Number 15.

## City Asks Bids For Water Reservoir, To Be Built Soon

The prospects are that the expansion of Tahoka's water facilities will be begun soon on a rather large scale.

First, bids are to be opened and contract let on January 28 for a new 500,000-gallon capacity water reservoir, to be constructed of concrete. To give a better idea as to its size, it might be stated that the structure is to be 88 feet in diameter and 11 feet deep. The approximate cost can not be certainly given at this time.

It is estimated that it will take about 45 days after the contract is let to build the structure, according to W. O. Thomas, a member of the city council.

Mr. Thomas also states that the council received assurance from a pipe company, with whom they had placed an order for four-inch and six-inch piping a year ago, that this pipe would be shipped soon, and it is expected to be here the latter part of this month or in February. It is to be used for extensions of the water system over the Roberts addition out beyond the high school. There will be two car-loads of this pipe.

It is hoped that other pipe can be procured by summer with which to extend the City's mains out to the newest wells that have been drilled something like a mile north of the City's present wells.

Hasie and Green, engineers, were recently employed by the City to make a survey of the City's water needs and to present plans for a long-range program of development.

## Lamar Forrest Is Rotary Speaker

Lamar Forrest of Lubbock, former president of the National Lumbermen's Association, was the speaker before the Rotary Club Thursday. He has long been a citizen of the South Plains and at one time owned a lumber yard here.

Mr. Forrest spoke on "What We May Expect in 1947." On the whole, he took a rather optimistic view, but he started out by stating that there were two sides to the question. He called attention first to many conditions that are calculated to make 1947 a prosperous year, and then recited some unfavorable conditions.

Among the favorable factors, he mentioned the fact that the banks throughout the nation are bulging with money, showing that the people have the means to buy what they need. Second, he stated that unemployment has been reduced to a minimum. Nearly every person that wants a job can get one. Third, there is and will continue to be a lively demand for most everything that our factories can produce. Fourth, although we are in the midst of an inflation period, he has confidence that most of the abnormally high prices would gradually find a saner level.

On the dark side of the picture are a number of unfavorable conditions, chief of which is the labor situation. In this connection he cited particularly the Wagner Act, which, he stated, was not intended to be fair and equitable, but was intended solely to put Organized Labor in the saddle, which it did most effectually. The Anti-Trust law was made a dead letter in so far as Organized Labor is concerned. We have the situation in which one man—John L. Lewis—can clog the wheels of industry throughout the country.

This is a situation which must be remedied, but the prospects for an effectual cure are not very bright. He gave a calm, sane, and apparently true analysis of the business situation in the country, and members of the Club expressed appreciation.

### SINGING AT PETTY

There will be a singing at the Petty Baptist Church Sunday afternoon at 2:30 o'clock, according to Mrs. N. H. Cromer.

Classified Ads Save You Money.

## Bulldogs Enter Post Tournament

Two Tahoka basketball teams, the High School A and B squads are participating in the Post double round-robin tournament at Post this week end along with teams from Post, O'Donnell, Slaton, and New Deal.

Tahoka B team was to play the Post B team Thursday afternoon at 4 o'clock, and the Tahoka A team will meet O'Donnell today, Friday, at 4 o'clock.

Last Friday night, in the local gymnasium, the Bulldogs lost to the Slaton Tigers by a score of 37 to 32. The girls' team also lost to the Slaton girls in a heart-breaker, by one point. Post boys were victorious over the O'Donnell boys' team.

## Visitor To Area Is Taken By Death

Mr. and Mrs. David Musser, who moved from Tahoka to a farm out west of Lamesa Christmas week, had a most pleasant visit of two weeks following Christmas from his father and step-mother, Mr. and Mrs. L. A. Musser of Fort Wayne, Indiana, which, however, ended most unfortunately.

Soon after the couple left Lamesa by bus via Big Spring on the return trip home, Mrs. Musser became ill and grew worse as they proceeded on their journey. When they reached Dallas she was so ill that Mr. Musser called an ambulance to take her to a hospital but upon reaching the hospital she was found to be dead. Apparently she had suffered an attack of heart trouble.

The father telephoned the sad news back to David, who is his only son, but he and wife could not go to Indiana for the funeral services. The body was prepared for burial at Dallas before being taken on to Fort Wayne.

Mrs. David Musser is best known here as the former Miss Elizabeth Link. She reports that this was the first visit of the elder Musser to Texas and that they were greatly pleased with the plains country and remained really longer than they had intended when they came. Their visit was an exceedingly pleasant one here, and she and David were sorely grieved that it ended so tragically.

## H. D. Club Council Will Meet Jan. 25

Lynn County Home Demonstration Council will meet Jan. 25 at 2:30 p. m. in the home demonstration agent's office. All members are urged to be present.

Reports of the sub-district meeting at Lamesa January 18 will be given by various chairmen of committees attending the meeting.

The THDA county chairman, Mrs. Blain Ramsey, will also have some reports and information on the Texas Home Demonstration Association.

Action will be taken on other business as presented by the council chairman.

### MRS. M. M. DAVIS' TEN SONS VISIT HER

Mrs. M. M. Davis, who is recuperating from a major operation, had all ten of her sons home for the Christmas holidays, the first time all of them had been together in eight or ten years.

Six of the ten sons served in the armed forces during the recent war. Three, Floyd, Forrest, and Thomas, served in the Marine Corps. Arta Lee, who lives in California, and J. D. served in the Navy, Cecil in the Army. All have their discharges now.

Mrs. Davis is recovering nicely following her recent operation and expects to be "up and about" soon. She wishes to thank all the neighbors and friends for their kindness and for the flowers and cards sent her during her stay in the hospital.

Jimmie Ruth Phillips, who underwent an appendectomy in a Lamesa hospital and spent several days in Thoka Clinic, has returned to the home of her parents, Mr. and Mrs. Louis A. Phillips.

## A. F. Pitts Dies Of Heart Ailment

A great host of Tahoka and Dixie people attended funeral services for Aubrey F. Pitts at Ackerly, Dawson county, Monday afternoon. A former citizen of the Dixie community, Mr. Pitts had moved to Ackerly in 1941. He died in a Lamesa hospital last Sunday of a species of heart trouble, having become seriously sick on the preceding Monday.

Services were conducted in the Methodist Church in Ackerly, of which he was a member, at 3:30 o'clock Monday afternoon, by Rev. Dunn, the pastor, and Rev. Mayhew, a former pastor, in the presence of a congregation that overflowed the auditorium, many being compelled to stand in the vestibule and along the back wall. Both ministers paid high tribute to the life and character of the deceased.

The deceased was buried with Masonic honors, the Tahoka Lodge No. 1041 being in charge. Active pallbearers were W. E. (Happy) Smith, H. B. McCord, Homer St. Clair, George Clower, J. E. Griffin, and G. E. Christwell. Honorary pallbearers: Carlis White, J. Archer, Lester Brown, Joe Lemon, Travis Russell, and Kenneth Baggett.

Survivors include the wife, who herself had become seriously sick during his last illness and was unable to attend the funeral services; one daughter, Mrs. Jewell Kuykendall of Kermit; and two sons, A. F. Pitts of Ackerly and Henry K. (Kirk) Pitts of Tahoka. Also surviving are three brothers, two sisters, and a grandson. The brothers are Floyd B. Pitts of Dallas and Claude and Walter Pitts of Grand Saline; the sisters, Mrs. R. C. Berryman of Dallas and Mrs. George Matthews of Colfax.

