 Lord's Day 10 a. m.  
 Communion 11 a. m.

**ATTITUDE**  
 Our attitude toward any messenger has much to do with the way we receive his message. Just so, our attitude toward the Bible has much to do with how we receive its teaching.

**The Bible**  
 What is my attitude toward the Bible? Do I believe the man who wrote it was guided by the Holy Spirit? If our answer to this question is "Yes", then what need do we have for church disciplines, manuals or confessions of faith written by uninspired men?

**Bible Disregarded**  
 The condition of the world today is the result of man's disregard for the Bible. Take the divorce and remarriage evil. Man's disregard for the Bible (Mat. 19:1-9), on this question has wrecked more homes and ruined more lives, in a social and moral way, than any other violation of God's law, unless it be the sin of alcoholic drinking. What is the attitude of the average man or woman when they want to put away their lawful companion and go off with some other woman? No use saying, "we can not understand it alike". No man outside the institutions for the feeble minded

can fall to understand the Bible on the question. A disregard for the Bible is the cause of the trouble.

The condition of the world religiously, is a disregard for the plain statements of the Bible. I give two examples: 1. Men continue to teach that the sinner is saved by Faith Only. The Bible says plainly "Ye see then how that by works a man is justified and not by faith only". Jas. 2:14-26. Neighbor, just what is your attitude toward the Bible on the question? Which will you let go, the doctrines of men or the Bible? You cannot believe both for they differ. 2. Men teach that a little water sprinkled or poured on a person is baptism. The Bible says, "We are buried with him by baptism". Rom. 6:4.

Neighbor, again I ask, "Will you stand with those who teach the doctrines of men, (see Mat. 15:1-9) or will you stand for the Bible? Read 2 Jno. 9-11

Attend the services of the church of Christ in your community, where the gospel is preached like it reads in your Bible. Don't let "attitudes" caused from doctrines of men keep you from learning and obeying the gospel of Christ. Read 2 Thes. 1:7-10, Heb. 5:8-9.

I believe the Bible is inspired of God and can be understood by the average man. Remember you are always welcome at the Church of Christ in your community.—Price Bankhead, Post, Texas.

**FORMER RESIDENTS VISIT HERE**

Two former citizens of Tahoka now residing in distant separated portions of our country dropped into the News office at the same time one day last week to say "Hello" and to leave a friendly smile. Both were former valued members of the Tahoka school faculty.

Hope Haynes, who was principal of the Tahoka high school for some time and later superintendent at Whiteface, found the profession of teaching too unprofitable and went into the oil business. He is now in the employ of a big oil company and is located at Coalinga, Calif. His wife is also here visiting friends but failed to show up at the News office.

Leo Jackson, who has been athletics coach at Cameron for the past two years, previously held the same position here and was one

of the most popular coaches the Tahoka high school ever had. He is spending the summer with his parents at Floydada and, we presume, just ran over to Tahoka to shake hands with friends.

### PLATEAU SINGING

The 26th Annual Plateau Singing Convention which will be held this year in Pampa will begin Saturday and continue on through Sunday, July 19 and 20.

The convention will be held in the Pampa High School Auditorium and is sponsored by the Pampa Chamber of Commerce.

On Saturday night there will be a parade of Quartets from two or three states that will entertain all who wish to attend.

Accommodations for visitors will be available for those who wish to spend both days at the convention. There are four hotels and four tourist courts in Pampa. However it was stated that it would be wise to make reservations at one of the eight places if you planned to stay overnight Saturday night.

## MR. FARMER..

### ARE YOU LOOKING FOR FARM EQUIPMENT?

SEE US. We may be able to help you. We're doing everything in our power to fill urgent needs. If you are buying a machine today, it is important to consider:

- ★ Our service to you has only begun when you buy from us.
- ★ When we sell you a machine, we back it up and we're backed by a reputable manufacturer.
- ★ If you need parts or service, you can bank on us.
- ★ In case you have a breakdown, in a rush season, we're here to help you.
- ★ If you need credit you can get it through us at a fair rate.
- ★ If your equipment needs repairing we're here to do the job and do it right — with skilled factory-trained mechanics.
- ★ Whether you buy a new or used machine, you can depend on us charging only a fair price. We're not in business to take advantage of your hardship. We're here to serve you this year, next year and for years to come.

Yes, see us about that machine you need. We'll do our best to get you either a new one or a satisfactory used one which will tide you over — at a reasonable price and backed by our complete service.

**ALLIS-CHALMERS SALES AND SERVICE**

**Douglas Finley**  
 TAHOKA IMPLEMENT CO.

## COTTON

● Our cotton crop looks good, but there are some insects. We have plenty of dusting sulphur. See us for your needs. If we haven't what you want we will get it.

● We are now installing new machinery which will enable us to serve you better.

### GIVE NATURE A CHANCE...

If you are run down, listless and tired because of poor digestion, give nature a chance. Don't use violent purges. Often all your digestive system needs is a little assistance. And that's just what the new, improved ADLERIKA will provide. It's a scientific blend of 7 effective ingredients that work quickly and pleasantly to relieve gas pressure and work waste matter gently through the alimentary canal. It's a kindly stimulant to sluggish intestinal muscles. Order a bottle of ADLERIKA, the "Tone-Up" laxative, from your druggist today. Caution: use only as directed.

**ADLERIKA THE TONE-UP LAXATIVE**

## New Motors

We have recently obtained a large supply of New Dodge, Plymouth and Chrysler Motors, also Ford and Chevrolet motor block assemblies.

We will install a new motor in your car and allow you up to one year to pay.

You are cordially invited to come in and inspect our well equipped shop.

