Volume 43.

Tahoka, Lynn County, Texas, Friday, October 11, 1946.

Number 1

Denver City Will Be Bulldogs' Foe Here Tonight

Tonight the Bulldogs meet the Denver City Mustangs on the local field at 8:00 o'clock. This will be the Bulldogs third conference game for this season and it will be Denver City's third conference game for this season.

Two of the Bulldogs first-string backfield men will not be on the starting lineup tonight. James Cleve Bairrington suffered a fractured leg during practice Monday afternoon and Joe Don Miner is suffering from a hand injury he received in the Slaton game.

Denver City beat the Slaton Tigers week before last 33 to 6 and lost to Seminole last week by a 13 to 7 score.

The Bulldogs are still undefeated this season and have won two conference games and won one non-conference game. The Bulldogs beat Slaton last week-end 34 to 6, and Denver City beat Slaton 33 to 6. According to statistics this should prove to be one of the fastest, hard fought battles this year in the 6-A conference games. Denver City although having tasted defeat, field a fast, tricky, hard hitting ball club, and are capable of either passing or running with lightning speed.

The Bulldogs have proved to have a fairly good passer or two and a couple of three bys that can carry the ball with plenty of power and speed. The Bulldogs also have a small, but strong, hard charging line that has not yet been opened up by their opponents this season. The Bulldogs also have perfected a good blocking team that work together on every play. They have improved considerably on pass defense in the past couple of weeks and are prepared for anything the Mustangs can throw at them.

The Bulldogs are slight favorites tonight over the Mustangs, but will probably have to use everything in the books to beat them tonight.

The starting line-ups for both teams were unavailable as we went to press, but both ball teams will start the game with their best ball players that are in condition to play. Some of Denver City's first-stringers may be hurt and warming the bench tonight and again they may all be in top condition.

Preceding the game tonight at 7:35 a special program will be presented on the football field to crown Miss Billie Faye Anderson as the football queen of Tahoka High School for 1946.

Below are some of the statistics on how they stand in the 6-A conference, last week's scores, and where they play tonight.

CLUB	P	W	L	Pct.
Andrews	2	2	0	1.000
Tahoka	2	2	0	1.000
Seminole	1	1	0	1.000
Seagraves	3	2	1	.667
Sundown	2	1	1	.500
Post	2	1	1	.500
O'Donnell	3	0	3	.000
Slaton	3	0	3	.000

TONIGHT'S GAMES

Denver City at Tahoka
Seminole at Andrews
Seagraves at Sundown
O'Donnell at Post
Slaton at Monahans.

LAST WEEK'S SCORES

Tahoka 34; Slaton 6
Snyder 18; Post 0
Seagraves 6; O'Donnell 0
Seminole 13; Denver City 7
Andrews 19; Sundown 6.

New Owners Of Quality Cleaners

H. L. Phillips and D. A. Richardson this week took charge of the Quality Cleaners here, having bought the business last week from Mr. and Mrs. Hugh L. Taylor.

Mr. Phillips is from Lamesa and Mr. Richardson is from San Angelo. They are experienced cleaners.

Mr. and Mrs. Taylor and their daughter moved last week end to Dallas. The Taylors had made many friends here with regret their departure from Tahoka.

The American Legion wants all the Vets of both wars.

VETS TURN BOOTMAKERS, WESTERN STYL

Two Lubbock, Texas, brothers, both veterans of World War II, soon will play an active part in "keeping 'em riding" in the Great Southwest. For Vincent and J. B. Thompson are seen here working in the boot shop of a Texas leather company where they are learning the art of making western boots under the G. I. Bill educational program.

Southwestern Public Service Will Build New Electric High-Line to Serve City

A program of improvement and expansion has been started by the Southwestern Public Service company which is expected to result in improved service for Tahoka and other Plains towns.

The first shipment of materials has been received here for the projected new high-line the company will build from Brownfield through Tahoka and to Post. Construction of the line will begin just as quickly as materials can be assembled. Jim White of the local office has been informed. This line was planned before the war, but due to the scarcity of materials, the company found its construction impossible until now.

The plans at Tuco and Denver City are being enlarged now, and a 113,000 volt line built between these two generating plants. The new line through here will be built to carry 69,000 volts. It will be a suspension-type line with 55-foot poles and 18-foot cross arms. The present line which comes into Tahoka from Slaton, carries 24,000 volts.

A new automatic sub-station will also be built here to insure the town against interruption in electric service.

Due to a steady increase in use of electricity in Tahoka, the lines have been overloaded at times. The new line will not only insure more "juice" but will practically eliminate the possibility of service interruption.

The line is expected to be in operation in eight or nine months.

County Teachers Hold Meeting

The first meeting of the Lynn County Teachers Association was held Oct. 3 at the Tahoka Gym. The meeting was presided over by Mrs. Lenore M. Tunnell, superintendent of schools in Lynn county.

Officers of the Association were elected and are as follows:

President, Mrs. Lenore M. Tunnell; 1st Vice-president, Mrs. Paul Pitman; 2nd Vice-president, M. D. Conger; Treasurer, Miss Jaunita Simpson; Secretary, Mrs. Loyd R. McCormick.

Plans for the year were for a Christmas party and a banquet around Easter time.

This meeting was well attended and all schools of the county were represented.

Everyone enjoyed the social hour in which games were played and ice cream cones and cookies were served as refreshments.

MASQUERADE PARTY AT LOCAL YOUTH CENTER

A masquerade ball will be held at the Youth Center in Tahoka on Saturday night, October 26, at 7:30 o'clock in celebration of the Halloween season.

All members and their guests are urged to get their costumes and masks ready early.

Mr. and Mrs. W. M. Harris left Tahoka a week ago to transact business in Dallas and then take a pleasure trip. They expected to be gone two or three weeks.

Jim Weatherford Is Seriously Ill

Mrs. Sam Sanford received a telephone call Tuesday afternoon from her niece, Mrs. Inez Williams, El Paso, stating that her father, J. S. (Jim) Weatherford was sick and in a very serious condition in a hospital in that city. Physicians expressed considerable doubt as to his recovery.

Mr. Weatherford is a brother of Mrs. Sam Sanford and was a resident of this county for thirty or thirty-five years. In fact, he was a resident of this area much longer than that, having come to Colorado City in the eighties and to Borden county a little later, where he resided for a number of years before moving on to Tahoka. He is well known to a vast majority of the people who were here as long as ten years ago, and his many friends will deeply regret his serious illness.

Local Horse Wins Honors In Show

Mr. and Mrs. R. R. Ragan of the Joe Bailey community spent the weekend in San Angelo attending the Texas All Palomino Horse Show and exhibiting their Palomino stallion True Pal. They won a trophy and four ribbons in the six events they entered.

True Pal, ridden by Mr. Ragan, won the trophy as the best calf-roping horse in the show, in the face of stiff competition. Needless to say the Ragans enjoyed the show and were pleased with the record made by their horse.

While in San Angelo the Ragans were joined by two of Mrs. Ragan's nephews, O. H. Graham and family of Menard and D. W. Graham and family of Midland and all enjoyed a pleasant visit while attending the show.

Entertainer Will Be On School Program

J. C. Koen of Colorado City will speak in chapel at the Tahoka High school next Tuesday morning. He is an artist as well as a lecturer and illustrates his talk by drawings made as he goes along. Quite a few Tahoka people enjoyed a brief program he gave in a church in Lamesa recently. Visitors will be welcomed to hear his program Tuesday morning.

H. G. Hodges Sustains Knee Injury At Gin

H. G. Hodges, manager of the Tahoka Coop. Gin, suffered a fracture of one of the knee-caps on Thursday of last week, and after spending a couple of days in one of the Clinics here, he was taken to a Lubbock hospital, where he spent two or three days. He is now back at home recuperating.

