

New Pharmacist At Wynne Collier's

Bill Woods, formerly of Post, who has worked for Wynne Collier, Druggist, on several occasions, has joined the local firm as pharmacist. Mrs. Woods is the daughter of Mr. and Mrs. C. M. Walden who formerly lived here.

Bill Woods and Wynne's brother, Bob Collier, who will take over management of the Post store, last week graduated from the University of Texas College of Pharmacy, and each was on the school's honor roll. Bill Woods was president of the College of Pharmacy senior class, and also was accorded membership in the school's honor society.

Congratulations . . .

Mr. and Mrs. W. E. Billings on the birth of a daughter at 11:40 p. m. January 23, weighing 8 lbs., 12 oz., and was named Velma Rae. Mrs. Billings is the former Billie Willett.

Mr. and Mrs. J. L. Miller of Rt. 2, on the birth of a son at 7:50 p. m. Feb. 2, weighing 8 lbs., 2 oz., and was named B. L.

Mr. and Mrs. J. O. Renfro on the birth of a son at 5:50 a. m. Monday in West Texas Hospital, Lubbock, weighing 6 pounds, 2 ounces. The father is with Wharton Motor Co.

Mr. and Mrs. Jimmy Green of Muleshoe on birth of a son Jan. 16. He was named James Philip. The mother is the former Valarie Bartley.

To Dr. and Mrs. J. W. Sinclair, 21806 Moross Rd., Detroit, Mich. a daughter, Shelley Sefus, on Jan. 31 at Deaconess Hospital. Weight 8 1/4 pounds.

WAYLAND COLLEGE CHOIR HERE

A small group of the great Wayland College Choir gave a short, but highly appreciated program in the First Baptist Church here last Sunday morning to a crowd that completely filled the auditorium.

The late arrival as well as the smaller number of singers was due to transportation problems.

The Church and the members of the church were hosts of the members of the choir at the noon meal which was served at the church.

Mr. and Mrs. Ross Smith and children returned Thursday morning from Aspermont, where they had gone Sunday to be at the bedside of Mrs. Smith's brother who underwent a major operation.

Joyce Patterson, 13 year old daughter of Mr. and Mrs. J. M. Patterson of Redwine is improving after receiving treatment in Tahoka Clinic the past week.

Gene Riley, who has been critically ill for many months, is now reported to be ill with the flu.

PHEBE K. WARNER CLUB

The Phebe K. Warner Club met in the home of Mrs. J. B. Hoskins on Tuesday afternoon, January 27. Roll call was answered with the name of a National Park or Monument. Mrs. Neil Stanley and Mrs. I. M. Draper gave interesting talks on "National Parks" and "National Monuments," respectively.

Mrs. S. R. Kemp was elected to membership in the Club.

The hostess served delicious pie and coffee to the following members: Mesdames J. K. Applewhite, I. M. Draper, E. R. Edwards, Coy Fielder, Fred B. Hegl, Travis Mason, Paul Pittman, R. L. Richardson, Truett Smith, Neil Stanley, Charles Stewart, G. M. Stewart, H. W. Carter, and one guest, Mrs. Ted Clayton.

Charlene Edwards, aged 6, daughter of Mr. and Mrs. J. W. Edwards of the New Home section is a patient in Tahoka Clinic suffering with pneumonia but is improving.

Beware Coughs from common colds That Hang On

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREMULSION

For Coughs, Chest Colds, Bronchitis

FORMER CITIZEN VISITS HERE FROM CANADA

Mrs. O. Greenwood of Hinesburg, Alberta, Canada, visited here last weekend, Thursday until Sunday, with her sister, Mrs. W. B. Slaton. The sisters had not seen each other in ten years, and therefore the reunion was a very happy one.

Mrs. Greenwood is known to a number of pioneer Tahoka people by the name of Mrs. Ernest Reed. After living here for a time, Mr. and Mrs. Reed left Tahoka in 1910, lived at Post two years, and then moved to Canada, where Mr. Reed died. About nine years ago she was married to Mr. Greenwood, who is a railroad man in Hinesburg.

The lady was not put out a bit by the South Plains cold weather, as she declared the 8 degrees above zero, which was the temperature reading at Lubbock when she arrived, was warm weather to her. She has seen the temperature go as low as 60 degrees below zero in Alberta.

She will visit relatives in several other states before returning home about March 2.

T/Sgt. and Mrs. Jim Raindl and twin daughters of El Paso, visited in the Frank Raindl Sr. home the past two weeks. Sgt. Raindl was on leave and will report back to duty in California.

Another pneumonia patient in Tahoka Clinic is the little 4 year old son of Mr. and Mrs. D. C. Caudle of Rte. 4. Mackie is said to be improving.

MOORE-MURRAY VOWS EXCHANGED AT GRASSLAND

Miss Nelda Lois Moore, daughter of Mr. and Mrs. J. F. Moore, became the bride of James Murray son of Mr. and Mrs. T. J. Murray, in the home of the bride's parents near Grassland at 6 o'clock Tuesday evening. The ceremony was read by the Rev. S. R. Brannon, pastor of the Grassland Church of the Nazarene.

White and pink candles, pink flowers and fern decorated the home.

Mrs. Leonard, Gribble, pianist, played "Always," "I Love You Truly" and the wedding marches. She accompanied Mrs. Kelly Laws, sister of the bride, and Mrs. Ted McDonald as they sang "Let the Rest of the World Go By" and "Love Never Fallett."

The bride wore a white gabardine dress with brown accessories and a corsage of pink roses.

Miss Modina Murray, sister of the bridegroom, attended the bride as maid of honor. She wore a pink dress, with black accessories and a pink carnation corsage.

Glen Huffaker attended the bridegroom as best man.

A reception followed the ceremony. The pink and white color scheme was carried out in the decorations and a pink wedding cake was served to the guests.

