Tahoka To Expand Its Water System

Plans Under Way To Insure More Water In Future

The City of Tahoka has already launched a campaign for greatly increasing the city's water supply and for its distribution that will involve the expenditure of approximately \$50,000 and will practically double the water supply. It is estimated by Mayor Joe Bovell and members of the city council.

The first step taken in this project was the purchase of a strip of land 100 feet wide and a half mile long off of the west side of the Joe D. Anderson farm, comprising a little more than six acres, and situated about a mile north of the present city wells, on which it was believed a more abundant water supply could be found.

This belief proved to be well founded, for three wells have been drilled on the tract and one of them thoroughly tested out. It was found to produce 200 gallons per minute for the time it was being pumped, almost 24 hours. The other two have not been tested yet but it is hoped and believed that they will be equally good. If so, the three will produce more water than all the other city wells now on the pump.

To take care of the increased water supply, a new concrete reservoir of 500,000-gallon capacity is soon to be built. Hasie & Green, engineers, have already been employed to draw the plans. It will probably be about 80 feet in diameter and deep enough to contain 500,000 gallons. It is to have a concrete top also and will

Three Basketball Games Tonight

Tonight beginning at 7 o'clock three local basketball teams will play exhibition games in the local gym against their out-of-town opponents.

The first game of the evening will be a girls game between Tahoka and Wilson which is scheduled to start at 7 o'clock.

The Tahoka girls team is coached by Miss Clara Gene Scruggs. This will be the girls' first game this season. The Wilson girls have already played several games and have a good team.

Tahoka girls A and B teams are as follows: Odette Greer, Betty Jo Ingram, Carolyn Barton and Joy Williams and Betty Thomas, sub. B-squad: Elouise Perry, Frances Jolly Fay Johnson and sub. are Billie Lou Drager and Joyce Healy.

Immediately following the girls game, the Tahoka Boys B-team will play The Wilson A-team. This will also be the Tahoka boys B-teams first game. The Wilson cagers have also played several games and have won several of their games so far this season.

The real highlight of the evening will be the last game carded as the Tahoka American Legion cagers tangle with the Post All-Stars.

Many ex-Tahoka high school stars are on this team and also players that have starred for other schools. They are as follows: Jake Weathers, Robert Harvick, Dub Harvick, Roy Harvick, Wayne Shawn, Roy Botkin, Finis Connolly, J. B. Florence, W. T. and Truman Hines, Dub Fulford and E. L. Short. Charles Townes is coach and manager of the Legion team.

No line-up for the high school boys was available to the News.

The American Legion is planning a tournament to be played here in the near future with other American Legion teams from surrounding towns. Dates of this tournament will be released later.

The Tahoka A-team is playing in a tournament at Levelland this week end. The next game scheduled by the A-squad to be played in the local gym will be December 17.

Local Firemen Attend School Held At Post

Fire Chief Allie White, W. T. Kidwell, and Coy Fielder, attended a school of instruction in fire-fighting conducted by A. & M. College authorities at Post Monday night for firemen from Post, Tahoka, and Slaton.

The local firemen report that they received much valuable information at the school.

Boxing Contests Next Week End

Tahoka High School's boxing team will meet the Slaton High School team in the local gym on Friday night of next week, with from 15 to 22 fights on the card, according to Coach Jim Foust.

Coach Foust has 25 or 30 boys working out, and many of them are showing promise as amateur boxers.

The event is being staged to help pay the recent hospital expenses of Harold Crotwell, who received an injury while playing football this fall that required an operation.

Admission prices for the fights are \$1.10 for adults and 55 cents for school children.

Harold Crotwell Has Arm Operation

O. A. Crotwell arrived home from Dallas Sunday night with his son Harold, who had undergone an operation in Baylor Hospital there Thursday of last week for an injury to one of the arms which had been sustained in a football game here.

Harold had been injured twice, in fact, the first time about seven weeks ago when one of the players stepped on his arm, breaking no bones but inflicting severe bruises.

Two weeks later the same arm was injured in the same way, in another game, and this time the injuries failed to heal. The arm continued to cause so much pain and inconvenience, that the father took the son to a specialist in Dallas on December 1. The specialist, Dr. Carroll, found that a bony growth had resulted from the injury and that surgery was necessary before the injury could heal.

A nerve had also been injured and the hand was drawn down and back into an unnatural position that would have become permanent in the absence of an operation.

The injury is now healing satisfactorily.

Warning Is Issued On Fireworks' Use

It is a violation of the law to shoot fire-crackers, torpedoes, Roman candles, or other fireworks anywhere in the fire zone, which embraces the entire business portion of the town, and those who do so are subject to a heavy state fine. Several have complained about the promiscuous shooting of fire works in the business section, and if the practice is not stopped complaints will be filed in the courts.

Furthermore, business men should take note of the fact that there is a tax on the sale of fireworks and they may be called upon to give an accounting of their sales.—Frank McGlaun, City Marshal 1tc.

NEW HOME WINS TWO GAMES OVER WILSON

New Home boys' basketball team defeated Wilson 28 to 16 in a game played Tuesday night, according to A. L. Pace, superintendent at New Home.

The New Home girls also won their game from the Wilson girls, the score being 23 to 14.

CALL MEETING

A call meeting of Tahoka Lodge No. 1041 A.F. & A.M. for the purpose of conferring three F. C. degrees will be held Tuesday December 17 at 7:00 p. m.—C. E. McClain, W. M.

Basketball Takes Spotlight; Several Games This Week

Tahoka Bulldogs' basketball team opened its conference season Tuesday night at Post with a victory over the Slaton Tigers. The score was Tahoka 34 to Slaton 26. Post Antelopes defeated the O'Donnell Eagles the same night.

Next Tuesday night, the four teams will play in the Tahoka gym, with Tahoka boys meeting O'Donnell and Slaton playing Post. This year the four teams are playing their games in the Tahoka and Post gyms.

The Bulldogs are at Levelland today and tomorrow participating in the tournament there. Tahoka is scheduled to meet the Brownfield Cubs at 4 o'clock.

Coach Jim Foust says the boys are showing rapid improvement since the start of work-outs two weeks ago. Starters are: C. A. Short and Don D. Cowan at guards, Finis Botkin and Joe Don Minor at forwards, with Randall Hinkle and Kenneth Reid alternating at center.

.76 Inch of Rain Falls In Tahoka

Precipitation has fallen this week amounting to .76 of an inch. A slow drizzle Monday netted .12 of an inch. On Tuesday a mist brought .04 more. Then on Tuesday night a heavy shower followed by several sprinkles Wednesday put .60 of an inch of water in the rain gauge.