Mrs. F. A. Robinette of Seymour visited her sisters, Mrs. Henry Maassen and Mrs. Leroy Knight, and her brother Roy G. Taylor, and their families here a few days last week.

Join The American Legion Now.

Lynntegar Given \$415,000 Fund For System Extension

The News received a telegram last Friday from the office of Congressman Geo. H. Mahon, Washington, D. C., to the effect that the REA office there had given its approval to the allocation of \$415,000 to the Lynntegar REA Cooperative for line construction in the counties of Lynn, Terry, Martin, Hockley, Dawson, Borden, Garza, and Yoakum counties.

The contents of this telegram were confirmed by the Lynntegar Manager Garland Pennington here. Mr. Pennington says that work of building these additional lines will be begun probably within three weeks. He estimates that out of this appropriation Lynn county will get approximately 100 miles of new line, scattered pretty well over the county.

When the total sum of \$415,000 is spent, Lynntegar lines will total 2,000 miles, Mr. Pennington further stated.

Gaines county is the only county in Lynntegar territory which will not share in this \$415,000, but when this sum is spent another appropriation will doubtless be procurable for the extension of the lines in that county. In fact there will doubtless be constant applications for additional extensions in every county in this territory for many years to come, and it will be many years before Lynntegar construction will have reached the saturation point.

Rural electrification is one of the most popular public service projects ever undertaken in this country, ranking second only to the mail service and rural free delivery of mail.

Swiss Native Is Rotary Speaker

Ralph Wild a native and a citizen of Switzerland who came to this country recently to attend the Texas Technological College and who is now a student in that institution was the guest speaker at the Rotary luncheon here Thursday. Ted Waggoner, who introduced him, stated that his address was to be the first one he had ever made in English.

Mr. Wild told many interesting things about his country, but it would be impossible, with the limited space and time at our disposal, to give even a resume of his address, which he had reduced to writing to facilitate its delivery in good English and to make himself readily understood. He had studied English in the Swiss schools, however. Three distinct languages, German, French, and Italian, and a number of dialects are in common use in Switzerland. A large percentage of the people also learn English.

Since Switzerland is a very mountainous country and can not produce sufficient food for home consumption, the Swiss have specialized in certain industries, particularly in the textile industry. One of the inducements for his coming to America was in order that he might better equip himself for the manufacture of cotton and woolen goods.

His father, who is Rotary Governor of his district in Switzerland had met Governor Coke Stevenson at the Rotary International Convention in Atlantic City recently, and the Governor recommended the Texas Tech as the school where his son could get the character of training which he desired. This account for the fact that he is now a student in the Tech and was able to give the address to the Rotary Club here Thursday.

F. W. Cause, who left Lynn county about five years ago to live with his son Ab Cause at Donna, is reported to be in a critical condition by reason of an attack of hiccoughing.

Miss Joretta Smith, daughter of Mr. and Mrs. Harve Smith has been transferred from Fairview, Okla. to Farmington, N. M. She is employed by an oil company.

DR. E. E. CALLAWAY

Dr. E. E. Callaway Dies At Abilene

Dr. E. E. Callaway, a long-time resident and practicing physician in Tahoka, who retired from the practice and removed to Abilene a few years ago, died in the Hendrick Memorial Hospital in that city at nine o'clock Monday night, after having been a patient in that institution for one week. He had been in bad health for a long while, however, having retired from the practice largely on account of his failing health.

Mrs. W. O. Thomas of this city received a call early Tuesday morning telling of the doctor's death. Mrs. Thomas and Mrs. O. M. Stewart, very close friends of the Callaways, went to Abilene the same day to be with the bereaved widow in her distress. Mr. and Mrs. C. A. Thomas, W. O. Thomas, Mr. and Mrs. J. L. Heare, Mr. and Mrs. W. Slaton, Judge and Mrs. C. H. Cain, Mrs. A. L. Lockwood, Mrs. J. K. Callaway, Mr. and Mrs. O. C. Sikes, John Slover, W. E. Smith, Buel Draper, Douglas Finley, Leon Tamplin, B. R. Rudd, H. A. Smith, Marvin Walker, and possibly other friends here went down Wednesday morning to attend the funeral services, which were held at 3:00 o'clock that afternoon in St. Paul's Methodist Church in Abilene. Funeral services were held at 10:00 a. m. (Continued on last page Sec. 1)

Bible Revival Is Postponed

Rev. Levi Price received a telephone call Sunday morning from Rev. C. A. Powell of Rule, who was to begin a "Bible Revival" at the Baptist Church here Sunday night, informing him that the Rule pastor would be detained in that city till Tuesday to conduct funeral services for a woman member of his church who had been killed in an automobile crash near Big Spring. The accident had happened on Saturday night.

The Rule pastor desired to know whether the Church here wanted him to come on after the funeral services for the remainder of the week or to re-set the revival for another date. After further consultation of the two pastors Sunday afternoon, the Church decided Sunday night to postpone the "Bible Revival" till January.

At the same time, however, Pastor Price was authorized to conduct a revival during the week of November 3-10 inclusive.

Boullion Opens War Surplus Store

E. H. Boullion, long-time Tahoka business man before entering the Army, has opened a store in the Henry Maassen building north of the Maassen Produce, offering for sale a number of items bought by him at Army surplus sales.

Mr. Boullion was released from the Army a few months ago, having held the rank of captain.

WEAVER IN MANILLA

Bobby Weaver, son of Mr. and Mrs. A. C. Weaver, who entered the Army nearly a year ago, now is in Manilla, P. I., having landed there September 25. He is in the Army Engineers.

Montana is aptly named as the word means "mountains."

Drenching Rains Soak All of Area, Drouth Is Ended

Lynn county got the best soaking the past week that it has had in many a month.

A little rain fell early Friday morning but the real works started early Saturday morning. From that time on rain continued to fall intermittently until Tuesday morning. By that time a total of 3.80 inches had been correlated by the editor's rain can. At no time, however, except for one or two brief periods, had the rainfall been heavy. For the most part it came down in gentle showers, the major portion of it soaking into the soil where it fell.

Of course, a lot of water collected in the lakes all over the country and here in town, where much of the rain fell on paved streets or well drained streets and house tops, floods of water swept down the ditches and along the curbs at times, but it has been a long time since there was so little wastage in a three-inch rainfall.

Fields and pastures everywhere have been thoroughly soaked, and while the rain can be of little benefit to the crops of cotton and feed now maturing unless frost and freezing weather should hold off until an unusually late date, yet pastures and the numerous little wheat fields will be greatly helped. In fact, there promises to be a lot of fine winter grazing.

Furthermore, the soil has been put in the finest possible condition for preparing for next year's crop.

All the counties of the South Plains and adjacent territory have likewise been soaked, and the value of this rainfall to West Texas is inestimable.

USO Campaign Scheduled Here

Mr. Ted Waggoner will head the next and final USO campaign in Lynn County, Governor Coke R. Stevenson, General Chairman announced today.

Assisting Waggoner on the Lynn county USO committee are: C. L. Walker, Arthur Biggsstaff, Terry Thompson, O. C. Elliot, L. C. Haney, Alton Cain, Happy Smith; W. B. Slaton, treasurer; and Frank Hill, publicity chairman.

Lynn county's quota for this, the last drive that will be made by the organization, is \$1040.00, which is only about one-fifth of last year's quota.

"With the capable leadership of Mr. Ted Waggoner, I am sure Lynn County will succeed in raising its quota in the state drive for \$800,000, Governor Stevenson said.

Headed by Col. Carl L. Phinney of Dallas, president of the 36th Division Association and State Campaign Chairman, Texas' 254 counties have been divided into six regions made up of 66 districts.

