

The Lynn County News

Volume 43.

Tahoka, Lynn County, Texas, Friday, February 7, 1947

Number 18

Cotton Ginnings For Lynn County Are Announced

The drought which prevailed throughout this area for the larger part of the past two years certainly did play havoc with Lynn county's reputation as a cotton-producing county. Whereas the county has almost always stood second and scarcely ever below third in cotton production among all the counties of northwest Texas during the past twenty years—and once it stood first not only in this area but in all Texas—there were six South Plains counties that surpassed it in 1946 and at least three or four that surpassed it in 1945. Lynn county, in fact, seems to have been harder hit by the drought than any other county in this entire area.

Lubbock county took a long lead of all other counties in this area last year, due chiefly to the development of her irrigation possibilities. The relative high positions taken by Lamb and Hale counties is due in part to the same sort of development.

Since the irrigation possibilities in Lynn county are not as great as in several counties further north, it may be that Lynn county will have stiffer competition in the race for first or second place hereafter than it had for a number of years prior to 1945. Dawson's relatively high position the past year was due to the fact that it was fortunate in receiving more rain than some of the other counties in this area.

Below we give the number of bales ginned from the crop of 1946 in a number of South Plains counties prior to January 16, 1947, and also the number of bales ginned in the same counties from the crop of 1945 as reported by the U. S. Bureau of the Census.

County	1946	1945
Lubbock	51,584	22,098
Lamb	26,892	7,356
Dawson	24,733	7,152
Hale	19,614	5,519
Hookley	16,992	7,950
Crosby	18,199	12,211
Lynn	17,609	7,161

No other South Plains county made as many as 10,000 bales either in 1945 or 1946. The drought that prevailed throughout the year 1945 and through the growing season of 1946 will long be remembered as one of the most disastrous to crops of any that ever visited the region.

Congratulations . .

Mr. and Mrs. Leon Falls on the birth of a son weighing 7 pounds and 10 ounces at 6:14 p. m. Sunday in Lubbock Memorial Hospital. The parents live near Tahoka.

Mr. and Mrs. Carl Herzog of Tahoka on the birth of a son weighing 6 pounds and 12 ounces in Lubbock Memorial Hospital at 2:40 p. m. Sunday.

Mr. and Mrs. Sherman Brown of O'Donnell, to whom was born on last Saturday, February 1, in the Tahoka Clinic, a little daughter weighing seven and three-fourths pounds. The little lady has been given the name of Judy Karen.

Mr. and Mrs. Gerald Walton of Snyder, to whom a son, Jackie Boyce, was born on Wednesday of last week, weighing 8 pounds and 4 ounces. Mrs. Walton is the former Ornelia Inman and was reared in and near Tahoka. She is a sister of Mrs. Florence Cowan and Messrs. Sherman and John Inman. The Waltons also have a 4-year-old daughter.

To Mr. and Mrs. W. H. Smith, who live South of O'Donnell, upon the birth of twin sons in a Lamesa Hospital, January 30. They will be called Jerry and Terry.

Only 2300 Poll Taxes Paid Here

Up to January 31, 1947 the office of Tax Assessor and Collector issued 1947 regular Poll Tax receipts with 352 Supplemental receipts and 21 exemptions for persons 21 years of age making a grand total for Lynn county, of 2300 paid polls. This is compared to total of 3010 regular, supplemental and exemption receipts for the year 1946.

Slaton Boxers Coming Tonight

There will be between 18 and 22 fights tonight at the School gymnasium when Coach Jim Foust's Bulldog boxers meet a bunch of glove-slinging Slaton Tigers.

The local boys have met the Morton boxing team twice, and gave a good account of themselves on each occasion, but Coach Foust says the boys are now in better condition and have learned more of the fine points of the ring, and each will come out slugging at the ring of the gong.

Those who enjoy boxing are assured their money's worth—only sixty cents for adults and thirty cents for school children.

J. T. Fulkerson Died Tuesday

James Thomas Fulkerson, 74, father of W. H. Fulkerson, died at the latter's home here at 1:15 p. m. Tuesday of this week of a heart ailment. He had been living with his son and family since last September.

The body was prepared for burial at the Stanley Funeral Home here but was taken to Lamesa Wednesday for burial, where deceased had made his home for many years. Services were conducted by Rev. Hal Wright, pastor of the First Methodist Church of Lamesa, at the Higginbotham Funeral Home in that city, followed by interment in the Lamesa cemetery.

Survivors include W. H. Fulkerson of this city and three other sons and one daughter, T. B. Fulkerson of Seminole, J. H. of Fort Worth, G. B. of Lamesa, and Mrs. R. C. (Pauline) Schultz of Fort Worth, two brothers, Price Fulkerson of Seminole and Everett Fulkerson of Sierra Blanca; two sisters, residing in Arkansas, eight grandchildren and three great-grandchildren.

James Thomas Fulkerson was born on July 7, 1872, in Young county. He was married to Miss Manora Brown in Mitchell county in 1893. She died in 1930 in Dawson county, to which the family had moved. Mr. Fulkerson continued to reside in that county until last September, when he came to make his home with Mr. and Mrs. W. H. Fulkerson here.

He was a highly respected citizen, a long-time member of the Methodist Church, an affectionate and greatly beloved father, and a man of cheerful disposition even in the shadow of impending death. He will be greatly missed by hosts of friends.

Court Receives Road Work Bids

As The News went to press on Thursday afternoon, Lynn County Commissioners' Court had opened bids and was considering the award of a contract for the paving of 14 miles of farm-to-market road to be built in Precinct 1.

The roads for which contract was to be let was the road east from Wilson and the road north toward Slaton from a point on this road a few miles east of Wilson.

1947 Auto License Tags Available

1947 License tags will go on sale February 10, at 8 A. M. The licenses were to go on sale February 1, but due to the fact that necessary receipts were late in getting to this office, 1947 registrations could not be started on that date.

All owners are requested to have their titles and 1946 registration receipts upon application for 1947 tags. This will allow us to give speedier service on registrations Mr. McGlaun said.

Lynn County Passenger car numbers will start with AR10 and AP 9999 and will be issued in two plates with white numerals on a black background.

Licenses cannot be used on cars until March 1 and must be placed on cars by April 1.

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given \$110,464.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

Cage Tournament Scheduled Here

By defeating both Slaton and O'Donnell early this week, the Tahoka Bulldog basketball team won the right to represent the southeast quarter of District 5-A in basketball. Two teams, Tahoka and Post, will represent this area in competition with two teams from the southwestern area of the district to determine the two team to play against two from the northern half for the district championship.

Wednesday night, Coach Jim Foust and Supt. Vernon Brewer attended a meeting in Brownfield with other officials of the south half at which a decision was reached to play the championship series in Tahoka Friday and Saturday, February 14 and 15.

Tahoka and Post, representing the southeast area will probably be pitted against Seminole and Andrews, two of which teams will survive a double elimination tournament to compete with winners of the Levelland area at a later date.

Coach Foust announces that one game will be played Friday afternoon, two Friday night, one Saturday afternoon, and two Saturday night. A gold trophy will be presented the first and second place winners, and gold basketballs will be presented the five all-tournament players. Admission prices will be 20 and 40 cents.

Local people will be asked to provide sleeping quarters in their homes for members of the visiting team members.

Monday night, Tahoka defeated O'Donnell 41 to 25, and on Tuesday night the Bulldogs were victors over Slaton 31 to 25.

The rapidly improving team of Tahoka girls' girls put up a scrappy contest before losing to Wilson by a narrow margin.

Baptist Revivals Starting Sunday

Baptist churches of Lynn and Terry counties will hold "Simultaneous Revivals" starting February 9 and continuing through February 23rd, according to announcement in an advertisement in this week's issue of The News.

Dr. Cooper Waters, pastor of the North Church in Houston, will do the preaching at the local church, and David Green of Hardin-Simmons University, Abilene, will conduct the song services. Services will be held daily at 10:00 a. m. and at 7:30 p. m.

At O'Donnell, Rev. Graves Darby of Waco will do the preaching. At Wilson, Rev. Vernon Shaw of Kerrville, is the evangelist.