A native of Mississippi, Mr. Pitts was born on May 27, 1880, and was therefore 66 years old at the time of his death. He came from Mississippi to Van Zandt county, Texas, in 1901, and was married to Miss Janie Kirkpatrick at Grand Saline in that county on Dec. 24, 1905. They resided there until 1924, when he and his family moved to the Dixie community in Lynn county. He was an honored citizen of that community for 17 years, taking a lively interest in school, church, civic, and political activities. He became a member of the Dixie Methodist Church in 1928, and also was an active member of the Tahoka Masonic Lodge.

Selling his farm in the Dixie community he bought a farm two miles from Ackerly and moved upon it in 1941.

Needless to say he still had hosts of friends in Tahoka, and in the Dixie and neighboring communities in this county.

## Local People Attend Littlefield Funeral

Mrs. C. W. Woodworth, 47, sister-in-law of C. E. Woodworth of this city and a niece of Mrs. A. I. Thomas, who lived at Littlefield, died in a hospital in that city at 4:00 o'clock last Sunday morning.

Funeral services were conducted in the First Methodist Church of Littlefield Monday afternoon, with the pastor, Rev. Mr. Dunham, officiating, followed by burial in the Littlefield cemetery.

Mr. and Mrs. Woodworth and Mr. and Mrs. Thomas and possibly other Tahoka people attended the funeral services.

Mrs. Woodworth had been a resident of Littlefield for the past twelve years. She had no children of her own. Her husband is a brother of C. E. Woodworth and her mother is a sister of Mrs. A. I. Thomas. She had been in very ill health since August, 1945, and had been a patient in the hospital just two months when she died.

### SINGING AT GRASSLAND CHURCH NEXT SUNDAY

The regular monthly singing will be at the Nazarene Church at Grassland Sunday, January 19, at 2:30 p. m.

Clyde Renfro is recovering at the Seale Clinic from an appendectomy which he underwent in a Lamesa hospital January 12.

Mrs. Geneva Cargill Stark, Draw, who recently sailed for Germany to join her husband, Lt. M. R. Stark, who is stationed at Frankfurt with the U. S. Army. Mrs. Stark is the daughter of Mr. and Mrs. C. R. Cargill of Draw.

## Rotarians Honor Club Sweetheart

At last week's Rotary meeting, a fun program was presented under the direction of Dr. Kenneth Durham. The members, Rev. Joann Rosenberg, Happy Smith, and Alton Cain were called on to speak on a "stimulated" radio program before a microphone. What the speakers and audience did not know was the fact that the talks were recorded, and on conclusion of the speeches, the recordings were played to the accompaniment of jests from the audience.

Vice President Alton Cain presented an appropriate gift, on behalf of the club to Miss Betsy Haney, club sweetheart and daughter of the president, Lum Haney.

## H. D. Club Women Will Attend Area Meeting At Lamesa

The following Home Demonstration Club women will attend the training meeting January 18 at Lamesa: Mmes. R. R. Ragan, council chairman, L. B. Jones, chairman of finance; Joe Armontrout, chairman of Yearbook committee; Jean Corbell, chairman recreation committee; C. L. Murray, chairman of 4-H sponsors committee; Miss Ina Ledbetter, chairman education committee; and Miss Alta Mae Anderson, county home demonstration agent.

Miss Kate Adele Hill, extension district agent, A. & M. College, will conduct the training meeting. The morning will be devoted to brief reports and discussions on the subject of development of leaders and how the expansion of leadership program may affect the work as a whole in the county.

In the afternoon, the representatives will be broken down into groups to discuss how the work will be done in the respective counties.

## Homemakers of Area Hold Meeting Here

A committee meeting of the Future Homemakers of America of Area II met January 11 at 10 o'clock at Tahoka High School. The committee consisted of the officers of Friendship, Lamesa, and Tahoka high schools.

The meeting was called to order by President Mary Adamson for the purpose of adopting and adopting a constitution for Area II.

Lunch was served at 12:00 in the Home Ec. department, where Sybil Cawthron, Joyce Hodge, and Joreta Hill acted as hostesses for the meal.

After lunch there was a short business meeting which adjourned at 1:30.

### LEO JACKSONS HERE

Coach and Mrs. Leo Jackson and daughter of Cameron spent the New Year holidays in Tahoka visiting friends.

Leo says Supt. W. T. Hanes of that city was recently given a new three-year contract and an increase in salary. The board also gave Leo a raise in salary and a new two-year contract. Leo's football team last fall won the district and bi-district championships, but lost to Mart in the regional contest.

## New Teachers On School Faculty

Two new teachers have joined the faculty of Tahoka High School with the opening of the second semester this week, according to Superintendent Vernon Brewer.

Mrs. Charles Stewart, the former Miss Mary Margaret Tunnell, is now teaching High School English, and Mrs. Roy Adams is supervisor of the study hall. Both have taught in the local system before, and are filling these positions because of recent resignations of two of the High School teachers.

The second semester of work in the local schools began Monday.

## New Officers For Pythian Lodges

At a recent meeting of the Knights of Pythias Lodge, officers were elected for the ensuing year, as follows: Chancellor Commander, Ronald Sherrill; vice chancellor, W. P. Anderson; Prelate, F. E. Calvery; Master at Arms, Tom Garrard; K. R. S., Tom Short; M. F. P. D. Server, M. E., J. N. Hill; I. G., J. E. Dulin; O. G., E. P. Holder. The new officers were installed at the meeting Thursday night.

In a beautiful installation ceremony conducted by Mrs. Hattie Short, Past Chief, and assisted by Miss Alta Mae Anderson and Mrs. Loyce McMahon, the following officers were installed at a regular meeting of Pythian Temple No. 45 on Tuesday night of last week: Mrs. Nina Short, Most Excellent Chief; Mrs. Martha Floyd, Excellent Senior; Mrs. Mildred Sherrill, Excellent Junior; Mrs. Lou Calvery, Manager; Mrs. Florence Cowan, Protector; Mrs. Neoma Bell, Guard; Mrs. Florence Best, Mistress of Records and Correspondence; Mrs. Frances Chetstnut, Mistress of Finance; Miss Bettie Frazier, Pianist; Mrs. Florence Cowan, Reporter.

During the social hour following the meeting, the hostesses, Mmes. Myrtle Mathis, Ora Tyezzzzzzz xxxx Best, Chestnutt and Cowan, served refreshments of hot drinks and sandwiches to Mmes. Myrtle Mathis, Ora Curry, Mary Louise Curry, Eltona Curry, Rosa Lee Curry, Fannie Lee Server, Billie Jo Brooks, Calvery, Pauline Walker, N. Short, H. Short, Floyd, Sherrill; Best, Chestnutt, Bell, McMahon, Cowan, Pauline Warren, and Misses Alta Mae Anderson, Bettie Frazier, Bobbie Lynch, and Avis Campbell.

## New Home Teams In Ropes Tournament

The New Home girls' and boys' basketball teams have entered the Ropesville tournament, which begins Wednesday, Jan. 15. The girls are to play their first game with Southland Wednesday at 5 p. m. The winner of this game will play the winner of the Meadow-Pettit game Thursday evening at 9:30.