Mr. Robert B. Anderson of Vernon is chairman of the Northwest Texas region. These chairmen will work together in organizing and conducting the local campaign.

"There are about 125,000 Texas men still in the service, overseas, in hospitals, or beginning training," said Colonel Phinney. "The combat phase of the war is finished, but the transition period presents fully as many morale problems.

"We must see to it that USO services are continued for these men who need and deserve a 'home away from home' now more than ever," the State Campaign Chairman said.

"I am sure that Lynn County headed by Mr. Ted Waggoner will fulfill its quota and help Texas 'See-It-Through' 1947 with the National USO Campaign."

ANGLINS IN WYOMING

Mr. and Mrs. W. S. Anglin, last week accompanied their son-in-law and daughter, Mr. and Mrs. Archie Bronson of Pecos on a vacation trip to Wyoming. They expected to visit on a ranch where Mr. Bronson formerly worked. They are expected back this week end.

Maine was named after an ancient province in France.

COBB'S

Speed Plane Development
The first Boeing B-17 Flying Fortress was built in 1935 and its production started in 1938. The Consolidated B-24 Liberator was designed in 1938 and was in production early in 1941. The North American B-25 Mitchell was designed in 1938 and the Martin B-26 Marauder in 1939. Both were in production by February, 1941. The Lockheed P-38 Lightning was designed in 1936, made its first flight in 1939 and went into production in January, 1941. The Bell P-39 Airacobra and the Curtiss P-40 Warhawk were being produced in 1940, and the Republic P-47 Thunderbolt and the North American P-51 Mustang in 1941.

Remove Stains
Since stains set with age, it pays to get at them as quickly as possible. Berry and fruit stains should be treated immediately. Stretch the stained part of the cloth over a pan or bucket. Hold it in place by means of a string. Then pour boiling water on it from a height so that the water will strike the stain with force. This method is also good with coffee or tea. To remove blood stains on blankets, mattresses or other heavy material, mix starch and water to a thick paste and spread on the stain. Brush off when dry. Repeat if necessary.

Formosa Fruitful
Formosa's fruitful soils produced one-sixth of Japan's rice supply, enough to feed all Japanese armies on the field. Government-encouraged cultivation of sugar cane on the island made Japan self-sufficient in sugar and fourth among its world producers. Formosa has long been a leading grower of famed aromatic Oolong tea, 90 per cent of which was shipped to Uncle Sam. Sweet potatoes and other vegetables are grown for home consumption. Bananas, pineapples, groundnuts (peanuts), tobacco, jute and cassava were becoming increasingly important in prewar export trade.

Penicillin Plants
There were, in the spring of 1945, about 13 penicillin plants in the United States and Canada with a total investment of about \$20,000,000. Based on a tentative production program of 200,000,000 units a month, and on the potency assigned to the National Standard these \$20,000,000 worth of plants will produce only 9 pounds of pure penicillin a day. Yet this quantity will treat approximately 250,000 serious cases a month. The first quoted price of penicillin was \$20 for 100,000 units which by April, 1944, had declined to \$3.25 for 100,000 units and in August, 1945, the quotation was 59 cents. On the average, it takes about 1,000,000 units to treat a serious case of one of the infections for which penicillin treatment is effective.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

Cotton Meeting Called October 24

Congressman George Mahon announced from his Lubbock office this week that on October 24th a Congressional Committee would hold a hearing in Lubbock in regard to future policies and legislation affecting cotton and cotton producers.

The purpose of the hearing is to get the views of cotton producers with respect to legislation to be considered by the next Congress. A portion of the A.A.A. law, including that part which enables producers to establish national and local cotton acreage quotas will expire next year.

The Committee is coming to West Texas upon the invitation of Representative Mahon. The Com-

mittee will be headed by Congressman Steve Pace of Georgia, author of the well-known Pace Parity bill. Mr. Pace is an influential member of the House Committee on Agriculture. Six other members of this important Committee are scheduled to accompany Mr. Pace to Lubbock for the hearing. In the group will be Congressman Bob Poage of Washington, well known in farm circles.

Mahan said that the committee would hold two hearings in Texas, one at Cameron in Central Texas and one at Lubbock on October 24.

The exact place in Lubbock where the meeting will be held is yet to be announced.

Mahan emphasized the importance of cotton to the future prosperity of West Texas and expressed the hope that each county in this District would have at least one representative at the Lubbock

meeting. The Committee is seeking the viewpoint of the cotton farmer as to support prices, loans, parity, acreage restrictions, and numerous other questions of concern to cotton producers.

NOTICE MASONS

There will be a called meeting of the Tahoka Masonic Lodge No. 1041 A. F. & A. M. Monday night, October 14. Two F. L. Howcraft Degrees will be conferred.

All members are urged to be present and visiting brothers are cordially invited. Come, and bring someone with you.—C. E. McClellan, W. M.; L. A. Forsythe, Sec.

Congratulations . . .

To Mr. and Mrs. Glenn Boydston on the birth of a son in Long Beach, Calif., a few days ago. The little fellow weighed 7 1-2 pounds and has been named Larry Ray. He is at home at 41 Chestnut Avenue in that city. The father is a son of Mr. and Mrs. John Boydston and was reared here. Mrs. Boydston is the daughter of Mr. and Mrs. B. J. Mayberry, formerly of Lynn county.

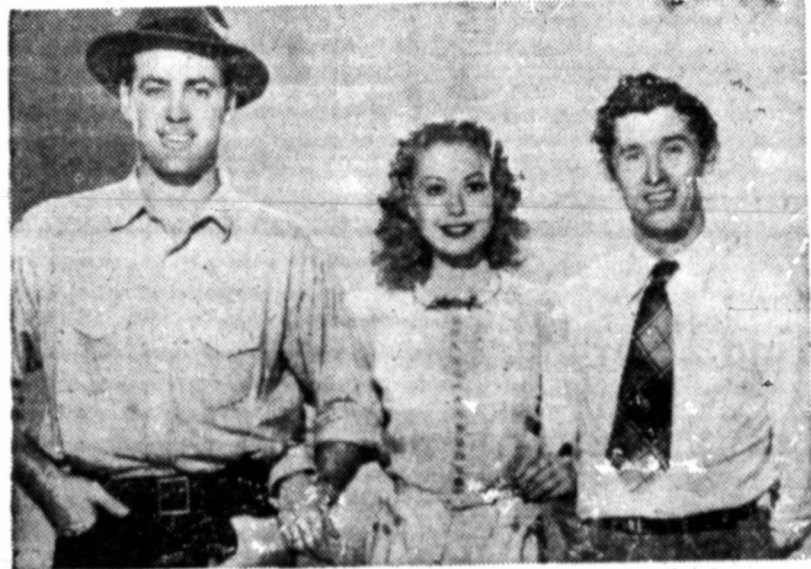

Mr. and Mrs. Fred Barker of Levelland on the birth of a son on September 28, weighing 7 pounds and 8 ounces. He bears the name of Larry Fred. The father lived here for many years, and the mother is a sister of Leon McPherson, who resides here now.

Joe Thompson, who lives out six miles east of town and who was seriously sick a few weeks, was able to be in town again Monday.

Oklahoma is Choctaw for "red people."

Lily Trouble
Improper planting depth is the cause of many lily failures. Rooting habit more than bulb size determines the depth for planting. Some lilies form roots only at the base of the bulb; these must be planted near the surface, as deep planting weakens the top growth and decreases flower production. Other lilies make a second set of roots on the stem between the top of the bulb and the surface of the ground. They require deep planting, as the stem roots cannot form in the upper inch or two of soil which, throughout most of the summer, is dry as dust. Another common cause of failure is lime in the soil. A few lilies like lime, or at least tolerate it; but most of them succeed best in a slightly acid soil. Improper drainage causes much lily trouble. While a few are actually swamp lovers, most of them demand excellent drainage.