New Home will have Rev. Lawrence Hays of Gatesville as visiting preacher.

Redwine will hear sermons by its own pastor, Rev. T. L. Pond.

Central will hold its revival from February 19 to March 2, inclusive, with Rev. E. L. Moody bringing the sermons.

Lakeview will likewise hear messages from its own pastor, Rev. Lee Vaughn.

Over in Terry county, Dr. Jesse Yelvington, State evangelist, will do the preaching, and Ben Nichols of Marshall, will lead the singing at the Brownfield meeting. Rev. Sam E. Brian, pastor, will do the preaching at Westside Mission. Rev. Alfred A. Brian will be at Southside Mission; Rev. T. L. Burns of Thomas, Okla., will be at Foster; Rev. A. E. Hughes of Frederick, Okla., at Tokio; Rev. Eugene Sloan at Challis and Wellman; Rev. J. M. Hays of Eldorado at Gomez; and Rev. Elzie Gayle, pastor, at Johnson.

The evangelistic program is being sponsored by the Brownfield Baptist Association.

Used by War Department Public Relations Division. SUB-ZERO ARTILLERY TEST IN ALASKA—Members of a gun crew in Task Force Williwaw in their snow encrusted emplacement near Adak, Alaska, have a recoilless rifle in position for firing. This is one of the tests Army Ground Forces groups are undergoing to determine the durability of their equipment and the tactics which would be employed in future winter operations.

District Contest To Be In Tahoka

A district F. F. A. contest will be held at Tahoka High School February 12 at 2 o'clock, according to Mr. V. P. Carter, advisor.

The contest will be divided into three branches: news writing, public speaking, and farm demonstration.

The local chapter will be represented by Natt Park, Charles Pennington, and Billy Kelly in the farm demonstration contest, and Duane Howell in the news writing contest.

All other schools in this F. F. A. district teaching vocational agriculture will be entered in at least one of the contests.—Duane Howell, Reporter.

H. T. Lindsey Died Saturday

Funeral services were conducted at the First Baptist Church at three o'clock Sunday afternoon by Rev. Levi Price, the pastor, for Henry T. Lindsey, 76, who died at his home here at 5:30 o'clock Saturday morning. The body was interred in the Tahoka cemetery.

Mr. Lindsey had been in ill health for some time but became seriously sick a little more than two weeks prior to his death. He was taken to the Tahoka Clinic on January 17 but upon showing some improvement he was released and taken back to his place of residence during the last week in January. Death resulted from an attack of pneumonia and complications.

Survivors include the widow, one daughter and one son all living in Tahoka, Mrs. Roy Miller and V. H. Lindsey; two daughters at Clarksburg, Mrs. Irene Garrison and Mrs. Gordon Griffin; and a step-son, Elmer Smith, of Porterville, California. One daughter, Gladys Ina Lindsey, died in infancy. Also surviving are fourteen grand-children and four great grandchildren. He leaves one surviving sister, Mrs. Kay Claycomb of Panhandle, Texas, who with her husband attended the funeral. All the children and their families were here for the funeral services with the exception of the step-son in California.

Henry Thomas Lindsey was born in Arkansas on August 25, 1870. Coming to Texas, he settled in Red River county, and there he was married to Mrs. Minnie Smith on July 17, 1904. They and the unmarried children came to Lynn county about eight years ago and have lived here ever since.

Mr. Lindsey united with the First Baptist Church of Sherry, Red River county, in 1918. For a time he served as care-taker of the Baptist church building here in Tahoka. He was a man of even temperament and many other fine qualities and made many friends and no enemies.

Aged Citizen Of Wilson Is Buried

Funeral services were conducted in St. Paul's Lutheran Church at Wilson at 2:00 o'clock Tuesday afternoon for J. E. Noack, 80, who died in Mercy Hospital, Slaton, at about 11:30 o'clock Sunday night. Rev. H. W. Koack, the pastor, officiated. The body was buried at Southland.

Deceased was a retired farmer living on Route 2, out of Wilson.

Survivors include three daughters: Mrs. C. D. Siewert of Wilson, Mrs. Walter Voigt of Wilson, and Mrs. Melcolm Limmer of Slaton; two sons, Paul Noack of McDade and Ernest Noack of Bonnevill, Kentucky; 16 grandchildren and one great-grandchild.

ROY ANGLIN GOES TO MIAMI FOR SANTA FE

Roy Anglin, who went to work for the Santa Fe in the Signal Service, February 3, had a surprise when he reported for duty at Amarillo. He was sent to Miami, Texas, where his sister, (Hazel) Mrs. H. J. Cowdrey had recently moved to from New Mexico with her husband who is also an employee of the Santa Fe in Miami.

Consolidation Of 3 School Districts Being Proposed

Petitions were circulated this week in the Tahoka, Redwine, and Dixie independent school districts asking for an election on a proposal to consolidate the three districts affected. The News is informed that the petitions will be presented to the county judge some time next week. The law requires that an election if the petitions are proper, to be held at least 20 days after the election notices shall have been posted.

A number of interested patrons in each of the three districts have been considering the consolidation move for some time.

In anticipation of the proposed election, the grouping of Redwine and Draw was dissolved nearly two weeks ago by the county school board, said dissolution to become effective at the close of the present school term.

Future of the Draw district is as yet undetermined, and The News is informed that there are three or more plans under consideration there—to continue the present grade school with high school students going elsewhere, the consolidation with Tahoka, and the consolidation with O'Donnell. Tahoka school authorities express the hope that Draw will join the local system, but that will be entirely up to the citizens there, as it will be with the citizens of Dixie and Redwine.

Difficulties in the operation of smaller schools, as well as the advantages to be derived by having more students in one system, are given as reasons for the proposed consolidation. Too, the arrangement whereby students from rural districts are transferred to the local high school have not been entirely satisfactory to either party. Districts sending students here by transfer were "felt out" several weeks ago by the local board, of which Dr. Emil Prohl is president and a number of Dixie patrons have expressed a desire to tie-in with a larger school. The arrangement at (Cont'd. on last page, Sec. 1)

Lions Club Has Fun Program

Mr. Bill Griffin and Ted Waggoner had charge of the program last Tuesday night at the Lions Club.

Mr. Waggoner acted as master of ceremonies in a version of the radio program "Truth or Consequences" which proved to be a very good program with lots of laughs at the expense of fellow Lions.

Pete Hegel, Lion President was the first member of the evening to be caught by the tail-twister, Osie "Crow" Elliott.

Several members that have not been present heretofore were present at this meeting and a couple of visitors were also present.

There were about forty members present.

HIGH SCHOOL STUDENTS ATTEND MEET IN DALLAS

Misses Nan Beth Pennington and Deloris Nowlin, Noah Cowan and Bobby Cowan, left by train for Dallas Thursday night to represent the Tahoka high school at a state-wide students council meeting in that city during the week-end.

They expect to return home Sunday.

Pictures Shown At Rotary Club

An International program consisting of educational, moving pictures depicting scenery, life and customs of our neighbor to the south, Mexico, was presented at the Rotary Club luncheon, Thursday at noon. The program was under the direction of Ross Smith and the pictures were shown by B. T. Smith. Ted Woggoner and Winston C. Wharton are the current program chairmen.

Next Thursday, the club expects to have a program in observance of Boy Scout Week.

FARM NEWS

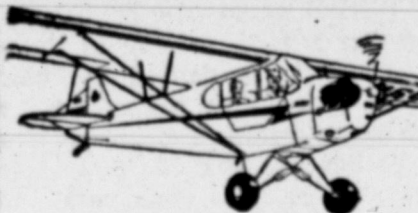

Clint M. Walker,
Sec. Lynn Co. A.C.A.

Often we are asked why the Agricultural Conservation Association is set up. The chief reason why this organization was set up was a realization of the alarming rate at which our soil resources have been consumed and exhausted. Dust storms in the mid-west and erosion and lack of proper fertilization elsewhere.

