"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 44.

Tahoka, Lynn County, Texas, Friday, June 25, 1948.

Number 38

'Juneteenth' Quiet But Local Officers Have Busy Week

The expected wave of disturbances on Juneteenth did not materialize, to the credit of Tahoka's Negro population, and so far as local officers were able to determine the local celebration was kept well in hand by our colored citizens.

However, the Sheriff's office had a busy week end.

On Sunday, Sheriff Sam Floyd took into custody one Dan Thornton, Negro, of Lorenzo, the alleged former owner of 80 cases of beer and about 30 pints of whiskey and gin which the officers had taken from a pasture northwest of Tahoka the previous Thursday. Monday, Thornton was assessed a fine of \$250.00 and costs in county court on a charge of transporting liquor.

Thornton is said to have had a flat on his station wagon near Joe Stokes while transporting the liquor, remembered having passed a pasture back town the road, backtracked and unloaded his cargo under a mesquite bush in the pasture, then went to a station to get his tire repaired. Officers beat him to the cache, obtained a description of his vehicle, and traced him down.

O'Donnell, however, had two flare-ups on Juneteenth. Saturday night, Deputy Brush arrested three Negro women on drunkenness charges. They were assessed fines in Justice court there.

Friday night, Jesse Smith, Negro, was victim of a stabbing at the hand of a Negro woman. Jesse received treatment at a Tahoka clinic, but the woman left for parts unknown. She is charged with aggravated assault.

Deputy Tom Hale took into custody a Negro near Tahoka who was allegedly shooting at some other Negroes with a .22 calibre rifle. He is charged with attempt to murder. Sunday night, Hale took into custody two white men on charges of drunkenness. They paid fines Monday.

A local youth has been charged with the burglary of the Road Parker Service Station, the offense having occurred about two weeks ago. The youth, a 15-year-old juvenile, was apprehended through finger prints he left on the window through which he gained entrance to the station. When confronted by the evidence, the youth is said to have confessed the crime.

Youth Is Second In Area Contest

Leroy Edwards, Lynn county 4-H club boy, recently placed second in the 12-county district bear contest sponsored by Sears, according to County Agent Bill Griffin. There were only five winners in the district contest which started last November 1 and ended June 1.

Edwards' record show that his animal bred 28 sows and gilts. He realized a profit of \$58.00 on the animal in addition to all expenses animal above all expenses and all prize moneys received on him. Edwards used \$40.00 in prize money to make improvements on his hog raising plant, such as new hog houses, a self feeder, and a hog waterer.

New Game Warden For This District

D. E. Nored, formerly of Wellington, the new State Game and Fish Warden for this district, was a visitor in Tahoka Friday getting acquainted with the territory.

"I am here," he told The News, "to assist you, the people of Texas, in every way that I possibly can, such as helping you stock your fish ponds, trapping and transplanting wildlife. All these services are free, including the fish to stock your pond. At any time I can help, drop me a card at Box 631, Lubbock."

Mr. Nored is a graduate of the Texas A. & M. College Game Warden School. His district covers Garza, Crosby, Floyd, Lynn, Hale, and Lubbock counties.

Junior Baseball Team Gets Off To Slow Start

Tahoka's American Legion Junior baseball team got off to a slow start in the district contests, losing two games. None of the boys had every played baseball before, however, and are due to show some improvement before the season is over. At least, a start is being made for the future.

Last Friday, in a game played here Tahoka lost to Slaton by the score of 5 to 17.

Monday's scheduled game with Lubbock A team was postponed because of the sandstorm.

Tuesday, Spur was here and went home with a 25 to 5 victory.

New uniforms are expected to arrive any day now. The uniforms are being furnished by Bill Strange Motors.

Games are being played on the Mexican diamond just north of the cemetery, temporarily. Fans are urged to go out and give the youths encouragement.

Rutherford's Win Feature Game

Rutherford's won over White Auto 3 to 2 Monday night in the best softball game played in Tahoka in many a moon. Rutherford's therefore remains the leading team in the Lynn County Softball League. No team, however, has conceded them the championship, and the competition is due to get warmer from here on out, with all teams showing improved play.

Thursday night of last week, the White's team defeated the strong Wilson team 8 to 7—another good game.

Friday night, New Home took a 24 to 8 victory over New Lynn.

Tuesday night the Senior Scouts improved their percentage in a 12 to 16 victory over New Lynn.

As The News goes to press on Thursday night, Davis-Humphries is scheduled to meet New Home. Tonight, VFW meets Wilson. Monday, White Auto plays New Lynn. Tuesday Senior Scouts will tackle New Home. Next Thursday VFW will contest Rutherford's, and on Friday of next week D&H and Wilson will play.

Through Tuesday night, the team standing were:

Team	Won	Lost	Pct.
Rutherford's	4	1	.800
New Home	3	1	.750
Senior Scouts	3	2	.600
White Auto	3	2	.600
Wilson	2	2	.500
Davis-Humphries	2	2	.500
New Lynn	1	4	.200
V. F. W.	0	4	.000

News Is Hampered By Print Shortage

The News has made apologies two or three times for its inability to carry more news in proportion to its advertising.

This publication has been unable to buy sufficient newspaper, even at the exorbitant price, to print the paper as it would like to do. This week, we are short again, and have had to omit both news and advertising, for which we are sorry.

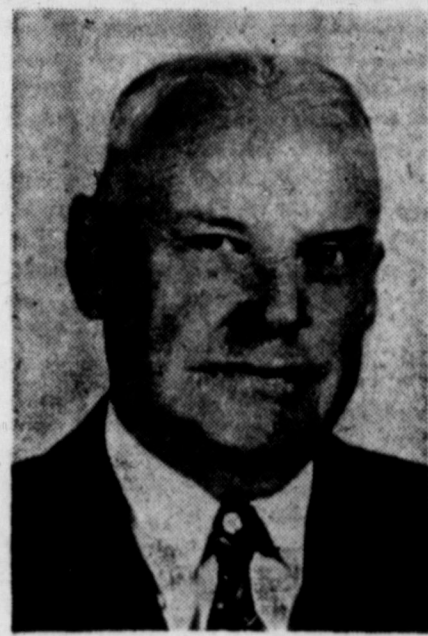

To be sure of getting your copy in the paper, we must again ask our correspondents and advertisers to let us have their copy as early in the week as possible, preferably Monday or Tuesday, and not later than Wednesday noon.