The boys' first game is to be against Ropesville Thursday evening at 7:30. The winner will play Friona at 12:00 Friday.

In the New Home gym Friday night, Jan. 10, three exciting games were played by New Home and Southland teams.

New Home won the girls game by a score of 29-7. The high point girl was Jewel Dean Harmonson who made eight points.

New Home boys were victorious over the Southland boys, the score being 24-16. Don Smith and Jimmy Chancellor, who made seven points each, were high point men.

The New Home Junior boys were defeated by a small margin of one point. The score was 11-12.

Later, The News is informed that the New Home girls won their first game in the Ropes tournament, defeating Southland 27 to 6, and will play Meadow next.

J. H. Ramsey underwent surgery in a Lamesa hospital on Thursday of last week. Dr. Probi operated and the patient is improving at Tahoka Clinic.

Reed Dickens is improving at Tahoka Clinic from pneumonia. He was admitted on Tuesday of this week.

## Farm-to-Market Road Contracts Will Be Let Soon

On February 6, contract is to be let for the construction of the farm-to-market road east from Wilson to the Garza county line, with a spur extending north four miles toward Slaton just two or three miles west of the Garza line. The whole length of this project is 14 1/4 miles.

Since labor and building material have become so high, it is now apparent that not quite as much mileage can be constructed with the \$850,000 bond issue as was contemplated when the bond were issued. In view of this fact the commissioners court have been consulting from time to time with the State Highway Commission with a view to including the State to take on the construction of a larger mileage of state highway in this county.

It is believed that the State can be induced to build the road from Tahoka through Wilson to Slaton. This was designated several years ago as a proposed state highway. Then the war came on and this building project was abandoned or indefinitely deferred. So, when the county bond election was held, a portion of this route was included in the mileage of the farm-to-market road project. If the State will agree to pave this road any time within the next year or two, the county funds will doubtless be sufficient to pave the remainder of the county projects. It is said that members of the court have been some encouragement by the highway that the State might be induced to take over this Tahoka-Wilson-Slaton project.

When spring weather opens up, the road building program will doubtless be greatly speeded up. A number of different farm-to-market projects should be completed before winter comes again.

So far, projects completed in this county are the State highway project from New Home to Wilson in commissioner precincts 3 and 4, and the farm-to-market project from the Post highway to the Borden county line east of Draw together with a spur from this road east to a point south of Grassland. Construction is now under way on a farm-to-market road from New Moore east to Wells, thence south 3 miles and thence east by O'Donnell to the Draw project.

## Grassroots . . .

By Bill Griffin, County Agent  
H. R. Tankersley Sr. will be presented as the farmer of the week over KSEL, Lubbock radio station, Sunday, January 19, at 2 p. m. The program will be a transcription made on Mr. Tankersley's farm Friday, Jan. 17, when a representative of the station visits the Tankersley farm and interviews Mr. Tankersley.

A dairy feeding school is being held at the Aggie Memorial Auditorium at Texas Technological College in Lubbock January 21 at 10:30 a. m. Information on the latest feeding experiments and dairy rations will be discussed. All dairymen are urged to attend this school.

You may have neglected treating your peach trees for the peach tree borer. If so, it is not too late to do the job. Ethylene dichloride is very effective and easily applied. The only preparation necessary is to break the crust in a circle around the tree about three inches from the base. Apply one-half pint for large trees and about one-fourth pint for smaller trees.

### J. R. WYATTS HAD REUNION CHRISTMAS

Mr. and Mrs. J. R. Wyatt report that on Christmas day they had a family reunion in Lubbock and enjoyed a great Christmas dinner, with all their sons and daughters and their families present.

In addition to the aged couple, those present included two daughters, two daughters-in-law, three sons, two sons-in-law, nineteen grandchildren, five great-grandchildren, and a few others.

#### THE LIGHT OF THE WORLD

Matt. 5:14.  
Christ said to his disciples: "Ye are the light of the world. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

Brother man: You and I, who claim to be disciples of the Christ are expected to live so that whatever influence we have on our fellowman, it may cause him to believe in the Lord.

Neighbor: Do you really think we are trying to live that way? If I

### REV. LEON QUILLIN GONE TO PRAYER CONFERENCE

Rev. Leon Quillin left early Monday morning for Shreveport, La., where he was to attend a Bible and Prayer Conference. Accompanying him to Shreveport were Rev. H. M. Sheets of Lubbock, District superintendent, Rev. J. W. Harper of Odessa, and Rev. R. T. Peek of O'Donnell.

Five districts are represented at the Conference: New Mexico, Oklahoma, Arkansas, Louisiana, and Texas district, and West Texas district.

The Conference was to start Monday night, Jan. 13, and continue through Friday night, Jan. 17. Rev. Quillin is expected home Friday or Saturday.

#### Stambeck Infant Dies

The infant of Mr. and Mrs. Alvin Stambeck, who live on the Swan place in the Joe Stokes community died Sunday, and funeral services were held in Lubbock Monday with burial in the cemetery there.

The infant was only 15 days old, having been born in the Lubbock Memorial hospital on Saturday, Dec. 28, weighing only 3 1/2 pounds and 4 1/2 ounces.

Misses Gloria Ballard and Edna Swenger attended a meeting of the Southwestern Associated Telephone Workers' Union Sunday night and Monday in the Lubbock Hotel. They report that numerous towns in this area were represented.

say, "O, it is none of neighbor A's business how I live or how I worship; I will believe what I want to, and do as I please; and if he don't want to believe anything that is his business." Then you say, "That is right, Brother Bankhead, you believe anything you want to, and I will do the same and let every other disciple do as he pleases, then if none of us can do anything with our neighbor A, then he will have to answer for himself, anyway." Perhaps a third man will add, "Well, a man's salvation does not depend on anything the man can do anyway. If Mr. A. is one of God's elect then God will take care of him; and if he is not then there is nothing anyone can do about the matter."

Neighbor, you and I know that is about the way the average religious man talks about the matter. But, neighbor, we cannot get away from the fact that Christ taught the way you and I live would have its effect on those about us. And Christ told us plainly how to live. Read Jno. 17:20-21. Christ prayed, "That all who believe on him through the Apostle's words be one, that the world might believe that God had sent him." Paul said: "To all that in every place call upon the name of Lord Jesus Christ; . . . That ye all speak the same thing; that there be no division among you." I Cor. 1:1-10.

If the Lord commanded that all his disciples in a city like Corinth be one; and that there be no division among them, what do you think he will expect of his disciples in a little community like Grassland, Gordon, New Home, or towns like Tahoka or O'Donnell? In Jerusalem after the disciples numbered into the thousands they were "of one heart and one soul." Acts 4:32. But some one is saying, "I can't see for my life how they were."

May be their preachers all preached the same thing. I am sure that would help the Cause of Christ today, if all preachers preached the same thing the Apostles did. Suppose the people of Lynn county call a preachers' meeting and have the preachers preach to each other until they are all converted to what the Apostles preached. Think on these things. Write me what you think. Price Bankhead, Post, Texas.

### NEW HOME VETS DOWN LUBBOCK QUINTET

The New Home Vets cagers downed the basketball team from Furr Food No. 3 of Lubbock at the New Home gym Thursday night of last week. New Home took the first game 26 to 13. James Ensor led the victors with 10 points. McClendon paced the losers with five points.

