"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

County Soft Ball League To Begin Play On May 5

Final plans for the Lynn County Softball League season were completed at a meeting of managers held here Tuesday night. A two weeks' practice season will open on May 5 and close May 16, and the regular league season will open May 19. A single round-robin tournament will be completed by Aug. 1. At that time, the four highest teams on a percentage basis will have been determined, and a double round-robin tournament will be played by them from Aug. 4 to 18 to determine the championship. An 18-inch trophy will be presented to the winner.

Games will be played each Monday, Tuesday, Thursday and Friday night, except on nights the Tahoka Chamber of Commerce team of the South Plains League plays here.

Teams and their managers entering the Lynn County League are: American Legion, Frank Larkin; Grassland, R. M. Thomas or Short; O'Donnell, McLaughlin; VFW, Dodson; New Home, H. C. Hemmeline; Collier Drug, E. L. Walker; Wharton's, Wade Holland; Flying Farmers, Bill McNeely; and High School Seniors, Travis Mason.

The team managers have chosen Coach Jim Foust, Travis Mason, Virgil Carter, and Urban Brown, all of the school faculty, to direct the league play. The directors also made up a set of rules and regulations by which play will be governed.

Regular season schedule will be published later. The practice or warm-up schedule follows, with all games to be played at 9:00 o'clock:

- May 6, Flying Farmers vs. American Legion.
- May 8, New Home vs. VFW.
- May 9, O'Donnell vs. Grassland.
- May 12, VFW vs. Collier Drug.
- May 15, New Home vs. High School Seniors.
- May 16, O'Donnell vs. Wharton's.

School Students At Rotary Club

With Vernon Brewer in charge students of the high school rendered the program at Rotary Thursday, a very interesting program that reflected much credit on the students.

Clarice Terry gave a vocal solo, with Miss "Betsy" Haney accompanying on the piano.

Doris Jane Roberts gave a piano solo and Sargent Munn followed with another voice number.

A reading was given by Nan Weathers and Billy Ray Kelly discussed Athletics, particularly Football.

The last number was an explanation and discussion of the Future Homemakers of America by Velma Ruth Howell, who has recently won some high honors in this work, having been elected to an important office in the state organization.

Two visiting Rotarians were present, one a Minister, Dr. McCord of Brownfield, and the other a business man connected with the hardware business in Sweetwater, H. O. Dean, who is a son-in-law of State Comptroller George Shepherd and well-known to a number of Tahoka people.

At a meeting of the Rotary directors held Wednesday night, it was decided to again sponsor the summer recreation program which the clubs initiated several years ago with the aid of other civic organizations and the City of Tahoka.

President and Mrs. L. C. Haney, Dr. and Mrs. Emil Prohl, and Mr. and Mrs. Fred McInty and possibly other Rotarians expect to attend the 127th District Conference at Fort Worth Sunday and Monday.

White Sells Texas Company Agency

A. L. White this week sold his wholesale Texaco products business to J. Troy Brown, who comes to Tahoka from Anson. His family will move out soon.

Mr. White will remain here.

Football Banquet Is Next Tuesday

All fans and parents of players are invited to attend the annual Bulldog football banquet which will be held in the gymnasium next Tuesday night, May 6, at 8 p. m. Admission will be \$1.00, and reservations may be made by calling the High School, No. 275, between 2:00 and 3:00 p. m. Saturday. Both men and women, boys and girls may attend.

The boys and Coach Foust promise that there will be an excellent program of moving pictures of a game last fall, short talks by local people, and a talk by a prominent coach. Fans are urged to lend the team encouragement by their presence at the meal.

Local F. F. A. Team Wins At Lubbock

A local F.F.A. crop judging team placed first and a poultry identification team failed to place in a big F.F.A. contest held at Texas Tech last Saturday, April 26.

Although his team failed to place, Billy Kelly scored top honors over 130 boys in the poultry identification contest, with a perfect score. The poultry identification team is composed of Billy Kelly, Duane Carter, and Dwain Townsend.

Gerald Wayne Tippit took first in the crop judging contest and tied for first in the entire crop contest, which included the crop judging, crop identification, and grain grading contests.

The crop judging team won first in that division and placed seventh in the entire crop contest. The crop judging team is composed of Gerald Tippit, Robert Adamsen, and Jimmy Small. Schools from F.F.A. areas 1, 2, and 4, covering approximately half of Texas and numbering 178, entered teams in the contest. Areas 5, 7, and 8 boys took part in the contest.

Lions To Attend Football 'Feed'

Last Tuesday night Mrs. Abbie Whorton and Mrs. Hutchison presented several young ladies from the grade school who put on a fine program for the Lions.

Plans were discussed on handling the concession at the airport May 9 and 10 with V. E. (Red) Brown as chairman of the committee appointed in handling the concession.

Next Tuesday night will be ladies night for the Lions club and the Lions and their ladies will be guests at the annual Football banquet at the local school at 8 o'clock. All members of the Lions club that have intentions of attending this event are asked to contact Pete Hegi in order that they may know how many to expect to attend.

Pete Hegi, Neal Stanley, Ted Clayton, and their wives, expect to attend the District 2-T Lions convention in El Paso Sunday, Monday and Tuesday.

FATHER-SON BANQUET

Boys of the Tahoka High School Vocational Agriculture department are holding their annual Father-Son banquet in the gymnasium tonight. Virgil Carter, instructor, is the teacher in charge.

BLIND VET OPERATES CHICKEN FARM

Operating a sizable chicken farm near Washachie, Texas, although blind, World War II veteran Otis L. White is shown stapling a new fence into place. Young Jimmy White, who has complete confidence in his pop, assists by holding his combs. White, who had 200 broilers ready for market when this photo was taken, attends a weekly Veterans Administration-approved vocational agriculture school.

Desert May Bloom Again As Result Of Grass Re-seeding Experiment Here

An experiment in grass planting by airplane that could, conceivably, be revolutionary to the West was conducted on the Hubert Tankersley farm at West Point Friday.

L. W. Salsbury and Roy W. Wicker Jr., who operate a dusting service at Lubbock, seeded nearly 40 acres of farm land for return to rangeland, dropping the seed with dusting equipment from a Stinson L-5 much as cotton is dusted by plane. Weeping Love Grass, developed at the Government's Amarillo Grass Experiment Station, was dropped on a sandy land field in the experiment. Success of the venture will depend on moisture, sandstorms, and other factors.

Though the re-seeding of range land is not entirely new, a great deal of progress has been made and knowledge gained in the last few years—since the drought of the

early 1930s—and only the last year or two has the Government begun to spread out its operations. Several new grasses have been developed for use in re-seeding range land and land that should never have been farmed in the first place in the Western States.

The re-seeding program is said to be proving a success on the North Plains. Recently, the Brownfield Junior Chamber of Commerce acquired a half section of land, and turned it over to the Government for re-seeding to grass experiments. A Mr. Portfield, a Government authority on grasses, is in charge of the Brownfield project.

This year, according to AAA Secretary Clint Walker, \$6,000 was appropriated to Lynn county for re-seeding of grasses. Oscar Roberts and Marvin Munn, operators of a ranch surrounding Salt, or Om-

TWO LOCAL YOUTHS ARE TO PREACH SUNDAY

Billie Ed Ware and Charles Fulkerson, two local youths who were recently licensed to preach by the Methodist Church, continue to be in great demand by churches of this area.

Next Sunday, Billie Ed will fill the pulpit at Lakeview and Charles Fulkerson goes to Dixie.

Last Sunday Billie Ed preached both morning and evening at Seagraves, and Charles was at Draw for the morning service and at Cooper in Lubbock county for the evening service.

Congratulations . . .

Dr. and Mrs. R. C. Roney on the birth of a girl weighing a little over eight pounds last Saturday night.

Winter Stages Mild Come-Back

Old Winter just kept on doing business on the South Plains through almost the entire month of April. On Friday night he gave what we hope was his farewell address. By Saturday morning he had driven the mercury down to a point just a little below 32 degrees and left old Jack Frost, sitting on the house tops and all the exposed car tops. Thin ice was in evidence in many places.

This is believed to be the latest date of a visit from old Jack Frost in many a year. Much of the fruit had been killed by a heavier frost the previous week, but this last visit on April 26 cleaned up most of the remainder. Still, there will be some fruit in spite of Winter's curious capers.

Wilson Elects School Head

The Wilson board of trustees has elected J. P. Hewlett of Southland as superintendent for the ensuing year.

C. O. Head, the present superintendent, had previously been elected superintendent of the Crosbyton schools and had accepted. He has been superintendent at Wilson the past four years. He served several years as principal of the high school, then went to Dickens one year as superintendent, and then came back to Wilson as superintendent there.

Mr. Hewlett has been superintendent at Southland for the past five years and seems to have been very popular there. The Wilson board offered him a higher salary and he accepted.

Mr. Harper, principal of the high school and Mrs. Archie Sims, principal of the grade school have both been re-elected for the ensuing year, as have all the other members of the Wilson faculty which now includes 13 members in addition to the superintendent.