W.B. SLATON'S MOTHER IS CRITICALLY ILL

Mrs. W. R. Slaton of Seminole, a pioneer resident of the South Plains and mother of W. B. Slaton of Tahoka's First National Bank, who has been seriously ill in the Seminole Hospital for some time, is said to be showing no improvement. Little hopes are held for her complete recovery.

Mrs. A. D. Davis, daughter of Mrs. and Mrs. W. B. Slaton, and son, Slaton, returned to their home in Dallas last week, after having visited here and at the elder Mrs. Slaton's bedside for three weeks.

Kenneth Kennedy of Kermit and Charles Kennedy of White were visitors in the Levi Nordyke home Sunday.

TOM GARRARD

County Financial Condition Told

Following is the statement of Tom Garrard, candidate for re-election as county judge of Lynn County:

To The People of Lynn County:

I had not intended to ask for re-election as County Judge this year, but I was solicited by my friends so much to complete the job we had started, I felt it my duty to my friends to make the race again.

You may think that it is all ones' duty to face the cussings that a public official gets, but ask 12 or 15 million young men who faced death at the cannon's mouth in the last war, if they didn't feel it their duty to serve their country, and then say it is bosh!

Against my personal interest, I yielded to the wishes of my friends and the feeling of duty and announced, stating at this time I would later make a full statement. Since I am now in the race I want to see it through in a fair, honorable, and truthful way.

I have not lived in Lynn County 30 years. The length of time that a person has lived in a community is not the measure of his usefulness to his community, but the manner in which he lives and acts is the sole measure of his usefulness. I have served you for four years and two months as County Judge and without attempting to boast or brag, I merely want to point out the accomplishments that have been made by my associates and myself during that time, feeling that we have done more for the convenience and happiness of the citizens of the County than has ever been done before in any similar period.

Lynn County is essentially an agricultural County. Without the farmer there would be no towns. The farmers and stockraisers are the only actual producers of wealth and without them, we could not have the fine stores and banks that we have in the county. To me the farmer's interest is of first and prime importance for I know full well that with a happy, prosperous, and contented rural population, cities and towns will grow, wealth will be created and increased, otherwise, our cities would be prairie dog towns.

When I came into office as County Judge, Lynn County had outstanding:

1. \$18,000.00 in 5 per cent Court-house and Jail Bonds and one of my first job was to pay off \$4,000 of these outstanding bonds, \$2,000 of which, before it was due, and refund the balance of \$14,000 into 2 1/2 per cent bonds. That debt has since been cut to \$8,000 and we have in the Sinking Fund for this bond in the amount of \$5,879.39.

2. \$2400 in Road Warrants given for road machinery in the original amount of \$5,626 bearing 6 per cent interest. This debt was immediately paid off.

3. \$6,000 on an original of \$10,000, 5 per cent Warrants given for the purchase and repair of the AAA building. These warrants we have paid off, some of them four years before they were due, and

(Cont'd. on Page 3)

YOUNG PEOPLES MEETING

A sub-district Methodist Youth Fellowship meeting was held at O'Donnell Monday evening, June 21. Those attending from Tahoka were Joan and Jess Glover, Lois Sue Ramsey, Myrtle Holcomb, and Rev. Holcomb.

Lynn Pioneers Attend Reunion Here Thursday

Early day settlers in Lynn County from far and near were in Tahoka Thursday meeting 41 friends and reminiscing over the years gone by at the annual meeting of the Lynn County Pioneers Association.

Principal feature of the meeting is just visiting under the shade trees in City Park, but officers for another year were elected at a business session, a barbecue dinner was served at noon, there was an informal program scheduled for the afternoon featuring a talk by Andy Jack Stricklin, editor of the Terry County Herald, and a square dance at night.

J. K. Applewhite is president of the association this year, who, with the efficient secretary, Mrs. Jack (Frankie Wells) Penton, and others, directed the staging of this year's event.

The News will carry a complete report of the reunion next week.

Tahoka Leading Baseball League

Tahoka's baseball team won its second game in as many starts in the new Cotton Belt League Sunday at Seagraves by a score of 24 to 12. Welch won over O'Donnell 18 to 6 and Union nosed out Loop 11 to 10.

In games the previous Sunday, Tahoka defeated Loop 16 to 11, and O'Donnell was victorious over Union, score not available here.

In the game last Sunday, G. W. White was Tahoka's winning pitcher, relieved by E. L. Short in the eighth.

The game was feated by unusual batting by "Hank" Walker, who batted six for six, J. E. Ramsey, who batted five for six, two of which were home runs, and E. L. Short, five for six.

Next Sunday, Tahoka plays at Welch, O'Donnell at Loop, and Seagraves at Union.

Among the players on the Tahoka nine are: Dub Harvick, second; Glenn Norman, catcher; G. W. White, pitcher; Joe Harvick and Noah Lee Cromer, left field; Cotton Davis and James Farr, right field; Slick Wells and Rebel Thomas, center field; "Hank" Walker, short stop; J. E. Ramsey, third base; and E. L. Short, first base.

Jerrell Browns Make Long Trip

Mr. and Mrs. Jerrell Brown, accompanied by her parents, Mr. and Mrs. J. W. Gresham of Louise, and her brother, Johnny, returned the first of the week from a 3200 mile tour of the Rocky Mountain region.

