloth centered with a Christmas arrangement.

Hostesses were: Mrs. King, George Bragg, C. E. J. K. Adams, James McRey, Raymond Franz, and Miss S. Allison.

Many out-of-town guests attended. Decorations of the stage and table were by Mrs. Robert King and her committee of hostesses.

Plan Now To Make Your New Year's Resolution To Improve Your Health The Chiropractic Way

"CHIROPRACTIC ADDS YEARS TO LIFE AND LIFE TO YEARS"

HEADACHES

Headaches have a removable cause. A middle aged mother had suffered from headaches for so many years she couldn't remember when they first began. Working and taking care of her family with these head pains she grew more and more nervous. She had tried several remedies without results. She was eventually brought to the clinic for a spinal analysis and spinal X-rays to locate the cause of her trouble. She told us that she had developed sinus trouble, palpitation of the heart and high blood pressure of 200. After a course of Chiropractic service, she reported no headaches at all. Besides this recovery, she said she was not dizzy any more, blood pressure was down to 156/100, all chest pains and sinus pains were cleared up. When your personal opinion is based on fair investigation and not on conditioned emotions, you become a satisfied patient. It will pay you to investigate now.

CURVATURE OF SPINE

A lady, age 29, came to the clinic with entrance symptoms of Curvature of spine; severe nervousness; hurting in lower spine, legs, back, shoulders, head and neck. She also had symptoms with following organs: eyes, throat, tonsils, nerves, hurting at base of brain, shoulders, neck, back, legs, stomach, and numbness in legs and arms occasionally. She came to the clinic for a spinal examination consisting of X-ray Spinal and Nerve Test Analysis. She decided to take the Chiropractic service after the X-rays revealed misalignments of vertebrae causing her troubles.

After a course of Chiropractic services she was pleased that the cause of her ailments was corrected. Her nervousness is a thing of the past as well as pains in the lower spine, back, shoulders, head and neck. She said "If I had known that chiropractic could have done all of this I would have come to see you before now." She was restored to health because the misalignments of vertebrae had been corrected.

Farm Employers Reminded of Social Security

Farm employers are reminded by John R. Robinson, administrative officer of the Internal Revenue Service that social security taxes apply to cash wages paid to every farm worker to whom the employer pays \$100 or more cash wages during the year 1955. The taxes (2 percent employer tax and 2 percent employee tax) apply to cash wages paid to covered farm workers, Robinson said.

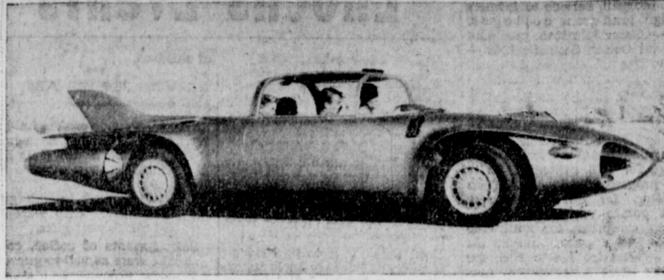

Every farm employer who owes these taxes must file a return on Form 943, and pay the taxes, on or before January 31, 1956. Farm employers should file their returns on time in order to avoid the penalty which they may be charged for late filing.

Any employer of covered farm workers who has not already registered with the district director's office should do so at once. The registration form SS-4 can be obtained from any Internal Revenue or Social Security office. The district director will mail the necessary return forms and instructions to all registered employers.

GM Unveils New Turbine Car

General Motors has built and successfully tested this new experimental gas turbine-powered passenger car, Firebird II. To be shown publicly for the first time at the General Motors Motorama of 1956 in New York, Miami, Los Angeles, San Francisco and Boston, the Firebird II is designed as a four-passenger family car for highway use. General Motors has no plans, however, to put it into production.

Busy Housewife Lends an Ear

Cooking Dinner in Few Minutes Promised by New Heat Research

San Antonio—A family dinner more nutritious and tasty than any that grandmother ever cooked—and which can be prepared in a matter of minutes—is in the offing for the busy housewife as a result of new scientific findings.

The role of the physicist in improving the quality and processing of foods will be the subject of a symposium to be held in San Antonio March 15-16, 1956, at the Plaza Hotel sponsored jointly by the Southwest Research Institute and the Institute of Food Technologists. Speakers will be leaders in the development of new techniques for food processing. Key research people from the food industries throughout the nation will attend.

The great changes in food packaging and processing in the past few years foreshadow even more momentous developments on the horizon. Homemakers today insist on fresh vegetables and fruits at all seasons of the year and on having them packaged attractively and as completely prepared for the table as possible.

Demands of homemakers for more fully processed foods and a wider variety has completely changed food processing methods. The food processors are using new techniques which allow them to achieve much better products than our grandmothers could ever imagine. Every variable can be controlled through electronic scanning and measurement devices. Meats can be smoked uniformly through the use of an electrostatic charge so that smoking time is no longer a matter of chance and guesswork.

Scientists today are working on the irradiation of foods for sterilization and preservation. This technique promises to greatly lengthen the shelf-life of certain foods without affecting taste, color or odor.

