Tahoka, Lynn County, Texas, Friday, March 21, 1947

Number 24

Candidates File For Mayor And City Aldermen

Four names were filed this week for places on the ballot in the City election to be held Tuesday, April 1 for the purpose of electing a mayor, three aldermen, and a city marshal.

On the petition of friends, Dr. K. R. Durham resigned as alderman on March 14 in order to announce for the office of mayor of the City of Tahoka. His term as a member of the council would have expired next month.

The names of W. O. Thomas and V. F. Jones have been filed for reelection as aldermen, and the name of Fred Bucy has been filed for the place held by Dr. Durham.

In the race for City Marshal are two men, A. F. (Frank) McGlaun Sr., the present marshal, and Roy Lee.

Hold-over members of the City Council are S. S. Bartley and H. B. McCord. V. F. Jones is acting mayor, having succeeded T. J. Bovell, who resigned several weeks ago because of ill health.

Miss Rosemary Neils, City Secretary, informs The News that Saturday, March 22, is the deadline for filing of candidates for places on the ballot.

The election will be Tuesday, April 1, at the City Hall.

WILSON BOY ENROLLED AT S. T. S. C. IN SAN MARCOS

SAN MARCOS, March 20.—Charles Hammons of Wilson is now attending Southwest Texas State College in San Marcos.

One of the fastest growing institutions in the state with the largest enrollment of its history, the college is embarked on a program of expansion that includes additional dormitory and classroom facilities, a more liberalized curriculum, the acquisition of surplus equipment, and the construction and furnishing of a new Student Union.

BROTHER DIES

Walter Vaughn was called to Donna last Friday by the death of a brother, George W. Vaughn who lived there.

Funeral services were held at Donna last Friday by the death of after which Walter Vaughn returned to his home here.

Boys Work Out For Track Team

The District track meet will be held at Texas Tech in Lubbock on Saturday, April 12.

Coach Jim Foust has been working his track men for the past two or three weeks preparing them for this meet and that he will enter seventeen boys in different events.

Below is a list of the boys that coach Foust will enter in this track meet and the events in which they will enter.

120 yard High Hurdles: Finis Botkin, Van Brookshire and W. J. Kahl.

100 yard Dash: W. J. Kahl, Joe Don Minor and Sargent Munn.

1 Mile Run: Almo Crowell, Randall Hinkle, and B. L. Parker.

200 Yard Low Hurdles: Gilbert Hough, Joe Don Minor, and Sargent Munn.

220 Yard Dash: W. J. Kahl, Joe Don Minor, and Lindley Thomas.

440 Yard Dash: Billy Earl Anderson, Noah Lee Cromer and Randall Hinkle.

880 Yard Run: Billy Earl Anderson, Don D. Cowan, and Wayne Sherrod.

1 Mile Relay: Billy Earl Anderson, Don D. Cowan, Noah Lee Cromer, and Wayne Sherrod.

440 Yard Relay: Finis Botkin, Van Brookshire, Noah Lee Cromer, and Sargent Munn.

Field Events

Pole Vault: Bobby Boyd, Don D. Cowan, and Randall Hinkle.

Broad Jump: Van Brookshire, Joe Don Minor, and Sargent Munn.

High Jump: Duane Carter, Gilbert Hough, and W. J. Kahl.

Shot Put: Don Aklin, Billy Chaney, and Lindley Thomas.

Discus Throw: Billy Chaney, Sargent Munn, and B. L. Parker.

You'll Have To Hurry, Folks!

Yes, you will have to hurry over to the Tax Assessor-Collector's office and get a pair of those shiny new black and white number plates for the old family bus, truck, or what have you, if you wish to keep within the law. Come April 1, all motor vehicles in Texas must be wearing the new number plates or else bring trouble to their owners. Frank McGlaun, Jr., says he has a few of the number plates left, if you will hurry!

Agriculture Work Explained by Boys

Thursday of last week, Tahoka High School Future Farmers of America officers and their sponsor and teacher, Virgil Carter, presented the program at the Rotary Club luncheon, and convinced their auditors that some good work is being done in the Vocational Agriculture department this year.

Following introductory remarks by Mr. Carter, the officers of FFA presented their program in the form of a regular meeting of the chapter, with talks by Nat Park, president; Joe Harvick, vice president; Phil Bairrington, treasurer; Marvin Healy, secretary; Charles Pennington, watchdog; and Billy Ray Kelley, conductor.

The boys explained the purposes of the organization, the accomplishments of the year, the work of the agriculture department, and ended by presenting Vernon Brewer, superintendent, honorary membership in the organization for his help and counsel in setting up and improving the department.

The brick bus garage on the campus of the school was last year remodeled and converted into a classroom and workshop building for Vocational Agriculture. Government surplus equipment was secured, the boys built other equipment, and the building now is one of the best Vocational set-ups in this entire area. In addition to their regular work, the boys are improving the athletic field and improving and beautifying the campus.

Mr. Carter pointed out that since this is strictly an agricultural and livestock area, the teaching of better farming methods, repair work, etc., is of vital importance to the future of the area, and the boys in his department are learning by actual practice in the field and the shop as well as in the classroom.

Gold Star Mothers Have Organization

Every mother in Lynn County who lost a son in either World War I, or World War II, is being invited to join the Gold Star Mothers' of Texas organization.

"This organization, states Mrs. Ida Belle Wallace, president, seeks mother who lost a son in World War I, or in World War II. Especially does this organization of Gold Star mothers wish to keep all such mothers informed about benefits due them following the loss of a son, and of legislation concerning them."

For more complete information every Gold Star Mother is asked to put her name and her complete address on a postal card and mail the card to Mrs. Ida Belle Wallace, 2527 Wycliffe Street, Dallas, Texas.

Mrs. Fuquay's Sister Dies At Abilene

Mr. and Mrs. Jerry Fuquay and children were called to Abilene recently by the death of Mrs. Fuquay's sister, Mrs. Tommie Alexander, who died of pneumonia there where her husband has been in school since returning from the Army.

Tommie Alexander, son of Fred Alexander, grew up in Tahoka and many friends here will sympathize with him and his little four-year-old son, Rodney, in their great loss.

Mr. Will Dillard whose wife is Tommie's Aunt also attended the funeral which was at Westbrook on March 16.

Rain And Snow Improve Prospects For Year's Crop

Rain and snow which fell over this area Tuesday totaled .44 inch of moisture in Tahoka, according to The News' rain gauge. Fall was possibly lighter north, however, as Lubbock reported only about half as much moisture.

The wet snow began falling at about 7:30 a. m. Tuesday, melting as it fell, and the snow or light rain continued until noon.

Wheat fields in this area were greatly aided by the fall, and the moisture benefitted all soil and improved the season in the ground for this year's crop.

The moisture was preceded, on Friday of last week, by a severe north wind, accompanied by much sand and cold. The wind hit Tahoka along in the afternoon, and the temperature dropped rapidly from 70 to 25 degrees. The wind reached a velocity of 50 miles an hour, according to the Lubbock weather station.

The rain and snow on Tuesday brought to March total precipitation to .84 of an inch, of which .37 was received March 6, .02 on the 10th, .44 on the 18th, and .01 on the 19th.

Work Completed At Tahoka Drug

Work of repairing and redecorating the interior of Tahoka Drug has been completed, and the owner, L. C. Haney, is issuing a special invitation to friends and customers to visit the improved store. He expects to put down some new floor covering as soon as the same can be procured.

Tahoka Drug is one of the most modern small town stores in West Texas. A few years ago, a new front was built on the store, greatly improving its appearance.

Vernon Steele Buys Bairrington Cafe

Mr. Vernon Steele, who has been a mechanic here for several years, quit the repair business and bought out the Bairrington Cafe, from Guy Bairrington and Dwain Jones. Mr. Steele took over the business about two weeks ago and shortly thereafter, closed for redecoration of the cafe.

The name of the cafe has been changed from Bairrington Cafe to Vernon's Cafe. Mr. Steele is now open for business.

The cafe is located on the northeast corner of the highway intersection at the traffic light.

Mrs. G. C. Shaffer and little daughter, Rhonda, of Madisonville are visiting Mr. and Mrs. Grover Shaffer and Mrs. Shaffer's grandmother, Mrs. A. L. Dunagan, who has been ill.

Tie Vote Voids Draw-O'Donnell School Election

In the consolidation election held last Saturday in O'Donnell and Draw school districts proposing to consolidate the two school districts and have the consolidated district assume the bonded indebtedness of both districts, the bond assumption issue carried in both districts, but the consolidation issue only carried at O'Donnell, while a tie was voted at Draw, 29 votes being cast for and against the consolidation.

The News has been informed that a petition is being circulated at Draw to call another election to vote on the consolidation with O'Donnell.

A citizen of the Draw community informs The News that many citizens of that school district prefer to consolidate with Tahoka, but those favoring the O'Donnell consolidation petitioned the calling of the election before the recent Redwine-Dixie-Tahoka election could be held. The citizen, who asked that his name be withheld, told The News a petition would be presented the county judge, also, asking an election proposing consolidation with Tahoka.

County Pioneer Died Recently

J. R. Evans, one of Lynn county's early settlers, passed away at Clyde, Callahan county, at about 1 p. m. March 8, according to Mrs. B. B. Ater of Meadow, who furnished the News with the following information about him. He had been in failing health, she says for the past eight years.

Mr. Evans came to Lynn county about 1905, settling in the Lakeview community, where he helped to build the first school house and served as school trustee. He was influential in organizing the first Sunday school there. He encouraged preachers of all denominations to hold services in our little school house. He was a Baptist but was broad minded in his religious views and worshipped with the Methodist for years in the Union Sunday School and Church services at Lakeview. He was many times Sunday School superintendent and teacher.

