Tahoka, Lynn County, Texas, Friday, February 22, 1946

Number 20

Annual Red Cross Drive Will Open Friday, March 1

The annual Red Cross Membership drive is to begin Friday, March 1, and Clint Walker has been selected as the Membership chairman. With local chairmen in every precinct of the county, he is expecting to be ready to start the campaign off with a bang, and it is hoped that Lynn county's quota can be raised in a few days time.

The county quota this year is only \$2,380, much smaller than that of any other recent year. The quota for the county last year was about \$8,000 and Rollin McCord says that about \$11,000 was raised. There should be little trouble in raising this amount.

The danger is, however, that since the war is over many people will feel that the urgency for Red Cross funds is also over and will greatly reduce their contributions. The need for such funds is not as great, of course, as it has been the past three or four years but there is much need yet. Hundreds of thousands of men are yet overseas, many thousands of others are in hospitals, the families of still others are in indigent circumstances—all this in addition to the regular and usual emergency relief work that the Red Cross must do. There will be floods in many places and all kinds of catastrophes, and already famine is threatening in many countries.

So, there will be many a need for your dollars and your ten-dollar bills. Get into the drive and let's go over the top quick.

Cooper Is In Race For Commissioner

E. J. Cooper has authorized the News to place his name in our political column and to announce that he is a candidate for commissioner of precinct No. 1, the Tahoka-Wilson precinct. This precinct embraces the northeast quarter of Lynn county and probably two-thirds or more of the residential portion of Tahoka. Three of the cotton gins, three of the grain elevators, the cotton compress, and other Tahoka industrial plants are situated in the precinct. Probably two-thirds or three-fourths of Tahoka's property valuations are in this precinct, and about the same proportion of Tahoka's voting population.

Mr. Cooper is a resident of North Tahoka, and while he has resided in the town only about three years, he has resided in this county and this commissioner's precinct for the past twenty years, first on the Lockwood place two miles northeast of the city limits of Tahoka and then for several years on a farm which he purchased five miles southwest of Wilson. The Tahoka-Wilson highway, if ever improved, will pass immediately by his farm.

For several years, while residing near Tahoka, Mr. Cooper was a valued member of the Tahoka school board.

If elected to the position of county commissioner, Mr. Cooper will have no purpose other than to serve with perfect fairness every citizen and every section of his precinct. There are no fairer-minded men than E. J. Cooper. When he makes up his mind on any proposition, however, he is practically immovable.

A farmer most of his life, Mr. Cooper has long been a director of the Farmers Cooperative No. 1 here. He knows all the ins and outs of farm life and the value of good roads. He is for them.

He will try to see every voter in person between now and election day but if he fails to see you he wants you to know that he will appreciate your vote anyhow.

Staff Sergeant Harold P. French who was with a Headquarters Company in New Guinea and in the Philippines for many months preceding his recent discharge, is here visiting his grandmother, Mrs. J. J. Atkinson, and other relatives.

MUCH OF PAVING IN NORTH PART OF COUNTY NO BENEFIT TO TAHOKA

(An Editorial)

We have before us a map showing the log of the system of farm-to-market roads to be built with the money derived from the sale of bonds in the sum of \$850,000 if authorized at the coming election. Of course it would be impossible to lay out a system of roads that would be satisfactory to everybody but this proposed system as laid out for commissioners' precincts Nos. 1 and 4, covering the north half of Lynn county, is so patently a log-sided and unfair that no straight-thinking man could expect the business men and the citizens of Tahoka generally to be enthusiastic in favor of the bonds.

If any one will but look at a map

of the county showing this proposed log of roads, he will readily see what we mean.

Take precinct No. 1, for instance, in which most of the town of Tahoka lies. A little more than forty miles of roads is to be built in this precinct, and not a foot of this forty miles of roads is to be built within seven miles of this town. One little detached stretch of road three miles long is to be built from New Lynn south to the Post-Tahoka highway connecting it at a point seven miles east of Tahoka.

In fact, while this system of roads is proposed to be built primarily for the benefit of our farmers, it appears to have been laid out so

(Continued on last page, Sec. 1)

Man Seriously Burned In Jail

J. W. Kuykendall, who was in jail here charged with the offense of forgery, was seriously if not fatally burned last Friday soon after noon when fire broke out in his cell.

Sheriff Sam Floyd had gone to lunch at the time but the prisoner's cries of alarm and pain were heard by persons on the street, who rushed to the courthouse, procured the sheriff's keys to the jail after some delay in searching for them, and proceeded to unlock the doors so as to release the entrapped prisoner. Not being accustomed to that character of lock and key, they found much difficulty in unlocking the doors.

Mr. Floyd, who had been notified, arrived about that time and found that the prisoner's clothes had been burned almost entirely off of him and that the mattress and bed-clothing had been almost burned up.

The suffering man was rushed to the Lubbock Memorial Hospital, where he remains in a critical condition, according to reports received here.

Kuykendall had been in the Tahoka jail only two or three days when the tragedy occurred, having been brought to Tahoka from Lamesa, where there was also an indictment against him. He claimed that the fire resulted from the explosion of an oil stove in his cell which was used for cooking his meals. Some think that he deliberately started the fire, but this would have been a very foolish thing for a man to do with an oil stove in the cell.

The commissioners' court about a year ago discontinued the practice of having the sheriff to furnish the prisoners their meals but directed him to provide the jail with an oil stove so that they could do their own cooking. This was done by them in the interest of economy. That is the explanation of the oil stove being in the jail.

Kuykendall's case was set for trial on Wednesday of this week, but of course he was not physically able to go to trial.

Kermit Brown Opens New Service Station

Kermit Brown has leased the service station operated before the war by Burleson Grain Company, has installed new equipment, and will offer standard car services 24 hours a day.

Brown recently received his discharge after 40 months in the U.S. Army Air Corps.

METHODIST CHURCH

H. A. Nichols, Pastor

Sunday morning at the eleven o'clock hour is Laymen's Program. V. F. Joffe will be in charge. A splendid program will be rendered. Everyone should be present for the Service.

At the evening hour, J. H. Wheeler and the Youth Division will have charge. Several addresses will be made. You are urged to be present.

Ireland has the most intensive cultivation of potatoes of any country in the world. Most of its people subsist largely on the crop.

Clothing Shipped To World's Needy

A total of 3,596 pounds of clothing for the needy of foreign lands was collected principally through the school children of the county in the recent drive, according to Mrs. Lenore M. Tunnell, county school superintendent.

Including in the total, however, was 1,205 pounds that came from O'Donnell and 330 pounds collected at the picture shows here.

The shipment of this clothing was made last week.

Guardsmen Should Turn In Equipment

All Government equipment held by State Guard members, former members, or others, should be brought to the Guard Armory, the abutment building east of the court house square, next Monday night, Capt. E. R. Edwards announces.

The local company of the Texas State Guard, which was established nearly four years ago, is being disbanded, and discharges will be issued all men now belonging to the organization.

Capt. Edwards says it is very important that all uniforms, coats, packs, books, and other equipment issued by the Government to members of the Tahoka company be turned in at once. If such is not done, in a reasonable length of time, drastic action will have to be taken, for all this material is the property of the U. S. Army.

PUBLIC SAFETY MAN TO VISIT SCHOOLS

Mrs. Lenore M. Tunnell, county school superintendent, announces that Sgt. J. B. Carrilise of the Texas Department of Public Safety will be in this county on Monday and Tuesday, February 25-26, to visit all the schools of the county in furtherance of the Public Safety program.

He will show motion pictures and make talks to the school children to illustrate and enforce his points. This is certainly a worthy and highly useful service that the State is rendering and adults as well as children could greatly profit by seeing these pictures and hearing the lectures.

GARNOLIA BOX SUPPER

The Garnolia 4-H Club and Luncheon Committee sponsored a boxsupper in the School Auditorium Thursday night, February 14. Music and entertainment was furnished by Roger Turner, Glennie Mae Gribble and Raymond Gerner playing accordion, piano and guitars. By request Miss Gribble gave several vocal solos.

Mr. J. A. Parrish, who moved into the District this year, auctioned the sixtyone boxes and pies. The net proceeds from the sale, together with contributions received from several candidates, totaled \$180.70. This money will be used in buying an electric ice box for the Garnolia Luncheon.

Hot coffee from the lunch room was served those who ate supper in the building.—Contributed.

More Entries For Boxing Meet

Several local boxers have signed up to fight in the V. F. W. Invitational boxing tournament as well as a few out-of-town fighters, and it looks like there will be a good show for both nights. However you are welcome to enter in this tournament—the more the merrier.

Trophies will be presented to the individual winners in each fight weights and consolation prizes presented to the kids that win.

Tickets for these fights will go on sale Saturday according to Buster Driver.

All those that have entered this tournament should be at the Grade School Gym before fight time in order to weigh-in.

If you want to enter this tournament, send your name, weight, and age to Buster Driver, Chairman of the VFW Entertainment committee, Tahoka, Texas.

The fights will start at 8:00 o'clock next Thursday night at the Grade School Gym, so don't miss them. Friday night the finals will start at the same time.

New Home Man Died Feb. 12th

(By Mrs. A. L. Pace)

Funeral services were held for W. G. Minton February 12th at Broadway Church of Christ in Lubbock. Mr. Minton died of pneumonia at the West Texas Hospital February 11th. He came here from Anton, and had been a resident of New Home for the past twelve years. He was buried in Anton cemetery along side the late Mrs. Minton who was killed in a car wreck two years ago.