Fungicides No Cure-All
Spraying, or dusting, is not a cure-all for plant diseases. In fact, the majority of vegetable diseases cannot be prevented by the use of fungicides. Other measures, such as sanitary practices, use of disease-free seed and plants, and the use of disease-resistant varieties should be followed to control or to prevent many vegetable diseases. The most common diseases of sweet corn, cabbage, cauliflower, beans, peas and lettuce cannot be prevented by the use of fungicide sprays or dusts. However, fungicide sprays or dusts do help prevent diseases such as early blight, late blight, hopperburn and tipburn of potatoes, leaf spots of tomatoes, celery, carrots, beets, cucumbers and melons. Bacterial wilt of cucumbers and melons can be prevented by proper use of fungicide sprays or dusts.

T-Hangar Flying . .

Last Saturday morning Carl (Red) Darnall of Ontario, California circled town very low trying to locate the airfield. He and four other pilots were ferrying BT-13's from Vernon, Texas to Los Angeles, California for the American Airlines when they ran into low clouds and rain a few miles east of here and the weather had closed in so tight that he had lost the other four BT-13's and was having a hard time finding a place to land. After making a couple of circles over town he located the airfield and landed. He said he would be back this way soon and would make this one of his scheduled stops from now on. Evidently his companions also found a place to land as no accidents have been reported in this area lately.

Earl Crum of Morton, who is building an airport at that city stopped over here the other day on his way to Sweetwater.

Buddy Norris of Brownfield visited Tahoka twice Wednesday. He stopped over in the morning on his way home in a new Aeronca he was ferrying in from Fort Worth. Again that afternoon in a Stearman he was trying to sell a local man.

Boyce Evans flew in the other

day in a T-Craft. He came up all the way from Abilene for his ten-gallon hat.

James Waters of Post, who was learning to fly here on the G. I. program, and recently lost his leg in a motorcycle accident in the east part of Tahoka, came over Tuesday and informed the McNeely Flying Service that he would be ready to begin his training again just as soon as he could get his artificial leg.

Bill McNeely says there soon will be three or four more private owned planes roosting at the Tahoka Airport.

The other day a couple of local pilots decided to see just how much weight a Piper Cub J-3 would get off the ground with. T. A. (Fats) Bairrington, 286 pounds and Duane Jones, 236 pounds loaded into a Cub and took off. They say the plane got off the ground pretty quick, but it didn't climb as fast as usual. They went up to about 600 feet, circled the field and landed. The total weight of the two was 521 pounds . . . that's a lot of lard . . . lard that is.

John Beard finally got his P-40 re-licensed and after making a business trip the other day, he started home a little late and didn't get back to the field before dark and the weather closed in on him to top it all off. John says it's the first blind flying he ever did. He couldn't see the ground at all, but by watching the headlights of cars traveling down the highway, he reckoned where the runway was and his altitude, so he started easing the plane down until it touched the ground. The landing was perfect and he was right in the middle of

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

the runway. John says he never was able to see the ground. That's what we call flying . . . but we'll bet John doesn't want to try it again anytime soon.

Calloway Huffaker, District Attorney and partner in the Cow-pasture Flying Club was out for the first time in a long time and gave the J-3 a limbering up. . . . We wonder if that new pair of shoes the J-3 is wearing had anything to do with it.

Bill McNeely is leaving today by bus for Ponca City, Oklahoma where he will ferry his new J-3 Cub Trainer in from the assembly plant there. This trainer will be used in the G. I. program at the local airport.

Bill Barham, local G. I. student made a forced landing out north of town Tuesday. Bill let the carburetor "ice-up" on him while he was in a spin and naturally the engine died, so Bill picked himself out a spot and set 'er down. The spot he picked out was a little too soft due to recent rains and the plane came to rest on its nose, but no harm was done to Bill or the plane.

Billy Jack Hancock made his cross-country hop Tuesday, going to Levelland, Brownfield and home again. Billy Jack will soon go up for his private license.

Dea Parker, who is employed at the Breedlove Aerial Service, Lubbock was flown to Tahoka Tuesday. Dea doesn't pilot a plane himself, but was merely a passenger.

Many Lynn County and Garza County ex-G. I.'s are training under the G. I. Bill of Rights program at the McNeely Flying Service at the Tahoka Airport these days. A list of the men that are now taking this training will be found below.

From Post or Garza county: Ed Burk, Simpson, Pate, Forrester, Shipp, Smith, Edwin Mahas, J. C. Pinkerton, soloed; Rickers, soloed; and James Waters, who has postponed his flying for a while since his motorcycle accident. Several other Garza county citizens including two girl ex-G. I.'s expect to start their training soon.

From Lynn County: Herman Reid, L. B. Pate, E. L. Short, Billy Jack Hancock, Olen Loyd, Herbert Smith, Maurice Smith, Duane Jones, Bill Barham, Bill Woods, Jim Woods, Durward Grayson, Jess Gurley, G. W. White, Wilfred Schaffner; all of whom have soloed.

Student pilots of Lynn county who have not yet soloed are: Eldon Carrol, Bobby Fultz, Meldon Leslie, Short, Chapman, Durwood Unfred, Kelly, Jimmy Yandell, Lonnie Isabell, Bill King, Junior Faires and Frank Woods.

There are thirty-five students now enrolled in this school.

J. C. Welch of Mountainair, New Mexico, and Mr. and Mrs. Sam Park of Brownfield were here Tuesday on business and visiting relatives.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aching and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic spasms. Try it!

JUSTICE FOR THE JEW
President Truman may have been somewhat officious in suggesting to the British Government that it take immediate action to admit a substantial number of Jewish immigrants into Palestine, since that country was mandated to Great Britain by the League of Nations in 1922 and the British Government feels that the administration of its affairs are therefore Britain's responsibility.

The United States, it is true, never joined the League of Nations after proposing it; and may not be bound by any of its decisions, but Uncle Sam has never disputed John Bull's right to look after the affairs of that troublesome country. Great Britain naturally feels that we are now butting in where we have no business.

Nevertheless, most of us Americans feel that the Jews are entitled

to the "Holy Land" if they desire again to inhabit and possess it. It was their very own for many centuries. Then it was conquered by Rome just before the coming of Christ. In the seventh century A. D. it fell into the hands of the hostile and cruel Mohammedans. In 1516 the Terrible Turk took over and held complete sway until 1919.

Most of the Jews, through the centuries of foreign rule, were driven out, and those that remained were so times severely persecuted. But a remnant remained and survived, and during World War I General Allenby of the British forces drove the Turks from the seats of power, and at the close of the War Great Britain was given a mandate over the country. Her rule has been humane and just for the most part, but there has been frequent conflict between the Jews on the one hand and the Arabs and Turks on the other; and it is the Arabs who are now objecting to the admission of Jewish immigrants.

We sympathize with the position taken by President Truman that Great Britain ought to agree that the Jews shall be admitted back into their own ancient and age-long home.

