Tahoka, Lynn County, Texas, Friday, May 23, 1947

Number 33

Diplomas Given Local Graduates At Final Programs

Diplomas were presented by Roy Edwards, president of the Board of Trustees of the Tahoka schools, to 39 graduates at the Commencement exercises held in the high school auditorium last Friday night.

Nan Weathers won highest honors and was accordingly named as Valedictorian. Doris Roberts won second place and was therefore designated as Salutatorian. She also gave a piano number as a part of the program of the evening. The Invocation was given by Rev. Levi Price, pastor of The First Baptist Church.

After a few humorous remarks, Superintendent Vernon Brewer introduced the speaker of the evening, Mr. Charles Paxton of Sweetwater. Mr. Paxton is a business man rather than a public speaker and he made no attempts at oratory. On the other hand, he seemingly took pains to use the language of the street in delivering his address. Having worked much with young people in various capacities, he stoutly praised them and gave his ideas as to how to protect them against temptation and to train them up into useful members of society.

His ideas along that line are not in accord with most ministers of the gospel and many church people and hence some criticism of his address was heard. Many thought that he sounded a low note in the methods he suggested for keeping the young people clean and upright. He stoutly maintained his position, however, and received hearty applause at the close of his address.

Following the presentation of the diplomas, the benediction was pronounced by Rev. J. W. Rosenburg, pastor of the First Methodist Church.

Mrs. Marcus Edwards played both the Processional and the Recessional.

New Home Ends Successful Year

Eight seniors were presented diplomas in commencement services at New Home school last Friday night as the highlight of a program which included announcement of honor students and special awards, talks and musical numbers.

Principal speaker for the occasion was Chas. A. Guy, editor of The Avalanche-Journal, who addressed the group on the subject, "Peace Hath Her Victories No Less Renowned Than War," in which Mr. Guy was introduced by Wilmer Smith.

Nelda Jobe gave the valedictorian address and Jo Dean Jones gave the salutatory address. In addition, to those two, A. C. Pillingim, chairman of the school board, presented diplomas to Betty Mary Pillingim, Frances Green, Geraldine Jones, La Verne Knight, Bob McAllister and Bonnie Fay Rogers.

Certification of candidates was made by A. L. Pace, Superintendent at New Home. Special recognition was given to the highest ranking student of each grade and the girls and boys basketball teams. The students receiving honor for high scholarship were Randolph Gass, freshman; Jo Rita Ray, junior; Nelda Jobe, senior.

Mrs. Henry Heck played the processional and recessional and accompanied J. B. Edwards who sang, "The End Of A Perfect Day." Invocation was given by Bro. T. L. Kimmel. The benediction was given by C. E. Roper.

Huffaker Delivers Seagraves Address

Calloway Huffaker, district attorney of this district, made the commencement exercises address to the Seagraves high school graduating class last Friday night.

There were twenty members of the graduating class to receive their diplomas, four of whom graduated at mid-term.

Valedictorian of the class was Mary Vestal and salutatorian was George B. Hart.

County Softball Play Will Start

At a meeting of five of the nine Softball team managers here last Monday night it was decided that the County league games would be postponed until Monday night. All the games that were scheduled for the past week were practice games, but will be made up on Wednesday and Saturday nights and games will continue as originally scheduled.

The deadline for the team managers to turn in a list of their players was set for this coming Monday night. These names should either be turned in to Wade Holland at the Conoco station or at the ball game Monday night.

Any teams that do not have all their players ready to play at 9:10 on the night of their scheduled game will have to forfeit that game unless the opposing team permits them to use a temporary player in the game providing that man does not belong to another local club.

The schedule for the coming week is as follows:
Monday, Grassland vs. Davis-Humphries.

(Cont'd. on last page)

Youth Canteen Is Open Again

The Phebe K. Warner Club opened the "Teen-age Canteen" again Thursday night of this week, with Mr. and Mrs. Terry Thompson as hostesses.

The canteen will be open each Thursday from 8:00 to 10:30 p. m. through the vacation months, with a Phebe K. Warner member and some of the parents present each time, but it will not be open on Saturday nights.

There will be no fees through June.

There are games, both quiet and active, for all ages and reading material for those who like to read. There is also a piano to play when a group wants to sing.

The general committee for the summer is composed of the following: Mesdames Fred B. Heel, E. R. Edwards, G. M. Stewart, and Paul Pittman. If you have any suggestions or complaints to make, call one of them.

The following committee, Mesdames J. F. Bucy, E. R. Edwards, Stanley, Terry Thompson, Calloway Huffaker, and Paul Pittman, will be hostesses till July.

Wilson Votes To Incorporate City

By a practically unanimous vote, the citizens of the town of Wilson voted on last Saturday to incorporate. They were impelled to take this action chiefly because as an incorporated town bonds can be voted with which to build a system of water works for domestic use and protection against fire.

An election will now be ordered by the county judge for the election of a mayor, city marshal, and five aldermen.

Already there are a number of candidates for each of these positions.

Mexican Youth Died Wednesday

Jesus De Leon, 20, son of Miguel De Leon, died in the Seale Clinic here at six o'clock Wednesday morning after having previously suffered a stroke of some sort, possibly meningitis.

Funeral services were conducted Thursday afternoon with burial in the cemetery here.

The youth, it is said, had been suffering for several days from a severe headache. Two or three days before his death he fell on his face but partially recovered and the family, it is said, thought little about it. Tuesday night, a truck driver found him and another Mexican youth by the roadside on the Lubbock highway near Wayside and brought him to Tahoka, where he was placed in the clinic, and where he died six or seven hours later.

SIX SONS—All six sons of Mrs. H. J. Marsh were recently together here in a family reunion for the first time in many years. They are: top row left to right, Herman, Lawrence and Earl; bottom row left to right, Louie, Burlie and Alf Taylor. See story on last page.

Tahoka And Edith Vote To Consolidate; West Point, Three Lakes, And Tahoka May Vote Soon On Consolidation

In the election held in the Tahoka and Edith school districts last Saturday, both districts voted for consolidation. Edith voted in favor of consolidation 25 to 6 while Tahoka voted for it 24 to 6.

The vote in Tahoka was exceedingly small because everybody knew that practically everybody was for consolidation and that there would be no votes, or almost no votes, against the proposal.

The result in the Edith district shows likewise that practically everybody in that district favors consolidation also.

This brings 18 1/2 sections of land and about 33 scholastics into the Tahoka district, though all these scholastics have been transferred into Tahoka for the past few years.

Petitions are now being circulated for the consolidation of the Tahoka, West Point, and Three Lakes districts. The West Point district contains about 30 sections of land with 69 scholastics and Three Lakes 28 sections of land with 35 scholastics. No school has been maintained at either of these two places for the past few years, the pupils being transferred and transported into Tahoka.