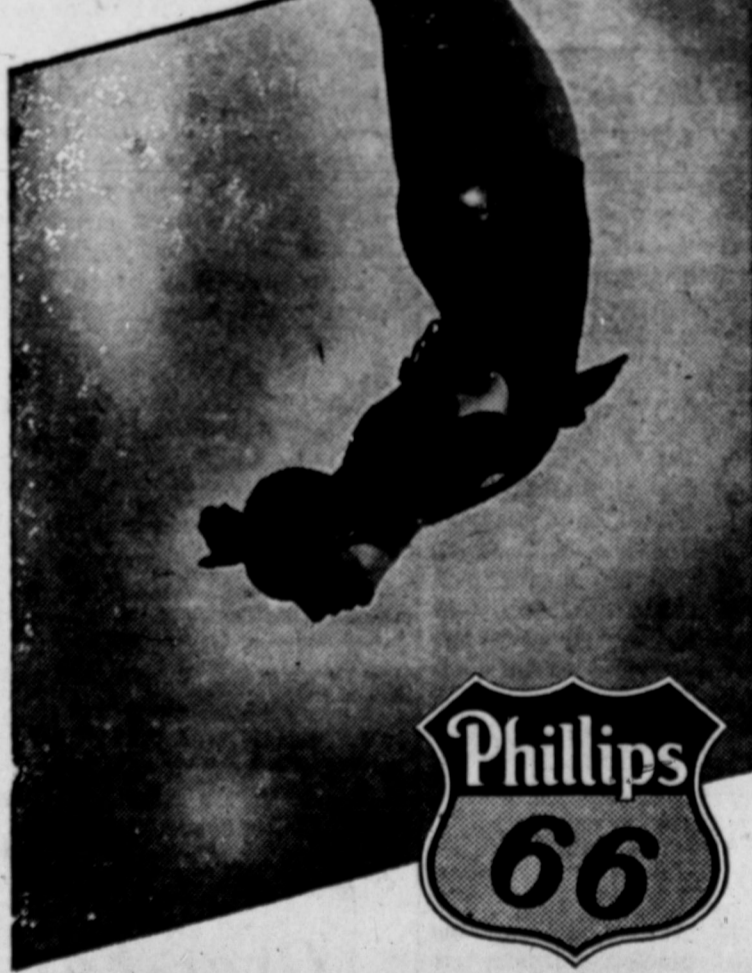

We Guarantee Our Work

## Plains Motor Co.

Authorized Chrysler-Plymouth Dealer

In High-diving or Gasoline...

IT'S *Control* THAT COUNTS!

Phillips 66 is CONTROLLED\* For Uniform, All-Season Performance!

Executing a perfect swan-dive like this from a 15-foot board takes some control! And it takes plenty of control to give you a gasoline as well-suited to all-season driving as Phillips 66!

Phillips does it by the careful selective blending of high-quality gasoline components. The result is a gasoline designed to give smooth performance every season of the year.

Try "controlled" gasoline in your car. Get it at your Phillips 66 Dealer! See the difference for yourself.

\*PHILLIPS 66 IS SELECTIVELY BLENDED FOR HIGH-LEVEL PERFORMANCE ALL YEAR ROUND!

### T Hangar Flying . . .

Due to hot weather and strong up and down drafts the spot landing contest, which was scheduled last Sunday was called off.

Coy Harrelson of Raymondville, flying a Cub Cotton Duster, stopped over for fuel. He was on his way to Brownfield where he was to do some crop dusting.

Conner Parsons flew to Ulysses, Kansas, the early part of this week to see Bill McNeely on business. Mrs. McNeely accompanied Mr. Parsons on the trip to see her husband who is now in the middle of the wheat harvest.

Mrs. Olin Harrison was flown to Mineral Wells where she attended funeral services of a relative.

Mr. H. C. Hogue passed his flight test recently and is now the proud owner of a private license.

We notice that nobody has seen a flying disc for the past several days . . . guess they have all gone back to Mars to report that this little universe looks as though it may be inhabited with some kind of living creatures. Possibly they are one-eyed, have four feet and two legs with a long tusk sticking out where their nose should be. Yep, the creatures that are living on that planet called Earth might even be hostile . . . but there was no indication that they were.

Last week it was reported that one of the saucers had landed at the local airport . . . but probably the Fourth hadn't been left behind

### WILSON MAN WEDS McADOO GIRL

Miss Bobbie Jopling, daughter of Mr. and Mrs. J. C. Jopling of McAdoo, became the bride of Harold E. Trull, son of Mr. and Mrs. F. E. Trull of Wilson in a ceremony read by Rev. B. C. Beard of Abilene in the home of the bride at 4 o'clock last Sunday afternoon.

Mrs. Ed Thornton of Crane, sister of the bride, was matron of honor, and Weldon Trull of Abilene, brother of the groom, served as best man.

Mrs. Trull has attended Hardin-Simmons University the past two years. Mr. Trull is farming near Southland, and after a brief wedding trip the couple will make their home there.

### JOLLY FAMILIES HAVE JOLLY REUNION

Many of the Jolly clan gathered in Mackenzie State Park in Lubbock last Sunday for a reunion and a jolly good time.

Tahoka Jollys present included Allen Jolly, Bertha Jolly, Mr. and Mrs. J. L. Jolly, and Chapman Jolly. Mr. and Mrs. Harley Jolly of O'Donnell, former Tahokaites, were also there. The Slaton contingent included J. V. Jolly, Leslie Jolly and family, Mr. and Mrs. Sonny Taylor and family, Mr. and Mrs. James Edwards and family, Bobby June and Laverne Jolly.

Others there included members of the family from Phillips, Gainesville, Plainview, and Lubbock, and from several points in California.

very far and somebody's corn-squeezings had not had time to wear off . . . but we would not be surprised at anything happening in these days and times.

### Grassroots . . .

By Bill Griffin  
County Agent

August 9 has been set aside to hold a Johnson Grass Control Demonstration and a demonstration of various spray equipment and weed burners. This demonstration is being held to give a boost to the Johnson Grass Control Week to be held August 11-18.

Johnson grass control week has been set to stimulate interest of every citizen of the County and make him conscious of the seriousness of our present grass infestation.

The Johnson Grass Committee hopes that everyone will try to kill some grass during the week or do their best to keep Johnson Grass seed from maturing this year.

Cotton Flea Hoppers are still causing damage in parts of the County. These hoppers are very hard to find on cotton and will cause damage when few in number. Twenty-five flea hoppers to 100 terminal buds on cotton are serious enough for you to begin dusting. On a light to medium infestation, however, it might be necessary to make a second and sometimes a third application depending on the percent of infestation. To control a heavy infestation it probably is wise to use a DDT Sulphur mixture at the rate of 10 to 12 pounds per acre.

Mr. and Mrs. E. H. Boullion of Big Spring have been here this week visiting former neighbors and friends, Mrs. Boullion remaining for several days. Mrs. Boullion was reared here and Mr. Boullion was in business here so long that both are still considered home folks.

**STUMPED!**

What are we going to do about this drunken driving? Facts are that the people of America have taken drinking as "the thing." It is smart to drink, according to a majority. But how long are we going to stand for the continued "slaughter on the highways." Officers cannot be stationed at every milepost along the highway, and stop cars to smell the breath of every driver. Unfortunately, so long as there are cars, and so long as we have persons who drink, we are going to have drunk drivers and they are going to kill people. We have such horrible examples in Randall county of drunken driving, and yet it goes on. Prohibition did not stop the evil; package stores have not stopped it; bootlegging cannot stop it. The law and public sentiment seem to be on the side of those who kill on the highways. What can we do about it? You say: we simply are stumped.—Canyon News.