Mr. and Mrs. Murray are graduates of Tahoka High School and she attended Bethany College in Bethany, Oklahoma.

The couple is at home in Lubbock where he is employed.

Out-of-town wedding guests were Mr. and Mrs. Leon Foot of Brownfield and Mrs. Hap Keese.

W. S. C. S. MEETS

The Woman's Society of Christian Service met at the church Monday, at 4 o'clock for the final study program on the book, "Great Prayers of the Bible." Mrs. E. R. Edwards, and Mrs. H. W. Carter conducted the study.

A short business meeting was held with Mrs. Roger Bell, president, presiding.

Monday, February 9, there will be a luncheon and all-day meeting in the home of Mrs. A. I. Thomas. All the ladies of the church are urged to attend this meeting.

THERE'S A REASON

In the February issue of THE ROTARIAN, Graham Hutton, an Englishman, who spent the War years in the United States for his own Government, tells Why He Likes Americans.

He gives many reasons but we wish to call attention to only one of them. From his discussion of this one, we quote in part: "I like Americans' attitude to work. Despite strikes, labor disputes, and the typically outspoken 'belly-aching' (by both employers and employees), Americans get a kick out of their work, especially out of doing it better than the next man... The world gaped and gasped at America's easy achievement during the war of the greatest output of war weapons and war goods alongside the greatest production of the consumer's standard of living, at one and the same time. Any one who has employed, or even watched, American workers on the job, and had to do the same with European workers, will know what I mean... American enthusiasm, energy and excitement get into daily work to a large extent. They don't seem to in Europe. And the European workers and employers—who are all consumers—pay, as a result, in lower out-

put per worker, lower consumption standards."

That doubtless states the facts very accurately. But, if the average American worker is more efficient than the average European worker, there must be a reason. That reason seems to lie in the fact, as stated by Mr. Hutton, that Americans, as a rule, are more interested in their work—get a greater kick out of it. But why is that so? We think we know the reason. American workers have greater liberty, fewer restrictions, in choosing their jobs. They are not fenced in and required by custom or social standards to pursue any particular kind of work. The American as a rule can freely choose his own occupation regardless of the occupation of his father before him or of any other person. Any honest labor is honorable. A coal digger, a railway brakeman, a mechanic, or even a day laborer may move in the same social circle as the banker or other business man if his general intelligence, his education, and his moral character are such as to qualify him for such association. There are no castes in this country as there are in most of the countries of Europe. A man is valued here for what he is and not for who he is. In this country, we may pick up a rail-splitter or mule-driver and make a President out of him if he is capable and worthy.

In a message delivered to Congress Monday, President Truman proposed among other things the re-establishment of the Wartime Fair Employment Practice commission, popularly known as the FEPC commission. That commission, as you may remember, was clothed with the authority to pry into every man's private business and see to it that he did not discriminate against the colored race in the employment of labor. That commission could send an inspector into your place of business to report on how many employees you had and if there were no Negroes among them the commission could ask you up and ask "How come?" Now President Truman proposes that a permanent commission be established by Congress to see to it that there is a proper amount of color in the working force in

your store or shop or bank or office or "what-have-you." We like Mr. Truman and wish him much success in most things, but in this matter we think that he ought to begin at home. There are nine cabinet members and not one of them is a Negro. Not one of the chief assistants, even, is a Negro. No President has ever yet had a Negro as a private secretary. Surely Mr. Truman should look around a bit among his colored friends and correct this situation before asking congress to create a commission to pry into other people's private business and demand that they turn down no applicant for a job on account of race or color regardless of the nature of the job and all the circumstances of the case. Mr. Truman himself should be willing to eat off the dish which he asks Congress to cook up for the private business man of his country.

GETS "MUG" IN PAPER

Our good friend C. W. Ratliff of the Lubbock Evening Journal buzzed into the News office some two weeks ago and called for the senior editor. We happened to be at home at the time but we promised to come down. We did so, but were somewhat flabbergasted a few minutes later when he walked in, accompanied by his big athletic Sports writer, Bob Cone, and, with his camera under his arm, requested a picture and an interview.

Well, most of you folks read what he wrote and saw a picture of the senior editor's mug on the front page of section II. of the Evening Journal a few days later. He certainly was generous in the great wealth of verbal flowers which he handed us. So generous that we are afraid that his reputation for truth and veracity suffered a terrible strain in the minds of his many readers and friends down here in Lynn county.

There are many things about this editor that C. W. never heard of and of course didn't mention—for which we are very thankful—but since he undertook to mention the members of our family, he made one omission that we regretted. He failed to mention the name of one of our daughters, Mrs. Myrtle Rochelle, who is now a part of the office force of the State Unemployment Compensation Commission in Lubbock, having been transferred to that place recently from the Austin office, where she had been employed for the past five or six years. But that is not important, C. W. Just wanted to add her name to the list of children.

Mr. Ratliff referred to a brief visit which Harry Truman, then a Senator from Missouri and the chairman of the famous Truman Committee, made in our home in 1944. That was an honor indeed which we greatly appreciated, but we give all the credit for that visit to three generous friends, Senator G. H. Nelson, Arch Underwood, capitalist and political seer, and C. W. Ratliff of the Avalanche-Journal publications, who

recently messed up the front page of section II. of his paper with a picture of our mug.

Mr. Underwood, who was a warm personal friend of Senator Truman, had induced him to come to Texas in the interest of President Roosevelt, as some opposition to his nomination for a fourth term was developing. Truman came but consented to make only one speech in the state. That was to be at Lubbock. So, Messrs. Underwood, Nelson, and Ratliff met the Senator at the train in Big Spring and were proceeding to bring him to Lubbock. All three being good friends of this editor and of Frank, our son, they stopped at the News office in order that we might meet the Senator. But the Senior editor was at home and Senator Nelson telephoned that they were coming by. They did so, and made a brief visit. Mrs. Hill and I were somewhat embarrassed but both enjoyed the visit. Senator Truman's name had scarcely been mentioned at that time as a possible runningmate for Roosevelt and we did not have the slightest idea that day that we were entertaining a future President.

