

The Lynn County News

Bulldogs Meet Seagraves Tonight; Lost Last Week

Tahoka Bulldogs, with three or four regulars out of the line-up due to injuries, journey to Seagraves tonight for a conference football game that may be a thriller in spite of the local boys' handicaps. A number of fans are expected to follow the team to the game, which will be at 8:00 p. m.

Starting line-up for tonight's game is as follows:
For Tahoka: Billy Dorman, LE; C. D. Short, LT; Billy Hodge, LG; Kenneth Weaver, C; Bob McMillan, RG; Randle Hinkle, RT; Kenneth Reed, RE; Sergeant Munn, QB; H. R. Tankersley, RH; Stanley Raliff, HB; and Don Akin, FB.

Don Akin has been playing right guard, but due to so many injuries of backfield men he has been pulled out of the line into the backfield. However he may play at either position tonight.

The hapless Bulldogs, winners of conference games over Post and Slaton and a non-conference affair with Crosbyton, lost decisively last Friday night to Denver City 26-0. The game was played on the local gridiron before a large crowd. The 60-piece Denver City band came over and added greatly to the color of the event. Also, the Chamber of Commerce had completed installation of its public address system, and Rev. Levi Price gave an interesting running account of the game for the benefit of those fans who do not know the game too well.

The game was Denver City's from the first whistle, and there could be little argument but that the best team won. With Tallback Joe Don Minor nursing a fractured hand, Bobby Boyd, Finis Botkin, suffering injuries, and James Cleve Bairrington out with a fractured leg, Tahoka could get nowhere.

Denver City scored one touchdown in each of the four quarters. Tahoka received in the first quarter. (Continued on last page, Sec. 1)

New West Texas Lake Planned

A permit was granted Tuesday by the state board of water engineers to the cities of Odessa, Midland, Big Spring, Colorado City, and Snyder to construct a big dam across the Colorado River just above Colorado City in order to secure an ample water supply for these five growing cities and towns for many years to come.

The Upper Colorado River Authority, which was organized several months ago and had laid its plans for the construction of an immense dam across the Colorado in the vicinity of Robert Lee, opposed the new project on the grounds that it might interfere with their own plans, but the board of engineers approved the newest project unanimously. It is presumed therefore that immediate steps will be taken to finance the huge project. The proposed dam is to be 103 feet high and 2,400 feet long, impounding 110,000-acre-feet of water. Its estimated cost is anywhere from ten million to twenty million dollars.

While the purpose primarily is to furnish a sufficient water supply for these five cities, it may be expected, that the lake thus formed will in time become another favorite fishing and recreation center for the people of West Texas and especially for the South Plains and other wide areas lying north and west of the proposed lake.

The purpose of the Robert Lee project is primarily to furnish irrigation for the numerous farms lying in the Colorado River valley below Robert Lee and extending as far perhaps as Buchanan Lake. The building of that dam on the large scale proposed would require the removal of the entire town of Robert Lee to higher ground. The lake created would likewise doubtless become a great recreation and fishing center.

The people of the Plains are much interested in these projects, especially the Colorado City dam, and will eagerly watch developments.

Travis Davis Is Slightly Improved

The condition of Travis Davis, who is a patient in a Lubbock hospital, was slightly improved Thursday morning.

Mr. Davis was taken hurriedly to the hospital by his wife on Friday night, October 4, suffering from what was said to be a ruptured appendix.

Pneumonia developed soon after his arrival at the hospital, however, which prevented immediate surgery, and before he was free from the pneumonia attack, peritonitis developed, further delaying an operation.

Leaders Discuss 1947 Farm Program

The Lynn County A. C. A. committee and the Secretary attended an all day meeting in Lubbock Thursday discussing the 1947 Farm Program with representatives of the State office. The county committee is composed of Carl Sanders, chairman and V. A. Botkin and Dan L. Carpenter members and Clinton M. Walker is secretary.

The 1947 program will be very similar to the 1946 program in that each farm will have a maximum limit of assistance available and no payment will be made under the 1947 program for any practice unless prior approval of the county committee is obtained. The maximum limit of assistance available will be \$2.00 per acre of cropland on the farm plus 20 cents per acre of all pasture land on the farm; provided that the limit for any farm shall not be less than \$50.00.

As soon as handbooks are received from the State office they will be distributed to each farmer and a series of educational meetings in the various communities are being planned.

Visiting Speaker At VFW Meeting

Monday night at 8 o'clock, Miss Ruth McDonald will explain to local ex-G. I.'s, their wives, mothers, and girl friends how to go about forming a V.F.W. Auxiliary here. It has been requested that all ex-service men, their wives, mothers and girl friends attend this meeting. Also ex-service-women are specially invited to this meeting.

Refreshments will be served during the social period which will follow the program scheduled.

This is a regular VFW social meeting night, and will be at the American Legion Hall just two blocks west of Collier Drug store.

Dunagan's Brother Dies In Oklahoma

J. H. Dunagan, 84, brother of A. L. Dunagan of this city, died at his home at Devol, Oklahoma, Monday afternoon.

A. L. Dunagan, accompanied by Mr. and Mrs. J. W. Lowrey, left Tuesday to attend the funeral, which was to have been held on Wednesday.

A hand grenade will explode in four seconds after the ring is pulled.

3,368 Bales of Cotton Ginned In County To Oct. 1; Crop Better Than Expected

Cotton statistics gathered by James C. Womack, special agent for the Bureau of the census, U. S. Department of Commerce, furnished to the News Tuesday, show that a total of 3,398 bales of cotton from this year's crop had been ginned in Lynn County prior to October 1 as against 220 bales ginned up to the first of October last year.

A large percent of these ginnings had come evidently from the southwestern portion of the county, where the drouth during the summer was not quite as severe as in other parts of the county.

A survey made by a representative of the News on Wednesday morning of this week showed that up to that time the Tahoka gins had turned out only 687 bales. The larger portion of this, we are sure, had been ginned since the first of this month.

Of the six gins in Tahoka, only

four are being operated this year, one of the Farmers' Coop. gins, the Tahoka Coop., Condy Carmack's and Curry's.

It is evident that the crop will be considerably larger than that of last year, probably twice as large. While a killing frost at this time would ruin a lot of the feed, many farmers say that it would be helpful to the cotton, since it would cause the plant to shed the leaves and would hasten the maturity and opening of the bolls.

The price of cotton this fall is higher than it has been for twenty-five years. Good middling was bringing around 38 cents per pound Wednesday but there was very little of that grade. Most of it was bringing around 34 cents.

The price of cotton seed is also booming. It is bringing \$65.00 per ton. (Continued on last page, Sec. 1)

Home and Highway Beautification Is Planned By Local County Committee

Citizens of the town and county are being asked to plant pyracantha and petunia on their home grounds as a memorial to the men who died in service in World War II. This beautification move is a prelude to a highway beautification program which is expected to get under way again in the next year or two.

The request for these plantings is being made by the county highway beautification committee, of which Mrs. Terry Thompson is the chairman by appointment from the State Highway department, and Mrs. L. C. Haney and Mrs. Calloway Huffaker are her assistants. Both the Tahoka P. T. A. and the Phebe K. Warner Club have pledged their support to the committee in its plan to get something started in

the way of beautification of our town and county.

The pyracantha, a shrub, has been selected for special planting because of the fact that it can be grown from cuttings with ease. The petunia was selected as a feasible flower for general plantings.

People living along the highways of the county, as well as all other citizens, are urged to make plantings of these two varieties in the civic interest and as a tribute to our boys. Later, the committee expects to join the State Highway department in resuming its program for beautifying the right-of-ways of our roads.