Mr. Minton is survived by a daughter, Willis Mae Minton, age 11, two step-daughters, Mrs. Crawford Holczlaw and Mrs. Lamar Moore. Six brothers: C. S. and R. O. Minton of Bellflower, Calif., S. M. Minton of O'Donnell, J. R. Minton of Anton, J. B. Minton of Littlefield, and J. P. Minton of McFarland, Calif.

Funeralbearers were: M. T. Cruce, Haskel Turner, Clay Turner, Preston Parham and D. C. Simons all of Lubbock.

Meeting Of Cemetery Association Called

The board of directors has called for a meeting of the Tahoka Cemetery Association to be held in the county court room at 2:00 o'clock this Friday afternoon for the purpose of electing new officers and attending to other important business. Not only the directors but every member of the association every person interested in the up-keep of the cemetery is urged to be present.

YOUNG OUT OF HOSPITAL

B. A. Young, Jr., who has been in a Lubbock Hospital since being seriously burned while refueling his tractor on December 5, was brought to the home of his grandmother, Mrs. J. H. Nelms, February 12. His sister Miss Lucille Young, who has been here helping to care for him has returned home.

Mr. and Mrs. George Collins of Abilene were up from Abilene for a weekend visit and brought the two small sons, Don Allen and Joe Dan Young to visit their parents in Mrs. Nelms home. Mrs. Collins is a sister of Mr. Young.

CAPT. COOPER WILL MARRY

Capt. Truett Cooper was home last week end from Fort Sam Houston, and while here his coming marriage to Miss Georgia Knight of Lubbock was announced. Capt. Cooper served in the Pacific with the First Cavalry.

Seaman 2-c Edwin Mathis son of Mr. and Mrs. Jack Mathis, who has been with the Navy in Pacific waters for the past two years is returning home.

Mathis has notified his parents that he is at San Francisco and will soon go to camp Fannin for his discharge.

Local Team Enters Levelland Contests

Subsidy Payments Still In Effect

Subsidy payments in Lynn County under the dairy production program, the beef production, and the lamb and sheep production programs have totaled \$9,974.56 thus far for the period ending Dec. 31, 1945. All cream and milk receipts for the period October, November, and December must be filed before March 1, 1946 to be eligible for payment according to Clinton M. Walker, Sec. Lynn Co. A. C. A.

Mrs. N. B. Brower Buried Thursday

Funeral services for Mrs. N. B. Brower, 69, were conducted at the Tahoka Baptist Church Thursday afternoon at 3:00 o'clock by Rev. Levi W. Price, pastor. Interment followed in Tahoka Cemetery.

Mrs. Brower, whose maiden name was Ollie Cassie Greer, was born in Missouri on the 17th of March, 1877, therefore lacked only one month of reaching her 69th year. She was married on December 27, 1914 to N. B. Brower at Denton. They lived at Denton before coming to Lynn County in 1920. Of the 26 years they had lived in the County sixteen years were spent in the Midway community Southeast of Tahoka. For the past several years, they had made their home in Tahoka, where they were living at her death, February 19, about eight P. M.

Mrs. Brower had been suffering for more than a year with an incurable ailment, but she bore her sufferings bravely and cheerfully until death came to relieve her. She had long been a Christian, and a member of the Baptist Church since she was 18 years of age.

Besides her husband Mrs. Brower is survived by the following: W. E. Kinslow, a son by a previous marriage, Bonnis Brower, both recently discharged from the armed forces and now residing in Tahoka, Mrs. Roy Jolly of Bell, California, Mrs. J. R. Jones of Los Angeles and Gene Brower of California, and Miss Syble Brower of the family home. She is also survived by the following step-children, most of whom were here for the funeral: Mrs. Roy Tankersley Lamesa; Mrs. I. C. Bounds, Odessa; Mrs. Mele Deering, Madill, Okla.; Mr. Charlie Phillips, Wichita Falls; J. P. Brower, Lamesa; T. E. Etover, Rogers, Ark.

There are eight living grandchildren, twenty one step grandchildren, two great grandchildren. Mrs. Brower also has two sisters and a brother, all living in Austin.

Many friends here grieve over the passing of this good woman and extend sympathy to her loved ones.

BART COWAN OUT OF HOSPITAL

Mrs. Joe Van Dyke visited her brother, Bart Cowan at Dimmit, recently and reports that Bart who was so seriously burned while trying to save the life of his little boy on December 27, is being cared for at home. The deep burns on lower limbs and one hand still require dressing, but are healing, Mrs. Van Dyke said.

CHARLES McCLELLAN STILL IN HOSPITAL

Charles McClellan, sixteen year-old son of Mr. and Mrs. C. E. McClellan of Tahoka who was so seriously burned in a Butane fire here November 30, is still in a Lubbock hospital, though he is said to be improving as rapidly as could be expected. Charles many friends here are hoping that he may be able to come home soon.

Mrs. Kelly Hill who underwent a major operation at Mercy Hospital, Slaton, last Sunday is said to be making satisfactory recovery.

Tahoka Bulldogs Win Championship In Basketball

Tahoka Bulldogs boys basketball team, 1946 champions of football district 5-A, are this week end contesting for the bi-district championship at Levelland, the winner of which will enter the regional tournament.

Tahoka and Andrews emerged winners in the double-elimination tournament held here last week end, and in the double-elimination tournament this week-end they will meet Levelland and Sudan, the two top teams of that district.

These are reputed to be two of the top teams in West Texas, and the local boys are not given much chance of coming out on top by the sports experts, but neither were they given much chance a few weeks ago of getting into the district play-off even. Coach Mason's boys have been showing steady improvement, and may be able to give the high-stepping Levelland and Sudan teams some interesting contests.

Last week end, Tahoka and Slaton, top teams in the elimination at Post, the week before for the district, met in a tournament here with Andrews and Seminole, top teams of the west half, respectively, in two days of some of the fastest basketball ever seen here.

The tournament opened Friday afternoon with Andrews defeating Slaton 39 to 31, and Tahoka bettering Seminole 36 to 23.

Friday night the losers of the afternoon games met, Slaton edging out Seminole 38 to 36. Winners of the afternoon games, Tahoka and Andrews furnished a thriller, Tahoka winning 33 to 29.

Saturday afternoon, Andrews won over Slaton 28 to 25 to clinch a place at the Levelland tournament, which Tahoka had already done.

That night, running true to form the Bulldogs came through to defeat Andrews 24 to 22.

Principal credit for Tahoka's championship goes to Jerry Edwards, lanky center and high-point man, forwards Joe Don Minor, Finis Botkin, and Leslie McNeely, and guards Billy Jack Barrington, Bobby Ray Scott, and Joe Harvick.

Charles Walden Is Operating Station

Charles Walden Jr. has leased the Cosden retail station on Main Street from the W. H. Fulkersons, and is now in charge of the business expected Charles, many friends having served in England and in Europe during the war.

Mr. and Mrs. Fulkerson continue as wholesale dealers for Cosden, to which business they expect to give their full time in the future.

Sgt. Joe Hart In Hospital In Japan

Mr. and Mrs. Joe Sanders report that their grandson, Sgt. Isa Joe Hart, is convalescing from a light case of malaria in a hospital in Meiji, Japan.

He is serving in the 32nd (Red Arrow) Division, 126th Inf. Co. K in the occupation forces at Kukora, Japan. Before being sent to Japan he saw action on Val Verde Trail in Luzon. He hopes to be home soon.

Notice Car Owners!

We are now ready to register your car for 1946. We will appreciate your early registration to avoid the last minute rush. Please bring your Certificate of Title and your 1945 Registration receipt.—R. P. Weathers, Tax Assessor-Collector, Lynn County, Texas.

FEDERAL COTTON CROP INSURANCE TO BE IN EFFECT IN 1946

According to Clinton M. Walker, secretary of the Lynn County Agricultural Conservation Association, the federal cotton crop insurance program, which last year proved a big benefit to many Lynn county farmers, will be in effect again this year on substantially the same basis.

Coverage under this program which is underwritten by the United States Department of Agriculture through the Federal Crop Insurance Corporation is written on either the 50 or 75 per cent potential yield. It is based on the five

Sore Throat—Tonsillitis! Our Anesthesia-Mop is a Doctor's Prescription that gives quick relief from pain and discomfort. Guaranteed to be the best Mop you ever used—or money refunded. Generous bottle with applicators only 50c at
TAHOKA DRUG

year period from 1938 to 1942 for production estimates.

The insurance covers loss in yield of lint cotton (and cottonseed if insured) due to unavoidable causes including drouth, flood, hail, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, plant disease and such other unfavorable causes as may be determined by the board of directors of the corporation.

Losses not insured against include damage to quality in any case of loss in yield caused by the neglect or malfeasance of the insured or his employers or tenants, losses due to theft, domestic animals, use of defective seed or planting land of poorer average quality than that used in establishing average yield, or by failure to replant cotton in areas and under circumstances where the corporation determines it is practicable to replant. The insured may choose coverage on either 50 or 75 per cent of his

farm's average yield. Cost on 50 per cent coverage in Lynn County is set at 9 pounds per acre and for 75 per cent the cost is 20 pounds per acre.

The crop insurance attaches at the time the cotton is planted and ceases when the staple is weighed in at the gin. Closing date for submission of the application for cotton insurance is April 15 in this county. Maturity date for annual premiums in this county is August 31, 1946.