Rodeo To Be Saturday, Sunday

Tomorrow afternoon at 2:00 p. m. the first performance of the two-day rodeo sponsored by the Tahoka Roping club and the Lynn County Flying Farmers will begin.

This is the same rodeo that was rained out a couple of weeks ago along with the Flying Farmers Field Day celebration and it will be the same stock that was to be used before.

This is an amateur rodeo and only amateurs will be allowed to compete in any of the events.

However, just because it is only an amateur show doesn't mean it won't be a good show, because many of these so-called amateurs are almost, if not as good as some of the professionals that perform in the better-known rodeos over the country.

The first performance will begin at 2 o'clock Saturday afternoon May 24 and on Sunday the second and final performance will begin at the same time.

Bronc riding, roping, steer riding, bulldogging and possibly a jack-pot roping contest will be featured on both days of the show.

The rodeo grounds are located about a half mile south of the city limits of Tahoka on the O'Donnell highway, just directly south of the Tahoka Airport.

A large crowd was expected here for the rodeo on the first date that was set, and a larger crowd is expected to attend now that a good rain has put the ground in season for planting and the prospects for a good crop is much better now than it was before May 10-11. However many of the local farmers may be in their fields planting, but that is not expected to have much to do with the crowd that will attend the rodeo on both days.

Mrs. Glenn Connolly and children, Mary Alice and James Robert, have just returned from an extended visit with relatives at Whitney.

Move Started For New High School

County Superintendent, Lenore M. Tunnell reports that a move has been started to group together in one high school district the following independent and common school districts situated in Lynn and Garza counties: Southland, on the line, Gordon, Pleasant Valley, and Hackberry.

The high school at Southland will be enlarged to take care of the high school pupils from all the districts involved, and grade schools, it is presumed, will continue to be maintained at all or at least some of the smaller schools included in the grouping.

New Lions Club Officers Named

At the regular meeting of the Lions club last Tuesday night the Chairman of the nominating committee presented the nominations of the officers for the coming year. The club then voted on the committee's nominations and all were elected by a unanimous vote.

The new officers are as follows: Bill Griffin, President; Ivan McWhirter, 1st Vice President; Jack Alley Robinson, 2nd Vice President; Joe Bob Billman, 3rd Vice President; J. A. Pebsworth, Secretary-Treasurer; "Penny" Pentecost, Tallwister; Ronald Sherrill, Lion Tamer. The new Directors elected were: Coy Fleider, Fred McGinty, and the past president, Pete Hegl.

The holdover Directors are: J. E. Brown, and Dr. R. C. Roney.

A very good program was presented at the meeting with Mrs. Terry Thompson as master of ceremonies. Several local ladies, and girls and boys were presented in songs and dances imitating some of the well-known movie and radio stars such as Dina Shore, Andrews Sisters, Kate Smith, Frank Sinatra, Fred Astair and Ginger Rogers and others. The program was recorded and the Lions enjoyed the program very much.

Next Tuesday night will be ladies night and all the members are urged to bring their wives or girl friends as a very good program is on tap for this occasion.

Jarrell Brown Infant Died Early Sunday

The many friends of Mr. and Mrs. Jarrell Brown sincerely sympathize with them in the great loss they suffered Sunday morning in the death of their infant. The child was born at 3:08 p. m. Saturday, weighing only 2 pounds and 8 ounces, and died at 6:10 a. m. Sunday, after having lived almost exactly 15 hours.

Burial was in Memorial Park Cemetery, Lubbock, Sunday afternoon under the direction of Sanders Funeral Home, with graveside services conducted by Rev. Levi Price of Tahoka.

Mr. and Mrs. N. H. Cromer of the Petty community have their daughter-in-law and grand son from Dallas with them for an extended visit.

Go to Church every Sunday.

Summer Parks Program Starts

Tahoka's Summer Activities program, initiated several years ago by the Rotary Club, will get under way Monday, June 2, according to Coach Jim Foust, director. This program is entirely free to all the children who wish to participate, the Rotary Club, Chamber of Commerce, City of Tahoka, and Lions Club having underwritten the expenses for this year.

Directed play activities will be available in the City Park three days a week, Monday, Wednesday and Friday, and in the school gymnasium the other three week days, Tuesday, Thursday and Saturday.

Park days, there will be croquet, finger board pool, volley ball, horse shoes, washers, and touch football. Swings and see-saws will be available for the small children.

The following program will be followed on Tuesdays, Thursdays and Saturdays at the gym: 9 until 10 a. m., boxing and wrestling; 10 until 11, tumbling; 11 until 12, basketball; 2 until 4 p. m., volley (Cont'd. on last page)

New Oil Test Will Be Made

Contract has been let for the starting of drilling immediately by the Honolulu Oil Corporation of a wildcat oil well in the northwest quarter of Section No. 424 HE & WT Survey one mile south of the Lynn-Lubbock county line and almost three miles west of the Tahoka-Lubbock highway according to oil news reports appearing in the Star-Telegram and Avalanche-Journal. The site is about one mile north and a little more than a mile west of the old Joe Stokes school 14 miles north of Tahoka.

Contract calls for the drilling of a hole 10,000 feet deep. Drilling with a rotary rig is to start at once. Honolulu has a large spread of leases in that area, it is said.

A dry hole was drilled some three or four years ago at a location about 2 miles south of the Honolulu location.

With the exception of a possible producer over near the east line, Lynn county so far has no producing oil well. Quite a little oil field is being developed over in Garza county, however, and another field is now being developed in south Hale county in the Petersburg area. Of course, as everybody knows, here are extensive fields to the west of us in Hockley, Yoakum, and Gaines counties and further south in Andrews, Midland, Ector, and other counties south and west of these.

Farmers Planting After More Rain

More rain visited Lynn county Thursday afternoon and night of last week. There was a heavy down-pour and considerable hail even while the last run on the News was being made, amounting to .42 of an inch here in Tahoka. A slower rain amounting to .39 fell that night. The afternoon rainfall was much heavier for two or three miles east of town and then grew much lighter, practically no rain falling at Grassland. At Wilson, however, the total rainfall, afternoon and night, amounted to 1.82 inches. It was variable over the county, none in some portions.

The rain delayed planting in the territory it covered but farmers have been busy in their fields most of this week, and much cotton has been planted. A terrific wind from the north blew all day Tuesday, however, and killed most of the cotton that had come up. The acreage killed was small, however.

RETURN FROM CALIFORNIA

Mr. and Mrs. W. O. Thomas and Mr. and Mrs. A. I. Thomas returned Saturday night from a three weeks trip to California. They visited San Diego, Los Angeles, San Francisco, Porterville, and Fresno. They were guests of Mr. and Mrs. A. L. grand daughter, Camille Hill, at San Diego, and their son, Carl, at Porterville. They also made a boat trip to Catalina Island, and viewed the beauties of the ocean floor from a class bottom boat.