This precipitation was very fine on the wheat patches in the county and the acreage is undoubtedly the largest in the county's history. It is also good for the soil generally.

Liquor Charge On O'Donnell Negro

"Trustee" Jones, an O'Donnell Negro, was arrested last Friday by Sheriff Sam Floyd when the gentleman of color alighted from a bus with too much liquor on his person.

He was taken before the court on a charge of unlawfully transporting intoxicating liquor, entered a plea of guilty, and the court assessed his punishment at a fine of \$100 and costs.

On the next day, Saturday, Deputy Sheriff Charley Wells of O'Donnell corraled a drunken driver there and brought him to jail. He later entered a plea of guilty and was assessed a fine of \$50 and costs. He was a soldier boy from San Antonio whose home was out east of Lubbock.

SINGING AT GRASSLAND

The regular monthly singing at the Nazarene Church at Grassland will be held next Sunday, beginning at 2:30 p. m.

Interest is growing and out-of-town quartets and singers are present each meeting. Every one is invited.

No improvement has been reported in the condition of Mrs. Ella Davis, who has been seriously ill for a long time and critically ill for the past several days.

STILL KEEP 'EM FLYING—Intricate mechanism installed in modern pursuit aircraft hold no terrors for the highly skilled technicians who have been graduated from Army Air Forces training schools. Requirements of the AAF demand high technical skills for a large percentage of the enlisted men and officers. New schools are opening to provide training for members of the peacetime Air Force in this 39th anniversary.

ACA Committee For County Elected By Farmer Vote

Results of community elections for farmer committeemen to administer several important farm programs during the coming year have been announced by Carl Sanders, chairman of the County A. C. A. committee.

Lynn County is divided into ten communities for farm program purposes and the community committeemen which consist of three members and two alternates elected for 1947 were: Community A, Fritz Speckman, Roy Lee Williams, O. Ray Phifer, and alternates G. B. McAllister and J. Hillary Smith; Community B, Weldon McClintock, E. K. McAllister, Hubert W. Smith, and alternates W. T. Knight and C. A. Schulz; Community C, C. C. Swope, E. B. Gumm, B. L. Hatchell, and alternates A. A. Teinert and C. C. Coleman; Community D, R. A. Kelly, J. H. Huddleston, H. D. Taylor, and alternates M. M. Bruster and W. P. Lester; Community E, H. D. Gartman, H. C. Edwards, W. J. Huddleston, and alternates B. A. Norman and J. B. Ray; Community F, W. E. Dubree, Z. K. Hensley, W. G. Glass, and alternates W. P. McDonald and G. E. Vickers; Community G, B. C. Williams, Clyde Fultz, James Clayton, and alternates C. H. Tyler and Jesse Briganee; Community H, Dick Franklin, A. E. Leverett, W. R. Ledbetter, and alternates R. G. Grogan and B. P. Askew; Community I, S. L. Walters, H. F. Conrad, Neal S. Parker, and alternates Cody Bragg and John Jackson; Community J, V. L. Botkin, Vernon Willhoit, Sam Miller, and alternates Gion Cobb and John Price.

Delegates to the county convention who will elect the county committee for the ensuing year are Salah Williams, Earl Tunnell, C. E. Campbell, Noble Wynn, T. B. Mason, R. L. Pirtle, H. R. Henley, T. B. Barton, G. W. Lightfoot, and J. C. Womick.

These delegates will meet at the AAA office in Tahoka Friday morning at 9:30 o'clock to select the county committee for 1947.

Gaignat's Father Is Reported Improved

D. W. Gaignat was called to Kansas City last Saturday by the serious illness of his father, being in Fort Worth at the time the message came, with Mrs. Gaignat who had gone to that city for treatment for some kind of back ailment.

Upon receipt of the Kansas City message here, their daughter, Miss Myrna Dean, called her father by telephone and he hastened on to Kansas City. She was informed Monday that he expected to be back in Fort Worth by Tuesday night, and she drew the conclusion therefore, that her grandfather's doublets was showing improvement.

Mrs. J. L. Reese has been suffering intensely the past few days with a stubborn stomach ailment. She became suddenly ill Saturday night and was taken to the Tahoka Clinic Monday morning.

Start Work On New Road Paving Project

Leo Jackson's Team Is Bi-District Champ

Coach Leo Jackson's Yoe High School team of Cameron, which last week end defeated Kerrville 13 to 6 for the bi-district Class A football championship in Central Texas, will meet Mart High School tonight in Temple for the regional championship.

Jackson is well known here, having been Tahoka High School coach for several years but moved to Cameron with Supt. W. T. Hanes when the latter went from Tahoka to the Central Texas city.

Man Charged In Assault On "Law"

J. M. Christopher's jaw was broken and his lower plate of false teeth smashed in O'Donnell Sunday when he was unexpectedly attacked by a man whom he had previously arrested on a crap-shooting charge.

The assault was made by the aggrieved man while Christopher, who is constable and night watchman in O'Donnell, was assisting two drunk Mexicans into his car. He was knocked down by the impact of the man's blow and rendered unconscious for some time without knowing who it was that struck him.

Assault charges were filed against the man and he is said to have confessed the offense.

E. W. Shawn's Father Died Saturday

J. A. Shawn, 67, father of E. W. Shawn of this city, died at his home in Bridgeport last Saturday following a month's serious illness. Mr. and Mrs. E. W. Shawn had been at his bedside for a number of days before the end came.

Funeral services were conducted at 2:30 o'clock Sunday afternoon in a rural church near Bridgeport and burial was in the Willow Point cemetery also near that place.

Mr. and Mrs. Wayne Shawn and Joretta of Tahoka also went down for the funeral services, and they and his parents, Mr. and Mrs. E. W. Shawn returned to Tahoka Monday. Survivors include the widow, who is E. W. Shawn's step-mother, and a half-brother of E. W., together with other relatives.

Deceased had been a resident of Wise county for many years, coming to that county from Tennessee about the first of the present century. He was a native Tennessean.

Nolan Votes 'Dry' In Recent Election

One by one Texas counties have been swinging back into the dry column. Occasionally a dry county goes wet but usually it is the other way around. When a county once goes dry it usually remains dry. In three dry counties' elections were held last Saturday on petitions filed by the wets seeking the legalization of beer. The proposal was snowed under by overwhelming majorities.

In Nolan county, with Sweetwater as the county seat, the vote was, Dry 2,780, wet 1,377, with less than 150 votes still out; Archer county, Dry 1,110, wet 662; Freestone county, Dry 2,736, wet 839, with about 300 votes uncounted.

