

The Lynn County News

302 School Pupils Make Bus Trip To Carlsbad Caverns

Lynn county turned out in full force at the Carlsbad Cavern out in New Mexico last Sunday according to figures turned in to the News by B. T. Smith, a teacher in the Tahoka schools, who led the expedition.

Of the 1600 visitors, plus, who made the trip through the Cavern, 302 were from Lynn county, which included 265 from Tahoka and 37 from Wilson. Four buses, one truck, and three automobiles were used to transport the party to the Cavern and back.

Mr. Smith promoted the trip, procured the necessary vehicles, and, assisted by parents of some of the children, chaperoned the group over there and back. More than 200 of the Tahoka group were school children of various grades and ages.

Quite a number of the Wilson group were Boy Scouts together with parents of some of the members of the party and other adults. Scoutmaster Frank Pfeiffer led the Wilson group.

Saturday night was spent at Black River Ranch, where such recreations as swimming, horseback-riding, hiking, and fishing furnished diversion for the youngsters.

Of course the entire party enjoyed the beauties of the Cavern, the majestic under-ground scenery which greeted them from every side from the moment they entered this World Wonder, electrically lighted, until they emerged on the return trip to the point where the sunlight again burst in upon them.

Uncounted thousands of Texans have visited this Cavern since it was opened to the public, but literally millions of Texans will never know what they have missed by not making a trip into it. It should become a part of every school-child's education.

Former Citizen Dies In Portales

Roy L. Green, at one time a citizen of Tahoka, whose wife, the former Miss Lela Mae Kuykendall, was reared here, died in a hospital in Portales last Saturday night. He had suffered an attack of heart trouble, four weeks earlier while driving between Roswell and Portales.

The body was buried Monday in Llano cemetery, Amarillo, following funeral services conducted in the First Baptist Church of that city by the pastor, Rev. A. D. Foreman Jr., Amarillo being his home at the time of his death.

Born at Moxdy, Mr. Green was 53 years of age. He came out to Brownfield with his parents and was married to Miss Lela Mae Kuykendall in Tahoka Feb. 14, 1915. For quite a number of years he had devoted his time mostly to the operation of photography studios in New Mexico and Texas. Since 1917, he had resided in Amarillo. He owned farms in this area and a ranch at Elida, N. M.

Both he and his wife united with the Baptist Church while living in Tahoka years ago. She is the daughter of the late Mr. and Mrs. W. L. Kuykendall of Tahoka, and the niece of J. H. Kuykendall of this city.

Survivors are the wife, a son, Roy William Green of Hobbs, N. M., a daughter, Mrs. Christine Bechtel of Amarillo, his father, W. M. Green of Brownfield, two brothers, E. G. Green of Amarillo and Emmett Green of Tatum, N. M., a sister, Mrs. G. C. Lewis of Brownfield, and other relatives.

WILSON MAN BRINGS IN ANOTHER IRRIGATION WELL

The people of Wilson are becoming highly irrigation-minded. W. G. Boyd, rural mail carrier, who owns a farm two miles west of Wilson, brought in a well last week that will irrigate a lot of land.

Good wells have been drilled in almost every direction from Wilson the past winter and spring and there are now ten or twelve good producing wells in that area. That is about the best insurance in the world against drought.

Make Plans For School Closing

Preliminary plans have been made for the closing exercises of the 1945-46 session of the Tahoka Public Schools, Supt. E. E. Hancock announces.

The class sermon will be Sunday night, May 12, and will be delivered by Rev. George A. Dale of Lubbock, former Tahoka Baptist pastor. The commencement address will be on the night of May 17, and will be delivered by G. H. Nelson of Lubbock, former State Senator, and likewise a former citizen of Tahoka.

Further announcement in regard to programs at the closing of school will be made soon, Mr. Hancock states.

Bulldogs Spring Training Ends

Tahoka Bulldogs ended four weeks of spring football training Monday night, when the prospective team members for next fall played a practice game with a team made up of ex-stars and Senior lettermen.

The stars won the game by a score of 13 to 2, but fans who have been watching the practice session are agreed the Coach Jim Foust has brought the boys a long way in four weeks, and prospects are that he will have a scrapping team next fall.

Though the game was designed to give the school boys some playing experience, the "Eddie" team proved too much for the school team and monopolized the ball through most of the game. Though greatly out-weighted, the less-experienced young kids put up a creditable fight against the men.

Coach Jim Foust, recently returned from service in the Pacific against the Japs, was reared at Littlefield, and played fullback on the West Texas State team. Here only a month, he has already met the heartiest approval of school boys, school authorities and fans alike.

This week Coach Foust announced the following schedule of games for next fall:

- Sept. 13 Open Date
- Sept. 20 Post, There
- Sept. 27 Open Date
- Oct. 4 Slaton, There
- Oct. 11 Denver City, Here
- Oct. 18 Seagraves, There
- Oct. 25 Sundown, There
- Nov. 1 Seminole, Here
- Nov. 8 O'Donnell, Here
- Nov. 15 Andrews, Here
- Nov. 22 Littlefield, There
- Conference Games

Candidates Refuse Speaking Campaign

At a recent meeting of the county and precinct candidates, it was decided not to have a speaking schedule this year. Each candidate will make his own campaign in his own way, which means that most of them expect to make a house-to-house canvass of the voters.

This decision was probably made by reason of the small crowds that have met the candidates in recent years as they made their rounds of the various communities. In this era of radios and daily newspapers in almost every home, it is extremely difficult to get a crowd for any ordinary candidate or any group of them, unless some political fireworks are expected.

670 Farms Take Out Federal Insurance

According to Clinton M. Walker, secretary of the Lynn County A. C. A., about 670 farms in Lynn county are to be covered by federal cotton crop insurance this year.

This represents a large increase over the coverage last year when 284 farms were covered by the program.

Total acreage involved will not be known until after the cotton is planted and the contract calls for coverage of all cotton acreage planted, protecting against all unavoidable losses. The number of farms having the insurance represents between 39 and 40 percent of the farms in the county.

A. J. Edwards Is Killed In Auto Wreck Near Clovis

A great concourse of relatives and friends filled the auditorium of the First Baptist Church to its capacity Wednesday afternoon when funeral services were held for A. J. (Jack) Edwards, 69, who died in a Clovis, New Mexico, hospital at about three o'clock Monday afternoon from injuries received in a car wreck. The services were conducted by Rev. Levi Price, the pastor, assisted by Rev. Geo. A. Dale of Lubbock, a former pastor. Burial was in the Tahoka cemetery.

The accident in which Mr. Edwards received the fatal injuries occurred on the highway about four miles this side of Clovis at about dusk Sunday evening as he was returning to his home in Lubbock from Socorro, New Mexico, where his son-in-law, W. T. Howell, was recovering from a serious illness. Just how the accident occurred does not seem to be definite. (Cont'd on last page, section 1)

L. C. Haney Will Become Rotary Club President

L. C. (Lum) Haney, druggist, was elected president, Alton Cain, hardware store manager, vice-president, and Jarrell Brown, lumberman, secretary of the Tahoka Rotary Club for the year beginning on July 1, by the incoming directors at the meeting of the club Thursday of last week.

