

The Lynn County News

Volume 43.

Tahoka, Lynn County, Texas, Friday, February 28, 1947.

Number 21

Red Cross Fund Campaign Begins Here March 1

The annual Red Cross fund campaign for 1947 is scheduled to open Saturday, March 1, according to Herman Reid, who has been named the county fund chairman.

Lynn county's quota this year is only \$2,000.00, about \$500 less than the quota last year. The national quota is sixty million. The drive will continue to March 31, but the community drive committees are urged to complete the canvassing of their communities as early as possible.

Community committees are being appointed and will receive other information in regard to the drive.

The general planning committee is composed of Tom Garrard, county chairman, Walter Anglin, Rollin McCord, Clint Walker, Ted Waggoner, and Terry Thompson.

Quotas for the various communities of Lynn county are as follows: Petty, \$50; New Lynn, \$50; Wells, \$85; Dixie, \$85; Grassland, \$50; Wilson, \$100; Draw, \$100; Newmoore, \$35; T-Bar, \$35; Midway, \$30 & \$40; Hackberry, \$75; Lakeview, \$75; New Home, \$100; West Point, \$60; Tahoka, \$600; O'Donnell, \$380.

School Problems Told Rotarians

Dr. Emil Prohl gave an interesting and informational talk Thursday at the regular noon luncheon of the Rotary Club in which, as president of the Tahoka school board, he discussed several problems relating to the local school system.

He discussed the election set for March 8 proposing the consolidation of Dixie, Redwine, and Tahoka school districts. He expressed the belief that the consolidation would be of benefit to the people of these two districts and would likewise be of benefit to Tahoka. He also pointed out the crowded condition of the grade school building, but is of the opinion that this building must be enlarged regardless of consolidation and that it can be done without too much financial strain. With passage of the new minimum salary law of \$2,000 for teachers he said the greatest difficulty before school boards will be the meeting of these salaries. However, he made a strong appeal for such a raise, pointing out that many day laborers are drawing more money than the man or woman who has spent years and much money educating themselves preparing for the profession teaching, and then are expected as teachers of our children to dress well, belong to various community organizations, professional organizations, and take refresher courses in colleges.

Preceding the talk, the Junorettes, composed of Billy Faye Anderson, Bobby Cowan, Joretta Shawn, and Savannah Lou Tunnell, accompanied by "Bitsie" Haney, sang three popular numbers, the last an encore. Rev. John Rosenberg led the men in a sing-song, and the singing was so good he announced following the Fellowship meeting that the choir next Sunday night would be made up of men only.

Refreshments of doughnuts and coffee were served.

Track Work-Outs Are Started By Bulldogs

Coach Jim Foust announces that track practice will be started here March 2.

There are several speed merchants that will be out for track this year, including some of last year's football squad.

Coach Foust stated that the District track meet would be held this year on April 12.

In another statement, coach Jim Foust said that he was going to have a spring football practice session, but did not know just when he could work it into the program yet.

The corn borer cost American farmers 37 million dollars in 1946.

Pictured above are most of the farmer-neighbors of Frank Henderson, critically burned recently, who gathered at his farm nine miles north of Tahoka last Tuesday and plowed his field. Twenty tractors were engaged that day in plowing the 450 acre field. Henderson is reportedly improving slowly from the burns he received on his legs when his clothing caught fire while burning tumbledweeds.

Baptist Revival Best In History

About 68 representatives of eleven churches, including pastors, visiting ministers, and other workers engaged in the simultaneous revival campaign in the Brownfield association, met in the American Legion Hall here at the noon hour last Friday, when a luncheon was served and reports of results of the revival campaign in the eleven churches were heard.

Up to that time, there had been 124 additions for baptism and 98 had united with the churches by letter and statement, a total of 222. There had been 14 other professions of faith, 17 rededications, and nine who had surrendered for special service.

Rev. Levi W. Price of Tahoka was in charge of the program which included two talks. Rev. Cooper Waters of Houston, who was preaching for the Tahoka Revival discussed "Climaxing a Revival," and Rev. Vernon Shaw of Kerrville who was preaching for the Wilson Revival discussed "Conserving the Results of a Revival."

Another general meeting was held in the First Baptist Church of Brownfield Sunday afternoon when a vast number of people are reported to have been present and the figures given above were increased considerably, but since nobody was there from the Tahoka Church we were unable to get any definite figures.

Methodist Men Hear Lubbock Attorney

About forty men attended the Fellowship meeting in the Methodist Church basement Wednesday night.

Ralph Brock, Lubbock attorney, presented a humorous talk on his experiences as a Navy officer that kept the group laughing for thirty minutes.

Preceding the talk, Joretta Shawn Savannah Tunnell, and Billie Anderson, three members of the popular High School girls quartet, accompanied by Frances Marion "Bitsie" Haney at the piano, sang three popular numbers, the last an encore. Rev. John Rosenberg led the men in a sing-song, and the singing was so good he announced following the Fellowship meeting that the choir next Sunday night would be made up of men only.

Refreshments of doughnuts and coffee were served.

Tahoka Drug Is Remodeling Store

Work was started this week redecorating the entire interior of the Tahoka Drug, owned by L. C. Haney.

Walls, ceiling, shelves, and booths are being repainted, a new floor-covering put down, and other improvements are being made.

TWO LOCAL BUSINESSES OBSERVE ANNIVERSARIES

Two Tahoka business institutions are observing their anniversaries in business this week-end with anniversary sales.

Wynne Collier, Drugist, is observing his eleventh anniversary, and Cobb's Department Store, managed by Randolph Rutherford, is observing its ninth year in business in Tahoka.

Bulldogs Lose In District Contest

The High school basketball team were defeated their first two games in the District tournament playoffs last Friday afternoon and night at Sundown.

In the afternoon game, Sudan won over the Tahoka eagles by a score of 46 to 30. That night Tahoka lost to Andrews 29 to 35.

Andrews was eliminated the next day, which left the two teams from the north half of this district to fight it out.

Sudan defeated Levelland in the final game for the District championship.

Students Will Attend Press Association

Staff members of Tahoka High School's student paper and annual, accompanied by teachers will go by bus Saturday to Canyon, where they will attend the annual Panhandle High School Press Association meeting at West Texas State.

Chas. A. Guy of the Lubbock Avalanche-Journal is the featured speaker, and there will be a number of other discussions of the newspaper and annual publication, and entertainment including a luncheon and the WTS Variety Show.

VFW And Auxiliary Schedule Meeting

The V.F.W. urges all of the members to be present at the next meeting which is Monday, March 3, at the Legion Hall.

Officers for the coming year are to be elected and other important business that needs to be attended to will be discussed.

You are also urged to bring your wife, sister, or mother as the V.F.W. Auxiliary also meets here the same night.

Post Boxers Are Coming Tonight

There will be from sixteen to twenty fast boxing bouts held here in the local gym tonight starting at 8 o'clock.

The Post boxing team will be the visitors this time and reports reaching the News this week say that Post has got several good mitslingers coming over.

The Post team has not fought an y outside fights so far this year, but did have a "fight-night" between themselves last Friday night.

The Tahoka team has had four contests so far, this one tonight making it their fifth contest.

Several of the Tahoka lads have been looking good the last couple of matches they have fought and a few of them have shown excellent improvement. However, these boys from Post are rated as being some pretty good fighters themselves and expect to give the local boys a lot of fast and furious competition.

The admission prices to tonight's fights have been set at 60c for adults and 30 cents for children. Ringside seats will sell for 85 cents.