Among others, they saw the sights of Colorado Springs, the museum and zoo at Denver, went into a gold mine at Idaho Springs, saw Grand Lake, Trail Ridge Drive, and Estes Park. They crossed Wyoming, entering Yellowstone by the Cody entrance, and were overwhelmed by the wildlife and scenic beauty of the park and the Tetons to the south. They also visited the Mormon Tabernacle at Salt Lake, and returned via Albuquerque.

MONTAGUE REUNION

Former residents of Montague county now residing in this area will hold a reunion in MacKenzie State Park at Lubbock on Sunday, July 11, all day, according to W. W. Caswell. There will be a basket lunch at noon and an informal program.

BIBLE SCHOOL AT GRASSLAND

Our Vacation Bible School will begin at the Methodist Church in Grassland Monday morning, June 28, at 8:30. All children are invited to attend.—J. R. Peters, pastor.

SINGING AT NEW HOME

There will be singing at the New Home Church of Christ next Sunday afternoon at 8 o'clock, according to Lee Savage. Singers are cordially invited.

Truett Smith On State Bar Board

Truett Smith has been elected recently as director from the 19th congressional district of the State Bar Association, to succeed James Little of Big Spring.

Of the twenty-three directors, 12 are elected one year and eleven the next year to serve a term of two years.

Smith will assume his duties as director from the 19th district when the State Bar Association meets in convention in the city of Houston on July 1, 2, 3.

R. G. Storey of Dallas is the president of the body and Allen Crowley of Fort Worth is the vice-president.

City Is Paying For Trash Hauling

Mayor K. R. Durham has requested the News to state that for an indefinite but probably limited time the City will pay the trash man for hauling the trash and waste matter from the premises of the residents of the city without any charge against the owners or occupants of the premises. It had been contemplated that a charge of 75 cents per month would be charged families for this service but this plan has been abandoned at least temporarily.

The Mayor explains that it may become absolutely necessary to re-instate this charge next year. The reason is to be found in the fact that city revenues derived from taxes amount to only \$15,000 approximately each year. Interest and sinking funds on out-standing bonds consume at least \$10,000 a year, and there are many other expenses which the City must pay. This trash hauling, he says, will cost the city around \$5,000 a year. Funds have got to come from some source or other to pay the running expenses of the city; therefore it may be found to be imperative later on that the City restore this hauling charge.

New York Lady Is Visiting Tahoka

Miss Abby Palmer of Hollis, New York, is here visiting the W. A. Reddells and the Joe Bob Billman. There is a little story back of this visit. Ten years ago last month there was a week called Air Mail week. On one particular day in that week, airplanes stopped at most of the towns in the United States and picked up air mail to be transported to the destination addressed. Accordingly thousands and perhaps millions of school children wrote to relatives, friends, acquaintances, or unknown but real persons living in other states, and sent these messages, on the day set by air mail. LaVerne Reddell, now Mrs. LaVerne Hefley, wrote one such letter and addressed it to a school girl in Hollis, New York. It was delivered promptly, and the recipient, Abby Palmer, a school girl of Hollis, answered the letter. From that day until this, Abby and LaVerne have kept up a correspondence.

So, a few days ago, Abby Palmer decided she would come down to Texas and visit her unknown friend. She came, and she has been here now some two or three weeks, and is enjoying her visit greatly, as her Texas friends are enjoying it also.

Of course this Southern drawl is just as strange to her as her Northern brogue is to us, but she is a very attractive young woman and it would not surprise us if she is writing home soon that "I came, I saw, I conquered."

KINSMAN IS DROWNED

Mrs. A. E. Herring returned home Saturday from Shreveport, La., where she was called about two weeks ago by the sudden death of her brother-in-law, W. C. Riley. Mr. Riley was accidentally drowned at Herman, 40 miles from Shreveport.

HODGE WITHDRAWS

A. C. (Arthur) Hodge, who announced for sheriff several weeks ago, announces that he has withdrawn from the race.

Six Are Injured In Car Accident In East Tahoka

Three men and three boys were severely injured, some of them seriously, when one car with five occupants was struck by another car on the highway at the eastern limits of the city of Tahoka on last Friday night.

The injured are E. B. Gaither, driver of one of the cars, who sustained the fracture of two ribs on the right side near the backbone; his son, Bentley Gaither, 19, who received many cuts and lacerations and bruises but suffered no broken bones; Charles Uzzie, an occupant of the Gaither car, who suffered a fracture of the pelvis, severe cuts, and other injuries; Kenneth Weaver, about 17, whose pelvis was broken in two places and fractured in two other places; Leslie McKee, about 17, who suffered the breaking of both bones of the right leg just above the ankle; and Pete Curry, driver of the other car, who suffered two or more broken ribs and severe body bruises.

Pete Curry is being treated in the Seale Clinic. The other five injured persons were taken to the Tahoka Clinic, where all of them except Bentley Gaither are still under treatment. Bentley was released from the Clinic Monday. Most of the others are doing as well as could be expected under the circumstances, but it was necessary Tuesday to re-set the broken bones in Leslie McKee's leg. Charles Uzzie was probably the most seriously hurt of the three men.

The accident occurred at about 11 o'clock Friday night as Mr. Gaither and the other four occupants of his car were returning from a Boy Scout meeting which they had attended at Post.

Pete Curry was going east in his car returning to his home from Tahoka.

He saw the Gaither car coming and says that he blinked his lights. Immediately before they met, he explains, the Gaither car turned across the road directly in front of him too close for him to check his speed or to avoid a collision. His car struck the Gaither car broadside.

Mr. Gaither says that he never did see the Curry car until it struck his car. Coming this way, he saw a car, with lights burning, standing in the entry of a side road, so positioned as to indicate that it had stopped to enter upon the highway and come toward town. His thought was to cross the highway and pass immediately around this car to deliver Leslie McKee, one of the boys in his car, at McKee's home. When he turned across the highway, Curry's car, which he had not observed at all, struck his car, with the terrible consequences enumerated above.

Both cars were badly wrecked.

Class Gifts For Local Schools

Gifts from Tahoka High School Senior classes of 1947 and 1948 are being installed on the school premises this week by Everett Nevill, according to Mrs. Mary Margaret Stewart, of the faculty.

