Number 14

## Many Town Lots Sold At Tax Sale Here Tuesday

As the culmination of many suits filed in the District Court here a few months ago for taxes due the State, County, City, and Tahoka Independent School District on numerous vacant lots and a few which were occupied as residences or business property, many of these lots were sold at sheriff's sale to the highest bidders here Tuesday afternoon.

Most of the lots brought a fairly good price—better than was expected—and in some cases the bidding became very spirited.

The lot bringing the highest price was a business lot situated on the public square and brought \$1,255.00. Quite a few of the lots were situated far out on the outskirts of town and in other undesirable locations, and there was little demand for these lots. In many instances the Sheriff bought them in for the County and the other taxing units joining in the suits.

In some instances, hardships were worked on owners of cheap property against which taxes had been accumulating for years, but in most of such instances the owners were able to pay them in at figures far below the total amount of taxes which had accumulated.

The State and County and other taxing units cooperated generously with such individuals, fixing a fair price on the value of the lots and permitting the owners to bid them in for these valuations provided other bidders did not run the price up above these valuations.

The sale attracted much attention in spite of the cold weather that prevailed and was generally regarded as quite a success. Many citizens have thus been enabled to clear their property of tax debts, and the lots have been bought in by the County and will doubtless be offered at sale in due course of time at prices which private individuals will be willing to pay.

## Name Winners In Christmas Contest

Alton Cain won the \$25.00 prize by the most beautifully decorated home in the pre-Christmas contest sponsored by the Chamber of Commerce, and Terry Thompson won the same amount of the "long green" for the most attractive business window down town.

That's the way it was reported, to us, and the two men have been scrutinizing around rather chestily ever since, but we would bet a five-cent cigar that neither one of the men had much to do about it. Their wives are probably due just about all the credit. This is another time when, as usual, we are going to take up for the women.

There were quite a number of attractive down-town windows and beautifully decorated homes in Tahoka, but there would have been many more if lighting equipment had been available. We are hoping for a return to normalcy in spite of the threat of atomic bombs and the Republican party before another Christmas rolls around.

## Druggist Is Host At Rexall Meet

Druggist Wynne Collier, of Tahoka, proprietor of the Rexall store and fourth vice president of the Texas Rexall Club, will be one of the official convention hosts when Rexall druggists from Texas, New Mexico and Oklahoma meet in Fort Worth January 13, 14 and 15 for their regional convention.

More than 700 Rexall druggists from the three states have been invited to the convention sessions at the Texas Hotel. Store proprietors will attend the first two days then return to their businesses so their employees may come to Fort Worth for the final day.

The Rexall Drug Company's 1947 plans for store identification, training of sales personnel, merchandising, advertising, store construction and remodeling will be explained to the druggist delegates.

## Paraplegic Operates Tractor

There's more to this picture of a young Texan and his tractor than meets the eye. The special left-hand gear shift permits James Qualia, Lubbock, to turn in a full day's work on his farm, although he has been paralyzed from the waist down since his B-24 crashed in Italy. A Veterans Administration official approved the tractor as a means of improving and maintaining his farm.

## Doyle Terry Home From Overseas

Doyle Terry, who has been in Japan for over a year, notified his wife, Mrs. Virginia Terry, Tuesday, that he is again in the States.

The news is informed that he is to receive his discharge and return to civilian life soon.

Mr. Terry operated the D. & M. Drug store before leaving Tahoka. He is the son of Mrs. E. B. Terry.

## Gagnat's Father Died Tuesday

D. W. Gagnat received a message Tuesday to the effect that his father had died in Kansas City, and he left by plane for that city Tuesday afternoon. His daughter, Miss Myrna Gagnat, left by plane for the same city on Wednesday afternoon.

Mrs. Gagnat is ill and in the West Texas Hospital and could not be reached for more definite information respecting the death and the funeral, but employees in the Gagnat store here were presuming that the funeral services would be conducted Thursday afternoon.

Mr. Gagnat was called to Kansas City a few weeks ago by the serious condition of his father but left him seemingly much improved.

## Congratulations...

Mr. and Mrs. W. W. Tuckney upon the birth of a girl on January 7, at the Seale Clinic. The little lady has been named Pavet's daughter.

Mr. and Mrs. A. R. Romines upon the birth of a girl on January 8 at Seale Clinic.

Sgt. and Mrs. Jim Rainold of Leesville, Louisiana, upon the birth of twin daughters on December 21. The little ladies answer to the names of Cheryl Lynn and Ann.

Sgt. Rainold is the son of Mr. and Mrs. Frank Rainold Sr. of Tahoka.

Sgt. and Mrs. S. C. Liston upon the birth of a son on December 29, whom they have named James Arthur. Sgt. Liston has been enlisted in the recruiting service and is now stationed at Salt Lake City Utah.

Mr. and Mrs. Alvin Shambeck of Joe Stoes upon the birth of a daughter weighing only 3 pounds and four and a half ounces at 4:54 Saturday morning, December 28, in Lubbock Memorial Hospital.

Mr. and Mrs. Everton Nevill upon the birth of a daughter weighing 7 pounds and 1 ounce at 10:25 p. m. Saturday, December 23. The little lady has been named Sheryl Anne.

Mrs. Jane Westfall of Harrisburg, Pennsylvania, left for her home last Saturday after having spent the Christmas holidays with her daughter, Mrs. Durward Unfree of Petty.

The Marvin D. Hinkle family left a few days ago for Portland, Oregon, and wrote back for the Lynn County News to follow them. It will go.

## Cage Teams To Play Here Tonight

Last week the Tahoka High A-squad was defeated in a conference game at Post by Post 36 15-16.

The Post team is leading in the conference with no games lost and Tahoka is trailing close behind only losing one game to date.

**Games Here Tonight**  
Tonight there will be two conference basketball games played at the local gym.

Tahoka plays Slaton and Post will play O'Donnell.

It was not stated whether or not the girls will play a game tonight.

**Tahoka A and B Teams Split Two With Seminole**

Tuesday of this week both the A and B teams of Tahoka went to Seminole and each played two games, winning one each.

The B team lost in the afternoon to the Seminole B team by a score of 28 to 31, but defeated the same team that night 32 to 31. High point man in both games was Healey. In the first game he scored 14 points and in the second game 12 points. Sherrod scored 11 points in the second game.

The A team lost to the Seminole team the first game 38 to 26, but also bounced back that night to win 43 to 40. In the first game Botkin was high point man, scoring 10 points. Minor was high point man in the night game scoring 13 points and Botkin trailing him with 11 points.

**Legionaires Finally Win One**  
The Tahoka Legionaires finally broke the ice and won a game the other night, defeating the O'Donnell Veterans 36 to 25.

High Point man for the night was Brownlow of O'Donnell who scored 13 of the 25 made.

The Legionaires were scheduled to play last night at the local gym, but we had already gone to press before game time.

Also the Boy Scout basketball team of Tahoka, coached by L. A. Forsythe, was to have played the Wilson Boy Scout Cagers on the local hardwoods last night.

## Boxing Team Goes To Morton Jan. 23

The Tahoka High School boxing team will travel over to Morton Jan. 23 for a return match with the Morton boys.

Recently the Morton boxing team came over to Tahoka and now the Tahoka team is returning this match.

Some of the boys on the Tahoka team looked pretty good, but we didn't see any A. L. White or H. L. McMillan or Billy Driver's. However this is the first year that boxing has been taught here for the last couple of years and a new crop of boys are coming up and may show up a lot better after a few more fights and a little more training. In fact we saw one or two good prospective fighters up there the other night.

Mrs. J. P. Unfred reports that Mr. and Mrs. Acie Bailey, who formerly resided at New Home, returned recently from a three weeks trip down to Mexico City and intervening points. Acie was formerly in business at New Home but after the war he and wife moved to Lubbock.

## Mrs. M. E. Fillingim Died January 1

Mrs. M. E. Fillingim, 85, died suddenly at 8:05 p. m. Wednesday, January 1, in the home of her son, R. L. Fillingim, in the Lakeview community.

Funeral services were held the following afternoon at 5:00 o'clock at the McDonald Funeral Home, Lubbock. Rev. E. C. McDonald of New Home delivered the funeral discourse. On Friday morning her body was carried overland to Bell cemetery about ten miles north of Vernon and laid to rest beside her loved ones.

She leaves surviving her six sons and one daughter: Mrs. C. S. Anderson of Levelland, T. F. of Plains, I. G. of Briscoe, O. L. of Cedar City Utah, H. T. of Rotan, A. C. and R. L. of Tahoka, 33 grandchildren and 14 great-grandchildren.