A number of people living in Tahoka have cuttings available from the pyracantha. Anyone desiring such may contact Mrs. Thompson.

Tahoka Girl Is Making Success

Mrs. D. R. Reid and little son, Jimmie, are here from Palo Alto, California, visiting her brother, J. C. Womack of Tahoka, and sister, Mrs. Carl Jones of Grassland. Mrs. Reid is known here as Marie Womack.

Marie is connected with the Leland Stanford University at Palo Alto, with assignment to Dr. D. B. Tresidder, president of the institution. She plans menus, serves teas and other social functions in her work as dietitian and caterer.

Following her graduation from Tahoka High, Marie worked her own way through Texas Tech and graduated with a degree in home economics. Her husband has his own business—dealing in surplus Army materials.

Charles E. Hutchison of Shreveport has been here this week visiting the Pat Hutchison and Dr. K. R. Durham families and his father, J. S. Hutchison. He is a brother of Pat Hutchison and a twin brother of Mrs. Durham. This was his first trip to the South Plains of Texas.

H. D. Council Will Meet Here Saturday

Lynn County Home Demonstration Council will hold its annual meeting October 19, at 2:30 p. m. in the county court room.

All members are urged to be present as officers will be elected for 1947. The yearbook committee will have a work copy of the club yearbook for the study and criticism of the council before being printed.

Hallowe'en Party Planned At School

A Hallowe'en Carnival will be held at the school gymnasium Tuesday night, October 29 at 7:30 o'clock, to which all people of the area are invited. Students of both high school and grade school will join in presenting the carnival under sponsorship of the local Parent-Teacher Association.

In addition to other festivities, a Carnival Queen will be crowned. It was Mark Twain who said "Cauliflower is nothing but cabbage with a college education."

Mayor Joe Bovell Has Heart Attack

Mayor Joe Bovell, who was taken to a Lubbock Hospital on Wednesday of last week suffering from an attack of heart trouble, remains in a serious condition, according to reports given to the News.

Mr. Bovell had been suffering intermittently for some time from heart trouble but heretofore was confined to his bed only a short time following each attack. This attack, however, has proven to be much more stubborn.

It is hoped that he will soon recover from his present illness.

Legion Post To Improve Hall

At a meeting at the legion hall last Tuesday night, October 8, plans were formulated to make much needed repairs on the American Legion home and committees were appointed to supervise the work. The grounds have been plowed and leveled and grass seeded and plans are being made to dash the building white and paint all the woodwork inside the hall.

About forty members attended this business meeting and were very enthusiastic about plans for the Legion for the new year. A membership committee composed of E. J. Hendrix, Randolph Rutherford, Jackie Weathers, and Jarrel Brown was appointed and all veterans are urged to contact one of these members if they wish to join the Legion or pay their dues for the new year that began August 1. Dues are \$3.50 until Nov. 11 and \$4.00 after that date.

The Marion G. Bradley Post has pledged itself to help the veterans to the limit of its assistance and would like to get all of the veterans of this county in its membership. Meeting dates have been changed the second and fourth Monday nights in order to avoid conflicting with other meetings on Tuesday nights. The next meeting on Oct. 28 will be a social night and all members and prospective members are urged to be present.

Assembly of God Revival Continues

This is the fourth week of the revival at the Assembly of God Church, and it will continue indefinitely, according to the pastor, Rev. Leon Quillin.

"The attendance has been large, and several have been converted," says the pastor. "Mrs. Carl P. Benson has been preaching outstanding messages each evening that have brought great results. Special singing in each service. The Public is invited."

Still-Born Baby Buried Wednesday

The still-born infant of Mr. and Mrs. R. C. Webb of the Tahoka community, born in the Tahoka Clinic at about 4 o'clock Tuesday afternoon, was buried in the cemetery here Wednesday afternoon following brief funeral services at the Stanley Funeral Home, at 3:00 p. m.

The infant was given the name of Linda K. Webb.

General Election Will Be Held In Texas Nov. 4th

The News this week printed the ballots to be used in Lynn County in the general election to be held throughout Texas on November 5. Beginning Wednesday absentee ballots might be filed with the county clerk until three days before the election.

On this ballot are printed the names of all the Democratic nominees from United States Senator down to Justice of the Peace. The Republicans have a full ticket for state offices except for commissioner of Agriculture. They named no candidate against the Democratic nominee for that office, J. M. McDonald.

Also omitted from the list is the reputed Republican nominee for Congress, Mohler D. Temple of Lubbock. His name does not appear on the ballot for the reason that if he was never furnished to the News by any party or any person for inclusion on the ballot. But there are any Republicans or others in Lynn county who wish to vote for him they can write his name in the space left for that purpose just below the name of the office in the Republican column.

If the Republicans made any nominations for Associate Justice of the Court of Civil Appeals, 7th district, or for the legislature from the 119th district, the names likewise were not certified and furnished to the News to be printed on the ballot.

On the ballot appears three proposed constitutional amendments to be approved or rejected by the voters in the general election of November 5.

One of these would authorize the legislature to pay for a building constructed for John Tarleton Agricultural College. The News is not informed as to how it happened that this building was constructed without constitutional authority—possibly it was due to the exigencies of war, or to a misconstruction of the constitution. Perhaps the necessity for the constitutional amendment will be explained thoroughly before the election. At any rate this is a debt that the State is honor-bound to pay and the people will doubtless vote for the amendment.

Another proposed amendment would authorize the legislature to provide a Retirement, Disability and Death compensation system for officers and employees of the State of Texas and would also authorize (Continued on last page, Sec. 1)

Jim Thomas On Trial For Murder

Jim Thomas, ex-convict, for the third time went to trial Monday in the district Court in Sweetwater on a charge of murder in connection with the death of Dr. Roy Hunt, a well known Littlefield physician, which occurred at his home in Littlefield October 26, 1943.

Thomas was first tried at Plainview in August, 1944, on a charge of venue from Lamb county for the alleged murder of Dr. Hunt. He was found guilty and the jury assessed the death penalty. On motion filed by defendant's attorneys, the court set aside the verdict for errors committed on the trial and a new trial was granted. The case was then transferred to Lubbock, where a second trial occurred in January, 1946. District Attorney Calloway Huffaker, assisted by other attorneys, prosecuted the case and again a verdict of guilty was rendered and the death penalty assessed. Defendant's attorneys appealed the case and it was reversed by the Court of criminal appeals and remanded for a new trial. Then the case was transferred to Sweetwater, where it is on trial now.

A case is also pending against Thomas charging the murder of Mrs. Hunt. The bodies of Dr. and Mrs. Hunt were found trussed in bed in their Littlefield home on the morning of October 26, 1943.

The evidence on which Thomas was indicted and twice convicted is largely of a circumstantial nature.

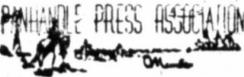

The 1946 Tahoka football squad are starting from the bottom row, left to right: H. R. Tankersley, James Cleve Bairrington, Kenneth Reed, Randal Hinkle, Donald Akin, Kenneth Weaver, Bobby McMillan, C. A. Short, Billy Dorman, Sergeant Munn, Joe Don Minor. Second row: Bill McNeely, Duane Howell, Tommy Chandler, Duane Carter, N. M. Barham, Ovis James, Phil Bairrington, Billy Hodge, Harold Crowell, Don Cowan, Bobby Boyd, Stanley Raliff. Top row: Pete Shaffner, ass't. mgr.; Joe Harvick, mgr.; Wayne Hinkle, Almond Crowell, Wayne Sherrod, Finis Botkin, Marvin Healey, Billy Bert Stephens, Garner Barham, Bobby Tippit, Jesse Dorman, B. L. Parker, Horace Strickland, and Coach Jim Foust.