Masonic Lodge Holds Banquet

The annual Washington Day dinner and program of the Tahoka Masonic Lodge, No. 1041, held in the school gymnasium Friday night of last week, was attended by 155 members, their wives, and guests.

Among the guests were District Deputy Sam Ellis of Southland and other Masons from Slaton, Southland, O'Donnell, and Lamesa.

Carl Rountree, prominent Lamesa attorney, brought the principal address of the evening, and it is said to have been an excellent one.

Dr. Emil Prohl acted as master of ceremonies in the absence of Truett Smith, who had been scheduled to do so.

C. E. McClellan is the present Worshipful Master of the lodge, and L. A. Forsythe is secretary.

The meal was prepared by Mmes. Dean, Moore, and Freeman, under the direction of Mrs. Urban Brown, school lunch room dietician, and was served by Misses Betty Jane Henderson, Wanda Short, Hazel Phillips, and Georgetta and Faye Akin.

Congratulations

Mr. and Mrs. Alvin White of Grassland upon the birth of a daughter at Tahoka Clinic Monday, February 24. The little lady weighed 8 pounds.

THEN—Rex Van, Lubbock man who was formerly a member of the famed black-face team of "The Two Black Crows" is shown above as he appeared in the skit of a quarter-century ago.

NOW—Rex Van is shown above as he directed rehearsals for the Lions club minstrel show which will be given at the Tahoka High school March 4.

February Was Colder Than Average Year

As the month of February draws to a close, the records show that it has been colder than the month of February usually is. Up to Wednesday, embracing 26 days of the month, there had been subfreezing temperatures on 23 of them, as against 22 of the 31 days in January.

There have been some low temperatures this month also. On Monday morning of this week, the mercury was down to 14, the coldest of the month. On other days, however, it had been down 20, 17, 18, and 19, and on 15 days it had been down in the twenties.

The month has been dry also. Barring a few flurries of snow, which were not sufficient to register, there has not been a drop of precipitation during the month, except a little that came in the form of frost or dew.

New Home Revival Opens Next Week

A community revival will open at the New Home Methodist Church with the Wednesday evening, March 5th, service. Rev. A. B. Armstrong of Sylvester doing the preaching. Song services will be led by Zeb Robinson of Enochs.

"Old time Gospel preaching, singing, and praying," will be features of the meeting, according to Rev. E. C. Armstrong, the pastor, who solicits the attendance and co-operation of all people of that area.

Boy Receives Severe Cut In His Back

Bobby Dan Anderson, 14, son of J. B. Anderson, who lives a few miles north of town, was painfully injured when he fell through a showcase at the Pulkerson station recently.

Bobby received a bad cut under the left shoulder blade and glass fragments in the resulting wound. He is receiving treatment at Tahoka Clinic.

Mrs. E. D. Crouch and daughter, Louise Faye visited the former's son, Mr. and Mrs. Kingston Crouch and two children, in Plainview over the week-end.

Lions Club Minstrel Show Will Appear In City Tuesday

Unless someone's nastens to explain it beforehand, all the boys and girls 30 or older are likely to miss a lot of the lines tossed back and forth at the March 4 Lions club minstrel—trying to identify the voice of one of the end-men.

They'll find themselves back in the late 20's sitting before their phonographs and holding their sides at their first exposure to the nuances of that dialectic voice.

Lubbock Resident Now
Rex Van, the end-man is—who back in those earlier days was Moran of the stage and vaudeville and recording team of Moran & Mack, "The Two Black Crows."

He is a Lubbock resident now, a haberdashery salesman by quirks of circumstances that have had a fortunate way of intruding into his life at intervals since he quit the Federal Reserve bank in Dallas to hunt the illusory bigtime in black-face—and busted right in to \$1000-a-week contracts plus advance royalties.

Rest Of Story Well Known
Most of the rest of it is known by the boys and girls 30 or older.

Moran & Mack were an instant hit. They played all the theatres that were theatres, in all the towns that were towns. Three presidents had a habit of watching them as much as possible. Calvin Coolidge, the man suspected by the public as having been weaned on a pickle, was the most ardent of the triumvirate. "He'd laugh like hell," recalls Van, in a brisk departure from his usual gentility of speech.

Rex Van eventually settled down with his family in Lubbock—it was unnatural that reading and listening to the radio would be insufficient outlet for his evenings.

"Why don't we put on a minstrel show?" he asked a member of the Lions club.

The Lions talked it over and came to a quick decision. That is, if Van would be one of the end-men. He would.

Well, the show was produced and was presented before the public in Lubbock November 25 and 26 of last year, and it went over with a bang.

Later it was suggested that they bring the show to other towns in the vicinity of Lubbock in co-operation with the Lions clubs in those particular towns—and the same show will be on the Tahoka High School stage, Tuesday night, March 4.

All of the cast are Lubbock citizens and members of the Lubbock Lions club. However a couple of local people will be added to the show to give it a little more spice.

Tickets are now on sale, and can be purchased by contacting any local Lions club member, or they can be bought at the door the night of the show. Tickets are only one buck for adults, and fifty cents for school children.

Rufus Slover Rated No. 1 Bulldog Fan

Coach Jim Foust thinks some kind of public recognition should be given Rufus Slover, ardent Bulldog fan.

Rufus, a former Bulldog himself who was a fighting lineman on the football team back in the late "twenties," never misses any kind of Bulldog athletic contest except in extreme emergency, and Foust says his presence at games has become an inspiration to both the players and other fans.

"If we had just twenty or thirty fans as loyal as Rufus," Coach Foust says, "I don't see how we could keep from having a successful program."

It might be added that Mrs. Slover, the boys, and his brother, John, and family, are nearly as loyal in their attendance at games.

"We can't start the game until Rufus gets here," has become a by-word at Tahoka High—and the players actually mean it—his presence in the stands is appreciated that much.

The News thinks Rufus deserves a "T" letter, Coach.

Pictured above are Bobbie Louise Cowan, Dolores Nowlin, Nan Pennington, and Noah Lee Cromer, local high school students who recently, accompanied by Mrs. Paul Pittman, attended the State Convention of Student Council representatives, held at Highland Park High School in Dallas.

The students received valuable training as student leaders at the convention. Social highlight of the meeting was a banquet at the Adolphus hotel.

Farmers Co-Op Holds Membership Meeting

Members of Farmers Cooperative Association No. 1 met in special membership meeting Monday night, February 24 at the local gin office. After enjoying a fine meal the group heard an interesting and educational address by Mr. H. P. Caviness, President of the Board of Directors, and entered into discussion of the association's business.

This meeting, called to give information about their organization and to bring about a closer relationship between members and officers, was greatly enjoyed by the 120 men and women attending. After the program those present voted to hold similar meetings every three months.

Mrs. Truett Smith is in Claude visiting her mother, Mrs. Hunt, who had an operation in a Amarillo Hospital recently.

With the completion of the Boys Dormitory at Wayland College now in sight, a new campaign has been launched for another \$250,000 for additional construction, including a girls' new dormitory.

One hundred business men of this area have accepted the task of raising this sum, or as much of it as possible, by special gifts.

This committee will be the guests of the College at a dinner to be held at the Hiltop Hotel in Plain-

view on Monday evening at 6:00 o'clock March 3. The special gift solicitation will be begun by this committee on the next morning and will continue through April 3.

Committees of women will at the same time wage an intensive house-to-house campaign for contributions.

A picture of the new dormitory for girls to be constructed appears in this paper.