Delayed Flying Farmers Meeting This Week End

The District II Texas Flying Farmers whose annual meeting was scheduled May 9-10 but was rained out by a million dollar rain will be held here all day Saturday, May 24.

Only one day has been reserved for the annual Field Day celebration in place of the two days originally planned. The program for the

ARMY V-2 ROCKET

TO BE EXHIBITED HERE
The U. S. Army Recruiting Service will exhibit one of the captured V-2 German Rockets in Tahoka today and tomorrow.

The Rocket is the same type that was used on London during the war by the Germans.

The public is invited to see this Rocket and exhibit at the U. S. Army Recruiting Van, in Tahoka Friday and at the Tahoka Airport on Saturday, May 23 and 24.

Flying Farmers has been out down to fit the one day affair and will eliminate many of the attractions which were originally planned for their meeting.

Several visitors are expected to be on hand Saturday however and many Flying Farmers and other South Plains pilots are expected to attend.

The Rotary and Lions clubs are still planning on furnishing the visiting airmen transportation to and from the airport; and the rodeo grounds, and the Lions club is also going to maintain the concessions at the airport as originally planned.

However no arrangements will be made to serve barbecue at the noon hour at the airport as was originally planned.

The morning will be taken up by the arrival of the Flying Farmers and by their business meetings.

In the afternoon starting at 2 o'clock the rodeo will begin and will continue on through 4 o'clock. Immediately after the rodeo the big special event and highlight of the day will be on tap after which the Field Day will come to an official ending.

However the rodeo will be held again on Sunday afternoon, which will be the final performance of this show.

Not only are many Flying Farmers expected to be on hand for this event, but many Lynn county people and surrounding territory are expected to be here on both days.

Dance To Be Held Tonight

Tonight starting at 8:30 at the Finch Roller Rink, about one mile east of town a dance will be held, sponsored by the Flying Farmers of Lynn County. The music will be furnished by the "Sunshine Trio" and band of Lubbock.

No dance will be held on Saturday night due to the fact that no orchestra could be obtained for that night; and the "Sunshine Trio" had also made previous arrangements to play elsewhere on that night, so only one dance will be held and that will be tonight, starting at 8:30 p. m.

Gano Tubb New O'Donnell Coach

Gano Tubb, recognized as one of the best Class A high school athletics coaches in Texas, who recently resigned as mentor of the Leveland Lobes, has accepted the head coaching position at O'Donnell.

Coach Tubb at Leveland won two district and one bi-district football titles in six years of coaching there. His basketball teams lost three regional final games and one year went to the state finals. His 1943 track and field team set several records that still stand.

O'Donnell is building a new football stadium and a new gymnasium, and makes no secret of its ambition to grab off some district athletics championships next year.

Mrs. B. H. Howard and son, Uris Howard, of Lubbock, visited Wednesday and Thursday with her daughters, Mrs. Frank Hill and Mrs. Harley Henderson.

SENATE JOINT RESOLUTION NO. 4

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the

Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay

the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

- Institution and Per Cent of Total: John Tarleton Agricultural College, 5.72107; North Texas Agricultural College, 6.17028; Texas State College for Women, 11.52992; Texas College of Arts and Industries, 4.75551; College of Mines and Metallurgy, 4.71936; Texas Technological College, 16.54877; East Texas State Teachers College, 8.10657; North Texas State Teachers College 12.64522; Sam Houston State Teachers College, 5.55068; Southwest State Teachers College, 6.78474; Stephen F. Austin State Teachers College, 4.55414; Sul Ross State Teachers College, 2.15315; West Texas State Teachers College, 5.41643; Prairie View Agricultural and Mechanical College of Texas, 5.34416.

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto, shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

HAIL INSURANCE . . .

Loss of crops by hail means the loss of a seasons profit. Hail is purely a physical hazard, and unlike fire hazard. No precaution can be taken, nor care exercised to minimize the risk. I will appreciate writing your cotton insurance this year and will give you the best service if you do have a loss.

There is no 10% deductable clause in our full coverage policy.

BAPTIST BROTHERHOOD HAS REGULAR MEETING

Thirty members of the Baptist Brotherhood attended its regular monthly meeting in the basement of the Church Tuesday night. The regular "feed" was served but the program was dispensed with because of a lengthy business meeting in which plans were set afoot for an enlarged and more active service.

In the first place, the time of the monthly meeting was changed from the third Tuesday night to the third Monday night of each month on account of the fact that the Lions Club meets each Tuesday night and a number of the members of the Brotherhood are also members of the Lions Club. The change was made for their accommodation.

Plans for more intensive activi-

ties were laid when, upon the suggestion of the pastor, it was decided to appoint a number of additional committees. It was thought that much care should be exercised in selecting the personnel of these committees, and E. I. Hill, president of the Associational Brotherhood, was named as the chairman of a committee to work with the pastor in the recommending of the additional committees and their personnel. Other members of this committee on committees are Ernest Herring, president of the local Brotherhood, and Dr. K. R. Durham, treasurer.

The committees to be recommended will doubtless include committees on Worship, Education, Evangelism, Finance, Benevolence and Boys Work. Each of these committees will be furnished a

printed, detailed explanation of their duties.

Along this same line, The Brotherhood also voted unanimously to assume the responsibility of sponsoring and guiding the Boys Club known as the Royal Ambassadors. This club meets weekly and will be expected to meet with the Brotherhood at each of its regular monthly meetings. A leader for this club will be sought out and appointed. It is a Southwide organization of Baptist boys, and a meeting of all these clubs in District 9, which includes all the territory from Canyon to O'Donnell and from an indefinite line below the Caprock westward to the New Mexico line, is to be held at the new Palo Duro Baptist encampment on Friday and Saturday May 30-31. They will be chaperoned by men from the churches from which they come respectively. Three or four men have volunteered to go with the Tahoka group.

On account of the removal of the newly-elected secretary of the Brotherhood from Tahoka, Marvin Bentley was elected Tuesday night as his successor.

It was also planned to erect some Baptist Church Welcome signs soon to be placed at convenient places along the highways in and near the city.

EX-MARINE'S ASKED TO GIVE INFORMATION FOR BOOK

Jakie Weathers, Lynn County Service Officer has been requested by Headquarters U. S. Marine Corps to publicize the following information.

"A board has been convened by the Commandant of the Marine Corps to publish the history of the Second Marine Division for free distribution to all personnel who were members of the Division between January 4, 1942 to September 2, 1945.