Here are some of the practices carried out in Lynn County in 1946 with A.A.A. assistance by 1500 farmers out of 1630 farmers in the county. Nearly two million feet of large ridge type terraces were constructed last year. . . . The payment rate for terracing was \$79.20 per mile and this represents \$27,464.39 in assistance to Lynn County farmers for new terraces. Contour farming was practiced on approximately 300,000 acres with over \$100,000.00 payments being made to farmers in this county. Leaving stubble on the sandy land to prevent wind erosion earned farmers \$20,000.00. Several other practices such as deep plowing of sandy cropland, drilling wells for diversification of livestock, reorganization of irrigation systems, construction of dams for livestock water or erosion control, reseeded range or pasture land by deferred grazing, establishing permanent pastures by seeding perennial pasture grasses, growing green manure or cover crops, etc. will bring a total of \$169,000.00 to Lynn county farmers in 1946 as assistance in conserving our soil.

Next week we will start discussing the practices that will apply to this county in 1947 as we continue our weekly column of Farm Program News.

John Yocham of Hillsboro came out Friday for a few days visit with his sister, Mrs. E. F. James and family.

LOVE THY NEIGHBOR

Mt. 22:39

Last week we learned from the Lord himself who it is that really loves the Lord, Jno. 14:23-24. Now let us think about the commandment that the Lord said was "The second commandment, and like the first, 'Thou Shalt Love Thy Neighbor as Thy Self.'"

The importance of this study cannot be over estimated. In Luke 10:29-37 the Lord teaches us plainly who a neighbor is. Then teaches us to go, and be a neighbor. So if we would have a neighbor we must be a neighbor. If I love my neighbor as myself I will at all times live the part of the "Good Samaritan" toward my neighbor. If I live the "Golden Rule" I will be found doing unto others as I would have them do to me. The obedience to the above command causes us to speak the truth with our neighbor. It keeps the merchant from placing good potatoes on top of rotten ones for his customers. It causes us to "Provide things honest in the sight

of all men." It causes the employer to give the laborer the wages due for work performed. It causes the employee to give his employer an honest days work for an honest days pay. In fact if all will observe this command of the Lord it will do more for humanity than all the laws that may ever be enacted by men.

It will cause us to make every effort to awake my neighbor if I know his house is on fire, because that is what I would want him to do for me if I was asleep in a burning building. Brother man, if you think I have acted the part of the "Samaritan" when I help you avoid losing your life by accident, or when I help you in a material way, why not appreciate an effort to cite you to the "Sure Way of Worshiping and Serving the Lord." In fact, "Can I really love my neighbor as my self", without doing all I can to persecute them; to turn from the doctrines of men and obey the commands of the Lord. Read Mt. 15:8-14. Do you look upon me as your enemy instead of your neighbor when I ask you to read such passages as Thes. 1:7-10: And then ask you to find out who built the church, (that you are in), then read Ps. 127:1? I am trying to do unto you as I would have you do to me when I ask you to read, Mt. 7:21-27 and learn who it is that has the promise of the Lord of entering into the kingdom of heaven.

Attend the services of the church of Christ in your community: Submitted in the interest of your soul and mine.

Price Bankhead, Rt. 3, Post, Texas.

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR PURCHASE OF CERTAIN ROAD MACHINERY

Sealed proposals, addressed to Tom Garrard, County Judge of Lynn County, at Tahoka, Texas, will be received at the office of the County Judge until 10:00 o'clock A. M. on the 10th day of February, 1947, for the purchase of the following machinery, to-wit:

One (1) Diesel Motor Grader, Single Tandem 4-wheel Drive, 13:00 x24 Rear Tires, Plain Rear Tubes, Leaning Front Axle, 9:00x24 Front Tires, Plain Front Tubes, 12' Oil Mixed Moldboard, Canopy Top with Safety Glass enclosure, Electric Starting Equipment, Air Pre-cleaner, tensions and high arched front axle.

Such proposals will at said time be publicly opened and read before the Commissioners' Court of said County.

The Commissioners' Court reserves the right to reject any and all bids.

Tom Garrard, County Judge, Lynn County, Texas. 16-3tc

Forces of Attraction
Unleash 100,000,000 volts...
and OIL-PLATE Your Engine!

Forces of attraction between positive electricity in clouds and negative electricity in the ground unleash awesome displays of nature's power.

Through control of the force of molecular attraction, a special ingredient of Conoco Nth motor oil is actually bonded to working parts of your engine. In fact, so close is this bonding that cylinder walls and other working parts are OIL-PLATED!

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

1. added protection during the vital periods when you first start your engine
2. added protection from corrosive action when your engine is not in use
3. added protection from wear that leads to fouling sludge and carbon
4. added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

BETTER OIL-PLATE NOW!

VFW Had Steak Dinner Monday

Last Monday night over eighty members of the VFW and guests enjoyed a big steak dinner which was prepared by the men.

Several guests from Lubbock were on hand for the dinner and to put on a fine program after dinner.

However just before the Lubbock guests were introduced some buck-toothed girl with a babe in her arms busted in on the meeting looking for the father of the child. She said his name was "Joe". Some of the boys were a little doubtful about her really looking for anyone in particular though. . . That was a swell show Abbie.

After all the excitement was over, Post Commander W. V. McElroy introduced Mr. P. T. West, Commander of District Seven who then introduced the other guests as follows: Mr. George Sessions, Insurance and Claims Department Officer of the Veterans Administration.

tion, Lubbock; Mr. Homer McDonald, past Commander of the Lubbock VFW Post; Mrs. Ruth McDonald, Junior Vice-President of the Ladies Auxiliary of VFW; and Mr. Jim Sanders, District Service Officer of the Veterans Administration.

All of the above mentioned guests gave some very interesting information to the veterans and their wives respecting Insurance, VFW Ladies Auxiliary, the VFW and benefits, hospitalization and how to go about receiving them.

LADIES AUXILIARY ORGANIZED

After the speakers had finished, all the ladies present adjourned to another room where Mrs. McDonald helped organize the Local VFW ladies auxiliary.

Sixteen ladies joined, becoming charter members of the Auxiliary and it is expected that many more ladies will join in the near future.

All wives, mothers, and sisters of any Veteran of Foreign Wars are eligible to join the Auxiliary. Gold Star mothers or sisters are especially urged to join.

If you are interested contact Mrs. Jim Woods, phone 327-J or Mrs. Floyd Goad, phone 60-J.

A meeting will be held here Monday night, February 17 and all wives are urged to bring their husbands to this meeting.

Mrs. McDonald will be here for this meeting to help out with the installation of the Officers.

JAMES PRICE GETS HIS DEGREE FROM TECH

James Price, son of Mr. and Mrs. J. G. Price of this city, who returned to his studies at Texas Tech following service in the Army during the war, received his B. S. degree in agriculture at that institution at the end of the semester which ended two weeks ago.

He has accepted a position as instructor in the GI training school at Ropesville.

The first step to successful farm forestry is combining it with regular farm operations.

Mrs. W. R. Wardlow Died Recently

Mrs. W. R. Wardlow, 58, former resident of Lynn county, died January 27 at San Benito, in the lower Rio Grande Valley. Burial was there the following day. She had been ill in a hospital two weeks prior to her death.

Mrs. Wardlow lived at Post from 1915 to 1936, and was well known to many people here.

She was the mother of Leonard Wardlow, who now is at Lubbock, but who lived here some time and graduated from Tahoka High. Walter Mathis, county clerk, lived with the Wardlow family for a number of years.

She was a sister of Mrs. M. C. Richey of Grassland, Mrs. J. C. Allen of Lubbock, and Mrs. J. W. Warrick, who now lives in Oklahoma.

CHURCH WOMEN HONOR NEWLYWEDS

Women of the First Baptist Church were invited to an informal social and gift shower honoring Mr. and Mrs. Carra Reese of Abilene in the home of Mr. and Mrs. E. J. Cooper last Friday night.

This young couple who were married at the beginning of the Christmas holidays are both students in Hardin-Simmons University but made a short visit here between semesters and were present at the shower.

The social committee of the Women's Missionary Union served food punch and cookies as the guests arrived. Mrs. N. E. Wood entertained the crowd with a mind-reading stunt.

Mrs. Jarrell Cox, W. M. U. president, presented the gifts, which were opened by the honorees and admired by all.