The Class of 1947, contributed \$147.50 for the installation of outdoor drinking fountain, which are being placed north of the High School building, where they will be accessible to both students and attendants at football games.

The Class of 1948's contribution was \$100 for the erection of a flagpole, which is being located on the south front of the High School campus. The flagpole is 45 feet high.

ATTEND DISTRICT METHODIST MEETING

The District Stewards, pastor and pastor's wives of the Lubbock District of The Methodist Church met at Levelland, Monday, June 21. Rev. J. O. Hagnes, District Superintendent of the Lubbock District, presided. Plans were made for the new conference year. Thirteen new pastors and wives were introduced to the District. John Glover and Rev. and Mrs. C. A. Holcomb attended from Tahoka.

SUE HOLCOMB ATTENDS TRAINING IN IOWA

Miss Sue Holcomb, daughter of Rev. C. A. Holcomb Jr., has been in training at Sioux City, Iowa, June 7 through June 16 preparing for voluntary service in local Methodist churches during the next seven weeks.

Experienced in leadership work among Christian youth, Sue is one of 344 college young people and 86 counselors attending one of five caravan training centers located in various parts of the country. Each caravan team is composed of four people and one adult counselor. They will serve a total of 700 churches in the United States, Cuba, and Hawaii. Three teams will serve churches in Poland, Czechoslovakia, Belgium, Norway, Sweden and North Africa.

Trained in special areas of young people's work, the caravaners "will seek to give basic help on personal religious foundations, outline an intelligent procedure for service to humanity, and assist in developing the best method for getting the essential Christian job done." They will conduct programs in worship, evangelism, world friendship, community service and recreation.

Sponsored by staff members of the Methodist Board of Education, Nashville, Tenn., the five training centers are located at Morningside College, Sioux City, Iowa; Lake Junaluska, N. C.; McMurry College, Abilene, Texas; Lynchburg College, Williamsport, Pa., and the College of the Pacific, Stockton, California. Now in its tenth year, the caravan movement has reached more than a million people in over 10,000 churches across the nation and overseas.

Mr. and Mrs. V. A. Botkin have been at Temple where their daughter, Mrs. Darrell Hagler, (the former Ida Christine Botkin) underwent a serious operation last week.

Income taxes may be unpleasant, but we know of no other tax that we'd like to pay in larger amounts.

Political Announcements

The following announce their candidacy for public office, subject to action of the Democratic Primary elections:

For Congressman, 19th District: GEORGE H. MAHON

For State Senator: (30th Senatorial District) DUDLEY K. BRUMMETT, Lubbock

COUNTY FINANCES . . .
(Cont'd. from Page 1)

4. \$16,000 in Road Bonds issued in 1921 in the original amount of \$60,000 due and payable serially up to 1951. This bond has been paid down to \$6,000. The State pays 86.15 per cent and the County pays 13.85 per cent of this amount. The State's part is \$5,160 and the County's part is \$831. We have cash on hand in the Sinking Fund at this time for this bond \$6,607.89 or \$5,776.89 more than our part of the debt which will be transferred to the road and bridge fund.

All of the above debts were created many years ago and we have more than enough cash in the bank to wipe out all of the old debts and carry on the County's business on a cash basis. And at this writing we have a cash balance of all funds in the amount of \$124,505.77 as of June 1st; this in face of the fact that equipment, labor, supplies and repairs have gone up, without raising the tax or property values for tax purposes and the ONLY new taxes that have been levied during my time are the recent road bond taxes of 95c on the \$100 valuation that were voted by the people. The only debt that Lynn County has at this time or will have at the time the present program is completed is \$788,000 of the \$850,000 Road Bonds voted two years ago, at a rate of 1 1/4 per cent interest and first 5 years—1 1/2 per cent on second 5 years and 2 per cent on 10 years, \$64,000 having been paid off on March 15, 1947 and March 15, 1948 and we have in the Sinking Fund of this bond at this time carried over from 1947 tax collection the sum of \$32,410.33.

1948 tax collections will not start until October 1, 1948, and if tax collections are as good for the year 1948 as they were for 1947, by March 15, 1949, when the next bond is due, we will have approximately \$90,000 in the Sinking Fund to pay 1949 bond and will have approximately enough money carried over to pay the 1950 bond also. In approximately two more years the Sinking Fund will be in such shape that the taxes on the bond may be reduced from 95 cents to 80c or 85c. By the time the present road program is completed we shall have to issue approximately \$120,000 in 2 1/2 per cent warrants, due one to ten years. It will not take any additional taxes to pay these warrants.

The Commissioners' Court under the constitution can only levy tax of 80c on the \$100 valuation of all

property in the county both real and personal. Any more taxes must be voted by the people of the county themselves. Lynn County has practically always had an 80c rate for all general purposes and since my time in office has been under an 80c tax rate at the present valuation, to clear up all of the old debts inherited from former years and has at all times during my time been and is now on a cash basis. Values of real and personal property for tax purposes have not been raised in Lynn County for more than 20 years and as far as I know they will not be raised.

Since the County now has on hand sufficient funds to pay ALL of its old debts, it can now use part of the regular 80c Constitutional rate that has been in effect for many years, to pay off these road warrants without having to levy any extra tax; and while provision has been made for paying these road warrants out of the 80c tax rate, still we know that if the 4c state-line tax continues in effect that we can pay all of these warrants out of the County's share of the gasoline tax alone without even the necessity of going into the 35c Road and Bridge Fund of the 80c rate.

When I first came into office of County Judge, Lynn County's portion of the gasoline tax was \$1,525.76. The next year we got \$6,896.11 and in 1947, we got \$14,993.58 out of the gasoline tax fund and we will get largely in excess of that amount this year.

When the Constitutional Amendment passed last year tying the gasoline fund to the Highway Department, at the first session of the Legislature thereafter, I went before the Legislature with others from this section and got the gasoline tax re-apportioned whereby the smaller counties like Lynn get more of the gasoline tax now than ever before. On these same trips, I personally and officially helped to defeat the bill introduced for the purpose of putting the tax on tractor gasoline.