Letters will be sent to all farmers in this county as soon as the office is ready to start taking applications for the insurance.

Peiping, China, Picture Of Beauty and Squalor

Covering an area of about 25 square miles, Peiping, China, is really three cities within a city, all walled—one within the other—says the National Geographic society. The Tatar city, called Mu-ching, was built first; the Chinese City, called Wai-Ching, was added later. The innermost part, Kin-Ching, was the Forbidden City to all but the emperor and his family. From the 34-foot wide top of the Tatar wall, the best view of the entire city can be had—a panorama of incredible filth intermingled with a strange and oriental beauty, crowds and huge walls, flimsy hovels amid shining temples and palaces. Below can be heard the screech of street cars, the cry of hawkers and remnants of never-ending arguments between passing members of camel caravans and street merchants.

Before the war, the population was estimated at 1,500,000. This figure fluctuated constantly due to the large groups of tourists and members of foreign diplomatic corps and armies stationed in Peiping. Only buildings of modern architecture were those of the legation quarter which were in great contrast to the oriental mosaic of temples and palaces in the Forbidden City. Small side streets are often narrow and foul-smelling with rows of small one or two-story buildings on either side. The main streets are macadamized, and in prewar days supported a tangle of street cars, pedicabmen, camel trains from the Gobi desert, bicycles, autos and animals being brought to market. The busy shopping district was a maze of stores and book stalls. Gayly painted pennants swung in the breeze over curio shops where the staccato of haggling tradesmen's voices could be heard.

DDT Perfect Answer To Bedbug Problem

DDT, the new insecticide, is the perfect answer to the bedbug problem, says the department of agriculture. If DDT is applied properly as a 5 per cent spray or a 10 per cent powder to mattresses, beds and chicken houses, these places will be free from bedbugs for six months or more.

When a 5 per cent DDT solution—seven ounces of technical grade DDT and one gallon of kerosene—is used, about three liquid ounces of the spray will treat a full-sized bed. The material should be applied to the mattress, pillows, springs and joints in the bed frame. It's important to force the spray into each joint of the bed and lightly treat both sides of the mattress. After the bed has dried a few hours, it can be used without fear of injury to the occupant.

One and one-half ounces of 10 per cent DDT powder is enough to treat a full-sized bed. It isn't necessary to treat the walls, because the bedbugs are killed when they come to the bed for meals of blood. It is advisable, USDA entomologists say, to wear a mask in applying.

Double Hems Allow Reverse Curtain Hanging

Textile specialists of the department of agriculture recommend that we prolong the life of our curtains by making the top and bottom hems the same width. Then when the curtains are re-hung after laundering, they can be reversed to equalize the wear and "sun-burn."

Frequent washing also makes curtains last longer, since grime and grease cause the fibres to deteriorate. Taking down the curtains and washing them is a task which many otherwise excellent housekeepers tend to put off as long as possible. This probably is a carry-over from the days when most curtains were made of a very heavy lace, and washing and stretching them was really a job.

But today's curtains of light fabrics can be laundered easily and quickly simply by swishing lightly through thick, live suds and several rinses. Many can be pressed easily; others can be re-hung at the windows while damp with an extra rod slipped through the lower hem to assure straight and even drying. No matter how spic and span the rest of the house may be, it will not have a sparkling appearance if the curtains are dingy.

DON'T SCRATCH! Durham's Paracide Ointment is guaranteed to relieve itching accompanying Eczemas, Rash, Piles, Ordinary Itch and other minor skin irritations—or purchase price refunded. Large 2-ounce jar only 60c at

NEW HOME PRESENTS PROGRAM AT WILSON

The New Home Baptist Sunday School rendered the program at the monthly county-wide Sunday School meeting held in the Wilson Baptist Church last Sunday afternoon.

Two little girls, Greta Ann Heck and the little daughter of Mr. and Mrs. Bill Balch, gave a very cute and impressive interpretation of the twenty-third psalm, Boswell Edwards led the New Home choir in the singing of a number of songs, and talks were made by Henry Heck, S. S. superintendent, and Rev. E. C. McDonald, the pastor.

Petty Sunday school won the efficiency banner, Tahoka the attendance banner. Sunday schools represented included Wilson, New Home, Petty, Central, Bethel, Wells, and Tahoka.

W. E. Reddell presided over the meeting. Rev. Howard Martin, the president, arrived late and tendered his resignation on the grounds that his pastoral work lies outside this association. His resignation was accepted but the election of a successor was deferred.

The next meeting is to be held with Central Baptist Church and Wilson is to render the program.

Rice will grow in the United States in bottomlands of the Mississippi River Valley, on the Louisiana and Texas Gulf Coasts, and in California.

Frederic Auguste Bartholdi, French Sculptor of Alsace, was commissioned by the French to make the Statue of Liberty.

The source of licorice is the root of a herb native to southern Europe and Asia. Some varieties of licorice are grown in the United States.

WOMEN! WHO SUFFER FIERY MISERY OF HOT FLASHES

If the functional "middle-age" period peculiar to women causes you to suffer from hot flashes, nervous tension, irritability—try famous Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is one of the best known medicines for this purpose. Also a grand stomachic tonic.

The W. M. U. met at the Baptist church Monday afternoon with 12 ladies present. Bro. Lee Vaughn brought the devotional and then the Royal Service program was given. More ladies are urged to attend these good meetings.

Mr. and Mrs. Buster Bartlett and children of Lorenzo, visited relatives here Sunday.

Joe Stokes News

The month of February is, indeed one of entertainment for Joe Stokes people.

St. Valentine night found the freshmen and sophomore classes of New Home school being entertained in the C. L. Murray home. Hostesses, Mary Beth Russell of freshman class and Peggy Joyce Murray of sophomore class served punch and small cakes to some 25 guests.

Loamub and Zana Mae Harston were honored with a birthday party Friday night at their home. Birthday cakes and ice cream was served by their mother and Mrs. Troy Brown.

Mrs. Harlen Dean was remembered with birthday party, Feb. 19, in the home of Charlie McCullough.

A covered dish luncheon was enjoyed by nine ladies, who met Feb. 14, with Mrs. Hillary Smith, organizing a quilting Bee, Feb. 28, they meet with Mrs. C. M. Overman.

EXPANSION PROGRAM AT CANYON COLLEGE

CANYON, Feb. 21—A long range dormitory building program involving an expenditure of \$675,000, of which \$360,000 is to be spent immediately, has been approved by the West Texas State College board of regents.

Bonds totaling \$380,000 have been sold to Houston and Chicago firms for par value and an average interest rate of 2.8.

To provide more housing for war veterans, a 100-man capacity brick addition to Terrill Hall for men will be started as soon as plans can be completed and the contract let. This will be of one-story construction. The cost will approximate \$175,000.

Another building will house a college cafeteria which will have a seating capacity of 400 persons, plus a small dining room of 100 capacity. The location of the cafeteria has not yet been decided.

It will be of brick construction and will cost about \$150,000. When the cafeteria is completed, all other dining rooms on the campus will be closed and the space converted to other uses. Both the cafeteria and the Terrill Hall addition are to be ready by fall.

Work on the \$80,000 annex to Randall Hall, which was interrupted by the war, has been started again. Originally to have been of stone, it will be completed with brick.

Governor Coke R. Stevenson still has the prospective candidates for his job guessing. He remarked one day last week regarding his possible candidacy for re-election that he had "burned his bridges behind him." One of his intimate friends reported he had sent out a questionnaire to persons selected at random and found that more than two-thirds of them answered that they favored the Governor for another term. So, it seems very probable that he will run. He has made a good record, is a shrewd politician, and knows when to keep his mouth shut. That should make him a formidable candidate. The News has only one score against Coke Stevenson—he turned thumbs down once on one of our good citizens, Truett Smith, and prevented his confirmation by the Senate for the office of State Insurance Commissioner. His only objection to Smith was that he had been a law partner and close friend of Senator G. H. Nelson, who had been a political opponent of Stevenson for the office of Lieutenant Governor. We thought that he showed a spirit in that matter that did him no credit. Nevertheless, he has made an excellent governor, in our opinion, and we doubt if there is any man in Texas who could defeat him at this time. At any rate, he stands head and shoulders above most of those who are avowed or prospective candidates for the high position. If Coke runs, it's going to take a political thriller to come under the wire ahead of him.

There was a great celebration of the 100th anniversary of the entry of Texas into the Union as a state in Austin Tuesday. It was on

February 19, 1846 that the Texas flag was lowered and the U. S. Flag hoisted on the Capitol building in Austin and a state government inaugurated. The resolution admitting Texas into the Union had been passed by Congress and was signed by the President on December 29, 1845, and officially Texas became a state in the Union on that day, but it did not become a state de facto until seven weeks later. Coming into the Union while the glamor of the Alamo and of San Jacinto still lingered about it, Texas has had a dramatic and colorful history even since that time—a history about which every Texan likes to brag. It has been a history of growth and progress, a history of unfolding natural resources and ever increasing wealth, except when this growth and progress was arrested by civil war, a history of the establishment and development of marvelous educational and religious institutions, a history of our advancement from the foot of the class to near the head of all the states of this great Union. They celebrated this growth and progress with much fanfare and parading in Austin Tuesday, when many thousands of people gathered on the streets, around the Capitol building, and at the University of Texas just to feel proud and to brag. We have had a great past, but if our people shall live up to their obligations we shall have a still more glorious future, though it may be a bit less glamorous.

