

The Lynn County News

"I wholly disapprove of what you say but will adhere to the death your right to say it."—Voltaire

Volume 42.

Tahoka, Lynn County, Texas, Friday, April 26, 1946.

Number 29.

Work Started On Wilson-New Home Paving Project

Work on the Wilson-New Home state highway was begun on Wednesday of last week. Grading was begun at Wilson, it is said, and will proceed westward. When the grade structures are completed, it is hoped that the contractor will be ready to begin placing the caliche base, and it is expected that the hot top will be placed in July.

Hsieh and Green, engineers selected for the construction of the county's farm-to-market system of roads, began surveying operations the first of this week, it is said.

Nobody can say in advance just how rapidly the construction of these roads will proceed, but it affords great satisfaction to the commissioners and to the people that actual work is to begin soon—that the preliminary work has already begun, in fact.

After attending the highway meeting in Lubbock on Wednesday of last week, Judge Garrard proceeded to Austin with the bonds to get them finally approved by the attorney general and to register them in the office of the State Comptroller. He reported, however, that the Comptroller's office was already so swamped with similar bonds that it might be a week or longer before the office force could get to these bonds.

While Judge Garrard and the commissioners have no promise that the State will take over the farm-to-market roads any time soon yet it is regarded as practically certain that it will do so sooner or later. There is a belief that it will yet take over and build the Slaton-Wilson-Tahoka project. If so, it will probably straighten out some of the kinks in the projected route from Wilson to Tahoka. This highway was originally designed to follow the railway track practically all the way to the city limits of Tahoka. A later survey, the News has been informed, left the Lubbock highway at the bend two miles north of Tahoka and proceeded northeasterly near the City wells and then veered eastward to the present road extending along the railway tracks. As a state highway proposition (Cont'd. on last page, Section 1)

Wounded Soldier Is Coming Home

Pat Campbell, postmaster at Wilson, received a telegram on Thursday of last week stating that his son, Theodore, is on board the Repatriated Army Hospital ship Mari-gold on his way home. Coming from Manila, he is expected to arrive in San Francisco about May 9, and soon thereafter will be sent on home with a discharge.

Theodore has been in a hospital since January 19, on which date he fell through the hatch of a ship, fracturing his hip in seven places. The pelvic bone was also broken. It is hoped that in time he will completely recover from the injuries.

Lonnie Lumsden Suffers Light Stroke

Lonnie Lumsden of Wilson is reported to have suffered a light stroke in his bed Sunday night or early Monday morning and on Monday was taken to a Lubbock hospital for treatment. His condition however was not considered critical.

Mr. Lumsden is one of the pioneers of Lynn county and is one of the founders and the president of the Wilson State Bank as well as the owner of much other property.

Miss Peggy Fenton, a Junior in Southern Methodist University in Dallas, was home over the week end visiting her parents, Mr. and Mrs. R. W. Fenton. Her sister, a student in Hockaday, had been at home a week.

Nolan Jones, student in West Texas State, was home for the Easter holidays.

Mrs. C. D. Sparks is here from Hobbs visiting her mother, Mrs. E. D. Crouch.

Old Settlers Will Meet In June

The annual Old Settlers Reunion will be held here on June 24, according to Harley Henderson, one of the number. It will probably be held in the City Park. Further announcement will be made later.

All eligible members are cordially invited. Persons who moved here during or prior to the year 1916, whether they live here now or not, are eligible for membership, Mr. Henderson says.

Macha Is Injured As Home Burns

Victor H. Macha, who lives about two miles north of Dixie schoolhouse, was painfully burned on the arms and shoulders and about the head early Monday morning while attempting to rescue household goods from fire that utterly destroyed his home.

He was rushed to a Lubbock hospital soon after the injuries were sustained and it was reported Tuesday that the burns had not been as serious as was at first thought.

The entire family, however, barely escaped serious injury or death. When they awoke early in the morning the house was aflame. It was believed to have originated in a bath room. They immediately began frantic efforts to remove their clothing and as much of the household goods as possible from the burning building but they saved only some of their wearing apparel, a bedstead or two and some bedding, it is said.

The dwelling, which was a nice six or seven room structure, was completely destroyed.

How the fire originated is not known.

Soldier Comes Home, Finds New Residence

After having served in the army overseas for a year, G. C. Shaffer stepped out of a transport ship on to American soil again on April 5, at San Francisco, and was sent from there to San Antonio, to get his discharge, which was presented to him on April 15. His wife and little five-year-old daughter Rheneae of Madisonville were already there waiting for him.

From San Antonio they drove to Madisonville and stopped in front of a brand new residence, which they had built in his absence and had told him nothing about it. Imagine his surprise and delight. They are now here visiting his parents, Mr. and Mrs. G. C. Shaffer Sr. and other relatives.

G. C. has been in the service since February 5, 1944. He sailed for service overseas on April 5, 1945, and landed back in San Francisco on April 5, 1946. In the meantime he was in Okinawa from May till September, 1945. Then he was sent to Korea, where he remained until March 15, this year, when he started on his voyage home, stopping for a few days at Honolulu. On the way from Honolulu to San Francisco his ship was struck by that terrific tidal wave caused presumably by an under-sea earthquake, and that gave him one of the greatest thrills of his life. Waves fifty feet high, he declared, threatened to upset the old boat. It was almost as terrifying as anything he experienced in war.

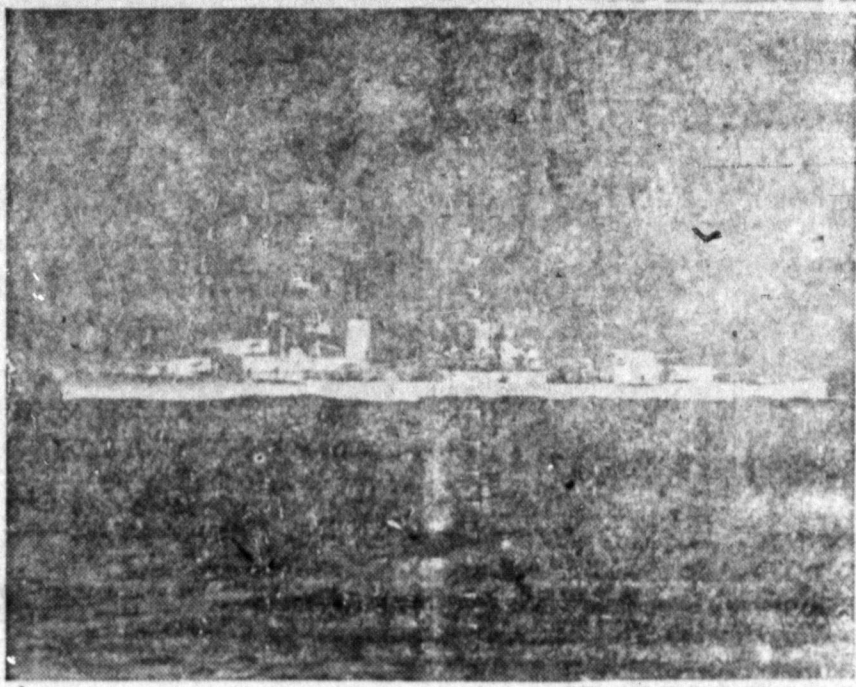

He and wife and little daughter will return to Madisonville in a few days to enjoy together their new home.

USES MAN HERE

Olin G. Evers of the U. S. Employment Service has been in Tahoka the past several days making a survey for the service.

