Number 25

Lynntegar Annual Member Meeting Here Tuesday

Members of the Lynntegar Rural Electric co-operative will hold their annual meeting in Tahoka Tuesday, April 2, at 2:00 p. m. in the Wallace Theatre, according to announcement of President John Heck of Wilson.

The program will include reports by officers, election of directors, talk by Wm. A. Ricketts of REA Applications and Loans division, presentation of prizes, and a free picture show, "Manpower," starring Edward G. Robinson and Marlene Dietrich.

Present officers and directors are: Mr. Heck, president; J. F. Maxey of Garza county, vice president; Graham Hensley of Lynn county, secretary-treasurer; Howard Moore and Frank Harris of Dawson county; James P. Daniel of Terry county; and Earl Houx of Hockley county. Garland Pennington is manager of the co-operative.

All members, men and women, are urgently requested to attend the meeting, and to participate in the discussion of problems of the organizations.

Lynntegar has been making many extensive improvements and expanding its system and service in the counties which it serves, Lynn, Terry, Hockley, Garza, Dawson, Borden, and Martin.

Plans are under way for further expansion. It is hoped that a rural telephone system may be added to the electric service in the future.

Aided by Government loans, the Lynntegar has become one of the most extensive and most successful electric co-operatives in this area, and now serves approximately 2,500 farm homes on the South Plains.

A few months ago, lots were acquired here for a modern headquarters building, to be erected as soon as materials are available.

J. A. Parrish Is In Precinct Race

J. A. Parrish of Grassland, a prominent farmer of this county for many years, has been persuaded by friends to make the race for county commissioner for precinct No. 2, and his announcement accordingly appears in this issue of the News. His brief announcement message to the people appears below.

"I have been a resident of Lynn county for 22 years and have never asked for public office, but I have been enticed by my many friends to run for commissioner of precinct No. 2.

"In doing so, I fully realize the importance of the office, and if my chance to plant me in the office I wish to assure you that I will do my best to serve the people of this precinct."

Mr. Parrish is a well-known and respected citizen of this county, and his name is well known to all the people of this precinct.

Mr. Parrish is a well-known and respected citizen of this county, and his name is well known to all the people of this precinct.

AAA Meeting In Tahoka Today

All community and county committeemen will meet in the AAA Office in Tahoka for an all day meeting to discuss the 1946 Farm Program and also Federal Crop Insurance for 1946. Notices have been sent to all these committeemen and they are urged to be present for this important meeting since they are the Farmers representative in their respective communities and it is their job to help administer the farm program in any way possible.

Garrard Proposes Employment Office

Lynn county has an opportunity to secure a full-time U. S. Employment Service, Judge Tom Garrard has been informed, and he has called a meeting of citizens for 3:00 p. m. Saturday to discuss plans for securing the service.

Judge Garrard says: "I have recently been reliably informed that if application were filed and proper showing made, the U. S. Employment Service would put a full time service in Lynn County, without cost to the county other than furnishing office space for the purpose of attending to all service to returning veterans. And since there are a large number of Ex-service men in the County and others returning every day the service we now get by the agent, coming to Tahoka once every two weeks is inadequate to take care of unemployed and part time employed veterans and better service can be given by a full time agent."

"All ex-service men and their fathers and mothers, American Legionnaires, Veterans of Foreign Wars, Chamber of Commerce and others interested are invited and urged to attend a meeting in the County Court Room in Tahoka Saturday, March 30th at 3 P. M. to discuss plans and means of securing this free service which I think is badly needed in this County at this time."

Mr. Garrard is a well-known and respected citizen of this county, and his name is well known to all the people of this precinct.

Mr. Garrard is a well-known and respected citizen of this county, and his name is well known to all the people of this precinct.

Negro Shot At O'Donnell Sunday

E. W. Mathis, O'Donnell negro, was critically wounded Sunday in that city when shot by Henry Fry also of O'Donnell, with a shotgun in front of Preacher's Cafe, a Negro cafe located in the colored section of that city.

Fry, also a Negro, was released on bond this week by Sheriff Sam Floyd, B-5 District Attorney Calloway Huffaker and Sheriff Floyd were doubtful that Fry would be tried, however, since all evidence pointed to self-defense.

Mathis is alleged to have threatened Fry several times previously, and Sunday afternoon when Fry drove up to the cafe with his family in his car, Mathis pulled a six-shooter and told Fry he intended to kill him. Fry is said to have run around his car, secured a shotgun and fired on Mathis as he advanced.

Randolph Rutherford Home From Service

Mr. and Mrs. Randolph Rutherford are really enjoying home life since they returned to Tahoka two or three weeks ago. Formerly it was Captain Rutherford but he brought his discharge home with him and is now carrying on strictly as a civilian. He has announced no plans for the future except that he expected to take a rest.

Mrs. A. M. Cade, his mother-in-law, says however that his rest so far has consisted chiefly of working in his yard, whereby he has acquired a bunch of corns and blisters on his hands and fingers.

Randolph was formerly manager of the Cobb Department Store here, in which he owns an interest. He has been stationed on the West coast.

W. R. Rogers, father of Horace Rogers and Mrs. W. T. Kidwell, was taken to a Lubbock hospital Wednesday for treatment and will probably undergo an operation while there.