The next day we heard him speak in Lubbock and attended a press conference at which many searching questions were shot at him by South Plains editors. He was suave and diplomatic in his answers, and gave much evidence of the caution and the shrewdness with which have characterized his service as President.

THANKS

We want to thank all those who cooperated with us to conserve natural gas during the recent severe cold spell.

We think our customers are entitled to know why supplies of natural gas ran short.

The emergency was not due to any mechanical or human failures. All the pipe lines, and all the machinery in our compressor stations functioned properly. All employees discharged their duties faithfully throughout. We received good co. operation from those who supply us with natural gas.

The emergency shortage of gas was due largely to the simultaneous occurrence of two circumstances, either of which is most unusual in West Texas. The first of these situations was that temperatures dropped to sub freezing and to near zero and stayed there for about a week. Ordinarily, such cold spells do not last more than three or four days at the most. The second situation was that the severely cold weather prevailed throughout our entire system at the same time. Ordinarily, a cold spell will move across our system from north to south or from west to east, with extreme temperatures prevailing in only a portion of the system at any one time.

Therefore, it was the combination of these two factors that caused the emergency—first, that the severe cold spell was so prolonged; and second, that the cold spell prevailed throughout our entire system at one time.

We added more horsepower to the capacity of the compressor stations in our transmission system in 1947 than in any year in the company's history. This was done in anticipation of heavy demands for gas during the winter of 1947-48. What we did not anticipate was the above unusual combination of circumstances. Even if we had been able to anticipate these circumstances, we could have done nothing about it, due to the difficulty of obtaining steel pipe.

The only community in which there was any interruption to residential gas service was Levelland, where about half of the homes were temporarily without gas. For two years, we have sought to build a larger-size pipe line to Levelland, but have been unable to get anyone to accept an order for the pipe.

Through your cooperation, you have helped us and ourselves. Except in the case of the short interruption at Levelland, you have made it possible for residential gas service to continue without interruption.

Thank you again for your cooperation and understanding.

WESLEYAN SERVICE GUILD MEET IN TERRY HOME

The Wesleyan Service Guild met Monday evening, January 26, in the home of Mrs. Ted Terry.

The lesson was given by Mrs. Otis Spears, who had as helpers, Mrs. J. W. Rosenberg, Mrs. Ted Terry, Mrs. Florene Best and Mrs. Graham Hard.

Following the lesson a short business session was held by Mrs. H. W. Carter. Plans for the immediate future were discussed.

After the meeting was adjourned refreshments were served to the following members: Mrs. Pete Ware Mrs. Jane Morehead, Mrs. Florene Best, Miss Hard, Mrs. Carter, Mrs. Rosenberg, Mrs. Spears and the hostess, Mrs. Terry.

The next meeting will be Monday evening February 12, at 7:00 p. m. when the Guild members and friends will meet together for a covered dish supper in the basement of the Methodist Church. The hostesses will be Mrs. H. W. Carter and Mrs. Jane Morehead.

O. E. S. MEETS TONIGHT

A regular meeting of the O. E. S. No. 743, will meet tonight in the Masonic Hall over Rutherford and Co. department store.

All members are urged to attend this meeting.

The Navy today has more than 400 ship and station newspapers that are printed for the benefit of Naval personnel who are isolated from regular news services.

Miss Joan Henderson, student in West Texas State at Canyon, was here last week between semesters visiting her parents, Mr. and Mrs. Harley Henderson.

A Navy submarine, the only sea-going craft which provides a stable platform, is helping American scientists make accurate gravity measurements at sea.

The Texas Safety Association reminds winter motorists that to stay out of a skid on icy and wet roads, keep your speed down and allow plenty of space for stopping.

Mr. and Mrs. J. K. Applewhite

left Sunday for South Texas to spend a few days vacationing. They were accompanied as far as Austin by their daughter, Dorothy Jean, and Miss Macky Fenton, who are students in the University of Texas, and James (Sonny) Roberts, student in Texas A. and M.

Mr. and Mrs. Ted Terry were

in Lamesa Sunday afternoon to attend the funeral services of Mr. G. M. Roberts. Mrs. Terry is a close friend of the Roberts family and at one time lived in their home.

HERE'S THE MUD AND SNOW HUSKY THAT 'DIGS YOU OUT'

CO-OP BAR LUG

Here's the tire built to "dig you out" when the going gets tough instead of dig you in. This Co-op mud and snow husky features an open tread design that kicks out clogs with every turn of the wheel. Sticky shoulder buttresses give extra traction, prevent side slips. And non-directional lugs provide excellent forward and backward traction. Come in now and see this great tire. It's backed by a liberal CO-OP Warranty.

AVAILABLE FOR TRUCKS, TOO!

The Co-op Bar Lug Heavy Service truck tire gives you extra strength and extra mileage, plus forward and backward traction, extra shoulder traction to block side slips, and positive self-cleaning action.

DR. J. A. HILL TO ATTEND UNITED NATIONS INSTITUTE

CANYON, Feb. 5.—Dr. J. A. Hill, president of West Texas State College, was signally honored recently when he was invited to attend a United Nations Institute in Lake Success, N. Y.

The Institute will be held February 26, 27 and 28, and will include a dinner meeting in the Waldorf-Astoria Hotel in New York City.

General purpose of the Institute is to give some of the outstanding educators in the United States an opportunity to study first-hand the work of the United Nations and its related agencies.

New York University's School of Education is sponsoring the institute. The invitation was issued by Ernest O. Meby, dean of the School of Education, who said in part in a letter to Dr. Hill, "I am enclosing with this letter an unusual invitation. You are among those educational leaders who have been invited to attend the United Nations Institute. The Institute will permit you to observe the Security Council and the other organs of the United Nations in operation to hear from and talk with international leaders from the world of nations. There will be other sessions at which you may have the opportunity to observe school and college programs dealing with the United Nations."

