Tahoka, Lynn County, Texas, Friday, July 12, 1946

Number 40

Veteran Schools Are Planned For Lynn County

All Lynn county veterans interested in taking advantage of the GI educational bill while living at home, are invited to attend a meeting in the county court room next Thursday, July 18, at 4 o'clock.

A plan is being worked out by the Veterans Administration and the State Board of Vocational Education whereby, beginning this fall, farmer veterans may receive \$65 if single and \$90 if married as subsistence toward attending vocational schools set up locally.

Zane Brewer, supervisor of veterans education, Lubbock district, explained the plan to a group of citizens here last week, and Mrs. Lenore M. Tunnell, county superintendent, has been named co-ordinator.

The present plan is to establish Vets vocational schools at Wilson, Tahoka, and O'Donnell. Twenty GI enrollees will be required to establish each unit, and to employ a vocational agriculture teacher. Any GI who owns or rents a farm may take advantage of the school while continuing to operate his farm.

Among those attending the meeting here last week were: Manuel Ayers, county agent; Clint Walker, AAA secretary; Miss Lucille Wright, high school home economics teacher; Mrs. Tunnell, and representative from Dawson county, the State Department of Education, and the Veterans Administration.

Bathing Beauty Contest Planned

Tahoka has been selected to hold a South Plains-wide Bathing Beauty Revue, the winner of which will receive a free vacation trip to Colorado Springs, Colo., and an authentic Hollywood scene test, according to Ted Waggoner, local manager of the Wallace Theatres.

A local bathing beauty revue will be held here Thursday night, Aug. 8th, at 9:00 p. m. in the Rose Theatre, which any young lady 17 to 24 years of age and a resident of Lynn county, who registers as an entrant before July 20, is eligible to participate.

One Miss Lynn County and one Miss Tahoka will be selected in this contest each of whom may enter the Wallace Theatres finals, also to be held in Tahoka August 15.

Winner of this contest, will be crowned Miss South Plains, given a week's free vacation at Colorado Springs, and a screen test by the Alexander Film Company. The test will be sent to eight major studios in Hollywood, and possibly the girl will get a chance at the movies.

W. H. Fulkerson Has Service Station Back

Mr. and Mrs. W. H. Fulkerson are again operating their service station on Main Street, the station having been operated by them for a number of years until they leased it to A. N. Norman and Harold Hooks a few weeks ago.

Fulkerson is local wholesale distributor for Cosden products, as well as owner of the station.

APPLICATIONS FOR DAIRY PRODUCTION PAYMENTS NOW BEING TAKEN

The dairy production payment rates for April, May, and June are as follows: for the month of April whole milk is 70c per cwt. and butterfat is 17c per pound and for May and June whole milk is 55c per cwt. and 15c per pound. Commencing July 1st and continuing through August 31st: the Lynn County A. A. A. office will accept applications for this payment according to Clinton M. Walker, Secretary of the Lynn County A. C. A. It is thought that the program will be dropped effective July 1st. This subsidy payment has been made to dairy producers to increase production during the war years.

ADDING MACHINE PAPER, 7 rolls for 25c at The News office.

Baptist Revival Opening Sunday

Revival services will begin at the Baptist Church next Sunday morning to continue two weeks, according to previous announcement.

Rev. B. J. Martin, pastor of the First Baptist Church of Ballinger, will do the preaching and the music will be directed by Mr. Dee Cates, educational director of the Temple Baptist Church in Abilene.

Successor of Rev. Clarence Morton, now pastor of the First Baptist Church of Lamesa, as pastor of the strong Ballinger Church, Rev. Martin is the son of the pastor-evangelist Martin who did the preaching in a most acceptable manner in a revival in the Baptist Church here some three or four years ago. The son, like the father, is reputed to be a strong man in the pulpit. Dee Cates is likewise said to be an artist in his line—he knows music.

Rev. Levi Price, the pastor here, reports that "all things now are ready," at least from the material standpoint, and he is hopeful of a great revival.

The public is cordially invited.

Flower Shop Is Opened Here

With the opening of the The House of Flowers by Mr. and Mrs. J. B. Billman here Saturday, Tahoka will have a new enterprise—one which has long been needed here. It is hoped that it will have the undivided support of the people of Tahoka and of Lynn county from the very beginning so that its success and continued operation may be assured.

Mrs. Billman recently took a course in flower arrangement and had actual experience in a flower shop, and she is prepared to serve the public efficiently. Besides, she has visited and inspected other shops in order to get the benefit of their experience and any new ideas that might be suggested.

Mr. and Mrs. Billman plan to install a hazy yard and shrubbery department in the fall, and to expand their facilities as rapidly as the demands may require.

You are invited to visit the House of Flowers tomorrow and any time thereafter that may suit your convenience.

Capt. Truett Cooper Going To Japan

Capt. Truett Cooper of the Regular Army was here Monday and Tuesday en route to Japan. He was accompanied here by his wife, who expects to follow him to Japan later if arrangements can be made.

Cooper was recently stationed at Fort Lewis, Wash., but for the past month has been attending a school in Carlisle, Pa., preparatory to an assignment with the Military Government staff in Japan. Recently, the Army announced that he was one of the 9,600 officers out of the 108,000 applicants for the Regular Army.

Capt. Cooper served in the Pacific with the famous First Cavalry during the war.

He flew from Lubbock to San Francisco Wednesday, and will fly from there to Japan, leaving today.

Before a British business man can raise money for a new enterprise in these days of scarcities the venture must be passed on as to its merits by a government committee.

Methodist Revival Opens July 21st

Revival services are to begin at the Methodist Church on Sunday, July 21 and continue through July 31, according to announcement made by the pastor, Rev. H. A. Nichols. This is a tentative date, he stated.

Rev. Robert L. Kennedy of Dallas is to lead in the revival. He is a singer as well as a preacher. He has had some fine revivals recently. He held a meeting at Pampa a few weeks ago with fine results. He is now in a meeting at Reagan, Texas. More about the meeting next week, the announcement states.

Officers Installed By Masonic Lodge

Officers for the Masonic Lodge here were installed on Tuesday night of last week as follows: C. E. McClellan, Worshipful Master; Ed Hamilton, Senior Warden; DeRich D. Renfro, Junior Warden; L. A. Forsythe, secretary; Lloyd A. Gentry, chaplain; M. L. James, Senior Deacon; Beecher Sherod, Junior Deacon; V. F. Jones, Senior Steward; Bill Baker, Junior Steward; and Joe B. Oliver, Tiler.

World War II Service Book For Lynn County May Be Published By News

Arrangements have been completed by the Lynn County News for the publication of a pictorial World War II Service Book for the men and women of Lynn County who served in World War II, and there will be no cost whatsoever for placing the picture and write-ups in the book. This newspaper earnestly solicits a picture and information for every service man and woman. Information forms, easy to fill out, are available at the Lynn County News office.

This book will be very similar in appearance and composition to school annuals. It will have no advertising whatsoever, and will be devoted entirely to pictures and stories of the service men and women. Everyone who wants to purchase a book may do so by placing their order now, but no one has to buy the book in order to get pictures in it. There are no strings whatsoever attached to having pictures placed in the book. The News wants them—earnestly solicits them—in order to make this book truly representative of the great part Lynn County had in the war. Bring

Assembly of God Announces Meeting

Rev. Homer M. Sheats, district superintendent for the Assemblies of God of West Texas, will begin a revival at the Tahoka church Sunday to continue through July 28.

Services will begin at 8:30 each night, and there will be special music and singing at each service. "Don't fail to hear the timely messages that Brother Sheats will be bringing," Rev. Leon Quillin, the pastor, asked The News to say. The meeting will be out doors.

in your picture or the picture of your loved ones who served.