105 Entries Filed For Lynn County Livestock Show

One hundred and five head of Livestock have been entered in the Lynn Co. Livestock Show by 4-H Club members. This years show will consist of eight classes of Livestock for 4-H Club members only and two divisions open to the public. The eight divisions for 4-H Club Members are as follows: gilts, sows, sows and litters, Jr. boars, Sr. boars, dairy heifers, dairy cows, and beef calves. The two divisions that are open to the public are beef cattle consisting of the following divisions: heifers, cows, Jr. bulls and Sr. bulls. The horse division consists of the following: Jr. girls and boys saddle ponies, and men and women saddle ponies. Judge for the show will be Mr. Ray C. Mowery, Assistant Head Dept. of Animal Husbandry at Texas Technological College. Judging of the Livestock will begin at 1 p. m.

The Farm Equipment and Labor-saving Device Show will be held from 9 to 12 Saturday morning. Part of the show will consist of exhibits of the latest type Farm Equipment by the Farm Machinery Dealers in the County, and Labor-saving Devices that farmers have made or had shop made. Also on exhibition a truck load of Labor-saving Devices from A. & M. College which will be demonstrated by Mr. R. B. Hickerson, Assistant State Farm Labor Supervisor, and some Labor-saving Devices by Mr. Paul A. Schmidt of Farwell, Texas will be demonstrated by Mr. Schmidt and an assistant.

Sponsors for this years Show are the Tahoka and O'Donnell Rotary Clubs, and the Tahoka and Wilson Chamber of Commerce.

Youth Center To Sponsor Show

The Lynn County Youth Center is sponsoring a midnight picture show May 5 at the Rose Theatre to raise funds to finish remodeling and painting the old Red Cross building. They plan to buy some fixtures for a snack center, lamps for a reading room, some games etc. This is a good thing for the youth of Lynn County.

The tickets are now on sale for \$1. If you don't plan to see the show, "Men In Her Diary", a good comedy, buy some tickets anyway.

The youths are eager to finish up the building so they can have a big opening night with a good program. The public is to be invited, LET'S ALL HELP!

Scholastic Census Is Being Taken

Enumerators are this month taking the annual scholastic census in the various school districts. Mrs. Lenore Tunnell, county superintendent, requests that parents not already contacted see her at once, for the census will be completed by April 1, and any child not enumerated will cost the home school \$30.00 in state apportionment.

All children born since September 1, 1928, or before Sept. 1, 1940, should be enumerated this year. If enumeration blanks have not been filled in for your children born between these dates, see Mrs. Tunnell at once.

CHURCH MAKES REPAIRS

Workmen have been busy the past few days remodeling and repairing the sewer system and the restrooms in the First Methodist Church building.

The work has been done under the direction of J. D. Donaldson, a member of the board of stewards.

School Trustee, City Elections Are Scheduled Next Week

Names Filed For School Trustee Election April 6

Preparations are being made for the election of school trustees on Saturday of next week, April 6, in every school district in Lynn county. Wednesday was the last day for filing of candidates.

In the Tahoka district, two trustees are to be elected this year to serve a period of three years. The names of H. O. Hargett and Fred McGinty have been filed. They would succeed Winston C. Wharton and John G. Price, who did not file for re-election.

Other members of the Tahoka board are Trueitt Smith, president, E. R. Edwards, Maurice Small, Dr. Emil Prohl, and Wynne Collier. Judge Tom Garrard requests that election officials of the various districts come to his office for their supplies.

Van Swafford Is Buried Here

Funeral services were conducted here Wednesday afternoon at the Harris Funeral Home for Van Anderson Swafford, 53, who died in Seattle, Washington, on March 19.

The remains were brought back here for burial, the family and the body arriving Tuesday afternoon. The funeral services were conducted by Rev. E. K. Shepherd of Wilson, the Baptist pastor here being out of town. The deceased was a former resident of Tahoka and was well known here. He had been residing on the west coast for several years and had been in bad health for many months.

Born at Wellington, Texas, on July 17, 1892, he came to Lynn county in 1915, and on January 23, 1917 he was married to Miss Viola Roberts, daughter of Mrs. Rebecca (Aunt Becky) Roberts. Three children were born of this marriage, Norman, deceased, Billie and Jack.

Surviving him are the wife and two children, his mother, Mrs. Emily Elizabeth Swafford of Coachella, Watkins of Walters, Oklahoma, California; four sisters, Mrs. Eddie Miss Mamie Swafford of Amarillo, Mrs. Billie Covey of Coachella, California, and Mrs. Evelyn Crawford of Saluda, North Carolina; four brothers, Bob Swafford of Littleton, Colorado, Dick Swafford of Los Angeles, Roy and Leonard of Denver, Colorado.

Pall-bearers were Walter Anglin, Bill Burleson, Aubrey Cade, Borden Davis, Buster Fenton, and Marvin Wood.

Johnson Grass Patch Converted Into Big Wheat Crop By City

The City of Tahoka is in the wheat farming business—and has 26 acres of what is probably the best wheat on the South Plains.

How did the City come to be in the farming business? The City owns 40 acres of land about a mile and a half south of town, on which is located the sewerage disposal plant, water from which has long been overflowing across the tract and even onto land owned by John Slover. The water had carried weed seeds and Johnson grass seeds to the plot, poisoned up the land, and was damaging that of Mr. Slover.

The City had to do something to stop the flow of water onto private property and the spreading of the noxious seeds, the result being that the City broke out 26 acres of their land below the disposal plant, worked it all last summer to kill the weeds and Johnson grass, and the first of November sowed it in wheat.

Today the wheat is fully a foot high and as thick as the hair on a dog's back. Of course, it has been irrigated from the disposal plant overflow. It may be that it has grown too fast, but the City Dads are expecting to harvest a bumper crop, come Summer. The Johnson grass has been killed out, there'll likely be a nice profit from the experiment, and everybody's happy.