Dr. Hill said he accepted the invitation and that he is looking forward to a "valuable and interesting three days at the United Nations Headquarters."

Testing carrier aircraft and V-bombs together, the Navy hopes to adapt rocket warfare for surface vessels. First firing was with a captured German V-2 from the deck of USS Midway at sea.

Oil Mill Cited As Tahoka Need

The Tahoka Chamber of Commerce announces that many fine letters are being received in the contest "What Tahoka Needs," and that they are expecting many more within the near future.

Below is another letter selected for publication.

Dear Sir:

Tahoka Needs an Oil Mill. We farmers have to send our cotton seed out of the county to get them milled and have to go out of the county for hulls and meal and cake—therefore we farmers sell our seed to the gins and do not buy the hulls, meal and cake we need for our cattle.

If Tahoka had an Oil Mill we farmers and the ranch men would buy all the hulls, meal and cake the mill would grind.

Therefore we would have much better grade of meat for Tahoka markets. We would have much more and a great deal better grade cream and butter.

Therefore every man, woman and child in Lynn county would benefit by Tahoka having an Oil Mill.

Yours truly,
A. L. Dunagan

ATTEND DISTRICT W. M. U. MEETING

Rev. and Mrs. Levi Price and Mrs. Levi Nurdyke attended the annual W.M.U. meeting of District Nine in Floydada Tuesday and Tuesday night.

Mrs. R. E. L. Patillo of Lubbock, District Nine president, had charge of the program. The state president, Mrs. Earl B. Smythe of Mart, and President Bill Marshall of Wayland College were featured speakers. The attendance was about 300 from eight Associations.

The annual meeting next year, it was decided, will be held in the Brownfield Association, probably in the Tahoka First Baptist Church.

Preceding the Floydada meeting the W. M. U. officers of District Nine had honored Mrs. Smythe with a luncheon at Hotel Hilton in Lubbock at noon Monday.

Mrs. R. E. L. Patillo was in charge and Mrs. Smythe brought an inspirational message to more than 70 W.M.U. officers and members from over the district.

Monday afternoon the Lubbock W.M.U. held a reception and Valentine tea at the First Baptist Church honoring Mrs. Smythe and the District officers present.

Attending both these affairs from Tahoka were Mmes. Garland Pennington, W. H. Kenley, Levi W. Nurdyke, V. Smith, L. M. Nurdyke, and I. Hill.

NURSE VISITS PATIENTS HERE

Lt. Frances Scott, who has been visiting her parents here, Mr. and Mrs. J. M. Scott, went to Amarillo Monday to visit her sister, Mrs. J. C. Redus and family, and expected to visit in Dallas before returning to Tahoka.

Lt. Scott, an Army nurse, who saw much service on the islands of the Pacific during World War II, was critically injured, it will be remembered, in a car accident in the mountains west of Denver while she was transferring from San Antonio to another hospital in Arizona, on August 22, 1947.

She has just been released from the Fitzsimmons General Hospital in Denver, where she has been a patient, and is now able to walk without crutches. After a 60-days furlough, she will be reassigned to duty.

Collie Saves Master From Death by Carbon Monoxide

GLOUCESTER, N. J.—A small collie, braving frigid winds to keep a vigil outside a garage, was credited with saving his master's life after a neighbor noticed the dog and decided to investigate.

Inside the garage, Mrs. Laura Miller found the dog's owner, George Geockler, 35, overcome by carbon monoxide. She summoned police who removed him to a hospital where physicians revived him.

Masked Man in Restaurant, It Appears, Wasn't Burglar

BALTIMORE, MD.—Two central district policemen spotted a masked man in a downtown restaurant at 3 a. m. and noticed that the waitress usually there at closing time was missing. They burst in with pistols drawn—only to discover that the masked man was an insect exterminator. Fumes from his spray had driven the waitress into the basement.

Photo-Electric Eye Is Used As New Type of Fire Alarm

WASHINGTON.—A new fire alarm system, which makes use of a photo-electric eye, has been developed and will detect a fire "in a few seconds," the department of commerce said in a report today. Conventional systems, it said, require "more than a minute" to react.

Great Britain to Welcome Tourist Visitors in 1947

LONDON.—Britain will welcome tourists again beginning in 1947. Lord Inman told a conference of international tourist organizations:

"I am happy to announce that from 1947 tourists will not only be encouraged but persuaded to come here. Shipping companies and travel agencies are to be informed that visas will be granted freely."

A concerted campaign is being made to secure tourists for the U. S.

DAVID WEATHERS WILL MOVE TO KERMIT

Mr. and Mr. David Weathers and baby are preparing to move to Kermit in a few days, where David will become manager of a Laundrymat, an automatic laundry.

Both Mr. and Mrs. Weathers were reared here, and their many friends regret that they are leaving Tahoka. For some time he has been associated with his parents, Mr. and Mrs. R. P. Weathers, in the operation of Tahoka Grocery.

Frank Raindi Sr., accompanied by his son Emil and Henry Jahne, made a business trip to Eden Thursday of last week bringing back with them a 1948 Stylemaster Chevrolet.

MERCHANTS' SALLES PADS, now 7 cents each at the News.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1-Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2-Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

CARDUI

KNOWING HOW isn't always enough...

All your knowledge about farming won't be of much use if your farm equipment isn't ready when you need it.

Remember, every machine must be working just right to get a good job done in each crop. And to be sure they'll be 100%, it's best to have them checked over and repaired plenty of time ahead of work seasons.

To get all equipment in first class shape, do this first: put your tractor and implements on our Early Bird Service Schedule. Then, during their idle time, we'll do a top-notch IH Blue Ribbon Service job on each one.