He served as county commissioner from his district two terms.

When the little town of Ropes was begun, Mr. Evans and family moved to that location in Hockley county and established a mercantile business there which proved very successful. When Hockley county was organized he was elected its first county judge. He and his sons helped promote all civic enterprises and were enthusiastic about the prosperity of their little town.

After selling the mercantile store, (Cont'd. on last page, Sec. 1)

Gagnat To Present Gift To Weathers

Saturday morning, March 22, at 10 o'clock, at the Gagnat Furniture store, Mr. and Mrs. Jackie Weathers will be formally presented the Eureka Home Cleaner which is a gift to them when they appeared on the "Bride and Groom" program several weeks ago.

Mr. Gagnat is the dealer for the Eureka cleaning system and is proud of the fact that he will have the honor of presenting this fine gift to Mr. and Mrs. Weathers.

"Colored Gals" On Lions Program

At the weekly Lions club luncheon last Tuesday night, Jackie Weathers, Lynn County Service Officer, had charge of the program.

Jackie had a couple of colored ladies, namely Abbie Whorton and Mrs. Durham, put on a cute act for the Lions telling all about the members and their daily deeds and habits—any way they told all they knew—and the Lions were kept in a hilarious state with their act.

Next Tuesday night at the Lions club luncheon, Joe Bob Billman is in charge of the program for that night, and it is said by fellow Lions that there's not much telling what kind of a program he is likely to drag up, but that whatever it is, it would be good.

Some time in the near future the Lions club will have their Charter night. Lions from all the surrounding towns will be invited as guests of the local club to witness the presentation of the club charter to this organization.

Lynn County Horse Wins In Contest At Stock Show

Among many other Lynn County people attending the Fat Stock Show in Fort Worth were Mr. and Mrs. Robert Ragan of Joe Bailey, who entered their Palomino horse True Pal, in four events and saw him win places in two of them in spite of very stiff competition.

In the Palomino class, True Pal placed third in the three-gait pleasure horse division and won fourth place in the Halter division. Mr. Ragan rode his horse in both of these events.

The Ragans spent about ten days in the Panther City, visiting relatives and attending the Stock Show. They report a good show and an excellent Rodeo in spite of the big snow and consequent mud and slush on the show grounds. They visited relatives in Fisher County enroute home, arriving here March 11.

New Home Juniors Presenting Play

The Juniors of New Home High school are to present their play, "Johnny Get Your Girl," tonight. We are inviting you to attend this play. Admission will be 25 and 35 cents.

Students cast in the play are: Fernova Bach, Jo Rita Ray, J. A. Godfrey, Orville Ray Phifer, Jewel Dean Harmonson, Bob Morris, Mentha Poston, Peggy Murray, and Don Smith.

Between acts there will be singing by Joy and Foy Jones, Barbara Phifer, Peggy Hemmeline and Bernadine Rudd.

Congratulations . .

Mr. and Mrs. W. Littlepage on a new baby girl, Rhonda Sue, born at the West Texas Hospital, Lubbock, last Friday. The little girl weighs 6 pounds 7 oz.

Mr. and Mrs. Ray Bassard of Abilene on the birth of a daughter at Tahoka Clinic, March 16. She will be called Sherry Ann. Mr. and Mrs. A. A. Huff of New Lynn are the maternal grandparents.

Mrs. C. H. Tyler, who has been a patient at Tahoka Clinic for about ten days, is reported to be greatly improved.

School Board Of New District Will Be Elected

According to Ivan McWhirter, Secretary of the school board, an election will be held here Saturday April 5, to elect new trustees on the school board.

Two weeks ago an election was held for the consolidation of three school districts, Tahoka, Dixie, and Redwine, which was almost unanimously voted for by the people of these three school districts.

Since the consolidation, a new school board has to be elected. The president of the present school board, Dr. Emil Prohl announced that the election would be held April 5, and that a completely new board was to be elected. There are seven men on the present school board and the election calls for seven new trustees. However there are only three of the seven members on the present board that are finishing their regular terms as trustees. The other four members on the present board have not completed a full term, but they will have to be re-elected in order to complete their terms. The four trustees with unexpired terms are: Fred McGinty and H. O. Hargett, who have served one year of three year terms; and Maurice Small and Roy Edwards, who have served two years of three year terms. Members whose terms expire are: Dr. Prohl, Truett Smith, and Wynne Collier.

Mr. McWhirter also asked the News to inform the people of the Tahoka Consolidated Independent School District that have children just now becoming of age to enter school, should contact him on the matter before March 31.

Mr. McWhirter said, "Many people don't realize their children will be old enough to start to school next year and sometimes fail to contact the secretary of the school board before March 31." Most of the people that don't realize their children are becoming of age to enter school, are people who have never had a child in school before.

The School Census has to be completed this month, and anyone who has a child that is going to start to school next year who fails to report it now, prevents the school from counting them on next year's scholastics and will therefore receive no aid from the state next year on that child.

Tennis Teams Play Saturday

Tahoka tennis teams, coached by Virgil Carter, will enter the Inter-scholastic League tournament for the south half of District 4-A to be held at O'Donnell Saturday.

Eliminations for the local teams have been in progress this week. Dwane Carter and Marvin Healy will represent Tahoka in boys' doubles, and it is likely that Kenneth Weaver will be the singles representative.

In girls' doubles, it is likely that Nancy Ray Weathers and Faye Johnson will play, and Joyce Healy in singles.

In a practice contest held last week, the Tahoka boys' doubles team defeated O'Donnell 6-2, 4-6, and 6-4. O'Donnell has been making almost a clean sweep of tennis contests for several years.

O'Donnell, Tahoka, Slaton, Post, Seminole, Andrews, Seagraves, Denver City, and Sundown are scheduled to participate in the tournament to be played on O'Donnell's four concrete courts.

New Mechanic At Plains Motor Co.

Ernest Myers, a resident of Lubbock County for the past twenty years has now moved to Tahoka and is in charge of the Service Department of the Plains Motor Co.

Mr. Myers is an experienced mechanic, having operated his own automobile repair shop for the past fifteen years.

Mr. McCord says that he comes highly recommended as an expert in his trade and as a fine man.

Want To Be A One Minute Girl?

SAN BERNARDINO, CALIF.—These five citrus princesses of the National Orange Show are busy lassies, each totting 100 golden ripe oranges a minute to feed this super juicer, one of the features of the citrus exposition here. Food Machinery corporation developed it to juice five hundred oranges per minute and extract the valuable oil from the peel automatically. The princesses left to right are Elizabeth McLean, Ginger Anderson, Pat Hall, Laurie Hayes and Dolly Johnson.

MRS. DEE LINDLEY HONORED WITH SHOWER

Mesdames Albert Williams, Rollin McCord, C. E. Woodworth and Miss Gwynelle Davis were hostesses in the former's beautiful home, Wednesday afternoon honoring Mrs. Dee Lindley, formerly Miss Joy Carter, with a miscellaneous shower.

Pink and white gladioli were used throughout the living room. The house party consisted of six beautiful girls in various colored formal with pink and white carnation corsages.

The lace covered table was centered with a crystal punch bowl flanked with fern and rose tree of china blossoms, and was accented with pink tapers in crystal holders. Mesdames Rebel Thomas and Sam Edwards served.

Mrs. Grady Lankford received the guests and ushered them to the dining room.

Miss Nan Weathers sang "I Love You Truly" and "Because", accompanied by Miss Francis Marion Haney, who played a number of selections during tea hour.

The "Juniorettes," Misses Billy Faye Anderson, Joretta Shaw, Bobby Cowan and Savannah Lou Tunnell sang "To Each His Own" and "You Will Always Be The One I Love."

Miss Gwynelle Davis presided at the bride's book and Mrs. Dub Fulford showed the gifts.

The honoree wore an aqua dress with a red carnation corsage.

Forty guests registered and one hundred and one gifts were on display.

Out of town guests were from Lubbock, O'Donnell and Post.

C. G. Ingle came home Tuesday from a Temple hospital where he had undergone surgery about three weeks ago. He is reported to be doing fine.

Olympia Stands in-Midst Of Nature's Wonder.

Olympia, Wash., occupies what has been pronounced one of America's finest examples of natural landscape gardening, in a setting of snow-capped ranges, vast forests, wild rhododendrons, and mountain streams. Mount Rainier rises to the east; visible to the north are the lofty Olympics, whence the city takes its name.

The governor's mansion is in a park setting near the new state capitol, on a rising knoll. The capitol dome is modeled along lines of that in Washington, D. C. The new governor's mansion is of Georgian style, red brick with marble trimmings.

The city developed at the head of navigation on the Sound, end of the Oregon trail, at a time when waterways were the natural highways, preferred to overland routes. While the capital is dominated by government, excellent rail and highways have developed the port. Olympia grew on land belonging to Edmund Sylvester, a Gloucester fisherman who held the property under the Oregon Provisional government, the original dating from 1848. It was thus one of the early north-west settlements.

Precautions Help to Preserve Dinnerware

Many of the precautions usually reserved for fine china are in order for everyday dinnerware. Here are a few suggestions that will help in giving dinnerware good care:

Scrape dishes with a rubber scraper or paper instead of a metal instrument that may mar their surfaces. Stack them in neat piles according to size—many crashes result from haphazard or top-heavy stacks. Wash just a few dishes at a time and have a folded dishtowel in the bottom of the dishpan or drain pan and on the enamel, hardwood or metal drainboard. This will help reduce breakage and is especially needed for fragile china.