The trouble with the liquor traffic and liquor drinking is that we have made them respectable. The old-time saloon of pre-Volstead days was a rotten thing. It slew its thousands. But the modern

liquor traffic, by the respectable front, behind which it masks and by its devious and devilish methods, is gradually eating its way into the very heart of America and is slaying its tens of thousands. Drunken sots today are not seen as frequently as they were a generation ago, but moderate drinkers are far more numerous, particularly among young folks and women, and if the present trend keeps on for another generation we will be, largely, a nation of drunks.

In the old saloon days, a woman dared not go into a saloon, if she cared anything for her reputation. A decent woman was loath to be seen going down Saloon Street, even. Lots of men who visited saloons slipped in and out through a back door.

The eighteenth amendment and the Volstead act abolished the old Saloon. Then the liquor forces got busy. They worked a smooth game. They did not propose to bring back the old saloon. They joined the "drys" in denouncing it. They promised that if the eighteenth amendment were repealed they would not permit it to be re-established. They kept that promise, in letter, far better than they could have been expected to keep it.

But, in place of the saloon, they established the "respectable" liquor store. They opened the doors of most of the cafes and restaurants and hotels to the liquor traffic. They made bar-maids of the waitresses in a majority of our eating houses. Girls in their teens by the thousands are today selling and serving liquor to the patrons of these eating places. Beer is treated as a natural concomitant of a meal. Women and girls are not only taught that it is the natural and proper thing to do but that it is actually "smart" and "mannish" to drink. And so drinking up to now may not be as excessive as it was in the old saloon days but it is far more general. And the habit of mild drinking almost invariably leads to the habit of excessive drinking. And, unless the trend is stopped, there will be far more drunken drivers ten years from now than there are now; and there will be far more "sots" ten years from now than there are now.

Unless we change the trend, we are headed for the rocks.

If any of the starving countries of Europe refuse to cooperate with the plans of this country whereby they are to be fed, then let us just withhold the proffered aid, and we imagine that, like the calf, they will soon come galloping in when sucking time comes.

Last week former Senator Marshall Formby, president of the Company which publishes the Plainview Tribune and who writes a weekly column for it while "pivoting" around over the country, sent back a most interesting column from Augusta, Georgia. Interesting because he recites a tragic but little-known story of the terrible Civil War that not only drenched his country in the blood of many of her finest youth, both North and South, but that created hatred that has not yet died out. The tragic story that Formby relates tells of the starvation or death from illness of more than 13,900 of the 52,345 Yankee prisoners in the Andersonville prison between February of 1864 and February of 1865. But, according to Formby, this loss of life by starvation and illness was not attributable in any large degree to Southern cruelty, for he states that President Jefferson Davis sought in vain, first, to procure an exchange of prisoners, and later to induce the North to take back 15,000 of the sick and wounded Yankees imprisoned at Andersonville, without any demand for the release or return of Southern soldiers in Northern prisons. Yet it took seven months for the Union Army to send for their own men, he asserts. They starved, it is claimed, because the South did not have sufficient food nor medicine with which to keep them alive. Our own opinion is that hot-headed Southern leaders as well as hot-headed Northerners plunged this country into a most terrible and wholly unnecessary "civil" war, because they refused to listen to reason and common sense. Such a leader in any country is a criminal in the sight of God rather than a hero, according to our humble opinion. The issues of slavery and secession could have been settled without war, if so-called statesmen had kept their heads. But Ambition, Greed, and Bigotry have caused nearly all the wars of history. If real Christianity prevailed among the masses of every nation, war would be impossible, for ambitious or hot-headed leaders would then have no luck in their efforts to lead their people to make war upon some other nation or section or faction of their own country.

We have been contending consistently that the Russian dictators actually do not want war, that they are merely determined to get all they can for themselves without starting another war. We have believed that because they must know that another war of world-wide proportions would likely destroy them and their people along with all other nations involved. But it does look as if they are fomenting their Communistic satellites, the Jugo-slavs, the Albanians, and others to make war upon the Greeks. If they persist, the war could easily spread, and the United States eventually be drawn into it. We shudder to think of the possibility, but there is no guessing at what power-mad dictators and long-haired fanatics may undertake to do. Russians by research and by stealth may acquire the secret of making the atomic bomb, but we are glad that so far our own political and military leaders have declined to give it to them.

It occurs to us that the parents of Tahoka are not taking advantage of the play program being given for the benefit of their children in the City Park here to the extent that they should. Clean sports supervised and directed by Coach Jim Foust are available to all the children in Tahoka within prescribed ages—a program which is very beneficial to the children physically, socially, morally, and otherwise, but comparatively few

children are being permitted to participate, according to our observations. We believe this program deserves more general cooperation and support on the part of parents.

At present prices of cotton and cottonseed, no grower can afford to lose the one bale out of seven which insects normally steal.

Too fine grinding of feed wastes both feed and power. Coarsely ground grain and chopped roughage is more palatable.

**Rheumatism and Arthritis**

**ELBERT CAREY WEDS MERKEL GIRL**

A ceremony at 6 o'clock Sunday evening united in marriage Frances Harwell, daughter of Mr. and Mrs. E. O. Harwell of Merkel, Texas, and Elbert Carey, oldest son of Mr. and Mrs. O. R. Carey of Gordon community on route 2, out of Post. Rev. R. L. Butler, pastor of the First Methodist church in Merkel, read the double ring ceremony in his home.

A flower arrangement of pink gladioli and white Esther Reed daisies furnished background for the ceremony.

Mrs. Andy Shouse gave the wedding music and also played the piano accompaniment for Mrs. Edwin Read in a violin arrangement of Love Sends A Little Gift, of Roses. Joy Nalley sang I Love You Truly, Mrs. Shouse and Mrs. Read played The Rosary softly while the couple repeated the marriage vows. The bride wore a blue frock-tail

coat suit with a white blouse. Her hat was an off-the-face white felt. She wore black and white accessories and carried a white handkerchief. She wore a gardenia corsage pinned to the suit lapel.

Charlotte Harwell, sister of the bride, was maid of honor. O. R. Carey, Jr. was his brother's best man.

Miss Harwell wore a sheer dress of baby pink with white accessories and a corsage of white carnations.

Mrs. Harwell, mother of the bride, wore printed silk with accessories of black. Mrs. Carey, mother of the bridegroom, wore gray linen with black accessories. Both wore white carnation corsages.

The bride is a graduate of Merkel High School and attended Texas Tech at Lubbock one year. Carey attended Southland High School and after serving in the European Theatre during the war, he attended Texas Tech. He is employed as a salesman for the Palmer Tire and Appliance Co.

Mr. and Mrs. Harwell, parents of the bride, entertained with a reception in their home. The bride's table was laid with fine linen of embroidered cutwork pattern. Mrs. C. S. Carey, aunt of the bridegroom, served the wedding cake and Alice Carey, another aunt, ladled punch.

