Number 22

Red Cross Funds Coming In Slowly, Walker Reports

Lynn County is falling down shamefully so far on contributions to the Red Cross. Up to Thursday the total funds contributed amounted to only \$592.50, which is a little less than a fourth of the county's quota of \$2380.

A few communities however have already gone over the top. These include West Point, New Home, T-Bar, and Lakeview.

An additional worker not reported last week is Mac Lindley in the T-Bar community.

Those who have not contributed are urged to do so. There are constant calls throughout the world and even throughout our own country for Red Cross Aid. Nobody knows when nor where a calamity is going to strike. Our own county needed and was given Red Cross aid on one occasion a few years ago when a cyclone swept through the Draw community, taking its toll of life and of property. It was entirely unexpected. Even if no calamity visits our people, we know that they are sure to strike many communities in Texas. Let's help the Red Cross to help our neighbors.

Contributions may be left at the AAA office, Southwestern Public Service office, The Tahoka Drug, or Colliers' Drug.

C. of C. Is Subject Of Rotary Program

Two or three different individuals and groups who had promised to give the program at the Rotary Club Thursday having notified Ted Waggoner, program chairman, that they could not be present, there was nothing left for Ted to do but to put on the program himself, and he did a good job of it. He told of the recent reorganization of the Tahoka Chamber of Commerce and of some of its activities.

The new chamber of commerce has had three meetings already. Its board of directors consists of Mr. Waggoner, who is the president, Clint Walker, secretary, and Wynne Collier, Fred McGinty, Terry Thompson, Charles Townes, Winston Wharton, Judge Tom Garrard, Alton Cain, Jim Burleson, Joe Heare.

Walker was elected secretary at a salary of \$50.00 per month.

Terry Thompson is chairman of the membership committee and Mr. Waggoner reported that the body now has 116 members.

Waggoner announced that he and Clint Walker and Judge Garrard, who is a director of the West Texas Chamber of Commerce intended to attend the annual meeting of that body on April 12.

One of their objectives in going, is to find out how to go about the matter of procuring a building and loan association and another is how to procure an oil mill. He thought that the last-named industrial plant would mean more for the up-building of the town than any other one thing that could be done.

Mr. Waggoner also told in some detail of the activities of the board of directors of the Chamber of Commerce in procuring a better deal for Tahoka in the layout of the roads to be paved in this county if the bond issue carries. He said that he would not undertake to tell any one how to vote on Saturday but that the entire nine members of the board of directors had approved the lay-out finally adopted by the commissioners court.

On Thursday of last week, Mr. Waggoner sponsored a very simple but interesting program. At the beginning he announced that every member of the Rotary Club would be asked to give some interesting fact about Texas, and after giving them a few minutes to think, he called upon them one by one for the facts. More than forty Rotarians were present, and their answers were both informative and interesting. Every one must have been convinced before the program was over that Texans have much to brag about.

Gagnat Improving Block of Buildings

Carpenters began work here Monday remodeling the two building on Main Street belonging to D. W. Gagnat, which he expects to use in connection with his agency for the Dodge and Plymouth cars.

Each of these building has a fifty foot front and is 120 feet long. The Piggly-Wiggly store occupies the west end of the south or corner building, and except for the space occupied by this store, Mr. Gagnat will use the entire space of the two buildings.

An archway will be cut in the wall so as to permit the free passage of cars from one building to the other. The floor and the ceiling of the south building will be remodeled and the front will be remodeled. The front of both buildings, a total of 100 feet, will be redecorated, and the combined building will be one of the most attractive in Tahoka. The west front of the north building will also be touched up and rendered attractive.

Further plans will be revealed as the work proceeds.

Barnes Announces For Commissioner

Ellis Barnes of Wells has tossed his hat into the ring as a candidate for commissioner for precinct No. 3. He is a good man and is well known throughout that precinct. His announcement follows.

To the voters of Precinct three, Lynn county:

I wish to take this opportunity of announcing my candidacy for Commissioner of Precinct Three. For those I am not acquainted with, I have been a resident of Precinct 3 for 23 years.

In announcing for this important county office I wish to stress the point that in every important decision affecting the welfare of the precinct, I will endeavor to determine how the people of my precinct feel about the issue. I will try if elected, to administer the precinct's business in a fair and business like manner showing no unfair favors to any individual. In the event of the announcement of a qualified veteran for the above office, I pledge to withdraw from the race.

Thanking you for your consideration of my candidacy, I will try to see each voter of the precinct before election. Ellis A. Barnes

116 Members Now In Tahoka C. of C.

Terry Thompson, secretary, reported Tuesday that the roll of members of the reorganized Chamber of Commerce here had grown to 116, and quite a number of others were expected to sign up soon.

The business people of Tahoka realize that there are great opportunities for growth here and that there is plenty for an active Chamber of Commerce to do.

REV. B. K. SELPH

Baptist Revival Is Starting Tonight

The spring revival meeting begins tonight at the Baptist Church to continue throughout next week, coming to a close on Sunday night, March 17.

Rev. Levi Price, the pastor, will be assisted by Rev. B. K. Selph of Fort Worth, who will do the preaching, and by Harry Minor, educational director of the First Baptist Church of Lubbock, who will lead the song services.

The evangelist comes highly recommended and Harry Minor is known throughout this section of Texas for his work as a music director.

This meeting follows closely on the Sunday School Enlargement campaign, which came to a close on Thursday night in the Tahoka Baptist Church and in about a dozen other churches in the Brownfield Baptist association. Rev. M. O. Cheek of Waco directed the work in the Tahoka Church. Rev. Levi Price also gave a course in secretarial work.

All the workers throughout the entire association met in the First Baptist Church here Wednesday afternoon, when reports were given and informative and inspirational talks were made. Good reports came from most of the churches participating and much enthusiasm was manifest.

PRESBYTERIAN MEETING HERE THIS WEEK

Rev. William H. Foster of Lubbock, pastor of the Presbyterian Church here, is conducting services at the church each night this week. There will be two services Sunday, one in the morning and one at night, the meeting closing with the night service.

Rev. Mr. Foster is said to be an interesting pulpit speaker. You are cordially invited to attend each and every service during the remainder of the meeting.

Mrs. Terry Noble accompanied Mrs. W. R. Tilson of Brownfield to Mineral Wells last Friday where they will spend two weeks in a health improvement program.

Mr. and Mrs. Nolan Fred of Pety visited in the home of his sister, Mrs. Frank Akin, Sunday.

'Flying Farmers' Field Day Meeting At Airport Monday

Vote Saturday On Road Bond Issue

Saturday is election day in Lynn county.

Every citizen who is a property owner and otherwise qualified should go to the polls and vote his wishes in regard to the issuing of \$850,000 in bonds for the paving of approximately 130 miles of farm-to-market roads in Lynn county.

Read page one of the second section of this week's Lynn County News, and also the election order, also in the second section, for more information on the proposed bond issue.

Keith Is Candidate For Commissioner

This week the name of B. W. Keith of the T-Bar community appears in our political announcement column as a candidate for county commissioner from precinct No. 3, the O'Donnell precinct.

Mr. Keith is a farmer and he has lived in that precinct for a number of years. He has made many friends in that section of the county and he counts much upon their active support. He is well acquainted with the needs of that precinct in so far as roads and agricultural interests are concerned and he believes that he can do some service for his people that will be much appreciated.

He plans to see the voters personally and present his claims between this date and the primary election.

Mr. Keith's family consists of his wife and one child.

New Dentist Will Locate In Tahoka

Dr. R. C. Roney, who recently was granted an honorable discharge from the Navy, was here Wednesday making arrangements to locate here for the practice of dentistry. He will be associated with Dr. K. R. Durham and will have his office in the same building.

Dr. Roney is married, and he and his wife expect to move to Tahoka soon as they can find a place in which to live. He has visited here before, being a nephew of Mrs. A. L. Lockwood.

BOY SCOUT BANQUET IS POSTPONED

The Boy Scout monthly banquet will be postponed from next Monday evening to Monday evening March 18, according to E. B. Galtner, scoutmaster.

All Scouts and other interested persons will please govern themselves accordingly.

The News Installs A Larger Press

This week's News is being issued under several handicaps, principally because the force has been busily engaged setting up another cylinder press—not a new one, but one that is better fitted to printing The News.

As soon as other needed equipment is available, the page size of The News will be changed from six columns to seven columns.

Two Landmarks Sold This Week

Two old landmarks are slated for destruction, and in their place a new building will be erected in Tahoka when materials are available, as the result of a deal made this week.

Lee Garner of O'Donnell, for a number of years connected with the Ellis Chevrolet company, has bought the old Pat Murphy building and lot from John Beard and the old McKaughan shop building and lot, adjoining, from J. S. McKaughan, who recently moved into his new, modern blacksmith building. The two old structures, which because of their age have become eye-sores, will be torn down and moved immediately, Mr. Garner says.

Located south of the square on the west side of the O'Donnell highway, the lots face 100 feet on the paving, and the building planned by Mr. Garner will cover the entire frontage.

New Cold Storage Plant Is Started

Trenches have been dug and the foundation is being laid by A. L. Smith for a big locker plant adjacent to and immediately south of the building occupied by the Davis and Humphries Super Market, which he constructed last year and which building he still owns.