PLACE ORDER NOW

Because of the shortage of paper, the printing of the Lynn County War Service Book will be limited strictly to the number of orders placed in advance. Those wanting books should place orders now. This will make it possible to supply everyone with books, and anyone may order a book, regardless of whether a relative served in the armed forces.

The book will sell for \$2.50.

The pictures will be returned undamaged, so bring in the best; pictures available. The World War II Service Book will become a valuable memento, and an important record as well. Every man and woman who served should be included, because they served well. All that is required for anyone to have a picture included is to bring in the picture and fill out a simple questionnaire giving information to be published along with the picture.

BRING YOUR PICTURE IN NOW!!!

MISS HANEY PRESENTED IN PIANO RECITAL TONIGHT

Myrtle Dunn Short will present Frances Marion Haney, assisted by Nancy Ray Weathers in a Junior High School Piano Recital Friday, July 12, at 8:30 p. m., First Methodist Church, Tahoka.

A program of classical music will be rendered.

S. S. CLASS HAS PARTY TUESDAY NIGHT

The members of the Estherian Class of the Baptist Sunday School and their families enjoyed a picnic in Mackenzie State Park, Lubbock, last Tuesday night.

Following the party proper, the children found plenty of entertainment in the amusement park.

Contract Is Let On 18.5 Miles Farm-To-Market Road In Precinct Two; Other Contracts Will Be Let Soon

Rotarians Will Attend Meeting At Childress

President Lum Haney will head a delegation of Tahoka Rotarians attending the annual District Assembly of the 129th Rotary District at Childress next Monday.

The local members hope to bring back some ideas that will be of benefit to the Tahoka club.

Improvements At Tahoka Airport

Bill McNeely is converting his airfield south of Tahoka into an up-to-date airport with a view to meeting government requirements and obtaining approval of it as a G. I. Bill flight training course. He expects to get this approval at an early date.

Construction was started early this week on a large steel structure with a concrete floor, dimensions 42 by 50 feet, to be used as a repair shop. Expert licensed mechanics will be employed to do all kinds of airplane repair work.

In the house on the premises which Mr. McNeely uses as a residence and office combined, there will also be a ready room 14 by 18 feet in size, a class room, properly equipped, and two rest rooms.

All run-ways are to be widened 75 feet.

The north and south run-way is 3,100 feet long; the northeast-southwest run-way 4,700 feet long; the northwest-southeast run-way 3,400 feet long; and the east-and-west run-way 2,400 feet long, but it may be abandoned.

Mr. McNeely has three airplanes for training purposes, two Cub trainers and one Super-Cruiser. All T-hangars already constructed will be inclosed on all sides except the front, where doors probably will be swung later. Three of the T-hangars will have concrete flooring.

Oil will be spread on the apron in front of the hangars and shop to keep down dust.

This airport, as is well known, is situated just outside the south limits of the city and extends along the highway the Tahoka-O'Donnell highway.

Flying Farmers To State Meeting

With President Clayton Beard of Tahoka presiding, the Texas Flying Farmers Association will hold a state-wide meeting in the Bluebonnet Hotel in Sweetwater, July 20. It is expected that at least 20 Lynn county Flying Farmers will attend.

A program will be given in the Sky Room of the Bluebonnet, beginning at 10 a. m. Willis Davis, mayor of Sweetwater, will give the welcome address, to which R. I. Fields of Wharton, vice-president of the Association will respond.

Following a business session from 10:30 to 11:30, there will be an address by Ed Travis, representative of the CAA. Then a luncheon will be served, with music by a string band, followed by an address on "Flight Training Under G. I. Bill of Rights at A. & M. College" by Howard W. Barlow, dean of Engineering at the College.

After another short business session the big air show will be staged at Avenger Field.

The activities of the day will close with a barbecue at the Field by courtesy of the Sweetwater Board of City Development.

Gulf Station Is Erecting Building

A warehouse, 24 by 30 feet in size, is being erected at the Gulf service station operated by Vernon Davis one block west of the highway intersection. Work on the structure started Monday.

The house will have a stucco finish on the outside and sheetrock on the inside.

Contract was let last Friday by the commissioners' court of the Southern Contracting Company of Austin for the construction of 18 1/2 miles of farm-to-market road situated in the Draw-Grassland precinct for a consideration of \$125,694.47, that being the lowest bid submitted.

The stretch of road to be improved includes 14 miles beginning at a point on the Tahoka-Post highway seven miles east of Tahoka and running south 14 miles to Draw; a feeder road beginning at a point on the aforesaid Draw road three miles south of its north end and extending east a distance of four miles to a point directly south of Grassland; and a half mile stretch, known as the cemetery road, extending from a point on the Tahoka-O'Donnell highway at the southern limits of Tahoka eastward to the cemetery.

The bid as submitted and accepted calls for an expenditure of \$6,794.30 per mile, which is pretty well in line with the estimates made when the bonds were voted. Labor and supplies of course have advanced some since that date.

Eight different concerns submitted bids, running all the way from the bid submitted by the Southern Contracting Company up to a bid of \$172,412.06 submitted by Kay Williams of Midland. The second highest bid was less than \$200.00 below this, and the second lowest bid was about \$12,000 higher than he lowest bid.

The contractor was given until July 15 to file his bond and until July 20 to get to work on the job.

This is the first farm-to-market road construction contract that has been let in this county.

The State highway commission let the contract several weeks ago for the construction of the stretch of state highway to be constructed from New Home to Wilson, and the contractor has been at work on the job for quite a while but thus far rather slow progress has been made.

The grading and drainage structures were completed sometime ago and the work of laying the caliche base was begun on the New Home end of this highway, but the rock taken from the caliche beds which had been selected proved to be so hard as to make it impractical for use. It was abandoned and a new bed near Wilson has been located. It is hoped that the material from this bed will be more suitable and that the work may proceed more rapidly from here on out.

New Cemetery Ass'n. Officers

A few members of the Tahoka Cemetery Association met in the county court room Saturday afternoon, transacted certain items of unfinished business, and then proceeded to elect new officers.

Several times recently the officers have attempted to have a meeting of the membership but were unsuccessful in getting the members to attend. Just a few were present Saturday afternoon. All of the officers present, who had served many years, expressed their unwillingness to serve longer.

Judge J. W. Elliott, who had consented to serve as president, was nominated and elected to that position, succeeding E. I. Hill, who had acted as president for many years. Three members of the board of directors were present, Mrs. Gladys Stokes, Mrs. R. C. Forrester, and J. E. Kettner. Mr. Kettner was re-elected to his position over his protest, and consented to serve. The other two members present declined to serve longer, and W. E. "Happy" Smith, who was not present, had also stated that he would not serve longer.

In addition to Mr. Kettner, others elected to the board were Mrs. Oscar Roberts, Mrs. E. H. Boullough, Hal Robinson, and Terry Noble.

Since Dr. J. R. Singleton's death, Mrs. Singleton, who had been as-

BELL COUNTY MEETINGS AT BUFFALO GAP RESUMED

For the benefit of a former residents of Bell county now residing in this section of the state, it is announced that the meetings of former Bell countians at Buffalo Gap 13 miles southwest of Abilene have been resumed, and the attendance this year, it is hoped, will be larger than that of either of the previous meetings, when more than six hundred persons were in attendance.

There are numerous former Bell countians living in the Abilene country and the meeting place is ideal. Attendance at this meeting need not interfere in any way with your plans to attend the Bell county meeting at Mackenzie State Park in Lubbock in August.