Incidentally, Mayor Joe Bqvell and Alderman Joe Heare, who carried the News man down to see the wheat crop, say that most of the credit is due Water Superintendent Pat Hines, who has turned farmer in addition to his other duties.

Showers Relieve Sandy Weather

A slow drizzle Tuesday night and Wednesday morning netted .14 of an inch of moisture for Tahoka. This, of course, is not sufficient to do much good but will serve possibly to off-set a sandstorm or two. March, which is West Texas' windiest month, has been somewhat windier this spring than usual. It may foreshadow another dry year.

City Secretary, Three Aldermen Will Be Elected

An election will be held here Tuesday, with polls in the county court room, for the purpose of electing three aldermen and a city secretary.

Only qualified voters of the city of Tahoka are eligible to vote. The names of three men have been filed for as many places on the City Council. They are S. S. Bartley, K. R. Durham, and J. L. Heare, all present members of the council.

The name of Miss Rosemary Nelms has been filed for re-election to the office of city secretary.

These men and other members of the council are generally conceded to have done an excellent job of handling the city's finances. In fact, the City of Tahoka is in better shape financially than ever before in its history.

They have expressed themselves as desiring to make further city improvements as soon as materials and labor are available.

C. of C. Leaders At Vet Meeting

On Friday of last week Ted Waggoner, President of the local Chamber of Commerce, and Clint Walker, Secretary, attended the West Texas Conference on Coordination of Veterans Services held in Amarillo. The theme of this meeting was "The Community's Responsibility to Veterans and Their Families," and both Waggoner and Walker report this a very informative meeting.

Ways and means of the community equipping itself to serve the veterans and their families was the main topic discussed. Many counties in this area have already set up Veterans Information Centers to further aid the returning veterans in securing the privileges and benefits justly due him and the Tahoka Chamber of Commerce believes that Lynn county should have such a center and have pledged their full support to this project.

"When a veteran needs assistance or information with any of his problems, we believe there should be a center in the county where he can secure reliable information and the maximum assistance possible," the Chamber of Commerce official pointed out.

Lynn county now has a county service officer, Mr. Elbert Carey, who will assist the veterans and their dependents in any way possible. It is thought that the veterans Information Center will center around the county service officer, and with the assistance of the community he will be able to serve all veterans to the fullest. His office is located on the second floor of the Court house, in the room formerly occupied by the Rationing Board.

Will Rogers' Humorous Story

By WILL ROGERS

A RICH American and his daughter were looking Scotland over last week, and when they got to the outskirts of a little town it started to sprinkle of course. The American says to the guy that looked like Harry Lauder, "Say, do you know where I could buy a machintosh for my daughter?"

"Where?" says the Scot, "I dinna ken a McIntosh ya kin get here about, sin' they're all either married or verra rich. But there's a braw MacTavish lad doon by the loch that's a bit fond of the coin, an' he might marry her, for the lass is nae so ugly."

Mr. and Mrs. W. A. Yates, Dub Fulford and Bill Barham have returned from a few days' stay at Stall Wells, South Bend, Texas.

Mr. and Mrs. S. J. Akin are spending a few weeks with their children in Hamilton county and at Winters, Runnels county.

NAZARENE REVIVAL BEGINS TONIGHT

The Revival at the Church of The Nazarene will begin Friday night April 5th.

Rev. and Mrs. R. L. Holder of Lamesa, Texas have been secured as special workers. Rev. Holder preaches an "old fashioned Gospel" in an old time manner. Mrs. Holder will have charge of the singing. She will direct the choir and they will sing special songs. We welcome you to attend. Mrs. J. D. Roedler, Pastor.

BAPTIST NOTES

Rev. Levi Price left Sunday afternoon for Eastland, where he is preaching in a revival meeting this week.

Boyce Evans, son of Mr. and Mrs. C. B. Evans of Tahoka, who is a ministerial student in Hardin-Simmons University and who was ordained into the Baptist ministry here a few Sundays ago, will fill the pulpit of the First Baptist Church here at both the morning and the evening hours next Sunday.

In the absence of the pastor, the Brotherhood rendered a program of talks and music last Sunday night.

There were 360 in Sunday school that morning, and it was announced that an error in the report of the previous Sunday had been detected. Instead of 515 as reported there were 575 present on that day, the result of a church-wide drive.

During last week the pastor and the Brotherhood rented a building situated north of the Tahoka Coop. Gin for a Mexican Mission. A missionary was employed by the Brownfield association a few months ago to work among people of this race in the association. Not much had been done in Tahoka, for no building was available for their meetings. The missionary, Rev. Linars, conducted the first services in this building last Sunday afternoon, five representatives of the Church and the Brotherhood and a little more than fifty Mexicans—men, women, and children—being present. A Sunday School was organized and a superintendent and two teachers were elected. The missionary also preached.

A few members of the First Baptist Church here and doubtless other Baptists in the county attended a district convention in Levelland Tuesday and Wednesday.

ELECTION NOTICE

Notice is hereby given that an election will be held in the County court room in Tahoka on Tuesday, April 2, 1946, for the election of a city secretary and three aldermen for said city. Polls will open at 8:00 a. m. and close at 7:00 p. m.

Said election will be held in accordance with the laws of Texas governing such elections and all persons who are otherwise qualified to vote and who have been residents of this state for one year and of the city of Tahoka for six months preceding such election will be allowed to vote.