In order to prepare the distribution list and to obtain certain other information, all such former members should submit to the Second Marine Division History Board, Room 2120, Headquarters, U. S. Marine Corps, Washington 25, D. C. the following information: 1. Name, rank, serial number; 2. Present address; 3. Inclusive dates of his service with the division; 4. Unit within the Division to which he was attached; 5. Specific incidents or actions which he believes should be included in the history when published.

All veterans interested should get this information in as soon as possible to avoid delay in publication.

Sunday guests in the N. H. Cromer home at Petty were Mr. and Mrs. Lee Cromer and Jimmy, Mr. and Mrs. Lon Cromer, Darline, Martha and Karen all of Lubbock.

TAHOKA BAPTISTS ATTEND CONFERENCE

Rev. and Mrs. Levi Price, Mr. and Mrs. E. I. Hill and little granddaughters, Anita Jo and Sara Sue Rochelle, and Mrs. Jarral Cox and Mrs. Levi Nordyke attended the Baptist Workers Conference at Gomez, Terry county, Tuesday as did a number of other pastors and church workers in Lynn county.

Rev. E. C. McDonald of New Home filled the pulpit at the eleven o'clock hour and Rev. J. M. Hale of O'Donnell presided over the Board meeting. E. I. Hill had a place on the program, discussing Brotherhood work. Rev. Ted Brian, pastor of the Wells Baptist Church spoke on Sunday School work.

Mrs. Maude Bledsoe is spending a few weeks visiting in Dallas.

Mrs. Pete Curry was brought back hospital where she had been home a few days ago from a Lub-receiving treatment.

SUNSHINE FOR THE SICK ROOM

Flowers bring sunshine and cheer into the life of a patient. Help your sick friend get relative back to health by sending him or her one of our lovely potted plants or a colorful bouquet of fresh cut flowers.

Adequate Gas Equipment

Adds to Salability of Homes

THE TIME WILL COME when the homes now being planned and built and remodeled will not be as easy to sell as they are now. Then the plus features, the salable features, will be important. Then modern gas equipment will be especially important.

Central Furnace

In this area natural gas is the preferred fuel. So, if you are building or planning a new home, look ahead to the time when you may wish or need to sell it. Equip it with the very best gas heating equipment you can possibly afford. If you want the best, install a forced-air central furnace. Another good type of heating equipment is the floor furnace.

Floor Furnace

A good gas heating plant will add more to the salability and the livability of a home than any other feature of similar original cost.

"I came, I saw, I conquered," wrote Caesar on one occasion. We guess that is the way Henry Wallace felt about his visit to Austin Saturday night. He was greeted wildly by an audience of more than ten thousand made up mostly of State University students and students from other colleges over the state, according to newspaper reports. A section of the big hall in which he spoke was set aside for several scores of Negroes. Wallace made it a point, however, to score "discrimination against minorities," which might have had reference to this segregation of the Negroes or to the exclusion of Negroes from our state educational institutions for whites, or to both, since a trial was then in progress in a district court in Austin in which a Houston Negro was seeking entrance into the University law school, represented by a New York lawyer and support-

ed in his efforts by both white and colored organizations of the North and East. In fact, in addition to his thrusts at President Truman, Wallace butted into Texas affairs quite freely, repeatedly praising Dr. Homer P. Rainey, former president of the University, who made war on the regents and got kicked out. Like Wallace, Rainey was suspected and often accused of having communistic leanings but denied it. If Wallace is not a Communist sympathizer, he certainly acts like one. In fighting the efforts of our Government to stay the march of Communistic Russia into Greece and Turkey, whereby she seeks eventually to gain control of the Mediterranean and extend her sway over Europe, Wallace is doing more for the cause of Communism than all the Russians combined could do outside their own country. Apparently this purpose is to create and crystallize communistic sentiment in this country and to become its leader and candidate for the Presidency at the next election. He will not run as a Communist, of course, but under some "Liberal" or "Progressive" label. And he will doubtless be supported by the C.I.O. and other labor organizations and will get a sizeable vote. A fight between communism and democracy in this country of ours seems to be just around the corner.

We truly regret that Texas has not furnished to the Negroes of the state in years past the educational opportunities that they should have had but we are gratified that the State is now correcting this neglect. We are glad that Prairie View Normal has been converted into a University, in name at least, and that financial provision is being made to develop it into a university in truth and in fact. Adequate public schools for Negroes are being conducted in many places but in many others, especially where the colored population is small, little attention is paid to the Negro schools. We believe that there should be more and better high schools for Negro children. Probably two or three additional colleges for Negroes should be established also with at least one of them located west of Fort Worth. It will be a long time, if ever, however before Negro children are as much interested in attending college or even the high school as are white children. If there were a dozen state colleges for Negroes in Texas, the attendance would not be proportionately as large as is the attendance upon colleges for the whites. The desire for higher education and the demand for higher educational facilities are not as great among Negroes as whites and probably never will be. Our Northern critics should take account of that fact in leveling their criticisms at the South.

EDDIE McMILLAN VISITS THE HOME FOLKS

Eddie McMillan, who had served in the Navy almost six years and who came home on Saturday, the tenth day of this month, left early this week for Pueblo, Colorado, where he had accepted a position as Linotype operator for a daily newspaper. He held the rating of Printer first class in the Navy. He expects to receive an honorable discharge within a few days. Eddie had worked in the News office for two or three years before enlisting in the Navy early in the year 1941. He is the son of Mr. and Mrs. H. L. McMillan of Tahoka and has two brothers, H. L. Jr. and Carl Henry, who have followed his tracks in the News office. H. L. also followed him into the Navy more than a year ago, but he does not expect to remain in that branch of service as long as has his older brother. After receiving his training, Eddie was placed on the Battleship Oklahoma and it was one of the ships anchored in Pearl Harbor when the Japs made their vicious and treacherous attack. The Oklahoma was sunk but its top protruded above the water. Eddie managed to make his escape, though by the skin of his teeth, as it were. He received a slight wound on one hand, and some time thereafter was granted leave to visit home. Then he went back and was placed on another vessel, and since then he has spent much of the time on the water but most of it for the past year or two on the land. In the war he had his share of peril, suffering, and anxiety, but he loves America and every fiber of him is loyal to his country.

ANOTHER JAP GETS THE "ROPE"

An Eighth Army Military Commission, in an open session April 23, at the Yokohama District Court House, criminated another war crimes trial as a verdict of "death by hanging" was meted to Yoshiichi Takagi, also known as "Greaseball". The Commission found him guilty of the charge and all specifications except numbers 14, 15, 16, 21, 22, and 30. He served as a civilian interpreter employed at the Tanagawa Branch Camp, Osaka Area, from December 1942 to March 1945. Evidence presented to the Commission by prosecution implicated Takagi as instigator of unjustifiable beatings and torture of numerous American Prisoners of War, and directly contributing to the deaths of three American Prisoners of War. Lt. William Knight Boyd, son of Mr. and Mrs. M. M. Boyd of Tahoka, was a prisoner of War in the Tanagawa Branch Camp, Osaka, for more than six months, November, 1942, to June, 1943. Then he was shifted to other camps but remained a prisoner of the Japs until the close of the war. A graduate of the Texas A. and M. College, he enlisted in the Army in 1939, and he is still in the Army, being stationed now in San Antonio. He was married in that city in July, 1946.