The couple are on a honeymoon trip to Ruidoso, New Mexico. On their return trip they will stop at Post for a visit with Mrs. Carey's parents. They will live in Abilene.

**Purrrhea May Follow Neglect**

**Wayland Teacher Will Preach Here**

Announcement has been made that Dr. C. E. Colton, new head of the Bible department of Wtlyand College, Plainview, will fill the pulpit at the Baptist Church here next Sunday at both the morning and the evening services.

Rev. Levi Price, the pastor, who with his family and his parents-in-law is taking his vacation at Ruidoso, New Mexico, is not expected to return home until Monday.

Rev. Howard Martin filled the pulpit most acceptably at both services last Sunday.

Dr. Colton is reputed to be a great Bible scholar and a Minister of the gospel of surpassing ability. He is a graduate of Baylor University, Waco, holds the Master's degree in Theology from the Southwestern Baptist Theological Seminary, Fort Worth, and the Doctor's degree in Theology from Central Baptist Seminary, Kansas City. He recently came to Wayland from a seven years pastorate of North Temple Baptist Church, Dallas.

Wayland College is entering upon a period of great expansion, is being transformed from a two-years college to a full-fledged four years institution with the same rating as Simmons, Baylor, and the state Teachers Colleges, and its faculty is being greatly increased in number and possibly in scholarship.

As head of the Bible Department, Dr. Colton, who is just now beginning his work, will have more than seventy-five Ministerial students under his tutelage.

All Baptists and others who may be in any way interested are invited to hear him at both services next Sunday.

**PIERCES VISIT IN SOUTH TEXAS**

Mr. and Mrs. Wayman Pierce and family went down to Alice in Jim Wells county last week to visit Mrs. Pierce's brother and family, Mr. and Mrs. Otis Mensch, and also to visit with Mr. and Mrs. C. C. Waller and family, and we are letting them tell about their visit in their own way. Quote:

"On Tuesday after arriving on Sunday, we, Mr. and Mrs. Wayman Pierce and children, Mr. and Mrs. Otis Mensch and family, Mr. and Mrs. C. C. Waller and family, and J. H. Francis went to Corpus Christi; took dinner in the beautiful Cloe Park overlooking the Gulf.

"Then in the afternoon we all went sight-seeing; saw three big ships; saw the rising bridge rise up and let a barge come in. It was loaded pretty heavily. All the children went swimming in the bay, which was great fun for them.

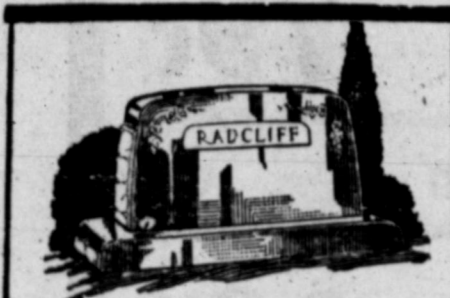

"Talk about crops, Boy, they really have them.

"We left Alice Thursday for Coryell county near Temple to visit Mrs. Pierce's grand-parents, aunts, and uncles. Went through Austin and saw the 'White House.' Then went to Fort Worth and visited Wayman's uncle. Found everybody doing fine. But good old Lynn county, especially Draw, is the best place we saw in about fifteen hundred-mile drive. Good old Draw."

**CARD OF THANKS**

To the many kind friends and neighbors who helped us during the illness of our little son; to every one who came to call, or sent gifts and cards, or helped in any way, we send our heart-felt thanks and humble appreciation. We pray God's blessings on each of you.—The J. R. Montgomery Family.

**MR. AND MRS. W. L. KNIGHT HAVE VISITORS**

Mr. and Mrs. T. E. Knight of Aspermont spent Saturday and Sunday here visiting Mr. and Mrs. W. L. Knight, and the M. M. Boyds, T. E. and W. L. Knight, are cousins. The former is county attorney of Stonewall county and Mrs. Knight is a music teacher. They were accompanied to Tahoka by Mrs. Etta Woolfork of Newcastle, Young county, who is a niece of W. L. Knight. The Aspermont visitors returned home Sunday night but Mrs. Woolfork remained for a longer visit.

With a final payment, to the U. S. Treasury recently from the St. Paul Land Bank, all of the 12 land banks in the U. S. became completely owned by the former and ranchmen patrons.

**TAHOKA COUPLE WED IN DOUBLE RING CEREMONY**

Miss Leta Martin, daughter of Rev. and Mrs. Howard Martin, became the bride of Robert Louis Warren, son of Mr. and Mrs. W. B. Warren, in a double ring ceremony read by the bride's father at 5 o'clock on the afternoon of July 5 in the home of the bride.

Attending the bride was her sister, Juanell Martin. Billie Jack Warren, brother of the groom, served as best man.

Both the bride and the bridegroom are graduates of the Tahoka high school.

A number of relatives and friends witnessed the ceremony, as follows: Mr. and Mrs. W. R. Warren, parents of the groom; Mr. and Mrs. Lennis Baker and children Carol and Beverly of Lubbock; Billie Jack Warren; Mr. and Mrs. Howard Martin, Juanell Martin, David and Sherriann Martin; Mr. and Mrs. Otto Townsend and Dwight Townsend; Mrs. D. R. Adamson, Sr., D. R. Adamson, Jr., Robert Dean and Donald Adamson.

The couple left immediately after the ceremony on a short honeymoon trip. They are "at home" in the Dixie community.

**NURSES NEEDED**

Doctors and Hospitals recently have been sending out S.O.S. calls for nurses. They want the newspapers to help them find young women who might be induced to study nursing. Professional nurses make good money, and training as a nurse might be of inestimable value to any young woman some time in life whether she expects to follow nursing as a profession or to spend her life as a housewife.

Since Doctors are not able to advertise and don't believe in advertising any way, we are hereby heeding the appeal sent to the News this week by a Hospital which claims to be "Texas' largest civilian hospital," and are giving free publicity to the distressing predicament which faces this and other hospitals because of the lack of trained nurses. Get busy, girls, and study nursing and thereby help the poor doctors out, and also the sick.

B. C. McCasland of Lubbock, representative of a life insurance company, was here Tuesday renewing acquaintance with Garland Pennington, Garland having been one of his bright pupils when he taught school down at old Silver Valley in Coleman county. "Mack" by the way has been finding out recently that he knows a lot of people now residing in Lynn county.

**DURHAMS RETURN FROM LOUISIANA VISIT**

Dr. and Mrs. K. R. Durham and little son Kenneth returned on last Friday night, from a visit with relatives in Shreveport, Louisiana. They and all the children had gone down in time to spend the Glorious Fourth with his parents, accompanied by Mrs. Durham's father, Mr. Hutchison, who remained to visit there and at Kilgore, Texas.