R. C. Wood has been appointed judge of such election and he will appoint his own helpers.

J. T. Howell, Mayor.
Attest: Rosemary No. 123, City Secretary.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

CARDUI

METHODIST CHURCH

The young people observed Youth Day last Sunday and had charge of the evening service. Every one enjoyed their program very much. The Youth Commission in the local church is one of the most active groups. Each Sunday evening this group has charge of the song services preceding the sermon.

In spite of so much sickness this winter, the attendance has held up remarkably well both the Sunday School and preaching service.

Home visitation evangelism will be done between now and Easter. A religious survey will precede it. Some three years ago a small group put on a similar evangelistic program with satisfactory results. It is hoped that much good will be done this time.

Old time texts are used each Sunday morning that meant so much to the people many generations ago. No doubt it will help today. We invite you to all of the services of the day.—Reporter.

PRESBYTERIAN SUNDAY SCHOOL

Miss Ethel Callahan, Supt. Meets each Sunday morning at 10:00 o'clock. You are cordially invited.

We'd like to nominate Reno as capital of the Great Divide.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expectorate, loosen phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you here to have your money back. SERVING THROUGH SCIENCE

a new kind of rubber brings you a great new INNER TUBE

The **U.S. ROYAL BUTYL TUBE**

OUT OF THE WAR came a new kind of rubber—**butyl**. Because of its special properties, it makes the finest inner tubes you've ever known. It's tough and strong. It resists splits and tears. And it holds air far longer than ordinary rubber.

United States Rubber Company scientists pioneered in developing butyl inner tubes for the Armed Forces. On every front, in every service, they dramatically surpassed all previous standards of tube performance. Now, U.S. Royal Butyl Tubes are ready for you — to bring you better, safer motoring.

See this great new tube at your U.S. Tire Dealer's store

* HOLDS AIR MANY TIMES LONGER... * FIGHTS PUNCTURES... Makes Driving Safer

U. S. Royal Butyl Tubes hold air in your tire many more times longer. Less checking — less danger of under-inflation — more miles of dependable, trouble-free service.

Nail holes won't spread in U.S. Royal Butyl Tubes — the tube squeezes right around the nail, holds air in. No sudden letdowns — fewer roadside tire changes.

Mr. and Mrs. Aaron W. Jobe of New Home are announcing the approaching marriage of their daughter, Keith Louise, to Dean Witt, son of Mr. and Mrs. I. R. Witt of Hamlin, Texas. The ceremony will be read by Rev. E. C. McDonald at the Ropesville First Baptist Church on April 7.

Mrs. C. D. Crouch Jr., daughter of Mr. and Mrs. Bill Balch arrived home Sunday from California where she had been with her husband until he went over seas.

Melvin Newman son of Mr. J. H. Newman of Lakeview will leave for San Diego, Friday the 29th. He has been on emergency leave due to the death of his mother.

The pulpit of the First Baptist Church here at both the morning and the evening hours next Sunday.

In the absence of the pastor, the Brotherhood rendered a program of talks and music last Sunday night.

There were 360 in Sunday school that morning, and it was announced that an error in the report of the previous Sunday had been detected. Instead of 515 as reported there were 525 present on that day, the result of a church-wide drive.

During last week the pastor and the Brotherhood rented a building situated north of the Tahoki Coop. Gin for a Mexican Mission. A missionary was employed by the Brownfield association a few months ago to work among people of this race in the association. Not much had been done in Tahoka, for no building was available for their meetings. The missionary, Rev. Linars, conducted the first services in this building last Sunday afternoon, five representatives of the Church and the Brotherhood and a little more than fifty Mexicans—men, women, and children—being present. A Sunday School was organized and a superintendent and two teachers were elected. The missionary also preached.

A few members of the First Baptist Church here and doubtless other Baptists in the county attended a district convention in Levelland Tuesday and Wednesday.

WILSON 4-H CLUB

The club met March 19 in the Eighth grade room. Miss Anderson gave a lecture on sewing boxes—how large they should be; what should be in them. Mrs. Church, our new sponsor, met with the club. The club is going to meet with her on April 2. The club had one girl to volunteer to be clothing demonstrator. The club will meet with Miss Anderson April 16.—Reporter.

Clarence and Vernon Steele and Buster Millman attended a training school on the fluid drive, as used in Chrysler and Plymouth automobiles, at Lubbock Thursday night.

CARD OF THANKS

Words cannot express our thanks to our friends and neighbors that were so kind to us, and stood by our side on the loss of our loved one, husband and father.—Mrs. B. R.

IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine. Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try Dr. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieve troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

ELECTION NOTICE

Notice is hereby given that an election will be held in the County court room in Tahoka on Tuesday, April 2, 1946, for the election of a city secretary and three aldermen for said city. Polls will open at 8:00 a. m. and close at 7:00 p. m.

Said election will be held in accordance with the laws of Texas governing such elections and all persons who are otherwise qualified to vote and who have been residents of this state for one year and of the city of Tahoka for six months preceding such election will be allowed to vote.

R. C. Wood has been appointed judge of such election and he will appoint his own helpers.

J. T. Howell, Mayor.
Attest: Rosemary Ne'as, City Secretary.

Wonder if they call it puppy love because it's the beginning of a dog's life?