REV. LEON C. QUILLIN IN MINERAL WELLS REVIVAL

Rev. Leon C. Quillin left here last Saturday for Mineral Wells where he is preaching at the revival services being conducted at the Assembly of God Church there.

In an early report from Rev. Quillin, he stated that three people were saved in the Sunday services and that they were having wonderful attendance despite bad weather. Homer Sheets of Lubbock filled the pulpit here at the Tahoka Church last Sunday night in the absence of Rev. Quillin.

It is also announced that a visiting preacher will fill the pulpit here Sunday night and the general public is welcome to attend all the services.

H. D. EDUCATION COMMITTEE MEETING HELD HERE FEB. 20

The Lynn County H. D. Education Committee held a meeting with the County Home Demonstration agent February 20, in the agent's office. Specific duties of the committee were outlined by Miss Anderson. The primary duty is to keep the home demonstration clubs and the general public informed about the progress and activities of home demonstration work.

The education committee will give a summary of the home demonstration agent's monthly reports to the home demonstration council every three or four months. This information will be presented to the council so the county home demonstration council and the home demonstration clubs may see the work as a whole and be prepared to discuss it.

Another duty of this committee is to plan for reports to be made to the county commissioners on the progress and accomplishments of the home demonstration program. The members of the committee will attend the county budget hearing and encourage others to accept this responsibility of citizenship. It will assist the Expansion Committee by helping with surveys and plans for cooperation. It keeps in touch with the reporters' group of the county home demonstration council.

THE METHODIST CHURCH

Sunday Services
 - Sunday School 10:00 a. m.
 - Morning Worship 10:55 a. m.
 - Sermon Topic: "Christianity"
 - Junior Church Service 5:45 p. m.
 - Intermediate MYF 6:15 p. m.
 - Senior MYF 6:15 p. m.
 - Evening Worship 7:00 p. m.

Through The Week
 The Woman's Society of Christian Service meets this Monday at 3:30 p. m. for the first of studies of the Union Study Class. All women of the Church are invited. The Study will be given by Rev. J. W. Rosenberg, pastor.

Prayer meeting is held each Wednesday evening at 7 p. m.
 Choir rehearsal is held each Thursday evening at 7 p. m.

RECEIVES CERTIFICATE

W. S. "Skip" Taylor has reason to be proud of a beautiful certificate he received last week, for it is the Certificate of Merit awarding the Selective Service Medal to him by authority of Congress, and the certificate bears the signature of President Harry S. Truman.

The certificate was no doubt awarded him for his invaluable service to men in filling out their questionnaires and other services he rendered registrants and servicemen during the war.

MISSION WORKER COMING

Miss Margaret Hutchison, Field Worker of the Home Mission Board, Southern Baptist Convention, Atlanta, Ga., will be in Brownfield Association for one day only, speaking at Wells Baptist Church next Sunday morning and at New Home Church at the evening preaching hour. Those wishing to hear her message should plan to attend one of these services.

Miss Hutchison is a sister of W. P. Hutchison and Mrs. K. R. Durham of Tahoka.

Mesdames W. B. Slaton and Tom Gill went down to Dallas Wednesday before last. Mr. Slaton went down a few days later, where the Slatons visited their daughter and family, Mr. and Mrs. A. D. Davis and son Slaton. Mrs. Gill visited with her relatives in Dallas.

Cadets Rollin McCord, Jr., and Jerry Lee King are expected home from San Marcos Baptist Academy this afternoon for a week-end visit. They will come by plane to Lubbock and will be met by their parents, Mr. and Mrs. Rollin McCord and Mrs. Lee King.

The H. L. Roddy family spent the holiday week-end, visiting relatives in Hico and were accompanied home Sunday by their daughter, Mrs. Bill Neel, the former Mary Beth Roddy, who is spending a few days in the parental home.

THANK YOU, FOLKS

I wish to thank my friends and neighbors who helped build back my house which burned on the farm ten miles east of town recently. Your kindness is greatly appreciated and will be long remembered.—P. K. Fleming.

G. M. Duckett, who formerly lived in the New Lynn community, was a visitor here Monday and Tuesday of this week. He just recently moved to Slaton, but has been living at Lingo, New Mexico, for the two years preceding his recent move.

Billie Lightner, daughter of Mr. and Mrs. L. S. Lightner of near Redwine and Norma Lee Evans, daughter of Mr. and Mrs. J. A. Evans of Isakerew, underwent tonsillectomies at Tahoka Clinic on February 25.

Mrs. Pearl Callaway of Abilene visited here Tuesday and Wednesday with Mr. and Mrs. Ocho Thomas and other friends.

Coy Fielder Presented Lions Plaque; Liquid Air Demonstrated

Tuesday night at the meeting of the local Lions club a demonstration of liquid air was made by Mr. West, manager of the West Texas Oxygen company of Lubbock. Mr. West froze bananas, flowers, rubber hose, and mercury.

Mr. West also demonstrated the explosive and power that can be developed from this liquid. He ran a steam engine with it, blew a cork clear across the room with plenty of velocity and demonstrated how a steel rod red hot on the end immersed into a can of the liquid would continue to melt down just like a welding rod.

The liquid air is the impurities taken from the air in the manufacturing of oxygen. Its temperature is approximately 300 degrees below zero. In fact its so cold that Mr. West placed an egg on top of a piece of ordinary ice and then fried it with the liquid air.

A short discussion followed the demonstration about the Lions club minstrel show that is to be put on at the High School Auditorium March the 4.

A beautiful plaque was presented to Lion Coy Fielder for leading the field in signing up members to the local Lions club.

A survey was also taken on Ticket sales, and Lion Fielder was also leading in the sales of tickets to the minstrel show.

Mrs. R. E. Jackson has returned to her home in Clovis, after visiting her sister, Mrs. Jean Riley, whose husband is ill in Tahoka Clinic.

Sugars eaten by humans and animals end up in the body in the form of dextrose in blood and body tissue.

John Riley of Muskogee, Oklahoma came last Friday to spend a few days with his brother, Jean Riley, who is ill.

Mrs. G. M. Stewart visited from Friday to Monday with her father, T. M. Dobbins of Roscoe, also in Abilene with Mrs. Pearl Callaway.

Mrs. Dona Moore visited her daughter, Mrs. Milley Dove in Plainview last weekend.

HOWDY, FOLKS

By Onie "Crow" Elliott
 Howdy Folks; The way the stock market is fluctuating, we are reminded of the old bucket shop days of '29 when we all held the bucket.

People who play the stock market are usually known either as bulls or bears. Wonder why the ass never figured in there? Hogs reached an all time high Tuesday and it seems they might join the donkey soon. Bacon \$1 a lb., oil men can't afford it now. Many who play the stock market find that Wall Street is a one way street.

Thought for Today: See your stockbroker and then call your pawnbroker.

Bulls and bears aren't responsible for as many stock losses as bum steers.

A lot of good buys in Wall Street turn out to be sawwells. Wall Street stockbrokers should make good farmers. They know how to water the stocks and shear the sheep.

Our local Lions club is presenting a Negro Minstrel next Tuesday night at the High School Auditorium. You can forget the stock market, for everyone will get what they pay for. No chance of losing at our market.—Please come.

Well, we're only an observer as far as the stock market is concerned, but we're mighty active when it comes to supplying Panhandle Kerosene. Give us a call next time you need some.