Haney is a charter member of the club and at present is vice-president under Dr. J. W. Sinclair, president.

The new board of directors will be composed of Haney, who succeeds himself, David Weathers, a new member, Alton Cain, Walter Mathis, Terry Thompson, Winston Wharton, Dr. Jim Sinclair, and Vernon Brewer.

Judge Tom Garrard and Major Hasie, county-highway engineer, told club members of plans for the construction of the farm-to-market roads in Lynn county, surveys for (Cont'd on last page, section 1)

Proposed Consolidation Of Wilson, New Lynn Schools Is Explained

The trustees of the New Lynn Independent School District have furnished the News with the following clear-cut and very clarifying statement of their school problem and of their reasons for desiring to consolidate with the Wilson district. The News is glad that they are making this statement, for it clears up the whole situation and reveals some problems facing the Tahoka Independent School district which, we believe, were not generally known. Their communication follows.

To the Lynn County News and every one interested in the New Lynn-Wilson school consolidation. The New Lynn school board and the people of New Lynn community have been greatly concerned the last few years and more especially the past few months about our school at New Lynn.

Several years ago we operated a 5 and 6-teacher school, but our scholastic enrollment has steadily been less and less till the past two years we have had only two teachers, with the prospect of only one teacher next year teaching four or five lower grades with the upper grades going elsewhere to school.

This decline in school children in this community is due to mechanization of farming and to the fact that families do not raise as many children now as formerly. Therefore we think it unwise to try to have school any longer at New Lynn. We see no prospect in the future of any material increase in our school population.

The New Lynn district as a whole is about the same distance from Wilson and Tahoka and can be served equally well by either. (Cont'd on last page, section 1)

Paul Rodgers Dies In Los Angeles

Mrs. N. M. Wyatt of this city and Mrs. Harvey Line of O'Donnell returned the first of this week from Los Angeles, California, to which city they had been called by the death of their brother, L. Paul Rodgers, on April 19. His death was unexpected, although he had suffered for several years from a stomach ailment.

A native of Texas, Mr. Rodgers had lived in Snyder, Cleburne, Lubbock, and in Lynn county before moving to California, where he has lived the past twenty-five years.

He is survived by his wife, two sons and two daughters, one grandchild, his mother, and two brothers, all of whom live in California, and six sisters, all of whom live in Texas. Mrs. Wyatt and Mrs. Line being the only two in Lynn county.

R. B. "Stretch-it" ANDERSON STATIONED IN FLORIDA

Boca Raton, Fla.—1st Lt. Roland B. Anderson of Tahoka has recently been assigned to Boca Raton Army Air Field. He is the son of Mr. and Mrs. W. P. Anderson of Tahoka.

Lt. Anderson entered the service May, 1935 and was stationed overseas from October, 1943 to November, 1945 in the European Theatre of Operations as an armament officer. He wears the Purple Heart and ETO ribbon with four battle stars.

Private bankers were first heard of in Babylon in the time of Nebuchadnezzar about 600 B. C.

Bishop Paul B. Kern, author, educator, and church statesman, who will speak over a radio network including WFAA Dallas and WOAI, Sunday morning at 7:30 A. M. on the Methodist Hour.

Veterans' Claims Running Heavy

Service men's Readjustment Allowance Claims from veterans are running heavy in the Tahoka area, according to Mr. H. W. Richardson, Senior Claims Examiner for the Texas Unemployment Compensation Commission.

Mr. Richardson will be at the Courthouse, nine A. M., Thursday, May 9th, 1946.

In addition to veterans affairs, Mr. Richardson will conduct the regular business of the Unemployment Compensation Commission while in town.

As agent for the Veterans Administration, the Unemployment Compensation Commission accepts readjustment allowance applications from unemployed ex-service men, as well as from veterans whose earnings from self-employment are less than \$100 a month. The \$20-a-week allowances may be drawn by the veterans any time up to two years after the official termination of the war, or two years after the individual gets out of the service, whichever is the later.

Citizens Asked Not To Molest Survey Markers On Highways

County Commissioner Lonnie Williams wishes to make a suggestion to a few thoughtless tractor drivers in his precinct.

Engineers recently began making a survey of the paved road to be constructed from the Tahoka Post highway south through Draw and set their stobs as they did the work. As the right-of-way is 80 feet wide, these stobs are set in places slightly back of the ends of the beds in the farmers' fields.

Tractor drivers in some of these fields have either thoughtlessly or unintentionally permitted their tractors to run over these stobs and knock them down. As a result engineers have been compelled to do their work over in a few places. This entails some additional expense on the county and possibly a slight delay in construction work.

Mr. Williams says that he knows this was not wilfully done, for the people in that section of the county voted almost solidly in favor of the bonds and the paved roads. At Draw, for instance, there were only four votes against the proposition.

He expressed his deep gratitude to the people for their interest in a system of good roads and in the cooperation they have shown generally. He is confident therefore that a mere suggestion will be sufficient to cause every tractor driver to be extremely careful not to run over or otherwise knock down the stobs set by the surveyors.

O'DONNELL MAN DIES

Harry Clemmage, well known O'Donnell business man, dropped dead on the streets of that city Monday night. He had been in ill health for several months.

The remains were taken to Kansas City for burial. Mr. Clemmage is survived by the wife, a daughter, and a son.

The Pasteur Institute has made experiments that reveal that the longest life of a fly is about 62 days.

Tahoka Man Head State Organization Flying Farmers

Lynn county was in the limelight this week at the organization meeting of the Texas chapter of the National Flying Farmers association held Tuesday at A. & M. College, College Station. Twelve local farmers flew down to the meeting, and Clayton Beard of Redwine, president of the local club, was elected president of the state organization.

Those making the trip in six planes were Beard, Manuel Ayers, A. N. Norman, Don H. Bolch, Calvin Edwards, Calloway Huffaker, Ellis Barnes, Elmer Newton, R. L. Gibson, F. E. McNabb, Olin Posa, and Bill McNeely.

Due to severe rain storms in Central Texas, however, the group, which left here Monday and returned Wednesday, was forced to make a part of the trip by bus. The stormy weather also kept many flying farmers from the meeting, and of the 61 flyers present at the organization, Lynn county furnished 12 of them.

Calloway Huffaker was one of the speakers on the program. R. L. Gibson, 75, of Tahoka, the nation's oldest flying farmer, who made the trip, was photographed by a number of newspaper and magazine correspondents.

Other state officers in addition to Beard are R. L. Fields, Wharton, vice president; Miss Anna Lee Jameson, Spofford, secretary-treasurer; and C. J. Gerlack, Livingston, W. N. Parr, Robstown, H. B. Horn, Del Rio, Ralph Brown, Plainview, and E. W. Gill, Whon, directors.

Paul Casebeer Officially Dead

Mrs. H. L. Roddy recently received a communication from Miss Lela Casebeer of Monahan, which she had previously received from James Forrestal, Secretary of the Navy, advising her that her brother, Ensign Paul Arthur Casebeer, who had been missing in action since March 18, 1945, had been officially adjudged to be dead.