A closing hymn "Blessed Be the Tie That Binds," and a prayer concluded the program.

About 26 registered but a number of others sent gifts.

Mr. and Mrs. T. L. Carter visited their son, Douglas, recently. He had been a student at Trinity University, San Antonio, but transferred to the University of Texas for the second semester.

Railroads use approximately the same amount of the 600 million tons of coal mined annually in the United States as the general consuming public buying through retailers—22 per cent.

Chronic alcoholism is becoming a serious problem in this country. A little news item from New York published in some of the daily papers Sunday stated that Cornell University Medical school will carry out a five-year study on the cause of chronic alcoholism. The investigators may find out a lot of things that will be helpful to the country, but we have always had the idea that it is caused from drinking too much liquor. Alcohol is a narcotic, and the frequent use of liquor even in small quantities may become habit-forming. The strange thing about its frequent use is that men and women do not realize the danger until it is too late. When the habit is once formed, strong men and women find themselves in the clutches of a demon that they can rarely shake loose. That is why so many drinkers have found it necessary to take the "likker cure" or some similar treatment. That is why we find drinkers today forming clubs known as "Alcoholics Anonymous." By the way, did you know that both ether and chloroform are produced from alcohol? Just a little common sense should teach drinkers what produces alcoholism without great Universities having to investigate.

By: (One Crow)

Howdy Folks: Do you hear Uncle calling you—for your income tax? Don't take it too hard. It may cost you a lot of money, but think how it develops your brain.

If it were only as easy for the people to raise taxes as it is Congress.

Two things are certain, death and taxes, but death doesn't get worse every time Congress meets.

Now days, the earth revolves around its taxes.

And an amusement tax isn't a laughing matter.

When it comes time for the meek to inherit the earth, taxes will be so high, they won't want it.

We won't tax you as much as you think to buy our Panhandle Products.

It's still a mighty good value. Let us tell you more about it.

PANHANDLE

Wholesale & Retail
Gasoline - Kerosene - Oil

Our opinion regarding international politics, we admit, are practically worthless, but it does seem to us that our new Secretary of State, General George C. Marshall, blundered recently when he announced that we were withdrawing from China and would make no further efforts to bring about peaceful conditions in that country while 2,000 American soldiers were stationed inland 115 miles. Dire trouble for these soldiers has ensued. Chinese communists immediately began attacking the soldiers all along the route of evacuation. It seems to us that we should not have put the communists on notice that we were evacuating our soldiers from the country until they had been moved quietly to an embarkation port. Most communists, regardless of nationality, are both treacherous and combative, which General Marshall certainly must have known. We do not think General Marshall should have exposed our troops to attack while on the way out. We've got to watch those communists wherever we find them.

We do not claim to know much about the trouble recently brought on at Texas A. & M. College by upper classmen, but it is obvious that the students sought to enforce their demands by a show of rebellion. The rebellion evidently was promoted by a few student leaders, as was the case in the recent trouble at the West Texas State at Canyon. The following mustered by the A. & M. rebels, however, was much smaller proportionately than at the West Texas State, and when the administration met their demands with a stern show of authority they backed down. We don't like this disposition that has developed among college students recently to run the show to suit themselves in defiance of the constituted authorities. It is a spirit that presages no good for our country. We glory in the spunk of the authorities of both the Canyon school and the A. & M. who stood firm and quelled the rebellion at each of these institutions.

Our own State Senator Sterling G. Parrish and our own State Representative Preston Smith should leave not a stone unturned to bring about the passage of a just and fair legislative redistricting bill at this session of the legislature, but along with that they should also support to the limit the constitutional amendment proposed by Senator Moffett which would place redistricting in the hands of a responsible board of state officials empowered and required to act in case the legislature fails to do so following each or any decennial census. That would insure redistricting following each census. The remedy would be sure and effective. The amendment should be submitted whether redistricting is passed or again blocked by the legislature now in session, for it would prevent a recurrence of the situation that has existed in this state for the past sixteen years at any time in the future.

Judge and Mrs. H. R. Winston, spent last week in Austin, where they witnessed the Governor's inauguration, and the Judge also let the Highway department know that Terry county is still on the map and plugged an opposition with our Legislative representatives to the proposed levy of two cents more on gasoline to build lateral roads, in East Texas pointing out we have voted bonds to build ours, and they can do the same, or pull in low gear. He didn't let them forget we want redistricting.—Terry County Herald.

About three-fourths of the feed fed to a hen goes for body upkeep; and the remaining one fourth for egg production.

Sidelights From Washington

By George Mahon

A number of cattlemen from the Southwest have recently come to Washington to ask the Government to protect their herds from the foot and mouth disease that has broken out in Mexico. The disease is the most dreaded affecting livestock. Mexico, over our protest, imported some Brahma bulls from Brazil last fall, and from these imported cattle the disease got its start in Mexico. The foot and mouth disease spreads easily and attacks cattle, hogs, sheep and goats.

A wide-spread infection in the Southwest would cost livestock producers millions of dollars and upset the economy of the whole area. Officials in the Department of Agriculture have convinced me that the threat is a real one, and I have joined with others here in the campaign to get appropriate action as soon as possible.

The threat of the spread of this disease into Texas and other Border States is so serious that the problem was considered last week at the President's Cabinet meeting. Cooperation between Mexico and the United States is urgently required and it is hoped that the good-will flight of President Truman to Mexico early in March will expedite plans for combating the disease.

Already experts of the Bureau of Animal Industry are cooperating with Mexico in an eradication campaign, and it now appears that considerable U. S. money may have to be spent to arrest the spread of the disease and protect Texas livestock. I have promised cattlemen to support an emergency appropriation when the request comes before the House Committee on Appropriations. Money well spent to stop the disease south of the Border would be wisely spent, despite the present urgent necessity for economy in Government.

I asked the Bureau of the Budget last week to approve a request made by the Geological Survey for additional funds for a more intensive

Double the purchase price refunded if you do not find No-Mo-Rub more effective. In 35c and 60c jars at your Druggist or

WYNNE COLLIER, DRUGGIST

study of underground water in West Texas. The program also embraces water studies in other areas and states. The chances are good that the Budget Bureau will approve the request and send it to the House Appropriations Committee for consideration. I hope the Congress will act favorably.

Legislative action in the House last week included passage of a bill sponsored by the Republicans and endorsed by President Truman which provides continuation for an indefinite period of the \$9 per gallon excise tax on whiskey and the 20% tax on railroad tickets, theatre admissions, cosmetics, long distance telephone calls, jewelry and furs.

On every hand there are reminders of the hazards of modern traffic. The Chief of the Traffic Bureau

for the District of Columbia reported a few days ago that in 1940 there were 10,437 traffic accidents in Washington, D. C. In these accidents 4,668 people were injured and 72 killed.

G. I. Joe Notes . . .

Marion G. Bradley Post No. 250

At a recent American Legion meeting, in addition to the regular business session, the matter of replenishing and the restoration of game birds in our area was brought up.

As you know, we have practically destroyed and devoured all our quail except a few small coveys containing a few birds with a wing or a leg in a sling, and usually one which flies in a circle due to a ruptured rudder. This latter one being the sole survivor of a pot-shot into his bunch during dove season.

As a result many a local nimrod was sorrowfully disappointed after a day afield this past season. Usually he wound up with an empty game bag and a shoe full of blisters.

Now, we of the Legion understand that we alone can't remedy this situation, but several of us do like to hunt and want to get the aid and ideas of every sportsman and land owner in the County as to what would be the best thing to do regarding game bird restoration.

Since this program is just being discussed and hoped to be accomplished we will be glad to give our

proposed plans and ideas and want you to feel free to express and discuss your ideas.

