Volume 43.

Tahoka, Lynn County, Texas, Friday, April 18, 1947

Number 28

Gaps Will Be Left In Some Important County Farm Roads

The farm-to-market roads that have been built by the State and the County in Lynn county are a source of great satisfaction to all who have occasion to travel over them. They save money, time, and the ruffled feelings of the motorist. It will be wonderful when the entire program for Lynn county shall have been completed.

Yet we have an idea that when it is completed there will be a louder clamor for the filling in of the gaps that remain untouched than there was for the inauguration of the program to start with. The incompleteness of the system is apparent to any one who will merely look at a map of the county project. But it becomes impressive when one undertakes to travel over the roads involved.

It is a fine thing, for instance, to have a paved road across Lynn county from Garza county on the east to Terry county on the west, with Wilson, Wayside, New Home, and Lakeview as the intervening points. It will be fine to have spurs stemming out from this main road both north and south, one east of Wilson extending a few miles north toward Slaton, one north from New Home toward the Lubbock county line and one from a point two miles east of Lakeview north toward the Lubbock county line. (Lubbock County of course will take care of the connections at and extensions from the county line.) It is fine also to have two spurs extending south, one from the main line down to Petty and one from Lakeview to the J. H. Key place.

And there the spurs stop. If any extensions south are ever made, Lynn County will have to do the job, and Lynn County has made no provision thus far for doing the job.

Last Friday, the editor drove west from Cross Roads over the road now under construction out by Dixie schoolhouse. It looked fine. But abruptly, at the end of three and one-half miles, construction stops. Your car runs off onto a rough, bumpy dirt road, and it is six and a half miles on to Petty. There you will find the end of that "spur" from the main line which we mentioned, but the spur leads the Driver on toward Lubbock. If you wish to go on west, it's another bumpy dirt road for four miles on to the J. H. Key place. There you encounter the end of another "spur"—but it leads north to the paved road at Lakeview and thence to Lubbock, New Home, or wherever else you may wish to go.

If J. H. Key and his neighbors have business in Tahoka and undertake to find their way to the town over a paved road, they will be compelled to go north to Lakeview, thence east through New Home to Wayside, and then south 11 miles to Tahoka, a distance of about 28 miles. If the people of Petty and vicinity desire to come to their county seat over a paved road, they too will be compelled to go north three miles, thence east ten miles, and south 11 miles, a total distance of 24 miles.

Now, if the gap of 6½ miles between Petty and Dixie were paved, the Petty folks could come all the way to Tahoka over a paved road and the distance would be only 18 instead of 24 miles.

Under the present layout, if a Petty man is compelled to go up

County Council Serves Luncheon

The Lynn County Home Demonstration Council sponsored and served a luncheon at the American Legion Hall at noon Monday, April 14. Judge Tom Garrard and the four County Commissioners, Messrs. E. J. Cooper, Willis Pennington, John Anderson and Thad Smith, Mr. and Mrs. Sam Floyd and Mr. and Mrs. Tom Hale were guests.

Fourteen members of the Council representing Home Demonstration Clubs at Draw, Joe Stokes, New Home, Petty and West Point, attended this enjoyable affair.

C. A. THOMAS

C. A. Thomas Is Dead, Victim of Heart Ailment

The people of Tahoka and of this entire area were shocked Sunday morning or later when they learned that Clifford A. Thomas had passed away during the night. Mr. Thomas retired between eight and nine o'clock Saturday night, telling his wife that he was not feeling well. His condition grew worse, and death came at 10:20 o'clock. His death was attributed to an attack of heart trouble. He had suffered from an attack of the flu about a month earlier and had not been feeling well since.

Funeral services were conducted at the Methodist Church at 3:00 o'clock Monday afternoon by the pastor, Rev. J. W. Rosenberg, assisted by a former pastor, Rev. John E. Eldridge. Interment followed in

(Cont'd. on last page)

Raise Funds For Tornado Victims

Lynn county citizens wishing to make contributions for the relief of the victims of the storm which destroyed Higgins and Glazier, Texas, and a part of Woodward, Okla., may leave their checks or cash with Eldon Gattis or Tom Garrard of the local Red Cross Chapter. The News is informed.

The Amarillo Globe-News had raised \$100,000.00 up until Tuesday and many other towns of this area are now joining in the drive to aid the living victims and to restore their homes.

Otis Spears Opens Insurance Office

Otis Spears, who was reared at New Lynn in this county, has been named special representative of the Fidelity Union Life Insurance company for this county, and has opened offices in the First National Bank building.

Mr. Spears, son of the late Mr. and Mrs. John M. Spears, attended Tahoka and New Lynn schools, graduated from Texas Tech, following which he has engaged in teaching and merchandising. During the war, he served in the Armed Forces. He recently took special training in life insurance with the Fidelity Union company.

PARENTS REQUESTED TO ENROLL SCHOLASTICS

Mrs. Lenore M. Tunnell, county school superintendent, has promised to hold the rolls open for another week to afford patrons an opportunity to yet sign census enrollment forms for their children, according to Ivan McWhirter, secretary of the Tahoka Independent School district.

Parents who have neglected to enroll their children should do so at once. The county enrollment thus far is 200 or 300 names short, it is said. It is important that every available child be enrolled, for each child will draw \$55.00 of state school funds. The failure of 200 pupils to enroll would mean a loss of \$11,000 to the schools of Lynn county.

Ancient Egyptians, during the days of the building of the Pyramids, cultivated the watermelon.

Edith, And Tahoka Planning Election On Consolidation

A petition for the consolidation of the Edith school district, with the Tahoka district has been circulated and presented to County Judge Tom Garrard.

The Judge has indicated that he will not act upon the petition until some time next week, however. The petition does not ask for a vote on the assumption of the bonds now outstanding by the consolidated district. That matter, it is presumed, will be taken care of later.

The people of the Tahoka, Edith, and Draw districts had formerly signed a petition for the consolidation of the three districts, but when a second O'Donnell-Draw consolidation election was called the Tahoka-Edith-Draw petition was filed away.

The O'Donnell-Draw election will be held Saturday.

Terrible Explosion Wrecks Texas City

A series of explosions at Texas City which began with the blowing up of a Liberty ship, the nitrate-loaded Grandcamp, followed by fire which spread rapidly to great industrial plants near by Wednesday, proved to be the greatest catastrophe in loss of life and property that has ever occurred in Texas with the exception of the Galveston storm in September, 1900.

As this is written, total loss of life is estimated at 450 to 1200, while 3,000 or 4,000 other persons were injured. The industrial part of the city was practically wiped out and many of the residences destroyed or wrecked. The property loss is incalculable.

In the Galveston storm of 1900, more than 7,000 people were drowned and the city almost wiped off the map.

HODGE OPENS GARAGE

Jerry Hodge, mechanic with the McCord Motor company for some time, has acquired the garage formerly operated by the Presley Bros. and more recently operated by the Flemings, and is now in charge of the business under the firm name of Jerry's Garage. He is an experienced mechanic and invites a trial.

GOES TO PHILADELPHIA

J. A. Biggart left last week for Philadelphia, where he is to spend two months in an insurance school conducted by some of the companies which he represents.

Tahoka Softball Team Opens Season Here Tuesday Night With Plainview

The opening game of the South Plains Amateur Softball League will start on the local softball diamond next Tuesday night at 8:30 p. m.

Wade Holland, manager of the Tahoka C. of C. team, states that he has a good team, but that due to the bad weather they have not been able to work out very much.

The South Plains Softball League has five teams from four towns which are: Baldrige Bakery and Blue Bonnet Laundry of Lubbock, Tahoka, Plainview and Brownfield.

Each of the teams in the league will play two games a week. One game to be played at home and the other game away from home and they will be played on Tuesday and Friday nights.