Henry Dreyer of the U. S. Navy, who has been stationed for some time on Saipan, is home on leave visiting his parents, Mr. and Mrs. R. R. Dreyer of Wilson. He expects to leave for the west coast about May 1.

Audie L. Murphy, of Farmersville most decorated infantryman in World War II, is in Hollywood, under contract to Jimmy Cagney.

Oldest heavy cruiser in the fleet, the USS Salt Lake City has been in 17 engagements in the Pacific war, has helped sink 15 enemy ships, damaged 10 others, and destroyed 12 planes. The ship won the title, "The One-Ship Fleet," when she aided the stricken USS Boise off Cape Esperance in October, 1942.

Wilson-New Lynn Chief Justice Consolidation Vote Stone Dies

Petitions have been filed asking that an election be ordered in the Wilson and New Lynn school districts to determine whether or not these two districts shall be consolidated.

A few weeks ago some of the New Lynn trustees conferred with the Tahoka trustees relative to a consolidation of these two districts but the matter never got beyond the discussion stage. Other conferences were expected soon until a few days ago when the news spread that petitions for consolidation with Wilson were being circulated.

The News is not conversant with the facts that caused New Lynn to seek consolidation with Wilson but there must have been some strong moving cause in view of the fact that New Lynn will soon be connected with Tahoka by a continuous paved highway while a bus in passing from New Lynn to Wilson will be compelled to pass over several miles of unpaved road.

Lynn County Men Receive Discharges

The local draft board has sent in a list of men from this area that has recently been discharged from the service.

The list below give the names of the men and the towns in which they live or near-by towns closest to their homes.

Conrad Wayne Malcolm, Seminole; Bobbie Ray Ramsey, Wilson; Joseph Campbell Moore, Tahoka; Elmer D. J. Schoppa, Tahoka; Lawrence Edward Sherrod, Idalou; William Baxter Ivey, Wilson; Thomas John Lee, Stephenville; Floyd Henry Lightner, Levelland; Ben Henry Beacker, Jr., Slaton; Lee Troy Lester, Post; John Earl Tune, Big Spring; E. C. Ward, O'Donnell; Lonnie Gene Isbell, Tahoka.

Harlan Fiske Stone, Chief Justice of the U. S. Supreme Court, died very unexpectedly at 6:45 p. m. Monday of a cerebral hemorrhage five hours after he had been stricken while trying to read an O. R. P. from the bench.

Physicians first thought his ailment only an attack of indigestion and the public did not really suspect that he was critically ill until his death was announced.

Chief Justice Stone was appointed to the position of Associate Justice by President Coolidge, and at the time of his death was the only Republican member of the court with the exception of Associate Justice Harold H. Burton of Ohio, whom President Truman appointed to a place on the Court last September.

President Roosevelt elevated Associate Justice Stone to the position of Chief Justice in 1941 after the retirement of Chief Justice Hughes.

Although a Republican, Stone had been a staunch supporter of the Court of much "New Deal" legislation. He was regarded as a very able jurist.

Funeral services were conducted in the Episcopal National Cathedral in Washington at 2 p. m. Thursday afternoon, 1 p. m. central standard time.

WILL MOVE TO PORTALES

Mr. and Mrs. J. Harvey King of the Dixie community returned Monday from a two-days visit with relatives at Portales, New Mexico. While there Mr. King purchased a residence and a five-acre tract of land situated on the outskirts of that city. He and Mrs. King are planning to move out to it next week. They are long-time residents of Lynn county and will be missed here.

Every club in the Texas League is affiliated with a major league outfit in one way or another.

Rain Over Lynn County Ranged From Four Inches To Mere Sprinkle; Several Areas Report a Soaking Downpour

Four-Legged Chick Is Two Weeks Old

Mrs. Alec Johnson has a cinTa Alec Johnson reports that his wife has a four-legged baby chick out at their place north of town which stands a good chance of growing to maturity. It is now two weeks old, and walks (on two of its legs), eats, and peeps. "The freak chick has two well-defined legs protruding from near the end of the backbone."

Flying Farmers To State Meeting

Clayton Beard, president of the Lynn County Flying Farmers, will serve as chairman of the first meeting of the Texas Flying Farmers at College Station on April 29-30.

The invitation to serve as chairman came from Dr. Ide P. Trotter, director of the Texas A. & M. College Extension Service, who is calling Texas flying farmers together.

Beard said that Henry Bomhoff, "dean" of the nation's flying farmers; H. A. Graham, executive secretary of the National Flying Farmers Association; Forrest Watson, president of the Oklahoma Flying Farmers and Ferdie Deering, editor of the Oklahoma Farmer-Stockman, would appear on the program at College Station.

All farmers and ranchers who use planes in connection with their work or who are interested in aviation in relation to agriculture are invited to attend the initial meeting and to discuss the formation of a Texas chapter of Flying Farmers, he said.

Easterwood Airport, owned and operated by Texas A. & M. College, will be the landing field for delegates to the meeting, according to information obtained from Dr. Trotter. The field has three 5150 foot concrete runways and gas, tiedown and motor maintenance facilities will be available.

Other Lynn County Flying Farmers who plan to fly to College Station April 29 to take part in the organization of a state-wide association are as follows: Elmer Newton, Bill McNeely, Callaway Huffaker, Manuel Ayers Calvin Edwards, R. L. Gibson and Ellis Barnes.

MAJOR DRAPER HERE

Major Claudia Draper of the Army Medical Corps, has been here several days visiting her parents, Mr. and Mrs. I. M. Draper, and other relatives. She left Wednesday for San Antonio.

Major Draper saw service during the war in England, and in Continental Europe.

Rains which ranged from a mere sprinkle to as much as four inches fell in various parts of Lynn county Monday afternoon and night. A nice shower fell over a part of the Draw territory on Sunday night. The rains missed most of the east half of the county, however, most of that area getting only a sprinkle.

The heaviest rainfall reported to the News was out on the A. L. Dunagan farm five or six miles northwest of Tahoka, where an in. and a half fell Monday afternoon and a regular cloudburst came that night, running the total up to more than four inches. Dunagan had no government rain gauge but he used a non-flaring bucket, and he thinks it gave undisputable evidence as to the amount of the rainfall. He says that the water swept over the terraces in his field in places and carried the loose dirt away. It washed his land more than any rain that had fallen on it before. The lakes in that vicinity were filled with water. Some of his near neighbors, however, got only a light rain.

Some other localities in the county also report heavy rainfall. Unofficial reports reaching the News were to the effect that two inches of rain fell in O'Donnell, but again the territory covered was greatly limited; a farmer living near that place said he got only a light rain. The rainfall in Tahoka amounted to .57 of an inch.

Brilliant electrical displays accompanied the rainfall where it was heaviest.

While these rains were far from satisfying on account of their local nature, yet they brought hope to all, for it is a pretty sure bet that these rains will be followed by others soon. Farmers living in those localities where the rainfall was sufficient will probably be planting much of their acreage in the next few days.

Stevenson For Governor

Announcement came from Dallas Tuesday that 26 qualified voters of Upshur county had filed with the chairman of the State Democratic Executive Committee the name of Coke R. Stevenson as a candidate for governor to succeed himself. The filing fee of \$100 was also paid.

Recently petitions had been circulated in many counties in Texas asking the governor to run. He has not indicated his intentions.

He announced Wednesday that he still had not decided whether he will permit his name to go on the ballot.