There was a reunion of the Durham families in Shreveport, on July 4, at which the parents and their two daughters and six sons, including the Doctor, and their families were present.

Dr. and Mrs. Durham's two daughters, Margaret and Dorothy, did not return home with them but went on to Fayetteville, Arkansas, for a visit with relatives there.

**COUPLE WED IN NAZARENE PARSONAGE**

Miss Wanda Christine Houston and Mr. Reuben K. Gandy were united in marriage at the Nazarene parsonage by Rev. R. L. Dillard Saturday afternoon at one o'clock in the presence of the fathers of both the bride and the groom and also their brothers.

The couple are from Wells, where they intend to make their future home.

Lewis Manley, who lives over near the Garza county line east of Gordon, was a business visitor in Tahoka and at the News office Wednesday. He not only reads the Lynn County News himself but also has it sent to two brothers down near Abilene.

**NOTICE OF ELECTION**

The State of Texas  
County of Lynn,  
City of Wilson.

TO the resident qualified property taxpaying voters of the City of Wilson, who own taxable property therein and who have duly rendered the same for taxation:

TAKE NOTICE that an election will be held in Wilson, Texas, on the 26th day of July, 1947, the same being the fourth Saturday in July, 1947, on the proposition and at the place more particularly set forth in the ORDINANCE CALLING SAID ELECTION, passed by the City Council on July 2nd, 1947, which ordinance is substantially as follows:

An ordinance by the City Council of the City of Wilson, Texas calling an election to be held within and for said City for the purpose of submitting to the resident qualified property taxpaying voters of said City, who own property subject to taxation therein and who have duly rendered such property for taxation the question of whether or not the Bonds of said City shall be issued to the amount of \$50,000.00, to bear interest at a rate of not exceeding 5% per annum from date and maturing at such time or times as may be deemed most expedient by the City Council, serially not to exceed forty years from their date and whether or not ad valorem taxes shall be levied sufficient in amount to pay such bonds as they mature and the interest thereon as it accrues; Determining the place and time of said election, enacting provisions incident to the purpose of this ordinance and declaring an emergency:

WHEREAS, it is deemed advisable that there should be immediately installed, erected and constructed a waterworks system for the City of Wilson and that the cost of such construction should be paid by the issuance of the negotiable coupon bonds of said City, which requires that an election be called to determine whether or not the resident qualified taxpaying voters of said City who own taxable property therein and who have duly rendered the same for taxation shall favor the issuance of said bonds and the levying of taxes in payment thereof:

Now, THEREFORE, be it ordained by the City Council of the City of Wilson, Texas:

Section 1: That an election be held in and throughout the boundaries of the City of Wilson, Texas, on the 26th day of July, 1947, the same being the fourth Saturday in July, 1947, which is within the time prescribed by law, at which election the following proposition shall be submitted to the resident qualified property taxpaying voters of said City who own taxable property therein and who have duly rendered the same for taxation, for their action thereon, such election to be held in accordance with the Constitution and Laws of the State of Texas:

**Proposition**  
Shall the City Council of the City of Wilson be authorized and empowered to issue the bonds of said City in the amount of \$50,000.00, to bear interest at a rate of not exceeding five per centum per annum (5%) and maturing at such time or times and in such amounts as shall be deemed most expedient by the City Council serially not later than forty years from their date for the purpose of constructing, installing, extending and improving the waterworks system of said City and shall there be levied, assessed and collected for the year of 1947 and annually thereafter, while said bonds or any of them are outstanding a tax sufficient in amount to pay the interest on said bonds as it accrues and the principal thereof as it matures?

Section 2: That said election

shall be held at High School building at Wilson, Texas with the following persons as officers of said election, viz:

Mrs. H. R. Williamson, Judge.  
Mrs. D. C. Newsom, Associate Judge.

Mrs. Willa Wakeland, Clerk.  
Section 3: The ballots for said election shall have written or printed thereon the following:

**Official Ballot**  
**Proposition**  
For the issuance of the Bonds and the levying of taxes in payment thereof.

Against the issuance of the Bonds and the levying of taxes in payment thereof.

As to the foregoing propositions, each voter shall mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition.

Section 4: None but resident qualified property taxpaying voters of the City of Wilson, who own taxable property within said City and who have duly rendered such property for taxation shall be allowed to vote in said election.

Section 5: That a substantial copy of this ordinance shall constitute notice of said election and a substantial copy thereof shall be posted by the City Secretary at three public places within the City of Wilson and inasmuch as the City has no established City Hall an additional copy shall be posted at the Wilson State Bank, which is the temporary quarters for the City Offices. That inasmuch as no newspaper of any kind or nature is published in the City of Wilson, but the Lynn County News is a newspaper published in Tahoka, Texas, the County Seat of Lynn County, and is a newspaper of general circulation within said County and within the City of Wilson, such notice shall also be published in the Lynn County News on the same day in each of two successive weeks, the date of the first publication to be not less than fourteen days prior to the date fixed for holding said election, all as provided for in Article 704 of the Revised Civil Statutes of Texas.

Section 6: Immediately after said election has been held, the officers holding the same shall make returns of the result thereof to the City Council and return the ballot boxes of said election to the Secretary for safekeeping.

The manner of holding said election shall be governed as near as may be possible by the General Election Laws of the State of Texas, except as modified by the provisions of Articles 701 to 706, inclusive of the Revised Civil Statutes

of the State of Texas and this City Council will furnish all necessary ballots and other election supplies required in holding said election.

Section 7: The fact that the City of Wilson has recently been incorporated and is in critical need of immediate water supply for the safety and health of the Citizens and protection of the general welfare of the City and its inhabitants creates an emergency and an imperative public necessity requiring the suspension of the rule that ordinances be read at more than one meeting and such rule is hereby suspended and this ordinance shall take effect from and after its passage and it is so ordained.

Passed, Approved and Adopted, this the 2nd day of July, 1947.

Enrolled and entered of Record, this July 2nd, 1947.

Pat Campbell, Mayor, City of Wilson, Texas.

ATTEST: H. G. Cook, City Secretary, City of Wilson, Texas.

(SEAL)  
The State of Texas,  
County of Lynn  
City of Wilson,  
I, H. G. Cook, City Secretary of the City of Wilson, Texas, do hereby certify that the above and foregoing instrument is a true and correct copy of an ordinance duly passed, approved and adopted by the City Council of the City of Wilson, Texas, and duly engrossed and enrolled by the City Secretary of said City, on July 2nd, 1947, calling an election to be held within and for said City on July 26th, 1947, as such ordinance appears of record in volume 1 at page 4 et seq. of the ordinance register of said City and in the minutes of said City Council.