The building in which this plant will be housed will be 60 feet by 63 1-2 feet in size, extending 8 1-2 feet nearer the curb on the east than the Davis-Humphries Market building.

It will face the east with a white stucco finish to match the other building. The unloading door will be in the south wall, opening into the alley.

The interior of the building will be a frame structure, the ceiling, walls, and floor of which will be insulated with 8 to 12 inches of Palco wool.

O. B. McElroy has the contract for the construction of the building and before beginning the structure he and Mr. Smith visited a number of the best locker plants in Texas with a view to getting all the latest ideas. As a result it will be equipped with the very latest and best equipment, and will be "tops" in every respect.

There will be a locker room 40 by 48 feet, a cooler room 20 by 40, freeze room 5 by 8, smokehouse 12 by 20, compressing room 10 by 12, and a cooling tower 4 by 4. There will also be an office 10 by 12, and a rest room.

An overhead trolley will extend from the unloading door to every processing room in the house, and scales will be installed on the track at the door.

In the smokehouse, meat will be cured just as perfectly as can be done by any of the big packing houses.

The plant will open with 840 lockers, which have already been ordered, but the building will have a capacity of 1040 lockers. Additional ones will be installed as needed. There will be three drawers and three doors to each tier of lockers.

Mr. Smith went to Detroit this week on business connected with the new plant. He hopes for a speedy construction of the building so that it may be opened to the public at the earliest date possible.

Notables Invited To Unique Club

The Lynn County Flying Farmers Association is holding its first Field Day and Barbeque next Monday, March 11, at the Tahoka Airport. The barbeque at noon will be limited to charter members, their families, and a few special invited guests. The program, beginning at 2:00 P. M. will be open to the public.

Among special guests will be the following: Lt. Col. E. B. Germany of Dallas, Col. B. C. McCasland of Lubbock, Mr. Frank W. Casier, Civil Aeronautics Inspector from Amarillo; Mr. Arnold Nicholson, managing editor of "Country Gentleman"; Margaret Gelback, Associate Editor of Country Gentleman's Women's Department; the Pinto Brothers, Joe and Salvatore, Country Gentleman photographers; and Mr. Henry Bomhoff, President of the National Flying Farmers Association, El Reno, Oklahoma.

The afternoon program will consist of demonstrations on the various uses of the airplane on farms and ranches in Lynn County. Some of these uses will include dusting of crops for insect control and cotton defoliation, checking water supply, counting livestock, killing coyotes, checking fences, bringing in a young animal from the range, going after parts of farm equipment and various other uses.

So far as is known locally, the Lynn County Flying Farmers Association is the only such organization in Texas. It is expected that a great number of county organizations will be organized in the future and this group is looking forward with great expectation of such organizations rendering a great service to agriculture by practical application of the many uses of the airplane on farms and ranches. Clayton Beard, President, and Manuel W. Ayers, Secretary, of the Lynn County Flying Farmers Association will appear on a radio program over KFYO at 10:15, Saturday morning, March 9. A report on the purposes and proposed activities of the organization will be given. Lynn County residents are invited to be tuned in at that time.

Jack Minor Enters Tax Office Race

A brand new hat was tossed into the political ring this week. Jack W. Minor is making his announcement as a candidate for the office of Tax assessor and collector. Reared in Lynn county, a graduate of the Tahoka high school, a salesman in a grocery store here for a few years, and then manager of a grocery business in Segraves before entering the service of his country from which he recently received an honorable discharge, Jack is well known to most of the people in Lynn county and he should need no introduction further than the contents of his announcement that follows.

"In making a formal announcement as a candidate for the office of Tax Assessor and Collector of Lynn County, I have given it considerable thought and feel that I am thoroughly capable of taking care of the job for the people of Lynn County if they feel that I am the right man for the office.

I moved to Lynn County with my parents in 1923 and have made this my home since, with the exception of about three years I lived in Segraves while managing a food store for a former employer. I also spent several years in the grocery business here after I graduated from Tahoka High in 1931.

A number of my old friends and long residents of Lynn County to whom I have conveyed my intentions have encouraged me to make the race for this office, therefore, I ask to be considered as a candidate with one intention in mind (Continued on last page Sec. One)

Released by U. S. War Department, Bureau of Public Relations.

U. S. ARMY CHAPLAINS ARE SUCCESSFUL MISSIONARIES—Long after American soldiers depart from overseas combat theaters shrines to their religious devotion will remain in distant lands. Scores of wartime chapels will stand as monuments to the faith of the GI, and even now are used for worship by the native population. Left, Chaplain Roy N. Hillyer, of the Tenth Army, holds a special service for Okinawans who desire to become Christians. Right, Victory chapel in the South Pacific composed of bamboo by men of an engineer battalion. Natives thatched the roof. Services were held.

Mrs. H. J. (Hazel) Cowdrey and son Lewis of Encino, New Mexico, and Mrs. A. H. (Dama) Brunson and daughter Jean of Odessa were visitors in the home of their parents, Mr. and Mrs. W. S. Anglin, this week.

Good Crowd Sees V. F. W. Ring Show

The V. F. W. Boxing tournament last week was shortened to only a one-night tournament, due to the fact that some of the fighters that had entered their names as contestants did not show up and a few that did show up backed out and that left some of the other fighters without an opponent.

However, the fights were really a fast mitt-slinging affair with three TKO's and four KO's and one draw.

In the first fight, B. L. Parker, Jr. fought a three round draw with James Forbes of Brownfield.

In the second fight Billy Tippit of Tahoka lost to Tyson of Brownfield. Tyson won by a TKO in the third round.

Van Dodson of Tahoka won over Sam George of Brownfield, 211 pound fighters by a TKO in the third round.

In the 130 pound weight, Brookshire of Tahoka got a TKO over Colton of Brownfield in the third round. Brookshire outclassed Colton all the way, but it was a fairly good show.

Billy Turner of Brownfield won the first fight of the night for the Brownfield team by KOing Buddy Bragg in the first round. They weighed in at 145 pounds.

Gordon Gass of Tahoka KO'd Pa. Harris of Brownfield in the

second round of the bout. Pat's seconds tried to stop the fight by throwing in the towel in the first round but Pat refused to get out of the ring. However he put up a good scrap, but Gass was just too much for him.

In the 174 pound class Bill Woods of Tahoka was KO'd by Tom Adams of Brownfield in the first round. After fixing it up for a few seconds Adams hit Bill in the stomach a pretty hard lick and Bill sat down in the corner and stayed there for the 10 count.

The best fight of the night was one of those kind you see in the movies. Jackie Driver had out-pointed and by far out-fought James Witt of Lubbock for two and a half rounds and then it happened.

"Wham" right in the old bread-basket Witt hit Driver and down Driver went, but got back up after the seven count and came back, but after mixing it up a little Driver just fell back on the canvas and took the count of ten and Mr. Witt won by a KO after getting mauled around for two and a half rounds.

Friday night in town at the fight that were to take place a basketball game between the Vet's Independent team of Tahoka and the O'Donnell All Stars was played before some of the local fans and O'Donnell fans.

The game was a thriller as the two teams stayed neck and neck all the way. O'Donnell won by the score of 22 to 16 making the last six points within the last two minutes of the game.

The Tahoka Exes played a game between themselves after the boys game which proved to be rather thrilling with plenty of spills and thrills but not much goal making. The score was 5 to 4 when the final whistle blew. We don't know which side won and neither does anyone else, but everybody had a good time.

An ordinary passenger train going night and day without stopping would need five-sevenths of a year to reach the moon. The same train would travel for 75,000,000 years before reaching the nearest star.

Miss LaMyrl Ramsey of the Lyntegar staff visited relatives in Lubbock over the week-end.

Capt. Truett Cooper of Camp Swift, was at home last week end for a brief visit.

LIFE INSURANCE FIRM SHOWS HUGE GAIN

With a gain of \$30,983,077 in business, Southwestern Life Insurance Company passed the half-billion mark at the end of the year and now has \$512,701,350 of insurance in force. At the same time, assets increased \$13,418,004 to bring the Company's total to an all-time high of \$122,358,515. The figures were announced here today in the Company's forty-third annual report to policyholders, released by C. F. O'Donnell of Dallas, president.

The 1945 gain in insurance in force was the second largest in the Company's history, the report indicated. In 1928, the Company's gain in insurance in force exceeded \$28,600,000, and in 1943 it was more than \$28,200,000. The 1945 gain compares with the record production at the close of 1944, when the gain was \$31,709,407.

Mr. O'Donnell voiced keen appreciation for the policyholders of the Company in this area, and for the agency work of the Company's local representation. Southwestern Life is represented here by Mrs. Gladys M. Stokes.

The forty-third annual report of Southwestern Life indicated that the rate of interest earned by the Company during the past year was 3.3 per cent. The market value of stocks and bonds exceeded the book value by \$5,891,273.

The Company continued its unbroken record of having no default in payment of interest or principal on any bond owned by it.

During the war years, Southwestern Life invested more than \$70,000,000 in United States Government securities. "These funds," the report pointed out, "were invested pursuant to the policy adopted with our nation's entry into World War II, to place all new premium money in such bonds."

The Company was chartered in 1903, and operates only in Texas.

Miss Patricia Hill, student in West Texas State Canyon, spent the week end at home with her parents, Mr. and Mrs. Frank Hill.