Mrs. Fillingim was born in Pike county, Georgia, in 1861. She was married to A. T. Fillingim in 1894 near Troy, Alabama. To this union eight children were born.

She was a member of the Methodist Church and took an active part in its services as long as she was able to attend.

The family moved to Texas in 1898, living one year near Eastland. Later they moved to Storewall county, where they were engaged in ranching and farming. In 1910 they moved to Wilbarger county near Odell. While there she lost a daughter and her husband of meningitis during the scourge that swept Texas in 1912. There were only three days difference in their deaths.

Shortly after that she finally went to Yoakum county, where she resided until recent years. When her health failed, she went to live with her children, and had lived in the Lakeview community about five years when death came.

## Ed Akin Opens New Cafe Here

Mr. and Mrs. Ed Akin are opening a cafe this week in the building two doors north of the AAA building on Sweet Street, the location of the old Black Cat Cafe.

The building has been renovated and new equipment installed. The Akins expect to serve dinners and short orders.

## M. H. BRASHERS CELEBRATED WEDDING ANNIVERSARY

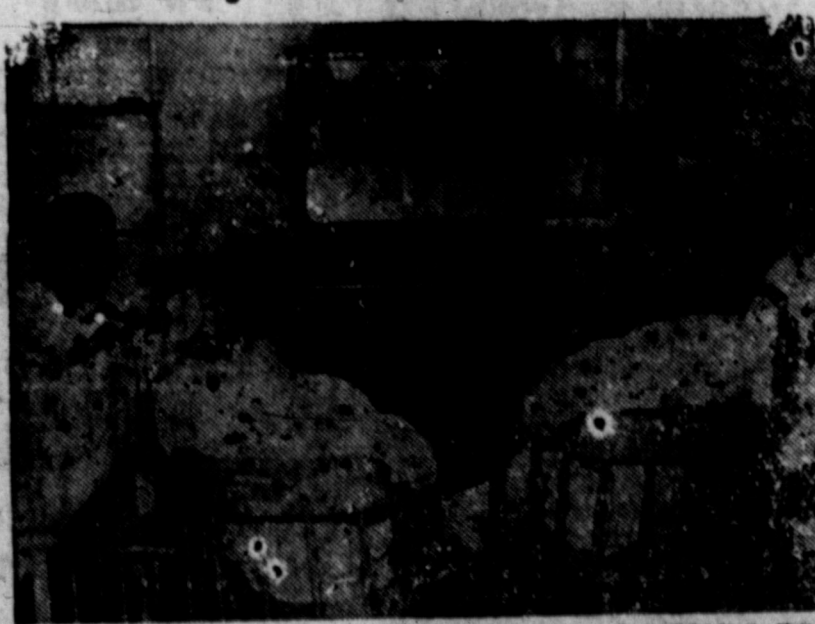

Mr. and Mrs. M. H. Brasher celebrated their twenty-fifth wedding anniversary in their home six miles north of Tahoka last Sunday, January 5.

A dinner was given in their honor and they were presented with gifts of silverware by their children. Mr. and Mrs. Walter Brasher, Mr. and Mrs. Prentice Brasher, and Mr. and Mrs. Blair Ramsey, Kenneth Emma Jean, Wayne, and Floyd Brasher, all of Tahoka.

Other guests were Mr. and Mrs. Edward Pool of Three Lakes, Mr. and Mrs. Jack Miller, and son Billy Mack of Tahoka, Mr. and Mrs. For Todd of New Home, and Mr. and Mrs. J. T. Miller of Tahoka.

J. R. Lambert and family are moving from Hobbs, New Mexico back to Lynn county. They will reside in the Draw community.

## Designs Portable Movie Outfit

Patients at the Roanoke, Va., Veterans Administration Hospital here view sound movies by means of a portable outfit, designed and assembled by Marshall E. Seyorly, who stands at the right of the device. The picture is projected from the left.

## New County Agent Assumes Duties

W. B. "Bill" Griffin, whose work as county agent began here on January 1, has procured apartments in the home of Mrs. W. D. Nevels, and he and Mrs. Griffin moved in Sunday.

As stated heretofore, Mr. Griffin had been serving as assistant county agent of Lubbock county since June, 1945. During the war he served in the U. S. armed forces in the British Isles, Africa, and Italy. He was married on April 6, 1946, to Miss Eloise Nettles, who had worked in the Triple-A office here for several years. So, he is now at work in the same building in which she did such excellent service for a few years.

## Jim Woods Is Badly Burned

While Jim Woods was inspecting the thermostat on a water heater in the A. L. Smith Cold Storage plant Wednesday, he sustained severe burns of the face and head as the result of an explosion of a small amount of gas that had accumulated under the heater. He had his face down near the floor and was peering under the heater at the time.

He was taken to the Tahoka Clinic where the burns were treated. While rather severe and very painful, it is not believed that any serious permanent injuries will result. Thursday he was reported to be doing very well.

## Grassroots...

(By Bill Griffin, County Agent)  
A question that many of us are interested in now is: What are the chances for getting plenty of insect and plant poisons during 1947?

Supplies of some of the major insecticides are improving but some will still be short in 1947. Arsenicals, which are the backbone of insecticides, will be in short supply again.

ROT, which you are all probably interested in, is becoming more available and you will be able to get good supplies of it.

It looks now like the shortage of DDT, the familiar plant lice poison, will continue during 1947.

You can expect Rotenone, the valuable household and agricultural insecticide to be in larger supply than in 1946.

Another problem we all are interested in is controlling our plant enemy, Johnson Grass. A few things that may be done during the winter are: applying salt to small spots in your field at the rate of one pound per square foot. Remove old fescues and plow that area. Start planning your Johnson grass fight for the next growing season.

## FRANK DECKERS HAVE FAMILY REUNION XMAS

Mr. and Mrs. Frank Decker had all their children and families with them during Christmas week and report that all greatly enjoyed being together again.

The visitors were Mr. and Mrs. W. H. Bennett and children of Fort Worth, Mr. and Mrs. Carl Decker and children of Seminole, Mr. and Mrs. W. L. Parrish and son and Mrs. Delbert Brown and children of Tahoka.

Mr. and Mrs. J. P. Unfred of Petty visited relatives in Lamesa recently.

## Cold Spell Ends, Slow Rain Puts Season In Soil

A slow drizzle, mist, and snow which fell Thursday amounted to 12 of an inch of moisture, according to The News rain gauge. It made the streets sloppy and ran the total precipitation since the blizzard struck up to more than a half inch.

The blizzard which was reported in this paper last week was not over by any means when last week's paper went to press. Up to that time the lowest temperature recorded by the News thermometer was 12 degrees.

On Friday morning the temperature had dropped down to 4 above zero and on Saturday morning it registered 3 below. This was the first time Lynn county had experienced sub-zero weather in quite a number of years.

People here thought that it was cold but the weather bureau station at Lubbock reported a low of 9 degrees below zero on the same morning, and during most of the blizzard period it registered several degrees below that registered here. It evidently gets several degrees colder in blizzard weather at the Lubbock station than it does in Tahoka.

The weather has remained cold ever since, running below the freezing point every day until Thursday, and at times there have been flurries of snow and sleet and just a little rain. Total moisture registered up to Thursday morning was 40 or an inch but on account of the difficulty of registering the snowfall accurately it may have run a little higher than that. Rain is falling slowly as this is written.

The moisture will help some, and while the intensely cold weather was disagreeable many think that in the long run it will be good for the country.

## Father Of Local Men Is Buried

J. L. and E. H. Cunningham and Mrs. S. J. Cowart received the news Saturday to the effect that their father, A. T. Cunningham, 99, had died early that morning at the home of a daughter at Terrell, Kaufman county, but on account of the bad weather and sickness in their own homes none of them were able to go down to the funeral services.

As a matter of fact, they did not know just where nor when the funeral services would be held. Some of them had visited their father during the past few months and they knew that he could not live very much longer. He had been seriously sick much of the time the past few months.

Born on August 30, 1847, he would have been 100 years old if he had lived until next August 30.

He and his family moved from Batesville, Arkansas, to Kaufman county, Texas, in 1884. About two years later he bought a farm near Terrell and moved upon it. He was still there on that same farm at the time of his death.

He united with the Baptist Church 55 years ago and was baptized by Rev. Perry Shilling, an uncle of John Roberts who lives near Tahoka and teaches in the Tahoka public schools.