Witness my hand and the seal of said City, this the 2nd day of July, 1947.

H. G. Cook, City Secretary, City of Wilson, Texas. (SEAL) 40-31c.

Americans ate an average of 382 eggs per person in 1946.

**Butane and Propane Users!**  
**Now**  
**IS THE TIME TO**  
**INSTALL A LARGER**  
**Butane or Propane System**

If your butane or propane tank is not large enough to last four winter months without refilling, you may be without fuel when you need it this winter. The Texas Butane Dealers Association asks every user of heating gas to take stock of his present system at once.

Many people have added new appliances—ranges and refrigerators—until they've outgrown their gas systems. The war developed new industries which use butane and propane gas on a year-round basis, while domestic users burn four to seven times more in winter than in summer—but your dealer can furnish you very little more gas in winter. To ease this high winter demand, heating gas users must tank-up with a full four-month's winter supply.

It's the age-old question of "stocking up" early. Farmers have always stored summer grain for winter, just as housewives do their summer canning. And it's "Winter-Insurance" to store your heating gas ahead. Your four-months supply will be in your own tank when you need it most. You'll also help your dealer make deliveries more economically and efficiently when road conditions are worst for gas delivery.

The Texas Butane Dealers Association urges you to drop in and see your local gas dealer as soon as possible. He knows butane-propane, and he will do everything to help you get ready for new winter—now. Before you buy any heating gas system, see your local gas dealer first!

**TEXAS Butane DEALERS ASSOCIATION**

**MRS. DORA BASINGER DIES AT SOUTHLAND**

Mrs. Dora Emma Basinger, 75, long-time resident of Southland, died at her home there at about nine o'clock last Saturday morning. Her husband, a well-known merchant and land-owner of that town, passed away about two years ago.

Funeral services for Mrs. Basinger were conducted at 4:30 p. m. last Sunday in the Southland Methodist Church, with Rev. T. E. Rutledge, local pastor, and Rev. Elmer Crabtree of Crosbyton officiating. The body was interred in the Southland cemetery.

Survivors include five sons, a daughter, two sisters, 27 grandchildren and 15 great-grandchildren. The sons are G. W., W. A., and T. H. Basinger of Southland, and Paul and Albert of Lubbock; the daughter, Mrs. Thelma Winterrowd of Southland; and the sisters, Mrs. Cass Kerby of Bethel Springs, Tenn., and Mrs. Cora Morton of Odessa.

Mr. and Mrs. Louis Thompson of Jacksonville are here this week visiting Mr. and Mrs. H. P. Caviness. Mrs. Thompson being Mr. Caviness' niece. They brought with them a group of five negroes to assist in the crops here this summer and fall. Mr. Thompson and Mr. Caviness jointly own one of the tracts of land recently carved out of the T-Bar pasture.

Mrs. H. L. McMillan has gone to Plano near Dallas to spend two or three weeks visiting her parents, who live there.

**AL JOLSON TO BOMB TAHOKA SATURDAY**

Those flying discs are everywhere now days, but Al Jolson is too. He will come over Tahoka Saturday afternoon in a shower of circulars to tell you about his picture "The Jolson Story". There will be free passes mixed in with these circulars, so be sure to watch for them.

"The Jolson Story" is one of those pictures that you can't afford to miss. It has all of the songs that Al made famous. Twenty seven of them in fact. This is in technicolor and is one of the finest pictures Hollywood has ever made.

The songs in this picture are the ones you love to sing, even if you can't carry a tune. It has the Anniversary Song, You made Me Love You, April Showers, and that famous My Mammy. The songs alone are worth seeing the picture, not to mention the beautiful scenery plus that handsome Larry Parks playing the role of Al Johnson and that bewitching gal Evelyn Keyes who plays the role of the sensational dancer that Al Jolson marries.

**MR. AND MRS. CHAS. LICHEY HAVE VISITORS**

Mr. and Mrs. E. L. McCrary and grandson, Charles Wayland Giles, of Fort Worth expect to leave for home this week-end after a two week-end here with Mr. and Mrs. Charles Lichey, Mrs. Lichey being their daughter, and with their son, R. W. McCrary and wife.

Miss Charlotte Holden of Big Spring also spent a week here visiting the Licheys, having come last Friday.

The McCrarys lived in this county for twelve years, moving to Fort Worth about seven years ago, and they still have many friends in this county, whom they were glad to see again.

**TEXAS CONGRESSMAN DIES**

J. J. Mansfield, 86, a member of congress from the Galveston district for more than thirty years, died in Washington Saturday. He had been chairman of the House rivers and harbors committee for sixteen years of his tenure.

Confined to a wheel chair for many years as a result of a stroke of paralysis, he was nevertheless an active and influential member of Congress until he became practically helpless a year or so ago.

Following funeral services conducted in Washington, his body was shipped to Columbus, Texas, where other services were conducted Tuesday by the Masonic Grand Lodge of Texas.

**CARD OF THANKS**

We wish to express our thanks and appreciation to Miss Edna Vandyke, Mrs. Tommy Lishman, Mrs. N. O. Townsend, Mrs. M.H. Brashear, as sponsors for our gift shower. We also wish to thank every one who has sent gifts or who has had a part in any way, and also to take this opportunity to thank Mr. and Mrs. N. O. Townsend for redecorating our home as a wedding gift.—Mr. and Mrs. Robert Warren.

**SERVER FAMILIES VISIT IN CENTRAL TEXAS**

Justice of the Peace and Mrs. P. D. Server and their daughters, Mrs. Hattie Short and Mrs. Florine Best, and the latter's children are away on a vacation, visiting relatives in Bell and Milam counties.

The Judge and family formerly lived down at the old town of Davilla and they still let him come back.

**NEW HOME PASTOR BRINGS BRIDE WITH HIM**

Rev. Bill Fleming, new pastor of the Methodist Church at New Home read in his Bible that it is not good for a man to live alone, so he arranged to bring a bride out with him to his new charge.

On July 1, in the Fort Worth Riverside Methodist Church, with Rev. James M. Bond officiating, rites were read which made the Rev. Bill Fleming and Miss Idalou Owens husband and wife.

Mrs. Fleming is the daughter of Mr. and Mrs. Forney Owens of Fort Worth and is a former student of Texas Wesleyan College.

Pastor Fleming is the son of Mr. and Mrs. J. Nell Fleming, also of Fort Worth. He is a senior student in the Texas Tech, and expects to enroll in Southern Methodist University next year.

**MRS. MARY WOODS ATTENDS REUNION**

Mrs. Mary Woods returned Monday from a visit with relatives and friends at San Angelo and Brady, and a Sunday reunion in a Brownwood park of relatives from various parts of the state. She was accompanied by her brother, Henry Hillyard of Ralls.