The Bell County Ex-Residents' Association of West Texas will hold all-day meeting at the Presbyterian Encampment Grounds, Buffalo Gap, Texas, Sunday, July 28, 1946.

Those planning to spend the day are requested to bring basket lunch which will be spread at 1 p. m.

All Bell County ex-residents and their families are invited and urged to attend.

Come and Help Make This Meeting a Success.

Joe E. Childers, Vice President
Florence French Clifton, Sec-Treas.

CARD OF THANKS
Words fail to express my sincere thanks to all who have helped in so many ways during my illness.

Thanks for every prayer, visit, the pretty cards, flowers, and gifts. I shall never forget your kindness. May God richly bless each of you.

Mrs. Willis Pennington.

METHODIST CHURCH

Tuesday night at 8:30, July 16, Dr. Harold Cook, principal of McMurry College, and Dr. L. N. Lipscomb, district superintendent of the Lubbock district, will be at the Church to meet with the officials of the Church—stewards, trustees, Sunday School Supt., and all other officials. It is necessary for each official to be present. Dr. Lipscomb will preside.

Let's keep up the good record of attendance during this dry and hot weather. The Church work must continue as well in hotter weather as when it is more comfortable.

We had several new faces in the congregation last Sunday. Glad to have you and hope you will become regular attendants upon all services of the Church. We extend you a hearty welcome to all services Sunday.

SIKES FAMILY HAS REUNION ON THE FOURTH

Mrs. W. E. Sikes had all of her children at home for a reunion as well as a Fourth-of-July celebration except one daughter, Mrs. Lenora Strasser of Bakersfield, California.

Those attending were Mr. and Mrs. Roy Sikes and son of Waco, Mr. and Mrs. Elmer Sikes of Amarillo, Mr. and Mrs. Pete Ellis and family of Brownfield, Mr. and Mrs. Clint Sikes and daughters of Tahoka, Mr. and Mrs. C. R. Riley and daughter of Meadow, and one grand-daughter, Mrs. Leroy Sikes and daughter Sandra Sikes.

Mrs. Dr. Wiley Wilkinson, and daughter and Mrs. Willie Wilkinson of Bayrd, N. M., visited Mrs. J. F. Millman Tuesday.

CALIFORNIA AND KANSAS PEOPLE VISIT HERE

Mr. and Mrs. Presley R. Young and daughters Venita and Patricia of Corona, California, have been visiting here in the home of their sister-in-law, Mrs. Lowell W. Young of Tahoka; and also in the J. E. P. Young home at Brownfield.

The Presley Youngs and Mrs. Lowell Young and daughter Kathy visited a few days at Abilene in the C. P. Bullock home.

Mrs. Lowell Young also has a friend here visiting her from Kansas, Mrs. Leland Kern and son Robert. Their husbands, Sgt. Lowell W. Young and Cpl. Leland Kern, are now stationed in Japan, but they hope to be home soon.

The Kerns and the Youngs were together all last summer at Columbus, Georgia, where the men were in Communications School at Fort Benning. Sgt. Young and Cpl. Kern sailed for over seas last September.

For fluffy suds, sparkling dishes and silky shampoos

CULLIGAN SOFT WATER SERVICE

So thorough with washables . . .
The creamy, rich, soft water suds, wash all clothes and linens so clean and soft. None of the disagreeable "soap curds" formed by hard water that just won't rinse out, leaving washables gray and dingy-looking. You'll always be proud of your soft water washing.

So quick with dishes . . .
Scads of foamy suds whisk grease away like magic. Dishes, silver and glass-ware gleam and sparkle like new. You need not towel them, either . . . soft water leaves no soap scum to smear and spot.

So kind to your pocket book . . .
Soft Water Service saves more than it costs. You'll use less than half the soap you use with hard water. Clothes and linens last longer. Plumbing and water heating bills are cut when hard water scale in the pipes is eliminated. You even save on tea and coffee made with soft water . . . about a one-third saving. You pay for soft water when you wash and cook with hard water.

So flattering to your hair . . .
A soft water shampoo with its heaps of silky, lasting suds, will bring thrilling new beauty to your hair. Soap rinses out completely . . . no dull film left. Hair washed the soft water way feels soft and silky . . . with a delightful natural gleam.

HERE'S HOW IT WORKS. We are in the water softening service business. We install our sealed, sanitary unit in your basement or other convenient place. We own it and service it. It provides sparkling 100% soft water at a tap of the faucet with no attention from anyone in the household. Phone us today for further information. The cost for the average family is only \$2.50 per month.

Kill Flies In the Home

USE PURINA FLY SPRAY

with

DDT

A Purina quality product . . . thoroughly tested to give satisfactory results when used as directed. Purina Fly Spray for the home can be used as a space spray; also on walls, moldings, screens, and other surfaces where insects light. Stainless, volatile, effective—has many essential uses.

PURINA SPRAYS WILL DO THE JOB

MAASEN Feed & Produce

County Flying Farmers will leave the Tahoka Airport for Sweetwater where they will join other Flying Farmers from all over the State. The occasion is their State meeting . . . and Sweetwater has promised them a good time . . . as air show . . . two big dinners and the keys to the city.

The Flying Farmers will hold a business meeting and also make plans for attending the National Flying Farmers meeting which is to be held August 1-2 at Stillwater, Oklahoma.

B. T. Smith made a fast trip last week to Ohio along with other area flyers to ferry a few new Taylorcraft airplanes back from the factory.

Lane Jones who has been flying on a student's permit for almost a year got mad last Sunday and decided it was high time to be getting his Private license, but he didn't have enough cross-country time so he flew four hours and a little over going to Lubbock, Levelland, Brownfield, back to Tahoka, Lamesa, and home again. . . . He is now ready for the Flight Check by Charlie Stewart. . . . Good Luck Lane.

Mr. and Mrs. Frank Larkin flew down to Stamford for the big rodeo on the Fourth. . . . Mr. and Mrs. Bill McNeely also flew to Stamford.

IS GETTING UP NIGHTS GETTING YOU DOWN?

Thousands say famous doctor's discovery gives blessed relief from irritation of the bladder caused by excess acidity in the urine

Why suffer needlessly from backaches, run-down feeling from excess acidity in the urine? Just try DR. KILMER'S SWAMP ROOT, the renowned herbal medicine. SWAMP ROOT acts fast on the kidneys to promote the flow of urine and relieve troublesome excess acidity. Originally created by a practicing physician, Dr. Kilmer's is a carefully blended combination of 16 herbs, roots, vegetables, balsams. Absolutely nothing harsh or habit-forming in this pure, scientific preparation. Just good ingredients that quickly act on the kidneys to increase the flow of urine and ease discomforts of bladder irritation. All druggists sell Swamp Root.

on the Fourth in his new Super Cruiser. . . . Cloy, "Shorty" and Mrs. "Shorty" Presley and daughter flew their Cub planes over to Levelland on the Fourth, but did not stay for the Rodeo.

Plans are being made by many of Lynn County's Flying Farmers to attend the National Flying Farmers meeting at Stillwater, Oklahoma. . . . "Kid" Gibson, the nation's oldest Flying Farmer has been given a special invitation to attend. Many of the Flyers would like to make this trip, and thereby really put Tahoka and Lynn County on the map, but due to the fact that the expenses would run a little too high they may not be able to make it. However it has been rumored that the local Chamber of Commerce may finance part of the expenses and also send a couple of their members of whom a few are also Flying Farmers to the National meeting.

That looks to us like a very good investment for the Chamber of Commerce and Tahoka and Lynn County as there will be at least one member of the Lynn County Flying Farmers broadcasting over a nation-wide radio hook-up and other big national advertising. . . . We hope that that rumor is correct.