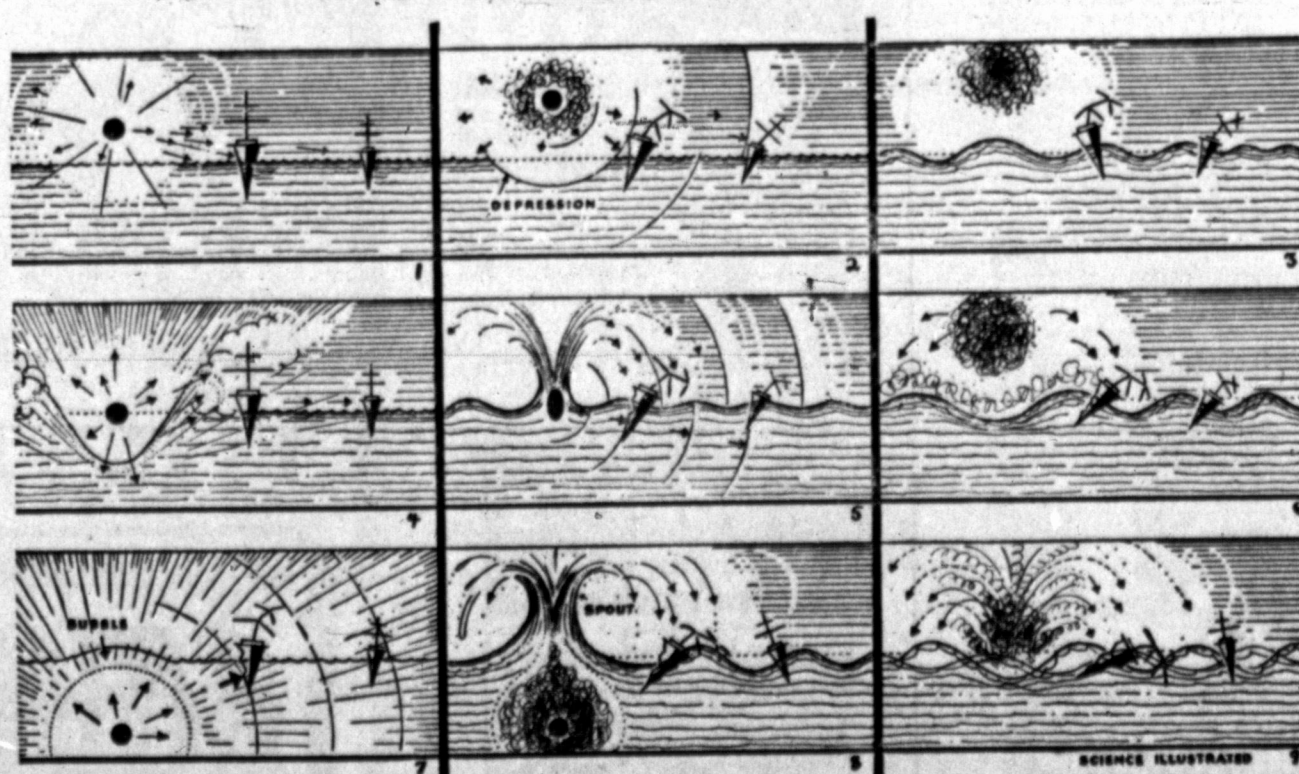

Others who have already announced as candidates for the place are Jerry Sadler, former railroad commissioner, Beauford H. Jester, now serving as railroad commissioner, Lieutenant Governor John Lee Smith, Attorney General Grover Sellers, and Caso March of Waco, former attorney for one of the federal government commissions in Washington.

While Dr. Homer P. Rainey, former president of the University of Texas, has not formally announced, it has long been understood that he will be a candidate. Senator W. Lee O'Daniel of Washington apparently has been toying with the suggestion that he become a candidate, but it is not generally believed that he will run. Others whose names have been frequently mentioned as possible candidates include former Governor James V. Allred, and former Speaker of the House Bob Calvert.

Some think that it may finally narrow down to a race between Governor Stevenson and Dr. Homer P. Rainey.

Lawrence Evans, formerly of Tahoka, was a visitor here Monday and revealed that he and his family are moving to Lubbock as soon as school is out. They now live at Midland, but Lawrence's employers, the Kraft Cheese company, have transferred his headquarters to Lubbock.

Preview of Atom Bomb Tests

Shown above is an illustration of the atom bomb test scheduled to be made on naval vessels in the South Pacific as described in the April issue of Science Illustrated magazine by Dr. Hans Bethe, professor of physics at Cornell University, who worked on the development of the atom bombs that hit Hiroshima and Nagasaki. (1) Produces intense heat, gamma rays; (2) followed by terrific air pressure. (3) Somewhat later, water is agitated. (4) Heat boils water. Gamma rays emitted. (5) Terrific air and water pressure. (6) Gamma rays. Torrent tosses ships. (7) Intense heat and water pressure. (8) Tossing damages wrecked hull. (9) Blast leaves vessel a total loss.

BAPTIST BROTHERHOOD ORGANIZED AT WILSON
A Baptist Brotherhood was organized at Wilson Monday night

with 16 or 17 members and with prospects for many more in the near future. Pat Campbell had been previously named as president. Rev. B. K. Shepherd is the pastor of the Church and promoter of the organization.

A list of officers was selected subject to approval by the Church. The first Monday night in each month was set as the regular meeting night.

It is planned to have a live program and possibly a "feed" at each regular meeting.

The Wilson church is one of the largest and best in Lynn county. Its average Sunday school attendance is around 200 or a little more while the B. T. U. attendance is more than a hundred. Its contributions are among the heaviest. Last week a B. T. U. revival was conducted by the pastor; 123 were enrolled and 109 took the examinations.

Lakeview News

By Mrs. C. B. Nowlin
A group of boosters from the Baptist Church enjoyed a picnic at the Lubbock Park, Friday afternoon. There were 43 children and grown-ups present.

Mr. and Mrs. H. C. Godfrey and children of Lake Worth, Texas spent the weekend in the home of Mrs. Sallie Godfrey.

All the children of Mr. and Mrs. Bill Timmons were together again Sunday after several years. Those present were Mr. and Mrs. Pat Byers of Fort Worth, Mr. and Mrs. Herman Timmons and family of Levelland, Mr. and Mrs. Everett McCormick, and Mr. and Mrs. Roy Timmons and Judy of Lubbock, Mr. and Mrs. Frank Timmons and Linda Kay of Big Spring, Wayne Timmons of Plainview and Billy, who is still at home.

Ross Harmonson Jr., who is attending Wayland College at Plainview, spent the Easter holidays with his father, Ross Harmonson.

Mr. and Mrs. Cecil Yeatts and children spent Easter Sunday in Brownfield with his mother.

Mr. and Mrs. John Timmons and Delbert Timmons, home on furlough from the army, spent the weekend at Graham with relatives.

Dick Stokes and Mr. and Mrs. W. E. Johnson of Brownfield spent Sunday in the W. T. Knight home.

Those visiting in the C. B. Nowlin home Sunday were Mr. and Mrs. Buddie Smith of Joe Stokes, and Mr. and Mrs. Dub Kennedy and Sandra Kay of Brownfield.

Pvt. Harold Nettles, son of Mr. and Mrs. M. W. Nettles is home on furlough from El Paso.

Mr. and Mrs. Aaron Pendergrass and sons from Lubbock spent the weekend with her parents, Mr. and Mrs. M. W. Nettles.