SHORT PUBLIC ROAD OPENED

The report of a jury of review for a three mile stretch of public road was approved by the commissioners' court in session here Wednesday to be opened up from the Hayden Williams place for a distance of one mile north and two miles west to connect up with a mile of road already open and leading on west to the new Draw highway.

Draw Project Has Been Completed; Others Planned

Another link in Lynn county's farm-to-market road project has been completed and construction on one other link has already begun.

The road leading from the Borden county line north through Draw and Redwing and on to the Tahoka-Post highway, a distance of fourteen miles, was practically completed last week as was also the four-mile stretch leading east from this road to a point one mile south of Grassland and thence north to Grassland, the entire project totaling about nineteen miles. The commissioners' court and the people who save these stretches of road seem to be highly pleased with the results.

Contract was let some time ago for the building of a hard-surfaced road from a point in the Borden road one mile north of the Borden county line due west to the "Y" in the state highway at O'Donnell and thence on west a distance of several miles, thence north to the Draw-Wellis state highway to be constructed soon, beginning again at Wells and extending west to Newmore. Work has already begun and is said to be progressing rapidly on the Newmore end of this project. Grading has been done and caliche spread on a few miles of this road. The entire project covers 23 1/4 miles of road.

State engineers have been surveying the stretch of state highway to be built from Wells, due east to Draw, intersecting the Tahoka-O'Donnell highway four miles north of O'Donnell. Judge Garrard expressed the belief Wednesday that the State would begin work on this project early in the coming year, probably in January. This stretch of highway is about fourteen miles long.

Judge Garrard and the entire commissioners' court made a trip to Austin the first of this week to interview the state highway commission respecting construction chiefly in the north half of Lynn county. The State has already paved a highway from New Home by Wayside to Wilson. The county project calls for a farm-to-market road from Wilson in an easterly direction to a point within two miles

Billman Builds New Hot House

Mr. and Mrs. Joe Bob Billman, who are owners and operators of The House of Flowers, are preparing to greatly expand their business.

They are constructing an addition to their building, extending it back forty feet. It is twenty feet wide. The front part of the addition, 12 by 20 feet, will be used as a work room, and the remaining portion, 28 by 20 feet, will be a hot house, devoted chiefly to the growth of hot plants.

Although they opened the House of Flowers only a few months ago, it has already become a popular institution in Tahoka and their business has grown rapidly.

MISS NANCY NEIL WYATT MEMBER OF BAND

ABILENE, Dec. 12—Nancy Neil Wyatt of Tahoka is a member of the McMurry college band, under the direction of Raymond T. Byrum.

The band accompanied the McMurry college Murry football team to Plainview, Sweetwater, and Brownwood, and presented performances at all grid games in Abilene this year.

Miss Wyatt is a graduate of Tahoka High school and is the daughter of Mr. and Mrs. N. M. Wyatt.

Mrs. J. H. Kuykendall has been sick the past several days but is now able to be up part of the time.

T-Hangar Flying

According to Bill McNeely the landing lights have already been installed on the local field and all necessary equipment has been installed on planes that are to be used in night training in preparation for the approval of the GI Training school for commercial pilot instruction. The field has not yet been inspected, but is expected to be before the week is out. After the inspection and approval there will be much paper work to be done and the final approval will come at a later date at which time such training will be started at the local field.

X-country flyers that have stopped over at the local field recently are as follows: Byron Britton and

C. H. Elliott of Spur who were flying a Luscomb. G. E. Boles of Salina, Kansas going to Midland, flying an Aeronca. Mr. and Mrs. Hubert Hunt and little son in his Aeronca visited Mr. and Mrs. Truett Smith and Mrs. Ione West. M. J. Parkinson from Glovis flying a Fleet and on his way to Anton.

T. A. Barrington and Mills Barnes flew down to Abilene and Sweetwater recently on business in the "Flying Six."

A big campaign has been started by the C.A.A. or maybe it's somebody else to fly safely and live to fly again. An airplane is just as safe or safer than an automobile as long as the man that is piloting the plane flies sanely, but of course like many automobile drivers there are many pilots that have to show off and eventually they wind up six feet under the ground a little sooner than they ever expected to, and maybe take one or two or more innocent people with them. Let's all fly safe and then we won't have to be going to your funeral and maybe someone else's too.

I have always been told that if you play a game by the rules you won't get hurt, so let's all follow the rules.

THANKS
To assure our friends that we sincerely appreciate the flowers, cards, and other tokens of sympathy and interest sent to us during the past several weeks. We have been so overwhelmed with kindnesses that we find it impossible to express our gratitude in mere words. But we do thank you all.—Mr. and Mrs. Joe Bovell.

CARD OF THANKS
We wish to thank our friends for the flowers, the words of kindness, and for every prayer in our behalf during our recent bereavement, which came to us in the death of Mr. Shawn's father, J. A. Shawn at Bridgeport. May each one of you receive like consolation and comfort when sorrow comes your way. God bless each and every one of you.—Mr. and Mrs. E. W. Shawn, Wayne, Betty, and Joretta.

Finish Drainage Project First Begun in 1840

Better crops will be possible on about 81,000 Maryland acres as a result of the Pocomoke river drainage project approved in 1939 with \$20,000 in funds provided by Wicomico and Worcester counties of Maryland and \$30,000 by the State of Maryland. Rights of way were obtained through a local organization of farmers.

The channel of the Pocomoke river was deepened and widened and shortened to 14 miles instead of 17 miles from tidewater on the Chesapeake. The water table in wet land Maryland farms of the area has been lowered enough to improve 34,000 acres of tilled land, and to make possible tillage of much of the 37,000 watershed of the Pocomoke which were formerly unploughed.

Early history of the Pocomoke drainage project goes back to 1840, when the Maryland legislature passed an act for a lottery providing \$30,000 for the drainage of the river to improve waterlogged farmlands of the area. The project was dropped and started again several times, with men working with hand shovels at the huge task of moving some million and a half cubic yards of earth. The work stopped in 1870 and was not resumed until 1939.

Advise Proper Storage For Home Canned Foods

Jars of fruits and vegetables should be stored where it is cool, dark and dry, specialists say. They rule out closets and shelves behind which run furnace pipes. The pipes may make it too hot for the canned goods when fires are started. As for placing the jars where they are apt to freeze, the specialists point out that freezing in itself does not spoil canned food, but it may crack a glass jar or break the seal and cause spoilage.