Paul Casebeer, an orphan, had come to Tahoka as a boy and grew into Navy from Tahoka.

In his communication, Secretary of manhood and entered service in Forrestal stated: "Your brother's plane, attached to Fighting Squadron Five, took off from the USS Franklin, in a group of planes, to participate in a rocket and strafing attack against enemy anti-aircraft positions at Kagoshima Airfield, Kyushu, Japan. Your brother's plane was last seen going into a diving run on the target and is believed to have been shot down by enemy anti-aircraft fire. The squadron conducted an extensive search in the area for over an hour, but no trace of your brother or the missing plane could be found. To date no further information has been received by the Navy Department concerning the fate of your brother."

Before entering the service Paul worked for some time in the Triple A office here. He showed deep gratitude to friends who had helped him as a boy and he had a host of friends here who deeply regret that he became the victim of our country's enemies.

Congratulations to:

Mr. and Mrs. A. W. Reagan on the birth of a little daughter on Thursday night, April 25, at the Tahoka Clinic, weighing 8 pounds. She has been named Laura Janette.

Mr. and Mrs. John Thomas Tippit on the birth of a son on Wednesday night, April 24, at the Tahoka Clinic. He will bear the name of James Timothy Tippit.

Mrs. E. D. Crouch received the good news a few days ago of the birth of a little grand-daughter, who has been named Carol Ann, born to Mr. and Mrs. Kenneth Crouch at Opportunity, Washington. The father has been in service in the armed forces.

METHODIST CHURCH

For the past several Sundays new members were received. Several are to come in Sunday. We are always happy to see the young and the old line up with the church—taking a definite stand for the right things of life. This is the year we are expecting the church's greatest harvest of souls—the Cru-

ade for Christ. One million souls for Christ and the church is Methodism's goal for this year.

Sunday morning at 7:30 will be "Methodist Hour" on the radio. Bishop Paul Kern will speak. He is a great church statesman and you will hear him with great delight. Several years ago he was Dean of S. M. U. School of Theology.

District conference will convene Tuesday morning at 10 o'clock at Saton. Of course the delegates will attend and it is hoped that many others will attend too. Reports from every church in the Lubbock district will be given. From this church a fine report will be heard.

Let's make Sunday a great day by attending all of the services of the day. A hearty welcome awaits you at this church.

SGT. CHARLES G. BULLOCK WRITES FROM GERMANY

The News has received a communication from Mrs. C. P. Bullock, now of Abilene but formerly of Grassland in this county, regarding her son, Sgt. Charles G. Bullock, a former student of the Grassland and Taboka schools.

Sgt. Bullock, she writes, is now stationed at Chiemsee, Germany, according to a letter recently written by him to his parents. They also learned that he had received the Purple Heart for shrapnel wounds in his leg and back.

Charles received most of his schooling she says, at Grassland and Taboka. He graduated from Abilene Christian College at the time of his induction. He served in the E. T. O. until the end of the war. Since then he has been with the 9th Division of the 3rd Army of occupation. He writes that he has toured most of Austria and Germany since V. E. Day.

During Christmas he got a 30-day furlough and spent most of it in London, where he visited all the historic places of interest. He is now Company clerk of his Company B. His main winter sport was skiing. Now that the snow has melted, the sport is sail-boating on the Chiemsee River, where he is stationed. He writes he will be home about July 15.

He says that although he has had the good luck to be stationed in some of the most beautiful spots in Germany and ideal places for vacationing, he is quite ready for his "vacation" to end and is anxious to get back in College and finish his education.

He closed his part of the E. T. O. with the Infantry Combat Badge, the E. T. O. ribbon with two stars, the Presidential Citation badge with an Oak Leaf cluster, the Bronze Star, and the Purple Heart.

The state of Texas leads in the production of fresh fruits and vegetables for distant markets.

RETURNED SOLDIER IS HONORED WITH DINNER

Louis G. Williams, son of Mr. and Mrs. W. A. S. Williams, who returned home a few days ago with an honorable discharge from the Army after three and a half years of service, one of which was spent in France and Germany, and his aged grandmother, Mrs. W. M. Sandlin of Aspermont, who celebrated her 87th birthday last Sunday, were specially honored on that day by Louis' wife, Mrs. Louis G. Williams, with a real old-time Christmas and birthday dinner of turkey, dressing, and all the things that go with such a dinner.

Mr. and Mrs. W. A. S. Williams have five sons who did overseas service, and Louis is the last of them to return home.

Besides the queenly hostess and the honorees, those present included Mr. and Mrs. W. A. S. Williams, Mr. and Mrs. J. E. Stone, Mr. and Mrs. Jesse Williams, Mr. and Mrs.

Cecil Davis and sons, Cecil Jr., Clois Ray and Jimmie Curtis; Mabel Williams, Mack Williams, Jesse Carol Williams, Tucker Williams, Delman Stone, all of Taboka; Mr. and Mrs. Jimmie Williams of Lubbock, T. C. Sandlin of Spur; Mrs. Sam Hester, C. M. Mitchell, Elmer E. Dean, Neida Renee Dean, Luedell Dean, Mable Kenneth Jay and Glenn Ray Flip-

pin, Marvin Welborn, Dorothy, Billy, and Brinda Kay Mitchell, all of Lamesa.
Mrs. Sandlin is the mother of Mrs. W. A. S. Williams, Mrs. Sam Hester, Mrs. C. M. Mitchell, and T. C. Sandlin.

211 Texas farmers and 64 counties have been approved as breeders and growers of certified seed.

**ANOTHER KIND OF FIGHT
THREATENS**

As the days come and go, the rumblings of the impending fight between two schools of religious thought in this county are becoming more and more distinct.

On the one side is that powerful world-wide organization that for sixteen hundred years has controlled and used for its own purposes every government everywhere that it could control and use. It has linked itself up with every government under the sun that lay in its path, religiousists who sternly oppose any union of Church and State and who caused the principle of religious freedom to be written into the Constitution of our country.

The sentiment in favor of that principle has ever since been so strong in this country that until recently the Unitarians have been unable to entertain more than a mere flickering hope that they could ever overthrow it.

They never ceased to work at the job, however, and their work is now showing results. They are growing in numbers and in power

by leaps and bounds. Many of their leaders are exceedingly tactful and astute. They assiduously cultivate the respect and the friendship of the common people and studiously seek to avoid making enemies. They make great pretensions in favor of liberty and democracy, even religious liberty, and work like beavers to make irens of the men in the highest places in our government.

Through its entire history, this religious organization has been the most intolerant, despotic, and tyrannical of all the Christian denominations, and yet its leaders are now decrying religious intolerance, bigotry, and prejudice. Smoothly they spread their propaganda, and today they are exercising more influence in official Washington, possibly, than all the other religious denominations combined. They are really getting things done.

If and when they become powerful enough to dominate and control thoroughly our government, what will then become of this cherished doctrine of the Separation of Church and State? What will happen to Religious Liberty? You answer. You had better, for the leaven of religious totalitarianism is working unceasingly in this country—and it is working fast! The crisis is coming.