Eleven of the top criminals of World War II were recently sentenced to death by an international court constituted for the purpose of trying them for crimes against humanity in violation of international law. They were executed by hanging on Wednesday of this week. The taking of any man's life, however brutal his crime may have been and however justifiable the penalty may be, is a most serious and solemn affair. We could never bring ourself around to that degree of callousness that would allow us to gloat over the death of any individual. But if the death penalty ever was justifiable it certainly was in the case of those cruel, heartless, inhuman, baby-murdering cut-throats that brought on the world war and were restrained neither by their consciences nor by the pitiful cries of the wounded and the dying from the commission of the darkest, foulest crimes that ever bathed the hands of heartless men in human blood. So, we think that Senator Taft is wasting a lot of breath in sympathizing with the convicted criminals and denouncing as a crime their trial and conviction. The consciences of men demanded that they be punished.

Various newspapers on Thursday morning of last week declared that the people of their respective localities were treated to a brilliant

meteoric display on Wednesday night when the tail of a comet with an unpronounceable name swept across our skies at a distance of only 131,000 miles away. Well, if there was any brilliant display visible in Tahoka we certainly missed the main part of the show, though we sought diligently to visualize it. It is true that thin clouds veiled a large part of the heavens but even in those spaces where the skies were comparatively clear we never saw a single "brilliant" meteor. We saw a good many small and rather dim ones but none of them were very bright. We were really disappointed, as the astronomers had us pepped up to the point where we really expected to be treated to a very theatrical display. There was nothing here that made the hens cackle or that set Sambo on the run thinking the world was coming to an end. But it is remarkable how the scientists can figure out weeks and even years in advance, almost to a snail's heel, just where any given heavenly body is going to be at any minute of any day or night in the future.

Thirteen million German voters living in the British occupation zone enjoyed the "sweets" of democracy Sunday when they were allowed to go to the polls and vote just as they pleased for German candidates for the 7,000 county offices to be filled in the zone. It is said that there were 28,000 candidates for these 7,700 jobs; and there was no Hitler, no Goering, no Himmler and no Gestapo to tell them how to vote. If Germans will embrace democracy in spirit and in truth and put the kinks to any future Hitler who attempts to lead them to a war of conquest, rapine, robbery, and murder, they may in time become one of the great democratic and highly-respected peoples of the world. But the world is not going to stand for any more of that rough stuff.

President Truman took the bull by the horns, so to speak, and lifted price control from its back. Now, the price of meat may skyrocket for a time, but if the Government will keep its hands off except to enforce the anti-trust laws, we believe that the price will gradually settle back down to a reasonable figure. Let the law of supply and demand and not the decree of a board control prices and in the long-run we will get along a lot better. Yes, we hope that the President carries out his threat to remove price control from a lot of other articles of commerce. Let's return to the system of free enterprise.

Farmers cringed for their feed crops last Friday night when the temperature dropped down to 36 degrees. A little frost was reported here and there but it is not believed that any material damage was done. The papers stated, however, that in Fort Worth, where the temperature dropped to 39, a white frost was visible on many house-tops. So, the farmers of Lynn county may well feel that they were indeed resting under a mighty lucky star that night.

Russia doesn't want any war with the United States nor any other great nation. Not even the Russian dictators want to bring on such a conflict. But they would like to dominate as many of the nations of Europe and Asia as possible, and to that end they are determined to do a lot of maneuvering and plotting and bluffing. We think that it behooves this nation therefore to take and maintain a firm stand in dealing with the Russian dictators and that Uncle Sam made the proper gesture in sending some of his battleships into the Mediterranean.

Y. W. A. MET WITH MRS. P. A. NOWLIN

The Young Women's Association met at the home of their counselor, Mrs. P. A. Nowlin.

There was a short business meeting and officers were elected. Bobbie Lynch, president; Mamie McClellan, vice-president; Dorothy Rusk, Secretary and Margie Tomlinson, Reporter.

All girls between the ages of 16 and 25 are urged to join.

We are planning a year book with many interesting programs.—Margie Tomlinson, Reporter.

Recent visitors in the home of Mrs. E. S. Davis here were her daughter Mrs. Owen D. Field and the latter's daughter Eva Wood, and Mrs. Davis' daughter, Mrs. Mildred Bumpass and the latter's daughter Ronnie, all of Los Angeles. Also here were her son Daniel Davis and his wife of Brownfield.

NOTICE TO OWNERS OF CEMETERY LOTS

Notice is hereby given to all persons interested in the cemetery that dues of \$3.00 per year may now be paid at the City Hall or mailed to the new secretary, Rosemary Nelms. New officers of the cemetery ass'n. were elected in July. A quarterly meeting was held Oct. 12th, and some plans discussed for future improvements.

A complete list of those delinquent on dues are not available, but all persons who have lots in the cemetery are urged to pay current and back dues so the cemetery can be kept in good condition and improvements made.

J. W. Elliott, President
Rosemary Nelms, Sec.
2-3tc.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

WILSON CHURCH HAS BAPTISMAL SERVICE HERE

Rev. E. K. Shepherd, pastor of the Wilson Baptist Church, baptized four recent converts in the baptistry of the First Baptist Church here Sunday afternoon.

Quite a group of the members of that church were present as were also a few from the local church.

Three sets of American Presidents have had the same last names. They are John Adams and John Quincy Adams; William Henry Harrison and Benjamin Harrison; Theodore Roosevelt and Franklin D. Roosevelt.

MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Lynn County.

New & Complete Protection

We are now offering Hospitalization coverage for the entire family. Also, Health and Accident for employed persons. All policies pay from the first day. This service is in addition to our regular Life, Educational and Annuity plans. Call or write us for information.

See Your U. S. Tire Dealer Today

TAKE A DEMONSTRATION RIDE ON TOMORROW'S GREAT NEW PREMIUM TIRE

U.S. ROYAL Air Ride

If you drive a car, you should discover what it means to ride on the new U. S. Royal Air Ride Tire.

And you can do just that—today! Although the Air Ride has not yet been released for sale, your U. S. Tire Dealer is waiting now to take you for a demonstration ride in an Air Ride-equipped car... waiting to let you experience an entirely new and thrilling kind of tire performance!

You're riding on more air—a substantially bigger, noticeably softer air cushion. But that's only the beginning. The Air Ride is a magnificently balanced tire—swift, nimble, "light on its feet"—responsive to your slightest touch on the steering wheel.

Try a sudden stop. The Air Ride stops fast! For it has the exclusive U. S. Royal Brake Action Tread—with literally thousands of sure-gripping, swift-acting tread surfaces to wipe away road film and bring you to a safe, straight-line stop.

There never has been a tire like this before. Building the Air Ride requires new molds, new machinery, new methods—but we hope it won't be too long before the Air Ride is offered for regular sale.

See your U. S. Tire Dealer today—actually ride on this dramatically different premium tire—prove for yourself that the Air Ride is the tire you'll want to ride on for keeps!

D. W. GAIGNAT

UNITED STATES RUBBER COMPANY

T-Hangar Flying . . .

Mr. and Mrs. Bill McNeely attended a meeting of Piper Cub dealers of this area in Lubbock last Tuesday at the Hilton hotel. Over forty dealers were present.