Ben F. Young Of O'Donnell Dies

Funeral services were conducted at 3 o'clock Tuesday afternoon in the First Baptist Church of O'Donnell by the pastor, Rev. J. M. Hale, for Ben F. Young, 46, an O'Donnell plumber, who died Monday morning after collapsing in a car at Woodrow while returning home from Lubbock. Interment was in the O'Donnell cemetery.

After collapsing at Woodrow, Mr. Young was rushed to the Lubbock Memorial hospital but was pronounced dead upon arrival at about 11:00 a. m. A justice of the peace held an inquest and entered a verdict of death from natural causes, either from an attack of heart trouble or from a cerebral hemorrhage.

Young and D. W. Miers of O'Donnell had gone to Lubbock in a Miers pick-up truck loaded with hogs for Armour & Co. hog pens. They stopped at Tom French's store on Ave. H, where Young bought some plumbing equipment and then accompanied Miers on to the hog pens. There he complained of a "lump in my throat," but got relief at a drug store. The men then went to French's store and loaded Young's plumbing equipment onto the truck and started back to O'Donnell. They had reached Woodrow when Young collapsed, and he was taken in a farmer's truck hurriedly to the hospital.

Young had lived at O'Donnell about twenty years and had many friends there.

Survivors include his wife; two daughters, Patsy Jane and Frankie Jo; four sisters, and six brothers. Pallbearers were Henry Smith, Jack Smith, Dickie Harris, Delbert Myers, Bernie Pralin, and Buster Fletcher.

RECITAL MONDAY NIGHT

Mrs. R. L. Richardson will present her pupils in a recital at the High School auditorium Monday night at 8 o'clock. Everyone is invited.

District Flying Farmers Planning Celebration Here

On next weekend, May 9 and 10 the District II Texas Flying Farmers will gather at the Tahoka Airport on the Southern edge of the city limits for their first annual Field Day.

On Saturday and Sunday afternoons there will be a rodeo sponsored by the Tahoka Roping Club and the Lynn County Flying Farmers which will be the first show of that kind staged here since 1939 or 1940. This show is not supposed to be the best, but it will be a good one with only amateur ropers and riders competing.

The rodeo will be held on the rodeo grounds south of the Tahoka Airport and the admission fees will be reasonable.

On Friday most of the morning will be taken up with meetings of the District II Texas Flying Farmers with a free barbecue for the farmers and special guests at noon and in the afternoon there will be spot landing contests and new aircraft will be exhibited and demonstrated.

On Saturday morning crop dusting demonstrations and other uses of the airplane on the farm will be demonstrated. At noon there will be another barbecue open to the public with a small charge for this meal.

On both Friday and Saturday nights there will be a dance sponsored by the Lynn County Flying Farmers which will be open to the general public and will be held at the Tippit Roller Rink east of town. Music will be furnished on both nights by the Sunshine Trio and Band who are heard daily over two different Lubbock radio stations.

(Continued on last page Sec. 1)

Lights Replaced, Softball Tonight

The Tahoka C. of C. softball team will play the Lubbock Blusbonnet Laundry team on the local diamond tonight. Game time is 8:30 p. m.

The C. of C. team has postponed two games within the past week after being beaten by Plainview in the opening game of the season here last Tuesday night week.

On Friday night of last week they were scheduled to meet the Baldrige Bakery club in Lubbock, but the game was called on account of the wintry weather that blew up that day. However this game will be played at a later date.

Last Tuesday night the C. of C. team was slated to meet Primm Drug of Brownfield, but due to the fact that the lighting system on the local field was being changed and no lights were available here or at Brownfield, that game was postponed and will be played at a later date.

Tonight the game will be played under the new lighting system of the local softball field which will be a great improvement over the old lighting system.

The Chamber of Commerce has and is doing a magnificent job in building and maintaining the softball field and lighting system.

Next Tuesday night the C. of C. team does not have a game slated. On the following Friday night they will travel to Plainview for a game there that night.

The News was not informed as to whether the uniforms for the C. of C. team arrived or not, but we understand that they are nice looking uniforms.

There will be a small charge made for all the home games of the South Plains Softball League in order that they can help pay expenses.

Clothing Is Sent To Blast Victims

Clothing recently collected here by the Boy Scouts will be distributed immediately to the needy people of the blast-rocked Texas City area, according to Mrs. Rollin McCord.

The clothing was picked up by the Salvation Army, which will act as the distributing agent.

Youth Convicted At Brownfield

Harold Romeo Dove, an 18-year-old Vermont youth, was found guilty and sentenced to the penitentiary for a period of 50 years in the district court at Brownfield last week for the brutal murder of W. H. (Bill) Culver, a citizen of Odessa, en route to Brownfield in his car, on December 31, 1946.

Culver's body was found half-hidden by the roadside a few miles northeast of Seagraves during the next day, January 1. The youth was a hitch-hiker whom Culver was giving a ride. He confessed later to the murder and the taking of Culver's car.

The youth employed no attorney and the court therefore appointed attorneys to represent him, William J. McGowan and R. L. Graves, both of Brownfield. District Attorney Calloway Huffaker of Tahoka was assisted in the prosecution by County Attorney Virgil Crawford of Brownfield.

The case was tried before District Judge Louis B. Reed.

As a precautionary measure, Dove was heavily guarded by officers throughout his trial, as there was intense interest in the case and capacity crowds attended the hearing.

Bank Manager Dupes Robbers To Call Police

Holdup Men Had Sooped Up \$61,230 When Cops Arrested Them.

DETROIT, MICH. — Two gunmen who scooped up \$61,230 in an attempt to hold up a downtown bank were nabbed within two minutes as the bank manager tricked them into sounding the burglar alarm.

The men were captured at gun point by police as they tried to flee out the rear door of the bank, loaded down with money bags and a cardboard box full of currency.

Nine employees and two customers were in a branch of the Detroit bank when the two men, posing as customers, entered in mid-morning. Suddenly they whipped out revolvers and forced Robert Burns, bank manager, and 10 other persons into a corner near the vault.

Robber Presses Button.

They ordered Burns to open the vault cage door, which was locked, but he said he was unable to do it alone and asked one of the bandits to help. The unsuspecting gunman, acting on Burns' direction, pushed a button as the manager turned the vault key. The button was the burglar alarm.

As the bandits herded the 11 into the vault and crammed money into the cardboard box, police cars rushed to the scene. Two officers arrived at the rear of the bank just as the bandits started out. The latter surrendered without a fight.

Police identified the men as Andrew Firth, 28, and his cousin, Richard Firth, 27, both Detroiters, and charged them with armed robbery. Officers, seeking the driver of the getaway car who fled when police approached the bank, took Richard's brother, Woodrow, 29, into custody a few hours later.

Admit Other Crimes.

While the FBI conferred with police over prosecution, Andrew and Richard related to Police Inspector Marvin Lane the details of 26 robberies Lane said they admitted committing since last July. He said the men told of holdups of drug stores, jewelry stores, laundries, grocery stores and loan offices in the Detroit area which netted them \$14,600.

Both men, Lane said, admitted that the bank robbery was to be a "grand slam" that would end their career in crime. They hoped the robbery would net them \$200,000. Lane said, after which Richard said he was going to buy a farm and "settle down." Andrew said he planned to return to the life insurance business.

The bank is a member of the federal reserve system and the Federal Deposit Insurance Corp., making a holdup a federal violation.

Girl Wed in Church Where Her Funeral Was to Be Held

GLENDALE, CALIF. — The church in which the funeral of Lisa Wolff, 19, was to have been held three years ago was the scene of her wedding recently to Milton J. Palmer, 23, former army private.

Miss Wolff was stricken with peritonitis in 1943 and lay near death. Her family, told she had only a few hours to live, arranged for her funeral, ordering a casket.

The girl was flown to Mayo clinic, however, and recovered after hospital treatment paid for by Bud Abbott and Lou Costello, the comedians.

Stray Holstein Cow Takes Good Samaritan for Ride

SEATTLE. — Fred J. Johnson swears he'll never approach a stray cow again.

Deputy sheriffs rescued Johnson after a healthy Holstein had dragged him more than a mile down the highway.

Officers corralled the animal and Johnson explained: "Almost hit her with my car and stopped to tie her up to a fence post. She took off with me holding the rope. Never realized a cow could travel so fast."

Miss Nettie Bradley, of Kaufman, died Tuesday of burns sustained a few days ago, according to a telegram received by Don Bradley. She was a cousin of Don and Mrs. Allphine.

Mr. and Mrs. Ted Waggoner returned Tuesday morning from a business trip to Dallas.

Classified Ads Save You Money.

Nordyke Builds Worker Houses

L. M. Nordyke owns quite a number of houses situated along the east line of the Santa Fe right-of-way through Tahoka. Some of them he bought and others he built. Each of these were designed to accommodate a single family and are occupied by Mexicans.