QUESTIONS ON BAPTISM

Some one has asked, "Can you prove to me that one must be baptized to be saved?" My answer is; "If you will take what the Bible says as proof I can". In the Bible there are many passages that predicate salvation upon "Faith". In every such passage it is clearly shown that faith comes before salvation. The same is true with reference to repentance and the confession. Now let us study without prejudice the subject of baptism. Christ said, "He that believeth and is baptized shall be saved", Mk. 16: 15-16. Many of the people who heard Peter preach as recorded in Acts the second chapter, said, "What shall we do?" Peter guided by the Holy Spirit said, "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost". Acts, 2:37-38. Let me say in passing, "the word from which we have "for" here never has retrospective meaning". If your preacher tells you it means "because of", then get him to write an article on the subject.

Christ said to Saul, "Go into the city and it will be told thee what thou Must Do". Acts 9:6. The Lord sent Ananias to Saul. Ananias said, "Arise and be baptized and wash away thy sins calling on the name

of the Lord". Acts 22:16. Peter said, "The like figure whereunto even baptism doth also now save us". I Pet. 3:21. In every place where baptism and salvation as associated it is clearly seen that baptism comes first. To learn the truth about "heaven" we must read those passages that speak of heaven. To learn the truth about "Hell" we must read those passages that speak of hell. Just so, to learn the truth about "Baptism" we must read those passages that speak of baptism. No man guided by Holy Spirit has ever put salvation before baptism when associating the two subjects. Not until men began to pervert the gospel as preached by the apostles did people become confused on the matter. What does baptism mean as used in Mat. 28:19? A Bible answer will be given to this question in this column next week, the Lord willing.

Attend the services of the Church of Christ in your community every Sunday, and continue to send your questions and criticisms to Price Bankhead, Post, Texas, Rt. 3.

FARM NEWS

From the County Agricultural Conservation Committee.

Clint M Walker,
Sec. Lynn Co. A.C.A.

At this date more than a thousand applications for payment under the 1946 farm program have been transmitted to the State office for payment. There has been some delay in the certification and payments will begin immediately and most of them should be paid by May 1.

All farmers in the county have been sent a letter notifying them of the various practices that will apply to this county for 1947. If you wish to carry out any of the practices and receive financial assistance in carrying it out remember that you must secure a prior approval from the county committee in writing before you start the practice.

Last year there were close to three hundred thousand acres contoured in Lynn county. If you wish to qualify for this payment in 1947 here are a few things to bear in mind concerning the practice. This practice consists of planting and cultivating row crops following the contour as determining by a level or following terraces. If the land is not terraced the contours must follow guide lines not to exceed

twice the terrace interval. On slopes averaging greater than 3 percent, contour farming must be in connection with terracing.

Prior approval must be obtained before seeding the crop and not later than May 1, 1947. The payment rate for 1947 is 50 cents per acre and the acreage that the farmer will be approved for will depend on the number of prior approvals applied for in the county. Contour farming will not qualify on irrigated land.

Mr. and Mrs. L. M. Nordyke left Friday morning for Cisco, where Mr. Nordyke expected to take treatment for several weeks for a run-down condition accompanied by low blood pressure and other complications.

SORE THROAT—TONSILITIS! YOU WANT QUICK RELIEF!

For prompt relief from pain and discomfort try DURHAM'S ANAETHESIA-MOP. It is a Doctor's Prescription combining a local anesthetic and a powerful germicidal dye in a pleasant-tasting solution. Powerful and effective, does not burn tender throat membranes and is safe for children. You must agree it is the best throat mop ever used or purchase price will be refunded. Generous bottle, with soap-sticks, only 50c at your druggist or at

MISSIONARY UNION TO HOLD ANNUAL DISTRICT MEETING

Mrs. L. Lumsden, District Nine W.M.U. President, is announcing the Annual District Meeting of the Woman's Missionary Union to convene in First Baptist Church in Littlefield at 10:00 a. m. Tuesday, March 4. Mrs. Lumsden will preside at the meeting and others from Lynn County who expect to attend and participate include Mrs. Garland Pennington, President of Brownfield Association W.M.U., Mrs. W. H. Kenley, Corresponding Secretary-Treasurer, and Mrs. Jarrell Cox, President Tahoka W.M.U.

Among speakers to appear on this one day program are: Mmes. Lumsden and District Committee Chairmen, including Mmes. B. W. Baker of Wilson, B. N. Shepherd of Plainview, A. A. Brian of Brownfield, and a number of others. A Men's Quartet and a Girl's Trio from Wayland College will furnish special music. The outstanding address of the day will be brought by Miss Margaret Hutchison of Atlanta, Georgia, Field Worker for the Home Mission Board.

Mrs. H. G. Stinnett, Jr., of Plainview, District Young People's Secretary, will have charge of the Young People's Program on Tuesday night. Miss Delores Nowlin of Tahoka will sing.

Before invention of the cotton gin it took a slave 10 hours to pull seeds from two pounds of cotton.

The dry land area of the world is about 15 million square miles.

MORE ASSISTANCE FOR NEEDY BLIND GRANTED BY TEXAS

The Post office of the State Department of Public Welfare has completed a desk review of all Old Age Assistance and Aid to the Needy Blind grants following action of the State Legislature in making more State money available for assistance O. C. Chapman who is the Department's fieldworker for Lynn county announced today.

Adjustments are being made on all cases where increases are justified. The increases will be in checks for the month of March. Mr. Chapman pointed out that a blanket increase on all claims will not be made but that the standard food chart figures have been revised upward in accordance with the percentages of advance in food prices since the time of the last cost survey some two years ago. The number of persons in a family depending on the aid benefits will also be taken into consideration, Mr. Chapman said.

Raises will range from \$1.00 to \$3.00 per month. The local office has been able to make adjustments on all claims. It, therefore, will not be necessary for individuals recipients to have to come to the office.

The additional appropriation will allow money for payment of full claims in the Aid to Dependent Children program. Heretofore, due to limited funds, allocations were made to allow as much per case as possible but rarely was there enough funds available to pay the full amount authorized, Mr. Chapman said.

Approximately 190,000 aged and 5,100 needy blind will get increases amounting to \$500,000 or \$600,000 over the state as a result of elimination of the ceiling. The 30,000 dependent children will receive around \$200,000 per month.

JOE STOKES H. D. CLUB (Delayed)

The Joe Stokes H. D. club met in the home of Mrs. Bunk Gill. Committees for the year was appointed by the president. The social committee went right to work planning a forty-two party for the club members and their families.

One of our new club members, Mrs. Alvin Shambeck is having the party in her home.

Mrs. Murray gave the demonstration on consumers buying, which includes brands and labels.

We are also working on our neighborhood contest which is sponsored by our club.—Reporter.

CARD OF THANKS

We, together with his other children, wish to thank all of our friends and neighbors for kindnesses to us during the illness and at the death of our beloved father and husband, your thoughtfulness and sympathy expressed by words, letters, floral offerings or in any other way were appreciated and will be remembered always. May God's richest blessings be with each of you.—Mrs. J. C. Evans and family.

Relief At Last For Your Cough

Creamulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creamulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

FOLKS THAT DON'T HAVE ANY PRIDE FER THEMSELVES, CERTAINLY DON'T HAVE ANY FER OTHERS.

You certainly won't have anything but praise for the Emerson radios and Roper ranges at the TAHOKA FLASH O GAS COMPANY. You get better service . . . a fraction of the cost you'd expect.

SMITH- TRAMMELL VOWS READ RECENTLY

Miss Doris Jean Smith, daughter of Mr. and Mrs. Carson Smith of New Home became the bride of H. C. Trammel, Jr., son of Mr. and Mrs. H. C. Trammel of 2211 22nd St., Lubbock.