This is a newly organized league which was organized last fall in Lubbock at a meeting of several softball enthusiasts which met at the Hilton Hotel. Ralph Bumpas of Lubbock, and manager of the Blue Bonnet Laundry team was the man that really started the ball rolling by writing to softball fans and Chambers of Commerce of several of the South Plains towns surrounding Lubbock. At this meeting Wade Holland of Tahoka was

Many Visitors In Tahoka As New Lions Club Is Presented Charter By Officials

The Lions roared in Tahoka Tuesday night.

They received their charter, which gave them the right to roar.

At the close of a well-prepared speech, Frank Jordan of Brownfield, District Governor of the Lions International, District 2-T, member of the Brownfield Club, and Mayor of the Terry county capital, presented the charter to the President of the Tahoka Lions Club, Pete Hegi, who modestly accepted the same on behalf of the Tahoka Club in a few well chosen words.

This was just a part, albeit the most important part, of the pro-

gram for the evening, with the possible exception of the bounteous banquet that was served, which any Lion always enjoys, for he likes fresh meat, particularly bull.

The affair started off when George Young of the Lubbock Club, which sponsored the organization of the Tahoka Club, called the house to order and the assemblage proceeded to sing a Lions song, followed by one verse of America. Then Elmo Burkett pronounced the invocation.

Dr. K. R. Durham, Mayor of Tahoka, welcomed the Kings of the (Cont'd. on last page)

Charles Fulkerson Will Preach Here

Charles Fulkerson, 15, high school student who has dedicated his life to the ministry, will preach at the Methodist Church next Sunday at the 7:30 p. m. service. All members of the church and other friends are invited to be present.

Charles and Billy Ware, who also expects to become a minister, have preached at several churches in this area recently. Both are brilliant youths who have long been active in Sunday School and church work in Tahoka.

Spring Football Training Starts

Coach Jim Foust started spring football at Tahoka High Tuesday of this week, and 34 boys have reported for work-outs.

Since the boys had been conditioning themselves at track and boxing for some time, blocking and tackling was started immediately. Intensive training and instruction in fundamentals will continue for fully three weeks.

Coach Foust expects to have two intra-squad games this spring open to the public, the nights of April 24 and May 14.

Twelve lettermen, five of whom were starters, will be available from last year's team, and there are ten or twelve new boys of much promise.

NOTICE TO ALL GOLFERS AND "WOULD BE GOLFERS"

There will be a meeting at the SCS Office Friday, April 18 at 7:30 P. M. for the purpose of re-organizing the Tahoka Golf Club. The Golf Course is in fair shape, but many improvements will be made this year. We invite all that are interested in playing Golf to attend this meeting.

N. E. Woods, Pres.
Charles Townes, Sec'y.

Light Freeze Does Little Damage

After a week of damp and wintry weather, the skies cleared late Wednesday afternoon and on Thursday morning a white frost bedecked the terrain. The Government thermometers registered a low of 28 degrees.

The News man who keeps the weather records has not had a chance to check up, but W. L. Knight, who is an old-timer here and a close observer with a good memory, says it is the latest date for so heavy a frost ever recorded since he came to Tahoka in the early teens. He had examined the fruit on his peach trees before he was interviewed by The News man and expressed the belief that his peaches had not been killed. The bloom was still on the young fruit and protected it from the cold breezes that blew. Just how much damage to fruit and young vegetation has been done can not be estimated with any degree of accuracy as this is being written before noon Thursday.

The weather was warming up Thursday, however, and this seemed to be the culmination of the coldest mid-April spell in this area. Beginning last Friday morning, low temperatures recorded here were 41, 35, 34, 36, 40, 31, and 28.

Some mist and drizzles of rain had fallen also during the cold spell. On Saturday the precipitation amounted to .09, on Monday .12, and on Monday night .14, a total of .35. In some parts of the county it had been heavier. At Lubbock it amounted to almost an inch and from Lubbock to Amarillo considerably more than that.

The rain has been fine on the wheat crops but more will be needed soon.

Tom Fender Found Not Guilty In Case

Thomas Fender, 21, son of Mrs. Minnie Fender, formerly of Tahoka but now of Amarillo, was found not guilty of "murder without malice" by a district court jury in Amarillo Wednesday night.

Thomas was charged as the result of an accident last September 14 in which a child was killed. He was driving a car, after dark, in the heavy traffic of the Amarillo-Pampa highway, which crashed into a parked car. The latter was knocked onto a railroad track in front of a moving train, and a child was killed in the resulting wreck.

A number of Tahoka citizens appeared as character witnesses for Fender Monday and Tuesday during the trial.

Mrs. Fender and children moved from Tahoka to Amarillo about four years ago.

GAIGNAT MOTOR COMPANY INSTALLS NEW EQUIPMENT

The Gaignat Motor company has recently installed new equipment in their repair shop and now have the shop fully equipped to do any kind of engine-overhaul on any make of car.

One of the new machines is a cylinder boring and line boring machine. Mr. McElroy stated that there was only a very few of these machines in this part of the State and that they could now completely rebuild any kind of motor right in their own shop.

Many Entries In Livestock Show Set For Saturday

A large entry list is expected in the annual Lynn County 4-H and FFA Livestock Show to be held in Tahoka Saturday, according to Bill Griffin, county agent.

In addition to the show, the South Plains Hereford Association which has members over Lynn county and at Lamesa, Post, and Slaton will meet here that day. County Judge Tom Garrard is president of the body.

Boys are expected to show at least 12 head of beef calves and 15 head of dairy cattle as well as a number of swine. Adult breeders will also show beef and dairy cattle, but premiums are offered only to the youths.

Entries should be brought to the show grounds, between the Maassen Produce and Higginbotham-Bartlett yard, at 10 a. m., or not later than 11 o'clock.

Judging, which will start at 1:00 p. m., will be done by L. M. Hargrave, professor of Agricultural Education at Texas Tech.

The show is being financed this year by the Tahoka Chamber of Commerce and the Tahoka Rotary Club.

Tahoka Fighters In Morton Meet

Tahoka High School boxers participated in the Morton tournament last week end, 12 boys from here entering.

Bobby Boyd and Joe Palmer went to the finals in the lightweight division, and were declared the co-champions in this weight. Bobby Tippet and Bill Burckhart won their matches the first night but lost out in the semi-finals.

Coach Jim Foust told The News that the strong Clovis, New Mexico, team made an almost clean-sweep of the meet.

Mrs. Honeycutt, 82, Died Last Week

Mrs. Missouri Belle Honeycutt, 82, died at 8:15 o'clock Thursday afternoon of last week at the home of her daughter, Mrs. J. H. Poin-dexter of Wayside, eleven miles north of Tahoka.

Funeral services were conducted at the Church of Christ in Tahoka Saturday afternoon, with R. P. Drennon, Minister of the Church of Christ at Melrose, New Mexico, officiating, followed by burial in the Tahoka cemetery under the direction of a Lubbock Funeral director. Death was attributed mainly to her advanced age.

Mrs. Honeycutt's maiden name was Missouri Belle Roper. She was born in Missouri on October 22, 1864.

She was married to Joe Webster in Mississippi on July 22, 1879. To this union four children were born, two of whom, Johnny and Daisy, died in infancy. The other two Mrs. J. W. Seely of Loop and Mrs. J. H. Poin-dexter of Wayside, still survive.

Her first husband having died, Mrs. Missouri Belle Webster was married to J. A. Honeycutt in Mississippi on December 31, 1888. To this union five children were born, three sons and two daughters, as follows: C. B. Honeycutt of Tahoka, W. A. Honeycutt of Belen, N. M., E. T. Honeycutt of Nocona, Mrs. Monroe Hise of Nocona, and Mrs. W. L. Carter of Blair, Oklahoma, all of whom survive.

Also surviving are 28 grandchildren, 47 great-grandchildren, and four great-great-grandchildren.

Mrs. Honeycutt "obeyed the gospel" and united with the Church of Christ at Long Branch, Panola county, in 1902 and has lived a true Christian life ever since, according to those who have known her. She attended the services regularly as long as the condition of her health permitted her to do so.

Mrs. Honeycutt had been a resident of Texas since 1900 and of Lynn county since 1924. She left many friends here who loved and appreciated her for her womanly qualities and Christian character.