Avoid harsh scouring powders, steel wool or metal cleaners which may scratch dishes; dampened whitening on a cloth will remove stubborn stains. Remember too that strong soaps, ammonia or washing soda is hard on gold and silver trims.

Soak Dishes

Many dishes and pans used in getting meals will wash more quickly and easily if they are filled with water immediately after using and allowed to soak until washed. A cold-water soak is recommended for loosening starchy foods, like dough or cereal, and also for eggs and milk. A hot-water soak is best for utensils which have held sugary foods like syrup or icing because sugar dissolves faster in hot than in cold water. Greasy utensils should have all possible grease removed — to save for cooking use later or salvage — and then should be wiped out with paper and allowed to soak in hot water containing a little baking soda. A time-saving way to keep silverware bright is to have a little aluminum pan filled with hot soda water near the dishpan and put into it any silver, tarnished with egg or other food.

E. I. Hill and Frank Hill went down to Austin Sunday night to be at the bedside of Mrs. Myrtle Rochell, the former's daughter and the latter's sister, who was critically ill. Mr. Hill remained with her for a few days, but Frank returned to help get out The News. He reported that Myrtle was greatly improved when he left. She is employed by the Texas Unemployment Commission.

E. H. Boullion was up from Big Spring Monday to meet his wife who had come in from New Mexico where she had been visiting her brother, A. B. "Boots" Swan and family.

Canned Orange Juice

Low storage temperature helps prevent loss of flavor in canned orange juice, says a study, reported to the American Chemical society. Excessive oxygen also will cause rapid loss of flavor and development of foreign flavors as well as darkening it is said. Storage temperature is very important for flavor-retention and for best results the canned juice should be kept at the lowest temperature, above freezing, which is economically practicable. Another prime factor is that the juice should be pasteurized by a high-temperature, short-time method with complete cooling, at least to 100 degrees, in the shortest practical time. The length of heat treatment was more important in flavor loss than the temperature itself.

Lake Sinking

If it were possible to drain the Great Lakes, literally hundreds of ghostly hulks and treasure — estimated at \$17,000,000 worth — would be laid bare. That much has accumulated since the middle of the last century. Storms account for most of the losses. Those fuses the lakes kick up are no teapots. In 1905 and 1906, wrecked vessels totaled 51 and 62 respectively. The 100-mile gale in 1913 sank 10 steamers, 2 barges and a lightship and wrecked 6 other vessels. But radiotelephones have cut sinkings to a minimum. The 125-mile-an-hour gale in 1940 — first big one since radio came into use—took but three ships out of the 400 plying the lakes at that time.

Soluble Paints

Laboratories are improving water soluble paints for home and factory use. They also are working on one-coat fast-drying lacquers for automobiles, better and tougher industrial finishes and paints that will stand 400 degrees of heat. Base of these new paints is one or more of the dozen new plastics known to the chemist as "resins." These bear the same relation to the natural resins, age-old foundation for paints, that the various synthetic rubbers bear to natural rubber. Because of the diverse qualities of these plastics, paint makers can mix new solvents and new oils with them and develop scores of new paints to specialized requirements.

Veterans Should Keep Insurance

Jakie Weathers
Lynn County Service Officer
Many veterans of World War II took out life insurance for the first time while they were in the armed services. They recognized the need for protection against the hazards of war. Up to January 1, 1946, over 15 million members of the armed services applied for and were granted more than 142 billion dollars of protection, averaging \$9,200 each. Immediately after discharge each veteran faces this question: "What shall I do with my Government

life insurance?" Linked directly with it is another question: "How much life insurance protection can I afford under peacetime conditions?" Only the veteran himself can answer these questions. In this connection it is well to consider the following figures released by the National Safety Council on October 13, 1945: "Total death casualties in service from Pearl Harbor to V-J Day were 261,000. During the same time there were 355,000 people killed in accidents." This does not take into account those who died from natural causes.

Veterans have the privilege of retaining the protection afforded by National Service Life Insurance (NSLI) after discharge, no matter what the state of their health may be, provided they make timely payment of the required premiums. Term insurance may be continued for a limited number of years (8 years on policies issued before January 1, 1946 and 5 years on those issued on or after that date) or it may be converted to one of several permanent plans which build up cash values for future needs.

The millions of veterans of World War II have an unusual opportunity to safeguard the financial future of themselves and their dependents through NSLI, which is administered and guaranteed by the United States Government. Premium rates are low because the Government pays all losses traceable to the extra hazard of military or Naval service and all operating expenses through separate appropriations. Every dollar of premiums collected is held in trust and invested at interest for eventual return as benefits to policyholders and their beneficiaries.

While NSLI alone cannot guarantee financial independence it can be made a basic part of any savings plan for the future, especially when considered in connection with other benefits to which

Longer Life For Your Nylons

Now that—at long last—you can get nylon stockings, do yourself a good turn by re-dyeing them at home when they begin to fade. You can give your hosiery months of extra life and new color-beauty this way. A dime box of special Tintex stocking dyes will do the trick at less than two cents a pair. The dyes come in six fashion-new shades, but you can get other tones by simply varying the amount of dye in the solution. The same dyes can be used also for rayon, silk, cotton and wool stockings.

Here's another good tip. Don't despair when you get a run in one stocking. Save the good one until you get another odd stocking. Then put them together, as Dancer Louise Holden is doing above, for a re-matching dip in the dye-bath. A preliminary step, in this case, is to take out enough color to enable you to re-dye. Color remover, available at the same counters as the dyes, will do this for you.

Incidentally, if you have faded clothing or home decorations around, a few swishes in the dye-bath will do wonders for them, too. There's a new all-fabric dye out that comes in more than 50 colors. It works on every type of material, including "Celanese", acetate, nylon and rayon.

the veteran may be entitled now or at a later date. There is a plan to fit almost every insurance need.

Since the amount and plan of NSLI to be carried depend largely upon the financial circumstances and family status of the individual it is believed that veterans would do well to become fully informed in regard to the subject before coming to any definite conclusion as to their insurance needs and the plan best suited to their individual cases.

Your right to reinstate and convert your NSLI has been extended until August 1, 1947. For premium rates and other information on this subject, call on me at the Court House.

THE METHODIST CHURCH

Sunday Services
Sunday School 10:00 a. m.
Morning Worship 10:45 a. m.
Sermon Topic: "Christianity"
Junior Church Service 5:45 p. m.
Intermediate MYF 6:15 p. m.
Senior MYF 6:15 p. m.
Evening Worship 7:00 p. m.

Through The Week
The Woman's Society of Christian Service meets Monday at 3:30 p. m. for the first of studies of the Mission Study Class. All women of the Church are invited. The Study will be given by Rev. J. W. Rosenberg, pastor.

Prayer meeting is held each Wednesday Evening at 7 p. m.
Choir rehearsal is held each Thursday evening at 7 p. m.

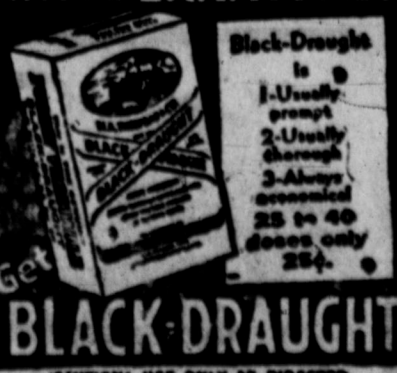

CARD OF THANKS

We are truly grateful to the people of Tahoka, who were so kind and sympathetic and so thoughtful of us in the bereavement which we have just suffered in the loss of our father and grandfather by death. We appreciate the floral offering, cards of sympathy and every kindness that was shown us—Mr. and Mrs. W. L. Burleson and children, Mr. and Mrs. Jim Burleson.

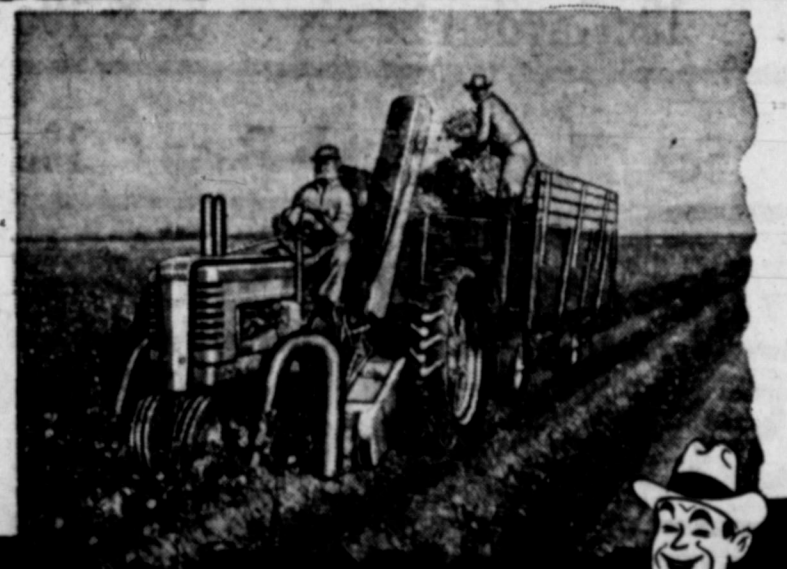

Cotton insect infestations in Texas last season were probably the worst in the state's history, say Extension entomologists of Texas A. and M. College.

The 5,992,000 acres of wheat harvested in Texas last year set a new record for the state.

BIG CASH SAVINGS ARE YOURS!