THE J. L. CUNNINGHAMS HONORED AT FAMILY REUNION

Mr. and Mrs. J. L. Cunningham of Tahoka were honored recently with a four-day family reunion at the home of their daughter and son-in-law, Mr. and Mrs. Irvin Ricketts, in River Road, Amarillo. Floral decorations in the home consisted of pink roses, carnations, and pink and white sweet peas. Present were: Mr. and Mrs. Harold Ricketts and children, Timmie and Sue, and Mr. and Mrs. A. L. Webb and daughter Cherry, all of Amarillo; Mr. and Mrs. J. W. Hammock of Clovis, N. M.; Mr. and Mrs. C. D. Collins, Freeport, Texas; Mr. and Mrs. J. C. Johnson, Kansas City, Mo.; Mr. and Mrs. Vic Roach, Burnett, Texas; Mr. and Mrs. Carl Clark and Jack Johnson of Seagraves; Mrs. Ann Rutherford, Westlake; Elwin Ricketts, Sedan, N. M.; Miss Ruby Collins, Elk City, Okla.; and Miss Maye Cunningham, Lubbock. For Mother's Day a corsage was presented to each guest and a huge cake was cut by the honorees.

CHILD GUIDANCE CLUB MET WITH MRS. GIBSON

The Child Guidance Club met in the home of Mrs. R. H. Gibson Tuesday night of this week for the last meeting of the Club year.

Mrs. Pete Hegi presided in a business meeting, and many plans were made for the new year, which will begin in September.

Mrs. K. R. Durham gave the program on "The Forgotten Child." Many interesting and helpful things were brought out in this discussion.

Cakes were served to one guest, Mrs. Roy Edwards, and the following members: Mmes. Pete Hegi, Fred McGinty, K. R. Durham, Truet, Smith Alton Cain, June Newill, Bettie Sue Wilson, Orville McElroy, Frances Chestnutt, Stout, Urban Brown and the hostess, Mrs. Gibson.

H. D. COUNCIL MEETS

The Lynn County Home Demonstration Council met May 17th in the H. D. agent's office for a business meeting.

The Draw, Petty, and Wells clubs were represented at this meeting and it was reported that all clubs had carried out the program for May as scheduled.

County Judge Tom Garrard was the guest speaker. He told the group attending the meeting, how the Home Demonstration Agent was paid and how the county divided its taxes up for all the different salaries and expenses it had to meet.

Mr. Garrard was invited to meet with the Council on its next meeting night which will be June 21, and all members are invited and urged to attend this meeting.

The Council expressed hopes that a new H. D. Agent would soon be available for Lynn County.

Announcement was also made that the Draw H. D. Club is scheduled to give a demonstration to the Wells club soon.

The H. D. Council reporter is Miss Myrtle Ledbetter.

Circulation of books in the University of Texas library will reach the million mark during the 1946-47 school year, Alexander Moffitt, librarian, said. The average increase in monthly circulation over the 1945-46 school year is 53 per cent.

Lime is applied to soil to correct soil acidity.

BROTHER OF D. C. DAVIS VISITS HIM HERE

D. C. Davis was delightfully surprised Tuesday when a neighbor drove up to his home in a car bringing his oldest brother, W. L. "Bill" Davis of San Angelo, for a visit.

The aged man had come up on a bus unannounced, and upon alighting at Wynne Collier's drug store he made inquiry about D. C.'s residence, and a neighbor volunteered to take him to it in his car.

D. C. says that his visiting brother is very active for his age but is almost deaf and that his eyesight is not good. He lives with a daughter in San Angelo, who objects to his venturing out alone, but he made up his mind to make this visit and struck out.

The elder Mr. Davis has had quite a colorful career, especially in early life. He came to Texas with his parents when about fourteen years of age, in 1870 or 1871, and they settled near Albany and lived there for a number of years. During that time he went up the trail twice to Dodge City, Kansas, with his boss and a herd of cattle. A number of times the Indians showed up along the route, cut in on the herd, and took a steer or two out each time for their use, shooting them on the spot with bows and arrows. The cowboys never resisted these raids, for to do so would have meant a fight or at least the stampeding of the cattle.

Later the Davis family moved to the Desdemona region, and still later "Bill" moved to Wichita Falls, where he was manager or superintendent of a glass plant for years. He has been with the daughter in San Angelo for the past ten years.

MORNING WATCH SERVICES ARE WELL ATTENDED

A group of Tahoka high school students report that about two and a half months ago they decided they would like to have a "Morning Watch" service. So they made posters and talked it over school that such services would be held every Tuesday and every Thursday morning starting at 8:15 o'clock in the high school auditorium. Each morning we had a song service, prayers, and a devotional reading. The kids took time about at being in charge of the services. There was one appointed to see that there was a program for a period of six weeks. She asked different ones to have the program each morning.

No one person is to get the glory for this service. The group as a whole made it what it is. There was an average attendance each morning of 20.

We want to thank the Baptist Church for the use of their song books and the Methodist pastor as well as Mildred Cox for their support. We are hoping to have these services again next year.

J. E. McMANIS GRADUATES AT HOWARD PAYNE

J. E. McManis of the Lakeview community was a business caller at the News office Monday and stated that his son, Rev. J. E. McManis was to receive his diploma at Howard Payne College today, Friday.

He and his daughter, Mrs. Velma Thomas, and his wife's aunt, Mrs. Emma Herron of New Home, were going down to attend the Commencement exercises.

J. E. has been a Minister-student in Howard Payne for the past three or four years and at the present time he is pastor of two half-time churches in Comanche county. At one time he was pastor of the Edith Church out east of Tahoka. He will now devote his entire time to the Ministry.

COLORED BAPTISTS HAVE YOUTH REVIVAL SERVICES

The Pleasant Grove Missionary Baptist Church conducted a special Youth Revival in connection with the Investiture program of Rev. L. E. Brown, president of the State Convention of the B.M.E. and moderator of the New Zeal association, into the pastorate of the Pleasant Grove Baptist Church.

The Youth Revival was conducted by the Rev. Joe Allen Webb and a group of Junior workers from the First Baptist Church, white.