Dampness is also hard on metal caps, as it will cause some types of cap to rust. The jars should also be stored away from the light because it is inclined to fade the food exposed to it, and in some cases, lower the nutritional value of the food. Therefore, the specialists recommend wrapping jars in strips of brown paper if they must be stored on open shelves.

At the same time, they suggest that jars of food left over from other years be eaten first, and that the wise homemaker check the reasons for leftovers. If she finds that her family doesn't like the product, she can cut down on the amount she cans another year.

Body of Man Found in Two Boxes and Milk Can

SAN FRANCISCO.—Identity was sought of a man whose dismembered body was found stuffed in two boxes and a milk can hidden in the dark side entrance of a motion picture theater.

The gruesome discovery was made by four boys who noticed a foul odor in the alley. The boys said they saw two large cartons, of the type used to ship eggs, in which were a number of parcels of brown wrapping paper. Opening one, the boys found a human foot.

They called police. Inspectors opened several more of the parcels and found another foot, the calf of one leg and a forearm. By piecing together the parts of the body, the coroner's office was able to determine only that it was that of a man. The head and neck are missing.

Many Monkeys Will Be Imported for Polio Study

WASHINGTON.—Plans for the large scale importation of a particular species of monkeys — described as "the only research tool which offers a reasonable hope of success" in unravelling the mysteries of poliomyelitis — were announced by the National Foundation for Infantile Paralysis.

Dr. H. M. Weaver, acting research director of the foundation, told a news conference the first step would be a six-month expedition into jungles of the Netherlands East Indies and the Philippine islands.

Drowns 3 Children in Bathtub; Kills Herself

IOWA CITY, IOWA.—Dr. Frank L. Love reported that Mrs. Thomas A. Kelley, 32, drowned her three children in the bathtub and then killed herself with a shotgun blast. The coroner said it was "a clear case of murder and suicide" and that Mrs. Kelley had been despondent. The children were Joyce, 11; Tommy, 4, and Johnny, 8 months. Mrs. Kelley left a note which said: "This is the end."

Mr. and Mrs. A. J. Mullins of Corpus Christi, while up here on a visit with relatives at Lorenzo, drove down to Tahoka Friday to visit friends here. They lived in Tahoka many years, Mr. Mullins operating a tin shop and metal works here. They reported that they now have two little grandchildren, children of their daughter, Mrs. Eunice (O. B.) Davis, who also reside now at Corpus Christi.

CENTRAL BAPTIST YOUNG PEOPLE HAVE PARTY

The young people and intermediate classes of Central Baptist Church enjoyed a Christmas party at the home of Mrs. M. C. Thomas Saturday night, December 7. The teachers, Luther Kenley and Mrs. Welch, were co-hostesses with Mrs. Thomas. Twenty-seven members were present.

The home was decorated with a lighted wreath, while on the mantle in front of a mirror was a scene depicting the babe in the manger. A profusion of evergreens, red berries, and floating candles, artistically arranged completed the picture.

After shooting fireworks and playing games, each one received a gift from a beautiful lighted tree. Every one reported a wonderful time.

The News had a communication a few days ago from Mr. and Mrs. F. M. Billman, who have resided on a farm near De Leon for the past several years, asking that the address on their paper be changed

to Grandview, which is in Johnson county. Their son, Joe Bob, who lives here, informs us that they sold their farm near De Leon and bought a home in Grandview. The Billmans were highly esteemed residents of Tahoka for quite a number of years.

Clint Walker Speaks At Rotary Club

Clint Walker was the principal speaker at the Rotary Club luncheon Thursday, giving the low-down on the Triple-A program for 1947. At the close of his talk he answered quite a number of questions. The information was very important to farmers and farm owners.

Dr. K. R. Duthen was the speaker on the preceding Thursday. He gave a brief historical sketch of the city of Tahoka and a review of the public improvements made from time to time under the direction of the mayor and the city council, the financial obligations made, and the manner in which the city's business has been handled in recent years. He has been a member of the city council for seven years.

M. L. Kuykendall and family are moving to Abilene today. On Thursday they took their little son Donnie to a Lubbock hospital and had the cast removed from his leg, which was broken in a fall some time ago. Mr. Kuykendall will open a work shop in Abilene.

Desk of Tomorrow

The "Desk of Tomorrow" is designed to eliminate much of the troubles of the "tired business man." The desk, with expansive flared top, has a built-in electric shaver, so that the executive between interviews can shave, thereby avoiding leaving the office with "four o'clock" shadow. It also has a built-in radio, which will bring in the news of the day, or the latest score of the ball game. And the chair accompanying the desk is streamlined in modern style, with soft rubber foam seat and with a clever mechanism that adjusts the seat and back to the tilt of the body, but keeps the feet of the executive comfortably on the floor at all times. Both the desk and the chair are adjustable in height, so that long and short men can always be at ease at their work. The desk has a built-in automatic device to take dictation. Instead of waiting for a stenographer to primp before coming to take a letter, the executive merely presses a button, talks into the desk, and the letter is dictated without any ado.

Garment Care

Preparation is what counts in taking care of clothing without spending too much time at the job. To save yourself the job of frequent pressing, use hangers that fit the shoulder line, and arrange garments in closet or garment bag so that they hang straight and will not slip. It also pays to move some of the out-of-season clothing to storage space, to make way for seasonal garments in the closets. Garments neither get aired well, or keep their press when crowded together. In packing for a trip, tissue paper inside the folds of garments helps prevent wrinkles, and a thin cardboard inside a folded garment keeps it from crowding to one side of the suitcase. These precautions help but it is also wise to unpack the clothes as soon as possible after the trip.

Study Tooth Decay

New progress toward determining the effect of diet on susceptibility to tooth decay and virus diseases including infantile paralysis was reported by Dr. B. S. Schweigert of the Texas Agricultural Experiment Station. The studies were made on the nutritional needs of the cotton rat and hamster, both very valuable animals for the study of dental caries or decay and virus diseases. Cotton rats fed a diet which contains appreciable quantities of sugar tend to have a large number of cavities in the teeth, while other animals fed diets containing starch, such as is present in unrefined cereals, have few cavities, Schweigert said. Therefore experimental animals susceptible to dental caries are now available for these studies.

MEXICAN PLEADS GUILTY TO LIQUOR CHARGE

Eugene Lopez, a Mexican, pleaded guilty in the county court Thursday to a charge of unlawfully possessing a quantity of intoxicating liquor for the purpose of sale. After hearing some evidence, the Court assessed his punishment at a fine of \$150 and costs and imprisonment in jail for 30 days.