Canadians are excited and indignant following the discovery that Russian spies have been operating in that country prying into the secrets of the atomic bomb and other scientific discoveries of great military value. Soviet embassy personnel were directly involved, it was claimed. The espionage system had been operating even inside certain government bureaus, it was further asserted. Just how much or how little information had been gained by these spies was unknown, but whether great or small, the incident is enough to stir the indignation not only of Canada, but of the United States also; for Canada and the United States during the war had exchanged atomic bomb, radar, and other secrets of "tremendous military importance," and the very fact that Russia has sent out spies, if she has done so, to steal the military secrets of other nations will render it impossible for our people and our Government seas during the next six months integrity and the friendly professions of that great and growing military power. It spells nothing good for the peace of the world. We truly hope that these reports turn out to be nothing more than a tempest in a teapot.

Friends here have received announcement of the birth of a son to Mr. and Mrs. Jack C. Cox of Dallas on last Sunday. He has been named John William. The mother is the former Miss Adeline Woods, daughter of Mrs. Mary and the late Harry Woods of Tahoka. Mrs. Woods is in Dallas with her and the babe.

TROOP REQUIREMENTS GOVERN RATE OF OVERSEAS DEMOBILIZATION

Demobilization of the Army has progressed to the point where troop requirements overseas, rather than shipping, have become the governing factor in the rate at which the Army can return men to the United States for discharge, the War Department announced today.

Because troop requirements over to retain full confidence in the will exceed at the rate which the Army is capable of maintaining them through replacement, it will be necessary to slow down the rate of demobilization and in some cases to delay the United States of men eligible for discharge until replacements can take their places. In no case, however, should this delay any man in the theaters more than three months beyond the time he becomes eligible for discharge.

Demobilization, which has already returned nearly 5,000,000 men and women to civil life, will continue with a gradual lowering of discharge criteria until all men who are eligible have been returned from overseas. Troops will be brought back at an average of approximately 300,000 men a month for the next six months until the Army reaches a planned minimum overseas strength of 797,000 on July 1, 1946. If all shipping now available were used to the maximum, all men overseas who will become eligible for return could be brought back in three months, but such a program would cripple the Army in carrying out its occupying out various supplies and

tional duties and those incident to other installations overseas.

NOTICE OF BOND ELECTION
The State Of Texas
County Of Lynn.

To the voters of qualified property taxpaying voters of Lynn County, Texas, who own property subject to taxation within said County and who have duly rendered the same for taxation:

Take notice that an election will be held within and throughout the boundaries of Lynn County, Texas, on the 9th day of March, 1946, the same being the second Saturday in March, 1946, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners' Court of Lynn County, Texas, on the 1st day of February, 1946, which election order is substantially as follows: The State Of Texas
County Of Lynn.

In the Commissioners' Court of Lynn County, Texas, Special Session.

Be it remembered that on this the 1st day of February 1946, there came on to be held within and for Lynn County, Texas, a special called session of the Commissioners' Court of said County and such court having convened at the courthouse in Tahoka, Texas, with the following members present, viz: Honorable Tom Garrard, County Judge and Presiding Officer; P. F. Swann, Commissioner Precinct No. 1; Lonnie Williams, Commissioner Precinct No. 2; John A. Anderson, Commissioner Precinct No. 3; Thad Smith, Commissioner Precinct No. 4; W. M. Mathis, County Clerk and Ex-officio Clerk of the Commissioners' Court, constituting the en-

tire court, whereupon the following among other proceedings were had, to-wit:

There came on for consideration by the Commissioners' Court of Lynn County, Texas, the petition submitted by J. W. Martin and 210 other qualified resident property taxpaying voters of Lynn County, Texas, who own taxable property within said county and who have duly rendered the same for taxation, praying that an election be ordered by the Commissioners' Court of Lynn County, Texas, within the time and in the form and manner as prescribed by the Constitution and Statutes of the State of Texas, to determine whether or not the bonds of said County shall be issued in the amount of Eight Hundred Fifty Thousand and No/100 Dollars (\$850,000.00), bearing interest at a rate of not exceeding two and one-half per centum (2½%) per annum for their date, and maturing at such time or times and in such amounts, as may be deemed most expedient by the Commissioners' Court of said County, serially not later than thirty years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said county; and whether or not ad valorem taxes shall be levied annually on all taxable property within said county at a rate sufficient in amount to pay the interest on said bonds as it accrues and to provide a sinking fund for the redemption of such bonds as the same matures; and

It affirmatively appearing to the Court that said petition is signed by more than fifty of the resident qualified property taxpaying voters of said County, who own property subject to taxation therein and who have duly rendered the same for taxation, and is otherwise in conformity with the Constitution and Statutes of the State of Texas and that therefore said petition should be granted and said election should be ordered as prayed for; and

It further affirmatively appearing to the Court that said amount of bonds proposed to be issued will not exceed one-fourth of the assessed valuation of real property of said county and that the 9th day of March, 1946, the same being the second Saturday in March, 1946, is not less than thirty days from the date of this order and is the proper time to hold said election:

It is therefore ordered, adjudged and decreed by the Commissioners' Court of Lynn County, Texas:

I.

That an election be held within and throughout Lynn County, Texas, on the 9th day of March, 1946, the same being the second Saturday in March, 1946, and said date being not less than thirty days from the date of this order, at which time there shall be submitted to the resident qualified property taxpaying voters of Lynn County, Texas, who own property subject to taxation within said county and who have duly rendered the same for taxation, for their determination thereof, the question of whether or not the bonds of Lynn County, Texas, shall be issued in the amount of Eight Hundred Fifty Thousand and No/100 Dollars (\$850,000.00), bearing interest at a rate of not exceeding two and one-half per centum (2½%) per annum from date, and maturing at such time or times and in such amounts, as may be deemed most expedient by the Commissioners' Court of Lynn County, Texas, serially not later than thirty years from their date, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said county; and whether or not ad valorem taxes shall be levied annually on all taxable property within said county at a rate sufficient in amount for the purpose of paying the interest on said bonds as it accrues and the principal thereof as it matures.

In the event such bonds shall be authorized and issued then ad val-

lorem taxes shall be levied annually upon all taxable property within said county, sufficient in amount to pay the annual interest thereon and to provide a sinking fund for the redemption of said bonds at maturity.

II.

Said election shall be held under the provisions of Chapter Sixteen, General Laws of the State of Texas, enacted by the Thirty-ninth Legislature at its first called session in 1926 and all amendments thereto.

All persons who are resident legally qualified property taxpaying voters of Lynn County, Texas, and who own taxable property within said county and who have duly rendered the same for taxation, shall be entitled to vote at said election; and the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

"For the issuance of the bonds and the levying of the taxes in payment thereof"

"Against the issuance of the bonds and the levying of the taxes in payment thereof"

As to the foregoing proposition, each voter shall mark out with black ink or pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

III.

The polling places and presiding officers of said election shall be respectively as follows:

In South Tahoka, Election Precinct No. 1 at the Courthouse in Tahoka, Texas, with N. M. Wyatt, as Presiding Judge, Hall Robinson, as Judge, and Wynne Collier and W. S. Anglin as Clerks.

In Wilson, Texas, in Election Precinct No. 2, at the School building in Wilson, Texas, with R. A. Kahlich, as presiding Judge, R. J. Maeker as Judge and Jasper Campbell and S. A. Cummings, as Clerks.

In Three Lakes, in Election Precinct No. 3 at the School building at Three Lakes, with Burns Ellis, as Presiding Judge, O. E. Hicker-son, as Judge and T. R. Parks and L. J. Falls, as Clerks.

In New Home, in Election Precinct No. 4, at the School building at New Home, with Henry Heck, as Presiding Judge, Wayman Smith, as Judge and Donald Caudie and Ben Morrow as Clerks.

At Draw, Texas, in election precinct No. 5, at the School building in Draw, Texas, with J. W. Martin, as Presiding Judge, Mrs. John Berry as Judge and Mrs. A. W. Bratcher and George Pugh, as Clerks.

In North Tahoka, in election precinct No. 6 at the Courthouse in Tahoka, Texas, with R. C. Woods, as Presiding Judge, John Evans, as Judge and Donald Howell and Mrs. Grover Stewart, as Clerks.

At O'Donnell, Texas, in Election precinct No. 7, at the School building, in O'Donnell, Texas, with P. O. Cabbiness, as Presiding Judge and Jim Christopher, as Judge and Sumner Clayton, Sr., and R. C. Carroll, as Clerks.

In Grassland, in Precinct No. 8, at the School building in Grassland, Texas, with Roy Lemond, as Presiding Judge, Mack Richey, as Judge and Leonard Crawford and John Warrick, as Clerks.

In Gordon, in Election Precinct No. 9, at the School building in Gordon, Texas, with Howton Haire, as Presiding Judge, William Lester as Judge and T. H. Basinger and B. B. Corbell, as Clerks.

In Garnolia, in Election Precinct No. 10, at the School building in Garnolia, Texas, with J. B. Ray as Presiding Judge, R. M. Turner, as Judge and Curtis Morgan and O. R. Cook as Clerks.

In West Point, in Election Precinct No. 11 at the School building in West Point, Texas, with Ivan McWhirter as Presiding Judge, Cody Bragg, as Judge and Hubert Tankersley and Claude Wells, as Clerks.