The meeting was very successful. Three came to Christ and the entire membership was helped. A number of songs, lessons, and the sermons will live long in our hearts.—Paralee Sayles, Secretary.

It pays to give the laying hen all the balanced ration she will eat.

GENE AUTRY TO BE AT LUBBOCK RODEO JUN 11-14

Gene Autry, who will appear with the World's Championship Rodeo at Tech Stadium in Lubbock, June 11-14, probably holds more "firsts" to his credit than any one person in the entertainment world. Autry will appear with his horse, Champion, Junior, and is being brought to the Plains by the American Business Club. Proceeds from the rodeo will go to benefit the capital fund of the Lubbock Boys Club.

Autry is the nation's No. 1 cowboy box office attraction, the first cowboy to make phonograph records, the first singing cowboy on the air, and first cowboy to make singing westerns, the first motion picture cowboy to head the Madison Square Garden Rodeo, and the first motion picture star ever to have a town named for him.

That town, Gene Autry, Okla. is one of the winter quarters sites for the famous World's Championship Rodeo Corp., which is owned in part by Autry. Dublin, Texas, and Florence, Ariz., are the other towns where the rodeo winters.

Autry was born in Tioga, Texas, but grew up in Oklahoma, where he got his start as an entertainer. He has appeared all over the United States, in England, and in Ireland where he once drew a crowd of 750,000 people.

FIVE SOUTH PLAINS COUNTIES RANK AMONG FIRST TEN IN FARM INVESTMENT IN STATE

LUBBOCK, May 17.—Five South Plains counties rank among the first ten in Texas having the greatest investment in farm implements and machinery, according to the United States Census of Agriculture for 1945. Three of these counties are also among the first ten in agricultural income.

Lubbock county leads the state in both categories. According to the 1945 agricultural census, the value of all farm products sold or used by farm households in the county was \$15,469,693. The same source shows the value of implements and machinery in the county to be \$4,000,996.

Lamb county ranked fifth in the state in agricultural income with \$11,976,556. Lynn was seventh with \$11,799,252.

South Plains counties among the first ten in the value of implements and machinery include, in addition to Lubbock: Lamb, second; Hale, fourth; Lynn, ninth; and Floyd tenth.

INVITATIONS TO TEXAS TECH COMMENCEMENT EXERCISES SENT TO 1500 PEOPLE

LUBBOCK, May 21.—Special invitations have been extended some 1500 persons to attend the 21st annual Commencement exercises at Texas Technological College June 2. Hon. Tom Clark, attorney general of the United States, will deliver the commencement address and will receive an honorary degree from the college.

Among those being issued invitations from the college are government officials, leading educators in Texas and surrounding states, and other special guests. The Santa Fe Railway company has announced that it will postpone departure of its regular 9:15 p. m. southbound train until 10 p. m. to accommodate those who attend the event.

Attorney General Clark will be honored at a barbecue on the campus. He will be introduced at commencement by Dr. W. M. Whyburn, college president, and will be presented the honorary degree by Mark McGee, vice-chairman of the board of directors.

The college will present almost 400 bachelor degrees and 14 masters degrees this year.

TEXAS IS SECOND IN USE OF TRUCK TRANSPORTATION

DETROIT, May 15.—Texas agricultural, commercial and industrial groups are heavy users of motor trucks according to a survey recently completed by the Automobile Manufacturers Association for the latest edition of "Motor Truck Facts," biennial statistical compilation of truck and bus use. The state is second only to California in use of truck transportation.

Texas truck use is stable. A step-up of 306 truck registrations in 1946 over pre-war totals was noted. There were 369,103 trucks in use in 1941, compared to 369,409 last year. Of the total 9,089 buses registered in Texas, 5000 are for school use. More than 29 per cent of the state's trucks are on farms.

Many Texas people earn their living through truck use. There are 321,833 truck and bus drivers in the State. A total of 1,409 dealers sell and service trucks and buses.

Unlike some states which restrict truck operations, Texas generally encourages their use. Height and length regulations recommended by the American Association of State Highway Officials are observed by the state except in two respects; maximum length of truck tractor semi-trailers is five and other combinations fifteen feet short of AASHO standards. Thus many versatile and useful vehicles are not available to serve the people of Texas.

Two hundred twenty seniors in the College of Business Administration at the University of Texas are candidates for degrees at June 2 commencement exercises.

FLATLUX FLAT WALL PAINT

ONE COAT COVERS WALLPAPER and Most any Interior Surface

Made with OIL ONLY \$3.85 PER GAL

- + An Oil Base Paint, not a Water Paint
- + Economical—One Gallon will do the average room
- + Covers any type of water-thinned paint
- + Covers Wallpaper and other surfaces with one coat
- + Dries quickly—room can be used the same day
- + No sour casein odor, common to water paint
- + Will not rust metal, as water paints do
- + Will not raise grain of wood, as water paints do
- + Requires no thinner or extra bucket
- + Requires no priming or sizing coat
- + Dries to a flat, glareless, beautiful finish
- + Is not a fad—surface can be repainted at any time

ANOTHER MEETING
Acts 8:1-25.
If interested in the study of meetings where more than one gospel preacher took part please read in your own Bible the passage given above. In Acts 6:1-6 you will find that Philip was a member of the church at Jerusalem and a man full of the Holy Ghost before the apostles laid their hands on him. Philip went to Samaria and preached Christ to the people. The people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. V. 6. When they believed Philip preaching the things concerning the kingdom of God and the name of Jesus Christ, they were baptized both men and women. V-12. As at Jerusalem so it was here, "No infants among those baptized." Neither Christ nor the apostles ever authorized any man to baptize an infant. Ask those who practice such to find the passage. The apostles Peter and John were sent from Jerusalem to Samaria, and when they prayed for them and laid their hands on them they received the Holy Ghost. V-14-15. There was a man named Simon who believed also, and when he was baptized, he continued with Philip

and wondered, beholding the miracles and signs which were done. V-13. When Simon saw that through laying on of the apostles hands, the Holy Ghost was given, he offered them money, saying, "Give me this power that on whomsoever I lay my hands he may receive the Holy Ghost."
Note: Philip could perform miracles but he could not bestow Spiritual Gifts by laying his hands on any one. By the imposition of the apostles hands different gifts were given. See I Cor. 12:1-11. When the first man upon whom the apostles laid their hands died, together with the apostles, no other man ever performed a miracle as they did. Modern fakes to the contrary notwithstanding. Let them who claim to do so deliver the goods.

That Philip preached the same doctrine the apostles preached at Jerusalem is evident for Peter and John had a part in the work in Samaria. Vs. 14-25. All men guided by the Holy Spirit in the days of the apostles could work together and that unity for which Christ prayed prevailed. Jno. 17:20-21. All men guided by the words of the apostles as given in the new Testament can work together today. If not, why not? It is easy to understand the Bible alike, if we believe what the Bible says on any subject. Attend the services of the church of Christ in your community and hear the truth preached like it reads in your Bible. Save this and read more on this meeting next week—Price Bankhead, Post, Tex.