The Mexican was arrested in O'Donnell Sunday by Deputy Sheriff Charley Wells. He had six pints of liquor in his possession.

MARRIED

Mrs. Lovie Graham of Berry Flat, Borden county, and Fred Outhouse of Portales, New Mexico, were married Thursday morning by Justice of the Peace Will Brown in O'Donnell, and they left Friday morning for Portales, where the groom owns a farm.

Mrs. Outhouse is the daughter of Mrs. R. I. Rains of this county and was reared in Lynn and Borden counties. She is a niece of Mrs. John Berry of Draw.

U. S. Zone Bars Russian Controlled Publications

BERLIN. — Soviet-controlled publications were barred recently from the American occupation zone. Brig. Gen. Robert A. McClure said the Russians had failed to agree to a free exchange of books and newspapers throughout Germany. The French and British agreed to the exchange, and so German publications will circulate freely in the western allies' zones. McClure is director of information control in the American military government.

Find Two Depth Bombs in Junkpile; Workers Depart

ROCKFORD, ILL. — Workmen dumping junk into a huge pressure baler at the Goldman Wrecking Co. inspected two "gasoline tanks" in the pile and discovered they were 325-pound aircraft depth bombs.

They made themselves scarce. David Goldman, proprietor, said he bought junk by the truckload and had no idea where the bombs came from.

Army Keeps Up War on Disease

Progress Seen in Fight on 'Sleeping Sickness' and Other Ailments.

WASHINGTON. — Veterinarians advanced the fight against arthritis, influenza and certain forms of "sleeping sickness" during the war. The research on arthritis is by no means conclusive but it offers hope that a clue to a cause of the baffling and painful disease may have been discovered.

American Veterinary Medical association reports that an active agent which causes the disease in swine was isolated by three workers at Iowa State college.

Iowa researchers described the disease agent as "apparently a new pathogen (disease organism)." When healthy pigs were exposed to this agent, they developed arthritis. The association reported no more details.

What They Found.

The contribution of veterinarians to knowledge of human influenza was this:

They narrowed the field of suspected animal transmitters of the two most common types of human flu—influenzas "A" and "B."

Army "vets" definitely absolved the horse of blame.

They discovered that the virus found in horses stricken with equine influenza — or "shipping fever" — is entirely different from either the "A" or "B" virus.

But they also found that microscopic studies of affected tissue in horses showed strong similarity to human tissue studied during the world wide flu epidemic in 1918.

The virus of that great plague never was isolated. Some investigators suspect that it was entirely different from "A" or "B."

Army investigators are not yet prepared to give an appraisal of this finding.

Working on Vaccine.

In the course of their investigations they also found that while flu in swine and in dogs (canine distemper) is very similar to the disease in humans, the virus in both cases is different.

The army now is working on a vaccine to protect horses from flu. Already available is a vaccine that is effective against human "A" and "B."

Also during the war, army veterinarians developed a single vaccine effective against both "eastern" and "western" types of equine encephalomyelitis, or "sleeping sickness" in horses.

They developed a purified vaccine that can be used on human beings exposed to the same diseases, which can be transmitted to man from horses.

Mass means of immunizing both horse and man against lockjaw—or tetanus—were perfected by veterinarians.

Tetanus results from wounds infected with organisms that occur in the soil, particularly highly fertile soil.

Dear Santa: I would like a tractor, a cowboy suit and gun, and an airplane. Please be good to all the other little boys and girls. Thank you, Lynn Strickland, O'Donnell, Texas.

Water . . .

(Continued From Page 1)
 be absolutely sanitary. By comparison, its capacity will be nearly twice as great as the City's two other reservoirs combined, which is 255,000 gallons.
 To pipe the water from the new wells to the City's present main line will require about one and a quarter miles of pipe. Eight inch pipe is to be used; and the present difficulty in procuring piping may cause some delay in the construction of the line. Mayor Joe Bovell stated Tuesday that so far the City had not been able to obtain assurance that the piping could be delivered before the end of twelve months. He is working assiduously at the job, however, and is determined to get the piping just as soon as it can possibly be obtained.
 The main line leading from the well on the Park's place immediately north of town into the City water plant is only six inch pipe but the City intends to install a booster pump at that place so as to get the full benefit of that larger piping farther out.
 When the projected improvements are completed, the City will have a water supply sufficient for a city twice the size of Tahoka, Mr. Bovell believes.

Paving . . .

(Continued from Page 1)
 of the Garza county line, and for another farm-to-market road west from New Home to Lakeview. The State is to build a highway from the west to the Lynn county line near Lakeview, and the purpose of the trip to Austin was to ask the state highway commission to take over the entire line of Road from that point east to New Home and from the Garza line west to Wilson, making a continuous state highway through the north portion of the county. It was believed that Garza county would build the gap between its county line and the Post-Lubbock highway and that the State could be induced to take over that short connecting link also.
 Judge Garrard indicated that whatever the State may decide to do respecting these requests, construction of the farm-to-market roads will be pushed as rapidly as circumstances will permit.
 One of the projects that probably will receive early attention after the new year opens will be the construction of the road from Grassland north to the Post highway at Central Church, since the State has already called for the right-of-way deeds for this 2-mile stretch of highway.
 Probably the first county project after the opening of the new year will be the building of the farm-to-market road from Wilson eastward to a point within two miles of the Garza county line together with a projection from this road northward toward Slaton for several miles; and another contract will provide for the construction of the road from Central Church northward by Garnolia and Gordon to a connection with this Wilson road and also for the construction of the arm reaching northward five miles from the Tahoka-Post Highway at the six-mile service station and the spur out to New Lynn.
 Other construction will follow rapidly in the other commissioner precincts.
 Included in the Draw-to-Tahoka-Post highway first mentioned above was a little stretch of road about a half-mile long extending from the southern limits of Tahoka eastward to the cemetery. This bit of paving also was completed the first of this week.

How are these projected improvements to be financed?

They have already been financed. The City has the money in the treasury or in sight to pay for all these improvements. Not a bond will be issued and not a dollar will be borrowed if present plans are followed out and if the estimated cost is anywhere near correct.
 Here is the low-down on the cost. The three new wells have cost the City about \$1,600; three pumps for the wells will cost about \$2,400; 6,600 feet of 8-inch pipe will cost about \$11,000, and the new reservoir together with booster house, valves, etc. will cost about \$35,000. Members of the city council are as follows: Joe Bovell, Mayor; V. F. Jones, alderman and acting mayor; Dr. K. R. Durham, Otho Thomas, Sam Bartley, and Bascom McCord, who was elected a few months ago to succeed J. L. Heare, who moved outside the city limits after having served on the body for many years.
 In point of service, Dr. K. R. Durham is the oldest member of the council and as such he was called upon to discuss city affairs before the Rotary Club on Thursday of last week, which he did in a very illuminating way. Otho Thomas is the second oldest member in point of service.