In New Moore, in Election Precinct No. 12 at the School building in New Moore, Texas, with Steve Parker, as Presiding Judge, Pete Crutcher, as Judge, and Lon Light and G. C. McPherson, as Clerks.

In Dixie, in Election Precinct No. 13, at the School building in Dixie, Texas, with E. R. Tunnell as Presiding Judge, G. E. White, as Judge and J. L. Rambo and W. R. Warren, as Clerks.

In Morgan, in Election Precinct No. 14 at the School building in Morgan, Texas, with Walker Maeker, as Presiding Judge, Melvin Brewster, as Judge and Jack Cook and Mrs. Clyde Shaw, as Clerks.

In Lakeview, in Election Precinct No. 15 at the School building in Lakeview, Texas, with A. C. Fillmore, as Presiding Judge, Roy O.

Nettles, as Judge and Morris Russell and S. L. Williams, as Clerks.

IV.

The manner of holding said election and canvassing and making the returns thereof shall be governed by the general laws of this State when not in conflict with the provisions of the hereinbefore mentioned Statute. The Commissioners' Court will furnish all election supplies and ballots for said election.

A substantial copy of this order shall constitute proper notice of said election, and notice thereof shall be given by publication in a newspaper of general circulation in said county for three successive weeks prior to the date of said election, and in addition thereto, notice of such election shall be given for three weeks prior to the date of said election by posting a copy of such notice by the County Clerk of Lynn County, Texas, at four public places within said county, one of which shall be posted at the Courthouse door of the Courthouse of said County.

Immediately after said election has been held, the Officers holding the same shall make returns of the result thereof to the Commissioners' Court of Lynn County, Texas, and return the ballot boxes to the County Clerk for safekeeping.

The County Clerk of this County is hereby authorized and directed to post the notices of such election and to cause the same to be published as herein directed and provided; and all further orders of this court concerning such matter are reserved until the returns of said election shall have been made to this court. Passed, approved and adopted, this 1st day of February, 1946. (SEAL)

Tom Garrard, County Judge, Lynn County, Texas.
P. F. Swann, Commissioner Precinct No. 1.

Lonnie Williams, Commissioner, Precinct No. 2
John A. Anderson, Commissioner Precinct No. 3
Thad Smith, Commissioner Precinct No. 4
W. M. Mathis, County Clerk and ex-officio Clerk of the Commissioners' Court of Lynn County, Texas.
The State of Texas.
County of Lynn.

I, the undersigned County Clerk and ex-officio Clerk of the Commissioners' Court of Lynn County, Texas, do hereby certify that the above and foregoing instrument is a true and correct executed copy of an order of the Commissioners' Court of Lynn County, Texas, entered on the 1st day of February, 1946, calling an election within and throughout Lynn County, Texas, to determine whether or not the bonds of said county shall be issued in the amount of \$850,000.00 as set out therein, as such order now appears of record in volume 3 at page 561, et. seq. of the minutes of said Court. I further certify that such order has not been amended, rescinded or altered in any manner and is now in full force and effect. Witness my hand and seal of said Court, this 22nd day of February, A. D. 1946.
W. M. Mathis, Clerk of the County Court and ex-officio Clerk of the Commissioners' Court of Lynn County, Texas. (SEAL)

NEWMORE 4-H CLUB
The Newmore girls' 4-H Club met in the schoolhouse at 9:00 A. M. February 12. Twelve members and Miss Anderson, the County Home Demonstration Agent, were present.
After the business meeting the girls had some training in posture and played several games directed by Bobby Parker and her helpers, Patsy Curry and Shirley Blackmon.
The girls received their 4-H books, Tuesday. Miss Anderson told us about the frame garden and about the seeds that bring earliest maturing vegetables. Each girl is to have a frame garden containing both vegetables and fruits.—Janetta M. Pendleton, Club Reporter.

RADIO SERVICE—Phone 306.

VISIT IN THE VALLEY
John Heck of Wilson and Jackson West of Idalou made a business trip down to Raymondville in the Lower Rio Grande Valley last week. They were accompanied as far as Richland Springs by Mr. West's mother, Mrs. Ione West, who resides nine miles up the Lubbock Highway, to visit her brother at that place while the men were in the Valley.
Mr. Heck reports that for the first time in life he saw oranges and grapefruit ripening on the trees. And the same week Old Winter was running the temperatures away down low nearly every night here.

China grows more rice than any other country, but must import rice to satisfy the demand.

New Home News

(Mrs. A. L. Pace)
Mrs. Acie Bailey is recovering from a heart attack and has returned home from the hospital.
J. C. Carty, Jr. came home with his discharge. He had been in service three and a half years. He has been in Italy, France, Egypt. He came here from Cape Blanco in Africa.
Sgt. Milford Foster and wife from California are visiting in the home of Mr. and Mrs. Gilreath. Mrs. Foster and Mrs. Gilreath are sisters.
Mrs. C. E. Gannaway has gone to Corpus Christi to see her son, Emory, who is in the Navy hospital recovering from an operation. She is also visiting her daughter, Mrs. Charles Pendergrass.
Mr. E. A. Hargrave is visiting relatives in Sulphur Springs.
The New Home School pupils are having their six-week tests this week.

A formal forty-two party was enjoyed by many of the husbands and wives of Mrs. Henry Heck's Sunday School Class at the home of Mrs. Aubrey Smith last Thursday night. Mrs. Smith and Mrs. Heck were hostesses of the group. Mrs. Smith's home was gaily decorated with a valentine motif.
Sandwiches, Valentine cookies and soda pop were served for refreshments.

The following couples attended: Bill Balch, Winfred Overstreet, Clarence Crouch, Fred Roper, Henry Heck, Clyde Ashcraft, Jr., George Hancock, E. R. Blakney, Aubrey Smith, D. D. Renfro, O. S. Warren, Charles Armontrout, Floyd Smith, W. W. Davies, Durwood Unfred, A. L. Pace and Lawrence Taylor.

The basketball fans who went to Wilson Friday night to see New Home play, all agree that the trip was worth while. The B-string boys started off, but were defeated by a score of 6 to 9.

The girls then took their stand, coming out on top with a score of 35-23. New Home girls now carry the title of County Champs, and

FACTS ON BATTERIES

A partially-charged battery that gives tractor operators many headaches can be eliminated by periodic testing and routine servicing, points out Lynn County Tractor Co. of Ford-Ferguson tractors and Ferguson System implements.

He said experience indicates that overcharging and lack of distilled water are chief causes of short battery life. Battery boiling is caused by overcharging and should be remedied by decreasing the charging rate, he added before giving the following suggestions on battery care:

It pays to test a battery with an hydrometer. The reading indicates the condition of the battery.

Don't take a reading from a cell which has had water added to it until after the tractor has been driven for at least 30 minutes.

If readings of 1225 or less are obtained, the battery is not sufficiently charged and should either be recharged or replaced.

If the battery has been discharged by leaving the light or ignition on, it may be recharged by normal operation.

If readings above 1250 are obtained, the battery is fully charged and it will merely be necessary to add distilled water.

Many things to watch for in connection with the tractor battery follow:

Partial corrosion of cables restricts current capacity.

Broken or cracked battery case may allow battery fluid to escape.

Low gravity cells.

Sealing compound broken away from cell covers.

Terminal posts broken, or partially broken.

Cell connectors broken away from posts, or post broken away from strap.

Freezing due to partially charged battery.

Clean terminals for inspection with ammonia or baking soda in water.

Inspect battery carrier for looseness or broken battery fasteners.

Check charging rate and adjust to specifications. High water consumption is an indication of excessive charging.

MAGIC-EASE FIRST DOSE

When you suffer from an aching back, irregular elimination, irritation, hurting bladder, rheumatic swollen feet—CIT-ROS corrects the pH of your body fluids. Nature quickly relieves the pain, removes the soreness of tender, aching muscles. CIT-ROS \$1.00 at your drug-

WYNNE COLLIER, Druggist

will enter the District Meet next weekend.

The boys game was a fast, close game. When the whistle blew for the end of the game, the score read, 26-26. The boys played three minutes and both teams made a goal. The tie was played off three minutes longer, but neither team scored. They played again, until the first one made a goal, and thanks to Don Smith, New Home was the winner. The score was 30-28.

Idaho and Maine vie for the honor of producing the largest and finest potatoes in the United States.

RUPTURE

Shield Expert, H. L. Hoffmann of Minneapolis, Minnesota, will personally demonstrate, without charge, his "Rupture Shields" in Lubbock, Texas, at Hotel Lubbock, on Wednesday, February 27, from 10 a. m. to 4 p. m. Please come early. Evenings by appointment.

I have specialized in the field of Rupture Shield service since 1928. I have fitted thousands of cases in the United States during this time. There are many of my satisfied customers—right here in your community.

CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. "If you want it done right don't experiment. See Hoffmann." If unable to see him at this time address:

HOFFMANN'S SURGICAL APPLIANCE CO. 315 Masonic Temple Minneapolis, Minn.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

PIMPLES
Disappeared Overnight
Blackheads, Too, Went Fast
Yes, it is true, there is a safe, harmless, medicated liquid called KLEENEX that drives up pimples overnight as it acts to loosen and remove oily blackheads. Those who followed the directions and applied KLEENEX upon retiring were amazingly surprised when they found their pimples and blackheads had disappeared. These same enthusiastically praise KLEENEX and claim they are no longer embarrassed and are now happy with their clear complexion. Use KLEENEX. If one application does not satisfy, you get double your money back. Ask for KLEENEX today, even.