Over 300 specimens of Texas reptiles and amphibians were added recently to the department of zoology at the University of Texas, for use in the study of the distribution of vertebrate animals. Dr. W. Frank Blair, assistant professor of zoology, and two students caught the specimens.

NEW HOME GRADS WED WITHIN PAST WEEK

Two of the New Home High School graduating class were married last week. Miss Frances Green, daughter of Mr. and Mrs. J. B. Green was married to Oscar Follis, son of Mr. and Mrs. Ed Follis of New Home by Mr. P. D. Server in Tahoka last Thursday evening. Miss Bonnie Fay Rogers, daughter of Mr. and Mrs. Jack Rogers was married to Lester E. Green, Jr. of Seagraves last Friday evening by Rev. E. C. Armstrong in his home. Mr. and Mrs. Roy Blackman accompanied the couple. Mrs. Blackman is a sister to the bride.

They will make their home in Seagraves. The brides had been long time friends and schoolmates, and they had been very close friends all during high school. Both of them graduated last Friday night. Mr. and Mrs. Follis will make their home in New Home. Mr. Follis has a filling station in New Home.

W. L. BURLISON

Grassroots . . .

By Bill Griffin

This week, May 19-24 is National Cotton week. Texas is joining in with other states to put cotton in the spot light as one of American Agriculture's most resourceful crops. Cotton is considered as our most versatile and resourceful crop and we want to try to boost cotton yields and cotton uses.

Our enemy Johnson grass is growing rapidly now that we have received good rains. Lets not forget that if given a half a chance, Johnson grass will be up and heading out and producing seed in a very short time.

A few minutes time to cut off a small spot to prevent it from producing seed will pay off in big dividends. We do not have a chemical that we can spray at this time of the year, but we need to start planning now our cultural methods to be used to keep Johnson grass down until August when we can hit it below the belt with Atlacide.

Atlacide is very short this year, so if you plan to spray your Johnson grass next August, buy now and store it until you are ready to spray.

Mrs. Jack Cox and little son of Dallas are here visiting her mother, Mrs. Mary Woods, and family.

Dunbar School Has Graduation

The Dunbar school, colored, had its closing program on May 6, according to Paralee Sayles, the faithful and efficient teacher.

While there were 41 colored children enumerated at the last scholastic census, there were only 24 children attending the colored school. Eight grades are taught over there, and there was just one pupil who graduated, as against six last year.

Although the student body is small, Paralee is kept very busy teaching eight grades.

On last Friday, the students were given a picnic, and Paralee says that they enjoyed it very much.

LOYD CHILDREN VISIT PARENTS HERE

Mr. and Mrs. Clyde Ray and children of Sundown, Mr. and Mrs. Jack Alexander and children of Amarillo, Mr. and Mrs. Glen Loyd and Billy Hobbs, a grandchild, of Lubbock, and Mr. and Mrs. J. O. Allen, and Miss Beatrice Loyd of the home were all here and had dinner with their parents, Mr. and Mrs. J. A. Loyd, on Mother's Day.

Garrard Speaker At Rotary Club

Last week's Rotary Club program consisted of a talk by Judge Tom Garrard on the industrialization program recently inaugurated by the West Texas Chamber of Commerce in conjunction with the Santa Fe railroad. He and Clint Walker recently attended a meeting of representatives from all West Texas towns served by the Santa Fe, held in Sweetwater, at which Tom was appointed to a committee to work with the railroad in the advertising of West Texas to the nation.

President L. C. Haney made a brief report on the recent Rotary District Conference held in Fort Worth and attended by him and Mrs. Haney and Mr. and Mrs. Fred McGinty. Lum said they heard many excellent talks, were royally entertained in Cowtown, and came home much inspired.

McNeely Featured In Capper's Farmer

Bill McNeely, who lives near Tahoka, and is owner and operator of the local airport, is among a group of Texas farmers featured in an article in the June issue of Capper's Farmer entitled "Management on Wings", which describes how he finds a plane useful in management problems.

McNeely found his plane useful in keeping up with farm operations while he was attending sessions of the district court," says the article in the nationally circulated farm magazine.

"In the afternoon he took a spin around the place to see whether fields were dry enough to plant. He also says the combine stage of wheat can now be more accurately judged from the air than from the ground."

MEMBERS ATTEND O. E. S. SCHOOL OF INSTRUCTION

Approximately 40 members of Tahoka Chapter, Order of the Eastern Star, participated in a School of Instruction in Lubbock last Friday and Friday night. The School, an annual affair, was sponsored by eighteen Chapters in District 2, Section 4, with a total attendance of 432.

Examinations were conducted by Mrs. Pauline Baker, Grand Examiner, and her corps of workers, and Tahoka members brought home about 30 certificates of proficiency in Eastern Star work.

Mrs. Ollie Ruth Chenoweth of Station, Deputy Grand Matron, and Mrs. Imogene Bursleson of Tahoka, Past Deputy Grand Matron, were co-chairmen of the School; and Tahoka Chapter was further honored by having her officers fill all the stations in the closing ceremonies of the evening.

Mrs. Grace Prohl is Worthy Matron of Tahoka Chapter.

BAPTIST WOMEN TO MEET AT NEW HOME

All women of the Tahoka Baptist church are invited to attend an all day Mission Study Program to be given in the New Home Baptist Church next Monday, May 26. The women of Tahoka are not to take lunch but are asked to bring their Bibles, pencils and notebooks and be at the Tahoka church at 9:45 Monday morning.

Though New Home is the meeting place the Baptist women throughout that part of the county are expected to be present and join in the study. Mrs. Levi Price Mission Study Chairman of the Tahoka W. M. U. will direct the program using the book "The Message of Stewardship," by Rev. Ralph Cushman.

SOCIAL SECURITY MAN TO BE HERE WEDNESDAY JUNE 4

Prompt application by qualified persons for retirement or survivors' benefits that have been earned under the Federal old-age and survivors insurance program was urged today by Elliott W. Adams, manager of the Lubbock office of the Social Security Administration. Mr. Adams announced that he would be at the U. S. Post office in Tahoka beginning at 11:00 a. m. on Wednesday, June 4, to take such applications and transact other business under the program.

WHY "GET UP" AT NIGHTS?