Deceased is survived by four sons and four daughters, as follows: Mrs. Telda Ashcraft, Priona, Texas; J. R. Cunningham, Clarendon; J. M. Cunningham, Henryetta, Oklahoma; J. L. Cunningham and E. H. Cunningham of Tahoka; Mrs. Ida Moore, Dallas; Mrs. Docia (S. J.) Cowart, Tahoka; and Mrs. F. Meek, Terrell. Mr. Cunningham's life companion died years ago. He was living with his daughter, Mrs. Meek, up to the time of his death.

Mrs. Elwayne Nevill returned Monday night from spending the holidays with her parents, Mr. and Mrs. W. O. Robertson at Mount Pleasant. Mrs. Nevill was accompanied home by her sister, Mrs. Alvin Robinson and little daughter, Jan Lowery, of Washington, D. C.

George Pugh of Draw had a short visit during the holidays from three of his brothers and a nephew from Mississippi. The four men, R. C. Pugh and son of Senatobia, C. R. Pugh of Enid, and B. W. Pugh of Lottin, had been out to see the great Carlsbad Cavern and other scenic views in that area and made a stop-over while enroute home.

#### MY DUTY

Ecc. 12:13-14.  
On this the first day of 1947 I am thinking of the responsibility of all teachers of religion. Especially am I interested in, "What Is My Duty." The Lord has said, "It is not in man that walketh to direct his steps." Jer. 10:23. Again it is said, "There is a way that seemeth right unto a man; but the end thereof are the ways of death." Prov. 12:2. To me the last passage is a dark word picture. To know that it is possible for me to be doing that

which "seems right," and then at the end of the way find that I have been wrong all the time!

Then what is my duty? How may I know what is right? Let the Lord tell me what is right. "The Statutes Of The Lord Are Right." Ps. 19:8. Then, "What has the Lord commanded me to do?" Hear Paul to all preachers or teachers: "Preach the word." 2 Tim. 4:2. "The things that thou hast heard of me, . . . the same commit thou to faithful men who shall be able to teach others also." 2 Tim. 2:2. If all religious teachers would live true to Paul's instructions then division among us would begin to go away like a mist before the rising sun. Paul said, "Through we or an angel from heaven preach any other gospel unto you than that ye have received let him be accursed." Gal. 1:8. Why should any man want to preach any thing that the Apostles did not preach? Christ sent the Holy Spirit to guide them into all truth. Jno. 16:7-13. Peter said, "His divine power hath given unto us all things that pertain to life and godliness." 2 Pet. 1:3. Paul said, "Every scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction which is in righteousness; that the man of God may be complete, furnished completely unto every good work." 2 Tim. 3:16-17. Peter said, "If any man speak, let him speak as the oracles of God." 1 Pet. 4:11. John said, "Whosoever, (that includes preachers) transgresseth and abideth not in the doctrine of Christ, hath not God." If there come any unto you and bring not this doctrine, receive him not into your house, neither bid him God speed; for he that biddeth him God speed is partaker of his evil deeds." John 9:11. Paul said to Timothy, "Take heed unto thyself and unto the doctrine; continue in them: for in so doing thou shalt save thyself and them that hear thee." 1 Tim. 4:16.

Summing up I find that I must preach just what the apostles preached and then practice what I preach. God being my helper I shall try to do just that—Price Bankhead, Post, Texas.

#### MANY VISITORS HERE FOR LANE JONES FUNERAL

The names of many out-of-county visitors, not available at the time who were here attending the Lane Jones funeral on December 27 have been furnished us. Some of them were relatives, some friends, and the number show that there was wide-spread interest in this regrettable tragedy. The list follows.  
Mrs. Lora Lane, Colorado Springs, Col.; Mr. and Mrs. Otis Buchanan and Don, Amarillo; Mr. and Mrs. J. B. Short and Jack, Amarillo; Mr. and Mrs. James Burdett, Mr. and Mrs. Weems Jones, Mr. and Mrs. Perry Brown and Evelyn, all of Lubbock; Mr. and Mrs. Pelham Clements and Jo Ann and Martha, Plainview; Mr. and Mrs. John Lane, Lake Arthur, New Mex.; Misses Maggie and Alma Lane, Carrizozo, New Mex.; Mr. and Mrs. C. D. Weems, Ruidoso, New Mex.; Thurman, Ace, and Alex Jones, Hot Springs, New Mex.; Mrs. Clara Lindsey, Levelland; Mr. and Mrs. Wilburn McCarty, Tulsa; Mrs. Andy Sewalt and Alvis, Brownwood; Mr. and Mrs. Walter Odom, Brownwood; Mr. and Mrs. Herman Richards and John, Alamogordo, New Mex.; John Staveley, Pluvanna; Mrs. Clara Nickell, Levelland.

#### MANY ORDERS FOR PHONE SERVICE BEING WITHHELD

In spite of the difficulty encountered by Telephone companies in procuring material and equipment, 39 telephones have been installed in Tahoka since V-J day, according to Mrs. Hawkins, Chief Operator here. There were 501 telephones in operation here on V-J day and 540 on December 1. The number on the Wilson exchange had increased from 30 to 56 during the same period of time.

In addition to new phones installed, there were 91 held orders for phone connections in Tahoka on December 1 and 7 in Wilson. It is estimated that there are currently 2 1/2 million orders for telephone service held throughout the United States due to lack of facilities. The Southwestern Associated Telephone Company, who owns and operates the telephone exchange here, and exchanges in the States of Kansas, Louisiana, New Mexico, Oklahoma and Texas, has 8,691 such applications held by that Company on December 1, 1946, even though 8,347 telephones have been installed for civilian use since V-J day.

Mr. and Mrs. Cecil Waller and Mr. and Mrs. M. Waller of Dalhart spent several days last week with their aunt, Miss Emily Waller at Draw. They are sons of W. W. Waller of Ben Holt and all formerly lived at Draw. Cecil has spent five years in the Army and Malvin three years in the Navy since they moved away from Lynn county.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.  
No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.  
**CARDUI**

## Feature Show At Local Theatre

They're reviving "The Merry Widow" this season and when this star-of-roses set to music had its world premiere in Vienna in 1907, "The Great Train Robbery," the first film ever made, had already been making audiences in America pop-eyed for some four years. Produced in 1903 by Edwin S. Porter, it was the first moving picture, to tell a story, running for the then incredible length of 12 minutes. Up to that time, movies were fragmentary things, "newsreels" of moving traffic, people walking—anything, as long as it showed something or somebody in motion. That was fascinating enough. With D. W. Griffith's last silent film "The Struggle," produced in the late twenties and now re-issued with no holds barred under the title of "Ten Nights in a Barroom," these two films mark the beginning and end of an era. In between, the art of the silent film flowered and died. Anyway, the Alpha and Omega of the silent film, in one of its manifestations, will be on view at

the Rose Theatre beginning with a Midnight show on Saturday, January 15 and running through Tuesday, January 28 as part of a sentimental nosegay tossed at the old bucks and "grand dames of yesterday" who once thrilled at the "flickers" in the nickelodeons of America those same "flickers" that are today museum pieces and an insight into the American psyche of the fabulous early 1900's.

In 1903 the movies in America were about ready to give up the ghost—they were a flop, everybody agreed. Then came "The Great Train Robbery" and proved that a continuity could be maintained between various shots of objects moving and people walking. The film industry was saved. A new field opened up. Everybody began writing stories for the "flickers." The Edison Company, which made it, was solvent again.

Some two and a half decades later, Griffith, who with a string of notable films behind him, including "The Birth of a Nation" and "Intolerance," returned with a cinema tract that was a moral preaching against the evils of drink. To Griffith, temptation has always been in the words of Menckel, "An irresistible force encountering a moveable body." None felt so hard before the tempter (or temptress) as the heroes and heroines of Griffith's films. "The Struggle," which featured Hal Skelly, was such a story, made during the prohibition era; modern audiences could hardly be expected to work up the same moral fervor as they once did over it. A synchronized, musical score will be punctuated during the

**Better Hybrids**  
Iowa was one of the pioneer states in introducing hybrid varieties, but as recently as 1934 only four of the Iowa hybrids were available to farmer seed producers and corn growers. One was recommended for the northern part of the state, one for the southern and two for central Iowa. These were the "better" corns that took the place of open-pollinated varieties, and swept the fields until open-pollinated corn is now a real rarity in Iowa. Today not one of these "better" hybrids of 1934 is growing on substantial acreage, having given way to "still better" hybrids. Yield has been maintained or increased, plants are less likely to lodge or drop their ears and they are more resistant to diseases and easier to harvest by machinery.