After the road bonds were voted in 1946, we immediately began to build roads. When the present program is completed, which will be probably a month, we will have built 120 miles of Farm-to-market Roads in the County. In addition to that we got 30 miles of paved Farm-to-market Roads out of the State of Texas and the U. S., being the road from Dray to Wells, from Wilson to New Home, and from Grassland to the Central Baptist Church. In addition to that we got the State to take over a total of 30 miles of the road we have already built, being the road from New Home to Lakeview and west to the county line, from Wells west to New Moore and from Post-Tahoka highway on the east side of Joe Thompson's place south

through Dray to the O'Donnell highway, being a total of 150 miles built that will be completely finished in a month and 30 miles that we have already built is being taken over by the State. I am virtually assured of 87 miles or more that we will get out of the State and the Federal Government within the next 1 to 3 years without cost to Lynn County.

The fines and fees collected in cases through my Court for 1947 was enough to pay 80 per cent of the combined salaries of the County Judge, County Attorney, and Sheriff or to pay my own salary two and one-half years. The Lynn County Permanent School Fund has \$42,000 in U. S. Government and other bonds.

I repeat again that during my

time in office and in Lynn County there has been more done for the benefit of all of the people of Lynn County than any other similar period in the county's history. I do not claim all of the credit for this, but had a share in it.

There are those who are hollering "economy" now. I don't know why they wait until we begin to do something for the farmers to go to hollering "economy." If all we have done has not been upon a sound and economical basis, I don't know the meaning of that word.

This County owes nothing but for the paved roads. Your taxes have not been increased and will not be increased for anything except what you vote.

The biggest headache and biggest waste in Lynn County is the

country dirt roads. Lynn County has approximately 1,000 miles of dirt roads. It costs the County from \$50,000 to \$65,000 every year to work these dirt roads. And at the

end of the year they are no better than at the beginning and each Commissioner has to go right back and do the same thing over from (Cont'd. on Page 8)

A READER RESURRECTS AN OLD GRIEVANCE

Mr. E. I. Hill, Editor,
The Lynn County News,
Dear Editor:

After reading your editorial in today's News, I want to offer my sincere appreciation for presenting the facts in regard to taxing the natural resources of Texas. This editorial states plainly the urgent need for this tax. As you emphasized, the big business interests have fought and will continue to fight any such tax.

But this idea is not a new one by any means. Do you remember a man named Homer Rainey who ran for governor on that platform? And have you forgotten the afternoon during that campaign when Dr. Rainey stood on the courthouse lawn in Tahoka begging and pleading for the people to unite behind his crusade against these big money boys. He also made an attempt to clear up the dispute surrounding his dismissal from the presidency of the University of Texas.

And do you remember the account in the News a few days later? "All Dr. Rainey did was to set up wooden men and knock them down." The "wooden men" obviously referred to the members of the Board of Regents of the University of Texas which fired him.

At the time of the controversy,

you may recall that it was pointed out that one of these "wooden men", Mr. Orville Bullington of Wichita Falls, Texas, had been the Republican party's candidate for Governor of Texas at one time. The very idea, having a Republican on the governing board of the South's greatest University! The so-called Democrats who were responsible for this gentleman's appointment promptly apologized for his blunder on the grounds that he was no longer active in the party. But Oh! How wrong they were! For only a few days ago we got word from Philadelphia, Pa., where the delegates to the G. O. P. national convention were assembling, came word that this same Mr. Bullington is at it again. This time, as head of the Texas G. O. P. delegation, he was seeking appointment to the civil rights platform committee of the convention. No longer an active member of the party.

The majority of the people of Texas now know that the "People's Path" was nothing more than a trick phrase to conceal the favoritism for the big oil corporations, thanks to the awakening of editors and publishers such as yourself. We welcome you heartily, and let us all work to elect a governor who will honestly devote himself to the cause of the majority of the people rather than to the select few of the big oil corporations. Let's teach these Republicans who run on the Democratic ticket a lesson they will never forget. But in so doing, let us remember the man who first ran for the top office of the state on a platform which slapped Big Business in the face.

Respectfully yours,
Noble L. Rumbo.

Yes, our young friend, we remember Homer Rainey.

We remember that he started out to run for governor, long before he publicly announced his candidacy, on his differences with the Board of Regents of the University of Texas. He was not mentioning any tax on natural resources; the main contention that he was making then, the only plank in his platform at that time, was what he called "academic freedom." He contended that the Board of Regents had no right to fire any professor for anything that he might see fit to teach in the University and that for the Board to do so

was an unfounded interference with the "academic freedom" that professors in the University should enjoy. That doctrine carried to its logical conclusion meant that professors in the University might teach Communism, "free love," atheism, or just any foolish or harmful things they might choose to teach, without any right on the part of the Board of Regents to censure, halt, fire them, or in any way interfere with their classroom work. When Mr. Rainey got out among the people, we think, that he found that any such doctrine as that was witheringly unpopular, and it was then that he began to stress his proposal for a tax on natural resources. We approved that plank in his platform. But Mr. Rainey was not the first candidate that proposed it. Case March of Waco was out on the stump advocating such a tax before Rainey ever mentioned it as a main plank in his platform.

March stood on a street corner in Tahoka and vigorously advocated such a tax before Rainey ever made a speech in the campaign.

The News commended his position and when facts stated by him and quoted by the News were assembled, the News defended his position and advocated such a tax in an editorial almost a column in length.

When Rainey took the stump and began advocating such a tax, we commended him. We do not find in our news columns or in any editorial the exact language which our young University friend attributes to us but we did use similar language in an editorial published on Friday, August 23, 1946, the day immediately preceding the runoff primary election. In that same editorial, however, we said some very complimentary things about Dr. Rainey and his advocacy of the proposed increase in the taxes on our natural resources. In fact we had repeatedly commended his position on this matter throughout the course of the campaign and we never at any time advocated the election of Beauford Jester.