...when you use a **JOHN DEERE COTTON HARVESTER**

Big savings at harvest time are yours when you strip and deliver cotton two rows at a time with a John Deere No. 15 Cotton Harvester. This once-over machine eliminates labor problems... cuts production costs to rock-bottom... harvests more cotton with a minimum of field loss.

The John Deere No. 15 does a fast, efficient job of stripping after the cotton plants have been killed by frost. Most dirt and trash are separated from the bolls before they reach the trailer. Many gin operators say that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

Effective stripping device, conveyor and dirt separating units—plus simple, convenient controls make the John Deere a cotton harvester you'll really like. See us soon.

PARRISH OPPOSES TWO BILLS IN STATE SENATE

AUSTIN, Tex.—Senator Sterling J. Parrish definitely committed himself today as being against two bills confronting the legislature.

He said he will be active in fighting the tractor gasoline bill which would abolish tax refund on non-highway gasoline, and the much publicized horse racing bill.

"My father helped the farmers get that gasoline refund when he was a member of the Senate", Parrish said, "and I will do everything humanly possible to help them keep it."

JOE STOKES H. D. CLUB

Mrs. H. D. Dean was hostess to the Home Demonstration club on March 13, with nine members present.

After a good business meeting a program on "Varieties of Fruits and Vegetables for the Freezer Locker" was given. How, when and where strawberries should be planted was also discussed.

A benefit "42" party to be held in the Bunk Gill home on March 22, was planned to supply funds for our club treasury.

Refreshments of Devil's food cake and coffee were served to all present.

In most forests of Texas, pines are growing too thickly to develop strong stems and good crowns, which are necessary for healthy timber growth. Timberland owners who thin the saplings by groups and small patches are promoting better farm forests.

Jones Dry Goods

Your Home
By Frances Ainsworth

There has been considerable interest of late in what is known as panel, or radiant, heating. It involves the running of heat into floors so that this heat will be radiated to the things within the room. In principle, it is patterned after the way the sun heats the earth. The advantage is supposed to be that this constant radiation of heat keeps the body comfortable even though the actual room temperature may be considerably lower than we are accustomed to with the ordinary methods of convection heating.

There are no radiators or registers with panel radiant heating; the whole floor serving as the dispenser of warmth. Nor is there any circulation, or turning over, of air—the idea is that you are figuratively bathed in the radiant heat given off by the floor.

Practically speaking, a warm-air furnace in the basement accomplishes much of the "floor warming" that creates radiant heat. In addition its circulating warmth gets around to warm the ceilings and walls and furniture so that they also act in a radiant capacity. And, of course, it is the most flexible type of heat, for it immediately responds to your control of it. And so, if yours is a furnace heated home, with a good basement, and a good system of warm air distribution, you are already, in large measure, enjoying the benefits of radiant heating.

JENKINS-SEDBERRY VOWS READ FRIDAY, 14

In a single ring ceremony read in the home of her sister, Polly, Miss Ivy Jenkins became the bride of Peyton Sedberry last Friday, March 14, at three o'clock. Elmo Burkett was the officiating minister.

The bride is the daughter of Mr. and Mrs. H. M. Jenkins of route 2, Tahoka, and is well known in this vicinity, having resided with her parents near Edith the greater part of her life.

Peyton is the son of Mrs. M. E. Sedberry of Blackwell, Texas.

The couple will make their home near Blackwell where Mr. Sedberry is engaged in farming.

AVIATION CADET TRAINING REOPENS

Information received today from the local Recruiting office states that young men between the ages of 18 to 26 years have an excellent opportunity awaiting them by enlisting in the Army Air Forces. The Aviation Cadet Training program has reopened for men possessing the following qualifications: Applicant must be a regular AAF enlisted man on duty with the AAF; single and a high school graduate, have excellent character; good health and be recommended for training by Commanding Officer. Further information may be obtained about this program by contacting the Army Recruiting Office, 203 Federal Building, Lubbock, Texas.

The News is informed that Mr. Kassel who has had an Airport at Lubbock has taken a long-time lease on an Airport at Vernon and that some of his Lubbock employees are moving to Vernon. Among these are Mr. and Mrs. O. R. "Pug" Parker. Both "Pug" and Mrs. Parker, the former Billie Wayne Pennington, were reared here and many friends will wish them well in their new home to which they will go early next month.

Tests Show Eight Amino

Acids Essential to Diet

Tests on human volunteers show that eight of the amino acids—the "bricks" in the protein molecule—are essential in man's diet, according to Dr. William C. Rose of the University of Illinois. The experiments showed that the 13 remaining known amino acids in the protein molecule are not required for maintaining nitrogen balance in man, and evidently can be manufactured by the body.

Healthy young men have served as the experimental subjects, Dr. Rose said. The diets were composed of mixtures of purified amino acids, starch sugar, concentrated butter, inorganic salts, and vitamins. The amino acid mixtures furnished 7 to 10 grams of nitrogen daily.

Following the ingestion of such diets, the subjects came into nitrogen equilibrium within a few days. At the expiration of the fore period in each subject, single amino acids were omitted from the food, and the effects upon nitrogen balance were noted. The work is being continued to determine the minimum amount of the eight amino acid "bricks" needed in the diet, he added.

A SPRING TONIC for your Food BUDGET

Our daily low prices are "just what the doctor ordered" to build up a run-down budget—and our vast variety of appetizing spring-time foods is the perfect tonic for winter-weary appetites. That's why our food values are as welcome as flowers that bloom in the spring. They help you serve better meals for less money—help you serve more... save more. LEGION COMMANDER TO BE GIVEN BIG TIME IN BIG SPRING

BIG SPRING, March 20—An 'Old Time West Texas' barbecue at the County Barn in the northern part of the city will feature the visit of National Commander Paul H. Griffith, Uniontown, Pennsylvania, to Big Spring at 6 p. m. Saturday, March 22. Harold P. Steck, Commander of Howard County Legion Post No. 355, announced today.

Those old Texas standbys: barbeque beef, red beans, bread, pickles, onions, "pop" and coffee will be served with Hoyle Nix and his West Texas Cowboy Band furnishing the atmosphere, Steck said. An added attraction will be the singing of lovely, red-headed Wanda McElhannon who has been placed on the program at the request of Texas Department Commander Bertram E. (Bert) Giesecke who heard her at a previous barbecue here, he said.

Invitations to the barbecue have

Post Man Killed In Car Wreck

POST, March 20 (Spl.)—Funeral services for R. L. Cummings, Jr., 35-year-old farmer who was fatally injured in an automobile accident near Jal, N. M., Tuesday night, will be held today at 3 p. m. at the First Baptist church with Rev. Huron A. Polnac, pastor, officiating. Burial will be in Post cemetery under direction of Mason funeral home.

Two Hurt In Wreck

Survivors include his wife and two daughters, his parents, Mr. and Mrs. R. L. Cummings, Sr., of Post, and several brothers and sisters.

He had lived in this vicinity about 20 years.

Mr. Cummings died late Tuesday night in a hospital at Kermit, approximately four hours after the accident. E. B. Foster and L. B. Pate, also of Post, who were with Mr. Cummings, suffered injuries.

It was believed that the automobile struck loose dirt when it got off the pavement while passing another vehicle, and overturned.

Mr. Cummings lived about two and a half miles north of here on the Ralls highway.

been limited to Legion members, ladies of the Auxiliary and their guests but the address by Commander Griffith at 8 p. m. is open to the public, Steck said.

Big Spring is the second stop on Commander Griffith's Texas itinerary, Steck has announced. He will be met at Roswell, N. M., Saturday morning by a Texas delegation headed by Giesecke and Department Adjutant G. Ward Moody. Others included in the official party are George S. Berry, Lubbock, Fifth Division Commander, and A. C. Jackson, Lubbock, 19th District Commander. Commanders Berry and Jackson will accompany Griffith during his tour of the Legion Commands, it has been announced.

Don't move that stake. It is being used for your road construction. Don't delay the engineers.

New Process Utilizes Cull

Potatoes for Stock Food

A major sanitary and economic problem of America's potato-growing regions has been solved by development of a new process for utilizing inferior potatoes. The new method, which converts cull potatoes into a valuable stock food at a cost of less than a cent a pound, will go a long way toward eliminating unsightly and unsanitary piles of rotten and low-grade potatoes now dumped wherever potatoes are graded and shipped, it was said.

At the same time, the report points out, the development, which in effect creates a new potato industry, will give the farmer a market for inferior grades which he could not otherwise sell, and will add to the nation's supply of stock food.

The process, while in a sense revolutionary, is very simple, involving only three major steps, it was stated. First, the water in the potato is freed by passing the whole raw potato through a hammer mill, thus rupturing the cell walls and releasing the water. Second, the major portion of the water eliminated is removed mechanically by passing the pulp from the hammer mill through a continuous rotary press. Third, the resulting presscake is passed through a continuous rotary dryer in direct contact with hot furnace gases. The product is a dry, granular material which makes excellent stock food without further processing.

Faroe Islands Give Way

Before Thundering Sea

In the Faroe Islands, life is a never-ending battle against nature. Thundering seas pound the black basalt cliffs of this island cluster in the bleak North Atlantic waters between Norway and Iceland. Slowly the land is giving way before the assault of breakers that throw up mountains of spray, tossed inland for miles by the winds.

Islanders show visitors one needle rock, scarcely adequate for a mountain goat, which once supported a thousand sheep. Out in the lonely moors, farm houses are half buried in the ground and are rimmed by stone walls to ward off the tempestuous winds.

The Faroes, believed to have formed part of a great land mass in prehistoric times, today are broken up into a score of islands covering about 540 square miles. There about 25,000 people follow a Spartan regime in which fishing and sheep raising provide the chief elements of a meager living. Boys swim like seals and climb like Alpine experts.