Of all the strange things that have happened in South Plains politics there has never been anything stranger than the revelation last Friday that one of the candidates for the legislature from this district was a confirmed burglar working steadily at the job. It seems that he would run for office in the daytime and burglarize some store at night—a unique way of paying his campaign expenses. When caught, red-handed, he and his companion in crime made confessions of their guilt. Before announcing his candidacy for the legislature he served on the police force in the city of Lubbock. Published accounts of his criminal activities would indicate that he pulled some of his burglaries while on the force. He is not the first one that ever ran for the legislature, no doubt. And some have run for higher offices than that—and got elected. And stole after they were elected. Yes, the grafter is a thief. The fellow that wins a poker game from some lobbyist is likewise a thief. Just as truly so as A. W. Bell. Nevertheless, it is passing strange that a man who has committed the low-down crime of burglary late after time would have the nerve to announce as a candidate for the legislature. The gentleman from Lubbock took desperate chances. He lost. He will now undoubtedly serve a term at Huntsville—not in Austin.

Homer P. Rainey, former president of the University of Texas, soon to become an avowed candidate for the governorship, shrewdly announced a few days ago that he favored the calling of a special session of the legislature for the sole purpose of redistricting the state into Representative districts. The last Representative redistrict-

YOU don't hear much about women being afraid of a burglar under the bed anymore. Women

have got other things to think about, I reckon. But lately it got so bad in Detroit that a lot of folks thought Chicago maybe moved up there, and there was one woman who got terribly nervous, after reading about all the gang killings. She says to her husband one night, "Say, Steve, I got a terrible strong hunch that there's one of the administration gunmen under the bed. Let's let 'em fight it out, and we'll sleep."

(American News Features, Inc.)

ing bill was passed in 1920. It was the duty of the legislature at its first session after 1930 and of every legislature that has assembled since that time to redistrict the state. But every legislature has refused or failed to do so. Governor Stevens submitted the matter to the legislature at the last regular session. It failed to act, however, and he has done nothing more about it further than to indicate that he might call a special session after the Democratic primaries this summer. He claims that a "dead duck" legislature would be more likely to pass a redistricting bill than the legislature would be at this time. Dr. Rainey insists, however, that the Constitution is violated every time the legislature refuses to pass a redistricting bill and if it fails to pass one at the regular session it should be called back in special session and the matter of redistricting resubmitted. The legislature has dilly-dallied so long with this matter that many west Texans will be strongly inclined to favor Rainey's position.

Although friends have filed the name of Governor Stevens as a candidate or re-election and have paid the filing fee, he says that he still has not made up his mind. He declared a few days ago that he was waiting to hear what another prospective candidate might have to say. He doubtless referred to Dr. Homer P. Rainey, former president of the University of Texas, as who has really been running for the governorship for some time but has not yet publicly announced his candidacy. Immediately after he announces, Stevens will probably make his announcement too, and then politics will warm up.

Senator W. Lee O'Daniel has had the people of Texas guessing for some time as to whether he intended to run for governor of Texas or not. He is going to make a speech in Galveston next Saturday

and many people are expecting him to announce his candidacy at that time. However, he may just be trying to feel out public sentiment. If he runs, he will probably find that he is not as popular as he was in previous years.

The Philippines are scheduled to become an independent nation soon. She has enjoyed almost complete self-government for several years prior to the Japanese invasion; and the Japs, of course, carried on with a high hand as King as they could keep their feet on Filipino soil. When Uncle Sam and the Filipinos finally drove the Japs out, Uncle Sam necessarily had to tighten his rein over the natives for a spell. But he has promised them years ago that they could soon have independence, and he is keeping his word. Elections were held throughout the Islands a few days ago for the election of a new President of the Islands Osmena, the incumbent, was defeated by another Filipino leader, Manuel A. Roxas. About two million votes were cast in the election. Roxas receiving somewhat more than a million votes and Osmena a little less than a million. The difference being about 150,000 in favor of Roxas. Many Filipinos doubtless are not able to cast an

intelligent ballot, but so far the defeated candidate and his supporters seem to be taking the defeat in the good old democratic way, without bloodshed or any

kind of violence. Uncle Sam for forty years now has been setting the example for the Filipino and all other self-governing people to follow. It is democracy in action.

BUILDING AHEAD

of a fast growing
TERRITORY

Mile on mile of new transmission lines, begun even before the war's end, are now bringing low cost electric power to more homes, more farms, more industries, more businesses.

Our active expansion program includes many more miles of transmission lines, under construction right now. We've always had faith in the future and prosperity of the Panhandle, Plains and Pecos Valley area... and we're continuing to build ahead of this fast growing territory.

Take a look at this schedule of projects, already under way, or awaiting more materials:

Additions to power plants at Berger's Riverview Station, Carlbad, Denver City, Clovis and Guyton to produce 100,000 additional horsepower, at a cost of \$6,000,000. New transmission lines, power plant and substation facilities costing \$2,500,000. Another \$3,500,000 will be spent on improvements throughout our entire service area to build miles and miles of additional new power lines which will open new vistas to better living, better farming, new industries, and more profitable business.

Yes, the Panhandle, Plains and Pecos Valley area is growing fast... and we're BUILDING AHEAD to the tune of \$12,000,000 to help develop a better, more prosperous territory by bringing more electric power to more people... at lower cost than ever before.

No. 15 in a series of advertisements designed to help build this fast growing territory in which we serve.

NEW HOME JUNIOR AND SENIOR BANQUET
The Juniors and Seniors of New Home had their banquet at the Tech Social Center April 24th at 7:30. Their Mistress of Ceremonies was Dwight Corbell, Jr. Sponsor. The Toast Mistress was Nelda Jobe, President of Jr. Class.
The Hawaiian theme was carried out. The banquet room was decorated appropriately with flowers and greenery, consisting of palms, ferns and etc.
Dr. Jackson, of the Educational Department from Texas Tech, gave

a very lively and inspiring address. His humorous and unique wit-cisms were enjoyed by all.
The Faculty members attending were: Supt. and Mrs. A. L. Pace, Mr. and Mrs. Wilmer Smith, Mr. and Mrs. Lee Jumper, Mr. and Mrs. J. W. Shadden, Mr. and Mrs. Dwight Corbell, Mr. and Mrs. Guy Coleman, and Miss Doris Crewes, escorted by Deryl Highley. The Board Members and wives attending were: Mr. and Mrs. A. C. Fillingim, Mr. and Mrs. Aubrey Smith, and Mr. and Mrs. D. D. Renfro. All members of the Junior and Senior Class were present.
This banquet was an important event to both the Juniors and Seniors. This culminates an enjoyable year of co-operation between the two classes and the Junior Class wishes for them much success in life.

SHERIFF'S SALE

State of Texas,
County of Lynn.
Whereas, on the 8th day of March, 1946, in Cause No. 1657, in the District Court of Lynn County, Texas, wherein The State of Texas, Plaintiff, and Impleaded Party Defendants, recovered judgment against John Dyer and the unknown heirs of John Dyer Defendants, for taxes, penalty, interest, and cost against the hereinafter described property.
Whereas, on the 24th day of April, 1946, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property:

Whereas, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 24th day of April, 1946, seize and levy upon as the property of the above defendant the following described property, situated in Lynn County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)
First Tract: All of Lots 5 and 6 in Block No. 49 of the Original Town of Tahoka, situated in Lynn County, Texas.
And I will on the first Tuesday

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1- Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2- Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.
CARDUI

in the month of June, 1946, the same being the 4th day of said month, proceed to sell all the right, title, and interest of the Defendant in and to said property at the Court House door of said county in the city or town of Tahoka, Texas, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendant to have said property divided and sold in less divisions than the whole.