Our criticism of Dr. Rainey had to do almost exclusively with his "academic freedom" contention respecting the University of Texas. To our notion, that was a most beneficial doctrine. If sustained and adopted by the governor and the government of Texas, it could easily have resulted in our University and State Colleges becoming veritable hotbeds of Communism and Atheism.

In asserting and preaching such a doctrine we think that Dr. Rainey misled many of the fine young men in the University with that offensive and dangerous doctrine and thus did them a grievous injury.

If young Mr. Rumbo will come around to our office some time we will gladly show him the files of our papers proving every assertion we have made respecting the attitude of the News in that campaign.

By the way, Mr. Rumbo, we do not see that it is so outrageous an offense for a Republican to be elected as a member of a board of public school trustees or to be appointed as a member of a board

of regents for a university or a college; but we would deem it an outrage for a Communist to be elected as a teacher either in the public school or in the people's University; and if any teacher in either the public school or in the University should begin to teach subversive doctrines, then we would expect and demand that the board of trustees fire him, whether he were a teacher in the public school or in the University. Dr. Rainey denied that the Board of trustees had any right to interfere in any such case. And he started out to run for governor on that issue.

Can Black-Draught Help Physical Fatigue?

Yes, Black-Draught may help physical fatigue if the only reason you have that listless feeling is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller for four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental listlessness, bad breath — and if these symptoms are due only to constipation — then see what Black-Draught may do for you. Get a package today.

DR. JOSEPH M. LEHMAN WEDS DALLAS GIRL
Miss Sylvia Moss, daughter of Mr. and Mrs. Jack B. Moss, 3029 Park Row, Dallas, and Dr. Joseph Mann Lehman, son of Mr. and Mrs. A. N. Lehman, Tahoka, were married Sunday at 7 p. m. at Congregation Shearith Israel, Dallas, the officiants being Dr. Israel Weis-

feld and the Rev. Rueben Kaplan. A large group of relatives and friends, according to Monday's Dallas News, attended the ceremony. A reception was held at the church following the rites. The newlyweds will spend their honeymoon in the Middle West, after which they will live at 3915-A Travis in Dallas which he is con-

necting with Baylor Hospital. The bride is a graduate of Forest Avenue High School and attended SMU and the University of Texas. The groom was practically reared in Tahoka, graduated from Tahoka High School, the University of Texas and Southwestern Medical College. He belonged to Tau Delta Phi at the university and Phi Delta Epsilon at Medical School.

RUTH CLASS HAS PICNIC
The Ruth class of the Young People's department of the First Baptist Church went to Lubbock Mackenzie Park on a picnic last Friday evening, June 18. They left the Church, where they were to gather, at 8 o'clock. Even though it came a nice little sprinkle while they were in the midst of the picnic lunch, they all had a glorious time.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lynn County—GREETINGS

Eva A. Welch, guardian of the persons and estates of Jessie Marie Bishop, Isabelle Bishop, Helen Bishop and Jessie J. Bishop, minors, having filed in our County Court her final account of the condition of the estates of her said wards, Jessie Marie Bishop, Isabelle Bishop and Helen Pearl Bishop, together with an application to be discharged from the guardianship of said last named wards, and alleging that said Jessie Marie Bishop is now the wife of Joseph L. Goulet and a non-resident of the State of Texas, that said Isabelle Bishop is now the wife of Arthur W. Richardson, and that said Helen Bishop is now the wife of Leslie Watson, and that she has made full settlement with said Jessie Marie Goulet, Isabelle Richardson and Helen Pearl Watson, respectively, and has delivered to each of them, with the consent of their respective husbands, their portion of the property of said estates, you are hereby commanded, that by publication of this writ and notice once in a newspaper regularly published in the County of Lynn, State of Texas, which said publication shall be not less than ten days before the return day hereof, and said final account and application to be discharged will be heard and acted upon at the session of said County Court of Lynn County, Texas, beginning on the first Monday after service hereof is had and perfect, said returnable date being here now set and fixed as and for Monday, the 11th day of July, 1948, you give notice to all persons interested in said account for final settlement and application for discharge to file their objections thereto, if any they have, in said court on or before Monday, the 11th day of July, 1948, when said account and application will be considered by said court.

GIVEN under my hand and seal of said County Court, at my office in Tahoka, Texas, this 22nd day of June, A. D. 1948.

W. M. MATHEIS, Clerk County Court, Lynn County, Texas.
I hereby certify that the above and foregoing is a true and correct copy of the original writ and notice in my hands for publication.
SAM H. FLOYD, Sheriff of Lynn County, Texas.

WHERE ARE OUR NEXT MEALS COMING FROM

The question "where is our next meal coming from" can be seriously asked by rich and poor alike, says Clarence Church, Chairman of the Lynn County ACA Committee. With the exception of seafood, he points out, all our meals come from the land. How good they are and how adequate depends on what farmers do with their soil. The Nation's Agricultural Conservation Program is based on a general recognition that we are faced with a serious problem of keeping the land in condition so that it will continue to turn out adequate meals for today, tomorrow, and the years to come.

The Chairman states: "Topsoil that has been eroded and washed out into the ocean will be of little value in helping to keep the meals coming along three times a day, 365 days a year. And we hope we don't have to go through the experience of the Chinese, the people in the hill country of Greece, and those in many other parts of the world before we realize that all our meals do depend on the soil. Farmers who till the soil are the custodians of the land. But all of us whether we are on the farm or not depend on the soil for our meals and we all have a responsibility to see to it that our land keeps turning out these meals."

The Agricultural Conservation Program was set up as a cooperative method of conserving the soil, the chairman explains. Each farmer who carried out conservation practices and each consumer who has helped that farmer, is contributing to a program of "meal insurance."

Through the ACP Program, erosion is being cut down and land is being kept in condition so that "it can keep turning out food that makes up the meals we take so much for granted because most of us haven't had to miss too many."