The earth is not round, but spheroid, its shape that of a ball slightly flattened at the poles.

BROWN WRITES AGAIN ON ROAD BOND ISSUE

After E. S. Brown of New Home sent that letter to the News last week, he got to worrying over the thought that he might have hurt somebody's feelings, and so this week he sent us his apologies.

No apologies, however, were necessary, for we took no offense. We just figured that Mr. Brown for the moment was a bit impatient and did not see the matter from but one standpoint. He is a splendid gentleman and would not knowingly do a wrong to any man.

In this connection, it might be further stated that when Tahoka's grievance was heard and heeded in large measure, our business men fell into line and we believe that most of them will vote for the

bonds. Every one of the nine directors of the Tahoka Chamber of Commerce expressed themselves as being satisfied with the log of the roads finally adopted by the commissioners' court.

NOTICE

Lynn County Taxpayers!

On Saturday, March 9, the taxpayers of Lynn County have an important date at the polls, as by their ballots, they will reject or approve the issuance of \$850,000 in Road Bonds. This is a huge amount of money, so before we go to the polls, let's take a little time for some straight thinking to see what this means:

FIRST—\$850,000 in bonds means a mortgage equal to 16% of the assessed value of all property in Lynn County—hence your share of this debt would be \$150, for each thousand dollars levied against you on the tax roll—and to this would be added the interest for 20 or 30 years that these bonds will run, which will greatly increase the bill.

SECOND—Lynn County's present tax rate of 80¢ is fairly reasonable since we now owe very little debt—only \$26,000. But if this terrifically large issue of \$850,000 is approved, you can figure that this rate will be just about doubled, or perhaps more than doubled. This means if your county taxes on a quarter section has amounted to around \$41 per year, you can figure on at least \$80 per year. IF THESE BONDS ARE APPROVED. And remember this double in your county tax bill will continue throughout

the life of the bonds—20 or 30 years—including dry years when crops are short and money to pay taxes is scarce.

THIRD—New as to total cost of this issue: A full section will figure around \$900, or \$225 per quarter section based on current assessment of farm land. These figures include land only—and your personal property would raise these figures. For town people, your share in lifting this \$850,000 mortgage would be at least \$175 for each thousand dollars assessed against your property—both real and personal.

FOUR—We all know material, machinery, and labor are now terrifically scarce and high, and because of this the taxpayers cannot expect to get anything like value received, if bonds are voted and contracts are let now.

FIVE—The proposed plan will still leave many a farmer "in the lurch" and long before this proposed issue is fully paid off, the roads now proposed will have to be rebuilt.

Think over these points—your share in the mortgage—your share of the total cost—talk it over with your family and neighbors—and then vote.

FARMERS CO-OP ASS'N. No. 1
"Service Plus Savings"
Phone 295

Tri-State Tattler

By Bill Cox
(Western News Service, Inc)

R. L. Gibson of Tahoka, 71-year-old Spanish-American war veteran, is taking flying lessons. B. T. Smith, principal of the Tahoka grade school and flying instructor in his spare time, is teaching him.

"You know, stagnation will ruin a man quicker than anything," says Gibson, who is known to everybody in town as "Hoot" Gibson. "I like flying a lot and I'm even going to buy my own plane soon."

Instructor Smith recalls the first day he took his elderly student up. "The air was tricky and the plane really bucked around," he said. "Hoot started cussin' and yelled: 'this fad-guffimed, blasted so-and-so is as stubborn as a government mule.'"

But Hoot is now one of the most enthusiastic pilots in Lynn County. He thinks the Spanish-American War might have been a different story if there had been airplanes then.

Another energetic gentleman getting up in the years in C. B. Keltner, who has been running the Keltner Hotel at Tahoka since 1924. I was in the room when Mr. Keltner, who is 72 years old, came in and started rustling around making the bed, dusting furniture, emptying the waste basket and replenishing the towel supply. "I been doing this for 23 years," he said. "Wouldn't have a maid 'cause maids won't work. I'm the whole cheese—porter, maid, clerk and bellboy. Sometimes I don't get more than two hours sleep a night."

He says hotel business today isn't what it used to be. "Why, back in '24," he declared, "you could look out and see a half dozen or more traveling salesmen going up the street. In those times I registered 'em from San Francisco to New York. Now you hardly ever see one. The OPA took most of 'em off the road. Tourist business is pretty good, but the traveling salesmen just aren't coming through like they used to."

LEAVES FOR UNIVERSITY

LA. Com. F. J. Komenda, Officer in Charge of the Office of Naval Procurement, Houston, Texas, has announced that Harold Finley Mayfield of Tahoka left last week for Southwestern University, Georgetown, Texas, to begin his Naval Air Cadet education. This young man is among the few selected from a host of applicants and has been on inactive duty awaiting enrollment in the March 1 class.

As a part of the Navy's peacetime continuation of its famed V-5 Pilot Training Program, Mayfield is among the 1000 selected to enter leading colleges and universities throughout the land this month. Each boy will receive an equivalent of two years of college work before beginning his pre-flight and flight training. Upon completion of his flight training, each boy will be commissioned as Ensign in the U. S. Marine Corps Reserve.

In order to maintain a continuous flow of well trained officers for the Fleet and the Fleet Air Arm, this program will be continued in peacetime, with another class to begin next fall contemplated.

GIVES BRIDAL SHOWER

Mrs. C. M. Greer of Grassland was hostess to a Bridal Shower in her home, February 27, 1946, in honor of Mrs. James E. Farr. Refreshments were served, and a very lovely assortment of gifts was displayed.

Mrs. Farr is formerly known as Miss Charlene McCellan, and is an employee of Farm Security Administration.

James E. Farr is now in Norfolk, Va., pending his discharge from the Navy, April 15, 1946.

Tahoka Vets Play Post Here Tonight

The Tahoka Veteran Independent basketball team plays the Post Independent basketball gym tonight at the grade school gym. The game is scheduled to start at 7:30.

On March 21, 22 and 23 the Tahoka Vet. team will be hosts to several other Independent basketball teams from surrounding towns of Tahoka to an invitation basketball tournament to be held at the local gym.

All basketball fans of Tahoka and vicinity are invited to see these teams play.

FACTS ON FORD CARS

Following is the text of a telegram sent Thursday night, February 21st, by Henry Ford II from Los Angeles to Chester B. Wick, U. S. public statement of Thursday leaves me no other course but to make public certain facts which you either do not know or refuse to reveal.

Our application to OPA on last July 20 was made while we were still at war with Japan. Since fighting had stopped in Europe, the War Production Board decided that limited production of automobiles was in the public interest. A total of 39,910 was fixed by WPB as the maximum number of passenger cars the Ford Motor Company could produce during the last six months of 1945.

Obviously you cannot make 39,910 cars in six months in a plant designed to produce more than 100,000 every month without greatly increasing production cost per unit. Low cost depends on volume production, as everyone knows. So when the Government—not the Ford Motor Company—fixed production volume it thus determined cost and selling price.

Let me give a specific example. We decided that 32,700 of the 39,910 automobiles permitted should be Fords. The rest were to be Mercurys and Lincolns. The limitation on quantity fixed our estimated cost on the most popular Ford model at \$991.57. The F. O. B. sales price, which included a 5 per cent profit and the usual dealer commission thus became \$1,388.20. This turned out to be 55 per cent more than our last peacetime selling price of \$895.

We immediately filed application on prices for these low-volume, high-cost, wartime cars under OPA's wartime general maximum price regulation.

This action had nothing whatever to do with peacetime price ceilings. It was not until early in September, after the end of the Japanese war, that OPA first issued any regulations having to do with peacetime price ceiling on automobiles.

These facts illustrate the point I have been trying to make in my public statements—that high costs and high prices of automobiles are caused by low volume production.

Our one aim since V-J Day has been to get into maximum production as quickly as possible. We have spared no costs. We have paid higher prices for materials, we have used propane gas when we could not get coal, and we agreed to add \$41,000,000 to our annual bill for labor.

But our assembly lines have run by fits and starts because we could not get parts and materials. Actually, we were able during 1945 to produce only 34,439 Ford cars. Our costs per unit on this production have been almost exactly what we estimated for that small volume. Have no fear that the Ford Motor Company will charge the American people one penny more than it has to for cars. If we did, competition would take care of such a situation very quickly.

For your information, Mr. Bowles to meet competition we are now are selling one of our truck models at \$100 below OPA ceilings.

We would like to sell all Ford cars below OPA price ceilings, not above. But low costs and low prices depend on large-scale production. That, in turn, depends upon an uninterrupted flow of parts and materials to our assembly lines. When you say that only from 10 to 25 per cent of our parts are under OPA price control you miss the point. Shortage on only a few parts can stop the whole assembly line.

Classified Ads. TOO LATE TO CLASSIFY

FOR SALE—A good F-20 4-row tractor; 4-row steel slide; 3-row slide; Feed and cottonseed. 350 acres to rent with these articles if it is satisfactory with J. A. Ford, at Carlos Courts. 22-2tp.

FOR SALE—One 6 room house; one 2 room house; some acreage close in; business lots around court house square. Also have good business house in O'Donnell; some farms and 2 small ranches. —G. C. Grider. 22-4tc.

FOR SALE—1944 model B John Deere Tool Bar Lister. Cultivator, Drag Box Planters.—R. M. Thomas, Grassland.