A double ring ceremony took place in the church office of Broadway Church of Christ with Rev. Norvel Young officiating. The attendants were Mr. and Mrs. E. B. Herriage and son, Donnie, and a little sister of the groom, Max Ann. Mrs. Herriage is a sister also of the groom. The bride wore an off-white dress with a corsage of red roses and black accessories.

Following the ceremony a reception was given the couple by Mr. and Mrs. Herriage.

The bride graduated from New Home High School in 1945 and she is now working at Paul the Tailor. Mr. Trammel has spent 17 months in the service and has a grocery store in Lubbock.

CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take **Calotabs**

Baptist Notes . . .

The great crowds that attended the recent revival services, especially on Sunday, and the results obtained, give some idea as to what a church can do when its members become really active.

The presence and attentiveness of the crowds also attest the power of the gospel to attract and to enthrall men. No clap-trap methods were used, no sensational stunts pulled to draw the merely curious to the services.

The beautiful and solemn ordinance of baptism properly administered is always an impressive and inspirational scene, depicting as it does the death, burial and resurrection of Christ and picturing also as we believe the death of the sinner to the old life of sin and his rising again to walk in newness of life with Christ. A great throng looked on reverently as this ordinance was administered by Pastor Levi Price to twenty-seven men and women, boys, and girls Sunday night.

Every new member of the Church is invited and urged to attend all its services—not only the worship services but also the Sunday school and the Training Union. The women should also enlist in the W. M. U., the men in the Brotherhood, and the boys and the girls in organizations provided for them.

Every person upon entering the Christian life needs to be both taught and trained. In fact, he should become a life-time student of the Bible—not just to be able to "argue" Scripture, but in order that he may learn the most possible about the teachings of the greatest book in the world.

By the way, it does seem that those religionists who keep so everlastingly busy lambasting the beliefs of others should take a little time out now and then to bow down and worship God.

Mr. and Mrs. E. E. McManis of Lakeview returned Tuesday from Rockport and Port Aransas, where they have been spending the winter months. He reports that Joe Armontrout is still down at Rockport but that John Armontrout returned home recently. Mr. McManis, arrived home in the midst of Tuesday's cold snap, and he was about to freeze to death. He said there had been only one freeze on the coast this year.

WHARTON TELLS OF NEW FRIGIDAIRE APPLIANCES

A complete new 1947 line of electric household ranges are being introduced by Frigidaire Division of General Motors, it was announced today by W. C. Wharton, Frigidaire dealer here who with Wade Holland recently returned from a district meeting in Fort Worth.

"Products of the new ranges is well under way in the Company's huge Dayton, Ohio plants," Mr. Wharton said. "Feature model of the new line is a fully automatic, two-oven deluxe range. Design and construction are completely new—from the ground up," he pointed out.

Mr. Wharton stressed the fact that many new features are being incorporated into the new range models. All are constructed with one-piece, roll-front steel cooking tops, which give these new ranges a beautiful stream-lined appearance. The new ranges are finished with porcelain—inside and out—for extra beauty and ease of cleaning. There is a full-width utensil drawer on most models.

"Many other Frigidaire features are also included in the new line," he explained. "There are three fast-heating surface cooking units plus a double duty deep-well cooker, automatic oven-timer, time signal, large oven and waist-high broiler. One of the models is equipped with two complete broiling, baking and roasting ovens. Two other fully-automatic models of conventional one-oven design are being produced along with two lower priced ranges.

Mr. Wharton states he will soon announce a special showing of the new Frigidaire ranges as well as other Frigidaire appliances including refrigerators, electric water heaters and home freezers.

THIS GOLDEN GUZZLING AGE

O! how the wet politicians and the men that liked their "likker" back in the twenties when prohibition was in the Constitution and the Volstead Act was on the statute books—how the "wets" in those days used to deplore the drinking that was being done, and the activities of the bootleggers! Hypocrites! They aided or encouraged the violation of the law by every means possible and then ranted about the failure of prohibition. They proposed to repeal the Eighteenth Amendment and return to "common sense and decency." They fulminated and exaggerated and lied about prohibition until they made many of the "drys" believe that they actually had made a bad mistake. Repeal the Eighteenth Amendment, prohibit the return of the old-time saloon, license the sale of liquor only in strictly regulated liquor stores, high-class hotels and eating houses, and everything will be as rosy as the morning. Let's cut out the bootlegger and most of the drunkenness and the crime will cease. Yes, that is the way they talked to us, that is the picture they painted.

It has all proved to be a diabolical lie. The front page of almost every daily newspaper in the country proves that it was a lie. Just this week we read this wall from the editor of the State Observer, a small political sheet published weekly in Austin. We don't suppose that Paul B. Holcomb ever voted

dry, but here is what he said in his State Observer. Read it.

"We're 'agin likker' and we are not advocating 'prohibition' but something ought to be done to curb the terrible effects of our present failure to control the liquor traffic in Texas. We know that conditions were very bad under what we facetiously called 'prohibition.' But we challenge any honest man who knows present conditions to say that they are not terrible right now."

"Any night and every night, around eating and drinking places, you can see women—all kinds of women—sleazy slatterns and comely matrons and teen 'age' girls, come weaving out of these places, with their brains fuddled and their tongues loosened. It is not unusual to see a young mother sitting at a table with her little daughters, drinking enough to imprint a maudlin expression on her face."

"We are not excusing the men, they have always been rotten. But what child could respect a mother who drinks until she does not deserve the respect of anybody. Whatsoever a man soweth that shall also reap."

The possible destructiveness of another world war, if there should be one, is simply too terrible to contemplate. The use of the atomic bomb must be limited and controlled, if possible. But in case of war, nobody knows what some desperate and lawless nation might resort to at any time. Even if the use of the atomic bomb is forbidden, there are other means of wiping out great cities at a single blow with a surprise attack. Even the most powerful nation in the world might become within a few weeks a pile of rubbish. The world must avoid another general conflict if it is to survive. Yet, the peace of the world will never be secure until all the powerful nations get rid of their dictators. In fact, to make the world safe against the menace of war, all the great nations must first become both democratic and Christian indeed and in truth. Until the German people themselves make it impossible for another Hitler to arise in that country, and until the Russian people assert their authority and dethrone Stalin and the Communists in that country, the menace of another World War will impend.

This Government and its representatives have a hard time in trying to reach agreements and otherwise deal with Russia because so often it is difficult to understand

just what Russia is driving at. Secretive and suspicious of us, she invites suspicion from us. If Russia would throw open her doors to us, admit freely our newspaper representatives and our public officials, as our doors are open to all the world, would establish freedom of the press, freedom of speech, and freedom to travel at will through her territory under reasonable and proper restrictions, so that we could know what is going on inside Russia and so that her people could gain a better knowledge of us and our ideals and what is going on in America, then all grounds for mutual suspicion and distrust would speedily disappear and we should then have no trouble in reaching agreements with that country. One suspects that what the little handful of men who control Russia fear is that under such freedom the Russian masses would soon be further demanding the freedom to govern themselves, and that would be the end of the dictators. It is hard to deal with a dictator nation.

PUBLISHERS OF SUN HAVE THEIR TROUBLES

The Wilson Sun came to the News office this week after a lapse of two weeks.

Mr. Fletcher has been employed on newspapers in south Texas and during his absence Mrs. Fletcher and the children have been getting out the paper regularly each week until—the flu struck the Fletcher family. About the time the children had recovered, one of the children went down with pneumonia.