JOE STOKES CLUB MEETS WITH MRS. HILLARY SMITH
Joe Stokes Home Demonstration Club met with Mrs. Hillary Smith, June 17, with 11 members and 5 visitors. All visitors are welcome, as the members like to pass on to others what they learned in their club work.

There was a short but good business session.

Those who were absent missed an unusually interesting rug making demonstration brought to the club by Mrs. Buddie Smith and Mrs. Hillary Smith. From the interest that was shown there will be plenty rugs made out the Joe Stokes way.

The hostess served punch and cake and cookies.

The next meeting will be with Mrs. H. A. Parris, July 8. Every member is urged to attend, as Miss Hard will bring valuable information on bed linens. — Reporter.

BAPTIST CHURCH NEWS

The deacons have had several meetings recently for the consideration of some important matters.

One of these pertains to the parsonage. The deacons have been undertaking to decide whether they should recommend the building of a new parsonage out and out or should build an addition to the present structure. A prolonged meeting was held last Sunday afternoon but no conclusion was reached.

Another meeting is to be held, beginning at 2:30 o'clock, next Sunday afternoon and all deacons are urged to be present. This meeting will be held at the parsonage.

The parsonage has been redecorated throughout the interior during the past few weeks and a servant's room on the premises is likewise being repaired and beautified for use as a sleeping room. All such time as a new building or a new addition to the present one can be constructed. It is planned to sell the present parsonage if a new parsonage is constructed. A new desk and possibly other furniture is also to be installed in the pastor's study.

Plans now are to move the pastor and his family to Tahoka on July 12-13.

Reports are to be made at the services here next Sunday morning respecting the summer encampment near Floydada, it has been announced. All members of the Church are urged to hear these reports.

Weigh well any extra hard knock you get. It might be opportunity.

WYNNE COLLIER, Distributor

ERROR CORRECTED

A little news item which was reported to this paper last week was a bit misleading in that it indicated that Miss Clara Jean Scruggs, formerly of Tahoka, was the sole proprietor of a picture show at Edgewood in Van Zandt county, and that Miss Billie Drager, also of Tahoka, was employed by Miss Scruggs, as operator. The News has learned since that Miss Scruggs, Miss Billie Drager, and Mrs. Mary Camp, all of Tahoka, went in together and purchased the business and that all have an interest in it. Friends here are glad that they are making a success of the business.

Only the Servel GAS Refrigerator

STAYS SILENT... LASTS LONGER

GIVES YOU A TEN-YEAR GUARANTEE

IS TEXAS' BIG FAVORITE...

MORE AND MORE TEXANS want the Gas Refrigerator! This modern refrigerator stays silent, lasts longer because it has no moving parts in its freezing system.

There's no motor to wear! No machinery to get noisy! And that's why your new Servel comes with a ten-year guarantee of noise-free, worry-free performance. (Actually, 18 and 20 years' satisfaction is not unusual—say many of Servel's 2,000,000 happy owners.) In the Gas Refrigerator just a tiny gas flame does the work. And Servel operates anywhere—on any kind of gas.

Come see the new models now on display. You'll find every new convenience you want—a big frozen food compartment, lots of ice cubes, moist cold and dry cold for fresh foods. It's first come, first served for Texas' big favorite—the Servel Gas Refrigerator.

Operates anywhere ON NATURAL, BUTANE OR PROPANE GAS

STAYS SILENT... LASTS LONGER

COUNTY FINANCES (Cont'd. from Page 3)

year to year over and over without any permanent progress. Precinct No. 2 is so situated that its pro rata of the mileage of paved roads puts 90 per cent or more of farm homes within 1 1/2 to 2 miles of pavement. With the T-Bar Branch and Tahoka Lake located as they are it is impossible with available mileage to get such a set up in the other three precincts.

I hope and think it will be possible within the next 1 to 3 years with the State and Federal Government's program supplemented by other agencies to get 75 per cent or more farmers within 2 miles of pavement and then work the dirt roads leading to the pavement in such a manner as to get our people on good roads without so much waste and expense to the respective precincts.

Lynn County is one of the richest farming areas not only in the State of Texas but in all of the Southland. According to the Bureau of Business Research of the University of Texas, the estimated 1947 income per farm unit of 1385 farms, in Lynn County with an average acreage of 391 acres was \$20,012 per farm, the highest income per farm unit in the entire State of Texas. Lynn County's income for 1947 was \$27,716,136. The total estimated value of all property both real and personal as fixed by the Commissioners' Court for tax purposes for the year 1947 was \$6,655,000. It will thus be seen that the income for the County for one year was approximately four and one-half times as much as the value of all property fixed by the Court for tax purposes. There is approximately 576,000 acres of land in Lynn County and this land, for tax purposes, has been valued by the Commissioners' Court at approximately \$6.00 per acre, a ridiculously low value for tax purposes. While the lands have been valued at approximately \$6.00 per acre, personal property carries values in the same per cent of the actual values as the real estate. The actual cash value of all of the real estate and personal property in Lynn County at a conservative estimate is anywhere from 30 to 50 Million dollars.

From the figures available on the last report made to the Comptroller of Currency by the banks of the County as of April 12, 1948, there was 9 1/4 million dollars in cash in the three banks in Lynn County on deposit, making approximately 10 times the amount of cash in the banks as Lynn County owes.

The cash deposits in the banks of the County at this time, is almost 1 1/2 times as much as the total value of all real and all personal property of the entire County fixed by the Commissioners' Court for a tax purposes. Never in the history of Lynn County has the County itself or the entire citizenship been in better condition.

The opposition to my re-election has arisen because of the Road Bond Issue and the Road Program. Statements have been made that there is only one county in the State of Texas that owes more than Lynn County. This is definitely error. A report of the State Aud-

itor for the year 1947 shows that there are 43 counties in Texas with a much larger debt than Lynn County and these figures are tragically for the reason that a great number of East, Central, and South Texas Counties took advantage of the Bond assumption and Road program under the law of 1933 and got their farm-to-market roads built by the State, while Lynn County had some and had to issue bonds to build its roads. If I am continued in office another two years, this condition WILL NOT ALWAYS EXIST. Never in the history of our State or our Nation has there been so much agitation for the building of farm-to-market roads.