THE PAVING ISSUE—

(Continued from page one)
condarily if not primarily for the benefit of Slaton. Look at your map. The road from Tahoka through Wilson to Slaton was designated several years ago as a state highway. Tahoka citizens helped to procure that designation. Now they propose to pay the Wilson-Slaton end of this road out of funds derived from a county bond issue. Tahoka could have no objection to this provided the Wilson-Tahoka end were to be paved also. But they do

not propose to do that. On the other hand, they propose to come down this road only three miles and to pave it from that point on through Wilson and direct to Slaton, or to the Lubbock county line just this side of Slaton. They propose to leave the nine-mile gap from this end of the pavement to Tahoka untouched. They do not even propose to connect up with the Tahoka-Lubbock highway, only three miles away. In other words, this proposed paving would seem to be designed to drain every thing from the north end and west side of Tahoka Lake right on in to Slaton.

Note again. From a point in the highway which they propose to build east from Wilson to the east line of the county, to which there is no objection, they propose to build another paved road leading directly north straight into Slaton, thus bisecting the triangle created by the Slaton-to-Post and the Slaton-to-Wilson highways.

Many people in Tahoka contend that if they are to pay a large part of the taxes with which these roads are to be built, then surely some of the roads should be built so as to lead toward Tahoka as well as Slaton, which is in Lubbock county and will pay none of the taxes.

Or, if those farmers in the Wilson-Southland-Slaton triangle just must be taken care of, cut out that three or four miles of road running north from a point in the Wilson-Wayside road three miles east and paralleling the Lubbock-Tahoka highway and connect up the three-mile gap between the dead-end of the Wilson-Tahoka road with the Lubbock highway at the Crossroads filling station. Give Tahoka some semblance of a fair deal.

The defects in the lay-out in precinct No. 4 are probably less serious, but a look at the map would indicate that there should be some changes in that precinct also. The T-Bar pasture complicates matters in that precinct but it does seem that there is great need for a road from Petty to Dixie, where apparently there is to be another dead-end.

The News is informed that these roads were laid out by advisory committees in each precinct. Precinct 1, for instance, had plans outlined for an even more extensive program, but since the number of miles for proposed construction was necessarily limited, the Tahoka-Wilson road was cut out by the committee.

A survey of the whole situation would indicate that this farm-to-market project is not comprehensive enough; a larger bond issue should have been ordered.

Mr. and Mrs. J. A. Biggerstaff returned Monday afternoon from Temple and Brownwood, where they had been for about two weeks.

Boy Scout Meeting At Lubbock, Feb. 26

Annual Banquet and Meeting of the South Plains Boy Scout Council will be held at the Hilton Hotel, February 26th, according to Cecil H. Cale, Program Chairman.

This will be the 19th such affair. Cale pointed out, adding that large attendance is indicated from each of the twenty counties comprising the Council. Attendance chairmen have been appointed in each of 60 localities in these twenty counties, who are expected to be present. Those from Lynn county are O'Donnell, W. LeRoy Waggoner; Tahoka, Walter Anglin; Grassland, Gus Porterfield; Wilson, Frank Fletcher.

The annual business meeting will be held at 5:30 o'clock in the afternoon, when officers will be elected, the budget approved and other business transacted. Dr. F. B. Malone of Lubbock, Council President will preside.

A dinner meeting will follow at 7 o'clock, with Charles Paxton of

Sweetwater, for many years president of local Councils, as the principal speaker. A past governor of this Rotary district, Paxton is described as a West Texas civic worker of note.

The banquet will be attended by both Scouting sponsors and their ladies.

In addition to the main address, awarding of the Silver Beaver, highest Scouter recognition, the

Scoutmaster's Key, and the Haynes Bond award will be made. Veteran Scouters will be recognized as will the District with highest attendance.

The County Agent Says:

Of interest to Lynn county egg buyers will be an egg grading school at College Station on February 23 and 27. The purpose of this school is to train personnel to grade eggs in accordance with the U. S. grades. This will aid buyers in the Government Egg Purchase Program as well as increase their general knowledge on this subject. It is hoped that Lynn County will be represented at this egg grading school.

Lynn County Farm Bureau members are cordially invited and especially urged to attend a District Farm Bureau meeting, beginning at 10:00, Tuesday morning, February 26th in the Courthouse at Lamesa. The meeting will be conducted in an entirely different manner to previous district meetings—all speech making will be eliminated and the time will be devoted to round table discussion; analyzing pending legislation and government rulings.

Mrs. Beulah Grisso of Fort Worth is visiting in the home of her sister, Mrs. Roy Poer.

Wind Power For Use On Farms

The speed of rural electrification in states west of the Mississippi is expected to be considerably increased if a proposed amendment to include individual electric generating plants in the \$550,000,000 REA appropriation is accepted.

Proponents of an accelerated pace of electrification for the relatively sparsely-settled farm and ranch states are asking that wind-driven, gasoline and diesel electric generating systems be included within the scope of REA's authorized financing. As it stands now, only over-line electrification can be financed by the federal agency.

Backers of the amendment to include the individual systems point to the "self-liquidating" provisions of the REA act of 1936 under which the agency operates and say that that clause actually, in practice, prevents power-line electrification now in many instances in many areas.

Reason for the contention, they say, is that power-line electrification cannot be self-liquidating and self-replacing with less than 2.5 to 3 customers per mile, and cite the statements of such rural electrification leaders as Robert T. Beale and D. W. Teare as authority.

Then they point out that, based on the 1940 U. S. Census of Agriculture, in 17 states west of the Mississippi river there are more than one million farms and ranches that average only 1.1 to the mile, of which half a million average less than 0.6 to the mile.

Wind power has been harnessed in recent years, and has been developed and harnessed to a high state of perfection. Electric plants driven by the wind are now in practical use all over the West, and the use of wind power plants on farms and ranches has been highly recommended by the Federal Power Commission.

The wind power advocates are not seeking to discredit the power line service, but feel that REA should provide the farmers who live where it is impractical to run a line to their places should have the same or similar financing by the Government, on a self-liquidating basis as furnished farmers in reach of REA lines.

New wind power plants develop sufficient power to operate all the appliances of the modern farm and home except heavy motors, and the wind power advocates are going after equal rights, they say, for farms not in practical reach of the REA.

Leonard Harris, whose home is at Marietta, Cass County, but who at one time lived here while attending school, is here visiting his Uncle and Aunt Mr. and Mrs. W. M. Harris.

Leonard was recently discharged from the armed forces after spending some time in the Pacific area. He is accompanied by his wife, who had been living at Canton, Van Zandt County, while he was serving Uncle Sam.

Mrs. Willis Pennington who underwent a minor operation at Tahoka Clinic Tuesday is improving at her home southeast of town.

Congratulations—

Mr. and Mrs. Cecil M. Davis of Tahoka, Rt. 3, upon the birth of a son born at Tahoka Clinic, January 29.

Mr. and Mrs. D. C. Caudle, Tahoka, Rt. 4, upon the birth of a son, who will be called Brodie Bob, at Tahoka Clinic, February 6.

Mr. and Mrs. Alvin White of Grassland upon the birth of a daughter, Carol Yvonne, February 12 at Sinclair Clinic. She weighed 7 pounds and 5 ounces.

Mr. and Mrs. R. B. Hinkle, upon the birth of a son, weight 8 pounds, born at Sinclair Clinic February 19.

Mrs. Mollie Robertson, 71, who is in the home of her daughter Mrs. J. C. Gable has been quite ill. Her children Howard and Arlie Robertson of Ardmore, Okla., and Travis Robertson of Gainesville, Tex., and Mrs. J. L. Johnson of Amarillo have been visiting her.

Sidelights From Washington

(By George Mahon)
In this column last week I referred to our efforts in Congress to pass legislation providing an additional \$100,000,000 loan authorization for REA. This must be done by March 1st if a lag in REA construction is to be averted in Texas and 20 other states.

On February 14th the House approved an amendment to an appropriation bill making the funds available. It is hoped and believed that the Senate will take favorable action in the near future and send the measure to the President for his approval.

REA loans are being repaid to the Government; people in rural areas are getting the benefits of electricity; industry is being afforded a new market for electrical gadgets and equipment; and more work is provided for the laboring people in industrial areas. I joined with others in pointing out these facts during the House debate on the measure, the chairman having given me the privilege of closing the debate.

The conclusion seems inevitable that the job of disposing of surplus Government property has been badly bungled thus far. The top responsibility has been booted from one agency to another.

First the sales were under an

agency of the Treasury Department; then the responsibility was shifted to the Commerce Department under Secretary Henry Wallace. From there the job was transferred to the RFC. Today the War Assets Corporation, an agency of the RFC, is in the driver's seat, but next month the War Assets Corporation becomes the War Assets Administration and will no longer be associated with the RFC. This, undoubtedly, will be the last shift in responsibility.

While all this tossing about has been in process, the confusion has been terrific. Lt. General Edmund B. Gregory has now assumed the top job as Surplus Property Administrator. That fact offers hope. The General was formerly Quartermaster General of the Army, and he has the reputation for being a man of efficiency and action.