Finish Drainage Project

First Begun In 1840

Better crops will be possible on about 81,000 Maryland acres as a result of the Pocomoke river drainage project approved in 1939 with \$20,000 in funds provided by Wisconsin and Worcester counties of Maryland and \$30,000 by the State of Maryland. Rights of way were obtained through a local organization of farmers.

The channel of the Pocomoke river was deepened and widened and shortened to 14 miles instead of 17 miles from tidewater on the Chesapeake. The water table in wet land Maryland farms of the area has been lowered enough to improve 34,000 acres of tilled land, and to make possible tillage of much of the 37,000 additional acres in the Maryland watershed of the Pocomoke which were formerly unploughed.

Early history of the Pocomoke drainage project goes back to 1840 when the Maryland legislature passed an act for a lottery providing \$30,000 for the drainage of the river to improve waterlogged farmlands of the area. The project was dropped and started again several times, with men working with hand shovels at the huge task of moving some million and a half cubic yards of earth. The work stopped in 1871 was not resumed until 1939.

Advise Proper Storage

For Home Canned Foods

Jars of fruits and vegetables should be stored where it is cool, dark and dry, specialists say. They rule out closets and shelves behind which run furnace pipes. The pipes may make it too hot for the canned goods when fires are started. As for placing the jars where they are apt to freeze, the specialists point out that freezing in itself does not spoil canned food, but it may crack a glass jar or break the seal and cause spoilage.

Dampness is also hard on metal caps, as it will cause some types of cap to rust. The jars should also be stored away from the light because it is inclined to fade the food exposed to it, and in some cases, lower the nutritional value of the food. Therefore, the specialists recommend wrapping jars in strips of brown paper if they must be stored on open shelves.

At the same time, they suggest that jars of food left over from other years be eaten first, and that the wise homemaker check the reasons for leftovers. If she finds that her family doesn't like the product, she can cut down on the amount she cans another year.

B. R. TATE AND HARLEY HENDERSON TOOK PLANE TRIP TO WICHITA, KANSAS

B. R. Tate and Harley Henderson chartered an airplane at the local airport last Friday and flew to Wichita, Kansas on business.

On their return trip home that afternoon they were grounded in some town in Oklahoma and didn't get back home until Sunday afternoon.

This was the first time that either one of these two Tahoka grain and cotton tycoons had ever stepped into an airplane in their lives. Harley claims that B. R.'s heart almost quit working and that he didn't take a chew of tobacco during the whole trip—his stomach was too upset claims Harley. B. R. claims that Harley's eyes "bugged out" at least an inch and a quarter and stayed that way until he got his feet back on the ground again. B. R. also claims Harley bit several cigars into and almost swallowed the ends he bit off.

Mr. Conner Parsons, local flight instructor was their pilot.

WHITEHEAD-NIXON MARRIED SATURDAY

Miss Betty Lou Whitehead of Hobbs, N. M., and Joe Bob Nixon, formerly of this city and a grand son of Mr. and Mrs. J. L. Hill here, but now of Hobbs, N. M. were married at 5 o'clock Saturday afternoon at the Methodist parsonage with Rev. J. W. Rosenberg using the single ring ceremony.

The bride wore an aqua suit, with black accessories and carried pink carnations on a white Bible, that belonged to Barbara Joyle McNeely, a niece.

Mesdames Vernon Hill of Hobbs, and W. R. McNeely, aunts of the groom, attended the ceremony.

The couple left immediately after the ceremony on a short honeymoon trip and then will make their home in Hobbs, N. M.

Mr. and Mrs. R. W. Fenton, Jr., and Mr. and Mrs. J. K. Applewhite are in Dallas on business.

Wynne Collier's home is being brick veneered this week.

To Gold Star Mothers:

During the next few years the American Grave Registration Service will be engaged in carrying out the provisions of an act passed by Congress providing for the return and final burial of members of the armed forces, and certain civilians, who died overseas in the services of the United States, since September 3, 1939.

San Antonio, Texas, is one of the fifteen distribution centers to which remains will be shipped from either San Francisco or New York for distribution in accordance with the express desires of the next of kin. From here the remains will be shipped, under military escort, to the mortuary establishment which has previously been decided upon by the next of kin.

The headquarters, located at San Antonio, Texas, has asked the Stanley Funeral Home to report all inquiries from next of kin, giving their addresses, name of next of kin, etc. So, if there is anyone who wishes inquiries and information turned in, we will be more than happy to do so, and to help in any way possible.

MAY PLAY BASEBALL

Mr. and Mrs. Ledru (Jake) Jacobs, students in West Texas State at Canyon, and his brother Jerry Jacobs, likewise a student there, spent last week end visiting her parents, Mr. and Mrs. Frank Hill. Mrs. Hill accompanied them back to Canyon Sunday.

Jake has received an invitation to try out for a place on the New York Yankees baseball team and may do so following his graduation in June.

Mr. and Mrs. Urban Brown and little daughter, visited Rev. and Mrs. Olie T. Brown at Rotan over the weekend. The Browns are brothers.

Mr. and Mrs. George Small returned Thursday to their summer home at Ruidosa. George said he was going over early so he could set out an orchard.

Pioneer Dies ...

(Continued From Page 1)
he engaged in the feed and coal business until his and his wife's health began to fail. Being forced to look for a lower climate they moved to Weslaco, down in the Rio Grande valley. But that proved to be too low for Mrs. Evans, so, after a few years, they moved to Sulphur, Oklahoma. Finding that unsuitable for Mrs. Evans' health, they sought a happy medium and located at Clyde, Texas, in 1945. They both enjoyed better health in the last location until recently, when the health of both began to fail rapidly. Mr. Evans suffered a stroke on March 6 from which he never recovered.

Mrs. Evans is suffering a severe heart ailment and was unable to attend his funeral.

The oldest son, Elbert, was killed in action in World War No. 1. Survivors besides his wife are: Bernice and Loyd Evans of Morton, Ion of New Castle, Wyoming, Roland of Meadow, Mrs. Pearl Nettles of Brownfield, Bernard of Culver City, Calif.; eighteen grandchildren and four great-grandchildren; and a sister, Mrs. Ruth Hays of Weslaco, Texas. One grandson, P. J. Nettles Jr., was killed in the European theatre in World War II.

Mr. Evans was laid to rest in the Clyde cemetery at 6:00 p. m. Sunday, March 9 under the auspices of the Masonic Order of which he was an active and ardent member. The profuse flower offerings proved the esteem and respect of his many relatives and friends.

Out-of-town friends attending the services were: Mr. and Mrs. R. K. Lindsey and Mr. and Mrs. Autis Ward of Morton, Mr. and Mrs. O. J. Sims and Mr. and Mrs. Aubrey Cates of Ropesville, and Mr. and Mrs. B. B. Ater of Lakeview. Unfavorable weather prevented many who otherwise would have attended the funeral.

The bereaved wife and children have the deepest sympathy of their many friends.

John Jackson is able to be down town some, after being confined to his home several weeks with a lame knee.

Dentist Has Offices in Cities 5,800 Miles Apart

BOSTON. — Air-minded Dr. Isaac Gerson of Cairo, Egypt, believes that his is the dental practice of the future. He is a practicing dentist in two cities—5,800 miles apart.

Gerson first came to Boston in 1928 to attend Harvard Dental school. He returned to Cairo the following year to begin practicing, and had been making periodic journeys from one city to the other for some years when he decided to maintain an office in both.

Recently completing his third flight of the year between the cities, he plans to stay in Boston until February. After that he says he will alternate practices at six-month intervals. His patients include the royal family of King Farouk of Egypt.

He is married and has two children—a girl born in Boston and a boy born in Cairo.

Allow Room for Expansion in Hull of Great Liner

The Queen, Elizabeth, world's largest passenger liner due to make her maiden voyage on October 16, actually "stretches" to accommodate herself to rough seas.

During the exhaustive investigations made in the design stage, when thousands of decisions had to be made on the thickness and strength of her hull plating, engineers hit on the possibility of using special elastic steel in areas where particularly heavy strain was likely to be encountered. They then incorporated into the hull many plates of this steel which "gives" when subjected to the pounding of heavy waves.

The main strength of the Queen Elizabeth has been placed in the structure from the keel to the promenade deck. The superstructure has been built in lighter materials. However, since the tremendous length of the 83,673-ton ship involves heavy stresses even to the superstructure, the latter was built in sections detached from each other by a few inches. Known as "expansion joints," these spaces expand and contract with sea-going strains, at the same time presenting an unbroken line to the observer.

BROWNFIELD HOST TO LEGION COMMANDER SAT.

BROWNFIELD, March 20.—Brownfield has been selected as the first Texas City on the itinerary of Paul H. Griffith, Uniontown, Pennsylvania, National Commander of The American Legion, during his week's tour of the Department of Texas, Bruce Zorns, Commander of Howard Henson Post No. 269 here, announced today.

Howard Henson Post has planned a luncheon for the Commander and his official party. Accompanying Commander Griffith will be his son who is also his official aide, he said.

CITY ELECTION

Election on Tuesday, April 1.
For City Marshal
ROY LEE
A. F. McGLAUN Sr.

Uncle Hank Sez:

A GOOD APPETITE IS A WONDERFUL THING TO HAVE, THAT IS IF YOU HAVE WHAT IT DESIRES.

If you desire new heating equipment to celebrate St. Patrick's Day, come to the TAHOKA FLASH O GAS COMPANY. Let us show you our complete stock of gas appliances. Find out just how many things we have that you need.