New Home copped the finals 23 to 15. James Ensor again led the winners, pouring in ten points. Harris laid in seven points for the Lubbock team.

On Monday, Jan. 6, the Vets defeated the Independent team from Frenship 38 to 31. The game, played at Frenship gym, was sparked by Preston Parham with 16 points and J. Ensor with 12. Qualls led Frenship with 13 points.

Any team interested in a game with the New Home team may arrange it by writing H. F. Mayfield, Rt. 4, Tahoka.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, and thus help build resistance for the "time" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. TRY IT!

### Baptist Worker Will Meet In Brownfield

The Workers monthly conference of the Brownfield Baptist Association will meet with the First Baptist Church at Brownfield at 10 a. m. next Tuesday.

ference preceding the Simultaneous Revival campaign to be waged throughout this area and all Texas in February, it is desired and expected that the attendance be unusually large, unless bad weather condition's should interfere.

The programs for the past few months have been unusually good, according to those who attended, and it is to be hoped that the program next Tuesday will be equal to the best.

Lynn county Baptists are urged to be present.

Martha Jane Ware, daughter of Mr. and Mrs. A. E. Ware, and Mrs. Leona Delgado have been receiving medical treatment at Seale Clinic this week.

Mrs. G. W. Douthit, who spent several days in Tahoka Clinic, has been taken to the home of her son, Henry Douthit, where she is slowly improving.

D. L. Short reports that he and Mrs. Short had their sons, Lester and Clayton Short of Tishomingo, Mississippi, as well as all their other children, with them Christmas.

Do not plow up the Engineers' stakes on the county farm-to-market roads. They are expensive to the County, and to you taxpayers, to replace. 15tc.

### Cooper Makes Statement On Road Machinery

To the People of Commissioners Precinct No. 1:

In view of the fact that, upon coming into office as your commissioner I find that I have very little road machinery with which to maintain your roads, I feel that a true statement of this situation is due both you and myself.

Prior to taking over the office, I was unable to find out just what equipment Precinct No. 1 owned. As my predecessor was not present when the old court had its last meeting and the new court had its first meeting on January 1, I was unable to get definite information at that time. But since then I have compiled a list of the property the precinct owns or is supposed to own, as follows:

1. Two J. D. Adams motor graders, both of which were out of commission. I had to go to Plainview to get extra parts for them, which had to be ordered, and they are still not in very good condition.

2. A one-half interest in an Elevator-Grader, the other half interest belonging to Precinct No. 2.

3. One-half interest with Precinct 4 in a little scraper. The caterpillar tractor that pulled it had been traded in for an Allis-Chalmers Maintainer which has not yet been delivered but the Precinct has a credit of \$3,800 on it.

4. One Ford Pick-up, in bad repair.

5. A \$300.00 deposit which has been made with Bill Burleson for a new Pick-up which has not yet been delivered.

6. Two revolving scrapers, which I have not yet located.

7. One tool house and a fuel tank at Wilson.

This is absolutely all the machinery and equipment that I can find belonging to this precinct.

I am respectfully asking the people of the precinct to be patient with me until I can purchase some equipment with which to repair and maintain your roads. I intend to serve you to the best of my ability with the equipment available.

Respectfully,  
E. J. COOPER, Commissioner of Precinct No. 1. Adv.

There 18 mountains and 26 lakes at Bar Harbor, Maine.

Two books in the Bibles are after women, 37 after men.

Do not plow up the County Road Engineer's stakes. 15tc.

**SOME PENSION FACTS**

Somebody is always and forever thinking up new or additional uses for public funds. They are now agitating the broadening of the social security set-up, so as to make it apply to all employers and employees of every kind, farmers, ranchmen, professional men, and their employees, all.

And, in Texas, many people have advocated the paying of old age pensions to all people alike over 65 years of age regardless of their financial condition and others have constantly advocated a substantial increase in the individual monthly payments. They have frequently cited the smallness of the payments made in Texas as compared with those made in California and other states as an argument in favor of larger payments.

The News has always advocated payments in accordance with the need. A few days ago, a table of old-age-assistance statistics for the month of August, 1946, fell into our hands from which may be gleaned quite a bit of illuminating information. The statistics covered 23 of the 48 states.

From this table we learned that Texas was paying pensions to more people than any other state in the Union. There were 184,381 persons on the Texas pension pay roll as compared with 161,411 in California, which had the second largest number of persons on the pay roll. Illinois had the third largest number, 124,669; Ohio was fourth, with 117,579. Missouri had 106,349, and New York state, with twice as many people as Texas, had only 104,377. Each of the above states except Missouri has a larger population than Texas. No other state in the Union has as many as 100,000 old-age pensioners. Penn-

sylvania, with a population of more than 10,000,000, had only 87,349 persons on its pension rolls.

Now, let's look at the matter from another angle. Texas paid out more money to old-age pensioners during that month of August than any other state in the Union with the exception of California and Illinois. California paid out the enormous sum of \$7,796,718, and Illinois paid out \$4,358,768. Texas was not far behind Illinois with \$4,318,214. The rich and populous state of New York fell a little below Texas; it paid out only \$4,086,780. Massachusetts, Ohio, Oklahoma, Missouri, and Michigan followed in that order in the descending scale, the amounts given ranging between four million and three million dollars each. Furthermore, Texas paid more for pensions that month than all the states of Virginia, Kentucky, Tennessee, North Carolina, Georgia, Mississippi, and Louisiana combined.

Fifteen of the states listed pay more per capita than Texas pays but nearly all of these have far fewer pensioners than Texas has. Indiana, for instance, paid an average of \$26.75 per pensioner against an average of \$23.42 in Texas, but it had only 55,011 on the pension rolls. Iowa paid an average of \$34.38 per pensioner but it had only 48,302 persons on the pension rolls. Kansas paid an average of \$31.08 but it had only 29,862 pensioners. Only a few states paid more per total population than did Texas.

The next time you hear some fellow charging that Texas is not doing as much for its aged poor as most other states, just take a look at these figures.

**REDISTRICTING**

According to an article by a staff writer in last Sunday's *Avalanche-Journal*, both Senator Parish and Representative Preston Smith have gone to Austin with a defeatist attitude with respect to redistricting. "On the matter of redistricting," says the staff writer, "both Parish and Smith also see a stiff fight, although neither of them indicates much hope of getting this job done until after the next federal decennial census in 1950."

Well, if that is the way those boys feel about it and talk about it, they had just as well haul down their redistricting flag right now. We never did hear of a man winning a fight which he expected to lose.

But to wait until after the 1950 decennial census is taken and returns made would mean that redistricting legislation could not possibly be effected before 1951. That means at least four years hence, and legislation enacted then could not take effect until 1952. So, what these gentlemen are saying is that they see no hope for a redistricting

law in operation for five years yet, and the tone of their remarks indicates that they have no spirit to fight for it sooner.

Plague on such an attitude. Bills will be introduced—probably have been introduced already—to so redistrict the state as to bring justice to West Texas and other sections. Justice that has been long deferred. The Harley Sadler bill is one of these. It or some similar bill will doubtless receive support from many representatives from West Texas, the Rio Grande valley area, and many of the larger cities, and should have a good chance to be passed if not doomed in the house of its friends.

We think that the two gentlemen from Lubbock should put on their fighting clothes, jump right into the middle of the fight and scrap the enemies of redistricting like fury all over both houses of the legislature. Shame on both of you if you adopt a soft or defeatist attitude in this important matter.