Due to the fact that Tahoka has made such a big reputation for having so many pilots for a town of its population, including the oldest flying farmer in the world and possibly the heaviest pilot in the U. S., three big-shots in the aircraft

manufacturing and sales department paid Tahoka a visit the other day. The men were "Buck" Taylor, sales promotion manager for Piper Aircraft Corp., G. R. "Jack" Hale, district sales manager for Piper Corp., both of Lock Haven, Penn., and R. M. "Bob" Tinney of Continental Motor Corp., Muskegon, Michigan. They were greatly impressed by the local field and also by the exhibition of diplomas that are on exhibit in Blairington's cafe. There are 56 diplomas on his wall and the list is growing all the time.

Mr. and Mrs. Mabrey of Odessa, who were on their way to Duncan, Oklahoma, landed at Tahoka the other day to find that they were about 70 miles off their course since leaving Odessa. They didn't have a map to navigate by and there was a strong south wind that day. Mrs. McNeely sold them a map and they resumed their journey. . . . hope they made it.

Mr. and Mrs. Arthur Youngue and little grandson flew in from Lubbock for a short visit Sunday. Mr. Youngue was a charter member of the first flying club in Tahoka a few years ago.

Faires Cross of Lubbock stopped over at the Tahoka Airport to get his log book signed recently. Mr. Cross is a student pilot on his cross-country hop.

F. E. McNabb, Lynn county Flying Farmer of near Meadow, flew down on business the other day. Mr. McNabb files a Stearman.

Nine more ex-G.I.'s began their training at the McNeely Flying Service this past week which brings the total number of students up to

forty-four. The new students are: E. B. Foster, Dan Curry, W. A. Curry, Jim Bob Curry, Wiley Curry, all brothers; Frank Woods, C. C. Faires, J. R. Smith, Herbert Unlang, Bill Grider and Homer Hudman. Mr. Hudman is another student from Post.

Fred Roper and Billy Hill took a pleasure trip Sunday to Oton and Plainview. It sure was wet up there around that neck of the woods. The airport at Plainview looked as though it has been a lake.

Jim Woods, local student pilot almost ground-looped the other day. He was shooting landings and he got in a cross wind. When the plane started the loop, he managed to regain control, but not until he was off the run-way. . . . and he wound up chopping up mesquite grub that had been piled up to be burned.

The other day Herbert Smith got lost while making his cross-country hop. He was going to Big Spring, but wound up in Colorado City. However he finally made it over to Big Spring and then back home without any more trouble.

A new Cub Trainer has been added to the McNeely Flying Service for the training program that is now under way out at the local field. That brings the total to five planes now in use for this program.

Scientist Hints Great Power in Cosmic Rays

ST. LOUIS, MO.—A much greater amount of energy than is produced by splitting the uranium atom may develop from use of cosmic rays, Chancellor Arthur H. Compton of Washington university said.

"Processes have appeared in our study of cosmic rays which transform all of the mass of a particle into energy," he told the St. Louis Academy of Science.

Dr. Compton, one of the top panel of scientists who developed the atomic bomb, pointed out that only 1 per cent of the mass of the uranium atom was released as energy in development of the bomb.

"Study of cosmic rays may carry us across the frontier to the micro-world, where we can study the particles of which atoms themselves are made," Dr. Compton said.

He defined cosmic rays as "rays similar to x-rays, which come from outside our universe."

Hot Sting in Man's Leg Proves to Be Bullet

MUSKEGON, MICH.—When Leonard Scott, Muskegon Heights truck driver, felt a hot sting in his leg, he thought it resulted from a backfire in the motor. Stopping to investigate, he was surprised to learn he had been shot.

Gas station attendants heard an explosion and falling glass from a nearby window.

Police found a deer rifle concealed in a bed in the home of Frederick Farrell, and arrested him on a charge of using firearms in the city.

A physician extracted a bullet from Scott's leg and reported the injury as minor.

Owner of Bus Line Buys Up Whole Town

HANNON, ALA.—This town—population about 200—was sold to a bus owner whose knowledge of the place was what he had read in newspapers.

H. L. Bass of Elberton, Ga., for \$6,500 got 41 acres of land, a grocery store with a postoffice, a two-story house and several smaller buildings.

NURSE LOSES FAT SAFELY AYDS WAY

Get slimmer without exercise. Eat starches, potatoes, gravy, just cut down. AYDS Vitamin Candy Reducing Plan is safe, sensible, easier. No exercise. No drugs. No laxatives.

Nurse was one of more than 100 persons losing 10 to 15 lbs. average in a few weeks in clinical case with Ayds Plan conducted by medical doctors.

Delicious AYDS before each meal dulls the appetite. Yet you get vitamins, minerals, essential nutrients, in Ayds. Start the AYDS Vitamin Candy way to lose weight now. 30 day supply of Ayds, \$2.25. MONEY BACK on the very first box if you don't get results. Phone WYNNE COLLIER, Druggist

ANTURAT

REALLY KILLS RATS

ANTURAT is the Dr. Hess formulation of Antu, the sensational new rat killing chemical discovered at Johns Hopkins Hospital and developed under war-time secrecy.

ANTURAT has these advantages:

1. Far more effective than other types of rat poisons.
2. Effective as a tracking poison.
3. Can be used in a variety of baits to meet all conditions.
4. Can be dusted on water.
5. More poisonous to rats than to other animals or poultry.
6. Tasteless — hence rats can not detect it.
7. Colored gray to avoid confusion with foodstuffs.
8. Concentrated — dilute 20 times for use.

ANTURAT comes in three sizes:

1 1/2 oz. (makes 2 lbs. bait) . . . \$.65
 4 oz. (makes 8 lbs. bait) . . . \$1.50
 8 oz. (makes 16 lbs. bait) . . . \$2.50

Special Musical Guests

FULL NBC NETWORK - 1:30-2:00 P. M. CST

INTERNATIONAL HARVESTER

News is requested to announce that there will be a singing at that church next Sunday afternoon beginning at 2:00 p. m. This is expected to be the biggest singing ever held in the Grassland church.

Four quartets are scheduled to be present, the Campbell Quartet and the Gillespie Quartet both of Levelland, the Spears Quartet of Slaton, and the Richey Quartet of Grassland.

You are invited to be present.

FRIENDS FROM DENVER VISIT THE TANKERSLEY'S

Mr. and Mrs. Hubert Tankersley had as their guests over the past week-end their friends, Mr. and Mrs. Joseph B. Dowd and two children of Denver, Colorado, formerly of Detroit, Mich.

Mr. Dowd and Hubert were army "buddies" back in 1927-8-9. He is now representative in three or four western and mid-western states of the Desoto Corporation. Mr. and Mrs. Tankersley had visited them in Detroit in 1940. This was their first visit to the South Plains of Texas.

Mr. and Mrs. J. L. Cunningham met their daughter, Mrs. Ruby Collins, in Amarillo Sunday on her way home from Chicago, where she had been taking special courses in nursing the past three or four months, and she accompanied them back to Tahoka. She expects to visit here several days yet before resuming her professional work.

ASSOCIATIONAL BROTHERHOOD MEET TO BE HELD AT CENTRAL

Members of the local Brotherhood organizations that have been formed in seven of the churches of the Brownfield Baptist association are expected to meet in their last quarterly meeting of this calendar year in Central Church eleven miles east of Tahoka at 7:30 o'clock on Tuesday night, October 29.

The Brotherhood of the Brownfield Baptist Church will furnish the program for that occasion. Dr. A. A. Brian, pastor of the Brownfield Church, will bring the principal address of the evening. He is a dynamic speaker and can be depended upon to bring something good. An excellent musical program may also be expected, for there is much musical talent among the men of the Brownfield organization.