T Hangar Flying . .

Mr. Herbert Abrams of Lamesa is now instructing ground school every Thursday night at the Tahoka Airport. Classes start at 8 o'clock.

Yes sir—last Thursday night the writer of this column attended his first ground school class and he actually learned several things about flying that he didn't know, and was set straight on a couple of other things about flying that he had thought was right. Now that happened in only a very short period of time—Now I'm sold on this ground school business and I am going to attend every class that I can possibly attend from now on.

Mr. Abrams wants you to come on out and attend these ground school classes regardless of whether

you are a student or not and we will personally highly recommend him as an able instructor. By the way, he holds just about every kind of rating that a man can possibly hold and so does his wife.

Mr. Abrams is an expert glider pilot also and expects to fly a glider at the National Soaring Meet which is to be held in Wichita Falls next July 4 to the 20. He will be competing against some of the world's best glider pilots. He will fly a glider from his home town of Detroit, Michigan.

Final plans for the two day District II Texas Flying Farmers Field Day have been completed. . . . Spot landing contests, crop dusting exhibitions, dances, and a rodeo has been arranged on the program as well as a few other events.

The Field Day will be on Friday and Saturday, May 9 and 10. The rodeo will be on Saturday and Sunday May 10 and 11.

Neil Delavon and Lee Parris, both of Lubbock were down flying the BT-13.

Bill McNeely and Connor Parsons went to Hobbs, N. M. to get parts for the Cruiser's engine and were weathered in there for the night. They returned the next day. . . . Mrs. McNeely is a little puzzled though, she says every time. Bill gets weathered-in, the towns are always wet.

Garland Northcutt, a student at the local field school Tuesday afternoon, Garland is one of several students from Post that is learning to fly here.

Bad weather has kept most of the planes grounded for the past several days. . . . If it wasn't the high winds it was the low-hanging clouds and rain and snow that has grounded practically all the air activity. . . . There is good for the wheat crop though.

CLARK TO DELIVER ADDRESS TO TECH GRADUATES JUNE 2

LUBBOCK, April 9.—Tom C. Clark, attorney general of the United States, will deliver the commencement address at Texas Technological College graduation exercises June 2. It has been announced by Dr. W. M. Whyburn, president of the college, that an honorary doctor of laws degree will be conferred on Attorney General Clark at that time.

A committee representing the Texas Technological College faculty board of directors, the Lubbock County Bar association and the city, will be named to work out program plans for the event, Dr. Whyburn said. A number of state officials and other distinguished guests will be invited.

The college board of directors voted last spring to confer the honorary degree on Attorney General Clark. Texas Technological College has conferred seven honorary degrees previously.

The eighth degree will go to a native Texan whose colorful career has kept him in the public eye for many years. Born in Dallas, Sept. 9, 1899, he was admitted to the Texas Bar association in 1922 and entered law practice with his father and brother. He was chosen civil district attorney for Dallas county in 1927, resigning to re-enter private law practice in 1932.

Clark was named special assistant to United States Attorney General Homer S. Cummings in 1937. Working in various capacities, he remained with the attorney general's office since that time, and was named attorney general of the United States by President Truman in June, 1945.

Mr. and Mrs. O. L. Kidwell and daughter, Miss Dorothy, and Mr. and Mrs. W. T. Kidwell and daughter, Karen Beth, returned on Thursday of last week from a few days visit among relatives at Elk City, Oklahoma.

Dainty Feminine Star and Chalk Faced Clown present a sharp contrast to the gigantic bulk of Babylon, huge elephant with C. R. Montgomery Wild Animal Circus.

ELEPHANT SERVES CIRCUS IN TWO VALUABLE WAYS

Not the least among the attraction with C. R. Montgomery Wild Animal Circus coming to Tahoka on Friday, May 2, is the rough, rugged and ready elephant.

An elephant is indispensable to a circus in more than one way. Elephants symbolize the circus more than any other animal, and certainly no circus would be complete without an elephant.

But they also earn their daily "wages" of hay and peanuts by an entirely different form of service. In setting up the circus, they do double duty by hoisting the heavy canvas of the big top, rolling wagons into place, and being generally useful wherever power is needed.

Whether entertaining her public in the menagerie, or pulling a mired wagon off a muddy lot on a rainy night, Babylon, the huge C. R. Montgomery pachyderm is equally obedient and dependable.

W.M.U. INSTITUTE TO BE HELD IN O'DONNELL

Announcement is made that the W.M.U. of the Brownfield Baptist association will hold a Mission Study Institute in the First Baptist Church of O'Donnell on Thursday, April 24.

The theme of the Study will be "Stewardship."

The following program has been announced:

10:00 a. m.—Song services and devotionals led by Mrs. J. T. Middleton of O'Donnell.

10:15 a. m.—Class demonstration for W.M.U. and Y.W.A. "Message of Stewardship," Cushman; by Mrs. Levi Price of Tahoka.

11:00 a. m.—Class demonstration for Intermediate R.A. and G.A. leaders. "Stewardship in Life of Youth," Medlin; Rev. Sam Brison of Brownfield.

11:45 a. m.—Special Music, O'Donnell. Announcements.

12:00 Noon—Lunch.

1:00 p. m.—Class Demonstration for Junior R.A. and G.A. leaders.

Track Team Wins Points At District

Tahoka High School track team participated in the Class A district meet held in Texas Tech stadium Monday. Andrews and Seminole, respectively, ran away with the meet. However, Tahoka garnered 4 3/5 points to take sixth place. Duane Carter won second place in the high jump, and Nat Park was fourth in the discus throw.

Garland Pennington was able to be back on the job as Manager of Lyntegar Cooperative Thursday morning after having been laid up for a week with the flu. Mr. and Mrs. J. C. Womack and their baby have also been sick of the flu for several days but are now improving.

Approval Given For Mrs. Leona Parks Advanced School of Draw Dies

The McNeely Flying Service was approved last Wednesday for advanced flying instruction.

Frank W. Cazier, Civil Aeronautics Inspector for this section of the State inspected the Tahoka Airport, shop, equipment and airplanes and gave his OK for Mr. McNeely to start his advanced program.

Mr. McNeely stated that the program would begin immediately and that the enrollment of ex-GI's who have previously completed their primary flight instructions are now underway. Also anyone that holds a private pilots license can enroll in the school for advance training.

The school was already a primary approved school, and now the new approval enables the McNeely Flying Service to give instructions for Commercial license and for Instructors rating as well as for private license. In other words a person can start flying at the local airport as a novice and can secure an Instructor's Rating if he chooses to go completely on through the whole course now.

There will be a lot of night flying done in the advanced training program and lots of long cross-country flights, ground school, and acrobatics.

Conner Parsons, Charles Stewart, and Herbert Abrams will be the flight and ground instructors. Dea Parker is head A. & E. mechanic, and J. E. Nance and Bill McNeely will take care of the office work.

MRS. COX RETURNS FROM VISIT IN EAST TEXAS

Mrs. Jarrell Cox returned last week from a visit with her sons and their families, Paul Cox and family in Decatur and Jimmie Cox and family in Athens. Jimmie and family had just moved into their lovely new home there. He has recently been promoted to the position of assistant manager of the Safeway Grocery Store at Athens. Paul is in school at Decatur.

Mrs. Cox also attended a family reunion at the home of her mother, Mrs. G. C. Burks, in Grand Saline, where forty-two members registered. Her sister, Mrs. Wren Cox, and family were there from Rupert, Idaho. Wren Cox and Jarrell Cox are not related.

LADIES OF GARNOLIA WILL PRESENT PLAY

The ladies of the Garnolia community will present the play, "The Old Maids Club," at the Garnolia schoolhouse on Friday night, April 25, beginning at 8 p. m., according to Mrs. C. F. Carmack, one of the teachers.

Don't miss this; you'll get a good laugh.