Our state legislature convened Tuesday. There are a number of important matters that deserve attention by this legislature. If our own state senator, Sterling J. Parish, and our own state representative, Preston Smith, both of Lubbock, have had their eyes and their ears open, they are doubtless prepared to do battle for several proposals of vital interest to this state and to West Texas in particular. For instance, if they will but consult Judge Tom Garrard of Tahoka, he can convince them in the twinkling of an eye of the justice and the desirability of apportioning state school funds on the basis of daily attendance of pupils rather than the basis of scholastic census. He recently discussed this matter before the Rotary Club here, and he called attention to the fact that school authorities in many school districts in East Texas and South Texas will leave no stone unturned to enroll on the scholastic census every Negro and every Mexican child within school age that can be found in their respective districts and then provide no adequate school buildings and other facilities for these children, using the funds instead for the education of the white children. That is the reason why many districts in those sections of Texas have an abundance of state public school funds while many districts in West Texas are compelled to raise heavy additional funds by local taxation. If the apportionment were based on the daily attendance instead of the scholastic census, then East Texas and South Texas would either send these Negro and Mexican children to school or West Texas would get a larger portion of the state funds, either of which contingencies would be preferable to the existing situation.

The Associated Press announced from Austin Sunday that Senator Strauss "will urge return of legalized horse race betting, legalization and taxing of slot machines, and sale of liquor by the drink." We can hardly think of a more baleful program of legislation. Pari-mutuel horse race gambling would authorize the unscrupulous "slickers" to graft on thousands and thousands of people who are easily lured by a seeming chance to win. Many a wage earner would be virtually robbed of the earnings that he needed to buy food and clothing for his family. The legalized slot machine would make gamblers of all the children. Sale of liquor by the drink would bring back the old-time saloon, which was a little worse than the package stores that repeal of prohibition brought back. We can not conceive of a surer method of making confirmed gamblers and drunkards out of the boys and girls that are growing up today than would the enactment into law of these three proposals.

KILROY'S pipes didn't freeze—he put insulation on those under the house. He bought it at Shamburger-Geer Lbr. 15tf.

The Pope of Rome, who maintains a little government of his own in Vatican City, and who aspires to influence every other government in the world, including our own, has been having troubles of his own recently. Certain individuals in Rome have gotten tired of the Pope's dictatorial methods. Two or three of them own newspapers in the "Eternal City" and have been printing what they think. Even a lot of people in Vatican City seem to have been imbued with the spirit of rebellion. So, in order to intimidate the embryonic rebels, the Pope called a great meeting of his subjects a couple of days before Christmas and proceeded to lay down the law to them, so to speak. He threatened and cajoled them in a manner, it is said, that would have done credit to a Mussolini. A report from Rome about that time stated that one Ruggio Maccari, 27, editor of two anti-clerical weeklies, had been sentenced to two years imprisonment by an Italian court. The decision, it was stated, was viewed as a warning to anti-clericals that offenses against the Roman Catholic clergy would not go unpunished. So, it is plain that they do not have freedom of speech, freedom of the press, nor religious freedom in Rome when the Pope or his Clerics are involved. No. If this issue of the Lynn County News were being published in Rome, the editor would probably be landed in jail pretty pronto. And yet the Pope of Rome and Roman dignitaries in this country are posing as the chief advocates of religious broad-mindedness and tolerance at this time. And they are fooling some smart people.

W. E. Hagood returned a few days ago from a visit of two or three weeks with relatives in Abilene, Stephenville, and other points in central West Texas.

The New Home P.T.A. will hold their regular meeting Thursday, Jan. 16. Those on the program consist of: Mrs. Henry Heck, "What the Parents Expect of the Teacher"; Mrs. Ruth Ganus, "What the

By (Onie Crow)

### Howdy, Folks:

We had a talk with Editor E. I. Hill of The News about writing columns, and he gave us some advice about the popular profession.

But, first, let me tell you what happened to the column last week. Frank Hill put the copy in his pocket and somehow he became entangled in some papers at The News office and was lost for two days. My father always told me hip-pockets and the floor were poor filing cabinets.

Mr. Hill said there was money in writing, but he had never made much at it because he didn't have any rich relatives to write to.

He encouraged us, though. He said that by the time we had written long enough to discover that we had no talent for writing we'd probably be too successful to quit.

Of course we know how to write successfully for a magazine. Just write 'em a check for a subscription. They never reject that kind of writing.

We wonder if Mr. Hill will print this. But our bill was paid last month and will be paid this month if our friends will obey the advice given below.

We are certain that you will like our Gasolines and Diamond DX Motor Oils if you'll give 'em a try. Drop in next time you're down our way.

### PANHANDLE

Teacher Expects of the Parents." The first grade will sing a song, "Two Little Ducks"; the second grade will sing "A Frog He Went A-Wooling" and "Chigget." A quartet, composed of Mmes. Loyd McCormick, Claude James, N. H. Cromer, and Raymond Daugherty will also sing.

A surprise party was given last Thursday night at the home of Mrs. Clarence Scott honoring Mr. and Mrs. Henry Ray. Mr. and Mrs. Ray are moving to Post. Their farm is seven miles north of Post. It is a combination farm and stock ranch.

A group of singers from the Church of Christ at New Home are going to J. I. Parham's Friday night.

Mr. John Poindexter from Wayside has been brought home from the hospital.

Mr. and Mrs. A. R. Romines are the parents of a daughter born Dec. 8. They have named her Judy Ann.

The W. S. Powell family is moving to Route One, Howell, Texas, close to Sherman.

Rev. E. C. McDonald and wife will attend the State Evangelistic Conference at First Church, Dallas, Monday, Tuesday, and Wednesday.

### RUTH SUNDAY SCHOOL CLASS HAS PARTY

The Ruth Sunday School Class of the Baptist Church met at 7:00 o'clock Tuesday evening at the home of their teacher, Mrs. D.V. Smith, with their president in charge.

After a business session, games were enjoyed and refreshments of cake and coffee were served.

All the members of the class are urged to attend its next regular business and social meeting.

### SORE THROAT—TONSILITIS! YOU WANT QUICK RELIEF!

For prompt relief from pain and discomfort try **DURHAM'S ANAESTHESIA-MOP**. It is a Doctor's Prescription combining a local anesthetic and a powerful germicidal dye in a pleasant-tasting solution. Powerful and effective, does not burn tender throat membranes and is safe for children. You must agree it is the best throat mop ever used or purchase price will be refunded. Generous bottle, with mop-stick, only 50c at your druggist or at

TAHOKA DRUG

### NEW HOME H. D. CLUB MEETS WITH MRS. MEARS

The New Home Demonstration club met with Mrs. Loyd Mears December 10. Miss Anderson, the demonstration agent, gave a demonstration on "Testing and Alteration of Pattern; Adaptation of Commercial Pattern to Foundation Pattern."

Yearbooks were given to the club members. Mrs. J. W. Shadden presented a beautiful wool blanket as a going away gift from the club. Mr. and Mrs. Shadden have moved to the Becton community.