An excellent meal will be served by the women of Central Church but in order to take care of the expenses and in accordance with a plan heretofore adopted each Brotherhood member attending will be expected to pay fifty cents. The Brotherhoods will also be responsible for the same amount for any visitor or visitors from their respective communities who may attend the meeting. It is hoped that there will be a large attendance.

It is expected that officers and committee chairmen for the current associational year just beginning will also be elected. This association has been using three committees. The first vice-president is chairman of the Membership or Enrollment committee; the second vice-president of the Activities committee, and the third vice-president of Program committee. The organization may create as many committees as it may deem necessary. J. W. Lowrey of Petty is the treasurer, but so far his duties have been very limited. Some feel that there should be a Finance committee, with the treasurer as chairman. These matters will be given attention at the Central Church meeting.

Churches in the association in which Brotherhoods have been organized are Tahoka, Redwine, Petty, Brownfield, O'Donnell, Wilson, and New Home.

It is expected that many of the men of the Central Baptist Church will be present and visitors from every Church in the Association that does not have a Brotherhood are invited. It is promised that either the "feed" or the program will be well worth the money.

brush it while drying so that the threads will be in the right direction.

The home management special-

ists say that these dry suds make an excellent shampoo for cleaning not only upholstered furniture, but also floor coverings, painted walls,

Forces of Attraction Make the Tide "Come In"...
and OIL-PLATE Your Engine!

EVERYONE knows that tides are caused by the strange force of attraction exerted on the sea by the moon.

Utilizing molecular attraction (basic force that holds things together) Conoco scientists bring America's motorists new and better oils. In fact, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine by an attraction so strong that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

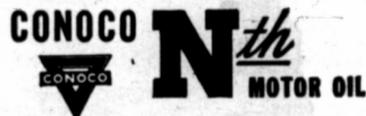

added protection when your engine starts up

added protection from corrosive action

added protection from wear that leads to fouling sludge and carbon

added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

CLEANING WITH DRY SOAP SUDS

(County H. D. Agent)
To clean upholstered furniture without removing the covering, use dry suds that you can make at home. Home management specialists of the Texas A. & M. College Extension Service offer this formula for making dry suds:

Dissolve a half cup of neutral soap in a quart of hot, soft water. You can use soap flakes, beads, chips of bar soap shaved into small pieces. To test the soap to see if it is neutral put a bit of it on the tongue... if it doesn't bite or sting, you may consider it neutral. Put the solution in a wide-mouthed jar and let it cool to a jelly. When you're ready to clean the upholstery, take about a half cup of the soap jelly and beat it with a rotary egg beater until it looks like cake icing. As the suds die down, rebeat them, keeping them in a froth.

In cleaning the furniture, first remove the dust with a vacuum cleaner or broom. Then apply dry suds to a small area with a brush, sponge, or cloth, and clean with a light, circular motion. Work quickly, and use as little water as possible.

After cleaning, remove the soiled suds with a spatula or plate cracker. Rinse the upholstery with a sponge or cloth that has been wrung from clear, lukewarm water, and rinse a second time to make sure that no soap remains in the material. After wiping the upholstery with a dry, absorbent cloth, place the furniture in the air to dry, but keep it out of the sun. If the fabric has a nap,

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

War Criminals Put To Death

Herrman Goering, condemned world war criminal, second to Hitler alone in power and responsibility, escaped the gallows Tuesday night by committing suicide shortly before the hour set for his execution. He took poison, which he had procured and kept concealed until he found opportunity to use it.

Officials and prison guards have not been able to figure out how he procured it or how he succeeded in keeping it concealed.

The other ten War criminals were executed by hanging in accordance with the sentence pronounced by the International Tribunal which tried them.

A couple of generations ago, horse thieves were being hanged by outraged citizens all over Texas, who found it next to impossible to bring them to justice through the courts.

The complete line of Fuller Brushes, Mops and Brooms is no further from you than your telephone. Call Mrs. N. E. Wood
PHONE 158-W
First Suoco House East of Grade School

Hitler and Goering and Himmler and Ribbentrop and scores of other German war criminals were a thousand times more vicious and dangerous than any horse-thief that ever swung from a limb. It is to be hoped that other unscrupulous and ambitious rulers hereafter will take warning from the fate which these cut-throats met.

MRS. ELLA DAVIS TAKEN TO MISSOURI FOR TREATMENT

Mrs. Ella Davis, who has been suffering from a malignant malady for years and who has made trips to Savannah, Missouri, for treatments heretofore, left on another trip for that place last Saturday. She was accompanied by her son Tom and her daughter, Mrs. Beulah Atkins. A letter written by Mrs. Atkins from Savannah and received by relatives here Tuesday brought the news that they had all reached their destination. Many friends here hope that Mrs. Davis will be greatly helped by the treatments. She was convinced that she had been helped heretofore.

Mrs. G. C. Shaffer and Mrs. Jewell Connolly left last Saturday for a visit with the former's son, G. C. Shaffer, Jr. and his family, at Madisonville. They also expected to visit the Huntsville rodeo while in that vicinity. They intended to be gone about ten days.

It was Will Rogers who said "Everything is funny as long as it is happening to somebody else."

Is Baldness Sign of Old Age? Eagles Don't Admit It

TOWER, MINN.—Baldness in human beings may be a sign of feebleness and old age, but in eagles it doesn't mean a thing! Authority for this startling revelation are the inspectors of a northern Minnesota power company.

The trouble began when the inspectors complained of being attacked by vicious dogs, stinging bees and stubborn goats while trudging through the wilderness.

Accordingly the power company decided to send them by plane. Now the inspectors complain that bald eagles have attacked them on several occasions and forced them off their course.

Police Chivalry Turns Squad Room Into Laundry

ALBANY, CALIF.—Two girls and some lingerie threw police here into confusion.

The two young women, Ruby Reaves, 20, and Patricia Bitney, 21, were discovered by Sgt. Arthur K. Smith standing on the sidewalk outside a naval housing project from which they had been evicted with their washing only half done.

Smith invited the girls—wash and all—to take temporary refuge at the police station.

Patrolmen reporting in were greeted by the sight of freshly laundered lingerie hanging on a line in the squad room.

British Plan 2 Flights Daily Over Atlantic

LONDON.—The British Overseas Airways corp. announced plans recently for a double North Atlantic service to the United States and Canada, providing daily flights from London to New York and from London to Montreal in "the future."

Lord Knolly, BOAC chairman, said that later two flights would be provided on each route.

He said the fare was expected to be less than \$400.

Shaded Daffodils
Daffodils have become favorite material for those so fortunate as to possess a bit of woodland. They flourish in shaded locations, coming into bloom under early spring sun before the trees have leaved out, and later the shade protects them so that they ripen their foliage and mature their bulbs without being prematurely ripened by hot summer sun. Another most effective practice is to tuck bulbs in vacant spots all over the garden between other perennials and under the edges of shrubbery so that in their season the daffodils give character to the entire garden, and then their leaves, which are unsightly and floppy during their maturing period, are concealed by the foliage of the perennials which mount above them and provide shade for the daffodils. For this purpose the older and cheaper daffodils and narcissi are ideal and furnish as fine an effect as can be obtained by the larger flowered and much more expensive modern hybrids.

NEW HOME P. T. A. ANNOUNCES SOCIAL MEETING

By Mrs. A. L. Pace
The New Home Parent-Teacher Association will meet Friday night October 17th in a social meeting. First on the program will be a song led by Boswell Edwards, and a devotional by Rev. E. C. McDonald. Mrs. Velma Miller from Lubbock will have charge of the installation of the officers. A speaker for the evening will be secured from Lubbock.