That combination of Early Bird scheduling and Blue Ribbon Service can prevent any time lost in the fields from breakdowns!

PONTIAC

A FINE CAR MADE EVEN FINER!

GM Hydra-Matic Drive optional on all models!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive—now offered as optional equipment on all Pontiac cars. Pontiac is the lowest-priced car in the world to provide this great mechanical masterpiece—which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and are expertly blended to achieve new attractiveness and charm. Instrument panels are finished in a smart design adapted from quarter-sawn mahogany—and an adroit use of chrome moulding adds a deft touch of modernity.

Engine and chassis have been refined wherever possible—but they remain, basically, the same engineering masterpieces which have become synonymous in the automotive industry with goodness and dependability.

There are many more things we could tell you about the new Pontiac, for there are countless improvements which add to its traditional quality and value. But we feel that, for those who know Pontiac, we need only say—

- here is, by far, the most beautiful Pontiac ever built
- here is the most luxurious Pontiac ever built
- here is the most dependable Pontiac ever built
- and it is now available with GM Hydra-Matic Drive—*optional at additional cost.

We wish only to add that it is here—on display in our showroom—and that you are most cordially invited to see and inspect it.

H. D. SHORT & SONS,

Assembly of God Revival To Close

The Assembly of God revival which has been in progress the past few days will close on next Sunday night, according to Rev. Leon Quillin, the pastor.

Rev. M. Lefkowitz of Chicago, a converted Jew, has been bringing some highly interesting and inspiring messages, the pastor says. On Sunday night, he will tell the story of his life, conversion, etc. The general public is invited to hear him.

Interest in the meeting has been fine, and the series of services a decided success, the pastor states.

CARD OF THANKS

My sincere thanks go to the many Lynn county people who extended me and my wife courtesies, sent flowers and cards, or otherwise expressed concern over my condition while in the hospital as the result of injuries. When a fellow is in trouble it is certainly comforting to know that so many friends think of him.—A. N. Norman Jr.

(Continued from Page 1)
40 to 18 with Botkin scoring 18-points to lead as high-point man.

"B" Team Loses

The Bulldog "B" team, showing better form lost a hard game to the Denver City "B" team in an over-time period 33 to 31.

The game ended tied up 28-28, and after a 3-minute overtime period Denver City had scored 5-points to Tahoka's 3-points.

Weatherall was high-point man with 13. McNeely and Sherrrod of Tahoka were tied for second with 12-points each.

Abernathy Swamps Slaton

Abernathy swamped Slaton in a conference game Tuesday night 68 to 36. The game was played at Slaton on the midget gym.

Post-Setups O'Donnell

The Post Antelopes who have been having a rough time since losing a couple of their first-stringers at mid-term, up and out-painted the O'Donnell Eagles Tuesday night in a conference game 31 to 30.

For the past several days, the Eagles had shown a lot of improvement, but evidently they were off bad last Tuesday night or the Post boys have really started to click within the past few days.

O'Donnell Here Last Night

Last night the O'Donnell five tangled with the Bulldogs at the local gym in a conference game, but the News had already gone to press before game-time.

Post Here Tonight

Tonight the final conference game to be played at home will be reeled off in the local gym between Coach Bing Bingham's Antelopes and Coach Jake Jacobs Bulldogs. The "B" teams will meet at 7:00 p. m. in the opener and the "A" teams will play at 8:00 o'clock.

Next Week's Games

Tuesday night the Bulldogs will travel to Abernathy where they will play their final regularly scheduled conference game for the season. This is the game you can't afford to miss.

On Wednesday night the Bulldogs will travel to Denver City where both the "A" and "B" teams will play a practice game with the Denver City teams.

Play-off Site Not Announced

The Tahoka Bulldogs were leading in the South half of district 4-A when the News went to press, but in order for them to get into the play-off they could not afford to lose over one game.

It was thought that the play-off would be held next week-end,

Colliers To Improve Post Drug Store

Wynne Collier, local druggist, and his brother, Bob Collier, who last week graduated from the University of Texas College of Pharmacy, have bought a majority of the stock in Collier Drug of Post heretofore owned by their father, R. H. Collier.

The former Piggly Wiggly building, in Post which Mr. Collier owns, is being remodeled and will be occupied after March 1 by the enlarged store. The new quarters will be much larger than the old and will be modeled after Wynne's Tahoka store.

The new quarters are being remodeled by C. W. Latson of Clarendon, Wynne's father-in-law.

The store will be operated by Bob Collier.

MRS. GIBBS INJURED

Mrs. J. O. Gibbs of Rte. 4 is a patient in Tahoka Clinic with a dislocation and fracture of the right ankle and painful bruises about the head and face.

Mrs. Gibbs' injuries resulted when the car in which she was riding was stopped too suddenly, throwing her with force into the windshield and causing her weight to be thrown on the ankle.

but nothing definite was known here. Also the site at which the play-off will be played was not known, but our guess is that it will not be here. However the time and the place will probably be announced in the next few days.

Purrrhea May Follow Neglect

An Astringent and Antiseptic that must please the user or Druggists return money if first bottle of LETO'S fails to satisfy.

You Can Clean a Gas Range Like a Dish

Good Housekeepers Keep Gas Ranges Spotless For Efficient Use and Sparkling Appearance

ACCIDENTAL spillovers on today's automatic gas ranges are nothing to get excited about, for their modern finish is as easy to clean as a dish or glass. Aside from spillovers, some grease is bound to splatter over on to the working surface and burners from open pots or frying pans. Don't worry about it because you can keep that gleaming, clean look for years with just a little simple care.

Since the greater part of the range top is porcelain enamel—a glass-like material fused on metal, it merely requires washing with a cloth slightly dampened with warm, soapy water. Rinse and dry. The most important point to remember, however, is that this should never be done when the range is hot. Wait until it cools off. The easiest cleaning habit is to wipe off the top and around the burners after every dish-washing — by which time the range has cooled off.