Following the luncheon in Brownfield, Commander Griffith will leave for Big Spring to attend a barbecue, Zorns said.

The acreage of rice harvested in Texas during 1946, which was 412,000 acres, was the largest in the state's history.

CHIEF OF STAFF'S ARMY WEEK MESSAGE

General Eisenhower of our army are instruments of America's will for security and peace. Sustained by public confidence, they will succeed, true to the Army's proud traditions. They reflect the spirit of our people, for the United States Army—supported by the people and manned by their sons is a faithful implement of our democracy.

FARM NEWS

Clint M. Walker,
Sec. Lynn County A. C. A.

Our column this week will be devoted to a discussion of price supports for our various farm commodities and the loan programs. As most of you already know, our wartime price supports on agricultural commodities terminate Dec. 31, 1948. After that, supports revert to those authorized by permanent legislation. To prevent farm prices from collapsing after World War II as they did after World War I, Congress directed price-support protection during the production-adjustment period for the basic and Steagall crops. This period of protected reconversion is for two years after hostilities have been declared ended.

Legislation provided for wartime price supports for three groups of farm commodities—"basic," "Steagall," and "other." The basic commodities are the ones that interest this part of the country most and include cotton, corn, wheat, rice, tobacco, and peanuts for nuts.

We will discuss cotton since this is the foremost crop in this area. The law directs that price-supporting loans be made a 92½ percent of parity for cotton on the crops harvested before the end of the two year period after January 1 following the declaration that hostilities have ended, which would be until Dec. 31, 1948. The parity price is one which will give the commodity a purchasing power equivalent to that in a stated base period. This simply means a price-supporting loan until that time. This loan on cotton will probably be announced around the first of August which is the beginning of the marketing year for cotton.

We in this area are also interested in the price support for grain sorghums. Grain sorghums are classified as "other" farm commodities and price supports are not mandatory. Congress has, however, declared it to be its policy that the lending and purchasing operations of the Department of Agriculture be carried out so that prices and incomes of such commodities as grain sorghums be supported at a fair parity with other commodities. Support operations for grain sorghums are undertaken from time to time as the need arises.

LYNN COUNTY LIBRARY

The equipment in the library is being improved, several new shelves having been added this week. Though books are scarce and expensive an effort is being made to keep the reading list as up-to-date as is possible.

Mrs. G. M. Stewart suggests that anyone having a good book that he or she does not wish to keep could do a good deed by donating it to the library where it could be enjoyed by many others.

An effort is being made to build up a good section of reading material for children. Mrs. Stewart says, and children's books may be donated, also. Children's books in complete sets that are in good condition may be purchased by the library, if the owner wishes to sell them at used book prices.

If you have anything that the library can use that you do not wish to keep you may call Mrs. Stewart or see Mrs. Tom Gill at the library in the East end of the Courthouse basement, on Wednesday or Saturday afternoons between 1:00 and 5:00 o'clock.

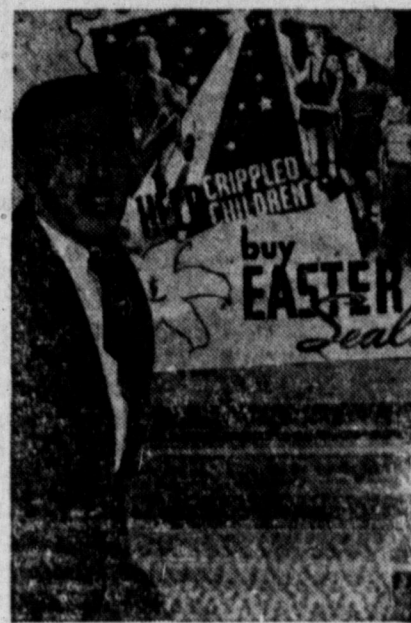

BRIDE HONORED WITH SHOWER MARCH 17

Mrs. Henry Heck honored Mrs. H. C. Trammel, formerly Miss Doris Jean Smith, with a bridal shower Monday, March 17. The guests were served refreshments as they arrived. The guests sang "There Are Smiles" and Mrs. Heck sang a solo. Mrs. Trammel opened a beautiful display of gifts. About 30 guests attended the shower, and many other gifts were sent by friends who could not attend.

BOYS WILL PREACH AT T-BAR

B. W. Keith, Supt. of the T-Bar Union Sunday School has asked the News to announce that following Sunday School next Sunday afternoon two young preachers of Tahoka will fill the pulpit. The preachers are William E. Ware and Charles Fulkerson of Tahoka and the preaching services will begin at three thirty. Everyone is invited.

Mrs. A. R. Hensley is visiting relatives at Cameron.

J. B. Freeman of Marshall, a victim of cerebral palsy, knows the value of an Easter Seal contribution. Through the annual sale of Easter Seals, the Texas Society for Crippled Children was enabled to train J. B. in a trade which allows him to be self-sustaining. In his weaving shop in Marshall, on a loom given him by the Texas Society, the young businessman arranges a display urging the purchase and use of Easter Seals, March 17 through April 6.

Johnnie, Emil, and Polly Raindl and Andrew Shaw of Wilson spent the past week-end down at Eden visiting Mr. and Mrs. Henry Jahnke. The boys enjoyed fishing in the Concho while there.

SOCIAL SECURITY JOBS NOW OPEN IN SOUTHWEST

According to Elliott Adams of the Field office, Lubbock, announces that examinations for jobs in the field service of the Social Security Administration, to be filled in 30 offices in Louisiana, Texas and New Mexico, by the U. S. Civil Service Commission. Beginning salary for the positions, designated as Field Assistant and Claims Assistant, is \$2394 per year.

Application cards and copies of the official announcement may be obtained from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood St., Dallas 1, Texas; or any first or second class post office; or from the Board of U. S. Civil Service Examiners for the Social Security Administration, 912 Maverick Building, San Antonio, 10 5, Texas.

These are key entrance jobs in the social insurance program because of their direct contact with wage earners, claimants, employers, and the public. Successful performance in these positions is excellent preparation for advancement in the service.

Applications for examination must be filed with the Board of U. S. Civil Service Examiners for the Social Security Administration, 912 Maverick Building, San Antonio 6, Texas, not later than March 31, 1947.

A TESTAMENT

Heb. 9:16-17.

"A testament is of force after men are dead; otherwise it is of no strength at all while the testator liveth". Heb. 9:17. No man was ever commanded to be baptized in the name of Christ for the remission of sins until after Christ was crucified and arose from the dead. The great commission as recorded in Mt. 28:18-20; Mk. 16:15-16; Lk. 24:44, 49 was given by the Christ after he was crucified and just before he ascended. Common folks can understand why we have to do some things today that people who lived and died before the will of Christ became of force did not have to do. But men who have studied in the schools where the doctrines of men are taught instead of the Bible seem to be able to understand such plain simple teachings. Until John's day no man had ever been commanded to be baptized, but Christ said himself that those who refused to be baptized of John rejected the council of God. Lk. 7:30. "By faith Abraham, when he was called, obeyed". Heb. 11:8; Gen. 12:1. Had Abraham reasoned like some men today he could have said, "Now the Lord has blessed my fathers before me without them having to leave their native land and if I do what the Lord commands me to do that will be me blessing myself so I don't need to go". Don't get mad neighbor and throw the paper in the fire, you know that is the truth. For example, men say, "Christ blessed people in many ways while here in person, and if he saved them then without them being baptized I know he will save them today without them being baptized". Neighbor, no man was ever commanded to be baptized in the name of Christ for the remission of sins until after Christ was crucified and arose from the dead. The Holy Spirit was sent

to guide the Apostles into all truth and to bring to their remembrance all things Christ had commanded them. Jno. 14:25-26; 16:7-13. On Pentecost after Christ arose from the dead the Holy Spirit came and the apostle began to speak as the Holy Spirit guided. Acts 2:1-4. Now read Acts 2:37-38; 22:16 and see what the Holy Spirit said about baptism and salvation. In fact every place that baptism and salvation is associated baptism comes first in the language of the Holy Spirit. Some men will pervert the gospel of Christ. Read in Gal. 1:6-9 what will become of all such. Read in 2 Thes. 1:7, 9 what will become of all who do not obey the gospel of Christ. Do I make you my enemy because I ask you to read the Bible and beg you to obey the gospel like it reads in your Bible? I hope not.—Price Bankhead, Post, Tex.

MRS. DUNAGAN HAS VISITORS

Mrs. A. L. Dunagan, who has been ill of flu and complications for two weeks, was visited by the following relatives this week: Mmes. A. T. Kent of Madisonville, H. H. Craig of Malone, O. L. Wolfe and son and R. R. Hoyle of Carlsbad, N. M., and Bobbie Knox of El Paso.

Mr. and Mrs. R. C. Wood have moved to Hollywood, New Mexico, where they have bought a home. Mr. Wood, a sufferer of asthma, has found that a good climate in which to enjoy life.

A MESSAGE FROM
 THE
 SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

With the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace—all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily—to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

ROBERT P. PATTERSON
 SECRETARY OF WAR

New Home News

(Delayed)

Carlton Davies was brought home from the Tahoka Clinic last week. He has been improving somewhat since he has been home. He has rheumatic fever and will not be able to return to school for some time.

Mr. and Mrs. E. E. McManis are back home after spending the winter months in south Texas.

As Mr. J. W. Edwards' health has improved considerably, he will take over his shop March 18.

Mr. Wilmer Smith has had the flu this week and was absent from school Monday. Quite a number of

the pupils have been out of school due to colds and flu. Many of the small children of the elementary grades have had the chicken pox and the whooping cough.