After the program there will be a social hour and each room will be open to be visited by the parents. Refreshments will be served. The PTA already has a membership of forty-two. Every parent that wishes to join must become a member before October 31.

RUTH CLASS HAS SOCIAL AND BUSINESS MEETING

The Ruth class of the Baptist Sunday School met Monday, October 14, in the home of their sponsor, Mrs. D. V. Smith. Mrs. Smith presided, since our president was absent.

Billie Lou Drager read a scripture from the Bible and Mrs. Smith led a prayer. The class sang their song, "Love Lifted Me."

Plans were made for the class Year Book. The class also planned to meet on the first Monday in each month.

Officers were elected as follows: President, Dorothy Rusk; first vice-president, Eddie Lois Hamilton; second vice-president, Louise Perry; secretary, Imogene Hargett; reporter, Jo Hill; recording secretary, Billie Lou Drager. Refreshments were served at the close of the meeting.—Reporter.

in obedience to all that Christ has commanded him to do. Read Deut. 18:18-19 and Heb. 5:8-9, memorize these passages and read this column next week and let the Lord tell us more about "Faith in Christ".

Attend the services of the church of Christ in your community. You are always welcome. Address all questions or criticism to "Price Bankhead, Post, Texas."

Attend the Church of Christ nearest you!

Wanted! Men And Women Who Are Hard Of Hearing

To make this simple, no risk hearing test with ourine drops used with simple syringe. If you are deafened, bothered by ringing, buzzing head noises due to hardened or coagulated wax (cerumen), try the Ourine Home Method test that so many say has enabled them to hear well again. You must hear better after making this simple test or you get your money back at once. Ask about Ourine Ear Drops today at Wynne Collier Drug Store.

NEED A DRESS FORM!

Home demonstration clubs will learn at November club meetings, to make a dress form which will solve their problem of getting dresses to fit. Anyone interested in seeing and participating in the demonstration is invited to attend the club meeting in her respective community.

What is a dress form? Well, it's a copy of you in life size—made with a couple of knitted shirts and gummed kraft paper. The form when finished is an exact duplicate of your figure, and it greatly simplifies sewing for yourself, particularly if your measurements vary a good deal from standard sizes and patterns.

CARD OF THANKS

We want to thank our friends for the cards, flowers, and acts of kindness since Travis has been a patient in the hospital. We greatly appreciate your thoughtfulness. —Travis, Davis and family.

Mr. and Mrs. J. R. Grayson left Monday night for Crane, where they expect to reside. They ordered the News sent to their new address.

A DOCTOR'S PRESCRIPTION for SORE THROAT—TONSILLITIS! For prompt relief from pain and discomfort by DURHAM'S ANAETHESIA-MOP. It is a Doctor's Prescription combining a local anesthetic and a powerful germicidal dye in a pleasant-tasting solution. Powerful and effective, does not burn tender throat membranes and is safe for children. You must agree it is the best throat mop ever used or purchase price will be refunded. Genus bottle, with mop-sticks, only 50c at **TAHOKA DRUG**

Football . . .

(Continued from Page 1)
could get nowhere, and soon thereafter the Denver City Mustangs rolled up three successive first downs, and Streety, quarterback, dashed around left end for four yards, all that was necessary for the first touchdown.

In the second quarter, Harrison, halfback, brought the kick back from the D. C. 40 to Tahoka's 12, but the Bulldogs held the Mustangs for downs and T kicked out. A few plays later, Miller passed to Harrison for a touchdown, the play netting 30 yards.

Tahoka received at the opening of the third quarter and brought the ball up to the 29, but three plays lost the Bulldogs 19 yards and on the next play a bad pass from center over the goal line gave the Mustangs two points. After the kick and an exchange of fumbles, and a couple of first downs for the Mustangs, Harrison went over from the four. In the fourth quarter, Streety again scored from the nine. Denver City failed on all four extra point tries from placement.

Ratliff, Munn, and Akin looked good at times, but everything went wrong for the Bulldogs. First downs were 13 to 2 in favor of the visitors, the visitors punted twice for a 34-yard average and Tahoka five times for a 30-yard average. Denver City completed three passes, for 34, 30, and 5 yard, had one intercepted, and two were incomplete. Tahoka completed two for 8 and 13 yards, had one intercepted, and two were incomplete.

In spite of this loss, Tahoka fans are backing Coach Jim Foust and his boys throughout the season. The light and inexperienced squad has already gone further than anyone expected at the opening of the season, and they may be expected to win more games as the season progresses.

Starting line-up for Seagraves: Jackson, LE, 142; Shans, LT, 161; Powell, LG, 163; Raynes, C, 145; Hibbetts, RG, 162; Tanner, RT, 163; Bonham, RE, 145; Neely, RH, 146; McDaniel, FB, 161; Cain, QB, 150; Lamb, LH, 160.

Terry Noble and Bill Tilson have gone to Colorado and probably other northwestern states in search of big game. They hoped to bring back home with them an elk.

Mr. and Mrs. Jiggs Noble and daughter of El Paso left for their home Sunday after a few days visit here with his father Terry Noble and other relatives.

Election . . .

(Continued from Page 1)
counties to provide such system for the appointive officers and employees of the counties of this state. Explanatory publicity matter respecting this proposed amendment will doubtless also be furnished the newspapers for publication.

A third amendment would write into our constitution the law already on our statute books which levies a tax on gasoline and lubricating oil. The amendment, it is explained, would not change the present law in any particular except that by placing it in the constitution it would become more permanent, and the highway commission could better afford to project a policy of highway improvement which would cover a long period of years without the possibility of its being interrupted by a sudden change in the law. Any program launched for the construction by the state of farm-to-market roads, for example, would be more secure and stable.

There is another proposed amendment which was intended to be submitted to the voters at this election, but by an error it was submitted for a vote on November 7. It would create a Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas veterans of World War II. More about this later.

Cotton . . .

(Cont'd from page 1)
Few Mexican cotton pickers have arrived as yet; at least only a few have stopped in Lynn county. Quite a good many have passed through on their way to Lubbock county where there is much irrigated cotton.

The cotton acreage in this county is much smaller than it would have been if rains had come in April, May, or June. The continued drought cut down the acreage very materially, but the yield per acre is going to be much larger than seemed possible six weeks ago.

The long-continued drought also delayed the planting of the feed crops until late in the summer, and they are now making a race with the weather man to reach maturity before a killing freeze comes. If the weather remains favorable for two or three weeks longer, there will be a fairly good yield of maize and other sorghum grains, and the acreage is unusually large. The price promises to be highly satisfactory.

Mrs. B. H. Howard and her son, Uris Howard, of Lubbock, spent the week end here visiting her daughters, Mrs. Frank Hill and Mrs. Harley Henderson.

Mrs. Raymond Hatch of Lamesa was here Tuesday morning visiting her parents, Mr. and Mrs. D. B. English.

Local Couple Will Appear On National Radio Broadcast

Two well-known Tahoka young people, John W. (Jakie) Weathers and Miss Icaphene Stephens, have been selected for a wedding ceremony under direction of the coast to coast "Bride and Groom" MBC radio program in Hollywood, Calif., at 1:30 p. m. (CST) on Monday, November 18.

The couple will receive a free trip to Hollywood, all wedding expenses will be paid, and many valuable gifts will be presented them by the program sponsors.

The couple will be interviewed on the popular 30-minute program, but the wedding ceremony will be in a private chapel. The couple was selected after a friend of Icaphene's living in California had recommended them.