There are ovens on the market which will cook foods with radio frequency or dielectric heat. Since heat is merely a matter of molecular activity, the motion of the molecules in a food can be accelerated with radio frequen-

cy waves and will cook evenly throughout. One drawback to dielectric cooking is the necessity for using a separate source of radiant heat in order to produce the attractive brown crust, color, and some of the taste factors we are accustomed to.

Physicists are constantly seeking ways to utilize other forms of energy in the processing and preparation of food. The use of ultrasonics offers some possibilities because this too many eventually enable us to accelerate the motion of the molecules efficiently. Sonics are also proving useful in the production of more perfect mixes and emulsions of food.

Quality control lends itself very readily to the application of physical sciences techniques since quality is largely a measure of the physical characteristics of a product.

A uniform high degree of quality will not mean that foods become less interesting and tasteful. Variations can always be made by the homemaker in seasoning, temperature, time, and humidity con-

trols. When today's housewife buys food, she also buys prefabricated, built-in maid service which includes cleaning, peeling, cutting up, measuring and mixing. It includes extra time saved in precooking and portioning. The result of this is superior freshness, uniformity of results, a higher degree of nutrition, better retention of vitamins, minerals and other nutrients, as well as better flavor and convenience in storing and serving.

These added values increase the cost of foods, but they save three-fourths of the time formerly required to prepare dinner from scratch in the kitchen. The revolution going on in food production, selection, processing, packaging, distribution and preparation of foods is still in the early stages and should lead to undreamed of improvements in the future feeding of this nation and the rest of the world.

Life 20 Years Hence in The U. S. Predicted by Film

Muleshoe Rotary Club members and their guests were given a preview of life in the U. S. in the good year 1975 at their

Tues. meeting. A film, brought here by Mr. and Mrs. Howard Cox, was shown with Bob Gregory the projectionist. The film was prepared by the Chamber of Commerce of the United States and will be viewed by other service clubs during this week. The club president, E. O. Baker, expressed the thanks of the club to Howard and Gene for bringing the film here.

The picture had some of the largest firms in the U. S. as collaborators. Some of the things which are predicted to come to pass in 20 years seemed fantastic, but the narrator warned the viewers not to leap to hasty conclusions, since many of these changes are already in progress. Changes in agriculture were predicted. The film brought out that every 24 hours there are 12,000 new Americans; that by 1975 there will be about 221,000,000 people in the U. S. These extra people will need food, clothing, fiber for housing, steel, more transportation and appliances. These facts indicate a steadily expanding economy. For instance, it was estimated

that one million more jobs will have to be created; but the changes predicted and the resourcefulness of American under their enterprise system will take care of this problem.

The film showed predicted developments in housing, transportation, highway construction, cooking, family living, etc. Waying the hand in front of a panel to change the color of refrigerating stoves and refrigerators; hotels that whisk the guests, his family, and auto to the desired floor; these are some of the things in America's future.

Two Lubbock Rotarians and one Littlefield Rotary member were guests. Other guests included Betty Shanks, pianist, Joe Roark, Junior Rotarian, Murl Wilson was in charge of the program.

Clyde Holt, secretary, announced the club now has had 8 consecutive 100 per cent attendance meetings; in November the club was fifth in the respect in the district.

Sure Sign of Better Crops...

It's this patented GASKET-COIL PRESSURE LOCK that makes McDowell Couplings work better, easier and faster.

In all sections of the country, McDOWELL COUPLING portable sprinkler irrigation systems are proving their superiority. That's because the McDowell Coupling is the simplest, fastest, most efficient method of assembling or disassembling irrigation pipe.

In this design, water pressure provides a watertight seal and positive lock automatically—at both high and low pressures. No tools are required. And there are no yokes, latches or gadgets to break or wear out.

At 50- it's using less than 10% of its power

Buick's 1956 power-packed Century hardtops—the 2-door Riviera, Model 668 (at top), and the 4-door Riviera, Model 68.

It's practically no effort at all for a sprinter to walk. It's a breeze for a weight-lifter to pick up a child. And so it is with the 1956 Buicks in cruising—for these are the mightiest powered Buicks yet built.

Take the '56 Buick CENTURY pictured here. It's almost a loaf for this beauty to cruise a superhighway at a legal 50 mph. At that point it's using less than 10% of its pedal-to-the-floor power.

And that's just the reason for the record-high power and compression ratio in your big 322-cubic-inch V8 engine. You and your engine can take it easy so much of the time.

You have no qualms about the response at your command. Your power plant has no need to breathe hard—so it saves gas, stays young, lasts longer.

So when you take the wheel of a '56 Buick, you take it easy, and still lead the parade.

You know you can call out the reserves with a touch of your toe.

And you find you silk through a whole day's driving

with the flowing ease of today's new Variable Pitch Dynaflo.*

For not only does this advanced new Dynaflo give you stepped-up gas mileage and brilliant new getaway response at only part throttle. Not only does it permit you to switch the pitch for full-power safety-surge take-off.

It also gives you absolute smoothness in acceleration and deceleration like you get in no other car in the world.

Drop in on us this week for a sampling of the best performance yet—and for a firsthand look at what else goes with the best Buick yet.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's the '56 Buick-

Best Buick yet