**Gourmet's Paradise**  
The potato is a staple food in the Chileans' diet, and they use it in many ways with their fine sea food and high grade meat dishes. Add to this the vintage wines for which the country is famous and you have a true gourmet's paradise. A typical Chilean meal, for instance, consists of a "cazuela," chicken or lamb soup with potato, half an ear of corn and string beans. This is followed by "empanadas de horno," baked meat pie, containing chopped meat, onions, olives and a slice of hard boiled egg. To aid digestion and stimulate the appetite one has the choice of the finest white or red wines.

**Rinse Coffee Cups**  
If dishes must stand before washing, be sure to empty and rinse out coffee and tea cups. Otherwise these beverages may leave a dark stain that is hard to remove. If a cup becomes so stained that soap and water will not remove the discoloration, rub with a moist cloth dipped in soda or baking powder. Do not scour china or pottery. Hard rubbing and cleaning powders may cause color or gilt to fade and damage the smooth surface. Chipped or cracked dishes—or those with the glaze off—are not sanitary, even after they are washed.

**Fertilizers Add Nutrients**  
Fertilizers have definite influence on the nutritive value of pasture plants and on the physical conditions of the animals grazed on them, according to experiments conducted at the department of agriculture's experiment station. Nitrogen applied to Kentucky blue grass increased the crude protein 12 per cent. The addition of phosphate and potash also increased the crude protein content. Not only that, but when phosphate was applied, it increased the phosphorus content of the grass by 25 per cent and the calcium content by 16 per cent. Also, the addition of phosphate to white clover, increased the phosphorus in the clover by 22 per cent and the calcium by 12 per cent and also gave some increase in the crude protein.

theatre's presentation, with appropriate musical "remarks" by an old-time pianist who no longer has any illusions left about anything.

## ABOUT THE WATER CONSERVATION QUESTION:

Because of erroneous information being spread throughout the High Plains area that the Lubbock Chamber of Commerce and the Lubbock City Commission are in favor of legislation to regulate the drilling of wells and pumping of water in the region, the two groups held a joint meeting Friday, January 3, in the City Commission room to discuss the problem.

It was unanimously stated that neither the Chamber of Commerce nor the City Commission had ever agreed to back any such legislation and the following joint statement was issued by C. A. Bestwick, Mayor of Lubbock, and Roy Furr, President of the Lubbock Chamber of Commerce.

"The Lubbock City Commission and the Lubbock Chamber of Commerce have not advocated, proposed, approved or endorsed any legislation, rules or regulations in regard to protecting, controlling or allocating underground water.

"The two organizations are opposed to any legislative proposals until the people of this area have the opportunity to thoroughly study them.

"Both groups do advocate and propose a thorough study of the underground water resources of the area and ask the cooperation of all the citizens of this section in helping to put into effect protective measures if the study indicates they are needed."

The two groups voted to meet at the request of the High Plains Water Use and Conservation Association with directors of that organization, January 10. A number of similar meetings are planned with other interested groups to thoroughly inform them of the position of the Lubbock Chamber of Commerce and the Lubbock City Commission.

## Lynn County News

Tahoka, Lynn County, Texas  
E. I. Hill, Editor  
Frank P. Hill, Associate Editor

Entered as second class matter at the post office at Tahoka, Texas under the act of March 3rd, 1879.

**NOTICE TO THE PUBLIC:**  
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of The Lynn County News will be gladly corrected when called to our attention.

**SUBSCRIPTION RATES**  
Lynn or Adjoining Counties: Per Year \$1.50  
Elsewhere, Per Year \$2.00  
Advertising Rates on Application.

Two 15-year-old Negro boys have been sentenced to die on January 17 in Mississippi for the recent murder of a business man perpetrated while in the act of robbing him. If these boys had been mature men, the punishment would not seem too severe. But there is something in the breast of most of us that causes us to rebel or protest against the death penalty for a mere boy. Furthermore, most of us doubtless feel that the death penalty would not have been inflicted if the boys had been white instead of colored. But Governor Wright of Mississippi, after making some kind of investigation of the case, has refused to commute the punishment to life imprisonment. The attorney for the

defendants has announced that he will appeal the case to the Supreme Court of the United States. We do not know whether he can show good grounds for a reversal of the case or not, nor does anybody know what the Supreme Court will do with the case if it reaches that tribunal, but most people will probably sympathize with the boys solely on account of their youthfulness. Governor Wright will doubtless be berated by many people for not commuting their sentences. We wish that he had done so. But, it must be remembered that it was a terrible crime which they committed, and in these latter days some of our most hardened criminals are mere boys. Some of these are emboldened to commit atrocious crimes by the feeling that the courts will be lenient with them on account of their tender ages. It is high time for our youths to be convinced that they too will be severely punished for the commission of outrageous crimes. Governor Wright and the jury which assessed the death penalty in the first place may have done a distinct service to the youth of our country who are criminally inclined by the severity of the punishment assessed in this case.

## CONTRACTOR'S NOTICE OF COUNTY HIGHWAY CONSTRUCTION

Sealed proposals for constructing 14.225 miles Farm to Market Road comprising grading, drainage and paving from Wilson east to Garza County Line, and a four mile spur extending north from a point 2.5 miles west of County Line, will be received at office of the County Judge of Lynn County until 11 A. M. February 6, 1947, and then publicly opened and read.

It is anticipated additions, extensions, deductions to this project in general, not to exceed 25%, will be made and handled as a change order at a later date.

Bidders must submit a cashier's check or certified check for Five Thousand Dollars (\$5000.00) as a guarantee that the bidder will enter into contract under the conditions set forth within ten days (10) after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The County reserves the right to reject any or all bids. Plans and Specifications may be obtained at the office of Hasie & Green Engineering Co., Wilson Building, or P. O. Box 1139, Lubbock, Texas, upon a deposit of \$25.00, \$20.00 to be refunded when same are returned.

## Sidelights From Washington

By George Mahon  
This is being written on the opening day of the new Congress. Joe Martin, Republican from Massachusetts, this afternoon took the oath of office as Speaker of the 80th Congress, carrying this position of power and responsibility to the Republican Party for the first time in 16 years and to New England for the first time in 21 years. Joe Martin is 62 years of age, a newspaper publisher and a bachelor. He is not a brilliant man, but he is an agreeable, friendly sort of person who is well-liked and respected by the House Membership. While the Democrats realized they lacked the votes to re-elect a Democrat as Speaker, Sam Rayburn of Texas was nominated. The vote was 244 to 182 in favor of Mr. Martin. However, Mr. Rayburn was elected by the Democratic Caucus as the Democratic Leader in the House.

Mr. Rayburn had said that he would not accept the leadership and had promised his support to John McCormack of Boston, Massachusetts. Texas Members felt that it would be a severe loss to Texas and to the South if Mr. Rayburn should refuse the leadership, particularly if the job should go to someone who had no firsthand knowledge of Southern problems of agriculture and industry. Democratic Members from other states were unanimously for Mr. Rayburn but sharply divided as to anybody else. Mr. Rayburn finally consented to take the job and was elected without a dissenting vote.

It is generally agreed in Washington by both Republicans and Democrats that President Truman has taken on additional stature and prestige in recent weeks by reason of his refusal to accept dictation from John L. Lewis and by the issuance of directives designed to place the Country on a peace-time basis.

The 21 Members of the House from Texas have met and organized for the new session of Congress. I was elected to serve as Chairman for the next two years. A new Member, Wingate Lucas of the Fort Worth District, was elected Secretary of the Texas Delegation.

## T Hangar Flying

Recently Mr. Keith R. Lindsey of Eldora, Iowa, made a special trip just to see Tahoka. He had flown down to another town about a hundred miles from here to visit relatives and since he had heard so much about Tahoka and its flying activities he wanted to see for himself. He couldn't hardly believe there were so many pilots in such a small town.

Mr. Everett Clark of Mangum, Oklahoma, who is the owner and operator of that city's airport, the Clark Flying Service, dropped in for some fuel and also left an order with the Lynn County News for some commercial printing. Mr. Clark spent several hours here just looking around. He too was amazed at the number of pilots and student pilots in this size town.

Mr. J. W. Elliott purchased a brand new 1947 model Cub Cruiser with two-way radio and other extra equipment and presented it to the Curry boys. Mr. Elliott will probably be flying himself before long. Maw and Paw Curry haven't shown up for their flying lessons yet, but give 'em time. Pete, the sixth boy of the Curry family accidentally took an airplane ride the other day. Here's the story—Bill McNeely saw a Coyote run across the end of the runway so he and B. T. Smith started a search for a shot-gun. About that time Pete Curry and Lewis Johnson came along with a couple of guns. They loaded into a couple of planes with Bill McNeely and B. T. Smith as their pilots and after a short time had located and killed the coyote. We understand Pete is going to start learning to fly in the near future.

ders of Canadian dropped in at the airport the other day for fuel. Mr. Odie Moore and W. D. Theobald, home town unknown also refueled here recently. X-country students landing here recently were Gib Brown of Plainview and G. W. Kent of Big Spring.