Mrs. Leona Parks, 76, a resident of Draw and O'Donnell for thirty years, who removed a few months ago to the home of her daughter, Mrs. Della McMillan in Lubbock, died at the latter's home early Tuesday morning, and it was announced that funeral services would be held in the O'Donnell Methodist Church at 2 o'clock Wednesday afternoon, to be followed by burial in the cemetery at Draw.

Her husband died in 1939 and his remains were buried at Draw. He is kindly remembered by the people of Draw and by many residents of Tahoka, O'Donnell, and other communities in the county. Mrs. Parks will be long remembered for her queenly Christian character.

Mrs. Parks is survived by one son, T. I. Parks of Buffalo Gap, 11 grandchildren, 19 great-grandchildren, two brothers, and a sister.

TAHOKAITES TEACHING SCHOOL IN ALASKA

LUBBOCK, April 17, (Sp.)—The Texas Technological College Teacher Placement Service has assisted the Government in filling three teaching positions overseas, according to Dr. Doyle D. Jackson, director.

Miss Efelice Dockray of Lubbock, who received her master's degree in education at Tech in 1938, was sent to the Lehi, Hawaii, school some time ago and is now with a school on the main island of Japan.

Mr. and Mrs. Roy Jameson of Tahoka, also Tech graduates, are in charge of the school at Tundra, Alaska.

BIGGERSTAFFS ADOPT BABY

Mrs. Omera Biggerstaff and her mother, Mrs. R. C. Forrester, drove down to Fort Worth Tuesday and came back Wednesday night with a two-week-old baby girl, whom Mrs. Biggerstaff and her husband, J. A. Biggerstaff, expect to adopt. Mr. and Mrs. Biggerstaff went down and saw the little lady before he left for Philadelphia.

The infant has been named Anna Lee for her two grandmothers, Mrs. Forrester and Mr. Biggerstaff's mother.

BAPTIST CHURCH SERVICES

In the absence of the pastor, Rev. Levi Price, who is conducting revival services at Denver City, Dr. Fred Fisher, Bible teacher at Hardin Simmons University, will fill the pulpit at the Baptist Church next Sunday at both the morning and the evening hours, according to the church secretary, Miss Mildred Cox. He is a great Bible scholar and is said to be an able speaker. The general public is invited.

CARD OF THANKS

We wish to thank each and every one who have been so kind to us during our sickness, for the beautiful flowers, their visits, and the kind words spoken. May the Lord bless you all.—E. H. Cunningham and wife Mina.

Mr. and Mrs. Newt Barham, Mr. and Mrs. Cody Bragg, and Mr. and Mrs. Hubert Tankersley went down to Possum Kingdom Dam last weekend but they didn't come back bragging about the number of fish they caught.

D. R. Adams of the Dixie community returned home Monday from Hot Springs, New Mexico, where he has been spending the winter. He reports that the weather and the climate have been wonderful there. He comes back feeling somewhat improved in health.

Mrs. J. H. Cobb and her daughters, Mrs. A. C. Aycox, Miss Virgie Cobb, and Mrs. L. T. Robertson returned last week from Albuquerque, where they had spent a week visiting another sister, Mrs. J. J. Hamilton.

That mess at the A. & M. College may have been settled before this appears in print but if not we hope that it may be settled soon, and settled in a way to impress the student body and all others that any state educational institution must be run by the legally constituted authorities. We do not believe that the ordinary soldier boy upon coming home and entering college is disposed to give trouble, but there certainly have been trouble-makers among the soldier students in many colleges the past year. We harbor the suspicion that most of the leading trouble-makers get their inspiration from a common source, and that that source may be found in one or more of the subversive elements of our population. Whether that be true or not, the rebellious and unruly among student bodies wherever found must be put down or they will give more and more trouble in the years to come. The board of directors of the A. & M. College insist that the trouble in that institution was brought about by a few students who were embittered because the board abolished hazing in that institution. The leaders of the rebel students insist that President Gib Gilchrist is the cause of the trouble. But when called upon to particularize

respecting his alleged mistakes and defects, about all they can say is that he is a misfit, or that he is inept, or that he is autocratic. They can accuse him only in general terms. We think that the legislative committee, which is investigating the affair should give no comfort and express no sympathy for the student insurrectionists. The College authorities should be given a free hand to punish them or to kick them out of the college.

The most common criticism of the courts that we hear these days is that they kill too much time. Seemingly, judges on the bench permit cases to drag along until the patience of the listening layman is just about worn out. This criticism can be justly made of many trial courts, but the courts are not always idle and merely killing time when they seem to the layman to be so. Judges often must be very careful and "go slow" in order not to violate the rights of the accused citizen on trial. Furthermore, a judge is often busy writing a charge and studying and debating with himself some fine point of law which has been raised, in order to be sure of his ground and to properly protect the rights of the defendant without at the same time selling the State "down the river" on the point raised, while the jury waits and witnesses and sitters on the sidelines wait and grow impatient and cuss. They think the Court is wasting a lot of time, when in fact he is working like fury to follow the law and save time. The same seeming waste of time often results when some attorney makes some kind of motion on which the Court must rule and rule correctly or be reversed, in which case there will be waste of time and money sure enough. We believe, however, that courts should keep jurors, and incidentally witnesses and prospective jurors and the public generally, informed as to what is going on behind the closed doors. That would satisfy them and would prevent them from thinking that the Judge was needlessly killing a lot of time.

If proper inspections have not been made of the coal mines and proper care has not been taken to keep them safe, then the law should make it mandatory that extraordinary precaution be taken hereafter to make the mines a safe place in which to work—as safe as it is reasonably possible to make them. If the miners are not being paid reasonably high wages for their labor, then the operators should be required to raise the wages, and along with that strict laws should be enacted to discourage and curb unjustifiable strikes. The public is vitally affected by strikes as well as are the miners and the operators; and there should be a government supervisor or board of supervisors to settle all disputes between miners and operators and to prevent strikes and shut-downs, if such can be constitutionally done.

Read the Classified Ads.

Henry Wallace, former vice-President of the United States and former cabinet member, has been in England recently making vicious attacks upon his own country for its evident purpose to lend financial aid to Greece and Turkey to enable them to fight back the Russian communists who are as busy as a one-armed fiddler at a breakdown infiltrating themselves and their propaganda into these countries with a view to eventually gobbling them up. The United States is not going to permit anything like that to happen if it can prevent it. Both of the great parties in this country are against it. For they know that the further Russia goes, unopposed, on the road to power and eventual world-domination, the harder it will be to stop her and the greater will be her efforts to spread her propaganda and influence in our own country. Communists are already among us working like beavers to the end that our country shall be Russified. Democracy overthrown, and Communism established. We don't believe that they can ever succeed, but we had better keep the elephant's snout out of our tent. Wallace is mad, apparently, because we are determined to stop Russia. We have never heard of his denouncing Russia anywhere, either in England or in America or anywhere else, but he goes to England and thrusts the dagger into the back of his own country. If Russia should eventually attack America—which she probably will never do—we wonder which side Henry Wallace would show up on. He certainly has just about forfeited the respect of all really patriotic, liberty-loving American citizens. If he wants to talk about America, let him come to America to do it.

CARD OF THANKS

We are truly grateful to the people of Wilson who were so kind and sympathetic, and so thoughtful of us in the bereavement which we have just suffered in the loss of our father and grandfather by death. We appreciate the floral offerings, cards of sympathy, and all other expressions of kindness shown us.—Mrs. H. Hannabas, Mrs. E. J. Moore, Mrs. L. A. Watson, Mrs. Minnie Bell, Mrs. Tom Ramo, and H. M. Crumbley.

CARD OF THANKS

We take this means of expressing our sincere thanks to our neighbors for the great kindness which they did for us last Friday in plowing over our land, while Mr. Gass was unable to do so on account of sickness. We shall never forget this thoughtful and neighborly service rendered us.—Mr. and Mrs. T. H. Gass.