FORMER LYNN COUNTY YOUTH IS DISCHARGED, WEDS

Mr. and Mrs. L. A. Brown now of Levelland wish to inform their friends of the Grassland community of their son's—Delwayne Brown's—discharge from the Navy and of his marriage to the former Miss Wanda Lou Williams, daughter of W. N. Williams of the Close City community.

They were wed on the 19th day of June at 7:30 in the home of the bride's parents and Brother Mourer, the Minister of the Church of Christ in Slaton, performed the ceremony. The couple are now living in Lubbock.

CARD OF THANKS

We wish to express our sincere thanks to the many friends who contributed to our needs following the destruction of our home and practically all of its contents by fire recently. Such acts of kindness we shall never forget.—Gratefully, The Clarence Steele family.

ALLAN SHIVERS CITES PLATFORM

Senator Allan Shivers' platform for lieutenant governor, briefly includes: Real assistance to Texas war veterans, increased salaries for teachers, a first-class university for the colored, better highways and farm-to-market roads, redistricting, full payment of old-age pensions, reorganization of the legislature with 60-day sessions each year, an expanded public health program, reorganization of the pardon and parole system, equal responsibility from both labor and management, economy in state government.

IS TEXAS BEING FLEECED?

The News in its issue of June 21 discussing a campaign speech previously made here by Caso March of Waco in which he claimed that the levy and collection of only a reasonable tax on natural gas and sulphur would enable this state to build bigger and better schools, pay teachers much higher salaries, greatly increase the pensions to the needy folks, and do a lot of other things that cost big money, made the following comment: "Whether he overdid the picture or not, we were convinced that these natural resources should be taxed for the benefit of the people of Texas. As it is, sulphur and gas are virtually escaping taxation in this state and are being shipped or piped to other states of the Union which are collecting stiff taxes from them. We believe that Texas, which produces these products, should get the benefit of reasonable taxes levied upon them. By doing this, Texas can build and finance as fine a public school system as any state in this Union."

We have been informed that these statements have been challenged and we have been requested to produce the facts and figures upon which they are based.

Well, there are some facts and figures relating to these industries which we have not yet had the time and opportunity to obtain, but we can produce some which we believe are reliable and which amply sustain Mr. March's contention and our own observations relating thereto.

These facts and figures have been gleaned by us from the Texas Almanac of 1945-46 published by The Dallas Morning News and from the Statutes of Texas. The figures are indeed staggering. We quote from the Texas Almanac of 1945-46 page 242:

"The natural gas fields of Texas produced 1,323,885,000,000 (trillions) cubic feet of gas in 1943 latest year for which data were available from the United States Bureau of Mines at the time of publication of this volume. This was the highest production in the

history of the state. An estimate based on the reports of five of the principal producing companies of Texas indicates that the 1944 natural gas production of this state was about 1,550,000,000,000 cubic feet."

"Total value of Texas natural gas at point of consumption in 1943, as estimated by the United States Bureau of Mines, was \$199,900,000. The value at point of origin was placed at \$52,800,000. . . . There is a wide margin between natural gas at point of origin and the average point of consumption because the cost of pipeline transportation, and in the instance of domestic gas the cost of the distribution system, is much greater than the cost of production."

Now let's analyze these figures a bit.

The value of Texas gas at point of origin is placed at \$52,800,000. Its value at average point of consumption is placed at \$199,900,000—a difference of \$147,100,000. The cost of pipe lines and of distributing the gas is given as the explanation of the difference in value. But pipelines have to be built only once and this \$147,000,000 is a difference that stacks up every year. We are just wondering if there is not an enormous profit bound up in that one hundred and forty-seven million. At any rate, we notice that the companies keep building pipe lines. In 1944, according to Texas Almanac, a twenty-four-inch high-pressure pipeline from Corpus Christi to West Virginia was completed and put into operation. Applications were filed with the Federal Power Commission that same year for permits to build a line from the Gulf Coast of Texas to the industrial regions of the Northeast, one from the Longview vicinity to Ohio, and two from the Panhandle and the Permian basin areas of Texas to California—across the mountains to a state 1500 miles away which is itself the third heaviest gas-producing state in the Union. Lines had already been built from the Panhandle to Denver and to most of the large cities of the upper Mississippi and the Ohio River valleys.

But, we wish to call attention to another very important fact. A charge of only 15 cents per 1,000 cubic feet would place the value of the Texas output of 1,323,885,000,000 cubic feet of gas at a little better than the \$199,900,000 estimate made by the U. S. Bureau of Mines.

As a matter of fact, consumers of natural gas in Tahoka are charged a flat rate of \$1.25 for the first 2,000 cubic feet and 45 cents for each additional 1,000 cubic feet—more than three times as much as the 15c-valuation estimates made by the U. S. Bureau of Mines. Of course we are sure that that rate does not prevail in the cities and more densely populated areas, but if anything like that rate prevails in towns generally the size of Tahoka, the gas companies must be paid vastly more than the approximately \$200,000,000 estimate of the U. S. Bureau of Mines.

In view of these facts and figures, it would appear that a tax of say

two cents on each 1,000 cubic feet of gas would make a very small dent in the vast total of the proceeds which the gas companies derive from their sales. Nevertheless, such a tax of two cents would bring more than \$26,000,000 into the Texas treasury. Figure it for yourself.

How much tax do these companies actually pay on their total gas output? We do not know, but we can refer you to the statutes of Texas that undertake to fix the rate. Turn to Article 70475, Sec. 1: "A tax shall be paid by each producer on the amount of gas produced and saved within this state equivalent to five and two-tenths (5 2/10) per cent of the market value thereof as and when produced, provided that the amount of such tax on sweet and sour natural gas shall never be less than eleven-one-hundred fiftieths (11/150) of one (1) cent per thousand (1,000) cubic feet."

If the companies pay the 5.2 per cent on the value of the gas at the point of origin, which the Bureau of Mines estimated to be approximately \$52,000,000, the tax would be less than \$3,000,000. If it pays the alternative minimum rate of 11/150ths of 1 cent per 1,000 cubic feet, it amounts to less than a million dollars. In either case it is a pitifully small tax on gross receipts of two hundred million to three or four hundred million dollars.

Can it be true, as is contended that the gas industry could not stand this additional tax? They would scarcely miss the amount. The fact of the business is that they would pass it on to the consumers, and it would be a very small item to each individual consumer. But a prodigious number of the consumers live outside of Texas, and they are being furnished Texas gas practically tax-free in so far as Texas is concerned. We do not believe that Texas should give away her resources to outsiders without getting something substantial in the way of taxes from these resources.

It looks to us like Texas is being fleeced.

CONFUSION CONFOUNDED

The further the campaign proceeds the more confused we become as to which one of the many candidates for governor would serve Texas best, or, more appropriately, which would do Texas the least harm.

It is generally believed that there are five leading candidates, with Homer P. Rainey possibly having the largest following. The other four are Beauford Jester, Grover

Sellers, John Lee Smith, and Jerry Sadler, with the possibility that Caso March will also get many votes.

As for us, Jerry Sadler and John Lee Smith are impossible. Politicians pure and simple. On the other hand, Sellers and Jester would appear to be the two candidates approved by Big Business—the special interests. It is conceivable that neither of them is proposing any additional taxes on our natural resources such as sulphur and natural gas. If either of them is elected, the big pipeline companies will continue to pipe our gas to numerous other states almost tax-free as far as Texas is concerned and we will continue to gather in only a puny tax on sulphur altogether we produce some 85 percent of the world's supply.