FOR TRADE—A 1948 M Farmall, fully equipped, all new for a G-M John Deere.—Elmer McAllister, 1 mi. N. 1-2 mi. W. of Dixie. 22-2tp.

FOR SALE—320 acres, perfect, nice improvements, also 640 acres farm much below similar land. Ben Moore. 1tp

FOR RENT—One 6 room house, one 2 room house. Walter F. Vaughn, South Sweet Street. 1tp

FOR SALE—No 10 4-row lister with drag-box planter attachment.—Garland Pennington. 1tp

STRAYED OR STOLEN—A half grown pup. White with yellow spots. Named "Bill". Cotton Davis at Coop Station. Phone 295. 1tp

This, in fact, is what has happened time and again since V-J Day. May I add that I question the propriety of a Government official's calling "outrageous" actions taken in strict accordance with wartime government regulations.

Some species of bacteria are capable of reproducing its kind fifteen minutes after "birth".

Plane Is Damaged In Forced Landing

A light plane piloted by J. L. Leach made a forced landing just a block north of the Tahoka airport last Sunday afternoon and caused very little damage to the plane.

Leach had with him a colored fellow who works for Reid Parker as a passenger and neither the pilot nor the passenger suffered any injuries. Leach says the colored boy was as cool as a cucumber and didn't say a word until they were on the ground and then he said, "Let's try to open the door, and get out".

The landing gear of the plane was carried away as it didn't have quite enough altitude to clear a barbed wire fence and the plane landed in the street and skidded on to a vacant lot where he was trying to land it anyway.

WEST HAS REUNION
Mrs. Ione West and son Lynn, recently enjoyed a week-end re-

union with other members of the family at their home north of town. Dr. Anne West, a physician from Dallas, Mr. and Mrs. Herbert Hunt and children of Claude and Mr. and Mrs. Jackson West and children of Idalou, were all at home.

Former Citizen Died Monday

Charley Thompson of Littlefield, brother of Bill and Joe Thompson of Tahoka and a citizen of Tahoka himself at one time, died in a hospital in Littlefield at about 8:20 o'clock Monday morning from thrombosis or a blood clot. He had lived here in 1923 and 1924, moving from Tahoka to Littlefield in 1924. He was engaged in the real estate business while here and has been engaged in the same business in Littlefield.

He is survived by his wife, five sons, and three daughters. In addition to the two brothers here, he is also survived by a half brother, Jess Shelton; a sister, Mrs. Maude Jones, both of Tahoka, and three other sisters living elsewhere.

Born at Hubbard in Hill county, he was 64 years of age.

The News failed to learn how many of the relatives living here attended the funeral services, which were held at Littlefield at 3:00 o'clock Tuesday afternoon.

Church Case Will Be Appealed

Attorneys for the Assembly of God Church have filed a motion for a new trial in the injunction suit recently tried in the district court here and if it is over-ruled an appeal will be taken to the Court of Civil Appeals at Amarillo. The News was in error in stating last week that no appeal was contemplated.

Rollin McCord, one of the attorneys for the Church, told the News Monday that they had had no other intention than to appeal ever since the verdict of the jury was rendered, for he felt that grave errors had been made in the trial of the case. Clyde Thomas of Big Spring also represents the Church. Nelson Brown & McCleskey of Lubbock represent the plaintiffs, Don Bradley and others.

"Cont'd from page 1"
for the interest of the people, a job to do and I will see that it is well done.

I have just completed a three year and five month job with a mighty fine organization, the U. S. Navy Seabees, the "can do" boys and we were proud of a job well done.

I will do my best to see every one personally before the coming election but if I do happen to miss seeing you it won't be because I didn't try. You can be assured that your vote and influence will be greatly appreciated.

Two Local Men Meet In Tokyo

When Royce Hemmeline of Petty was leaving for service in the Navy Air Corps in June, 1944, and his uncle, James Ensor, just a little older, was preparing to join the regular Navy that fall, James said to Royce, "Bye, will see you in Tokyo."

They parted and had not seen each other until February 18 this year when sure enough, they met again in Tokyo. Each sent a telegram to his mother.

Ensor is a son of Mr. and Mrs. R. N. Ensor and Hemmeline is a son of Mr. and Mrs. H. C. Hemmeline. Both are graduates of the New Home high school.

Ensor joined the Navy in October 1944, and is a Fireman 1-c. Div. E. O. on the Gen. R. M. Blackford a troop transport.

Hemmeline, who was in the Air Corps of the Navy, had been over in China and came from China to Tokyo by plane. He read in the Stars and Stripes that his uncle's ship was to arrive in Japan on February 18. He procured leave to go to the ship but found that it had come in two days ahead of schedule. He met a buddy of Ensor's however and sent him a note telling him he would meet him on the ship the next day, which was Monday, Feb. 18. He did, and he remained with his uncle on the ship until Friday or Saturday, when James' ship was to sail for the States.

Though Ensor is Hemmeline's uncle, there is only 13 months difference in their ages.

JIMMIE COX IS HOME

Mr. and Mrs. Jimmie Cox and little son, Jimmie were here this week from Athens, visiting his parents, Mr. and Mrs. Jarrell Cox. Before his recent discharge Sgt. Cox had just returned from service in the Pacific area.

Ability to learn new facts is at a maximum in the late teens and early twenties.

Some species of bacteria are capable of reproducing its kind fifteen minutes after "birth".

Capt. Truett Cooper Given Bronze Star

It is letters such as that appearing below that makes a mother's heart glad.

Mrs. E. J. Cooper received this letter recently from Major General Wm. C. Chase dated February 18, Tokyo, Japan. It speaks for itself.

"Dear Mrs. Cooper: I have recently had the privilege of awarding your son, Captain George T. Cooper, 82nd Field Artillery Battalion, the Bronze Star for meritorious service.

"The Bronze Star is awarded, in each case, by direction of the President, to men who have distinguished themselves by heroic or meritorious achievements in combat against the armed enemy of our country. I am proud that he is a member of the 1st Cavalry Division, the first in Manila and the first to enter Tokyo. It was men such as your son who really won this war.

"Please accept my heartiest congratulations and sincere good wishes. Sincerely,

Wm. C. Chase, Major General, U. S. Army, Commanding."

VISITS HOME FOLKS

Billy Joe Oliver, seaman second class, is leaving today for San Diego, after a visit with his parents, Mr. and Mrs. J. B. Oliver, and other members of the family, on boot leave. His orders were to "ship out" in 72 hours after his arrival. He came out of Boot camp second class seaman and is up for first class rating when he boards ship in Electricians Mate. He is in the 7th Fleet.

Billy Joe is a graduate of the Tahoka high school. He joined the Navy just a few weeks ago.

Lynn County Needs More Paved Roads

Notwithstanding the fact that we published with considerable detail last week the system of farm-to-market roads to be improved if the bond issue carries. The News has been asked many questions as to where certain roads will run and some have requested that we give the entire lay-out again. Therefore, we shall undertake to do so briefly as clearly as possible.

First, there are the three sectors of state highway to be built; one extending from New Home to Wilson, one from Draw to Wells, and one from Grassland to Central Church.

Now, beginning at New Home, a farm-to-market road is to be paved with funds derived from the bond issue due west to Lakeview, a distance of eight miles.

From a point in this road four miles west of New Home, a road running south to Petty, a distance of three miles, is to be paved.

From Lakeview south the road to West Point is to be paved a distance of three miles. There the paving stops, but the south end of the same road is to be paved from the West Point pin north for two miles, leaving an unpaved gap of six miles.

Now, going back to the New Home-Lakeview road, beginning at a point two miles east of Lakeview a road running north is to be paved

to the Lubbock county line, a distance of about five miles.

From New Home north another road is to be paved for three miles, the pavement stopping a little less than two miles south of the Lubbock county line.

Lastly, beginning at Crossroads filling station on the Tahoka-Lubbock highway a road is to be paved west by Dixie and thence on west another mile or 1 1/2 miles, toward Petty, a total distance of three or three and half miles.

All this paving lies in precinct No. 4, with Thad Smith as commissioner, and constitutes 28 miles of paving or a little more of farm-to-market roads and six miles of state constructed highway.

Moving over to precinct No. 1, represented by Pat Swann as commissioner, we find, first, five miles of state highway to be paved, extending from a point near Wayside on the Tahoka-Lubbock highway eastward to Wilson. This is to be paved by the State regardless of the result of the bond election.

Then, beginning at Wilson and extending southeast, and then due east, a farm-to-market road is to be paved for a distance of about eight miles, where it intersects the Grassland-Gordon-Slaton road.

This Grassland-Slaton road enters precinct 1 at Central Church, two miles north of Grassland, and

thence continues due north by Gannolia schoolhouse, through Gordon, and on toward Slaton to a point one mile south of the Lubbock county line, and four miles north of the Wilson extension of the New Home-Hilton state highway.

Again, beginning at Wilson, five miles of the present Wilson-Tahoka road is to be paved, this road lying alongside the Santa Fe railway, and from the south end of this pavement a road running 2.3 miles west to the Tahoka-Lubbock highway is to be paved, thus giving Wilson and Tahoka a continuous but somewhat crooked connecting paved road.