RELIEF FROM BACKACHE

This suffering from soreness, aching, irritation, swollen ankles, rheumatic pains can be relieved. Balance the pH in the body fluids by buying CIT-ROS, and your system quickly removes the pain, soreness and discomfort. Secure CIT-ROS \$1.00 at your druggist. For sale by WYNNE COLLIER, DRUGGIST

Mr. and Mrs. J. C. Sparks had a happy Easter at their home at Three Lakes for on that date they had all their children together in their home for the first time in five years. Those present were: C. J. Sparks with his wife and son of Hobbs, N. M., Ray L. Sparks with his wife and daughter of Los Angeles, and Tommy Sparks of Brownfield, together with the three daughters, Mrs. Tommy Davis of Tahoka, and Misses Ruth and Eva John of the family home.

We've Built a Home For HAPPY LIVING

... with Adequate Electric Wiring

We've built our home for happiness. Planned it right for bright living, electrically.

We're going to spend the best part of our lives in this home, and so we've planned it just the way WE want it.

We've placed outlets conveniently in every room so we can move lamps and appliances around at will. We've made sure the wire installed is large enough to carry all the current needed for the lights and appliances in every room, and we've had large enough circuits installed to handle all the low cost electricity we'll need for years to come.

WHAT ADEQUATE WIRING MEANS

ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.

ENOUGH OUTLETS and switches for convenient living.

LARGE ENOUGH WIRE for serving your present and future needs.

Lynn County Aids In Polio Program

Clint Walker, chairman of the Lynn County Chapter of the National Foundation for Infantile Paralysis, said recently that local contributions to the March of Dimes had helped make possible a huge new program aimed at expanding the reservoir of scientists trained to carry on the fight against polio.

He said the program had just been announced by national headquarters of the Foundation and the National Research, of Washington, D. C. It will be financed with \$200,000 in March of Dimes funds and will be administered by the Research Council.

Lynn County's contribution in the March of Dimes financial drive made in this county with Terry

Thompson as chairman was \$1,132.44, the largest in the county's history. Contributions were made almost solely through the churches and the theatres. Half of the amount is retained in the county to meet possible local needs, and the other half sent to National Headquarters.

The foundation grant, Mr. Walker said, continues support of fellowships for young physicians of exceptional promise in virology, orthopedics and pediatrics, and will make possible new senior fellowships. Mr. Walker said the funds were derived from the 50 per cent of March of Dimes sent to national headquarters by local chapters.

The fellowships provide up to \$6,000 annually per Fellow and up to \$1,000 annually for laboratory expenses. Most Fellows will study for three years at various universities throughout the country and some will have the opportunity to continue for another three years.

The local chairman said the Fellows would devote much of their time to work in the field and in laboratories, and would be available during polio epidemics for special assignments on behalf of chapters of the National Foundation.

The end of the war, he said, had released many promising young scientists to civil pursuits, and the Foundation is expanding its support of the fellowship program so as to harness their talents in fighting disease.

Softball season opens in Tahoka next Tuesday night with the Tahoka C. of C. team playing the Plainview club here at 8:30.

INMAN REUNION

The home of Mrs. Florence Cowan and children was the scene of a family reunion last Sunday, April 13, when Mrs. W. P. Inman of Snyder was honored because of her approaching birthday, and to afford all the Inman brothers and sisters an opportunity to be with their sister, Mrs. Maudie Chandler of Salem, Oregon.

At the noon hour the group enjoyed a bountiful feast together, the only sad note being the absence of one sister, Mrs. Melvina Inman of Brownfield, who was ill with the mumps.

Mrs. Inman's sons and daughters and their families who were present included: Mrs. Cora Shearer of Lamesa, Jack Inman and Mrs. Ornelia Walton of Snyder, Mrs. Maudie Chandler, Mrs. Mary Ellen James, New Home; Mrs. Nora Belle Wood of Colorado City, Sherman Inman of O'Donnell, John, Travis and Mrs. Cowan all of Tahoka. Many of their friends called during the day.

ENGAGED COUPLE GIVEN PARTY AND SHOWER

The Joe Stokes Home Demonstration Club entertained with a social at the Community Auditorium, Thursday night, April 10, honoring Miss Wanda Martin and Robbie Gill who are to be married April 18. Old time games were enjoyed by all.

A shower of gifts presented the couple included a beautiful bedspread given by the Club.

Refreshments were served to: Miss Martin, Mr. Gill, Mr. and Mrs. F. W. Martin, Lubbock; Mr. and Mrs. Bunk Gill, Barrett, A. B. Allen, Willis Landers, M. A. Shockley, Alvin Shambeck, Homer Campbell, H. D. Dean, J. H. Smith, Jessie Wilson, Tom Russell, C. L. Murray and Mmes. W. P. Martin, Lee Shockley, W. K. Pierce, the Gill family from Cooper and several children of above families.

Mrs. E. H. Cunningham got up on Wednesday of last week from an attack of pneumonia but on Friday had to take her husband to a Lubbock hospital suffering from the same ailment. After he had been given a penicillin shot she brought him back home but had to take him back Sunday for another shot. He is now at home and up most of the time.

Mr. J. C. King, father of Mrs. R. E. Fisher and Mrs. Dub Riddle underwent a major operation in the Lubbock Memorial hospital Monday morning. He was resting as well as could be expected. Mr. King has been in a very serious condition, having been in the hospital a week before his operation, receiving blood transfusions.

GUARDIANSHIP OF HELEN PEARL BISHOP AND JESSIE J. BISHOP, MINORS

In County Court of Lynn County, Texas.

Sitting in matters of Probate: To all persons interested in the above minors and their estate:

You are hereby notified that I have on the 16th day of April 1947, filed with the County Clerk of Lynn County, Texas, an application for authority to make, to Standard Oil Company of Texas, an oil, gas and mineral lease on that certain real estate belonging to such minors, described as follows:

An undivided one-half interest in and to the North one-half and the north 53 1/3 acres of the east 240 acres of the south one-half of section No. 65, Block No. 20, H.E. & W.T. Ry. Co. lands in Lubbock and Lynn Counties, Texas, containing 373 1/3 acres, more or less, said interest of said minors being 186 2/3 acres, more or less, belonging to said minors and their estate;

That the Hon. Tom Garrard, Judge of the County Court of Lynn County, Texas, on the 16th day of April 1947, duly entered his order designating the 28th day of April 1947, at 10:00 o'clock A. M. in the County Court room in the Court-house of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

Eva A. Welch, guardian of the estate of Helen Pearl Bishop and Jessie J. Bishop, minors.

ELDER DRENNON VISITS HERE AFTER CONDUCTING FUNERAL

Elder R. P. Drennon of Melrose, New Mexico, who came down to conduct funeral services for Mrs. Missouri B. Honeycutt who died late Thursday afternoon, remained over to visit friends Friday night and Saturday morning. Calling at the News office, Elder Drennon stated that he was giving up the work at Melrose, after having been there as Minister for the Church of Christ for the past six years. He could not say where he would accept work next, but it is a sure

shot that he will be laboring for the Lord somewhere. He was the Minister for that Church here for about three years and then for several years at O'Donnell, and never was there a more conscientious or courageous Minister of that Church here than Brother Drennon. He still has little of this world's goods but he has lots of treasures laid up in Heaven.

STRANGE TRUE STORY INVOLVES TAHOCA WOMAN

Mrs. Jim Bannister recently attended a family reunion in Walters, Cotton county, Oklahoma, and in reporting the event The Walters Herald reveals a strange story, which follows.

A family reunion over the weekend in the home of Mrs. J. S. Head, of Walters, brought together three sisters for the second time in 57 years, and a brother and sister who had never met before.

Here with Mrs. Head from Saturday until Monday were her half-sisters, Mrs. F. A. Gwatney of Conway, Ark., and Mrs. Jim Bannister of Tahoka, Texas. The three sisters were together for the special occasion of welcoming George Gallaway of Kansas City, Kansas, their half-brother who had never before seen Mrs. Head.

The four here were all Gallaways. Mrs. Gwatney and Mrs. Bannister are full-sisters, and when their mother passed away, their father married Mrs. Head's mother. When the couple separated while Mrs. Head was an infant, the mother took the baby with her. Out of the third marriage George Gallaway was born.