Homer Rainey is proposing a tax on these resources, but we do not like the position which he takes with reference to the University. He says: "That it is no business of the board of regents what members of the faculty may teach. We believe in a liberal degree of 'academic freedom' all right, but we also believe that University regents would be remiss in their duties if they did not keep their fingers on the pulse of the University to determine when it might be running a temperature on communistic or other un-American ideologies."

For good and sufficient reasons

Phone 133-W

as the latter may appear to them, the regents have the right and the duty to fire as well as to hire, when such action seems to them to be necessary and advisable. The University of Texas does not belong to the president nor is he the unrestricted boss of that institution. Furthermore, we do not like the way that he is playing politics with that institution.

If Caso March had the prestige

and the power of leadership required of a governor, he might be the best man in the race. But nobody believes that he has a chance, and so we are still "up in the air."

Local Softball Games Being Delayed By Lubbock Tourney

The local softball league is progressing very slowly on account of the big tournament being played in Lubbock in which the VFW team of Tahoka is a contestant and it has caused the local league to be slowed down, but it won't be long until the games will be played on schedule.

In the past week there have been two games played.

On Thursday, July 4th Wharton's School-boy team jumped up and defeated the New Home club 16-7. That was really an up-set for the New Home boys hadn't lost a game and had defeated one of the top teams in the league only a few nights before. Better keep your eyes on those School boys.

Friday night of last week, Petty

out-slugged the local "66" team to win by the score of 23-20—sounds like basketball scores.

LEAGUE STANDINGS			
TEAM	L	W	P
Petty	0	4	4
VFW	0	2	2
New Home	1	2	3
Flash-O-Gas	1	1	2
Grassland	2	1	3
Wharton	3	1	4
Phillips 66	2	0	2
New Moore	2	0	2

VFW Edge Out Knights In Lubbock Tourney

Last Monday night Bob Lawson of the Tahoka VFW team won a pitcher's duel from Dean Littlejohn of the KP's, 1-0. Littlejohn's wildness in the last of the sixth proved fatal as the Vets shoved across the only run of the ball game.

After L. C. Dodson had been hit by a pitched ball, Forsythe walked, Dodson going to third on two wild pitches. On the next pitch, Forsythe headed for second and Wayne Fregoh threw to second, with Dodson breaking for home with the ball game.

Lawson was touched for only two hits by the Knights while the local nine did little better from the offerings of Littlejohn, collecting three singles.

The local VFW team is scheduled to play a game tonight in Webster Park at Lubbock. If they are defeated they are out of the tournament.

Petty Loses

Petty lost their game Monday night at Lubbock to the Prim Drug of Brownfield.

Petty lost a fine chance to tie up the ball game in the seventh inning as Clyde Gamble rolled out, pitched to first, to retire the side with the bases saturated. The final score, Prim Drug 7, Petty 4.

O'Donnell Wins Over Sundown Tuesday night Lane Grocery of O'Donnell slugged out a 15-4 win over Sundown in the Lubbock tournament to eliminate the losing team from the tourney.

CITY OFFICIALS THANK THE PEOPLE

In behalf of the city council, the city water superintendent Pat Hines, and the city secretary Miss Rosemary Nelson I wish to express our sincere thanks to the people of Tahoka for their splendid cooperation during the water emergency that faced the city this week on account of the breaking of two of the City's water pumps during the week-end.

The people were asked to use water as sparingly as possible until the pumps could be repaired. They respected this request most loyally.

We are happy to announce that the pumps have been repaired and are now back in operation. We thank you all.—Joe Bovell, Mayor.

JOHNNY OVID ALLEN DISCHARGED FROM NAVY

The News has received an official communication stating that Johnny Ovid Allen, seaman first class and son of Mr. and Mrs. J. O. Allen who reside out northwest of Tahoka, received his discharge from service in the Navy on July 2.

He enlisted in the Navy on June 15, 1944. He is a graduate of the Tahoka high school and hopes to enter college soon. Johnny Ovid is now just 20 years old.

HOP HALSEY HONORED WITH PARTY HERE

Hop Halsey of Lubbock, candidate for Congress, his wife Harriet and his sister Joyce, radio announcer, and Henry Lester, one of the Drug Store Cowboys on the Halsey programs given over KPFO, were honor guests at a neighborhood party given by Mr. and Mrs. E. I. Hill on their lawn Tuesday night, Mrs. Hill being the aunt of Hop and Joyce Halsey.

There was no speechmaking and no program of any kind, the party being purely a social affair, with about forty guests present.

Mr. and Mrs. W. G. McKnight of Austin are moving to Tahoka this week, Mr. McKnight being the owner of Southern Contracting company which has the contract for building 18 miles of farm-to-market road in Lynn county. Mrs. McKnight is a native of Lynn county, being the former Miss Beverly Wells, daughter of Mr. and Mrs. Thurman Wells of O'Donnell. Incidentally, Mrs. McKnight says they have found a house to live in, but are in the market for some second-hand furniture.

John Bulman and his son Edwin who was granted a discharge from the army only a few days ago, were here two or three days this week visiting the Tankersley families and John's mother, Mrs. M. A. Tankersley, and his sister, Mrs. Lou Rusk. Mr. Bulman and family now live on a ranch in Coryell county, having sold their farm in Hamilton county several months ago. The Bulmans were formerly citizens of Lynn county, John having been connected with the sheriff's office for several years.

James Gayden, formerly of Draw but more recently of Lubbock, was a visitor here Wednesday and advised that he will probably spend several months at least out at Ruidosa, New Mexico. He has bought some cabins out there and expects to build others.

T-5 Maurice Smith, son of Mr. and Mrs. Lynn Smith, is home after having served in the Army for two and a half years, part of which time he was in the European theatre.

J. P. Hewlett, superintendent of the Southland schools, was a business visitor in Tahoka Thursday. As in most other places he has had some difficulty in getting a full faculty of teachers lined up for the coming session.

Mr. and Mrs. Ted Waggoner and children headed out east Wednesday on a vacation trip. The News will probably tell you where they spent their vacation after their return.

Napalm, the incendiary ingredient which roared out of wartime flame throwers as a jet of searing fire, is being converted by the Army into a harmless all-purpose liquid soap.

Adding Machine Paper, 2 Rolls for only 25 cents. 15 cents each.

WANTED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30 Members urged to attend. Visitors welcome.

C. E. McCLELLAN, W. M. L. A. Forsythe, Secretary

Ed McLaughlin, Rotary Speaker Here

Ed McLaughlin, Ralls banker and former director of Rotary International, was principal speaker at Thursday's Rotary luncheon. He told of the recent international convention which met in Atlantic City, at which 11,000 delegates were present from 47 nations of the world. He stressed the convention highlights and the high ideals for which Rotary stands.

McLaughlin was introduced by A. N. Norman.

President Lum Haney was in the chair for the first time as the new Rotary year began. He had recently appointed new committees for the year beginning July 1, and he asked that they meet immediately and lay their plans for the year's work.

LARGE WORLD RELIEF COLLECTION TAKEN HERE

The collection taken for World Relief at the Baptist Church here last Sunday morning was unprecedented in amount as a contribution by this Church for a purely benevolent purpose. The amount placed on the table in "greenbacks", silver, and checks by the congregation footed up to the sum of \$773.17, according to the committee that counted the funds.

There have been much larger collections a few times for building purposes or for the payment of a church debt but not for Missions, education, or any benevolent enterprise.

The taking of the collection followed a talk during the eleven o'clock hour by Miss Lillie Hundley, who had spent some twenty years in China as a missionary and was for seven months an internecine of the Japanese. She was unable to make herself heard distinctly, however above the noise created by the Church cooling system and the full import of her message was lost, therefore, on a large part of the congregation.