I'm Growing Right Out of 'Em Since I've Been Eating **MINIMAX**

(All Mash Starter and Grower... All Mash Start-to-Finish... Broiler Mash... Pullet Developing Mash... Layer... whichever mash you manufacture, or want)

Ultra-Lifed Growing Mash

GOSH, there's no stopping me! I'm growing almost faster than I can feather!... since I've been feeding on Ultra-Lifed Growing Mash. Why only a few weeks ago I was just a little shaver, but look at me now! Yes, and the whole flock is growing! The Boss says it's the vitamins and minerals of that Ultra-Lifed Growing Mash. All I know is, I'm growing big, and that sure is great!

Ultra-Lifed Growing Mash contains in adequate quantities, essential vitamins and minerals so vitally necessary to sound, rapid growth, plus essential proteins and other ingredients. Thousands of successful poultrymen have fed Ultra-Lifed Growing Mash for many years, and proved it an important factor in profitable poultry raising.

Farmers At Wilson Are Drilling New Irrigation Wells

Farm owners in and around Wilson are taking steps to forestall the ravages of a possible drouth. A number of them have drilled irrigation wells and others will do so. County Commissioner Pat Swann possibly leads the list. He brought in a well on his farm out seven miles northwest of Wilson less than two weeks ago that is said to be capable of pumping from 700 gallons to 1,000 gallons per minute. John Heck brought in a well on his farm adjoining the townsite of Wilson last week that is good for 500 gallons per minute. Bill Davis, living four miles east of Wilson, has a well on his place

with a possible output of 900 gallons per minute, it is reported. There are several other wells in that vicinity of somewhat smaller output.

S. A. Cummings is drilling a well on his place down the railroad two miles this side of Wilson. A number of others are planning to drill soon.

ALL DAY SERVICES AT CHURCH OF GOD SUNDAY

The revival at the Assembly of God Church is a decided success so far, according to Rev. Leon Quill, the pastor. The attendance is good and there have been several conversions. The Rev. J. B. Wharton is preaching the old-time gospel under the anointing of God, he says, and his messages are rich and inspiring.

We welcome every one to this revival, he states further. Services are being held each evening at 7:45.

There will be services all day next Sunday at the Church. Visitors from near-by towns will be here, also Rev. H. M. Sheets, superintendent of the district, is expected to be here. Every one welcome.

ROBERT HILL HOME FROM GERMANY

T/S Robert M. Hill, who has been overseas, in Germany, 16 months, with the 314th Engineers in the 89th Division, arrived home Friday. He received his discharge at Camp Chaffee, Ark., a day or two before, and says he made a bee-line for home.

Capt. and Mrs. T. T. Turner left last Friday for Dallas, where he was to assume his former position as mechanical engineer for the Grace Manufacturing Company, a concern that manufactures road machinery. He held that position before entering service in the armed forces. Mrs. Turner is the daughter of Mr. and Mrs. A. M. Cade.

Mrs. T. E. Park, who has been quite ill since Sunday, is reported to be slightly improved. She is the mother of Mrs. Sam Bartley and Ed. and Rainey Park of Tahoka.

California is the only state we've visited, where they had liquid sunshine.

ATTEND CONVENTION

Julie a number of Lynn county people attended one or more sessions of District Nine Baptist convention which was in session in Leveland on Tuesday and Wednesday of this week.

Included in the number were Mrs. Garland Pennington, Mrs. D. V. Smith, Mr. and Mrs. E. I. Hill, Rev. Howard Martin, Mr. and Mrs. W. H. Brasher, and Victor Botkin, all of Tahoka; Rev. and Mrs. E. K. Shepherd, and Mrs. Lonnie Lumsden of Wilson; Rev. and Mrs. E. C. McDonald, Mrs. Henry Heck and others of New Home; Mr. and Mrs. J. W. Lowrey and possibly others of Petty.

Frank L. Woods, who was a seaman first class aboard the U. S. S. Lafayette operating in the Pacific arrived home Monday morning with his discharge. He had visited his sister, Mrs. Jack Cox, in Dallas and met her new son before coming to Tahoka.

Gas 'N Air

First Class Motor Repair By Kelly 'N Ches.

Howdy folks: There's a vast difference between a horse race and a political race. In the horse race the whole horse runs.

You can't fool all of the people all of the time, but a politician is contented with a sizeable majority.

DAFFY-NATION

Politician—One who loves his country and wants to make as much out of it as possible. That little boy who was sent to the store and forgot what he was sent for grew up to be a Congressman.

You know we're only kidding. As a matter of fact, the writer came from a long line of politicians. His grandfather ran for the border, once.

We make no bones of the fact that we are running after your business, and if you need a new or reconditioned V-8 motor see us, for we are sure the change will please you.

Super Service

WRECKER SERVICE Phone 242 Kelly Hill - Chester Short

It wasn't so long ago that only a few farmers in the Panhandle-Plains area knew that the finest potatoes in the country could be grown in this area. It was a small crop then and didn't amount to much.

But look at the potato crop now! It's important and becoming more so every year. Our potatoes are superior to those from the northern states. They taste better—bake better. Agriculture experts will tell you that! And our potatoes are easily marketed.

Yes—we have everything in the Panhandle-Plains—including an abundant supply of cheap, dependable electric power for irrigation and processing of agricultural products.

County Still Short Of Red Cross Goal

Lynn county is \$513.00 short of its Red Cross quota, Clint Walker, county roll call chairman, states. The quota this year is only \$2,380, the lowest in several years, but so far only \$1861.45 has been turned in to Walker.

About half of the county's communities are over the top, but Tahoka and O'Donnell each are about \$300 short of their quotas, and Wilson is approximately \$100 short.

No report at all has been received from either Draw, Grassland, Newmoore, or Gordon.