The U. S. Congress last week passed the bill appropriating 900 million dollars for farm-to-market roads. Lynn County already has in its application for its part in this program and should get action within a year.

At this very moment the General Fund of the State of Texas has a cash balance in excess of \$30,000,000 and the Governor, according to the daily papers, is preparing a program to set aside a large amount of this surplus in the General Fund for the construction of farm-to-market roads. A constitutional amendment will be voted upon by the people of Texas in the coming November election providing for the county taking 35c of the State's 72c on the \$100 valuation that the State now gets, for building new farm-to-market roads.

These among others too numerous to mention, indicate that the farmer, the forgotten man of the past, is seen to come into his own and get some recognition. He now has electric lights, refrigerators, and other electric equipment, some paved roads, and we hope before long the farmer will be "Mister" and the kiddies can get to school on time.

Since I am getting the blame for most of this road program, I guess you would call it my baby. At least the "squalling brat" has been laid on my doorstep. It is alright with me if somebody wants to take my "baby" and try to raise him, but I warn you now that if you want to adopt some other man's "baby" at this stage of the game, you might get your "pants wet."

With 150 miles of the paved roads now, in addition to about 65 miles of paved highways, and with the program going on by both the State and the Nation, miles we are assured we can get out of the Government without cost to the county, will fill in many gaps giving you farmers an opportunity to get your produce to the market without "hearing your ears up and shaking your liver out," and give the town boys a chance to get some of the good money of the most prosperous part of the "Garden of Eden" in the State of Texas.

It is up to you farmers to say

whether you want to stop cold in your tracks or progress a little further, especially when by a little effort you can get the necessary aid without expense to yourselves. Now who wants the "baby?" Praise

the Lord and pass the ammunition and let's get more of what we should have got long ago!!

Brotherhood Hears Hero From China

Joe Ma, a young Chinese man, who won the everlasting admiration and gratitude of Ernest Winters of Lubbock together with the latter's relatives and friends, when he rescued Winters, an American soldier, from the cruel clutches of the Japanese during the recent World War, was the principal speaker at the Brotherhood meeting at the Baptist Church here Monday night.

Winters, who was the hero in that incident and praised him as a better though of a different race. Ma was very modest in referring to his exploit.

Winters also told of other providential deliverances from death during that conflict, which he believed to have been as truly mirac-

ulous as anything recorded in the Bible.

Joe Ma had attended a Methodist Mission School in China and had been converted to Christianity. Following the War he was given a chance to come to this country and study. So he is now a student in Tech. He expects to return to China later to help his own people in every way possible.

Rev. E. R. Hammock, Missionary to the Mexicans in this association, was present and made a brief talk. He also Dr. K. R. Durham, pastor of the Tahoka Brotherhood.

Sheldon Russell led a group in the singing of a couple of sacred songs prior to the speaking program and he and his father F. Harold Russell of Cambridge, Minnesota, who is visiting here, rendered a duet with Mrs. Russell at the piano.

Jay C. W. Mack had charge of the program for the evening. Refreshments of pie and ice cream were served to 35 men and 6 boys present.

Youth Revival Ended Sunday

Announcement has been made that Rev. W. P. (Ted) Brian, pastor of the Wells Baptist Church, will fill the pulpit of the First Baptist Church here next Sunday.

At the close of the Youth Revival here last Sunday night, two boys and two girls were baptized by one of the visiting ministers, Rev. Ralph Phelps, who was authorized by a vote of the Church to perform that service.

During the revival, a number of young people and children responded to appeals to rededicate their lives to service.

Rev. Ralph Phelps and Bob Mitchell alternated in preaching during the revival. Both are excellent young preachers, while Stanley Howard, who led all the song services, is one of the best leaders that ever appeared in the Baptist Church here. He is probably no more capable than the regular music director, Sheldon Russell, but is a bit more theatrical.

Carol T. Aly Jr., son of the incoming pastor, presided at the piano throughout the week and though only 17 years old is an adept performer. Mrs. Pat Hutchinson, organist, added greatly to the effectiveness of the music by her artistic work.

Contributions for the expenses of the revival amounted to a little more than \$300.00.

NEW HOME W. S. C. S. MET IN THE WILMER SMITH HOME

The W. S. C. S. of the New Home Methodist Church met in the home of Mrs. Wilmer Smith Monday, June 14, at 4:00 p. m. A spiritual life program was given with Mrs. R. H. Belew and Mrs. C. E. Roper as the principal speakers.

A business session was held and a social hour followed. Refreshments were served to the following members: Mrs. J. R. Strain, Mrs. C. C. Hammons, Mrs. H. W. Smith, Mrs. B. A. Marrow, Mrs. Lester Short, Mrs. W. R. Fleming, Mrs. N. A. Rogers, Mrs. Belew, Mrs. Roper, and the hostess.

CARD OF THANKS

We would like to express our thanks and appreciation for the many kind deeds, beautiful flowers, get well cards, and food in which my friends did for me during my illness in the Clinic; also we thank Dr. Seale and Nurses for their kindness. May God bless each and everyone. — Ernest Martin and family.

O. E. S. MEETING TIME CHANGED

Tahoka Chapter 743, Order Eastern Star, has changed the regular day of each month. The meeting this month is to be on June 28 at 7:30 p. m. — Elita Lorene Reid, W. M., Era Stewart, Secretary.

Mr. and Mrs. J. B. (Jim) Keever, formerly of Tahoka, now of Hutchinson, Kansas, accompanied by Mr. and Mrs. C. B. Christianson, of Great Bend, are in Tahoka for the Old Settlers Reunion. They plan to stay a few days and visit friends here.