This collection was taken in accordance with a plan adopted at the recent annual meeting of the Southern Baptist Convention in Miami, Florida, by which it was agreed that at least \$3,500,000 for World Relief should be raised by Southern Baptist churches.

Regular contributions Sunday morning were sufficient to bring the total for the day up to approximately \$1,050. Attendance upon Sunday School was 348. The Lord's Supper was commemorated at the evening service.

WHEN WILL I GET A NEW CAR?
This is a Question we are asked Hundreds of Times Each Day and one We Wish as Much as You Do We could Answer
It is conservatively estimated that 15,000,000 want to buy new cars this year, providing that many cars could be placed on the market in 1946.
Production of new cars, on the most optimistic basis, is estimated at only 3,500,000 for the present year.
THIS MEANS THAT
Only 1 Out Of 5 who want a new car can get it this year.
Do Not Become A Victim To The Idea That Upon Disposing Of Your Used Car In The Black Market, You Can Simply Take The Cash And Readily Use It To Obtain A New Car.
First consult your NEW CAR DEALER (who operates his business conforming with O. P. A. regulations). He is the only man who can sell you a new car. He is in best position to tell you when you can expect delivery of a new car.
Unless you can do without private transportation our advice is to hold on to your used car. If and when you can do without it, trade it in to a NEW CAR DEALER for later delivery of a new car. You may rest assured that your used car will not be shipped out of the country, but will be available to some returning veteran or local resident who urgently needs it.
In the meantime, keep your present car serviced regularly—the better it's condition the higher its trade-in value.

USES Finds Jobs For Many People

Several hundred Texas workers have been placed on jobs under a newly inaugurated USES program. F. A. Wells, Amarillo District Supervisor, reported today.

The new regional clearance program is operated to assist employers who need special types of workers not available at close range as well as to benefit communities having high unemployment units.

The plan involves shifting of unemployed workers in labor surplus areas into localities where employers indicate need for their skills. Each USES office in the Amarillo district is integrated with all others in the region, which includes Texas, Louisiana, and New Mexico, to

provide a maximum amount of information on labor supplies and demands.

The Tahoka community is always given first attention in the placement programs as the process of matching workers and jobs locally is the primary aim of USES offices.

Examination of the applications files have shown workers with skills for which no jobs are open here in the Amarillo district. This plan for clearing workers to other points in the state, region or nation will place workers in jobs where there is need for their skills and also help the Tahoka employers find workers with the qualifications which they want.

Explaining the workings of the clearance plan, Wells said that every two weeks the USES offices receive reports from the 10 local offices in the district giving the number of job hunters in its files having skills which cannot be placed. Also included are jobs for which qualified workers are not available locally and a list of occupations in which a demand for workers is anticipated.

This information is sent to all other USES offices in the region. In turn, each local office in the Amarillo district receives a list of job openings and workers.

Mr. and Mrs. Buster Bramlett of Goose Creek are spending the week here with his sister, Mrs. Jackie Hendrix and family. Mr. Bramlett is not a stranger to drouths, as he was a resident of the South Plains during his boyhood days and attended school at Woodrow. A drouth at Goose Creek however would be a monstrosity.

The Lynn County News

Dr. R. Paul Caudill, Baptist Hour speaker for next Sunday morning, July 14, will discuss the subject, "Christian Strategy For World Conquest," as announced by the Radio Committee of the Southern Baptist Convention, S. W. Lowe, Director, Atlanta, Georgia.

Dr. Caudill, Pastor of the First Baptist Church of Memphis, Tenn., leaves on an extensive tour of foreign mission fields soon after his Baptist Hour engagement, according to the Atlanta announcement. Mr. Lowe states further that his abiding interest in world missions and his careful study of mission objectives and methods eminently prepare Dr. Caudill for discussing his subject.

The Baptist Hour is broadcast over an independent network which carries the Methodist and Presbyterian Hours at other seasons, and may be heard in this state over the following radio stations: WFAA, WOAI at 7:30 A. M.

F. A. NOWLIN SUFFERS INJURY TO HAND

Mr. and Mrs. P. A. Nowlin and children have returned from Muleshoe, where he had been carrying on farm operations the past several weeks.

One day last week, while operating a ditcher, his hand got caught under the machine and it almost mashed three of his fingers off. The injury required surgical attention and it is feared that the hand has been permanently injured.

Unemployed Vets Exceed Civilians

Unemployed veterans outnumber unemployed civilian workers by 82 to one in Tahoka, Mr. B. H. Thompson, District Supervisor for the Texas Unemployment Compensation Commission, reported today, comparing veteran unemployment with individuals receiving civilian unemployment insurance. He said that the veterans were searching for jobs themselves and that the employment service was aiding but that churches, civic clubs, and merchants associations were needed to help solve this major conversion problem—the re-employment of war veterans.

In Tahoka, there are 2 unemployed civilian workers and 165 unemployed veterans. The latter are receiving readjustment allowances under the G. I. Bill of Rights, which is administered by the TUCC in Texas through agreement with the Veterans Administration. Payments under the G. I. Bill come from monies supplied by the VA out of congressional appropriations for that purpose.

Our economy will be unbalanced until these veterans find jobs, Mr. Thompson declared, explaining that this was not only a local problem, but nationwide. Everyone has got to help because our post-war economy is not absorbing them fast enough. These young veterans want the kind of jobs on which they can build a future, get married, raise a family.

Mr. Thompson said that in the few instances where the veterans have refused suitable jobs, their allowances have been stopped as provided in the G. I. Bill.

On the basis of present figures it is estimated that one out of every 14 persons in the United States will be injured in accidents in 1947, with a monetary loss of \$5,000,000,000, or about the amount required to service the national debt.

THE VINE AND BRANCHES

John 15:1-10
 If I should say, "I have a vine in my garden on which there is growing cut-ubers, cantelops, and a watermelon," you would perhaps say, "If I loved a liar I would go to Grassland and love that preacher to death". My neighbor you know

that I know that you know very well that no such vine has ever been grown from any seed.

Yet men honored by people, as preachers of the gospel, will say that the above passage teaches that the "VINE" is the church of the Lord, and that the branches are the many denominations that we have in the world. Before people can believe such doctrine, they have to be taught and deceived by the same spirit that deceived Eve in the garden in the long ago.

Brother man; get your Bible right now and read the above passage. You cannot fail to see that the "I" in verse one is "THE CHRIST". Now verse two, "every branch in me (The Christ) that beareth not fruit he taketh away". Verse 4, "Abide in me (Christ) and I in you. As the branch cannot bear fruit of itself except it abide in the vine; no more can ye except ye abide in me". Now verse 6, "IF A MAN," (not a denomination) abide not in me he is cast forth as a branch and is withered; and men gather them and cast them into the fire and they are burned".

In the above passage the Christ taught his disciples how they could abide in his love. Verse 10 and John 14:23. The Christ taught his disciples that they must bear fruit or be severed from the vine. Verse 6. Christ taught his disciples that they glorify God by bearing fruit, verse 8. It would be interesting reading for those who teach that a Christian cannot so sin as to be lost, if they would tell us what becomes of those branches that are severed from the true vine, verse 6. Will they try?

Brother read John 14:23 and 15:1-10 and be a fruitful branch by keeping the Lord's commandments. Remember that you are always welcome at the church of Christ where the gospel is preached like it reads in your Bible.

Price Bankhead, Post, Tex. Rt. 3.