Lastly, the road running north from the Tahoka-Post highway at the six-mile filling station east of Tahoka is to be paved for a distance of five miles. From a point on this road three miles north of the highway, a one-mile spur is to be paved up to New Lynn.

The Wilson precinct therefore is to contain forty miles of farm-to-market paved roads, or a little more, and five miles of new paved state highway.

Here is the low-down on the Grassland-Draw precinct, with Lonnie Williams as commissioner.

First, there is the east end of the Draw-Wells highway, consisting of five miles of paving, and the Grassland-Central Church highway consisting of two miles of paving. The State does the work and pays the bill.

Now, starting at a point on the Post highway seven miles east of Tahoka, the road running south through Redwine and Draw to a point nearly two miles north of the Borden county line, a distance of 13 miles, is to be paved with the bonds.

Of the road running west from this point to O'Donnell and beyond, five miles lies in the Grassland-Draw precinct, and is to be paved with farm-to-market bonds.

Beginning at Grassland and going south, the road is to be paved one mile, thence west to Draw road four miles.

Another road, beginning at a point on the Post highway three miles east of the city of Tahoka for a distance of seven miles and thence west for a distance of four miles to a connection with the Tahoka-O'Donnell highway is to receive the hot top.

This makes 34 miles of paving in precinct 1, plus seven miles of state-paved highway.

In precinct No. 3, John Anderson, commissioner, there will be ten miles of new state-paved highway, the west ten miles of the Draw-Wells project.

The county-paved roads will consist of nine miles of the road running east and west out of precinct 2 parallel with the county's south line and skirting the northern limits of O'Donnell, a total distance of nine miles in the O'Donnell precinct, then turning north and running in a straight line thirteen miles to the Tahoka-Brownfield highway.

Finally, beginning at the west terminus of the Draw-Wells state highway, the road running on west to Newmore a distance of six miles, making a total of 27 miles of county-paved roads.

ty paved road and 10 miles of state paved road in that precinct.

This constitutes about 129 miles of road to be paved with bond money, provided the funds are sufficient to pave that many miles. While it is reasonably certain that the funds will pave approximately that many miles, one of the commissioners, John Anderson of O'Donnell asked that we state that it was possible for the paving to fall short of this number by a few miles. However, on the other hand, it is possible that the available funds might pave a few more miles than this estimate. No man can tell in advance just the exact mileage to a foot what the funds will pave.

We heard of one man who opposed the bonds on the ground that a lot of the money would probably be wasted. That is possible, of course, but not at all probable. We are sure that our commissioners will see to it that the funds will be spent as economically as possible.

A few will vote against the bonds because the layout of the roads to be paved does not suit them, but we believe that the final lay-out is about as equitable as could be devised. It has become apparent, however, that the proposed bond issue is really not large enough to cover the roads of the county adequately. Some roads can not be touched that ought to be paved, and this is true as to every precinct in the county. For instance,

beginning at the J. H. Key residence three miles south of Lakeview, it would have been fine if the road east to Dixie and the road south to West Point could have been paved all the way through. Just as urgent needs could be pointed out in each of the other precincts. But nearly every farmer in the county will be placed nearer a paved road and will be benefitted accordingly. In the course of a few years, it is reasonable to believe that the gaps will be filled in and other roads included in the program, and that thereafter the needs will be met as they arise. This is to be a continuing program to last as long as any of us are here, and much longer perhaps.

Several have asked us about the cost. No man can give an absolutely definite answer, but any one can figure it out for himself and tell that it will cost but a few dollars annually per quarter section of land. The interest rates on the bonds will

run below three per cent, and we guess that will be about the cheapest interest any man in the county ever paid.

Now is the time to start this great road-building campaign.

NOTICE OF BOND ELECTION
The State of Texas
County of Lynn.

To the public: qualified property taxpaying voters of Lynn County, Texas, who own property subject to taxation within said County and who have duly rendered the same for taxation:

Take notice that an election will be held within and throughout the boundaries of Lynn County, Texas, on the 9th day of March, 1946, the same being the second Saturday in March, 1946, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners' Court of Lynn County, Texas, on the 1st day of February, 1946, which election order is substantially as follows:

The State of Texas
County of Lynn.

In the Commissioners' Court of Lynn County, Texas, Special Session

Be it remembered that on this the 1st day of February 1946, there came on to be held within and for Lynn County, Texas, a special called session of the Commissioners' Court of said County and such Court having convened at the courthouse in Tahoka, Texas, with the following members present, viz: Honorable Tom Garrard, County Judge and Presiding Officer; P. F. Swann, Commissioner Precinct No. 1; Lonnie Williams, Commissioner Precinct No. 2; John A. Anderson, Commissioner Precinct No. 3; Thad Smith, Commissioner Precinct No. 4; W. M. Mathis, County Clerk and Ex-officio Clerk of the Commissioners' Court, constituting the entire court, whereupon the following among other proceedings, were had, to-wit:

There came on for consideration by the Commissioners' Court of Lynn County, Texas, the petition submitted by J. W. Martin and 210 other qualified resident property taxpaying voters of Lynn County, Texas, who own taxable property within said county and who have duly rendered the same for taxation, praying that an election be ordered by the Commissioners' Court of Lynn County, Texas, within the time and in the form and manner as prescribed by the Constitution and Statutes of the State of Texas, to determine whether or not the bonds of said County shall be issued in the amount of Eight Hundred Fifty Thousand and No/100 Dollars (\$850,000.00), bearing interest at a rate of not exceeding two and one-half per centum (2½%) per annum for their date, and maturing at such time or times and in such amounts, as may be deemed most expedient, by the Commissioners' Court of Lynn County, Texas, serially not later than thirty years from their date, for the purpose of the construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, in said county; and whether or not ad valorem taxes shall be levied annually on all taxable property within said county at a rate sufficient in amount for the purpose of paying the interest on said bonds as it accrues and the principal thereof as it matures.

In the event such bonds shall be authorized and issued then ad valorem taxes shall be levied annually upon all taxable property within said county, sufficient in amount to pay the annual interest thereon and to provide a sinking fund for the redemption of said bonds at maturity.

Said election shall be held under the provisions of Chapter Sixteen, General Laws of the State of Texas, enacted by the Thirty-ninth Legislature at its first called session in 1926 and all amendments thereto.

All persons who are resident legally qualified property taxpaying voters of Lynn County, Texas, and who own taxable property within said county and who have duly rendered the same, for taxation, shall be entitled to vote at said election; and the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

"For the issuance of the bonds and the levying of the taxes in payment thereof"

"Against the issuance of the bonds and the levying of the taxes in payment thereof"

As to the foregoing proposition, each voter shall mark out with black ink or pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

III.

The polling places and presiding officers of said election shall be respectively as follows:

In South Tahoka, Election Precinct No. 1 at the Courthouse in Tahoka, Texas, with N. M. Wyatt, as Presiding Judge, Hall Robinson, as Judge, and Wynne Collier and W. S. Anglin as Clerks.

In Wilson, Texas, in Election Precinct No. 2, at the School building in Wilson, Texas, with R. A. Kahlich, as presiding Judge, R. J. Maeker as Judge and Jasper Campbell and S. A. Cummings, as Clerks.

In Three Lakes, in Election Precinct No. 3 at the School building at Three Lakes, with Burns Ellis, as Presiding Judge, O. E. Hickerston, as Judge and T. R. Parks and L. J. Falls, as Clerks.

In New Home, in Election Precinct No. 4, at the School building at New Home, with Henry Heck, as Presiding Judge, Wayman Smith, as Judge and Donald Caudle and Ben Morrow, as Clerks.

At Draw, Texas, in election precinct No. 5, at the School building in Draw, Texas, with J. W. Martin, as Presiding Judge, Mrs. John Berry as Judge and Mrs. A. W. Bratcher and George Pugh, as Clerks.

In North Tahoka, in election precinct No. 6 at the Courthouse in Tahoka, Texas, with R. C. Woods, as Presiding Judge, John Evans, as Judge and Mrs. Belton Howell and Mrs. Gervoy Stewart, as Clerks.

At O'Donnell, Texas, in Election Precinct No. 7, at the School building, in O'Donnell, Texas, with P. O. Cabbiness, as Presiding Judge and Jim Christopher, as Judge and Sumner Clayton, Sr., and R. C. Carrill, as Clerks.

In Grassland, in Precinct No. 8, at the School building in Grassland, Texas, with Roy Leonard, as Presiding Judge, Mack Richey, as Judge and Leonard Crawford and John Warrick, as Clerks.

In Gordon, in Election Precinct No. 9, at the School building in Gordon, Texas, with Howton Hair, as Presiding Judge, William Lester as Judge and T. H. Basinger and B. B. Corbell, as Clerks.

In Garnolia, in Election Precinct No. 10, at the School building in Garnolia, Texas, with J. B. Ray as Presiding Judge, R. M. Turner, as Judge and Curtis Morgan and O. R. Cook as Clerks.

In West Point, in Election Precinct No. 11 at the School building in West Point, Texas, with Ivan McWhirter as Presiding Judge, Cody Brags, as Judge and Hubert Tankersley and Claude Wells, as Clerks.

In New Moore, in Election Precinct No. 12 at the School building in New Moore, Texas, with Steve Parker, as Presiding Judge, Pete Crutcher, as Judge, and Lon Light and G. C. McPherson, as Clerks.