The businessman has become disappointed with the administration of the surplus property program; the veteran has become not only disappointed, but disgusted, over the run-around that he has received—and he has received the run-around. Certificates have been issued to veterans out of all proportion to the availability of surplus property. It has been impossible for a veteran or anyone else to get accurate and complete information, but there has been an abundance of misinformation which has caused many people to make long and expensive trips, only to be disappointed.

I talked personally with General Gregory yesterday, telling him of the dissatisfaction of the people with the way the program had been administered and urging him to do something about it. I based my complaint upon facts which I learned from veterans and others when I was in Texas in January and the letters which I am presently receiving about the surplus property program.

A check-up on the disposition of surplus consumer goods in the four-state area which includes Texas reveals total sales to date of fifty million dollars. In this same region last month there were 1,396 sales to veterans who held preference certificates. But there are many additional thousands of these certificates outstanding.

The over-all job of disposing of surplus Government property is only one-tenth completed. I hope the strong and insistent demand for better service will get results in the future handling of the program.

JACKIE SMITH GIVEN VALENTINE PARTY

Mrs. O. S. Smith of the Petty community surprised her little daughter Jackie with a valentine party on the 14th.

Games were played, Miss Barbara Jones entertained with piano selections, and the children sang songs. Cocoa and cookies were served. Little Sara Lee Chandler had baked the heart-shaped cookies.

The table was set with little lacey doilies bearing the children's names and surrounding a larger doily with a vase of flowers placed on the center of it.

Present were: Peggy Hemmeline, Barbara Gene Phifer, Gale, Jimmie, Freddie, and Eugene Keith, Barbara Joy, and Foy Jones, Darlene Lowe, Kathryn and Nancy Martin, and Don Lowe.

Several of Jackie's friends could not attend on account of receiving invitations late.

THE STATE OF TEXAS

TO: J. D. Henson.

GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 31st day of March, A. D. 1946, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas. Said plaintiff's petition was filed on the 2nd day of October, 1945.

The file number of said suit being No. 1647.

The names of the parties in said suit are: Mary Aline Henson as Plaintiff, and J. D. Henson as Defendant.

The nature of said suit being substantially as follows, to wit: Plaintiff alleges that she and defendant were married on October 13th, 1938, in Terry county, Texas, and that she has resided in Lynn county, Texas for more than one year before filing such suit, and that about one year ago, defendant commenced a course of unkind, harsh and tyrannical conduct towards plaintiff which continued until their separation on the 15th day of July, 1945. That on different occasions, while plaintiff lived with defendant as his wife, defendant was guilty of excesses, cruel treatment and outrages toward plaintiff of such a nature as to render their living together insupportable. That plaintiff and defendant have had born as issue of their marriage only one child, namely, John Bearing Henson, a boy three years of age, who resides with plaintiff in Lynn county, Texas; that plaintiff is a proper person to have the custody of said child and that defendant is not a proper person to have this custody but that defendant should pay monthly sums for the support of said child as the court may deem proper. Plaintiff prays for a divorce from defendant, for custody of said child, and that defendant be required to pay a monthly sum for the support of said child, and for costs of court.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 14th day of February A. D., 1946.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this the 14th day of February A. D., 1946.

W. S. Taylor, Clerk District Court, Lynn County, Texas.

W. M. U. PROGRAM

Many women from the various Baptist Churches of Lynn county are expecting to attend the 27th annual meeting of the Woman's Missionary Union of District Nine to be held in the First Baptist Church in Lubbock next Monday and Tuesday.

The program begins at 10 o'clock Monday. The final Program is to close about 4 P. M. Tuesday.

Mrs. B. W. Baker of Wilson, district treasurer, will give a report Monday on "Our Gifts." Mrs. Garland Pennington of Tahoka, associational W. M. U. president, will represent the Brownfield association.

There are seven other associations in the district, each to be represented by its president.

On Tuesday there will be discussion of such subjects as Bible Study, Benevolence, Christian Education, Missions, etc.

This district extends from Canyon and Hereford on the north to

Brownfield, O'Donnell and Post on the South and from Silverton, Floydada, and Spur on the east to the New Mexico line on the west. Officers for the ensuing year will be elected at the closing session.

How women and girls may get wanted relief from functional periodic pain
Oswald, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 2 days before "trouble time", it should help relieve pain due to purely functional periodic causes. TRY IT!

REV. NICHOLS MOTHER DIES IN BROWNWOOD
 Rev. H. A. Nichols was called to Brownwood Monday by the death of his mother, Mrs. Bettie McDaniel Nichols, 85, who had been seriously sick for several weeks. He had been to see her several times recently.
 She died in a hospital there Monday morning just one month prior to her eighty-sixth birthday anniversary.
 Mrs. H. A. Nichols and Mr. and Mrs. G. W. Small left for Brownwood early Tuesday morning to attend the funeral services, which were conducted at 2:00 p. m. on that day in the chapel of a funeral home there, her pastor, Rev. Kenneth Cooper of the Johnson Memorial Methodist Church, officiating, assisted by Mark Magee, well known throughout Texas, who was

a life-long friend of the family. The remains were interred in the cemetery at Bangs.
 Mrs. Nichols is survived by three sons and six daughters. Her husband died in 1923.
 Mrs. Nichols was a native of Missouri, having been born in S. one county in that state on March 18, 1860. She was orphaned at two and a half years of age, and her aunt, the late Mrs. John McPeters, took and reared her.
 They came from Missouri to Collin county, Texas, and a little later on to Brown county. Mrs. Nichols at the time of her death had been a resident of Brown county about 80 years.
 She was married to Henry A. Nichols on October 3, 1875, and 12 children were born of this marriage. The father and several of the children have passed on.

Mrs. Nichols came with the McPeters family to Texas in an ox wagon, which was drawn by an ox and a milk cow. She could remember some of the incidents of the latter part of the Civil War. She could also remember those hectic days when the Indians still roamed over Brown and other West Texas counties, stealing and murdering. She often told of hearing the Indians chattering around the family's log cabin and how she would cover up her head while the adults stood armed near the door.
 When she married she and her husband settled on Hog Creek some 70 years ago and they continued to live there until 1920, when they moved in to Brownwood.
 Mrs. Nichols had been a member of the Methodist Church about sixty years and was a charter member of the Johnson Memorial Church. She lived a long and useful life.

IMPORTANT CIVIL SUIT NOW ON TRIAL HERE

A civil suit that is attracting more than ordinary attention went on trial in the district court here Thursday afternoon and is continuing today, Friday.
 In this suit Don Bradley is seeking an injunction to forbid the Assembly of God Church from erecting a house of worship on certain lots which the Church has purchased in the neighborhood of Mr. Bradley's residence a few blocks west of the business district of Tahoka. The contention of plaintiff is that the noise which will emanate from the congregation during their periods of worship, particularly at night, will disturb the rest and sleep of himself and his aged mother and doubtless affect his mother's health. Defendants deny this and rely upon the right of freedom of worship as their defense.
 The case is being tried before a jury. Nelson and Brown of Lubbock are representing the plaintiff and Clyde Thomas of Big Spring and Rollin McCord of Tahoka are representing the defendants. Many religionists as well as others were watching the outcome of the trial with much interest.

a new High in dairying

New records in dairying are being piled up every year in the Panhandle-Plains and Southeastern New Mexico. Believe it or not, but our territory produces a large percentage of all the butter and cheese in the entire Southwest. Milch cows thrive in this good climate—and, of course, there's plenty of good feed and an abundance of fresh, wholesome water.

Yes, we have everything in the Panhandle-Plains and Pecos Valley including an abundant supply of low cost, dependable electric power to help the dairymen produce more dairy products at a lower cost.

HOSTESS TO MEETING

The Women's Society for Christian Service of the local Methodist Church was hostess to 180 women from 18 churches attending a one day school of instruction here last Monday. Miss Kathryn Bieri, Field Worker from the Methodist W. S. C. S. Headquarters in New York was the main speaker for the day. She instructed the women in conducting all of the affairs of their organizations.

The Ideal Society, with Mrs. Ted Clayton as President, served luncheon to the visitors at the noon hour.

This was the second meeting for Miss Bieri in this District, the northern half of the district having met in Lubbock last Friday. The South half of the district which includes Tahoka includes 24 churches in several counties including Yoakum in the West and Dawson on the South.

District Officers who had planned this successful affair and who were in attendance included: Miss C. C. Coffee, District President; J. D. Strickland, District Secretary, both of Lubbock and both formerly of Lynn County; Mrs. H. C. Pearson of Lorenzo, Dist. Vice President; J. H. Hogan of Levelland, Treasurer, Warren D. Smith, O'Donnell, Secretary of Youth Work; J. Paul Epler, Lorenzo, Secretary Children's Work; H. B. Coggin, Seminole, Secretary of Literature and Publications; Guy Swain of Sundown, Secretary Status of Women; Floyd Copeland of Meadow, who is Secretary of Student Work was unable to attend; W. B. Swim of Morton, Secretary Missionary Education and Service; and Mrs. Walter M. Mathis of Tahoka, Secretary of Supplies.

Men joining the Regular Army for three years not only have their choice of service branch, but they also have an opportunity to attend one or more schools for highly specialized technical training.

RADIO SERVICE—Phone 306.