Chairman Walker urges that all communities and individuals make their contributions at once, in order that Lynn county will not be listed among those who failed to do their part in supporting this worthy organization.

Sgt. Jerry D. Curry arrived home with his discharge Saturday night after almost three years in the U. S. Army and 20 months in the E. T. O. His wife, who had been making her home at San Leandro, California, met him here, when he came up from Fort Sam Houston and they are visiting his parents, Mr. and Mrs. Jack Curry who live north of town.

Golfers and girls are around alike. They try to go around in as little as possible.

Lubbock Orchestra Will Visit Tahoka

Hop Halsey and his Drug Store Cowboys will be in Tahoka, Saturday, April 13 for their regular 12:30 Radio Broadcast. This will be a special added attraction for the Lynn County Livestock Farm Machinery and Labor-saving Device Show to be held on that day.

Another very interesting Labor-saving Exhibit will be presented by Mr. Paul A. Schmidt of Farwell, Texas. Mr. Schmidt is rapidly gaining wide notoriety on his developments for completely mechanizing Fence Building. Mr. Schmidt's Labor-saving demonstration will include the ground driven wire winder, the Tractor attached wire winder, the fence brace assembly, the Wire and Insulator fastener, the Post driver and puller, a new device to roll up woven wire, and an attachment for the corner of the fence brace assembly. Mr. Schmidt will demonstrate the Labor-saving qualities of these devices by showing how greatly the job of Fence Building can be speeded up by mechanization.

Congratulations—

Mr. and Mrs. Frank Timmins, who were reared in this county and now live in Big Spring, upon the birth of a daughter in that city on Tuesday, March 19. The little lady has been named Linda Kay. The mother is the former Gwendolyn Balch, daughter of J. T. Balch, formerly of New Home.

Walker Speaker At Rotary Club

Clint Walker, Lynn county AAA secretary, explained the new crop insurance plan to Rotarians Thursday at noon, as the feature of the day's program. When the scheduled speaker, a Lubbock attorney, failed to show up.

Walter Anglin issued a plea for aid in putting over the Red Cross drive, and Dr. Emil Prohl called attention to the district Rotary conference to be held in Amarillo next month, to which all Rotarians and their wives are invited.

Dr. R. C. Roney, new dentist, was elected to membership in the club.

Vernon Brewer recently was appointed club secretary to succeed Prentice Walker, who resigned when he moved to Brownfield.

Lloyd Conwill returned Sunday from Mineral Wells. Mrs. Conwill met him at Albany.

Some men marry women on account of the women; others on account of father's account.

Poultry Segregation

A definite trend toward segregation of turkeys from other poultry on breeding farms and in hatcheries is reported by the department of agriculture, which has long encouraged this desirable practice as a disease-control measure. Turkeys, chickens, pigeons, in fact, all kinds of poultry should preferably be raised only with their own kind. In a recent report on the operation of the National Turkey Improvement plan, which includes disease control measures, Frank E. Moore of the department's bureau of animal industry declares that in some areas the desirable procedure of segregating turkeys from other feathered stock "is practically 100 per cent, while in others it is far less so." "It will take time," he adds, "to accomplish this in many areas but we recommend it as a goal for every turkey breeder and hatchery." Scientific investigations and practical experience have shown that such segregation helps prevent the spread of parasitic and other poultry diseases.

Siamese Life

Chief siamese interest of the Siamese is in farming and fishing—about four in five make their livings from those occupations. Government activities normally employ a considerable number. Possibly 1 in 50 has a regular job in an industry. Some women keep stores. It is a tradition for men to enter the priesthood, but few devote their lives to it. Monasteries are popularly regarded as places to get the three R's along with religious training. Primary education was made compulsory before the war. The Siamese are fond of games, especially those with an element of chance. They like to pit toy fish against each other, and engage in kite battles. Nearly everyone chews betel nuts.

Cooked Cabbage

Tests at several state experiment stations show that cooked cabbage, held over hot water an hour to keep it warm for serving, loses 70 to 80 per cent of the vitamin C it had when freshly cooked, and in two hours loses 90 per cent. As freshly cooked cabbage contains only about half the vitamin C of raw cabbage, the man who kept dinner waiting got very little C when he finally ate his cabbage. Cooked cabbage held in the refrigerator two or three days and then reheated does not lose as much C as that kept standing on the stove for an hour or two. When warmed up after refrigeration, it contains 24 to 32 per cent of the vitamin C it had when fresh and raw.

COMMISSIONERS COURT MAKING INSPECTIONS

The commissioners court is spending much time these days making inspections of road work done recently in other counties in this section of the state.

With \$850,000 to spend, they are undertaking to be exceedingly careful to see that the money is spent economically and wisely. There are about nine or ten applicants for the position of engineer, but the court has not yet employed one. They intend to employ the best one they can find and hence are taking their time to investigate.

UNDERGOES APPENDECTOMY

Miss Mildred Childress, daughter of Mr. and Mrs. Clyde Childress of Draw and a student in Hardin-Simmons University, underwent appendectomy in the Frazier Hospital in Lamesa on Sunday, March 17. She was still in the hospital at last report received here this week.

CORRECTION

A club reporter to The News last week erroneously stated in her story of the PTA election of officers that Mrs. W. C. Wharton had been elected PTA vice-president. The News is informed that Mrs. J. T. (Abbie) Whorton was the one elected vice-president.

Misses Melba Lois Moore, Mary K. Murray, and Ruth Huffaker of Grassland returned Wednesday of last week to their studies at Peniel College, Bethany, Oklahoma, after spending a few days at home.