Dated at Tahoka, Texas, this 24th day of April, 1946.
Sam H. Floyd, Sheriff.
By Cleave Balfington, Deputy.
Lynn County, Texas, 29-21c

Mr. and Mrs. Jim Woods and Mr. and Mrs. Glenn Connolly and little daughter Mary Alice, Frank and Bill Woods and their mother, Mrs.

Rollin' 'em faster on the Santa Fe

Santa Fe serves the Southwest with two main lines.
The northern route runs across the plains of Kansas, southeastern Colorado, and goes over the mountains at Raton Pass.
The southern route leans south in eastern Kansas, runs through Oklahoma, the Texas Panhandle (where it is joined by other Santa Fe lines serving Texas), crosses central New Mexico, and joins the northern route again near Albuquerque.
Along these main lines Santa Fe has increased its yard facilities, straightened out curves and lengthened sidings to handle more freight trains.

Centralized Traffic Control systems have been installed, virtually adding another "main line" to important parts of the Santa Fe.
A great new double-track steel bridge across the Colorado River removes the "bottleneck" created by the old single track bridge it replaces.
80 giant 5400-horsepower Diesel locomotives—the most powerful freight Diesels in the world—are pulling heavy freights over our steepest mountain grades.
These increased facilities on the Santa Fe are ready to "roll 'em faster" for shippers even more efficiently than before.

SANTA FE SYSTEM LINES
Serving the West and Southwest

MR. FARMER

Make Your Cotton Planting Seed Go Farther

Here Is How

Let us delint your seed by the Kemgas Process then you can plant half as many seed and secure a better stand.

Why Is This True?

The Kemgas Process removes ALL the lint, then recleans, grades, and treats them with ceresan. Seed processed in this manner will germinate 3 to 5 days quicker than fuzzy seed. Tractors plant 25% more seed land in a day because.

There is absolutely no lint to choke planter boxes and one filling of the planter box will run 2 to 4 hours.

Planting Attachments

No special planting attachments are required—just an ordinary corn plate will plant these seed.

Planting Seed Scarce

Good planting seed is scarce this year. Get the most out of your seed by letting us process them. We are equipped to do a first class job.

We are able to supply a limited amount of KEMGAS DELINTED SEED in the following varieties:

- Hi-Bred Northern Star
- Western Prolific D and P. L.
- Macha (Storm Proof)

All these seed are first year from originator and are \$10.50 per hundred.

COUNTY TO BENEFIT BY MONEY SPENT ON RURAL REPAIR JOBS

Expenditures totaling more than \$466,000 will be made in the next few years by home owners on farms and in small communities of Lynn County to improve present electric and home plumbing.

These outlays will mean additional income to practically every local business and will finance additional wiring, bathroom improvements and new electrical equipment for the county's 1,548 farm

and rural homes already served with electricity, according to a study released by the Tile Council of America.

Introduction of running water, installation of tiled bathrooms and replacement of out-moded plumbing fixtures head the list of most wanted farm home features. D. P. First, chairman of the Council's Residential Construction Committee, revealed. One in five farm families throughout the nation plan bathroom improvements, he said.

Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.

Expenditures in the county are part of a \$94,617,000 program to be undertaken by Texas farm and rural home owners in the next five years, the study revealed. An estimated \$2,294,900,000 on similar improvements to present electric service will be spent in the nation during that time.

O. E. S. MEETING

Members are reminded that on Friday night will be the regular meeting of the Order of Eastern Star; 8:00 p. m. The election of officers and installations of new members are scheduled. Let all the members be present.—Mittie Walker W. M.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine. People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that may have a marvelous effect. All druggists sell Swamp Root.

FORMER DRAW GIRL WEDS IN CALIFORNIA

Miss Zelma Willingham of Pittsburg, California, a former resident of the Draw-Redwine community in this county, was united in marriage with Mr. Jack Johnson of Pittsburg on April 16. The marriage took place at Reno, Nevada.

The couple are living in Pittsburg, but Mr. Johnson plans to enter the Baptist University at Los Angeles in June to study for the ministry, according to a communication sent to the News.

Mrs. Johnson is the daughter of Mr. and Mrs. R. E. Willingham, who resided here for many years. She attended the Tahoka high school for most of her Senior year but graduated from Antioch, California, in 1945. She has been active in the Baptist Church as a teacher and leader since and plans to enter the University along with her husband. She is a niece of Joe and Bill Thompson, long-time residents of Lynn county.

LELAND MITCHELL WEDS FORT WORTH GIRL

Marriage rites were read in St. Mark's Methodist Church in Fort Worth at 7 o'clock Friday evening for Miss Gene Andrus, daughter of Mrs. Ruby Andrus of Fort Worth and C. D. Andrus Jr. of Lake Charles, Louisiana, and Leland O. Mitchell Jr., son of Mrs. L. O. Mitchell of Arlington, a long-time resident of Tahoka.

Rev. Hayden Edwards officiated using the double ring ceremony. The bride was attended by Mrs. T. U. Tutt as matron of honor, and Mr. Tutt was the groom's best man.

Mrs. Mitchell is employed by the Greyhound Bus Lines. Mr. Mitchell is temporarily employed in Arlington, expecting to enter North Texas Agricultural College on June 1.

MRS. TANKERSLEY HOSTESS TO WEST POINT H. D. CLUB

Mrs. C. T. Tankersley was hostess for the April meeting of the West Point H. D. Club.

For new business, we decided to send a box of clothing to the Philippines during H. D. Achievement Week, which is May 5-12. Miss Anderson was present and gave a demonstration on Table Service.

Nine members and one visitor attended. Our next meeting will be with Mrs. Ivan McWhirter, May 22.

CARD OF THANKS

We wish to express our gratitude to neighbors and friends for the help rendered us and other kindnesses shown at the time of and following the fire which destroyed our home. For the food and the clothes brought in, we shall always be thankful, and we can never forget that one of them, Mr. Rainell, literally saved Mr. Macha's life. We thank you all.—Mr. and Mrs. V. A. Macha.

When Mr. and Mrs. H. P. Caviness went down to McGregor about two weeks ago to visit her sister and niece, who were ill, they decided that it would be necessary for Mrs. Caviness to remain to assist in caring for the sick. Her sister has been sick for a long time and it was necessary for her niece to undergo an operation, which proved to be quite serious. Mr. Caviness reported Tuesday that he still didn't know just when Mrs. Caviness could come home.

Mr. and Mrs. E. J. Tanner, who have been living here for several years, moved to O'Donnell, Tuesday. Mr. Tanner sold his garage here and has bought a garage and service station there. Mrs. Tanner has been operating a cafe here. She will rest awhile in O'Donnell.