JIMMIE LOU THOMAS MAKES HONOR ROLL

Abilene, Texas, April 25—Jimmie Lou Thomas of Tahoka was named to the fall semester and mid-term spring semester honor roll at McMurry college. Dr. H. S. Von Roeder, acting registrar, announced this week.

She was one out of a group of more than sixty students to earn a place on the honor roll at this time. Dr. Von Roeder added.

Mrs. Joy Kirtley of Austin left for her home last Friday after a ten-days visit with her mother, Mrs. Willa Wakeland, at Wilson. Mrs. Wakeland is employed in the Wilson post office.

Fifty-three U. S. Liberty ships carried the names of Texans, during the war.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

FALSE IMPRESSIONS
Some people who read the Lynn County News often get wrong impressions about persons mentioned in these columns. There was a recent incident of this kind for the benefit of all such. The News wishes to state that the Vernon Hill who escaped jail here recently and was recaptured in Grayson county was not the man of the same name who formerly lived in Tahoka and whose relatives live here yet. The Tahoka man is an honorable man and a good citizen and is not related in any way to the criminal of the same name who escaped jail here.

The News has stated before that Hill, the criminal, had been operating in other counties in Texas and had been convicted in a number of them, having a total of more than a hundred years in penalties piled up against him, and how any one could have conceived that we were talking about the man who lived in Tahoka is more than we can understand. But somebody seems to have drawn that conclusion. The Tahoka man now lives temporarily in Hobbs, New Mexico, and so far as we know and believe was never charged with any crime.

In spite of the fact that Germany suffered a terrific defeat in

the recent war, that her leader met a violent and humiliating death, that her cities were reduced to shambles and her property loss piled up to unthinkable heights, that millions of her soldiers were killed and the entire population made to suffer, many of them facing want and hunger even today, there are still evidences that many if not a majority of her people are entertaining faint hopes that some day they may be able to renew the fight to subdue and enslave the rest of mankind. Germany will not be able to do so, in all probability, for another half century, but unless her people give up the obsession that they are a super race destined to rule the world they will give the world trouble again some day. We don't know how this change in the attitude of the people can be brought about, but it is evident that they must be held in leash until common sense and the democratic way of life can have a fair change to work the change. Up till now, Germany is still one of civilization's greatest problems.

The war ended months ago, but one-fourth of the world's population is today threatened with famine, we are told by those who should know. To save these millions from starvation, an emergency food collection is to be begun on May 12. Food in one form or another and money with which to buy food will be collected and will be distributed through the United Nations Relief and Rehabilitation Administration on "the basis of greatest need." It has been announced. This should make it reasonably certain that the contributions will be wisely distributed. Of course there is likely to be some leakage and maybe a little graft here and there but no sensible and reasonable person will withhold his contribution because of that possibility. Americans should show their generosity and sympathy in a magnanimous way in this emergency, and thus save the lives of hundreds of thousands of undernourished, emancipated children, men and women now facing death by starvation. Let America act promptly and generously.

People crowded the churches all over America last Sunday, because it was Easter. Many of them went to worship and got a blessing. Others went to enjoy the colorful ritualistic ceremonies and it is probable that only a few of them got any real spiritual food from the "service." Still others were moved purely by senseless superstition. People need to be as intelligent, studious, and sensible in religious matters as they are in political and economic affairs. In other words, they should read and study the Bible as the statesman reads and studies the

Constitution of his country. For every man must decide his own religious attitude and destiny for himself.

One of the things that is impossible to understand is how some people who go "all out" for democracy and the enjoyment of one's personal rights politically will submit abjectly to the worst kind of totalitarianism religiously. They detest and will defy political dictators like Mussolini and Hitler but will lick the boots and kiss the toe of any foreign religious potentate of Italian birth and blood who happens to live for the time in a certain big house in the wicked old city of Rome.

RETURN FROM VISIT
Mr. and Mrs. W. F. Cook and their son-in-law and daughter, Mr. and Mrs. Louis McKay and daughters returned home Friday night after a week's visit with relatives in east Texas.

Mr. and Mrs. Cook visited her sister at Athens and Mr. McKay and family visited his brother and sister at Tyler.

"We had the pleasure of seeing a good rain fall while we were there," Mr. Cook stated. He reports that corn was up knee high and other crops were looking good.

S. M. U.'s newest degree, Bachelor of Art, in medical art is the first ever offered in the United States.

ROSS IS PROMOTED

Last week the News published an item furnished by army authorities stating that Kenneth C. Ross had been promoted from corporal to sergeant. This week a news item came that he had been promoted from sergeant to staff sergeant.

Staff Sergeant Ross, son of Mr. and Mrs. C. C. Ross of Tahoka, has been assigned to the 2nd Emergency Rescue Squadron, says the communication, issued by "Headquarters, 13th AAF, Philippines." This squadron is commonly known as the "Snafu Snatchers," which, during the course of its operations, has saved the lives of 618 men and has flown rescue and path-finder missions for all types of aircraft from New Guinea to Okinawa and from Guam to the China Coast.

T-BAR SCHOOL CLOSURE

County Superintendent Lenore M. Tunnell reports that the T-Bar school closed out an eight-months term last Friday, the first school in the county to close this spring.

Mrs. Verna Street is principal of the T-Bar school and Mrs. Maurine Strickland is teacher of the primary grades. The high school pupils are transferred to O'Donnell, only eight grades are being taught at T-Bar.

All the other schools in the county run nine months, Mrs. Tunnell says.

Mrs. J. J. Hamilton and daughter Virginia and Mrs. J. R. McAtee, all of Henryetta, Oklahoma, and Miss Johnnie C. Hamilton of the Texas Tech spent Easter here with Mrs. J. H. Cobb and her other daughters, Mrs. A. C. Aycox and Mrs. L. T. Robertson.

WITH 8th ARMY IN JAPAN
 T-5 Harold R. Cook of Company C, 4th Infantry of the 25th (Tropic Lightning) Infantry Division, son of Mr. and Mrs. J. Cook of Wilson, Texas, has left for the replacement depot for return to the United States to be discharged.
 Cook entered the Army in October 1944, receiving his basic training at Camp Wolters, Texas, and left for overseas duty in April 1945. Before entering the Army, Cook attended schools in Wilson, Texas, and his civilian occupation was farming.

PRESTON E. SMITH

SMITH ASKS RE-ELECTION TO STATE LEGISLATURE

Preston E. Smith, Lubbock theatre owner and state representative for the 119th district, has announced that he would seek re-election to the post in the Democratic primaries during the coming summer.

"I'm offering for re-election simply because I believe with the experience gained during the past session of the legislature I am better equipped to serve the people of the district than a new man who goes to Austin," Smith said. "I am convinced, more than ever, that what we need in the Legislature is experienced men, those who know their way around down there, who to see, and how to get things accomplished."

Cites Redistricting Program
 "Of primary importance to the people of West Texas is the matter of redistricting the state," Smith said. "We've got to get this task accomplished next session if possible and it certainly can't be done with inexperienced legislators from West Texas in Austin."

Smith said another incentive for his seeking re-election to the spot was his ambition to secure equal recognition and consideration for Texas Technological college not only in the matter of appropriations, but in division of the permanent fund for higher education, commonly called "the university fund."

Waged Fight On Fund
 Smith waged an unsuccessful fight during the past session for division of the fund among other state schools and in the end had more votes for his bill than the university group had for another

proposed amendment designed to counteract Smith's proposal and tie up the university fund for more than 15 years.