Legion Auxiliary Installs Officers

New officers for the ensuing year were installed in office by retiring president, Mrs. Rafe Rihardson, at the regular business meeting of the American Legion Women's Auxiliary of Marion G. Bradley Post No. 250. They were as follows: Mrs. Chas. Stewart, president; Mrs. Jess Gurley, first vice-president; Mrs. Jarrell Brown, second vice-president; Mrs. Randolph Rutherford, third vice-president; Mrs. Calvin Edwards, recording secretary; Miss Myrna Gaignat, corresponding secretary; Mrs. Eldon Gattis, treasurer; Mrs. W. A. Schaal, historian; Mrs. Odell King, chaplain; Mrs. Meldon Leslie, sergeant-at-arms; Mrs. Tom Short, reporter; and Mrs. Arthur Bisgerstaff, parliamentarian.

Following the installation, the members resumed their business meeting by making plans to entertain Legionaires at the traditional Christmas dinner, which will be held Tuesday, December 17, at 7:30 p. m. in the American Legion Home.

All members of the Legion and Auxiliary who are interested in attending the dinner should contact a member of one of the committees in charge of arrangements for the dinner. The committee chairmen are Mesdames Rutherford and Perry Walker.

FOR AAF TEAM WORK—Group sports such as this volley ball game develop team work among Air Forces' men. Recreation in the newly organized AAF will have even a greater expression than it did during the tense and overcrowded training days of the war.

Halving the amount of solar radiation on the earth would bring even equatorial temperatures well below the freezing point.

Postmaster Pat Campbell of Wilson and a couple of his customers, E. O. Montgomery and Ed Cook, took out last Friday for the Rio Grande on a fishing and hunting expedition. They didn't explain whether they were going out for turkey or bear, but it was plain that they were determined to have some kind of meat for the Christmas dinner.

Mr. and Mrs. C. A. Townsen and daughter Alma LaVerne of Lampasas spent the Thanksgiving holidays here with his brother and family, Mr. and Mrs. N. O. Townsen and two sons. This was their first visit on the Plains and they were thrilled with the country, in spite of our short crops. They had heard some "tales" about these Plains and were not prepared for the sight that greeted their eyes when they came up the caprock.

New Home News

By Mrs. A. L. Pace Mrs. S. L. Williams was hostess to a bridal shower Dec. 4th honoring Miss Ruby Lee Hancock, bride-elect of L. H. Moore, Jr. After several games the gifts were opened by the honoree.

Refreshments were served to about 50 guests.

The New Home Parent-Teacher association met in a regular meeting December 5th of last week. Rev. Kimmel gave the devotional. The finance committee reported that they had made \$50.50 by the selling of magazines. The program for the year was read by Mrs. J. W. Lowery. It was adopted by the association. After the business meeting Joy and Poy Jones sang two selections. Mrs. Cromer gave a report on her trip to Texas Congress Parent-Teacher Convention at Amarillo. In this report she said "Forty per cent of the children that are slow to learn are physically unfit. It cost \$15,000 to send a child to the reformatory and \$750.00 to an industrial school. A child should be given friendship, kindness, and a sense of security. The speakers of the convention stressed that a child should be trained for marriage."

Mrs. Walter Kellum and Mr. Hewlett from Southland gave a discussion on the management of their lunch room.

Mr. Wilmer Smith gave discussion on "Actual Spiritual Development of the Child." Mr. Smith said: "People have made laws denying the school privilege of directing the child spiritually. This responsibility now rests on the church and the home. The church cannot do anything unless the home assumes its responsibility. Scientists have reversed their conception of God and have become God-conscious instead of atheist. Children are mirrors of their parents. Parents should set up Christian principles in the home and live them, then the child will unknowingly adopt them."

We extend congratulations to Mr. and Mrs. E. R. Blakney on the birth of an eight and one-half pound boy born Dec. 9.

Mrs. Oma Roy Parker, above, was Miss Billie Wayne Pennington, daughter of Mr. and Mrs. Willis Pennington of Tahoka, before her marriage Thanksgiving day in the First Baptist church of Tahoka. The bridegroom is the son of Mr. and Mrs. B. L. Parker of Tahoka. Rev. Levi W. Price officiated for the ceremony. The couple is at home at 720 Ave. O and Mr. Parker employed by B. & O. Aerial Service.

Grain Sorghum Loan Explained

Commodity Credit Corporation is again making loans available on grain sorghum produced in 1946 and stored on farms or in approved warehouses according to Clinton M. Walker, Secretary Lynn County A. C. A. Loan values per hundred-weight in Lynn county are \$1.66 on farm stored grain and \$1.54 on grain stored in an approved warehouse unless the storage is prepaid until April 30, 1947 which will also make the loan \$1.66 on warehouse stored grain. To be eligible for the loan the commodity must grade No. 4 or better and contain less than 14% moisture if stored in an approved warehouse and be No. 4 or better and contain not less than 13% moisture where stored on the farm.

If a loan is desired on grain stored on the farm, the grain must be stored for at least thirty days before it is eligible for the loan. Closing date for accepting loans will be February 28, 1947 and the loans mature on demand but not later than April 30, 1947. For further information producers are urged to contact the AAA office in Tahoka.

together in the same mind and in the same judgment; that ye speak the same thing".

Question: Do you think there was ever a time when all Christians did that? Answer: Yes. We read, "The multitude of them that believed were of one heart and one soul." Acts 4:32.

Question: How do you account for such multitude being so united? Answer: The apostles, being guided by the Holy Spirit, all preached the same thing; hence the multitude believing what the apostles said could not be otherwise than of one heart. That was just what Christ prayed for, Jno. 17:20-21. "That all who believe in Him through their (the apostles)—word be one."

Question: Do you think that such is possible today? Answer: It cannot be otherwise. If you and I both believe just what the apostles have said we cannot help being one. If we differ on any thing on which the apostles spoke, it is because one of us, and it may be that neither of us, believes what the apostles have said on the subject. I repeat, if you and I both believe just what the apostles have said on any subject we cannot help being one, on that subject. The apostles, all being guided by the Holy Spirit never did preach different doctrines on any subject. Then ALL who are guided by their teachings will be united. Like causes, still produce like effects.