CITATION BY PUBLICATION

THE STATE OF TEXAS
 To: James William Gist Defendant,
 Greeting:

You are hereby commanded to appear before the Honorable District Court, of Lynn County at the Court House thereof, in Tahoka, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 27th day of August A. D. 1946, then and there to answer Plaintiff's petition filed in said Court, on the 8th day of April A. D. 1946, in this cause, numbered 1692 on the docket of said court and styled Helen B. Gist Plaintiff, vs. James William Gist Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff alleges that she and defendant were lawfully married, on the 25th day of October, 1941, at Reno, Nevada, and that Plaintiff has been for a period of more than twelve months prior to the filing of this Petition, an actual bona fide inhabitant of the State of Texas, and has resided in Lynn County, Texas, where this suit is filed, for more than six months next preceding the filing of this suit. That the Defendant is a non-resident of the State of Texas, and is now, according to Plaintiff's information and belief, a resident of either the State of Oregon or the State of Washington. That during the time that the Plaintiff and Defendant lived together as husband and wife, the Defendant was addicted to drinking intoxicating liquors to ex-

cess, and that he became drunk every day, and on all such occasions when he was drunk, he abused the Plaintiff by constantly quarreling with her, and finding fault with everything that she did, and constantly cursing and abusing her until his conduct became so unbearable that Plaintiff was forced to leave him, and she left him on or about the 5th day of December, 1941; That there was born of said marriage one child, a boy, by name of Jimmy Duane Gist, who is now about four years of age, and that Plaintiff has had the care, custody and support of said child, without any contribution from the Defendant; That Plaintiff is living with her parents and is able to give said child a proper home and care that Defendant is not a proper person to have such care, custody, and education of said child, That Defen-

dant is above to contribute to the care and education of said minor child and should be required to do so in an amount of \$30.00 per month, etc. as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Tahoka, Texas this the 3rd day of July A. D. 1946.
 Attest: W. S. Taylor Clerk, District Court, Lynn County, Texas.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1- Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2- Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.
CARDUI

Those you can get with an OIL-PLATED engine

CONOCO Nth MOTOR OIL
 OIL-PLATES YOUR ENGINE

Breathes there an American who isn't checking on cars? Chief question is, "What's different for '46?" An OIL-PLATED engine brings you this swell difference: it will escape lots of carbon and sludge by escaping lots of wear. That special type of wear-defense—internal OIL-PLATING—will likewise favor your oil and gasoline mileage.

You can have an OIL-PLATED engine in any car—in the newest or oldest—just simply by making sure to use Conoco Nth motor oil; that's all.

The difference in Conoco Nth oil—patented—is its added ingredient that OIL-PLATES. This is done in a magnet-like manner—by making metals attract and hold lubricant. And that's what puts inner engine surfaces under cover of OIL-PLATING. It stands in wear's way; acts to prolong that new car feeling. . . . And it will act to prolong any older car's usefulness. So if that's your particular problem, change now to Conoco Nth oil—at Your Mileage Merchant's Conoco station. Continental Oil Company

E. J. COOPERS HAVE FAMILY REUNION

With all of their children present, Mr. and Mrs. E. J. Cooper had their first complete family reunion in several years in their home out in northwest Tahoka last Tuesday.

The children and families present were: Mr. and Mrs. Noel Cooper

and late daughter Sandra Kay of Lamesa; Mr. and Mrs. P. A. Brown and their two daughters, Peggy Ann and Nancy Jane, of Tahoka; Mr. and Mrs. Andrew Cooper and two children, James and Virginia Lee, of Wilson; Miss Myrtle Cooper of Lubbock; Mr. and Mrs. Alton Cain and two children, Jerry Dean and Lynetta, of Tahoka; Captain Truett Cooper of the U. S. Army, who recently re-enlisted after having been granted a discharge and who left Wednesday expecting to sail soon for Japan, and Mrs. Cooper, his wife; Mrs. Charles K. Harris and son Jimmy of Oakland, Calif.; Mrs. Clifton Hamilton, late of California, now of Andrews, Texas.

It was indeed a happy occasion in the Cooper home. Of course a great feast was enjoyed at the noon hour.

MRS. J. K. CALLAWAY IS RECOVERING AT GLEN ROSE

Mrs. J. K. Callaway left Thursday in company with her niece, Mrs. P. C. Bryant of Fort Worth, for Glen Rose, where she expected to spend some time recuperating. Then she will go to Fort Worth for a few weeks visit there.

Mrs. Bryant came out from Fort Worth last Saturday to visit with her aunt a few days before accompanying her down to the little Somervell county health resort.

LIT MOORES ENTERTAIN RE SMAN FROM CALIF.

N. A. Moore of San Francisco, a veteran railroad brakeman with a record of 46 years of continuous service, has been visiting his cousin in Lit Moore and wife of New Home and other relatives in Texas. He left here Wednesday for Memphis, where he was to visit another cousin, after which he will return to his home in California.

While he was in this area, Mr. and Mrs. Lit Moore drove him down to Tahoka and O'Donnell to visit Mrs. Dora Tunnell and Ben Moore, sister and brother of Lit, whom the visitor had not seen in fifty years.

He visited in south Texas before coming to Lynn county. On this trip he had visited one brother, three nephews, two uncles, two aunts, 27 first cousins, and so many second and third cousins that he lost the count.

He reported that crops were good everywhere he had been except here. Still he was much impressed with this part of the state and stated that he thought that with a little more rainfall it would be the garden spot of Texas. And he was right.

WENZEL-WELCH WEDDING ANNOUNCED

Miss Lorene Wenzel, daughter of Mr. and Mrs. A. D. Wenzel of Brownfield, and Nelson Welch, son of Mr. and Mrs. J. C. Welch of Mountainair, N. M., were married at Estancia, N. M., June 25.

The bride wore a light blue street length dress with black accessories. She kept the tradition of something old, new, borrowed and blue.

Those attending the bride and groom were Mr. and Mrs. M. L. Welch of Mountainair; and Mr. and Mrs. J. J. Welch of New Home. A wedding dinner was given after the ceremony by Mrs. M. L. Welch.

After visiting in Brownfield and Tahoka for a few days the couple will be at home in Mountainair, N. M.

KHIVA TEMPLE TO GET PROCEEDS FROM WRESTLING

Mr. W. L. Burleson, Potentate's Aide in Lynns County, said today "one of the most unselfish, kind and generous offers has just been received by Khiva Temple. Noble Dory Detton, a member of Khiva Temple, is sponsoring a Junior Heavyweight World Championship Wrestling match on August 15 in Amarillo. The elimination bouts have already started, and the winner of the eight wrestling tournaments will wrestle Noble LeRoy McGuirk, the title holder, member of India Temple.

"Noble Dory Detton," Mr. Burleson said, "will make an outright gift of the greater part of the net derived from this championship match to Khiva Temple. Such gifts as this will help materially in securing a hospital within the Jurisdiction of Khiva Temple.

"Everyone interested should support and patronize this championship match," said Mr. Burleson.

Miss Bland Burkhart, a supervisor of teachers in the El Paso public school system, returned to her work Sunday after having spent the fourth and the following days here visiting her parents, Mr. and Mrs. W. J. Burkhart.

PRESBYTERIAN SUNDAY SCHOOL
J. L. Heare, Supt.
Meets each Sunday morning at 10:00 o'clock. You are cordially invited.

ONLY SOIL BUILDING PAYMENTS TO BE MADE

Carl Sanders, chairman of the county committee, reports that the only payment that will be made under the 1946 Farm Program will be for carrying out certain soil-building practices on the farm. Before payment will be made the farmer must secure written prior approval of the county committee for the amount of the practice the producer will be paid for in 1946. Since this county was allowed only a certain sum of money to be paid out for carrying out these practices it was necessary for the producer to secure prior approval on most of the practices this spring.