Garner White has been out of school for some time as he has had the flu and sinus trouble.

Mrs. Henry Heck left Tuesday to go with Mrs. Garland Pennington to Dallas to attend the State Executives of WMU.

Many of the college students visited home last week and as last week was the end of the school term and the students had several days to visit home. Eudania and Loyd Russell McCormick visited their parents, Mr. and Mrs. Loyd McCormick. Eudania came in from Baylor, and Loyd Russell from Hardin-Simmons.

Billie June Balch and Almeda Moore from Kermit visited Billie June's parents, Mr. and Mrs. Bill Balch, this last week. They are from Hardin-Simmons.

Rodney Heck and two of his friends, Jack and Billy Clyde Haynes from Hardin-Simmons visited Rodney's parents, Mr. and Mrs. Henry Heck, the past week.

CARD OF THANKS

We wish to express our sincere heartfelt thanks to our many neighbors in Tahoka and in this section for the many kind deeds done for us during our recent bereavement due to the unexpected death of our husband and father.

May the Lord bless and keep each of you is our prayer.

Mrs. R. L. Northam, J. G. Northam, M. E. Northam, R. L. Northam, Jr., Mrs. Dee Staggs, Mrs. G. A. Martin.

CARD OF THANKS

I wish to thank our many neighbors and friends for the many cards, letters, flowers, and other expressions of kindness sent me while I was in the hospital. May God bless each one of you.—Mr. and Mrs. C. G. Ingle and girls.

NEW HOME H. D. CLUB MEET

The New Home H. D. club met with Mrs. George Hancock Friday, March 14. Mrs. Donald Caudle and Mrs. Durwood Unfred gave a demonstration on "Making a Strawberry Barrel."

The club members enjoyed an exchange of small gifts to each other.

There will be a call meeting soon to elect a nominee to send to the council as a candidate for the District THDA to be held at Levelland, May 10.

The County H. D. Council is giving a buffet luncheon for the commissioners' court and wives and Mr. and Mrs. Sam Floyd. Each club of the county is having a part in furnishing the menu.

The purpose of this luncheon is to ask the commissioners to increase the salary of the Home Demonstration Agent in order that the county may secure one. A summary of all the clubs' work for the past year will be given at the luncheon.

CITATION BY PUBLICATION

TO: James Monroe Vaughn and his children, born and unborn, living and dead and Francis Marion Vaughn and his children, born and unborn, living and dead GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of April, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Lynn County, at the Court House in Tahoka, Texas.

Said plaintiff's petition was filed on the 28 day of February, 1947. The file number of said suit being No. 1749.

The names of the parties in said suit are: Alene Line, a feme sole, Iris Line, a widow, Harvey Line, Roy Line, Wilbur Line, Robert Line and Ivan Line, all of Lynn County, Texas, and Martin Line of Terry

County, Texas, and Gwynne Line of Los Angeles County, California as Plaintiff, and James Monroe Vaughn and his children, born and unborn, living and dead and Francis Marion Vaughn and his children, born and unborn, living and dead as Defendants.

The nature of said suit being substantially as follows, to wit: Suit in Trespass to Try Title and for the title and possession of the following described land situated in Lynn County, Texas, to wit: All of the North One-Half (N¹/₂) and the Southeast One-fourth (SE¹/₄) of Section Number Thirty-Six (36), in Block Number Eight (8), Lynn County, Texas, Certificate No. 658, Abstract No. 931, E.L. & R.R.R. Co.

If this Citation is not served within 90 days after the date of

its issuance, it shall be returned unserved.

Issued this the 28th day of February A. D. 1947.

Given under my hand and seal of said Court, at office in Tahoka, Texas, this the 28th day of February, A. D. 1947

W. S. Taylor, Clerk District Court, Lynn County, Texas. 22-4tc.

It's all history now and its impossible to do much about it, but the inhuman horrors committed by the Nazis in the recent world war which are continually being brought to light are enough to keep all of us astounded and horrified for the remainder of our lives. One Rudolph Hoess went to trial in Warsaw, Poland, a few days ago on a charge of gassing to death more than 4,000,000 persons while commandant of an extermination camp set up and maintained by the Germans in Poland during the war. Nuernberg prosecutors were quoted as declaring that Hoess had admitted last April that he was personally responsible for killing more than 2,000,000 people while commandant of the camp. We would not charge all these crimes up to the German people as a whole but they did maintain and support a bunch of beasts headed by Hitler and his henchmen who did plan and execute these and a thousand other unspeakable crimes. It seems to us that Germany must be humanized and Christianized as well as democratized before she can again be turned foot-loose to purporting the nations of the world. We sue her own unrestrained course a-

still have a big job to do in Germany, folks.

In addition to the task we have of keeping Germany in leash for the next twenty or thirty years and infusing into her people humane principles, democratic ideals, and a love for peace and justice, we are also confronted with the enormous task of holding Russia under proper restraint and of thwarting her ambition to control and communize first all Europe and eventually the world. Russia holds just as serious a threat to the peace and freedom of the other nations of the world today as Germany held twenty-five years ago. Students of international affairs see that plainly. Most of the leaders of both parties in this country see it. President Truman sees it. David Lawrence, one of the best informed and clearest thinking of America's political writers, stated in his column a few days ago that Russia is already working fast at the job. "The Soviet government," he reminded us, "has taken over all the Balkans and is about to overrun Greece and Turkey. The United Nations is helpless to act because Russia can block action there. So it remains for the United States to decide either to stand aloof and let Russia dominate the world or to stand athwart Russia's path of aggression. The President and General Marshall have chosen to make a firm stand." Certainly they have taken a firm stand. It was a great hour in the history of the world when President Truman a few days ago stood before Congress, recited the true situation, and asked Congress to appropriate 400 million dollars to be used in Greece and Turkey to enable those governments to repel the encroachments of the Russian communists. The word was not spoken too soon. The action can not be taken too quickly. The time has come for this country to call a halt on Russian aggression. We must stop Russia now.

As might have been expected, President Truman's voice had scarcely ceased to reverberate in the halls of Congress until both Henry Wallace and "Pappy" O'Daniel expressed opposition to the President's proposal to send financial aid to Greece and Turkey to

help them fight back the aggressions of Russian communism. There is some point to Wallace's opposition for many times heretofore he has been accused of being a near communist. But "Pappy" O'Daniel has been throwing rocks at the President and all the New Deal Democrats on the grounds that they have been aiding and abetting communism in this country. Now he suddenly meets himself coming back down the anti-communist road. There is a suspicion that Pappy is against just about everything the Democrats favor, good or bad. At this moment, we can't think of a single thing that either Roosevelt or Truman ever did that met with the approval of the gentleman from Ohio, Kansas, and Texas.

The legislature has been stam-peded into appropriating three million dollars with which to build a Negro university at which courses in law, medicine, engineering and other professions shall be given. The legislature also made immediate provision for giving law courses to Negroes at the University of Texas pending the building of the Negro University. All this was done to comply with an anticipated decision of the Supreme Court holding that since no facilities were provided otherwise to give Negroes professional training the Board of Regents of the University of Texas would be compelled to admit them as students in that institution. It seems to us that the same end could have been attained by providing for the expansion of the Prairie View State Normal into a university, with professional training being given there. Its faculty could have been increased in number and improved in scholarship to meet all demands made upon it. And it certainly would not cost \$3,000,000 to make the change and the expansion and to erect the necessary additional buildings. There is a need for a university for Negroes but there is no immediate need for a \$3,000,000 structure. Universities can not spring up in a day; they are built—and it takes time. As for the professor of law, there will never be a demand for many Negro lawyers in this state. Negro doctors and Negro nurses are needed, and possibly a few Negro

Grassroots . . .

By Bill Griffin
County Agent

Saturday, April 19, has been set as the tentative date for the Lynn County Livestock Show. The show will be sponsored again this year by the Chambers of Commerce and civic clubs of the county.

The show will be open to all 4-H and FFA boys and stockmen of Lynn county. Awards will be made in the following divisions open only to boys. Swine Division: junior gilts, senior gilts, sows and litters, sows, boars, and fat barrows. Dairy Cattle Division: dairy heifers and dairy cows. Beef Cattle Division: fat steers.

Breeding stock may be exhibited by county stockmen but no premiums are offered.

Fred McGinty, a Lynn county farmer, was featured over KSEL Sunday, March 16, at 2 p. m. as the Farmer of the Week.

The first meeting of the Lynn County Johnson Grass Committee was held March 7. The committee adopted the following purposes: To coordinate and organize the Johnson grass eradication and control program in Lynn county, to plan a county-wide control and eradication program, to work together in gathering and distributing information on Johnson grass eradication and serve in any way possible to

lawyers in some sections of the state, but there will never be a demand for many Negro court-room practitioners in Texas. It will not require a large faculty to teach all the Negro students that may enroll for law courses in this state. We are for a Negro university and Negro colleges established where needed but we do not think that it is necessary for us to make break-neck speed in building a University that will probably not be filled for years—certainly not with law students.

rid Lynn county of Johnson grass. The committee consists of the following farmers and business men: Guy Smith, Rt. 1, Wilson; Robert Littlepage, Rt. 3, Tahoka; P. O. Cabbiness, Rt. 2, O'Donnell; Graham W. George, Rt. 4, Tahoka; Ed Turnipseed, Rt. 1, Meadow; D. W. Gagnat, Tahoka; W. O. Thomas, Tahoka; and Jack Applewhite, Tahoka.

The committee welcomes the attendance of anyone interested in the control of Johnson grass.