Smith declared that another project he intended to push, if re-elected, was the hard-surfacing of the farm-to-market roads over the area.

Must Get Farmer Out Of Mud
 "We tried to raise highway revenues so that funds would be earmarked for that purpose," Smith said, "but the big city boys, oil companies and other pressure groups beat us 'country boys' out, but we intend to wage another fight during the next session to 'really get the farmer out of the mud.'"

Smith has been a resident of Lubbock since 1930, when he came here to attend Texas Tech. He graduated in 1934 and entered the theatre business, establishing the Tech theatre opposite the campus. He is a former resident of Lamesa and Gaines county, where his parents, Mr. and Mrs. C. K. Smith, now reside. Smith's home is at 2520 Twenty-first. He is married and has two children.

H. W. Seals Jr., who has been in the Pacific theatre of operations for the past two years, has arrived home with his discharge. His parents, Mr. and Mrs. H. W. Seals Sr. of Wilson, met him in El Paso last Sunday.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
 For Coughs, Chest Colds, Bronchitis

What is your GUESS? on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . . 30.0%
 I H four war year average profit . . . 4.9%

In this survey, the average of the guesses by the public of the wartime profits made by industry was . . . thirty per cent (30%).
 But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%
 I H four pre-war year average profit . . . 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is . . . 10%
 I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, but because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and ma-

materials up to that time. But recent developments have forced a change in our plans.

DURHAMS CALLED HOME BY SICKNESS OF DAUGHTER

Dr. K. R. Durham, who went down to Dallas on Monday of last week to attend the state dental association, and Mrs. Durham who went to Shreveport, Louisiana, to accompany the Doctor's father home and to bring her own parents back to Tahoka, were called home before their missions were completed by the illness of their daughter Margaret who developed pneumonia.

Penicillin injections however proved to be effective and she was released from the Clinic and taken back home on Sunday.

Mr. and Mrs. J. S. Hutchison of Shreveport accompanied Mrs. Durham back to Tahoka as had been planned and will make their home here.

Pat Hutchison, who had also gone to Shreveport on business, came back later.

Accompanied by his wife, Garland Pennington left for Louisiana early Monday morning on business for the Lyntegar Electric Cooperative. Specifically he went to procure poles for the extension of the R. E. A. lines.

Congressman Mahon Visiting In District

Congressman George Mahon has been spending the week in his District, the House of Representatives having taken a ten-day recess. Mahon plans to be back in Washington on April 29th to continue hearings on a pending House Appropriations bill before a subcommittee of which he is Chairman. The House itself will reconvene on April 30th.

At the request of the Chairman of the House Appropriations Committee, Mahon spent last Saturday at the A-omic Bomb project at Los Alamos near Santa Fe, New Mexico. Mahon is a Member of the Committee which provided the funds for the project. Upon his return to Washington, and prior to the appropriation of additional funds, Mahon will report his findings to the Committee.

Mrs. V. L. Eakin underwent minor surgery for a painful affection of one of the hands last week. It is hoped she will have no further trouble with it.

Regional Round-Up

By Pat Flynn

Throckmorton's Tribune commemorates its 60th anniversary in August. Luther Roberts is editor-publisher.

The Weekly Chronicle of Eastland will be 60 years old Nov. 1, with Frank A. Jones on the job since June 1, 1911.

The Albany News is commemorating its 63rd birthday.

Texas Flying farmers will meet at Texas A & M April 29-30. There are at least 326 active members, according to Mr. Ide P. Trotter, director of Extension Service. Clayton Beard, Tahoka dirt farmer, is chairman.

National Home Demonstration Club Week is May 5-12, in Texas. Sundown's band festival is featuring Maj. Ed Chenette, Panama musician, this week.

Crochytton will have a survey made for a dam near that city within the next few weeks.

Perryton, Wheat Capitol of the World, estimates a normal 1946 harvest, with approximately 300,000 acres now sown in Ochiltree County.

Hereford, "Town without a Toothache", will hold a special election April 30 on a \$50,000 bond issue for parks improvement.

The Green Light was given last week on Levelland's \$105,560 grade school building.

Anson citizens are worried over the theft of a deadly poison, Cyanide-Chloride, last week, enough to kill thousands of people.

Post City's new chamber of commerce is plowing into such problems as paving, sewer, disposal plant, street lighting, housing and recreational programs on a city-wide basis.

Texas Tech, Lubbock, has let contracts totaling more than four million dollars for improvements on and near the campus.

Loraine children are circulating a petition asking for a municipal swimming pool. The petition will be presented local civic club members. Stamford's Cowboy Reunion is set for July 2-4.

The Seminole Sentinel last week devoted the top half of its front page to its county improvement program, which in this corner's opinion, is the most complete explanation seen to date on such issues. There will be more than \$1,500,000 involved in the over-all program.

Canyon's West Texas State College will start two buildings immediately—a veteran's dormitory to house 100 men, and a cafeteria. The proposed new theater near the campus has been delayed as government agencies have not granted a priority.

In the last five years the government has built \$115,000,000 worth of housing in Texas.

You Have An Enemy In Your Home!

Though many people give it little thought, the harmless-appearing moth you sometimes see in your house is probably the most destructive insect with which you have to contend. The moth destroys or badly damages thousands of dollars worth of fine clothes in Lynn county alone each year.

And, this is moth time—right now!

There are many families of moths, but the clothes moth inhabits almost every Lynn county home, and is known to housekeepers best because the adult moth habitually lays its eggs in woolen fabrics, furs, and feathers, upon which the larvae feed. That means, your finest clothes make the favorite nesting place for the moth.

The most common moth is the case-making moth, so-called because its caterpillar spins a small pupating case out of pieces of cloth made from your clothing. The moth itself, a small creature with obscurely marked grayish-yellow forewing and grayish hindwings, takes no food at all, but should be killed along with the caterpillars, since it deposits the eggs from which the larvae hatch. Another common moth is the webbing moth, distinguished by having unmarked, pale-yellow forewings. The caterpillars mark their trails by spinning cobwebs, and they pupate in silken cocoons.

Frequent airing and vigorous brushing of garments will help keep them free of eggs or larvae. Moth balls and similar hydrocarbons help keep our adult moths from closets and storage boxes, but if the eggs have already been laid in the garments, these preparations will not kill the larvae on hatching. Fumigating the clothes closet or chest with paradichlorobenzene or carbon bisulphide will kill the pests.

To guarantee absolute protection to your fine fabrics, however, you should take the easiest, most certain and most economical method of preventing damage by moths.

1. Have your garments dry cleaned, thereby killing all eggs, larvae, and moths, and,
2. Have your garments returned in SANITEX Moth-Tight Garment Bags.

Sanitex bags give complete protection at a minimum cost (only 25 cents each), because of their double-sealed top, bottom, and back. An ex-ray window permits inspection of contents without opening bag.

Clothes care mean longer wear. Before storing your winter clothes for the summer, let us insure them against moth damage.

Paving . . .

(Cont'd. from first page)
 either of these routes would be far preferable to the zig-zag route selected for the farm-to-market road in this vicinity, the zig-zag route being selected in order to connect up with the Lubbock-Tahoka highway several miles north of Tahoka and thus save a few miles of road construction by the county. The original route would also be far preferable to the present routing as a farm-to-market proposition, for it would be a direct route, would serve a number of farms left off the present routing, and would come directly to the industrial district in Tahoka, which includes the bus company, the six cotton gins, and the four grain elevators in the town.