It's not necessary. Raise the ph. of the fluid in your bladder with CITROS. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CITROS will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.00 at your druggist. For sale by

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. TRY IT

FOR SERVICE—Good Jersey blue, anywhere within 10 miles of courthouse for \$5.00 cash. Dr. G. W. Williams. 7-tfc

When there's one catcher for two pitchers

It doesn't take a baseball expert to know that if two pitchers throw to one catcher, each must wait his turn. The same holds true for telephone switchboards. Present limited central office facilities enable us to "catch" only a given number of calls at a time. With present record telephone traffic, users must sometimes wait a few seconds before completing a call. We won't be able to "catch" everyone at once until additional equipment becomes available.

"I'LL COME TO YOUR HOME OR PLACE OF BUSINESS and help you with your Lighting Problems"

With lighting so important to the eyesight of your family, especially your children, it's wise to have this lighting survey made by a Public Service specialist. Using the latest scientific instruments, our lighting specialist will measure the light in every room of your home. And he'll be glad to check the lighting in your place of business.

Free!

Yes, the service comes to you without charge. Fill in the coupon and mail, or call your nearest Public Service office to find out from our specialist if the lighting in your home or place of business is correct. The survey places you under no obligation.

Cade's Mother Died Tuesday

Mrs. Eda Belle Cade of Lubbock, 73, mother of A. M. Cade of Tahoka, died at 3:30 o'clock Tuesday afternoon in the West Texas Hospital in Lubbock after a short illness.

Funeral services were held at Rix Chapel at one o'clock Wednesday afternoon, conducted by Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock. The body was then taken overland to Cross Plains, where another service

was held at 3:00 o'clock Thursday afternoon in the Presbyterian Church with Rev. F. P. Collins officiating, followed by burial in the Cross Plains cemetery.

A number of Tahoka friends attended the services at Lubbock. In addition to A. M. Cade, deceased is survived by three other sons, V. L. Cade of Lubbock, H. M. and R. M. Cade of Slaton; four daughters, Mrs. Mary Lou Davidson of Lubbock, Mrs. Mae Barr of Cross Plains, Mrs. Amie Russell of Slaton, and Mrs. Corinne Haynes of Dallas; 19 grandchildren and four great-grandchildren.

Mr. and Mrs. Cade of course attended funeral services both at Lubbock and at Cross Plains. The mother had stayed in the Cade home here much of the time in the past few years and had made many friends here.

The people of Tahoka and of Lynn county sympathize with the children and other relatives in this bereavement.

C. of C. Postpones Another Game
A game scheduled between the Baldridge Bakery of Lubbock which was scheduled to have been played there Tuesday night was postponed on account of so many of the Tahoka's players being busy planting cotton and a full team could not make it all the way.

A game was postponed last Friday night between Brownfield and Tahoka. The game was scheduled to have been played at Brownfield but the weather was too bad.

C. of C. Plays Two Games Here; One Game Away Next Week

Tahoka is not scheduled to play tonight, but will play Plainview here Tuesday night and on Wednesday night they will play Blue Bonnet Laundry here in a make-up game and on Friday night the C. of C. team travels to Lubbock to play a regularly scheduled game there with the Blue Bonnet Laundry.

REDDLE'S SON-IN-LAW HAS MAJOR OPERATION

Mr. and Mrs. W. A. Reddell spent last week-end in Amarillo, where their son-in-law, Bobby Hefley, underwent a very serious operation. Hefley is the youthful husband of the former LaVerne Reddell. They were married less than a year ago. His ailment was of a most unusual type.

When he was a little child, an upper tooth was broken off. It had never given him any serious trouble until recently when the upper gums or jaw became infected. A cyst developed and enlarged and spread rapidly, and when he was taken to a hospital, physicians pronounced his condition critical. It became necessary for surgeons to extract all the upper teeth on one side and to cut out, clean out, and disinfect the large cavity above. The operation is said to have been entirely successful and the young man is making satisfactory recovery.

SIX SONS VISIT MOTHER HERE ON MOTHER'S DAY

Rather unusual was the observance of Mother's Day on Sunday, May 11, in the home of Mr. and Mrs. H. J. Marsh, who live five miles north of Tahoka, by reason of the fact that all six of the sons of Mrs. Marsh, who are married and have families of their own, were present for the first time in many years to enjoy the occasion.

The six sons are Herman, Lawrence, Earl, Louie Burle and Alf Taylor, being the sons of Mrs. Marsh by a former marriage.

She has no daughters, but she declares that she has "the nicest daughters-in-law ever, and eleven of the sweetest grandchildren."

The oldest son lives in Corpus Christi but the other five live out here on the South Plains in Cochran county.

Dinner was served ranch style, and Mrs. Marsh received many nice presents, but the one which she treasures most is a group picture of the six sons. They visited a studio in Tahoka in the afternoon and had a group photograph made and presented it to her, and she prizes it so highly that she had a cup made from it, which she furnished to the News, and so their pictures may be seen on this page.

B. T. SMITH FAMILY MOVES TO LUBBOCK

Mr. and Mrs. B. T. Smith and family have moved to Lubbock in order that he might be nearer his work.

B. T. is ground school instructor at five airports, South Plains Aircraft, West Texas Aircraft, and the Breedlove Air Service, all near Lubbock, Lawlis Flying Service of Levelland, and Harris Flying Service of Brownfield.

He expects to do work toward his Master's degree in Tech this summer, also.

Park Program . . .

(Continued From Page 1)
ball; 4 until 6, softball and touch football. Tennis may be played all day.

In addition, a Junior Softball League will be formed and games will be played on the school grounds Tuesdays and Thursdays. Any boy who can get nine players together to be on his team will be the team captain.

Details are being worked out with the various ladies' groups of the town to assist Coach Foust in the supervision of the pre-school age children.

This recreation for the kiddies during the summer is absolutely free to all, and every parent is urged to see that his child participates. Further information on the program will be given in The News next week.

WEST POINT H. D. CLUB

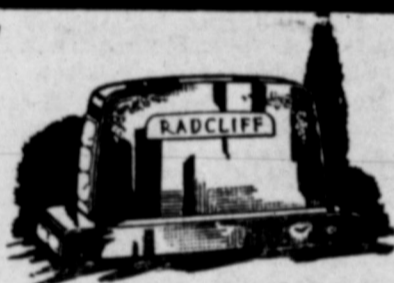

The West Point H. D. Club met Tuesday, May 20, in the home of Mrs. Roy Taylor.

Roll call was answered with "My Problem of Fitting".

In a short business meeting we voted to change our meeting time from 2 o'clock until 3 o'clock during the summer months.

Refreshments were served to ten members. The next meeting will be June 10, in the home of Mrs. Werner Schaffner.—Reporter.

Mrs. James G. White was returned home Sunday from West Texas Hospital where she had undergone a serious operation some days earlier.

Our display is well stocked with POLISHED granite memorials. Whether your need is for an elaborate family monument or a marker let us help you with your problem. Our representative will call at your invitation.