The celebration honored Mrs. Mary Graham Boyd of Rogers, who was celebrating her 81st birthday.

Mrs. Omega Hensley and son, Graham Hensley, of Tahoka, also attended.

**NOTICE TO CITIES AND SCHOOL DISTRICTS**

Instructions from the Texas Highway Department make it mandatory that all exempt vehicles owned by school districts and cities such as fire trucks and school buses be titled at once and registered with exempt license.

All information is available at the County Tax Office.

Frank McGlaun, Jr. Tax Assessor-Collector Lynn County, Texas

J. B. Oliver and son, Bobby George, returned Sunday from a business trip to Central Texas, and while in that section spent a night with Supt. and Mrs. W. T. Hanes and son, Billy, and Coach and Mrs. Leo Jackson and daughter, Myra Gayle, at Cameron. J. B. says the former Tahoka citizens showed them some real Southern hospitality.

**TWO SONS VISIT REV. AND MRS. DILLARD**

Rev. and Mrs. R. L. Dillard have just enjoyed a visit by their two sons, First Lt. R. J. Dillard of New Orleans and Bill Dillard of Dallas.

Lt. Dillard has been stationed in New Orleans since he returned from service over seas the last of May, 1946.

**KNOX COUNTY REUNION**

J. E. Reid, president of the Knox county old settlers in West Texas, announces that the old pioneer settlers of Knox County will meet on August 10, 1947, in the Mackenzie State Park at Lubbock to celebrate their Annual Reunion.

All are invited to attend and to bring a basket lunch with them.

Band music, speaking, and singing will be on the program.

Mrs. Ray Fern Womack, who has been ill for many weeks and who has been in the hospital much of the time, though she had been at home the past few weeks, was taken back to the hospital Sunday, her condition having grown worse again. She is suffering from high blood pressure and an enlarged heart. She is the daughter of Mr. and Mrs. Garland Pennington.

Mrs. C. C. Ross attended demonstrations and lectures covering many phases of her work as a beautician at the Lubbock Hotel Tuesday night. The program was given by J. G. Barnes of Los Angeles, California.

The best reason for knowing enough to come in out of the rain is not to keep from getting soaked but to avoid being struck by lightning.

Lightning kills about 400 in the United States every year.

**ATTEND FAMILY REUNION**

Mr. and Mrs. E. H. Cunningham and their grand-daughter, Miss Yvonne Beard, attended a family reunion of one of Mrs. Cunningham's sisters in the Mackenzie State Park in Lubbock on July 4.

They report that 52 persons were present and that they had a wonderful time.

W. E. Suddarth of Lubbock was in town Tuesday. He had just returned Sunday from a trip back to Chicago, Washington, Dayton, Ohio, his birthplace in Brownsville, Tenn., and the old family home in Adair county, Kentucky.

**COLD FACTS about HOT WATER**

by Margaret Mallaby

Considering that the average American family has to wash a full acre of dishes and launder three miles of clothes every year... the present enthusiasm for automatic laundries and dishwashers is not surprising.

What is surprising is the general lack of knowledge about the kind of hot water supply necessary to make these new labor-saving devices do their jobs efficiently.

The situation is so serious that one of the leading manufacturers of laundry equipment asked the Gas Industry to double its promotion of automatic Gas water-heaters for private homes.

The reason why Gas is preferred for water-heating... particularly by washer makers... is simply this: Gas heats water faster than any other agent; A 30-gallon automatic Gas water-heater provides as much constant high-temperature water as a 100-gallon heater of any other type.

The secret, of course, is the way Gas immediately replaces and stores hot water as it is drawn off... a vital point when you realize that the most popular do-everything laundry requires 18.3 gallons of 160 degree water to soak, wash

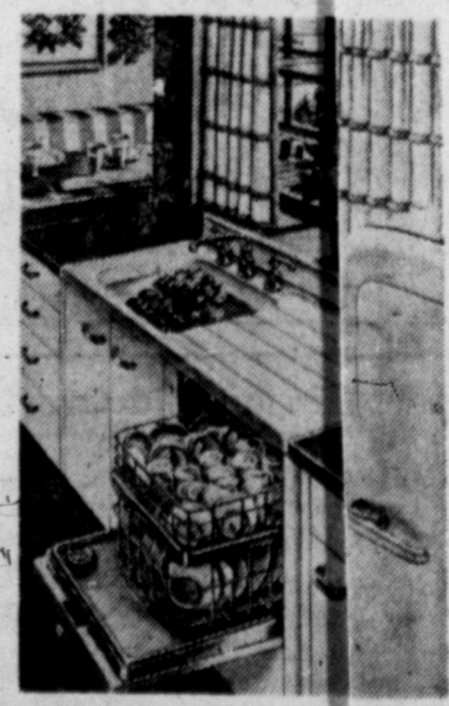

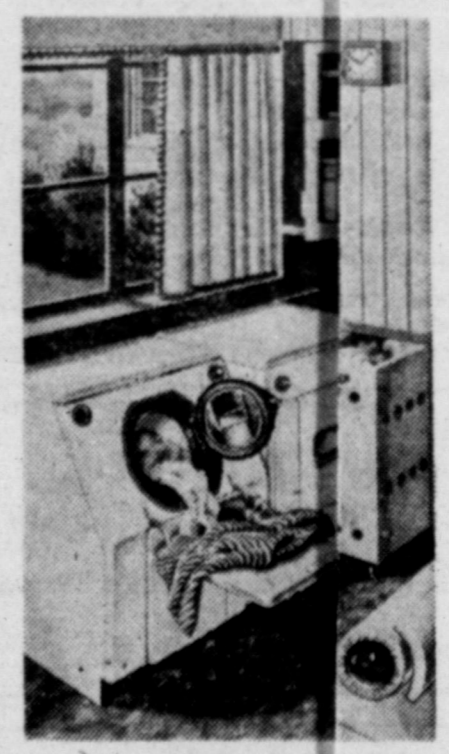

and rinse nine pounds of clothes. Furthermore, clothes washing is just one of the many modern hot water requirements. The new automatic dishwashers need plenty, too. In doing the complete job they use three fillings... clean-off with lukewarm, actual washing with extra hot, and steam rinsing with 180 degree water... all of which must be instantaneously on tap! Add to that the dozens of house-cleaning tasks, baths, showers, shaves and cooking needs and it's easy to see why the reliable temperature control and super abundance of an automatic Gas water-heater is the only answer today.

There's one more point without which no Gas water-heating story is complete. Economy! I like to save it for last because it seems all the more remarkable that a Gas water-heater could give so much with so little effort and yet cost so little to run. Frankly, haven't you found that's true with all Gas appliances?