The plan has been made that the road be paved by the county of the Lubbock-Tahoka highway route. As a matter of fact, however, this route is only about a mile wide and is little worse than the same route which is where the Lubbock-Tahoka highway crosses it. The expense of building a highway across that route would be insignificant in comparison with the advantages which such a road would afford through all time to come.

It is to be hoped that the State will assume the responsibility of building this highway and thus make part of the bond money available for extensions or for filling in gaps elsewhere in the county's farm-to-market system.

TAHOKA BOYS ON BROWNFIELD PROGRAM

Laylan McMahan, 14, has accepted an invitation to give one or more vocal numbers before the Associational Baptist Brotherhood which will have its quarterly meeting in Brownfield on Tuesday night of next week. Lewis Allen Botkin, 18, one of the finest young pianists in all this section of the state, has consented to accompany the youthful singer on the piano. Laylan has a charming voice and often appears as a soloist in church services here, some other musical numbers.

Former Senator G. H. Nelson of Lubbock has consented to give the address on that occasion.

A Brownfield quartet will give refreshments will be served preceding the program. It is hoped that all the Brotherhoods and most of the churches in Lynn and Terry counties not having Brotherhoods will be represented at this meeting. A large delegation is planning to go from Tahoka. Besides Tahoka, there are Brotherhood organizations now at Odinnell, Redwine, and Peaty, and one is in process of organization at Wilson.

WYNNE COLLIER GETS MUCH GOOD NEWS

Wynne Collier and Mrs. Collier received three separate messages Monday each one of which brought pleasant news.

First came the message that a son had been born in Dallas to Mrs. Harold Rollins, sister of Mrs. Collier, which made the parents supremely happy, for they already had two little girls in their home and no boy. They felt that the son was an ideal gift.

Then came another message that Bill Lawson, a brother of Mr. Collier, who had seen long service in the Pacific theatre of operations, had unexpectedly arrived home with a discharge. He came much sooner than was anticipated.

The third and final message brought the news that Mr. Collier's brother, Bob Collier, who had seen long service in the army, had been released at Atlanta, Georgia.

METHODIST CHURCH
 Last week each night a different minister preached. It was a pre-arranged regular series of highly pleasurable and heart-seaching sermons delivered.

The ministers who preached are: DeWitt Seago of Wilson; Clarence Stevens of Cooper, Union; C. A. Norcross of Draw; I. E. Smith of Post; and J. E. Stephens of Grass-

land. Many expressed their opinions that the sermons were so helpful and encouraging that they could not say which one was best.

The meeting was a success. Many gave their names for membership—some by certificate and vows.

Easter Sunday was the climax of the series of services at the Church. The Sunday school had a 100 percent attendance—very unusual. The house was filled to capacity. If any

more had attended they would have had to occupy the balcony. The altar was adorned with Easter lilies. Only white flowers were used to decorate the Church. The lilies were placed there in memory of the soldier boys who made the supreme sacrifice. The large congregation stood in silent prayer for a minute in memory of those brave and sacrificing soldiers. Parents had their babies dedicated to the Lord

in baptism. The choir and the specials were up to par and every one enjoyed the fine music. The triumphant theme—the Resurrection—was the sermon subject of the pastor.

We shall expect you Sunday to be in the Sunday school and at the services of the Church. A hearty welcome awaits you.

M-Sgt. V. N. TOWNSEND HOME WITH DISCHARGE

M-Sgt. V. N. Townsend, son of Mr. and Mrs. N. O. Townsend, who live out on Route 4, arrived home from Germany last Saturday with his discharge from the service.

Sgt. Townsend had been in Germany for 19 months, during which time he was engaged for several months in combat duty. He comes home with four battle stars.

THE LYNN COUNTY NEWS

FRIDAY, APRIL 26, 1946

TAHOKA, TEXAS

The County Agent Says:

Edmund Maeker of Wilson exhibited seven head of good dairy cattle at the Panhandle-Plains Dairy Show April 13-19. Although Edmund's entries were the only ones from Lynn County the quality of his entries probably made up for the quantity from this county. Highest honors were won by Edmund in the Production contest. In a 24 hour test Edmund's cow gave 41½ pounds of 5.92% butterfat milk for a total of 2.46 pounds butterfat. This was first in the four year old class, second place among all Jerseys, and third among all breeds at the show. The Jersey cow that placed above Edmunds at the show was a National winner in her class last year and produced over 1000 pounds of butterfat. This cow owned by Chester Elliff, of Swisher County was the first Texas Jersey to win this National honor.

In the seven classes entered by Edmund he placed in the money six times with 2 seconds, a fifth, a seventh, and 2 eighths. This was a very remarkable showing considering that the Nineteenth Annual Panhandle-Plains Dairy Show was the largest and best dairy show in the history of the organization. The Panhandle-Plains Dairy Show has grown to the extent that it is now the largest Dairy Show in the Southwest.

Exhibiting at the Eleventh Annual Plainview Fair Stock Show April 25-26 will be the following Lynn county 4-H Club boys: Paul Stoker, Danny Lockaby, Billy and Carl Gene Spears, Jackie Dulin, H.

H. D. SCHEDULE FOR MAY ANNOUNCED

Below is the county home demonstration agent's schedule for the month of May. Arrangements will be made with demonstrators for demonstration visits on dates not listed. The demonstration will be on better storage for clothing.

Wednesday, May 1, Petty HD;

Saturday, May 18, HD council;
Monday, May 21, Wilson 4-H;
Wednesday, May 22, West Point HD.

Mr. and Mrs. H. O. Hargett visited Mr. and Mrs. Boyce Evans in Abilene Sunday and Monday.

R. Tankersley, Jr. and Finis Botkin. After the judging Friday morning the beef calves will be loaded for shipment to Kansas City where they will be shown Monday and sold Tuesday.

Judge Tom Garrard and Finis Botkin will accompany the 4-H delegation to the Kansas City show and sale.

Football Game Monday Night

Coach Jim Foust announced late this week that the Spring trainings will end Monday night when the local team will play the Tahoka High Exes in a football game on the local field.

Ball fans can go out Monday night and get an idea of what to expect of next season's ball club.

The line-up for the Bulldogs are as follows:

Ends, K. Reid and Bill Dorman; tackles, H. Crowell and Randal Hinkle; Guards, D. Akin and Bob McMillan; Center, K. Weaver; E. H. Tankersley or D. Quillain; L. H. B. Byrd, Duane Howell or Sargent Munn; P. B. Finis Botkin; T. B. Joe Don Minor or Stanley Ratliff.

Game time is 8:00 o'clock. Everybody is invited to come out and ock the team over.

COLORED BASEBALL TEAM DEFEATED BY LITTLEFIELD

The colored baseball team here, "The Tahoka Hellos" were defeated by the "Littlefield Yellow Jacks" by a score of 11 to 6 in a game played here last Sunday afternoon in the presence of 200 spectators. Ernest was pitcher for the Tahoka team with Martin as relief pitcher.

The Tahoka team plays "Hobbs Oldtimers" at Hobbs, New Mexico, next Sunday afternoon. The game will start at 2:00 o'clock.

Clyde Owens, son of Mr. and Mrs. Carl Owens, formerly of Tahoka, has recently been discharged from the Armed Forces. He had been stationed in Heidelberg, Germany before his release.