Milk, fruit juices, vinegar and other acid foods will eventually dull porcelain-finished tops even though they are acid resistant. A dry cloth or fold of paper towel will take care of these emergency wipe-ups.

Cleaning Top Burners

Automatic gas ranges are equipped with burner grids of cast iron which can be washed in warm, soapy water. You can lift out the burner heads and wash them the same way, rinsing and turning upside down for quick drying so that burner ports (where gas flame comes through) will not be clogged with dampness. Aluminum burner heads can be cleaned with steel wool or mild cleanser but on chrome heads use a soft abrasive, not steel wool. If chrome or aluminum burner heads lose their gleam, clean them with a metal polish as you would an aluminum kitchen utensil. The holes or "ports" where flame comes through can be cleaned with a stiff brush and warm water. Old-

type burners may sometimes clog with spillovers. If this happens push a wire into the hole of port, twist and remove the dirt.

Removable drip trays underneath burners found on some models can be cleaned with warm, soapy water, always remembering to wipe dry the bottom of the tray, as well as the top, before replacing.

Cleaning the Oven and Broiler

Since broiler and oven linings are made of porcelain enamel they are as easy to clean as a porcelain pot. As soon as food is cooked, take out the broiler pan and grill and, if very badly splattered, soak in hot water while you are doing the dishes. Then wash with warm water and soap using very fine steel wool or a stiff brush for the dirtier spots.

Occasionally, the inside of the broiler compartment itself, including top, sides and bottom, can be washed with warm, soapy water.

The same method of cleaning applies to the oven. Oven racks can be lifted out and washed. Don't forget the top of the oven while you're at it. Grime collected here comes from food vapors which rise from the baking dishes.

If, as occasionally happens, your baking dish has overflowed because it was filled too full, allow the oven to cool, then remove the oven bottom and clean as usual. The bottom of the oven can be completely immersed in soapy water if it's not insulated. Otherwise, just clean the top section.

These simple, time-saving habits will guarantee that your gas range will look spanking new as long as it stands in your kitchen.

Irrigation Pays For R. L. Craig

R. L. Craig, who lives a little less than a mile north of Central Church, has dug another irrigation well on his farm, and he says the test pump shows that it will produce 800 to 600 gallons per minute.

But the unusual fact about this well, and another one which he hand-dug about 12 years ago, is that they are shallow wells—only 31 feet to water. This last well has a total depth of 45 feet, the first one 38 feet. The old well produces 175 gallons per minute through a 4-inch pipe.

Mr. Craig has been irrigating about 30 acres of vegetables, melons, and cotton from the old well, but he hopes the new one will greatly increase the acres he can irrigate. Though his is comparatively a small irrigation project, he has found it profitable.

He not only raises crops, but he is also getting a lot of fun and recreation and profit from a sideline connected with the operation of his old well.

Mr. Craig has a tank or reservoir about 100 feet square and 10 feet deep, which in summer, he operates as a swimming pool. A lot of kids, and grown-ups, from Tahoka, Grassland, Post, and other communities get a lot of fun and

Maasen Produce Awarded Trophy

Henry Maasen Produce & Feed was awarded a bronze leadership trophy on January 26th at a meeting held at Tahoka for Purina dealers of Lynn, Garza and Dawson Counties. The award, a bronze plaque, was presented to Mr. Henry A. Maasen, owner of Henry Maasen Produce & Feed, by Paul Yancy, district salesman for the Ralston Purina Company, to honor this firm's outstanding sales achievement and service to agriculture during the last three months.

This Purina Leadership Trophy is awarded quarterly to the winning Purina dealer in this district. The plaque will be hung in a prominent place at Henry Maasen Produce & Feed until April 1, when it will be awarded to the Purina dealer making the best record for the next three months. The dealer winning the trophy three times gets permanent possession of it.

Mr. and Mrs. Terry Thompson and Mr. and Mrs. Rollin McCord Mr. and Mrs. A. N. Norman Jr., Mr. and Mrs. Lewis Allsup, were among the Tahoka people attending the Fat Stock Show at Fort Worth the first of this week.

recreation at the pool in the summertime.

TEXANS TALK TIDELANDS TO TRUMAN
—Apparently pleased with their conference with the President on state ownership of submerged lands, Robert Lee Bobbitt of San Antonio, chairman of the Texas State Tidelands Committee, Attorney General Price

Daniel and Senator Tom Connally leave the White House. The Texans explained their state's annexation agreement with the US and the importance of submerged land revenues to the Texas Public School Fund. They asked Mr. Truman for another hearing before he takes action on pending legislation.

Scouts Will Run City For A Day

E. B. Gaither, Scout Master of Boy Scout Troop No. 21 announced that the entire city government will be taken over by the local Boy Scouts for one day beginning at 8:00 o'clock Tuesday morning.

The Scouts will patrol the local streets and will see to it that all violators of traffic regulations will be hauled down to the City Hall and will be required to pay a fine for their violation.

Court Of Honor

To Be Held Monday Night

On Monday night the Boy Scouts will hold a Court of Honor which will be held in the W.O.W. hall.

The parents of the Boy Scouts are urged to attend this Court of Honor.

Two Scouts Paxton Hutchison and Howard Wood will be advanced to Scouts Second Class and three new Scouts: Dwain Lee, Charles Jones and Brownie Williams will receive their Tenderfoot Badges.

The three new Scout members will bring the membership of Troop 21 to 38 members.

After the Court of Honor a "Pot-Luck Supper" will be held followed by a movie.