Some people have been persistently demanding the past summer that Governor Stevenson call a special session of the legislature to redistrict the state. Representative C. M. McFarland of Wichita Falls called upon the Governor a few days ago to re-new the demand. The theory has been advanced that a "lame duck" legislature would be more likely to pass a redistricting bill than would a newly-elected legislature, as so many of its members expect to retire at the end of their present terms and have no personal interest in preserving their own districts intact and unchanged. There is something to that proposal all right but to us it seems highly impractical. It would be next to impossible for the legislature to meet and thrash out a bill and pass it before the November election, for there would be grave and bitter objection to any equitable and adequate redistricting measure on the grounds that it would destroy many of the existing districts and consequently the jobs of legislators who have already been nominated in Democratic primaries for these positions, and if enacted there probably would be numerous suits to enjoin the enforcement of any such measure. It would be easy for legislators opposing the bill to stave off its passage until after November 5. On the other hand, no bill passed after November 5 could take effect until two years hence, for the members of the next legislature will then have been elected already to serve throughout the next term of two years. If a special session should be called by the governor between now and the first of January it could pass a redistricting bill only with the provision that it take effect at the expiration of the terms of the members-elect. Would a special session be justifiable if its work could not take effect for two years? Furthermore, its work could be a-

mended or repealed outright by the new legislature which convenes in January, in which case the work of the "lame duck" legislature would amount to exactly nothing. Since no redistricting bill was passed when it should have been passed, we believe that it would be foolish for the Governor to call a special session now to pass a redistricting bill. Let us all insist strenuously that the next legislature attend to this job promptly after convening.

The people were informed by the Avalanche-Journal Sunday that only one precinct had voted wet in the local option election held in Lubbock county Saturday. That precinct lies in the southeast portion of the city of Lubbock and includes practically all of the Negro population of the city. It stated the further obvious fact that the Negroes voted heavily for the legal sale of beer. That was their right, of course, but beer is one of the things that they need least, one of the things that harms them most. Beer joints in Negro settlements are invariably the centers of drunkenness, immorality, cutting and shooting scrapes, and affrays of various kinds. In voting for them, the Negroes showed that they yet have little sense of the responsibilities of good citizenship and are still not qualified to make good citizens. They would commend themselves to the whites much better if they would more wisely exercise their right to vote.

The wet weather we have had recently accentuates the need for good farm-to-market roads. We suspect that as soon as the system of roads now under construction in Lynn county is completed, there will be a demand for more of the same kind. Lynn county farmers will doubtless not be satisfied until some of the roads now projected are extended and the gaps in the system eliminated. And a change or two in the routings may yet be made to better serve the public. If and when a second building program in Lynn county is undertaken either by the County or by the State, the farm-to-market road mileage in the county will doubtless be practically doubled.

Elections in Lubbock and Gaines counties last Saturday ought to make the wets in this area realize that they are in a hopeless minority and that their flouting of the anti-liquor laws are not appreciated. Lubbock voted dry by a majority of practically two to one and Gaines county by a vote of more than three to one. Lubbock has never legalized the sale of either hard liquor or beer but Gaines county had legal beer joints for a number of years. Three or four years ago, after a hard fight, they were voted out, and the people served notice last Saturday that they are exceedingly well pleased with the change then made.

Wichita Falls, like the sow spoken of in the Bible, has returned to her wallowing in the mire. She was a well-groomed animal, kept slick and fat for exhibition purposes, but she just naturally liked the filth and the mire. After being dry for a few years, she voted wet again last Saturday.

Nevada, meaning "snow clad," was named for its high, snow-capped peaks.

Wanted! Men And Women Who Are Hard Of Hearing

To make this simple, no risk hearing test with Ouline drops used with simple syringe. If you are deafened, bothered by ringing, buzzing head noises due to hardened or coagulated wax (cerumen), try the Ouline Home Method test that so many say has enabled them to hear well again. You must hear better after making this simple test; or you get your money back at once. Ask about Ouline Ear Drops today at Wynne Collier Drug Store.

UPSET STOMACHS YIELD INCHES OF GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got INNER-AID, and it worked inches of gas and bloat from me. Waistlines is way down now. Meals are a pleasure. I praise Inner-Aid to the sky. —This is an actual testimonial and

we can verify it. INNER-AID is the new formula containing medicinal juices from 12 Great Herbs; these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—Get Inner-Aid. Sold by all drug stores here in Lynn County.

Iowa means "sleepy ones."

— 22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

TEXAS GOOD ROADS ASS'N. PROPOSES AMENDMENT

AUSTIN, Oct. 9 (Spl.)—Approximately 600 Texas roads enthusiasts will meet here Monday evening, October 14, to open the active campaign for adoption of the Good Roads Constitutional Amendment at the November General Election. The proposal will appear as Amendment Number three on the November 5th ballot.

Speakers will include Governor-Nominee Beauford Jester, Lieut. Governor-Nominee Allan Shivers, Congressman O. C. Fisher of San Angelo, John S. Redditt, chairman

of the State Highway Commission, and State Representative Neville Colson.

Congressman Fisher is the only Texas member of the House Roads Committee. Mrs. Colson is the author of the Good Roads Constitutional Amendment and has the distinction of being the only woman legislator in the United States to sponsor such a proposal. A similar amendment has been approved by the voters of 18 States and has been initiated in three States in addition to Texas.

Col. Ike Ashburn, Houston, will serve as master of ceremonies for the rally. Col. Ashburn, long associated with good roads movements in Texas, was the first manager of The Texas Good Roads Association after its organization by the late Judge W. O. Huggins, editor of the Houston Chronicle.

Judge Sid Callavet, president of the County Judges and Commissioners Association, along with representatives of farm organizations and users of farm roads, strongly backing the amendment, will participate in the program.

In addition to members from the more than 30 state organizations which have adopted resolutions pledging support of the Good Roads Amendment, enthusiasts from practically every county in the state will be in attendance.

The Good Roads Amendment guarantees the continued allocation of one-fourth of the gasoline tax to the Available Free School Fund; assures the availability of the remainder of the gas tax and all motor vehicle registration fees for road purposes, subject to the direction, allocation, and appropriation of the Texas Legislature. The amendment continues legal refunds on non-highway gasoline; continues authorized payment of county and road district bonds and guarantees counties their present share of motor vehicle registration fees.

W. S. C. S. STUDIES INDIA
Women's Society of Christian Service of the Methodist Church met Monday afternoon at the church to begin their new study, "India at the Threshold," under the direction of Mrs. G. M. Stewart and Mrs. W. W. Rowland.

Roll call was answered with a current event about India.

Mrs. G. M. Stewart gave the introduction and explanation of the study and led the discussion.

Frances Merton Haney gave a beautiful piano solo of Indian music.

Mrs. C. G. Franks had charge of the Devotional.

Mrs. W. D. Smith talked on "Indian Religion." Mrs. W. W. Rowland gave "Ancient India." Mrs. Tom Gill told about "Development in India," and Mrs. Stewart gave the lesson on "Villages in India."

Next Monday, October 14, at 3:30 p. m., the study on India will be resumed.

All women are invited and urged to attend and answer roll call with a short correct event relating to India.

Idaho is derived from an Indian word meaning "gem of the mountains."

The Force that
Supports the World's
Biggest Bridge...

OIL-PLATES Your Engine!

In the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between gravity and molecular attraction. Because the attractive force between the molecules in the cables balances gravity's down-pull the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine, so that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

MARY BETH RODDY WEDS HICO MAN

In the old family home in Hico, where her mother grew to womanhood and became the bride of her father, Miss Mary Elizabeth Roddy of Tahoka became the bride of Billy Reginald Neel of Hico in a candle light ceremony last Sunday morning at eight o'clock. The beautiful double-ring ceremony was read by Dr. C. C. Klingman of Commanche as the couple stood before an altar of palms and baskets of gladioli, flanked by candelabra holding white tapers, in the home of her grandmother, Mrs. A. Alford.

Ray Cheek and Emory Gamble lighted the candles, Mrs. Marcom Shockley of Lamkin played the wedding music and accompanied Miss Thoma Rogers who sang "Because" and "Always". Miss Ruth Roddy, sister of the bride and charge of the guest registration.