Miss Icaphene, daughter of Mr. and Mrs. L. R. Stephens, is a graduate of Tahoka High and of West Texas State College majoring in home economics, taught one year at Meadow, served nearly two years as a laboratory technician for the Phillips plant at Borger, and for the past year has been assistant home demonstration agent of Lubbock county.

Jakie, son of Sam Weathers, graduated from the local school the same year as Icaphene, 1940, and at present is Lynn county service officer. He entered the Army Air Forces in 1942, served with the 322nd Troop Carrier Wing in New Guinea, the Philippines, Okinawa, and Japan, and received his discharge in January of this year.

Pilgrim's Progress was written by John Bunyan while he was in Bedford jail, in England, where he had been imprisoned because of his religious beliefs.

Mrs. Jim Burleson's Brother Is Buried

Funeral services for Bryan Gallo-way of Welch, Dawson county, brother of Mrs. Jim Burleson of this city, who died in the Legion Hospital near Kerrville on Tuesday of last week, were held in Lamesa on Thursday afternoon, with Rev. Clarence Morton, pastor of the First Baptist Church of Lamesa, officiating.

Tahoka relatives and friends who attended the services were Mr. and Mrs. Jim Burleson, Mr. and Mrs. E. W. Shawn, Mr. and Mrs. Kermit Brown, Mrs. L. C. Haney, Mrs. W. T. Clinton, Mrs. Irving Stewart, Mrs. Bill Burleson, Mrs. E. Prohl, Mrs. O'Berger Biggerstaff, Mrs. H. B. McCord, Mrs. Carl Griffing, and possibly others.

Congratulations . .

Mr. and Mrs. J. L. Owens upon the birth of a son at Seal Clinic October 16. The little fellow weighed seven pounds and six ounces and has been named Ronald Joe.

Mr. and Mrs. Charles Oliver upon birth of a daughter weighing five pounds and one ounce in a Lubbock hospital October 10. She has been named Charletta Sue. Mrs. Oliver is home, but the daughter is still in the hospital.

Mr. and Mrs. J. M. Johnson Jr. upon the birth of a son in a Lubbock hospital on Tuesday night of last week, October 8.

Mr. and Mrs. C. L. Howard of Austin upon the birth of a daughter in a Lubbock hospital on Thursday night, October 10. The mother is the former Miss Julia Snowden, who was reared here. The father is a student in the University of Texas.

EMPLOY THE PHYSICALLY HANDICAPPED VETERAN. IT'S GOOD BUSINESS.

Former Local Girl On Staff of Life

Miss Lois Goodrich, a former Tahoka girl who has made a success in New York City, visited friends in Tahoka a few hours Tuesday night while en route to Stamford to visit her father. She was accompanied by Miss Betty Foust, who works with her and whose home is in Pennsylvania.

Miss Goodrich is director of Life Magazine's Girls' Camp. She has an office at 250 West 52nd Street, New York City, but spends two or three months each year at the camp in New Jersey.

Miss Goodrich graduated from Tahoka High School in 1927, following which she enrolled in West Texas State College, where she worked for all of her school expenses and received her degree. After a few years of teaching, she went to New York in 1938 for further study, but most of the time since has been in the employ of Life Magazine.

The Life Girls' Camp is an experimental camp for underprivileged city girls, most of whom have never been outside the city. They are taught the fundamentals of camping, woodcraft, cooking, house-keeping, outdoor activities, and thereby given an incentive to make their lives worth-while to society. Naturally, Miss Goodrich's vocation is a very interesting one, and her work has attracted a great deal of attention from welfare workers and others in New York City and all over the nation.

TWO PATIENTS UNDERGO TONSILECTOMY

Little Bennie Ingle, son of Mr. and Mrs. W. D. Ingle, underwent tonsilectomy Tuesday in the Tahoka Clinic.

On the same day, Mrs. E. L. Carter of this city also underwent tonsilectomy in the same institution.

Both patients were reported as making speedy recovery.

Sixty five per cent of the world's population live on farms.

To Mr. and Mrs. Roy D. Thompson upon the birth of a son in the Tahoka Clinic on last Friday, who has been named David Louis. Mr. Thompson is an engineer employed in the Soil Conservation office.

PIONEER CATTLEMAN DIES WEDNESDAY

J. W. Arnett, 92, pioneer West Texas cattleman, died at his home in Lubbock at 3:00 o'clock Wednesday, and funeral services will be held at the Rix Chapel at 10:30 o'clock Friday morning, Dr. H. I. Robinson officiating.

He was manager of the 6666 ranch in King county for 49 years. Retiring from the ranching business in 1931, he moved to Amarillo, where he resided till 1943, when he removed to Lubbock.

His wife and three daughters survive, one of whom is Mrs. John Halsey of Lubbock.

MISS ICAPHENE STEPHENS HONORED AT PARTY

An announcement and gift party for Miss Icaphene Stephens was given in the home of Mrs. M. K. Simpson in Lubbock, Tuesday night. Mrs. Carl Owens and Misses Jeanne Samson, Juanita Simpson, Joan Owens, Marcelene Stepaer's and Mary Kathryn Roberts assist-

ed with the courtesies.

Miss Icaphene, whose home is in the Midway community south of Tahoka, recently resigned as assistant home demonstration agent of Lubbock county. She is to be married to Service Officer Jakie Weathers of Tahoka on November 18, in Hollywood, California.

Your Southwestern Life Underwriter is in a professional business, engaged in one of the Nation's leading professions. She equips herself through continuous study and training to give you the highest possible degree of life insurance counsel and service. She is adept through experience at applying sound principles of life insurance to the solution of personal and business problems. Her profession requires that she keep abreast of the constantly changing economic picture.

Her Rate Book contains the facts on how and what to save to provide protection for your family... mortgage cancellation... or business insurance. She has the means to assure your children a college education, or to start a business of their own. She can show you the easiest, least expensive way to provide a retirement income for old age. She is ready to counsel with you at any time, without obligation. Ask her today for a plan for you to consider.

Southwestern Life Insurance Company

C. F. O'DONNELL, PRESIDENT HOME OFFICE • DALLAS

ANGLINS VISIT WYOMING

Mr. and Mrs. W. S. Anglin returned home last Friday after having made a ten-days visit in Wyoming and adjacent states.

They were accompanied by their son-in-law and daughter, Mr. and Mrs. A. H. Brunson and baby of Peeco. Mr. Brunson formerly worked on a ranch near Pinedale, Wyoming, and the party spent most of their time on that ranch. The ranch is owned by a member of the Wyoming legislature and Mr. Anglin says the gentleman gave him the "low-down" on many of the interesting features of that state.

Saturday, October 5, was spent by Mr. Anglin and party at Jackson's hole, a noted scenic spot near Yellowstone Park. They also spent two nights and a day in Salt Lake City, and in Salt Lake Mr. Anglin attended the luncheon of the Rotary Club consisting of 250 members, which he enjoyed very much.

Of the ten days consumed on the trip and visit, Mr. Anglin says that they were in the snow eight days. On the way out they passed through Berthoud Pass, west of Denver, where the highway climbs to an elevation of 11,314 feet, and on the way back they came through Monarch Pass west of Pueblo and Canyon City, where the highway reaches an elevation of 11,381 feet, the highest point on any highway crossing the Rockies. They had to wait several hours on the summit of Monarch Pass for the snow plows to get the snow out of the way.

Walter says that there is a perfect riot of color throughout the mountain and forest regions of the Northwest.

Out in the Jackson Hole country the Federal government has established an elk feeding ground, where thousands of Elk are fed through the winter months, and the Elk crop out there is regarded somewhat as a cotton crop is regarded in Texas. It is that area's principal money crop.