Take Applications For Contour Listing

Clarence Ohurch, chairman of the Lynn county A.C.A. committee, announces that applications for carrying out the practice of contour listing are now being accepted at the A.A.A. office in Tahoka. This soil-building practice constitutes one of the chief measures being employed in this county to combat soil erosion, Church states. Last year approximately two hundred and eighty thousand acres were reported on the contour and more is expected this year. Prior approval for this practice must be obtained in writing thirty days prior to seeding from the A.A.A.

office in Tahoka. If the farmer intends to qualify for the soil building payment for carrying out the practice.

On slopes averaging greater than three per cent contour listing must be in combination with terraces; if less than three percent, guide lines must be established not to exceed twice the normal terrace interval.

Mr. Church again cautions that the prior approval for carrying out this practice must be secured thirty days prior to seeding. Application for this prior approval may be made by mail, telephone, through the committeemen, or at the A.A.A. office in Tahoka.

Co-ops. Will Hold Meet In Dallas

AMARILLO, Feb. 4.—More than a thousand southwestern farmers and their families are expected to attend the regional meeting of their Farm Co-ops in Dallas, February 16-17, when the shareholders of Consumers Cooperatives Associated meet at the Baker Hotel for their 18th annual session.

Principal speaker for the occasion will be I. Harvey Hull, president of the Indiana Farm Bureau, of Indianapolis, who will address the farm delegates at the evening meeting on February 16 in the Crystal Ballroom of the Baker Hotel. Other speakers will include Jerry Voorhis, executive secretary of the Cooperative League of Chicago; George B. Blair, secretary of the Texas Federation of Cooperatives, Dallas; Leonard F. Cowden, executive vice-president of Consumers Cooperatives Associated, Amarillo; and William N. Stokes, Jr., president of the Houston Bank for Cooperatives, Farm Credit Administration, Houston.

At a special luncheon for women in the Texas Room of the Baker Hotel at noon on February 16, Mrs. Viola Armstrong, director of Women's Activities of the Indiana Farm Bureau will be the principal speaker.

The convention will be high-

JOE STOKES H. D. CLUB

The Joe Stokes H. D. Club met in the home of Mrs. Tom Russell for its second meeting of the month of January on January 22, for a quilting for the hostess.

At the noon hour a covered dish luncheon was served the members present.

Members attending were: Mrs. Harlan Dean, Hillary Smith, C. W. Overman, Buddy Smith, Maeker, Levitt, C. L. Murray, Rolland and one visitor, Mrs. Armes and two new members Mrs. Larry Walker and Mrs. Thad Smith.

The next meeting will be in the home of Mrs. H. D. Dean on February 12.

lighted by an old-fashioned square dance in the Crystal Ballroom following the evening meeting. Music will be furnished by "Les" Lester and his Dude Ranch Buckaroos, WFAA Dance Orchestra, and the dance will be led by members of the "Gay Nineties" Club of Amarillo with Cecil Hefley as caller.

Consumers Cooperatives Associated is the regional organization of 397 farm cooperatives in seven states, including Texas, Oklahoma, Colorado, New Mexico, Arkansas, Louisiana and Mississippi. Over 100,000 farm families make up its membership.

Church every Sunday.

O'Donnell Wins Own Tournament

O'DONNELL (Sp.)—The highly improved O'Donnell Eagle five won first place in the first Invitation Basketball Tournament held at O'Donnell in the new gymnasium which was completed last year just before the opening of the school year. The new gym is the most modern and up-to-date gymnasium on the entire South Plains at the present time.

Coach Gano Tubb's highly improved cagers won the championship of the tourney by defeating Denver City 42 to 22 in the final game of the tournament. The Eagles took an early lead and held it throughout the game, widening the margin as the game progressed.

O'Donnell of course won first; Denver City, second; Post, third; Crosbyton Consolation. All four teams were presented with fine trophies of which they were all very proud.

Best Game Of Tournament

The best game of the tournament was Saturday afternoon between Post and Denver City. The score was even all the way with Denver City trailing 3 or 4 points in the final minutes of play. However the Denver City boys managed to go out in front as the final horn blew to win 27 to 26 over the Post Antelopes.

The Eagles also pulled the superman stuff on Friday night. They played Seagraves at 8:30, winning 41 to 15, and after only a few minutes rest and a change of uniforms took on Denver City "B" team at 9:30 and defeated them 55 to 13.

Thursday Night

Post "B" 28, O'Donnell "B" 16.
Post 31, Crosbyton 22.

Friday Night

Denver City 43, O'Don. "B" 4.
O'Donnell 41, Seagraves 15.
O'Donnell 55, D. City "B" 13.

Saturday Afternoon

Mr. and Mrs. J. K. Applewhite recently returned from a visit with Mr. Applewhite's brother and family at El Monte, Calif. They were accompanied on the trip by Mr. Applewhite's sister and husband of Lampasas. The group also attended the wedding of a nephew in Tucson, Ariz.

A. N. Norman Jr., who has been receiving treatment in the Veteran's Hospital at Amarillo, came home last week and is able to be on the street, though still on crutches. After a few weeks, he will return to the hospital for further treatment. Mr. Norman received critical injuries to his back and pelvic bone when a horse fell on him several weeks ago.

Mrs. Bennett Howell is here visiting her sisters, Mrs. D. W. Gagnat and Mrs. W. V. McElroy.

Ed. N. Watson Retires After 10 Years With Applewhite Firm

Ed N. Watson, credit manager for J. K. Applewhite Company for the past ten years, retired last Saturday and expects to spend a while resting and enjoying life.

He has gone to Amarillo, his former home, where he expects to visit relatives a few weeks, and then to visit a daughter in San Fernando, Calif., and a daughter in Fairfax, Virginia.

Mr. Watson will be 77 years of age on February 15, and has worked hard all his life. Now, he expects to take things easy for a while. Though he has been on the job steady for a long, long time Mr. Watson has always seen the bright side of life, and made a great many friends during his ten years' employment at the Applewhite firm.