Preceding the couple to be altar was little Julia Ann Hedg's flower girl dressed in white and wearing a halo of asters and Leighton Roddy, the bride's brother, in a white suit, carrying rings on a white sash pillow. The groom's brother, Jack Neel, of Stephenville was best man and the bride's sister Mrs. Virginia Roddy of Abilene was maid of honor.

Miss Roddy's dress was of blue taffeta and net and her corsage was of gardenias.

VETERANS DRAWING DISABILITY PENSIONS OR COMPENSATION

The number of veterans receiving disability pensions or compensation practically doubled during the first year following the surrender of Japan, Veterans Administration officials reveal. In August of 1945 there were 1,103,000 on the disability compensation rolls. One year later, the Veterans Administration was paying disability claims to 2,073,000. This increase is shown graphically above.

The bride, given in marriage by her father, wore a floor-length white nylon dress fashioned with sweetheart neckline, long sleeves and tapering to a point over the hands and with a bouffant skirt. She wore a gardenia in her hair and carried a white Bible topped with gardenias.

For traveling the bride wore scarlet suit with black accessories.

Mrs. Neel, daughter of Mr. and Mrs. H. L. Roddy of Tahoka, is a graduate of Tahoka High School and has attended W. T. S. C. at Canyon. Until just before her marriage she was employed at Barksdale Army Airfield at Shreveport.

The groom is the son of Mr. and Mrs. J. Paul Neel of Hico. He is a graduate of Lamkin High School and of John Tarleton College, after which he attended Texas Tech one year before entering the Navy. At the end of three years' service he was a Lieutenant (j.g.) when he received his discharge and entered the University of Texas. The couple is now making their home in Austin.

Before leaving for Hico the bride was honored with a miscellaneous shower given by Mmes. Melvin C. Punkoney and W. M. Harris in the latter's home. Mmes. Louis G. Allsup, Bob Connolly and John E. Carroll assisted with the courtesies. Many beautiful and useful gifts were received and displayed.

BRIDAL SHOWER GIVEN MRS. DONA SUE GARDNER

Mrs. B. H. Robinson and Mrs. W. M. Harris were hostesses at a bridal shower Thursday evening of last week at the home of Mrs. Harris honoring Mrs. Dona Sue Miller, Gardner.

Miss Dolores Nowlin and Miss Billie Jo Cowan received the guests; Miss Jane Bosworth presided at the guest book, and Mrs. W. A. Fulford and Miss Billie Wayne Pennington presided at the punch bowl. Throughout the evening Miss Valerie Wells played several piano selections.

The house was beautifully decorated with fall cut flowers.

Out of town guests were Mrs. Lilla B. Gardner, Mrs. Laverne Gardner, Misses Jane Roark, Ann Harrell, Ruth Michaels, Adelle Thompson, Mrs. C. L. Tomlinson, and Mr. and Mrs. Noah Wasserman, all of Lubbock; Mrs. Alta Gardner and Mrs. Florence Gardner of

Ropesville; and Miss Billie Jo Cowan of Lamesa.

Oglethorpe named Georgia in gratitude to George II, who granted him homestead rights.

F. H. A. MEETS

The Future Homemakers of Area II met Oct 8 in the Grade school gym. There was a business meeting in which we discussed the initiation for the first year Home Ec. girls. A committee was appointed for that, which are as follows: Claudia Raindl, Betty Jean Reid, Dolores Wilke, Joretta Hill and Lena Williams.

Then the club had a program on growing. Velma Ruth Howell, Mamie Lee McClellan, Jan Edwards, and Mary Ann Reid all gave talks. Refreshments were served by Bobbie Lynch, Joretta Hill, Mamie McClellan and Joyce Hodges. Games were played and enjoyed by all.

There are sixty-five members in our club and the membership drive is still open. The club will meet every second Tuesday from 7 to 9 o'clock p. m. in the Gym.

Reporter, Lena Williams.

F. H. A. ROLL

Phama Cunningham, Jean Gilion, Barbara Henderson, Jo Ann Thomas, Mary Ann Tankersley, Fay Williams, Wila Flaye Akin, Jean

Barber, Barbara Beard, Francis Bryan, Nell Eubanks, Betty Jean Henderson, Doris Irene Jenkins, Melba Johnson, Wanda Joyce Short, Wanda Tomlinson, Sue Carpenter, Nancy Cobb, Jan Edwards, Wanda Fisher, Nancy Gill, Jo Ann Henderson, Velma Ruth Howell, Lola Fern Kelly, Bobbie Lynch, Lola Sue Ramsey, Lula Bee Reid, Lu Ann Taylor, Carolyn Barton, Jane Donaldson, Mary Draper, Marilyn Fuller, Mabe Greer, Josephine Hinkle, Lura Mae Howell, Billie Ruth Parris, Bennie Lou Pridmore, Joan Glover, Ripple Venable, Dolores Wilkes, Mary Adamson, Jane Burkhardt, Dixie Carol, Sybil Cawthron, Eddie Hamilton, Joyce Hodges, Joretta Hill, Mamie McClellan, Claudia Raindl, Betty Jean Reid, Marianne Reed, Laverne Standfer, Lena Williams, Joretta Shawn, Betty Jo Ingram, Peggy Henderson, Jacquelyn Venable, Betty Grace Thomas, Peggy Pat Sherrod, Joyce Bell Healy, and Jolene Bragg.

Approximately fifty women from churches in Zone 5 attended the meeting including the following from Tahoka: Mmes. H. A. Nichols, Terry Thompson, W. D. Smith, Paul R. Johnson, Wood, Clarence Steele and A. E. Ware.

MRS. MARVIN WOOD NAMED METHODIST ZONE LEADER

Mrs. Marvin Wood of Tahoka was named leader when the Women's Society of Christian Service for zone 5 met in an all-day session at the First Methodist Church in Lamesa last Friday. Mrs. Wood succeeds Mrs. Earl Curtis of O'Donnell, who was extended life membership in appreciation of her service as leader for this Fall meeting.

Tentative plans were made for holding the next Zone meeting in the First Methodist Church in Tahoka in January.

Several officers of the District W. S. C. S. were present, including Mrs. C. C. Coffee, formerly of Lynn county, but now of Lubbock. A program of talks and discussions on the Women's work were given, Mrs. Wood of Tahoka discussing "Effective Ways of Increasing Membership".

Approximately fifty women from churches in Zone 5 attended the meeting including the following from Tahoka: Mmes. H. A. Nichols, Terry Thompson, W. D. Smith, Paul R. Johnson, Wood, Clarence Steele and A. E. Ware.

In writing for a change in address for her paper Mrs. Pledger Coleman tells the News that they are now living in New Boston and that Pledger is working at the Red River Ordnance Plant near there. The Colemans were long time residents of Tahoka.

MY SOUL
Math. 16:26
How May I Know That I Am Saved?

Paul said: "What man knoweth the things of a man, save the spirit of man which is in him? Even so the things of God knoweth no man, but the Spirit of God". I Cor. 2:11. Hear Paul again: "The Spirit itself beareth witness with our spirit, that we are the children of God. Rom. 8:13. The first passage tells us plainly that the Spirit of God knows the things of God, and the spirit of man knows the things of man. The second passage tells us that the "Spirit" beareth witness "WITH" (NOT TO) our spirit that we are the children of God.