But the crisis was passed successfully, and out came another issue of the paper. Here's hoping the Fletchers better luck from here on out.

CONTRACTORS NOTICE OF COUNTY HIGHWAY CONSTRUCTION

Sealed proposals for constructing 26.564 miles Farm to Market Road comprising grading, drainage and paving from New Home West to Terry County line with laterals 3 miles North from New Home; 3 miles South to Pety; 4 1/2 miles North to Lubbock County line at Lakeview Methodist Church; and 3 miles South from Lakeview and a road running 3 1/2 miles West from a point on U. S. Highway 87, 8 miles North of Tahoka, Texas, will be received at the Office of the County Judge of Lynn County, Texas, until 10:30 A. M. March 6, 1947 and then publicly opened and read.

It is anticipated additions, extensions, deductions to this project, in general, not to exceed 25%, will be made and handled as a change order at a later date.

Bidders must submit a cashier's check or certified check for Five Thousand Dollars (\$5000.00) as a guarantee that the bidder will enter into contract under the conditions set forth within ten days (10) after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The County reserves the right to reject any or all bids. Plans and Specifications may be obtained at the office of Hasle & Green Engineering Co., Wilson Building, or P. O. Box 1139, Lubbock, Texas, upon a deposit of \$25.00, \$19.00 to be refunded when same are returned.

The County Commissioners Court reserves the right to reject any or all bids and waive all formalities.

DAUGHTER BEATS MOTHER

In relieving the discomfort of children's simple chest colds by using Durham's No-Me-Rub, the modern Guaiacol-Camphor chest rub. Doctors agree that its 29% Guaiacol-Camphor formula is a decided improvement over Mother's old-fashioned Eucalyptus style salves. Try No-Me-Rub for croupy cough. Double the purchase price refunded if you do not find No-Me-Rub more effective. In 25c and 60c jars of your Druggist or WYNNE COLLIER, DRUGGIST

Sidelights From Washington

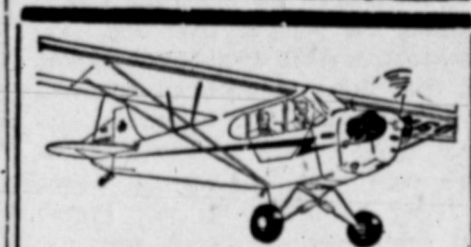

By George Mahon

This is being airmailed from Washington on George Washington's birthday. There are eight inches of snow on the ground but the sky is clear and planes are scheduled to begin flying west again at noon today personally, however, I do not care about airplane travel in this kind of weather. Yet despite crashes in recent weeks which have taken considerable toll of human life, we are told that commercial air travel was twice as safe in 1946 as in the previous year. Authorities point out that a passenger could fly around the world 38 times before, according to the law of averages, he would lose his life in a fatal accident. Few would desire to tempt fate that far.

Yesterday the House of Representatives celebrated Washington's Birthday by listening to Congressman Lodge, descendant of Henry Cabot Lodge, read Washington's Farewell Address and passing a bill to provide extensive cooperation with Mexico in an effort to prevent the spread of the hoof and mouth disease to the herds of Texas and the Southwest.

Earlier in the week we passed a resolution proposing a cut of 6 billion dollars in government spending. Though I favor economy and feel that many reductions can be effected, I made an eleven-minute speech against the resolution on the ground that the Republicans were concealing the principal facts as to what cuts were contemplated and that drastic cuts in the armed forces would jeopardize our national security.

My principal job this week has been to attend daily hearings of the War Department Subcommittee on Appropriations. We are scheduled to meet almost daily for a month or six weeks in hearings and in pre-

paration for submission of the bill to the House.

General Eisenhower, Army Chief of Staff, spent three hours with us on Wednesday explaining the reasons why he thought the army needed 6 billion dollars for the fiscal year beginning July 1. We hope some substantial reductions can safely be made, but it is too early to say where we can cut. We are requested to provide for an army of slightly over one million men. In view of the general world situation and the fact that none of the peace treaties have been finally approved, I feel that an army of the strength requested is required. Secretary of State George Marshall will soon be sitting across the table from Generalissimo Stalin in Moscow. We should strengthen Marshall's position as much as reasonably possible. Our Subcommittee is still com-

posed of seven members. This year four of the members are Republicans, and Albert Engel of Michigan is chairman. Al has a farm up in Michigan which is devoted to the growing of Christmas trees. He says it takes several seasons in which to grow a good Christmas tree. Unfortunately, we West Texans have found that it sometimes takes several seasons in which to grow a good cotton crop.

Tahoka Boxers Win 10 Fights At Slaton

Last Friday night the Tahoka High School boxing team went to Slaton in a return match between the two teams.

The local boys won, winning ten fights to Slaton's six.

However two or three of the local fighters that fought in the match with the Slaton boys here did not fight in the return match at Slaton.

The Slaton mlt-slingers won two of their six fights via the TKO route, one by a KO and the other

three by decisions.

The Tahoka fighters won two by TKO's and one by a KO and the remaining seven by decisions.

Bill Burkhardt, 93 lost to Calvin Brown, 91, decision.

A. W. McClellan lost to Jackie Pearson by decision.

Raymond Jenkins, 96, won over Cecil Bybee, 95, decision.

Richard Havens, 86, lost to Lambright, 88, TKO in the first round.

Duane Driver, 108 won over Bob Taylor, 108, by a decision.

B. L. Parker, 110, won over German, 113, decision.

Jack Reed, 119, won over Jerry Huckaby, 121, by decision. Reed looks like a coming fighter to watch.

Charles Brookshire, 119, lost to John Schmitt, 122, TKO.

Bobby Tippit, 122 won over Gene Berkley, 123, TKO. Bobby is also a coming fighter.

Billy Earl Anderson, 130, won over Paul Mosser, 129, decision. This was the closest fight of the night and was packed with plenty of fighting. Billy Anderson looked excellent in this fight and will be a hard man for anyone to whip.

Bobby Boyd, 132, lost to Ed Burton, 129, decision. This was also a good fight. Both of these boys were plenty good.

Duane Howell, 138, won over J. Frank Jones, 136, decision. Duane is still showing improvement.

Lindley Thomas, 143 won over Billy Van Leake, 146, by a TKO. Lindley is a good fighter—he has an awful lot of power behind his punches.

H. R. Tanekrsley, 140, won over

Johnny Melcher, 140, by a KO in the third round. H. R. has a right that explodes like a stick of dynamite. Both fighters were fighting toe-to-toe when H. R. uncorked that right hook late in the second round, and it is beyond 05ul.070 round and no one knows yet what held Melcher up, but he didn't go down. After both had rested they both came out fighting like mad in the third round and Tankersley let go with his right again and this time Melcher went down, out cold.

Charles Pennington, 162, lost to Guy Gentry, 168 by a KO. This was no fight as Charles was too short and stocky for his tall heavy-set opponent, Guy Gentry. Gentry got his knock out late in the first round. Charles Pennington was just badly over matched. He is a good fighter, and has proven himself before in the ring here and at Morton.

The last fight of the night was won by a decision by Van Brookshire, 138, over James Mosser, 135. It was Van's fight all the way and he seemed to become a little ashamed of himself for hitting his opponent. In fact it seemed that he actually held himself back at times. James Mosser was a good fighter, but he seemed to tire out too soon.