After the county committee grants approval to carry out the practice the farmer must report completion of performance; otherwise, the payment will be cancelled and the money will be re-allocated to another producer.

Contour farming must be reported on a written performance-report before the expiration date for reporting this practice which is July 31, 1946. If a farm has been granted prior approval for carrying out this practice but does not report this practice carried out by July 31, 1946 he will not receive payment for this practice in 1946 Mr. Sanders states.

Frank Keltner and wife and their two children of Globe, Arizona, spent last week here visiting his parents, Mr. and Mrs. C. B. Keltner. His mother had been visiting there and also with her

daughter, Mrs. Cubana Eccles at Los Angeles, and the son Frank and his family accompanied her home. For the past several years, Frank has been manager of the Penny Store at Globe.

Kleenite ends messy, harmful brushing. Just put your plate or bridge in a glass of water, add a little Kleenite. Presto! Stains, denture odor, discolorations disappear. Your teeth sparkle like new. Ask your druggist today for Kleenite.

KLEENITE the Brushless Way

Get KLEENITE today at Tahoka Drug and all good druggists.

Vote for **BEAUFORD JESTER** of Corsicana for GOVERNOR

Beauford Jester long has been an active worker for the better things in life—church, welfare, civic development, education, agriculture and athletics. He has served with distinction on the Texas Railroad Commission. His record as a citizen, public official and soldier justifies his promotion to the governorship of Texas.

FAITH IN THE FUTURE

We have faith in the future, too—faith in the future of the territory we serve.

This profound faith of ours is shown in the huge expansion program now under way by your Public Service Company.

New transmission lines, begun even before V-J Day, are now bringing electric services to hundreds of homes. More lines will help to serve the new homes now going up with the joy and convenience of electric cooking, electric refrigeration, good lighting and the many other efficiencies of low-cost electricity.

The future looks good for everybody—electrically!

SOUTHWESTERN PUBLIC SERVICE COMPANY

21 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

PRODUCTION PAYMENT PROGRAM EXPIRED JUNE 30th

According to Clinton M. Walker, Secretary of the Lynn County A. C. A., the offer of the Commodity Credit Corporation to make Beef

Cattle Production Payments and Sheep and Lamb Production Payments expired June 30th. These subsidy payments were initiated during the war for the purpose of stimulating production and several thousand dollars have been paid to livestock feeders in this county through this program.

Beef animals and sheep and lambs that are otherwise eligible under this program are not eligible for this payment unless delivered to the slaughterer for slaughter before mid-night, June 30th.

All applications for payment under the above programs must be submitted to the County A. A. A. office not later than August 31, 1946.

Nicotine spray in roosts has been found effective in ridding chickens of feather mites and body lice.

WYNNE COLLIER, Druggist
(Tear this Ad. out as a reminder)

New Officers . . .

(Continued from Page 1) sisting him, had been the acting secretary, assisted by her daughter Mrs. Ola Belle Lamb. They were present and gave information as to the financial condition of the association, before retiring. Miss Rosemary Nelms was nominated and elected as the new secretary. It was pointed out that her office is close in, that she has time to devote to the work, and also is thoroughly capable.

Before the election of new officers, the salary of Harvey Davis, the caretaker of the cemetery, was raised from \$80.00 to \$100.00 per month. He had been serving only three or four months but had done a good job. Recently, with the help of other labor, he thoroughly cleaned the cemetery and placed it in good condition.

At the meeting Saturday, a move was also started to procure additional grounds for the use of our growing Mexican population and also for the expansion of the main cemetery grounds.

Judge Elliott expressed the purpose to have regular quarterly meetings of the association hereafter with the hope that many members will attend the meetings.

It is due Mrs. Stokes and Mrs. Furterer to say that for many years the responsibility of looking after the cemetery has devolved chiefly upon them. They have devoted much time and thought to its up-keep without remuneration and are due the thanks of the entire community for their valuable services. Of course the matter of keeping the books and records, collecting dues, and looking after the finances generally has been the duty of the secretary-treasurer, who has worked at the job faithfully for small pay.

It is hoped that city water can be extended to the cemetery at no distant date, and if so our City of the Dead should be made in a beauty spot indeed.

COLORED BASEBALL TEAM MAKES REPORT

The Tahoka Helicat Baseball club has come back alive. They have been playing away from home since the 19th of June. They defeated the Big Spring Tigers 9 to 7 on that day, and they have played three games since then, lost only one of them.

Last Sunday the Helicats defeated the Post Mexican club by a score of 12 to 11, in Post. The Helicats will play the same club here Sunday at 3:00 o'clock. Everybody come and see a good game. Johnson will start the game for the Helicats and Martin will relieve him if necessary.

KILL RED ANTS! You can easily rid your premises of Red Ant Beds with Durham's Exterminant Ant Balls at a cost of less than 5c per dozen. Six Balls 30c and 12 Balls 50c at your druggist or at

VFW Plans Dance, Other Entertainment

Next Monday night there will be a dance, refreshments and a lot of fun had by all the local Vets and their wives or girl friends that attend the dance.

The VFW will have something for entertainment every Social Meeting night from now on in order to create a little more interest by its members.

The Benefit show that was put on by the VFW last week was a success and we certainly hope you enjoyed it and we appreciate all of the stores all over the County that helped us in our ticket sales.

We have a big booster from up Wilson way . . . he donated "five bucks" to the VFW the other day. We did know his name, but it has

slipped our mind right now . . . but we sure do appreciate your donation and we will always know you are behind us one hundred per cent.

Don't forget now . . . All you Vets . . . You'll miss a lot of fun if you fail to attend the VFW dance Monday night, July 15.

Mrs. Lula Grice of Stephenville is here this week visiting her only sister, Mrs. D. C. Davis. Mrs. Grice's daughter, Mrs. Mabel Barnham of Kermit, is coming Sunday for a brief visit and Mrs. Grice will accompany her back to her home for a visit there.

Bathing Beauty REVUE**

LOCALS
Rose Theatre
Aug. 6th
9:00 P. M.

FINALS
Rose Theatre
Aug. 15
9:00 P. M.

The Wallace Theatres are going to hold a gala Bathing Beauty Revue, to select MISS SOUTH PLAINS.

Each theatre in the Wallace Blankenship Theatre Circuit will hold local Bathing Beauty Revues to select a girl to represent eight different towns and counties.

These girls will come to Tahoka on August 15th and one girl will be selected as MISS SOUTH PLAINS.

The girl selected as Miss South Plains will receive one full week's vacation in Colorado Springs as the guest of Wallace Theatres and . . . an authentic Hollywood Screen Test.

To Our Customers:

A Statement of Price Policy on PURINA CHOWS

It is true that our prices on Purina Chows have increased since the end of OPA ceilings on July 1 . . .

BUT . . .

. . . These new higher prices are due entirely to the increase in the cost of feed ingredients. All ingredients have risen sharply . . . some as much as \$37.50 a ton.

. . . This increase in the price of Purina Chows is not as large as the increase in ingredient costs. New prices reflect only a part of the out-of-pocket increase to Purina.

. . . The new prices on Purina Chows do not include a single cent per bag or per ton more profit for Purina. The profit margins on Purina Chows have never been up to the full amount allowed under OPA and will not be raised now to margins previously permitted.

We Are Proud To Follow Purina's Policy

As authorized Purina dealers we are pledging ourselves to follow the manufacturer's lead. We know that our first responsibility is to our customers—we want to keep feed prices down as much as possible. We are not increasing our margins—we will not be short-sighted and take advantage of the present situation at your expense.

True, feed prices will go up or down as prices of ingredients vary—but we promise as always to do our best to supply all the Purina Chows we can get at the best price possible.