Refreshments of coffee, sandwiches, and cookies were served to Mesdames Dwight Corbell, Gayam George, J. W. Shadden, George Hancock, Clyde Ashcraft, Joe Mack Armontrout, E. R. Blakney, Boswell Edwards, D. D. Renfro, Glen Ailsup, A. L. Pace, Charles Armontrout, Aubrey Smith, Donald Caudle, and Miss Alta Mae Anderson.

### CARD OF THANKS

We wish to express our deep appreciation for the beautiful floral offerings and for the many kind deeds shown us during the illness and at the death of our beloved husband and father—Mrs. A. F. Pitts, Kirk and Buster Pitts, Mrs. J. D. Kuykendall.

Mrs. R. W. Fenton left Wednesday for Kent, 55 miles west of Pecos, to spend a few weeks with her sister who lives there.

### Proper Care of Mattress

#### Assures Comfort, Longer Wear

If sleep equipment is given good care, it will offer more comfort and longer service. Innerspring mattresses should be turned side for side at two-week intervals and occasionally end for end. Cotton or hair-filled mattresses need turning every week. This procedure distributes the wear and fluffs up the upholstery. Springs need the same sort of treatment about twice a year.

Every morning, windows should be opened and the bed clothing thrown back, permitting the air to penetrate the mattress and keep it fresh. When there is a bit of winter sun, the mattress can be moved up to the window and given a sun bath. The sun's rays act as germ killers and help to prevent the filling from packing down.

A removable cotton mattress cover which can be laundered protects the mattress from soil. In addition, mattresses deserve a regular cleaning with a vacuum cleaner attachment or soft brush. Boxsprings may also be cleaned with the vacuum attachment, and metal bedsprings with a soft cloth.

### West Indies Isle Boasts

#### One of Oldest Parliaments

Establishment of a governor's cabinet in Barbados calls attention to the fact that this West Indies island has one of the oldest parliaments in the British Empire. Unique among its neighbors for its continuous loyalty to one flag, Barbados celebrated the tercentenary of its assembly in 1939, recalls the National Geographic Society. Only in London and Bermuda are there older British legislative bodies.

Barbados is the easternmost of the islands that separate the Caribbean sea from the Atlantic ocean. When the officers and crew of a British ship landed in 1605, they claimed the island for their king, James I. The first English settlers arrived in 1626, twenty years after the founding of Jamestown, Virginia.

Because English customs, architecture, and characteristics were brought to the island, Barbados acquired the name of "Little England." But its immigrants even in the early days were not all English. It became a land of exile for Irish and Scots who had become troublesome at home. The Scots were attracted to the island's northeast region by its Highlands appearance.

### New & Complete Protection

We are now offering Hospitalization coverage for the entire family. Also, Health and Accident coverage for employed persons. All policies pay from the first day. This service is in addition to our regular Life, Educational, and Annuity plans. Call or write us for information.

Choir rehearsal is held each Thursday evening at 7 p. m.

## FUTURE HOMEMAKERS

The Future Homemakers of Tahoka met January 14 in the school gym. The meeting was called to order by Vice President Bobbie Lynch. The club discussed its project for the year, and committees were appointed in regard to the project. The election of next year's officers and an installation service was discussed.

A program was given which consisted of talks by Velma Ruth Howell on "How We Can Improve Our School," and by La Fayne Moore on "How to Improve Our Study Hall," and by Joy Williams on "Improvements in Our School Relation." Then a two-minutes play was given by Eddie Hamilton, Joretta Hill, Joyce Hodges, Sybil Cawthron, May Draper, Mannie McClellan, and Lena Williams.

After this the F.F.A. boys joined us and games were played and pops and cookies served.—Reporter.

Martin Smith of Oakland, Calif., spent the holidays in the home of his parents, Mr. and Mrs. Dee Smith of Tahoka.

## FOUR-YEAR-OLD NANCY DRURY SYMBOLIZES FIGHT ON POLIO

Four-year-old Nancy Drury of Kentucky has been selected as the Poster Girl in the fight being waged this year on infantile paralysis. She is typical of thousands of other girls who might become victims of this dreaded disease if the March of Dimes campaign should fail.

Nancy Drury was stricken when the infantile paralysis epidemic swept through Kentucky in 1944. She is a completely healthy and normal child today. Only her immediate family can still see traces of the disease which attacked her viciously then as it attacked more than 25,000 Americans last summer in the worst epidemic the nation has known for thirty years.

Little Nancy, like thousands of other polio patients in the nation's hospitals today, received expert treatment. The bills—for doctors, nurses, physical therapists and follow-up clinic treatments at the General Hospital in Louisville—were paid in full by the Kentucky Chapter of the National Foundation for Infantile Paralysis, with funds made available through the March of Dimes.

"Without that help, I do not know how we would have managed," Mrs. Frank Drury, Nancy's mother, writes. "We were so frightened. First there was the terrible pain and the fear of paralysis as Nancy's little body went stiff and helpless. Then there was the worry—how could we possibly pay for the hospital and the doctors and nurses Nancy needed? To have the money provided by the Kentucky Chapter of the National Foundation was like a miracle. They paid for everything, so that our children had every chance for recovery."

"Sometimes you find friends when you're in trouble. That's what the March of Dimes was to us—a friend. As a mother, I want to ask all mothers to help the March of Dimes. You never know, you cannot tell. We never thought a child of ours would have polio. It may be your child next summer. As long as there is a March of Dimes, you will not have to worry what to do. Your local Chapter will tell you, as mine told me, where to go and how to get the best modern treatment for your child."

Mrs. J. H. Cook and her daughter, Mrs. Lucy Bryan, returned Monday from Hillsboro, where they had gone to visit. Mrs. Cook's mother, Mrs. J. C. Woolley, 86, who is seriously sick, they went down on Thursday of last week. They stopped over in Fort Worth on the return trip Sunday night to visit Mrs. Cook's sister, who lives in that city.

Rev. P. M. Wiley, pastor of Central Baptist Church, returned recently from Excelsior Springs, Mo., where he spent about a month in a hospital following a major operation. He returned home in much better health.

## Lakeview News

(By Mrs. C. B. Nowlin)  
Mr. and Mrs. Cecil Yeatts and family attended the funeral of her grandfather at Kopperal last week end.

Mr. and Mrs. Herman Timmons of Levelland are the proud parents of a baby boy, born Jan. 8. He has been named Michael Keith. His grandparents, Mr. and Mrs. Bill Timmons, went to see him Sunday. Cleburne Nowlin spent two days and nights at the Tahoka Clinic last week taking penicillin shots for an infection in a finger which was severed at the first joint two weeks ago when he got it caught in a fan belt. He is improving at this writing.

Mr. and Mrs. Aaron Pendergrass of Lubbock visited in the Murray Nettles home Sunday.

Mr. and Mrs. Harvin Smith of Lubbock visited in the C. B. Nowlin home Sunday.

Mr. and Mrs. Algie Andrews of Wilson visited in the Cecil Yeatts home Sunday.

Mrs. Sallie Godfrey visited her sister, Mrs. Dollie Freeman, at Crosbyton Sunday.

S. Sgt. Delbert Timmons, son of Mr. and Mrs. John Timmons, is now in Japan. He has been in Korea with the Army.

Rev. and Mrs. Vaughn left Monday for Dallas to attend the Baptist Convention.