Mr. and Mrs. Gene Holtwick are moving from Lubbock to Tahoka. Mrs. Holtwick, a graduate nurse, will be employed by Tahoka Clinic. Mrs. Holtwick is the former Kathleen King and they will occupy the King home at the western edge of town.

Baptist Revival Declared Biggest Success In History

When the benediction was pronounced at the Baptist Church here last Sunday night, it marked the close of the most successful revival, in visible results, in the history of the Church. There had been at least thirty professions of faith, fifty-nine additions to the church, eight young people who had surrendered for special religious work, and others who had rededicated their lives to the service of their Master. Seven had come at the morning service Sunday for church membership.

Among the new converts, men and boys greatly predominated. Nineteen men and boys and eight women and girls were baptized at the Sunday night service. A Mexican man had been baptized on the day that the revival opened. There were few children among the number, since most of the boys and girls of the junior and intermediate grades were already members of the church. The group was conspicuous for the large number of strong matured men. Two of the converts are yet to be baptized.

Among those who came by letter and statement, 29 in number, were some of the more prominent members of the town and community. Good crowds were present at both

TANKERSLEY'S VISIT IN CENTRAL TEXAS

Mrs. C. T. Tankersley and her daughter, Mrs. Terry Noble will leave for Waco Monday for a few days visit with Mr. and Mrs. Roy Rutland, Jr., and their two children, Buddy and Patricia Ann.

Mrs. Tankersley is very anxious to meet Patricia Ann who was born February 20, and has been described as a beautiful little baby girl.

Mrs. Noble will go on to Austin to visit her son Clyde Briley who is a student in the University there.

Mrs. Rutland is the former Miss Pansy Tankersley.

the morning and the evening services throughout the meeting. On last Sunday morning, although all the beginners and primaries with some of the teachers and officers remained down stairs in their departments, the auditorium upstairs was filled to its capacity, many chairs being placed in the building and every available space to accommodate the audience. Another Sunday school attendance record was broken, 629 reporting present.

The visiting minister, Rev. Cooper Waters of Houston, employed no dramatics nor pyrotechnics to draw crowds but preached the simple gospel in an earnest and effective manner from start to finish and the common people "heard him gladly." The singer's voice was perhaps a little weak for that large auditorium but it was sweet and musical and his song selections were unusually good. David Green made

VETS DEFEAT HOUSING SHORTAGE

California's housing shortage proves no problem to two enterprising veterans. Ex-Wave Mary Motlow and her husband John, also a veteran, are shown making repairs to their sailboat home at the Berkeley Yacht Harbor. Motlow is a student at Berkeley's University of California.

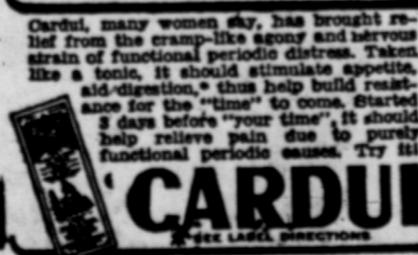

many friends and admirers while here.

The good attendance was due in large measure to the fine organization which the pastor had perfected before the campaign started and to the team-work of many of the members. Levi Price is a tireless worker himself and knows how to get others to work. Saturday night members of the church conducted an all night prayer meeting in the Church.

During the last services love offerings for the visiting preacher and singer were taken amounting to \$605.00. Just before the close of the last service the visiting minister suggested that a shower of dollars be handed to ushers at the door for the benefit of the pastor, as the audience passed out. This resulted in the contribution of \$78.

A reception for all the new members of the Church together with all other recent additions was announced for Wednesday night of next week, March 5. It is hoped that all can be there, as well as a large number of the former church membership, for it is believed that the information, instruction, and counsel then to be given will be greatly helpful to all.

How women and girls may get wanted relief from functional periodic pain

MR. AND MRS. C. A. COLEMAN CELEBRATE ANNIVERSARY

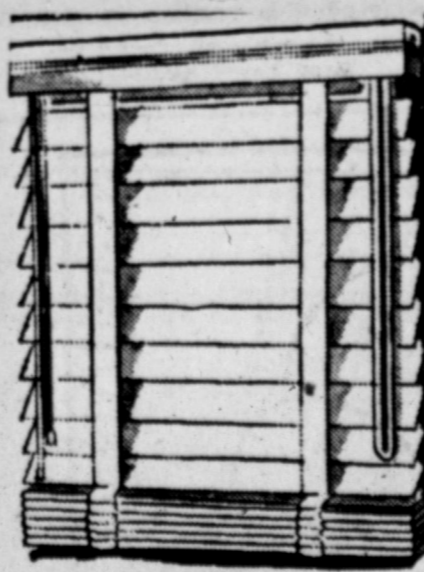

By Mrs. A. L. Pace
Mr. and Mrs. C. A. Coleman of Wilson celebrated their Golden Wedding Anniversary Sunday, February 23. A son, Luther Coleman, served a barbecue lunch to ninety relatives and friends. A three tiered wedding cake topped with golden wedding bells was served. They were married February 23, 1897. The children of the couple brought gifts of Roger silverware and many friends and relatives brought gifts.

The children attending were Mr. and Mrs. Chester Swope, Mr. and Mrs. Walter Savell, and sons were Claude, Luther, and Grover. Other friends and relatives were: Mrs. Clare Crews Mrs. Eunice Baugh, Mrs. J. L. Coleman from Lubbock, Mr. and Mrs. Jesse Ganus, Mr. and Mrs. Guy Coleman of New Home.

During the evening open house was held. Spiced tea and cake were served to about four hundred guests.

Grassroots . . .

By Bill Griffin
County Agent

Next week, March 1-9, 1947, will be observed as National 4-H Club week. The main theme is "working together for a better home and world community." The objectives are to make it possible for all 4-H members to become acquainted with the 1947 theme, to provide 4-H members an opportunity to check on their own efforts, to date in carrying out any 4-H program already started, to acquaint parents with 4-H Club work and encourage non-members to join.

Nationally, this week will be featured by the most recent 4-H report by radio to the nation, by news releases, magazine articles, and exhibits.

Locally, Lynn County 4-H Club members will join with the nation to observe 4-H week and rededicate themselves to the ideals in the 4-H pledge. I pledge my Head to clearer thinking, my Heart to greater loyalty, my Hands to larger service and my Health to better living for my club, my community and my country, the 4-H motto and all of the ideals of 4-H club work.

The 4-H members of Lynn County have made a good start for 1947. The girls reorganized all of their 1946 clubs and the boys reorganized five 1946 clubs and organized three new 4-H clubs. The 4-H boys are looking forward to a good crop year so they can get back into calf feeding, hog feeding and many other interesting and educational demonstrations.

It's not necessary. Raise the pH of the fluid in your bladder with CITROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CITROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.00 at your druggist. For sale by

WYNNE COLLIER, Druggist.

Flying Farmers Banquet Is To Be Next Thurs. Night

According to the Lynn County Flying Farmer secretary, Bill Griffin approximately eighty to eighty five persons are expected to attend the Lynn County Flying Farmers Banquet which is to be staged at the local American Legion Hall next Thursday night.

A swell program has been arranged for this big occasion. In fact the program arranged was acclaimed one of the best that has ever been presented here when it was presented to another organization here a few weeks ago.

Several guests have been invited from various towns and counties, including representatives from two Lubbock radio stations and a commercial photographer of Lamesa.

The food for the occasion is to be prepared by Miss Wright and her Home Economics class from the local High School and they are very capable of preparing a real good informal meal. They have been preparing meals for the local Lions club which has commented on their meals favorably many times.