He is now building an additional house which is expected to accommodate three families. It is a structure 12 feet wide and 48 feet long, divided into three rooms of equal size. The structure is being finished outside with imitation brick and will be nearly finished inside. Mr. Nordyke has recently built several other near, little structures for Mexican families.

He figures that there will be a great demand for such houses if a normal cotton crop is raised and will likely build more of them as the demand increases.

WAGGONERS MOVING FROM TAHOKA

Ted Waggoner and family are making their arrangements to remove from Tahoka soon. In fact, Mrs. Waggoner and the baby are expecting to leave this week end for Holland, where they will operate a picture show there.

Mr. Waggoner will not be able to leave Tahoka until August, as a new manager for the theatres here will not be available before that time. Mrs. Waggoner will operate the Holland theatres until Ted can leave Tahoka.

Mr. Waggoner has been a valuable citizen of Tahoka, having been prominent in Rotary work and having served as president of the chamber of commerce and interested in general in the welfare of the town and its citizenship. He and Mrs. Waggoner will be greatly missed here.

MRS. STEWART HOSTESS TO PHEBE K. WARNER CLUB

The Phebe K. Warner Club met on Tuesday, April 22, in the home of Mrs. G. M. Stewart.

The Club voted to re-open the Youth Center for teenagers during the summer months.

The program for the day was given by Mrs. Truett Smith, who discussed our northern neighbor, Canada; and by Mrs. Winston Wharton, who discussed our neighbors of South America. Both talks were interesting and instructive.

Punch and cookies were served to approximately 18 members.

PYTHIAN SISTERS SPONSOR SHOWER FOR MRS. CURRY

The Pythian Sisters sponsored a pink and blue shower Tuesday night at the Pythian Hall for Mrs. Pete Curry. Forty-four members and invited guests brought gifts and registered and others sent gifts.

Elna Reba Dunagan, Hazel Phillips, and Anne Cowan gave a vocal number and Mrs. A. E. Ware gave a humorous reading.

Hostesses were Mrs. Sam Floyd, Mrs. Florence Cowan, and Mrs. Walter Mathis. Junior hostesses were Shirley and Dottie June Floyd.

STUDENTS WIN AWARDS

Mrs. M. H. Edwards, local music teacher, announces that the following pupils are due special recognition for the highest average in piano and musicianship requirements for this year: Gloria Best and Phyllis Ann Fielder; intermediate pupils, Suzy Waggoner and Jane Taylor; high school, Mary Ann Tankersley and Mary Sue Roberts; and Joan Slover, the best theory student.

All received awards.

Mrs. G. C. Shaffer is reported this week to be somewhat improved. She has been suffering for some time with high blood pressure.

Misses Bennie and Bonnie Flint of Fort Worth have been visiting their parents, Mr. and Mrs. W. M. Flint of West Point. Bennie has returned to Fort Worth but Bennie stayed here for a longer visit.

Dr. K. R. Durham has been attending the convention of the Texas Dental Society in session in San Antonio this week. As has frequently occurred, he had a place on the program.

McMILLAN-RENFRO

Miss Pauline McMillan and Paul Renfro were united in marriage Saturday, April 19, at 3 p. m. The single ring ceremony was read by Elmo Burkett, with Polly McMillan, sister of the bride, and Leonard Renfro, brother of the groom, serving as maid of honor and best man respectively.

The bride is the daughter of Mr. and Mrs. Arthur McMillan of O'Donnell, and was a member of the

1945 graduating class of the O'Donnell High school.

Mr. Renfro is the son of Mr. and Mrs. Floyd Renfro of Seminole, and is well known in this vicinity, having until recently resided in the T-Bar community.

The young couple will make their home near Seminole where Paul is employed by the D. S. and R. Construction company.

MRS. BRASHER ENTERTAINS MARTHA SHERROD S. S. CLASS

The Martha Sherrod Sunday School Class of the First Baptist Church met in the home of Mrs. M. H. Brasher, Thursday night, April 24, for their regular monthly business and social meeting.

After a brief business session Mesdames Wood and Johnson directed some interesting games.

The following attended: Mesdames Geo. Akin, J. F. Akin, Loyce McMahon, K. R. Durham, J. Q. Cox, Lloyd Conwill, G. H. Hines, Carl Williams, Jewel Connolly, N. E. Wood, Dean Nowlin, Jewel Johnson, Hattie Garrett, H. W. Martin, M. H. Brasher, Beulah Primmore, and Misses Lola McWhirter and Beulah Akin.

MARY CARPENTER WEDS R. J. HERBST

Mr. and Mrs. Dan Carpenter of Tahoka are announcing the marriage of their daughter, Mary, to R. J. Herbst of Lubbock, son of Mrs. Dick Herbst of Amarillo. The wedding took place at 3 o'clock Sunday afternoon, April 27, at the Carpenter home, with Brother Norvell Young of Lubbock performing a double ring ceremony.

The bride, who was given in marriage by her father, wore an ice blue dress with tulle rose corsage and white accessories. She carried a white Bible belonging to the groom.

Mrs. Turner Rogers served as matron of honor. She wore a pale pink tan suit with white carnation corsage and brown accessories. Miss Veta Hodges, who also attended the bride, wore a beige suit with yellow carnation corsage and brown accessories.

Mr. Tom Pirtle, the groom's brother-in-law, served as best man. Mr. Jack Hornsby of Lubbock, also attended the groom.

Traditional wedding music was played by Mrs. R. L. Richardson.

A reception was held at the home following the ceremony. The bride cut the five-tiered wedding cake and coffee was served. Wedding guests were Dr. and Mrs. A. C. Surman, Post; Misses Nell Williamson, Carney Clark and Virginia Willett, Mrs. J. Ray Lee and daughter Ann, Mrs. A. A. Blakemore, and Mr. and Mrs. Tom Pirtle, Lubbock; Mr. and Mrs. Turner Rogers, Miss Sue Dollins and Don Akin, Tahoka.

The bride is a graduate of Post High School and has attended T. S. C. W. at Denton, Texas Tech and Draughon's Business College, Lubbock. At present she is employed by Brooks-McKenzie Wholesalers at Lubbock. The groom is a graduate of Amarillo High School. During the war, he served with the Air Corps in the European Theatre of Operations. He is now employed by Magnolia Petroleum Company.

After a short wedding trip, the couple will be at home at 2309 20th street in Lubbock.

WILEY CURRY BUILDING HOUSING UNIT FOR HANDS

Wiley Curry is a thorough-going West Texan. He can't be discouraged by just a little old two-years drought nor by west winds that drive the clouds away every time it threatens rain. He is acting just like he was expecting a big cotton crop this fall.

In order to be prepared to house the cotton pickers that may be needed to gather the crop, he is building a Mexican apartment house on lots next to the Curry Gin that will accommodate a hundred hands, he says. The dimensions of the building are 26 by 100 feet, divided into fourteen rooms, seven on each side of the middle wall running lengthwise to the building. Twelve of the rooms are each 13 by 14 feet in size and the other two are each 13 by 16 feet.

A metal roof has been placed on the building and the outside walls are being stuccoed. The inside of the rooms will be finished with sheetrock when this material can be obtained, Mr. Curry says.

The building will be lighted by electricity and heated by gas and will be supplied with running water. One window and one door will furnish ventilation for each room. Mr. Curry and others interested in the gin plan to have quite a large cotton acreage themselves and they will need hands to gather many hundreds of bales of cotton if a normal crop is raised. Mr. Curry proposes to be prepared to take care of his hands.

After having made several trips to a Lubbock hospital, Mrs. J. L. Reese's facial trouble was diagnosed as nettle rash. It had spread into the eyelids and was seriously affecting the sight. The disease is now yielding to treatment and it is believed that the trouble will soon pass.

According to the best records, the first farm terrace in Texas was constructed by a Newton County farmer, Duke Howell, in 1882.

Texas City and the tornado swept Panhandle need your help—Send your donations to the American Legion, Tahoka, Texas.

T Hangar Flying . .

Last Saturday afternoon weeping love grass seed were seeded for the first time from an airplane. Both the grass and the plane seeding were experiments which took place on Hubert Tankersley's farm west of town. So far as the seeding system from the plane was concerned it was a success. However time will tell as to whether the grass seed will prove to be a success on the sandy land in the western part of the county. If the grass does prove out successfully, all the sandy pasture land in Lynn county may soon be a thriving cattle raising land again.

Lowell Salisbury was the pilot of the converted Army L-5 that was used in the seeding experiment. Mr. Salisbury is also co-owner of the crop-dusting and seeding service.

Night school is still progressing very good with Mr. Abrams as the instructor. Many students are attending this night school instruction every Thursday night.

Billy Ed Ware, accompanied by Tommy Fulkerson, flew over to Seagraves last Sunday morning where Billy Ed. preached both the morning and evening sermons in

the Methodist Church at Seagraves.

Cecil Hamilton of the Hamilton Flying Service in Big Spring was here on business recently. He was flying a new Cub.

Mr. Olin Parris, formerly an instructor here, and his wife were here visiting last Saturday. They now reside in Hereford.