Ideas proposed by the Legion were: 1. Put in a closed season for two years on all birds except ducks and geese. 2. This closed season to be enforced by all sportsmen and land owners signing a pledge to prosecute all violators. 3. This Pledge Plan to be posted in the County Courthouse and advertised in the papers to the effect that our friends and neighbors have signed it and warning that all game poachers would be prosecuted. 4. Set aside at least 5 major game refuges and breeding grounds where water, feed, and natural shelter are available. These spots to be protected the year round. 5. To contact and secure the aid of our Texas Game, Fish and Oyster Commission in this program and at the same time get their help, if possible, in stocking this area with pheasants. 6. To seek the cooperation of the entire Nineteenth District in a large scale game preservation program. 7. An appointment of the following men: Jess Gurley, Clint Walker, Pete Ware, and "Doc" Johnson to meet with any group to accept ideas or plans for this movement, so that we, who have a few more years to hunt, may

enjoy them and yet leave our country stocked with game and good hunting which is said to be "the true heritage of every American Youth".

PLANS MADE FOR FAT STOCK SHOW

LUBBOCK—The twenty-five member steering committee of the South Plains Junior Fat Stock Show met in Lubbock, January 22, and named Vernice Ford, Lubbock implement dealer, as general chairman for the 1947 show.

In turn, Ford named the following committee chairmen: finance, Homer Hunt; sales ring, Henry Lawson; entertainment, T. C. Ingram; buyer's committee, Sam C. Arnett; clerk of sales, Bo Sexton; and parade, Bob Humphries of the Lubbock Jaycees.

The steering committee approved the show dates of March 24-26, a new policy of having the first and second place prize winning animals in each division compete for the grand champion and reserve grand champion of the show, a charge of a stall fee of one dollar for each steer entered so as to provide uniform initial bedding and signs, and a charge of 25 cents for each lamb and pig entered which will provide for signs for these exhibitors. The committee also approved other recommendations of the advisory committee, which consisted of Ray C. Mowery and W. L. Stangel of Texas Technological College, Jason O. Gordon, Lubbock County Agricultural Agent, M. D. Fanning, Lubbock Chamber of Commerce, and department superintendents of the 1946 show.

Advance in Conditioning Hard and Soft Waters

Water conditioning may soon become as familiar as air conditioning, says the Plumbing and Heating Industries Bureau, in pointing out that the chemical content of water varies in different parts of the country, and that much progress has been made in recent years in finding economical and practical corrective methods. Whereas in some parts of the country water is hard and tends to clog piping by deposits of scale, in other sections the water is soft and tends to corrode tanks and piping, the bureau points out. Water also varies in the amount of sulphur, iron and other materials.

The chief problems, however, are the correction of hard water conditions and the correction of water that is too aggressive or soft, the bureau points out. Equipment is available which will make hard water soft. This equipment may be used either at the source of the water or at the point of use. It may be combined with equipment which filters and removes objectionable odors.

Much progress has been made in recent years in finding methods that will inhibit corrosion. It has been found that a chemical technically known as sodium hexametaphosphate, when fed into the water supply, will coat tanks and piping with a phosphate covering which prevents water from contacting metal, thus preventing rust and corrosion.

Internal Revenue Collector Coming

The News has been requested by H. E. Arnold, Acting Collector of Internal Revenue, Dallas, to make the following announcement.

Deputy Collectors Claude L. Hale and Ray W. Allen will be at The First National Bank in Tahoka on March 4, 1947, from 9:00 a. m. to 4:00 p. m. to render assistance with income tax problems to any who desire it. This will be the only visit that can be made to your city before March 15, 1947, for the purpose.—H. E. Arnold, Acting Collector

CUB SCOUTS DEN NO. 2 REPORT ON ACTIVITIES

Fourteen members of the Cub Scouts Den No. 2 met Wednesday afternoon at 4:00 o'clock, their regular meeting time, at the home of Mrs. Roger Bell. This active Den urges that all members attend the meetings.

Calloway Huffaker recently furnished a picnic lunch for the members of the Den.

Mr. and Mrs. Clarence Williams of Draw are moving to Hart today. They will farm in the irrigation section this year. They ordered the home paper to follow them.

Mrs. E. H. Cunningham was quite seriously sick for several days this week but is now reported to be improving. She became ill Saturday.

Trees growing in areas where water supply is scarce and uncertain react with sharp sensitivity to rainfall, as attested by varying widths of rings in their trunks.

About three-fourths of the feed fed to a hen goes for body upkeep; and the remaining one fourth for egg production.

Clyde Briley was up from the State University between terms to visit his mother, Mrs. Terry Noble and other relatives and friends.

Only 204 Liberty head dimes were coined in 1894 by the San Francisco Mint. Collectors are said to value perfect specimens up to \$500.

Dairy cows should have plenty of roughage from now until grass comes on again.

The Empire State Building weighs 303,000 tons.

At least 1200 cows should be signed up for service before an artificial breeding association begins operations, to assure a sound financial organization.

Mrs. G. W. Williams has been confined to her bed the past two weeks following a heart attack.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

Roast Young Wild Ducks

To Bring Out the Flavor

To do a skillful job of cooking wild ducks, means an understanding of the differences between cooking domestic meats and wild game, home specialists say.

The method of cooking will depend upon the age of the bird. Age can be determined by feeling the breastbone. A young duck has a soft, pliable breastbone, while an old bird has a stiff breastbone. Young ducks may be roasted in an uncovered pan, but old birds are better braised or cooked in a casserole.

For roasting young duck, oven temperatures should be kept moderate, 325 F. Twenty to thirty minutes per pound is usually recommended for roasting time, since many game lovers prefer their duck slightly rare. Ducks can be roasted for a longer time, however, if care is taken to keep them moist.

The real secret in cooking wild game is to conserve moisture. Wild meat is naturally drier and tougher than domestic meats and needs to be cooked for a longer time and at a lower temperature.

THE LYNN COUNTY NEWS

TAHOKA, TEXAS

FRIDAY, FEBRUARY 7, 1947

Tahoka FFA Boys Visit Texas Tech Aggie Department

Mr. V. P. Carter took the second year Agriculture boys of the local high school to Lubbock January 30, to see Texas Tech's agriculture department.

They went to Tech's cattle grounds first. Some of the animals were being fattened to take to the Fort Worth Fat Stock Show in March. Many fine animals were seen. The boys also saw the beginning of an experiment concerning rations for cattle. The experiment consists of putting the cattle in different pens, feeding them different rations, and keeping a record of the cattle's gains and losses in weight. The best ration will be determined in that manner.

Tech's hog stock was of great interest to some of the boys, as many of them have pigs and sows for their projects. Different types of houses and watering troughs were also seen.

Some of the boys who plan to enter Tech next year were interested in a farrowing house where they must spend a night with their sow. Sheep and goats were the next animals the boys saw. Several very young lambs and different breeds of sheep were seen.

After seeing a small stock of both draft and saddle horses, the boys went through Tech's dairy. Going through the dairy was probably the

DISTRICT ZONE MEETING HELD AT TAHOKA

The District Zone meeting held in the Tahoka Methodist Church, Thursday, January 30, opened promptly at ten o'clock by the Zone leader, Mrs. Marvin Wood.

The Societies represented were Dixie, New Home, Grassland, O'Donnell, Draw, Post, and Wilson, each Society having part on the program.

District officers present were Mrs. Young and Mrs. Kirk from Post, Mrs. Ross, Lubbock and Mrs. Smith, O'Donnell.

A lovely luncheon was served at noon by Circle No. 1. The table was decorated with valentine motifs.

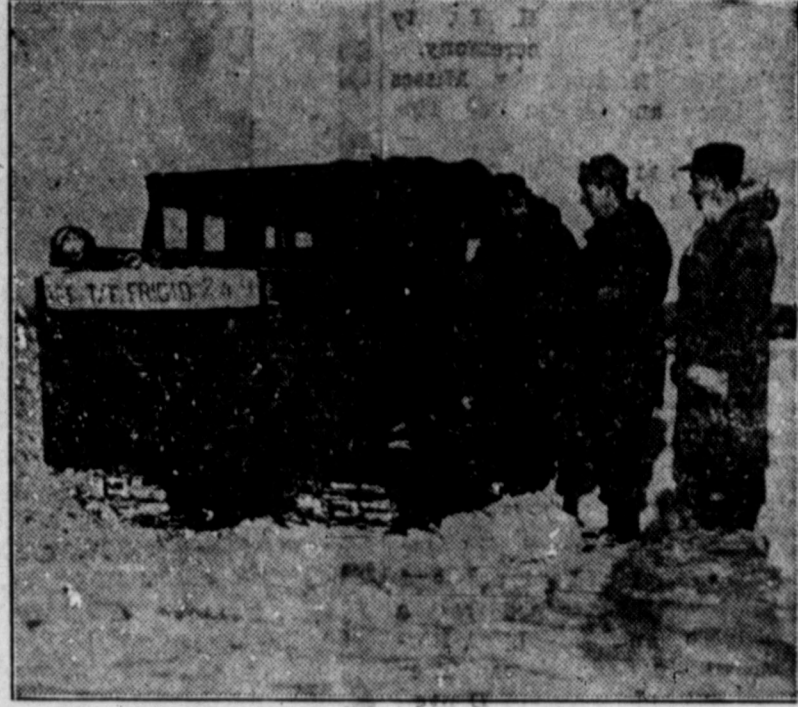

The meeting adjourned to meet again in the New Home Church in the fall, no definite date was set.