An odd angle to this case was the fact that Mrs. Head and Mrs. Bannister lived in Hugo prior to World War I, were members of the same circles, and were acquainted and friends, but were not aware of their relation until years later.

Mrs. Head, her sisters and brother accompanied Rev. Head to Cornum Baptist church, east of Walters Sunday, where a celebration was held, and special honors were extended them.

Mrs. Bannister was accompanied to this Easter Sunday reunion at Hugo by her grand-daughters, Misses Clara Gene Scruggs and Juanelle Mabry, of Tahoka.

LOCAL PASTOR HOLDS REVIVAL AT SAN SABA

Rev. T. L. Pond, pastor of the Redwine Baptist Church, recently did the preaching in a revival with the Bethel Church in San Saba county and reports a great religious awakening there as a result of the meeting, especially among the young people.

There were seven conversions during the meeting and eight baptisms, one of the eight coming from another denomination. The converts, he says, range in age from 8 to 60.

The pastor reports that a Baptist Training Union Study course was begun at Redwine Sunday night, with Rev. F. M. Wiley of Central Baptist Church teaching the course. The enrollment the first night was 67. He reports Church and Sunday school attendance there is steadily increasing.

JOE STOKES H. D. CLUB

The Home Demonstration Club women at Joe Stokes recently held an all-day work meeting, with a picnic dinner, at the former Baptist Church building which is now being used as a community center. After the housecleaning was finished a business meeting was held.

Since our last report the Club has held an all-day meeting in the home of Mrs. Hilary Smith and made a slip cover for her divan. Our next meeting will also be an all-day meeting at the Joe Stokes Auditorium, where we will quilt for Mrs. H. D. Dean.

Our Council member enjoyed helping serve a luncheon to the Commissioners' Court, County Judge, and other guests at the American Legion Hall in Tahoka last Monday.

District Baptist Brotherhood Will Meet At New Home

The regular quarterly meeting of the Baptist Brotherhood of the Brownfield Association will meet with the local Brotherhood of the New Home Church on Tuesday night, April 29.

Judge Thomas J. Pitts of Odessa has been invited to be the guest speaker. He is a well known lawyer and has been very active in Brotherhood work. He is an excellent speaker and will doubtless have a dynamic message for this meeting.

All Brotherhood members in Lynn and Terry counties are urged to be present, and other men, regardless of their church affiliation, are invited. Each Brotherhood in the Association, however, should advise either Rev. E. C. McDonald, the pastor of the New Home Church, or Wayman Smith, president of the New Home Brotherhood, several days in advance how many men may be expected from his church and community, for the accommodation of the New Home ladies who are planning to prepare the meal for the occasion. McDonald and Smith should be addressed, Rt. 1, Wilson, Texas.

A brief musical program will be given by the New Home Brotherhood prior to Judge Pitts' address.

All pastors of Baptist Churches in the Association are asked to give this meeting all due publicity and to bring as many men from their respective churches and communities to the meeting as possible. It will be worthwhile.

PYTHIAN SISTERS IN SOCIAL AND BUSINESS MEET

Lynn Temple No. 45 met in regular meeting Tuesday night, April 15, with 23 members present.

After the business meeting a social hour was enjoyed, during which time Mystery Sisters were revealed and the gifts displayed. A box of chocolates, a gift from one of our members, Miss Alta Mae Anderson, who is now home demonstration agent of Hockley county, was passed and enjoyed by all.

A social is planned for Tuesday night, April 29. All Pythian Sisters are invited to bring any ladies they wish, whether members or not.

Hot spiced tea and cake were served by the hostesses, Tummie Terry, Frances Chestnut, and Lois Bledsoe.

CARD OF THANKS

We wish to thank our many friends and neighbors for the kindness shown us during my period of illness, for the many cards, letters, flowers, and the offering which greatly helped in paying my hospital bill. May the Lord bless each and every one of you.—Mr. and Mrs. Marion Hall and children.

STOP DOSING YOUR STOMACH FOR CONSTIPATION...

WHEN constipation hangs on and you have that listless, "half alive" feeling chances are it's not your stomach but your intestinal tract that's at fault. Sluggish intestinal muscles permit waste to accumulate... gas is formed and often you feel miserable, nervous and out of sorts.

For real relief... take the new, improved, ADLERIKA the Tone-Up Laxative. It moves waste quickly but gently to relieve constipation and gas. You'll enjoy a new feeling of pep and vitality when your digestive system is in perfect order. Try ADLERIKA today and you'll learn why over 20,000,000 bottles have been sold. Caution: take only as directed.

New Home News

By Mrs. A. L. Pace
The Seniors of New Home school were honored with a banquet by the Women's Missionary Society of the New Home Baptist Church at 8 o'clock last Tuesday night.

The W.M.S. honors the Seniors with a banquet each year. Mrs. J. B. Edwards is president of the W.M.S.

"Making a Sea Voyage" was the theme of the program. A color scheme of orchid and white which are the Senior's colors were carried

out. Orchid and white ships were used as plate favors, and orchid programs. The candle-light table was decorated with ferns and orchid sweet peas. The girls waiting the table were dressed in sailor dresses to carry out the theme of the sea voyage.

Rev. E. C. McDonald gave the invocation. After being seated at the banquet table the guests sang "Sailing, Sailing, Over the Bound-ing Main".

Mrs. Loyd McCormick was toast-mistress. The program was composed of tableaux representing the various countries visited on the sea voyage. Hawaii was represented by Hoytine Jobe, singing "Aloha-Je". She was dressed in a grass skirt and lei. China was represented by Peggy Murray and Don Smith in costume, eating rice with chop sticks. Russia was represented by L. W. Goad, Bobbie Vandiver, and Don D. Balch, singing the "Volga Boat Song." Dorothy Ann Balch represented a Mediterranean pirate. India was represented by W. A. Jobe charming a snake. Africa was represented by Durwood Unfried in blackface singing "Down the Road." He was accompanied by Mrs. Henry Heck. Representing Ireland, Mrs. W. R. Adams sang "When Irish Eyes Are Smiling." In a big straw hat, full skirt, and huaraches, Grete Heck gave an accordion number as a representative of South America.

The after-dinner speaker was Rev. Melvin Rathel of Lubbock whose subject was "End of a Perfect Day." At the close of his speech, accompanied by Mrs. Rathel, he sang "End of a Perfect Day," the Senior class song. Benediction was given by Mr. Wilmer Smith.

The faculty members attending were Mr. and Mrs. Wilmer Smith, Mrs. Jesse Ganus, A. L. Pace, Mrs. Roger Blakney, Nelda Jobe, Jo Dean Jones, Bob McAllister, Bonnie Faye Rogers, Geraldene Jones, Betty Mary Fillingim, La Verne Knight, and Frances Green. Special guests were Rev. and Mrs. Rathel, Mr. and Mrs. Adams, Rev. E. C. McDonald and the hostesses.

Junior-Senior Banquet
The Junior and Senior Banquet was held Saturday night at the Party House in Lubbock. Mrs. Roger Blakney, the Junior sponsor, and Jewel Dean Harmonson were in charge. The decorations were beautiful. A large bowl of red roses and red candles centered the tables. The place cards, menus, and programs were red and black and were silhouettes of graduates.

The welcome was given by Miss Harmonson and the response by Jo Dean Jones. A toast was given by each member of the Junior class to the members of the Senior class. Betty Fillingim read the Class History, Nelda Jobe read the Class Will and J. A. Godfrey gave the Class Prophecy. Then the group sang "Auld Lang Syne".

The Robert's Studio took two pictures of the group before they departed. The Senior class appreciate the thoughtfulness of the Juniors. The event helped to make their year complete. This is an annual affair that the Juniors give the Seniors.

CARD OF THANKS

We wish to express our sincere thanks and gratitude for the kindness extended by our friends during the illness and upon the death of our father and grandfather, M. C. Crumley. May God bless each and every one.—The Family.

ROM. 10:14

SALUTE YOU!