Mrs. Taylor White, who has been living in Austin recently, returned to Tahoka Monday night for a visit here with Mr. and Mrs. D. V. Smith, being a sister of Mr. Smith. Many new-comers here may not know that she formerly lived here. Mr. White having been the teacher of vocational agriculture in the high school here for five years. Both had many warm friends here. Both removed from this place to Odessa in 1933 and Mr. White later was killed and Mrs. White critically injured in an automobile accident near Midland. She has visited here often since.

## DRAW GIRLS ENTER

### 4-H DRESS REVUE

Girls entering the 1947 4-H Dress Revue contest from Draw 4-H Club are Ruth Montgomery, Bobbie Bailey, Mildred Childress, Marvella Veatch, Eva Mae Norwood, Dorothy Isbell, and Joyce Williams.

The objectives of this contest are to acquire the skills and knowledge necessary to plan, select, construct, assemble and care for suitable costumes for work and social occasions; to learn to dress appropriately, healthfully, and economically; to determine individual clothing needs in order to plan and limit purchases to those garments which are appropriate, serviceable and adequate for purpose intended; to know "herself" in order to choose clothing which is most becoming to her type and most expressive of her personality; and to develop grace, poise, good posture, and the habits of good grooming.

Awards will be given only to those reaching high standards of achievement. Participants must model in the county dress revue, which will be held June 21.

Any 4-H club girl who has reached her 14th birthday by January 1, 1947, and has completed three years club work is eligible to participate in the 1947 Dress Revue contest.

For further information concerning the contest see your county home demonstration agent.

### JOE STOKES H. D. CLUO HOLDS MEETING

Although it was raining, the Joe Stokes home demonstration club met in the home of Mrs. L. M. Shockley, with six members present, on Thursday of last week.

The neighborhood contest was discussed with much interest. We plan to make wool comforts soon.

Miss Anderson gave a very interesting demonstration on altering patterns and making a basic pattern.

We enjoyed a very delicious afternoon snack served by our hostess. —Reporter.

### CONTRACTOR'S NOTICE OF COUNTY HIGHWAY CONSTRUCTION

Sealed proposals for constructing 14.225 miles Farm to Market Road comprising grading, drainage and paving from Wilson east to Garza County Line, and a four mile Spur extending north from a point 2.5 miles west of County Line, will be received at office of the County Judge of Lynn County until 11 A. M. February 6, 1947, and then publicly opened and read.

It is anticipated additions, extensions, deductions to this project in general, not to exceed 25%, will be made and handled as a change order at a later date.

Bidders must submit a cashier's check or certified check for Five Thousand Dollars (\$5000.00) as a guarantee that the bidder will enter into contract under the conditions set forth within ten days (10) after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The County reserves the right to reject any or all bids. Plans and Specifications may be obtained at the office of Hasie & Green Engineering Co., Wilson Building, or P. O. Box 1139, Lubbock, Texas, upon a deposit of \$25.00. \$20.00 to be refunded when same are returned.

### NOTICE TO CONTRACTORS

Sealed proposals for constructing a 500,000 gallon Concrete Water Storage and Pumping Facilities, will be received at the office of the Mayor of the City of Tahoka, Texas, until 3:00 P. M. Tuesday, January 28, 1947, and then publicly opened and read.

Bidders must submit a bond for Fifteen Hundred Dollars (\$1,500.00) as a guarantee that the bidder will enter into contract under the conditions set forth within 10 days after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The City reserves the right to reject any or all bids. Plans and Specifications may be inspected at the office of the City Secretary of Tahoka, Texas, or obtained from Hasie & Green Engineering Company, Wilson Bldg., or P. O. Box 1139, Lubbock, Texas, upon a deposit of \$15.00, of which \$10.00 will be refunded when same are returned.

## Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION**  
For Coughs, Chest Colds, Bronchitis

"Once somebody backed us,  
"Right into a cactus,  
"That's the way '66' makes you go!"

## Get Phillips 66 Gasoline

What makes Phillips 66 start so quickly... warm up so easily these cold mornings? That extra measure of high-volatility elements!

Yes, Phillips draws on its vast reserves of high-test natural gasoline to boost the volatility of Phillips 66 as the temperature goes down.

You'll find that this "controlled volatility" will help you to better driving, quicker starting, faster warm-up, as the weather gets colder. Stop at the next orange-and-black '66' sign and be shown!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

YOUR LAND IS YOUR LIVELIHOOD! Protect it!

Did you ever stop to think where you'd be if your farm were suddenly taken away? Unless you use conservation practices on your farm now, wind and water might handicap your future income. Protect your land by scientifically attacking your conservation problems.

Either your county agent or local conservationist is eager to help you. By following

his plan, you can count on years of productivity from your acres. Why take a chance on losing your livelihood?

Your John Deere Equipment is fully adaptable to the conservation practices recommended for your farm. Be sure to get your free copy of "Soil Conservation" at our store the next time you're in town.

D. W. Gaignat

SOIL CONSERVATION IS EFFICIENT FARMING

### Brotherhood Will Meet Tuesday Eve

Members of the local Baptist Brotherhood are reminded by the president, Ernest A. Herring, and Pastor Levi Price that the January meeting will be held at the Church Tuesday night.

Every member is urged to be present and all other men of the town and community are invited. Members of other Brotherhoods will also be cordially welcomed.

Mrs. Jennie Lankford of North Third Street, who spent ten days in a Lubbock hospital receiving treatment for double pneumonia, was brought home last Sunday and is reported to be improving.

Do not plow up the County Road Engineer's stakes. 15c.

Mrs. Eugene Whitt and daughter, Judy, of Terrell arrived Sunday for a 10-day visit with her parents, Mr. and Mrs. Gary White of Dixie. Mr. and Mrs. White expect to return with them for a visit.

Mrs. W. A. Yates, who spent several days in Tahoka Clinic for treatment of severe cold and sinus trouble, was returned to her home Monday and is improving.

#### CARD OF THANKS

We wish to thank our friends for their many acts of kindness during the long illness of our mother, and for their sympathy in our bereavement. The family of Mr. and Mrs. M. E. Fillingim.

Joan of Arc was born at Domremy, France, about 125 miles southwest of Paris.

### Develop New Sex Hormone

#### For Treatment of Menopause

A new synthetic female sex hormone which promises to free women from suffering in the difficult transition period of middle age has been developed as the climax of a ten-year quest in laboratories throughout the world, Dr. C. T. Van Meter and C. A. Siconolfi of the Reed and Carnrick Institute for Medical Research declared.

The new drug, called Meprane, can be taken by mouth and has none of the toxic characteristics which impaired the usefulness of some previously synthesized hormones, the report states, adding that Meprane can be produced at relatively low cost because the necessary raw materials are readily available.

Although the female hormone, or estrogen, has a variety of therapeutic uses, the report continues, medical authorities testing Meprane at several large medical centers expect the new drug to perform its greatest service in the treatment of the menopause. As this condition is approached, the ovary commences to decrease its output of true hormone, the doctors explain. The result is that the normal delicate balance between the sex hormone and certain other hormones is disturbed, and this lack of balance brings about the characteristic symptoms of the menopause.

#### Proper Installation Needed With New Radiant Heating

Radiant heating providing warmth from pipes buried in the floor is usually found in new homes of any size and architectural shape. Radiant heating costs somewhat more than standard systems, but savings in operating costs run as high as one-third. Adding radiant heating to existing homes is usually a big, costly job, because it means tearing up and replacing floors or ceilings, but it can be done.