About 60 women and 3 preachers attended the meeting.

Classified Ads Save You Money.

most interesting thing they saw on the afternoons tour. The boys in at milking time and saw the use of an electric milker. On each cow's stall is her number and the amount of feed she is to be fed. Students taking agriculture at Tech, work in the dairy and keep it as clean as a house.

This trip gave the boys who plan to enter Tech next year a chance to familiarize themselves with the grounds.—Duane Howell, Reporter.

ARMY SNOW WAGON IN THE ARCTIC—Officers of Task Force Frigid discuss methods of handling the M-29-C "Weasel" as a means of transportation in the snow covered country which surrounds their base at Ladd Field, Alaska. Seated in the car is Lieut. Frank Morgan, Sibley, Ill. Next to him are Lieut. N. D. Garcia, Chicago; Capt. Woodrow C. Bradshaw, Cecelia, Ky., and Capt. John F. Coyne, Chicago.

H. D. Club Women Name Committees

Mrs. R. R. Ragan, County Home Demonstration Council Chairman named the chairman and committee members for the 1947 council as follows:

Finance: Mesdames L. B. Jones, N. H. Cromer, H. D. Dean. Year Book: Mesdames Joe Armstrong, Mary V. Sherrell, Hubert Tankersley.

Exhibit: Miss Myrtle Ledbetter and Mrs. C. L. Murray.

Expansion: Mesdames A. D. Shores, Edmund Maeker, Claude Wells.

Education: Ina Ledbetter, Mesdames Tom Russell, T. B. Barton.

Recreation: Mesdames Jean Corbell, A. D. Schaffner, Leroy Nettles.

Marketing: Mesdames C. L. Murray, Jewell Cook, H. C. Hemmeline.

The first names for each committee is the chairman of such committee. These committee's will report their plans at the February 15, council meeting.

SHAFFER ATTENDS FUNERAL OF BROTHER-IN-LAW

Grover C. Shaffer was recently called to Fort Worth by the death of his brother-in-law, A. A. Anderson. Death resulted from pneumonia.

Following the funeral services, the widow, Mrs. Vida Anderson, who is a sister of Mr. Shaffer, accompanied him back to Tahoka for a few days visit here last week.

Adding Machine Paper, 2 Rolls for only 25 cents. 15 cents each.

CONTRACT LET FOR NORTH SIDE ROADS

Contract was let last week, by the State Highway Department for construction and paving of the road from Needmore schoolhouse, west and north to near Sundown and from Meadow east to County line, a total of 19 miles. The bid of \$112,000.00 by Ernest Lloyd Construction Company of Fort Worth was accepted. The surveys have been completed, and actual work to begin in three weeks. It is expected to be finished during the summer and be ready for use by crop harvesting time this fall.—Terry County Herald.

P. T. A. TO GIVE PARTIES DURING FEBRUARY

The Tahoka P.T.A. will give a game party this month in place of their regular meeting.

All P.T.A. members and their husbands are invited and are urged to be present. A big time is planned for all that attend.

The party will be held Tuesday night, February 11, in the Gym at 8:00 o'clock.

Odis Tew of Grassland spent several days in Tahoka Clinic, beginning January 29. He was improving on Tuesday when this was written.

SHAMBECK IS PROMOTED TO FIRST LIEUT. RECENTLY

Fort Sam Houston, Tex.—1st Lt. Clarence H. Shambeck, Air Corps, Wilson, Texas, has been provisionally appointed to the commissioned grade of 1st Lt. in the Regular Army, General Jonathan M. Wainwright, Fourth Army commanding general announced today.

General Wainwright pointed out that 1st Lt. Clarence H. Shambeck member of the first increment of the second integration program which eventually will bring the Regular Army commissioned officer strength up to 50,000 by the end of 1947. 20,000 officers will be selected in the second integration which will be divided into several increments, the second to be in the Spring. General Wainwright is announcing Army Air Forces appointments as well as those in Army Ground forces for Texas, Oklahoma, New Mexico, Louisiana, and Arkansas.

1st Lt. Clarence H. Shambeck has been directed to report to an Army medical station for a final physical examination.

ARMY NEEDS WOMEN FOR EUROPEAN FORCES

LUBBOCK, Feb. 6.—A special announcement was made by the U. S. Army Recruiting Service today. There is an urgent need for twenty former members of the Women's Army Corps who held the Military Specialty number 218, stenographer for immediate assignment to the U. S. Forces European Theatre. Any former WAC interested may obtain further information at the local recruiting office, 203 Federal Building, Lubbock, Texas.

Mr. and Mrs. D. A. Stevens arrived back home Sunday night after having visited their children at Santa Ana, and Long Beach, Calif., and Casa Grande, Arizona. They had been gone 70 days.

Grassroots . . .

By Bill Griffin
County Agent

February 2 to 8 has been proclaimed National Garden Planning Week, and this reminds us that it is time to do just that—plan our 1947 gardens.

Lets begin now to enrich and prepare the soil and make our garden plans. Some suggestions for early vegetables are: english peas, cabbage, beets, lettuce, mustard, spinach and onions. When the danger of frost is over it is time to plant beans, radish, pepper, okra, cucumbers, squash, tomatoes, and others that you may desire to grow.

Blackeyed peas can be planted most anytime during our growing season. They are good for you and good for your soil.

Slow growing garden plants such as tomatoes can be started in a plant bed and then transplanted to the garden.

For starting these plants a small bed will prove helpful. A wooden box 4 to 5 inches deep, 18 inches wide, and 24 to 30 inches long is a convenient size. An old washtub or abandoned dishpan may be used. The main consideration is a small container that can be picked up and brought into the kitchen on cold days and nights and put outside on warm days.

The plant bed should be started six to eight weeks before time for setting the plants in the open garden.

Mrs. Betty Sue Wilson, the former Miss Betty Sue Roberts, and her little son returned a few days ago from a month's visit with Mr. and Mrs. A. M. Wilson of Phoenix, Arizona, parents of her late husband, Lt. Andy Wilson, who was killed in action overseas during the war.

Attention P. T. A. Members

Bring your husband to the Gym Feb. 11, 8:00 o'clock, for "42". Homemade pies and hot coffee.

REPORT OF 4-H CLUB OF TAHOKA GRADE SCHOOL

We met on Thursday, January 16 at 10:45. We selected our officers: Suzy Waggoner, President; Joyce Sharp; Francis Henderson, Secretary; Patsy Ann Smith, Reporter; Maxine Long, Adviser; Miss A. M. Anderson, Sponsor.

We had 40 at our first meeting but none have joined yet or have buttons or bands yet. We are to meet next Thursday, February 13, 1944.—Patsy Ann Smith.

Miss Sue Beth Cowan, ten year old daughter of Mrs. Florence Cowan, broke her arm Monday while playing at school. She was taken to the Tahoka Clinic where it was reset and put in a cast.

LAKEVIEW-PETTY W. S. C. S.

The Lakeview-Petty W. S. C. S. met Monday afternoon at 2:30 o'clock in the home of Mrs. R. W. Allen, with seven members present. Rev. and Mrs. J. A. Wheeler of Meadow and Mrs. L. H. Moore Jr. were guests.

Following several songs and prayers business was discussed.