Mrs. E. D. Crouch and A. D. Jester were called to Loraine on Tuesday of last week by the serious illness of their father, E. D. Jester, 79, who had suffered a heart attack. They returned home Thursday.

John Deere Sights Were Set High

In Designing New Farm Equipment

ALL during the war, the experimental departments in John Deere factories continued, without interruption, their development of new and improved machines.

Sights were set high . . . designers aimed at new and practical ways of making farm life easier, more profitable. And shortly, the farmers of America will see a parade of great equipment that will prove their aim was true . . . equipment matched to the 109-year-old John Deere tradition of quality manufacture—more value for the dollar invested.

Revolutionary is the new hydraulic power-control on John Deere tractors. A touch of the hand actuates a rock-shaft for integral equipment or a cylinder on drawn and power-driven machines—lifting, lowering, and maintaining them in any desired working position. It truly introduces the lever-less age in implement design.

Outstanding are new one-man Quick-atch devices for cultivators, bedders, plows, and other integral equipment . . . time-savers that mean more hours in the field, less knuckle-scraping in the change-overs—one man does the trick.

There will be a new tractor for the small farm with outstanding new features that put it far ahead of the field. An important new machine is the John Deere Automatic Hay Baler, destined to cut baling costs to rock bottom. One man, instead of three or four, does the job. It's the only baler of its type that feeds the windrow directly into the

baling chamber and ties with wire.

New and improved harvesting machines include a new self-propelled 12-foot combine and many new features on the famous John Deere No. 12-A. Lighter-weight, faster-working corn pickers will shorten and lighten the corn harvesting job. A new, really portable elevator not only handles corn, but baled hay as well. A simple new grain cover that will replace old-style small grain elevators.

Beet growers are enthusiastic about the new John Deere harvesters and loaders already in the field in small quantity. Potato growers will welcome the new double level-bed digger—a new, more practical two-row machine. The new cotton harvester is a major contribution toward cost-reduction in the growing of cotton.

New integral one- and two-bottom plows . . . a new two-bottom truss-frame plow . . . a new disk plow . . . a new land-leveller . . . a six-inch hammermill for small power . . . a low-cost, front-end manure loader . . . a plow-sole fertilizing attachment . . . new low-down, rubber-tired grain drills . . . an integral field cultivator—these and many other new and improved John Deere machines will be on their way to American farms.

Manpower and materials will be the only limiting factors in production during the coming months, so keep in touch with your John Deere dealer—be ready for the new day in farming with new equipment from the John Deere Full Line.

Consolidation . . .

(Cont'd. from first page)
 school. There is a four-mile gap in the proposed pavement south-east from Wilson and the one serving New Lynn community but we feel that this will eventually be paved. Any way, the biggest part of the route will be over dirt roads whichever place we go.
 Wilson school does not have school when roads are too muddy to operate buses, these days being made up at the last of school. The New Lynn school board investigated the conditions at both Tahoka and Wilson. At Tahoka

the grade school is badly overcrowded. They are in need of more buildings to properly take care of the pupils they already have. Some of the Tahoka trustees stated they were not in favor of a large building program just at this time. However, they assured us they would try to take care of us if we went there.
 Taxes are slightly higher in Tahoka school district than in New Lynn and slightly lower in Wilson than in New Lynn district. Wilson has most of their bonded indebtedness paid off. They have plenty of buildings to take care of the combined districts with no need to raise taxes for new buildings.
 Wilson has had excellent bus service all through the war emergency period and should continue to have good bus service.
 Wilson has served good school lunches less expensive than at Tahoka.
 Wilson is an accredited high school and should always be so in the future.
 After discussing the problem with various people of the community we decided to attempt to consolidate with Wilson. We believe this

is a good time to consolidate, as our building at New Lynn can no doubt be sold at a good price now and the money used to retire our indebtedness. However, this will not be done until after we have liquidated.

The school trustees at New Lynn are entirely responsible for circulating the petition asking for an election in the New Lynn community. We are asking every person qualified to vote in this election to come and vote your opinion on the date of the election. Yours for education.—New Lynn School Board: T. B. Mason, Newman Bartley, Carl Stone, Hubert Edwards, Guy Smith, A. D. Jester.

 which have already been started. This Thursday's program consisted principally of a report by members who attended the annual 127th Rotary International District Conference held in Amarillo Sunday, Monday and Tuesday. Those who attended from the Tahoka club were: Dr. and Mrs. E. Prohl, Messrs. and Mmes. Terry Thompson, Wynne Collier, Rollin McCord, Jap Wharton, and Wins on Wharton.

FOOD CONSERVATION URGED BY U. S. D. A. COUNCIL

An appeal to local housewives to cut their purchases of wheat products and fats and oils so greater supplies can be released for shipment to European countries has been made by Clinton M. Walker, Chairman U. S. D. A. Council.

During the next few weeks voluntary reduction of wheat products by 40 percent and fats and oils by 20 percent will provide minimum food requirements and help prevent mass starvation in war-torn countries, he said.

He urged use of plentiful foods, such as potatoes, for bread, fewer fried foods and less pastries as practical ways housewives have of reducing purchases of wheat products and fats and oils.

Edwards . . .

(Cont'd. from first page)
 nately known, though one version is that Mr. Edwards' car struck the rear of a vehicle, without lights, being towed by another car, which Mr. Edwards failed to see in time to avoid a collision. At any rate his car veered and went into the ditch. His chest was crushed, possibly by being thrown with terrific force against the steering wheel.
 He was taken to the Clovis hospital for treatment. Mrs. Edwards, who was sick and had been taking treatment for a long time but hastened to his bedside with her daughter, Mrs. Inez Knight, and found him still conscious.

Until a year ago, when Mr. and Mrs. Edwards moved to Lubbock, they had been living in Tahoka since 1911, having come to Tahoka from Crawford, McLennan county. For about 34 years they made their home here, during which time Mr. Edwards had been engaged in the operation of cotton gins in Tahoka and elsewhere most of the time, having been sole or part owner of gins in Tahoka, New Home, Pleasant Valley, Clarmont, and perhaps one or two other places. He had also acquired valuable farming lands in this area and two or three years ago bought a large and valuable ranch out in New Mexico. For a time, he was also engaged in the sale of tractors and other farm machinery here. Having had business dealings with hundreds and hundreds of men during the third of a century that he had lived here, Mr. Edwards had accumulated a great host of friends. Noted for his fair dealing and his business integrity he had scarcely made an enemy in all these years.

He was a liberal contributor to his church and to many another worthy cause.

Born of Mr. and Mrs. James Edwards in Coryell county on Sept. 20, 1876, he grew to manhood in that section of the state and was married to Miss Dossie Lee Anderson of Crawford on September 1, 1901. He united with the Baptist Church in 1904 and had been a member of the Tahoka church practically ever since his removal here in 1911.

Three children were born to him and Mrs. Edwards, all of whom survive. They are Mrs. Inez Knight of Lubbock, A. P. Edwards of Springer, New Mexico, and Mrs. W. T. (Juarene) Bevell of Magdalena, New Mexico, all of whom have spent most of their lives in Tahoka and all of whom were here Wednesday for the funeral services. Four grand-children also survive, Jackie, Tommie, and Billy Bovell and Kaye Edwards.