IN HIS NAME

Acts 4:12

Check No. 1

PAY TO John Doe Little Tahoka, Texas, April 15, 1947 \$1000.00

One Thousand and no/100 DOLLARS

First National Bank Tahoka, Texas Charge to account of John Doe

Check No. 1 Jerusalem, Pal., A.D. 33

PAY TO "He that believeth and is baptized."

SALVATION: Mk. 16:16 Charge to account of Jesus Christ, The Son of God.

Bank Of God's Grace In Heaven

Neighbor, if your name was John Smith, could any one make you believe the bank at Tahoka, Texas would pay you the \$1000 called for in the face of the check dated from Tahoka?

Because you have one of the names stated does not entitle you to the cash, and you would not allow any one to so deceive you as to believe you were.

Why will you allow any one to cause you to take chances on the salvation of your soul when at best you can only qualify on one of the stipulations of the statement from Jerusalem, made by the Christ—"Faith."

That you will make it as sure as you can is my prayer.
Price Bankhead, Post, Texas.

It outpulls a Rip Tide...and OIL-PLATES your engine!

IN ITS GRIM TUG-OF-WAR with the tides, a harbor buoy has for ally one of nature's mightiest forces... the force of molecular attraction which holds particles of steel together in mighty plates and chains!

WHEN YOU CHANGE FOR SPRING to Conoco Nth motor oil, that same mighty force of molecular attraction bonds molecules of a special added ingredient to molecules of metal—pulling lubricant and metal so close together that cylinder walls and other fine-finished surfaces are actually OIL-PLATED!

BECAUSE OIL-PLATING STAYS UP on cylinder walls... doesn't all drain down even overnight... a change to Conoco Nth gives you EXTRA protection from corrosive acid action when your engine is idle... EXTRA protection from sludge and carbon caused by wear... EXTRA smooth, cool, silent miles.

STOP AT THE RED of Your Conoco Mileage Merchant. Continental Oil Company

Make a date to OIL-PLATE...NOW!

WINSTON C. WHARTON

Conoco Representative

Wilson Becoming Irrigation Center

The News has heretofore made mention of several irrigation wells in the Wilson area, but as we drove along Farm Road No. 211 and noted a well on the Roger Blakney farm two miles west of Wilson spouting a great stream of water last Friday morning we were impressed again with the irrigation possibilities of that section of the county.

Upon making inquiry, we were told in Wilson that under a recent test, this well pumped 1278 gallons of water per minute. So, it could be counted on for more than 1,000 gallons per minute regularly. Near by on the W. P. Kios place, there is another 1,000-gallon well, and just a little farther out, Jasper Campbell has still another. Pat Swann, about five miles northwest of Wilson, has two wells that are good for 1,000 gallons each. Others in that area who have wells almost if not quite as strong are John Sander, G. L. Nelson, B. L. Hatchell, Arthur Gickhorn, the Muensch brothers with three wells and Louis Mueller with two.

Grady Boyd has one two miles west of Wilson that tested 818 gallons per minute. John Heck, Ed-

Infant Negro Child Died Last Friday

A Negro baby, George Favers Jr., five and a half months old, son of George and Rose Gladys Favers, died at the home of its parents here at 11 o'clock last Friday night. The remains were buried in the Cemetery for colored people at 1:30 o'clock Saturday.

Funeral services were conducted by L. B. Kirkland, Minister of the Colored Church of Christ of Lubbock.

LYNN COUNTY VETS ARE KEEPING THEIR INSURANCE

Charles F. Dvoracek, Veterans Administration Itinerant Contact Representative, serving Tahoka, said today that veterans in the Tahoka area are responding to the advice "hold on to your GI Insurance", as evidenced by the great number who are flocking to the VA Contact Itinerant Station, located in the County Courthouse, in Tahoka, to reinstate or convert their GI Insurance.

To veterans in this area who have missed payments on their GI Insurance Charles F. Dvoracek said "It's not too late to reinstate. Under conditions made possible by a recent act of Congress, a veteran who allowed his insurance to lapse may reinstate it by paying one month's premium and signing a statement that his health is as good as it was at the time of lapse."

It was pointed out that some veterans have been confused over the matter of converting GI Insurance. Due to misinformation, a few veterans have been led to believe that "converting" means dropping government life insurance and buying a policy in a private company. This, of course, is not only a mistake but an injustice to the veteran.

By converting, the veteran retains his National Service Life Insurance and simply changes it from term insurance, the kind issued in the military service, to a permanent plan of National Service Life Insurance, Mr. Dvoracek said.

Mrs. Jim Cook, who lives out on Rt. 3, underwent a major operation at the West Texas Hospital, Lubbock, Tuesday of this week. She is reported to be "doing fine."

A modern oil derrick is as much as 136 feet high and weighs as much as 283 tons.

win Maeker, S. A. Cummings, and a number of others have wells of smaller production but yet are paying concerns.

These wells and others in that area bid fair to very materially increase the cotton production annually in the Wilson trade territory and they certainly augur well for the future of the town.

Tahoka Citizens Go Fishing, But Don't Go Near The Water

Ivan McWhirter, Jim Burleson, Levi Nordyke, Bud Milliken, Newt Barham, and Wilson Edwards hiked off to Jim Burleson's two-section ranch on the Rio Grande River near Presidio Sunday intending to do some fishing but found the weather so cold and the fishermen so numerous that they never even cast a hook into the water.

Ivan McWhirter reported that they crossed the Rio Grande and took supper in Ojinago, Mexico Sunday night, intimating that they had some sort of exciting experience, but declined to give particulars. They did some sight-seeing in the Davis Mountains Monday and came back home Tuesday. Between Fort Davis and Marfa they saw a herd of 35 antelopes, Ivan says, but of course there was nothing to be done about it.

DR. PROHL OPENS SURGERY UNIT

Dr. E. Prohl has opened the new Surgery Unit at the Tahoka Clinic and on Tuesday performed the first major operation in this institution. Mrs. Herman Reid underwent an operation for appendicitis. Dr. Seale of the Seale Clinic assisted in the operation. The patient is said to be recovering nicely.

This new surgical service to be afforded the people of Tahoka and Lynn county will doubtless prove to be not only a great convenience for the people of this vicinity but also a distinct asset to Tahoka.

WORKERS' CONFERENCE MEETS HERE NEXT TUESDAY

The Workers' Conference of the Brownfield Baptist Association will convene in the First Baptist Church here on next Tuesday morning at 10 o'clock.

Following song services led by L. D. Howell and the Devotional brought by Rev. Charles R. Mathis, pastor at Tokio, E. M. Collier will give a report and discussion of Hendrick Memorial Hospital, Abilene. He will speak at 10:20.

Rev. A. C. Hardin of Sundown, a former pastor here, will make a report respecting the Palo Duro Encampment project. He will doubtless have some interesting information for the Baptists of this association.

He will be followed at 11:00 o'clock by District Missionary, Rev. B. N. Shepherd.

At 11:45, Morris Roberts will present the claims of the Baptist Standard, and Rev. E. K. Shepherd will bring the associational sermon.

After lunch, the board meeting will be held and also the quarterly executive board meeting of the W. M. U. All chairmen are urged to be present and give reports.

The District II Flying Farmers of Texas will hold their annual Field Day at the Tahoka Airport on May 9 and 10. A Redco sponsored by the Tahoka Rotary Club will be held on any of these big events. A DeLynn May 10 and 11. There will also be two dances at the Tiptop Roller Rink with the Sunshine Trio furnishing the music both nights.

It is estimated that during World War II a soldier made an average of eight trips within the United States before going overseas.

Attend the two-day Rodeo that will be held here May 10 and 11. Only two afternoon performances.

About 13 percent of Americans are engaged in farming.

By Onie "Crow" Elliott

Howdy Folks: We've found the secret of gardening. Don't plant more ground than the misus can manage.

We like to garden, but by the time our back is used to it, our enthusiasm is gone.

We have also found out how to tell the difference between weeds and vegetables in the garden. Cut them all down and the ones that come up again are weeds.