Faithfully yours,

Margaret Mallaby AMERICAN GAS ASSOCIATION REPORTER

## OUR WHEAT CROP COMES OF AGE

### A QUARTER CENTURY OF PROGRESS

About 25 years ago, wheat came into its own in the territory we serve. Last year alone wheat farmers here harvested about 40 million bushels of high protein wheat... in fact almost four-fifths of that produced in Texas is grown in our area.

Today, good bread from our wheat helps keep a healthy America healthy.

We have so much confidence in the wheat industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and farms and better living—electrically—to everyone!

### Softball . . .

(Continued From Page 1)

played the last game. Tonight Grassland and A. Legion plays the opener and Wharton played F. Farmers in the second game.

Monday night Collier Drug will meet Calvery Hatchery. A game between these two teams was contested and it was ruled that the game be played over.

In the second game Grassland and O'Donnell will play a make-up game and that will finish the league play.

#### Top Four Teams To Play

According to information given the News, any teams being tied for 1, 2, or 3 places will not have to play-off their ties unless there is four teams tied for two different places such as second and third places. If a tie occurs between two teams for fourth place and there are no double ties for 1, 2 or 3 places, then the tie between the two fourth place teams will have to be played off.

Plenty of time is given to play off any ties between now and the have to be played off. If two teams tie for 1 place and two teams tie for 2 place, no games would be necessary since they would already be the four top teams.

On Monday night July 28 at 9 o'clock the play-off will begin. Only one game will be played each night and games will be played on Monday, Tuesday, Thursday, and Friday nights.

Here is how the games will be played: 1 and 2 teams will play the first night; 1 and 3 the second; 1 and 4 the third; 2 and 3 fourth; 2 and 4 fifth; and 3 and 4 sixth. This schedule will start over again after being completed the first time. That will make 12 games in all to be played in the double-round-robin play-off.

A nice trophy will be presented to the champion of the Lynn County Softball League.

**C. of C. Plays Plainview Tonight**  
Tonight the C. of C. goes to Plainview and Tuesday night they will meet Blue Bonnet Laundry here which will be their last home game.

Next Friday they will travel to Brownfield and next Tuesday night week they will finish the season at Lubbock with Baldrige-Bakery at Jumbo Webster park.

### County Roads . . .

(Continued from Page 1)

The New Lynn part of the contract includes a section of road from the Six-Mile filling station north five miles with a spur one mile out to New Lynn.

Thad Smith, commissioner from precinct No. 4, also reports that the road-building project in his precinct is approaching completion. This project includes a main line from New Home through Lakeview to the Terry county line with two spurs south and two north. It also includes a stretch of about 3 1/2 miles from Crossroads Filling Station west through Dixie and on toward Petty. The laying of the cache on this stretch of road has been completed.

Judge Tom Garrard stated Monday to a representative of the News that the commissioners court intends to make a trip to Austin about the last of this month to seek aid from the State under the new tax laws recently enacted in the construction of the remainder of Lynn county's original road-building layout. This would include construction from a point three and a half miles east of Tahoka south to the Midway community and thence west to the Tahoka-O'Donnell highway, in precinct No. 2, and also from a point seven miles west of Tahoka south about ten miles into the Wells community.

W. Z. Florence of Draw reports that one day this week as he was passing Joe Thompson's place six miles east of Tahoka, he noticed a big guy out in the field swinging a hoe along with other hands. The big guy was leading the field. He looked remarkably like Joe himself, and upon closer approach W. Z. says that he discovered that it was Joe, believe it or not. Any way, Joe's many friends are delighted that he is able to be out and on the job again. They hope that he may be able to swing a hoe for many summers yet, but—you'd better take it easy, Joe.

U. S. imports of honey are three times as large thus far in 1947 as compared with a year ago. Cuba, Canada and Chili are the leading exporters.

Mrs. J. B. Nance went to Plainview Monday on a business trip and also to visit friends.

### Farm Program . . .

(Cont'd from page 1)

Lynn County has considerable more cotton acreage this year than it has ever had even including the bumper year of 1937. Purely from an estimating view the writer would estimate the acreage in cotton in Lynn County for 1947 to be better than 300,000 acres. This estimate is based on the following: With better than 425,000 acres in cultivation in Lynn County we will figure 20,000 acres in wheat leaving 405,000 acres. In driving around over the county the past several weeks practically all of the farms seem to have between 75-80 percent in cotton. 75 percent of 405,000 leaves 303,750 acres . . . anyway, Lynn County really has the cotton acreage.

The 1947 loan for cotton will be announced around the 1st of August and it will probably be around 28 cents on middling 15/16.

The loan rate for wheat is \$1.80 per bushel and for grain sorghum will be around \$2.12 per cwt. Don't forget to turn in your report on contour farming acreage before July 31st. If you do not remember get in contact with the A.A.A. office in Tahoka and see if you have reported completion of the practice.

Mrs. C. C. Dwight, who is still at the bedside of her mother, Mrs. H. K. Porter, in the Lubbock Memorial Hospital where she underwent an operation for ulcerated stomach and gall bladder trouble a couple of weeks ago, reports that her mother is improving satisfactorily and expects to be out of the hospital soon. She lives at Shallowater.

Mr. and Mrs. R. C. Wells and Mr. and Mrs. Marcus Edwards returned last week-end from a vacation spent at Christoval. Ruby says that the fishing was good.

Earl Luttrell and family of Muleshoe visited the L. M. Nurdykes here one day last week. Mr. Luttrell is a cousin of Mrs. Nurdyke.

### MEXICAN INFANT BURIED

Antonio M. Gutierrez, the 15-months old child of Felix Gutierrez and wife of Tahoka, died in the Mercy Hospital in Slaton at 12:30 o'clock last Sunday, about one hour after it had been taken to that institution for treatment. The child had been seriously sick for three weeks.

Funeral services were conducted here at 4:30 o'clock Tuesday afternoon followed by burial in the Mexican section of the Tahoka cemetery under the direction of the Stanley Funeral Home.

The parents are of the Catholic faith. They came here from Kennedy in 1945.

### CALIFORNIANS HERE TO ATTEND GOLDEN WEDDING

Mr. and Mrs. Carl Hall have had as guests this week their daughter, Miss Billie Hall, and Mrs. Dorothy Lee Howsley and son George; Mr. and Mrs. S. E. Johnson and daughter Anne and Mr. and Mrs. Robert Duke, all of Los Angeles, California.

The above named ladies are sisters of Mrs. Hall and all are here to participate in a family reunion honoring Mrs. Hall's parents, Mr. and Mrs. Perry Pie of Lueders, who will celebrate their Golden Wedding anniversary Sunday.

**STATED MEETINGS of Tahoka Lodge No. 1041** the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome.