Other survivors are five brothers: W. B. Edwards of Lubbock, A. W. of Waco, M. H. of Tahoka, S. C. of California, and J. H. of Austin. All of these with the exception of S. C. were themselves residents of Lynn county for many years.

Three sisters survive, Mrs. W. A. Kirkland of San Angelo, Mrs. G. W. Hickerson of Tahoka, and Mrs. J. A. Burleson of Lubbock; a number of nephews and nieces, and other relatives.

Active pall bearers were Walter Slaton, Truett Smith, Grayam George, Oscar Roberts, and J. L. Heare.

Sister Of Local Women Killed

Mrs. John Evans and Mrs. T. J. Bovell received the sad message Monday afternoon that their sister and her husband, Mr. and Mrs. Jim Chilcutt of Nowata, Oklahoma, had just been killed near that place that afternoon when their car was struck by a freight train. Mrs. Chilcutt was killed instantly and Mr. Chilcutt lived only about 40 minutes after the accident.

The couple had been out to their ranch a few miles from town and were returning home. It is presumed that they drove upon the railway track at a crossing without seeing the approaching train.

There were three surviving children, who lived at scattered and distant places, and funeral services were delayed to await their arrival.

Mrs. Evans and Mrs. Bovell of this place, both of whom are in very bad health, were unable to attend the funeral, but Mr. Evans, his son Egbert and his daughter, Mrs. Carl Griffing, left for Ada, Oklahoma, on Wednesday night to attend the funeral services. The little town of Nowata is situated near Ada.

MISS MILDRED COX CONDUCTS CLASSES FOR VETERANS' WIVES

Denon, Tex., May 1.—Miss Mildred Cox of Tahoka will conduct classes for veterans' wives to be held on the campus of North Texas State College as a part of a home economics department program to aid the wives of ex-servicemen at the college.

Miss Cox will assist the child development group which will discuss "Cooperation and Discipline" at the first meeting.

Miss Cox is a senior home economics student and is a member of the Ellen H. Richards Club and Baptist Student Union. She is the daughter of Mr. and Mrs. J. Q. Cox of Tahoka.

The University Concert Band of Hardin-Simmons University, Abilene, will give a concert in the Tahoka high school auditorium Wednesday morning, May 8, at 10 o'clock. The 41-piece organization will give a varied program with several feature numbers under the direction of Herbert M. Preston, inset, assisted by Otis Harvey (standing behind the bass drum). Billie White of Lamesa, (not in the picture) will be master of ceremonies. Billie is a member of the HSU Cowgirls and one of the university yell leaders.

MANY BAPTIST MEN ATTEND BROTHERHOOD MEET

Forty-four men, 38 of them from Tahoka and six from Redwine, crowded into a bus driven by B. T. Smith Tuesday night and attended the associational Baptist Brotherhood meeting held in the First Baptist Church in Brownfield. One or two other men from Tahoka, four from Wilson, and six from

Petty drove over in cars. G. H. Nelson of Lubbock, formerly of Tahoka, former district attorney of this district and former state senator, and well known throughout West Texas and much of the remainder of the state, was the speaker of the occasion, and his address was generally pronounced as "tops." A Brownfield Mens' Quartet ren-

dered two very fine numbers with a Brownfield lady at the piano, and Laylan McMahan, 14, gave a solo, accompanied on the piano by Lewis Allen Boskin, another Tahoka youth. Their number was highly praised also. In a brief business meeting one Brownfield man and three Lynn county men were elected to positions in the organization. County

Attorney Virgil Crawford of Brownfield was elected Membership vice-president; Leonard Aubrey of Redwine, Program vice-president; and J. W. Lowry of Petty, secretary-treasurer. E. I. Hill of Tahoka is president of the organization. The average bee hive yields about 17 pounds of honey a year.

Large Crowd At Co-op Meeting

The sixteenth annual meeting of the stockholders of the Farmers' Cooperative Association No. 1 held at the gin plant here on Thursday of last week was probably the most largely attended of any meeting in its history. D. A. Barton, manager for the past season estimated the crowd present at the noon hour at 800. Some estimates were much higher than that; some not quite so high.

Families of the stock-holders and many outside visitors constituted the crowd.

Barbecue was served at the noon hour, which was greatly enjoyed, as were the social features and the program of addresses and other exercises.

The meeting was opened by the president, H. P. Caveness, with about 150 stockholders present. He delivered the welcome address, to which Elmo Burkett responded.

D. A. Barton, manager, introduced the visitors and the speakers on the morning program. Messrs. Newson of Wilson, Hodges of the Tahoka Coop, Gin, Johnson of Hackberry, and Lefty Fowler of the C. C. A. of Amarillo were some of the visitors.

The first speaker was G. M. Duckett, a resident of this county for many years who moved out to New Mexico two or three years ago. He expressed his pleasure at being in the meeting and of associating briefly with many friends here.

Roy Davis of the Cooperative Oil Mill in Lubbock told of his operations of the Mill during the past season, and informed his audience that the Farmers Coop. No. 1 of Tahoka, was the largest shareholder of any of the gins interested in the Mill.

Ray Heald of the Producers' Grain Corporation of Amarillo explained how the Cooperatives can Con'd on last page, section 2

Apron-Pants, of all things!

Supt. Head Explains Wilson's Position

Noting that the News last week expressed some perplexity as to why the New Lynn School should seek to consolidate with the Wilson school district rather than with Tahoka, Supt. C. O. Head of the Wilson school's crupped into the News office Monday morning to give us his view.

In the first place, he explained that the paved highway from Tahoka to New Lynn school and store would make little difference, since the Tahoka school buses would necessarily be compelled to cover far more dirt roads than paved roads in picking up the New Lynn school children, and the proposed new paving of six miles would pass by the homes of only a small percent of the students in that vicinity.

It is a fact, however, that at least half of the New Lynn school students live within three miles of the Post-Tahoka highway, while none of them will live that close to any paved highway leading out of Wilson even after all the proposed paving is done.

The News, however, did not intend to criticize anybody either in the Wilson or the New Lynn districts. Mr. Head is a very capable school man and Wilson has an excellent school system. They naturally want to make it bigger and better, which is most commendable. And if New Lynn prefers to link up with Wilson, that is New Lynn's business and the News has no criticism of them whatever. The fault, if any, may be Tahoka's altogether, for all we know. It may be that Tahoka could not offer the New Lynn people, or did not offer them, sufficient inducements to come in to Tahoka to school. The News was just wondering.

Calvin Ellis and George Scott, both of Dallas, visited Mr. and Mrs. E. R. Edwards Saturday night and Sunday. They flew out to Tahoka in their Stearman airplane. Both are brothers-in-law of Mr. Edwards.

L. T. Brewer, prominent citizen of O'Donnell, who has been ill for about a year and a half, was in Tahoka Wednesday. His many friends here were glad to see him able to stir around again.

Mrs. W. S. Russell and daughter Miss Mary of Denver City spent the week-end here visiting Mrs. J. L. Tomlinson and family. They were long-time friends in Oklahoma before moving to West Texas.