Rev. J. P. Durham of Shreveport, Louisiana, came Wednesday morning to spend a few weeks here with his son, Dr. K. R. Durham, and family.

Mrs. Geo. D. Foster of O'Donnell and her daughter, Mrs. Oliver Thomas of Longview, spent Thursday of last week here in the home of Mr. and Mrs. Cleave Bairrington and family.

Clay Bennett returned Sunday from Glen Rose and reported that his mother was showing some improvement but she remained for further treatment.

H. P. Caveness returned Wednesday from a business trip to Jacksonville down in East Texas.

Lumber, lumber everywhere and not a foot to sell—except the green product, and that at enormously high prices. A house built of this inferior lumber will cost two or three times as much as the same house built of good lumber would have cost three or four years ago. The good lumber can not be obtained. And yet we are told that there is no scarcity of it. Great stacks of it are to be found at the mills throughout the lumber-producing sections of the country. Why can it not be obtained by contractors and property-owners, who are clamoring for it? We have heard this explanation. The ceiling prices placed on lumber processed by the big producers is fixed by pre-war prices. Labor and other costs have advanced to such an extent since then that these producers can no longer process this lumber, and make any profit on it. We do not know whether this is the real cause of the cessation of sales or a mere alibi on the part of the big producers. At all events a situation has arisen that needs to be remedied. If the lumber kings are merely seeking to hold up the public or are trying to bring pressure to bear for the discontinuance of the OPA so that they may sky-rocket prices, then somebody in authority should undertake to enforce the anti-trust laws. If their claims are

borne out by the facts, however then the 'OPA must be' at fault. There are no ceiling prices for the little dealer, we are told, and hence he can produce and sell inferior lumber at enormous prices. Whatever the trouble is there must have been a terrible bungling of the business somewhere. In the meantime, Mr. John J. Public is being held up on prices for the small amount of lumber he can buy. The situation demands congressional action of some kind.

The motion picture, the radio, the airplane and other agencies of modern Western civilization are rapidly making the many peoples of the earth into "One World." People everywhere are coming to know one another better and to deal with one another more and more. All this makes for democracy. That is the reason why the teeming millions of India are clamoring for independence; why other teeming millions in China are unwilling to be the pawns of the Russians or the English as well as the Japs. American deals took root in many countries years ago. The blossoms and the fruit are now beginning to appear. Fifty years from now India may be a mighty modern nation, or possibly two or three nations. China may be another. Russia will probably be even much greater than it is today. Some mighty nations are just now rising in South America. The future for Mexico is growing brighter and brighter year by year. Lucky is the child that is born today. He may live to see a great old world.

Mexico and the Mexicans appear to be on the threshold of a period of marvelous material and intellectual development. Not that the older members of the race can be changed much, but there are millions of children in Mexico who are learning to read and to write and to cipher, which their parents never learned to do. Furthermore, there are thousands and thousands of these bright little brunettes who are being educated in Texas and other states of our Union. They may or may not emigrate or return to Mexico some day. But whether they do or not, they will help to raise the intellectual status of the people of Mexico. With an ever increasing degree of culture, their earning capacity will increase and their standard of living will rise. Americans of this day have a wonderful opportunity to help the people of Mexico, educationally, religiously, and economically.

It was Thomas Jefferson who said, "That government is best which governs least." He may have been

PIMPLES
Disappeared Overnight
Blackheads, Too, Went Fast
Yes, it is true, there is a safe, harmless, medicated liquid called PIMPLES that drives up pimples overnight so it acts to loosen and remove every blackhead. Those who followed simple directions and applied PIMPLES upon their faces were amazingly surprised when they found their pimples and blackheads had disappeared. These more substantially prove PIMPLES and claim they are no longer embarrassed and are now happy with their clear complexion. Use PIMPLES. If you application does not satisfy you, get double your money back. Ask for PIMPLES today, now.
WYNNE COLLIER, Druggist.

THAD SMITH

slightly off his cuz-zip, but we are wondering by what right those bureaucrats at Washington can call themselves Jeffersonian Democrats when they undertake to regulate everything from the hiring and firing of your employees down at the office and the shop to the color of the skin of the hired girl who works in your kitchen.

Dr. Homer P. Rainey, candidate for governor for the past year or two, made a speech to the "Young Democrats" down at Corsicana last Saturday and urged that the voting age be reduced from 21 to 18 and thus remove the "disfranchising shackles" from a lot of youngsters. Why not reduce it to 15 or maybe 12, Professor, and thus remove a lot more "shackles"? Why do you want to keep the 15, 16, and 17-year-olds shackled?

It's not the direction of the wind on any particular morning at sunrise that bothers us. It is a west or southwest wind that blows all day long for day after day that tends to give us the dry-weather blues, regardless of what old Rain-in-the-Face or Chief Sitting Bull might have thought about it.

KIDNEY PAINS
To stop irritation, irregular elimination, use CIT-ROS. New remedy quickly restores the normal pH of the body fluids. The cause eliminated, the body stops pain, heals sore spots. CIT-ROS brings you comforting relief. CIT-ROS at your drug store.

MOVIE CONTEST FOR 4-H CLUB MEMBERS

Four-H Club leaders and members in Lynn County have an exceptional opportunity to gain nation-wide recognition and receive valuable awards by participating in the new National 4-H Movie contest, Manuel W. Ayers, County Extension Agent, said today.