Students continuing their training on into commercials are: Grady Woodward, J. R. Thurman, Bobby Weaver, Herbert Smith, Billy Jack Hancock, Chett Hackathorn and Thomas Simpson of Post.

W. M. Doss and Bynum Britton both of Spur stopped over for fuel the other day at the local field.

E. G. Miller and wife of Plainview stopped over Monday on their way to visit in Lamesa.

Mr. and Mrs. Bankston of Clevis flew in early this week to visit relatives here.

Mr. Seller of Amarillo, flying a Stinson Voyager, flew down on business recently. Mr. Seller is connected with the Trade Wind Airport in Amarillo.

Several planes will go down to Big Spring Sunday to attend the

big Air Show which is being held there that day to help advertise the big Two-Day Field Day and Rodeo which is to be held here on May 9-10. The Rodeo will be on May 10-11.

A booster trip has been planned, and is scheduled to leave here next Wednesday morning and will advertise the Rodeo and Field Day May 9-10-11.

Many cars, and boosters are needed to make the trip—so if you want to go or have a car you would like to take on this trip contact Clint Walker or Bill Griffin in the A.A.A. building.

According to all indications there will be more airplanes at Tahoka than there ever has been at any one time during the Field Day. Also a near record breaking crowd is expected.

There will be two dances which are sponsored by the Flying Farmers of Lynn County and they will be held at the Tippit Skating Rink on the nights of Friday and Saturday May 9-10. Music will be furnished by the Sunshine Trio and Band on both nights.

The Tahoka Chamber of Commerce along with the Flying Farmers of Lynn County also ask that the citizens of Tahoka who have an extra bedroom or bed who would like to help accommodate the District II Flying Farmers and their wives for one night, please contact the Chamber of Commerce to let them know just how many you can and will accommodate.

Automobiles will also be needed to help transport our visiting pilots to and from the airport and to and from the dances, rodeo or the home in which they are staying overnight. The Lions club and Rotary club are running a race to see which club can secure the most number of cars for this transportation service.

The Lions club is going to handle the soda pop concession at the Airport on Friday and Saturday May 9-10.

According to the census of 1935, crops were harvested during 1934 from 16,435 irrigated farms in Texas.

Scrimmage Held By Football Boys

Monday night the first of three scheduled scrimmage sessions of the Spring football training season was held at Foust field, the White team winning by a score of 12 to 0 over the Blue team. Two more night games will be played before the training period ends, May 7 and May 14, according to Coach Jim Foust.

No attempt was made by the coach to put a winning squad together, but instead the players were mixed up in an effort to make each of approximate equal strength. The result was that play was rather ragged. Tackling was pretty fair, but blocking and carrying out of assignments rather ragged also. Though material is better than in several years, Coach Foust was not at all satisfied with the showing made by the boys Monday night.

About 36 boys have appeared for Spring training, and it is believed all of these will be available next fall.

Other scrimmage sessions open to the general public will be held on the nights of May 7 and 14.

GRAIN GRADING SCHOOL IS NEXT THURSDAY

Lynn county farmers are invited to attend a one-day Grain Grading School which will be held at Texas Tech in the Ag. building Thursday, May 8, beginning at 9 a. m.

Wenzel's Are Still Winning Prizes

Here is a story about prize-winning hogs exhibited by the Wenzels that comes to the News from Brownfield. They have been winning prizes with their hogs many years, first while they lived at Wilburn and later after moving to Brownfield.

Wilburn Wenzel showed seven hogs in Brownfield on April 19 and won seven ribbons, two first, two second, one fourth, one fifth, and one sixth.

A. D. Wenzel exhibited two hogs in the open division of the Plainview Fat Stock Show on April 24 and won first place in light and first in the heavy class, winning the championship with the light weight. Wenzel's champion showed with the boys' champion and won the grand championship. H. D. Elijah of Oklahoma City, judge, placed his cane on Wenzel's Berkshire for the grand champion of the show, of over 120 hogs. Wilburn showed two hogs that won fifth and sixth place.

COTTON CLASSING SCHOOL IS PLANNED IN JUNE

County Agent Bill Griffin has been informed that the annual Short Course in Cotton Classing will be resumed this year by Texas Tech and the dates set for June 9 to 20.

Anyone interested in attending the short course should get in touch with Mr. Griffin at an early date.

Elwayne Nevill Is On Way Home

Fifth Air Force, Tokyo, Japan—Captain Kenneth E. Nevill, son of Mr. and Mrs. J. L. Nevill, Tahoka, recently completed his tour of duty with the occupational air arm in Japan and is now on his way back to the United States where he will be discharged and re-enlist in the Regular Army as a Master Sergeant.

Enlisting in the army Air Forces in January of 1941, Captain Nevill received his commission as an Officer in September of 1942. While stationed at this base, Yokota, largest Fifth Air Force base in Japan, located 30 miles northwest of the Tokyo-Yokohama area, Captain Nevill performed his duties as a Radar Operator for the 9th Reconnaissance Squadron.

Captain Nevill's wife, Edith has been residing in Tahoka for the past several months.

MRS. W. K. PIERCE HONORED ON 81st BIRTHDAY

It was a happy day indeed for Mrs. W. K. Pierce as her 81st birthday was celebrated on Sunday April 27.

Mrs. Pierce is a pioneer of West Texas, having moved into the Union community, Lubbock county, in October, 1912 with her husband, the late W. K. Pierce.

Mrs. Pierce is the mother of four children, M. M. Pierce of Amarillo, W. W. Pierce of Houston, W. R. Pierce of Union community, and Mrs. Tom Russell of Joe Stokes, Lynn county, with whom she now resides. She also has nine grandchildren and three great-grandchildren.

She looked lovely wearing a corsage of white and pink carnations with white streamers, presented by Mesdames Murray and Shockley. Other gifts of candy, cards, and handkerchiefs made her very happy as friends and neighbors came to greet her throughout the day.

A delicious dinner was served to the honoree, her sister Mrs. H. W. Jeter of Slaton, a grand-daughter, Mrs. G. L. Walker of Comanche, Miss Bonnie Murray, and the Russell family. Callers in the afternoon were served the beautiful birthday cake with ice cream.

Mrs. J. C. (Ray Fern) Womack has been seriously ill but is now reported to be much better. She has been a patient in the Tahoka Clinic.

Flyers . . .

(Continued from page 1)
A crowd of from two to three thousand people are expected to be here on these two days of the field day celebration and on Sunday afternoon at the final performance of the rodeo. If the weather conditions are good an estimation of 500 aircraft is expected to be here. The Tahoka Chamber of Commerce is helping by contacting local citizens and making arrangements to accommodate the visiting Flying Farmers with a place to stay overnight in private homes here. A plea is being made to the citizens to contact the Chamber of Commerce on this matter if you have any available space in your home to accommodate the visiting Flying Farmers. The Tahoka Rotary and Lions clubs are sponsoring a drive for the local citizens to make their automobiles available on May 9 and 10 for transportation purposes so that the visiting Flying Farmers may have transportation to and from town to the airport, rodeo or dance. On Saturday afternoon at 4:30 p. m. after the rodeo performance the final event of the Flying Farmers Field Day will close this annual Field Day celebration. This is the event that you do not want to miss as it will be the best part of the Field Day events.

Duel . . .

(Cont'd from page 1)
ous half-breed named Pearl Chavez, Peck as Lewt McCandles, a charming but worthless man, and Joseph Cotten as his brother, Jesse McCandles, an idealistic gentleman. Other important roles in "Duel in the Sun" are portrayed by such gifted players as Lionel Barrymore, Lillian Gish, Herbert Marshall, Walter Huston, Charles Bickford, Otto Kruger, Joan Teitel, Butterfly McQueen, and Tilly Losch, an internationally famous Viennese Concert artist.

Costing a fortune to produce, and over three years in the making, "Duel in the Sun" required the services of 6,000 extras. More than 103 special effects used in the picture, each one of which constituted a technical advance in motion picture making, have since been placed at the disposal of the entire motion picture industry.

The superb orchestration and background music composed by Dimitri Tiomkin is one of the outstanding musical scores, and heightens the enjoyment of the picture.

MRS. UZZLE HONORED WITH SHOWER

Mrs. Charles Uzzle was honored with a Pink and Blue shower Tuesday afternoon at the home of Mr. and Mrs. Frank McGlaun Jr. Many friends were present and many nice gifts were received.

Among those attending the affair were Mrs. Uzzle's mother, Mrs. Tom Brewer, and a number of friends from O'Donnell.

Mrs. Emma Smith of Hope, Ark., is here this week visiting her sister, Mrs. Tom Reid. She came this far with her daughter and husband who were returning to their home in California after visiting in Ark.

Mr. and Mrs. F. M. Billman of Grandview arrived Monday night for a brief visit with their son and daughter-in-law, Mr. and Mrs. Joe Bob Billman. They left Wednesday morning.