The Holy Spirit testifies that for me to be saved I "must believe". Acts 16:31. The Holy Spirit testifies that I "must repent of my sins". Acts 17:30. The Holy Spirit testifies that I must confess Christ with the mouth" Rom. 10:10. The same Holy Spirit testifies that penitent believers must be baptized in the name of Christ for the remission of sins. Acts 2:37-38. That is the witness of the Spirit. What does my spirit say? If my spirit can truthfully say—"I do Believe"; I have repented of my sins"; I have confessed Christ with my mouth"; I have been baptized in the name of Christ; for the remission of sins, (no; because my sins were already forgiven)". Then there is harmony between the testimony of the Holy Spirit and my spirit. Now hear the apostle John: "And hereby we do know that we know him, if we keep his commandments". I John 2:3. Peter said "God giveth the Holy Ghost to them that obey him". Acts 5:32. Again John said "He that keepeth his commandments dwelleth in him, and he in him. And hereby we know that he abideth in us by the Spirit which he giveth us". Neighbor read Heb. 5:8-9; and 2 Thes. 1:7-10; John 14:23; and Rev. 22:14. My friends beware of the spirit and the doctrine that causes you to believe you are saved before and without obeying the gospel as preached by the apostles of the Christ. Read carefully Gal. 1:6-9. If God would curse an angel from heaven for preaching another gospel than what the apostles preached, what could we expect God to do to a puny man for preaching his own experiences or the vision of his own heart?

Friends you are always welcome and invited to attend the services of the church of Christ in your community. There you will hear the gospel preached like it reads in your Bible.

Address all questions, complaints or criticisms to Price Bankhead, Post, Texas, Rt. 3.

FORMER NOTED STATESMAN DIES

Gifford Pinchot, 81, died at the Columbia-Presbyterian Medical Center in New York City last Saturday night. This statement will have no meaning to many of our readers, for they perhaps have never seen the name in print. But others of our readers, such men as Judge C. H. Cain, Judge B. P. Maddox, Judge J. W. Elliott, R. C. Wood, A. L. Dunagan, J. B. Walker, and scores of others can remember the time when his name was in the newspapers almost every day.

Pinchot (pronounced Pin-sio, with the accent on the first syllable) was virtually the father of the U. S. Forestry Service. He had almost a phobia for the preservation of our forest resources and is more responsible than any other man for the establishment of our forest reserves and the establishment of our forest ranger forces. Later he served for three terms as governor of Pennsylvania. He first came into the limelight during the McKinley administration and retained his place therein during the Teddy Roosevelt and one or two of the following administrations. He was a Progressive Republican as distinguished from the so-called Stand-pat wing of the party, which usually controlled.

ATTENTION, MOTHERS! If looking for a better remedy for Children's Chest Colds try Durham's Nu-Mo-Rub, the new Gaiacol-Camphor treatment. Remember—double the purchase price refunded if you do not find this Modern Chest Rub more effective —35c and 60c at WYNNE COLLIER, Druggist

Bulldogs Defeat Slaton Tigers 34-6

The Tahoka Bulldogs romped to an easy victory over the Slaton Tigers last Friday night for their first win in history over that ball team by a score of 34 to 6.

Tahoka's line showed plenty of power both offensively and defensively and can be credited with the major roll of winning the ball game against the Tigers.

The backfield men had a field day running behind superb blocking and practically scored at will. The Bulldogs kicked off to the Tigers with five first string men on the starting line-up and held them on downs and Slaton kicked out. In five plays, the Bulldogs had made their first score and extra point. Again Tahoka lined up and kicked off to Slaton and again stopped them cold. Slaton kicked out, and on the very first play Joe Don Minor scattered through a quick-opening hole in the line and traveled 42 yards untouched for the second score. The extra point was made and the Bulldogs were leading 14-0 after only using 7 offensive plays. A short time later Minor left, the game after he had made the first two touchdowns.

At the beginning of the second quarter the Bulldogs were in possession of the ball and a few minutes later had the ball down on Slaton's 3-yard line where Rattiff pushed over for the Bulldogs third touchdown. They failed to kick the extra point making the score 20 to 0. Tahoka again kicked off to Slaton and soon thereafter H. R. Tankersley intercepted a Tiger pass and a few seconds later Barrington crossed the double stripes for the fourth touchdown for the Bulldogs and Tankersley kicked the extra point. The first half ended a few minutes later with Tahoka leading 27 to 0.

Slaton kicked off to the Bulldogs starting the third quarter and shortly after recovered a Bulldog fumble on the 30-yard line and from there they fought their way

Legion Auxiliary Business Meeting

The American Legion Auxiliary held its regular business meeting Tuesday night, October 8, in the American Legion Home, with the president, Mrs. R. L. Richardson, presiding.

On account of the rain and bad roads, those present voted to postpone the election of officers until next meeting night in order that the entire membership could cast their ballots for the officers to be elected for the ensuing year. Eleven members were present.

Much interest has been created since most of our boys are home and are carrying on in the Legion. Likewise their wives, mothers, and sisters are anxious to help carry their part of the work by being members of the American Legion Auxiliary.—Reporter.

Join The American Legion Now.

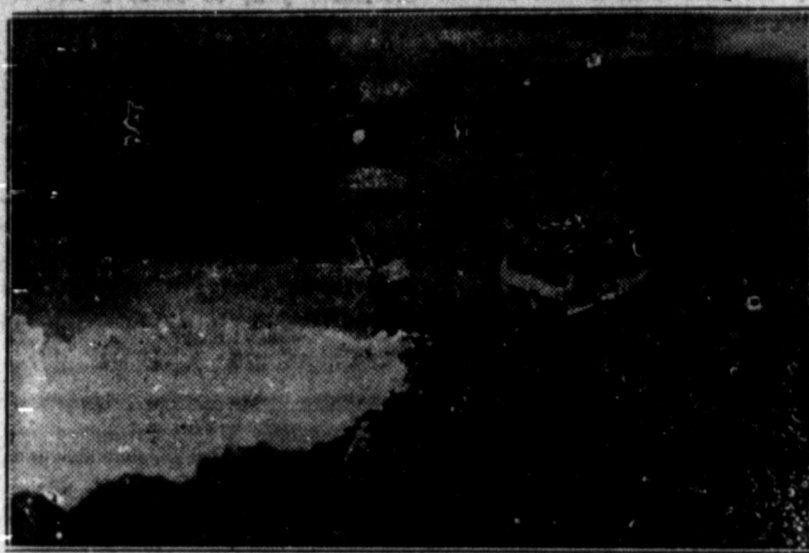

to pay dirt for their only score of the game. Slaton failed to make their extra point.

Slaton again kicked off to the Bulldogs and they moved on down the field and then Rattiff connected with a pass to Tankersley for Tahoka's only score in the second half of the ball game. Tankersley also kicked the extra point. The game ended with Tahoka leading 34 to 6.

Coach Jim Foust started the game with five first stringers, two of them linemen and three of them backfield men, and at no time during the game did he have any of the so-called first-string men all on the field at the same time. Practically every man on the Bulldog squad saw service in the game against Slaton.

Coach Jim Foust was not interested in beating the Slaton team as much as possible, but was interested in giving his reserves a chance to get some valuable experience.

Approximately 250 people rode special train from Tahoka to the Slaton game, and fully that many, possibly more, went in cars.

AIRBORNE DEATH—One of the most spectacular pictures of the war was made when this 15th Air Force bomber was shattered by flak over a strategic oil target in Germany. Thousands of young Americans lost their lives in similar battles over Europe and the Pacific in order that the enemy might lose the will to resist.

Store Whole Blood
Development of new and improved mechanical refrigeration equipment has been one of the chief reasons why the use of whole blood and blood plasma has been so successful. Whole blood must be kept under refrigeration at all times until it is used, and all three types of blood plasma—liquid, frozen and dry—involve the use of mechanical refrigeration during processing. Liquid plasma must be kept at a controlled temperature constantly, and the frozen plasma is kept at a temperature of 20 degrees below zero, Centigrade, by means of mechanical refrigeration. In the field of medicine, special refrigeration has been a leading factor in the volume output of penicillin and the sulfa drugs.