Wilson Students Visiting Caverns

Superintendent and Mrs. C. O. Head, Mrs. B. W. Baker and Mrs. O. L. Nelson chaperoned the Senior Class of the Wilson high school out to the Carlsbad Cavern on Thursday of last week, returning Saturday.

The Wilson Seniors are given this trip practically every year as a part of their high school education.

BILL MCNEELY GETS ANOTHER PIPER CUB PLANE

Bill McNeely on Thursday received another Piper Cub airplane, ordered originally for John Beard, but John, sold it to "The Flying Six Club" composed of A. N. Norman, Calvin Edwards, T. A. Bairington, Frank Larkin, D. H. Bolch, and Ellis Barnes.

The plane was delivered to Norman at Lubbock.

This is the fourth or fifth plane sold by McNeely to be delivered this year. McNeely is the owner and operator of the Tahoka airport and is distributor for Piper Cubs.

T-BAR H. D. CLUB MEETS

The T-Bar home demonstration club met in the home of Mrs. Earl Billings Tuesday afternoon at 2 o'clock.

Miss Anderson gave a demonstration on Table Service. Seven members and three visitors were present.

The Club will meet with Mrs. Pete Dorman on May 14. All Club members are urged to attend.

CONGRATULATIONS

Mr. and Mrs. C. E. Bank, Wilson, Rt. 1, upon the birth of a son on last Saturday. The little fellow bears the name James Edwin.

Mr. and Mrs. H. C. Harter Jr. of Tahoka on the birth of a son named Granvel Ray Harter, on last Saturday.

New Building Material Developed From Sands Found On Roberts-Wood Ranch

Lynn county's natural resources are being used in an entirely new way. The News is informed, as the result of the discovery of a new sand that is suitable for use in the building trades.

The sand, exact chemical analysis of which is not yet known, has been found on the old Forrester Ranch on the Lynn-Terry county line near Salt Lake. The ranch is now owned and operated by Oscar Roberts and Marvin Wood. Several months ago they made a contract with a Lubbock man for the sale of the sands, and many tons of the product have already been hauled to that city.

The sand is being used by several building concerns in the manufacture of tile building blocks, in cement, stucco plaster, as an abrasive, and will soon be used in the manufacture of caskets. The sand is believed to have many other uses. Because of its whiteness, it makes beautiful finish; and because of its chemical content, little cement is needed for mixture with it.

Nearby Salt Lake, is likewise rich in potash, salts, and a soft-texture clay that some people believe may be developed.

A News representative visited the lake and near-by sand deposits one day recently, and found that there must be enough sand in the de-

posit to construct a great city. Since acquiring the ranch a little over a year ago, Mr. Roberts and Mr. Wood have grubbed out some new land and now have about three sections in cultivation. They have opened up the old springs at both the south and north ends of the four or five mile long lake, and found several of these springs furnish good drinking water in a great abundance, even in a dry year like this.

The ranch, which will furnish good grass to many cattle when sufficient rains come, and the range is properly cared for, has an unusual sentimental value, especially Mr. Roberts. The lake is not only a historical landmark, but it once belonged to his grandfather, and Oscar lived and worked on that ranch when he was a little boy. The Indians long made their camps near the springs. Then, in the 1870's came the soldiers and the buffalo hunters, and next the ranch men.

In about 1900, L. L. Forrester, Oscar's grandfather, established the Forrester ranch which was located north and northwest of the present West Point. His uncle, Walter and Robert Forrester were associated with their father, and the three filed on alternate sections. (Cont'd on last page, Section 2)

MISS PATRICIA HILL WEDS SPEARMAN MAN

Miss Patricia Mae Hill of Tahoka and Ledru Jacobs of Spearman both students in West Texas State College, Canyon, were married Wednesday evening at 5:30 in the parlors of the Polk Street Methodist Church, Amarillo. Dr. Neal D. Cannon, pastor, read the double ring ceremony. Only a few relatives and close friends attended.

Miss Sue Sheffy, Dimmitt, Pat's roommate, was bridesmaid; and Jerry Jacobs of Spearman, brother of the groom, was best man. The bride was given in marriage by her father, Frank Hill.

Miss Mary Hodges, Amarillo, played "Claire de Lune" by Debussy preceding the ceremony, Mendelssohn's traditional "Wedding March" as the procession entered the parlors, and "Through the Years" by Heyman Youman during the ceremony.

The bride wore a beige suite with brown accessories and a corsage of gardenias; the bride's maid a green suit, brown accessories, and a corsage of red roses; and the mother

of the bride wore a black suit with white accessories and a corsage of lily.

The bride was born and reared in Tahoka, the only daughter of Mr. and Mrs. Frank Hill, a granddaughter of the editor, E. I. Hill, and a niece of Dr. J. A. Hill, president of the college she is attending. After graduating at Tahoka in 1944, she entered West Texas State, where she is completing her sophomore year. She is editor of "The Prairie", college weekly newspaper; president of Type-Hi, journalism club; and a member of Gamma Phi sorority.

Ledru or "Jake", was reared at Spearman, on the north plains, the son of Mr. and Mrs. A. L. Jacobs. Mr. Jacobs is a prominent business man and county commissioner at Spearman. Before the war, Jake was a member of the famous "World's Tallest Basketball Team" of West Texas State, and played the big-time circuit in Oklahoma City, Kansas City, Chicago, Buffalo, Philadelphia, and Madison Square Garden in New York City. During the war, he saw 32 months of service with the Army Infantry in the Philippines, Japan, and other Pacific campaigns. He returned to college last January and is completing his junior year of work.

After a brief honeymoon trip, the couple will return to Canyon to continue their studies.

BORDEN DAVIS FAMILY HAS OUT-OF-TOWN VISITORS

Relatives of Mrs. Borden Davis paid the family a surprise visit last Sunday.

Coming up from Rule, unannounced, were her mother, Mrs. J. F. Curry, and her sister, Mrs. Robert Darnell and husband and their children. She was the former Miss Gladys Curry.

From Brownfield came her youngest brother and his wife, Mr. and Mrs. Roger Curry. From Plains came her brother Joe Curry and family, including Billy Joe, who had just recently been discharged from the Navy. It was in his honor and that he might see a number of the kinfolks that this visit had been planned.

John Curry and family of Tahoka, however, not knowing of the planned visit, had left on Saturday to visit Mrs. John Curry's father, J. B. Thompson, over the weekend at House, New Mexico. Albert Curry of Dallas, Charlie Curry and family of Brownfield, and other members of the Curry family were not able to be present.

ment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

Whereas, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 24th day of April, 1946, seize and levy upon as the property of the above defendant the following described property, situated in Lynn County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

First Tract: All of Lots 5 and 6 in Block No. 49 of the Original Town of Tahoka, situated in Lynn County, Texas.

And I will on the first Tuesday in the month of June, 1946, the same being the 4th day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Tahoka, Texas, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, sub-

ject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

Dated at Tahoka, Texas, this 24th day of April, 1946.

Sam H. Floyd, Sheriff.

By Cleave Bairrington, Deputy.

Lynn County, Texas. 20-21c

Howdy Folks: you know the awkward age of a kid is when he's too old to cry and too young to sweat.

And some one has said that a baby is an alimentary canal with a loud voice on one end and no sense of responsibility on the other.

Note to Parents

There's no truth in the rumor that your son will turn out to be a carpenter if you send him to a boarding school.

One of our employees, H. C. Harter has a new baby that he calls the "Prince of Walls".

He admits he's proud of the little rascal, but as he says, he doesn't think that he could go through with another one soon.