Mrs. A. L. Spinner and son Eddy of San Antonio came up Saturday to make a brief visit with Mr. and Mrs. V. A. Dotkin.

Grass Seed . . .

(Continued From Page 1)
hligo, Lake on the Lynn-Terry border, became interested in the re-seeding of grass to over-grazed range land, and they have already re-planted one section and hope to re-plant another using Weeping Love Grass and Sand Drop seed. Mr. Porterfield is supervising the operation. This is the first large-scale re-seeding done in this immediate section.

Mr. Roberts says this seed is being planted with a Government seeding machine. Because of the smallness of the seed, very little or no covering with soil is necessary, but moisture and a favorable season is necessary to get the grass started off.

About twenty irrigated farms in Lynn county have planted from 5 to 30 acres in permanent pastures, but Mr. Roberts and Mr. Tankersley's projects are dry-land operations.

Grass seed is extremely scarce as yet, and sells for about \$4.00 a pound, but because of the rapid increase it is expected to be plentiful and lower in price by another year. The News is informed. Under the AAA program, the Government furnishes most of the cost of the seed.

All the grasses being sowed in this year are perennial but are expected to re-seed themselves as soon as a good start is secured.

The new grasses are said to grow rapidly and luxuriantly, are drought-resistant, and are relished by all livestock.

Re-seeding by machine is a slow process, but if the Tankersley experiment proves successful it is entirely possible that some day thousands of acres of near-barren land may be covered with seed in a day.

A number of agriculturalists were present at the Tankersley farm last Friday when the most of a 40-acre tract was planted in possibly five minutes, and will be watching the tract later for success or failure of the experiment.

Incidentally, Bill McNeely, local representative of the dusting company, flew a member of The News force out to the Tankersley farm for the planting experiment.

Mr. and Mrs. Charles Uzzle have moved to the Draw community.

NEW HOME PTA "42" TO BE HELD TONIGHT

The New Home PTA is giving a forty-two party tonight. It will be held in the gym and each couple will be charged 30 cents.

The PTA is going to entertain the Seniors with a theatre party May 13th.

The Homemaking class will have a style review of the dresses that they have made this year in class. Special music is being planned for the occasion.

The PTA met April 24 and Mrs. Acle Cope who is district Vice-President, was guest speaker. She spoke on "Developing Better Citizens" Mrs. Cope stated that, developing better citizens started in childhood. The parent also has to be a good parent.

Mrs. Settles who is district chairman of publications gave a very interesting talk on National and Texas Parent-Teacher magazines. She also gave the various officers of the PTA hints as how to carry on their duties efficiently.

Grassroots . . .

By Bill Griffin
County Agent

Every year at this time we check on our 4-H boys enrolled in a swine demonstration to see how they have cared for their sow and litter. I mention this to get an opportunity to report a job well done by Carlton Wilke, a Lynn County 4-H club boy. Carlton's gilt farrowed 10 pigs March 1, 1947. Out of the 10 she raised 8 that weighed 401 pounds at 55 days of age. A little over a 50 pound average per pig.

May 17 has been set to distribute the 1947 pigs. Many boys in the County have written an essay on Hog production on the farm and are looking forward to next week when the winners will be announced.

The pig program has been revised again this year to give the club boys a better opportunity to get a start in the hog business. The boys will receive their pigs May 17 and feed and develop them for the County Show to be held here next September. The winner of the County Show then will exhibit his animal in the District Show in Lubbock.

Following the shows the boys will breed their gilts in November to farrow a litter in March.

Each boy must return his best sow pig to go back in the program and feed out 3 other pigs that may be all shown in 1948 show in September.

With a program of this type we keep the boys under close supervision for two years and carry them through one complete cycle of the hog business. To encourage a boy to do a better job, prizes from \$2.00 to \$50.00 have been arranged. It is possible for one boy to win as much as \$100.00.

All of the prize money is in a form of a purchase certificate for the boy to buy hog equipment to go back into his swine demonstration.

A nation-wide drive is underway to kill out millions of pests. Flies are the pests, and DDT is the weapon.

Flies can be killed with a 2 1/2 to 5 percent DDT spray. Let's do our part controlling flies.

West Texas Vets Reinstate Insurance

During the past thirty days West Texas veterans have reinstated more than one and a half million dollars of their G. I. Insurance, Houston H. Boyd, Veterans Administration contact representative announced today.

"It is evident that veterans in this area of the nation who have dropped their GI Insurance are coming to realize its many benefits and are taking advantage of the present liberalized plan of reinstating it by paying only two monthly premiums and submitting a comparative health statement," Mr. Boyd commented.

The Veterans Administration pointed out that many veterans do not yet understand that Government assumption of substantial expenses and costs makes National Service Life Insurance one of the "best breaks" service men and women ever had, that it affords them a bargain at low premium rates.

Mr. Boyd said that veterans of this locality may consult the Veterans Administration Contact office located at 703 Lubbock National Building, Lubbock, Texas for further information on reinstatement and converting term policies to one of the several permanent plans offered by the VA.

Mr. Boyd also stated that he would be available in the office of the veterans county service officer, second floor, Lynn County courthouse, every second and fourth Thursday, from 1:30 to 4 p. m., every month, for the purpose of assisting any veteran or his beneficiary with any matter pending before the Veterans Administration.

Legion Donates To Storm And Blast Victims of Texas

In their regular business meeting Monday night the Marion G. Bradley Post of Tahoka unanimously agreed to donate \$50.00 that will be forwarded to Austin to be put in a special Disaster Fund Account for assistance in the tornado area of Higgins and Glazier and also in the Texas City blast. The Legion further agreed to solicit contributions to be sent to these areas and anyone who wishes to donate to help relieve some of the suffering in these areas are urged to send their check or cash to the American Legion Tahoka, Texas or give it to Eldon Carroll at the Post office or Clint Walker at the A.A.A. office.

It is believed that no concerted effort has been made thus far to raise funds in Tahoka for assistance to these people and the Legion earnestly solicits your contributions to this worthy cause.

The Legion also will sponsor a softball team in the County Softball league this year and several have announced their intentions of trying to make the team. All members of the Legion wishing to play will meet at the local softball field Sunday afternoon at 5:00 P. M. for a work-out at which time they will be issued jerseys and caps.

The building committee will meet this week to further plans to enlarge the local hall and work will be started on this project in the very near future.

A barbecue will be held May 12 beginning at 7:30 P. M. for all members of the Legion. Further information as to the time and place, etc. will be announced later.

EDD HAMILTONS VISIT TEXAS CITY

Mr. and Mrs. Edd Hamilton went to the Texas coast country last week to visit relatives and while there had opportunity to visit Texas City which had been so frightfully stricken by a series of unprecedented explosions that took the lives of some 600 persons and injured 3,000 others. They took a number of kodak pictures while great clouds of smoke were still ascending from the ruins and which give some idea of the destruction wrought.

Those attending the meeting from Tahoka were Velma Ruth Howell, Betty Frazier and Lucille Wright.

LOCAL HIGH SCHOOL GIRL ELECTED TO STATE OFFICE

Velma Ruth Howell, a sophomore in the local high school, was elected state parliamentarian for 1947 and 1948 at a meeting of the State Executive Council for Future Homemakers of America held in Austin on Saturday, April 26.

Velma Ruth attended the meeting as a candidate for a state office from Area II, which is composed of several counties. There are ten Areas in the state and they were all represented at the meeting held in Austin last Saturday.

Those attending the meeting from Tahoka were Velma Ruth Howell, Betty Frazier and Lucille Wright.

REV. LEVI PRICE TO ATTEND BAPTIST CONVENTION

The board of deacons of the Baptist Church made provision Sunday night for the pastor, Rev. Levi W. Price, to attend the Southern Baptist Convention, which will be in session in St. Louis next week. A pre-convention pastor's conference will be held Tuesday and the convention proper will open Wednesday morning and continue through the following Sunday. The Tahoka pastor will be accompanied by his wife and also by the pastor of the Plains Baptist Church and his wife. If any other Lynn county pastors are expecting to attend, the News has not been so informed. This convention will be one of the largest if not the very largest religious gatherings in the United

States this year. More than 10,000 "messengers" are expected to be in attendance, representing six million Baptists in 21 states. In addition to nearly all of the greatest preachers and many laymen and women from the bounds of the Southern Baptist Convention, some outstanding political figures will be there. Two of them have places on the program, former Governor Robert S. Kerr of Oklahoma, who will speak on "The Book We Teach," and former Governor Harold S. Stassen of Minnesota, who will discuss "Baptists and World Peace."

The greatest underground water reservoir of Texas is the Edwards Plateau region in Southwest Texas.

DISPUTE OVER BONES LEADS TO COURT

That at some time in the past huge mammoths roamed these plains is amply attested by the skeletons that have been found in this area at various times. Numerous bones of these mammoth animals have been discovered from time to time along the edge of the caprock east and southeast of Tahoka and in the vicinity of Post. The most recent find, however, was made in Hockley county, and we give below portions of the story as published in the Hockley County Herald and the Lubbock Avalanche. Skeleton of a huge mammoth which Texas Tech authorities say may have roamed over this area 2,000 years ago, has been discovered in a plowed field in the Oklahoma Flats region of Hockley county, about 15 miles northwest of Levelland.