In Dixie, in Election Precinct No. 13, at the School building in Dixie, Texas, with E. R. Tunnell as Presiding Judge, G. E. White, as Judge and J. L. Rambo and W. R. Warren, as Clerks.

In Morgan, in Election Precinct No. 14 at the School building in Morgan, Texas, with Walter Maeker, as Presiding Judge, Melvin Brewster, as Judge and Jack Cook and Mrs. Clyde Shaw, as Clerks.

In Lakeview, in Election Precinct No. 15 at the School building in Lakeview, Texas, with A. C. Fillingim, as Presiding Judge, Roy O. Nettles, as Judge and Morris Russell and S. L. Williams, as Clerks.

IV.

The manner of holding said election and canvassing and making the returns thereof shall be governed by the general laws of this State when not in conflict with the provisions of the hereinbefore mentioned Statute. The Commissioners' Court will furnish all election supplies and ballots for said election.

A substantial copy of this order shall constitute proper notice of said election, and notice thereof shall be given by publication in a newspaper of general circulation in said county for three successive weeks prior to the date of said election, and in addition thereto, notice of such election shall be given for three weeks prior to the date of said election by posting a copy of such notice by the County Clerk of Lynn County, Texas, at four public places within said County, one of which shall be posted at the Courthouse door of the Courthouse of said County.

Immediately after said election has been held, the Officers holding the same shall make returns of the result thereof to the Commissioners' Court of Lynn County, Texas, and return the ballot boxes to the County Clerk for safekeeping.

The County Clerk of this County is hereby authorized and directed to post the notices of such election and to cause the same to be published as herein directed and provided; and all further orders of this court concerning such matters are reserved until the returns of said election shall have been made to this court. Passed, approved and adopted, this the 1st day of February, 1946. (SEAL)

I. It affirmatively appearing to the Court that said petition is signed by more than fifty of the resident qualified property taxpaying voters of said County, who own property subject to taxation therein and who have duly rendered the same for taxation, and is otherwise in conformity with the Constitution and Statutes of the State of Texas and that therefore said petition should be granted and said election should be ordered as prayed for; and

It further affirmatively appearing to the Court that said amount of bonds proposed to be issued will not exceed one-fourth of the assessed valuation of real property of said county and that the 9th day of March, 1946, the same being the second Saturday in March, 1946, is not less than thirty days from the date of this order and is the proper time to hold said election:

It is therefore ordered, adjudged and decreed by the Commissioners' Court of Lynn County, Texas:

I. That an election be held within and throughout Lynn County, Texas, on the 9th day of March, 1946, the same being the second Saturday in March, 1946, and said date being not less than thirty days from the date of this order, at which time there shall be submitted to the resident qualified property taxpaying voters of Lynn County, Texas, who own property subject to taxation within said county and who have duly rendered the same for taxation, for their determination thereof, the question of whether or not the bonds of Lynn County,

shall be issued in the amount of Eight Hundred Fifty Thousand and No/100 Dollars (\$850,000.00), bearing interest at a rate of not exceeding two and one-half per centum (2½%) per annum for their date, and maturing at such time or times and in such amounts, as may be deemed most expedient, by the Commissioners' Court of Lynn County, Texas, serially not later than thirty years from their date, for the purpose of the construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof, in said county; and whether or not ad valorem taxes shall be levied annually on all taxable property within said county at a rate sufficient in amount for the purpose of paying the interest on said bonds as it accrues and the principal thereof as it matures.

In the event such bonds shall be authorized and issued then ad valorem taxes shall be levied annually upon all taxable property within said county, sufficient in amount to pay the annual interest thereon and to provide a sinking fund for the redemption of said bonds at maturity.

Said election shall be held under the provisions of Chapter Sixteen, General Laws of the State of Texas, enacted by the Thirty-ninth Legislature at its first called session in 1926 and all amendments thereto.

All persons who are resident legally qualified property taxpaying voters of Lynn County, Texas, and who own taxable property within said county and who have duly rendered the same, for taxation, shall be entitled to vote at said election; and the ballots for said election shall have written or printed thereon the following:

PIMPLES
Disappeared Overnight

Blackheads, Too, Went Fast

Yes, it is true, there is a safe, harmless, medicated liquid called **KLIRIX** that does up pimples overnight as it acts to loosen and remove oily blackheads. They then follow simple directions and applied **KLIRIX** cream. Pimples were amazingly expelled when they found their pimples and blackheads had disappeared. These users enthusiastically praise **KLIRIX** and state they are no longer embarrassed and are now happy with their clear complexion. The **KLIRIX**. If all this evidence does not satisfy you, send your money back. Ask for **KLIRIX** today, now.

WYNNE COLLIER, Druggist.

of the hereinbefore mentioned Statute. The Commissioners' Court will furnish all election supplies and ballots for said election.

A substantial copy of this order shall constitute proper notice of said election, and notice thereof shall be given by publication in a newspaper of general circulation in said county for three successive weeks prior to the date of said election, and in addition thereto, notice of such election shall be given for three weeks prior to the date of said election by posting a copy of such notice by the County Clerk of Lynn County, Texas, at four public places within said County, one of which shall be posted at the Courthouse door of the Courthouse of said County.

FUNDS BEING RAISED FOR COLLEGE CHAPEL

Canyon, Tex., March 7—Means for completing the campaign to raise \$50,000 for a non-sectarian chapel on the West Texas State campus are being suggested by President J. A. Hill.

With approximately half of the required sum in hand, Dr. Hill points out that one hundred gifts of \$100 each and 100 of \$50 each, together with some expected larger contributions, would bring the campaign near the objective and justify beginning of construction. Most of the furniture for the chapel has been pledged. Most of the art glass windows have been spoken for at \$600 each. A few memorial pews are available at \$110 each.

More than 300 persons have contributed a total of more than \$20,000, ranging in amounts from \$1 to \$1,000. Pledges to be paid by May 1 amount to slightly more than \$5,000.

The most successful county campaign for the chapel is that in Carson County, where more than \$2500 has been raised out of a goal of \$3000.

The chapel to be used for special religious services would not conflict with the program of local churches. It will be used for lectures, concerts, and educational pictures of appropriate types, for weddings, and for private devotions and conferences between Panhandle-Plains pastors and students who are members of their congregations, ministers, and civic organizations.

TAHOKA P. T. A.

The Tahoka P. T. A. will meet in regular meeting next Thursday, March 14 at four o'clock. It is the time for us to elect new officers who will be installed in May so every one make a special effort to be present.

At the last meeting a nominating committee was appointed. This committee is Mrs. Jack Fenton, Mrs. Beul Draper, and Mrs. Emil Froh and they have been at work and will have some names to present.

Last week several members and interested patrons took advantage of the Parliamentary Procedure Course taught to us by Mr. Manuel Ayers. He is quite an authority on Parliamentary Law and these present feel that the time spent on the course was well worth the effort. It would have been excellent if all members of our Association could have attended.

The surface temperature of the sun is approximately 6,000 degrees Fahrenheit.

PRESBYTERIAN TTA

Ladies of the Presbyterian Church entertained ladies of the other churches of Tahoka with a tea and a program in their church Tuesday afternoon at three o'clock. Miss Nancy Ray Weathers had charge of the refreshment table.

Miss Margaret Huff of Lubbock, assisted by several other Lubbock ladies rendered a program on Stewardship. Miss Edgett of Lubbock, with Miss Huff as accompanist rendered a vocal solo.

As a closing number Miss Nancy Ray Weathers, accompanied at the piano by Miss Frances Marion Haney, gave the Lord's prayer as a vocal solo.

Mrs. M. A. Etheridge sold her home here Tuesday to Leon McPherson and has bought a home in Crosbyton.

FERGUSON TRACTOR DEALER SOUNDS WARNING TO LYNN CO. FARMERS

It will take several years for farmers to obtain all of the new machinery needed for replacement and expansion, states Lynn County Tractor Co., Ferguson System dealer here. In sounding a warning on winter care of the tractor and implements with a view toward longer wear.

He pointed out that all manufacturers are rushing tractors and various types of equipment to dealers everywhere as production increases, but that the serviceability of machinery now in use can be maintained by the following helpful suggestions:

Give the engine a chance to warm up before racing the car in cold weather. Keep the battery clean, the terminals greased, the cells filled with clean distilled water. The charge in the battery should be maintained by running the engine or taking it to a service station for re-charging when the tractor is not in use for some time. Never store the battery on a concrete floor or in a damp place.

Hall Robinson suggests that a hot engine be allowed to cool gradually before filling with cold water. In freezing weather, let the engine cool off a bit before draining the water.

Slow starting in cold weather may be caused by too heavy crankcase oil, frozen water pump, water in the fuel system, moisture in the distributor, or dirty spark plugs.

The following steps are advised for tractor storage: store tractor in shed or some other sheltered place; drain entire fuel system and cooling system; remove the battery for proper storage, and relieve the tires by elevating the tractor on blocks.

A coat of paint not only improves the looks and serviceability of the tractor. Mr. Robinson states, but the machine will work better and last longer.

Certain bacteria multiply at such a terrific rate that if not destroyed by natural enemies, they would dominate the entire earth in less than a year's time.