Roger Van Bramer of Jal. N. M. flew over Xmas to visit Mr. and Mrs. Bagby.

Dea Parker who has been employed by Clint Breedlove at Lubbock is now employed by Mr. McNeely as mechanic at Tahoka Airport.

Mr. McNeely announced early this week that Mr. Chad S. Tarply of Brownfield will be the new ground school instructor for the McNeely Flying Service. Classes will be held twice weekly, Monday and Friday. Mr. Tarply will start his first class at the local field tonight and he stated that he would like to see all the students out and that he would also welcome any of the students that had missed some of their classes before they graduated without any additional charge they are welcome to attend all of his classes. Mr. Tarply holds a Commercial License and teaches meteorology, navigation, instruments, and engines.

J. H. Hinkle and family left by bus Wednesday for Modesto, California, where they expect to reside.

## Eleven Years of Rural Progress TEXAS FARM HOMES

The above graph illustrates the progress of rural electrification in Texas since the REA program was started eleven years ago. The first REA power line in the state and the nation was constructed near Bartlett in Bell county, Central Texas, early in 1936. At that time only three percent of the rural homes in Texas had electricity.

The other 97 percent were still in the dark.

Today, 44 percent of the rural families of this state enjoy electric service, the majority of them through co-operatives which they themselves own and control. Efforts are being pushed to extend service to the other 56 per cent as rapidly as materials become available.

### LYNTEGAR SHOWS RAPID GROWTH

Approximately 875 new consumers were added to the Lyntegar Electric Cooperative's lines during 1946, Garland Pennington, Manager, stated here today. This brings the total number of members served by the Cooperative to more than 3650, located in seven counties of this area.

New consumers are being con-

nected to the cooperative's lines as rapidly as the available supply of construction materials permits, the Manager said. A severe shortage still exists in wire, transformers, poles and many other items needed in building rural power lines.

The electric cooperative program was inaugurated in Texas eleven years ago this spring when the first REA line in the nation was built near Bartlett in Bell County, Central Texas. Mr. Pennington said. At that time, only three percent of the rural homes of Texas—less than 12,000 in all—had electric service. Today more than 44 percent are electrified.

Texas' 75 rural electric cooperatives serve approximately 146,000 rural consumers in 220 counties. Included are farms, ranches, rural schools, churches, stores, and hundreds of small rural industries.

The Lyntegar Electric Cooperative was organized in 1938. Its first lines were energized in July 1939. The local cooperative is fully paying its own way out of operating revenues, and repaying its loans to REA on schedule.

The cooperative is a private business enterprise, owned and controlled by the rural people who receive service along its lines. It is a non-profit organization, serving its members with electricity at cost. The Board of Directors includes John Heck, of Wilson, President; G. Q. Hensley, Rt. 2, Tahoka, Secretary; Frank Harris, Ackerly, Vice

President, W. H. Moore, Lamesa, J. F. Maxey, Rt. 3, Post, James F. Daniel, Meadow, and Earl Houx, Sundown.

The REA cooperative program has not only been of tremendous benefit to rural people, lightening the drudgery of farm work and making farm life more pleasant and profitable, but it has also been of great value to business throughout the area. Mr. Pennington pointed out. Electricity has increased the productivity and purchasing power of every farmer it has served, and created a vast new rural market for electrical appliances and equipment of all kinds.

### W. S. C. S. HAS BEAUTIFUL INSTALLATION SERVICE

The Woman's Society of Christian Service had a very beautiful installation service at the Methodist Church Sunday night led by Rev. J. W. Rosenberg. Fifteen officers were installed and given symbols of their respective offices. The list follows.

President, Mrs. H. R. Gibson; vice-president, Mrs. J. W. Rosenberg; corresponding secretary, Mrs. Neal Stanley; recording secretary, Mrs. U. C. Steele; treasurer, Mrs. C. G. Franks; Secretary of Christian Relations and Local Church Activities, Mrs. Marvin Wood;

Secretary of Student work, Mrs. Fred Bucy; secretary of Youth Work, Mrs. J. M. Small; secretary of Children's work, Mrs. Sam Floyd; Secretary of Literature and Publications, Mrs. C. L. Steele; Secretary of Spiritual Life, Mrs. Roger Bell; Secretary of Supplies, Mrs. W. M. Mathis;

Secretary of Status of Women, Mrs. Tom Gill; Chairman of Membership committee, Mrs. Callaway Huffaker; Chairman of Fellowship committee, Mrs. M. M. Boyd.

### W. S. C. S. HAS IMPRESSIVE PLEDGE SERVICE

The Woman's Society of Christian Service met at 3:30 Monday afternoon in the Methodist Church for a very impressive Pledge Service, led by Mrs. G. W. McKnight.

Those on the program were Mrs. H. R. Gibson, Mrs. C. A. Thomas, Mrs. C. G. Franks, Mrs. U. C. Steele, Mrs. J. W. Rosenberg, and Mrs. Fred Bucy. At the close was the candle-lighting pledge service. About 18 members were present.

### CARD OF THANKS

We thank our many friends and neighbors for every kind deed done and for every kind word spoken and for the flowers and cards sent us during my illness, and do thank the Clinic bunch for their kindness. May God bless each and every one of you in my prayer.—Mr. and Mrs. J. L. Reese.

Mr. and Mrs. Otis Spears, and little son Terry spent last week with her mother, Mrs. E. B. Terry, and his sister, Mrs. Newman Bartley.

### CARNA REESE WEDS EAST TEXAS GIRL

Another, recent wedding which we unintentionally omitted last week was that of Ernest Carna Reese of Tahoka and Miss Beth Hill of Kemp, Kaufman county, both of whom are students in Hardin-Simmons University, Abilene.

They were married on Friday, December 20, in the pastor's study in the First Baptist Church, Dallas, by Dr. W. A. Criswell, who at one time had been the bride's pastor. The only attendants were the bride's sister and her husband, the bride's brother and wife joining them later, and the six of them took supper together in the home of the bride's sister in Dallas. On Sunday night the couple took supper with the bridegroom's brother and wife, Mr. and Mrs. Martin S. Reese, in Dallas, and from there they went to spend Christmas with the bride's mother, Mrs. Hill, at Kemp.

The bride is a graduate of Kemp high school and a student in Hardin-Simmons. The groom is a Ministerial student in that institution. He is the son of Mr. and Mrs. J. L. Reese of Tahoka and as a boy was employed for part time for several years in the News office. He enlisted in the Army early in the war but was never sent overseas. Carna and his fiancée visited here at Thanksgiving. Both are continuing their studies in Hardin-Simmons.

### New Home News

By Mrs. A. L. Pace  
Several of the New Home people are very happy to get the electricity after waiting so long for it.

Those who received electricity on the Tahoka line about a month ago were: Emmet Edwards, Loyd McCormick, Lizzy Holly, Bill McNeely, Mr. White, H. A. Macha, J. L. Kizlar, Lester Goad, L. F. Taylor, Mrs. Rube Lewis, Dub Thompson, B. L. Rudd, and E. M. Rudd.

Mr. John Poindexter, who lives at Wayside, has been very ill in a hospital in Slaton.

As this is the first of the year there is a lot of moving taking place and especially this week. Cecil Bradshaw's family moved to the Cooper community. Mr. Rogers moved to the place vacated by Cecil Bradshaw.

The J. W. Shadden family moved to an irrigated farm near Beeton. Clyde Ashcraft has moved to the place vacated by J. W. Shadden. Mr. Newton Barnett has moved to the farm vacated by Clyde Ashcraft. Lee Roy Nettles is moving to the place vacated by Mr. Barnett. W. D. Granger's family and L. M. Batte moved to the Slide community.

J. L. Nevill, Mr. and Mrs. Russell Fleming and little son, Ronney Ray, and Mr. and Mrs. Melton Flowers all left Monday morning for Flagstaff, Arizona after spending the holidays here.

- 1—Red Durham Cow, Milking. These are choice cows.

And Many Other Miscellaneous Items

Others invited to bring items to be sold at regular commissions.