The mammoth was discovered on the D. C. Reed place by 23-year-old Stanley W. Palmer, who with his father, F. M. Palmer, lives on the farm. The site on which the mammoth was found lies near an old Indian burial ground, where several Indian skeletons have been excavated during the past few years. An old abandoned gravel pit also adjoins the site. About a mile distant from the location, the bones of another mammoth were unearthed seven or eight years ago, and today are in the Tech museum.

Following the announcement of the most recent discovery, museum officials at Tech were notified. W. Langston of the college's geology department and W. M. Pearce of the history department, visited the site and identified the skeleton as that of a mammoth.

However, status of ownership of the mammoth is clouded. F. M. Palmer is laying claim to the bones, saying he plans to load them on a trailer and exhibit them throughout the country, charging admission to view the remains of what was once a proud monarch of the plains back several hundred years ago.

Young Palmer discovered the remains of the mammoth while walking in the plowed field. He spied some fine bone particles in a furrow and started digging on the spot in hope of discovering some Indian bones. "When I reached the first big bone, I thought it was the backbone of an Indian skeleton," he explained. As the excavation progressed, the massive bones of the mammoth were revealed.

Young Palmer was assisted in the digging by his father and Palmer, who lives north of Littlefield on the Spade road.

The size of some of the leg joints indicates the animal may have stood 13 or 14 feet tall, and possibly six or seven feet in width. The head measures almost three feet across, with what remains of two tusks protruding about three feet in length. Apparently, the ends of the tusk had been sheared off by a plow. The tusks extended up to an even line with the plowed furrow.

The Texas Tech wants to fit the bones together and place the skeleton in the West Texas Museum on the Tech campus—especially since the state of preservation is so nearly perfect.

So, on last Saturday afternoon, the Tech filed suit for title and possession of the skeleton, and thus one of the most unusual court battles in the history of this section—perhaps the first of its kind in legal annals—is in prospect. Judge Dan Blair of the 72nd judicial district, in whose court the suit was filed, issued a temporary order enjoining those who found the bones and took custody of them from removing their find from the jurisdiction of the court. The parts of the skeleton which have been removed from the soil are under lock and key in the Hockley county courthouse.

O. E. S. MEETING
Friday, May 2, is regular meeting of Tahoka chapter 743 O.E.S. An election of officers and initiation will be held at 7:30 p. m. Grace Prohl, W. M.; Era Stewart, Secretary.

Lower Rio Grande Valley tomato shipments in 1946 amounted to 10,200 carloads.

MANY CARS AT TECH LEADS TO COURT

LUBBOCK, April 29.—A shortage of automobile parking space has been noted at Texas Technological College, despite the fact that the campus covers well over two square miles and is said to be the largest in the world. More than 3000 cars were counted on an average morning recently, and it has been estimated that as many as 4000 vehicles crowd the grounds at times.

Mrs. Kenneth Elwayne Nevill is preparing to drive out to San Francisco soon to meet her husband, Lt. Nevill, who is to arrive in San Francisco on May 10. He is expected to receive his discharge and return home with his wife, the former Miss Edith Robertson. He has been in the Army Air Corps almost ever since the war began.

A "teen ager" in the family is apt to "overload" your telephone. But that's not the only thing in your home that can be "overloaded."

You can overload your electric wiring system too if you don't have adequate wiring. When you add new appliances and lights to your home, and leave your wiring as it was installed years ago, you're apt to overload it, and receive less efficient service. Fill in the coupon and mail, or call your nearest Public Service office to find out from our specialist if the wiring is adequate in your home or place of business. The service is without charge, and places you under no obligation.

We are only acting in an advisory capacity. We have nothing to sell but good electric service.

WALLACE SHOWS "DUEL"

'DUEL IN THE SUN' HAS A GREAT ALL-STAR CAST

"Duel in the Sun," David O. Selznick's giant Technicolor production of 1880 Texas, comes to the Wallace Theatre next Sunday and Monday with one of the greatest all-star casts ever assembled for a motion picture.

Jennifer Jones, Gregory Peck, Joseph Cotten, Lionel Barrymore, Herbert Marshall, Lillian Gish, Walter Huston and many other screen celebrities give full play to their acting talents in this story of the era when the railroads first pushed across the wild lands of the Texas cattle kings. The film is released through Selznick Releasing Organization.

The sensitive, Academy Award-winning star of "The Song of Bernadette," "Since You Went Away," "Love Letters" and "Cluny Brown," Jennifer Jones, plays the role of a fiery half-breed Indian girl, Pearl Chavez.

Gregory Peck is a rugged, rough-riding, sharp-shooting Texan who is not above murdering for Pearl. He vies with his gentler idealistic brother, Jesse, played by Joseph Cotten, for the Indian-girl's affections.

Lionel Barrymore turns in one of his great portrayals as Senator

GREGORY PECK, best bet for this year's Academy Award, plays the wild and woolly Lewt McCandles, Texas cowpoke in the coming David O. Selznick Technicolor production, DUEL IN THE SUN.

McCandles, the power-mad father of Lewt and Jesse, who will not tolerate the relentless push of the railroads across his Texas, Empire. Lillian Gish is his gentle, aristocratic wife.

The Technicolor film has a cast of over 6,500 actors who participate in the stirring conflict scenes, the gay fiesta scene and barbecue, the dramatic bordertown cafe scene in

which Tilly Losch, as Pearl's Indian mother, dances on the top of an 102-foot rectangular bar.

It took 200,000 miles of transportation, or a trip eight times around the world, before "Duel in the Sun" was completed, for David O. Selznick, who wrote the screenplay as well as produced the film, went far afield to locate authentic Technicolor backgrounds.

The company made two major location trips, one to a site outside Tucson, Arizona and the other to the hilly desert country known as Lasky Mesa, forty-five miles from Hollywood. On this site the crux of the fight between railroad and cattle barons takes place. For this, an engineering feat costing approximately \$35,000 was required to set up a small railroad of the period. Tons of railroad equipment including an engine of 1880 vintage and several wooden coaches, were hauled by flat-trucks up five miles of twisting trails to the plateau where the action was filmed.

Over 1,000 horses and 750 head of cattle were used in the picture, which is one of the costliest ever made in Hollywood.

Direction of the film was in the expert hands of Texan-born King Vidor and the turbulent, memorable musical score was composed by Dimitri Tiomkin.

WALLACE—SUNDAY & MONDAY

JENNIFER JONES AND GREGORY PECK, as Pearl and Lewt in David O. Selznick's DUEL IN THE SUN, try dancing the VARSOVIANA at a party given at the Spanish Bit ranch by Lewt's father (Lionel Barrymore).

Every time some fellow is denied the privilege of speaking in some theatre, municipal auditorium, or other building, a hue and cry is immediately raised about the right of free speech being denied him. This is either done by the speaker himself, who wishes to pose as a martyr, or by people who are grossly ignorant of what is meant by "freedom of speech" as guaranteed by the Constitution. Freedom of speech does not mean that a theatre owner, a city council, a legislative body, or other authorities in charge of public or private buildings shall not allow the use of such buildings to any and every person that comes along seeking the privilege—no, not even to the President of the United States. A man's private property is his own, and he can use it as he pleases so long as he violates no law thereby, and he can withhold its use to any individual as he pleases without violating anybody's right to exercise his freedom of speech. Public buildings are the property of the public, and the

Leto's Helps Your Gums Get Well
 Are your gums unsightly? Do they itch? Do they burn? Druggists return money if first bottle of LETO'S fails to satisfy.
 WYNNE COLLIER, Druggist

constituted authorities can withhold their use for any purpose other than that for which they were constructed. A courthouse, for instance, is a public building, but no private individual has a right to use any room of it as a speaking forum not connected with the courts or with official business, without the consent of the commissioners' court. What the "freedom of speech clause" means is that the Government shall pass no law forbidding a man to speak his views on any subject in any place equally available to him. And that is all that it means or should mean. And the same principle applies to "freedom of the press." No newspaper or magazine is compelled to print anything that its owners choose not to publish, but they must not be prohibited by the Government from printing anything they may choose to publish, subject to the laws against libel, slander, indecency, and profanity.

Colonel Ernest O. Thompson spoke frankly to the Panhandle Press Association last week. If there is a World War III, it will be over oil. Colonel Thompson heartily approved the policy of President Truman of extending aid to Greece and Turkey. He stated that there is a great supply of oil in the near east, which Russia hopes to control. This oil field has been developed by American capital. The field is owned by Americans who dared to explore. Americans must have this oil in order to remain the leading world power. Yet that makes little or no difference to Stalin and his gang, who would steal the oil and the resources of Americans who operate there. Russia must have oil if she is to become a great military power. The only way to combat Russian influence in the oil field is to keep Greece and Turkey strong. Colonel Thompson was sent to Europe during the war by President Roosevelt. He flew over all this oil producing territory. He knows whereof he speaks. If Russia gets control of this vast store of oil, she will gladly try to whip us. If Russia fails to get the oil, there is little she can do. America has no desire for another war, but the people of this nation are not willing to be dragged into another war simply for the sake of being friends to an unfriendly nation.—Canyon News.