LET'S TAKE STOCK NOW

Everybody wants goods. Manufacturers want to make them for you. Yet months after the war's end, you still find it difficult to get many of the things you want and should have. So, isn't this the time for all of us to take stock . . . to learn a lesson . . . to find out, if we can, what will cure the troubles we are having and prevent their recurrence?

Let's look ahead and agree on a program that will insure the full production everybody agrees is the real answer to most of our problems.

Suppose we begin by taking a good look at three roadblocks to prosperity...

STRIKES
Whatever their justice or injustice, strikes paralyze production, force people to use up their savings, and result in losses that can never be made up.

PRICE CEILINGS
Full production isn't possible when industry suffers losses because of rising costs and frozen prices. Price ceilings limit production — goods just don't get made.

GOVERNMENT SPENDING
Continued huge government spending means continued high taxes. High taxes discourage production, hinder the creation of jobs, and leave you less to spend.

ISN'T THIS THE WAY?
The people, through Congress, can remove these roadblocks in the long-range interests of all . . .

By establishing a labor policy that will treat labor and management exactly alike, and above all be fair to the public;

By removing the shackles of price control on manufactured goods;

By cutting down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that taxpayers can stand.

Do you believe this program is in the public interest?
Your Representatives in Congress are the only ones that can put it into effect. Tell them how you feel about it.

Youth Center Will Be Opened Here

For a long time the teen-age boys and girls of Lynn county have needed a recreation center, and at last that need is being supplied. Under sponsorship of the Phebe K. Warner Club the boys and girls are preparing the old building near the Southeast corner of square, formerly used by American Red Cross.

The building will be fitted up with games, a place for cold drinks and other necessary equipment so that all the boys and girls of Lynn County of High school age may use it for enjoyment of themselves and friends in good, clean fun.

Mrs. Terry Thompson assisted by other adults will have charge of the center at all times when it is open.

The Youth Center will be governed by a board of directors consisting of the Sponsor, Mrs. Thompson; Mr. and Mrs. H. O. Hargett, representing parents, one member of the Rotary Club selected from the following three men: Truett Smith, Clint Walker and Charles Townes; two High School Students selected by the Phebe K. Warner Club, who are Frances Marion Haney and George Maurice Small; and the President of the Youth Center, Buddy Bragg who was elected by the boys and girls. These directors will be in charge for the next six months.

Other officers elected by the boys and girls include, Nan Weathers, Vice President, Lacydine Edwards, Secretary and Ardyth Leeper, Treasurer.

Some rules governing the Youth Center are: At no time will the center be open except under proper adult sponsors.

No smoking will be allowed. Admission will be denied anyone suspected of having been drinking intoxicating beverages.

Boys and girls coming to the center are expected to stay for the entire evening, that is, not be coming and going throughout the evening, or when a program is going on.

Any individual who breaks any one of the simple rules of good behavior will be excluded from the center for one month. Anyone, who after being reinstated deliberately breaks one of the rules will be permanently excluded.

The State Guard, that has been using the building that is to be used as a Youth Center has given their floor lights to the center and these will be kept burning when the center is open at night.

The center is in need of chairs, lamps and other articles of furniture, and also needs money to start on. If you have either money or articles with which to furnish the center that you wish to give please contact Mrs. Thompson or some member of the Board.

A cordial invitation is extended to parents and other adults to visit the center and see for themselves the type of wholesome enjoyment that is being provided for the boys and girls of the County. Watch for further announcements.

S. O. F. A. CLUB METS

The S. O. F. A. Club of Tahoka held its regular meeting last Thursday night, February 28th. After the dinner, the program, put on by the Extension Service, was in the form of a Truth or Consequences program slightly resembling the regular Saturday Ralph Edwards' Program. The questions were quite catchy and were seldom answered. This brought about numerous consequences, which were entered into wholeheartedly by the contestants. One of the higher scores on the applause meter was the "Marshmallow Marathon" by Dolly Clem and H. L. Huff. The grand prize of the evening, however, as determined by the highest score on the applause meter was awarded to James A. Stevens for his exceptionally comic rendition of a well known Hawaiian number.

The S. O. F. A. Club meets regularly each fourth Thursday night for a dinner meeting and program. The program for the March 28th meeting will be in charge of the Soil Conservation Service.

Wilfred H. Schaffner, Boatwain's Mate Second Class in the U. S. Navy, has been granted an honorable discharge from the service, according to a communication sent out Monday from the Branch Office of Public Information, Eighth Naval District, at Dallas. He is a son of Mr. and Mrs. A. D. Schaffner living a few miles west of Tahoka. His wife, Mrs. LaVerne Schaffner, also lives here.

The County Agent Says:

Irish potato production is coming to Lynn County this year. There will be 50 acres of Irish Cobbler potatoes on the Dr. English farm planted by Mr. E. W. Turnipseed, L. W. Fulford and Lawrence Fulford, Jr. They plan to plant this acreage between March 15 and March 25. The land is being watered this week in preparation for this planting.

With normal yields, this 50 acres should produce around 10,000 sacks of No. 1 spuds.

Since potato growing is relatively new in Lynn County, a lot of farmers in the county have not seen all of the different types of machinery necessary in potato production. Some of this machinery will likely be on exhibit at the county livestock show and farm equipment and labor saving device show to be held in Tahoka, April 13.

With over 50 irrigation wells in the county at this time and several others contracted to be drilled this year, quite an increase in vegetable production is expected in the county this year. The acreage planted to black-eye peas, both under irrigation and dry land is also expected to be greatly increased this year, due to the very favorable price outlook.

It was argued by early day Christians that the world must necessarily be flat, because otherwise when Christ returned, He would have to make his appearance twice—once for the benefit of those living in each of the two hemispheres.

The dawn of a long period of farm-to-market road building in Texas and other states is here. Some new state highways are yet to be constructed and many of the present ones are to be repaired or broadened, but the emphasis from here on out, for many years at least, is to be placed on the building of farm-to-market roads. This will include both the building of short intra-county highways, such as the Wilson-New Home highway and the Draw-Wells highway in Lynn county, and also the building of systems of farm-to-market roads through county bond issues. The farmers of Texas are behind this movement and they mean to put it over. So, whether you have given the matter much thought or not and whatever your views may have been in the past about road-building, the citizens of Lynn county and of Texas generally had just as well begin the adjustment of their thinking and their views now to conform with this comprehensive and progressive new program now in the making. The movement of Texas farmers to lift themselves out of the mud and out of sand barriers has already gathered considerable momentum. Not only in Lynn county but in many other counties has the matter taken shape or is about to do so. Lynn county is not the very first but it is among the first to join in this program—a fact of which we are proud. Lynn county is one of the very best agricultural counties in the state, particularly in the production of cotton and the sorghum grains, cattle, hogs, and poultry. As dry as this area is reputed to be, many roads of the county in many places often become impassable by reason of water and mud. The wise business man will join with the farmers to carry out this general program, for business men are just as vitally concerned as is the farmer. Let's all pull together.

The News received the first of the week a big, fat envelope from Beauford H. Jester of Corsicana, now one of the railroad commis-

sioners of Texas, containing his announcement, platform, and other matter relative to his campaign for the governorship of Texas. His platform is good in many respects but evidently it was carefully framed to catch votes and accordingly contains a number of glaring inconsistencies. For instance: He favors "increasing the pay of public school teachers" and "paying them salaries in keeping with the valuable services they are rendering"—a thing that all of us should favor—and, second, he favors "payment of the \$40 per month Old Age Pension as voted by the people of Texas on August 21, last" and and opposes "the reduction of old age assistance to our old folks who live with their children" and third, he favors "a constitutional amendment which would provide funds to carry out adequate building programs at all state supported schools" and he specifically mentions in this connection the University of Texas, the A. & M. College, Texas Technological College, The Prairie View State College for colored youth, Texas State College for women, "and other state colleges." Many of his other proposals would require additional money; and then he follows all this up with the declaration, "I'm opposed to the levying of any new taxes." The way some of our candidates propose to improve and enlarge every good thing and to do it without money, indicates that they expect to employ magic. We suggest that the people hunt out the greatest magician they can find anywhere in Texas and then run him for governor.

MANY VETS HAVE ENROLLED IN A. C. C.

One hundred and fifty veterans of World War II have enrolled in Abilene Christian college, Abilene, Tex., under the GI Bill of Rights for the second semester which began Thursday, January 31. All are qualified for membership in the Veterans' Organization, which was organized on the campus in the fall of 1945.

Vaughn E. Young, son of Mr. and Mrs. Lynn B. Young, Rt. 4, Tahoka, is one of the veterans attending under the GI Bill of Rights. He is enrolled as a freshman and is majoring in pre-engineering. Young graduated from Cotton Center high school in 1944.

Many high schools throughout the nation give actual credit toward graduation for training received in the Regular Army.

WYNNE COLLIER, Distributor

Sidelights From Washington

(By George Mahon)

This is being written as I return by train from Perryopolis, Pennsylvania, where I have been to attend the funeral of Congressman J. Buell Snyder, who died suddenly at the age of 68. Mr. Snyder was chairman of the House Subcommittee on Military Appropriations. Having served on this Subcommittee myself with Mr. Snyder, I was one of the group appointed by Speaker Rayburn to attend the funeral. Several Pennsylvania Members, including Senator Guffey, were present. The Secretary of War was also in attendance.