Radiant heating systems call for expert design by experienced engineers because it is expensive to correct errors when pipes are buried in the building. Theoretically, heat control presents problems. In a system including gallons of water, tons of concrete, and hundreds of feet of pipe, the heat supply may lag behind the call from an ordinary thermostat. Heat control can be improved by basing it on outdoor temperature. As a balancing advantage, zone control works well with radiant heating. You can easily have 70 degrees in your living room, 65 degrees in work areas, and 50 degrees in sleeping areas.

Radiant heating was first used by the Romans, 2000 years ago. In the past 20 years, hundreds of homes have been so equipped.

#### Clean Garden

Refuse and plants from garden crops should be removed and carried to the compost heap or be disposed of otherwise in the fall. Any plant that might carry over diseases or insects should not be left near the garden or used in the compost heap. After refuse has been removed from the garden, at least part of the garden should be prepared for spring planting. This will make it possible to plant many early vegetables before it would be possible to prepare the ground in the spring. Lime should be applied, if needed, along with stable manure and the ground thoroughly broken, rows laid off and listed up ready for spring planting. Compost, which is valuable in the garden and on shrubs, flowers and lawns, can be made from materials that would otherwise be wasted. Refuse from the garden, leaves, straw and leaf mold may be used in making the compost pile and some manure may be added if desired.

**Adequate Wiring**  
FOR  
**PROFITABLE FARMING**

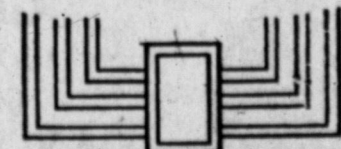

What does "Adequate Wiring" mean on your farm? It simply means ENOUGH electric outlets and switches for convenient working; enough electrical circuits for serving efficiently and safely all the electrical aids to better farming you have now, and will want in the future; and electric wires large enough for serving your present and future needs without unnecessary loss to you.

For profitable farming, the economical, efficient electric way—make sure you have adequate wiring.

- Electric BROODERS
- Electric FEED GRINDERS
- Electric HOME FREEZERS
- Electric INCUBATORS
- Electric PRESSURE COOKERS
- Electric MILKERS
- Electric WATER HEATERS
- Electric WATER PUMPS
- Electric SEPARATORS

## Adequate Wiring

SIMPLY MEANS

✓ LARGE ENOUGH WIRE

✓ ENOUGH CIRCUITS

✓ ENOUGH OUTLETS AND SWITCHES

## SOUTHWESTERN PUBLIC SERVICE COMPANY

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

### NEW HOME 4-H CLUB ELECTS OFFICERS

We had a 4-H club meeting in the sixth grade room in the New Home schoolhouse at 9:45 Thursday morning of last week.

At this meeting we elected officers as follows: President, Bernadene Rudd; vice president, Beth Blew; secretary, Betty Jo Brown; reporter, Bernice Fillingim.

Miss Alta Mae Anderson demonstrated how to cut bias tape on material.

For the next meeting each member is supposed to make some bias tape and bring it to the meeting.

Miss Anderson also demonstrated how to make a minor corner.

We had 43 members present at this meeting.—Reporter.

Do not plow up the Engineers' stakes on the county farm-to-market roads. They are expensive to the County, and to you taxpayers, to replace. 15c.

### Paint Surfaces

The old adage "haste makes waste" is highly applicable to preparation of surfaces for a paint job. If there are any holes, breaks or cracks in the surfaces to be painted, no matter what type of paint is to be used, they should be carefully filled with proper material and made smooth before any paint is applied. In the case of cement, concrete, brick, stone or stucco walls, the openings should be carefully cleaned out and then filled with patching material which can be purchased from paint dealers, and mixed and used according to the manufacturer's instructions. Large cracks and holes should be cut along the edges so that the openings will be wider on the inside than at the surface, in order to assure a good anchorage for the filling material. With most filling materials, it is important to thoroughly wet the inside surfaces of the openings before patching, but specific instructions will be found on the packages of patching material.

### Strange Plant

An "octopus" of the plant world is on exhibit in the Chicago Natural History museum. It is known as the Welwitschia plant, and because of its wood barklike, cup shaped trunk or stem is described as a "dwarf tree" that spreads out on the ground instead of growing in a standing position. It lives for hundreds of years. With its round, solid center or trunk, growing 3 to 4 feet in diameter, from which radiate strap shaped leaves that grow to lengths of 6 to 8 feet like tentacles, the plant suggests in appearance an octopus. Welwitschia appears to be a relic from some past age, so different is it from any other modern plants. The museum specimen was collected in Angola by Prof. Henri Humbert, director of the phanerogamic botany section of the Jardin des Plantes, Paris, who was commissioned for the purpose by the Chicago institution.

### Aborigine Medicine

Ipecac, the root of the ipecacuanha shrub, was first used as a medicinal agent by the aborigines of South America. Some of the therapeutic root was brought to Europe, and fell into the hands of one Adrien Helvetius of Paris. Keeping the composition of his remedy secret, Helvetius used ipecac in the treatment of dysentery. His remarkable cures—advertised on sign cards at Parisian street corners—soon attracted the attention of Louis XIV, whose son the Dauphin lay ill with this disease. Helvetius cured the Dauphin and later sold his secret to Louis for the equivalent of \$4,000. The ipecac root is still used in medicine today, as an expectorant and diaphoretic, but has been supplanted by other compounds in the treatment of dysentery.

### Better Hybrids

Iowa was one of the pioneer states in introducing hybrid varieties, but as recently as 1934 only four of the Iowa hybrids were available to farmers seed producers and corn growers. One was recommended for the northern part of the state, one for the southern and two for central Iowa. These were the "better" corns that took the place of open-pollinated varieties, and swept the fields until open-pollinated corn is now a real rarity in Iowa. Today not one of these "better" hybrids of 1934 is growing on substantial acreage, having given way to "still better" hybrids. Yield has been maintained or increased, plants are less likely to lodge or drop their ears and they are more resistant to diseases and easier to harvest by machinery.

### Gourmet's Paradise

The potato is a staple food in the Chileans' diet, and they use it in many ways with their fine sea food and high grade meat dishes. Add to this the vintage wines for which the country is famous and you have a true gourmet's paradise. A typical Chilean meal, for instance, consists of a "cazuela," chicken or lamb soup with potato, half an ear of corn and string beans. This is followed by "empanadas de horno," baked meat pie, containing chopped meat, onions, olives and a slice of hard boiled egg. To aid digestion and stimulate the appetite one has the choice of the finest white or red wines.

### Rinse Coffee Cups

If dishes must stand before washing, be sure to empty and rinse out coffee and tea cups. Otherwise these beverages may leave a dark stain that is hard to remove. If a cup becomes so stained that soap and water will not remove the discoloration, rub with a moist cloth dipped in soda or baking powder. Do not scour china or pottery. Hard rubbing and cleaning powders may cause color or gilt to fade and damage the smooth surface. Chipped or cracked dishes or those with the glaze off are not sanitary, even after they are washed.

Mr. and Mrs. J. L. Cunningham left Monday for Caddo, where they hope the weather and the climate will prove to be beneficial to their health. Many friends hope that they can come back shortly much improved. Both have been unwell now for some time.

Do not plow up the Engineers' stakes on the county farm-to-market roads. They are expensive to the County, and to you taxpayers, to replace. 15c.