Mrs. Wheeler brought the devotion on "Humility," taken from Luke 18:14.

Mrs. Kay Moore gave a discussion on the work and problems of the missionaries in Burma, Malaya, and the Philippines.

Mrs. B. B. Ater gave a talk on "The Little Grey Stone Chapel" of the Philippines.

The meeting was closed with a song and the Lord's Prayer.

The attending members were: Mesdames Kay Moore, C. W. Felty, S. L. Williams, B. B. Ater, D. W. Hancock, R. W. Allen, and Robert Poer.

Nancy Nell Wyatt was up from McMurry at Abilene, between semesters and while here entertained her room-mate, Miss Jane Norris, of Big Spring. Mr. and Mrs. Wyatt took them back to Abilene at the end of their holiday.

CARD OF THANKS

I wish to thank each one that contributed to make it possible for me to go away for medical care. May God bless each one of you.—Mrs. Cecil Owens and family.

CHARLES FLORENCE WEDS LUBBOCK GIRL

Miss Gladys Jo King, daughter of Mr. and Mrs. O. M. King of Lubbock, and Charles J. Florence, son of Mr. and Mrs. W. Z. Florence of Draw, were married Saturday night, January 25 in the home of the bride's parents, Rev. C. H. McCarty of Lubbock reading the ceremony.

Music was rendered by Misses Lenora Lowe and Betty Sue Tippit.

The bride was given in marriage by her father. Her only attendant was her sister, Mrs. Robert E. Giles, who served as matron of honor. The groom's brother, Willie J. Florence, was best man.

Following a reception, the couple left on a wedding trip and upon their return they will resume their studies in Texas Tech, making their home at 2124 Sixteenth Street.

Mrs. Alice Fortenberry and Mr. and Mrs. Clayton Lawrence and little son recently returned from a visit with Mr. and Mrs. J. W. Fortenberry at Eugene, Oregon. They went by way of Amarillo, Denver, and Ogden, Utah, making brief visits at each place, but came back down the California coast and by Flagstaff, Arizona. Of course they saw much wonderful scenery and encountered much snow on the way out but snow is so rare at Eugene, Oregon, that the children there were delighted to see a light fall while the visitors were there.

ORDER EASTERN STAR

Tahoka Chapter Order Eastern Star is meeting at 7:30 this evening. All members are urged to attend.

Grace Prohl, W. M.
Era Stewart, Sec'y.

Desk of Tomorrow

The "Desk of Tomorrow" is designed to eliminate much of the troubles of the "tired business man." The desk, with expansive flared top, has a built-in electric shaver, so that the executive between interviews can shave, thereby avoiding leaving the office with "four o'clock" shadow. It also has a built-in radio, which will bring in the news of the day, or the latest score of the ball game. And the chair accompanying the desk is streamlined in modern style, with soft rubber foam seat and with a clever mechanism that adjusts the seat and back to the tilt of the body, but keeps the feet of the executive comfortably on the floor at all times. Both the desk and the chair are adjustable in height, so that long and short men can always be at ease at their work. The desk has a built-in automatic device to take dictation. Instead of waiting for a stenographer to primp before coming to take a letter, the executive merely presses a button, talks into the desk, and the letter is dictated without any ado.

Garment Care

Preparation is what counts in taking care of clothing without spending too much time at the job. To save yourself the job of frequent pressing, use hangers that fit the shoulder line, and arrange garments in closet or garment bag so that they hang straight and will not slip. It also pays to move some of the out-of-season clothing to storage space, to make way for seasonal garments in the closets. Garments neither get aired well, or keep their press when crowded together. In packing for a trip, tissue paper inside the folds of garments helps prevent wrinkles, and a thin cardboard inside a folded garment keeps it from crowding to one side of the suitcase. These precautions help but it is also wise to unpack the clothes as soon as possible after the trip.

Study Tooth Decay

New progress toward determining the effect of diet on susceptibility to tooth decay and virus diseases including infantile paralysis was reported by Dr. B. S. Schweigert of the Texas Agricultural Experiment station. The studies were made on the nutritional needs of the cotton rat and hamster, both very valuable animals for the study of dental caries or decay and virus diseases. Cotton rats fed a diet which contains appreciable quantities of sugar tend to have a large number of cavities in the teeth, while other animals fed diets containing starch, such as is present in unrefined cereals, have few cavities, Schweigert said. Therefore experimental animals susceptible to dental caries are now available for such studies.

G. I. Joe Notes . . .

Marion G. Bradley Post No. 250

This is the first in a series of articles by the Marion G. Bradley American Legion Post 250 of Tahoka, Texas. It will deal primarily with things of interest to the ex-service man but in many instances will be of interest to every reader of the Lynn County News.

At a recent meeting of the Committee on Community Service of the American Legion it was decided that as the American Legion was becoming the largest organization in each community it should henceforth take the lead in all community betterment affairs and adopted a 25 point community service program as follows:

1. Take active part in Junior Baseball program.
2. Support Boy Scout troop or troops.
3. Have Boys' State representative or representatives.
4. Have entry in annual Legion high school oratorical contest.
5. Present American Legion school award medal.
6. Have Memorial Day, VJ Day, Armistice Day and other holiday special programs.
7. Have post firing squad for funerals.
8. Program for every post to have its own home.
9. Have active post news correspondent.
10. Sponsor a squadron of the American Legion.
11. Have post athletic team other

than junior baseball.
12. Have own stand for post colors.
13. Post own its own rifles for ceremonial purposes.

14. Sponsor Auxiliary Unit.
15. Establish proper liaison relations with other community civic organizations.

16. Sponsor roadside beautification.
17. Conduct safety traffic campaign.

18. Keep graves of veterans of all wars beautified.

19. Conduct flag education campaign.

20. Have post organization ready to respond to community disaster.

21. Cooperate with C.M.T.C., R.O.T.C. and other youth citizenship movements; support national defense program.

22. Have Christmas program for distribution of toys, baskets of food to needy.

23. Support all community betterment projects.

24. Support government program for return of war-dead from overseas.

25. Support department music program.

By using the above program for community service we will outline a few of the projects already accomplished by this American Legion Post which are as follows:

We have Memorial Day, VJ Day, Armistice Day and other holiday programs planned for the year 1947.

The Post now has a firing squad in preparation for funerals and other necessities.

This Post already owning its home is striving to beautify and enlarge as much as possible with plans already underway.

Starting with this article a news correspondent will have articles of interest for the readers of this county.

The Post has an excellent basketball team already in action, having played several games and plans are in progress for a top-notch softball team and Legion League this summer.

This Post will own its own rifles for ceremonial purposes, having already received certification of same from the Adjutant General.

This Post has an active and growing Auxiliary with new members solicited.

Plans are definitely underway for the beautification of graves of the Military Dead of Tahoka and now owns cemetery plot for any member or former member of the Armed Forces who desires it.

The Post now stands in readiness

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

WESLEYAN SERVICE GUILD

Monday night the Wesleyan Service Guild met at the Methodist Parsonage for their second meeting since they were reorganized last month. There were twelve women present. Seven were members of the Guild and five were members of the Womans Society of Christian Service of the local Methodist Church. All enjoyed a covered dinner, a Worship Service and a period of Fellowship together.

The officers for the Guild have been elected and are as follows: President, Mrs. Ted Terry; Vice-President, Mrs. Florence Best; Secretary-Treasurer, Mrs. Tom Short; Study Superintendent, Miss Jane Morehead; Secretary of Christian Social Relations, Mrs. J. W. Rosenberg; Secretary of Spiritual Life, Mrs. J. T. Wharton; Recreation, Mrs. W. H. Fulkerson; Publicity, Mrs. Ted Terry. These officers have a big job in store for them and are working toward a fruitful year for the working women of Tahoka. We would like to urge the cooperation of all the working women of our town, as this is a non-denominational Christian Association and there is so very much we can do.

Those present for the service Monday Evening were: Mrs. Pete Ward, Mrs. Clarence Steele, Mrs. Roger Bell, Mrs. Jim White, Mrs. Hick Gibson, Mrs. Florence Best, Mrs. H. B. Sharp, Mrs. Odell King, Mrs. Tom Short, Mrs. Ted Terry, Miss Jane Morehead and Mrs. J. W. Rosenberg. Also present were the Rev. Rosenberg and John.