You can live off a garden but to accomplish this, you have to live in it.

The best way to raise cabbage is with a knife and fork.

And as for spinach, about the only nice things we can say about it is that it has no bones.

And we make no bones of the fact that our overhead gasoline tanks with a factory made steel supports are the best that can be had. We furnish and maintain tanks free of charge. See us now for your overhead tank and fuel needs.

**How women and girls
may get wanted relief
from functional periodic pain**

Cardui is a liquid medicine
which many women say has
brought relief from the cramp-
like agony and nervous strain
of functional periodic distress.
Here's how it may help:

1-Taken like a tonic, it
should stimulate app-
etite, aid digestion,
thus help build resist-
ance for the "time" to
come.

2-Started 3 days before
"your time", it should
help relieve pain due
to purely functional
periodic causes.

Try Cardui. If it helps,
you'll be glad you did.

MINNEAPOLIS-MOLINE SALES & SERVICE

Thomas Dies . . .

(Cont'd from page 1)

the Tahoka Cemetery under the direction of the Stanley Funeral Home. Masonic honors were accorded the deceased, Tahoka Lodge No. 1041, of which Mr. Thomas had long been a member, reading their beautiful and impressive service at the graveside.

Mr. Thomas had been a resident of Tahoka for more than forty years, having come to Tahoka from Ellis county in 1906. For about 30 years he was engaged in the drug business here, starting in with his brother, A. I. Thomas who later sold his interest to a younger brother, Otho. At different times, the Thomas brothers conducted drug stores also at Post and O'Donnell. He was very successful as a business man and acquired quite a bit of farm and city property. Eleven years ago he and his brother, Otho, sold their drug business here to Wynne Collier of Post,

since which time he has been looking after his various property interests. Some years ago he wisely invested in some oil properties in the fields west of here, which have proven quite profitable.

As a business man for many years, Mr. Thomas acquired a great host of friends throughout Lynn county and this entire section of the state, being a man of sterling character and of the strictest integrity. He has long been a member of the Methodist Church and the Masonic order. For four years he served faithfully and efficiently as a member of the board of trustees of the Tahoka Independent School District, and almost since its organization he has been a member of the Rotary Club here.

Mr. Thomas was a native of Georgia but came to Texas in early life. He was the son of Mr. and Mrs. A. N. Thomas, having been born on December 12, 1877. He was married at Blooming Grove, Navarro county, Texas, on April 10, 1913, to Miss Laura Skiles, and

on Thursday of last week, just two days prior to his death, he and Mrs. Thomas celebrated their thirtieth wedding anniversary.

Besides Mrs. Thomas, survivors include an only son, Dr. Skiles Thomas of Houston, who was born and reared here, his wife Mrs. Alta Thomas and their little daughter, Susan Skiles Thomas; three brothers, A. I. and Otho Thomas of Tahoka and Dr. A. L. Thomas of Ennis; two sisters, Mrs. A. A. Walker of Tahoka and Mrs. R. H. Collier of Post; his mother-in-law, Mrs. Sarah Jane Harris, who has been residing in the Thomas home for several years, and a brother-in-law Elmer Harris of Dallas.

Wynne Collier of Tahoka is a nephew.

Other nephews and nieces include Mr. and Mrs. Paul Thomas of Ponder, Olin Walker of Lubbock, Mr. and Mrs. Alfred Walker and two daughters of Conway, Mr. and Mrs. Otho Walker and Mrs. Jim Blair Redfern of Amarillo, Miss Lucille Collier of Post, Mr. and Mrs. A. B. Thomas and son of Hobbs; all of whom were here for the funeral services.

Other out-of-town friends and relatives attending the funeral were Mrs. W. S. Skiles and Mr. and Mrs. W. S. Skiles Jr. of Dallas, R. L. Harris of Corsicana, Elmer Harris of Dallas, Mr. and Mrs. E. B. Harris of San Angelo, R. H. Collier of Post, Mrs. A. L. Thomas of Ennis, Mr. and Mrs. W. G. Lyons of Galveston, Mrs. E. E. Callaway of Abilene, Mr. and Mrs. J. R. Durrett of Post, Mrs. John E. Eldridge of Vernon, Mrs. Effie Townes of Lubbock, Mrs. J. W. Watson of Crosbyton, Mrs. Ruth Sparks of Lubbock, Mr. and Mrs. Logan Redford of Brownfield.

Lions Club . . .

(Continued from page 1)
Forest to Tahoka, Lion B. C. McCaslan of Lubbock responded.

George Young introduced the toastmaster and Calloway Huffaker took over.

He had wisely taken time by the forelock and assembled a flock of funny stories which he used freely and felicitously in introducing "Distinguished Guests" and visiting delegations, visitors being from Lubbock, Brownfield, Lamesa, Post, Slaton, Tahoka, and other towns in this area. Seriously, Calloway did a good job of it, though he himself refused to get serious.

Tap Dance numbers were given by Barbara Wells and Sandra Kemp. Six Music pupils of Mrs. Marcus Edwards gave a vocal number while she accompanied on the piano. Mrs. Edwards herself then treated the banqueters to a piano solo, a number which she played at a recital when she was taking Music years ago. In introducing this part of the program, Mrs. Edwards confided to the assemblage that she was a member of the first graduating class of the Tahoka public schools.

Toastmaster Calloway Huffaker was just beginning to explain that the Honorable Pete Smith of El Paso, a distinguished Lion who was to have appeared on the program, could not be present, when Mrs. Pete Smith suddenly crashed the door and broke into the hall explaining that her husband had sent her to speak in his stead, and for several minutes thereafter she continued to pour forth a volume of feminine wit and wisecracks that at first surprised, amazed, and then greatly amused her auditors. Her make-up itself was something marvelous, especially her protruding teeth. Some of her intimate friends later confided that "Mrs. Pete Smith" in reality was none

other than Mrs. Abbie Wharton of Tahoka. It was a good number.

Well, here is where we've got to cut this story off.

The Lions cut it off by singing "Don't You Hear Those Lions Roar?"

Elmo Burkett was the song leader and Miss Valerie Wells the pianist for the occasion.

Moral: If you don't want to hear the Lion roar, don't twist his tail.

County Roads . . .

(Continued from Page 1)
through New Home and intercept the Tahoka-Lubbock highway at Wayside, the chances are that he will there take the Lubbock end of the road and go to Lubbock except when he just must come to his county seat.

The building of that six and a half mile gap would give a direct open road for a vast number of farmers living north of it to their county seat town. With this stretch of road left in the mud, these farmers are directed to go elsewhere for their markets and their ordinary run of business.

Again, if the dead end of the "spur" at the Key place were eliminated and that road extended on south eight miles further to the Brownfield highway at the West Point, Gin, it would give a lot of people an outlet to Tahoka who under the present set-up will have to go around the world to get to Tahoka over a paved highway.

But somebody objects that there are no farmers out there to be served any way. If that is your idea, you evidently have not been in that section of the county recently. A prominent citizen of West Point estimated that 3,000 acres of land lying on both sides of the West Point road leading north to the Key place have been put in cultivation the past two years, and they are still working on the job.

At Petty, some of the people there suggested that the road leading south from that place some eight miles to a connection with the Brownfield highway 10 miles west of Tahoka should also be paved. There is one sandy stretch of about a mile on this new road that is almost impassable, they say, and the paving of this eight miles becomes highly desirable if the 6 1/2 miles east from Petty toward Dixie

is not paved.

It would not only give an outlet for a number of farms that have been opened up in the T-Bar ranch the past two years but would give hundreds of farmers in the Petty and Lakeview communities an almost direct route to Tahoka.

Don't misunderstand us, folks. We would not stop or hinder our road-building program at all, but

We can see that if and when the present proposed projects are completed, we will still be far from a complete and equitable road system in this county. If the State doesn't raise the money by taxation of our natural resources to complete the system of farm-to-market roads in this county, we will be compelled after awhile to issue more bonds in order to do the job.