It was Mr. Snyder's committee that handled the atomic bomb project, appropriating the money and cooperating with the War Department on the venture. One of the highlights of my association with Mr. Snyder was in connection with this subject and the trip which we made through the atomic bomb plant in Tennessee last May.

Mr. Snyder had long been a resident of Perryopolis, a little town of 1500 people in an agricultural and coal mining area of Pennsylvania. There was character and kindness in the faces of the people at the funeral. I was reminded once again that the rural areas and little towns make a large contribution to the greatness of America.

Today the House Appropriations Committee put the final touches on the Annual Agricultural Appropriations Bill. The bill is scheduled to be voted on in the House on March 6th and go to the Senate for action there.

Some of the provisions which we have put in the bill which will interest West Texans are the following:

AAA funds which are paid to producers for cooperating with the Soil Conservation program will be about the same as last year—\$300,000,000.

This is, of course, the largest single item in the entire bill.

An additional \$250,000,000 is provided the REA for the fiscal year beginning July 1, 1946. When this is added to other funds recently made available, it will insure a tremendous expansion in rural electrification.

The sum of \$325,000,000 is proposed for the regular loan program to buy farms under the Farm Security Administration. An additional sum of the same amount is proposed for the regular loan program to farmers seeking to purchase farms under the F. S. A.

The sum of \$1,000,000 is provided for the purchase of surplus dirt-moving equipment by the Soil Conservation Service for loan to the Soil Conservation Districts.

Months ago I thought we were going to be able to get large quantities of surplus dirt-moving equipment transferred from the Armed Forces to the Soil Conservation Service for the use of local Soil Conservation Districts. Unfortunately, our efforts in that direction have thus far been blocked.

The appropriations Committee, in my judgement, made a serious mistake in failing to grant the total sum requested by the Department of Agriculture to combat the pink bollworm. The bollworm has a firm foothold in the Rio Grande Valley and Old Mexico, and is the most dangerous pest known to cotton production.

A few pink bollworms have been discovered from time to time in our 19th Congressional District, and certain precautions have been taken. However, our winters are sufficiently cold that the threat of the West Texas-Plains area is not so great as in the milder climate in East Texas and the Old South.

If the major cotton producing areas of the South should become infested with the pink bollworm, the consequences would be disastrous, according to officials of the Department of Agriculture.

MORE THAN 2 MILLION JUST LIKE ME!

Every year from the ranches of the Panhandle-Plains and Pecos Valley, come more than two million head of the finest beef in the world. There's plenty of good feed, an abundance of crystal clear water, healthful climate, and men who know how to take care of cattle.

This entire area is ace-high for beef production. Everything is in its favor for raising the finest beef in the U.S.A.

We have everything in the Panhandle-Plains and Pecos Valley including an abundant supply of cheap, dependable electric power. Electric power helps the cattleman, too, in grinding feed, pumping water, irrigating, filling silos and a score of other tedious chores.

ADAMSON AND CLEM VOWS READ SUNDAY

Miss Melba Adamson, daughter of Mr. and Mrs. D. R. Adamson of Tahoka was wed to Mr. Roland Clem, son of Mr. and Mrs. C. A. Clem, Tahoka, Sunday afternoon at the home of Rev. Norvell M. Young, minister of the Church of Christ in Lubbock. A double ring ceremony was read before a fireplace decorated with assorted flowers.

The bride wore a dress of sky blue crepe with black accessories, a shoulder corsage of red rose buds. The traditional theme of something old, something new, something borrowed, something blue was carried out.

Mrs. Clem is a graduate of Post

High School and a former employee of the Brownfield State Bank of Brownfield. Mr. Clem was recently discharged from the Marines and is now associated with the Continental Oil Co.

The couple was attended by Jacqueline Thompson of Brownfield and Mr. Dick Turner of New Home. Other visitors were the groom's sister and husband, Mr. and Mrs. Bob Connolly of Tahoka, Mr. and Mrs. James Brown of Levelland and Mr. and Mrs. Elwood Gradine of Lubbock.

A reception was held following the ceremony at the home of Mr. and Mrs. Elwood Gradine, 229 twenty third street. A tiered cake after being cut by the bride and groom was served by Mrs. Elwood Gradine with Jacqueline Thompson at the coffee service.

After a wedding trip to Old Mexico the couple will be at home in New Home.

CARD OF THANKS

We are grateful to our friends and neighbors for their kindness and sympathy during the recent sorrow which we suffered in the death of our dear mother, Mrs. Matilda V. Barnett. We are likewise grateful to those who assisted during her illness. We also appreciate the words of comfort spoken by Brother Price at the funeral service. For all these things we are thankful.—Mrs. Clara M. Johnson, Y. S. Barnett, Robert Barnett.

In the struggle for existence, most animals and insects possess natural physical equipment that is superior to man's in every way. Man's advantage is his power of reason.

THAT STOMACH AGAIN?

Maybe you ate too fast! Worked late. Were too hungry. Normal stomachs are slightly acid, but hurried eating, when exhausted, can cause EXCESS acid. ADLA Tablets contain Bismuth and Carbonates for QUICK relief. Ask druggist for ADLA.

TAHOKA DRUGS

New Home News

(Mrs. A. L. Pace)

Mr. and Mrs. Jibo Fortenberry have returned from their winter home at Corpus Christi.

Mr. Vergil Haley and family are moving to Morton. He is moving his house there, and he will farm near Morton another year.

The high school classes honored Betty Jean Pharr with a skating party at Lubbock last Thursday night. Betty Jean is moving to Meadow. After the class tournament's last Friday, Nelda Jobe presented her with a silver compact, a Max Factor Make-up-set, and satchet. These gifts were from all the High School students. The basketball team will surely miss Betty Jean another year.

The seniors are sponsoring a forty-two party Friday night, March 8th, at the High School. The admission will be 35 cents each and refreshments will be served free. The proceeds will be put in senior fund for senior expenses.

Group pictures were made of each of the classes in High School and of the basketball teams last week by the Koen Studio.

Sgt. Carlisle from the State Department of Education and Mrs. Lenore Tunnell made a visit to the New Home School last week. Sgt. Carlisle made a talk on "Driving Safely" and he also showed the entire student body a picture about "safe driving".

New Home Baptist Church is having a study course this week. Rtv. Richard Phil from Waco is teaching the course. The course will end Thursday night, March 7th.

Billie June Balch is having a tonsilectomy performed some time this week.

Mr. and Mrs. Fred Gass are the parents of a daughter born March 4th.

The New Home High School played their class tournament's last week beginning Wednesday afternoon. The first game was junior girls vs senior girls. The junior girls were victorious. The same afternoon the senior boys defeated the freshman boys by a mere one point.

Friday afternoon playing was resumed with the sophomore girls playing the freshman girls. The freshman girls were victorious, thus going into finals with the junior girls. The sophomore boys played the senior boys in rather an exciting game. The senior boys won. Then came the final girls game. This game surely was exciting. The freshman were victorious again.

Mr. and Mrs. Loyd Conwill left last Saturday for Mineral Wells for a few days of rest and recreation.

RENEW for your home paper today.

ORDER EASTERN STAR

A memorial service held by Tahoka Chapter Order Eastern Star in Masonic Hall last Friday night was well attended by local members with members of two chapters in Lubbock and the Post Chapter as special guests, bringing the total number present to more than eighty.

Talks were made by several of the guests in attendance, and a social hour was enjoyed after the program.

CARD OF THANKS

We wish to publicly express the deep appreciation of our hearts for every kindness shown us during the illness and at the time of the death of our beloved mother, Mrs. Maggie Vick, to the ladies who sat up so long, and to those who expressed

their sympathy in words or in flowers. We sincerely thank you all—Pat Swann and family; Fred Branman and family.

The first social workers in the Empire State were the Dutch Slockent-roosters, whose duty it was to visit sick persons in their homes.

YESSIR... WE'RE LAYING 'EM IN THE AISLES Since We've Been Eating

MINIMAX FEED

Ultra-Lifed Laying Mash

YEP, we're wowing 'em!... Egg production has gone up and up... we're laying 'em in the aisles!... Ever since the Boss put us on that new Ultra-Lifed Laying Mash. Why, once our eggs were scarce, but not any more. Ultra-Lifed Laying Mash that turned the trick, with the vitamins and minerals and other stuff we needed! Keep the hoppers full of it, Boss, we'll keep you hoppin'—gatherin' in the eggs!

Ultra-Lifed Laying Mash is rich in proteins which stimulate egg production. More than this, however, it contains an abundance of essential vitamins and rare minerals which are equally necessary if the hen is to be capable of reproduction over a period of time. Herein lies the explanation for its exceptional results and the reason why so many poultrymen have continued to feed Ultra-Lifed Laying Mash for many years. Make sure the laying mash you use makes possible CONTINUED high egg production. Switch to Ultra-Lifed Laying Mash now.

Ultra-Lifed Laying Mash
Is Manufactured and Sold by
CALVERY'S HATCHERY

Out of the oven comes a tasty roast, done to a turn... out of the refrigerator, a dainty chilled dessert... out of the faucet all the hot water you want when you want it. Magic? Certainly. The Magician? Your wife. Her properties? The Modern CP gas range, the silent gas refrigerator, and the automatic gas water heater. These three give you all of these domestic comforts without fuss or feathers.