DUNAGAN RELATIVE DIES

A. L. Dunagan was notified by telephone Sunday morning that his uncle, J. H. Bryant, of Antelope, had died and would be buried at that place Sunday afternoon. Mr. Dunagan could not attend the funeral because of his wife's illness.

Any price is too high if it can be reduced

International Harvester announces \$20,000,000 price reductions

We believe there is nothing more important to this country than to lower the prices of the goods that people buy.

The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry. Not all business can reduce prices now. Not all can reduce by the same amount.

Our company has felt a duty to act as promptly as possible. In our case, the business outlook now makes it possible to move toward the goal of lower prices. The only way out of the vicious circle of higher and higher prices is to break through.

We have taken this step not because of present competitive conditions nor because of a drop in demand from customers. We have taken it because of our belief that ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED.

These reductions, which will save the users of our products approximately \$20,000,000 a year, will become effective before April 1, and will apply to a selected list of tractor, farm machine, motor truck, and industrial power products. Since we lose money on a few of our products, and barely break even on some others, these reductions will not apply to our entire line. Reductions will be made individually on products. Some will be cut more than others. Exact details will be announced as soon as possible.

Our ability to maintain this lower level of prices will depend in part on what happens to the prices and flow of materials that we buy from others. Because we believe price reduction is vital, we are willing to assume the risks that are involved.

prices had not gone up as much or as fast as many others

Here are Average Price Increases since 1941	
All Manufactured Products (U. S. Government Reports)	63.7%
Metals and Metal Products (U. S. Government Reports)	41.2%
Motor Trucks	35%
Industrial Power Products	34%
Farm Machines	25%

These benefits to customers will depend, too, on uninterrupted production at reasonable wage levels. This is not a program that can be carried out if it is hampered by strikes or work stoppages.

Our employees have had substantial increases in pay, and wage questions are currently being discussed with many of the unions with which we deal. Stockholders have recently had an increase in dividend rate. Having considered the interests of these two groups, we are now making these price reductions for the benefit of the third group—our customers.

Business, to our way of thinking, has a social as well as an economic responsibility. This company has long followed the policy of operating in the interests of three groups—its customers, its employees and its stockholders. The duty of the management is to see that equal justice is done as between the three groups.

This price reduction program is another demonstration of our policy in action.

Sidelights From Washington

By George Mahon

When the Secretary of Agriculture announced last week that the cotton crop insurance program was out of money, I got in touch with the Director of the Crop Insurance Corporation and other officials with the hope of being helpful to West Texas cotton growers who had participated in the program. Mr. Gus Geissler, Manager of the Corporation, explained that on account of heavy losses, funds to redeem the certificates of those who participated in last year's program had been exhausted. Of those entitled to collect on their 1946 cotton insurance, 45% remain unpaid. To make these additional payments, it is estimated that a total of 18 million dollars will be required. Mr. Geissler says that a Congressional appropriation of this amount will be necessary before outstanding certificates can be honored. The Corporation will continue to accept certificates, but checks will not be issued until further funds are available.

Growers have entered into contracts with the Government and they have a right to expect payment. The future of the program is uncertain, but it is unthinkable to me that Congress would refuse to appropriate the money to liquidate this outstanding indebtedness, and that is the position I am taking in my efforts here.

The Republican Party is not greatly concerned about the Southern cotton producer, and in view of the Republican leadership in the House and Senate, there will be difficulty in getting prompt action. However, most people with whom I have conferred agree that the necessary money will eventually be forthcoming. Action should be taken

and the uncertainty removed as soon as possible.

The theory of crop insurance is good, but I have never felt that a workable program has been devised. I think nearly all cotton growers share that feeling. Indeed, not more than 11% of the nation's cotton farmers have thought well enough of the cotton insurance program offered them on any given year to participate in it.

The hope has been that with experience, a workable formula would eventually be hit upon. But in view of recent developments, the whole future of cotton crop insurance is more uncertain than ever.

Here is a brief history of the program. By act of Congress, the cotton insurance program was placed in operation in 1942 and 1943. It was then eliminated, but new legislation started the program in operation again in 1945, and that legislation is still in force.

It was difficult to get sufficient support in Congress to pass a cotton crop insurance law after the program went out of operation in 1944. The complaints were made that the venture was a losing proposition for the Government and that cotton producers were not interested in it, figures being cited to show the small percentage of farmers who had participated. Nevertheless, both political parties at their National Conventions had endorsed crop insurance and, after several attempts, a new crop insurance law was enacted.

Financially the cotton crop insurance program has always been a losing proposition for the government, ranging from a net loss of over 4 million dollars in 1942 to an estimated loss of 38 million dollars for the crop year of 1946.

As stated, not more than an average of 11% of the nation's cotton farms have ever been insured for any one crop year. However, the Texas coverage in 1946 was 28% and West Texas coverage was much heavier.

West Texas cotton producers will collect proportionately far more money out of the cotton crop insurance program than any other

FUNERAL SERVICES HELD FOR MRS. ETHEL BRASWELL

Funeral services were held at the First Baptist church of Lamesa at 3 p. m. Monday for Mrs. Ethel S. Braswell, 78, under direction of the Higginbotham Funeral Home. Services were conducted by Dr. Clarence Morton, pastor of the Lamesa First Baptist church, assisted by the Rev. Howard Hollowell and the Rev. Hardy Hughes.

Mrs. Braswell died at her home Saturday March 15. She was born in Numan Ga., June 8, 1869 to John and Clementine Garrett Terry. She married John William Braswell in Oxford, Alabama.

Mrs. Braswell was well known in Lynn County. Her late husband, Rev. J. W. Braswell who died in 1943, having been pastor of the Redwine Baptist Church for a number of years.

section of the cotton belt, and therefore, have a big stake in the outcome of the difficulty over the 1946 insurance payments. The 19th Congressional District has collected, or will collect a net of several million dollars. The coverage ranges from 95% of the cotton farms in several of the counties to no insurance at all in two counties. The coverage in Lynn County was reported to be 55%.

FIESTA de SAN JACINTO WILL BE HELD APRIL 24

SAN ANTONIO, (Sp.)—Colorful and gay national holidays will be depicted in the lavish spectacle marking the coronation of the queen of the Fiesta de San Jacinto in San Antonio on April 24, one of the most spectacular events in the week-long fiesta program.

"The Court of Holidays" will be the theme of this year's coronation. An in-town court of 12 duchesses, made up of local debutantes, will symbolize the most colorful of American holidays and an out-of-town court, composed of duchesses from other Texas cities, will portray outstanding foreign holidays.

The name of the fiesta queen is a carefully guarded secret until the night of the coronation.

The queen and her court portray leading roles in the famed Battle of Flowers parade, which takes

place on Friday, the day after the coronation.

Also kept secret is the identity of the fiesta king, selected by the Texas Cavaliers. The king makes his entry the opening night of the fiesta, April 21, in a brilliant festival on the San Antonio river. Vast throngs will line the river banks to hail "His Majesty" and he will receive the key to the city in a ceremony at the river-bank theatre from Mayor Gus B. Maurmann.

WOODS HAVE GUESTS

Mrs. Reginald Whitehead, en route from Rogers to meet her homecoming husband on the West Coast, visited over the week end in the home of her aunt, Mrs. Mary K. Woods, and family.

Lt. Whitehead has been with the Army Air Corps in the Pacific, but expects to get his discharge soon. He was reared at Rogers.

CARAWAY-CAMPBELL VOWS ANNOUNCED

Announcement has been made of the marriage on March 5, of Miss Marjorie Campbell, daughter of Mrs. Lillie Williams of Odessa, to C. L. Caraway of Odessa, formerly of Tahoka.

Mrs. Caraway, a graduate of Odessa High School is employed by Lane Wells Company in Odessa.

C. L. Caraway, son of Mr. and Mrs. Cecil Caraway of Odessa, formerly of Tahoka, served in the Navy two years. Graduated in Tahoka from the local high school in 1944 and was one of the star players of the football team. He attended a semester of college work at West Texas State Teachers College. The couple are making their home in Odessa.

DORCAS S. S. CLASS HAS SOCIAL MEET

The Dorcas S. S. Class of the Baptist Church met Tuesday in the home of Mrs. A. E. Herring for its regular monthly business and social meeting. Mrs. Herring and Mrs. Roy Waller served as hostesses.

"Grace" was the subject for study, and Mrs. Ivan McWhirter had charge of the social hour. An attractive refreshment plate was served: Mmes. Newt Smith, Corene Cathcart, Bob Fisher, Ed Hamilton, E. B. Galtier, C. N. Woods, Winfred Stout, A. A. Fleming, J. B. Smith, Ivan McWhirter, Clay Bennett, Irvin Dunagan, Dannie Polk, the hostesses, and one visitor, Mrs. E. N. Foster.

C. G. Ingle underwent major surgery in the Scott & White Sanitarium in Temple on March 4. Mrs. Ingle, who was with him at the time, returned home this last Tuesday and reported that he seemed to be doing fine.

NOTICE OF ELECTION

Notice is hereby given of a City Election to be held at the City Hall the first Tuesday of April, being the first day of April, for the purpose of electing a mayor, three aldermen and a City Marshal.

E. R. Edwards, having been appointed as presiding judge, of said election, calls to open at 8:00 a. m. and to close at 7:00 p. m.

V. P. Jones, Mayor Pro tem.
Attest: Rosemary Nelma, City Secretary. 24-26c

Mrs. Z. R. Ingle of Norman, Oklahoma, who had been with her son, C. G. Ingle, while he was in a Temple hospital accompanied him home Tuesday.