Any adult or junior local leader actively engaged in leading a 4-H Club, and club members enrolled this year, are eligible to participate in the contest.

The 4-H leader who submits the best story idea and the 4-H boy and girl chosen to play the leading roles in the movie will each receive an all-expense trip to the 26th Anniversary National 4-H Club Congress in Chicago. Nine runners-up in each division—leaders, boys and girls—will receive U. S. Savings Bonds.

The winning story written by a local club leader will be used in the production of the new 4-H movie and his or her name and address will appear in the film. The story may be based on fact or fancy, or a combination of the two, and should not exceed 500 words. No attention will be paid to literary style or construction.

No experience is needed by either boys or girls who wish to try for a leading role in the movie, although some amateur play, speaking or demonstration practice may be helpful.

All entries must be postmarked not later than April 15, and should be mailed to National 4-H Club News, 59 East Van Buren Street, Chicago, 5, Illinois.

The new 4-H movie will be sponsored by the Sears-Roebuck Foundation.

Club News. Complete information regarding the contest may be obtained at the County Extension Office, the State Extension Services and National 4-H Office.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

What about wages?
Wages have risen steadily for five years. Before the strike which began on January 21, in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 25 cent per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?
No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?
There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?
Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?
As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?
Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point. The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."
The management of this Company cannot and will not say that. It dares not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?
The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.
That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.
Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

Draw Boys Meet In Yokohama

Yokohama is a long way from Draw, Texas.

But recently two Draw boys unexpectedly met up with each other in that ancient and once prosperous Japanese city. They were Pfc. Pat N. Hensley and Pfc. Jimmie Ordell Proctor, both on business over there for Uncle Sam.

They met, says Mrs. A. R. Hensley, mother of Pfc. Pat, at a Red Cross center in Yokohama. They surely were happy, she says, to see each other, for neither had met up with any person from home in a long time.

Pfc. Proctor is stationed about five or six miles outside the city while Pfc. Hensley is in the 495th Port Bn. there.

Terry Thompson and Winston Whar on returned the first of last week from a fishing expedition in company with a party of San Antonio, Alice, and Uvalde men to Don Martin Lake, in Mexico. They report fishing was excellent.

DRAW JUNIOR CLASS TO STAGE PLAY

A play entitled "The Phantom Bell" will be presented by the Junior Class of the Draw high school in the school auditorium there on the night of April 4.

The play centers around a house that has been deserted for years in the walls of which mysterious bells are heard to tink at night; a house where people mysteriously disappear only to turn apparently dead and then come miraculously to life; a house where mysterious footprints end in the middle of the room as if the owner had suddenly sprouted wings and taken flight.

These are a few of the steps Laura Rhodes and her young step-mother encounter when they arrive at "The House of the Bells," acting upon written instructions from Laura's father, who has been in Europe and intends to meet the two women in this apparently haunted house.

The characters are: Mrs. Rhodes, the second wife of Mark Rhodes; Willie Mae Bailey; Laura Rhodes, her step-daughter; Joyce Williams; Lela Sayles, a trained nurse; Dorothy Isbell; Miriam Booth, a secretary; Marvella Veach; Harriet Forbes, a maid-of-all-work; Ila Fae Bratcher; Joseph Kennedy, a detective; Billy Carpenter; Ned Caruthers, a lawyer; Noel Caswell; Jack Page, Laura's fiance; Anna Faye Isbell; Darrel Carson, Laura's cousin; Paul Sherrill; Victor Lavelle, a neighbor; Billy Stalcup.

Admission is 20 and 35 cents. Fun's taken in will be used for the Junior and Senior Banquet.

RAGANS HONORED

Mr. and Mrs. John Ragan, who recently started housekeeping on their farm below Draw in Burden County, were surprised one night recently when a host of their relatives and friends gathered in with many useful and lovely gifts, for a surprise "housewarming".

John, the son of Mr. and Mrs. Robert Ragan of Joe Bailey community and his wife, Jo, daughter of Mr. and Mrs. T. O. Ferguson formerly of O'Donnell, were married just before he entered the service of his country, so they are just setting up their first home.

Those attending this happy affair from Tahoka included Mr. and Mrs. Jim Woods, Mr. and Mrs. Glenn Connolly, and Mrs. Mary K. Woods.

Mr. and Mrs. Morgan Noble of Houston have been visiting relatives and friends here and at Brownfield the past two weeks.

EX-CHAPLAIN TO PREACH AT BETHEL

The News is asked to announce that Rev. Willie Powell of Brownwood, former Chaplain in the U. S. Navy, who spent three years in the Pacific with the Seabees, will preach at Bethel church next Sunday morning at 11:30.

Rev. Powell is not a stranger here we are told, but has held three meetings at Bethel and has also preached in the Redwine church in past years.

All are urged to come to hear this fine young man preach at Bethel next Sunday morning.

SHOWER FOR MRS. DELBERT WEBB

Mrs. J. D. Roedler was hostess for a miscellaneous shower honoring her sister-in-law, Mrs. Delbert Webb, Tuesday afternoon from three to six o'clock.

Mrs. Webb, the former Miss Margaret Reagan, received many useful gifts.

The home was attractively decorated with spring flowers. Refreshments were served to thirty guests.

H. T. Tipton is undergoing treatment in a Lamesa hospital.

Partners IN HEALTH SERVICE

We are proud to be allied with your physician in the health service of this community. Reflecting this pride is our policy of maintaining a complete supply of fresh drugs—including Sulphadiazine drugs—that we may carry out your physician's orders exactly as he has prescribed.