J. D. HODGE, Owner

Judge C. C. Grider, Auctioneer

V. Botkin, Clerk

# MANY PRESENT AT BOSWORTH REUNION

The most largely attended reunion here during the recent holidays that has been reported to the News was that of the R. Bosworth children, their families and other relatives, who met in the Mrs. Mildred Nowlin home here but had their Christmas dinner in the Community House at Ropesville, banquet style, followed by a Christmas program.

The highlight of the program, according to one present, was the talk of R. Bosworth, the father, to his children.

Listed as present were: Mr. and Mrs. R. Bosworth, Mr. and Mrs. Otis Bosworth, Mr. and Mrs. R. L. Bosworth and baby, Clifford, Mrs. L. E. Miller and L. E. Jr., all of Corpus Christi; Mr. and Mrs. Frank Wood and three children of Oregon City, Oregon; Rev. and Mrs. E. L. Hawthorne and four children of Vernon; Mr. and Mrs. Douglas Jones and two children of Ropesville; Mr. and Mrs. J. F. Moore and four children of Grassland community; and Mr. and Mrs. E. A. Bosworth and two children of Tahoka.

Mr. and Mrs. Clyde Blair and three children of Grand Falls were not present at the Christmas dinner but came up after Christmas and joined the others in the reunion.

The day after Christmas, Mr. Bosworth and his eight children spent a day alone in the home of Mrs. Nowlin. This is a day long to be remembered by the family, Mrs. Nowlin declared.

On Friday of Christmas week, the following went to Lawton, Oklahoma, to visit relatives, and from there to Hollister in that state to attend a reunion of Mr. Bosworth's sister and family: Mr. and Mrs. R. Bosworth, Mrs. Frank Wood, Mrs. L. E. Miller, Mrs. E. L. Hawthorne, and Mrs. Mildred Nowlin. All returned to Tahoka on Sunday except Mr. and Mrs. R. Bosworth, who remained for a few days visit.

## Urge Caution In Use of DDT on Domestic Animals

Owners of farm animals and domestic pets are advised to exercise at least "ordinary caution" when they use DDT to protect their animals against insects and parasites. Although federal regulations do not require that DDT be labeled "poison" but only with the word "caution," the American Foundation for Animal Health recommends a conservative policy in use of the new insecticide, especially around milk cows.

Because cattle and cats commonly lick themselves, they are probably more likely than other animals to suffer toxic effects from DDT sprayed or powdered on their bodies, the American foundation warns. Furthermore, it is known that DDT, when consumed in excess, is excreted in the milk of cows. It appears unlikely that a cow would absorb enough to poison the milk, but there is much yet to be learned on this potential hazard. In the meantime, the cautious use of DDT is recommended.

Farmers are advised to use DDT only in a water solution or powdered form when applying it direct to animals. Oily solutions of the insecticide are absorbed through the skin to a degree that might prove dangerous.

## Australia Supports 16 Times As Many Sheep as People

In Australia there are nearly 16 times as many sheep as people; Prof. J. E. Wilson of the University of California points out. Some 7½ million people live on the vast sub-continent, mostly along the sea coasts.

The Australian wool clip is the world's best, Wilson asserted. This is made possible because of the high and rigid standards imposed. The production of wool is of primary importance with lamb production secondary. Wilson saw one lot of 25 rams which averaged 31 pounds of wool and a thousand wethers whose fleece weights averaged 22 pounds.

Drought and rabbits are two factors to contend with, Wilson said. A drought may in one year cause the death of thousands of sheep. Rabbits are a perpetual menace. Five will eat as much as one sheep and 250,000 miles of rabbit-proof fence have been built.

## Urge Care in Deodorants

The careless use of non-perspirants or deodorants may do as much or more damage to garments than perspiration, according to textile and clothing specialists of the department of agriculture. When a good dress goes to pieces under the arm or changes color, even skillful patching may not make it wearable again. In using these chemicals women should be careful to follow directions on the label. Any chemical strong enough to stop perspiration may rot fabric or cause the dye to fade or change in color. Cotton and rayon fabrics especially are likely to be rotted by preparations that have an acid reaction.

## Range Land

Slightly more than half of the range land in the 11 far western states, including Nevada, is now in private ownership, according to a report on livestock production in relation to land use in irrigation made by the bureau of agricultural economics. About 10 per cent of the range land is in state and county ownership, and the remaining 40 per cent in federal ownership. Much of the range is still unfenced open country although more and more is being fenced. Grazing on most of the publicly owned range is now controlled by public agencies.

Mr. and Mrs. Harold Smith were here a few days on a pre-Christmas visit with his parents, Mr. and Mrs. Guy Smith. They reside at El Centro, California, where Harold is driver of a Greyhound bus. During the war he spent about two years in Europe, mostly in Germany.

## To the People of Lynn County:

I was elected Commissioner of Precinct 2, took office on January 1, 1941, and have served you faithfully and to the best of my ability for six years.

When I took office six years ago, Precinct Two owned one maintainer in bad state of repair, one old Allis-Chalmers "Cat", with grader, which also were in bad shape. The maintainer was not fully paid for, and there were other debts against Precinct 2. There was only \$111.28 in the bank to the account of this precinct.

When I went out of office January 1, 1947, Precinct 2 had:

1. One large automatic scraper, one medium, and one small automatic scraper
2. One new Dösel maintainer costing \$7,400.00, one large used Dösel maintainer, and one small gas maintainer.
3. One Adams Pull-grader.
4. One Allis-Chalmers "Cat."
5. Half interest with Precinct One in one Elevator Grader.
6. One 1938 Chevrolet Pick-up in fair condition.

All the above was paid for, and no debts of any kind.

7. On January 1, 1947, I had in the bank to the credit of Precinct Two, \$9,175.51.

During my time in office, the Court has paid the debt against the Tripple-A building four years in advance, and has also paid many thousand dollars on the Court House and Jail and Road Bonds, and all precinct debts. In 1945 we signed contracts with the State of Texas for the building of 29.5 miles of paved farm-to-market roads in the County with out cost to the County. At present prices, this road has saved the County \$221,000.00. Part of this road has been built and is now in use, and the State is about ready to let contracts for more miles. Under the Bond Issue of 1946, Precinct Two has practically completed and now has in use 19.5 miles of paving.

On January 1, 1941, when I came into office as Commissioner of Precinct Two, the County had in the bank to the credit of all funds \$26,150.05, and on January 1, 1947, when I went out of office, the County had in the bank to the credit of all funds a total of \$151,560.08, and had \$700,000.00 of Road Bond money invested in U. S. Government Bonds, and the County is in better shape than it has ever been.

I have enjoyed my service as Commissioner. While at times it has been a personal sacrifice to me from a money standpoint to serve, still I feel like I have been of real service to my County during my years of service, and feel that I have been well paid by the benefits I have rendered my friends and neighbors. I go out of office without ill will to anyone, and any time I can help those who succeed me in the discharge of their duties I shall take a real interest and pleasure in doing so.

I have not consciously or willfully injured or wronged any one and if there are those who feel that I have done them an injury I want to fully ask their forgiveness, for such has not been my wish or intention.

I have lived in Lynn County 28 years. You people have been good to me and I have prospered. I wish I could stay here 128 years more. I love you all, and am now signing myself your friend and servant—

LONNIE WILLIAMS

## Thank You, Folks!

I wish to thank our many friends and customers for the fine business you gave us at the South Side Service Station.

Your patronage and friendship is deeply appreciated. I commend our successors, J. E. and Alton Fleming to one and all.

MISS SHELBA PATTERSON  
WEDS J. R. HARMONSON JR.

Before a candle-light setting of white mums and plumose ferns in the Redwine Baptist Church Monday night, December 23, a single-ring wedding ceremony was read for Miss Shelba Patterson, daughter of Mr. and Mrs. H. M. Patterson of Route 1, Tahoka, and William Ross Harmonson Jr., son of Ross Harmonson of Route 1, Meadow.

Rev. Tom Harmonson, brother of the bridegroom, performed the service.

Preceding the ceremony, Lester Berry of Slaton, pianist, played "Eventide," and traditional wedding marches were offered. Miss Wanda Patterson, sister of the bride, sang.

The bride, given in marriage by her father, wore a gown of white satin fashioned with a round yoke outlined with scroll-work, a fitted basque and a full skirt with a small train. Her two-tiered veil of bridal illusion fell from flower-beaded crown. She carried a white Bible

topped with two white gardenias with maline bows.

Miss Eva Lois Harmonson of Midland, sister of the bridegroom, attended the bride as maid of honor, and M. B. Welborn of Littlefield served as best man. Miss Wanda Jean Tyler, student at Hardin-Simmons University, was bridesmaid. G. C. Watson and Clayton Beard were ushers. Patsy Ruth Patterson and Gary Watson strewed rose petals before the bride. The candles were lighted by Misses Joyce Williams and Wanda Patterson.