Squeaking Floors
Squeaks in floor boards, often a source of great annoyance, can frequently be remedied simply by dusting talcum powder into the spaces between the boards, if the boards are not too closely joined. Or, simply take a thin-bladed knife and work glue into the cracks between the boards; when the glue has had time to set, the squeaks will go away. If the squeaks cannot be remedied by either of these methods, then the weaving that causes the squeaks must be stopped. This can be done by putting extra nailing in the floor boards, using finishing nails and sinking them below the surface of the flooring with a nail set, filling the hole with plastic wood. Small wedges, driven between the sub-flooring and the joist at the points at which the weaving occurs, will often stop squeaks.

New Tomato
United States soldiers stationed in the Panama Canal Zone were among the first to taste a new variety of tomato developed for the tropics by the Inter-American Institute of Agricultural Sciences at Turrialba, Costa Rica. The annual report of the institute said 7,000 pounds of the new tropical tomato were picked for shipment to the Canal Zone when the army heard about the merits of the plant. The tropical tomato, the report explained, is a hybrid between an "unusual wild-tomato and Marglobe, a North American variety." Already seed of the third generation has been planted and 125,000 plants will be grown.

Membership dues in the Legion for 1946-47 are due now.

V.F.W. Auxiliary Plans Organization

Announcement has been made that at the meeting of the V.F.W. on Monday night, October 21, plans will be discussed for the organization of the V.F.W. Auxiliary here. Miss Ruth McDonald of Lubbock will be present to explain how to proceed with the organization. All members of the V.F.W. and their wives are expected to attend this meeting, which will be held at 8:00 o'clock at the American Legion Hall.

Refreshments will be served. W. V. McElroy is Commander of the V.F.W. and Floyd Goad is Quartermaster.

The Texas Safety Association reminds you during this Fire Prevention Week: Don't be haphazard with fire hazards! Break those matches to be sure they are out, and stomp out those glowing cigarette ashes. Remember a little burning is a dangerous thing. Be fire-sighted!

Carlet named New Jersey for the Isle of Jersey.

New York honored the Duke of York when it selected its name.

Please do not knock down Engineer's stakes on highways. 47-lfc

Grassland Man Died Tuesday

Arris Shepherd of Grassland, 39, died at his home at 10 o'clock Tuesday morning and funeral services were conducted in the First Methodist Church in Post at 5 o'clock Wednesday afternoon. Rev. J. E. Stevens, the pastor, officiating. The body was buried in the Post cemetery.

Mr. Shepherd resided with his mother, Mrs. W. J. Shepherd, A. I. Shepherd of Grassland, well known here, was a half brother of his father, deceased, and Mrs. C. W. Conway of Tahoka was a cousin of Arris.

Other survivors include four brothers, O. S. and Truman of Post, J. B. of Los Angeles, Calif., and Bruce of Lubbock; and seven sisters, one of whom is Mrs. Smith Lawson, now of Los Angeles.

Pvt. Louis Latham was born here from San Antonio, where he is training in the Army, visiting his mother, Mrs. Alice Latham and family.

Kansas was named for an Indian tribe, "people of the south wind."

The American Legion wants all the Vets of both wars.

If you plow down the stakes that are on the edges of your fields you are costing the County as well as yourself MONEY. 47-lfc

Watering Plants

Even though you've got good intentions sometimes you can injure your trees and shrubs by the way you water them. The idea is to do a good job of watering no oftener than necessary. For if you sprinkle plants frequently and the water doesn't soak down more than two or three inches deep you've done your plants a bad turn. The roots may grow toward the surface and unusually hot dry weather will kill them off too readily. Incidentally, this is one reason why hand watering with a hose is seldom satisfactory. For one thing, most folks are too impatient and will wander on before the job is well done. And for another thing, usually the water is sprayed on too fast. The ideal way is to apply a small amount of water per minute continuously for several hours. Then you won't have to water so often.

Preparing Compost

Compost should be prepared in some out-of-the-way place where water may be obtained for wetting it down. It is well to select a depression where leaching cannot occur. Pile the materials in layers in the proportions of about one part of fresh cattle or horse manure or decayed plant remains to two parts soil. The thickest layer should be only six or seven inches thick, and the pile may be as large and as high as needed to give the desired quantity. It may be in the form of a rick four to six feet high, and in that case there should be a trough or depression on the top to catch and hold rain water or water applied through the hose.

Wisconsin is Sak for "wild rushing channel."

Join The American Legion Now.

REALLY KILLS RATS

ANTURAT is the Dr. Hess formulation of Antu, the sensational new rat killing chemical discovered at Johns Hopkins Hospital and developed under war-time secrecy.

ANTURAT has these advantages:

1. Far more effective than other types of rat poisons.
2. Effective as a tracking poison.
3. Can be used in a variety of baits to meet all conditions.
4. Can be dusted on water.
5. More poisonous to rats than to other animals or poultry.
6. Tasteless — hence rats can not detect it.
7. Colored gray to avoid confusion with foodstuffs.
8. Concentrated — dilute 20 times for use.

ANTURAT comes in three sizes:
 1 1/2 oz. (makes 2 lbs. bait) \$.65
 4 oz. (makes 5 lbs. bait) \$1.50
 8 oz. (makes 10 lbs. bait) \$2.50

Tahoka Drug

Dr. Callaway . . .

(Continued from Page 1)
 eral services were conducted by Rev. John E. Eldridge assisted by Rev. Claude Ledger and Rev. Hayms, pastor of St. Paul's Methodist Church.

Born in Cleburne, Texas, on December 10, 1876, Dr. Callaway was 69 years of age. Shortly after graduating at the Medical School of the University of Texas in 1905, he was married in Fort Worth on July 31, 1906, to Miss Pearl Bryan of Bonham. For a year or two after graduation he held a position as teacher in the Medical College from which he had graduated and then located in Cleburne in 1911 for the practice of his profession. Cliff Thomas says that it was in the spring or early summer of 1913 that he and Mrs. Callaway moved to Tahoka, and the doctor practiced his profession here from that date until his removal to Abilene in November, 1937, a period of 24 years. During that period of time he

Joe Allen Webb, Ministerial student in Wayland College, in Painesville entered an Amarillo hospital on Wednesday to undergo appendectomy.

He is a son of Joe Webb of Tahoka.

John N. Killon of Causy, N. M. had business in Tahoka Tuesday and visited briefly in the News office while here.

Membership dues in the Legion for 1946-47 are due, now.

treated many a patient in this county and accumulated a host of friends. He also accumulated quite a good deal of property, consisting mostly of Lynn county farms. Only the fact that his health was failing and he could retire from the practice only by moving away, together with the fact that Mrs. Callaway suffered greatly from hay fever out on these plains induced them to move away from their friends here and to locate in Abilene. They often came back, however, until two or three years ago, when even short trips became a burden to them. He and Cliff Thomas, druggist, having the same birthday, the

Callaways and the Thomases always observed the day together, with a dinner alternately in the two homes. After the Callaways moved to Abilene they would come back each alternate year to observe the occasion in the Thomas home and the next year the Thomases would go down to Abilene to observe it in the Callaway home. Mr. and Mrs. W. O. Thomas were always invited guests.

Dr. Callaway had long been a member of the Methodist Church. Survivors include the widow, three sisters, and one brother. The sisters are Miss Sallie Callaway of St. Petersburg, Florida; Mrs. Joe

Beasley of McLean, Texas; and Mrs. U. J. Boston of Clarendon. The only surviving brother is J. J. Callaway of Cisco, who visited here many times.

Nephews of deceased and of Mrs. Callaway were the pall bearers: Quilla and Mayfield Bryan, David D. Bryan Jr., James D. and Robert W. Boston, Sam J. Callaway Jr., Guy Beasley and W. H. Callaway. The funeral services were conducted in S. Paul's Methodist Church, with interment in an Abilene cemetery.