Sensational NEW LOW COST PUMP

- ★ For Shallow or Deep Wells
- ★ Water Systems
- ★ Provides Almost Constant, Uniform Flow
- ★ Finest Machine Cut Gears Running in Oil
- ★ All Parts Easy Replaceable
- ★ Takes Less Than Half As Much Power

1-In a single cylinder pump the motor must lift the entire plunger rod in addition to lifting twice as much weight as this POWER SAVER PUMP.
2-It is this heavy pull which heats the motor, or necessitates the use of one having more than twice as much power as the National two cylinder balanced pump.
3-The two cylinders are only half as large as they would be in a single cylinder pump, consequently only half as much weight is being lifted in each upward stroke, this leaves the rods to balance themselves.
4-Friction in the pipe is greatly reduced by having the pump rods outside.
Add up 1, 2, 3, and 4 and you have the answer as to why the National takes LESS THAN HALF as much power.

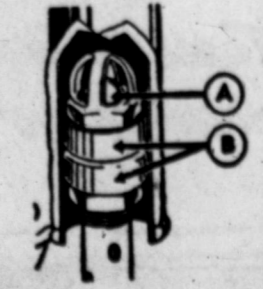

The pump available with Briggs and Stratton engine mounted on the pump. Other engines may be used with a longer belt if desired.

(A) Stainless Steel Balls on brass valve seats make a perfect seal in the check valves and plunger.

(B) Duraflex cups. Far more durable than ordinary plunger leathers. Generally, one set of these cups will outwear several sets of leather cups.

With long wearing cups and stainless steel ball valves, in cylinders lined with stainless steel, you are entitled to the greatest of pump efficiency.

T Hangar Flying . . .

In the March issue of the "Flying" magazine, a story by Rus Walton, "Wheel-Chair Aces", tells the story of World War II vets that have lost the use of their legs are now learning to fly. Ex-Army instructors are donating their time instructing these vets how to fly. However, the main thing we are interested in is the fact that a La-mesa man is pictured in the group as one of the students. He is Edward Gordon. Ed. flew in the Army until a piece of 'flak' struck him in the back, carrying away a portion of his backbone. . . . Now Edward is flying again.

"The Streak", a new plane that has just been introduced into the light-plane field may be just what the average pilot is looking for. It is powered by an 85 h. p. engine,

cruses at over 150 m. p. h., top speed 170 m. p. h., range 700 miles, stall speed 50 m. p. h. It has fuel injection carburation and can be operated on 73 octane gasoline. Rate of climb is estimated at 1,025 f. p. m. "The Streak" is expected to sell for \$3,990, including radio, retractable gear, starter, and full instrumentation. It is a low-wing two place plane.

The spot landing contest scheduled for last Sunday will be held this Sunday providing the weather is good. Another contest, "Hurdle-landing" will also be a feature of the afternoon. . . . A BT-13 may be here to put on an aerial show and a Culver racer is also expected to be demonstrated. Pilots from surrounding towns have been invited to enter these contests as well as all local pilots.

Billy Jack Hancock and wife flew to Midland Sunday to visit with Mrs. Hancock's parents. . . . they returned to Tahoka Monday morning.

Otis and Cecil Curry, both flying Super Cruisers left Wednesday of last week on a cross-country hop. The weather closed in on them and they were forced to spend two days at Blackwell. They returned Friday.

Clayton Beard made his second trip in the past week to Broncho. Both trips were on business.

Mr. Ernest Tanner took his first airplane ride last Monday afternoon. Billy Jack Hancock was the pilot. Mr. Tanner said it made him feel a little funny, but he enjoyed the trip. . . . In fact he said he was very interested in learning to fly and to also own his own plane.

Conner Parson and Bill McNeely chased down a coyote the other day

in a Cub and killed it with the first shot. Bill says they were so close that the coyote was powder-burned. We heard that they treed the coyote. . . . a mesquite tree that is. . . or maybe it was the other way around, we're not positive about that.

The old Cow-Pasture plane became slightly sick the other day and was sent to the hospital for a minor operation. A. & E. Dea Parker will have the honor of doing the surgical work.

Elmer Newton flew Bill Crawford to Canyon Monday morning. Bill is a student at W.T.S.T.C. and was down for a week-end visit with the Newtons.

Roy Neil, Piper distributor was down Monday on business. Mr. Neil lives in Lubbock. . . . Mr. Stanfield of Seminole, X-country student was a visitor to the local field Monday.

Dea Parker received his A. & E. mechanics rating the other day. Congrats Dea.

New students at the McNeely Flying Service are: "Mack" McLaurin and Edward Bagwell, both of Lubbock. . . . Julian Norton of Post.

Charles Stewart, C.A.A. flight examiner, passed Jimmy Yandell and Grady Woodward recently for their private license. Several other students are ready for their flight test.

W. C. Weir of O'Donnell and student at the local field soloed for the first time the other day.

It is understood that one of the Big Spring airports was completely destroyed by fire last Sunday. No other information was available to us about the disaster.

Mrs. Conner Parson made a business trip to Fort Worth this week. She is expected to return today.

All Flying Farmers that plan to attend the big dinner to be held here, Thursday night, March 6, are requested to mail their cards in to Bill Griffin. All Lynn County Flying Farmers are urged to attend and their wives are also invited. If you did not receive a card, contact Bill Griffin or Mrs. Bill McNeely at Tahoka Airport.

Did you know . . . Well over 300 clearly-definable aircraft designs were used by all branches of the armed forces during World War II.

Mrs. E. N. Foster has returned to her home at Center in East Texas after a visit here with her sister, Mrs. A. E. Herring. Mrs. Foster and Mrs. Herring recently returned from a visit of several weeks in Washington, D. C., seeing the sights of that city and its environs as well as some of the neighboring cities. During their stay in Washington they were guests of Mrs. Foster's son, who was a lieutenant in the army during the war and now holds a responsible position in civil life.

Read the Classified Ads.

USE OF LABELS IN BUYING

To buy wisely, the housewife must know three things. . . . her own needs. How much money she has to spend, the price of the article and the quality of the article.

Obviously, information on the first three points is easy to obtain. However, learning the exact quality of a product, particularly canned goods, is not so easy. Alta Mae Anderson, County H. D. Agent, says that one of the quickest ways to learn quality is by means of the label attached to the product. Surprisingly, many housewives do not pay particular attention to labels.

An informative label will often tell you the following things about a product. . . . what it will do; what it is made of; how it is made; recommended uses; name of manufacturer or distributor; and how to care for it.

Unfortunately, says Miss Anderson, there are not many labels that give such definite information. In the meantime, you should use the facts that are available on labels. And when you find a label that is helpful, make some favorable comment to the sales person or write a note to the store president. If it is a manufacturer's label, write to the company executive. In this way, consumers may improve the services rendered by manufacturers' labels.

Have You Ever Seen A Gadget Like This?

It's a "LIGHT METER" to test Lighting in Your Home or Place of Business

The "camera bug" in the family may say it's an exposure meter, but that's wrong. It's another sort of meter, designed expressly to measure the amount of light received on any eye task in your home or place of business.

When our lighting specialist finishes his survey you'll know just how good or bad your lighting is. Is there enough light to read by in that easy chair? Should you sew by the light of those wall lamps? Do the children have enough light in their room? Is that bed lamp right for reading?

All these questions will be answered at no cost or obligation to you. Just fill in and mail the coupon, or call your nearest Public Service Company office.

SOUTHWESTERN PUBLIC SERVICE COMPANY