Question: How do you account for so many different doctrines being taught in the world today? Answer: All men who preach today are not guided by the apostle's teaching. Paul said, "For the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers having itching ears; and shall be turned away from the truth, and shall be turned unto fables." 2 Tim. 4:3-4. John said, "Many false prophets are gone out into the world." 1 Jno. 4:1.

Question: Do you mean that all who preach today must preach the same thing? Answer: Paul said, "The things that you have heard of me, 'The Same' commit thou to faithful men who shall be able to teach others also." 2 Tim. 2:2. Peter said, "If any man speak let him speak as the oracles of God." 1 Pet. 4:11.

Question: Does this mean that everybody must preach just what you do? Answer: All men, including myself, must preach just what the apostles did or be lost. Read Gal. 1:6-9 for yourself. Then read 2 Thes. 1:7-10. Now ask yourself this, "Can I expect to be saved if I do not obey the gospel of Christ?" Send questions to Price Bankhead, Post, Texas.

A minister of the gospel must be as wise as a serpent and as harmless as a dove if he would get along with everybody, including the devil. If he takes a stand publicly against any unlawful but popular practice or scheme on the grounds that it is a violation of the law and is generally demoralizing in its nature, he is meddling where he has no business, he is seeking to become a dictator, he is getting out of his province. He should sneak back to his pulpit and preach gently and cautiously, of course—to his own flock. We agree that a minister should be duly discreet in the pulpit and out of it so as not to offend any person unnecessarily, but if he goes about seeking all the time not to offend any one he is likely not

to be worth his tallow as a preacher. The contentious, narrow, intolerant carping, fault-finding type of preacher usually accomplishes little good in the world, to be sure, but of all the useless creatures on earth about the most puv and pirable is the preacher without a backbone. Possibly the gravest charge that can be brought against the ministry of the present day is that too large a block of it is spineless. Too many preachers have spines like shoestrings. They are afraid to take a stand, "officially" or otherwise, against entrenched evil or popular sentiment. All honor to the preacher who has convictions and also the courage to act upon them. Shame on the citizen, whether he be preacher, editor, or what-not, who seeks popularity by defending those who violate the laws of their country and refuses to take a stand against the business.

For one time, John L. Lewis was defeated. He met his Waterloo when he defied the courts and the Government of the United States. He had to surrender unconditionally. Although he tried to save his face by limiting the duration of his work order to March 1 and gave this work order professedly to give the Supreme Court plenty of time to consider and act upon the contempt charges against him, it was in reality a confession of defeat. Defeat came, however, after he had caused much suffering and intense anxiety to the people of two continents—North America and Europe. The punishment of \$10,000 assessed against him lacks much of being commensurate with the offense. The fine of \$3,500,000 against the Union Mine Workers was well deserved for they were dead wrong in following a labor dictator in defiance of the courts. They were wrong in the first place in breaching a contract entered into in good faith by the Government with their representatives. They were wrong in the second place in stopping work and thereby bringing untold suffering to countless millions of people. We hope that they got a lesson from which they will profit. And we hope that the new Congress, when it convenes, will enact legislation that will make it all but impossible for a few labor leaders or any given block of workers themselves, to bring such another calamity upon the nation and the world.

The Christmas holidays are approaching and we hope that all our people may have a happy Christmas season. But we know that tragic death and permanent sorrow will come into many a home in our country, into a few homes possibly in Lynn county, into some home right here in Tahoka. It will come into many homes, maybe into your home, because some thoughtless person thinks that he must celebrate Christmas by drinking liquor. And strange to say, a man under the influence of liquor either slightly or heavily, thinks that he can safely drive a car on the highway. Many of the wrecks that oc-

cur on the highways during the Christmas season will be caused by drunken drivers. We therefore appeal to every man who drinks, even though he drinks but lightly, that he resolve now while sober that he will never take a drink before starting out anywhere in a car; that he will never start out to drive a car if he has had just a drink or two or any amount of liquor. By doing so he not only endangers his own life but also the lives of those he may meet on the highway. His thoughtless act may cause the death of some child, some mother, or some mother's babe. Do not drink if you drive; do not drive if you drink. Make safe your own life and the lives of others so far as you can this Christmas season.

That hotel fire that occurred in Atlanta, Georgia, early Saturday morning was the most tragic and destructive of its kind in the history of America, although the building was thought to be fireproof. We do not know what the State of Georgia requires in the way of fire escapes, but there was none on the outside of the building. Scores of these trapped inside jumped to their death from outside windows rather than to be burned to death. Pityable beyond the power of words to describe must have been the scene. It behooves Texas officials to make careful inspection of all public buildings in this state to determine whether or not there are any firetraps among them. If so, proper equipment should be installed at the earliest possible date; and if our laws are not adequate the legislature at its next session should take speedy action to make them so. We want no such catastrophe in Texas—neither in a hotel, a school, a theatre, nor other building where many people resort or congregate.

We suspect that Truman stock has risen a bit since his attorney-general Tom Clark and assistants fought so vigorously and successfully John L. Lewis' efforts to make himself the undisputed master over our Government and the virtual dictator of 140 million people. It would have been much better if Truman and his predecessors had not pampered Lewis so long.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1-Taken like a tonic, it should stimulate appetite, aid digestion, & thus help build resistance for the "time" to come.
- 2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

The old-time writers, in sketching the life of some great man, would write, "He was born of poor but honest parents." Why "poor BUT honest"? Most folks are poor and honest, too. The fact that a

man is poor is a pretty good sign he's honest—because if he was dishonest and stole very much, he wouldn't be poor, would he?

A note from Frank Baldwin, colorful Waco, editor: "If you ever get in trouble, call me collect. Get in trouble, too. My experience has been that it's a lot of fun."

Fact of the matter is, controversy appeals to me, especially when there is an opportunity to render public service, along with the joy of a good scrap. As an illustration:

Winding through the great East Texas oil field is the Sabine River. Under that riverbed, nature stored a vast amount of oil, which belongs to the State Permanent School Fund. The State invited bids from oil companies so that leases might be awarded, the oil produced and the schools receive the royalty. The bidders offering the highest royalty were given the leases.

But after a number of wells had been drilled, some of the companies wanted the royalty reduced and the State agreed. That was the situation until, as a newspaperman studying

public affairs in Austin, your columnist found out about it and, through the press, revealed the story.

School leaders, school trustees and the public joined in, and we insisted until the original royalty was reinstated and thereby the schools have benefitted, and will benefit, to the extent of millions of dollars.

Mrs. R. P. eathers and daughter, Nancy Ray and Mrs. David Weatherers and also the former's daughter, Mrs. Bill Sewell of Slaton, returned Tuesday night from a visit with relatives in Graham and Dallas.