Following the ceremony a reception was given by the bride's mother. The bride's table was lace-covered and decorated with white mums and fern and a three-tiered cake topped with a miniature bride and groom.

The mother of the bride wore a blue-gray suit and a pink carnation corsage.

The bride is a graduate of Tahoka High School and Wayland Baptist College. She is now a teacher in the Wilson public school.

The groom is a graduate of Brownfield High School and is attending Wayland Baptist College.

Out-of-town guests were from Brownfield, Abilene, Midland, Littlefield, Slaton, and Wilson.

O'DONNELL BANK SHOWS  
PROSPEROUS CONDITION

The News this week received a condensed statement of the condition of the First National Bank of O'Donnell, which reflects the prosperous condition that exists in that portion of Lynn county.

Total Resources and assets amount to \$1,358,048.45; deposits, \$1,289,648.45.

John Earles is president of the institution, and J. L. Shoemaker Jr. is cashier. In addition to these two, the directors are C. H. Doak, L. D. Tucker, and J. M. Noble Jr.

Holiday visitors in the Frank Raindl Sr. home were Mr. and Mrs. Henry Jahnke of Eden and T/Sgt. and Mrs. Joe F. Raindl of Lubbock.

## NOTICE TO CONTRACTORS

Sealed proposals for constructing a 500,000 gallon Concrete Water Storage and Pumping Facilities, will be received at the office of the Mayor of the City of Tahoka, Texas, until 3:00 P. M., Tuesday, January 28, 1947, and then publicly opened and read.

Bidders must submit a bond for Fifteen Hundred Dollars (\$1,500.00) as a guarantee that the bidder will enter into contract under the conditions set forth within 10 days after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The City reserves the right to reject any or all bids. Plans and Specifications may be inspected at the office of the City Secretary of Tahoka, Texas, or obtained from Hasle & Green Engineering Company, Wilson Bldg., or P. O. Box 1139, Lubbock, Texas, upon a deposit of \$15.00, of which \$10.00 will be refunded when same are returned. 14-3tc

Friends here will be grieved to learn that A. F. Pitts of Ackery, who resided in the Dixie community in this county for many years, is seriously sick in a Lamesa hospital, according to his son, Kirk Pitts.

Many years ago—in the Fall of 1919—your columnist, then the young editor of a small paper, received a letter from William Jennings Bryan, for whom I had had a lifelong admiration. The letter was written in pen and ink and was in reply to an inquiry as to whether the Great Commoner would seek the presidential nomination in 1920. Because it was a personal letter, it was not printed—but it might be of a little interest now, so many years afterward:

"My dear Mr. House: Your kind letter at hand, I assure you that I most sincerely appreciate your generous words. I have not thought it wise to discuss publicly the question which you ask and I will ask you to regard this letter as confidential. No condition that I can now foresee would justify me in being a candidate next year.

"I see no such demand as would make acceptance seem a duty. Besides, there is work to be done for the party and the country—work which I can do, which seems to me to be more important than running for any office. I could not do it if I were waiting for a nomination. Again thanking you for your confidence, I am, Very truly yours, W. J. Bryan."

Rambling over Texas: The white, two-story Southern homes in Crockett ... and El Camino Real (King's Highway), blazed in 1690.

Near Jacksonville, a lumber mill with window panes of tinted glass. Jefferson White, Cameron editor, has 14,000 Indian relics.

The highway south of Sweetwater presents a series of hills, each a little higher than the other, making driving something like the exhilaration of riding a roller coaster. The countryside is clad in shaggy cedars and the road is lined with age-old oaks. Far away is a wall of mountains, misty blue.

Mrs. Lenore M. Tunnell, county superintendent of schools, left Wednesday for Austin, where she is attending the annual School Administrators' Conference.

For only 25 cents, 15 cents each. Adding Machine Paper, 2 Rolls

#### MRS. J. G. SCOTT HAS MOST HAPPY CHRISTMAS

Mrs. J. G. Scott came into the News office the first of this week just bubbling over with joy. Most of her children and other kinfolks had spent the Christmas holidays with her.

Those present were her son, C. L. McDonald, and his wife and their children, Venita Myrl and J. V., of Ivanhoe, Calif.; her son, Henry McDonald, and his wife and their daughter, Earlene of Seagraves; Mrs. Carl Verhines, daughter of Mr. and Mrs. Scott, and her husband and their three children, Billie Lynn and Jackie, sons, and Kathleen, a daughter, all of Roswell, New Mexico; Mr. and Mrs. Paul McDonald, Mr. and Mrs. Clifford Burr, and Mr. and Mrs. Joe Beckham, all of Lynn county.

It was a great time they had together Christmas day.

#### Missouri Valley Indians

Research during the past two decades has made it obvious that the pre-white occupation of the Missouri valley covered a very long period. First came the makers of the Folsom points, purely a hunting and food-gathering people, without any agriculture, pottery, or fixed abodes. Nothing is known of their physical appearance, nor of their relationships to later groups. Then came a stage represented by the culture of corn and beans and the making of pottery. This brought about the establishment of semipermanent villages. Later came the still more sedentary "pit-house" dwellers. It is the remains of these later people that are found in relative profusion in most of the arable stream valleys of Nebraska and neighboring states. The relationships of the various recognized prehistoric peoples to such historic groups as the Arikara and Pawnee still is obscure.

#### Jack Pine Poles

The Lake States Forest experiment station, St. Paul, reports that about 9 million jack pine poles, suitable for power line construction, are growing in the forests of Minnesota. Jack pine, long in demand for pulpwood and lumber, was recently approved as pole material by the American Standards association. The figures of 9 million include only poles which are at least 30 feet long with a circumference of 25 inches 6 feet from the butt. Although the 1945 forest service estimates show about 977,000 acres of jack pine in Minnesota, only 57 per cent of this area supports stands of pole-size timber. Under the allowable cut, 270,000 poles could be produced each year in Minnesota if all the pole-size timber were used for poles. With heavy competition for other uses, however, it is estimated that the state's annual jack pine pole production will not exceed 100,000.

#### Develop New Sex Hormone For Treatment of Menopause

A new synthetic female sex hormone which promises to free women from suffering in the difficult transition period of middle age has been developed as the climax of a ten-year quest in laboratories throughout the world. Dr. C. T. Van Meter and C. A. Siconolfi of the Reed and Carnrick Institute for Medical Research declared.

The new drug, called Meprane, can be taken by mouth and has none of the toxic characteristics which impaired the usefulness of some previously synthesized hormones. The report states, adding that Meprane can be produced at relatively low cost because the necessary raw materials are readily available.

Although the female hormone, or estrogen, has a variety of therapeutic uses, the report continues, medical authorities testing Meprane at several large medical centers expect the new drug to perform its greatest service in the treatment of the menopause. As this condition is approached, the ovary commences to decrease its output of true hormone, the doctors explain. The result is that the normal delicate balance between the sex hormone and certain other hormones is disturbed, and this lack of balance brings about the characteristic symptoms of the menopause.

#### Proper Installation Needed

##### With New Radiant Heating

Radiant heating providing warmth from pipes buried in the floor is usually found in new homes of any size and architectural shape. Radiant heating costs somewhat more than standard systems, but savings in operating costs run as high as one-third. Adding radiant heating to existing homes is usually a big, costly job, because it means tearing up and replacing floors or ceilings, but it can be done.

Radiant heating systems call for expert design by experienced engineers because it is expensive to correct errors when pipes are buried in the building. Theoretically, heat control presents problems. In a system including gallons of water, tons of concrete, and hundreds of feet of pipe, the heat supply may lag behind the call from an ordinary thermostat. Heat control can be improved by basing it on outdoor temperature. As a balancing advantage, zone control works well with radiant heating. You can easily have 70 degrees in your living room, 65 degrees in work areas, and 50 degrees in sleeping areas.

Radiant heating was first used by the Romans, 2000 years ago. In the past 20 years, hundreds of homes have been so equipped.

#### Clean Garden

Refuse and plants from garden crops should be removed and carried to the compost heap or be disposed of otherwise in the fall. Any plant that might carry over diseases or insects should not be left near the garden or used in the compost heap. After refuse has been removed from the garden, at least part of the garden should be prepared for spring planting. This will make it possible to plant many early vegetables before it would be possible to prepare the ground in the spring. Lime should be applied, if needed, along with stable manure and the ground thoroughly broken, rows laid off and listed up ready for spring planting. Compost, which is valuable in the garden and on shrubs, flowers and lawns, can be made from materials that would otherwise be wasted. Refuse from the garden, leaves, straw and leaf mold may be used in making the compost pile and some manure may be added if desired.