The next meeting will be held in the home of Mrs. H. B. Sharp, and will be Monday, February 17th.

to help in any way in the return of Lynn County War Dead from overseas.

The Legion Post this past year made several donations to the needy, for Christmas.

OCCUPATIONAL FORCES IN ORIENT NEED MEN BADLY

LUBBOCK, Feb. 6.—First Cavalry, Sixth, Seventh, Twenty-fourth, and Twenty-fifth Infantry, and the Eleventh Airborne, now stationed in the Orient are critically in need of auto mechanics, cooks, radio repairmen, and radio operators in low, medium and high speed, according to Lieutenant Dagfinn T. Larsen, the Commanding Officer of the Local Recruiting Office.

Telephone and telegraph installers and repairmen are also needed in the occupational area. Men with training in these military specialties are invited to investigate the grades in which they can be enlisted in the regular Army. For further information contact your nearest Recruiting office, 203 Federal building, Lubbock, Texas.

Clean Harvest

The ground within this wood square measures 1/10,000th of an acre — a patch of close-clipped stubble that tells the real story of the All-Crop Harvester.

Kernels on the ground are being counted, one by one. Even the soil is being carefully sifted

and examined for buried grains.

In fourteen field tests, conducted under widely varied conditions by agricultural college engineering departments and experiment stations, the All-Crop Harvester saved an average of 99.57% of the grain. Further tests revealed that even in badly lodged grain, the loss was negligible.

Here is a close-up view of the All-Crop Harvester's crop-saving ability, proved in over 100 grains, beans, sorghums and seed crops.

School Bus Runs Over Little Girl

Doris Maurine Carroll, 16, daughter of Mr. and Mrs. L. D. Carroll, sustained a fracture of her right leg just below the knee late Thursday afternoon of last week when she was accidentally hit by a Tahoka School bus.

The News is informed that Doris Maurine had gone to the Wharton Motor Company in a car with her mother, expecting to remain there with her father while her mother went on an errand. Just as she stepped from the car one of the Tahoka school buses driven by Mr. Tomlinson was backing from the

service department and the driver was watching the other side of the driveway to keep from hitting an oil truck and did not see the Carroll car and the girl who was alighting from it.

Doris Maurine was carried to Tahoka Clinic where the leg was placed in a cast and was carried to her home in Southwest Tahoka on Saturday, where she seems to be making satisfactory recovery.

Mr. and Mrs. Joe Bob Billman recently enjoyed a weekend visit with his parents, Mr. and Mrs. F. M. Billman in Grandview. The F. M. Billmans, former Tahoka citizens, have recently moved to Grandview after residing at DeLeon a number of years.

Mr. and Mrs. Frank Hill spent Sunday and Monday with their son-in-law and daughter, Mr. and Mrs. LeRoy Jacobs, students in West Texas State at Canyon.

Consolidation . . .

(Continued from page 1)
Draw-Redwine has not been a financial success, and a number of Redwine patrons have asked to join Tahoka.

The gradual decline of students in the rural areas, the building of paved roads, and the desire of the rural patrons to give their children better educational advantages than are possible in the small rural schools, are among factors that are bringing a change in the educational set-up of the Plains country. It has been demonstrated many times that fewer schools can be operated more economically and with better results to the pupils.

Other schools sending students to Tahoka have been invited to join the local district, and it is possible that other consolidation elections will be called, though the local board does not wish to be put in the light of demanding such consolidations.

Though it is likely that valuations would be raised in some cases, the local board does not propose a wholesale raise in taxes if these districts see fit to consolidate with the Tahoka district, for in many cases valuations are already as high as much land in the local district.

The Draw-Redwine grouping plan was adopted in 1936, and for several years those districts had sufficient students to operate a high school successfully, but as the rural population has declined, it has become increasingly hard to operate the school.

Dixie quit attempting to conduct a school several years ago, and has had an arrangement with the local school board whereby the students attended at Tahoka.

Each of the three districts has little to lose in the matter of retiring its bonded indebtedness, but it is believed that consolidation might have its advantages in improving the districts ability to retire such indebtedness and to maintain more efficient schools at the same time.

H. D. AGENT CALLS SPECIAL MEETING FEB. 11
A special meeting of the chairman of the following council committees will be held in the H.D.A. office Tuesday, February 11, at 2:00 P. M.
Messdaems L. B. Jones, Joe Armstrong, A. D. Shores, Jean Corbell, and C. L. Murray. It is important that this group meet before the February Council in order that plans may be outlined in the expansion of Leadership Program. These plans must be presented to the council by the above named leaders at the council meeting February 15.

BOBBIE WEAVER HOME
Bobbie Weaver, son of Mr. and Mrs. A. C. Weaver, arrived home Monday from the Philippines, having been there five months with the Army. He is on terminal leave and expects his discharge shortly. Bop has been in the service 16 months.

Fleming Brothers Buy Out Pressleys

J. E. and Alton Fleming, who recently bought the South Side Service Station from Clyde Jones, announced this week the purchase also of the garage business and the tools of the Pressley Brothers, who have been operating a garage west of the Larkin building. The Flemings have secured the services of an experienced Chevrolet mechanic, and are now operating this business as well as the service station.

"Shorty" Pressley is moving to Lamesa, where he will work for a machine shop, while his brother is going to Anchorage, Alaska, to work.

FAMOUS SPORTSMAN WILL SPEAK AT LAMESA

Gene Howe, "Old Tack," publisher of the Amarillo Globe-News, Nationally known writer and sportsman, will furnish the program at the South Plains Sporting Club at its meeting in the court house, Lamesa, next Thursday night, Feb. 13, at 8 p.m.

Mr. Howe will show some of his Alaska hunting and fishing films of experiences as a sportsman.

All hunting and fishing enthusiasts of Lynn county are welcome to attend.

CITIZENS MAY GET ROSE CUTTINGS FROM JAQUESS

J. W. Jaquess, caretaker of the Tahoka High School, announces that he will prune the bushes in the high school rose garden, and that all citizens desiring cuttings may get them from him Monday, February 10—first come, first served.

Mr. Jaquess planted and has cultivated the garden which is recognized as one of the most beautiful in this section.

Few changes should be made in feeding hens, and those that are made should be gradual.

Good dairy management cannot be a hit and miss affair. Milking time and milking methods must be regular, and the cows handled so that they will be kept as comfortable as possible.

Texas, with its 254 counties stock-ed with a large number of cattle, sheep and goats, swine, chickens, turkeys, horses and mules, has only about 300 veterinarians engaged in private practice.

- ★ For Shallow or Deep Wells
- ★ Water Systems
- ★ Provides Almost Constant, Uniform Flow
- ★ Finest Machine Cut Gears Running in Oil
- ★ All Parts Easy Replaceable
- ★ Takes Less Than Half As Much Power

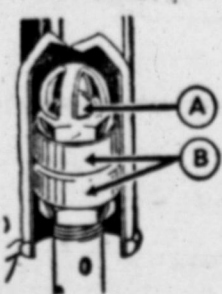

1—In a single cylinder pump the motor must lift the entire plunger rod in addition to lifting twice as much weight as this POWER SAVER PUMP.
2—It is this heavy pull which heats the motor, or necessitates the use of one having more than twice as much power as the National two cylinder balanced pump.
3—The two cylinders are only half as large as they would be in a single cylinder pump, consequently only half as much weight is being lifted in each upward stroke, this leaves the rods to balance themselves.
4—Friction in the pipe is greatly reduced by having the pump rods outside.
Add up 1, 2, 3, and 4 and you have the answer as to why the National takes LESS THAN HALF as much power.

(B) Duraflex cups. Far more durable than ordinary plunger leathers. Generally, one set of these cups will outwear several sets of leather cups.

With long wearing cups and stainless steel ball valves, in cylinders lined with stainless steel, you are entitled to the greatest of pump efficiency.

The pump available with Briggs and Stratton engine mounted on the pump. Other engines may be used with a longer belt if desired.