When you need an overhaul on your car, we would like to sell you on our work.

We have three trained mechanics on duty. Give us a try.

SHOWER GIVEN MISS HILL

Canyon, April 24—Miss Patricia Hill was honored with a bridal shower Tuesday evening in the home of Mr. and Mrs. J. J. Walker given by the Gamma Phi sorority and its pledges.

The living room was decorated with carnations and roses. A cedar water bucket with streamers of white and blue sorority colors, was used in the center of a table piled high with gifts, the bucket being autographed by the 40 guests for a kee sake. "Pat" and "Jake" was printed on the napkins and also on clever fitting favors.

Miss Hill was presented a corsage of white sweetheart roses, and her mother a corsage of red carnations.

Miss Evette Hiley, cousin of the bride, was the only outside guest. Punch and cake were served.

George M. Duckett came over Wednesday from Lingo, New Mexico, and is visiting relatives here a few days. He was a long-time citizen of Lynn county and is still a Texan at heart.

IT'S NOW GRANDPA NELSON

G. H. Nelson of Lubbock, former resident of Tahoka and militant district attorney, militant state senator, and militant candidate at one time for lieutenant governor of Texas, has now settled down to the quiet life of a grandfather.

It all happened a few days ago when the former Willia Nelson, now Mrs. Nabors, became the mother of a fine little girl. Friends have been showering the mother with congratulations, but Tahoka friends at least have been uncertain as to whether they should send congratulations or condolences to the grandfather, who must be reminded by every yelp of the little lady that he is rapidly approaching the portals of Old Age.

BAPTIST CHURCH NOTES

Easter Sunday at the Baptist Church was marked by the presence of a congregation that almost filled the church to its capacity. "If Christ be not risen . . . But now is Christ risen" are the Scriptures that afforded the pastor his theme for one of the most eloquent and powerful discourses ever heard in this Church. There were five ad-

DON'T SCRATCH!

ditions to the Church by letter.

Attendance upon the Sunday school was one of the largest in the history of the Church, 422.

The evening service was marked by another great discourse by the pastor and by special music rendered by a double quartet and a piano accompanist, all of whom except one member were from the Methodist choir. These eight voices are of exceptional quality and the rendition of their selection was superb.

On Thursday night of last week, Rev. Levi Price was the speaker before the Brownfield Baptist Brotherhood and his address held his hearers spellbound. Victor Botkin, A. L. Smith, E. B. Gaither, and E. I. Hill accompanied him on the trip.

On Tuesday a few of the women of the Tahoka and the New Home churches had an all-day missionary program in the church here. Mrs. Lloyd McCormick of New Home taught a book entitled "The Apostle of the Border."

REV. PRICE SPEAKS TO LUBBOCK BROTHERHOOD

Rev. Levi Price was the speaker Tuesday evening before the Brotherhood organization of the First Baptist Church of Lubbock. He delivered a powerful discourse, it is reported, on the Separation of Church and State, which even yet is a very vital subject.

Tahoka men who accompanied him to Lubbock were Vick Botkin, Ernest Herring, M. H. Brasher, and Rev. Howard Martin.

Mr. and Mrs. Robert Stice formerly of Route 5, here, asked that the News be sent to their new address at Grandfield, Okla.

Roberts Ranch . . .

(Cont'd from first page, Section 2) tions, checkerboarding a large area. The NUN ranch was to the west, and the T-Bar to the east, the Deuce of Hearts to the northeast, and J. M. Nobles to the south.

W. W. and "Aunt Becky" Roberts, Oscar, Toe and Viola joined Mrs. Roberts' father at the ranch in about 1901, and lived there several years. Mrs. R. C. Forrester, also of this city, lived there with her husband, Robert.

The ranch passed into other hands about 1913, later became a part of the Green & Lumden ranch, who sold most of it to non-resident parties a few years ago.

Salt Lake was also known in early days as Laguna Ombigo, or Naval Lake, it is said, because the lake has somewhat the shape of the human torso, and the one-section island in its middle contributed the official name accepted on Government maps.

Jasper Campbell, Howard Cook, Ira Clary, and Hub Young, all of Wilson, returned last Saturday from a fishing expedition down to Buchanan Dam on the Colorado River east of Llano. They failed to report to the News as to the number of big ones they caught.

IMPORTANT CIVIL SUIT TRIAL HERE

A civil suit of more than ordinary importance is on trial in the district court here this week.

The suit is styled Mrs. Maude Donaldson vs. L. C. Lankford, the plaintiff having filed the suit originally to dispossess the defendant of a large body of land known as the Carter place in the Redwine community which she owns and which defendant formerly occupied as a tenant. The tenant moved off the place in compliance with her demands but later filed a cross action against her for damages, claiming that he had been promised the place for the year 1946 and had suffered heavy damages by reason of being dispossessed. His suit is for the sum of \$21,000.

Plaintiff, Mrs. Donaldson, is represented by the firm of Dupree, Crenshaw & Milam of Lubbock and Judge C. H. Cain of Tahoka. Defendant Lankford is represented by Nelson & McCleskey of Lubbock and Calloway Huffaker of Tahoka. The case is being tried before a jury.

Miss Pat Hill and her fiancé, Ledru (Jake) Jacobs, students in West Texas State College, Canyon, spent Sunday with her parents, Mr. and Mrs. Frank Hill.

At Wilson last Friday it was reported to the News man that four buyers there, C. A. C. C. G. C. and L. K. Coleman each has a new Ford car. This is not an advertisement, just an unusual incident, but Ford dealers might not be willing to admit that it is unusual. Another Wilson man, J. R. Hamilton, had joined the quartet thus making the number five.

Mr. and Mrs. Boyd Rice of Kosse and their son Olan and wife of Fort Worth left the first of the week for their respective homes after a visit of several days with Boyd's brother, Elmer Rice and family at Wilson, and their father, J. E. Rice of Joe Stokes. Boyd formerly lived at Wilson. He is now one of the rural mail carriers at Kosse.

TOMMYE ANDERSON WEDS CHARLES OLIVER

Mrs. Tom Anderson of this city announces the marriage of her daughter, Tommye Ruth Anderson, to Charles Thomas Oliver, son of Mr. and Mrs. C. T. Oliver of this city also.

The double ring ceremony was read by Rev. George A. Dale in his home this past Saturday afternoon at 4:00.

The bride wore a gray suit with black accessories with a red rose corsage. For something old she wore a cameo ring belonging to the groom's great-grandmother. For something borrowed she wore a string of pearls belonging to her sister.

Miss Johnnie Anderson served as matron of honor. Miss Anderson wore a pink dress with black accessories and a white carnation corsage. Sgt. Joe Raindl was best man.

The bride is a graduate of Tahoka high school and was recently employed at the First National Bank here in Tahoka. The groom recently was given a discharge from the Merchant Marine.

Shortly after the ceremony the couple left for California, where they will visit among friends and relatives.

Hope Haynes, superintendent of the Whiteface schools, and family visited friends here over the week end.

"Robber" Hens Today—No Profits Tomorrow

No profits! That's the danger if you put up with feed-eating, non-laying "robber" hens. Many of these birds are soon doomed to die from organic disorders, anyway. Let Eamesway cull them out now, while you can still get them to market.

The Eamesway System of Poultry Inspection pays for itself many times over on feed saved. Time and again it eliminates 25% of a flock without decrease in egg production. Stop this feed-wastage now. Let an Eamesway technician find which are the "robber" hens in your flock.