#### Abundant Material

Silicone is one of the most abundant materials in the earth's surface, with millions of tons of practically pure silicone dioxide available merely by gathering the sands from our thousands of miles of ocean beaches. In the field of protective coatings, silicone resins are just beginning to make their bow, with heat resistance the outstanding virtue making them a natural for stove finishes. Panels have been baked at 600° F. for days on end with little or no color change taking place. It is a certainty that silicone research will be pursued at top speed for the compounds produced to date have exhibited unusual and unpredictable properties. Each type of finish has certain properties that recommend it for use in certain fields. The technicians of the protective coating industry, after study of specific finishing problems, can often help decide what type of finish is best for a specific application.

#### Deer Hunters

A total of 233 deer were taken with bow and arrow in Wisconsin in 1946, the highest bow hunter kill ever recorded in any state since the ancient weapon was revived as a hunting instrument, the conservation department said. Of the total kill, 126 deer were taken in the Necedah wildlife refuge. This take included 68 bucks and 58 does. In the other open areas of the state 107 deer were arrow-killed. A total of 39 of these were bucks and 68 does. It was estimated that more than 5,000 bow and arrow hunters were afield during the special bow hunting season, September 22 to November 11.

#### MRS. HERRING IS VISITING IN WASHINGTON

Ernest Herring is hustling for himself these days out on his farm north of town and he looks as well-begone as any old bachelor in the country. His wife has gone on an extended visit and doubtless right now is seeing the lights and the sights of Washington, D. C. Earnest is not as downcast as he looks, however, for he was "tickled to death" that she had the opportunity to go.

She left here on Wednesday of last week, leaving Lubbock by plane, and in two hours she landed at Dallas. There she caught a bus for Center in Shelby county to join her sister, Mrs. E. N. Foster, in a trip to Washington. Mrs. Foster's son Tom, who is an ex-service man and now engaged in the Export and Import business in Washington, with offices in that city, is San Francisco, and in the Hawaiian Islands, was taking them to Washington in his car and they were to be his guests there for four to six weeks. He had promised them that he would show them everything in the city worth seeing, all at his own expense.

When their stay in Washington is over, Mrs. Foster will accompany Mrs. Herring back to Tahoka, for a visit here.

Mr. and Mrs. T. B. Burroughs returned Tuesday from San Angelo, where he took treatment for several days in the Schulte Clinic and

**The Force that Holds Up the "Goblet of Venus"...**

**OIL-PLATES Your Engine!**

Strange phenomenon of nature is the "Goblet of Venus"! Stranger still is the tremendous force of molecular attraction that enables the stem to support the huge bowl!

Utilizing this mighty force of molecular attraction, a special ingredient in Conoco N<sup>th</sup> motor oil is attracted to working surfaces of your engine. In fact, so strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

1. added protection during the vital periods when you first start your engine.
2. added protection from corrosive action when your engine is not in use
3. added protection from wear that leads to fouling sludge and carbon
4. added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

**Better OIL-PLATE Now!**

### MANY RELATIVES OF LATE DEE T. ROGERS HERE

Unavailable at the time of his funeral were the names of the out-of-county relatives of the late Dee T. Rogers, who were here attending the services. These names have been furnished the News this week as follows:

Brothers and sisters of deceased who were here were: Hugh K. Rogers of Fort Arthur, Oscar F. Rogers of Fort Worth, N. D. Rogers and his wife of Childress, Mrs. Mary E. O'Neal of Dallas, Mrs. W. M. Pool and husband of Lubbock.

Present also were one niece and seven nephews as follows: Mrs. Grady A. Davis of Lubbock, Trust Rogers of Weatherford, Ray Pool of Portales, N. M., W. M. Pool Jr. and Lee R. Pool of Muleshoe, Mari Pool and Eldon Smith of Plainview and Harvey D. Pool of Levelland.

### IS PROUD OF GRANDSON'S RECORD

Mrs. Cornelia Kelly is very proud of the records made in the war by a number of her grandsons, but she received a clipping from a Dallas daily newspaper a few days ago which made her doubly proud of Capt. William Galloway who was visiting a brother in that city. We quote:

"Capt. Galloway, dark, dashing, and 24, arrived in Dallas Christmas eve on a short military leave after attending the Big Four conference of foreign ministers held in New York.

"A member of the staff of Brig. Gen. Desmond Palmer, U. S. military adviser to the council of foreign ministers, Capt. Galloway arrived in the States in November after a year's service in Europe during which he attended the two Paris conferences of the foreign ministers."

Capt. Galloway graduated with honors at the Texas A. & M. College in May 1943. Then he served as gunnery officer at Fort Sill under General Palmer, camp commandant. When the general got a European assignment as military adviser to James C. Dunn, Ass. U. S. Secretary of State, then stationed in London, Capt. Galloway went along as his aide.

Then followed assignments which took the young Texan to Germany, Austria, Switzerland, Belgium, Italy, Egypt, and the big diplomatic sessions in Paris.

Capt. Galloway has decided to make the Army a career. His parents, Mr. and Mrs. J. T. Galloway, live in Wichita Falls. Other relatives in Tahoka are Mrs. R. C. Wells and children and Mrs. Jim Burleson.

The Seale Clinic reports that Mrs. Ray Chancy received treatment there this past week; also N. S. Parker and A. E. Hagena.

Mr. and Mrs. John Armontrout of New Home left Tuesday for a four weeks stay at Rockport on the Texas coast.

### Expert Assemblyman

Veteran Assemblyman Photo.

Blinded by a TNT blast on New Britain, but now back of his pre-war job with a Detroit electrical products company, Theodore Wilden expertly handles a power screwdriver in assembling a switch-box. Wilden's foreman lists him as one of his fastest, most accurate workers.

### Local Lady Joins Husband In Europe

Mrs. Geneva Stark, daughter of Mr. and Mrs. C. R. Cargile of Draa, embarked for Germany on December 27 at New York harbor. Her Government sailing papers came several weeks prior to her actual sailing.

She, together with 849 other wives, spent about two weeks at Hamilton Field, New York, waiting for the good ship Holbrook. The Red Cross tried to help them celebrate Christmas with a bang, but Mr. Cargile stated that "Geneva said they were too bad and blue to enjoy Christmas there, when they had expected to be in Germany with their husbands. Geneva will land at Bremerhaven in the northern part of Germany and will then go by train for about 200 miles to the south and join her husband, 1st Lt. M. R. Stark, at Frankfurt. She has carried bed linen, clothing, etc. for a two years stay. Lt. Stark reports that the climate is about like that of Canada."

Mrs. Stark is a graduate of the Draw high school and of Draughton's at Lubbock. She worked about two years at the air port there, where she met Lt. Stark. They were married at Phoenix, Arizona, and have lived at many places in the United States. Lt. Stark has trained many boys at many different flying fields. Many friends hope them a pleasant two years in Germany.

### R. P. WEATHERS THANKS PEOPLE OF COUNTY

Having retired from the office of Tax Assessor and Collector of Lynn County, I wish to express my sincere appreciation for the fine co-operation and consideration I have received from everyone. I have enjoyed my term of office, which I feel has been filled in a manner that met the best interests of all the people of the county.

I have made new friends and have learned to appreciate many old friends better.

Henceforth, I will be with our store, the Tahoka Grocery, located north of the bank, on Main Street, where I will welcome friends and acquaintances to visit me—to trade or just to "chew the fat." Again, I thank you, one and all.

—R. P. Weathers.

### GLENN-ROBY

On Tuesday, January 7, at 2:00 Miss Kitty Hortense Glenn, daughter of Mr. and Mrs. G. W. Glenn of Draw was quietly married to Ivan Lee Roby of New Orleans, La. in a double ring ceremony read by Rev. G. H. Isbell of Draw, in the bride's home with all of the bride's brothers and sisters attending, along with the groom's father.

The bride wore a suit of navy blue with accessories to match. The groom, has just been discharged from the navy, where he spent six years serving his country.

After a few days here the couple will return to New Orleans to make their home.

One of the items which we received too late for publication last week was the Christmas visit which Mr. and Mrs. Sam Reid made with their son and daughter-in-law, Mr. and Mrs. Kenneth Reid, at Ogden, Utah. They left here on December 17 and got back home Sunday, December 29. Of course they had a wonderful visit.

C. A. Martin and family, who have been residing in Sacramento, California, since last July, have returned to Tahoka to make their home here.