Secret Radio Aided Allies' Foreign Operations

A worldwide radio network operated by members of the office of strategic services provided a vital link between agents behind the enemy lines and bases in Washington, London, Cairo, Algiers, Rome and Kunming. Radio operators and cipher personnel were responsible for the fast and accurate transmission of thousands of items of information to the Allied high command. This branch expanded from an embryo fighting the bitter battle of procurement in Washington to an organization which could send along completely and uniquely equipped radio operators with OSS agents behind the lines. Always in danger of being discovered, usually working under the most adverse conditions, OSS radiomen handled communications between the late Brig. Gen. Theodore Roosevelt Jr., and General Eisenhower while General Roosevelt, acting as the theater commander's personal representative, was negotiating at a secret rendezvous point with the Italian command for the surrender of German-held Sardinia. OSS radiomen also guided Merrill's Marauders on their famed march to Myitkina airdrome in Burma. It was over secret radio circuits that arrangements were made for the surrender of the German armies in Italy by Field Marshal von Vietinghoff.

Tropic Paradise

Penang, sometimes called Prince of Wales island, was the first British possession in the Malay peninsula; it was acquired by the East India company in 1786. It still constitutes one of the few territories actually owned by the British in this area. Most of so-called British Malaya is merely under the protection of Britain, but Penang, Singapore, Province Wellesley, Malacca, and a few widely scattered islands comprise the Straits Settlements, an outright British possession. World travelers have sought out Penang for half a century, regarding it in a class with Tahiti, Martinique and Bali as a tropic isle not to be missed. Many round-the-world junketers left their steamers at Penang and took the Malay railroad down the peninsula to Singapore, there to go aboard again. The island is especially beautiful in the northern part, where a range of mountains 2,500 feet high rises from the sea. A ridge of hills cuts through the central area. The rest of Penang's 110 square miles is fairly level, and largely forested.

Shaded Daffodils

Daffodils have become favorite material for those so fortunate as to possess a bit of woodland. They flourish in shaded locations, coming into bloom under early spring sun before the trees have leaved out, and later the shade protects them so that they ripen their foliage and mature their bulbs without being prematurely ripened by hot summer sun. Another most effective practice is to tuck bulbs in vacant spots all over the garden between other perennials and under the edges of shrubbery so that in their season the daffodils give character to the entire garden, and then their leaves, which are unsightly and floppy during their maturing period, are concealed by the foliage of the perennials which mount above them and provide shade for the daffodils. For this purpose the older and cheaper daffodils and narcissi are ideal and furnish as fine an effect as can be obtained by the larger flowered and much more expensive modern hybrids.

Mr. and Mrs. Hinton Fluit who have been living East of Draw have recently moved to the Spinning Ranch six miles east of Post.

DOUTHITS VISIT IN EL PASO

Mr. and Mrs. Henry Douthit and Mrs. H. D. Collings and baby, Barbara Ann, spent the weekend in El Paso visiting Mr. and Mrs. Corbin Douthit, he being employed with the Furr Food Store there as office manager. Mrs. Douthit is employed at a department store.

Henry says that on Sunday morning the group attended services at the Trinity Methodist Church and heard a good sermon on "Fellowship." Sunday afternoon was enjoyed by a visit to Juarez, Old Mexico, seeing the sights in El Paso, and visiting the School of Mines.

Mr. Douthit says that he was surprised at the size of El Paso, which is growing rapidly. He greatly enjoyed the ride over the Scenic Drive, where a perfect view of the city could be had, but the "high rise" made him somewhat nervous.

Mr. and Mrs. Douthit returned home Monday but Mrs. Collings and baby remained in El Paso. She plans to spend a month there, hoping her sinus trouble will improve.

MRS. TOM DRAPER HONORED

Mrs. Fred McGinty was hostess in her attractive new home last Friday for an informal tea honoring Mrs. Tom Draper, the former Miss Argen Hicks of Wellington. Mrs. I. M. Draper registered the guests.

The lace covered refreshment

table was centered with a pot plant gay with bloom and adding to the beauty of the crystal and silver appointments.

Nut and date cookies, mints and salted nuts and coffee were served to the guests.

Out of town guests included Mrs. John Dupre of Levelland, sister-in-law of the honoree.

**Hickerson Sons,
 Grandsons Home**

Mr. and Mrs. G. W. Hickerson had a joyous week-end, their two sons and three grandsons who had been in Uncle Sam's service, being in the parental home all day Sunday.

First their son, Sgt. G. W. Hickerson Jr. of Fort Knox, Ky., and his wife and little son, came on Friday, Sgt. Hickerson bringing with him a discharge from the service.

Then on Saturday, their grand-son, Pfc. Glen L. Hickerson, who had been serving as a mechanic with the Air Forces in India for the past two years, also arrived home with a discharge. He had sailed from some Indian Port, came through the Bay of Bengal, a portion of the Indian Ocean, and all the way across the Pacific to disembark in Portland, Oregon on Saturday, February 9.

Cecil, their son, and Jack, grand-son, were each discharged several months ago and had been here for some time. They had served with the invasion forces in France and Germany.

Then the second son, Lt. J. W. Hickerson, who was passing through or over this area transporting a plane from Memphis, Tennessee, to Hobbs, New Mexico, upon being notified that all these others were here, also got permission to stop over Saturday and remain until Monday morning.

It is quite an honor to have five members of the family in the service of our country and it must have been an unspeakable joy to have them all at home at the same time.

CARD OF THANKS

We wish to thank our Tahoka and other Lynn county friends for the many tokens of sympathy which they gave and the words of comfort which they spoke and for every kindness shown us in the time of our recent bereavement which we suffered in the death of our beloved companion and father. We sincerely thank all of you from the depth of our hearts.—Mrs. Elsie Kendrick and sons Herbie Kay and Sammie.

So great is the wheat production in the Russian Ukraine that the region is called the "bread-basket" of Europe.

Mrs. C. C. Dwight is undergoing treatment at a Lubbock hospital.

Chinese Cabbage

Chinese cabbage, a somewhat new vegetable, is recommended by extension horticulturists as an excellent food either cooked or raw and is a cool season crop that will thrive in the fall and winter garden. For best results the plant must be grown during cool weather and in soil which is rich and contains an abundance of moisture. Quick continuous growth is important. The seed are sown in rows and plants thinned 10 to 12 inches apart and allowed to remain in the original row. One pack of seed will plant about 50 feet of row. After the plants become established, a side dressing of nitrate of soda or other source of quickly available nitrogen will be beneficial. Clean shallow cultivation is important to keep down weeds and grass. The heads are harvested when fully developed. They are cut from the stalk in the same manner as cabbage, the loose outer leaves removed, and the heads used in salads or cooked.

Chicken Feed

Sudden changes in feed or management of laying hens may cause the dropping of the neck feathers, called a partial or neck molt. In order to prevent it becoming a complete molt, a well-balanced ration should be fed. If the hens can be kept consuming a sufficient amount of feed the neck molt may be overcome and the hens soon get back into production. Pellets or dampened mash fed once each day will tend to increase feed consumption. All-night lights also increase feed consumption. If allowed to go into a full molt, the hens will go out of production and remain so for a number of weeks. Chickens respond best to regular habits in feeding care and management.

Canning Chickens

Chickens must be canned in a pressure cooker. To process it safely in a reasonable time requires a temperature of 250 degrees—far higher than the boiling point. The only way to get this temperature is to hold steam under pressure. Homemakers who have no pressure cooker often may use one at a community canning center or borrow one from a neighbor. Hens culled from the flock when they are one to two years old are best for canning. Young birds don't can so well because the meat has to be processed just as long as that of older birds, and this cooks young chickens to pieces.

**District Contests
 For Girls Starts**

(By Mrs. A. L. Pace)

The district girls basketball tournament will be played Feb. 21, 22, and 23rd at Cooper. This district consists of eleven counties. New Home plays the winner of the Abernathy and Cotton Center game at 9:00 Friday night, Feb. 22nd. The final games will start at 12:00 noon Saturday, and at 8:00 o'clock the games will start to determine first, second, and third place winners of the district.

PYTHIAN SISTERS SOCIAL

A social and forty-two party was enjoyed by about 40 men and women under the sponsorship of the Pythian Sisters Temple at the Woodmen Hall last Friday night.

This organization, only a little more than a year old, is growing, new members are being received almost every month.

Mrs. Myri Mathis, Most Excellent Chief, gave out the Year Book's at the regular meeting Tuesday night. Standing Committees and a well-planned program for 1946 are the main features given in this attractive booklet.

**EXTENSION COURSE
 FOR EX-GI's**

All Ex-Service men interested in a course in accounting are asked to meet in the office of the County School Superintendent on Monday night, March 4. At that time some one from Texas Tech will be present to explain a plan for night classes in accounting, and possibly other subjects called for by returned veterans who wish to continue their education.

A minimum of fourteen is required for organizing a Class, so those who are interested should attend this first meeting.

F. M. Sherrod is reported to be quite ill at the home of his daughter, Mrs. G. C. Shaffer.

TRY NEWS WANT ADS FOR RESULTS —

HOW MANY WILL YOU LOSE?

That's a question of vital importance to every poultryman because the average mortality for the country is estimated at 24.4%. To combat this loss, you must protect your poultry against disease and parasites from the time you brood the chicks and poult until the birds are marketed or outlive their usefulness in the laying flock. The use of a dependable poultry health program is indicated as an effective means for remaining on the profit side of the ledger. Make TAHOKA DRUG your headquarters for poultry health needs. We are well supplied to help you put a dependable health program into practice.