Robert Ewing Thomason, congressman from the 16th or El Paso district, has been appointed U. S. District Judge for the western district of Texas by President Truman, upon the recommendation of the Texas delegation in congress, without waiting for the endorsement of either Senator Tom Connally or Senator Lee O'Daniel. This action attests the popularity of Thomason among those with whom he has long worked and served, and we doubt if a better appointment could have been made. Thomason is both brilliant and studious and has a judicial temperament. In our opinion, he will make an ideal judge. We knew him when he was a law student in the University of Texas and have followed his entire career with much interest. His first office was that of county attorney of Cooke county, then he served as Representative in the legislature and speaker of the House, later as a member of Congress from El Paso. At one time he was a candidate for governor, made a most creditable race, but was eliminated by Pat Neff and Joe Bailey at the first primary. Thomason has poise, affability, a lot of good common sense, has had plenty of training, and his integrity is unimpeachable. Our congratulations go to Ewing Thomason, to the President for appointing him, and to the people of West Texas whom he will serve.

Eddie the Editor, proprietor and pilot of the Post Dispatch, has started a column, "Getting Out on a Limb," and he is pictured as sawing the limb off. Apparently, he certainly was getting out on a limb last week, for he was advocating the enlargement of the city commission. The commission, which takes the place of our city council, is composed of three men. Quoting a prominent citizen of Post, Eddie the Editor advocated the division of the city into three wards with two commissioners to be elected from each ward, or maybe four wards with a total of eight commissioners. That would mean the abolishment of the present commission and the elimination of the commissioners unless they got themselves re-elected on the new set-up. Eddie the Editor may be sawing the limb off or he may be staking something. City politics can get hot when you stir it a little. But so far as we know, the people of Tahoka are well pleased with their form of government, with a mayor and five members of the city council, all elected at large.

OLD-TIMER FAVORS CONSOLIDATION
 Andrew Jackson Stricklin, editor of the Terry County Herald and dean of South Plains newspaper men, who came out to the Plains hot on the heels of the prairie dogs and coyotes, is one of those old

BURN WATER IN YOUR CAR
 COSTS LESS THAN GAS!
 More Power—Cleaner Motor. See the \$17.50 OCTA-GAME Water-Injecting Carburetor at SOUTHSIDE Service Station Tahoka, Texas Phone 34

pioneers who keeps abreast of the times. He drives a big car, hikes off to Tennessee or California or some other furrin country as the spirit moves him, and last week he raised his voice in favor of the modern movement for school consolidations. We quote him as follows:
 According to the Lynn County News, Tahoka, Lynn county is now in process of many school consolidations, which we feel sure our neighbor to the east will find is a solution to many of their school problems. Some ten years ago, Terry county had many small one to three teacher schools with poor equipment. Now Terry county has only four schools, Brownfield, Meadow, Wellman and Union, with scholastics in the order named, and so far as we know no one would want to go back to the old order. With consolidation, scholars get much better attention, and the best of equipment is provided.

LINCOLN BORN 100 YEARS TOO SOON
 Had Abraham Lincoln been living today the Rotary Club would supply him with a good set of books, the Lions club with a good reading lamp, and the Kiwanis club with a wooden floor for his cabin. He would have the protection of the child labor law and government old age insurance. A philanthropist would send him to college with a scholarship.

Incidentally, a case worker would see to it that his father received a check from the government. The OPA would reduce his rent 50 per cent. He would receive a subsidy for rail-splitting, another for raising a crop he was going to raise anyway, and still another for not raising a crop he had no intention of raising. In addition, a government agent would advise him what breed of hogs it paid to raise.
 Result: There would have been no Abraham Lincoln.—Lorenzo Tribune.

THE WEATHER MAN AGAIN GOT FOOLED
 When the Monday afternoon issue of the Lubbock Journal reached the News office, we glanced over the front page and noted a headline which said RAIN IS FORECAST, and after reading a paragraph which told of "dripping skies" and another that stated: "Rain was forecast (by the U. S. Weather Bureau) for the South Plains and all of West Texas east of the Pecos Valley for this afternoon." We looked out and up through our west window and could see nothing but brazen skies, with a brisk, dry breeze straight out of the west.
 A little fine mist through Sunday night and lowering clouds early Monday morning had again fooled the weather man.

ONE LAXATIVE IS ENOUGH
 SOME FOLKS keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMILY LAXATIVE. It's a scientifically compounded Tone-Up laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. Caution: use only as directed.

Garden insects can be held down to some extent by hand-picking, provided the gardener begins early and picks off the first insects that show up.

United States agriculture is the largest private business in the world. In 1946, it turned out about 26 million dollars worth of commodities.

of the preaching. The Lord added to the church daily such as should be saved.

Neighbor, what church was that? If you had been there would you have been among the number baptized? Would you have been satisfied to have the Lord add you to that church? Brother-man, if you and I will believe today what Peter preached and do what Peter told those people to do, won't the Lord add us to the same church he added those people? If we worship today, just like the apostles taught those people to worship, won't that be right? That church taught "DOCTRINE". It had certain "Acts Of Worship." Can we have different doctrine today, and different acts of worship today, and still be the same church as that one was? If any man thinks that was any one of the present day "denominations," please write and tell me which one it was? Save this and read more next week on this union meeting.

Neighbor, take your Bible and measure the doctrines and the worship of the various churches in your community and see if any of them measure up to the standard of the New Testament church as it was in A. D. 33.—Price Bankhead, Post, Texas.

TECH GETS BUILDINGS

LUBBOCK, April 29.—The first of 32 war surplus buildings are expected to arrive next week at Texas Technological College from Camp Barkley, Abilene, according to the contractor. Moving is expected to be completed in time for use by the college next fall.

These temporary structures will add about 50 per cent to class room space on the campus, college officials have estimated. In addition to classrooms and laboratories, buildings will be used to house the veterans' guidance center at the college, a cafeteria, band, dispensaries, an auditorium to be available for student recreation, ROTC and two mechanical engineering shops. Considerable additional office space will also be made available.

One ounce of nicotine sulphate and a half bar of neutral soap, well mixed with six gallons of water, is an effective control mixture against sucking insects in the garden.

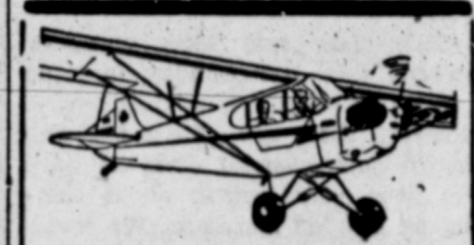

O'DONNELL EDITOR HAS HIS SHARE OF TROUBLE

For the first time in many weeks, the News editor failed a couple of weeks ago to scan his copy of the O'Donnell Index-Press soon after it reached this office. Therefore the News failed last week to note the serious illness of Editor Smith's wife which caused him to miss one issue of the paper and almost cost the good woman her life. Mr. Smith told about it in his column last week.

"The little lady," he stated, "became critically ill Easter Sunday morning." Prior to that she had undergone minor surgery for hemorrhoids. After returning home from the hospital she developed hemorrhage of the bowels, and bleeding was so profuse that she had to be taken back to the hospital. She was so weakened by the continued bleeding that blood transfusions became necessary, and for a time her life seemed to hang in the balance. Doctors declared that she had only an "outside chance" to live. Mr. Smith attributes her recovery to the prayers of "the church groups and pastors" at O'Donnell.

Here is hoping that Mrs. Smith has no recurrence of the trouble.

Send your Disaster donations to the Marion G. Bradley American Legion Post, Tahoka, Texas.

WHITE SWAN Coffee

New Home News

By Mrs. A. L. Pace
The New Home community is making many improvements. The whole community is watching the construction of the New High School building. The actual construction of the foundation and brick are now being laid. All materials now are on the ground and construction is expected to proceed more rapidly. Located directly west of the old building, the high school

will be 54 by 120 feet in size, contains seven class rooms, offices for the superintendent and principal, a reception room, rest rooms, and a hot air-heating plant. The class rooms will include modern home economics and science laboratories. Last summer the grade school building was modernized by the installation of rest rooms, repairing and redecoration, and further improvements will be made to this building when the new one is completed. Also, several outhouses on the grounds will be torn down, the campus leveled off and landscaped.

Home-Meadow highway. This intersects the New Home-Meadow road six miles west of New Home.

Several buildings are nearing completion in New Home. Durwood Unfred is building a new stucco laundry which will be large enough for 10 new washers. The size of the building is 50 by 22 feet. This building will benefit the surrounding communities as well as our own.