Mrs. Beecher Sherrard went to Moran Tuesday to attend the Golden Wedding anniversary of her parents, Mr. and Mrs. J. V. Randolph. She was accompanied by Mrs. E. I. Hill, who went to visit Miss Lora Williams in Albany and other friends there and at Moran made while she was county home demonstration agent in Shackelford county. They returned home Wednesday afternoon.

Judge J. W. Elliott has returned from a visit with his brother at Vernon.

Get Phillips 66 Gasoline

Phillips regulates "66" gasoline to your seasonal driving conditions—that's why you get those quick starts on cold mornings! That's why your car will warm up faster than it does with low volatility gasoline.

We draw on our vast reserves of high-test natural gasoline to give you more highly volatile elements in your fuel as the weather gets colder.

For good service... Phillips 66!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

Try Phillips 66. See if this "controlled volatility" doesn't give you quicker starts and easier warm-ups in cold weather. Drive in at the next orange-and-black "66" sign!

W. W. GURLEY AND DARLENE WILKE WED

Miss Darlene Wilke, daughter of Mrs. E. C. Wilke of New Lynn, and W. W. Gurley, son of Mrs. C. A. Telfson of Amarillo, were united in marriage on Saturday night, November 23, in a double ring ceremony read by Rev. E. C. Poehlmann, Lutheran pastor at Wilson, in his home.

The bride wore a powder blue suit with black accessories and a corsage of white gardenias.

The couple was accompanied by Elbert Carey, best man, Miss Frances Harwell, bride's maid, Lee Troy Lester and Miss Agnes Havilah, all of Lubbock.

The couple attended Tahoka high school, the bride being a 1945 graduate, and she also attended Draughn's Business College in Lubbock.

Following a wedding trip to points

in New Mexico, the couple are now at home in Lubbock.

NEW HOME CAGERS WIN THIRD PLACE IN TOURNEY

By Mrs. A. L. Pace

The New Home basketball team entered the Roosevelt tournament which started last Thursday, December 5. New Home boys were successful over the Wilson team Thursday night. But unfortunately the New Home boys were eliminated by Cotton Center. The scores were 36 to 37. The girls were successful over Cotton Center Friday afternoon at 2:00 o'clock. Saturday they played Roosevelt, who defeated them by one point. Then New Home played at 6:00 o'clock for third place. Shallowater girls were their opposing team. New Home won with a score of 18 to 20.

We are all very proud of the trophy and intend to try harder in the next tournament we enter.

The Basketball girls were all made very happy by the arrival of their new basketball suits. We received twelve suits of which the color is red and white. Everyone is looking forward to the next game when the new suits will be worn.

New Home boys and girls play Friendship at New Home Friday night.

MRS. HERMAN HECK SPONSORED MUSIC RECITAL

By Mrs. A. L. Pace

Mrs. Herman Heck sponsored a music recital at the New Home Methodist Church Dec. 12.

The pupils participating in the program were: Greta Heck, "Serenade" and "Banjo Picker"; Rebecca Louise Morrow, "My First Waltz"; Gloria James, "Echo"; Martha Roper, "Little Princess"; Betty Fillingim, "In Old Vienna"; and "Rustic Dance"; Willie Nelman, "My Popgun"; Shirley McClintock, "Dance of the Wooden Shoes"; Willa Mae Minton, "Song of the Drum"; Katherine Ann Roper, "Singin' in the Cotton Fields"; Joy Dean McClintock, "Woodland Waltz"; Kenneth Hargrave, "Ring out Sweet Bells"; Norvene Hyder, "Joyous Waltz"; Norma Dene Murray, "Londonerry Air" and "Dorothy"; Wilda Ann Shockley, "My Bonnie"; Mary Beth Russell, "The Gay Butterfly"; Dorothy Ann Balch, "Tree Squirrel"; Sylvia Edwards, "Dreamy Daises"; Genevieve Renfro, "Harmonic Rigue" and "Minuet in G"; Dorothy Ann Taylor, "The Clock"; Bernadine Rudd, "Shepherds Call" and "Torreador Song"; Barbara Sue Taylor, "The Skating

Lady"; Bonnie Murry, "The Guitar Serenade" and "Deep River"; Shirley Roper, "Pop Corn"; Adrianna Evans, "From a Wigwam"; and Mary Bess Bades, "The Popcorn Man".

Mrs. E. D. Crouch reports that she has a new granddaughter, Ronnie Lee Sparks, born to Mr. and Mrs. C. D. Sparks of Hobbs, New Mexico, on November 24. Mrs. Sparks was critically ill for several days following the baby's birth in a Hobbs hospital, during which time Mrs. Crouch was with her. Mrs. Crouch returned to her home here when the condition of her daughter improved and she was released from the hospital. Latest word is that the baby and its mother are both now doing well.

Howdy Folks: A customer gave us a shock the other day. She asked us why we never advertised. Imagine our surprise, as our ads have run more or less regularly.

When we told her we did advertise and showed her an ad to prove it, she said, "Yes, but they look so much like all the rest, why don't you doll them up a bit so they'll be easier to catch?"

That set us to thinking. Maybe she was right. We thought of a lot of ways to make the ads sensational, but decided that columnists got more readers than most writers, so we decided to try our hand as a columnist.

Of course we won't attempt to be a "keyhole" columnist, but we'll try to give you a few smiles now and then, and yes you're right, we'll probably talk a little bit about the oil business.

So watch for our little column in the pages of the News each week.

NEW HOME W. M. U. MET AT CHURCH

By Mrs. A. L. Pace

The Baptist W. M. U. met at the church for a covered dish luncheon and day of study and prayer for Foreign Missions. Mrs. Henry Heck taught a book "Now Is The Day". Plans were made to pack boxes of clothing for relief in war-torn countries and for baskets of food for local needy for Christmas.

Those attending were: Mrs. E. C. McDonald, Mrs. J. B. Edwards, Mrs. Cecil Bradshaw, Mrs. J. W. Edwards, Mrs. J. H. Kornegay, Mrs. Leroy Nettles, Annetta Kay Bradshaw and Mrs. Henry Heck.

Congratulation--

To Mr. and Mrs. Mason Polk of Denver City upon the birth of a daughter, Beverley Anne, in the Seale Clinic here on November 26. The mother was employed here in Caloway Huffaker's office during the war, while Mr. Polk was doing service in the Navy.

Mr. and Mrs. Guy Barrington of Tahoka upon the birth of a daughter in the Seale Clinic on the same day and she was named Janice Sue.