N. M. Barham Jr., 15-year-old son of Mr. and Mrs. Newt Barham, who underwent surgery in Lubbock Memorial Hospital Sunday, is reported to be doing fine.

Mr. and Mrs. T. M. Locksby and Mr. and Mrs. W. E. Hammonds accompanied the school group to the Carlsbad Cavern last week-end.

The T. I. Tippit family spent last week-end with the Eue Tippit family north of Brownfield.

There is no standard size of weight for a bar of silver. However, it generally approximates the size of ordinary building brick.

The thickest coal seam in the world is in the Fortune Mine near Cologne. It is 100 meters or 330 ft. thick.

Whiskey was used as a measure of value in South Carolina in 1780, after the collapse of the continental currency.

We're at the end of our rope

Frankly, we've just about reached the end of our rope. Everything possible is being done to meet the demand for telephone service, but shortages of equipment and trained manpower are still preventing the immediate installation of telephones for everyone on the waiting list. We are trying to make your wait as short as possible. Your continued patience is greatly appreciated.

Social Security Man Is Coming

John Palmer, Social Security Representative will be in Tahoka at the U. S. Post Office, Wednesday, May 8, 1946. He is in Tahoka one day each month for the purpose of answering any questions people may have on Social Security; discussing possible benefits and taking claims from persons who may be entitled to benefits, and of taking applications for Social Security account number cards.

Never apply for a new number after once having had a number. Two numbers will cause a delay in benefit payments. Always state when applying for a duplicate that you have had a card before.

Make your parents aware of the fact that you, too, have a social security account. In case of your death they may be entitled to payments as your survivors.

MRS. D. A. STEVENS BREAKS WRIST

News has come back to Tahoka from Socorro, New Mexico, that Mrs. D. A. Stevens had fallen and broken her wrist at the home of her daughter, Mrs. Ray, near that place on last Friday. She and Mr. Stevens are out there for a few weeks visit.

MOTHER CRITICALLY ILL

Miss Alva Mae Anderson, county home demonstration agent, left Monday for Mount Pleasant, where her mother was reported to be critically ill and not expected to live but a few hours.

Mr. and Mrs. P. D. Server were called to Knot, a few days ago by the serious illness of their daughter-in-law, Mrs. Walker Server, who underwent a major operation in a Big Spring hospital. She is improving and Mr. Server came home Wednesday. Mrs. Server remained for a few days longer stay.

Goddard Edwards, who is employed in the State Treasury Department, was here for the funeral of his uncle, A. J. Edwards, on Wednesday and remained here a day or two longer to visit relatives and friends. Goddard was reared in Tahoka.

Mr. and Mrs. Oscar Robert left Wednesday night for El Paso to meet their son, James ("Sonny") Roberts who has just returned from Japan. He had previously served in the European Theatre of Operations.

Because the longest life of a fly is only 62 days it takes three generations to span the winter months.

Co-op Meeting . . .

Cont'd from first page, section 1

improve the farmers' position in the world economic situation. Among other facts, he stated that farmers constitute 16 percent of the population of the United States but receive only 13 percent of the income.

Don May, Educational Director of Consumers' Cooperatives Association brought a very worthwhile address on the principles that govern a true Cooperative.

Aubrey Patton, business manager for the Caprock Cooperative Hospital, gave a clear-cut and detailed explanation of the proposed institution.

In the afternoon, Parr Merri-man, auditor for the past year, read his report and made many comments on the year's business.

Following this, President H. P. Caviness conducted an open forum for the good of the order, and several members made interesting comments.

At a business meeting, W. T. Cook and E. J. Cooper were elected as directors.

Later, at a meeting of the board of directors, H. P. Caviness was re-elected president; L. D. Howell was elected vice-president; and G. B. Shaffer was elected secretary.

The auditor's report mentioned above shows that the Association has assets in the amount of \$157,291.99 and that the total indebtedness is \$9,392.58. It owns stock in other cooperatives in the amount of \$29,992.00.

Last year the Cooperative sold merchandise through the station to the amount of \$127,339.63 and handled \$170,733.49 worth of grain through the elevator.

All of which shows that the Cooperative is in a very prosperous condition.

W. M. S. HONORS H. S. SENIORS WITH BANQUET

On last Friday night the Baptist W. M. S. honored the high school Senior Class with a banquet on the lawn of Mrs. R. C. Ferrister. Tables had been placed on the beautiful south lawn amid lovely growing plants and blooming roses and other shrubs, an ideal place for so happy an occasion.

Featured on the program was a trio of Wayland College students, Misses Anna Lois Alford, Dorothy Hargrove, and Nadine Hitt, who rendered two vocal numbers. Miss Betty Dickerson of Wayland gave two readings. Mrs. Olan Smith, head of the Wayland Music Department, was also present.

Rev. Levi Price, pastor of the First Baptist Church of Tahoka, addressed the Class, his subject being, "The Power to Become."

About 50 attended this enjoyable affair.

The thickest coal seam in the United States, of high-grade coal, is in the Mammoth Seam near Wilkes Barre, Pa. This seam is 50 feet thick, some folds running as high as 60 to 80 feet.

Training fleas is the hobby of Prof. J. C. Ruhl of New York. The first exhibition of training fleas was by Professor Ruhl's grandfather in 1821.

Sentinels of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

We Know a Lot of Families Who Planted a Garden Early

Those families are today serving FULL VEGETABLE MEALS, out of that Garden consisting of such items as Lettuce, Radishes, Carrots (believe it or not) Spinach, Turnip Greens English Peas, Green Beans (believe it or not), Onions, Mustard, Beets (believe it or not)—and will soon be serving additional items such as Cucumbers, Squash, Okra, Tender Greens, Sweet Pepper, Hot Pepper, Tomatoes, Potatoes, Cantaloups, Watermelons, Pumpkins, Black Eye Peas, Cream Peas, Sweet Corn, and many other items, that are essential to health and vigor. Not only are they serving these vegetables daily now, but they will CAN many of these vegetables to be served in their daily menu, this fall and winter.

Some have suggested that it costs too much to raise a garden. Really now—does it cost much—Go to the Grocery store and buy the following items and add up the bill—then check their cost against the following list—

HERE IS WHAT YOU GET

1 bunch (5) Carrots08c
1 bunch (5) Beets10c
1 head (1) Lettuce12c
1 bunch (12) Radish10c
1 pound Green Beans18c
TOTAL58c

FOLKS—
You had better raise a GARDEN

Here Is What You Get At Our Store In SEED

Carrot Seed05c	Enough seed to raise 600 bunches—value	\$ 48.00
Beets Seed05c	Enough seed to raise 160 bunches—value	16.00
Lettuce Seed05c	Enough seed to raise 3000 heads—value	360.00
Radish Seed05c	Enough seed to raise 250 bunches—value	25.00
Beans Seed30c	Enough seed to raise 300 pounds—value	90.00
TOTAL50c	TOTAL VALUE	\$539.00

You spend 58c to buy enough vegetables for one meal—make out your seed list needs, bring it to our store, and we will sell you enough seed for 50c to raise over \$500.00 worth of vegetables.