Bill Balch is now building a new Phillips 66 station. The old one was moved to be used for another purpose. The new building will be 50 by 42 feet tile brick. He is also building a new wash and grease house. This station will be one of the more modern ones on the South Plains.

FRIENDSHIP CLASS

The Friendship Sunday School Class of the local Methodist Church is in its fourth year now and is doing a good piece of work. We, as Methodists are proud of this class and wish we could do more toward keeping up it's standard. It was organized on the basic principles of Friendship and has maintained that principle throughout these four years.

Mr. Claud Donaldson is the teacher of this class and Mr. Milton Uzzle is the President, Mrs. Calloway Huffaker is the Vice President and Mrs. Ted Terry is Secretary and Treasurer. We have had some very inspiring lessons due to our teacher and are very grateful to our president for a splendid piece of work.

This class had forty members present this last Sunday morning and we think this is a good record. However, there are quite a few who are in this splendid class that have not been very regular about coming on Sunday mornings. We would like to urge each and every one that has ever been at one time a member of this class to get back in the habit of coming each Sunday and just to see what we can do with a full house. It is to the interest of everyone to make this class that is so good already, still better.

DOAK FAMILY VISITS HERE

Mr. and Mrs. Ira Doak and their son-in-law and daughter, Mr. and Mrs. John Leslie, all of Lubbock, and their son and daughter-in-law, Mr. and Mrs. R. E. Doak of Pomona, California, were here Tuesday visiting a few of their old-time friends. Mrs. Leslie is the former Eva Doak.

Mr. and Mrs. R. E. Doak expected to leave for their California home Wednesday.

Mr. and Mrs. Ira Doak were among the first settlers in Tahoka and they lived here for many years, rearing their children principally in Tahoka. And they contributed their part in the building of the town.

CO-OP Tractor Tires

"Yes, sir, those brand new Co-op Tractor Rear Tires that have just come on the market, are far ahead in every respect. The farmers certainly have done a swell job in developing this new tire to meet their needs!"

Years of research on the part of farmers and their Co-op representatives have gone into the development and construction of this revolutionary new tractor tire. Tested and proven on the farms of America, by the farmers themselves, this excellent new tire is designed to give the best in service with the maximum efficiency. This tire is made for farmers, in farmer-owned molds, cooperatively—and it has to be good to meet the rigid specifications set up for it.

This rugged and sturdy new tire is now on display. We invite you in to inspect it.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

- 1—Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
- 2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Sensational NEW LOW COST PUMP

- ★ For Shallow or Deep Wells
- ★ Water Systems
- ★ Provides Almost Constant, Uniform Flow
- ★ Finest Machine Cut Gears Running in Oil
- ★ All Parts Easy Replaceable
- ★ Takes Less Than Half As Much Power

- 1—In a single cylinder pump the motor must lift the entire plunger rod in addition to lifting twice as much weight as this POWER SAVER PUMP.
- 2—It is this heavy pull which heats the motor, or necessitates the use of one having more than twice as much power as the National two cylinder balanced pump.
- 3—The two cylinders are only half as large as they would be in a single cylinder pump, consequently only half as much weight is being lifted in each upward stroke, this leaves the rods to balance themselves.
- 4—Friction in the pipe is greatly reduced by having the pump rods outside.

Add up 1, 2, 3, and 4 and you have the answer as to why the National takes LESS THAN HALF as much power.

The pump available with Briggs and Stratton engine mounted on the pump. Other engines may be used with a longer belt if desired.

(A) Stainless Steel Balls on brass valve seats make a perfect seal in the check valves and plunger.

(B) Duraflex cups. Far more durable than ordinary plunger leathers. Generally, one set of these cups will outwear several sets of leather cups.

With long wearing cups and stainless steel ball valves, in cylinders lined with stainless steel, you are entitled to the greatest of pump efficiency.

NO DOWN-PAYMENT
Up to 3 years to Pay

LOCAL NEGRO SCHOOL GETS AFFILIATION

The local Negro school is in the process of being accredited by the State Department of Education, according to Supt. Vernon Brewer, which means that in the future all work done by students of the school will be recognized anywhere in Texas as the same as in the White school.

E. H. Boulter, deputy state superintendent was here Monday inspecting the school. All necessary requirements will be completed this week with the taking of Achievement Tests by the students.

The Tahoka Negro school is also elated over having won first place and a beautiful loving cup in the Interscholastic League meet for the Colored schools held at Lubbock recently.

Para Lee Sayles is teacher of the school.

Tech Sgt. Joe F. Raindl, Lubbock Army Recruiting office, has been in Fort Sam Houston the past few days attending a conference with Gen. Wainwright. Mrs. Raindl and girls have been visiting her parents Mr. and Mrs. J. B. Oliver during his absence.

Many of the types of soil found in Texas are not found in any other part of the United States.

The Texas Coastal Prairie is a flat, grassy plain of about 8,000,000 acres.

Warm weather encourages growth of bacteria in milk. Clean milk cooled quickly gives quality.

High Court Forbids Briton To Sell His New Motor Car

LONDON.—The high court of justice has issued an injunction forbidding the owner of a new automobile to sell it within six months after purchase. It was the first case brought under a recently instituted practice by the Motor Trade association making the restriction a condition in the sale of all new cars.

Charles Falco, the purchaser, agreed to the injunction with a stipulation that he was "a victim of circumstances" and not one of the so-called black market purchasers against whom the contracts were directed.

New cars are so scarce that they can be sold shortly after their purchase for more than twice the original cost. The Motor Trade association told the court that Falco paid less than \$1,600 for the car he offered for resale at \$3,500.

Technician Fined in Export Racket by Courtmartial

BERLIN.—Lewis Warner, 28, meteorologist from New York City, was convicted by an army court-martial here on charges of illicit trading with Germans. He was fined \$2,500.

The prosecution charged that Warner and two brothers, one in Paris and the other in Shanghai, were unlicensed outlets for the sale of merchandise shipped them by their father, David Warner of New York. The brother in Paris has been fined by a French civil court.

Smithies Forge China Red Spears for Peasant Militia

YENAN, CHINA.—Primitive blast furnaces burn nightly as blacksmiths forge crude spears for the peasant militia arming for the defense of this Chinese Communist capital against government attack.

The farmers are dubbed the Red Spears because their metal-tipped lances are adorned with red tassels.

Novelist H. G. Wells Leaves Fortune to His Two Sons

LONDON.—H. G. Wells bequeathed most of a fortune of \$239,244 to his two sons and recorded the "good and sane behavior of all my offspring towards me," probate of will disclosed.

Maria Baroness Budberg, a Russian refugee who came to England after the Red Revolution, received an annuity to be purchased with \$16,000. The will described her as "my very dear friend."

Classified Ads Save You Money.

BIG ATTENDANCE AT ASSOCIATIONAL BROTHERHOOD

At least twelve churches were represented at the quarterly meeting of the Brotherhood of the Brownfield Baptist Association held at New Home Tuesday night, and when the count was finished it was found that 174 men were present.

Thirty-nine men from the New Home church and community were counted and 135 from other churches and communities.

Among the larger delegations were 25 from Tahoka, 28 from Brownfield, and around a dozen from Wilson, Redwine, O'Donnell, and Wells, each, with slightly smaller numbers from other places.

The principal speaker of the occasion was Judge Thomas J. Pitts of Odessa, who has long been prominent in the legal profession as well as in Church and Brotherhood work. He was introduced by his friend, Judge Tom Garrard of Tahoka, who, though a member of another denomination, expressed his amazement and delight that so large a crowd of men had gathered in such a meeting as this. Declaring that the world now faces one of the greatest crises in the history of civilization, he expressed the opinion that it can be steered safely through only by men of the high Christian character and purpose of those who made up his audience.

Space forbids that we give even a resume of the address of Judge

Pitts but it might be summed up in the appeal he made for men to make Christianity a vital, living force in their own lives.

A musical program, consisting of congregational singing led by Boswell Edwards of New Home, a stringed instrument number, and a quartet preceded the address.

Of course the entire program was interspersed with prayers, and a spirit of devotion mixed with sallies of humor now and then was evident throughout the meeting. All the leading pastors of the Association were present and they seemed to enjoy the program from their places in the pews as much as did the laymen.

Since no dues are collected from members of the Association Brotherhood, except charges for meals or refreshments served, the plates were passed preceding the benediction for funds to take care of some necessary expenses, and the contributions amounted to more than \$43.00.

Preceding the program, a veritable feast which had been prepared by members of the New Home Brotherhood and the women of the Church was served cafeteria style.

The next quarterly meeting is to be held with the Redwine Brotherhood on Tuesday night, July 29.

Skinner and Jeff Connolly are down at Possum Kingdom Lake this week trying their best to keep the big ones from getting away.

CARD OF THANKS

We wish to express our thanks for the kindness shown us during the passing of dear mother and wife. Also for the nice floral offering.—J. H. Cook and children.

In their soil improvement work, Texas farmers applied 100 times as much lime to their land in 1946 as they did back in 1943.