O. E. Pinkston, an experienced auto parts man formerly of Lubbock, has accepted a position with Boyd Smith's Tahoka Auto Parts. He is an uncle of Jackie Weathers.

Mrs. M. E. Hay of Wells left by bus Thursday afternoon for Donna to visit her daughters, Mrs. A. F. Cause and Mrs. Florence Waldrep.

BAPTIST NOTES

A Baptist Training Union institute is to be conducted at the Church next week, beginning Monday night and closing Friday night. Two state workers are to be here, and Rev. Levi Price and Rev. Howard Martin will conduct classes.

On Wednesday of next week the members expect to attend the workers' conference to be held with the Johnson church in Terry county. Mrs. Garland Pennington as associational W. M. U. president and E. I. Hill as associational Brotherhood president are expected to give brief reports of their plans and objectives for the coming year. Rev. J. Mat Hale of O'Donnell will also

state briefly what he proposes as Evangelism Organizer. Among others on the program are the Training Union Director, Rev. Lee Vaughn of Terry county, and Rev. B. N. Shepherd, district missionary. Dr. Frank Weedon of Denton of the State Missionary force will deliver the sermon and Rev. Sam Brian of Brownfield will be the music director. Rev. A. A. Brian of the First Church, Brownfield, is scheduled for an address in the afternoon. There will be a Board meeting also in the afternoon. Vick Botkin is the Board member from the Tahoka Church.

The local Brotherhood meeting was held in the Church here Tuesday night of this week. A. E. Her-

ring is the new president. The inspirational message was given by Rev. F. M. Wiley, pastor of Central Baptist Church.

Mrs. E. W. Shawn and her father, R. M. Pugh of McKinney, who is visiting here, attended funeral services for a former Wise county friend, Buck Phillips, in Lamesa Thursday.

American Legion and Auxiliary

BOMB DIDN'T STOP REPORTER

Deprived of his eyesight by a Japanese bomb blast on Rendova, Walter G. McMullen, above, 26, has returned to the Bangor (Me.) Daily Commercial as a reporter and feature writer. McMullen recently covered a special session of the Maine Legislature, punching his notes on a Braille card with an awl. The Veterans Administration has purchased professional equipment for the blind newsman and otherwise aided in his rehabilitation.

Mr. and Mrs. R. M. Pugh of McKinney, enroute home from a visit in California, are spending a few days here this week in the homes of their daughters, Mrs. E. W. Shawn and Mrs. L. C. Dodson.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing. Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Sold on 15-day trial. Ask for "Willard's Message" which fully explains this treatment—free—at WYNNE COLLIER, Druggist.

Small Is Making Success In College

George Maurice Small, ministerial student in McMurry College, is expected to spend the week-end here with his parents, Mr. and Mrs. Maurice Small. Entering McMurry without having entirely completed his work in the high school here, he expected to be required to take an entrance examination at McMurry, but the school authorities admitted him on trial, and he has been steadily making grades of A and A-plus on class tests from the start, it is reported, and now he informs his parents that they have already forgotten about that entrance examination. George Maurice is only 16.

SHOWER HONORING MRS. TURNER ROGERS GIVEN

A wedding shower honoring Mrs. Turner Rogers, the former Miss Euella Dollins, was given Sunday evening, Oct. 6, in the home of Mrs. R. L. Richardson. Hostesses were Mrs. Dan L. Carpenter, Mrs. Dwight Corbell, and Miss Mary Carpenter.

The home was beautifully decorated with bouquets of lovely roses and fern. Mrs. Dwight Corbell received the guests. Miss Mary Carpenter presided over the bride's book. Nancy Cobb and Sue Carpenter presided over the punch bowl. Mrs. Dea Parker, Sue Carpenter, and Nancy Cobb furnished piano music throughout the evening.

About 25 guests called during the evening. Due to the steady down-pour of rain many could not attend but about 150 lovely and useful gifts were on display. Mrs. "Red" K. dwell presided over the lovely display of gifts.

Fruit punch and cookies were served for refreshments.

WILLIE SHAMBECK HAS NARROW ESCAPE WEDNESDAY

Though he wrecked his new truck and spilled his load of grain, Willie Shambeck, of near Wilson, escaped injury and averted a collision and possible death to the occupants of another car when he pulled his truck into the ditch on highway 87 Wednesday morning.

The News is informed that Shambeck was enroute to Tahoka with his load of grain and was about to pass a car headed in the same direction when about at the intersection of the Wilson road and the Lubbock highway. Just as he speeded up, the driver of the other car, a Mr. Davis who lives West of Wilson, suddenly turned across the highway to enter the Wilson road and Willie Shambeck was forced to take to the ditch, after which the truck overturned after hitting the edge of a culvert.

DINNER HONORS LEON COOK

Cpl. Ollis Leon Cook, who arrived home Friday after two years in the Armed forces spent chiefly in the Philippines and on Palawan Island was honored with a dinner in the home of his parents, Mr. and Mrs. J. H. Cook at Draw, Sunday October 13.

Among those enjoying the dinner and reunion were Leon's wife, Mrs. Clodell Cook, Mr. and Mrs. L. N. Doval and son of Amarillo, Mr. and

USE OF COTTON PRODUCTS SHOWS INCREASE IN TEXAS

AUSTIN, Oct. 17.—Consumption of cotton by Texas mills totaled 16,559 bales in June, compared with 18,783 bales in May, the University of Texas, Bureau of Business Research reports. However, for the June, 1945 to June, 1946 period, there was an increase of 3 per cent in consumption.

Use of cotton lint in the state totaled 1,890 bales for June, an amount 42 per cent higher than that used in June, 1945.

Compared with figures for the country as a whole, Texas consumption of cotton declined 12 per cent from May to June, while the decline for the United States was 9 per cent. The increase for the 12-month period was approximately 3 per cent for Texas and one per cent for all states.

OPENS REPAIR SHOP

Aided by a Veterans Administration approved loan, Elizabeth Hesel has opened the Menlo Trading Post in San Francisco, and is shown during the early phase of converting a radio into a liquor cabinet. A pre-war art major in school, Miss Hesel designs the projects and her father, a veteran of World War I, does the carpentry and heavy work.

CARD OF THANKS

To our friends in Tahoka and Lynn county: We wish to thank each of you for every act of kindness and sympathy shown us during the illness and loss of our husband and brother.—Mrs. E. E. Callaway, Miss Sallie Callaway, J. J. Callaway, Mrs. U. J. Boston, Mrs. Joe Beasley.

FLU EPIDEMIC EXPECTED THIS WINTER IN U. S.

Many of New York's largest manufacturing companies, department stores, public utilities and hospitals have begun a program to immunize their employees against influenza which epidemiologists predict will reach widespread proportions this coming winter.

Not only do these scientists predict an epidemic, but they believe it will occur in the more severe form of type A infection, as it is known. The Hawaiian islands experienced an epidemic of A type last spring, and already sporadic cases of what are apparently type "A" infections are appearing in this country.

From investigations carried out by the Commission on Acute Respiratory Diseases it has been found that influenza A usually occurs in two to three year cycles while the less severe form of the disease, or type B influenza, has a four to six year cycle.

American Indians did not refer to their future state as "the happy hunting ground." Application of the term was made by early-day writers as a result of descriptions given them by hunting tribes.

There are 36 columns in the Lincoln Memorial, representing the number of states in the Union at the time of Lincoln's death.

John Bunyan's Pilgrim's Progress has been translated into more than 100 languages and dialects.