He was born in Missouri, and for many years engaged in real estate, abstract, loan, and related businesses in Kirksville, Mo. He moved to Amarillo in 1921 and was associated with the International Harvester company there until joining the local firm on October 1, 1937. Mrs. Watson died at Amarillo in 1939. He has two granddaughters residing in Amarillo.

The Applewhites, J. K. and Jim, expressed deep regret that his association with them has been severed, and in appreciation of his service and friendship presented him a leather traveling bag as a going-away present.

There's Magnetism in a WELL LIGHTED Place of Business

Watch the crowds... they flock to a well lighted place of business.

There's a lesson for both the buyer and the seller in this buying parade toward a store or shop that uses good lighting.

Wise buyers go to a well lighted store because there they can see what they're buying.

Wise sellers know that good lighting attracts more business, means more sales, more profit.

Your Public Service Company can help you plan for better lighting in your place of business. Call us.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

SOUTHWESTERN PUBLIC SERVICE COMPANY
23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

RETIRING CHIEF OF STAFF AND HIS SUCCESSOR—General of the Army Dwight D. Eisenhower, retiring chief of staff (left) confers with General Omar N. Bradley, who succeeds him. General Bradley distinguished himself in North Africa, Sicily and in the European Theater of Operations where he assumed command of the 12th Army Group. Following the war he became head of the Veterans Administration. General Eisenhower has been named president of Columbia University, New York City.

"FABULOUS TEXAN" WILL SHOW HERE

The world premiere of Republic's "The Fabulous Texan" was held a few weeks ago at the Paramount theatre in Austin and, in honor of the opening, Mayor Thomas Miller proclaimed Fabulous Texan Day. Attending the premiere were Governor Beauford H. Jester, General Jonathan M. Wainwright and others, while the company was represented by James R. Grainger, executive vice-president and general sales manager, and Walter L. Titus vice-president and southern division manager. The opening was heralded with a parade and several broadcasts. The picture stars William Elliott, John Carroll and Catherine McLeod.

This picture comes to the Rose theatre Wednesday and Thursday, February 18 and 19.

The horse used by Bill Elliott in this picture was bought from Tex Moody who is a personal friend of Mr. Elliott and is a quarter horse breeder and trainer.

SMITH RELEASED FROM CLINIC

A. L. Smith who was badly burned on his face and hands in an explosion at his locker plant January 20, was released from the clinic and taken to his home in north Tahoka Wednesday morning of this week. He is showing much improvement.

SAW IT SNOW IN RIO GRANDE VALLEY

Mr. and Mrs. C. T. Tankersley arrived home on Thursday of last week after having spent a month at San Benito down in the Lower Rio Grande Valley.

They brought back with them quite a variety of the citrus fruits raised in the Valley and Mrs. Tankersley presented the Editor and Mrs. Hill samples of oranges, grapefruit, tangerine, tangelo, mandarin, lemon, and kumquat, all of which are very palatable.

The blizzardy weather was still on here when they arrived home but Mrs. Tankersley says that it's all a myth about there being 'steen-year-old kids down in the Valley who had never seen ice. She saw it snow while they were there, and she saw ice too. That was unusual, however, but it does freeze down there on rare occasions. She did not know how much damage was done to fruit and vegetable crops but reports since then indicate that it was considerable.

While they were down there, Mr. and Mrs. Cody, Braag, Jimmy and Jerry went down to see them. They all did some fishing, but do not claim to have had much luck.

STATED MEETINGS of Tahoka Lodge No. 1041 the first Tuesday night in each month at 8:30. Members urged to attend. Visitors welcome. Ed Hamilton, W. M. Chas. B. Townes, Sec'y.

Ralph Brock Enters Race For Senator

Candidacy of Ralph Brock, Lubbock Attorney, for Senator from the 30th State Senatorial District was announced Saturday.

Brock, 32, former Lubbock County Attorney before he waived deferred classification and volunteered for military service, was born on a Crosby County Farm December 2, 1915. He was educated in Lubbock Public Schools, graduating from Lubbock High School in 1933 as the highest ranking boy scholastically.

He was a Texas Tech honor student from 1933 to 1935, then transferred to the University of Texas law school. He was graduated there with an LL.B. degree in 1938 after receiving recognition for scholastic accomplishments, including appointment to membership of the Board of Editors of the Texas Law Review and, his last year, having been awarded a first prize for the best case note of the year.

Brock worked his way through high school, Texas Tech, and the University Law School. His work included employment in an ice plant, laborer, in the Texas Tech library, a life guard at the Lubbock swimming pool, and as a newsboy. He was a guard on the state capitol ground, an elevator operator, a creamery employee, a clerk in a state senator's office, a mailing clerk in the state parks board, and an employee in the oil and gas division of the state Railroad Commission.

Brock began practice of law in Lubbock in June of 1938.

He was elected county attorney of Lubbock County in the summer of 1940, at the age of 24, and took office Jan. 1, 1941. Re-elected in 1942, he resigned to enter service, after waiving deferred classification. He entered service July 1, 1942, resigned the office he had been re-elected to without opposition, and relinquished the right to salary amounting to more than

\$9,000. He separated from the U. S. Navy as a Lieutenant (senior grade) in October of 1945, having spent 40 months in service, 20 months of that time in the Pacific theatre aboard a seagoing tug.

Brock resumed practice of law here upon separation from the Navy.

He is a member of the Board of Stewards and a Bible class teacher of the Methodist church, and a member of the American Legion, Veterans of Foreign Wars, Knights of Pythias Lodge, and active in Boy Scout work and in civic improvement projects.

The 30th Senatorial District is composed of 24 counties that had a 1940 census population of 249,485 persons. Estimated 1948 population is 323,485. Estimated poll taxes to be paid this year total 75,000, which with estimated certificates of exemption, would give a potential voting strength of approximately 90,000. In 1946, poll tax payments totaled 64,585, in 1944 they were 63,381.

Counties of the district are
